

Bodyguard 1961

### Chapter 1961: Kinship and benefits

"This ... It's possible, but only people with the sun family's bloodline can cultivate it. Others can't." Jingyi wasn't very secretive about her family's Arts-after all, they'd given it to house Wu to practice before, but it'd ended in failure.

The final conclusion was that this heart technique was only effective for the sun family's people. Other people couldn't cultivate it, so this heart technique wasn't important anymore, and there wasn't any confidentiality. The people in high demand were the sun family's children!

"It's nothing. I just want to study it." Lin Yi said.

"Okay, wait a moment. I'll text you." Jingyi said as she pulled out her phone, found a file, and sent it to Lin Yi.

Lin Yi's phone beeped with an incoming mail, speechless. As far as he was concerned, these Arts were all written on bamboo or sheepskin scrolls, or at least thread bound books. Jingyi, on the other hand, had e-books!

However, this was a product of the times. Lin Yi thought that he was lagging behind.

Lin Yi had wanted to help Jingyi raise her strength as well, but he wondered if his Qi would change Jingyi's Qi if it went to her. If sun Jingyi's pure energy became the same as his own, Lin Yi would be in big trouble.

"Many thanks!" Lin Yi saved the practitioner's Arts in his phone and said sincerely, "Right, Jingyi, what's your plan for the future?"

Lin Yi knew that Jingyi had sold her company, and had nothing to do.

"I don't really know, I don't want to go back to house sun, and I don't want to start a business on my own ..." Jingyi laughed self-deprecatingly. "As you can see, she's a girl without any background, and she doesn't have a strong man to protect her. She's always being bullied when she does business, just like last time ..."

"Ha, don't you have Wu Chentian to help you now? Whoever dares to bully you, that kid will kill them with a single palm strike." Lin Yi said with a smile.

"It's mainly because it's too tiring to manage a company by myself. Besides, I don't need to prove anything now." Jingyi said, "in the past, starting a business was just for house sun to see, to let Grandpa and the others think that I'm not just a sacrifice for profit, but someone who can take charge of a field. But now I realize that this thinking is a bit wrong. No matter what, I can't do a big business on my own. After so many years, it's still a small company."

Lin Yi knew about Jingyi's poor background, and so he nodded quietly. "But you can't just ... Stay here forever, can you?"

“I don’t know, but I did learn something from this meeting.” “That’s the rule of the strong,” Jingyi said. “In the eyes of the patriarchs of the noble houses and hidden houses, only the strength of a practitioner is everything ... Thinking back to how I laughed at trying to use business to prove my ability ...”

“That’s true. A Noble House, a hidden house, the foundation of their inheritance is the strength and number of cultivators. ” “What, you want to train too?” Lin Yi asked.

“Haven’t I been cultivating?” Jingyi smiled bitterly. “Thinking back to my grandpa’s attitude at the noble House meeting ... He wanted me to marry Wu Chengtian, but after seeing how you destroyed house Yu, he wanted me to come back and please you ... But, when he heard that you offended the Hidden House, and they sent three Earth Class Masters after you, he froze my bank card and told me to stay away from you ... At the end of the day, in their eyes, I’m still a commodity ... I thought my Grandpa treated me differently,” “Although he’s good to me, family isn’t as important as family interests ...”

Lin Yi understood what Jingyi was trying to say. His family was similar to those other sects, and he thought back to how excited the rock Candy Girl had been when she found out about Xiaoxiao’s body. In order to get her to become the Ice Palace’s heir, she’d even lower herself to negotiate with a little Mystic ...

“Sometimes, there’s nothing we can do about it. Your Grandpa may be an old fox, but he’s doing this for the whole family ...” Lin Yi said, “In the heart of this kind of old man, the family’s interests are above all else. Therefore, you can’t say that he is wrong. There are some things that can’t be distinguished between right and wrong.”

“That’s right. So, in order to escape this fate, I have to become a strong person!” Jingyi said. “I want to train hard. Once I reach the second stage of house sun’s practitioner’s art, I can become a core member of house sun. Even Grandpa won’t let me do things that I don’t like to do. If I reach the fifth stage, I can transfer Qi to any practitioner without any restrictions. At that time, my status will probably change again ... Of course, reaching the fifth stage is just a dream for house sun, and no one has achieved it yet.”

“Your mental cultivation method is too strange, and you’re not increasing your strength to the level of heaven, earth, black, and yellow. I want to help you, but I can’t.” “I can’t let you level up like Wu Chengtian and the others,” Lin Yi said.

“I know,” “House sun’s practitioner’s Arts can only be improved by absorbing the Qi of the world,” Jingyi said with a nod.

Lin Yi nodded. The energy in his body was the purest type of energy, but it wasn’t pure heaven and earth spiritual Qi. It was the Qi that was converted from heaven and earth spiritual Qi through the art of Dragon mastery. This type of Qi had the same effect as heaven and earth spiritual Qi, and could be converted into other Qi for others to use, but the prerequisite was that the practitioner’s art of Dragon mastery was needed!

Therefore, the omnipotent true Qi with the mental cultivation method was equivalent to the spiritual energy of heaven and earth, which could be used by others, unlike the normal spiritual energy of heaven and earth, which could be directly absorbed and refined by cultivators.

The two had the same purpose, but the essence was different. If sun Jingyi absorbed his Qi, she would probably become the same as him, and since she didn't know the art of Dragon mastery, she naturally couldn't transform her Qi. As a result, sun Jingyi's Qi could only be used by him.

To put it bluntly, sun Jingyi's body was like an energy storage device. Her body could absorb the Qi of heaven and earth, and this Qi could be absorbed and refined by other practitioners. Of course, this was only Lin Yi's guess, but he still needed to study it to know the details.

### **Chapter 1962: three hundred taels of silver**

"Where are your other brothers and sisters? Won't they become a bargaining chip for the sun family's interests?" Lin Yi asked.

"I ... I don't have a father or mother, if I have to sacrifice someone, I'll be the first one ..." Jingyi smiled bitterly. "Moreover, I'm considered one of the more powerful cultivators in this generation. I've already cultivated to stage one top class, which just so happens to meet the conditions of marriage between the other families and the sun family, so ..."

"Your parents ... Sun Yikai said ..." Lin Yi stopped here and didn't continue. This topic was just something he said casually, but he regretted it right after-it was a sad story, after all, and he didn't want to bring it up too abruptly.

"They're not here anymore, it's okay, I'm used to it ..." Sun Jingyi smiled bitterly, "It's just that I was too young at that time. I didn't even know what my parents looked like. I only had this small jade pendant they left me ..."

With that, Jingyi removed the jade pendant from her chest, caressing it in her hands-it was clear that she really did treasure it.

"Pure yellow jade!" Lin Yi's eyes narrowed as he looked at the Jade-he didn't think that the one on Jingyi's chest was a pure yellow jade! It was one of the materials he needed to refine the Jade space!

"Pure yellow jade? You know him?" Jingyi paused at Lin Yi's excited expression-no matter how precious the material was, Lin Yi shouldn't be this surprised, right?

"Can I have a look?" Lin Yi asked.

"Of course you can!" Jingyi nodded and handed the pendant to Lin Yi.

"It's indeed a pure yellow jade." Lin Yi looked at the pendant in his hand and took a deep breath. He wanted it for himself, but he knew that this was the only thing Jingyi's parents left for her. Even if he needed it, he couldn't just ask her for it.

