

Bodyguard 10201

Chapter 10201

However, when they saw the vast amount of sword Qi overflowing from the screen, they were instantly excited.

Even Wei Yu 'er's face revealed a trace of excitement. Her small and straight Yuchang sword was like a living fish, immediately drilling into the ground and activating its automatic foraging mode.

Lin Yi's lips curled up-the girl sure learned fast.

It must be known that the other party did not have a cheat like the world's will. The reason why he could mobilize the Yuchang sword was purely because of his strong affinity with the sword.

Just this point alone made Lin Yi's talent paled in comparison.

After all, it was sword shadow. To a certain extent, it could be said to be an existence similar to a sword spirit. It could be considered half the same kind of sword. This innate advantage was by no means comparable to any human cultivator.

Seeing this, Xu Taiyi and Wang hou also began to communicate with their own swords.

Although they could not master it as easily as Wei Yu 'er, they were all top talents in the way of the sword. Through the silent trial and error along the way, they had gained some experience.

The clear Sable sword and the Tai 'a sword were stabbed into the ground. Soon, the sword Qi in the surroundings slowly gathered.

The two of them were overjoyed.

This efficiency was more than several times higher than before!

But when Lin Yi stabbed the Qixing Longyuan into the ground, the two stopped talking.

Be it Wei Yu 'er's Yuchang sword, or their clear Sable sword and tai' a sword, although they had already begun to capture and absorb the sword Qi on their own, they were at best like a trickle.

But Lin Yi's Seven Star Dragon Abyss sword was like a whale swallowing rivers into the sea!

Previously, when they saw the Qixing Longyuan gather sword Qi, they thought that its efficiency was already quite terrifying. Now that it was their own famous swords, although they still couldn't compare, the gap had been greatly reduced and it could be considered to be within an acceptable range.

If the Qixing Dragon Abyss was given 100 points, Wei Yu 'er's Yuchang sword could reach 70 points, while the other two could also reach the level of 40 to 50 points.

In the end, looking at it now, the shocking efficiency of the Qixing Longyuan was more than a hundred times higher than its own!

It turned out that it was not its own ability that limited its absorption speed, but that there was only so much sword Qi in the surroundings.

The reason why he scored 100 was purely because the paper only scored 100.

Xu Taiyi and the others, who were still rejoicing a moment ago, were suddenly at a loss for words.

They'd thought that they'd be able to narrow the gap between them and Lin Yi, but it was infinitely magnified instead. They were in complete despair.

The one who felt the most bitter was Li Yangzhong.

If he didn't jump into Lin Yi's gun first, he'd at least be able to get a share, but now he'd become a bystander.

Although he had managed to find a decent ancient sword along the way, it was a pity that he did not even have a complete sword soul. It could not be compared to the ten great ancient swords.

At this time, he could only look at Lin Yi, hoping that the old man's heart would soften and give him a chance to turn over a new leaf.

After a moment of hesitation, Li Yangzhong gathered his courage and walked up to Lin Yi. "Brother Lin, I was wrong in the past. I was blind to have offended you. I've already reflected on myself. I hope you won't hold it against me."

With that, he clenched his teeth and knelt down, kowtowing three times to Lin Yi.

Xu Taiyi and the others looked at Lin Yi's reaction-this guy knew when to yield and when not to.

Lin Yi nodded nonchalantly, "Alright."

"Thank you, brother Lin!" Li Yangzhong was overjoyed. Many thanks for brother Lin's magnanimity!"

With that, he looked at the chunjun sword in Lin Yi's hand.

But Lin Yi didn't have the intention to continue talking to him. He turned to the other side and stabbed the chunjun sword into the ground in front of everyone. Immediately, a large amount of sword Qi rushed over from all directions.

It echoed with the other Dragon Abyss of the seven stars, and they were two giant beasts.

With the speed at which they were devouring, Xu Taiyi and the others were under immense pressure even though the sword Qi resources here were exceptionally abundant. At this rate, they would not be able to get much of the soup even if they tried their best.

Li Yangzhong hesitated, carefully observing Lin Yi's expression as he walked towards the sword.

But just as he was about to reach out for the sword, thinking that Lin Yi would let him go, he heard Lin Yi say, "What do you want to do by touching my sword?"

"Ah?"

Li Yangzhong couldn't help but choke, he said, ""Brother Lin, didn't you already accept my apology?"

Lin Yi looked at him, confused, "do you have some sort of misunderstanding about the word" apologize "?" Don't tell me that at your age, you still think that as long as you apologize, the rain will pass and the sky will clear up, and you don't have to bear any price?"

"Uh ..."

Li Yang was speechless for a long time. He really wanted to say that he had already paid the price. He had already knelt down to you, so what else did you want?

But if he really did say that out loud, Lin Yi would definitely reply with, "is your kneeling worth that much?"

Even though he didn't want to admit it, he could still clearly feel his value in the depths of his bones.

In the eyes of Lin Yi's level, a mere kneel was worth nothing-he could even sell his life for it.

However, as he looked at the Chun Jun sword, which was swallowing the sword Qi like a whale and repairing itself at a speed that was visible to the naked eye, Li Yang was extremely unwilling to accept this!

This was the sword tomb's default message, why did Lin Yi take it away?

Li Yang took advantage of Lin Yi's unguarded state and drew his sword.

Xu Taiyi and the others were shocked. Even the higher-ups weren't like this. Did this guy really think Lin Yi was a good man?

But surprisingly, Lin Yi didn't even bother to look at them. He didn't seem to have any intention of suppressing them.

Li Yangzhong was ecstatic when he finally touched the handle of the Chun Jun sword again. The power that was tens of times stronger than before was simply intoxicating.

However, immediately after, a fierce sword Qi silently exploded in his body through the hilt of the sword.

Li Yangzhong howled in pain as he was sent flying for dozens of meters. His face was pale as he spat out blood. It was obvious that he had suffered a serious internal injury. When he looked at the Chun Jun sword again, his eyes were filled with fear.

He was not the only one. Xu Taiyi and the others were also shocked.

Logically speaking, even though Lin Yi had taken the chunjun sword, li Yangzhong was still its owner.

Lin Yi being able to use it was one thing-extraordinary people had extraordinary methods, but now that the chunjun sword was attacking its own master, li Yangzhong, it was a huge problem!

Everyone looked at Lin Yi with even more fear.

Chapter 10202

It turned out that not only could this person steal their swords, but he could also overturn the previous master-servant relationship and make their swords completely betray them. The thought of this really put a lot of pressure on everyone!

Thinking back to the sense of security he had gained through the master recognition ceremony, it was simply ridiculous.

At this moment, no one paid any attention to li Yangzhong.

He had completely lost his value.

It wasn't just his value as a teammate, he was also valuable as cannon fodder. Everyone thought that with him here, they could at least divert some of Lin Yi's attention, so that Lin Yi wouldn't target the others.

But now, it seemed that li Yangzhong wouldn't be able to achieve that effect. He might even trigger Lin Yi's thoughts, luring him to target the other people's ten great swords!

Hearing li Yangzhong's wail, Wang hou walked over.

The shrieking stopped for a moment. Li Yangzhong thought that the other party would at least comfort him.

In the end, Wang hou's emotionless kick landed on li Yangzhong's face. Although the kick did not cause much substantial damage due to the damage immunity between teammates, he was still sent flying dozens of meters away.

The screams stopped abruptly.

"It's finally quiet. "

Wang hou leisurely returned to where his tai 'a sword was.

Even Xu Taiyi, the eldest senior brother of the sword Pavilion, who had always been benevolent and righteous, did not say a word in response to his wicked behavior.

