

Bodyguard 10121

Chapter 10121

They didn't know that Lin Yi's argument was actually from Jiang xiaoshang.

With Jiang xiaoshang's status and ability, as long as he had the heart to investigate, it would not be difficult to find out such things.

Seeing that ao Tian Xia was scared, Lin Yi continued, ""Now that we know the source of the illness, it's much easier to deal with it. As long as we temporarily remove the rules of the dragon clan and allow the bloodline in your body to return to balance, the so-called terminal illness will naturally be solved."

Ao Tian Xia was so shocked that he couldn't close his mouth for a long time. After a long time, he bitterly laughed, "The rules of the dragon clan are one with my bloodline. How can it be so easy to strip away?"

"I can try," Lin Yi smiled.

Ao Tian Xia wanted to beat someone up when he said the same words. However, he now had a glimmer of hope.

After all, Lin Yi's explanation made sense-he must have some skill. What if it really worked?

He was already a drowning man who had no way out. Now that he had suddenly found a life-saving straw, even if there was only a one in ten thousand chance, he had to try.

"Then I'll leave it to you, Sea King."

Ao Tian Xia was indeed a King of his generation. Once he made a decision and gave the divine Dragon guards a simple explanation, he gave Lin Yi full authority.

An extremely mysterious power immediately enveloped him.

Ao Tian Xia's spirit was roused. Just as he was about to investigate the source of this power, he was instantly crushed by a supreme will. Even with his primordial spirit level, he was unable to resist at all. He lost consciousness on the spot and fell into a deep coma.

In the next moment, his body was captured and brought into a new world.

Jiang xiaoshang circled around ao Tianxia with great interest. ""The Marine human race is a race with congenital deficiencies, but he was able to develop it to this extent. He even awakened the complete rules of the Dragon race. This guy is a rare genius."

"Don't waste any more time. If he's unconscious for too long in this state, he might really not wake up. "

Under Lin Yi's urging, Jiang xiaoshang immediately started working.

Bringing ao Tian Xia in this time was, on one hand, to treat him. After all, his life meant a lot to both Lin Yi and Poseidon Hall. But more importantly, there was another purpose.

The rules of the dragon clan.

He could use this chance to take the rare Dragon laws into his new world and transfer them to himself. It was like he could get a wave of Dragon laws for free.

And the most amazing thing was that due to the unique particularity of the Dragon race's laws, it was not like other laws that were attached to the origin of the outside world. It was itself.

In other words, if he succeeded this time, Lin Yi wouldn't just get the traditional rules inheritance, he'd get ao Tianxia's Dragon rules directly. His control of the rules might even be the same as ao Tianxia 's!

This was Lin Yi's real purpose in staying in Donghai.

It wasn't as effective as the evil God's remnant thought, but as long as he got the Dragon race's rules, it would be a qualitative boost to his combat power.

Although he was already stronger than the new generation of Masters the moment he reached the peak of the early stage of the Golden class, especially after the sky full of lotuses, there was still a visible gap between him and the high priest and cruel malevolence, who were the top fighters of the sea realm.

Once he obtained ao Tian Xia's rules of the Dragon race, it might be a different scene.

Of course, this kind of thing was easy to say, but in reality, the difficulty was far beyond everyone's imagination.

Just the fact that the rules of the dragon clan were removed from ao Tian Xia's body was already beyond the reach of any Supreme realm expert.

Fortunately, Jiang xiaoshang, who was an avatar of the gods, was not among them.

With his knowledge and ability, he had the chance to do this, provided that he had the power to override the rules.

The rules of the Dragon race were like the tumor on ao Tian's body. As a brilliant surgeon, Jiang xiaoshang knew how to remove the tumor, but he had to have a scalpel that could cut it.

Coincidentally, the will of the New World was a ready-made scalpel.

With the two combined, ao Tian Xia's disaster became the perfect opportunity for Lin Yi!

One day later.

Ao Tian Xia slowly opened his eyes. He was still in the familiar Royal Palace of Dong Hai. To him, only a second had passed. At this moment, the only memory left for him was that he was wrapped in a mysterious force, and then it stopped.

"Feel it?" Lin Yi smiled faintly.

Ao Tian Xia was stunned for a moment. He felt the changes in his body. His expression changed, and then he became ecstatic!

At this moment, the dragon clan's rule force in his body had been completely swept away.

Although this was almost his life's work and he had almost returned to the pre-liberation state overnight without the rules of the Dragon race, at this moment, his body seemed to welcome a new life and was unprecedentedly light!

A new life!

Ao Tian Xia was overjoyed. The depression that he had accumulated for many years was immediately swept away. His entire aura changed dramatically. The Royal Palace of Dong Hai was buzzing as if it was welcoming the return of a king!

"Congratulations, my King!"

Five Divine Dragon guards appeared out of nowhere and knelt down in front of ao Tiantian. They were all filled with emotions and a strong will to fight.

"Good! Good! Good!"

Ao Tian Xia laughed out loud, then his expression turned serious. "Some people have indulged themselves for too long. It's time to rectify them."

After a series of murderous orders, ao Tian Xia turned to Lin Yi and said apologetically, "I'm sorry. I've been depressed for many years and got a little carried away after achieving success in one day. I've made a fool of myself."

Lin Yi looked at him deeply. "It's fine. It's human nature. As long as King Dong Hai remembers our promise."

"That's natural. "

Ao Tian Xia's reply was resolute and decisive. He then suggested, "Tonight, I'll hold a banquet to celebrate. I'll use this opportunity to announce to everyone that I won't disappoint Lord seagod."

"That's good. "Lin Yi nodded.

Ao Tian Xia expressed his gratitude again. Then, he casually mentioned, "If it wasn't for the Sea King helping me this time, Lord seagod wouldn't have given me this baptism. I really can't repay this great kindness, what can I do?"

Lin Yi waved his hand, "as long as King of the East Ocean can control the situation and hold the other royal families back, it's already a great achievement."

As for the matter of the sea god's baptism, he didn't mention a single word.

After that, they chatted for a while more before leaving.

Ao Tian Xia's face darkened as he watched Lin Yi's figure disappear. "What happened after I fell unconscious?"

One of the Dragon God guards stepped forward and said, "after the king fell unconscious, he took the king to an independent secret realm. When he reappeared, it was a day later. The rule power of the dragon clan in the king's body had already disappeared."

Chapter 10122

Ao Tian Xia frowned and looked at another Divine Dragon Guard who was skilled in spatial abilities. "Can we track down that independent secret realm?"

The divine Dragon Guard shook his head. "That independent secret realm is extremely strange. Its coordinates have been distorted by some mysterious force. We can't lock onto its position. Even if we are lucky enough to lock onto it for a moment, we can't break in."

Ao Tian Xia pondered for a moment and said to himself, "So you're saying that it's possible that he's borrowed the sea God's power?"

Even though he was the one who had told him about the sea god's baptism, he didn't believe it.

With the seagod's power, stripping him of the rules of the Dragon race was naturally a small matter, but it was impossible for the exalted seagod to come specifically for him. Even if he was the king of the eastern seas, he definitely didn't have this kind of face.

The five Divine Dragon guards remained silent.

"Keep an eye on him," ao Tian Xia snorted. "Pay close attention to his every move. No matter who he sees or what he says, I want to know."

Although Lin Yi gave him a new life, he wasn't grateful to Lin Yi at all. To him, this was a pure exchange of benefits.

Plus, Lin Yi may have saved him from his terminal illness, but he'd also removed the rules of the dragon clan-that was his life's strength!

Instead of gratitude, he was more jealous and deeply fearful!

The divine Dragon guards responded and left.

At night.