But Lin Yi was still fondling the Jade in his hand.

"You seem to like this jade pendant a lot?" Sun Jingyi saw the possessiveness in Lin Yi's eyes and was surprised. Lin Yi didn't lack money, and although this pure yellow jade was rare, it wasn't a priceless treasure. It was nothing in the eyes of these big families and practitioners!

Perhaps this pure yellow jade could be sold for a good price at the auction, but in the eyes of the sun family and old man sun, it was just a good accessory. These people didn't even have the intention to covet it.

"Yeah." Lin Yi nodded, not hiding anything. "To tell you the truth, I need the pure yellow jade to make something. If this pure yellow jade wasn't something your parents left for you, I would definitely ask you for it."

"Ah!" Jingyi didn't expect Lin Yi to need the Jade-she really wanted to help him, but the Jade was the only thing her parents left for her, and the only way she could find her parents was through it. She couldn't just give it to Lin Yi, "I'm sorry ... I wanted to find my parents through this jade pendant one day, so ..."

"Ah, I understand. That's why I said that." Lin Yi picked up the Jade, ready to return it to Jingyi. He was still a little reluctant, but he was able to put it down. Just as he was about to return the Jade, he couldn't help but let out a surprised "eh"!

"What's wrong?" Jingyi didn't understand why Lin Yi was so surprised.

"This jade pendant ..." Lin Yi really needed the pure yellow jade, so he checked it a little more carefully. Just as he was about to return it to Jingyi, he suddenly found a very small crack on the jade pendant!

If it wasn't for Lin Yi's sharp eyes, and the fact that he was facing the light, he wouldn't have noticed!

"What's wrong?" Jingyi asked as she looked at Lin Yi's weird expression.

"This jade pendant looks like it's made from two halves?" Lin Yi said after putting the Jade in front of his eyes and studying it for a while.

"Combined together?" Jingyi blinked and moved her head closer, following Lin Yi's gaze to the Jade. She couldn't help but exclaim in surprise-there was a fine line on the Jade, and it wasn't the irregular kind-it was straight, like it was cut open and then put back together ...

Jingyi was so surprised at the crack that she'd forgotten that she was in a position where her face was touching Lin Yi's ...

"It looks like it was really cut and then put together again. However, it was done very carefully and it wasn't obvious. If I didn't really need pure yellow jade, I probably wouldn't be able to see it so clearly." Lin Yi said. The crack wouldn't be visible if one didn't look closely under the light.

This discovery surprised Jingyi-she'd been wearing this pendant since she was little, and while she'd played with it a lot, she'd never noticed a crack on it. In her eyes, it was probably a token, and she didn't think it'd be two pieces of jade stuck together ...

"Then ... Why did you do that? Could it be that this jade pendant was once broken and then repaired?" Jingyi was also looking at the Jade in Lin Yi's hand, confused.

"I don't know, but the possibility of natural damage is relatively small. Even if this jade pendant was broken, it couldn't have been broken into two so neatly. Moreover, this gap is in the middle of the side of the jade pendant. How powerful must one's means be to have such an effect?" Lin Yi shook his head, denying her guess.

“So, it’s man-made?” Jingyi asked.

“It’s possible, but I don’t know why.” “But I have a theory ...” Lin Yi said.

“What speculation?” Jingyi asked quickly-it was natural for her to be in a rush when it came to her parents.

“If I’m not wrong, there should be something inside this jade pendant!” “This Jade was cut open by some special technique and then fixed back together,” Lin Yi said. “Maybe there’s something inside it ...”

“Argh! In that case, there might be something left behind by my parents in here?” Jingyi said, a little excited at Lin Yi’s words.

“Of course, this is just my guess.” Lin Yi smiled bitterly, “plus, the Jade’s broken, and it’s obviously hard to fix ... But I really don’t want your pure yellow jade ...”

Lin Yi’s words made Jingyi roll her eyes at him. “Of course I know you’re not. Your explanation makes it seem like you’re trying to hide your true intentions!”

### **Chapter 1963: Late night visit (part one)**

“Uh ... Haha ...” Lin Yi was a little embarrassed, “Alright, I’ll return it to you,”

Lin Yi turned his head as he spoke-he saw Jingyi’s neckline, and he could see the color of spring inside ... She’d unbuttoned one of her buttons when she took off the jade pendant, and that was easy to see.

“My chest is prettier than a jade pendant?” Jingyi took the necklace-she saw Lin Yi’s lecherous eyes, but to her surprise, she didn’t seem to mind Lin Yi’s gaze at all.

“Well ...” Lin Yi was embarrassed that Jingyi had exposed his perverted side. He laughed it off. “They’re all very nice.”

“Which one is the best looking?” Jingyi asked, determined.

“You’re good-looking,” Lin Yi said with a smile.

He’d been joking around with Jingyi since the beginning, and there was nothing he couldn’t do.

“That’s more like it. At least you have good taste as a lover.” “Hmph,” Jingyi said with a Hmph, “help me break this Jade and see if there’s really something inside ... I’ll give it to you, I just want the thing inside.”

“Jingyi, I’m just saying, you don’t have to take it to heart. This is something your parents left for you, how can I just destroy it and ask for it?” “Plus, it’s just a guess,” Lin Yi said seriously, “I can’t say for sure if there’s anything in there ...”

“Of course I know you’re not that kind of person. I really want to know if there’s any secret in this!”

“There’s definitely something wrong with this Jade, and I’m getting a little impatient as well-if there’s really something in there, it must be a clue my parents left for me, I have to get it!”

Looking at the determination in her eyes, Lin Yi knew that she wasn’t just saying it for no reason. She really wanted to know if there was a secret in the Jade! So after a moment of silence, Lin Yi nodded, “Okay, but it’s better to find a professional to deal with this kind of thing. Master Guan has a

friend who's an expert in jade carving. If you ask him to help you break it along this crack, he should be able to repair it!"

"You ... Don't want this jade pendant?" Lin Yi's answer surprised Jingyi.

"This is something your parents left for you. Even if I want it, I can't take it for myself, right?" Lin Yi said with a smile.

"Alright, if there's something inside, then the Jade is yours. If there's nothing, fix it ..." Jingyi said.

"Then I'll thank you first." Lin Yi didn't reject her anymore after Jingyi's insistence-he really did need this Jade.

He went to Jingyi's house and gave Xuemin a call, asking him to give him the address of his old friend. Xuemin, on the other hand, didn't hesitate to tell Lin Yi where his old friend was staying-he'd already told him that a friend of his, who was both a teacher and a friend, was visiting him, asking for his help.

After the call with Xuemin, Lin Yi gave a call to Bai Weitao. If he were to visit Xuemin's old friend tonight, he might not be able to make it back to school tomorrow, and he'd ask for a half-day leave from boss Bai.

He already knew that Lin Yi passed boss Bai's test, and so he agreed to Lin Yi's request without hesitation. Even he, the class monitor, wouldn't dare to say yes without boss Bai's permission.

"Let's go. We'll visit Mr. Liu tonight!" Lin Yi said to Jingyi after the call.

"Alright!" Jingyi was also very eager to find out the secret of the pendant, and had already changed her clothes when Lin Yi called.

"You look like a student, but now you look more like a good match for me." Lin Yi smiled as he looked at her.

