He rarely showed a lack of confidence, but his silence softened Harry's heart. Sighing, he held Arnold's face with his cuffed hands and wore a loving expression

You're in the best years of your life now. You should start dating someone and get married Since things didn't work out with Lexir Corporation, think of some other ways. It's a fact that I've low to the one, but that shouldn't happen to you again"

The implication behind his words was deep

Andy lowered his head and mumbled, "I heard it was Ms. Warren."

At once, Arnold was almost pushed over the edge. His temples throbbed as he asked in a gruff voice.

"Did he manage to have his way?"

"No. It was said that Mr. Russell arrived in time and beat Mr. Harris into a pulp. Not long after that, Mr. Harris was arrested."

Arnold leaned against the car seat and closed his dry eyes. Andy couldn't read his expression, but he seemed to be relieved.

Andy bit the bullet and continued, "This incident is somewhat related to you too. I discovered that it was Ms. Shaw who brought Ms. Warren away.

As soon as Andy said that, Arnold's private phone rang. He narrowed his eyes and stared at the incoming caller ID. Seconds later, he answered the call. "Hi, Dexter."

The weather was pleasant today. It was rare for Dexter to have free time. He was sitting in the yard, gracefully watering the plants.

"I heard you returned to Wavery. I hope all is smooth at your end. Dexter held the phone with one hand and asked insouciantly.

Meanwhile, Josie had just woken up from a nap. She was in a better state after resting for a few days. She couldn't find Dexter after waking up and was told by Julie that Dexter was watering the plants in the yard.

"It seems like he's in a good mood today." Josie smiled. Just as she was about to go downstairs. she spotted something in Julie's hand. "Aren't these my hair ties?"

"Yeah. They became loose, so I'm going to throw them away."

Originally, Josie didn't pay much attention to it. However, she happened to spot a strange hair tie mixed with hers. I don't think this is mine. Where did you find this?"

"In the luggage which you and Mr. Russell brought back from the hotel."
