

Bodyguard 10051

Chapter 10051

“.....”

Lin Yi blinked. What did she mean by "don't mind "?

At this moment, Jiang xiaoshang's playful voice was heard, ""Even if the two of you are flirting, you have to look at the occasion. We haven't finished the official business here."

"Transfer your sister!"

Lin Yi rolled his eyes at him speechlessly and turned to look at the sealed Xiuyan 'er.

The divine spark that she had just refined was only the small head. The one sealed within her body was the real big head.

"Continue refining?"

Lin Yi frowned slightly. With the experience just now, he more or less had some experience with this. He couldn't say that he wouldn't hurt Xiuyan 'er at all, but he was more than 60% confident.

However, Jiang xiaoshang shook his head. "The New World has just swallowed that portion of Godhead. It's enough to support its rapid evolution for a period of time. Although you can refine it now, you'll waste at least half of it. After all, no matter how fast the world's evolution speed is, there's always a limit.

Besides, it's not always better to do this as soon as possible. "

Lin Yi nodded in agreement. It was the same as leveling up-it was good to level up quickly, but it'd destabilize your Foundation if you did, and it'd be a loss.

Jiang xiaoshang clicked his tongue. "A strategic resource like the Godhead is not something you can have just because you want it. This might be the only chance you have in your life. You have to make sure that you make full use of everything. Otherwise, you will definitely regret it in the future."

Lin Yi thought so, but frowned. "But it's not a good idea to just leave it there without refining it, right?"

Although Li Yuanji could seal it, any seal had its own flaws. After a long time, hidden dangers would appear.

After all, it was the seagod sealed here. Even if it was the seagod who had lost his godhood, before he truly became the previous seagod, he was still a true God!

It would be a huge joke if he managed to survive and regain control of the divine persona's power.

Jiang xiaoshang smiled profoundly. "I won't refine it for now. I can use it to declare my sovereignty."

"What do you mean?" Lin Yi asked, confused.

Jiang xiaoshang pointed at Li Yuanji and said, ""You can use the world's consciousness to occupy it first, then hand it over to her. At that time, she will be the woman sitting on the sea God's throne, and you will be the man behind her."

"....."

Lin Yi looked at Li Yuanji, who was blushing. He had reason to suspect that she was driving.

However, he understood what Jiang xiaoshang meant.

Since he wanted to make full use of every bit of divinity's power, leaving it idle in the New World was obviously not the right solution. After all, the seagod's divinity didn't just represent divinity's power, but also the Supreme position of the seagod.

Only by taking the opportunity to control this position would he be able to make the best use of it.

And Li Yuanji was a ready-made candidate for the agent.

"What do you think?" Lin Yi asked.

"I'll do my best as long as it can help you," Li Yuanji nodded seriously.

Lin Yi and Jiang Xiaoshang looked at each other. This woman trusted people too easily. She just got hurt by Xiao Wudi, and now she's giving her heart to Lin Yi.

The so-called Godhead substitution was actually binding the primordial spirit to the power of the Godhead. Before that, the will of the New World would take over first. If Li Yuanji really did that, it would be equivalent to binding herself to the New World.

As the master of this new world, Lin Yi could kill her with a single thought. There was no chance of a counterattack.

After all, the world's will was one level higher than the gods' divine thoughts. No matter how strong Li Yuanji's primordial spirit was, it was still not as strong as the divine thoughts. Comparing it with the world's will would be like hitting a rock with an egg.

But as the beneficiary, Lin Yi couldn't comment on this-the guy didn't trust him too much, did he?

After the discussion, Li Yuanji immediately undid the seal on Xiu Yan 'er under Lin Yi's instructions.

Xiuyan 'er immediately opened her eyes and glared at Lin Yi. "You actually dared to swallow my divine spark? do you really think that I can't do anything to you now that my divine spark is gone?"

Lin Yi shrugged his shoulders, his face honest. "To be honest, I really don't know."

"....."

The sea god choked on the spot. As a dignified God, he actually experienced the feeling of embarrassment for the first time. The truth was the most hurtful.

In fact, from the moment his Godhead fell, he had already been expelled from the ranks of gods. This was because he could no longer truly use the power of the Godhead. Other than some bluffing tricks, his strength was not even comparable to that of a Supreme realm expert, let alone a false god.

A God without a divine persona was essentially just an ordinary person.

"I only need to issue a divine decree and you'll become The Public Enemy of the entire sea area!" The sea god said coldly.

Although he couldn't use the divine spark's power, he was still the sea god in name. Most importantly, no one knew that he had actually been removed from his godhood.

In other words, he was still the Supreme God in the eyes of all the forces in the sea realm.

His Oracle still had the highest legitimacy and the highest effectiveness.

"As far as I know, you didn't even rule the four Seas when the Poseidon shrine was at its peak. Do you believe that you're making me The Public Enemy of the entire sea region with just a single divine order?"

The sea god was stunned again.

The various forces respected the sea goddess Hall as the Supreme Master in name, but in reality, they only listened to orders and not orders.

When there were benefits, the so-called ocean God's divine decree was naturally a golden rule, but when there were no substantial benefits, it was like toilet paper.

And with his current situation, what tangible benefits could he give to the various Dukes?

At most, he could only promise them an empty title. Did he really think that the royal families of the four Seas were naive and innocent, and would work for him with an empty title?

"What do you want?"

The sea god seemed to have finally recognized the reality, and his attitude softened. As a member of the high and mighty gods, even if he had fallen from the altar and lost his absolute rationality, he would not act on impulse like Xiao Wudi.

"Give me the sea god's divinity," Lin Yi said faintly, "and I'll give you a chance to live."

To a God, these words were truly a bit insulting. However, at the level of the sea god, he must have already understood the principle of living shamelessly was better than dying.

As a God who once theoretically had infinite life, now that he was suddenly faced with the reality of his imminent death, the mental pressure was by no means imaginable.

In order to live, Lin Yi wouldn't be surprised even if the sea god knelt down and became his dog.

When any cultivator faced a God, even if they knew that they had the advantage in strength, they would always unconsciously put themselves in a low position. This was an inherent thought stamp.

Chapter 10052

But Lin Yi wouldn't.

As a pure atheist, not to mention a sea god who had lost his godhood, even the gods on the throne, or even the God of creation, would only see him as a powerful cultivator, nothing more.

No one else would even think about taking Poseidon as a dog, but Lin Yi said it without any psychological burden.

“.....”

The sea god was dumbfounded. This was the first time he had met someone who spoke to him like this. He couldn't help but wonder if this guy was joking.

Lin Yi's expression was especially serious.

After a long time, the sea god faintly said, "How are you going to let me struggle on whilst at death's door?"

Jiang Xiaoshang and Li Yuanji looked at each other. Were they really going to admit defeat?

Although the gods did not care about feelings, and in theory, they were not too impulsive, to a certain extent, they could be said to be the most pragmatic group of existences. However, theory was theory, and they were still a little surprised to meet in reality.

Since the other party was so cooperative, things seemed to be easier than expected.

"According to normal development, you're definitely not going to be able to hold on to your position anymore," Lin Yi said honestly, "and even without us, you wouldn't be able to hide something as big as losing your divinity without letting anyone know."

Not to mention others, the group of seagod's employees under you aren't fools, not to mention the ambitious royal families of the four Seas. "

The sea god was silent.

He knew that even if Lin Yi and Xiao Wudi weren't there, there would be others watching his position.

Even the most loyal sea God's wayfarers under his command could no longer maintain their loyalty from the moment he lost his divinity. To him, they were the most dangerous targets that he had to be wary of.

If that wasn't the case, why would he need to secretly split the divinity in two with the Grand sea god Hall's influence, using a method that was almost like sending himself to the ruins to deceive everyone?

