

Bodyguard 10041

Chapter 10041

"Your divine body can take a beating, right? Let's see how long you can last!"

Xiao Wudi's attacks didn't slow down at all, instead, they got faster and fiercer. If there were other people watching, they would've given Lin Yi a death sentence.

The effect of the divine body was mainly against rule bending power. Although it had a shocking strengthening effect on the physical body, it was not to the point of being completely invincible.

Soon, cracks started to appear on Lin Yi's body.

As time passed, the cracks continued to spread and soon covered his entire body.

Once that happened, it would not be far from complete collapse.

Xiao Wudi's expression was getting crazier and crazier, and he was only one step away from his goal when Lin Yi suddenly said something strange.

"I thought you wanted to take my divine body. Aren't you afraid that you'll have nothing left if you break me?"

Xiao Wudi was shocked.

Of course, he was going to take the divine body. He wasn't afraid of breaking the divine body because the divine body had a strong self-healing effect. As long as there was a chance of survival, he could be reborn on the spot even if it was broken.

The key was to destroy Lin Yi's essence spirit!

Only by destroying Lin Yi's essence spirit would this God Body of his dreams become ownerless. Only then would he be able to take over Lin Yi's body!

He was only attacking his body, but that was just to break the protection of the God Body on Lin Yi's yuan spirit. At the same time, he was trying to mislead Lin Yi and divert his attention so that he could prepare for the real fatal blow.

He didn't expect Lin Yi to see through all of this.

"So you know?" Xiao Wudi's eyes turned cold.

Lin Yi was still a one-sided sandbag, but he didn't panic at all. He said calmly, "Isn't it obvious that I'm a baldie? do I look like a fool?"

"It doesn't matter if you're a fool or not. No one can stop me from doing what I want to do!"

Xiao Wudi once again showed his fierce character. Even though his intention had been seen through, he did not stop attacking. He did not slow down his attack because of this, but instead, he continued to attack.

A series of strange and powerful incantations appeared and instantly covered his body.

His entire body had a sickly dark red skin color, and his aura had directly increased by more than ten times.

Forbidden spell, activate!

"If I say you're a bug, then you're a bug. I can crush you with a finger!"

Xiao Wudi was bearing an unparalleled burden at the moment. It was so terrifying that he would collapse in an instant if the curse was lifted.

All the rule power that he had swallowed was driven by the rule of the curse, and it was squeezed out with ten times the original explosive power.

This kind of explosive power naturally couldn't last long.

However, he didn't need to do it for long.

Bang! Bang!

It was just a finger, but Lin Yi's God Body was cut open like a piece of paper, leaving a small black hole in his chest.

It was only the size of a finger, but dense cracks spread all over Lin Yi's body.

Even a blind man could see that Lin Yi was on the verge of falling apart.

"Aunt, do it!"

Xiao Wudi didn't continue his attack. He knew that the divine body was abnormal, but he didn't know how abnormal it was.

If the healing power wasn't as strong as he thought it would be, and he really did end up crippling Lin Yi's God Body with one more finger, then he'd really be losing a lot of money.

After all, he was gambling with his life.

In his eyes, Lin Yi didn't even have the right to exchange his life for his. Only the God Body and the seagod's divinity was worthy of his sacrifice.

Who would trade their lives for an insignificant insect?

His God Body wasn't completely destroyed yet, but once the hole opened, it wasn't able to protect Lin Yi's yuan spirit perfectly anymore. This gave a powerful Yuan spirit the chance to enter!

The second water god, Li Yuanji, immediately made her move. In theory, she could only struggle on her last breath and her broken primordial spirit, which was on the verge of collapse at any time, brought with it a terrifying pressure that could destroy the world.

The entire ruins of the Empire were intimidated by this. All the living beings, including those unfathomably deep sea beasts, collectively shuddered and retreated to the depths of the sea, no longer daring to stick their heads out casually.

This was the pressure of a top-tier false god.

Lin Yi, who was the first to be hit, immediately stopped what he was doing and froze on the spot.

An elegant yet powerful figure entered Lin Yi's sea of consciousness, but just as she was about to take over, a familiar voice came from in front of her.

"Long time no see, second water god Li Yuanji."

Li Yuanji frowned slightly and looked at the human silhouette that was forming in front of her. Suddenly, her expression changed. "It's you!"

Jiang xiaoshang pretended to be profound as he observed her, ""A hundred years have passed in the blink of an eye, fairy Li, I hope you've been well."

"This is a trap you set!"

Li Yuanji instantly figured out the whole conspiracy story.

She was naturally deeply impressed by the God who had personally defeated her. Although she was strong enough to challenge the real water god with her peak strength back then, she only felt great despair from beginning to end in front of this God.

Even with her height at that time, she could not imagine the difference between them.

With just one exchange, she was forced to give up everything and had no choice but to use her broken primordial spirit to fake her death to cut off her tail to survive. One could imagine the pressure that was exerted on her.

Now that she suddenly met this nemesis that kept appearing in her nightmares, especially when she was only a broken primordial spirit, Li Yuanji even forgot to escape.

That kind of superior suppression that was branded in the depths of her soul made her instinctively give up the will to live.

She knew very well that in front of this man, everything she did would be in vain.

However, after waiting for a moment, she realized that the other party didn't make any movements. He only looked at her with a faint smile.

Li Yuanji finally reacted, "you are not him!" You're just his clone!"

Jiang xiaoshang laughed. "I didn't say that I'm him. It's just that from the perspective of my original body, you, goddess li, are an old acquaintance. It's only reasonable for me to come out and greet you, right?"

"I don't have any friendship with you, and I don't have any greetings to say to you."

Li Yuanji immediately regained her confidence. "If you were me, I would just wait for my death. Since you are not me, it's my turn to collect some interest."

She didn't have the slightest confidence in facing that person, but it was a mere clone, so it was a different matter.

Even if she, Li Yuanji, was in a sorry state, she would not be scared off by a clone.

Chapter 10042

"Aren't you afraid that if you touch me, you'll attract my true body?" Jiang xiaoshang asked with a strange expression.

"You think you can scare me like this?"

Li Yuanji looked at Jiang xiaoshang with disappointment. "I'll just be a lonely ghost for a few more decades. I've been hiding for hundreds of years. Do you think I'll be afraid of this?"

Jiang xiaoshang laughed and said, "The dignified second water god, fairy li, is forced to become a rat in the sewers. It doesn't feel good, does it? Why don't we join forces?"

"Join forces? You and me?"

A hint of surprise flashed in Li Yuanji's eyes, and then she sneered, "You've forced me into such a situation, and you actually think I'll join hands with you?"

Jiang xiaoshang waved his hands. "Fairy li, don't misunderstand. I'm only inviting you on my behalf. It has nothing to do with me. I've already broken away from him."

"You want to resist your original body?"

Li Yuanji looked at Jiang xiaoshang as if she was looking at a lunatic.

She was forced to come this far. Anyone with a little common sense in the divine territory would never take the initiative to provoke that person.

Jiang xiaoshang was merely an avatar. Regardless of how strong he was, even if he used all means to cut off their relationship, he would still be suppressed by his main body in the end.

This was a soul suppression that was even deeper than bloodline.

To be honest, even a sewer rat like her would have a 10000 times higher chance of success than him!

"You think I'm talking nonsense?"

"Of course I don't have a chance if I rely on myself, but if I bet on Lin Yi, it'll be hard to say who'll win."
Jiang xiaoshang laughed.

"Lin Yi?"

Li Yuanji immediately reacted and shook her head, her expression firm. "I've already found the chosen one. I've also been carefully observing him for thirty years. If we're to place a bet, he's the best choice. There's no other choice."

