

Bodyguard 10401

Chapter 10401

people who use poison are the most poisonous monsters. It's their daily routine to poison themselves to death.

"dismembering the body is a piece of cake for them."

having said that, jianghai academy's joint fate six-man team was still drenched in cold sweat from fear. based on the characteristics of the joint fate, once li jingning was eliminated, they would be eliminated as well, without even a chance to struggle.

Looking at li Jingning, who had been dismembered and reborn, Wang Yanqing said faintly, "If I had taken that blow myself, I would have been dead."

As the ability provider, he could empathize with them.

Even if he could be dismembered and reborn in theory, if he relied on himself, the greatest possibility was that he would not be able to withstand the suppression of the saber intent that came with the other party's saber Qi. He could only struggle in pain and would not be able to return to his original state no matter what.

just thinking about that scene was enough to make one's blood run cold.

Lin Yi's voice suddenly sounded in their consciousness, "i've seen the strength of your batch's ceiling. is it my turn next?"

li jingning and the others were silent for a while, but in the end, no one retorted.

They had their pride, and even if they knew that it would be much more effective if Lin Yi fought on their behalf, they wouldn't be happy if they ended up as Lin Yi's human puppet for the entire freshmen competition.

but now, qin shizhen's simple flash of blade qi had cut off all of their unrealistic thoughts.

Li Jingning slowly raised his head and looked at Qin Shizhen, speaking in Lin Yi's tone.

"i should be thanking you."

Qin Shizhen looked at him and assumed the stance of a new macheteman. He replied with three words, "you're welcome,"

As the two of them were talking, a long arrow whistled through the air. It was Ren Yuxing, who was a thousand miles away.

Li Jingning, Lin Yi's wielder, was in a terrible state, but he didn't even look at the arrows. He only waved his hand like he was swatting a mosquito.

the long arrow stopped abruptly.

The entire place was dead silent.

In the laboratory, Harlin's eyes almost fell out of their sockets. "it's fake, right?"

the comments that had been full of all kinds of slander and ridicule instantly stopped. it gave people the feeling that the internet had been cut off.

Qin Shizhen's eyes narrowed. For the first time, he revealed a cautious expression, "You are a bit stronger than I imagined."

Of course, he knew that Lin Yi was playing on his behalf.

Li Jingning was dismembered in one move, but Lin Yi could easily kill him with a thousand-mile snipe.

to be honest, strictly speaking, the power of his saber qi was only stronger than ren yuxing's thousand-mile snipe.

However, the difference was not that great.

at the end of the day, the same power in the hands of different people would have a world of difference.

li jingning couldn't take a single hit from him, but it was a completely different story if lin yi took the hit.

For the first time, Qin Shizhen felt a sense of oppression that he had not felt in a long time.

"You are very strong."

qin shizhen calmly stated his evaluation. in a battle between experts, there was no need for any actual combat to be made. one could also make the most direct and accurate judgement.

The pressure he felt from li Jingning at this moment had far exceeded that of all the new students of his generation, including return to zero.

"it's a bit early to say that before we even fight," lin yi smiled.

As he spoke, his figure suddenly flashed.

In the next instant, he had already appeared above Qin Shi Zhen's head. His arms were like hammers as he smashed them down with a whistling sound.

Even with Qin Shizhen's strength, he did not have the chance to react and Dodge. He could not even raise his sword at the very least. In the eyes of the hundreds of millions of viewers in the live streaming room, he could only stand there dumbly and take the attack head-on.

boom!

Qin Shizhen responded on the spot and his entire body was hammered into the ground. A circle of dense cracks appeared around him, and it was a shocking sight.

the live broadcast room was in an uproar.

" he didn't even dodge. did he f * cking go easy on him? "

it doesn't look like he's going easy on his opponent. Perhaps Qin Shi Zhen is trying to test his opponent's strength and see if he can break through his defense? "

" bullsh * t! he's almost gone, so what's the point of breaking his defense! "

Song Zhong found it funny, but out of his responsibility as a commentator, he had no choice but to explain.

"it wasn't that qin shizhen didn't want to dodge, it was that he couldn't dodge at all. don't be fooled by li jingning's speed. his movement rhythm was just right at the point where qin shizhen couldn't react."

in a battle between true experts, every detail is calculated and calculated. If you only rely on your strength to crush them, that's a way to bully noobs.

"once i face a true expert, i won't even know how i died."

Qin Shi Zhen's fans obviously did not agree with this explanation. "In front of Qin Shizhen, is li Jingning worthy of being called an expert? even if there's someone helping to cheat, they'll only be able to gain a small advantage at most. the difference in strength is there, do you really think you can counterattack just because you want to?"

Song Zhong shook his head and did not bother to continue.

the following development of the situation caused qin shi zhen's fans to be speechless.

The shocking exchange just now wasn't enough to hurt Qin Shizhen, but at least from the looks of it, the six of them together and Lin Yi's help was more than enough to suppress Qin Shizhen.

however, lin yi's side wasn't that relaxed.

Qin Shizhen wasn't as impactful as return to zero, but the foundation he displayed was solid. It was something Lin Yi had never seen before.

the more solid the foundation, the less likely it was to reveal a flaw, and the less opportunities one could take advantage of.

Even though Lin Yi's grasp of the rhythm and details of the battle was obviously better than his opponent's, after Qin Shizhen had gotten used to it in a short period of time, the difficulty of taking advantage of him had increased exponentially.

One of the most obvious signs was that Lin Yi had to put all of his attention on him-the slightest distraction from the other opponents would make him lose the upper hand.

there was no helping it. this was the difference in raw power.

Lin Yi couldn't help but suspect that it wouldn't be that easy to completely crush him even if he didn't fight him from a distance but made him face him directly.

"You are indeed a monster."

Lin Yi gave a fair evaluation-at least among the new students, Qin Shizhen was the undisputed number one.

Everyone else had placed him on the same level as return to zero, but in his eyes, the difference between return to zero and Qin Shizhen was much greater than the difference between the other freshmen and return to zero!

The two of them could not be compared at all. Qin Shizhen was the one that stood at the top.

Qin Shizhen did not reply.

it wasn't that he didn't want to answer, but as lin yi's opponent, the pressure on him was at its maximum. even a slight distraction could destroy him instantly, let alone dealing with other people.

Chapter 10402

the higher lin yi's evaluation of him, the more pressure he felt!

it was rare for song zhong to look at the live broadcast with such a serious expression. he suddenly said, "it's almost over."

"....."

The audience in the live broadcast room was confused. Anyone could see that the battle had just entered the White heat stage. Why was it going to end here?

However, what happened next completely verified Song Zhong's judgment.

Qin Shizhen had just been fighting evenly with Li Jingning, Lin Yi's substitute, when his tempo suddenly increased by a huge amount, catching Lin Yi off guard!

This wasn't an increase in absolute speed or strength, but an increase in pure control of the rhythm.

Xia Wubing has finally started to intervene.

Song Zhong's words made the hundreds of millions of viewers in the live broadcast room come to a realization.

If Lin Yi from Jianghai College could play for him, then so could Xia Wubing from Dazhou College!

He had never used it before, but it was not necessary.

This was the difference between an instructor and a freshman.

Even though all of them thought that Qin Shizhen's control of the details was impeccable, there was still a visible gap between them and what they were seeing now.

With Xia wubing's strength, the originally balanced situation began to tilt in the favor of Jianghai Academy.

After all, the opponents they had to face were not just the Dazhou Academy.

while lin yi and qin shizhen were fighting, the rest of the team was surrounding the jianghai school team.