"What do you want?" the sea god couldn't help but ask.

"It's simple," Lin Yi smiled, "we'll follow your plan. You'll possess the ocean Crown, and I'll be the king of the seas."

The seagod's eyes immediately flashed with bewilderment.

This selection for the Sea King had been part of his plan from the very beginning. According to his original plan, once the Sea King wore the sea crown, he would instantly become his puppet clone.

At that time, he would be able to give orders in the name of the sea god while doing things with the identity of the Sea King. After that, he would only need to secretly test and rope in a group of trustworthy top-level sea gods to walk around, and he would have a chance to survive the weak period of losing his divinity.

The loss of a Godhead was a major event for the gods, and every God's expression changed when they talked about it. However, this wasn't a terminal illness.

There had been cases in history where fallen divine personas had been stabilized.

Since someone else could be the first, then he, the sea god, could be the second.

Unfortunately, the plan could not keep up with the changes.

If it was just Xiao Wudi, he might have a chance to turn the tables, but with Lin Yi, a freak with a whole new world in his hands, he had no chance at all.

"Of course, you'll have to listen to me," Lin Yi added slowly.

Even though he was mentally prepared, the sea god still couldn't help but reveal a shocked expression. "You want me to be your puppet?"

"I'll consider. "

Lin Yi didn't hide his intentions at all.

Once the seagod's divinity was seen through, it was already very difficult for him to pose a real threat to people, but as long as the seagod's position didn't change, he would still occupy the seagod's official title.

If he could control this title and use it as a bargaining chip, it would be of great benefit to his future plans in the sea area.

There were many plans that he didn't dare to think about before, but with this trump card in his hands, it would be a different story.

The sea god seemed to be lost in thought.

This situation was difficult for him to accept, but it was his only choice, unless he gave up on the chance to struggle at death's door and went all out.

"There's no rush," Lin Yi said considerately, "take your time to think about it. We still have plenty of time."
"

"Alright, I'll think about it." The sea god gave him a deep look.

After the time it takes for an incense stick to burn, the sea goddess was still lost in thought, as if she was still in a dilemma.

Lin Yi's face changed.

He had received a message from Hai Wutian.

"The sea god just released a divine order to the entire sea, ordering for you, Lin Yi! What the hell did you do, brother? It's a rare case of being wanted in the entire sea region!"

Hai Wutian was about to go crazy.

The only reason he'd found Lin Yi was to fight against Xiao Wudi, who'd been recommended by Zhang Xiangding. He didn't have much hope for that, and he'd just do his best and leave it to fate.

The king of the sea hadn't even been decided yet, and Lin Yi suddenly became a wanted criminal in the entire sea region!

The key was that even he, the one who recommended it, would be in trouble. At this moment, everyone guarding the entrance of the Empire's ruins was looking at him like a tiger watching its prey.

After all, this was a once-in-a-century event, and behind it was an enormous profit. Let alone the small factions, even the top-class seagod's advisors and the representatives of the four Seas "royal families all clearly showed great interest.

The pressure was huge.

Lin Yi ignored the guy's complaints and turned to Poseidon with a weird look. "You're two-faced, are you gods all so dirty?"

"You've become The Public Enemy of the entire sea realm. I can't guarantee that every force will listen to my orders, but with this title of wanted criminal, I can guarantee that you won't be able to move an inch in the sea realm!"The sea god said expressionlessly.

"....."

Lin Yi and Jiang xiaoshang looked at each other helplessly and shrugged with a bitter smile."It seems like I was tricked. On the surface, he was considering my friendly proposal, but in reality, he was stalling for time so that he could stab me. You don't say, this stab was quite accurate."

Just as the other party had said, although he didn't believe that the major forces of the sea would risk their lives to hunt him down, as a wanted criminal of the entire sea, it would be a little troublesome if he wanted to do anything in the future, especially if he had to deal with those major forces.

"The wanted order can be revoked, we can talk."

The sea god slowly stood up from the ground. Although he still couldn't look at Lin Yi the same way due to Xiu Yan 'er's size, at least in terms of aura, he wasn't at a disadvantage.

In a situation where he was at an absolute disadvantage, he created a trump card for himself out of thin air and turned the situation around for himself.

Even as enemies, Lin Yi couldn't help but praise her, "That's good. I've learned a lesson today. As long as the dust doesn't settle, anything can happen. "

"I believe you're not an unreasonable person. Since you've seen the situation, it's your turn to calmly consider my proposal."

Chapter 10053

"I'd like to hear more. "Lin Yi smiled.

"Let's work together," the sea god said indifferently. "You'll be the Sea King, and I can give you the greatest support, but all your actions must be led by me. When I stabilize my divinity again, you'll be the second person in the entire sea area besides me!"

"He's just drawing a big picture for me. "

Lin Yi couldn't help but raise a brow.

If the sea god could really stabilize the divine spark, this flatbread would have a huge attraction to any cultivator.

After all, the second person below the gods. The power and strength that that position represented was not something ordinary people could imagine. Even the group of top-tier seagod's Wanderers in the seagod Palace could only look at it but not ask for it.

If it weren't for all the things that had happened before, even Lin Yi himself would be moved by this suggestion.

Seeing that Lin Yi seemed to be moved, Poseidon quickly struck while the iron was hot, "You don't have to worry that I'll burn the bridge after I've outlived my usefulness. You and I can make a divine contract and accept the witness of the God of creation. No one can go back on their word."

"You're quite thoughtful. "

Lin Yi nodded and changed the topic, "It's a pity that you don't understand the situation, Lord seagod. "

The sea God's heart jumped, "situation?" You can't be thinking that my entire Sea region's wanted list is a joke, right?"

"No, it's very troublesome to be wanted by the entire sea. I'm very clear about this."

Lin Yi looked at Poseidon with a smile. "But I believe that you will help me cancel it."

"What are you trying to say?"

The sea god didn't understand the situation for a moment, until he suddenly felt a trace of excitement from the depths of his soul, and his expression immediately changed.

"You've finally felt it?"

Lin Yi's face was full of apology, "I'm really sorry. When you were playing tricks just now, I played along with you and allowed my friend to invade your soul. You don't mind, do you?"

"....."

The sea god felt as if ten thousand alpacas had galloped past, but his face was filled with disbelief. "Impossible! Absolutely impossible! She's just a false god, how could her movements hide from my divine soul?"

Lin Yi smiled, not bothering to explain.

As early as when they were wrangling with each other just now, Li Yuanji had already invaded Xiu Yan 'er's body at his behest. The Li Yuanji that was left outside was just a cover-up.

If it was a peak level sea god, this little action would not have been able to escape his perception. Unfortunately, his divinity had fallen, and he was not even as good as a chicken.

Speaking of which, if it was really the peak sea god who was still in power, there wouldn't be so many problems.

Even an ambitious man like Xiao Wudi would never set his eyes on a real God. Even if he wanted to die, he wouldn't do it this way.

But even so, the sea god was still in utter disbelief.

He wasn't being careless-he'd guessed that Lin Yi would do something like this, but he really didn't expect it to be this smart, even deceiving his soul!

Even if Li Yuanji was at the peak of the false god Realm, she would not be able to do this.

To be able to toy with his spiritual perception, it could only be an existence far more advanced than the spiritual sense.

"The world's will ..."

The sea god finally thought of the most impossible possibility, but it was also the only possibility.

"You're too late," Lin Yi nodded.

Without giving the other party any chance, the will of the world that controlled the New World instantly destroyed the last of its will. At the same time, Li Yuanji's primordial spirit, who had been prepared for this, charged straight in and took over the soul before it completely collapsed.