The Donghai Royal Palace welcomed a long-lost grand banquet. All the powerful figures were present. However, compared to the festive decorations in the palace, there was a lingering haze above everyone's head.

During the day, ao Tian Xia, who had been silent for a long time, suddenly began an unprecedented large-scale purge without any warning!

His methods were ruthless and brutal, not to mention those who were being settled, even those who were not involved were all feeling sad and frightened.

Even the most experienced royal families had never seen ao Tian in such a state!

Ao Tian Xia looked around and his eyes stopped on Lin Yi for a few seconds."Everyone knows what happened during the day. There is no need for you to be too nervous. As long as you don't participate in the rebellion, I guarantee that nothing will happen to you.

But on the other hand, if there were any fish that had escaped the net, there was no need to be too lucky, because the reckoning had not ended.

The reason why you can still sit here is not because I don't dare to touch you, but because it's not your turn yet. The people in front of you deserve to die more than you, that's all. "

Everyone was speechless.

At first, everyone thought that since the celebration party was held, it meant that the matter had come to an end. Who would have thought that such murderous words would hit their faces!

However, it was also because of this that everyone became more and more puzzled. Where did ao Tian Xia's confidence come from?

At that moment, many people started looking at Lin Yi with deep thoughts.

There was no such thing as an impervious wall in the world.

The news of ao Tian Xia meeting Lin Yi alone had spread like wildfire, and a day later, they started killing each other. No one would believe that there wasn't any connection between the two.

Moreover, the meaning behind the decapitation of all the three Seas 'representatives was obvious!

This dying king of the eastern seas had already made up his mind to turn to the sea god temple.

However, there were still people who didn't give up.

"Your Majesty, our East Sea is closely related to the royal families of the other three Seas. This bloodline connection can not be severed just because anyone wants to."

An extremely experienced and powerful Big Shot stood up and said, ""Between the royal families of the three Seas and the sea god hall, I believe that there is no need to doubt the answer to every Clansman.

Whoever tries to push the eastern sea royal family into the abyss for their own benefit will be doomed to eternal damnation.

Please reconsider, my King!"

As soon as he finished speaking, more than half of the other powerful figures of the royal families of Dong Hai walked out silently and stood behind him.

One had to know that this was the situation after ao Tian Xia had cleaned up. If it was yesterday, the situation would be even more unimaginable.

The interest Group behind this was so huge that anyone who saw it would only be shocked. If it was yesterday's ao Tian Xia, even if he was the King of the East Sea, he would definitely not dare to kill them.

But today, he had been reborn.

"Abdicate? Do you think that this King will tolerate this kind of play a second time?"

Ao Tian Xia sneered and waved his hand. The divine Dragon guards immediately led a group of elites that had been lying in ambush and rushed out from all directions. The palace that was dressed in a joyous manner suddenly became murderous.

Although the group of powerful big shots below were shocked, they did not panic at all.

The leader sighed and said, "my King, why do you have to do this? now that the elite forces under your command have been deployed to various places to suppress the rebellion, you must know in your heart who is stronger and who is weaker. Why do you have to come to this point and not leave yourself any dignity?"

After he finished speaking, more than half of the elites turned their arrows and locked onto ao Tian Xia's body.

The AO brothers 'faces changed drastically.

They knew that the other party's interest Group was extremely huge, but they didn't expect it to have infiltrated to this extent. Even more than half of the Royal Elite guards directly under ao Tian Xia had been roped in.

Although there were still loyal Divine Dragon guards, most of the royal family's super sinecures stood on the opposite side in terms of top-notch combat strength.

The situation was already precarious.

Last time, ao Tian Xia was able to suppress the situation with his Dragon's might. However, looking at the situation today, it was not something that a Dragon's might could deal with.

Moreover, it was still unknown whether ao Tian Xia could use that kind of powerful dragon power again.

"Do you think you can make me lower my head like this? You're overestimating yourself!"

Ao Tian Xia laughed out loud. Suddenly, he stretched out his hand and struck out a palm. A huge Dragon Claw landed on the leader's body.

The man didn't even have time to groan before he was turned into a bloody mist on the spot, not even leaving a corpse behind.

Everyone was shocked.

"Father, you've recovered?" the AO clan brothers were overjoyed.

No matter how they fought in private, they were all clear that everything they had was tied to ao Tian Xia. If ao Tian Xia lost, they would be doomed.

On the other hand, if ao Tian Xia had the last laugh, they would naturally become the biggest winners!

Killing the opponent in one move was not something that a dying master could do. At least, it was not so easy. From ao Tian Xia's performance, it was a sign that he had recovered to his peak!

The faces of the powerful figures who were extremely confident a moment ago suddenly changed. All of them lost their confidence.

Although they were also a huge Interest Group, they were never United. Other than a few core members, the rest were actually just whoever went along with the flow. They would help whoever won.

Chapter 10123

If it was ao Tian Xia who was at the end of the road, they naturally wouldn't mind following him and beating him up. Even if it was just for self-protection in the future, they had to choose to jump onto the opposite ship.

But now, ao Tian Xia actually showed signs of recovering to his peak state. This was a completely different matter!

"What are you panicking for? He's just bluffing. Have you ever seen anyone recover from a terminal illness?"

Someone shouted in an attempt to stabilize the morale of the Army.

However, as soon as he finished speaking, ao Tian Xia's signature Dragon Claw appeared on his head. Then, he grabbed down and turned into a mist of blood on the spot.

Another instant kill!

This time, everyone present was completely stunned.

Once might have been a struggle, just like the Dragon's might last time, but it had happened twice in a row. No matter how much they deceived themselves, they had to admit the cruel reality.

Ao Tian Xia had really recovered to his peak!

"I'll say this first. No matter what you've done, you're still a member of the royal family of Dong Hai. I'll only kill the main culprit this time and not the accomplices!"

Ao Tian Xia looked down at the whole scene, showing the aura of a King.

At this moment, everyone recalled the feeling they had not felt for a long time. It was the fear of being dominated by the king of the eastern sea.

The rest of the people didn't dare to stand out anymore.

All of their plans were only useful for ao Tian Xia, who was extremely ill. Now, without this core premise, everything had become a flower in the water and a moon in the mirror.

No one in the royal family of Dong Hai could fight against ao Tian Xia at his peak. They didn't even dare to have such thoughts!

The outcome of today's banquet, which was related to the fate of the royal family of Dong Hai, was already decided from the moment ao Tian Xia returned to his peak. Nothing could change it.

Qin Qing secretly gave Lin Yi a thumbs up."He bet on ao Tianxia despite the huge disadvantage he was in. He even won the bet. He's awesome!"

Before this, he did not dare to imagine that the situation would go so smoothly.

Ao Tian Xia had surrendered directly and recovered his strength in such a short time. He had regained control of the royal family of the East Sea. The Qin family's situation as an ally had changed from a bad one to a good one.

This was a dream-like comeback!

However, Lin Yi's face didn't show much joy. He said, "Do you think it's a good thing that he has regained control of the royal family of Dong Hai?"

"Isn't that so?"

Qin Qing couldn't help but be surprised. "Since he is our ally, the stronger he is, the better. The current situation is much better than him being a boss, right?"

Lin Yi looked at him, speechless. "How did you manage to trick so many women into your hands when you're so naive?"

"....."

Qin Qing's face turned black. Although I have many women, I've put in my feelings for every one of them!

However, he wasn't a fool, and he quickly reacted. ""You mean he wants to betray us? After all, he killed the representatives of the three Seas and has already broken off relations with the other royal families of the three Seas. How can he still betray them?"

According to common sense, the royal families of the eastern seas were no match for the sea goddess Hall, even if they were perfectly united, let alone being targeted by the other three.

No matter how arrogant ao Tian Xia was, he wouldn't make such a stupid choice.

