

Bodyguard 10441

Chapter 10441

he was afraid of death.

If he faced Xia Wenqing alone, based on what he had done before his resurrection, the other party would most likely find an excuse to kill him on the spot.

At least, if he were in Xia Wenqing's position, this would be the best choice. He knew that the other party had the intention to rebel and could cause trouble at any time. If he didn't quickly get rid of such an unstable factor, would he still keep it for the new year?

the only way he could feel safe was to stand with his direct descendants and rely on their numbers.

in fact, from his point of view, the best way to save himself now was to incite his subordinates to start a full-scale rebellion, and completely collapse the situation of the entire dazhou academy like before he loaded the file. he would then take the opportunity to continue to hold on to west rulai's thigh. only then would he have a chance of survival.

At the very least, he had to make Xia Wenqing so anxious that he couldn't focus his attention on him for the time being.

However, the Managing Director Zhao Tianyin on the other side did not have such scruples and directly responded, " "i'll go with you to see the principal!"

Compared to pang Qinglong, he was the one who truly hoped that Xia Wenqing would step forward and take charge of the overall situation. Otherwise, according to the current situation, it was almost certain that the Dazhou college would repeat the same mistake.

zhao tianyin's feelings for the dazhou academy were definitely not worse than anyone else's. naturally, he did not wish for things to reach that point of eternal damnation!

"alright," he said.

Xia wubing's heart trembled, but she still looked calm on the surface, making it impossible for others to see through her.

Dongfang Yan, who was behind them, looked at this scene with interest and sent a divine sense message to Lin Yi and Lin Yi, " "did you see that? women are born to be experts in acting."

the two couldn't help but laugh.

However, to be honest, Xia wubing's image and temperament didn't seem to have anything to do with tricking people's hearts, except for being cool and domineering.

They had thought that it would be difficult to adapt to a situation like this, and that they might reveal their flaws after a few sentences.

However, looking at Xia wubing's current behavior, he might look a little nervous at first glance, but he was actually as calm as an old dog.

The reason was very simple. She could see through everyone's thoughts at all times. To a certain extent, it was equivalent to one-sided cheating, so she naturally knew when and what to say.

As expected, just as she was about to turn around, pang Qinglong, who was opposite her, couldn't hold it in anymore.

"Hold on,"

Pang Qinglong quickly stopped him. teacher Xia is the Dean's most trusted person. Since the Dean has asked her to pass on the message, it means that this must be the most critical moment for his closed-door cultivation. It might directly affect whether the Dean can successfully take that step!"

"Old Zhao, if you insist on disturbing him at this time, even if I don't say anything, everyone will suspect that you have ill intentions and are sincerely trying to interrupt the Dean's breakthrough process!"

he did not dare to let zhao tianyin meet xia wenqing.

As long as Xia Wenqing was still alive, whether he went to see him himself or let Zhao Tianyin go, it was destined to be the worst result for him.

Zhao Tianyin was immediately unable to contain his anger.

"I'm telling the truth. You'd better watch your mouth, Zhao!"

pang qinglong took the opportunity to incite opposition again.

a few of his core subordinates understood tacitly and had already begun to secretly accumulate power. as long as they were given a critical juncture, this great battle would be triggered at once!

As long as the Civil War started, pang Qinglong's situation would become safer. Even if Xia Wenqing really appeared, he wouldn't be able to stabilize the situation in Dazhou college again.

don't forget, xi rulai's people were still watching in the dark. those were the real tigers that ate people without spitting out their bones.

Lin Yi shook his head. what a small plan. With a Vice Dean like this, it's hard for Dazhou college not to be in chaos.

even without the x-ray ability of xia wubing's divine eyes, he could see through all the schemes of these people.

Once upon a time, he was disdainful of these dark schemes. However, after he slowly used all kinds of schemes, in order to increase the success rate of his schemes, the first homework he did was to figure out the human heart.

In the end, the People's hearts were the final focus of all the schemes.

A schemer who could not see through people's hearts was definitely not a qualified schemer, much less a qualified old cunning bastard.

Just as the crowd was about to go into a riot, and no one could hold back this group of ambitious people, a huge eye suddenly opened on the square on the roof, and a sense of oppression that could see through everything hit them in the face.

the crowd, which had just started a commotion, suddenly quieted down.

everyone looked at xia wubing in unison.

"teacher xia, what do you mean by this?" pang qinglong asked coldly.

in terms of strength, he wasn't afraid of xia wubing at all. even if xia wubing had the god's eye, it would still be difficult for him to be a match for an old expert like him.

after all, in a one-on-one battle, the god's eye's auxiliary effect was there, but it was not that obvious.

what he was truly afraid of was the ability of the god's eye to see through people's hearts.

what all the ambitious schemers were most afraid of was their deepest dirty schemes being exposed. once xia wubing revealed his thoughts to the public, not only would the lofty image he maintained be instantly destroyed, but he might even suffer a backlash.

fans turning black had never been exclusive to the secular world. it was very common no matter what era or environment.

Once that happened, his appeal to the experts of the Academy would rapidly shrink. Even those core disciples might be shaken.

Although the decision to take a side was based on position and interests, to pang Qinglong, his appeal was a guarantee of interests in itself. Once the number of people who rebelled with him decreased, the possibility of failure would increase rapidly.

To a motley crew that was destined to fail, the so-called benefits were naturally not worth mentioning.

Xia wubing looked at the crowd and said, "I don't mean anything. I just want everyone to ask themselves and think about it carefully. If any of you can't figure it out, it's fine. I can announce his troubles so that everyone can help to think about it.

his words not only suppressed pang qinglong's arrogance, but also made the rest of the people feel sorry for him.

everyone had some things in their hearts that could not be exposed. even if it had nothing to do with the crisis of the academy, once it was publicly announced, it would be the rhythm of instant social death.

this was also the reason why no one dared to get close to xia wubing in the past.

Dongfang Yan took a sip of wine and shook his head. the God's Eye is indeed a curse that will lead to loneliness. She can't hide any secrets. Who would dare to be friends with her? "

Even someone as forthright and forthright as her, who had nothing to hide from others, would inevitably feel uncomfortable knowing that she had no secrets, not to mention others.

"It's not good to have someone's Secret peeked at," Lin Yi sighed, "it's not good for her to see other people's secrets either."

Chapter 10442

the divine eye was the same as his divine body. it was already an existence that exceeded the limit when it appeared in their bodies. even if they could use it normally, there were many restrictions.

the most obvious point was that he couldn't close his divine eyes and divine body.

in other words, unless the opponent was strong enough, even if lin yi went easy on them, they wouldn't be able to break through his defense.

fortunately, although this was a disadvantage, it usually didn't affect him much.

however, the god's eye was different. this thing couldn't be turned off, which meant that xia wubing had to bear the bombardment of other people's garbage information at any time and place. if one saw too much of the dirty schemes in the deepest part of the human heart, one would collapse.

"Is teacher Xia trying to threaten us with our secret?"

pang qinglong's gloomy voice stirred up the crowd's emotions again.

as expected, the rest of the people, including zhao tianyin, looked at xia wubing with more vigilance and even hostility.

No matter what, Xia wubing's actions had infuriated the public. They might be able to suppress it for a while, but it definitely wouldn't last long. It was only a temporary stop-gap measure.

as time passed, he would definitely suffer a strong backlash.