If li Yangzhong still had other uses, he'd step out to stop him for sure. After all, letting him get kicked out would only make Lin Yi's deterrence even stronger, and it'd only make the situation even more one-sided.

Unfortunately, li Yangzhong was no longer of value, so he wasn't worth it.

Reality was just that cold.

For a moment, there was no sound. Everyone was silently communicating with their famous swords, trying to make them absorb the sword Qi faster.

Although the sword Qi resources in this area were far more abundant than they had imagined, they were still limited.

If all of them were used to supply one famous sword, perhaps it could be completely repaired. But now, there were five swords inserted at the same time, and there was not enough to be shared.

Especially with the whale swallowing technique of the seven stars Dragon Abyss sword and the chunjun sword, even if Xu Taiyi and the other two combined their strength, they would not be able to get even one-tenth of the total.

This manner of eating really didn't leave a way out for people.

If there were any other way, they would've turned on Lin Yi already.

Unfortunately, there was no other way-li Yangzhong was their example. Even if they thought they were stronger than li Yangzhong, they wouldn't be able to gain any advantage if they went head to head with Lin Yi. They might end up worse than li Yangzhong!

After all, Lin Yi didn't really kill li Yangzhong from the start to the end, all in order to give them a living warning.

If the remaining people really didn't know what was good for them, Lin Yi wouldn't be so nice to them anymore.

Time passed by slowly, and in the blink of an eye, 70 - 80% of the sword Qi in the surroundings had been absorbed. The seven stars Dragon Abyss sword and the Chun Jun sword's bodies were more than half-repaired, while the other three swords' bodies had also grown a lot.

However, the surprise attack that everyone had expected did not arrive.

"Something's not right. "

Xu Taiyi could not help but frown.

With a monster like Lin Yi around, he believed that no matter what, the speed at which they absorbed the sword Qi wouldn't be faster than his.

And if the other side had really opened their global vision, they should be able to see this very clearly. No matter which angle they looked at it from, they shouldn't have been completely motionless.

"That's not surprising," Wang hou said after some thought. "They can't beat us with their numbers. Rather than sending us off with an iron head, it's better to save up their strength and wait for an opportunity."

Xu Taiyi shook his head. "Even if it's not a head-on fight, they shouldn't have allowed us to absorb the sword aura so steadily. They should at least have come to test us."

Unless they have the confidence to win. "

"What?" Wang hou was taken aback."We've taken the most important sword Qi resource, and they don't have as many people as we do. Where do they get the confidence to win?"

Even if there were differences in individual strength under the same situation, Xu Taiyi, Wei Yu 'er, and him were not to be underestimated, especially when they had a monster like Lin Yi.

In terms of individual combat power, they should be the side that had the upper hand!

"It means that one of the conditions has been broken. The sword QI resources in the entire sword tomb may not be unlimited, but it should be enough to repair the ten great swords to the top," Lin Yi said.

Everyone was speechless.

The prerequisite for seizing the core sword QI resources was to have the advantage of the sword QI resources in one's hands. Otherwise, this would still be an unsolvable situation.

"What do we do?" Wang hou could not help asking."What should we do?"

"There's nothing much to do. We'll just take one step at a time and try to snatch as much sword Qi as possible from the other party. We just don't fall too far behind."

Lin Yi said as he pulled out the two swords from the ground and walked in one direction.

Xu Taiyi and the others were stunned.

It turned out that the Qixing Longyuan had condensed a thin and long sword Qi again and pointed it to the next destination.

"Isn't this a little wasteful?"

Wang hou could feel the lively sword Qi beneath his feet and could not help but feel that it was a pity.

The total amount couldn't be compared to before, but it was still much better than other places. The speed at which they absorbed the sword Qi didn't decrease much-at least not as much as Lin Yi's Seven Star Dragon Abyss sword and chunjun sword.

But before he could react, Wei Yu 'er had already kept her Yuchang sword and followed Lin Yi's footsteps without a word.

Xu Taiyi and Wang hou looked at each other and could only follow.

There was no other reason. Even if the total amount of sword Qi they obtained was no different from staying here, at this critical moment, the two of them did not dare to be alone.

People would really die if they were left alone.

In the end, only Li Yangzhong, who had suffered internal injuries from the backlash of his own Chun Jun sword, was left. He was paralyzed in the pile of ancient swords and was at a loss.

After an unknown period of time, just as Li Yang was completely lying flat on the ground and resigned himself to his fate, three figures suddenly appeared in front of him. The one in the lead was an extremely ferocious looking bald man.

"Are you really willing to admit defeat like this?"

The bald man looked down at him.

Li Yangzhong's pupils constricted, and he quickly retreated while struggling to get up.

He had a deep impression of this bald man. He used to be a super murderer wanted by the entire sea area, and his strength was also at the top. Later, for some unknown reason, he joined the sword Pavilion and became an ordinary sword guard.

Chapter 10203

Although they were of different levels and did not have much interaction, li Yangzhong paid close attention to him because of his notorious past.

Entering the sword tomb this time, the other party was determined by him to be the one on the list of ten people who should not be provoked the most!

Seeing that the other party didn't seem to have any intention of attacking, li Yangzhong calmed down and asked in shock, ""What do you want to do?"

The bald man laughed. "It's nothing. I just can't stand it anymore. I just want to give you a chance to take revenge. Do you want it?"

"You just want to use me. Do you think I'm an idiot?"

Li Yang's heart was as clear as a mirror. The other party was definitely not looking for him to give him a hand, but to squeeze every last bit of value out of him and push him into the fire pit one last time!

If he had accepted the other party's proposal, there was no doubt that his end would have been much worse than lying flat now.

"That's right, I want to use you. But compared to being a pile of mud waiting for death, sometimes being used is also a kind of happiness, isn't it?" the bald man didn't hide it at all.

As he spoke, he threw out a long sword, which landed in front of li Yangzhong.

"Ganjiang sword!"

Li Yangzhong's eyelids twitched. He thought that the Ganjiang sword and Moxie sword were in Lin Yi's hands, which was why he attacked Lin Yi. He didn't expect them to be in Lin Yi's hands.

If that was all, it would be fine. However, the Ganjiang sword that appeared in front of him had been completely repaired.

This was the complete Ganjiang sword!

No longer having any doubts, li Yangzhong hurriedly held it in his hand. An undamaged sword of one of the ten great ancient swords was a Fatal Attraction to any sword expert!

Immediately after, he was knocked unconscious by the tyrannical aura that was transmitted from the sword.

After the time it took for an incense stick to burn, he finally regained consciousness.

The bald man looked at him calmly and asked, "what do you think?" Can it help you relieve the hatred in your heart?"

"With this, even ten Lin Yi's won't be enough for me to kill, as long as they don't have damage immunity!" Li Yangzhong said with a fanatical expression.

"Don't worry, it'll be gone soon," the bald man smiled.

Li Yangzhong didn't have any suspicions this time, especially after seeing the famous swords on their backs. He sentenced Lin Yi to death immediately.

Every sword in his opponent's hand was unscathed!

"Hahaha!"

Li Yangzhong suddenly burst out laughing, "that idiot Lin Yi thought he was smart enough to set up a trap, but in front of absolute strength, all his schemes are just a joke!"

He'd been impressed by Lin Yi's observation before, but now that he looked back, it was all a stupid self-entertainment farce.

Lin Yi actually thought that he had a chance to turn the tables around, and was still trying to scare Xu Taiyi and the others. Unfortunately, in the face of the cruel reality, the harder he tried, the more ridiculous the result was.

Now that he'd switched sides, Lin Yi was just a Mantis in his eyes.

In the face of the rolling wheels of the great trend, no matter how they tried to stop the chariot with their Mantis arms, they would eventually be crushed.