Lin Yi's multitasking was able to stabilize the situation for now, but once Qin Shizhen increased the pressure, it'd be hard for him to keep the situation under control.

If things continued to develop in this manner, it was only a matter of time before a flaw appeared.

"due to the fact that all six of them share the same fate, if any one of jianghai's students were to break through, it would cause a chain reaction that could lead to a complete loss."

"This is Jianghai Academy's toughest time," Song Zhong replied, "a six-man team is still far from their limit. As long as they can hold on until the seventh person appears, they might be able to secure the decisive victory."

Other than li Jingning, the rest of the people from Jianghai Academy had successfully occupied the last abandoned temple by pulling Lin Yi to their limits.

the white light of teleportation appeared, and the final moment had arrived.

at the same time that he xiyin appeared, an unprecedented terrifying pressure came from a thousand miles away. it was another thousand-mile snipe from ren yuxing!

the difference was that the thousand-mile snipe this time was clearly several times more powerful than before. it was even more exaggerated than the two-thousand-mile snipe that had targeted pang rulong.

the eternal river academy had clearly been preparing for this arrow for a long time.

The timing was impeccable!

in the laboratory, harlin couldn't help but sneer, " "do you really think we'll let go of such an obvious target? There should be a limit to your naivety, my fellow villager of Jianghai!"

boom!

He Xiyin, who had just been teleported into the battlefield, didn't even have the time to make a sound. She was killed on the spot as soon as she appeared, and the white light of teleportation lit up.

the white light of the teleportation would not lie. this meant that he xiyin had been eliminated. it was not an illusion.

Everyone was in an uproar.

Even though Jianghai Academy was now The Public Enemy and most of the audience would be happy to see them being beaten, the fact that it had happened so suddenly still left them dumbfounded.

Song Zhong frowned as he looked at the scene. He was speechless for a long time before he finally shook his head and sighed.

I have to say, although the eternal river Academy's performance isn't too good most of the time, at least the fire control of that arrow just now was really at the peak!

"he xiyin has just entered the battlefield, and it will take time for her to be integrated into li jingning's shared life system. besides, she has entered the external personality and has almost no strength to speak of. it will also take time for her to awaken as an internal personality. "

"it's a pity that the eternal river college is waiting for this time. the zhou college has obviously formed a tacit agreement with them in advance. they've completely drawn the attention of lin yi and the other new students of the jianghai college, so they can't prepare in advance. why did xiyin block the arrow?"

"It's a pity that the most likely trump card to be the final blow has been sent away before it can even be revealed."

"More importantly, now that the seven-man shared fate formation of Jianghai Academy has been broken, it's impossible for them to suppress Qin Shizhen with their current formation, let alone be surrounded by three other Academies."

to sum it up, jianghai academy's time was up.

The bullet screen in the live broadcast room was jubilant, and all kinds of unsightly taunting and taunting came.

The freshmen were the most sensitive to the changes in the battlefield. The moment he Xiyin was sent away by the arrow, the United Front of the three Academies was broken.

from this moment on, the biggest rival of the great zhou and the eternal river colleges had become each other.

however, qin shizhen's eyes were still locked on li jingning. to be more precise, he was staring at lin yi.

at least from an individual perspective, lin yi's substitute and the six-man team were still the biggest threat to him. if he didn't do anything, he could lose at any time.

The most logical strategy for him now was to send li Jingning away and completely destroy the six-person shared Fate system.

at that time, no matter how hard lin yi fought, he wouldn't be a real threat to him anymore. after all, he couldn't make something without rice.

Once there was a qualitative difference in hardware, no matter how good the operation or how good the technique was, it was destined to be futile.

But now, with Xia wubing's help, he could at least control the situation even if he couldn't win quickly.

"you still want to fight me at this time, aren't you afraid that the ganges academy will benefit?"

lin yi couldn't help but make a weird expression.

"compared to them, i'm more afraid of a fisherman like you," qin shizhen replied with an indifferent expression.

lin yi shook his head helplessly and decided not to waste any more time with the guy. he turned around and left without another word, and the rest of the new students followed suit.

They weren't as strong as their opponents, but the six of them shared the same fate. With Lin Yi's support, the new students weren't as weak as they'd thought.

Once they were determined to retreat, unless the great Zhou Academy was willing to pay any price, there was no way to stop them.

In the current situation, Jianghai Academy had lost he Xiyin and was now their number two opponent. With eternal river Academy watching them like a tiger watching its prey, they would have to think twice before paying the price.

sure enough, after the gap between them had widened to a certain extent, the dazhou academy quickly slowed down their pace in pursuit.

Song Zhong smacked his lips when he saw this scene. the strong and the weak are changing. The situation is getting more and more intense. Now, it's the great Zhou College's turn to take the lead. If the Ganges college and Jianghai college are wise, they will choose to join forces.

Chapter 10403

This made the viewers in the live broadcast room speechless again.

A single arrow had just destroyed their trump card, and now they had to turn around and ally with the enemy. If Jianghai Academy really did that, how shameless would they be?

however, many people reacted.

At this level, face was nothing. As long as there were real benefits in front of them, as long as they could fight for a little more chance, let alone the fact that a freshman was eliminated by the other party's sneak attack, even if the enmity between them was huge, the two sides could still join forces at any time.

of course, they could also turn hostile at any time.

However, just as Song Zhong's voice fell, two pillars of light suddenly descended from the sky, one from the front and one from the back, each enveloping Li Jingning and Qin Shizhen.

Then, a huge cage formed by rule power fell and sucked the two of them in.

"Life and death cage battle!"

Seeing this, Song Zhong's eyelids twitched and for the first time, he blurted out, "There's actually an expert proficient in the rules of fate among the freshmen?"

It was no wonder he was so shocked. The rules of fate were extremely rare rules of power. It was already very rare for Li Jingning to appear among the thirty new students. Who would have thought that there was a second one hidden?

Most importantly, as the commentator and host of this match, he had already obtained the authoritative information of the freshmen beforehand.

However, there was no information on a second expert of the edicts of fate in that report. If there was, there was no way he wouldn't have noticed.

"this is also a part of the edicts of fate?"

The audience in the livestream room was also surprised. Even if they didn't have the foresight, they had heard of these legendary top-tier rules.

song zhong pondered for a moment and confirmed, " it can't be wrong. it's the rules of fate. however, he's skilled in a different direction from li jingning. li jingning is a shared fate, while he is a prisoner of fate! "

once the cage of fate is formed, only one person from both sides will be able to come out alive!

this time, Jianghai Academy and Dazhou Academy will fight to the death!

Whether it was li Jingning or Qin Shizhen, they were the core of both Academies that they could not afford to lose. Without them, either side would immediately lose their competitive edge, and they would not even have the chance to struggle on whilst at death's door.

at that moment, other than the two parties that were forced into a corner, the live broadcast camera looked around the entire venue before finally locking onto ye jia.

That's right, this brawny man, who had been a melee fighter from the start, was the second rule of fate ability user other than li Jingning!

When they received confirmation from Song Zhong, the entire livestream room fell into a dead silence.

no matter how one looked at it, ye jia's burly image did not seem to have anything to do with the rules of fate!

if it wasn't for the fact that the cage of destiny was there, and the power connection between him and the cage was so clear, who would have thought that it was on him?

"I've heard a rumor before that a mysterious buyer had bought all the information about the new students in the market."