"Let's continue," Lin Yi said noncommittally.

As the leaders of the rebellion were killed one by one, ao Tian Xia finally put away his knife.

"Everything that happened before ends here. I swear In the Name of the King of Donghai that I will let bygones be bygones and no one is allowed to bring up old scores. There will be such a case if I violate this!"

After ao Tian Xia finished speaking, he raised his palm and directly smashed the table in front of him into pieces.

Although this scene was somewhat pretentious, the remaining people still heaved a sigh of relief in unison.

Regardless of whether he would really let bygones be bygones, ao Tian Xia's statement at least gave them a chance to live. At the same time, it also eliminated their intention to fight to the death.

"I have another big announcement to make today."

Ao Tian Xia's tone changed as he looked at Lin Yi, "Everything that has happened in the past two days is all thanks to the sea Kaiser's support. However, he wants me to surrender to the sea goddess Hall and fight with the other Royal clans of the three Seas. I can not agree to that at all."

Qin Qing, who was standing next to Lin Yi, felt the pressure from all directions.

Damn it, he actually turned his back on them!

However, Lin Yi, who was the first to bear the brunt of the attack, didn't react at all. He only looked at the other person indifferently, letting the other person continue.

"No matter what we do, we will never forget our roots," ao Tian Xia said. "Since ancient times, the four Seas" royal families have always been on the same side.

If the sea goddess Hall wants to form an alliance with us, that's fine, but if you want us to kill each other, then you're dreaming. "

"Do you think the other royal families will still believe you?" Lin Yi asked.

After so many things had happened, it was obvious that there must be a deep estrangement between Ao Tian Xia and the other royal families of the three Seas. The so-called saying that they would not kill each other was just an empty word to deceive others.

"Of course they'll believe me. After all, we're family."

Ao Tian Xia was extremely confident, and his eyes became extremely dangerous, "I will use my actions to prove my position."

"You're not thinking of using me as a token of your loyalty, are you?" Lin Yi couldn't help but smile.

"Although it sounds a little rough, that's what it means."

Ao Tian Xia admitted it without any hesitation. All the members of the royal families of the East Sea were surprised.

Today, their King of the East Sea was jumping from side to side, changing his position too quickly, which made them a little unable to keep up with his thinking.

At this point, anyone with eyes could tell that even if they used Lin Yi as a sign of loyalty, the other three sea's royal families wouldn't accept them anymore.

What's more, it was the royal families of the three Seas who started the trouble first, but now they were rushing to go over, which was really disgusting!

The royal family of Dong Hai was known for their arrogance. If ao Tian Xia really did this, no one would dare to say anything, but they would definitely scoff and complain in private.

Lin Yi saw through their intentions.

Ao Tian Xia was naturally not the kind of person who would suck up to others after being plotted against. He only had one intention in doing so, and that was to become the Third Pole of the sea realm, independent of the sea god Hall and the three Seas "royal families!

Since it was impossible for him to return to the past with the royal families of the three Seas, and at the same time, he was unwilling to become a vassal of the sea goddess Hall, this was the only path left for him.

Although the eastern sea's royal family would be the weakest once the tripartite confrontation was formed, he would be able to gain a firm foothold as long as the sea goddess Hall and the three royal families kept each other in check.

Chapter 10124

In the short term, his royal family of Dong Hai might appear to be weak, but in the long run, this might not be a bad thing.

After all, the conflict between the four Seas 'royal families was already well known. Although they seemed to have the advantage in numbers, they could not withstand even the slightest storm. It was absolutely wise to jump off the ship before it sank.

"I have to say, your plan is very beautiful and you have calculated it very well. However, you seem to have missed one thing."

Lin Yi walked to the center unhurriedly. "Your agreement with me isn't just an agreement with me, but also with the Lord seagod. Are you sure you can afford the price of blaspheming the gods?"

Ao Tiantian's expression changed.

Even in his position, he did not dare to say that he was blaspheming the gods.

It would be fine if nothing happened, but if there was really a miracle from the gods, he would not even know how he died.

However, he quickly steadied his mind and shook his head calmly. "I heard a very interesting rumor before that the sea god is in big trouble and can't even take care of himself. I wonder if you can help me solve my doubts?"

The crowd was in an uproar.

This was earth-shaking news related to the sea god.

Other than the sea god temple, the sea god was basically a symbol in everyone's minds. He was high up but out of reach. Even if he often sent down oracles, they had never really descended in the sea realm, so it basically didn't affect them.

But if something really did happen to the seagod, it was bound to overturn the power structure of the entire sea realm. The impact of this matter would be too great!

Lin Yi didn't even bother to respond to the crowd's questioning eyes. He looked at ao Tian Xia indifferently, "Didn't you just experience the Lord seagod's power? how else could you have recovered from your terminal illness?"

Everyone couldn't help but look at ao Tian Xia.

The corner of ao Tian Xia's mouth curved up, "really?" I don't think so. You can find any child of the royal family of Eastern Sea and see if he'll believe you when you say that the sea god has descended to baptize me. "

"Blasphemy against the sea god again and again," Lin Yi warned, "are you planning to drag the royal family of Donghai with you?"

"I'd like to be consigned to eternal damnation. If the sea god really is here, I'll have to trouble him to give me a quick death. "

Ao Tian Xia had a completely fearless attitude. "On the contrary, if he doesn't show his spirit today, I'm sorry to tell you that your life will end here, King hai hai."

Previously, when he killed the representatives of the three Seas, he cut off his ties with the Royal clans of the three Seas.

Killing Lin Yi now was cutting ties with the sea god Hall.

This was the only way to prevent any major misjudgments from happening, and to truly shape the future power of the sea realm as a tripartite!

Qin Qing's heart was in his throat. Not to mention how certain the other was, even he, who was tied to Lin Yi's ship, didn't think that the sea god would really punish ao Tian.

After all, there had been no reliable precedent for such a thing.

Lin Yi didn't panic at all-he made a weird expression, "You really think you've got me?"

"Haha!" Ao Tian Xia laughed. "There's no need to Bluff anymore. If you can walk out of the palace with your strength, then the royal family of Dong Hai will be a joke."

As he spoke, the five Divine Dragon guards locked onto Lin Yi, and the rest of the elites blocked all his escape routes.

Even a master like the high priest might not be able to handle this kind of situation-it was clear how much importance he placed on Lin Yi!

Lin Yi's eyebrows twitched.

Not only were they surrounded in all directions, but even the surrounding space was completely sealed off, completely blocking his escape route to the independent secret realm using his spatial ability.

It could be seen that the other party had really put in a lot of thought.

However, Lin Yi's face didn't show the panic that everyone expected. Instead, he smiled faintly, ""You're not going to personally send me off? Or are you afraid that everyone will see through you because you don't have the rules of the dragon clan?"

Ao Tian Xia's eyes twitched.

As expected, the way everyone looked at him changed slightly, and they began to discuss in private.

To a certain extent, the rules of the Dragon race were the cornerstone of his legitimacy. Especially after so many twists and turns, the most important reason why everyone could put down their grudges and return to his command was that he controlled the rules of the Dragon race.

According to the traditional understanding of the four Seas 'royal families, whoever mastered the Dragon race's rules would be the chosen one.

This was the most important sign for him to unite the royal families of the eastern sea!

Lin Yi didn't stop,"Actually, there's no need to hide it like this, right? everyone should have the right to know whether our King controls the rules of the Dragon race, right?

Besides, even if you don't have the rules of the dragon clan, it's not a big deal. After all, your son does. It can be considered that he has a successor. "

As he spoke, he glanced at the silent ao eighteen.

"....."

Ao Shi BA immediately felt like killing someone.

When ao Tian Xia mastered the rules of the Dragon race, his awakening of the rules of the Dragon race was indeed a huge bonus.