This so-called Lord of the sea with boundless prospects was destined to be a tragedy from the moment he entered the sword tomb!

What was even more amazing was that he, Li Yangzhong, had personally ended this ridiculous tragedy that had happened in the dark!

The bald man smiled. "He is indeed a joke destined to be made. What we have to do is to help him recognize this with the coldest reality. I think his expression will be very vivid when the time comes."

On the other side, Lin Yi, Xu Taiyi, and the others had already arrived at their next destination.

The sword Qi resources here were slightly worse than before, but it was still very impressive!

Xu Taiyi could not help but sigh. "It would be perfect if a trial could be opened here. The overall strength of the sword Pavilion would increase by at least several times, or even ten times!"

Wang hou and the others couldn't help but look at him.

The sword Pavilion was not weak to begin with, and if it were to increase tenfold, it would probably catch up to the sea goddess Hall. If that really happened, the power structure of the entire sea realm would be completely overturned!

However, he could only think about it.

The sword tomb could only be opened during the sword saint's inheritance. This was a rule that had been set since ancient times and no one could change it.

Otherwise, he wouldn't even need to say it. The sword Saints of the past generations would have already done it.

After sighing a few times, everyone's focus was still on absorbing the sword energy.

Lin Yi was still devouring the energy like a whale, and Xu Taiyi and the others weren't far behind. Their speed of absorbing the energy was still far slower, but as their connection with their swords deepened, it was a lot faster than their own.

This improvement was enough to surprise them.

Then, li Yangzhong appeared in front of them alone.

Xu Taiyi and the others paused for a moment when they noticed his appearance, but they didn't bother with him anymore.

This was very realistic. They wouldn't waste even a single breath of time on someone who was of no value.

Lin Yi, on the other hand, stood up first.

"Not bad. You're stupid, but you're still better than those three Blind guys. However, there's still a limit to how good you are."

Li Yangzhong sneered and took out his Gan Jiang sword. An unprecedented pressure descended on everyone's head, causing all the ancient swords nearby to hum as if they were crying.

"The complete Gan Jiang sword? How is that possible?"

Xu Taiyi and the others' eyes almost popped out of their sockets.

Not to mention how the Ganjiang sword suddenly appeared in Li Yangzhong's hands, it was actually an undamaged Ganjiang sword. It was simply out of the ordinary!

They'd been following Lin Yi for so long, and they'd only managed to restore their swords to around sixty percent.

Li Yangzhong had already lost his value, so where did he get such a fortuitous encounter?

This wasn't how you cheat!

Li Yangzhong laughed coldly, "you guys didn't think that a salted fish like me would have a chance to turn things around, right?" Hehe, I'll teach you a lesson now. Your so-called strength is not important at all. Only the choice you make at the critical moment will determine your fate!"

"You're making it sound like you're a high-class dog, aren't you?" Lin Yi raised his eyes.

Li Yangzhong's face turned black, "being a dog is better than being a dead man!."

He didn't give Lin Yi a chance to react after he finished speaking. The full power of the Ganjiang sword exploded. His entire body was instantly covered in cracks like he Chuxia.

This was a sign that his body's load had far exceeded its limit!

However, the difference was that the previous Ganjiang sword was not complete, and could only enter the evil spirit Mode with the help of the Moxie sword's ability.

And now, the complete Gan Jiang sword, even without the Moxie sword's support, the power it could unleash far exceeded that of the evil spirit.

Chapter 10204

The aura of death that leaked out from the cracks in his body was no longer dense. Instead, it had turned into terrifying lightning. The visual impact of Li Yangzhong's current appearance was even greater than he Chuxia's in her evil spirit Mode!

"God of War Mode, activate."

Li Yangzhong laughed coldly and licked his lips. Under the flashing lightning, his face looked extremely ferocious.

In the next instant, he appeared in front of Lin Yi, his sword slashing through the air like a bolt of lightning. Even though Lin Yi had already drawn his sword to block it, he was still sent flying.

The strength of their powers were not on the same level at all!

"You're just an ant that I can easily kill now. Do you understand?"

Li Yangzhong laughed and chased after him.

Xu Taiyi and the others were left in shock. So Lin Yi wasn't exaggerating-damage immunity between teammates could really be broken!

The unbelievably strong Lin Yi was beaten up by li Yangzhong, a weakling they didn't even look up to. The crowd was shocked, but they also felt that it was magical.

All of them subconsciously looked at the ten great swords in their hands.

If he could also repair his own, the power he could unleash would probably not be any weaker than li Yangzhong 's. It might even be stronger!

However, the moment this fanatical thought appeared, it was extinguished by the ruthless reality. Even if li Yangzhong didn't point his spear at them, they were still far from being complete.

Based on the current situation, it would be very difficult for them to have such an opportunity again.

However, what surprised them was that even though the situation was one-sided, Lin Yi couldn't find a single chance to fight back in front of li Yangzhong in his Ares mode. He was basically a human sandbag.

But other than looking a bit embarrassed, Lin Yi was still able to block normally, as if he didn't suffer any substantial injuries!

"Is this guy a monster ..."

Everyone was shocked by Lin Yi's insane resistance to attacks.

What he didn't know was that tough skin was just one of the most insignificant traits of Lin Yi's God Body.

After some time, Li Yangzhong finally reacted. However, he was still unconcerned, ""You're just a human sandbag that can take a beating. I'd like to see how long you can last!"

After he finished speaking, his attacks became even more intense.

Lin Yi's attack and defense had increased yet again, and from the perspective of a bystander, Lin Yi's situation was getting more and more dangerous.

However, Lin Yi's face didn't change much.

There was no other reason. No matter how the other party went all out, the upper limit of his strength was destined to be unable to break through the basic defense of the divine body. To put it bluntly, it was impossible to break through the defense.

Even if he could, the damage was nothing more than a scratch to Lin Yi. It wasn't even as fast as his self-healing.

In fact, if it wasn't for the fact that his strength was sealed by the sword tomb, any of the top combat forces in the sea realm could escape unscathed from Li Yangzhong's so-called Wargod mode.

A complete Ganjiang sword was powerful, but it wasn't so powerful that it was completely beyond common sense. Otherwise, the sword Saints who had mastered the rules of the sword wouldn't just be at the top of the sea, but would directly kill indiscriminately.

Of course, another more important reason was that no matter how strong a weapon was, it was still controlled by the person.

If the user's level was not high enough, only 20 - 30% of the power could be unleashed, which could only be said to be a waste of God's gift.

Li Yangzhong, on the other hand, didn't realize the cruel reality at all. He was still immersed in the illusion of beating Lin Yi up in all aspects, feeling so satisfied that he couldn't stop himself.

Then, he gradually realized that the situation was getting out of control.

The seven Star Dragon Abyss sword was in Lin Yi's hand, and a huge Dragon's Shadow soared into the sky. Li Yangzhong in Ares mode was sent flying back by Lin Yi's sword!

Everyone was shocked.

Xu Taiyi and the others could tell that Lin Yi still had energy left, but they didn't expect it to be to this extent!

If it was any one of them, even if they weren't instantly killed by Li Yangzhong, they wouldn't have the strength to defend.

Not to mention other things, the terrifying power of a completely dry sword was like a large-caliber revolver in the secular world. Even if it fell into the hands of a child, it was terrifying enough.

"Damn, he's a monster."

Wang Hou couldn't help sighing from the bottom of his heart. Xu Taiyi and Wei Yu'er, who were standing beside him, silently nodded in agreement.

"Impossible! That's impossible!"

Li Yangzhong climbed up from the dust, his face filled with disbelief, "You're just a half-baked Seven Star Dragon Abyss sword, how can you defeat my complete Gan Jiang sword? It must be an illusion!"