Song Zhong shook his head with a bitter smile. I've thought about it for a long time, but I still don't understand. What benefit does he get by spending such a high price to do this? after all, it's impossible for him to really seal off the information sources of the other three Academies.

the mystery has finally been revealed. It turns out that all of this was just a smokescreen. What he wanted to hide was not all the information on the freshmen, but Ye Jia's cage of fate.

"ye jia has always been a very deceptive person. with such an eye-catching move, the possibility of the other three academies digging out his background in a short time is very low. "

"It seems like we've all underestimated the eternal river Academy."

Everyone in the live broadcast room was still in shock, and no one spoke for a long time.

in the lab, lin yi looked at the gleeful harlin and said,"you've finally understood the smokescreen."

xia wubing couldn't help but look at harlin.

Although half of her face, including her eyes, was covered by her bangs and no one could see her expression at the moment, she must have been shocked.

Harlin laughed complacently. the essence of smokescreen is to use more obvious things to cover up the real target's sense of existence. Now you know why we chose Ren Yuxing alone, why we let him open the door and kill him, and why we even kept shooting arrows until now, right? "

Everyone thought that the reason why the eternal river Academy chose Ren Yuxing was because of his super long-range sniping skills. The second choice of Ye Jia was just to make up for the weakness of his close combat strength.

who would have thought that from the beginning to the end, ren yuxing was just a cover to attract attention, and ye jia was their real trump card!

If not for the fact that he had deliberately hidden this information, Ye Jia's close-combat strength and the rules of fate would have been enough to put Qin Shizhen and GUI01 on a par. To a certain extent, he might even be able to suppress the two.

According to the normal rules, it was impossible for eternal river college to choose.

Unfortunately, there were no ifs in this world.

lin yi added faintly, "the eternal river academy's arrogant and eccentric image has become your best cover. hehe, none of you are easy to deal with."

"That's right, this is all part of my plan."

harlin sneered. " you all think you're smart, but unfortunately, you've met my eternal river academy. no matter how many schemes you have, you can only blame your own bad luck for meeting us. "

now that the cage of fate had been formed, the outcome was set-he wasn't afraid of lin yi and xia wubing working together.

this was because he was very clear that as long as their core had not been eliminated, as long as there was still a glimmer of hope, none of the academies present would be willing to quit.

Even if she knew that she would fall into his trap, she had to walk down this path to the end.

none of the four academies had a way out.

that was why he was so fearless.

Lin Yi looked at him, "I don't have any cards up my sleeve, so my chances of winning aren't high. Aren't you afraid that I'll just admit defeat?" With the great Zhou Academy's structure and magnanimity, I'm sure they won't mistreat me. "

"Even if you're hiding a trump card like Ye Jia, you still don't know how much of a chance you have against Qin Shizhen at his peak, do you?"

harlin's expression changed, and then he sneered, " "do you believe your own words? I've looked into Jianghai Academy's information. The beast God Hall has their eyes on you, and your situation doesn't look good. Do you think you can just give up the chance to join the alliance?"

"hehe, i don't mind. just give up. no one can stop you if you want to die anyway!"

Lin Yi smiled and turned to Xia wubing. "what do you think, instructor xia?"

"Do you think I'll fall for such an insincere test?" Xia wubing replied indifferently.

Chapter 10404

Seeing this, Harlin laughed smugly. see that? those who treat others as fools are the biggest fools themselves.

"same to you."

lin yi wasn't surprised.

he had no intention of giving up on the match. from the looks of it, the situation was already overwhelmingly disadvantageous to jianghai university.

The previous exchange had already proven that even with the blessing of the six people's shared fate, li jingning's chances of killing Qin Shizhen in a one-on-one fight were extremely slim.

xia wubing's boost to qin shizhen was no less than lin yi's.

The only difference between them was the time limit.

after all, xia wubing wasn't like lin yi, who had an endless amount of consciousness to use. eight incense sticks was her limit.

"i don't know how lin yi was able to break through the limits of his divine sense, but if jianghai academy wants to survive this cage, their only chance is time."

"only by slowing down the pace as much as possible and using up the time limit of xia wubing's substitute will they have a chance of winning," song zhong explained in a deep voice.

" with xia wubing's support, qin shizhen is undefeatable on this battlefield. there's no doubt about it! "

in fact, things were indeed developing in the direction he said.

in the cage of fate, li jingning, who was lin yi's substitute, was obviously trying to avoid direct confrontation with qin shizhen. he was using a strategy of fighting and retreating at the same time. otherwise, he wouldn't even last four joss sticks, let alone eight.

On the other hand, Qin Shizhen did not continue to press forward. Instead, he chose to take it slow and steady. He slowly and steadily compressed the space around him.

Harlin sneered at this scene. "The cage of destiny is only this big, how long can you escape?"

At the very least, he had absolute confidence in Qin Shizhen's strength.

lin yi didn't say anything. qin shizhen's patience was giving him a lot of pressure.

The more patient he was, the more he would not make a mistake. For the party with the advantage in strength, this was undoubtedly the best strategy.

After all, since I can win for sure, why should I take the risk and give you a chance to turn the tables?

other people might make mistakes in advantageous situations, but qin shizhen would never make such a mistake.

In this case, the key to the cage battle was whether Qin Shizhen could force Li Jingning into a corner before the eight joss sticks were burned out. Based on the current situation, this was definitely a high probability.

at the same time, outside the fate cage, the eternal river academy didn't stop. instead, they used this opportunity to start a massacre of their opponents!

Although Ren Yuxing, a super long-range Archer, was only used as a cover for Ye Jia, the real threat that his thousand-mile sniping could cause to the real top monsters among the freshmen was quite limited.

however, in front of the other freshmen, this was no joke.

This was especially so when he began to intentionally coordinate with Ye Jia in close-range combat. The killing power released by the two of them was enough to easily kill any other freshman present.

Anyone whose name was called would immediately be teleported away with a white light.

among them, the dazhou academy was the first to bear the brunt.

xia wubing remained unmoved as the freshmen were carried away one by one. however, qin shizhen, who was acting as a substitute, had obviously begun to speed up his attack.

Qin Shizhen was indeed very strong, but he wasn't strong enough to take on the entire battle on his own.

once he became a commander, even if he could successfully carry li jingning away, he wouldn't have any chance of winning against the entire eternal river academy.

but on the other hand, if he messed up his steady rhythm, lin yi might find an opportunity.

At that time, if they suddenly counterattacked, even if they couldn't kill him in the end, it would be enough to cause both sides to suffer.

No matter how one looked at it, they were still helping the eternal river college!

song zhong commented, " the eternal river academy has focused all their firepower on the great zhou academy. as for the other new students of the jianghai academy, they're not even touching them. it's obvious that they want li jingning to maintain the six-man fate system and exhaust qin shizhen as much as possible. they're clearly up to no good. "

even with six people sharing a fate, he could only be suppressed. once the six-person sharing a fate system was broken, li jingning's collapse would be a matter of minutes.

if that was the case, it was clearly not in line with the best interests of the eternal river academy.

The bullet comments in the live broadcast room were all speechless.

the actions of the eternal river academy today had completely overturned their previous impressions.

The always arrogant and eccentric eternal river Academy had suddenly turned into a cunning old man who had schemed against everyone. If they hadn't seen it with their own eyes, who would have believed it?

at this moment, some of the gamblers who had placed their bets on the eternal river academy had already started to celebrate.

before the match, ganges academy's odds were only lower than jianghai academy's. they could not even be compared to the other two popular schools. but today, they had really caught the eye!