Just for this point alone, the others like ao Yi were no longer qualified to compete with him.

However, if ao Tian Xia really lost the rules of the dragon clan as Lin Yi said, then his rules wouldn't be an advantage anymore. Instead, it would be a huge disaster.

It was like the Imperial Jade seal that should have belonged to the Emperor had fallen into your hands. The worst thing was that this thing could not be thrown away and was directly bound to you.

What would people think?

As expected, there was a slight change in the way ao Tian Xia looked at ao eighteen. This seemingly insignificant change made ao eighteen's heart turn cold, and he almost had the urge to run away.

"Using this method to sow discord, don't you think that the means are too low?"

Ao Tian Xia hmphed coldly. He was afraid that Lin Yi would say something else and immediately made a move himself, "You talk too much nonsense. Save it for when you go to hell and tell the ghosts."

It was the signature Dragon Claw again.

The scene, in the eyes of everyone present, proved Lin Yi's words right.

Otherwise, with ao Tian Xia's usual style, he would definitely use the Dragon's might to slap people's faces. This was the only way to eliminate everyone's doubts and stabilize the People's hearts.

Unfortunately, he didn 't.

Everyone's head was suddenly covered with layers of thick shadows.

Without the rules of the Dragon race, ao Tian Xia was still powerful, but he no longer had the spirit to suppress the four Seas.

In the future, even if things really turned out as he thought and a three-legged balance was formed in the sea area, it would be difficult to really gather people's hearts. In the short term, he might be able to suppress it by force, but as time went on, the hidden danger would only grow bigger and bigger.

One day, when he could no longer suppress it, the royal family of the eastern sea would collapse.

However, with the strength that ao Tian Xia had displayed, even though he could no longer stand at the top of the sea without the rules of the Dragon race, it was undeniable that he was still extremely powerful.

At least from the perspective of others, it was more than enough to kill a mere Lin Yi in seconds.

Chapter 10125

Even if Lin Yi had a stunning performance in suppressing ao Shi BA, and even had the gimmick of being a saint venerable, he was only a golden class early phase peak venerable.

A Supreme Saint venerable who had yet to mature was meaningless in front of them.

However, just as the Dragon Claw was about to land and everyone thought that Lin Yi was going to die, a domineering Dragon's Roar resounded above his head.

Under everyone's shocked gazes, a huge Dragon Shadow rose from the ground and its 10000-foot body broke through the clouds.

The huge dragon head was hovering and looking down at everyone. The terrifying pressure that came from the depths of the soul was so strong that no one could raise their heads.

Especially for the royal families of Dong Hai, they couldn't help but kneel down and bow their heads under the suppression of their bloodline.

Dragon might!

When everyone reacted, their hearts were instantly filled with stormy waves.

Without a doubt, this was definitely the symbolic Dragon might of the dragon clan. Previously, it had only appeared on ao Tian Xia's body, and no one could imitate it.

Compared to everyone's shock, ao Tian Xia, the person involved, was even more shocked. "Impossible! You can't possibly know the rules of the dragon clan! You're not even a member of the four Seas 'Royal' clans, so how could you possibly grasp the rules of the dragon clan!"

As he spoke, he was using all his strength to resist the Dragon's might, refusing to kneel before Lin Yi.

Unfortunately, as the king of the eastern sea, the purity of his Dragon bloodline was far above that of the other clansmen. The suppression of the Dragon's might on his bloodline was far stronger than that of the others.

The Dragon might that was twice as strong as that of others was ten times stronger when it landed on him!

In the end, even though ao Tian Xia had already crushed his teeth, he still couldn't resist the suppression from his bloodline. He looked on in despair as he knelt down on the ground.

Even after losing the rules of the Dragon race, this King of the eastern sea's pride that had never wavered in the slightest was completely kneeled down by his own two knees at this moment.

"There's no such thing as a free lunch in this world," Lin Yi said faintly, " everything has its price. Just because you don't admit it doesn't mean it doesn't exist. "

Ao Tian Xia's proud head was pressed to the ground by the Dragon's might. He tried to raise his head but to no avail. He finally reacted after hearing Lin Yi's words.

"This is ... My Dragon might!"

Ao Tian Xia suddenly understood. No wonder it felt so familiar. It was his Dragon's might. He just never thought that it would fall on his head one day.

Lin Yi walked in front of him and squatted down, "I'm helping you cure your terminal illness, and this is your medical fee. It's reasonable, right?"

Ao Tian Xia felt something sweet in his throat and spat out a mouthful of blood.

However, he didn't faint. He gritted his teeth and struggled, his eyes filled with hatred, ""You want to kill me?"

Lin Yi shook his head faintly, "wrong. I never thought of killing you. Our deal was over the moment I received the rules of the dragon clan. You just have to pay the price for what you did."

"My actions?"

Ao Tian Xia didn't react for a moment.

"You forgot already?" Lin Yi reminded her out of kindness. You just blasphemed the Lord seagod, do you think it's a small matter that doesn't require you to pay a price?"

Ao Tian Xia was more and more confused. He said in disbelief, "You really think the sea god will punish me? There's actually such a naïve person like you in this world?"

The tone of his voice was like that of an atheist from the secular world.

Lin Yi, of course, was an atheist as well. The gods, even the God of creation, were just practitioners who were a little stronger in his eyes.

But looking at ao Tian Xia's expression, Lin Yi couldn't help but show a weird expression, "You dare to be so certain, is it because you're certain that something has happened to the Lord seagod and he can't control you? I'm curious where you get your confidence from. "

"I have absolutely reliable sources of information. As for who it is, hehe."

Ao Tian Xia's face was unfathomable as he deliberately kept them in suspense.

Lin Yi lowered his body and asked in a low voice, "You're not going to say that the high priest told you, are you?"

"....."

Ao Tian Xia couldn't help but be shocked again.

Lin Yi nodded. It seemed that the high priest was the root of the problem. The man was the number one representative of the sea god, and his words and actions were extremely influential.

Not to mention anything else, just spreading some news like this would cause him great trouble.

If he wanted to gain a firm foothold in the sea realm in the future, he had to cross this threshold!

Lin Yi gave a weird smile. "Have you never thought that this might be a smokescreen that was intentionally released?"

Ao Tian Xia's expression changed drastically.

Although he had never heard of the word "smokescreen," it was not difficult for him to figure out the meaning behind it. Now that he thought about it, if the high priest had not deliberately revealed that information, he would not have had the courage to blasphemy against the sea god!

It turned out that all of this was a scheme by the sea goddess Hall to make him jump out and then take over the royal family of Dong Hai in an open manner!

Ao Tian Xia's hands and feet were cold, but he still held onto the last bit of hope. "No matter what you say, as long as the divine punishment doesn't fall on my head, I'll still win!"

Lin Yi looked at him like he was an idiot.

The situation had developed to this point. Even if there was no divine punishment in the end, it would at most affect his control of the royal families of Dong Hai. Although there would be a lot of trouble, there was no doubt that the overall situation had been set.

"You're overthinking it. No matter what happens next, the future of the royal families of Dong Hai has nothing to do with you. "

Lin Yi's one sentence was a death sentence.

Ao Tian Xia was still unconvinced, "you don't dare to kill me!" If you kill me now, you'll become the enemy of the entire royal family of Dong Hai. Not to mention that you don't have the strength to control the situation by force, even if you do, you'll suffer a huge backlash and never be able to live in peace!"

"You're right. "

Lin Yi, on the other hand, looked at him with pity in his eyes before standing up and backing away."I won't kill you, but the Lord sea god will. Have a safe journey, King of the East Sea."

"....."