As soon as he finished speaking, Lin Yi caught up with him with his sword and sent another Dragon Shadow at his face.

Compared to the previous Dragon-shaped shadow, this Dragon Shadow was obviously much more solid, almost completely materializing. Its power was increased by more than ten times!

Li Yangzhong was caught off guard and was sent flying into the ground.

This was not all.

Lin Yi didn't say a word and went down with his sword, and a series of explosions followed. Even the sword tomb, which was a dozen miles away, was shaking.

Xu Taiyi and the others looked at each other, their eyes twitching.

It was too brutal.

In the distance, the child who was watching the scene through his field of vision could not help but have his eyes light up. "As expected of a person who can enter my eyes. With less than 90% of the seven Star Dragon Abyss sword, he can actually exert a power comparable to the complete form. The person opposite is really a piece of trash compared to him."

Frankly speaking, Li Yang's talent was not outstanding and could only be considered average.

However, this was only relative to the other disciples of the Sword Garret. If he were to be placed outside, his talent in sword doctrine would definitely be considered first-class.

It was a pity that he was just a first class normal practitioner-he wasn't even worth mentioning in front of Lin Yi.

The two were in completely different dimensions.

Although the sword was almost completely repaired, Xu Taiyi and the others knew that the further it was repaired, the more sword Qi resources it would consume.

The last ten percent required more sword Qi than the total amount before!

Only when they were fully recovered would they be able to unleash the true power of the ten great swords. This kind of power was far beyond what they could compare to when they were half-baked.

That was why Li Yangzhong was so confident. However, who would have thought that he would still be able to kick an iron plate ...

The fierce-looking bald Ye Qiyuan echoed from the side, "Lin Yi's performance was indeed amazing, and from the looks of it, I think he has the right to inherit the sword rules, but he still has to pass the last test."

Thinking of the other party's arrangement, the child's eyes flashed with hesitation. ""This seems to have deviated from the original intention of a fair selection. Is this really good?"

Chapter 10205

According to the rules since ancient times, every Sword Saint selection was a fair competition between ten people. Whoever could lead his teammates to victory and bring out the full power of the ten famous swords first would be the next Sword Saint.

But this time, not only did ye Qiyuan, the sword Saint, join in, but under his guidance, all the pressure was directed towards Lin Yi.

Without a doubt, this was a serious violation.

If it was in the past, it would have been forcefully stopped.

However, for some unknown reason, the child believed ye Qiyuan's words. Even though he faintly felt that something was not quite right, he still obeyed the other party's wishes in the end.

It was terrifying!

With his status, how could he possibly follow the will of a mere human cultivator?

Even if ye Qiyuan had the identity of the current Sword Saint, to him, he was at best just a temporary power tenant. Only he was the true master of power. To be more precise, he was the power itself.

For the sword Saints of the past, he would not even show himself, let alone obey them. There was no human communication from beginning to end. He would just wait for you to die and then find the next one.

Only when facing ye Qiyuan, not only did he communicate with him a lot, but he also gave him decision-making power that the sword Saints of previous generations dared not even imagine.

Why was this so?

The child glanced at Ye Qi Yuan, who was respectfully accompanying him at the side. The moment his suspicion appeared, it was completely suppressed by an even more solid trust.

Ye Qiyuan smiled. "As long as you believe that he is suitable, he will definitely be able to pass the test. After all, you can't judge people wrongly."

Without any doubt, the child immediately nodded. "Then you can go."

"As you wish,"

Ye Qi Yuan smiled and got up to leave.

At the same time, Lin Yi and Li Yangzhong's battle had entered the White heat stage.

Compared to the one-sided situation at the beginning, at least from the current situation, the two sides seemed to be evenly matched.

However, Xu Taiyi and the others knew that the situation was still one-sided, but it was the complete opposite from the beginning. The situation was now completely on Lin Yi's side.

In this short period of time, the seven Star Dragon Abyss sword in Lin Yi's hand was still absorbing the sword Qi, and it was only one step away from completing its form.

Although Li Yangzhong would never have thought that way, he had already started to realize that if this continued, he would be the one who would die!

"What a joke! I've clearly turned the tables, how could I still lose to this dog shit Sea King!"

Li Yangzhong was furious.

Almost at the same time, the sound of an ethereal zither could be heard. The death energy within a radius of tens of miles quickly surged into li Yangzhong's body under its control. Li Yangzhong's consciousness was instantly drowned out and he went into a berserk state.

"Is he trying to squeeze the last bit of value out of the chess pieces?"

The moment Lin Yi was sent flying, he understood that li Yangzhong was the same as he Chuxia. Although he was still in a berserk state, he was already a dead man.

This crazy overexertion would cause even him, who had a divine body, to suffer a great loss, let alone li Yangzhong. To other cultivators, it was like burning their life force.

"What's the situation?"

Xu Taiyi and the others were also bewildered. They could also sense an ominous feeling from the sound of the zither. Not only did li Yangzhong suddenly lose control and go berserk, but even they were also showing signs of stirring!

BOOM! BOOM! BOOM!

A series of explosions came from below.

Every explosion meant that Lin Yi took a critical hit that was enough to kill him a few times over, but it still couldn't break through the divine body's defense.

The trump card that was related to the word 'God' was just so ridiculous.

Luckily, Li Yangzhong had already lost his consciousness. If he was still conscious, he would have started to doubt his life.

But Lin Yi wasn't completely free of worries.

Although the threat of Li Yangzhong was limited, he knew from the start that his real enemy was not this kind of small fry. Compared to the enemy he was going to face, Li Yangzhong was nothing.

What he was truly concerned about was how an existence like the other party would appear!

Li Yangzhong paused for a moment before letting out a low roar and sending out another critical strike. This time, it didn't land on Lin Yi's body, but on the ground.

Immediately, the entire sword tomb was like an egg that had been cracked open. A huge crack spread out as if it had experienced a tremendous earthquake. Even Lin Yi couldn't help but be dumbfounded.

"What kind of strange power is this?"

Xu Taiyi and the others were completely dumbfounded. They would have been drenched in cold sweat if that attack had landed on their heads.

Lin Yi's focus wasn't on this.

After the sword tomb had split open, the sword Qi that had been buried in the deepest part of the tomb suddenly found a breakthrough point and gushed out of the crack like lava. The density and quantity of the sword Qi were at least ten times more than what everyone had discovered before!

For a moment, the entire sky above the sword tomb was filled with sword Qi. It was a spectacular scene!

Everyone was dumbfounded.

After a long time, Xu Taiyi faintly said, "With so much sword Qi, it should be more than enough to completely repair all ten famous swords, right?"

"Probably,"

Wang hou, who was standing at the side, deeply agreed, and even Wei Yu 'er silently nodded.

What was even more bizarre was that they didn't even need to do anything. The vast amount of sword Qi above their heads had already gathered towards the ten great swords in their hands, fighting to be the first to enter.

The speed was so fast that it even exceeded Lin Yi's previous whale-swallowing mode.

Each sword was being repaired at a speed visible to the naked eye, and in less than ten breaths, they were all repaired.

The clear Sable sword, the Tai 'a sword, and the Yuchang sword.

Including the seven stars Dragon Abyss and the chunjun sword, they were all restored to their original states!

Even Lin Yi couldn't help but Mutter, "This is really ... A big deal ..."

Including the general-killing sword in Li Yang's hands, six of the ten great swords had already been completely repaired. As for the remaining Four Swords, including the Moxie sword, they were no exception.

As expected, after Lin Yi activated the full strength of the Qixing Longyuan and easily sent Li Yangzhong back into the ground, the three people who had never shown their faces before finally appeared.

The scene instantly fell silent.