After the time for one incense stick to burn.

The sea god slowly opened his eyes and glared at Lin Yi with a face full of hatred, "How dare you play such dirty tricks with me? do you really not know how to spell the word 'death', human?"

"Is that fun?" Lin Yi was speechless.

The resentment on the sea god's face immediately disappeared, turning into a playful smile. "Did I imitate it well?"

It was Li Yuanji's voice.

Lin Yi shook his head helplessly. The girl had always given him the impression of being gentle and elegant-so she had a playful side to her.

At this time, Li Yuanji had completely taken over the sea god's soul. To be more precise, she had only taken over the outer shell of the sea god's soul. The sea God's will had been crushed by the new world's will until nothing was left.

This was a level suppression without any suspense.

Lin Yi remembered something and asked, "How is Xiu Yan 'er's primordial spirit now?"

Xiuyan 'er's body had been taken over by the sea god. On the surface, it didn't seem like a big problem, but no one knew what was going on with her soul. Now that he had found her, what if her soul was crippled? what was he going to tell Chu Mengyao ...

"He must have suffered a great shock. He's in a state of deep self-isolation now."

"Although she won't wake up for the time being," Li Yuanji consoled, "as long as she doesn't receive any further stimulation, she should be able to recover on her own before long. This young lady's will is very strong."

Jiang Xiaoshang clicked his tongue in wonder and said, "a normal cultivator's primordial spirit would be crippled if they were occupied by the sea god. She's only in a deep sleep?" This little girl is so talented!"

Lin Yi let out a breath of relief.

He personally examined Xiu Yan 'er's body carefully and confirmed that there were no other abnormalities. Only then did he finally feel relieved.

"I have now taken over the sea god's soul," Li Yuanji said. "Although it's a little bit difficult, I can use his name to issue oracles."

"Cancel the arrest warrant then," Lin Yi ordered.

If he didn't get rid of this thing, it would be difficult for him to take a step forward.

Li Yuanji nodded and did as she was told. If it were anyone else, even if they occupied the shell of the sea god's divine soul, they would not be able to issue an Oracle. Only she, who was once a top-tier false god, had such a Foundation.

Soon, Lin Yi received another message from hai Wutian, surprised, ""The arrest warrant has been cancelled. This matter is truly strange. Although the Lord seagod didn't say what the reason was, I feel that he made a mistake for some reason. He just can't admit his mistake.

Lin Yi, as far as I know, you're the first person to make the Lord sea god slap himself in the face like this!"

Lin Yi nodded.

Everything was going smoothly. Now that he had gained initial control of the title of sea god, in addition to the sea crown that he had already obtained, he was now the Sea King on the surface and the ruler of the sea God in the dark!

With these two identities in hand, if he still couldn't open up a situation in the sea area, then he really could find a piece of tofu to kill himself.

With things as they were, the fight for the Sea King was over, but Lin Yi didn't plan on ending it just like that. There was still a bunch of faith points waiting for him here, after all.

Chapter 10054

At the same time, Xiao Wudi, who was almost dead, woke up in a secret room. Standing in front of him was the mysterious gray-robed man.

"You saved me?"

Xiao Wudi felt his body and was surprised to find that it was still a mess, but it had stopped getting worse.

Originally, after forcefully activating forbidden spell 3, unless he could obtain the sea god's divinity in one fell swoop, he would definitely die.

He was already prepared to die.

He had never thought that he would still have a chance to survive. The mysterious gray-robed man was actually able to suppress the backlash of forbidden spell 3. It was simply unbelievable!

The gray-robed man's lips curved into an arc. ""There's no need to be so shocked. As long as I want to, not only can I keep you alive, but I can also make you stronger, far stronger than you were in the past!"

Xiao Wudi's lifeless eyes instantly burned.

"What should I do?"

The gray-robed man looked down at him from above, ""It's simple. Offer your loyalty and life and join us."

"Who ... Are you?" Xiao Wudi asked hesitantly.

The gray-robed man faintly spat out two words, ""The center."

At the entrance of the ruins of the Empire.

The group of recommenders waited for the trial-takers to return. Not long ago, the magic circle at the entrance of the Empire's ruins began to reverse, which meant that the sea crown had recognized its master, and the new generation of coastal water King had been born!

Wave after wave of surviving trial-takers were teleported out, all of them wearing complicated expressions.

It was a great regret that they had not been able to snatch the sea crown this time, but it could also be said that they were lucky.

11 "lucky ones" had died in a row. If it were them, they would probably end up the same if the sea crown were to be worn on their heads.

Forty-five people.

Out of more than a hundred powerful trial-takers, only forty-five people came out alive, which was nearly two-thirds of the casualties!

One had to know that these were the battle forces carefully selected by the various forces. At the very least, they were all experts at the pinnacle of perfection of a giant, and more than half of them were half-step Venerables.

It had to be said that such a casualty rate was already very exaggerated for them.

"The formation has been shut down? What's going on?"

As the entrance closed, everyone looked at each other.

The reason why they stayed behind was to catch a glimpse of the new king of the sea. At the very least, they had to confirm who the new king of the sea was.

After all, this location was of great significance and value to the entire sea region.

Whether it was the sea god temple or the four Seas "royal families, they had to find a way to pull him into their camp, but they didn't expect that this sea shore King had not appeared even after so long.

Among the crowd, only hai Wutian was confident.

Looking at the rest of the people who were full of doubts, especially at his old rival Zhang xiangding, who had a serious expression, hai Wutian felt very good.

He really didn't expect that out of his helplessness and forced to make a desperate choice, he would actually make a mistake and bring back a King of near sea!

At this moment, Zhang xiangding suddenly said in a clear voice, ""It seems that this time's king of the sea trial will not have an outcome. This is good, at least everyone will have something to remember, and there will be next time."

Hai Wutian sneered, "who told you there's no result?" All the past Kings of the coastal waters had the privilege of freely entering and exiting the ruins of the Empire. I thought everyone knew this, but it turns out that you don 't?"

Zhang xiangding replied with a cold snort, 'privilege? Are you talking about the privilege of being in the dark and not daring to meet people? Let's not even talk about whether there's really a winner this time. Even if there is, just based on his conduct of not daring to see the light, he doesn't have the qualifications to be the king of the coastal waters!"

"Whether I'm qualified to be Sea King or not, it doesn't seem to be up to you, Sir."

Lin Yi's voice entered everyone's consciousness without warning, shocking them all.

The maturity of this divine awareness voice transmission was a bit frightening.

As Lin Yi's figure appeared, he became the center of attention without a doubt, and in his hand was the sea crown.

This was a token of authority that all the forces in the sea realm dreamed of, but it was like a garbage bag in Lin Yi's hands. He held it so casually, as if he could throw it into the trash can at any moment.

Everyone's eyes almost popped out of their heads. What was this guy's background?

Zhang xiangding's expression changed. He was the first to react. ""You are Lin Yi? The Lin Yi that the Lord Poseidon just ordered to kill?"

As soon as he said that, everyone's expression changed instantly.

He was the only special person wanted by the entire sea region in a hundred years. It was impossible for them not to have an impression of him. For a moment, their hearts could not help but waver.

Hai Wutian quickly stood up and said, ""Lord seagod has already canceled the arrest warrant, don't tell me you didn't see it."

Zhang xiangding snorted. "Yes, it's canceled, but it's true that this guy was previously wanted. He must have done something blasphemous to the Lord sea god. It's just that the Lord sea god was magnanimous and didn't take it to heart."

"Since even the Lord seagod isn't going to care about it, if you still insist, then you're going against God's will!"

Hai Wutian stood on Lin Yi's side.