"I didn't mean it that way."

xia wubing's expression changed slightly. although she could see through the dirty secrets in the depths of these people's hearts, she was still inexperienced. even if it was a one-sided card, it was still not easy to win against an old fox like pang qinglong.

pang qinglong sneered, 'if that's not what i meant, then what is it? Eldest niece, since you've already done it, don't be a whore and still want to build a Memorial for yourself, alright?'

"....."

Even ten Xia wubing's wouldn't be a match for such a vicious verbal attack. For a moment, he couldn't even retort.

"we're in trouble," lin yi and the others frowned.

xia wubing knew the secrets of these people that couldn't be exposed to the light. it was like he was holding a nuclear bomb in his hand. at first glance, he seemed to be in an invincible position.

but the problem was that nuclear bombs could not be used casually.

Once the nuclear bomb was used, it would mean that the table would be overturned.

That way, they would be able to kill 100 enemies, but at the same time, it meant that the situation would be completely irreversible. With the Fox mourning for the death of the rabbit, pang Qinglong's own appeal, and the people behind the scenes adding fuel to the fire, the possibility of another civil war was very high.

And that was definitely an outcome Xia wubing didn't want to see.

pang qinglong had seen through this, which was why he was so aggressive.

"he's using this method to test xia wenqing's situation. if he doesn't deal with it properly, he might see through the truth. at that time, he won't have any more scruples. he's indeed a difficult guy to deal with."

lin yi and the other two were worried for xia wubing.

If it was Lin Yi, he would be able to handle it, but the problem was that Xia wubing wasn't Lin Yi.

The person that the other party feared the most was the Dean, Xia Wenqing. As long as they confirmed that Xia Wenqing was not there, no matter if he was dead or missing, the possibility of Xia wubing's deterrence to completely intimidate the other party was almost zero.

xia wubing was well aware of this, but he could only brace himself and continue.

"no matter what everyone thinks, i can guarantee that as long as you don't do anything that subverts the foundation of dazhou college for hundreds of generations, i will never reveal any of your secrets. it was like this in the past, and it will still be like this in the future."

xia wubing made a solemn vow.

the restless crowd finally quieted down a little. they still believed xia wubing's words to some extent.

at least before this, although xia wubing could see through their deepest secrets, he had never revealed a single bit to her.

Xia wubing was indeed tight-lipped.

pang qinglong sneered again. " that was then and this is now. you have our most important privacy in your hands, and you want everyone to believe you with a simple promise? do you really think that everyone here is a three-year-old child who doesn't know how evil the human heart is? "

as soon as he said that, the crowd immediately began to waver again.

without giving xia wubing a chance to argue, pang qinglong continued, " " besides, you can see what we are thinking, but who can see what your intentions are? "

"if i'm not mistaken, the people behind you are from jianghai academy, right?"

"Don't you know that the new alliance Academies have the privilege of eating the corpses of the academies that failed?"

you're hanging out with them at such a sensitive time. It's not too much for me to say that you're harboring ill intentions and helping others, right? "

The series of attacks successfully shifted the attention to the three.

even zhao tianyin and the others, who were just at daggers drawn with him, couldn't help but look at xia wubing, lin yi, and the others with suspicion.

At any time, passing on the crisis to the outside world was a tried and tested method.

At least at this moment, the people from the Dazhou Academy had a common enemy.

This was the situation that Xia wubing had hoped to see. However, the problem was that he had to find the right enemy.

Lin Yi's offer was their only chance to pull Dazhou college out of this mess.

if they were to become enemies with lin yi's jianghai college, not only would xia wubing not be able to get past her, even if she could ignore her personal preferences, dazhou college would have no chance of winning with the terrifying combat strength that lin yi and the other two had just displayed.

"are you confident in dealing with so many at once?" dongfang yan raised an eyebrow at lin yi.

"If we really fight, then we'll run first."

lin yi shook his head. he wasn't a metal doll, and he didn't want to fight in the most disadvantageous battlefield.

However, it wasn't at that stage yet.

xia wubing cleared her throat and said, " "our dazhou academy has indeed encountered an external enemy, and an unprecedentedly powerful one at that. however, it's not jianghai academy, but xi rulai of the alliance's supreme board of directors."

One of the nine big bosses, Xi Rulai?

The crowd gasped in shock.

pang qinglong and the others were well aware of this, but the rest of the people present, including the dean, zhao tianyin, were not aware of this.

even if someone had retold them about the tragedy that had happened before, those lower-level people were not clear about sir an's background, and few had even seen his face.

at most, they would know that this internal academy war was incited by outsiders.

as for who it was, they had no way of knowing.

with dazhou college's confidence, even if they were facing other god-ranked colleges, they would not be afraid. after all, they had once been glorious.

however, the enemy had suddenly risen to the level of the nine big shots of the supreme board of directors. it was not something they could digest in a short time!

everyone present was suddenly in a panic.

That represented the peak of the divine Kingdom on land. How could the current Dazhou Academy afford to offend them?

zhao tianyin asked in a deep voice, "why would west rulai target us?" as far as i know, we didn't have any substantial connection with the west rulai group in the past?"

This question had everyone's biggest doubt.

now that the dazhou academy was suffering from the backlash of luck, anyone could pounce on it and take a bite. this wasn't strange, but to say that this piece of meat from their own school could catch xi rulai's eyes and even make him come down personally without caring about his dignity ...

this statement was really unconvincing.

It wasn't that everyone believed in Xi Rulai's moral integrity, but with the level of the nine big shots, there was no need to lower their status like this.

as long as xi rulai opened his mouth, there would be a lot of academies rushing to join him, so why use such underhanded means?

Pang Qinglong snorted coldly and said, "who says we have no connection?" I heard that at the Alliance headquarters, Xi family's noble young master personally came to see our niece but was slapped four times and kicked out. If this isn't called making enemies, then what is?"

Everyone was dumbfounded.

Slap the Xi family's young master four times? And it was under the eyes of the Alliance headquarters, Xi Rulai?

there's such a fierce person in this world?

pang qinglong continued to sneer, "the man who slapped the xi family's young master four times. he's the one standing behind our niece. if i remember correctly, his name is lin yi?"

everyone's eyes fell on lin yi.

xia wubing was about to defend lin yi when he was stopped by lin yi.

I don't deserve to be called a hero. However, the person who slapped the West earth edge four times at the Alliance headquarters was indeed me.

lin yi smiled and walked out calmly.

when faced with such a situation, no matter how strong one's mental fortitude was, they would still feel a lot of pressure. after all, there were hundreds of dazhou college experts present.

However, as he walked in front of Xia wubing, the first people who felt the pressure were the people from the great Zhou Academy!

That invisible pressure made even Masters like pang Qinglong and Zhao Tianyin, who were close to half a step into Mystic class, tremble.

lin yi's gaze made all the masters feel like they were gazelles being patrolled by a beast. some of them even took a few steps back subconsciously.

more importantly, he was only a golden class mid phase peak venerable.

This level of oppression was simply inconceivable.

At first, pang Qinglong had planned to strike while the iron was hot and make Xia wubing's reputation go bad. He even wanted to kill Xia wubing in the chaos to avoid future trouble.

However, when their eyes met Lin Yi's, the words that were on the tip of her tongue couldn't come out.

He didn't know why, but he had a strong intuition that once he opened his mouth, it was very likely that he would be killed on the spot by the other party, and then kill to establish his might!

If he had this feeling at any other time, he would definitely think that there was something wrong with him.

Even the Dean, Xia Wenqing, who had been suppressing him for so many years, had almost become his inner demon to a certain extent. It was absolutely impossible for him to kill him so easily in a single blow.

it was impossible!

but now that he was facing lin yi, he didn't dare to bet on that. it didn't matter how he looked at it, but his instinct was warning him that he shouldn't take any chances.