This 'him' was naturally referring to Xiao Wudi.

Jiang Xiaoshang looked at her and said, "are you serious?" The divine body is right here, and you still think that person is the chosen one?"

In front of a divine body, all the so-called peerless opportunities were nothing.

To let someone who was not even in the Supreme realm obtain a divine body, it was not an exaggeration to say that he was the illegitimate son of the heavens.

There was no point in comparing. The Son of Heaven's mandate was nothing in front of a divine body.

Li Yuanji was unmoved. "I was wondering why this person had a divine body. Now I understand. All of this was your doing."

After all, that true body of yours is said to be an omniscient being. It wouldn't be strange for you to know of some sort of divine body forging technique. "

Jiang xiaoshang was speechless, "you think I did this?."

Li Yuanji looked at him like he was an idiot. ""If it wasn't you, could it be that he figured it out by himself? Even if you want to trick me into entering the game, you should at least find a more convincing reason, right?"

"....."

Jiang xiaoshang did not know what to say.

To be honest, if he had not seen it with his own eyes, he would not have believed that a fellow who was not even in the Supreme realm could actually form a divine body!

The whole process was a bit of a coincidence, but thinking back, from the moment Lin Yi started cultivating the perfect Five Element domain, he was destined to reach this step if he kept going!

All of this wasn't a coincidence, it was inevitable.

Li Yuanji saw him fall into silence and thought that she had hit the nail on the head. She said lightly, ""It's an exaggeration that you gave him this divine body, but it's indeed a great opportunity that's hard to come by.

He was indeed luckier than Xiao Wudi.

However, opportunities can be snatched. Since the divine body can be his opportunity, it can naturally be Xiao Wudi's opportunity as well. I don't think I need to explain to you the principle of the strong staying, right?"

Jiang xiaoshang's expression became even weirder. "It's not strange that you want to snatch the divine body. I just didn't expect you to actually not snatch it for yourself. You're really snatching it for that guy?"

To a broken Yuan Shen, a strong body was a fatal temptation, especially Lin Yi's God Body!

Even when Li Yuanji was at her peak, she had never had a real divine body.

Otherwise, the battle between her and the real water god back then might not have ended in a draw. It might have been the first time in the history of the divine territory that the lower level overpowered the upper level!

Li Yuanji looked at him calmly. "I've already bet everything on Xiao Wudi. He's my true successor. Why would I betray him?"

Jiang xiaoshang laughed. "These words came from the mouth of a God Realm traitor who was personally verified by the God of creation. It doesn't seem very credible."

"The God of creation?"

Li Yuanji's face flashed with a trace of disgust. ""You don't know who the real traitor is?"

Jiang xiaoshang didn't comment. "It has always been the winner who rules. A loser doesn't have the right to define a traitor. I think goddess li should know this better than me."

"Since we can't get along, there's no need to continue," Li Yuanji's face suddenly turned cold.

Jiang xiaoshang nodded playfully, ""There's indeed no need to continue. After all, you've already used up all your tricks, haven't you?"

As the two spoke, a water curtain covered Lin Yi's sea of consciousness, cutting off all communication.

"Who knows if you'll contact your true self?" Li Yuanji asked in a deep voice. It's just to be safe, so there's nothing strange about it. But I'm still very curious, what makes you so confident?"

If Jiang xiaoshang had not noticed her attack and had not reacted, she could understand.

But since he had already noticed her movements, why was he still so calm?

Did a mere clone really think that it could suppress the broken primordial spirit of a top-tier false god like her?

Unless he had other trump cards.

Jiang xiaoshang touched his nose. "Don't look at me like that. I'm very weak. I can't beat you in a fight. However, just because I can't beat you doesn't mean that others can't."

"Someone else?"

Li Yuanji was shocked.

She had been checking Lin Yi's consciousness the moment she entered, especially after she found Jiang xiaoshang. Not only was it to prevent third parties, but she was also afraid that Lin Yi might have other tricks up his sleeve.

As for Jiang xiaoshang's true self, she was truly afraid of a snake for a moment, but she was afraid of ropes for ten years.

However, he didn't.

Even if her primordial spirit was not at its peak, it would be a little underestimating her if she could not detect it even when she was so careful.

"Are you bluffing?" Li Yuanji frowned slightly.

Lin Yi's voice suddenly sounded, "No, he's talking about me."

"You?"

Li Yuanji shook her head nonchalantly as she looked at the outline of Lin Yi's spirit. "Although this is your sea of consciousness, don't blame me for being rude. You are at best a chessboard. Your fate can only be decided by us and has nothing to do with you."

Chapter 10043

Jiang Xiaoshang was still able to deal with her, but Lin Yi wasn't even in her range of concern.

If it wasn't before she invaded her sea of consciousness, she wouldn't be able to do much to Lin Yi. But now, everything was set in stone.

"My destruction has nothing to do with me, hehe."

Lin Yi's lips twitched as he replied, "Capture successful."

Li Yuanji was stunned for a moment, and then a sense of extreme danger rose. Unfortunately, before she could react, her entire primordial spirit was enveloped by some mysterious power.

Escape!

Li Yuanji reacted instantly and rushed out of the water curtain.

This was the absolute obstruction barrier that she was so proud of.

To a certain extent, it could also be called an invincible layer of protection. Be it primordial spirit power or rule power, as long as it did not exceed her peak limit, it would be completely blocked. Even space rule power was ineffective.

However, the strange thing was that the mysterious power that had locked onto her did not disappear. Instead, it became stronger!

Li Yuanji was shocked!

This was completely beyond her understanding. If the person who had attacked was Jiang Xiaoshang's actual body, she could still understand. After all, there was a huge gap in strength between them.

But she could clearly feel that the one who started all this was this plain-looking Lin Yi!

He was just a Big Shot at the peak of the realm, not even a half-step venerable. In Xiao Wudi's opinion, he was just a special worm.

How could he have such strength?

The moment her knowledge was subverted, Li Yuanji had been captured into chaos.

"Welcome to the new world," Lin Yi's voice sounded.

Li Yuanji's eyelids twitched when she saw Lin Yi's figure again. She could no longer hide the shock in her eyes.

Just a moment ago, it was just like a bug that she could easily crush to death with her senses. At this moment, it suddenly gave her an extremely strange feeling.

That was because it was a derivative product that was too powerful!

"You ... Why do you have the auras of the gods?"

Li Yuanji immediately denied it. "No, this is not the aura of the gods. It's actually somewhat similar to the God of creation. How is this possible?"

The God of creation was a Supreme existence in the entire God domain. He was also a unique existence in the God domain.

As long as it was under the order of this rule, it was impossible for a second God of creation to appear. Even if it was only one billionth similar, it was absolutely forbidden!

"Now you know why I let you in?" Jiang Xiaoshang chuckled.

"You did it on purpose!"

Li Yuanji immediately understood what had happened.

How could his divine body be broken so easily? even though Xiao Wudi's physical strength was indeed extremely strong after he activated the forbidden spell, it was still too smooth in retrospect.

Now, it seemed that Lin Yi did this on purpose.

He had taken the initiative to reveal his flaws in order to lure the snake out of its hole and catch her, this big fish!

Lin Yi smiled, "you're coming anyway. I was just about to invite you too. We can hit it off. Isn't that great?"

"Do you think you can control me like this?" Li Yuanji's eyes turned cold.

As he spoke, he gathered all the power of his primordial spirit and was about to fight to the death.

Lin Yi and Jiang xiaoshang looked at each other helplessly. She looked like a gentle and elegant fairy, but why was she so violent in a fight? she wanted to die together?

This personality was much tougher than most of the male cultivators he had seen!