"That's right, as your half lover, we should be more compatible, or else people will think that you're my sugar baby!" Jingyi said with a smile.

"Then, when can I be your complete lover?" Lin Yi asked with a smile.

"A complete lover, Hmph, Hmph, it still needs to be observed!" Jingyi said.

Lin Yi had never felt so relaxed before when he was with Jingyi, and there was no need for him to hide anything from her when they joked around.

Just like when he looked at sun Jingyi's chest, sun Jingyi didn't think of shyness or anger, but rather asked him if it looked good ...

Xuemin's old friend was called Liu Weishan, a professor who dropped out of Song Jiang Industry University. He lived in the family area of Song Jiang Industry University. Lin Yi set the GPS and started the car, driving straight to Song Jiang city.

It was already six in the evening when they left Jingyi's house, and the two hadn't eaten yet. Lin Yi didn't really care if he ate or not, but Jingyi was still thinking about the Jade's Secret-she didn't feel like eating.

The car was from the supernatural Investigation Bureau, so Lin Yi sped the whole way on the highway-he didn't have to worry about getting a ticket. Of course, this was already the Grand Cherokee's maximum speed, but it was still too slow for Lin Yi's driving skills.

Especially after Lin Yi's strength and perception had increased, his hand-eye coordination had reached its peak. The cars passing by only saw a black shadow disappear with a "whoosh," making them think that they'd seen a ghost!

However, there was a surprise-a silver Ferrari was driving at two hundred kilometers per hour on the highway, and that was already very fast. When Lin Yi's Grand Cherokee passed by the Ferrari, the young man driving the Ferrari widened his eyes."Damn, faster than me? What kind of car is that?"

"Big brother, it looks like a Grand Cherokee ..." Beside the young man was a teenager around seventeen or eighteen years old. However, the teenager's eyesight was obviously very good. Lin Yi's speed was approaching three hundred, and he could see the car's model clearly. He was no ordinary person.

5.7 The Grand Cherokee had been specially modified by Feng Tianlong, otherwise Lin Yi wouldn't be able to drive so fast.

"F \* ck, chase him!" The young man didn't expect a Grand Cherokee to run so fast, and he immediately felt a little embarrassed. He stepped on the accelerator, and the Ferrari's engine roared ...

Accelerate, accelerate, and accelerate again. Although a Ferrari could also go 300 kilometers, this was a highway, not a professional race track. The road was not very smooth, and there were often obstacles. Even if the young man was very good at driving, the final speed could only be maintained at 278 kilometers ...

### **Chapter 1964: A late night visit (part two)**

Looking at the Grand Cherokee that had already disappeared, the young man began to slow down dejectedly. He knew that it was impossible for him to overtake it. On a professional race track, relying on the performance of the car, it should not be a problem to overtake the Grand Cherokee. However, it was not the case here.

"I can't, I can't catch up. A Grand Cherokee can actually drive so fast? Is he crazy?" The young man frowned. He couldn't figure out who this person was. He wasn't a professional sports car, but he drove an off-road car at a speed of 300. It was a bit unbelievable.

"Brother ... If we let that person represent our family in the competition ... Will we be able to get more benefits in the Hidden House Summit?" The teenager wasn't thinking about how a Grand Cherokee could be driven so fast. He was thinking further.

"Yeah! "If we let this person compete, we might win ..." The young man's eyes lit up.

"But we don't know his identity. We'll get someone to pull up the surveillance video of the toll booth and check the owner!" "Let's figure out who he is first. It'll be best if we can work together. If he has a relationship with an opponent, then we'll have an opponent at the summit ..."The young man said after a moment of silence.

"Alright!" The young man nodded ...

Lin Yi didn't know that his driving skills had caught the attention of others as he continued to rush to Song Jiang city.

Jingyi said as she looked at the blurry scenery outside the car window-wasn't this a little too fast? But she didn't feel scared at all-could it be because the driver was Lin Yi?

"How can you drive so fast?" Jingyi was curious.

"This isn't a professional sports car. Otherwise, it would be even faster." "There's nothing strange about that," Lin Yi said. "I can fly a plane too! Have you ever seen a plane?"

"You can even race with a plane?" Jingyi realized that her understanding of Lin Yi was just the tip of the iceberg. It seemed like there were still many things she didn't know about him other than being a practitioner, like medicine ...

"Hehe, if there's a chance, I'll take you for a spin and you'll know." Lin Yi said faintly.

It was supposed to be a two-hour drive, but Lin Yi arrived in less than an hour. It was seven in the evening when he drove into Song Jiang Industry University, and the car was stopped at the entrance of the family area. Lin Yi wasn't a student or a teacher here, so he didn't waste any time with the guard. He stopped in the parking space in front of the family area and walked to Liu Weishan's house with Jingyi.

He rang the doorbell, and an old man's voice came through shortly after. "Who is it?"

"Hello, elder Liu, I'm Lin Yi. Guan Xuemin, elder Guan, introduced me ..." Lin Yi said respectfully.

"Oh? You must be little Yi, please come in!" With that, the electronic door opened, and Lin Yi brought Jingyi upstairs smoothly. Liu Weishan was already waiting for Lin Yi at the door.

"Elder Liu, I'm so sorry to disturb you so late at night!" Lin Yi said apologetically.

"Haha, don't say that. I'm an old man with nothing to do all day long. My son and daughter-in-law have settled abroad, and my godson and goddaughter are not by my side. I'm very free every day, so I just want to find something to do!" Liu Weishan retired at home. It was really as he said. He had nothing to do after dinner every night.

"Then I won't be polite." Lin Yi entered the room and said to Liu Weishan, "I'm Lin Yi, and this is my friend sun Jingyi. I'm here to trouble elder Liu with something!"

"I heard from old Guan that you are looking for pure yellow jade, right? I've already asked my friends in the Jade world to help you find out, but there's no news yet. Don't worry, if there's news, I'll inform old Guan at once. You don't have to come here personally." Liu Weishan said.

"Elder Liu, I've come here ... For another matter." With that, Lin Yi passed Jingyi's jade pendant to Liu Weishan. "Elder Liu, look at this jade pendant ..."

"Oh? Pure yellow jade?" Liu Weishan could tell that the Jade in Lin Yi's hand was a pure yellow jade with one look. He was a little surprised, "You've already found the pure yellow jade?"

"I did find it, but this jade pendant is the only thing her parents left her ..." Lin Yi couldn't help but feel awkward.

“Understood!” “Then, what do you want to do with this jade pendant?” Liu Weishan smiled slightly.

“Elder Liu, look at the Jade ...” Lin Yi said.

“Take a closer look?” Liu Weishan picked up the jade pendant and looked at it carefully under the light in the living room. But the next moment, Liu Weishan said in surprise, “This jade pendant is made from pieces? It’s a piece of Jade that was cut and pieced back together ...”

“Elder Liu, you can tell too?” Lin Yi nodded.

“The way they pieced the pieces together is very high. If I didn’t look carefully, I really wouldn’t have been able to tell.” “Yi, you’re showing me this jade pendant because ...” Liu Weishan said.

“Elder Liu, can you cut this jade pendant again? it’s best if you don’t damage it. I suspect there’s something hidden inside, and if there’s nothing inside, it’s best if you can piece it back together.” Lin Yi said.