A moment later, Lin Yi's eyes finally moved away from his face.

pang qinglong finally heaved a sigh of relief. his back was drenched in cold sweat, and his clothes were soaked.

The others weren't being targeted like him, but under Lin Yi's invisible pressure, no one dared to speak up.

it had to be said that as his strength grew day by day, especially after absorbing the divinity of two gods in a row, and with the blessing of the four seas, as long as lin yi didn't deliberately hold back, he'd look like a king overlooking all living beings no matter where he went.

As long as he was there, he would be the center of the atmosphere, and no one would be able to ignore him.

Behind him, Dongfang Yan's eyes lit up when he saw this scene.

Even Emperor Xu Anshan couldn't help but comment, " "Domineering."

as for xia wubing, she could feel the change in everyone's attitude at this moment. the shock in her heart was far greater than that of everyone else!

If she hadn't seen it with her own eyes, she wouldn't have been able to imagine that a person could suppress so many unruly experts from her own Academy to this extent just by relying on his aura.

The point was that this wasn't even Lin Yi's doing on purpose-it was just a natural reaction when he released his aura!

Even Xia wubing couldn't help but look at Lin Yi's back as he left.

This was how a man should be!

"It doesn't matter what you think," Lin Yi replied faintly. "I'm here to tell you that Jianghai college has the intention to form an alliance with Dazhou college. As for my sincerity, I'm here in person, and that's my greatest sincerity."

"I don't care if you have other thoughts about this. If you don't want to accept the olive branch that Jianghai Academy has offered, then someone else will."

" however, i still have to kindly remind you that the matter of the western land is only a pretext. the western rulai has already set his eyes on your great zhou academy. "

As soon as he finished speaking, the crowd burst into an uproar.

with lin yi's status, and their natural enemies, no one would believe him.

However, under this pressure, the group of experts from Dazhou college had already acknowledged his status as an expert. No matter where an expert went, he had a natural right to speak.

"Just because you say so?"

pang qinglong braced himself and asked back, but lin yi's gaze made him feel like he was facing a great enemy. he was afraid that lin yi would kill him in the next second.

"why don't you guys think about it, what does xi rulai see in you?" lin yi smiled faintly.

the people from dazhou academy fell silent again.

When a person was in a group, their intelligence would drop significantly. However, once they started to think again, it was not difficult for these people to figure out some of the links with their brains.

For example, why did Xi Rulai attack the great Zhou Academy?

at that level, it was impossible for them to act on impulse. there must be a special meaning behind their actions.

Xi Chenyuan had been slapped by Lin Yi in public, and this could indeed anger Xi Rulai. Even if he attacked Lin Yi because of this, it wasn't unreasonable.

However, it was a little unreasonable to say that he had taken his anger out on Dazhou college for this and deliberately dismantled it without even caring about his face as one of the nine big shots.

At the same time, everyone's eyes fell on Xia wubing.

As a former first-class school, the Dazhou college did have many trump cards. However, in the long process of decline, those ancestral properties had basically been exhausted. If there was anything that could catch the eyes of the West Tathagata, it was probably only Xia wubing's divine eye.

Chapter 10444

However, if it was only for the divine eye, wasn't it a better opportunity to make a move when Xia wubing was leading the team outside?

the crowd was a little confused.

In any case, Xi Rulai couldn't have gone through so much trouble just for the shell of the Dazhou Academy.

Seeing this, pang Qinglong tried to tempt him again, " "it's so funny! who can prove that xi rulai is interfering in our matters from behind the scenes? can't it be your jianghai academy that's trying to catch a thief?"

Lin Yi didn't reply.

Xia wubing stood out and looked at pang Qinglong expressionlessly. "you want evidence, right?"

"it's just an alarmist talk. it's just a baseless rumor. do you have any evidence?"

pang qinglong was obviously not as confident as he appeared to be. he quickly added, " "if you want to talk about that lord an or something, you'd better take a break. so many of us have never seen him before. unless you bring him here to testify, it's not convincing at all."

He hadn't seen Lord an after he was resurrected, and he was sure that Lord an wasn't in Lin Yi's hands.

After all, that person was Xi Rulai's personal envoy, a ruthless character deeply trusted by Xi Rulai. How could he be so useless?

it was the truth-lin yi and the others couldn't find him.

even though xia wubing had already scanned the entire dazhou academy several times with his divine eyes, he still couldn't find any trace of this person.

lin yi was sure that the person wouldn't run away so easily before achieving his goal. this could only mean one thing-lord an had a way to hide from the god's eye.

With the background of the West Rulai group, it was not surprising that they had such means.

The God's Eye was indeed powerful, but to the top existences of the nine big shots, it was not so powerful that it was completely invincible.

"we really didn't find him."

Pang Qinglong heaved a sigh of relief at Xia wubing's words, but his expression changed drastically when he heard what Xia wubing said next."But I recorded the video of your private meeting with him."

"Impossible!"

pang qinglong was instantly flustered and exasperated. he only had the memories before he saved them. his understanding of the internal strife in the academy was mainly from his subordinates. naturally, he did not know many details.

he didn't know that xia wubing had recorded his private meeting with lord an!

xia wubing didn't say anything and directly played a video in front of everyone.

It was pang Qinglong and Lord an.

from lord an's bribery to the two of them conspiring to create internal strife and overturning the great zhou academy, the entire process was clearly recorded in the video.

when the video ended, everyone looked at pang qinglong in a completely different light.

"pang qinglong! you ungrateful piece of sh * t!"

zhao tianyin and the others were about to explode on the spot.

this included the masters from the academy who were originally on pang qinglong's side. other than the few direct descendants who were deeply bound to his interests and were destined to go down a dark path, they had also distanced themselves from him.

there were indeed many among them who were dissatisfied, but it was not to the point where the entire academy would be doomed.

in the previous internal strife, many people were actually forced by the situation and could not help themselves. in the end, they could only go with the flow.

If they had a choice now, they would naturally avoid it.

Pang Qinglong went hysterical on the spot, "it's fake!" This video is fake! Don't believe her. If I'm really conspiring with that person, how could I be so stupid as to let her record a video without realizing it? Think carefully, is this possible?"

everyone turned to look at xia wubing.

They did not believe in pang Qinglong's moral integrity. With his usual performance and ambition, it was not surprising that he would do something like that.

However, since pang Qinglong could get to where he was today, he had proven his means and ability. Especially if the other party was really an important figure in the West Rulai group, it was indeed a little fake that such a video of the plot was taken.

xia wubing didn't answer. instead, he released another video.

the crowd couldn't help but burst into an uproar.

these videos were the scenes of their confrontation on the roof just now. the camera of each video was very close, so close that one could even see their pores.

The most important thing was that these people who had been photographed had not noticed anything from the beginning to the end.

It would be fine if only one or two people didn't notice it, but so many people were all at a loss. Many of them were experts in anti-detection and anti-detection!

it was simply unimaginable.

" the technological products from the secular world are very interesting, " xia wubing said indifferently. " some of their functions are so powerful that they're beyond our imagination. you might have to take some supplementary lessons in the future. "

she had only finished half of her sentence.

To be able to record such a video, the technology from the secular world was indeed a great contribution, but more importantly, it had to be used together with her God's eye. Otherwise, there would be no video evidence of her being in such a situation.

Everyone was speechless.

but no matter what, most of them had already accepted the authenticity of the video.