The person who recommended the candidate had a close relationship with the practitioner, and now that Lin Yi was Sea King, his power and status were even higher than the tenth-ranked sea God's Walker. No matter how one looked at it, they were natural allies.

Seeing the two peak level seagod's employees begin to fight among themselves, the other representatives all revealed expressions of interest.

Although the sea god Hall had not unified the entire sea realm, it had always been recognized as the legitimate sea realm.

Even if the sea god was not taken into account, just the strength of this group of top level sea God's advisors was enough to suppress any of the four sea's royal families in a one-on-one battle, let alone the other sea realm's forces.

Its existence had a natural sense of oppression on all the forces in the sea.

Under such circumstances, if the seagod Hall had internal strife, everyone would naturally be happy to see it, and would even be eager to add fuel to the fire.

They were only afraid that their internal strife was not fierce enough!

In addition to hai Wutian and Zhang xiangding, there were other top-tier sea God's wayfarers present. Many of them were ranked even higher, but they were also watching indifferently.

Lin Yi's lips curled up.

It seemed that not only was the seagod Hall not a monolithic whole, but there was also quite a bit of estrangement between them, and there was a bit of a clear division.

However, this wasn't a bad thing for him. The more it was like this, the easier it would be for him to find a point of intervention.

Otherwise, if they were really United, it wouldn't be easy for him to control them even if he used the sea God's name.

Zhang xiangding glanced at hai Wutian arrogantly and said, ""Only the Lord sea god can say that I disobey God's order. Who Do You Think You Are?"

Chapter 10055

Hai Wutian was rendered speechless.

Both of them were sea God's Wanderers, and hai Wutian was one rank higher than him, who was ranked tenth. According to normal logic, even if he didn't like hai Wutian, he should at least show some respect in public.

After all, they were of the same status. Giving hai Wutian face was giving himself face.

Unfortunately, Zhang xiangding didn't have that thought. He didn't even bother to look at hai Wutian and walked straight towards Lin Yi.

"You're a scum who blasphemed the Lord seagod. Even if your luck is heaven-defying, you're not worthy of the position of Sea King. "

"Hand over the sea crown," Zhang xiangding said with a murderous look in his eyes.

Everyone's eyes focused on Lin Yi, all of them waiting for Lin Yi's reaction.

Lin Yi smiled and looked at him faintly. "You're standing up for Xiao Wudi?"

"You saw him inside?" Zhang xiangding's expression changed.

"Of course we've met. We even chatted a lot at first sight. His big plan is quite interesting."

"You should know, right?" Lin Yi changed the topic.

A trace of panic flashed in the depths of Zhang xiangding's eyes, but he did not show it on his face. He still maintained his arrogant and condescending attitude.

"I don't know what he's thinking. I don't know what happened to him inside either. These are not important."

Zhang xiangding took a step forward, exuding the pressure of a Supreme realm expert. "There's only one thing that's important right now. Hand over the sea crown, and I'll spare your life for the sake of the Lord sea God's divine decree. "

At this moment, hai Wutian interrupted with a cold snort, "The Lord sea god has personally announced the cancellation of Lin Yi's arrest warrant, do you really have the guts to disobey? Hehe, you want to become The Public Enemy of the sea goddess Hall, don't you?"

"Just because I've removed the wanted order doesn't mean I can't kill him."

Zhang xiangding looked at him as if he was an idiot. "Did the Lord seagod give him a death-exemption medallion?"

"....."

Hai Wutian choked again.

There was nothing wrong with his words.

Zhang xiangding turned around and looked at Lin Yi, "I'll count to three, three ..."

"I'll count for you, two, one," Lin Yi smiled.

This time, not only Zhang xiangding himself, but also the big shots from all over the world who were watching the show were stunned.

To provoke a true Supreme realm expert in front of him, was he really that brave?

The title of the new king of the sea was great, and if he could sit firmly in his position in the future, he would indeed become a figure.

However, that was a matter for the future. At least for now, he was only a giant in the ultimate perfection realm. He was far from the time to exchange for the potential of king of the sea. Where did he get the confidence to speak to Zhang xiangding like this?

Even if Zhang xiangding was only at the early phase of the Golden class, he was still a solid realm-crushing opponent.

Did he really think that he was not afraid of death after becoming the Sea King?

"Alright, I'll fulfill your wish."

As he spoke, Zhang xiangding made his move. The huge ocean rule power condensed into a crystal-clear splash. At first glance, it did not seem lethal and looked more like a beautiful piece of art.

However, many people's faces changed.

They could sense a terrifying aura from the water. Zhang xiangding was famous for being the killer flower in the entire sea area.

After all, he had become a top-tier sea God's Wayfarer not because of luck, but because of actual life and death battles!

Lin Yi's expression didn't change as he watched the killer flower get closer and closer.

"Are you scared silly?"

Just as everyone was confused, hai Wutian roared and made his move. The same majestic ocean rule power condensed into a ferocious and terrifying ancient shark-type sea beast, swallowing the murderous flower in one bite.

The two top ten sea God's employees attacked with all their might, and the aftershock instantly swept the entire scene. Those who were slightly weaker retreated one after another.

Although they were all true Supreme realm Masters, there was still a huge difference between them. Even if they were all golden class early phase Venerables, there was still a difference in quality.

In terms of strength, both hai Wutian and Zhang xiangding were almost invincible among their peers.

The title of a first-rate sea God's Wayfarer wasn't a joke. No matter where he went, it was definitely full of gold!

But to everyone's surprise, Lin Yi didn't take the chance to retreat. He just watched the two sides collide, as if he didn't feel the shockwaves already covering his head.

"He really doesn't know how to spell the word 'death'. Does he think hai Wutian can protect him?"

"The sea crown actually fell into the hands of such a person. Tsk tsk, it seems that even the Lord sea god has times when he misjudged!"

"If you don't have anything, it's fine if you don't have strength, but you don't even have this bit of eyesight. Other than good luck, you're good for nothing. It seems that we can prepare for the next Sea King selection."

The onlookers discussed animatedly, and only the strongest few showed a thoughtful expression.

At that moment, the stalemate between Hai Wutian and Zhang Xiangding had reached a critical moment. Although the killer flower had been swallowed, it still exploded in the sea beast's body.

In terms of the scene, everyone could see that they were evenly matched.

This was also in line with their rankings. The ninth and tenth were basically on par, and it was hard to say who would definitely have the upper hand.

"You retreat first!"

Hai Wutian sensed something was wrong and quickly warned Lin Yi.

However, at the same time, Zhang Xiangding had already formed another killer flower with a sinister smile. Before Lin Yi could react, the flower had already entered his body.

Everyone was speechless.

Everyone looked at Lin Yi with weird expressions, a sense of disbelief in their hearts. The newly appointed King of the coastal waters was going to die just like that?

However, at the same time, everyone was also surprised by Zhang xiangding's strength.

"You've already broken through?"

Hai Wutian's face turned extremely ugly. He had always thought that in terms of individual strength, even if he couldn't beat his opponent, he wouldn't lose at all.

However, the opponent was able to block his full-powered attack and then deal with Lin Yi at the same time. The whole process was done with ease.

The only explanation was that he wasn't a golden class early phase venerable anymore, but a golden class early phase peak venerable!

Although it was only a difference of one level, to the two of them who had been entangled in grudges for decades, this was already a qualitative difference!

Zhang xiangding sneered back, "do you really think I'm like trash like you, stuck at the early phase of the Golden class for so many years?" You think you're my rival? I'm sorry, but you're just an ordinary stepping stone to me. "

Hai Wutian's eyes almost popped out of their sockets, and he spat out a mouthful of blood.

He could lose to anyone, but not Zhang xiangding!