“Oh, no problem!” Liu Weishan nodded and agreed without thinking. Obviously, this matter was not difficult for Liu Weishan!

Lin Yi and Jingyi were overjoyed when they heard Liu Weishan’s words. They didn’t think that such a complicated craft would be fine in Liu Weishan’s eyes!

“Old man, what are you doing? why are you standing at the door when there are guests?” As they spoke, a kind-looking old grandma came over. She was obviously Liu Weishan’s wife.

“Hehe, you’ve forgotten to come in when you were talking at the door. Old lady, go make some tea. My two little friends, follow me to my study and work room. I’ll help you get rid of this jade pendant now!” Liu Weishan turned to Lin Yi and Sun Jingyi after speaking to the grandma.

“Now? “If it’s too much trouble, we can do it tomorrow ...” Lin Yi said.

“It’s fine. I’m free now anyway.” “I just wanted to find something to do.” Liu Weishan waved his hand.

Hearing Liu Weishan’s insistence, Lin Yi didn’t say anything more. Perhaps Liu Weishan really couldn’t stay idle. Looking at his energetic appearance, Lin Yi knew that he was in good health. Lin Yi wasn’t afraid that he would be too tired from working at night.

In the study, Liu Weishan sat down on the work table and placed the jade pendant under the microscope, observing the lines on it. Lin Yi and Jingyi didn’t dare to disturb him, and waited quietly on the sofa.

### **Chapter 1965: The secret of the jade pendant**

After a while, Liu Weishan’s wife, Chu Huifang, came into the study with fragrant tea. “My two little friends, have some tea. Old Liu was so busy that he forgot about everything else!”

“Many thanks, granny!” Lin Yi said politely as he took the cup.

“Hehe, you’re welcome. I’m going out to watch TV. Just call me if you need more water. Don’t stand on ceremony.” Chu Huifang said.

“Go do your work, don’t mind us.” Lin Yi said.

Chu Huifang went out. Liu Weishan was just like what she said, forgetting everything else when he was busy. But Lin Yi had to admit that Liu Weishan’s skill level was beyond doubt. The jade pendant was quickly fiddled with in Liu Weishan’s hand ...

Lin Yi and Sun Jingyi sat quietly to the side, waiting. The two didn’t talk to each other, afraid that they would affect Liu Weishan.

After about two hours, the jade pendant was cut into a small face. However, Liu Weishan also exclaimed in surprise, “Eh, there’s really something inside?”

“Is there really something?” Lin Yi didn’t think that his and sun Jingyi’s guess would turn out to be the truth!

“Yes, this jade pendant is hollow. I have to cut it more carefully. I have to cut four circles to ensure that the thing inside is not destroyed!” “But it’s more difficult to do so. It may not be completed in one or two days,” said Liu Weishan.

“No need to trouble yourself!” “Old Liu,” Jingyi said suddenly, “since there’s something inside, we’ll just have to make sure it’s intact. It’s fine to destroy the Jade outside.”

Since Jingyi already knew that there was something inside, the Jade wasn’t that important anymore-it could be said that the outside was only there to protect the thing inside, and the Jade wouldn’t be of much use once the thing was taken out.

Besides, she’d decided to give the Jade to Lin Yi-from what he said, it didn’t really matter if the Jade broke, since he just wanted to use it as a material for something-but she didn’t ask about the details.

“Destroy it?” Liu Weishan was a little surprised, “if it’s destroyed, it can’t be restored!”

“It’s fine, I just want the things inside, and the Jade will be ... Lin Yi’s.” Jingyi said.

“Yi, is it okay if the Jade is damaged?” Liu Weishan looked at Lin Yi in surprise.

“Sure!” “As long as it’s pure yellow jade, it doesn’t matter if it’s whole or broken,” Lin Yi said.

Lin Yi was going to use it to make the Jade space, and he’d have to break it when he made it, so it didn’t matter if it was broken or intact.

“Oh? I see, that’s easy then. I have a few friends who have carved pure yellow jade before, and they kept the remaining Jade fragments. I seem to be able to find some here. If you only want these fragments, then I can help you collect some!” Liu Weishan thought that Lin Yi wanted the whole piece of the Jade from Xuemin’s words-after all, everyone who asked for Jade wanted whole Jade. He’d never heard of anyone asking for broken Jade.

“That’s great!” Lin Yi was surprised and happy at the same time. Jingyi’s Jade wasn’t big, and Lin Yi was afraid that it wouldn’t meet the requirements for making the Jade. After all, he went into Qi deviation the last time because he wanted to replace the body-strengthening medicine. This time, he needed to be more careful when making the space. He wouldn’t try it if he didn’t have enough raw materials.

Otherwise, it would be a small matter if the materials went blind, but it would not be fun if the space in the jade pendant was ruined.

“But the rest of the small Jade fragments should be in the warehouse in a self-sealing bag. I won’t be able to find them today, so I’ll have to help you find them slowly.” “It’s because there are too many things in the warehouse,” Liu Weishan said.

“It’s okay, there’s no hurry.” Lin Yi said.

Other than the yellow jade, Lin Yi also needed the colored steel and blue crystal powder. He didn’t have those two things yet, and even if he had the yellow jade now, he wouldn’t need it.

“Alright, if that’s the case, I’ll just break this jade pendant.” Liu Weishan said.

“Alright,” he said. Jingyi nodded-she couldn’t wait to find out what was in the necklace.

He didn’t cut it according to the lines, but disassembled it with force. As long as the things inside were intact, it was much easier. Liu Weishan directly cut around the jade pendant with a knife, and the things inside the jade pendant were exposed!

Lin Yi and Jingyi’s eyes were glued to the Jade in Liu Weishan’s hand. Lin Yi was curious about what was inside the Jade as well, so he wouldn’t let it go.

Liu Weishan chiseled a few more times and pulled the inside of the Jade with the tweezers. He pulled out a piece of silk that was folded neatly. The silk was soft and thin, and it was folded into a small piece and hidden in the Jade. If Lin Yi didn’t find it by chance, who knew how long the silk would stay in the Jade.

“This is it.” Liu Weishan didn’t open the Jade scroll, but placed it on the table.

“Thank you very much, elder Liu!” Lin Yi quickly thanked him. He could see that Liu Weishan was an upright person. He didn’t seem to be interested in the contents of the silk at all. He turned to collect the small pieces of pure yellow jade on the workbench instead ...

“It’s nothing, it’s just a small matter.” Liu Weishan said indifferently.

“Jingyi, open it!” Lin Yi said.

“En ...” Jingyi looked at the Jade scroll on the table, excited. This small piece of silk might be the record of her parents and the mystery of her birth! She’d asked her grandfather about her parents many times, but he’d always avoided talking about it. Jingyi was curious, but she could tell that her grandfather had his own difficulties, and so she didn’t ask.

Jingyi’s hands trembled at the thought of finding a clue from a silk scroll ...

She picked it up carefully and opened it slowly-she’d thought it was a letter from her parents, but it was a map!

Map? As far as Jingyi was concerned, if it wasn’t a letter, it was probably some sort of practitioner’s Arts-but it was a map! She had a weird feeling about it, and wanted to ask Lin Yi for his opinion, but he wasn’t looking at her. She knew that he was trying to avoid suspicion.

“Lin Yi, take a look at this, this is a map ...” Sun Jingyi handed the silk to Lin Yi.