This also meant that Vice Dean pang Qinglong had colluded with the people of the West Rulai group and was a traitor. This was a fact!

pang qinglong did not give up,'don't believe her! she was a fake! I've never seen Lord an!"

xia wubing suddenly interrupted him,"didn't anyone tell you that you were killed by this lord an?" you regard him as your backer, but in his eyes, you're just a piece of toilet paper that he'll throw away after he's used."

"....."

Pang Qinglong was stunned. He could not accept this cruel reality.

Dongfang Yan could not help but laugh. "It turns out that the cold goddess also has such a poisonous tongue."

xia wubing's face turned red.

Now that things had developed to this point, the situation was clearly leaning towards Xia wubing's side.

Dean Zhao Tianyin's stance was clear. He directly expressed his stand on Xia wubing's side. As for pang Qinglong's subordinates, they also chose to switch sides.

pang qinglong had been deserted by his friends and family.

But at this moment, a terrifying light suddenly burst out from the crowd. The wolf King's howl resounded through the air, and a full moon suddenly appeared in the sky.

Wolf King Howling Moon!

Everyone couldn't help but look up at the moon. Even if some of them had realized that something was wrong, they still couldn't control their bodies.

Even Emperor Xu Anshan and Dongfang Yan could not resist this strange power.

Taking advantage of the time when everyone was forced to look at the moon, the dim light had already arrived in front of Xia wubing. It was a dark-skinned young man with long hair.

No one had expected that someone would kill someone at this time, including Xia wubing.

She had the divine eye.

Chapter 10445

in theory, any factor that was disadvantageous to her could not escape the detection of her divine eye, especially when this swarthy youth did not appear from an unperceivable dark corner, but had been there from the beginning.

xia wubing even knew his name.

his name was lang yue, and he was a wolf youth that the academy had specially recruited from an ancient village. this person was extremely talented, and when he first entered the academy, his cultivation advancement speed had broken many of the academy's records.

In fact, the Dean, Xia Wenqing, had once thought of taking him in as an official disciple. However, because the youth was really not suitable to walk his path, he had no choice but to give up.

Xia wubing's deepest impression of him was that, other than being extremely talented, he couldn't speak.

in the entire academy, no one had ever heard him speak. never.

xia wubing even thought that he was mute.

However, it seemed that her guess was wrong. This Wolf youth wasn't really unable to speak. That wolf howl just now had come from his mouth.

he didn't speak in the past because there was no need to.

"Why do you want to kill me?"

They were so close to each other. For the first time, Xia wubing could clearly feel the killing intent from each other.

The other party was able to hide from her divine eyes not because of some special ability, but because until now, his mind was as pure as a piece of white paper. She could not see any hostility at all.

even if everyone wanted to kill him, xia wubing didn't think that lang yue would do anything to him.

that was because one could not deceive one's own heart.

if lang yue had any previous hostility, it would not have been able to escape her perception.

Xia wubing really couldn't figure out why such a terrifying killing intent would suddenly appear on a piece of white paper without any warning!

there wasn't even the most basic of direct contact between her and wolf moon, let alone any conflicts or grudges.

why did the other party want to fight to the death against him?

Lin Yi and the other two were right next to him, so even if lang Yue could sneak attack, he wouldn't be able to escape death.

Xia wubing believed that Lin Yi would take revenge for her.

At this moment, because everything had happened too suddenly and Xia wubing wasn't a physical body expert, she had no way to resist this sudden killing intent.

He could only look on helplessly as the wolf youth in front of him slowly spoke.

at this moment, a hand suddenly reached out from the side and covered the young man's mouth.

"It's not very polite to talk so close to someone."

Lin Yi's calm voice came from behind the youngster.

other than the teenager himself, there were only two people who were not attracted by the full moon in the sky.

one was xia wubing, and the other was him.

Xia wubing had the God's Eye, so he was naturally resistant to spiritual attacks, and so was Lin Yi, who had the world's will protecting him.

xia wubing's face was instantly filled with joy, but then his expression changed.

she saw the young man speak.

He was silent, but he shocked the world with a single brilliant feat!

A strong sense of danger warned her that if the youngster opened his mouth, the damage would be serious. Not only would she die, but Lin Yi would also be killed.

but before xia wubing could warn him, lin yi smiled at her calmly, "Don't worry,"

as soon as he finished speaking, the wolf youth had already forcefully opened his mouth.

even though lin yi's palm was covering her, xia wubing could still hear the word "die" clearly.

then, an indescribable force exploded from his mouth. in an instant, the scene around xia wubing turned into a myriad of phenomena, and the roars of the grim reaper became especially clear.

even with the divine eyes, xia wubing couldn't accurately judge the basic composition of these powers. he could only vaguely tell that they were some kind of extremely mysterious rule power, but their level was higher than ordinary rule power.

if there were no accidents, she would be a dead person by now.

with her strength, there was no way she could resist such a powerful and strange power impact.

however, at this moment, other than the shock to her mind, she did not suffer any physical damage.

All the physical damage was blocked by Lin Yi's palm.

"Are you done shouting?"

Lin Yi's voice rang out again, and the wolf youth's eyes finally revealed a trace of shock.

That person had said that no one could resist his curse. As long as they were the target of that person, they would die without a doubt.

However, Lin Yi took on almost all of the power of the curse with one hand and didn't collapse on the spot. Looking at Lin Yi, he didn't seem to have suffered any real damage.

How was this possible?

The wolf youth's three views were very simple and pure, but Lin Yi's performance had completely overturned his understanding.

but when lin yi let go of his palm, he realized that lin yi wasn't uninjured. there were circles of cracks on his palm, but that was all.

the shock in the wolf youth's eyes grew.

his full-power attack only caused a few cracks on his palm. just how strong was this person?

could it be that he was even more terrifying than the one who had taught him all his strength?

in fact, lin yi was surprised as well.

although there were only a few unremarkable cracks on his palm, this was a divine body. in the past, there had been opponents who could break the divine body, but who were they?

the one closest to him was a special clone of the evil god's true body!

If a young man could damage his divine body, even if it was just a trace, it would be something to be proud of.

Plus, even with Lin Yi's God body's strong recovery ability, these cracks couldn't be healed in a short time. It was shocking!

This young man was not simple.

At this time, the effect of the wolf King's moon howl had worn off, and the full moon in the sky disappeared. Everyone finally came to their senses, and they couldn't help but be shocked and scared.

all in all, they had been controlled for nearly two seconds.

If someone took this opportunity to kill them, these two seconds would be enough to wipe them out!

Soon, everyone's eyes fell on the young man Lin Yi was holding down with one hand. No matter how late they realized it, they could guess that this Wolf youth was the culprit of that scene.

"lang yue? were you the one who did that?"

Zhao Tianyin was shocked and could not help somewhat resentful that iron did not live up to steel.

At that time, Dean Xia Wenqing was not the only one who wanted to take lang Yue in as an official disciple. As the Dean, he was also a person who valued talent. With lang Yue's unique background and character, he was able to grow up smoothly in Dazhou college because of his care.

He had never expected that this quiet fellow would actually launch an attack at such a critical moment.

Once something happened to Xia wubing, the situation that had been stabilized with great difficulty would be thrown into chaos again. By then, pang Qinglong, who had been forced into a corner, would definitely not sit still and wait for his death.

many people who had kept their distance would probably fall back into uncertainty.

the tragedy of a civil war was likely to happen again.