Not to mention, he didn't just lose this time-he even lost Lin Yi, who'd just become Sea King! It was a terrible loss!

Chapter 10056

"You can't believe it, right? Hehe, just be at ease and be buried with this idiot. You two are on the same path. "

Zhang xiangding laughed smugly and threw out another flower of killing.

With his strength as a golden class early phase peak venerable, it was more than enough to deal with hai Wutian. Since this guy came to him, he didn't mind killing him as well.

"He really dared to kill me?"

The surrounding crowd couldn't help but look at each other.

No one cared about Lin Yi's life or death anymore-he was already a dead man in their eyes. What they cared about was that Zhang xiangding actually broke the rule of no killing within the Poseidon shrine!

In public, the two top sea God's employees were killing each other, and it looked like life and death were about to be decided. This was a rare scene.

"If he really killed hai Wutian, wouldn't he be afraid of the Lord sea God's divine punishment?"

No one was not afraid of divine punishment.

Even those who stood at the peak of the entire sea realm wouldn't dare to take the divine punishment head-on, let alone Zhang xiangding who was only a golden class early phase peak venerable. After all, it was a dimension-lowering attack from an immortal state.

Little did he know that Zhang xiangding's actions had a deeper meaning.

Targeting hai Wutian and Lin Yi was just an excuse-the real thing was behind the scenes. This was a test for Poseidon!

With his relationship with Xiao Wudi, although he didn't know Xiao Wudi's entire plan, he knew the general context like the back of his hand.

Xiao Wudi thought that he had everything under control and that Zhang xiangding was just a chess piece under his control. He had no idea that Zhang xiangding had been secretly guiding his entire plan.

Otherwise, how could Xiao Wudi know about the sea god's recent situation with his status?

The ambitious Xiao Wudi was just a pawn pushed by Zhang xiangding to cross the river. He needed to use this method to verify his previous speculations about the sea god!

Xiao Wudi alone was enough to test it out, but now that things had changed, they had to use hai Wutian and Lin Yi.

There was actually a risk in doing so.

If the sea god was still here, whether it was him killing hai Wutian or killing Lin Yi, the new king of the sea shore, he would be punished by the sea god.

Unfortunately, this was the only plan he could do at the moment. Besides, even if he couldn't confirm the seagod's situation, he still had a general grasp of it.

"Die!"

Zhang xiangding grinned hideously and detonated all the power of the killer flower.

At this moment, a hand suddenly reached out and took the killer flower in front of him.

That kind of nonchalant attitude was as if he had just picked a wildflower on the side of the road.

Zhang xiangding's laughter stopped abruptly when he saw Lin Yi's calm face. "How could you possibly ..."

And then, he saw Lin Yi casually put out the killer flower he was so proud of.

The entire place fell into a strange silence.

"Nice one," Lin Yi praised with a nod, "you should be able to sell it for quite a bit, right?"

"....."

For a moment, Zhang xiangding did not know how to respond. After a long time, he finally managed to squeeze out a sentence, ""You are also a Supreme realm expert?"

"Yeah, I just leveled up," Lin Yi replied honestly. "I'm still not used to it. "

Everyone was speechless.

You're just an early phase golden class venerable, and you crushed the killer move of a peak early phase golden class venerable with one hand-you call that not adapting?

Then what would happen when you get used to the situation? would you give the other Supreme realm experts a way out?

One had to know that the higher the level, the bigger the gap between each small level. The difference between a golden class early phase peak venerable and an early phase venerable was far greater than any previous stage.

Under such circumstances, it was not completely impossible to challenge those of a higher level. After all, there would always be some monsters that would constantly break the so-called common sense.

However, it shouldn't have been so easy!

Zhang xiangding didn't believe it. He threw out three more killing flowers without hesitation, and they all entered Lin Yi's body.

"There's a price to pay for acting tough in front of me, you reckless fool!"

A sinister smile appeared on Zhang xiangding's face again.

Countless experiences had already proven that no matter how strong a person was, once they underestimated their enemy, they were only one step away from death.

However, he quickly realized that he was wrong again.

"Can I ask what the price is?"

Lin Yi said as he slowly turned his fingers.

On his fingertips, the three murderous flowers that emitted a terrifying aura seemed to be extremely obedient, spinning back and forth in an orderly manner. The obedience that almost overflowed from the screen made everyone present silent again.

Zhang xiangding tried his best to open his mouth, but he did not know what to say. His arrogant face was left with a blank expression.

This scene was completely beyond his understanding. At the same time, it was beyond everyone's understanding.

As a golden class early phase peak venerable, his control over the laws of the ocean had already reached forty percent. This was also the core dividing line between him and a golden class early phase venerable.

In comparison, a golden class early phase venerable's limit was only thirty-five percent.

These five points were the difference in quality.

What he didn't know was that after a whole day of hunting, Lin Yi, who was only an early phase golden class on the surface, had already mastered forty percent of the laws of the sea!

With the help of the New World, Lin Yi's understanding of the laws of the ocean was completely superior to his.

For example, Zhang xiangding was just a normal middle school student, and he'd have to rack his brains to come up with an answer to the same middle school math question, but Lin Yi was a math professor, and he could draw inferences from it.

Even if the answers they gave were the same and seemed to be correct, the difference between them could not be reflected on the paper.

"No other moves? Alright, I'll return it to you. "

Lin Yi was very understanding as he tossed the three flowers back to Zhang xiangding.

Zhang xiangding was taken aback and quickly caught it carefully. As the master of the murderous flower, no one knew better than him how terrifying the three little flowers were.

If he was still a golden class early phase venerable, even he wouldn't be able to handle it!

However, before he could rejoice, Zhang xiangding's expression changed drastically. He was shocked to find that the three flowers in his hand were spinning uncontrollably!

Lin Yi's light voice followed, "I'm sorry, I forgot to tell you. I made some minor changes to your three little flowers. I hope you'll be satisfied."

"....."

Zhang xiangding had no way to judge whether he was satisfied or not. He felt his blood run cold and his scalp go numb!

Lin Yi's small changes didn't just make the three flowers spin, but he also changed the internal structure of the killer flowers in a short time!

Chapter 10057

As the instigator, Zhang xiangding felt the subtle changes in the deepest level. He had the urge to kneel down in front of Lin Yi.

With just this slight change, the power of his killer flowers had increased by at least an entire level!

Unfortunately, he no longer had the chance.

The strengthened version of the flower of murder had already begun to operate. It didn't give him any chance to react at all, and had already quietly invaded his body.

Then, they exploded like three exquisite nuclear bombs.

BOOM! BOOM! BOOM!

There were three consecutive huge quakes, and the huge entrance to the ruins of the Empire trembled.

It was only the shockwave at the edge, but it was enough to make the Supreme realm Masters look at Lin Yi with fear.

It seemed that this newly-appointed King of the coastal waters was not just lucky!

When the dust settled, there was no trace of Zhang xiangding, not even a speck of him.

The crowd was not surprised at all. Even the aftermath at the edge was so brutal. It would be a miracle if Zhang xiangding, who bore the brunt of the attack, survived.

Lin Yi turned to look at the crowd, his face full of regret, "He's actually a pretty good craftsman, right?"

"....."

Everyone was collectively speechless.

You're the fiercest now, so whatever you say is right.

"I've always been a humble person. If anyone thinks I'm not qualified to be the king of the sea, feel free to say it now. I'll accept it as long as it's reasonable." Lin Yi smiled.

To hell with accepting humbly!

For a time, everyone had a deep impression of this newly promoted Sea King.

He was powerful, but he hid daggers in his smile.

For an ordinary person, the latter sentence was not a good evaluation. However, for a powerful figure who was destined to stand at the forefront of the storm, it was definitely not a bad label.