A peak-tier false God's essence spirit, even if it was only a broken one, would be a world-shaking scene once it started fighting. If it was outside, Lin Yi, at his level, could do nothing but run.

However, this was his absolute home ground!

Before Li Yuanji's primordial spirit power could burst out, she was shocked to find that an even more majestic and vast mysterious power was suppressing her.

"The world's will?"

Li Yuanji felt like she was going crazy.

When she betrayed the realm of the gods, she was personally certified by the God of creation and was fortunate enough to experience the feeling of being locked by the will of the world. Although it was only a very subtle moment, the feeling had been deeply imprinted in the depths of her soul.

Now, she was actually reliving this feeling!

"No, this world's will is much weaker, countless times weaker. It's on a completely different level from the real world's will."

Li Yuanji woke up quickly.

Jiang xiaoshang explained, ""Don't get it wrong. This is the real world's will. It's just that it's not the world's will controlled by the God of creation, but the world's will of his new world.

Goddess Li, I think you should know what this means. "

"The new world's will?"

Li Yuanji looked at Lin Yi, dumbfounded. "You're the legendary ancient God cultivator? Did you create this new world by yourself?"

Lin Yi nodded faintly.

Li Yuanji was completely dumbfounded. She muttered, ""It's true. Our ancient God clan really has a successor, and a successor who has cultivated successfully ..."

Lin Yi couldn't help but look at Jiang xiaoshang when he saw her crying and laughing at the same time.

"He's crazy ..."

Jiang xiaoshang had expected this, ""Do you know why she betrayed the divine realm?"

Lin Yi's eyes twitched, "is she really from the ancient God clan?" Didn't they say that they were all dead?"

Jiang xiaoshang chuckled. "The Orthodox ancient gods have indeed been completely annihilated. This is something that the God of creation decided on his own. There is no doubt about it."

However, there was always a 'what if'. Although the Orthodox ancient gods had already been destroyed, their nine clans had not been completely annihilated. Some of the ancient God's relatives and orphans had been left behind.

She, Li Yuanji, is one of them. "

"The God of creation would leave such a hidden danger for himself?" Lin Yi asked, surprised.

Even a child with a little bit of knowledge knew the principle of eliminating the roots. How could a Supreme existence like the God of creation make such a low-level mistake?

It couldn't be out of pity, right?

That would be too ridiculous.

Jiang xiaoshang shook his head. "I don't know the exact details. But one thing is for sure. It's not that he doesn't want to. He can 't."

Lin Yi said, deep in thought.

"No." The message contained in this sentence was a little deep.

Li Yuanji finally regained her composure after a long time. She looked at Lin Yi with burning eyes and suddenly bowed.

"Junior Li Yuanji greets senior!"

"....."

This sudden turn of events caught Lin Yi off guard.

Although he knew that the fight would not go on the moment he found out the other party's identity, Li Yuanji's attitude was still far beyond his expectations.

This was a top-notch fake God, an existence that could face the real water god head-on. Was it appropriate for him to suddenly lower his stance?

Chapter 10044

Jiang xiaoshang explained on his behalf."In the ancient God clan, the one who has achieved is the teacher. As long as your realm is high enough, even if you are a newborn, your seniority will be as high as the sky."

Lin Yi looked at the excited Li Yuanji."Her cultivation level is much higher than mine ..."

This time, it was Li Yuanji who spoke. "Senior, you've misunderstood. We ancient gods don't value realms on paper. Instead, we value the development of our own worlds!"

Your new world has already entered the late stage of chaos and is full of vitality. This is already an extremely rare expert. "

"I don't really have an idea," Lin Yi rubbed his nose, "I'd like to ask, how far has your world evolved?"

"Senior, I don't have my own world ..." Li Yuanji's face blushed.

"Aren't you from the ancient God clan?" Lin Yi blinked.

"Not everyone in the ancient God clan can create their own world. Moreover, their inheritance has been broken for so long. Even an orphan like me is strictly controlled. If I want to cultivate, I can only walk the Path of the Gods."

Li Yuanji felt ashamed.

Logically speaking, with her situation, it was already a miracle that happened once every ten thousand years for her to be able to counterattack all the way to peak false god. No matter where she went, she could boast about it for the rest of her life.

Unfortunately, for the ancient God clan, these were all unorthodox methods. In the past, when the ancient gods were at their peak, people like her would probably be the opposite of being a good-for-nothing.

"I've embarrassed the ancient God clan."

Li Yuanji's pretty face was so red that it looked like it was about to bleed. However, with her previous gentle and elegant temperament, she was beautiful for a moment.

Lin Yi wasn't used to the sudden change. He looked at Jiang xiaoshang and said, "Then, can we shake hands and make peace?"

Li Yuanji quickly said, "if I had known that you were the inheritor of the ancient God clan, I would not have dared to act rashly. I have offended you just now. Please punish me."

"Forget it. Ignorance is not a crime. Moreover, we can be considered to have become friends through a fight."

Lin Yi waved his hand generously, "you don't have to call me senior all the time. It's a little awkward. Just call me by my name."

"How can I do that?"

Li Yuanji shook her head repeatedly, but changed her words after Lin Yi's insistence.

When Lin Yi called her Yuan Ji instead, the former peak false god blushed again, looking like a naive little girl.

Lin Yi was surprised-it was said that after reaching god level, the higher the level, the more the human's emotions and desires would be.

This was especially true when one reached the level of a God. All of this would completely disappear, leaving behind only cold rationality and emotionless pure profit.

However, from Li Yuanji's reaction, there was obviously a huge deviation.

Jiang xiaoshang explained, "firstly, she's only a false god. She's still one step away from becoming a true God."

Secondly, the seven emotions and six desires of the gods had not completely disappeared. They had only cut off the parts that they saw as harmful. Once they were released, they would sprout again.

Most importantly, she was from the ancient God clan. Although she was forced to walk the cultivation Path of the Gods, it was not completely the same.

Didn't I tell you that the ancient gods in the past records were all people with extremely distinct personalities, completely different from the group of gods under the God of creation. "

Lin Yi suddenly frowned as they were talking. "It's a family matter here. The one outside can't wait any longer."

This time, only his primordial spirit had entered, but his physical body was still outside.

After such a long time without any movement, Xiao Wudi thought that Li Yuanji had made a mistake. He couldn't help but attack Lin Yi's body again.

Only then did Li Yuanji recover from her surprise and quickly said,""I'll tell Wudi to stop. He's a good kid. He'll understand if I explain it to him."

Lin Yi and Jiang xiaoshang looked at each other but didn't comment.

However, since Li Yuanji insisted, he would not take the initiative to be the villain. If what she said was true and Xiao Wudi could be roped in, it would be a great help.

However, based on his previous observations, the possibility of this happening was really low.

Lin Yi immediately opened a new world for Li Yuanji.

Seeing this, Jiang xiaoshang said playfully, "you trust her that much?" After all, she's the primordial spirit of a peak false god. As long as you swallow her, the spirituality of the New World will be reborn. Don't you feel that it's a pity?"

From the perspective of profit alone, it was more beneficial for Lin Yi to swallow her up than to trust Li Yuanji.

After all, there were too many uncontrollable factors to choose the latter. It was not a wise move no matter how one looked at it.

Lin Yi rolled his eyes, speechless. "You really think I'm addicted to eating people? Don't think too much, I haven't reached the level of Qi deviation. "

No matter how many benefits there were from devouring people, he was always clear-headed that this could only be used as a recycling method.

Once he set it as his goal, he would not be far from perishing.

Jiang xiaoshang looked at him approvingly and said, ""What if she just runs away?"