Lin Yi looked at the Baldy in front of him, deep in thought. "It doesn't seem to be the first time we've met."

Chapter 10206

Everyone could not help but look at each other.

Ye Qiyuan raised his eyebrows slightly. "Your question is a little strange. We entered the sword Qi passage together. It's naturally not the first time we met."

"Really?" Lin Yi looked at him deeply. However, my memory isn't very good. If it's just an insignificant meeting, I'm afraid that you're not enough to leave an impression on me.

I have a strong feeling that you and I have met before that, and it was a meeting that left a deep impression on me. I wonder if you can give me a reminder?"

Ye Qiyuan laughed. "Then I can't help you even if I want to. Although you're a very popular and important person, I can't just climb up the ladder without any integrity, right?"

"That's true. "

Lin Yi nodded, but he was more certain now. He still couldn't tell the man's true identity, but a strong instinct kept reminding him that this man was very dangerous!

With a glance, he saw that the remaining four of the ten great swords were in the hands of the three people opposite him.

Mo Xie, Chi Xiao, Cheng Ying.

There was also the publicly acknowledged head of the ten great swords, Xuanyuan.

Just as everyone had expected, these four Swords were all complete.

The ten great swords had arrived at the scene together, each of them exuding a terrifying pressure. Even though everyone's strength had been sealed by the sword tomb, the powerful aura that surged from each other still presented a scene of the end of the world.

Ye Qiyuan said lightly: "after laying the foundations for so long, it's finally time to reel in the net. I think you should have long been mentally prepared, right?"

Lin Yi slowly picked up the chunjun sword beside him and exchanged it with the Qixing Longyuan, "You've got quite a big team, but even if you have a good-for-nothing on your side, it's still only four against four. I'm curious where you get your confidence from."

Although it was said that any cultivator who had obtained one of the ten great swords, especially one who had obtained the complete set of the ten great swords, should not be underestimated in theory, the gap between different cultivators was still as wide as the sky and earth.

Even though the other side managed to get li Yangzhong to defect, his performance just now proved that this guy's Foundation was too mediocre. Even if he had the complete Ganjiang sword, it was nothing.

In terms of individual battle prowess, he was far from being able to compare to Xu Taiyi and the others.

"Four-on-four?"

Ye Qi Yuan laughed profoundly, ""That's a little surprising. I thought that you would be invulnerable in every way to get to where you are today. It turns out that you also have times when you can't understand the situation."

Lin Yi looked at the group. "You mean, they will also stand on your side?"

"Since li Yangzhong can forsake the darkness for the light, it's not strange for these smart people to make a wise choice, right?"

Ye Qi Yuan said with a smile that was not a smile.

"That's hard to say. "Lin Yi didn't seem to care.

It was not that he was confident in his relationship with Xu Taiyi and the other two. Strictly speaking, even though they were teammates, their relationship was far from harmonious. On the contrary, they were more cautious.

This was a normal situation-no matter where a powerful outsider like Lin Yi came from, they'd be the first to be targeted.

However, it would be a different story if Xu Taiyi and the other two were to stand on the opposite side like Li Yangzhong.

The reason was simple. They were not fools.

Staying with Lin Yi was a huge pressure for them too-as long as Lin Yi was there, their chances of winning and getting the rules of sword would be very limited.

But at least, this possibility still existed.

On the other hand, it would be completely impossible for them to defect at this time.

As expected, Xu Taiyi shook his head indifferently. "Forgive me for my poor eyesight, but I really don't see what's so wise about surrendering to the enemy at this time. Why don't you junior brothers teach me?"

Wang hou sneered. "You're just a murderer who was chased to the end of his rope. If the sword Garret didn't take you in, you'd be dead by now. I really don't understand your confidence, Baldy."

As for Wei Yu 'er, she only gave ye Qiyuan a deep look, as if she had sensed something, but she did not have the intention to speak.

Ye Qi Yuan revealed a playful smile, "I can understand your feelings, but unfortunately, most of the things in life are not what you want. Many times, it is not something you can choose for yourself, such as now."

Xu Taiyi and the other two's expressions changed at his words.

A powerful will emerged from the ten famed swords in their hands, charging into the depths of their sea of consciousness. In the blink of an eye, all of them became stupefied, losing all their previous vigor.

Lin Yi blinked.

"It's a complete set of the ten great swords. Since they've experienced one, they should pay a decent price. I don't think that's strange, right?" ye Qiyuan said.

"This is all part of your plan?" Lin Yi frowned.

The ten famous swords of the ancient era were all within his calculations, and the scale of his actions was truly terrifying.

"It's just an insignificant little trick. I'm sorry to have embarrassed myself in front of King hai hai. "

Ye Qi Yuan indifferently waved his hand and said, ""It seems to be seven against one now. I wonder what King hai hai is thinking?"

Lin Yi couldn't help but narrow his eyes.

If it was four against four, he naturally wouldn't feel guilty at all. However, it suddenly became one against seven. Even if he had a super trump card like the divine body, he couldn't be as confident as he was at the beginning.

However, this did not mean that there was no chance at all.

"Let's fight first,"

Lin Yi held the seven stars Longyuan sword in his left hand and the chunjun sword in his right. He took the lead and rushed towards the opponent's position. The speed that exploded in an instant made the rhythm of the entire scene jump!

The bald ye Qiyuan did not seem to have reacted. He stayed in the same place and looked at him quietly, without the slightest intention of retreating.

BOOM!

Just as the two swords were about to land, two swords came out from the left and right, blocking Lin Yi's attack.

The people who had come to their rescue were the emotionless Xu Taiyi and Wang hou.

The strength of these two was far beyond li Yangzhong 's. If it was the latter, he wouldn't be able to withstand Lin Yi's real attack even if he was already in a berserk state under the Ganjiang sword.

Xu Taiyi and Wang hou, on the other hand, not only took the full brunt of Lin Yi's attack, but they even had the strength to counterattack!

This was not all.

Just as the two were parrying, Wei Yu 'er appeared behind Lin Yi silently with her Yuchang sword in her hand, and with a turn of her hand, she slit Lin Yi's throat.

In terms of assassination, the fish intestine was the best of the ten famous swords!

The weird thing was that this attack, which would've decapitated any other physical body Master, only left a shallow mark on Lin Yi's neck.

The skin was not even broken.

This time, even Ye Qi Yuan, who had everything under control, could not help but reveal a shocked expression.

Chapter 10207

As the current Sword Saint, his physical strength was naturally not weak. He was one of the strongest physical body experts in the entire sea area. However, even the strongest physical body expert he knew could not achieve such an exaggerated effect.

If one cultivated some special physical cultivation technique, it was possible to achieve the so-called invulnerability when facing the assassination of ordinary weapons.

But this was the Yuchang sword!

The key was that this was the complete Yuchang sword. To be reasonable, how could there be a body that the Yuchang sword could not pierce through?

"Could it be the legendary divine body?"

As soon as this thought appeared in Ye Qi Yuan's mind, it was immediately eliminated without hesitation.

One couldn't blame him for being so decisive. The divine body was one of the core symbols of an existence in the immortal state. Even the strongest Supreme realm expert below the immortal state would not be able to cultivate it successfully. This was an iron law that was acknowledged by the entire sea realm.

In the past, there had been many talented physical monsters who didn't believe in heresy and tried all the possible ways. The result was that all of them had been defeated without exception.

Even though everyone had speculated that it would take six breakthroughs to reach the embryonic form of the divine body, it didn't sound too different from five breakthroughs.

However, between the fifth and sixth time, there was a divine barrier that no one could cross.

Including ye Qiyuan, the current Sword Saint, no one knew how to break through this invisible barrier. The only speculation was that one had to truly step into the immortal state to have a possibility of breaking through.