This time, no one had the chance to load and be reborn. The great Zhou Academy, which had been passed down for hundreds of generations, would be doomed forever!

that outcome, zhao tianyin simply did not even dare to think about it.

"could it be that you were a spy from the beginning?"

Zhao Tianyin was terrified when he thought about it, and he asked sternly, " "speak! Who ordered you to come here?"

The wolf youth did not answer.

in fact, he didn't even have the chance to answer-lin yi dislocated his jaw already, just to be on the safe side.

although the curse just now was essentially a one-time release of the power accumulated over many years, even if the other party was completely allowed to do it again, it would be difficult to have the same power as before. however, he still had to take precautions.

Of course, even if he couldn't speak, it didn't stop him from pointing out the mastermind behind the scenes.

under everyone's watchful eyes, the wolf youth's gaze finally fell on pang qinglong.

"Me? don't you slander me!"

Pang Qinglong was immediately exasperated.

however, no one present was surprised at all. at this time, if they wanted to say who was the mastermind, this person would be expected. if wolf moon pointed out someone else, they would not believe it.

pang qinglong could not help but laugh when he saw that everyone's expressions were getting more and more unfriendly, and they even had a common hatred for the enemy. when this kid was specially admitted to the Academy, I was the only leader who opposed him. Have you all forgotten? "

" all these years, i've never even looked him in the eye. we didn't even have the slightest bit of interaction. how could i be the mastermind behind this? "

"have you all been kicked in the head by a donkey?"

Zhao Tianyin returned a cold snort. deliberately not crossing paths with him. Isn't this your smokescreen? "

"....."

pang qinglong choked.

now that his image as a villain was deeply rooted, no matter what he did, people would spontaneously interpret it in the direction of conspiracy, and they would even fill in their own stories.

no matter how much he tried to explain, it was all in vain.

Once a person was labeled, that label would follow for a lifetime and could never be truly removed.

moreover, what pang qinglong did was not a groundless accusation. any kind of persona could collapse, but the sinister villain's persona was particularly deep-rooted.

the only person who believed pang qinglong was none other than lin yi, who was holding the wolf youth down.

"I'm afraid things aren't that simple."

Lin Yi said as he looked at wubing.

Pang Qinglong was the one who caused the school's internal conflict, and he was planning to repeat the tragedy. These were all facts, but to say that lang Yue was his man, Lin Yi didn't think it was very likely.

Besides pang Qinglong, Xia wubing was the only person who knew the truth.

however, xia wubing didn't express his opinion at the moment, allowing zhao tianyin and the others to target pang qinglong.

This was very abnormal.

Although it was reasonable to take advantage of this opportunity to kill pang Qinglong, Xia wubing would be stupid if he stood up to clarify for pang Qinglong.

However, this was still very abnormal.

However, since Xia wubing chose not to do anything, Lin Yi naturally wouldn't jump out and play the good guy.

no matter from which perspective, pang qinglong's disappearance was the best way to maximize the benefits. if he survived, even if xia wubing could control the situation temporarily, he would have to be on guard against pang qinglong's interference.

Lin Yi wasn't a Saint, and he wouldn't do something so stupid as to make himself unhappy.

moreover, he had only made a judgment based on his intuition. he had no evidence to prove anything for pang qinglong. even if he really wanted to say something, he couldn't do anything without solid evidence.

As a result, the situation quickly turned into a situation where pang Qinglong was being pointed at by everyone.

Seeing more and more of his men sway to the opposite side and him gradually falling into the tragic situation of being deserted by his friends and family, pang Qinglong could not help but fill his heart with grief and indignation.

he really felt that he was more wronged than dou e.

At the very least, lang Yue's matter really had nothing to do with him.

however, no one was willing to listen to his explanation now. left with no choice, pang qinglong gave a look to his closest subordinates.

taking advantage of the fact that the crowd's guard against him had not yet risen to the point where he could restrict the freedom of his body, pang qinglong secretly accumulated his strength and then suddenly burst out with his body technique. under the shocked gazes of the crowd, he leaped toward the edge of the square.

However, in the next second, he was forced back by a dazzling red-tasseled spear.

dongfang yan held a spear in one hand and a wine pot in the other."Don't be in such a hurry to leave. We haven't finished talking about this matter yet. If you run away now, wouldn't it be considered as running away from punishment? how embarrassing would that be?"

“.....”

Pang Qinglong was both shocked and angry.

after all, he was extremely close to being a half-step mystic venerable-it wouldn't be an exaggeration to say that he was a golden class full master.

since he was running for his life just now, he had naturally given it his all and would not hold back.

However, in the face of Dongfang Yan's spear, his strength was completely useless. No matter how he responded, he would be forced to fight to the death with Dongfang Yan!

And with his personality, even in this situation, he would not easily bet his life.

as long as he could survive this life and death situation, he would not throw himself under that lord an, and would not be willing to be a dog for others.

Since they did not dare to fight with Dongfang Yan, they could only retreat obediently. Reality was cruel.

on the other side, pang qinglong's core subordinates had just received his hint and were ready to break out of the siege together.

However, just as they were about to make a move, Emperor Xu Anshan appeared behind them with an indifferent expression. The emperor's aura that made people's hearts jump suppressed them, and they were so scared that they didn't dare to move at all.

They were all golden class Venerables of the same level, but when they faced Xu Anshan, it was like they were guilty subjects meeting their Emperor. It was as if their heads did not belong to them at all.

As long as the other side gave the order, their heads would roll on the ground without any power to resist.

In fact, he did not even have the heart to resist!

This was the pressure of a born Emperor.

the other experts from dazhou academy, including zhao tianyin, were all stunned when they saw this scene.

All their attention was on the domineering Lin Yi, and only now did they realize that the two people with Lin Yi were also monsters!

it wasn't an overstatement to say that the pressure from lin yi's trio alone was enough for them to reconsider their alliance with jianghai school.

Chapter 10447

Not to mention what kind of benefits they would get after forming an alliance, at least the current Dazhou Academy really couldn't afford to provoke such a fierce enemy!

Zhao Tianyin calmed himself down and walked up to pang Qinglong."after doing so many dirty things, you still want to escape unscathed, isn't that too wishful thinking? Pang Qinglong, you're not that naive. If you don't tell me the truth, I guarantee that you won't live past today!"

"tsk! who do you think you are? you're just a defeated opponent. do you think you're qualified to talk to me like this?"

Pang Qinglong scoffed.

he was scared by lin yi and the others, and today's failure was also because of lin yi and the others "presence. as for zhao tianyin and the others, he didn't even put them in his eyes.

in name, zhao tianyin, the head of teaching, was on the same level as him, the deputy dean. they were both xia wenqing's most trusted left and right hands, and each of them led a rather powerful faction.

in reality, he had never treated zhao tianyin as an opponent.

If he really wanted to play, even ten Zhao tianyus would be played to death by him. Pang Qinglong was very confident in this!

Zhao Tianyin was furious, but he didn't dare to vent his anger on pang Qinglong because of the pressure from Lin Yi and the other two.

even if this was the school's family business on the surface, and outsiders like lin yi had no right to interfere, and tianyin himself was a violent person-as the dean, he knew very well what the rules were.

there was only one rule in the world, and that was that only the strong had the right to speak.

before lin yi opened his mouth to set the tone, if he dealt with zhao tian yin on his own accord, no matter how legitimate it was in name, it would still be a way to bring trouble!