Lin Yi looked indifferent. "One more member of the ancient God clan to attract the fire. No matter what, it's not a loss for me. Besides, I've already gained a lot this time."

He was naturally referring to the sea crown and the sea god's divine spark sealed within.

As long as he made good use of these two things, he would have completely exceeded the task this time. The only question left was whether he would earn a little more or a little more.

"You're really open-minded," Jiang xiaoshang was completely convinced.

At this time, Li Yuanji had returned to Xiao Wudi's sea of consciousness and briefly told him what had happened.

However, he didn't mention anything related to the ancient gods, nor did he reveal Lin Yi's identity as an ancient God cultivator.

After all, this secret was too important. Even if something happened to her, she couldn't drag Lin Yi into it.

Just as Jiang xiaoshang said, Lin Yi was the last hope of the ancient God clan.

Xiao Wudi fell into silence after hearing all this. He was surprisingly calm even when he was under the state of an over-powered forbidden spell.

Seeing this, Li Yuanji felt much more at ease. She said softly, ""This time, it's the flood that washed over the temple of the Dragon King. Wudi, we need to make some changes to our plan."

"How do we change it?"

"What?" Xiao Wudi suddenly asked, "we've been working hard for thirty years, and you're giving it to a random guy? a bug that can't even hold up my finger?"

Li Yuanji was stunned and quickly explained, ""Wudi, you've misunderstood-Lin Yi isn't as weak as you think he is. On the contrary, he's much stronger than you are now!"

Chapter 10045

This was the truth.

From the moment she saw Lin Yi's new world, she knew that Xiao Wudi was no match for Lin Yi. They were on completely different levels.

She had indeed evaluated Xiao Wudi as the chosen one with unlimited potential, but the upper limit was only to replicate the path she had walked in the past. Being a pseudo-God was already the limit.

Even if he could obtain the seagod's divinity as he wished, he would still only be a false god, and not a true God.

Lin Yi, on the other hand, was still thousands of miles away from reaching his full potential, but his target wasn't even the gods, but the God of creation!

There was no need to discuss them together.

"He's much stronger than me?"

Xiao Wudi couldn't help but laugh, "aunt, are you joking with me?" How can such a worm-like thing be so much stronger than me?"

"I've already told you," Li Yuanji persuaded. "If he didn't let me out, even I wouldn't be able to escape from him. Wudi, you're not his match."

"....."

Xiao Wudi was silent for a moment, and then he said, ""Auntie, were you really unable to come out just now, or did you not want to come out?"

"What do you mean?" Li Yuanji was stunned.

Xiao Wudi said, "I know how tempting it is for a broken primordial spirit to meet a divine body. But I always believed that you would put me first. But this time, I'm really disappointed."

Li Yuanji finally reacted and said in surprise, ""Do you think that I'm just making up a story? Their goal is to take Lin Yi's God Body from you?"

"Isn't that so ..."

Xiao Wudi laughed at himself. "It's said that the human heart is unpredictable. I didn't believe it before. At least I thought you were like me, aunt. At least you and I are sincere. It seems that I've been overthinking."

Before this, I really didn't dare to believe that you would betray me one day!"

"I ... Betrayed you ..." He said.

Li Yuanji was completely stunned.

She had never thought that the situation would develop like this. Everyone could have been happy, but why did it suddenly turn out like this?

"When I get what's mine, we'll talk about all this."

Xiao Wudi snorted and backed out of the sea of consciousness, launching another attack at Lin Yi without a word.

This time, he attacked in anger, and his offensive power was at least twice as strong as before!

He wasn't just angry at Li Yuanji's story or the fact that she was suspected of betraying him. What he couldn't accept the most was that the Li Yuanji he had known for thirty years was speaking up for Lin Yi!

What Li Yuanji didn't know was that she regarded Xiao Wudi as her disciple, but in his heart, she was his exclusive property!

For another man, his exclusive property actually suggested that he take a step back. In a trance, Xiao Wudi seemed to see the green hat on his head.

If it could be tolerated, then who couldn't?

Lin Yi had expected this. At the last moment, he turned into the demon God Chiyu and faced the attack head-on.

For a time, they exchanged punches and kicks, and actually fell into a stalemate of equal strength.

"Impossible! How can you stop me?"

Xiao Wudi refused to believe it. The forbidden spell was his last trump card. The power of his attack was at least comparable to a mid-stage golden class venerable!

Lin Yi, on the other hand, was only a Big Shot at the peak. No matter how one looked at it, Lin Yi could only be crushed by one of his fingers. There was no possibility of him fighting Lin Yi head-on.

"Is this the effect of the divine body's blessing?"

Xiao Wudi thought that he had figured out the reason, and he looked at Lin Yi with even more passion now. Not only was there no hatred in his eyes, but he was also looking forward to Lin Yi's God Body becoming stronger.

That was because the divine body would be his sooner or later.

Lin Yi said suddenly, "Hey, you don't seem to be able to hold on much longer."

Although this guy's path was getting narrower and narrower, it would still be a bit of a pity if he were to be lost just like that.

After all, given the current situation, any high-end combat force was a scarce resource if they wanted to truly fight against the beast God Hall. Xiao Wudi was especially strong, and he could even take on the experts of the beast God Hall on his own.

Xiao Wudi's expression changed and he snorted in disdain. ""You should worry about yourself. Hehe, do you really think that a mere Firefly like you can compete with the sun and the moon?"

As soon as he finished speaking, the curse marks all over his body suddenly changed collectively.

It was already densely packed before, and it was a ghastly sight. Now, it was even darker, and his entire body was completely enveloped by the spell.

The key was that these incantations were not dead, but were like living things swimming back and forth in his body. Anyone who was a little timid would probably wet their pants on the spot when they saw this scene.

Even Lin Yi couldn't help but frown.

"Forbidden spell 2!"

Xiao Wudi growled like a wild beast. The aura he emitted was ten times more terrifying than before.

Xiao Wudi's entire body curled up like a shrimp under the extreme pain, but he still forced himself to raise his head and smile at Lin Yi.

"I really don't like this state, but since you've successfully angered me, I can only do as you wish."

At this moment, Xiao Wudi was talking like a demon, ""How many pieces do you want to be broken into?"

Before Lin Yi could reply, he turned into a black shadow and flew past Lin Yi. Lin Yi's head flew off his body.

Instant kill.

But Lin Yi reached out and pulled the head back, pressing it back to his neck and the wound healed in an instant.

The entire scene was extremely strange.

Xiao Wudi's eyes lit up, 'there's such a thing? The divine body is indeed a good thing that can kill everything in an instant. Unfortunately, it will only be a Pearl covered in dust if it falls into your hands. A small character like you is destined to be a tool for me!"

"You're thinking too much," Lin Yi said, speechless.

He wasn't just talking about this guy's Chuunibyou syndrome, but also the scene just now.

The reincarnation of a severed head was nothing compared to the legendary divine level experts who could reincarnate from a single drop of blood. However, at least at this stage, and even to all the Supreme realm experts, this was a rather exaggerated and heaven-defying act.

With their knowledge, they would naturally attribute it all to the God Body.

But in fact, it was impossible to do this with just his God Body-at least, with Lin Yi's initial stage God Body, there was no way he could do it.

In addition to the powerful self-healing properties of the divine body, the key to his heaven-defying actions just now was the original power provided by the New World, which was the real driving core.

Of course, Lin Yi wasn't so bored as to explain this to him.

Chapter 10046

Besides, Xiao Wudi didn't even want to listen to his nonsense. He attacked again without a second thought. The only thought in his mind was to let Lin Yi die in pain and then take over the destined God Body!

Lin Yi's situation suddenly became dangerous.