Ao Tian Xia still couldn't believe it. Even everyone present felt that it was strange. Divine punishment was too illusory. They had never even heard of it, let alone thought that it would descend in front of their eyes.

But at this moment, an unprecedented terrifying pressure condensed in the East Sea.

The intensity of its pressure had even far surpassed the Dragon's might just now!

A strong thought instantly dominated everyone's consciousness.

Divine might!

This was definitely not a pressure that any Supreme realm cultivator could possess. To everyone's knowledge, only the Supreme gods could possess such a terrifying will.

Chapter 10126

Then, a clear Oracle verified everyone's guess.

"Blasphemy against God, die."

The invisible godly power turned into a white ribbon and pierced through ao Tian Xia's body in front of everyone.

This proud King of the East Ocean did not even have the time to let out a grunt under the unbelievable shock on his face. His entire body, along with his primordial spirit, was reduced to ashes on the spot, leaving not even a trace behind.

The whole place was dead silent.

Everyone, including the five loyal Divine Dragon guards, spontaneously prostrated themselves on the ground and did not dare to raise their heads for a long time.

Although no one had seen it with their own eyes, this scene was enough to give them an unforgettable definition.

This was the divine punishment!

If Lin Yi just killed ao Tian Xia like that, even if he used Dragon's might, people would still be shocked by his strength, but they would still resist. No matter what, he was the King of the East Sea.

At the very least, the five Divine Dragon guards would definitely burst out on the spot. Once they took the lead, the rest of the East Sea tribesmen would not stand by and watch.

In that case, the situation would definitely be out of control.

However, things were different now.

Everyone had the courage to resist the Dragon's might, but they definitely didn't have the courage to resist the divine might.

Although the gods had never descended before them, the idea of the gods being high and mighty had become a steel seal in the depths of their souls since they were born. Even the divine Dragon guards did not dare to resist.

Lin Yi let out a breath of relief.

He had only wanted to use the sea God's name to threaten the Emperor, but it now seemed that he had underestimated the power of the sea God's name.

Seeing that everyone was convinced, Lin Yi cleared his throat. "Ao Tian Xia has disrespected the gods in front of everyone. The Lord sea god has sent down divine punishment on him. He has brought this upon himself. I hope that everyone will take this as a warning and not believe in the rumors. Otherwise, it will affect the Lord sea God's reputation."

At this time, the Dragon's might had already dissipated, and everyone present could already raise their heads. However, at this moment, they looked at each other and no one dared to rashly get up.

They were really scared out of their wits.

Although the fear of God had long been engraved in their bones, in recent years, under the instigation of some people with ulterior motives, this fear had begun to gradually loosen.

Although there were not many people who dared to blaspheme like ao Tian Xia in public, there were many people who had disrespected the sea god in private.

If the sea god was calculative and gave them divine punishment, that would be a great deal of fun.

Lin Yi didn't rush them-the more scared they were, the easier it was to control the situation.

Speaking of which, if someone were to challenge him now, he would be in real trouble.

It should be known that the so-called divine punishment did not come from the sea god. After all, the real sea god had died long ago. It was only managed by Li Yuanji, a false god.

With Li Yuanji's strength, although she could use a part of the power of the sea god's divinity, it was mostly limited to the primordial spirit level.

Li Yuanji had only provided the appearance of the 'God's punishment' to scare ao Tian. The real thing that killed ao Tian was Lin Yi.

Under normal circumstances, Lin Yi's current strength was far from enough to instantly kill ao Tian Xia, but the good thing was that ao Tian Xia was a patient that Jiang xiaoshang had "cured" himself.

Lin Yi had already expected this from the very beginning.

That was why he had asked Jiang xiaoshang to plant a backup plan. As long as ao Tianxia had any thoughts of rebellion, he could detonate it on the spot.

Coupled with the appearance of divine punishment created by Li Yuanji, the shocking scene just now was possible.

Although it looked simple, it still used up a lot of Lin Yi's energy. With the special nature of rule force, he could quickly return to his peak state as long as his spirit recovered.

However, there was still a period of time when there was no strength.

Fortunately, the deterrence of divine punishment was deeply rooted in the hearts of the people. Even experts like the divine Dragon guards did not dare to have the slightest dissatisfaction.

As far as they were concerned, Ao Tian Xia didn't die in Lin Yi's hands at all. He was punished for blaspheming the sea god. He deserved it.

To sum it up simply, he deserved it.

"What's the future of Donghai's royal family?" Lin Yi cleared his throat.

Everyone's hearts tightened at his words.

If it was in the past, someone would definitely jump out and scold him, "it's none of your business."

In their eyes, a mere Lord of the sea shore really had no weight to speak of.

But now, it was different. Ao Tian Xia died under the sea god's divine punishment, but all of this started because of Lin Yi. At this moment, Lin Yi was the number one representative of the sea god.

Who knew if the sea god would think that he was blaspheming if he bumped into Lin Yi now?

With the lesson in front of them, no one could afford to take this risk.

Not to mention that without ao Tian Xia, they were a pile of loose sand internally. No one dared to step out and challenge Lin Yi-they'd be dead without even knowing how they died if they became the target.

Finally, a highly respected elder of the royal family came forward and asked, ""I wonder what suggestions do you have, Sea King?"

Lin Yi's eyes swept across the room, "This isn't my intention, it's the Lord seagod's will. I'm sure everyone is clear about the divine decree that was sent not long ago. The order of grace is a gift from the Lord seagod, and it protects everyone's vital interests to the greatest extent. I wonder why it has been delayed?"

The royal family of Eastern Sea was silent.

The order of refusal was a big deal, so they naturally discussed it a lot. However, they were all suppressed by ao Tian Xia.

Now that ao Tian Xia was dead, the eastern sea King clan was without a leader. Lin Yi's intention was almost written on his face when he mentioned the order of refusal-he wanted to divide them.

The wise man was about to step out and refute, but Lin Yi's cold glance was like a bucket of cold water poured over him.

In the end, no one dared to step forward and refute.

There was no other reason, this was an Open Conspiracy.

The so-called Open Conspiracy actually meant that there was no solution.

It wasn't just because of the power, but because Lin Yi's words protected everyone's interests.

Not to mention the others, at least from the AO clan brothers' point of view, although the medallion of gratitude couldn't satisfy every single one of them, at least most of them would be able to enjoy some good food.

No one could resist such a temptation.

Even ao Yi, ao si, and ao BA, who were supposed to be the candidates for the throne, including ao eighteen, who had risen again, had chosen to agree tacitly.

Chapter 10127

The reason was simple. Without ao Tian Xia's support, they had no more competitive advantage. Even if they could win in the end, it was still unknown whether they could get the support of the other powerful big shots.

There were too many variables. It was better to have one Bird in Hand than to have ten in the forest.

As for the other powerful people present, the divine punishment from the heavens had completely shattered their thoughts of independence, especially after falling out with the other royal families of the three Seas. Only with the support of the sea goddess Hall would they have a chance to gain a firm foothold.

Therefore, at this time, no one would be stupid enough to jump out and be the first bird to stand out.

"Since no one objects, then let's carry out the Lord seagod's decree. This is the best choice for everyone."

Lin Yi said as he pulled out a drawing.

The group of ao clan brothers' eyelids twitched. It was the map that they took out during the negotiation. On the map, the royal families of the four Seas were divided into hundreds of different sized pieces, and each piece was marked with the name of a core disciple.

Ao Yi and the others were embarrassed.

They had scoffed at this picture before, but now they had no choice but to accept it. In fact, they were even more than happy to see it. Sure enough, no matter where you go, you can't escape the law of true fragrance.

Lin Yi didn't care about their expressions at all as he continued, "Every detail of the division here has been precisely calculated by my colleagues of the sea god Hall. I hope that you will not let down the efforts of my sea god Hall.