Lin Yi looked at pang Qinglong and said, " "you have one last chance to speak. i can't guarantee what will happen after that."

what he meant was that if what pang qinglong was about to say did not pique his interest, he would leave it to the people of the great zhou academy to deal with.

pang qinglong could not help but shiver when he saw the gazes of zhao tianyin and the others.

he knew that today's trial would probably really be very difficult to pass.

After a moment of hesitation, pang Qinglong gritted his teeth and said, " "As long as you're willing to protect me, I can tell you an extremely important top-secret information. This information is related to the Dean, Xia Wenqing, and at the same time, it is also related to Xia wubing's God's eye Kasaya."

However, before he could finish his words, his entire aura suddenly stagnated.

then, without any external interference, the vice-principal of the dazhou institute, who was infinitely close to a mystic venerable, fell to the ground.

by the time he fell to the ground, he was no longer breathing. his heart had stopped beating, and the vitality of one of his organs had instantly disappeared.

In the blink of an eye, he was dead.

the entire place was dead silent.

Zhao Tianyin was dumbstruck as he watched this scene.

As an old rival for many years, no one knew pang Qinglong's strength better than he did. Although he had always looked down on this person, he had to admit that he was no match for him.

The result of the internal battle between the academies had already explained the gap between the two sides.

Regardless of whether the other party's methods were dirty or not, if he could not get the other party, then he could not get the other party. This bit of basic self-awareness, Zhao Tianyin still had it.

Who would have thought that the opponent he had been fighting for his entire life would die in public without any warning?

the other people present were still looking at each other in dismay, but zhao tianyin already felt his blood run cold.

He knew that this wasn't Lin Yi's doing, but what shocked him the most was that he'd already guessed who was behind this.

However, when he thought of that name, his heart skipped a beat.

"my heart hurts."

A calm voice came from the sky. Everyone looked up and saw a middle-aged man with a refined aura slowly walking down the invisible steps in the void.

everyone was surprised and hurriedly bowed in greeting.

"Greetings, principal!"

The person who came was the Dean of the Dazhou college, Xia Wenqing.

lin yi raised his head to meet the man's eyes, and their gazes collided in the air. there wasn't any earth-shattering horror, but it was enough to make everyone's heart skip a beat.

a moment later, their eyes separated.

lin yi already knew the answer.

The wolf youth that he was holding down had received orders from the other party to suddenly release his killing intent towards Xia Wubing.

he had already guessed this answer. as for xia wubing, who was involved in this, she had also known this answer a long time ago. that was why she had such a strange reaction.

xia wenqing was the person she trusted and respected the most. it could even be said that he was her only family member in the world. in the end, her only family member had the intention to kill her. no matter who was in xia wubing's position, they would probably not know how to face it.

Dazhou College's glory has lasted for hundreds of generations, but in my hands, it's like an ant waiting to be slaughtered. I'm heartbroken.

xia wenqing spoke again. his voice was still elegant, and his words weren't fierce, but they made everyone present breathless.

this pressure wasn't any weaker than lin yi's.

Just this sentence showed Xia Wenqing's status and influence in Dazhou college.

No wonder pang Qinglong had tried so hard to find out his situation. If this man was here, all his instigations would be useless. He would be suppressed in minutes.

Xia Wenqing then turned to Xia wubing. I'm very disappointed. You should've done better.

this was supposed to be a chance for you to take charge and truly grow, but you chose to rely on others, even an outsider who has nothing to do with you. This is a dereliction of duty in my education.

then, his eyes met lin yi's again.

"I am extremely grateful for the olive branch everyone has extended to me. The fact that Jianghai Academy was able to carve out a Path of Blood and successfully compete to enter the Alliance shows that it is an outstanding Academy."

"it would be the great zhou academy's honor to form an alliance with jianghai academy."

" however, the great zhou academy belongs to the people of the great zhou dynasty. please be patient and don't interfere in our internal affairs. when everything is over, i will give you a satisfactory explanation. "

His words were so calm that no one could pick out any mistakes.

Lin Yi, Xu Anshan, and Dongfang Yan looked at each other. They had finally met their true opponent.

If it was before he'd seen the guy's true face, Lin Yi would've looked at him in a higher light. After all, with this person around, he could eliminate the possibility of Dazhou college dragging him down.

this was a good thing.

however, if the other party harbored ill intentions from the start and was destined to stand against them, then it was a different matter.

in comparison, if xia wenqing went on a killing spree right now, it would be easier for lin yi and the others to break out of this situation. as long as they could protect xia wubing, they would have a chance to break out of this situation.

Chapter 10448

but now, xia wenqing was watertight and firmly held the people of dazhou college in his hands.

No matter what Lin Yi said or did next, as long as he went against his will, he'd be going against the entire Dazhou school-there'd be no room for negotiation.

Even if Lin Yi and the other two could rely on their individual strength to escape in one piece, at least in terms of Dazhou College's plan, they had lost everything.

under everyone's gazes, lin yi replied faintly, "We need a United ally. I was only acting as a friend just now. I have no intention of interfering with your Academy's Affairs."

The crowd started discussing, but it did make sense when they thought back to what Lin Yi and the other two had done.

At least, they only attacked Xia wubing when he was threatened. At other times, they restrained themselves.

"then i'll have to thank you."

xia wenqing nodded slightly and then turned to the crowd. " Vice Principal pang Qinglong has betrayed us and colluded with the enemy. He has just been executed on the spot. If anyone wants to stand up for him, please stand up now.

everyone was silent, and no one responded.

No matter what pang Qinglong wanted to say before he died, since he was already dead, the top-secret information he had spoken of would naturally be buried in the ground.

Since this matter concerned Xia Wenqing and Xia wubing, no one dared to reveal anything at this time, even if they were itching to.

as for pang qinglong's direct subordinates, they all pretended to be dead. they wished they didn't exist. they couldn't stand up for pang qinglong at this moment.

since no one is saying anything, it means that everyone here agrees that pang Qinglong deserves to die.

xia wenqing directly concluded this matter.

Everyone was shocked, but they were more and more curious about the secret that pang Qinglong was talking about.

Previously, the situation had been so chaotic, but Xia Wenqing, as the College's stabilizing force, had not been willing to appear. This meant that he must have an unexpected deep plan in his heart.

if it wasn't for the fact that he wanted to shut pang qinglong up, xia wenqing probably wouldn't have shown himself until now.

What kind of secret was so important that Xia Wenqing had to abandon the entire plan and give up on the overall situation?

Many pairs of eyes looked at Xia Wenqing and Xia wubing with hesitation.

The soul of gossip was burning.

humans had no resistance to the eight trigrams. even at the supreme realm, this did not change.

although no one had watched a soap opera before, since the main characters were xia wenqing and xia wubing, the foster father and daughter, all kinds of strange plots that were not suitable for children naturally played out in everyone's minds.

“.....”

xia wubing took in all the dirty thoughts in everyone's mind. even though he had seen many unbearable human hearts, he couldn't help but feel disheartened.

she really wanted to slap these people to death!

she didn't know why, but she subconsciously looked at lin yi and saw that his face was calm, and she felt a lot more at ease.

originally, she was most concerned about xia wenqing's thoughts, but now, the person had unknowingly become lin yi.

it wasn't that lin yi's charm was that great, but the former's image in her heart had crumbled too quickly. even if it was still that familiar face, even the tone of his voice was still as steady as before, but from the moment she realized something, everything was gone.

she had thought that the many years of raising her was the greatest compensation from the heavens.

But now, it seemed like a joke.