At this point, the eternal river Academy's chances of winning were at least 80%, or even 90%.

as long as he didn't make any fatal mistakes, it would be difficult for him to lose.

What made the opponent feel the most powerless was that once this situation was formed, they would only fall into the abyss step by step. There was no chance to counterattack at all, and any resistance was destined to be futile.

very quickly, the rest of the new students from dazhou college had all been carried away. only qin shizhen was left, and he was still fighting with li jingning in the fate cage.

More importantly, the time for eight incense sticks to burn had come.

if he still couldn't take down li jingning, he would have to rely on his own strength to fight to the death. without xia wubing's support, even if qin shizhen could win in the end, he would have to pay a huge price.

The situation of both sides being injured was already set!

In the laboratory, Harlin proudly smiled at Chen guanqi and said, " "Brother Chen, you can cheer for our victory. With a core member of the Alliance like us as your backing, I'm sure no one in the entire divine Kingdom will dare to provoke you."

"....."

chen guanqi squeezed out a smile awkwardly.

there were too many things to complain about, and he didn't know what to say.

But no matter what, for the Hero Academy, the Eternal River Academy being able to have the last laugh was a worthwhile trip.

Even though Eternal River Academy was still miles away from becoming a core member of the Alliance, as long as they could successfully join the alliance, the Alliance of Hero Academy would be a great deterrent to all forces.

Harlin immediately left his seat and came to Xia Wubing.

Chapter 10405

If Teacher Xia is interested, you can come to my place after you're done. If I'm happy, I might agree to form an alliance with the Great Zhou Academy. I have some say in the Eternal River Academy.

Any man would be curious about what Xia Wubing looked like.

With her figure and temperament, as long as the upper half of her face wasn't too bad, she would definitely be regarded as a rare beauty in the world. Harlin was not the only one who wanted to get close to her.

Harlin glanced at Lin Yi in disdain. "Forget about your Jianghai Academy, you don't even have the right to clean my Eternal River Academy's shoes."

lin yi looked at him strangely, "i understand that you're just a mentor to fool people, but even if it's just a human-shaped tool for the freshmen to communicate with each other, is it really appropriate for you to leave your post like this?"

Most people would think of the puppetry system as a substitute for their instructors, but they would often ignore its more critical use in the battlefield.

real-time communication.

The existence of a teacher was a natural information transfer station, which could allow each member to share battlefield information in real-time, and improve the entire team's ability to perceive the battlefield situation to the extreme.

in the eyes of those who really knew the game, this effect was even more important than the little strength bonus that the teacher would get.

"From the way you're speaking, do you think Jianghai Academy can turn the tables around?"

Harlin scoffed.

Lin Yi's lips curled up in a meaningful smile. "that's hard to say,"

I see that everything about you is quite soft except for your mouth. You can't even afford to lose. It's indeed difficult for people from small places to have a pattern.

Harlin looked disdainful, but he still quickly returned to his seat.

from his point of view, this battle between the freshmen was already a sure win. the great zhou academy only had qin shizhen left, who was destined to suffer losses on both sides. the group of defeated soldiers from hero academy were his allies.

as for jianghai academy, in order to exhaust qin shi zhen to the maximum, they had still maintained a formation of six people sharing their fate. at first glance, it seemed like they still had the strength to fight.

however, the moment qin shizhen fell, his life would be reaped.

In reality, Ren Yuxing was already thousands of miles away and had his sights set on the Jianghai Academy Group.

his intentions were clear. once qin shizhen showed signs of defeat, he would immediately cooperate with ye jia to kill everyone.

even if li jingning's reaction was fast enough to cancel the shared fate in advance and avoid the fate of being wiped out, as the six-person shared fate was downgraded to five-person shared fate, or even four-person shared fate, he would still be killed by qin shizhen, who was in a desperate situation.

On the other hand, if Qin Shizhen managed to survive the cage battle, it would mean that the core of the group, Li Jingning, had been taken away. The rest of the students from Jianghai Academy would not even be worth a mention.

No matter how he thought about it, he was as stable as Mount Tai.

However, when Harlin returned to his position, the scene in front of him surprised him.

Whether it was the number of people present or individual strength, his Eternal River Academy undoubtedly had the absolute upper hand. However, at some point, a figure had actually appeared behind Ren Yuxing, who was a thousand miles away.

"Wait! How could it be He Xiyin?"

When they saw the person's face clearly, not only Harlin, but the entire live broadcast room exploded.

At this moment, the person who had sneaked behind Ren Yuxing was actually He Xiyin, who had been carried away by an arrow the moment she appeared!

At the same time, the live broadcast cut to the eliminated freshmen. The one from Jianghai Academy had been He Xiyin a moment ago, but in the blink of an eye, he had become a skinny man.

his name was chen deng.

Song Zhong immediately clapped his hands and exclaimed,"understood!" Chen Deng was an expert in the substitution technique. The moment he Xiyin entered the battlefield, he was replaced by him. He sacrificed his life to keep he Xiyin here!"

the live broadcast room was in an uproar.

they had thought that everyone had been tricked by the eternal river academy, and some of the bets had even been settled in advance. who would have thought that there would be such a twist!

the Ganges Academy is a cunning old fox. I didn't think there would be an even more sinister Jianghai Academy behind them. I've learned something new!

"damn, i've gained some knowledge!"

"damn, i've gained some knowledge!"

The bullet screen in the live broadcast room was filled with comments.

At this time, Harlin was already drenched in cold sweat from fear. As the person involved in the scene, Ren Yuxing almost had a heart attack from the shock, as if he was facing a great enemy.

although her physical self, he xiyin, was only a foundation establishment expert, who knew when she would suddenly awaken? as long as she was on the field, she would be a terrifying bomb!

"Die!"

Ren Yuxing did not hesitate to raise his hand and shoot an arrow.

His ability was highly dependent on a large area of space, and the distance between them was less than ten meters, which was an overwhelming disadvantage for him.

If it was an expert of the same level, he would have been waiting for death.

Fortunately, that wasn't the case.

At the end of the day, he Xiyin's inner personality hadn't awakened. She was just an ordinary person who was as weak as a piece of paper.

No one under the Supreme realm could take a casual arrow from Yu Xing, much less a mere Foundation establishment stage cultivator!

The arrow hit her Xiyin in between her eyebrows.

everyone was speechless.

seeing this, Harlin couldn't help but smile smugly. "I told you you're stupid, but you didn't believe me. You knew that she was just a fake personality who had not awakened yet. You didn't hide her well, but took the initiative to send her here? Haha, no matter how stupid you are, there should be a limit!"

The hundreds of millions of spectators were also dumbfounded.

I just complimented you for being the ultimate old cunning bastard, and now you've been shot in the head by an arrow, and this is it?

No. Xi Songzhong shook his head, "the white light didn't light up, which means it's not fatal.

Then, he Xiyin expressionlessly pulled out the arrow from her forehead. This fierce action was a sharp contrast to her delicate style.

"You're the inner personality!" Ren Yuxing suddenly felt a chill down his spine.

He was 120% confident that if it was only the external personality, it would definitely be impossible to survive his arrow. The internal personality was the only explanation!

this result not only shocked ren yuxing and the people from the eternal river academy, but even qin shizhen, who had learned of this through xia wubing, couldn't help but tremble.

among all the freshmen, he was very clear that the only one who could pose a real threat to him was he xiyin.

As for return to zero, even though the outside world had placed the two of them on the same level, in Qin Shi Zhen's eyes, there was still a huge gap between them.