Previously, his opponent was only in the state of a forbidden spell, so he could fight him head-on by transforming into Chi You. However, Xiao Wudi was in the state of a forbidden spell and he was crushed.

Although he wouldn't lose his head easily, every time he met them, a huge and shocking wound would be left on his body. There were a few times when he was almost cut in half.

If this continued, even if his self-healing ability was overpowered, he would be defeated sooner or later.

Li Yuanji was anxious in Xiao Wudi's sea of consciousness. "Wudi, you've really misunderstood. Lin Yi really is one of us, and if we keep killing each other, it'll only make our enemies happy!"

"Our own people?"

"They're one of your own, aren't they?" Xiao Wudi sneered back.

Li Yuanji choked.

She really couldn't argue with that. She was an orphan of the ancient God clan, and Lin Yi was the last inheritor of the ancient God clan. In her mind, they were the most trustworthy people.

After all, as long as he had any contact with the ancient God clan, he would be the enemy of the entire God Realm and the God of creation!

Other than joining forces to keep each other warm, any other choice could only be classified as stupid.

However, she had never told Xiao Wudi about her identity. Until now, Xiao Wudi only knew that she used to be a false god and was forced to escape from the God Realm because of some incident.

She subconsciously wanted to explain but was stopped by her own rationality.

If she was the only one, she could tell Xiao Wudi about the ancient God clan, but it was Lin Yi's business, and she couldn't make the decision.

After all, the more people knew, the more danger Lin Yi would be in.

After seeing the New World, she saw Lin Yi as the last hope of the ancient God clan. Even if she had to die, she would never allow anyone to threaten Lin Yi.

This was her most important mission as an orphan of the ancient God clan.

Before this, she had absolute trust in Xiao Wudi, but after seeing his abnormal behavior, this trust had begun to loosen.

"You have nothing to say?"

Xiao Wudi's heart grew colder and colder. He was even more certain that he had been cuckolded. Even though Li Yuanji had only treated him as a disciple from the beginning, he did not care.

Li Yuanji was his exclusive property, and no one could touch her. Whoever touched her must die!

His anger turned into an ultimate attack, and this time he didn't hold back at all. He cut Lin Yi into dozens of pieces.

However, under the power of the new world's Origin Energy, Lin Yi quickly recovered. He couldn't become a God in the outside world like he did in his home field, but this simple self-rebirth was nothing.

After all, even though the New World was still in chaos, it had already developed to a high level.

"Preposterous!"

This time, Xiao Wudi did not look happy. Instead, he felt a little uneasy.

Although he was absolutely unwilling to admit it emotionally, he did feel suppressed. It was a suppression from a higher level.

With his arrogant attitude, how could he accept such a cruel reality when he was actually suppressed by a nobody he regarded as a bug?

"I'd like to see how long you can struggle on at death's door!"

Xiao Wudi kept telling himself that no matter how strong or abnormal his self-healing ability was, there must be a limit. As long as his damage broke through that limit, everything would be useless.

"I don't think you'll be able to last much longer," Lin Yi said faintly.

Xiao Wudi's face darkened again.

That hit him right where it hurt the most. If it was just an ordinary forbidden spell, he could still maintain it for a while, and the side effects could be suppressed, but he would have to pay a huge price.

However, his current forbidden spell's second state could not last more than the time it takes for an incense stick to burn.

Once he did, he would collapse.

Li Yuanji was still trying to persuade him in his sea of consciousness. Xiao Wudi didn't wake up a bit, but his anger was rising.

"Don't worry, I can beat you to death. "

"....."

Lin Yi couldn't help but reveal a strange smile. He actually had a very simple plan-he'd retreat into the new world, and the other party would probably be so angry that he'd turn into an idiot.

This was the perfect strategy. Unless Xiao Wudi had a way to lock onto his position and break into the new world by force, there was no way to deal with him.

It was unsolvable in various meanings.

However, Lin Yi didn't plan to do that. It wasn't because he was worried about Li Yuanji's feelings, but because it was rare to have an opponent like this. He really wanted to have a good fight with this opponent.

After all, the fastest way to become stronger was through a life-and-death battle.

"Alright, it just so happens that I don't have the habit of being a sandbag for free. After being beaten by you for so long, I've also been holding back my anger."

Lin Yi smiled faintly.

The little bit of beast God belief that he had reserved in advance was quietly ignited. A powerful aura that was ten times stronger than his usual surged out of his body, and even the surrounding space began to distort.

Divine arrival.

Xiao Wudi's eyelids twitched. He naturally knew what this state meant. He couldn't help but exclaim, "You actually have beast God belief!"

He had a trump card of a forbidden spell, which was similar to the burning faith of his God's arrival. However, after considering all aspects, God's arrival was obviously stronger than his forbidden spell.

Even if both of them were ten times stronger than the other, they would still have to pay a huge price. However, the price for casting a forbidden spell was himself, while the price for using [God's arrival] was the faith of the gods.

It was true that faith in the gods was also very rare.

Other than people like dugu yixiong who had mastered a special secret technique, most of the ordinary Supreme realm experts' possessions were probably not even worth a single-digit faith in the gods. However, these were still external objects, and it was much better than sacrificing themselves.

If he had a choice, he wouldn't have chosen a forbidden spell.

It was a pity that he did not. Li Yuanji's identity as a traitor was destined. She could not use any means related to the other gods. Naturally, she could not teach Xiao Wudi about the divine advent. More importantly, she could not give him the gods' faith that he needed.

"Since you're a cheater, it's normal for me to do the same," Lin Yi replied with a smile.

In the end, his nonchalant tone provoked Xiao Wudi's rationality, which was on the verge of losing control.

"An insect is an insect, do you think you can turn over by relying on these external things? What a joke!"

Xiao Wudi attacked in anger.

This time, however, Lin Yi's simple [tremor kill] sent him flying back. Not only did he spit out a mouthful of blood, but even the living runes around him dimmed a little.

Chapter 10047

"Impossible!"

Xiao Wudi was dumbfounded.

Lin Yi looked at him quietly, "there's nothing hard to understand. I've always been stronger than you. Now that we're both ten times stronger, I'm still stronger than you."

His tone was very calm, as if he was just stating a simple fact.

However, it was this simple fact that made Xiao Wudi break through his defense and gradually lose his mind. "Do you believe in such stupid words? You think you're worthy of being mentioned in the same breath as me? I was just lucky just now!"

He'd launched a full-force attack again, only to be slapped back by Lin Yi.

This time, more than half of the living incantations on his body were directly blown away, and his entire aura became extremely dispirited.

"Wudi, you should stop. Lin Yi helped you dispel the curse, so you won't have to suffer many side effects. It's not too late to stop now!" Li Yuanji quickly advised.

"He's helping me? You think he's helping me?"

Xiao Wudi vomited blood, and his last bit of rationality was completely drowned by madness.

Pitch-black living incantations emerged again, but this time, they were no longer wrapped around his body. Instead, they invaded his internal organs.

Looking at his appearance now, not only was it not as dark as before, but his skin was pale, as if he was terminally ill.

Forbidden spell 3!

"Wudi, are you crazy?"

Li Yuanji was shocked. Forbidden spell two was already a gamble of life and death, but this guy actually used forbidden spell three, which was the next level!

Forbidden spell 3 only had one effect. On top of forbidden spell 2, the user's strength would increase by ten times!

The side effect was that Xiao Wudi's body would completely collapse after the end of the third forbidden spell, and there was no way to repair it.

In other words, this was a one-time big move.

Using this state meant that Xiao Wudi had completely blocked his way out. His only choice was to kill Lin Yi and take his divine body!

In addition, there was another huge disadvantage, and that was the duration of the state.