From now on, all of you will be directly responsible for the sea goddess Hall. If you have any difficulties, the sea goddess Hall will also come forward to solve them.

Please believe that the Lord seagod is watching your every move. All good deeds will be bestowed, and all evil will be punished. Please take care of yourself. "

His words did not give anyone any room to bargain.

The key was that the general trend had already been established. At this time, even if someone dared to stand up and oppose, it would be of no use.

There were already many internal conflicts within the royal family of Dong Hai. Before, with a strong man like ao Tian Xia suppressing them, they could still be United on the surface, but now that ao Tian Xia was gone, it was certain that they would fall apart.

However, there were still many members of the royal family who felt sad.

Following Lin Yi's order of shirking grace, the huge Eastern Sea royal family would be completely dismembered, and it would be impossible for them to regroup in the future.

Once the enfeoffment was completed, the AO brothers would become the greatest enemy of each other, and the sea goddess Hall would be their only backing.

If anyone had the slightest disloyalty and the sea goddess Hall incited a little, the other Royal clans would attack them. Without wasting a single soldier, the unified Royal clan of the eastern sea would become history, never to be seen again in one's lifetime.

Unfortunately, they could only sigh and were unable to turn the tide.

Seeing Lin Yi dismembering Donghai's royal family in front of everyone, Qin Qing couldn't help but be shocked.

This time, he had come to Donghai thinking that it would be a good thing if he could return alive. Even in the most ideal situation, he would at most reach a peace agreement with the royal family of Donghai. He had prepared various prices for this and even drawn the final bottom line.

Who would have thought that things would turn out like this in the blink of an eye!

They were originally enemies, but after the order of refusal, Lin Yi became the Overlord of Donghai. The AO brothers' attitude towards him had a 180-degree change. Even the most arrogant ao Yi and ao Shi Ba no longer looked at him coldly.

He had no choice, the situation was more pressing than the person.

In the following days, Qin Qing and Lin Yi experienced the feeling of being an important guest.

It must be known that even when they were on good terms, he could only be looked down upon when he came to Donghai with the identity of the son of the Qin family. It was already not bad to be able to sit on the cold bench at the end of the table.

On the other hand, the AO brothers and the other big shots of Donghai were all trying to please Lin Yi, afraid that he'd make things difficult for them.

Lin Yi, naturally, wasn't that bored.

As long as the order of gratitude was successful, he would not care about the so-called personal grudges. Even if it was ao eighteen, who had the deepest personal grudges, he would not make things difficult for him.

On the contrary, this surprised ao Shi BA. After learning from his painful experience, he took the initiative to ask for forgiveness the night before he set off for his fief. The enmity between them could be considered to have been settled with a smile.

Qin Qing couldn't help but ask, "aren't you afraid that he'll bite back when his wings become hard?" He's someone who has mastered the rules of the dragon clan, and his future is not low. With his talent, he might become a major threat in the future, right?"

"That's exactly why we should keep him," Lin Yi smiled.

"Huh?" Qin Qing was confused.

"Guess who's afraid of him?" Lin Yi asked.

Qin Qing was stunned for a moment before she reacted. "It's ao Yi and his gang! Although the truth of the attack back then was not revealed, anyone with eyes knew that it had something to do with the brothers. With ao Shi BA's vengeful nature, he would definitely settle the score once he had the strength!"

"That's good. When people are too idle, they will have trouble. If we give them a target to keep an eye on, they will not be bored, and it will also save us some trouble. Isn't it killing two birds with one stone?"

Lin Yi smiled as he got up and went to the party, leaving Qin Qing with a face full of admiration.

As the saying goes, the human heart is indeed black when it is cut open.

Speaking of which, Lin Yi wasn't trying to divide the royal family of Eastern Sea entirely-he'd gotten a lot of benefits from it as well.

Rare treasures were naturally not a problem. Although the warehouse had been stolen before, with the number one treasure in the sea area of the East Sea, it was just a drizzle to take out a batch of priceless treasures to bribe him.

But at Lin Yi's level, normal treasures weren't even worth his time. He didn't keep them for his own use, but for Tang Yun and the others.

On the contrary, he was more interested in the eastern sea Book Depository.

There were all kinds of ancient books from the sea, including many ancient books and incomplete books that had long disappeared from the market. Some of them were quite insightful about the exploration of rule power, which was an eye-opener for him.

Although these things could not directly increase his control of the rules, they could help him sort out the system of rule power. Coupled with the feedback from the experience he received from the New World, his understanding of rule power had completed a qualitative change in just a few days!

This kind of accumulation might not seem obvious at first glance, but under the subtle influence, it would pull apart the qualitative gap.

The news of Lin Yi taking in the royal family of Donghai quickly spread throughout the sea. All the forces were in an uproar, and many people started to take this new Sea King seriously for the first time.

When the news was sent back to the sea god Hall, everyone was equally shocked.

Both the priest and the walkers had overestimated Lin Yi after the incident with the temple guards, but they still underestimated him.

Chapter 10128

To say nothing of anything else, even the high priest himself would find it difficult to accomplish the feat of taking in the Qin family and the royal families of Donghai in just half a month!

In an instant, the entire Poseidon Hall was talking about Lin Yi in a louder voice.

Compared to the slander and ridicule in the past, there were many more positive voices now. Humans were such realistic animals. No matter where they were, they would always be respected. Once you showed enough strength, the public opinion would naturally lean towards you.

This wasn't a bad thing for the walkers who wanted to recruit Lin Yi.

Other than Madam Qing, who'd suggested it, the other advisors all looked down on Lin Yi.

This was human nature.

Luckily, they were on Lin Yi's side during the incident with the temple guards. No matter what they thought, they were showing their goodwill to Lin Yi in action.

On the other hand, the high priest, who had been on the opposite side from the beginning, was in a difficult position.

Lin Yi had done such a great service-if he continued to suppress him, it'd be easy for people to talk about him, and the top five would take advantage of the situation to attack him.

After all, he was not the high priest of the sea god temple, and the eyes of the other believers were also bright.

But if he didn't suppress Lin Yi and let him continue to grow, not only would his individual strength reach a level where even he wouldn't be able to control him, but the forces under him would also grow to a level that couldn't be ignored.

There was already the Qin family and the royal family of Donghai that was in disunity.

It'd take a lot of effort to combine them, but with Lin Yi's abilities, it was only a matter of time before he took them both under his control.

If this continued, even if he wasn't a Walker, Lin Yi himself would become a huge Corporation that couldn't be ignored!

"This kid is really something, we have to be on guard."

A gray shadow attached to the high priest's back said, ""You have the foundation of an absolute Saint venerable, and your future is limitless. If you add on the huge forces under you, in the future, if you work together with the advisor system, your priest system might not be able to suppress them."

The sea god temple also had the temple guards, a third-party force. On the surface, they were neutral, but in fact, they had already leaned towards the priest system.

The situation was originally good, but after the last conflict, commander Bai Ze suffered a loss. Now his attitude began to become ambiguous again. This kind of fence-sitter who would help whoever won could not be counted on at all.

"That's not what I'm worried about," the high priest said with a grave expression. "I'm more worried about that mysterious divine punishment."

"This can't be faked in front of so many experts from the royal family of Dong Hai," the gray shadow said hesitantly. "Is the sea god really still here?"

All of their previous schemes and plans were built on the foundation of the sea god's fall.

If even this basic premise had a problem, and the seagod was still safe and sound, then not only would everything they had done be in vain, but it would also become a fatal disaster.

No matter how strong the high priest was, he could not be compared to a true God-level existence.

Once the sea god noticed the betrayal of his closest servant, his end would definitely be worse than ao Tian Xia 's. Most importantly, he wouldn't be able to resist at all.