Xia Wenqing sensed the subtle interaction between her and Lin Yi. She frowned slightly and said in a deep voice, " we are in troubled times right now. This concerns the survival of the Dazhou Institute's Foundation that has been built for hundreds of generations. What you should do now is not to gather here and cause trouble, but to perform your duties and be loyal to your duties!

"i'll make it clear today that i'll let bygones be bygones for all the things you've done before."

"however, i don't want to see anyone neglecting their duties. once i see it, i will definitely punish them severely!"

"That's all I have to say. If anyone else is punished, don't say I killed without teaching."

although his voice was stern, everyone present heaved a sigh of relief.

of course, they knew that although their dean usually looked easy to talk to, he was definitely not someone who would scare people. since he had already said so much, this time, it would not be a small matter.

if anyone else committed a crime next, they might end up like pang qinglong.

However, even so, it was still much better than having old scores settled in front of them. Otherwise, once they got serious, they would be dealt with one by one, and even if they didn't die, they would lose a layer of skin.

today's matter, at least on the surface, was finally coming to an end.

xia wenqing looked at xia wubing and said, "bing 'er, come with me for a moment."

Everyone present looked at each other and suddenly became curious again. However, no one dared to say anything at this time. They could only communicate with each other through their eyes.

in the past, xia wubing had always been obedient to xia wenqing.

However, to everyone's surprise, Xia wubing didn't move at all. Instead, he asked, "you ordered lang yue, didn't you?"

As soon as these words came out, the entire place was in an uproar.

this time, it was no longer just a simple gossiping heart. if lang yue was really under xia wenqing's orders, then it meant that the one who wanted to kill xia wubing was actually him, the headmaster who was both a teacher and a father?

this was definitely earth-shattering news!

Xia Wenqing stopped in his tracks and frowned at Xia wubing. "why do you have such a strange idea? You have the God's Eye, which can see through everyone's heart. You should know better than anyone what I'm thinking."

"there are some people whose hearts can not be seen through even by the divine eye."

Xia wubing shook his head.

Before this, she had never had any doubts about Xia Wenqing. She had always trusted him unconditionally.

And just as he had said, the divine eye could indeed see through the other party's heart at any time. What she had seen in the past had always been open and aboveboard.

Everyone had little secrets that couldn't be exposed, or dark history, but only Xia Wenqing had really carried out the saying that nothing should be told to others to the extreme.

But now, she didn't dare to believe it anymore.

she was used to seeing was believing, but in the end, she realized that seeing might not be believing, even if she could see through other people's hearts.

xia wenqing didn't have a god body and couldn't block her god eyes like lin yi, but that didn't mean she didn't have other ways to deal with it.

in terms of understanding of the divine eye, even xia wubing, who had his own body, might not be able to compare to him.

because her god's eye was cultivated by xia wenqing!

Chapter 10449

"I see."

Xia Wenqing's expression gradually turned cold. He looked at Xia wubing helplessly. as expected, women are unreliable. It was a mistake from the beginning for me to invest all my efforts into you.

As his tone gradually became indifferent, his entire aura slowly spread out.

this time, it wasn't as oppressive as before, but it made everyone feel as if there was a dagger on their backs. it made them feel even more uneasy than before.

Dongfang Yan put away the wine pot and his eyes lit up."Are you finally going to lay your cards on the table?"

on the other side, xu anshan was also on guard.

The two of them might not be as clear as Lin Yi, but their intuition towards enemies was no less than his.

from the moment xia wenqing appeared, they already knew that the dean of the great zhou academy was their biggest opponent today.

Lin Yi, on the other hand, didn't do anything.

although he had already guessed the answer to some things, he still wanted to hear the explanation of the person behind the scenes.

xia wubing lifted her bangs and revealed her pure and flawless divine eyes to everyone. she should have been hurt by seeing the truth, but her tone didn't change much.

"you've never died."

these words made everyone a little confused, but then they remembered the internal chaos in the academy before the loading file.

although pang qinglong's collusion with the enemy was the direct fuse that led to the tragedy of the internal strife, in the eyes of the discerning, the real source of the internal strife was actually the sudden assassination of the dean, xia wenqing.

if xia wenqing didn't die, everything that happened after wouldn't have happened.

But now, Xia wubing was saying that Xia Wenqing didn't die?

with xia wenqing's feelings for the dazhou college, as long as he was still alive, how could he allow such a large-scale internal strife to happen?

xia wenqing narrowed his eyes, but he didn't stop xia wubing from continuing.

xia wubing continued, " you chose to lay low for this incident from the very beginning. you allowed the internal strife to get worse. no, you didn't just let it go. you even pushed the waves from behind the scenes. "

" you were ambushed and killed. it was an illusion that you carefully created. you deceived everyone, including me. "

"That's why you weren't among the people who loaded the file and resurrected."

This was her initial doubt, and it was also the source of her painstaking investigation to discover the truth behind the scenes.

no matter how perfect the illusion was, as long as there was a little bit of a line exposed, it would be completely unraveled.

It was only a matter of time.

"this is indeed a flaw."

Xia Wenqing nodded his head calmly. He knew better than anyone that there were no Eternal Lies. From the moment he started his plan, he didn't intend to lie to Xia wubing forever.

of course, xia wubing's sudden insight at this point in time was indeed out of his expectations.

at least, it was a little earlier than he had expected.

everyone from the dazhou academy was shocked.

however, compared to being surprised, xia wenqing's attitude made them even more afraid.

if xia wenqing strongly denied it, regardless of whether it was true or not, since he was still deliberately maintaining his image as the dean, it meant that he wouldn't touch the people in the academy at least for a short time.

in other words, the people in the academy were still people he wanted to rope in, and this was a disguised guarantee of safety.

but now, xia wenqing had directly admitted it in public and no longer tried to hide it. this, in turn, was a signal that he was ready to give up on everyone.

none of the people present were truly stupid.

Since Xia Wenqing had deliberately planned such a big scheme, his scheme must be very big. Although no one knew what his goal was at present, the possibility of directly using the people of the Academy as chess pieces to sacrifice was not impossible, but extremely high!

however, it was too late for them to react now.

xia wenqing's aura had already enveloped all of them. he might not be able to suppress everyone at the same time, but if any of them couldn't help but choose to run away, they would definitely die a more miserable death than pang qinglong.

They were not as strong as pang Qinglong.

Therefore, at this moment, no one dared to move. They could only continue to listen.

lin yi and the other two didn't have such concerns, but they were quite interested in the dean's true face. naturally, they were happy to be qualified listeners.

Xia wubing continued, " it's strange that Xi Rulai has his eyes on our Dazhou Academy. With pang Qinglong's strength, it's impossible for him to catch Xi Rulai's attention. In his eyes, he's not even qualified to be a dog.

if pang qinglong was still alive, he would probably die of anger.

But this was the cruel reality.

the deputy dean of the dazhou college was infinitely close to the strength of a half-step mystic venerable. with a large group of underlings, pang qinglong's lineup would be impressive in other places, but in the eyes of the west rulai group, he was not even a dog.

"you're the only one in the entire dazhou academy who is qualified to be xi rulai's dog,"

Xia wubing's divine eyes looked straight into Xia Wenqing's eyes.

The divine eye had the inviolable Majesty of the gods, and ordinary people could not look her in the eye at all. If they were forced to look at her, it was very likely that they would go insane or even collapse on the spot.

however, xia wenqing was extremely calm. instead, he had some appreciation for the work of art.

xia wubing was disappointed. " i don't know what benefits xi rulai has given you. but i'm sure of one thing. you've already sold the entire dazhou academy to him, including yourself. "

The moment these words came out, Zhao Tianyin and the rest of the group present were already completely dumbfounded.

in the entire dazhou college, if xia wenqing dared to say that he was the second person to have the deepest feelings for the college, no one would dare to say that they were the first.