Forbidden spell level two could last for the time it takes for an incense stick to burn, but this forbidden spell level three could only last for an instant!

Xiao Wudi turned into a shadow and hit Lin Yi. It was a short instant, but his speed was enough to do a lot of things.

"Die!"

Lin Yi was sent flying again, and even with the support of the God's arrival, he was on the verge of collapse.

However, his body was not dismembered.

To Xiao Wudi's surprise, Lin Yi still managed to hold back some of his strength. Even in the face of his third forbidden spell, his resistance seemed extremely weak and not worth mentioning.

Unfortunately, this still couldn't change the overall situation.

However, at this moment, his primordial spirit was suddenly suppressed by an even stronger and purer primordial spirit, which slowed down his attack.

"Wudi, this is the only thing I can do."

Li Yuanji's sorrowful voice echoed in his sea of consciousness. She was the one who had suppressed Xiao Wudi's primordial spirit.

In this way, it could interrupt Xiao Wudi's crazy attack, but it also meant that Xiao Wudi had lost everything.

The third forbidden spell was a path of no return. Now that the road ahead had been cut off, he had no future.

Li Yuanji would not do this unless she had no other choice. However, she had no other choice. She could not watch Xiao Wudi destroy the last hope of her clan.

Xiao Wudi's primordial spirit, which was being suppressed by her, let out a wail.

Li Yuanji felt as if she had been hit hard, but she still did not let go. She knew that Xiao Wudi could no longer turn back, and she could only send him on his way with her own hands.

"When Lin Yi grows up, I'll end my own life. I'm sorry, Wudi."

Li Yuanji silently made a death wish for herself.

However, at this moment, the entire sea of consciousness suddenly began to boil. Li Yuanji's expression changed. The power of her primordial spirit was being rapidly extracted.

The power of the primordial spirit formed a tangible Whirlpool and poured into Xiao Wudi's primordial spirit.

"This is ... The primordial spirit harvesting technique?"

Li Yuanji was both shocked and angry.

Essence replenishment, as the name suggested, was to take the power of her essence spirit and nourish Xiao Wudi's essence spirit. It was a complete evil art!

Xiao Wudi, who was suppressed by her, immediately broke free and stepped on her instead.

"Aunt, you forced me to do this. I didn't want to, but I have no other choice, right?"

Xiao Wudi's voice had become unfamiliar at this moment.

"You already set up a trap for me?" Li Yuanji muttered in disbelief.

The primordial spirit plucking technique could not be activated temporarily. It had to be carefully arranged in advance, especially considering the level of Li Yuanji's primordial spirit. This kind of thing was really terrifying.

To be able to set up a counter-attack under the nose of a top-tier false god, Xiao Wudi would definitely be a top figure no matter where he went with his courage and execution.

"I don't want to hurt you," Xiao Wudi said coldly. "I just wanted to be safe. But I didn't expect this day to come."

"You didn't expect ..."

Li Yuanji smiled sadly. "Don't lie to yourself. From the day you started to set up, you have been waiting for this day. Otherwise, you wouldn't have done this."

She wasn't a naive little girl who didn't know the world. If it wasn't for her deep trust in Xiao Wudi, she wouldn't have given him the chance to do such a small thing.

However, it was too late.

Once the primordial spirit plucking technique was activated, she would only become weaker and weaker as the one being suppressed. On the other hand, Xiao Wudi's primordial spirit would only become stronger and stronger.

Even Lin Yi, who was outside, could clearly feel the change.

With the rapid growth of his primordial spirit, Xiao Wudi was obviously much calmer in the third state of the forbidden spell.

Not only did his perverted skin color gradually recover, but more importantly, he had already been in this state for more than an instant!

He still couldn't hold on for long, but even if he could hold on for a little longer, with the difference in strength between them, it was enough for Lin Yi to be doomed.

Xiao Wudi was overjoyed as he felt his strength filling up like never before. He stared at Lin Yi like a hungry tiger, "Be it you or that B * tch, you're both destined to be my lucky chance. I have to thank you."

"Then I'm afraid you'll be disappointed,"

Lin Yi raised his eyes, his face calm. "I can give people opportunities, but no one can take away what I don't want to give."

Finished speaking, another bit of the seagod's faith that had been prepared long ago began to burn.

The arrival of two gods!

Lin Yi's aura suddenly skyrocketed to an even higher level than his opponent's, and Xiao Wudi, who thought that victory was in his grasp, was dumbfounded.

"How is that possible?"

The literal meaning of 'God's arrival' was like the arrival of a God. This could be said to be a disguised invitation to God, but it appeared in the form of power.

Chapter 10048

All gods were unique, and two gods would never appear in the same person.

Although divine advent was not the actual descent of a God, but merely borrowing the power of a God, or more accurately, borrowing the power of the world's origin represented by the corresponding divinity, there was still a strict exclusion.

The so-called double gods arrival, in theory, could not appear at all, and should not appear at all.

They didn't know that with the New World as a bridge, as long as Lin Yi could handle it, he could even have three or five more elements, let alone two!

"There's a lot of impossible things in the world," Lin Yi replied faintly, "you might think that something is impossible, but that doesn't mean that it's impossible. I thought that this was common sense that all adults should have. "

"A smokescreen! It must be a smokescreen!"

Xiao Wudi still couldn't believe it and pounced on him again.

Yet, he was knocked down by Lin Yi's [tremor] and [tide]. Even his third forbidden spell couldn't withstand a single blow from the unprecedented [double gods descent].

A large number of incantations were blasted out of Xiao Wudi's body, and they scattered as if they had a mind of their own.

Lin Yi stepped on Xiao Wudi, bent down, and sent a powerful spirit sense blast into his sea of consciousness.

Li Yuanji's primordial spirit plucking technique was immediately broken, and she escaped from his sea of consciousness in a sorry state.

Li Yuanji's face was full of shame when she saw Lin Yi, and she didn't even dare to look him in the eye.

"I'm sorry, it's all my fault. I've caused you trouble. "

The voice of the former second water god was as soft as a mosquito 's, and there was no trace of the powerful aura of a peak false god. She held the non-existent corner of her clothes weakly, just like a shy girl next door.

"Bitch! That adulterous couple!"

Xiao Wudi, who was being stepped on, almost passed out.

Li Yuanji had been with him for 30 years, and she had always been a cold, dignified, and inviolable goddess. When had she ever acted like a little girl?

Lin Yi pinched his nose speechlessly. "I've seen people who were cheated on, but I've never seen someone who was in a hurry to make himself a cuckold. My relationship with Yuan Ji isn't as dirty as you think."

"You called her Yuan Ji?"

Xiao Wudi's tail was stepped on again. He looked at Li Yuanji's blushing face and spat out another mouthful of blood.

Back then, he had tried to get closer to Li Yuanji and tried to change to a more intimate nickname, but he had been sternly rejected. Li Yuanji could only accept him calling her aunt.

She'd only known Lin Yi for a short while, and she was already calling him by his name?

Xiao Wudi struggled with all his might. Unfortunately, forbidden spell 3 was a trump card that pushed him to the limit. It was destined that he could only use it to make the final decision. Once he was suppressed, there was no chance for him to turn the tables.

Lin Yi only had one foot on the ground, and it was enough to stop the man from turning around.

"How should we deal with him?"

Lin Yi looked at Li Yuanji.

At this point, it didn't matter what Xiao Wudi did. He was more concerned about Li Yuanji's attitude.

After all, she was a genuine semi-divinity realm cultivator and a natural ally. In the foreseeable future, she would definitely be a great help to him.

Li Yuanji looked at Xiao Wudi, who was struggling on the brink of death. A trace of pity flashed in her eyes, but she shook her head immediately.