The high priest was silent.

The gray shadow could not help but feel a little anxious."But the arrow is already on the bow and can not be released. Master's patience is limited. It is impossible to give us more time. If we make master unhappy, then ..."

He didn't finish his sentence. Even a figure of the high priest's level couldn't help but shiver at the thought of the consequences.

Compared to suffering the wrath of the sea god, he was even more unwilling to become a sacrifice for his master.

"Don't be impatient,"

The high priest's gloomy eyes flashed with a bright light.""I've just received news that a son of the sea god has recently appeared in the West Sea. It's said that he has performed many divine miracles in public."

The gray shadow snorted, "son of the sea god?" He really knows how to put gold on his face. Why didn't he say he's the grandson of the sea god? Doesn't that make you seem more pious?"

"I don't care who he is to the sea god," the High Priestess said, "since he's appeared now, he's just right for us to use."

"You mean to say ..."

The gray shadow immediately reacted, and his eyes lit up. "You want to use this guy against Lin Yi?"

The high priest smiled faintly. "One can attract God's punishment, and the other can create miracles. Let them fight each other. Maybe we can test the sea God's strength?"

The grey shadow was a little suspicious, "that's a good idea, but it's the high priest's job to get rid of these fake quacks. Now you want to push it on Lin Yi's head. He might not do as you say, right?"

The high priest narrowed his eyes. "Now that he's so popular, there are many things he can't decide on his own. Unless he's willing to give up the royal family of Dong Hai, he must hold on to the title of the first spokesperson of the sea god."

"Then what about you, the real number one representative of the sea god?" the grey shadow chuckled.

"That's easy," the high priest said. "I haven't been in seclusion for a long time. It's time for me to make a slight breakthrough."

Soon, a rumor started spreading in the West Sea-Lin Yi, the so-called representative of the sea god, was a scammer, and only master West Heimo was the real son of the sea god.

Master mo was going to expose Lin Yi's trick sooner or later!

In just a few days, this rumor had spread throughout the entire sea area. Almost everyone was talking about it after tea and meals. It was extremely popular and unprecedented.

When the news reached Lin Yi's ears, he didn't think much of it.

But soon, the hearts of the people in the royal families of Dong Hai began to waver. It was obvious that someone was behind the scenes.

The other party didn't mind being noticed by him at all, because this was the same method he had used to deal with the royal family of Donghai. All of them were open conspiracies. Once he was involved, he could only follow the other party's script, and there was no solution at all.

Imperceptibly, this had already become a massive battle of public opinion.

If Lin Yi couldn't destroy this rumor, the credibility he'd built up in the royal families of Donghai would be gone. After all, the royal families of Donghai were under the sea God's control instead of him.

Without the sea god's Halo, it'll be as difficult as ascending to the heavens for him to gather the power of the eastern sea's royal families for my use!

On the other side, the self-proclaimed son of the sea, Grandmaster mo, was getting more and more popular with the help of people with ulterior motives. He even became an honored guest of the other royal families of the three Seas.

Chapter 10129

The royal families of the West Sea, North Sea, and South Sea had joined forces to hold a banquet to support him.

The level of this banquet was so high that it could be said to be a rare sight in the sea.

Not only were all the leaders of the three Seas 'royal families present, even the other forces of the sea realm, big and small, had all sent their high-level representatives, excluding the sea goddess Hall, the eastern sea's royal family, and the Qin family.

Imperceptibly, it gave people the feeling that these three families were isolated by the entire sea region.

At the banquet, master mo and the big shots of the forces represented by the royal families of the three Seas toasted each other. The atmosphere was particularly warm, and it was clear that he was the most popular person in the entire sea region.

"Master mo, what do you think of the famous Lin Yi?" someone suddenly asked.

Master mo and the group of big shots looked at each other and laughed contemptuously, ""What do I think? Of course we'll treat it as a joke. A mere nobody who rose to power by luck and became a popular person in the sea goddess Hall by using tricks. It's truly an unprecedented joke. "

The whole Hall burst into laughter.

The various powers that would be attending were naturally standing on the opposite side of the sea goddess Hall, and would naturally be eager to see the sea goddess Hall make a fool of itself.

Someone couldn't help but stand up and refute, ""If Lin Yi is just a fake liar, then how do you explain the godly punishment for killing ao Tianxia? it can't be fake, right?"

Many people secretly nodded.

Other things aside, at least the godly punishment Lin Yi conjured was very convincing.

After all, there were so many people present who could bear witness. Especially ao Tian Xia, who was one of the top experts in the entire sea area. Other than the legendary divine punishment, there was no other possibility that could kill him instantly.

However, master mo laughed heartily, ""That's why I say that the world is foolish. They can just casually use some underhanded smokescreen to deceive all of you."

With a wave of his hand, an unparalleled pressure suddenly descended on everyone's heads.

Everyone's expression changed.

The aura of this pressure had far exceeded the limits of their knowledge. In other words, this was not a pressure that any Supreme realm cultivator in the sea realm could possess. There was only one explanation left, this was the pressure of the sea god!

"Seeing is believing, you should know that now, right?"

Master mo retracted his pressure in an enigmatic manner.

Everyone in the audience heaved a sigh of relief. Under the pressure just now, even breathing was an extravagant hope for them. Many people who had been skeptical suddenly felt a sense of awe.

However, there were still people who questioned, "the smokescreen could only Bluff at most. However, ao Tian Xia was actually killed in an instant. How do you explain this?"

Master mo looked at him with pity and said,""As far as you know, ao Tian Xia is one of the top experts in the entire sea realm. However, you probably don't know that ao Tian Xia had contracted a terminal illness many years ago. In recent years, he's already beyond cure.

When that Lin Yi attacked him, he was already like a lamp without oil, almost half dead. He couldn't even use his most iconic dragon clan rules.

Under such circumstances, any decent expert could kill him in seconds, what's so strange about that?"

His words were reasonable and there was no way to refute them.

The rest of them nodded."That's right. I've also heard that ao Tian Xia no longer has the rule power of the dragon clan. No wonder he was taken advantage of!"

"So that's how it is! If it wasn't for master mo, we would've really been tricked by that Lin Yi!"

"That's right. That guy is too smart. Most people would be stunned when they hear ao Tian Xia's name. How would they think so much?"

"It's all thanks to master mo here. Otherwise, who knows how many more people would have been fooled by him. The most miserable ones are the royal families of Dong Hai. They were completely fooled by him. They're so stupid that they've reached a new level!"

The crowd started discussing, and in the blink of an eye, Lin Yi had become the biggest liar in history, all of them cursing at him.

Master mo looked at this scene and stroked his long beard that he was so proud of in satisfaction. He had the appearance of a Sage.

This was the best way to reduce the intelligence of a group.

At this moment, the King of the West Ocean spoke."It's truly appalling to hear that such a deceiver has appeared in the sea god's Palace. As the Lord sea God's believers, we can't just ignore this. We must take action as soon as possible."

The two leaders of North Sea and South Sea chimed in,""That's right, we can't let such a vile person continue to pollute our ears and eyes. Not only will he endanger the entire sea realm if we let him continue to deceive others, but it'll also be the greatest blasphemy against the Lord seagod!"

In his words, he had already raised the flag of going against the sea god temple but not against the sea god. He was just short of directly raising the flag of purging the emperor's side.

From their point of view, after seeing what happened to the royal family of the eastern sea, they knew that they had no chance of turning the tables on Lin Yi and the sea god Hall.

Now, they were collectively supporting master mo, not for any other reason, but to find a point of justice for themselves.

They really didn't dare to publicly oppose the seagod, but to oppose the seagod Hall in the name of protecting the seagod, not only did they have the courage, they were very big.