Since it was Jingyi who showed it to him, Lin Yi didn't stand on ceremony and accepted it.

### **Chapter 1966: A similar blueprint**

As expected, a map came into view, but in the next moment, Lin Yi's face turned into one of extreme shock!

"This map ..." Lin Yi subconsciously exclaimed.

"What's wrong? Is there a problem with this map?" Jingyi asked, confused.

"This map, didn't you notice? it's half a map, not the entire one." Lin Yi said as he pointed at the edge of the map.

"Eh? As expected, this map is only half. " Jingyi looked in the direction Lin Yi was pointing at-one side of the map wasn't complete, as if it'd been cut off ...

However, what shocked Lin Yi wasn't that the map was only half of the map, but that he had the other half of the map!

After the test, Lin Yi and qikun met a crazy man in a cave, and he was the one who gave Lin Yi the map.

The same material, the same style of drawing, the same paint ... Lin Yi was sure that the half of the map in his hand and this one were the same map before, separated by someone in the middle ...

"Eh, Lin Yi, why do you look so weird?" Jingyi asked, curious.

"It's not that I look weird, it's ..." Lin Yi couldn't help but smile bitterly as he hesitated. After all, the map wasn't his, it was the weird man who left it in his hands. But one thing was for sure-this weird man had some sort of connection with sun Jingyi's parents. Could it be that sun Jingyi's parents were the weird man's disciples?

Otherwise, why would sun Jingyi have the other half of the map? The strange man had also said that the other half of the map was in the hands of his disciple.

And so, since this was related to sun Jingyi, Lin Yi didn't need to hide it anymore,"Because I have the other half of the map in my hands!"

"Ah!" Jingyi looked at Lin Yi, surprised. She didn't think that Lin Yi was surprised because he had the other half of the map. She didn't know what to do-Lin Yi had the map? Where did he get the map? Did he know his parents?

"I'll explain it to you slowly. The map is not with me, it's in the villa in Eastern Sea city. " "I'll give it to you when I get back,"Lin Yi said.

"Okay ..." Jingyi found it unbelievable-she'd just found half of the map in the necklace, and the other half was in Lin Yi's hands right after-wasn't this too much of a coincidence?

But she was quite lucky-if the map was in someone else's hands, they wouldn't give it back to her so easily, and Lin Yi didn't seem to have any intention of keeping it for himself.

“Alright, I’ve collected them all.” Liu Weishan laughed as he passed a self-sealing bag to Lin Yi, “I’ll keep an eye on the other pieces of pure yellow jade for you. As for the map, I won’t be participating ...”

“Thank you very much, elder Liu!” Lin Yi quickly took the bag, surprised and happy.

“Alright, it’s getting late. You guys should go back early. I think you have more important things to do!” Liu Weishan said, “I won’t keep you. I will contact you again when I find the broken Jade!”

“Alright, elder Liu, we’ll take our leave then!” Lin Yi nodded and left elder Liu’s place with Jingyi. He could tell that Jingyi had a lot to say to him, and so he didn’t stay for long.

They went downstairs, walked out of the family area, and got into the car. Jingyi couldn’t wait any longer, “Lin Yi, tell me, how did you get this half of the map? You know my parents?”

“How could I possibly know him?” Lin Yi shrugged helplessly, “If I knew him, how could I not tell you? This map isn’t actually mine. It was placed here by someone else. ”

“Another person?” “Who’s that?” Jingyi asked.

“It’s a strange man who’s like a crazy old man. ” With that, Lin Yi told her about the weird man they met in the cave after the test, “At that time, the strange man took me as his disciple and gave me this map. Then, he asked me for the other half of the map and wanted to take me to find treasure ... You know, I didn’t want to keep this thing for myself. I wanted to find a chance to return it to him, but he ran away in the middle of the night ...”

“In that case, that strange person’s disciple might be my father?” Jingyi remembered where the map came from.

“It’s possible, but even if it isn’t, it has a lot to do with him. ” “But now, since you have half a map, I’ll give you the map,” Lin Yi said.

“You ... Don’t you want to know what kind of treasure this map has?” Jingyi looked at Lin Yi, surprised. She didn’t know why he was giving it to her so easily.

“Heh, what treasure is there? it’s still your father and that strange man’s. This jade pendant is with you, so it’s yours now.” “If it was someone else, I’d probably take it for myself, but you’re my lover. Of course I won’t take it from you,” Lin Yi smiled.

“Alright, thank you!” “Actually, I don’t really need that treasure, I just want to find some clues about my parents. I really don’t like house sun these days-they’re too utilitarian, always thinking about the family’s benefits.”

“If that weird man is a Sky Class master, then whatever he said was a treasure must be pretty good. It might be good for you if you find it.” “But I’m not too sure where this map is,” Lin Yi said, “it’s probably a map of a mountain range, but there’s no indication of which one it is. If you’re looking for it, it’s best to compare this map with other mountains. ”

“En!” It was obvious that Jingyi couldn’t wait to find the place on the map.

But Lin Yi understood how she felt-if it were him, he’d rush to look for clues as well if he’d heard news about his parents.

Lin Yi stopped the car in front of the villa and asked, "Jingyi, do you want to come in and sit?"

"I'm not going ..." Sun Jingyi hesitated, "It's already past one o'clock. It's too late. Give me the map and I'll find a hotel to stay in. I'll rent a house in Eastern Sea city tomorrow and study this map."

### **Chapter 1967: wasted trip**

"That's good too." Lin Yi nodded. The Miss and Shu should be asleep by now, and he didn't want to disturb them, "Then wait for me!"

Lin Yi got off the car and entered the villa-the Miss and Shu were asleep, as expected, but uncle Fu and grandma Sun weren't. The two were sitting on the sofa and chatting, uncle Fu seemed to be telling grandma Sun stories about his youth ...

"Yi, you're back!" Uncle Fu was pleasantly surprised when he saw Lin Yi. Lin Yi had gone to ask about house sun's practitioner's Arts for granny sun, so he was naturally happy to see him back. Although he didn't think that Lin Yi would be back on the same day, he still subconsciously waited with granny sun for Lin Yi until very late.

Moreover, they were also talking about things that happened when they were young. As they chatted, they lost track of time. In the blink of an eye, it was already past one in the evening.

"En, uncle Fu, you guys are still awake?" Lin Yi asked, surprised.

"Not yet. How is it, Yi? about Luo Xuan ..." Uncle Fu felt that it wasn't right for Lin Yi to ask him about this right after he got home, but he still asked because he was worried about grandma sun.

"Ha, it's done, but I have something to do now. Wait for me, I'll come back and talk." Lin Yi said with a smile.

"Alright, alright!" Uncle Fu nodded excitedly after hearing the news. Granny sun's eyes were filled with anticipation as well. Uncle Fu had told her so much about the past, but she couldn't remember a single thing. It wasn't a good feeling, and it would be great if Lin Yi could help her regain her memories.

Lin Yi went back to his room and took out the half of the map from the cabinet. He quickly got out of the villa and into the car, "This is it. Take a look and see if it's the same one."

Jingyi took the map excitedly and put it together with the one in her hand-it was a perfect match!

"It's really a ..." Jingyi's breathing quickened as she looked at the map. Perhaps she could find a clue to her parents with this map ...

"I'll take you to the hotel. You can slowly study it then." Lin Yi said with a smile as he looked at Jingyi, who was engrossed in the map.