After all, to experts, it was far more important to be feared than to be praised.

Lin Yi nodded to himself as he saw everyone's reaction. He was afraid of not having anyone to support him. If it wasn't for the troublemaker Zhang xiangding, it wouldn't have been easy for him to intimidate these big shots.

From the moment he gained control of the sea god, he, the Sea King, was destined to make a high-profile appearance and attract all the attention.

Only in this way would people not pay attention to the sea god's strange behavior, and Li Yuanji would have a greater chance of getting away with it.

At this point in time, his goal had been achieved.

However, Lin Yi still underestimated the arrogance of the different forces.

Under everyone's watchful eyes, a man with a calm and dignified aura suddenly said, ""You sure are impressive, killing the tenth ranked sea God's Wayfarer just like that. If you secure your position as Sea King, then wouldn't we have to rely on you in the future?"

"And you are?" Lin Yi raised a brow.

"I'm ao tianchou of the East Sea," the man replied with a proud expression.

"He's the king of the eastern sea's royal family," hai Wutian quickly reminded him. "He's one of the top five in the eastern sea."

The eastern sea was the head of the four Seas, and the royal family of the eastern sea was ranked in the top five. No matter which Sea area they were in, they were definitely big shots that could not be underestimated.

"What do you want, Sir?" Lin Yi looked at him indifferently.

Ao tianchou looked around arrogantly and finally looked at Lin Yi with a faint smile. "I don't care what other people think, but the royal family of Dong Hai doesn't acknowledge you, King hai hai."

As soon as these words came out, the entire place was in an uproar.

Donghai's royal family was the leader of the four Seas' royal families, and his appearance represented the attitude of all the royal families to a certain extent. It was the same as the four Seas' royal families collectively rejecting Lin Yi!

With that, even if he could get the sea god's Palace's approval, Lin Yi's status as the new Sea King would be greatly reduced.

Plus, under the pressure of the four Seas "royal families, it was still unknown if the Poseidon shrine would acknowledge Lin Yi in the end!

Lin Yi, on the other hand, wasn't panicking at all. He turned to the representatives of the royal families.

"How about you guys?"

The representatives of the royal families of the three Seas looked at each other. "The royal families of the four Seas are of the same breath and branch. The attitude of the royal families of Dong Hai is the attitude of our three families."

The internal disputes of the four Seas 'royal families were also endless, and it had become even more intense in recent years. There had already been several deaths among them, and it seemed that they were not far from fire and water.

However, at least when facing outsiders, these four families still maintained a united front on the surface.

After all, the core interests of the royal families of the four Seas were deeply tied to each other. It was one thing for them to fight internally, and it was nothing more than a competition of who could eat more or eat less.

However, once outsiders got involved, it was not a problem of how much they ate, but whether they had enough to eat.

For a moment, the atmosphere in the hall suddenly turned heavy.

Everyone was waiting for Lin Yi's reaction. He might be a new Sea King, but putting him together with the four Seas 'royal families was like throwing an egg at a rock.

No one in the audience thought Lin Yi would win, including hai Wutian.

Hai Wutian gave Lin Yi a look and tried to smooth things over,"In the past, when Lin Yi first came out, you didn't recognize him, but after some time, you'll be able to weigh the pros and cons. With the Lord sea God's approval, no one can touch Lin Yi's Sea King status."

Hearing this, ao tianchou shook his head."We didn't say that we had to change the candidate. Kid, you can use the name of the king of the sea to deceive people, but remember, your identity is useless in the territory of the four Seas 'royal families."

Although the sea area was vast and there were still many places that had not been explored, the most valuable gathering places were at least four out of five of the four Seas 'royal families!

In other words, ao tianchou's words made Lin Yi, the newly promoted king of the sea, a complete and utter parallel Sea King.

"Do you know why those Sea kings of the past were able to obtain the recognition of our Four Seas Royal clans?"

Ao tianchou moved closer to Lin Yi and teased,""Because they've figured out one thing. Since they're here to beg for food, they have to kneel down in front of their master."

"Haihai Wang's just a beggar in your eyes?" Lin Yi raised a brow.

"It has always been like this. This is business, not shabby."

Ao tianchou didn't even try to hide his contempt."Brat, hurry up and think about what position you should kneel in. If you kneel properly, you might be able to get some soup. If you're too late, you'll have nothing."

The rest of the people didn't seem surprised at all.

This had never been a secret, and it was a rule that he had long been accustomed to. If he didn't kneel down and be a dog to the royal families of the four Seas, why would he be the king of the near sea?

Did they really think that they could do well in the sea realm just because they had the sea god Hall's approval?

How naive!

Lin Yi nodded, not a single trace of anger on his face. Instead, he smiled at the man.

Chapter 10058

Everyone couldn't help but think highly of him.

Being able to recognize his own position, coupled with the extraordinary strength he had just displayed, it seemed that this newly promoted Sea King really had a chance to stand firm!

"If that's the case, then I'll make an announcement as well-as long as I'm in power, I'll shut out the royal families of the four Seas for as long as I live up to my word." Lin Yi said.

“.....”

The expressions of ao tianchou and the other representatives of the three Seas 'royal families instantly froze.

Everyone rubbed their ears in unison, thinking that they were hallucinating.

A mere newly-promoted Sea King, a guy with nothing but an empty title, actually banned the royal families of the four Seas in public?

What was this guy thinking?

Even hai Wutian was stunned. He knew that Lin Yi was strong, but he didn't expect him to be this strong!

Banning the royal families of the four Seas in public was almost equivalent to declaring war on the entire sea area. Even the most unreasonable lunatic wouldn't dare to be so crazy, right?

After a long time, ao tianchou finally came back to his senses and looked at Lin Yi as if he was an idiot. "I didn't hear wrong, did I? You dare to do something that even the sea god Hall doesn't dare to do, it seems you really are an important person. "

"It's nothing, I'm just returning the favor, "

Lin Yi smiled faintly, not thinking that he'd done anything out of the ordinary.

To him, this was just a small matter that he could do with ease.

The calmer he was, the uglier ao tianchou and the others "expressions became.

Even though they knew that the other party was just an idiot who overestimated himself and could not affect the overall situation of the four Seas 'royal families, they still felt extremely displeased when so many people present treated him as a joke.

"Kid, you think you're funny?"

Ao tianchou's tone suddenly turned cold."Looks like I'll have to get someone to teach you a good lesson. The royal families of the four Seas must not be humiliated. Python, give him an unforgettable lesson!"

As soon as he finished speaking, a burly man over three meters tall suddenly appeared behind him.

Golden class mid phase venerable!

Everyone's eyelids twitched. At this level, he was already an important combat force at the core elite level of each family. Normally, he would not easily make a move, especially in such a public place. Once he made a move, it would definitely be a big deal.

Looking down at Lin Yi's expression, the venerable called da mang spoke indifferently,""Don't worry, I won't kill you. "

As the newly-promoted Sea King, if he really killed him in public, it would be no different from provoking the sea goddess Hall. It might even lead to the sea goddess "divine punishment. No one could take this risk.

However, if it was just to teach Lin Yi a lesson and leave him with a painful memory, then it didn't matter.

After all, the sea god wasn't Lin Yi's nanny.

Lin Yi looked at him strangely, "You're a sea Python? It's my first time seeing you. "

Although they were at the bottom of the sea, most of the people present were human cultivators. It was rare to see such sea beasts cultivating and transforming.

"Oh, really? Then all the more I have to leave you with a good impression!"

A thick tail suddenly stretched out from the back of the Python, and before Lin Yi could react, it had already wrapped around him.

Even with Lin Yi's strength, he couldn't break free.