The only one who was qualified to fight him one-on-one was the inner personality he Xiyin.

"Impossible! Absolutely impossible! It's not that easy to awaken!"

seeing he xiyin walk towards him expressionlessly, ren yuxing was so shocked that he fell into hysterics.

Chapter 10406

A person's name was like a tree's shadow.

the terrifying legend of one man massacring an entire city was still vivid in his mind. if the two sides were thousands of miles away, he might still have the confidence to fight.

however, they were only five steps away from each other. in the face of that material and invisible pressure, let alone struggling, ren yuxing was already very unyielding that he did not kneel down immediately!

the audience in the live broadcast room stared at this scene closely, not even daring to take a breath.

No one had ever seen the inner he Xiyin in action. When she massacred the city, only a broken array had recorded some blurry images. In the end, after an expert's on-site inspection, the name of the inner he Xiyin was revealed to the public.

since then, no one had seen the other personality, he xiyin.

Because of this, many people still questioned the authenticity of the fact that one man had slaughtered an entire city. There were even conspiracy theorists who insisted that this was an absurd legend that the Alliance had deliberately fabricated to create a star.

however, the alliance never said a word about it.

now that they could finally see the legendary personality he xiyin, whether it was true or not, everyone's eyes widened.

"How is she going to attack? What is her ability?"

the same doubt hovered in everyone's mind.

then, he xiyin slowly raised her arm in the image and threw the bow and arrow stained with blood from her forehead at ren yuxing like a javelin.

Throughout the entire process, no substantial fluctuations of rule power could be seen.

"just this?"

Under everyone's confused gaze, the bow and arrow hit Ren Yuxing's forehead. He, the original owner of the bow and arrow, clearly had a lot of time to avoid it from the beginning to the end, but he did not do anything.

He just stood there like a fool, watching his head explode.

He was dumbstruck.

the white light of teleportation lit up, and ren yuxing was immediately sent out of the arena.

The live broadcast room exploded on the spot, "What is this?" What rule force did she use?"

For the first time, Song Zhong also shook his head helplessly. " to be honest, i couldn't see her ability if i wasn't at the scene. i have almost no information on her personality. "

however, no matter what, the inner personality he xiyin's unexpected move this time had already put on a good show.

the tide of the battle had started to shift in favor of jianghai university.

Dazhou college still had Qin Shizhen, and eternal river college still had Ye Jia-they still had a fighting chance, but no matter how much they looked down on Jianghai college, they had to admit that the initiative was back in Lin Yi's hands.

in his shock, harlin finally reacted and quickly said to xia wubing, " "mentor xia, the situation has changed. should we consider joining forces?"

xia wubing ignored him.

Harlin didn't give up. although I don't want to boost other people's morale, I'm sure you know what kind of person he Xiyin is. If we continue to have internal strife, it will only benefit these country bumpkins from a small place.

"It doesn't matter who wins in the end. The meat will rot in the pot. At least we'll be able to take care of each other if we communicate more. But if Jianghai Academy takes advantage of this, I'm afraid we'll have a hard time explaining ourselves when we get back."

xia wubing didn't even have the intention to respond to his earnest advice.

"If you're really serious about working with Dazhou, why don't you release Qin Shizhen from the fate cage right now?" Lin Yi laughed.

"....."

seeing xia wubing turn his head around with a playful expression under his fringe, harlin choked.

With what the eternal river Academy had done in the past, once Qin Shizhen escaped, who could guarantee that they wouldn't be the first ones to be targeted?

At the very least, this could guarantee that Qin Shizhen would fight to the death with li Jingning to protect himself.

this in itself was already an alliance against jianghai academy.

however, this was not safe.

even if qin shizhen could get rid of li jingning and break the six-person shared life system, if they didn't work together, it would still be difficult for them to win against he xiyin, who had already awakened her inner personality.

now is not the time to act on impulse. You and I have an internal conflict. As long as you are willing, my eternal river college will open its arms at any time. If we win in the end, I promise to form an alliance with the great Zhou college and treat you the same way as the hero college!

harlin was trying his best to make his last attempt.

"you don't need me to go to your place?" xia wubing asked.

harlin,"yingluo."

at this moment, as ren yuxing was carried away by he xiyin, the remaining freshmen in the field were already like birds startled by the mere twang of a bow.

the remaining new students from the eternal river academy and hero academy stopped their pursuit of the jianghai academy group and gathered around ye jia.

Apart from Qin Shizhen, who was in the cage of fate, Ye Jia was the only person who could resist the inner personality he Xiyin.

" this is the intimidating power of a top-tier combat power. because of her existence, the entire situation of the battlefield will be rewritten. "

xi songzhong wasn't surprised at all, but he was still a little confused.

the two biggest problems now are how did the inner personality he Xiyin awaken. As far as I know, even she doesn't know the pattern of her awakening.

"But looking at the timing of her appearance, it's obvious that she's confident. Could it be that Lin Yi already knows the awakening pattern?"

second question, since you have a trump card like he Xiyin, why did you have to jump out at this time? "

"Although the effect of carrying Ren Yuxing away as soon as he came out is not bad, anyone with eyes should be able to see that there is actually a better time than this!"

song zhong did not continue, but many people could understand what he meant.

Since he had already hidden his trump card, he naturally had to show it at the most critical moment.

What was the most critical moment?

anyone with a brain would know that it would be the best time for them to reveal themselves after qin shizhen and ye jia's battle.

Even though Jianghai Academy would still have to give up on li Jingning, the core of the shared Fate system, even if only the inner personality he Xiyin was left, it would be enough to clean up the mess.

On the other hand, Jianghai Academy had managed to regain control of the battle thanks to he Xiyin's influence, but at the same time, they had also given their opponents some leeway.

if the perfect strategy had been executed, jianghai academy would have had a ninety-nine percent chance of winning. but now, it was only sixty percent.

the difference between the two was like the difference between heaven and earth.

"what's so strange about that? it must be that lin yi couldn't hold it in anymore!"

people from small places have a limited outlook. Even if they are given the opportunity to play big chess, it's normal that they can't play well.

Chapter 10407

"that's right, this thing is also trained through actual combat. a broken place like jianghai can't even find a god-ranked academy, what kind of actual combat experience can they have? It's already a great fortune to be able to reach this stage."

The bullet comments in the live broadcast room responded with another wave of ridicule.

At this moment, the new students of Jianghai Academy had already begun to surround him.

Even though he was at a disadvantage in terms of numbers, he was able to take the initiative due to the situation on the battlefield. In addition, Wang Yanqing was an expert in poison. Once he was given a sufficient stage to display his skills, it was only logical for him to use all kinds of poison techniques and poisons to restrict the other party's movements.

in fact, the eternal river academy didn't just sit back and wait for death.

Taking advantage of the fact that he Xiyin was thousands of miles away, it was the most logical strategy to carry the other students away. Even if it didn't work out, at least one or two of them had to be carried away.

By widening the gap between their numbers, he would be able to face he Xiyin more easily.

At least in theory, with Ye Jia as the leader and the remnants of Hero Academy, the eternal river Academy definitely had the ability to do so.

However, he didn't.

It wasn't that they were slow to react and couldn't grasp the opportunity, but that the Jianghai Academy team had already prepared for it.

As they surrounded him, they frantically retreated. They ran so nimbly that they were clearly professionally trained!

"is this a group of f * cking dogs? an escape-type encirclement tactic, right?"