"Do the three great kings have any good ideas?" master mo looked at the few people.

The three sea rulers looked at each other and said, "Now that Lin Yi has the sea god Hall's backing, he's fearless. Master mo, you can easily expose him, but people from other places will still be kept in the dark.

For the sake of the people of the entire sea realm, we feel that it is necessary to hold a massive arena.

Master mo, you'll fight Lin Yi face to face, and as long as everyone witnesses, expose his trickery, everything will be solved!"

Master Mo's eyes lit up.

With his shrewdness, it was not difficult for him to see through the other party's scheme.

They were exposing Lin Yi's scam on the surface, but in reality, they were pushing him out to fight the Poseidon shrine.

Once Lin Yi's reputation was ruined, the sea god Hall's reputation would suffer an unprecedented blow.

On the other hand, if the royal families of the three Seas could firmly control his position as the spokesperson of the sea god, they could turn the tables and even take the initiative in the entire strategic situation!

However, master mo wasn't the least bit dissatisfied.

Although he was being used as a weapon, it was exactly what he wanted.

The royal families of the three Seas needed him to fight for justice, and he also needed the stage provided by the three royal families.

Otherwise, it would be impossible for him to truly solidify his position as the number one representative of the sea god in a short period of time if he were to fight alone.

In this wave, they could be considered to be making use of each other and getting what they needed.

"Since the three great kings have said so, this MO will respectfully comply. In order to protect the Lord seagod's reputation, it is also this Mo's duty to hammer to death these swindlers who use the Lord seagod's name."

Master mo immediately agreed.

Chapter 10130

Once this news was made public, it immediately caused a sensation.

After all the brewing, this matter had long been stirred up. Now that it had been publicly announced by the three Seas 'royal families and master mo himself, it had completely exploded.

At this moment, master Mo's investigation of the fake Lin Yi became the biggest topic in the entire sea area. The popularity was already extremely high before, and it immediately went up a whole level.

Even the royal family of the eastern sea being dismembered by Lin Yi had become outdated news, and the entire sea was paying attention to the battle between master mo and Lin Yi!

However, Lin Yi, who was involved in the incident, didn't respond at all.

He had stayed in the study of the royal family of Dong Hai the whole time and did not go out at all, nor did he have any intention to fight.

"Playing dead?"

When the news was sent back to West Ocean, master mo laughed disdainfully. "Actually, it's not that strange. I expected this to happen. After all, scammers can't see the light of day. He's guilty, so how would he dare to respond?"

The King of the West Ocean cooperated in front of everyone. "But if we continue to let him play dead, many people will continue to be kept in the dark. This will be an undeniable damage to the Lord seagod's reputation. This is not good."

"Then we can't just go to Donghai to catch them, right?" someone else chimed in.

Master mo smiled faintly. "It's not convenient to catch them directly. It's also unrealistic to expect the scammer to self-destruct. However, there are other ways."

"What is it?" everyone asked.

"Lin Yi can play dead, but the Poseidon shrine can't do the same, can they?" master mo said confidently. No matter how much the sea god Hall protects Lin Yi, they'll be the ones in trouble if they let a liar ruin the Lord sea God's reputation. "

Everyone came to a sudden realization.

With the three sea's royal families adding fuel to the fire, all sorts of pressure was directed at the seagod Hall, and the high priest, who was nominally the number one of the seagod Hall, naturally bore the brunt of it.

In the past, the high priest would have had a hundred ways to resolve this pressure.

But this time, everyone from the high priest to the rest of the priest faculty had strangely chosen to remain silent.

Despite the public's Fury, the high priest had no intention of giving a direct response. He directly put on a stance that he would deal with it coldly to the end.

As soon as this layer of window paper was pierced, the outside world was immediately enraged.

In the past, all the forces had to submit to the sea goddess Hall. Unlike the powerful royal families of the four Seas, the majority of the remaining forces in the sea realm had to offer something solid as a tribute.

Under the influence of some people, there was already a lot of dissatisfaction accumulated.

Now that he was standing on the moral high ground of protecting the seagod's reputation, he immediately found an opportunity to vent.

The situation was so fierce that the entire seagod Hall felt tremendous pressure. Everyone from top to bottom was panicking, and the pressure was like a mountain.

A single spark could start a Prairie Fire, not to mention a public opinion riot of this scale!

According to the current situation, if the royal families of the three Seas decided to take a risk out of desperation, it might really turn into a Sea area-wide riot against the sea goddess Hall. At that time, the situation would really be out of control.

Finally, the high priest sent Lin Yi a public letter after the Poseidon shrine's constant calls.

He meant that this was Lin Yi's fault, and naturally, he had to step in and solve it.

If this attitude had been at the start, it would have definitely caused a lot of dissatisfaction within the sea God's temple. At the very least, the Wayfarer would have been the first to disagree.

But after all this time, especially with the push of people with ulterior motives, the entire Poseidon shrine had accumulated a huge amount of emotions, and they were all pointing their fingers at Lin Yi.

Even if the top five Wanderers came out together, they would not be able to suppress the anger of the crowd. Instead, they would only get themselves into trouble.

Unless he decided to give up on the Poseidon shrine, Lin Yi had no room to retreat.

"He's really a cunning old bastard!"

"Yeah, they're obviously working with the three Seas" royal family to trap Lin Yi-he can't even Dodge!"

"If Lin Yi can't come up with a plan this time, the good situation we've created before will all go down the drain. It's going to be difficult."

A few of the top five advisors were worried for Lin Yi.

They weren't bound to Lin Yi in terms of benefits yet, but they were on the same side. Especially after Lin Yi took down Donghai's royal family, they had a tacit understanding to help each other.

Once Lin Yi's rise was interrupted, they wouldn't just lose a potential ally, they'd also have to face the priest division's counterattack.

At the end of the day, they were the thorn in the high priest's side.

Lin Yi, who was in the middle of the huge Whirlpool, was taking a huge burden for them. Just this value alone was worth their protection.

The third advisor, Xing pojun, said,"the situation is no longer under his control. I suggest that we attack him directly. We should attract some attention."

Xi Bao nodded,"agreed. We need to at least send a clear signal to the outside world that the sea god Hall isn't on Lin Yi's side. We're on his side too."

"That's right. If people think that the entire Poseidon shrine is working together against him, they'll be even more unscrupulous. Lin Yi might not be able to hold on for much longer. "

The fifth Walker, Du Hong, also had a clear stance.

Although these people were extremely independent and might not necessarily have a unified stand on many things, none of them were stupid.

If the lips die, the teeth will be cold. They did not need anyone else to point it out. They themselves could see it very clearly.

At this moment, the second advisor, Madam Qing, shook her head and said, ""We're on Lin Yi's side, but I think we should let him know what we should do first and see what he says. "

"This ..."

The top five advisors looked at each other.

They were determined to stand on Lin Yi's side, but subconsciously, they still thought of him as the leader. They didn't really see Lin Yi as an equal.

After all, be it individual or overall strength, Lin Yi was still far from being on the same level as them. As far as they were concerned, since they'd made the decision, they just had to get Lin Yi to cooperate.

But from Madam Qing's words, she wanted Lin Yi to be the leader?

For a moment, everyone present could not help but find it unacceptable with their pride. They all looked at the person who was sleeping at the front.

The first Walker, Wolf Slayer.

Although this person was always sleeping in every meeting and seemed to not care about anything, most of the time he didn't express his position at all and didn't even participate in it.

However, everyone knew that behind the first Walker's seemingly lazy and idle appearance, there was actually a very opinionated person.

Usually, they could decide on things that were irrelevant to the overall situation, but for things like this that easily affected the overall situation, he was bound to be the last one to make the decision.

However, cruel malevolence didn't move.