"Ah, I'm sorry, I was in a rush ..." Sun Jingyi quickly said.

"It's nothing. If it were me, I would have done the same." Lin Yi shook his head and started the car. There was a three star hotel nearby called the xueshang hotel, and it was developed by the same developer as xueshang District. The environment was good, and the price wasn't too expensive. Of

course, this hotel was for young couples, and normal people wouldn't be able to accept the price if it was too expensive.

He dropped Jingyi off at the hotel, and she was a little hesitant as she got off the car, as if she had something to say.

"What's wrong?" Lin Yi asked, confused.

"Lin Yi ... If I find the location on this map, can you come with me for a while ..." Jingyi knew that this request was a bit too much, but after thinking about it, only Lin Yi could come with her.

"HM ..." Looking at sun Jingyi's anticipating eyes, Lin Yi sighed, "Alright, if I don't have anything else to do, I'll go with you. Actually, I also want to know what the treasure that strange man was talking about is."

"En, that's great!" Jingyi said, excited at Lin Yi's acceptance. "If that treasure is of no use to me, then I'll give it to you!"

"Ah, there's no need for that. I don't want any reward by accompanying you. I only treat you as a friend." Lin Yi said.

"Just friends?" Jingyi blinked.

"Shouldn't there be some substantial progress between lovers?" Lin Yi looked at Jingyi with a smile that wasn't a smile.

"Tsk ..." Jingyi quickly planted a kiss on the side of Lin Yi's face when he wasn't on guard. Her face was red, but she assumed that Lin Yi wouldn't see it since it was dark, "I'm sorry, but I'm sorry." "Is it okay now?"

Lin Yi wasn't on guard against Jingyi, and the surprise attack was a success! He touched the cheek he'd just been kissed on, not sure if he should laugh or cry. Was she playing with fire? It was just a joke, but now, their relationship seemed to be even more unclear than before.

But Lin Yi was always joking around with Jingyi, and he didn't hold back from the kiss. "Isn't this too little? How about I stay here tonight?"

"Go to hell!" Jingyi was just joking around with Lin Yi, but Lin Yi's insatiable behavior made her heart tighten-she wasn't even ready yet! And so, Jingyi subconsciously retorted and was about to get out of the car when she saw that evil and mischievous smile on Lin Yi's face. She knew that she'd fallen for his trap and hmped, "Then you can come up!"

"You're really letting me go up?" Lin Yi asked with a half-smile.

"Let's go, I'm going to study the map." Jingyi realized that she'd never been able to take advantage of Lin Yi-it seemed like she did, but Lin Yi didn't take her seriously at all.

Lin Yi only turned around and returned to the villa after Jingyi entered the hotel safely.

After returning, Lin Yi found that uncle Fu and granny sun weren't only awake, but were even more energetic. They were clearly waiting for Lin Yi's return.

“Yi, you’re back!” Uncle Fu quickly stood up and gave up his seat beside granny sun when he saw Lin Yi.

Lin Yi didn’t know what to say, but he understood how uncle Fu was feeling. “Uncle Fu, don’t worry. Let me see your practitioner’s Arts First.”

“Mine?” Uncle Fu was slightly stunned.

“That’s right, it’s yours,” “In fact, I came here for nothing. I only remembered house sun’s practitioner’s Arts after I went there. Granny sun was your wife, so naturally, she helped you with your training. That means her Qi is the same as yours. I just need to check if your Qi is the same as the Qi in granny sun’s head ...” Lin Yi said.

“Yeah!” Uncle Fu smacked the back of his head, a look of realization on his face. “I’m really sorry, I forgot about this. If I had known earlier, I wouldn’t have let you go back!”

“It’s not really a struggle, I’ve also gained something else.” Lin Yi didn’t regret going to Jingyi-he didn’t just get her the map, he also got the pure yellow jade! (To be continued.)

### **Chapter 1968: depressed**

How was this a little gain? It could be said to be a bountiful harvest!

Of course, there were some secrets that he couldn’t tell even to uncle Fu-the Jade space was something he couldn’t tell anyone yet. It wasn’t that he didn’t trust them, but he still wasn’t at that level yet. If he were Sky Class late phase peak now, he wouldn’t have to hide it from uncle Fu.

“Then hurry up and check!” Uncle Fu quickly extended his hand.

“Alright,” he said. Seeing how worried uncle Fu was, Lin Yi didn’t say anything more and started checking uncle Fu’s Qi. After a while, Lin Yi’s face revealed a satisfied look, “There’s no mistake, it’s the true energy in granny sun’s head.”

“Then ... Can we help her get rid of the Qi in her head now?” Uncle Fu was both surprised and happy after hearing Lin Yi’s words. He was worried that the Qi in sun luofei’s head was caused by an enemy. It would be troublesome if they did something malicious, but now it seemed like his worry was unnecessary.

“There are two ways. One is for me to force granny sun’s true Qi out of her body. Although this method is feasible, I’m not using it in a very pure way.” Lin Yi said honestly. He could only use the second stage of the art of Dragon mastery more smoothly now, and it was still far from perfect. It took him a lot of effort to force out his fire poison Qi, and he didn’t have much confidence in using it on granny sun.

“What’s the second method?” Uncle Fu asked hurriedly.

“The second method is more conservative. There won’t be any danger, but the effect may be slower and can’t be achieved overnight.” “That’s to let granny sun start over with house sun’s practitioner’s Arts. Once she’s done, she’ll be able to dissolve the Qi on her own,” Lin Yi said.

“Hmm ... Let’s go with the second option!” Uncle Fu hesitated for a moment after hearing Lin Yi’s words, but chose the second option without hesitation! After all, this was a conservative method, and there wasn’t any danger. It was a little slow, but uncle Fu had been waiting for so many years. If the first method went wrong, it would be too late to regret it.

“Hehe, actually, I also suggest the second method.” “I’ve got house sun’s practitioner’s Arts-it’s in my phone, I’ll send it to you in a bit, but it’s best if you don’t tell anyone about it, even if it’s something she’s been practicing for a long time. I got it from sun Jingyi, after all ...” Lin Yi said.

“I understand!” Uncle Fu nodded. “Even if you didn’t say it, I wouldn’t say it. After all, this involves my enemies from back then. If they know that Luo Xuan and I are still alive, they will definitely come for us again. We’re not their match ...”

Lin Yi didn’t say anything else, and sent the documents that sun Jingyi sent to uncle Fu before going back to his room to rest.

Back in his room, Lin Yi couldn’t wait to open up the refining method of the Jade. It was the version he made up, the original was left in the West Star Village.

Now, he had the pure yellow jade, but there was no news of the colored steel and blue crystal powder.

Lin Yi didn’t study this method in detail before, but now that he had the Jade in his hands, he was naturally excited and started studying it.

However, what confused Lin Yi was that the method didn’t state how much pure yellow jade, blue crystal powder, and colored steel he needed. How was he supposed to collect the materials without the quantity?

Lin Yi couldn’t help but wonder, “Elder Jiao, just how many materials do you need to make this jade pendant?”

“We’ll need as many as we have. ” Elder Jiao said faintly.

“We need as many as we have? What do you mean by that?” Lin Yi didn’t quite understand what elder Jiao meant.

“The more materials there are, the larger the storage space. What’s there to not understand?” Elder Jiao explained.