But this Lin Yi in front of her, no matter how she looked at him, he didn't seem to be God state at all!

But then again, if Lin Yi really was an immortal state warrior, he would be a dead man by now. After all, no matter how good-tempered an immortal state warrior was, he wouldn't let an ant under immortal state plot against him.

Lin Yi seemed to have seen through his surprise. He calmly blocked the attacks from the three as he spoke.

"Someone once said that after eliminating all the impossible, what remains, no matter how hard it is to believe, is the truth."

Ye Qiyuan's eyelids twitched and he immediately sneered, ""You're bluffing. "

"Don't misunderstand me," Lin Yi replied faintly, " I just guessed your identity, the current Sword Saint. "

"....."

Ye Qi Yuan's expression immediately darkened.

He'd expected Lin Yi to figure out his identity, but it made him feel like he was losing control of the situation.

"It seems like I guessed right."

Lin Yi couldn't help but sigh.

In fact, he had already guessed this from the moment he had come to the sword Pavilion, because Madam Qing had given him a piece of advice before he had come.

Sword Saints could not be trusted.

Although he didn't understand the specific meaning behind this sentence at the time, after entering the sword tomb, he had seen all kinds of strange things. Especially after seeing the big work of the ten famous swords gathered together, it would be strange if he still couldn't guess it.

"Fine, you'll find out sooner or later anyway."

Ye Qi Yuan smiled and waved his hand, "It doesn't matter. No matter how much a person who is destined to die knows, it's still meaningless. What do you think?"

Lin Yi shook his head, "I don't agree with you on that. My life is still pretty tough. Even with your title as a Sword Saint, it won't be easy to take it away."

As he spoke, the seven stars deep dragon Sword and the chunjun sword in his hands burst forth with full force. With a loud boom, Xu Taiyi and Wang hou were hammered into the ground, and Li Yangzhong was knocked over.

Immediately after that, he gave her a back kick. As he dodged Wei Yu 'er's surprise attack, he kicked her a thousand meters away, breaking countless ancient swords along the way!

Pa! Pa! Pa!

Ye Qiyuan gently clapped his hands. "You're indeed a person who can stir up the entire sea area. Even when your strength is sealed, you still have such an amazing performance. If it wasn't for the fact that the plan can't be changed, I can't help but want to take you in as my disciple."

"Don 't. It's too risky to be your disciple. I don't think I can handle it."

Lin Yi said as he glanced at the group.

These people were the best among the disciples of the Sword Garret, and they were the most outstanding disciples that the other party was proud of. Unfortunately, after using them this time, they would not be left alive.

They were the same as he Chuxia and the ancient immortal. From the moment they entered the list of ten people, they were destined to be buried as sacrifices.

Ye Qiyuan naturally heard the sarcasm in his words, but he still did not take it to heart. ""It's their honor to die for me. Even if they had to choose, they would be willing to die for me. "

"I don't believe you. Why don't you try letting them go?"

Lin Yi's words made the man speechless.

Ye Qiyuan was naturally not so brainless. Once he released his control over Xu Taiyi and the others, even if it was really as he said and these disciples were willing to die for him, the sword Saint master, there would still be unnecessary variables.

Moreover, the human heart was unpredictable. Even if these were all his own sons, it would not be easy to make them willing to die.

"Seeing that you're doing this so easily, I can't stay idle any longer."

Ye Qi Yuan snorted coldly, and the two people who had been following behind him immediately attacked.

One of them was holding the Cheng Ying sword, while the other was holding the red Cloud sword. The power they unleashed at this moment was not any weaker than that of Xu Taiyi, the eldest senior brother of the sword Garret. In fact, they were even more brutal!

Four against one became six against one, and Lin Yi's pressure increased.

He'd just barely been able to maintain the balance, but now that the balance was broken, Lin Yi was in a dangerous situation.

Even if he had a divine body, it wasn't a long-term plan.

That was because the divine body consumed a large amount of physical strength!

It couldn't be seen in its normal state, mainly because while it consumed physical strength, its recovery speed was also quite fast. Normally, it could basically be self-sufficient like a perpetual motion machine.

However, once the strength was increased, it would immediately become insufficient.

It would be fine for a short time, but if he was forced into a high-intensity protracted battle, his stamina bar would be almost completely depleted.

If he fell into that situation, even someone as strong as Lin Yi would be in a desperate situation, unless he gave up everything and escaped to the New World. At that time, not only would it take a lot of trouble to make a comeback, the New World itself would be exposed!

He wouldn't take that step unless he had no other choice.

"It's a little difficult. "

Lin Yi looked at ye Qiyuan, who was standing by and watching. This true heavyweight hadn't even made a move yet. At the moment, he was at the stage of clearing out the minions. If he was forced to use all his cards like this, then he would really be in a passive position.

Chapter 10208

Ye Qiyuan clearly saw Lin Yi's predicament as well, and he laughed lightly, ""To be honest, I'm impressed that you're able to do this. As for me, I'm afraid you don't have the right to do it myself. It's more like I'll let cruel malevolence do it."

"Oh, really? That's going to be difficult. After all, that guy is famous for being lazy. "

As Lin Yi spoke, he was once again sent into the ground by the combined attacks of the six swords. The combined impact was no small matter, and even his divine body was starting to crack.

It was a sign that it might not be able to withstand it and disintegrate on the spot.

"So, since you are not cruel malevolence, you should just accept your fate. That way, you will suffer less."

Ye Qiyuan smiled slightly, everything was within his plan. No matter how powerful Lin Yi's trump card was, at least in theory, from the moment they entered the sword tomb, all his advantages had been wiped out.

Even if there was something left, it would be of no use in front of such a formation.

At least in his eyes, since Lin Yi had already entered the trap, there was no chance for him to escape, not even a little bit!

"I'm sorry," Lin Yi suddenly laughed, "I've always been happy to suffer."

After he finished speaking, his aura suddenly skyrocketed, and circles of mysterious and powerful ripples spread out from his body. Even the dense ancient swords around him buzzed, and for the first time, they showed a kneeling posture!

Ye Qi Yuan's eyes twitched.

Although these ancient swords were dead, each of them was once a famous sword in the outside world. Even if their sword souls were damaged, their pride had long been integrated with their bodies, and they would not easily yield to anyone.

Even he, the current Sword Saint, had to rely on the Halo of the rule of sword to subdue them on such a large scale.

But now, they were all kneeling at Lin Yi's feet. How was this possible?

After a long time, two words came out of Ye Qi Yuan's mouth, ""God's arrival!"

All races were born with strong hearts, and weapons were no exception. All legendary weapons that could not be tamed had the same reason-they had not met a strong enough master.

The ancient swords buried in the sword tomb were only unruly to the weak. In the face of the true supreme power and existence, they were more tactful than any living creature.

After all, living creatures might be embarrassed by their emotions and face, but they wouldn 't.

Lin Yi wasn't a God-level being, but he was burning his faith and entering the God's arrival state. Just from the aura alone, he was like a real God!

In the entire sea realm, even those top-tier combat forces that were absolutely stronger than him, or even the top-tier combat forces, could not achieve a God's arrival that was purer than his.

BOOM!

With just a casual swing of the sword, the joint attack of Xu Taiyi and the other six had been broken through in the most overbearing and unreasonable way.

The six of them were sent flying, and all six of the ten famous swords fell from their hands and scattered on the ground.

"What a good" as if a God has arrived "!"

Ye Qi Yuan's eyes were ice-cold, this scene had completely exceeded his expectations.

In his design, the sword tomb could naturally seal all power, and naturally, it could also put an end to the ultimate move, such as the divine advent, which communicated with the power of the gods.