The bullet comments in the live broadcast room were speechless.

to be honest, the running posture of the jianghai students was not very good. it was not an exaggeration to say that they were like stray dogs.

escape and encirclement, the two completely opposite words, were strangely harmonious in this group of people.

the scene might not look good, but at least the effect was achieved.

There was even an unexpected surprise. Along the way, many people from the eternal river Academy and Hero Academy were poisoned, especially from the unlucky Hero Academy. Two of them were poisoned away, leaving only one lonely seedling to help Ye Jia.

it was still unclear who would have the last laugh.

however, if they were to say who was the most ladylike in the entire competition, then without a doubt, it would definitely be the hero academy.

If the match was reviewed after the match, the other three Academies would at least have something to be proud of, regardless of whether they won or lost. Only the hero Academy, which was ranked in the top two before the match, seemed to be a joke.

He pulled a long string.

"the inner personality he xiyin has returned to the battlefield. the situation is completely passive for the eternal river academy. "

"Ye Jia might have a chance, but if he were to go against he Xiyin, his chances of winning would be slim. It's best to wait for Qin Shizhen to come out of the cage," Song Zhong commented.

the current situation had become a three-way game.

everyone wanted the other two families to fight first so that they could benefit from it.

of the three parties, qin shizhen, who seemed to be the most passive, had also slowed down his pace of attack and defense. his intentions were obvious; he did not want to kill li jingning so early.

the fate cage was a fatal restraint to him, but it was also a layer of protection at this moment.

At least until he came out of the cage, he Xiyin's attention would only be on Ye Jia and would not force him.

"Qin Shizhen's slowing down, and so is Li Jingning, Lin Yi's substitute. It seems like they've come to a tacit understanding. Interesting."

Song Zhong looked at this scene with great interest. The time Xia Wubing took to substitute for her has already exceeded the normal limit of eight incense sticks. However, based on my understanding of her, she should have held back.

On the surface, it looks like everyone has already shown their trump cards, but they still have one last trick up their sleeves.

"Next, we'll see which family can't hold on any longer."

In the laboratory, Harlin was already flustered and exasperated. "Now is the time for us to face a common enemy, yet you want Qin Shizhen to put on an act with them? Do you really think that with my Eternal River Academy defeated, a low-HP Qin Shizhen like you will have any chance of turning the tables?"

Xia Wubing looked at him with an expressionless face.

Although they couldn't see her eyes, the people around them could feel the silent contempt.

harlin was so angry that he vomited blood on the spot. " women are indeed women. they have long hair but short insight. they only know how to be emotional. they don't have any reliable brains at all! "

lin yi interrupted, he might not be acting on his emotions, and you, you really don't have a reliable brain.

"a vile person intoxicated by success!"

Hmph! Harlin snorted. don't think that you can win just because you're lucky enough to pick up the inner personality he Xiyin. Let me tell you, no one can take away the things that my eternal river Academy has its eyes on!

while he was speaking, he xiyin had already started to approach ye jia.

It was obvious that she had absolute confidence in her strength. Her next intention was to force a battle with Ye Jia and then send away the last hope of the eternal river Academy.

"motherf * cker! do you really think i'm afraid of you?"

as a close combat expert, ye jia's courage did not lose to anyone else's. seeing this, he immediately stepped forward.

"don't be rash!" harlin shouted in fear. don't be rash! Let the others block him first, and you retreat first. It's not the time to show your cards!"

"But Yingluo"

Ye Jia gritted his teeth. He was a heaven's pride expert of his generation that did not lose to Qin Shizhen. All this time, people would take a detour when they saw him. When had he ever been chased by someone?

Especially when the other party was a woman.

no buts, "Harlin said ruthlessly. just do as I say. Otherwise, if something goes wrong today, you know what the consequences will be!

Seeing that the inner personality he Xiyin was getting closer and closer, Ye Jia's veins were popping, but in the end, he resisted the urge to attack.

The relationship between the participating freshmen and the various Academies, other than being bound together for good or bad, core students like him would often have some kind of private gambling agreement with the Academy.

If he succeeded in the end, he could obtain an incalculable huge reward, but if he failed, especially because he didn't listen to the decision, the corresponding punishment would also be extremely terrifying.

At this stage of the freshman battle, Ye Jia had already made a name for himself. In the future, the Alliance headquarters would definitely focus on nurturing him.

but if he was punished by the eternal river academy for disobeying orders, even he couldn't afford to pay the price.

after all, the alliance headquarters wouldn't cover for him for such a private matter.

"motherf * cker! just you wait!"

ye jia gritted his teeth and retreated.

at the same time, his teammate who had covered his retreat braced himself to meet he xiyin, but in the end, he xiyin sent him out of the field.

From the beginning to the end, the people in the live broadcast room did not even see how she made her move.

Chapter 10408

"isn't he too ridiculously strong? Even if there's a difference in strength, he's still a specially recruited freshman directly under the Alliance. He should be able to fight with her, so how can he not even take one move?"

it wasn't just one or two people who had this doubt.

just now, ren yuxing was killed by an arrow, and everyone could still barely understand.

after all, he was a long-range archer who wasn't good at close combat. it was at least reasonable for him to be killed in a second when he encountered an unreasonable existence like he xiyin.

however, this person's close combat strength was not weak at all, yet he did not even have the slightest bit of resistance.

Was it really that exaggerated?

however, reality had proven that the gap between the freshmen was far more exaggerated than everyone had imagined.

in a battle of such a high level, unless the other freshmen integrated into the system, they could only rely on their individual strength. if they met a monster like he xiyin, the most they could do was delay her for one or two moves.

in comparison, li jingning's value was even more reflected. his shared life system was definitely a trump card no matter where he was placed.

however, even though the other students of the eternal river academy could only delay for a limited amount of time, they still managed to buy enough time for ye jia.

what was surprising was his positioning.

" ye jia deliberately ran to the side of the cage of fate. could he have other thoughts? "

song zhong could vaguely guess ye jia's intentions.

From Ye Jia's point of view, avoiding the enemy and not going head to head with he Xiyin was not a cowardly move, but a wise one.

however, he clearly had a special reason for running.

As expected, when he Xiyin caught up, Ye Jia's one move made everyone's eyes Twitch.

He had released the fate cage!

"what a good move to advance by retreating!"

"Qin Shizhen could have used the cage of fate as a cover to drag out the time inside. he could have come out after Ye Jia and He Xiyin were both injured. unfortunately, he was not allowed to do so." Song Zhong could not help but praise.

Without fate's cage, although Qin Shizhen seemed to have regained his freedom of movement and didn't need to fight Li Jingning, it also meant that he was directly exposed to his inner personality he Xiyin!

As a result, the three parties engaged in close combat.

The chaotic situation was suddenly placed on everyone's faces.

The audience in the live broadcast room suddenly became excited.

As bystanders, they could tell that the hearse didn't mind the size of the funeral. compared to the lengthy deadlocked calculations, the audience obviously preferred this kind of close-range battle where it was either you die or i die.

everyone's eyes widened.

The outcome of the match might be revealed in the next second!

However, Ye Jia's next move made everyone's eyes Twitch.

two familiar pillars of light descended from the sky. one landed on qin shizhen while the other landed on he xiyin.

it was the fate cage again!

Everyone was dumbfounded.

Ye Jia had intentionally lured his inner personality he Xiyin here for this purpose. After a series of operations, it was equivalent to replacing li Jingning in the cage with his inner personality he Xiyin, who posed a greater threat to him!