“Uh ... I see, then does that mean it can only be condensed once?” Lin Yi asked.

“No, you can condense it as many times as you want. Every time you collect the materials, you can continue to condense it.” Lin Yi said.

“So that’s how it is!” “Then, doesn’t that mean that the Jade’s storage space can be infinitely large?” Lin Yi said.

“In theory, yes. Haven’t you noticed that the space inside the jade pendant is actually an infinitely vast fourth-dimensional space?” “It’s just that these spaces can only store universal energy,” elder Jiao said matter-of-factly.

“In other words, the refining of the Jade space is actually turning a part of the Jade space that can only store universal energy into a storage space?” Lin Yi asked.

“You can understand it that way, but the four-dimensional space in the Jade space is infinite in theory.” Elder Jiao said.

Lin Yi was a bit speechless—he’d thought that the Jade was an ancient item, but the more he learned about its functions, the more he felt like it was a high-tech item. The four-dimensional space had appeared ...

Of course, Lin Yi couldn’t be bothered to ask elder Jiao about this—he didn’t know either. He was just an image, like a computer, and he didn’t know much.

He put the Jade away and continued with his art of Dragon mastery. He couldn’t make a Jade space before he got the other two materials, so he had to put it aside for now.

The next morning, Lin Yi drove Mengyao and Yushu to school, while uncle Fu was at home with granny sun. Lin Yi noticed the gloomy atmosphere when he arrived at the dormitory—it seemed like everyone wasn’t in a good mood, and Bai Weitao looked like he’d lost a lot of money.

“What’s wrong with you guys? Your dormitory was robbed yesterday?” Lin Yi looked at the three people in front of him, surprised.

“Big brother Lin, you’re back?” Bai Weitao’s eyes lit up when he saw Lin Yi, but they dimmed down again. As far as he was concerned, Lin Yi was good in other aspects, but he wouldn’t be of much help in the freshmen’s party.

Otherwise, there was no way Lin Yi wouldn’t even participate in the class’s rehearsal. It was obvious that he wasn’t good at this.

“I’m back. What’s wrong with you guys?” Lin Yi asked, confused.

“Sigh, big brother Lin, I’m completely finished this time!” “Zhang duopan, that brat, it’s just as you said, he actually played dirty!” Bai Weitao said with a long face.

### **Chapter 1969: Inviting a celebrity to perform**

“What happened to him?” Lin Yi frowned.

“For the freshmen Gala, he actually invited a celebrity to be the lead singer. Although she’s a celebrity who has just started her career, she’s still quite famous in the country. With a celebrity as the host, I’m afraid the Student Union will have to give face no matter what and rank their class’s program.” “She’s a celebrity, and she’s dejected enough to come to our school to participate in the freshmen’s party. If she doesn’t get a ranking, it’ll be a bit disrespectful ...” Bai Weitao said dejectedly.

“So what if she’s a celebrity? You can get a ranking even if you don’t sing well?” Lin Yi didn’t really like celebrities.

In Lin Yi's eyes, Xu Shihan was just a pretty girl who knew how to dance and sing. She wasn't even as attractive as the Miss and Shu, let alone a not-so-famous star.

"Let's not even talk about the fact that Zhang duopan's class just happened to be singing this celebrity's famous song, they already have an advantage. They're just the Student Union, they wouldn't offend a celebrity over such a small matter!" Bai Weitao had been in school for many years and knew the truth. "Sometimes, the Student Union will organize some public welfare activities and invite some celebrities to support them. They're always trying to get close to those celebrities, so how could they not give them some face? Zhang duopan definitely had an expert guiding him from behind, which was why he had come up with such a move! My singing is average and there's nothing special about it. Even if I sing very well, I'm not a match for that celebrity!"

"Oh, so you're saying that as long as you're a celebrity, you'll be able to get a place?" Lin Yi understood what he meant.

"Of course ... It can't be too bad ..." Bai Weitao said, "Forget about those celebrities who become famous by disgusting people ..."

"Then why don't we also invite a celebrity?" Lin Yi said.

"I say, big brother, it's not that easy to invite a celebrity! Zhang duopan is a rich second generation, his family has a lot of money, his father is a Big Boss, and his social relations are also very good, so it's not a big deal to be able to find celebrities, but we ..." Bai Weitao shook his head and said, "You might not be able to invite him even if you spend money!"

"Oh, leave it to me. I'll try." "If we hire someone even more famous than that Zhang duopan guy, will we get a higher ranking?" Lin Yi asked after some thought.

"That's for sure. When the time comes, all the members of the Student Union will be responsible for voting and scoring. Although there's a celebrity effect, whoever's popular will still have the highest votes!" Bai Weitao said.

"I know." Lin Yi nodded.

"Boss, you're really going to invite a celebrity?" Bai Weitao looked at Lin Yi in surprise. He didn't think that Lin Yi would treat them just like that, as if it was easy to invite a celebrity.

"You're ready to give up on he meiyue?" Lin Yi asked.

"Of course not!" Bai Weitao shook his head and replied without thinking.

"Then that's it. If I don't treat you, you'll lose, right?" Lin Yi said.

"Can you really invite him?" Bai Weitao looked at Lin Yi, half believing and half doubting.

"I don't know. I'll make a call and ask." Lin Yi said.

"Ugh ..." Bai Weitao heard Lin Yi say that he needed to call and ask, and he was a little discouraged, "Zhang duopan's celebrity guest is the coffee girl, Cheng Yiyi. Although she's only recently become popular, it's said that she's the junior Sister of the big star Xu Shihan. With Xu Shihan's help, it'll be

difficult for him to steal her limelight! Besides, he meiyue's idol is Xu Shihan, so naturally, she'll like Cheng Yiyi as well. This time, Zhang duopan is obviously trying to please he meiyue ... Sigh!"

"Oh, Junior Sister from the same sect? then let's just ask Xu Shihan to come. We'll suppress her like this and she won't be able to say anything." Lin Yi let out a breath of relief. If she was Xu Shihan's junior Sister, then she wouldn't be able to surpass her.

"Ah? Xu Shihan?" Bai Weitao's eyes widened,"big brother Lin, you're not joking with me, are you?" Xu Shihan, you haven't even held a concert in Donghai city, and you're here for the new student party?"

"I don't know. I'll ask first." Lin Yi took out his phone and started looking through his contacts.

Bai Weitao, Zhao Shengji, and song xiaodao, on the other hand, looked at Lin Yi in disbelief. They couldn't understand how Lin Yi knew Xu Shihan.

Or did he know some other friend who knew Xu Shihan?

The call went through, but Shihan didn't pick up for a long time. There was a "no answer for the number you've dialed" sound all the time, and Lin Yi shook his head and hung up.

"Big brother Lin, how is it?" Although Bai Weitao didn't have much hope, he still couldn't help but ask.

"No one picked up." Lin Yi said.

"Hey!" Bai Weitao didn't think that Lin Yi would be able to find Xu Shihan at all, so he wasn't surprised when Lin Yi said no one picked up. A superstar wouldn't be a superstar if anyone could get through their phone,"It doesn't matter. If I really can't do it, I'll just give up. There are plenty of other fish in the sea ..."

Lin Yi shook his head at the look on his face,"Forget it. I'll try again."

With that, Lin Yi picked up his phone again, ready to make the call, but his phone rang first.

Lin Yi smiled when he saw who was calling.