"I'm no longer related to him. Lin Yi, you can decide how to deal with him. "

She wasn't emotionless like the other gods, but she knew what was right and what was wrong. Xiao Wudi had no reason to live now.

She wouldn't do something as stupid as raising a Tiger, and Lin Yi wouldn't do it either.

"....."

Xiao Wudi's struggle stopped, and his last hope completely disappeared, leaving only resentment overflowing from the screen.

"Alright, I'll give him a ride." Lin Yi nodded.

Even though he had the terrifying backlash from forbidden spell 3, Xiao Wudi would die without a doubt if he was just left there. However, he didn't want to waste too much time.

Xiao Wudi screamed as he saw Lin Yi's expressionless face.

At the last moment, he suddenly thought of a life-saving straw, the mysterious person who gave him the primordial spirit plucking technique!

The art of primordial spirit plucking was an evil art that everyone hated. With his identity and background, unless Li Yuanji taught him of her own accord, there was no way he could come into contact with it.

That was until he met the mysterious man in gray.

He was able to set up all this under Li Yuanji's eyes. On one hand, it was because of Li Yuanji's trust in Him, but more importantly, it was because he had received the gray-robed man's guidance.

However, Xiao Wudi was still very cautious of that elusive guy. After the arrangement was completed, he cut off the connection with that person.

From then on, they had never crossed paths again.

He could sense a dangerous aura from that person. Even an ambitious person like him instinctively wanted to stay away from that person.

But now, the small piece of paper that man had left behind had become his last straw of hope.

With the last of his strength, Xiao Wudi crushed the small piece of paper.

However, other than the small piece of paper being broken, there was no other strange phenomenon.

"I've been tricked ..."

Xiao Wudi was in complete despair.

In fact, it was normal when he thought about it. Back then, he was the one who burned the bridge after crossing it and took the initiative to cut off contact with that person. Now that so many years had passed, it was normal to not be able to contact him.

After all, he was not his father, who had to wait for him at all times.

The forbidden spell's backlash exploded, and a dense death aura quickly spread over Xiao Wudi's body. Everything was settled.

"What?"

Lin Yi was ready to stop since Xiao Wudi was a dead man no matter how he looked at it, but things still changed.

A space vortex suddenly appeared below him. Before he could react, Xiao Wudi was sucked into it and disappeared.

The entire process happened too quickly, in less than half a second.

Lin Yi tried to use his spatial ability to track it, but he couldn't find any traces.

This could only mean one thing-the other's attainments in space were far above his. They were not on the same level!

"Xiao Wudi has other backers?"

Lin Yi couldn't help but look at Li Yuanji. This method of fishing people out of the air was completely beyond his understanding. The strength of the person who did this was far beyond his current level.

Li Yuanji shook her head. "I don't think so. I've been in his sea of consciousness all these years. I've been paying attention to everyone he has come into contact with. There's no one particularly outstanding."

"Think again?" Lin Yi frowned.

Li Yuanji frowned slightly and thought for a moment before she recalled, ""Indeed, I didn 't. However, I once went into seclusion and dormant for a period of time. Could it be that I came into contact with him during that period?"

Chapter 10049

"That's most likely the case. "

Lin Yi was a little worried-Xiao Wudi was already a dead man, but there had to be a reason why they took him away by force.

If Xiao Wudi didn't die, he would be a great danger in the future.

"You don't have to worry too much," Li Yuanji said softly."If he comes to us for trouble in the future, I'll take care of him myself."

"Alright," he said.

Lin Yi said.

Li Yuanji had once been a peak-stage false god. If she could make up her mind, Xiao Wudi wouldn't be a threat to her.

More importantly, her declaration meant that she was officially joining Lin Yi's team. Just this alone was enough to make Lin Yi's trip to the bottom of the ocean explode!

And this was only the beginning.

"The most important thing for you now is to quickly digest the fruits of your victory."

Li Yuanji reminded him.

Lin Yi nodded. The part of the seagod's divinity in the sea crown was still waiting, and that was the most important thing.

In the end, just as he was about to enter the New World, Li Yuanji gave him a huge surprise.

"Xiuyan 'er?!"

Lin Yi couldn't help but exclaim as he looked at the sealed girl. Wasn't this the girl that Chu Mengyao had specifically told him to help find Xiuyan 'er!

"You know him?" Li Yuanji was stunned.

"What happened to her?" Lin Yi quickly nodded.

"The majority of the seagod's divine spark is sealed within her, and her will has already been taken over by the seagod."

Li Yuanji briefly explained the situation and then said with a burning gaze, ""The sea god's position is currently vacant. As long as you absorb the power of his divine spark, you'll be able to replace him and dominate this vast Sea region. This is a once-in-a-thousand-years opportunity!"

"Replace the sea god?"

Lin Yi was shocked by the unprecedented suggestion.

Before this, he and Jiang xiaoshang had only guessed that Xiao Wudi wanted to kill a God. This was already a terrifying ambition, but they didn't expect it to be just a small step in the plan.

He had to admit that in terms of daring to think and act, he was still too small compared to Xiao Wudi.

But even Lin Yi couldn't help but be moved by the thought. After all, if he could really become the sea god, it would be a great benefit for his future development.

Moreover, it seemed that everything was ready except for the crucial element. This matter was not impossible, but rather, it was already very close.

Xiao Wudi had been preparing this feast for thirty years, and it ended up in his mouth. Even Lin Yi couldn't help but feel embarrassed.

"You're forcing me to eat ready-made food. "

Lin Yi said that, but he didn't hesitate at all. He locked onto the sealed Xiuyan 'er and captured her in his new world.

After all, according to Li Yuanji, the Xiu Yan 'er in front of him was already equivalent to the sea god's true body to a certain extent. Although she was sealed, no one could say for sure if there would be any other variables in the future.

Only entering the new world's home ground was the safest way.

As long as he was in the New World, even if the sea god broke free of the seal, he would still have the power to fight. After all, the other party was not a peak God, but only a quasi-former sea god who had lost his divinity.

After some discussion, he looked at Jiang Xiaoshang and Li Yuanji and took a deep breath. "Then, let's begin."

After saying that, he used the origin power of the New World to break the seal of the sea crown by force.

It was easy at first, but difficult later. The power of the divinity sealed in the Sea King Crown was less, so even if there were changes in the process, it would be easier to control.

The other reason was that before he had enough experience, he wasn't confident that he could take the majority of the sea god's Godhead without hurting Xiu Yan 'er.

He could tell that Xiuyan 'er meant a lot to Mengyao from the way she took the risk to look for him. Lin Yi didn't want her to be sad no matter what.

Once the seal was removed, the impact from the previous attack swept through his body again, turning his body into a battlefield.

"There won't be any accidents, right?"

Li Yuanji was even more nervous than Lin Yi himself.

With Jiang xiaoshang as the think tank, the guidance of a peak-stage false god, and the support of new world, Lin Yi should have a high chance of success.

However, theory was theory, and reality was reality. There were many times when the two were not connected.

Jiang xiaoshang observed Lin Yi's every little reaction and replied, "Don't worry. He's a man with great fortune, not someone like Xiao Wudi. There won't be any accidents."

Li Yuanji's expression darkened.

Although she had completely broken up with Xiao Wudi after what had happened just now, and even if they had the opportunity to meet again in the future, they would still be mortal enemies, she still felt a little sad.

Once upon a time, she had full confidence in Xiao Wudi and was even willing to entrust her life to him. Unfortunately, the result was that she had entrusted him with the wrong person.

Now that it was Lin Yi's turn, what if she was wrong again?

Jiang xiaoshang looked at her. "You can doubt your own judgment. But you can't doubt my judgment. Especially not the judgment of my main body. Do you understand?"