Don't forget, this was the exclusive territory of the rule of sword.

With the extremely high level of the rule of sword, even the gods had to be forbidden from entering!

This had nothing to do with the strength of one's power, but rather the innate ranking of one's level. The rule of sword was an extremely special type of rule power, and at least in terms of level, it was an existence on equal footing with other rules.

On the other hand, the so-called gods were essentially just super administrators of various rules.

Even if they had control over the usage authority, their level was still obviously lower than the rules themselves. Other rule powers could not set foot in the sword tomb, and the gods naturally could not!

Therefore, from the beginning, he had never expected to encounter such a scene.

What they didn't know was that it was impossible to activate God's arrival here under normal circumstances, but Lin Yi had the New World as a transit point, and the new World was an independent source of the world. Even if the evolution level was still low, it was still far above the sword laws!

The sword tomb could stop the gods, but it could not stop the New World.

Ye Qiyuan was the sword Saint of this generation, a Supreme figure who stood at the top of the sea. His vision couldn't be considered low, but in front of a freak like Lin Yi, he had to admit that his vision was indeed not high enough.

And the result of this miscalculation had directly led to the collapse of his entire plan!

Six complete ten great swords should be enough to completely suppress Lin Yi, but it wasn't enough to suppress Lin Yi in his God's arrival state!

After blowing away six people in one move, Lin Yi's next move was to slit Li Yangzhong's throat, starting from the softest part. Lin Yi's plan to break out of this situation was clearly written on his face.

Looking at Li Yangzhong's head that fell to the ground, Ye Qiyuan's eyelids twitched.

He heard the sound of children clapping and laughing!

This was completely different from the script he'd written in advance-he'd been trying to get the kid to pay attention to Lin Yi, and he'd been hinting that Lin Yi was the perfect candidate for the next Sword Saint.

But that didn't mean he was willing to give up his position to Lin Yi!

Lin Yi was just a smokescreen he'd carefully chosen, and he was destined to be a smokescreen!

"Do you really think that you can break out of this situation? Hehe, you're so naive. "

Ye Qiyuan suddenly threw out the Moxie sword beside him, but his target wasn't Lin Yi, but the center of the crowd.

Immediately, a powerful fluctuation spread out in all directions with him as the center, directly hitting the deepest part of everyone's soul.

"A song that breaks the liver and intestines, where in the world can I find a soulmate."

Following ye Qiyuan's words, Xu Taiyi and the other five people shed two streams of blood tears at the same time.

What followed was a terrifying increase in strength!

Although the individual strength increase wasn't as exaggerated as Lin Yi's God's arrival, it was still a sick level compared to the other well-known strengthening abilities.

Not to mention, the six of them added together was an exaggerated increase in strength. It completely wiped out the increase in strength brought by Lin Yi's divine arrival.

They were back at the starting line.

It didn't look like the situation was completely one-sided like before, but Xu Taiyi and the others clearly had the upper hand. Even if Lin Yi could still fight back, it would be difficult to turn the tables.

However, Ye Qi Yuan was still not satisfied.

At this rate, even if there were no unexpected changes, it would still take a long time to take down Lin Yi, but he didn't have the patience.

Chapter 10209

After all, his target wasn't Lin Yi-Lin Yi was just a cover, and the big fish behind it was his real target!

Ye Qiyuan wasn't worried that Lin Yi would be able to escape from his grasp, but it was still a long delay that could lead to trouble. No matter how many plans he had prepared, it was still hard to say if he had a hundred percent chance of success against his target, big fish.

"I'm almost done playing the game. Let's close the internet café. "

The Xuanyuan sword suddenly appeared in ye Qiyuan's hand, and almost at the same time, all the other ten famous swords became serious!

As the head of the ten great swords, the Xuanyuan sword was extremely precious. Its most important ability was to command other swords.

"I see," Lin Yi's heart jumped.

It was understandable for the others to be controlled by the other party, but Xu Taiyi had also become the other party's puppet without any struggle. This was the point that he had been most confused about.

Xu Taiyi was the eldest senior brother of the sword Garret, and in theory, he was the most influenced by the sword Saint. From the perspective of an onlooker, he was indeed the one who could be easily manipulated by the sword Saint.

But from Lin Yi's observations, this man wasn't as easy to get along with as he seemed.

His years of intuition told him that Xu Taiyi was actually the most villainous of all the people present. However, he did not expect that he would fall for the sword saint's trick so easily.

Now, it seemed that the key was the Xuanyuan sword.

"The ten famed swords are your bait. Whoever uses their power will be at your mercy. Am I right?"

Lin Yi asked, testing the waters.

Ye Qi Yuan nodded his head honestly, ""That's right. There's no such thing as a free gift in this world. When it was given to you, it was already marked with a price, right?"

Lin Yi raised a brow. "Here's the question. I've also used the full power of the ten famed swords. Why am I not affected?"

Ye Qi Yuan smiled. "Someone has to be the villain in such a Grand scene. Otherwise, wouldn't it be too boring?"

"Are you talking about yourself?"

Lin Yi said, unable to continue testing him.

From the very beginning, he had already found it difficult to deal with Xu Taiyi and the other five, who had been enhanced by Qin Song. Now, under the guidance of the Xuanyuan sword, every movement of the six of them was coordinated as if they were a whole.

Even if he was standing on the opposing side, he couldn't help but exclaim in admiration at their perfect cooperation!

Of course, it wasn't entirely the work of the Xuanyuan sword.

The Xuanyuan sword could command the ten famous swords, but the one who was really controlling all this behind the scenes, the one who controlled the six people so smoothly and impeccably, was ye Qiyuan.

In his hands, the six of them had been reduced to a sword formation that he could control like his arms and legs. He could exert great power with just a raise of his hand!

Lin Yi thought that he had dabbled in the art of the sword, and as his horizons grew, even if he wasn't at the level of a Grandmaster, he was at least at the next level.

However, at this moment, facing ye Qiyuan's unique sword array, he suddenly realized that he did not know how to play it.

It was a sword formation formed by six people, but the scene in Lin Yi's eyes was overwhelming and ever-changing.

No matter what he did, there would always be ten thousand ways of escape waiting for him.

At first, he could still rely on his ignorance to fight back, but as time went on, even Lin Yi couldn't help but break out in cold sweat.

The frequency of Lin Yi's attacks was getting lower and lower, and after half an incense's time, Lin Yi just stood there, completely unable to keep up with the opponent's rhythm. He didn't know what to do at all.

Despair.

In the past, no matter how strong and invincible his opponents were, no matter if he could win or not, Lin Yi had never lost his confidence.

But this time, he felt an unprecedented sense of powerlessness and despair. No matter what you did, the other party would always have thousands of tricks up his sleeve. All your struggles were in vain.

"Looks like I've overestimated you. With your talent, you're not even worthy of carrying my shoes. How can you expect to be the next Sword Saint?"

Ye Qi Yuan shook his head in disappointment.

The more Lin Yi looked like he was in trouble, the happier he was, but he wasn't faking his disappointment.

Ambition was one thing, but the loneliness of an expert was another.

In the sea realm, there were still the high priest and cruel malevolence who were at the same level as him, but the others were not experts in sword principle. At least in sword principle, he was the only one who could defeat.

He'd thought that Lin Yi, a new king who also used the sword, would be a challenge to him, but it seemed like he'd been wrong.

In his eyes, Lin Yi's sword skills were far from outstanding.

Although he had mixed in a few moves of the "Antelope hanging horn style", they were basically all conventional moves. They might be better than those sword Garret disciples who were not worthy of his attention, but there was a limit to their good.

He was just mediocre.

This was the final definition ye Qiyuan gave Lin Yi.