This wasn't empty talk, but was obvious to all.

Xia Wenqing's investment in the Academy was far above everyone else's. Even Zhao Tianyin was ashamed of his inferiority.

if not for this, he would not have such a high prestige and appeal in the academy.

Some things couldn't be exchanged with strength.

Even if the plot was exposed, and everyone in the college was likely to become the sacrifice of the other party, they still believed that this would not change Xia Wenqing's feelings for the great Zhou college.

perhaps in xia wenqing's eyes, the academy was still the same academy, but it was just a change of people.

Who would have thought that Xia Wenqing was the traitor who had hidden the deepest!

Zhao Tianyin's group suddenly had their views collapse. They couldn't accept it at all. Even if they betrayed the Academy one day, they didn't think that Xia Wenqing would do such a thing.

Lin Yi didn't know what to say after seeing everyone's reaction. "The people are too stable, it can't even collapse. It's a rare sight."

"If she were to act, she'd definitely make more money than that big movie star Harlin," Dongfang Yan said with a smile.

Chapter 10450

It was rare for Xu Anshan to join in, " "a veteran actor."

Xia Wenqing still didn't refute. He calmly looked at everyone's reaction and said to Xia wubing, " "since we've already come to this point, why don't you satisfy everyone's curiosity and tell them everything you know?"

Xia wubing let out a breath of air and continued, " "Even though I can't guess the details of the deal between you and Xi Rulai, I can basically confirm that this deal is related to the God's Eye."

"Some things can't stand up to scrutiny."

" as long as you change your way of thinking, everything will be very different. "

for example, when you adopted me and spent a lot of effort on me, you didn't really want to cultivate me. What you really wanted to cultivate was the God's Eye that grew on me.

" as for me, from the beginning to the end, i'm just a human-shaped vessel for you to cultivate your god's eye. "

when the God's Eye has achieved the effect you want, what you need to do next is to harvest the God's Eye from me.

Hearing this, Dongfang Yan and Xu Anshan finally understood why Xia wubing would say something so weird to Lin Yi.

She would rather give the God's Eye to Lin Yi than let Xia Wenqing take it away.

As a vessel, once she lost her God's eye, she would die without a doubt.

but giving the god's eye to lin yi would at least make her death more peaceful.

lin yi was speechless.

In fact, Xia wubing should have noticed all of this when he finished loading the savefile. At that time, he had already felt the faint determination to die from the other party.

everything he did after that, apart from the last trace of hope, was most likely to leave the problem until now.

he would ask her face to face and then die knowing what had happened.

everything that has happened recently in the Academy is because you initiated the harvesting ritual, " Xia wubing said calmly. I can finally guess what you're thinking now.

Xia Wenqing raised his eyebrows.

" if you're not satisfied with the elementary divine eyes, then you're not satisfied with the intermediate divine eyes either. otherwise, i wouldn't have lived to this day. "

I'm the vessel that you've carefully chosen, " Xia wubing said indifferently. you've poured so much effort into me, so it's only natural that you want to squeeze out every single bit of my value.

and my greatest value is to help you cultivate a pair of legendary high-grade God's eyes.

Lin Yi and the other two were shocked.

According to the God's Eye cultivation outline that Xia wubing had given him, although the low-level and mid-level God's eyes were also called God's eyes, they were incomplete in essence. At best, they could only unleash a very small part of the God's Eye's true power.

perhaps, it was not even one percent.

Only after evolving into a high-level God's eye could it be called a true complete God's eye, and only then could it truly display the power of a God!

even the weakest human cultivator would be able to reach the heavens in a single bound if they could obtain the complete divine eye. they would be able to stand above all the supreme realm experts and become the legendary quasi-god!

even lin yi and the other two couldn't help but be entranced when they saw the description.

after all, that was a quasi god. which human cultivator could resist such a temptation?

However, with Lin Yi's trio's strong minds, they would only be envious for a while, not really led astray by a single sentence.

For all the cultivation techniques in the world, in order to improve one's own style, it was inevitable to draw a big cake in the later stage.

one only needed to look at such a flatbread. if one really treated it as reality, one would definitely be blind.

The so-called high-grade God's eye, not to mention whether it really had the heaven-defying ability to make people reach the sky in a single step, if it was really that exaggerated, the difficulty of obtaining it would naturally increase infinitely.

there was no such thing as a free lunch.

obtaining great power meant that one had to pay a great price.

What kind of price did it have to pay to reach the heavens in a single step and become a quasi God?

even with their current levels, they didn't dare to imagine it.

However, looking at the situation now, Xia Wenqing not only took this matter seriously, but he also put it into action. He was even close to finishing it!

The rest of the people present had limited understanding of the God's Eye, so they could not understand such shocking information at once.

however, this didn't stop them from feeling impressed.

after a pause, xia wubing's tone remained calm. every time the divine eye evolves, there's an unimaginable price to pay. Back then, when it evolved from the elementary divine eye to the intermediate divine eye, you brought me to the ancient battlefield for thirty years.

everyone was shocked again.

The ancient battlefield was the most unique region in the secret lands. A normal Supreme realm cultivator would not even be able to survive for five minutes.

Xia Wenqing actually took Xia wubing to stay in there for 30 years!

Zhao Tianyin and the others recalled that a long time ago, Xia Wenqing had indeed been in closed-door cultivation for 30 years. He had announced to the outside world that he was in closed-door cultivation, but the higher-ups in the inner circle all knew that he had gone out.

so, he had gone to the ancient battlefield!

at that time, xia wubing was only a little girl in her early teens, and her personal strength was very limited. xia wenqing was actually able to bring her inside for so long. how strong was she?

he didn't dare to imagine.

" in the 30 years in the ancient battlefield, you captured at least 100000 ancient heroic souls. that was how i managed to successfully evolve the middle-grade divine eyes. "

Xia wubing's invisible gaze swept across the crowd. the price you have to pay to advance from a middle-grade divine eye to a high-grade divine eye is more than a hundred times higher. Even if you capture ten million ancient heroic souls, it will still be far from enough. What are you going to use to fill this bottomless pit? "

As she spoke, the experts from Dazhou college felt a chill on their necks, and their hearts trembled.

Even if one used their toes to think, it was very likely that these people were the price to be used to fill the bottomless pit.

however, xia wubing's next sentence made them feel much more at ease.

"Even if you throw in the entire Academy, it's only a drop in the bucket."

Xia Wenqing laughed. according to your train of thought, can't I find people outside the college? why must I set up my own people? "

xia wubing shook his head. " there are billions of people in the divine kingdom on land. in theory, it should be enough. however, if you do anything big, you will immediately alert the alliance headquarters. by then, the alliance security bureau and even the supreme board of directors will be alerted. you will have nowhere to run. "

No matter how strong Xia Wenqing was, in front of the Alliance, he was only a small shrimp.

it was fine if they didn't pay attention to them normally, but it wasn't a big problem for them to do some small actions.

if he was the focus of attention, especially if he was blacklisted by the alliance's security bureau, even a hundred lives wouldn't be enough to kill him.

"That's a very reasonable analysis,"

Xia Wenqing looked at Xia wubing with regret. you're so smart and capable. I'm a little reluctant to part with you. But it's a pity that things can't be changed now. You're destined to be unable to accompany me to the end.