Li Yuanji was confused. What did this have to do with her?

Jiang xiaoshang did not say anything else. Even though they were both in the same boat now and with his understanding of the second water god, they could share many secrets but there were some things that could not be said too much and could only be said briefly.

At that level, if one mumbled too much, even if they were separated by a world, they might be able to sense it.

Although he had some speculations, he didn't want to summon his true body. After all, what if he guessed wrong?

As the two spoke, Lin Yi finished the foreplay and started the real refinement.

A huge divine sense immediately soared into the sky!

Jiang xiaoshang and Li Yuanji were both shocked. Fortunately, they were in a new world that was completely isolated from the outside world. Otherwise, this alone would have alarmed the entire sea area, and that would be a big joke.

However, the two of them could still see the great danger in it.

The sea god's divine sense was clearly attacking Lin Yi's sea of consciousness like crazy. If it was outside, Lin Yi's sea of consciousness would be as thin as paper in front of this divine sense, with the difference in their levels.

If his sea of consciousness was destroyed, not only would all his efforts be for naught, but his own essence spirit would also be destroyed as well. Then, the sea god would take over his body!

"He can hold on!"

Jiang xiaoshang seemed to be comforting Li Yuanji, but he was actually encouraging himself. Even he was starting to feel uncertain.

Using a mortal's primordial spirit to resist the sea god's divine will, even if it was just a small part of it, was definitely as difficult as ascending to the heavens. This was not something that could be easily dismissed with a mere mention of the heaven's chosen.

Chapter 10050

"A mere mortal actually dares to covet my seagod's divinity, you reckless thing!"

A furious thought almost came out of his body.

In this world, it was a belief that gods couldn't be blasphemed-it was a belief that everyone was born with. Blasphemy was forbidden, let alone Lin Yi's act of killing a God.

Surprisingly, Lin Yi's sea of consciousness didn't collapse from the spiritual sense. It showed great tenacity, and Lin Yi's essence spirit even rushed up and entangled with it.

An ant trying to shake a tree!

Although the sea god's tone was still high and mighty, this time it clearly carried a bit of panic.

This was because he suddenly realized that his powerful spiritual will could not easily suppress the other party. On the contrary, he was firmly entangled by the other party and was faintly suppressed.

"This is ... The world's will?"

The sea god finally came to his senses, but it was too late.

Just like how his spiritual force could easily crush the primordial spirit of a cultivator, the world's will could also easily crush his spiritual force. This was the purest level of suppression, and there was no possibility of turning the tables.

Very quickly, the sea god's divine sense was completely destroyed.

The whole process looked dangerous, but from the moment Lin Yi triggered the new world's will, there was no suspense.

Jiang xiaoshang and Li Yuanji let out a breath of relief when they saw Lin Yi's condition had stabilized and he was starting to refine his divinity.

"I told you, this guy is very steady. There's nothing to worry about."

Jiang Xiaoshang said after the fact, and Li Yuanji rolled her eyes at him.

Without the interference of the sea god's divine sense, the divine spark's power was ownerless, and the following process naturally wouldn't have so many twists and turns.

In fact, rather than saying that Lin Yi was refining the divinity, it was more like he was helping the New World refine it.

However, only those at the God Realm could truly control the power of the Godhead. Even those at the end of the Supreme realm could not truly touch the power of the Godhead, and he was no exception to this.

If there wasn't a new world, even if he obtained the sea god's divinity, he would only be able to guard the treasured mountain without being able to use it.

However, it wasn't as if there was no way to change it.

He could let Li Yuanji live in his sea of consciousness and work with her to control the power of the Godhead. After all, a false god had this ability, and this was the solution that Xiao Wudi had prepared.

Of course, this was only the least efficient way to use the power of the Godhead. At best, he could only use one part of the power out of ten, which was a waste of God's gift.

However, it was a different story when it came to the New World.

The Godhead was the source of the world, and it was a great supplement for the New World. Every mouthful could be transformed into the growth of the New World. This was the perfect plan to make full use of the power of the Godhead!

With the refinement of the divine persona's power, the New World began to develop rapidly in a way that was visible to the naked eye. The most obvious point was that the hazy chaos began to gradually become clear.

"Primal Chaos split!"

Jiang xiaoshang and Li Yuanji were both shocked. This was a Grand scene that only existed in myths and legends!

Li Yuanji felt the changes in the chaos and was suddenly moved. She immediately began to concentrate on her enlightenment.

She had a strong premonition that this might be the most important opportunity in her life!

Jiang xiaoshang was envious.

It was a pity that he was only a clone. From the moment he was split, all his abilities were limited by his original body, and he could not cultivate to break through at all.

Therefore, even though he knew that this was a great opportunity, he was still a eunuch visiting a brothel. He could do nothing but look around.

After a long time.

Lin Yi opened his eyes slowly, and the world was no longer chaotic. The heavens and earth were clear, and all the rules were in order under the guidance of the world's will.

Although he could clearly feel that there were still many places that were not complete, but overall, there was already a Grand atmosphere!

Lin Yi's spirit was lifted-this was a new starting point, a great starting point!

With the evolution of the New World, his own realm also rose with the tide. Unknowingly, he had already crossed the threshold of the Supreme realm and became a golden class early stage Supreme!

"I became a venerable after a night's sleep. Why doesn't it feel real at all?"

Lin Yi expressed his thoughts.

Jiang xiaoshang's mouth twitched. "You're lucky that I'm only a clone. If it were anyone else, they would have strangled you to death."

How many half-step Venerables could not advance their entire lives, unable to cross the threshold of the venerable realm even at the end of their lives? in the end, it was like a joke in this guy's hands, who could accept this?

Anyone who had a slightly weaker mental capacity would probably jump off a building.

However, this was also the advantage of ancient God cultivators. The evolution of the world was the most important part. Every key step of the evolution was a qualitative change, and the amount of resources required was immeasurable.

In comparison, the increase in his realm could only be considered a bonus.

At this time, Li Yuanji, who had been in seclusion, also came out of the state of enlightenment. Previously, because of the primordial spirit plucking art, her primordial spirit had become very dim. Although it was not like a candle in the wind that could be extinguished at any time, it could not be said to be healthy.

At this moment, not only had she completely recovered her essence, energy, and spirit, but the level of her entire primordial spirit had also improved.

At this time, the divine sense that she released had a faint atmosphere of divine sense. It should be known that this was the symbol of a true God. It meant that as long as she took one more step, she would be able to step into the threshold of a true God!

Although she didn't know when that step would come, maybe in the next second, or maybe in 10000 years, at least she had the qualifications.

This was a realm that she had never touched even when she was at her peak!

"Congratulations,"

Lin Yi was happy from the bottom of his heart. Although Li Yuanji was only an essence soul, she was the strongest on their side. It was just that she had a lot of limitations.

The stronger Li Yuanji was, the more stable his arrangements would be!

"I should be the one thanking you. You're the one who gave me this opportunity. Otherwise, I might not have been able to see a higher view in my life."

Li Yuanji said as she bowed.

Lin Yi quickly helped her up-she was only in her spirit form, but it was surprisingly warm to the touch. This was almost solid.

Li Yuanji's face was slightly red.

She was now in a corporeal primordial spirit body. At first glance, it looked no different from a physical body, but in reality, her senses were a thousand times sharper than that of a physical body. It could be said that every part of her body was an inviolable secret. Any touch would be magnified a thousand times or ten thousand times over here.

Lin Yi reacted quickly and felt awkward, "Uh, I didn't mean to."

Li Yuanji was already shy, and now her face was even redder. Her voice was like a mosquito. "It's okay, I don't mind. "