With a single thought, the six-man sword formation instantly turned murderous without any probing attacks. Every move was aimed at Lin Yi's vital points, and there were at least a hundred fatal attacks in a breath's time. Every single one of them was impossible to defend against!

Even with his God body's defense, Lin Yi was still in danger.

After all, these were the attacks from the ten famed swords in their full forms, and each block consumed a huge amount of his divine body. As time went on, it wasn't that his divine body couldn't take it, but his stamina was running out!

Lin Yi could feel his stamina bar quickly depleting, and he was about to hit the bottom line of maintaining his God Body.

Once the bottom line was crossed, the divine body would be unable to continue, and everything would be over.

"You're just going to accept your fate and wait for death?"

Ye Qiyuan's eyes flashed with a trace of disdain. Before this, for his ambition, he had praised Lin Yi in front of the children, but in the depths of his heart, he never saw Lin Yi as a real opponent.

He was just a chess piece.

However, seeing that Lin Yi was in a desperate situation, ye Qiyuan's face couldn't help but reveal a look of anticipation. Everything that had happened so far was just a careful preparation. The real show that he had been waiting for a long time was coming!

As expected, just as he planned for the six-man sword formation to give Lin Yi the final blow, a towering sword Qi burst out from Lin Yi's body without any warning!

As soon as the sword Qi appeared, the natural aura of the entire sword tomb instantly converged to show respect and submission.

Xu Taiyi and the other five were sent flying hundreds of miles away!

Ye Qi Yuan's lips could not help but curve into a proud arc. ""My Lord, you're finally here."

Lin Yi was the same as Xu Taiyi and the other five-he had a blank expression on his face, as if he had lost his will. The aura around him was extremely natural and pure.

This was not an aura that any human cultivator could possess, but an existence that was closer to nature.

Chapter 10210

Until Lin Yi's face was covered by a small floating face.

It was the child who was with Ye Qi Yuan before!

The child seemed particularly angry. "This is different from what you agreed on. If you only let the others target him, I can treat it as a special test for him. But you're going against the rules by doing it yourself!"

Ye Qiyuan smiled. "Sir, you're right. I did break the rules. However, from the first day I became a Sword Saint, I've been thinking about how to change the rules here."

After all, you're the only one who has the final say. It's a little too boring, don't you think?"

The child's expression turned cold. "This is my territory. I have the final say in all the rules. Even if you are the sword Saint of the previous generation that I acknowledge, you have no right to make irresponsible remarks."

"The previous Sword Saint?"

Ye Qiyuan grinned and shook his head. "What an ear-piercing word. It sounds like I'm just a piece of rag. I deserve to be thrown away by you after you're done using me. Right, Lord rule of sword?"

If Xu Taiyi and the others were still conscious, they would have been shocked to death upon hearing this.

This child was actually the embodiment of the rule of sword!

The child's face revealed a shocked expression as he looked at him in disbelief. ""You actually want to change the rules of the sword saint's inheritance? Every generation of sword Saints had promised me before they succeeded the position that they would obediently pass it on to the next generation of sword Saints. You actually want to go back on your word?"

"Is it strange for a human to go back on his word?"

Ye Qiyuan looked at him like he was an idiot. ""Why do humans need to cultivate? In order to live forever, I've gone through so much hardship and finally made it to this day. What makes you think I'd be willing to die?"

The child was stunned for a long time. The Mutual Deception that humans were used to was obviously out of his League.

Although the rule of sword had existed since the beginning, it had not been that long since it had developed its own intelligence, especially for him, a child-like manifestation. It had existed for a very short time, within the last hundred years.

It was also because of this that he trusted Ye Qi Yuan so much, because Ye Qi Yuan was the first human he had ever seen, and also the only human!

He had never thought that humans could lie.

"But you can't withstand the impact of my power," the child said, stunned. "Even if you want to go back on your word, you don't have the ability."

"The sword Saints of the past didn 't."

Ye Qiyuan nodded. The backlash from the rules of sword was all-encompassing. If it were to be carried out normally, no matter how ambitious he was, he would not have the ability to do so.

"But who asked me to meet you?"

Ye Qi Yuan could no longer hide his pride. ""You're the embodiment of the rules of the sword. As long as I replace you, I'll be able to control the rules of the sword forever!

This is a chance given to me by the heavens. From the day you appeared, I've already planned for today!

You and I will eventually become one, and you should feel honored. After all, after becoming a part of me, you won't be as stupid as you are now. "

"Become a part of you ..." He said.

The child couldn't help but feel a chill down his spine.

The other party was obviously not joking. He really wanted to take over The Magpie's Nest, or even go one step further and become the complete master of the rules of sword.

At that time, he would forever be cut off from the harsh words of the previous generation's Sword Saint, and he would be above all the experts of the sea realm, becoming a Supreme existence on the same level as the gods.

He had even thought of a name.

The eternal Sword Saint!

From now on, he, ye Qiyuan, would be the only Sword Saint in the world!

The child was completely stunned. From what he knew, the other party had been the most submissive servant ever since he was born. Everything he did and said was just to suit his own wishes.

He had never expected that this person would have such wild ambitions!

"Ignorant fellow, you, a human, actually want to replace me. Even if you are arrogant, there should be a limit, right?"

The child felt betrayed for the first time. This unfamiliar emotion made him somewhat afraid, but also extremely angry.

The sword Qi surged, and all the ancient swords clanged in unison, roaring angrily for their master.

However, in the face of this scene, ye Qiyuan did not panic at all. Instead, he shook his head and laughed, ""You haven't seen a show where the lower jinxes the upper, and you can't stand it? It's good to be angry, I'll have a better chance. "

The child's face darkened. "I am the rule of the sword, the source of all sword soul abilities. Even you, the current Sword Saint, have been given the power by me. Do you really think you can resist me?"

"Tsk, tsk. You're still so naive. You really haven't been beaten by society."

Ye Qiyuan pursed his lips and said with a smile that was not a smile, ""Do you know why I'm trying so hard to lure you into Lin Yi's body?"

The child was stunned, and his expression changed drastically. He finally realized that something was wrong.

Before this, under ye Qiyuan's various hints, he was already very satisfied with Lin Yi and had basically decided that the next Sword Saint candidate must be Lin Yi.

It was also because of this that he took over Lin Yi's body decisively when Lin Yi was in a desperate situation, preparing to use this method to save him!

This was not a problem.

He was the rule of the sword, and the entire sword tomb was his home field. In theory, he was the God here, and he could do whatever he wanted with ease.

Let alone a Sword Saint who relied on him to obtain his strength, even if all the top combat power of the entire sea realm were here, they would only be courting death.

Those who weren't at the true God Realm couldn't pose any real threat to him.

But now, he realized that Lin Yi's body had become a cage. Even with his strength, he couldn't break free!

"What did you do?"

The child was truly panicking now.

He had never been to the outside world, nor had he ever interacted with cultivators from the outside world. When had he ever experienced such a scene?

One had to know that all of his confidence was built on the home ground of the sword tomb. As long as he was on the home ground, he would always be in an undefeatable position.

In fact, as an existence on the same level as the origin rule power of other worlds, even without the sword tomb, the rule power of the sword itself was an undying and indestructible transcendent existence.

However, the problem was that there was a possibility that his spiritual intelligence, which had been born in the past hundred years, could be wiped out.

Ye Qiyuan's goal was obvious. He did not want to erase the rule of sword, but he wanted to control the spiritual intelligence of this manifestation and then completely master the rule of sword!

In order to do this, there was a basic premise, which was to isolate him from the sword tomb.

Once the isolation was formed, the child would no longer be able to merge with the rule of sword, and he might be killed. Naturally, he might be replaced by ye Qiyuan!