What surprised him even more was that his opponent's Python tail confinement had the effect of suppressing his rule power. Other than the ocean rule power, which had the highest control over rules, other rule power could not be moved at all.

Seeing this, hai Wutian was anxious and wanted to help.

However, before he could move, a pair of cold, emotionless Snake Eyes stared at him, and the tangible killing intent almost directly pierced his sea of consciousness.

Ao tianchou slowly reminded, ""My family's great Python hasn't eaten a human for a long time. If you don't believe in heresy, you can try."

If it was one of the top five sea God's wayfarers, he might not have been so arrogant. Unfortunately, hai Wutian was not.

Most of the time, even a difference of one rank could be as great as the difference between heaven and earth, not to mention a difference of four ranks!

As everyone knew, the top five and top ten seagod's employees of seagod Hall were two completely different groups.

Any one of the top five would undoubtedly be a Super Battle prowess, enough to make any Sea region force, including the four Seas 'royal families, feel like they were facing a great enemy.

As for hai Wutian, who was only in the top ten in name, his strength was just barely enough.

According to normal development, he would have reached the sixth rank. His next step would be to transfer to another department, maybe the guards, or a branch Palace.

In short, if he didn't have a heaven-defying encounter, the possibility of him entering the top five was zero.

The so-called top ten seagod's Wanderers, in the end, were just positions that the seagod had specially set up to give his followers a bit of hope. It was a completely different concept from the top five.

With a high position but insufficient strength, the casualty rate of the top ten seagod's employees had never been low, and it was common for a few to die at every turn. Whether it was the seagod Hall or the sea realm, they had long since become accustomed to this.

So even if Zhang xiangding was blown to bits, other than Lin Yi's strength, they didn't have any other thoughts.

If Zhang xiangding, who was ranked tenth, could die, hai Wutian, who was ranked ninth, could naturally die too.

From ao tianchou's point of view, killing hai Wutian would be even easier than killing Lin Yi!

Hai Wutian was shocked, and his body stopped moving.

The snake's cold eyes flashed with a trace of disdain as it turned back to Lin Yi.

He was a mid phase golden class venerable, and that gave him a lot of confidence-there was no way a newbie venerable like Lin Yi could threaten him, no matter what.

After all, he couldn't even mobilize the most basic rule force. How could he fight him?

However, the beast instinct of a sea Python still made him feel a little uneasy.

He didn't know where the source of this uneasiness was, but he still instinctively raised his vigilance. At the same time, he subconsciously glanced at a hunched old woman in the distance.

That person was the second-ranked sea God's Wayfarer, and also the only top-grade sea God's Wayfarer present among the top five!

There were many experts present, but this person was the only one who could truly threaten his existence. Moreover, they were all part of the sea goddess Hall in name. Although they seemed to be standing by the side, they could attack him at any time.

However, the old woman just watched quietly, purely for the sake of a show.

The Python's heart calmed down. As long as this person didn't make a move, he would be able to stand in an undefeatable position!

At this moment, Lin Yi's voice sounded, "You're making me feel a little embarrassed for some reason by using this kind of position to cling onto me. We're both men, there's no need to do this ..."

His tone was not as difficult as he had imagined. Other than a slight helplessness, it revealed a calm and casual understatement.

Chapter 10059

"Your body?" the Python's eyelids twitched.

Under normal circumstances, the aura of the target would quickly disappear, let alone speak. All the bones in the target's body would be shattered, and the target would only be hanged to death.

How could he still be so at ease?

"You're very strong, but fortunately, mine isn't small either. Otherwise, I would've been killed by you. It's too dangerous."

He said it was dangerous, but Lin Yi didn't force himself. He activated his transformation of laws and grew rapidly. With a terrifying aura, he turned into the demon Chiyu!

The great Python's expression changed drastically.

It was the innate ability of the sea Python clan to suppress all rule power while strangling. It was also because of this that as long as a target was entangled by them, there was no chance of breaking free unless interrupted midway!

However, there was clearly no external interference, yet this guy had actually activated the manifestation of laws?

How could this be possible?

The great Python couldn't help but doubt life. This scene had completely subverted his deep-rooted understanding, to the point that his three views were somewhat shaken.

Everyone present was in an uproar.

Only the old woman was slightly surprised, and a strange light flashed in her eyes.

Lin Yi had already turned into the devil Chiyu, and the Python's body expanded as well. It even transformed into its sea Python form, which was hundreds of meters long, trying to strangle Lin Yi to death, but it was all in vain.

Previously, he could still maintain the suppression on the scene. However, the four giant hands of the devil Chiyu had turned around and clamped down on his Python body.

After a short moment of stalemate, the Python's strangulation force was directly broken!

This was not all.

Chi You's four hands did not let go. Instead, he exerted force again and tore the hundreds of meters long Python into four pieces in front of all the experts!

The entire place was dead silent.

Listening to the great Python's painful wails, everyone only had one common thought.

A powerful golden class mid phase venerable was torn apart in front of everyone!

Ao tianchou looked at the fearsome figure of the demon God, and a hint of panic finally appeared on his face. He had never thought that the powerful fighter he had carefully cultivated would end up like this.

With the strong life force of the sea Python race, the great Python did not die. However, when they saw Chi You stomping on its huge head with a murderous look, everyone knew that the outcome of the battle had been decided.

It was already impossible for the Python to have any chance to turn around.

In fact, even if it were to let go just like that, the great Python's vitality would have been greatly damaged. It would take at least a few hundred years to recover, and it was very likely that it would even be permanently disabled.

After all, the sea Python clan was strong, but they were not famous for their self-healing ability. Not everyone had such a tyrannical ability like self-healing.

The Python looked at ao tianchou in despair, hoping that its master would come and save it.

However, ao tianchou didn't feel any heartache. Instead, he felt extreme disdain and resentment.

Lin Yi suddenly stopped his rule force manifestation and stood on the giant head. He looked small, but his invisible aura was extremely strong.

After this battle, no one dared to underestimate him.

Killing a golden class early phase peak venerable was only a small blow to them, but now that he had torn a golden class middle phase venerable apart in front of everyone, it was enough to leave a deep impression on everyone.

From this moment on, if anyone still thought that he, the newly promoted Sea King, was simply lucky, then they were really stupid.

And it was more than half a kilogram.

Lin Yi looked at ao tianchou curiously. "He seems to be asking you for help. Aren't you going to respond to him? he looks quite pitiful."

"....."

Ao tianchou's face turned ashen as he coldly snorted. "It's just a useless piece of trash. It wasted so many precious resources, but it will only embarrass its master. What's the value of its life?"

The last bit of hope in the giant Python's eyes was immediately shattered.

He was loyal to ao tianchou. In the past, he had risked his life for ao tianchou countless times, and he had blocked ao tianchou's saber no less than three times. In other words, he had saved ao tianchou's life at least three times, but in the end, he had ended up like this.

For a moment, the Python's thoughts were completely annihilated, and its body, which had been divided into four parts, emitted a thick aura of death.

Everyone sighed. This meant that he was already determined to die.

Lin Yi didn't really mind-it was their business how they fought amongst themselves, he wasn't a Saint to stand up for them.

"I think what you said just now was quite reasonable. The royal families of the four Seas should not be humiliated. Now that I have accidentally humiliated them, what should I do?"

Lin Yi's words made ao tianchou's face turn red.

Everyone was looking at him with interest.

Even the internal forces of the four Seas 'royal families were not United, not to mention the other forces of the sea area. Although most of them might not be willing to accept a new and powerful Sea King, if they could see the four Seas' royal families become a joke, it was definitely something they could not ask for.

Lin Yi's words pierced straight into ao tianchou's lungs.

The key was that he couldn't pull it out.

