Chapter 399 What's The Point Of Doing This

Rayan put Janessa under house arrest after bringing her back to the villa from the hospital.

He hired a professional nutritionist who would prepare three meals for her every day. On top of that, he ensured that the private doctor would check up on her regularly. All his efforts were in the interest of safeguarding the baby's health.

Janessa no longer had the freedom to do whatever she wanted with her life. She had a schedule that instructed her to exercise, have fetal education, wake up, and go to sleep every single day. Her life resembled that of a puppet.

No matter how busy Rayan was, he still made time to go to see Janessa every day.

He told her that she didn't have to wait up for him every evening for dinner.

But in fact, she didn't need to wait because he would always be home at dinner time.

However, they seldom talked although they always ate at the same table.

Even though Janessa had contemplated the consequences of Rayan knowing about her pregnancy, she hadn't anticipated that they'd turn out to be what they used to be.

Her many thoughts led to her loss of appetite. She stopped eating after a few bites.

"Eat more." Rayan's eyes were fixed on Janessa.

She looked thinner, even though the food she ate was nutritious.

Janessa put down her chopsticks and she was about to leave without saying a single word.

Rayan was angry for being ignored and having his dignity challenged.

Bang! Rayan slammed his chopsticks on the table.

Janessa was startled upon standing up. She hadn't expected that Rayan would be so angry.

Without hesitation, she stood up and left the table. She did so with no doubt in her mind.

What was he angry for? She was now like a canary that had lost its wings. Her life was monotonous.

How could he be angry yet she wasn't angry herself?

"Janessa, halt!"

Rayan's voice thundered from behind her. She pretended not to hear him and continued walking away. His fury erupted finally

after accumulating for a few days.

He couldn't control himself despite having tried so hard.

"Mr. Lu, what can I do for you?" Janessa stopped and said in a nearly inaudible voice.

Willie had been waiting outside the dining room in fear that something would happen between them.

appetite is not as good. This... This is usual."

Willie hurried inside and said, "Sir, Miss Qiu has been suffering from the side effects of her pregnancy recently. Consequently, her

Willie did his best to help Janessa, but his words fell on deaf ears.

Rayan didn't listen to him at all.

He walked over to her and forced her into facing him.

"What's wrong with you? Is it because I have separated you from your lover boy? And that's why you are mad at me inside? You are pregnant with my child. Aren't you ashamed about having an affair with another man?" His anger led him to say hurtful words.

remembered how she tucked the quilt for Rylan with a smile on her face.

He had no intention of saying those words, but the scene he had in his mind of Janessa being with Rylan led him to say so. He

He had seen such a smile when they were together. He had expected that such a smile would be for him only. He never anticipated that she would give such gentleness to another man.

He felt terrible. He was going crazy as he thought how about things had turned this way.

But he couldn't do so in his right mind.

And this feeling made him want to murder that man.

He expressed what was in his heart, although he tried his best to control his feelings.

He pulled Janessa into his arms and held her arm firmly.

Janessa felt the pain of the grip. She gritted her teeth without uttering a single word.

She knew that he wanted her to beg for his mercy. But she had done nothing wrong, so why should she beg?

Did she have to listen to him submissively just because he was the overlord of A City?

go of Miss Qiu. She would be hurt with the way you grab her."

Rayan couldn't hear what Willie was saying to him. He had only one thought in his mind at the moment.

He loathed this woman.

"Miss Qiu, you are aware of Mr. Lu's temper. Please submit first. At least do it for the baby. What wrong did your baby do?"

Janessa.

Having failed to coax Rayan into letting go of her, Willie turned to persuad Janessa.

Willie had figured that something was amiss between the couple. He was also aware that Rayan always paid close attention to

Willie reacted fast. He ran as fast as he could regardless of his age and stiff legs. He patted Rayan's hand and shouted, "Mr. Lu, let

There were many times when he adjusted his schedule for the sake of Janessa.

He had thought that it might work if he persuaded Janessa.

But what he didn't know was that Janessa no longer had the will to live now. She wanted Rayan to murder his own child.

Willie used all his strength to pull back Rayan's sanity.

"Willie, thank you. Thank you for taking care of me all these days." Janessa attempted to make it as clear as possible. But she couldn't speak.

Willie had to take action regardless of the respect he had for Rayan. He couldn't watch her die in his hands.

Willie patted on Rayan's back and shouted in his ear.

"Sir, calm down, you're also hurting the child inside the person you are strangling."

Rayan loosened his grip in fear after staring at Janessa who was very weak in his arms.

"Oh, thank God, sir. You finally heard me." Willie was old. He was out of breath but was glad to see that Janessa would get to live.

"It's not that easy to die. Janessa, do you think that there's a chance when I will let you go? No way." Instead of letting go of her

hand, he held Janessa and sat on her chair.

"Prepare something new for her to eat. It should be light."

Willie immediately called the chef to prepare yet another dinner for Janessa as soon as the order was given.

"What's the point of doing this, Rayan?" Janessa was so exhausted. All her everyday actions were meaningless and she was monitored 24 hours a day.

It seemed like Rayan was afraid that she would take the child away from him.

That was like a nightmare.

But Janessa didn't want to suffer from abortion once again.

the money I gave to the Shen Group."

"It's boring. So don't cause any trouble. If you don't take care of yourself and the baby well until you give birth to it, I'll take back