Even song Zhong choked for a long time. Finally, he could not help but laugh, " i have to say, ye jia's cage of fate is indeed useful, especially in a chaotic battle. it's a godly skill if used well. "

the bullet screen in the live broadcast room was also left speechless. " letting others fight to the death. this is the standard skill of a fisherman. "

in the laboratory, harlin regained his composure and sneered at lin yi and xia wubing.

" you guys might have forgotten that i'm actually an actor. if you're in the mood, why don't you comment on my acting? "

xia wubing ignored him as usual.

Lin Yi asked,"By the way, why didn't you put he Xiyin and Li Jingning together? The cage of fate should ignore the relationship between teammates. This way, at least we can ensure that we cut off one of our arms."

Harlin looked at him as if he was an idiot. "Do you think you two are worthy? The cage of fate only has two precious spots and I wasted them on you. Do you think I'm out of my mind?"

putting the two most threatening targets in the cage of fate to kill each other was definitely the best choice no matter who saw it.

"maybe you'll regret it later," lin yi smiled faintly.

these words naturally only caused the other party to sneer even more.

No matter what, at least the situation on the field had once again taken a turn, and the initiative was back in the hands of the eternal river Academy.

no matter which one was fiercer, qin shizhen or he xiyin, who was locked in the cage, would definitely suffer heavy losses.

In other words, as long as Ye Jia, who was left outside, retained half of his strength, he would be able to take it!

"it's a pity that the time isn't right. otherwise, i'd definitely fight them with my own hands."

Ye Jia glanced at the two people in the fate cage and could not help but feel a little regretful. He then turned to li Jingning, who had just been released."i have no choice but to use you, a dabbler, to liven things up,"

after he finished speaking, his burly body that was like a small mountain suddenly exploded, and with an earth-shattering force, he pressed down on li jingning.

Because of the cage fight with Qin Shizhen, even with Lin Yi's support, li Jingning's current condition couldn't be considered good.

this was the result of qin shizhen intentionally slowing down his pace for the second half of the match due to the situation.

If Qin Shizhen were to give it his all, it would be unknown if he would be able to stand here in one piece.

on the other hand, ye jia, other than feigning defeat at the start of the match against qin shi zhen, had not gone all out. right now, he was at his peak!

No one would be optimistic about li jingning's chances in such a match.

However, the next scene made everyone's jaws drop.

li jingning, who looked like he was covered in wounds, was even more ferocious than ye jia when he charged at him!

BOOM!

as they watched li jingning single-handedly press ye jia into the ground, the entire place fell into a suffocating silence.

Harlin's eyes popped out on the spot, and he stammered for a long time, unable to say a complete sentence. "this ... how ... how ... how is this possible ..."

in a one-on-one battle, other than qin shizhen and the inner personality he xiyin, no one else was a match for ye jia. this was a consensus formed by everyone, and no one had any objections to this judgment.

li jingning, who had the common fate system as his foundation, was not considered weak, but from his previous performance, he could barely fight qin shizhen head-on.

furthermore, after trading one for one with return to zero, and after the battle with qin shizhen, li jingning's current state was far from his peak.

Chapter 10409

at most, it was only 30% of his peak state!

ye jia, on the other hand, was waiting for the exhausted with ease.

if li jingning had been able to exchange a few blows with ye jia, the crowd could still somewhat understand. after all, everyone knew how to put up a last-ditch struggle.

But now, he had single-handedly crushed Ye Jia. What kind of miraculous development was this?

Song Zhong was stunned for a moment before he reacted, "Li Jingning's six-person joint fate was actually held back before?"

it was clear that this wasn't li jingning's own strength, nor was it a bonus from lin yi's substitution. after all, lin yi could only convert the strength into damage more fully, but he couldn't make something out of nothing and increase the strength by a whole level.

Not to mention such an exaggerated increase!

if I'm not wrong, li Jingning did use the power of the six people's shared fate. Among the six, he used the power of the outer personality he Xiyin, and now, he's using the power of the inner personality he Xiyin.

song zhong shared his guess with the audience in the live broadcast room.

Everyone came to a sudden realization. The difference between the external personality and the internal personality was so great that it could not be explained with logic. It was reasonable for such a contrast to appear.

ye jia, who was the person involved, had obviously thought of this as well. he could not help but be even more shocked.

"Did you already guess that I would change the fate cage?"

If he had displayed such strength earlier, he definitely wouldn't have so easily swapped li Jingning out. He might as well save his energy and let him fight Qin Shizhen to the death.

But now, it was too late.

li jingning's lips curled up, revealing lin yi's usual smile. "It's not that hard to guess, is it?"

after he finished speaking, he immediately gave another round of unreasonable beating.

The sound of explosions was endless, and the live broadcast screen was blurred. Only a tall figure could be vaguely seen being smashed and ravaged by another thin but violent figure.

Hundreds of millions of people were watching in fear.

Even an expert like Song Zhong could not help but feel his blood run cold.

the new waves of the yangtze river surpassed the old waves. song zhong could not help but rejoice that he was not in the same batch as these monsters. otherwise, let alone successfully sitting in the position of the quasi-alliance executive, it was unknown whether he could even survive the freshman battle.

One had to know that the freshman battle back then did not have such comprehensive protective measures.

"Fight back! fight back!"

Harlin yelled in the lab-he couldn't even beat the freshmen in the field with his strength, so he couldn't buff instructors like Lin Yi and Xia wubing.

the biggest purpose of his appearance here was to use his unique and unique presence as a cover for the entire layout of the eternal river academy's new student tournament.

as it turned out, the effect was quite good.

if it weren't for lin yi, they would've secured their victory already, but it was all for nothing.

Of course, even though his core mission was to cover up, as a rare teacher, the eternal river Academy wouldn't waste his value as a core teacher.

Although Harlin himself couldn't directly participate in the fight, the eternal river Academy had paid a huge price in advance to condense the battle experience of the Masters of the Academy into a seed and planted it in his sea of consciousness.

With the puppetry system, Ye Jia could extract it from Harlin in reverse and use it in actual combat.

To a certain extent, this could also be considered a disguised form of a mentor playing on his behalf.

however, compared to the original substitute players of other academies, he did not have such a strong personal style. how much he could perform would depend on ye jia's own perception and control.

Ye Jia's level of comprehension was unquestionable. The fact that he was able to come up with a move like the cage of fate proved that he had the capital to look down on all the new students in this aspect.

no matter how he looked at it, eternal river academy's alternative plan was tailored for him.

Unfortunately, in the face of li Jingning's current outburst, he was still powerless to resist.

BOOM!

Ye Jia's massive body had been sent flying for the umpteenth time, and was immediately pressed back into the ground. Li Jingning's control of the rhythm throughout the entire battle was suffocating even for outsiders.

"I can't beat Yingluo."

Ye Jia had tried to resist several times, but without exception, he would be met with an even more painful blow.

For the first time in his life, Ye Jia felt a sense of helplessness and despair.

what he experienced was not just the difference in strength, but also an indescribable chasm. this kind of gap was no longer the gap between people. he knew that even if he cultivated for another thousand or ten thousand years, he would never be able to reach that level.

The gap between them allowed him to experience what it meant to reduce dimension and crush.

Even with the combined battle experience of the Henghua Academy's Masters, plus his own terrifying talent, he was able to use all his strength to launch a full-force counterattack, but Li Jingning, who was fighting in Lin Yi's place, easily resolved it.

This wasn't a suppression of power, but a suppression of battle consciousness. To be precise, it was an all-round suppression of the depth of one's understanding of the world's essence.