"Lin Yi, you were looking for me?" Xu Shihan's sweet voice came from the other side of the phone,"I was busy just now, so my phone is with sister Wang. Sister Wang told me that you called me, so I called back immediately."

"Oh, I was just about to call you back." Lin Yi said faintly.

Xu Shihan's enthusiasm was met with Lin Yi's indifference. She was a big star, after all, and what she said just now was to take credit from Lin Yi. If it was someone else, Xu Shihan wouldn't even bother to return the call, but Lin Yi didn't seem to be flattered at all!

But thinking back to how Lin Yi would just say hi to her every time she went to his house, and then go back to his room without saying a word, she felt like her charm was dropping every time she saw Lin Yi.

"What's the matter ..." Shihan asked helplessly.

"Do you have time recently? Come over and do me a favor. " Lin Yi said.

“Help? Alright, if you don’t have time, I’ll have time for you.” Xu Shihan was very grateful to Lin Yi. He was the one who cured her headache and saw through Yaowang’s scheme. If she had taken Yaowang’s medicine, the consequences would be unimaginable.

“Oh, there’s a new student party in our school. Come over and perform with our classmates. That’s it.” Lin Yi said.

### **Chapter 1970: Why?**

“Freshmen party? For a show?” Xu Shihan was a little speechless. What did Lin Yi find her for? she was one of the top celebrities in Asia, after all, and she had to attend a new student party. However, this was Lin Yi’s invitation, so Xu Shihan couldn’t reject it. She replied, “I rejected all the other people who asked me to hold a concert, but I promise to attend the freshmen’s party!”

“Oh, thank you.” Lin Yi said.

“No need to thank me. Who asked you to cure my headache? I should be the one thanking you.”

“When?” Xu Shihan asked.

“Wait, I’ll ask.” Lin Yi said as he turned to look at him. “When is the freshmen party?”

“The night after tomorrow!” Bai Weitao said subconsciously.

“The night after tomorrow.” Lin Yi said.

“Where are you? Songshan?” Xu Shihan noted down the time and asked.

“No, I’m in East Ocean City, East Ocean industry University.” Lin Yi said.

“I know. I’ll go over tomorrow. Can you pick me up at the airport?” Xu Shihan asked.

“Alright, I’ll pick you up.” Lin Yi didn’t mind being a driver for once-it was probably a private event, after all, and the organizers wouldn’t have prepared a car for her.

“Then I’ll see you tomorrow ...” Xu Shihan said.

However, as soon as she finished, Wang sis’s voice came from the other end, “Han, didn’t we agree to shoot the cover photo of our new album tomorrow?”

“Oh, I’ll finish in a few days ...” Xu Shihan said casually ...

“You have something to do?” Lin Yi asked.

“It’s nothing, I rejected it.” Xu Shihan said.

“Man, then I’m really flattered. I’m really respected.” Lin Yi joked.

“You finally know that you have a lot of face? I thought you didn’t know!” Xu Shihan hmped and hung up.

Lin Yi shook his head helplessly, but when he raised his head, he saw his three roommates looking at him in disbelief ...

“Big brother Lin, you really know Xu Shihan?” Bai Weitao asked in disbelief.

“Yes, she agreed.” Lin Yi said with a nod.

“It can’t be?” Bai Weitao pinched his face hard.””Am I dreaming? big brother Lin, you’re too awesome! It feels so good to turn defeat into victory!”

Bai Weitao didn’t doubt the authenticity of Lin Yi’s phone at all-as far as he was concerned, there was no reason for Lin Yi to lie to him. Calling Xu Shihan meant that he was calling her. However, he was a little surprised that Lin Yi even knew Xu Shihan, and they seemed to be quite familiar with each other.

“Hehe, shouldn’t we go to class?” “I’m on leave, no problem. But you guys, if you don’t go to class, boss Bai won’t let you off easily, will he?”Lin Yi said.

“Damn, class is starting?” Bai Weitao looked at his watch, hurriedly put on his coat, and ran out of the dormitory ...

Entering the classroom, Lin Yi saw that han Jingjing was sitting beside Wang Xinyan, talking to her in a low voice. Lin Yi frowned-he was used to sitting with Wang Xinyan these past few days, but he wasn’t used to the seat being taken by han Jingjing.

However, when han Jingjing saw Lin Yi, she stood up and moved to the back seat, giving her seat to Lin Yi. This surprised Lin Yi.

Xinyan blushed at Jingjing’s actions-it was too obvious, and anyone could tell that she had a special relationship with Lin Yi. It was normal for two girls to sit together in a class, after all.

Lin Yi didn’t really care, sitting down beside Xinyan. “You’ve recovered from your cold?”

“Yes, I’m much better now.” Xinyan’s face reddened even more as she thought back to the intimate scene in the car yesterday.

“Lin Yi bro, didn’t you take leave today? “Why are you here again? if I knew you were coming to school today, I would’ve gotten a free ride with you ...” Han Jingjing said as she sat behind Lin Yi.

How did she know that he was on leave? However, she remembered that she told Bai Weitao yesterday that she might not be coming today and asked him to take leave on her behalf. She probably got the news from Bai Weitao yesterday, or Wang Xinyan told her yesterday afternoon.

“Don’t you have your own car?” “We already know the classroom, why are we still here?” Lin Yi asked.

“Isn’t it energy saving and waste reduction now? people don’t drive and take your car. It can protect the environment!” Han Jingjing said matter-of-factly.

“You’re more environmentally friendly when you walk. ” Lin Yi said, a little speechless.

“There’s a car. Why do you have to walk? isn’t that stupid?” Han Jing Jing asked in surprise.

“...” Lin Yi was speechless at han Jingjing’s IQ. This girl didn’t have a hundred thousand whys, did she? She always talked about this and that, but it always seemed like she made sense. Lin Yi didn’t know how to answer her, “Wouldn’t I be stupid if I bought a car for you to ride on?”

“Why? It’s not like you’re spending a single cent on gas, it’s on the way anyway. ” Han Jing Jing looked at Lin Yi strangely.

“But why should I give you a ride? If that’s the case, can I stay in your villa?” Lin Yi was starting to get a headache from han Jingjing’s way of thinking.

“Because we’re neighbors and classmates. Do you want to live in my villa? Sure, I’ll help you clean up a room tonight. It just so happens that my little brother and I are quite scared.” Han Jing Jing said.

“Okay, you can continue to hitch a ride, forget about cleaning the room ...” Lin Yi was defeated. This girl’s thinking was too weird. Lin Yi felt that if he continued to argue with her, it would only get more and more troublesome. He might even become a lunatic himself.

Xinyan couldn’t help but chuckle at Lin Yi’s loss-this han Jingjing was interesting, and her questions were so cute.

Han Jingjing’s lips curled into a smug smile, but Lin Yi didn’t say anything else-boss Bai was here ...

Just as boss Bai had said, he was the one who taught most of the courses in the medicine Department.

Under old Lin’s tutelage, Lin Yi’s medical skills were already at the top level, but he didn’t expect boss Bai’s theories to be a breath of fresh air!

It was just some basic medical knowledge, but it gave Lin Yi a lot of inspiration! Lin Yi looked at Yu Panhu and found that his two followers were doing nothing, while Yu Panhu was listening to boss Bai’s explanation!

This discovery also proved that boss Bai was extraordinary!