The Python was already the strongest combat force he had brought with him on this trip. A mid-stage golden class venerable was not a common character. Even among the four Seas 'royal families, there were not many of them, let alone for him to bring them out to put up a front.

In the end, he was not the king of the eastern sea, but a Prince.

"Good, very good. You'll regret it sooner or later. I'd like to see how you're going to ban the royal families of the four Seas!"

In the end, ao tianchou didn't dare to be so stubborn. He was only a golden class early phase peak venerable. If he really did it himself, he would die faster than the Python.

After saying these words that were neither soft nor hard, ao tianchou immediately turned around and left with his men, not caring about the expressions of the others.

Soon after, the other royal families of the three Seas also left one after another. Although they had stronger experts on this trip, they had not reached the point where they could kill the great Python in seconds.

They wouldn't make a move until they figured out Lin Yi's strength.

Ao tianchou alone was enough for him to take the initiative to get slapped in the face. They didn't need to follow suit.

The rest of the crowd discussed among themselves for a while before taking one last look at Lin Yi and leaving.

In terms of the situation, Lin Yi did have the upper hand today. He practically stepped on the faces of the four Seas "royal families, establishing his prestige as the new Sea King.

However, anyone with a discerning eye would know that this actually meant nothing.

For a giant like the royal families of the four Seas, even the high and mighty Poseidon shrine couldn't kill them, let alone the king of the coastal waters who had an empty title.

Otherwise, the seagod Hall would have already unified the four Seas, why would they wait until now?

Chapter 10060

Lin Yi had indeed made ao tianchou a joke with his strength, but his own words about killing the four Seas 'royal families were an even bigger joke.

"Using this kind of original method to raise his own value, and then find an opportunity to kneel in front of the royal families of the four Seas. This way, he can sell for a good price. This new Sea King has a lot of ideas."

"Tsk, tsk. The more unyielding you are now, the more wonderful your kneeling posture will be later. Just wait and see."

"I'd like to know how long he can hold on. Ten days or half a month?"

"Of course, the longer the better. The longer you can hold on, the more you can earn."

Similar discussions quickly became the mainstream of all parties.

This was the most reasonable explanation that the various forces could think of.

After all, Lin Yi didn't look like a brainless person at all-there had to be a reason for his actions. From a profit-calculating perspective, this was the only solution.

He couldn't have offended the four Seas 'royal families in public just to show his loyalty to the sea goddess Hall, could he?

Although the sea shore deity was appointed by the sea goddess Hall, his actual authority did not have much to do with the sea goddess Hall. On the contrary, he had more to do with the four Seas 'Royal clans.

If he couldn't even figure out this point, he was destined to be a short-lived king of the sea, and he wouldn't last long!

Naturally, Lin Yi heard all of this, but he just laughed it off without any intention of explaining.

Being misunderstood by others was not a bad thing at times.

Lin Yi's eyes twitched as he watched the crowd leave. He saw the old lady walking towards him.

He had attached great importance to this person from the beginning because he was the one who posed the greatest threat to him!

"Greetings, Madam Qing."

Hai Wutian quickly cupped his hands and spoke to Lin Yi, ""This is the second-ranked sea God's Wayfarer. He's the most experienced of all the sea god's wayfarens, and his strength is even more unfathomable."

The old lady smiled and turned to Lin Yi. "I am bu Qing Lian. Greetings, Sea King hai."

Lin Yi returned the gesture with a serious face, his eyes filled with confusion.

He did not even bat an eye when he killed Zhang xiangding in front of him. Why did he show up now?

"I have a few words to say, but I don't know if I should say them," the old woman said after a moment of silence.

"What do you need, Madam Qing?" Lin Yi smiled.

The old woman nodded, "you're the newly promoted Sea King, and in terms of status, you're above us, the seagod's advisors. Other than Lord seagod, only the seagod's high priest can be compared to you."

As the tenth advisor, Zhang xiangding deserved to die for offending his superior.

However, you still have to be careful, Duke hai hai. Zhang xiangding is the blood relative of the high priest. "

"The high priest ..."

Lin Yi fell into deep thought.

The seagod's Hall was divided into two systems, one was the seagod's Wayfarer, the other was the seagod priest, the two belonged to the same level, other than the division of labor, there was no difference between the higher or lower.

However, the priest branch had a chief high priest who directly ruled over all the priests. Although the advisor branch also had a first advisor, it was only a simple ranking and independent of each other. There was no relationship between a superior and a subordinate.

In terms of status, the high priest of the priest branch was above the first advisor, and was the second-in-command of the seagod Hall.

It was no wonder that Zhang xiangding could be so arrogant with the high priest behind him.

The old woman looked at him with a profound look and said, ""The high priest may seem approachable, humble, and fair to everyone in the sea goddess Hall, but he's actually a man of few words. Zhang xiangding is his only blood relative and also his taboo. You have to be careful, offshore King."

"Looks like I've really provoked an incredible enemy."

Lin Yi said, but his face was still relaxed.

In fact, even without Zhang xiangding's incident, he and the high priest were destined to be incompatible as fire and water. After all, the high priest was the person closest to the sea god, and at the same time, the person most likely to see through the sea god's background.

The news of the seagod's missing divinity would reach Xiao Wudi's ears, and Lin Yi didn't believe that this person wasn't involved.

Most importantly, this person's existence was a huge threat to Li Yuanji's act of playing the role of the sea god!

"Thank you for the reminder, Madam Qing," Lin Yi suddenly changed the topic, "but if I may ask, why did you remind me?"

The old woman smiled, her face wrinkled with age. "Even if I didn't say it, you would have guessed the enmity between the Walker and priest schools. The enemy of my enemy is my friend. This principle isn't hard to understand, right?"

"I understand."

Lin Yi nodded. The reason was very convincing.

It was obviously not a bad thing for him, the newly promoted Sea King, to fight to the death with the high priest. Especially after he had shown his strength, their expectations of him were naturally higher.

To be honest, if he was not strong enough, even if he had the title of Sea King, these big shots would probably not even look at him.

"The high priest's power is not to be underestimated. King hai hai has to be careful."

The old woman left with a smile, her steps staggering as if she couldn't even walk steadily.

But anyone who was fooled by her appearance wouldn't even know how they died. Lin Yi looked at the person's back, his face serious.

After the old lady had left for a long time, hai Wutian finally heaved a sigh of relief. He said carefully, ""It's a good thing that Madam Qing isn't hostile to you. Otherwise, you'd be in deep trouble."

Lin Yi couldn't help but look at him in surprise. "Looking at you, could it be that she's even more terrifying than that high priest?"

"Madam Qing is even more experienced than the high priest." Hai Wutian grinned. "Don't you think she's scary?"

In a place like the seagod Hall, experience was often directly proportional to strength. Any senior with deep experience could not be underestimated.

"Then why's she only the second advisor?" Lin Yi asked. There's still someone who can suppress her?"

"I don't know about that. I only know that she's one of the oldest sea God's advisors. The others have changed several times, but she's always been the second advisor."

"Just remember one thing," hai Wutian reminded him seriously. "The High Priestess is ranked second among the people in the sea goddess Hall. She's the one you can't afford to offend the most."

At this moment, hai Wutian suddenly shivered. He quickly covered his mouth and bowed in the direction that Madam Qing had left.

He couldn't even be bothered to look at the guy's fawning attitude-Lin Yi seriously suspected that this guy wouldn't even be this respectful to the sea god ...

"You've been warned?"

Lin Yi said, amused.

Hai Wutian nodded with a bitter face. He didn't dare to mention Madam Qing's past again, so he quickly changed the topic."What are your plans now?"

Lin Yi shrugged."I'm clueless. You're familiar with this place. Can you help me?"