Facing Lin Yi, who was standing behind Li Jingning, Ye Jia felt like he was a low-dimensional being meeting a high-dimensional being. Everything he was so proud of was nothing in the eyes of the other party.

On the other hand, Lin Yi's every move and action seemed normal at first glance, but upon closer inspection, one would realize that every detail contained the truth of heaven and earth.

Ye Jia felt as if he had seen a whole new world, but sadly, he was being mercilessly destroyed by this new world.

"Are you a God?"

Ye Jia asked subconsciously before Lin Yi's last strike landed.

At least to his knowledge, there was no other reasonable explanation for this dimensional gap other than the difference between man and God.

"Not really," Lin Yi replied faintly.

An unprecedented explosion sounded. A white teleportation light lit up above Ye Jia's head. Under the silent gaze of hundreds of millions of viewers in the livestream room, he was finally teleported out of the game.

In the laboratory, Harlin's eyes were dull, and his face was ashen.

in order to compete to enter the alliance, the eternal river academy had paid a huge price, almost half of their entire school's assets.

now that they had lost everything, no one could afford to pay the price.

as for him, harlin, as the core person in charge of the competition to enter the alliance, the backlash he would have to bear was simply unimaginable.

on the other side, hero academy's teacher, chen guanqi, slowly walked in front of him and indifferently said, "the matter of the alliance between the academies is over. i still have to go back and conclude my failure. please excuse me."

after the crushing defeat in the freshman battle, not only would harlin's days be difficult, but the days ahead for eternal river academy would only be even harder.

compared to his hero academy, the eternal river academy, which had always been eccentric and arrogant, had provoked many more enemies.

Chapter 10410

If they could successfully join the alliance of divine Academies, then everything would naturally be fine. However, now that they had returned in defeat, the backlash from their old enemies would definitely be doubled.

if the hero academy joined the alliance at this time, they would definitely be complaining that their good days were going on for too long.

he himself was only facing some threats. although there were also internal and external problems, there was still a solution.

But if they were dragged into the fire pit by the eternal river Academy, they would die without even knowing how they died.

Chen guanqi said and left, but when he reached the door, he suddenly turned to Lin Yi and cupped his hands, "if brother lin is willing to show mercy, i will be extremely grateful and will definitely reward you handsomely."

Lin Yi didn't understand.

with ye jia's elimination, the remaining freshmen had all been sent away. there were no longer any freshmen from hero academy or eternal river academy participating in the battle. where did the words "show mercy " come from?

however, chen guanqi had no intention of explaining. after nodding slightly, he turned and left.

in the commentator's seat, song zhong looked at the situation on the field. he shook his head in a somewhat unexpected yet reasonable manner.

"there are seven people left on the field. dazhou college's qin shizhen is facing six people from jianghai college alone. among them is he xiyin from the inner character and li jingning from the six-person team. the situation is difficult."

No matter how much the livestream viewers looked down on Jianghai Academy, they had to admit that the initiative was now in their hands.

Qin Shizhen was indeed strong, and he was ridiculously strong.

if it was any other participating freshmen, even if it was one against six, he might still be able to have the last laugh.

however, he was now facing the inner personality he xiyin, a monster who had single-handedly massacred an entire city. it was hard to say if he had any chance of winning in a one-on-one battle, let alone with the addition of li jingning, who was insanely strong and could crush ye jia to death!

how could he defeat this thing?

the bullet comments in the live broadcast room were dissatisfied, [isn't this too dark?] Are we really going to let those despicable cheater succeed in their scheme?"

"even though jianghai academy's chances of winning are undoubtedly higher, qin shizhen isn't a pushover. if they really go all out, they might still have a chance of winning." song zhong replied.

the hundreds of millions of spectators were extremely shocked. could they still turn the tables like this?

At this moment, Xia wubing, who was in the laboratory, suddenly said, " "He Xiyin's inner personality hasn't actually awakened, right?"

"....."

Lin Yi blinked and looked at the man, surprised."if she had not awakened, how could she have sent ren yuxing away with one arrow?"

although in theory, the six-person shared life system can indeed allow her to use the power of others, in the end, she still needs to rely on her own strength to exert it. If she only has the strength of the foundation establishment stage on her surface personality, she can't bear the power of others at all.

all of this was the truth.

the shared fate system was indeed very domineering. it could combine the strength of the entire team into one point, but there was a limit to this combination.

as the core of the system, li jingning had the greatest control and authority over the power of the system, but even he could only control 60% of the team's power at most.

if it was the other members, they would only get 40% at most.

and the basic prerequisite for controlling these system powers was that one's body had to be able to withstand it. otherwise, even a bucket of water would be useless for a small cup.

this was the case for he xiyin. if the power of the system was forcefully injected into her body, she would explode. there was no other result.

this explanation was enough for others, but it didn't seem to be convincing for xia wubing.

Xia wubing looked at Lin Yi quietly.

lin yi couldn't see her eyes because of the bangs, but he could feel that this mysterious woman was examining him.

A moment later, Xia wubing spoke again, " "I've seen the other personality, he Xiyin."

It wasn't just Lin Yi, even the Alliance's executive, Shen Sanchi, was stunned.

according to the alliance's intelligence, the inner personality he xiyin had appeared more than once, but the only time she had fully displayed her strength was when she massacred the city.

at that time, due to some special reason, the entire city was completely sealed off, completely isolated from the outside world.

if it wasn't for the broken monitoring array, no one would have thought that he xiyin was the only survivor in the city.

since xia wubing had specifically mentioned it, it meant that she had not only seen the inner personality he xiyin, but had also seen her in real life!

as expected, xia wubing's next sentence caused everyone's expression to change. there were two survivors from that city massacre. Besides her, the other one was me.

“.....”

the laboratory was silent.

one had to know that the massacre of the city was an unprecedented unsolved case, at least on the official level.

Although he Xiyin was a survivor, her external personality didn't have any effective memory of this. However, if there was a second survivor, especially a person of Xia wubing's level, the impact would definitely be sensational.

Even the Alliance of schools had to be cautious.

xia wubing ignored everyone's shock and continued, " "I don't know how you're able to partially use her power even when you're not awakened, but I've seen her use her full strength. She's far from the true awakened inner personality."

After a pause, Xia wubing added, " "if it really was the awakening of the inner personality, the freshman battle would have ended long ago."

Shen Sanchi looked at Lin Yi with questioning eyes.

Although as the person in charge of the freshman battle, he had to maintain an objective and neutral stance and could not easily interfere with the exchanges between competing Academies, this matter was of great importance and he could not remain indifferent.

Lin Yi nodded and smiled helplessly, "I was hoping to give you guys more pressure, but it seems like I was wrong."

since he had already said so much, there was no need to hide it.

Since the other party had already confirmed it, even if he denied it now, it would be of no use.

Shen san Chi was stunned for a moment and couldn't help but shake his head. He looked at the dumbfounded Harlin on the other side.

Lin Yi's answer seemed to have gone deaf to him, or he'd be puking blood right there and then.

from the moment he xiyin sent ren yuxing away with an arrow, everyone, including the opponents on the field, had subconsciously recognized the fact that the inner personality had awakened, and all subsequent actions and decisions were based on this foundation.

But now, the answer was revealed. It turned out that he was just a paper tiger that only had the appearance!

if they'd known this would happen, the eternal river academy wouldn't have acted like they were facing a great enemy, and they wouldn't have lost their ground. they wouldn't have been so stupid as to let li jingning out while ruining their advantage.
