

Beauty and the Bodyguard

Chapter 2251 2248-Rapid Healing

"You ... How did you ..." The guard didn't expect Lin Yi to see through his relationship with the Tagan family. He jumped in shock! It didn't matter if he died, but if he affected the sect's grand plan, he would be a sinner through the ages!

Because his brother was still in the sect. He wanted to spread the news, but as soon as he opened his mouth, he spat out the only breath of true Qi that hung on to his life. The head Guard's eyes rolled back and he died with grievances. He left the world unwillingly.

Lin Yi frowned. He wanted to force the guard to give him some useful information, but he didn't expect the old man to die!

But so be it-Lin Yi didn't have the time to care. He was already a spent force, and he only had the strength to say those words. He fell to the ground after saying them, using his last bit of strength to yell,""Skybolt pig ..."

"Ji Ji!" Skybolt pig jumped out and ran into Lin Yi's arms.

Lin Yi was a little surprised to see Skybolt pig suddenly appear. This little guy was nearby? If he'd known that it was nearby, he wouldn't have called out to it so loudly and wasted so much energy!

Lin Yi didn't have any pure Qi in his body at all, and he was relying on pure physical strength.

Of course, what Lin Yi didn't know was that Jingyi had been waiting in the cave for a long time, but Lin Yi didn't come back. The Sky Class man didn't come back either, and Lin Yi didn't even let out a long whistle to warn her. Jingyi was getting impatient, but she didn't dare to go in herself. So, she sent Skybolt pig to check the situation. This little thing was small and good at hiding, so it wouldn't be easy to find her.

Sun Jingyi was prepared to wait for Skybolt pig to find out what was going on.

And that was the truth-Skybolt pig was petite, and he was hiding far away. Even the Sky Class monster and the guard didn't notice him, and Lin Yi didn't even see him ... This little guy was smart, huh?

However, Lin Yi didn't think too much about it. He picked Skybolt pig up and started absorbing its pure Qi to heal himself! The pig looked like it was in a lot of pain, but it still let Lin Yi absorb its Qi.

Skybolt pig was smart-he knew that Lin Yi needed to heal, so he gritted his teeth and endured it.

Lin Yi first used the pig's Qi to repair his meridians-he was already used to it, but after that, he didn't continue with his organs and bones-he ran over to the Sky Class man.

"Master, how are you?" The master in front of Lin Yi was a fake, but Lin Yi already respected him. He was probably uncle Fu's master, and he came to his rescue when he was in danger-Lin Yi was very concerned about him.

"I ... I'm afraid I can't do it anymore. Li 'er, what technique did you use just now? Why is he so powerful?" The strange heaven rank man's muddy eyes were filled with confusion,"How come I don't remember you having such a powerful move?"

"I learned this later." Lin Yi said perfunctorily. He let out a breath of relief when he saw that the Sky Class man was still breathing. As long as he wasn't dead, it was fine.

"Right ... I'm about to die, why are you saying this ... I still have a few important things to tell you, it's about the enemy ... Cough cough ..." After saying this, the strange heaven rank man suddenly coughed, coughing out large mouthfuls of blood, clearly unable to hold on any longer.

"Master, don't say anything. I'll treat your injuries!" Lin Yi jumped-he knew he couldn't drag this out any longer, so he quickly grabbed the man's hand and started channeling the second stage of the art of Dragon mastery. As he started healing the man, he ordered Skybolt pig,"Skybolt pig, go and tell Jingyi that we're fine. Tell her to come over, and I'll help you recover later!"

Lin Yi had almost used up all of Skybolt pig's Qi, but he knew that it was only temporary-Lin Yi would help him recover later. He barked and ran back to the cave ...

Lin Yi's Qi from the pig was to heal his meridians first, but to heal the Sky Class man, he had to heal his broken organs and bones first! Lin Yi's meridians were used to transfer Qi, and it didn't matter if the sky Class man's meridians weren't repaired yet-Lin Yi had to save his life first.

He directly transferred the energy from the Jade space into the sky Class man's body, and Lin Yi helped him quickly repair his broken organs and bones. This miraculous effect made the Sky Class man's eyes widen,"Li 'er, when did you start to practice Huang' er's family's mental cultivation methods and incantations? you can actually heal your master's injuries?"

"Master, please don't waste your zhenqi on talking." Lin Yi reminded.

Although the Sky Class man wouldn't die with Lin Yi around, it was still a waste of Qi for him to talk right now. Lin Yi was just holding on, and after healing the man, he still had to heal himself.

The Sky Class man nodded. He was curious, but he knew that it was most likely Huang 'er who taught him, so he didn't doubt it anymore. He lay there quietly and enjoyed Lin Yi's healing.

Skybolt pig ran back into the cave. Jingyi had heard the deafening explosion as well, and didn't know what happened. She didn't dare to go up, but that earth-shaking feeling still left her with a lingering fear!

She didn't know if someone took the explosives to blow up the mountain, and she was even more anxious. Seeing Skybolt pig come back, she quickly asked,""How is it, Skybolt pig? Lin Yi and ... That Sky Class freak, are they okay?"

"Ji Ji!" Although Skybolt pig saw that Lin Yi was injured, he knew that Lin Yi could heal himself and the sky Class man after killing the head guard, so it wasn't really dangerous. In order to put Jingyi at ease, Skybolt pig nodded.

"They're fine? That's great!" Jingyi let out a breath of relief when she saw the pig nod.

"Ji Ji ..." Skybolt pig pointed outside with his front paw, telling Jingyi to follow him.

Sun Jingyi didn't hesitate and followed Skybolt pig out of the cave, heading towards the top of the mountain. But the further they went, the more shocked they were! That originally incomparably majestic Great Hall had actually completely vanished!

Although it had been in tatters before, with broken walls and ruins everywhere, at least the overall outline was there, making people feel that it was majestic.

But now, it was completely a pile of junk, with broken bricks and stones everywhere. The hall no longer existed, not even its outline could be seen ... If you like this work, you are welcome to come to to vote for recommendation and monthly votes. Your support is my greatest motivation.)

Chapter 2252 The Sect Of The Head Guard

"This is ..." Jingyi was about to ask when she saw the blood-covered Lin Yi and the sky Class man not too far away. Lin Yi was sitting cross-legged, and the sky Class man was lying on the ground. It looked like Lin Yi was healing him?

Jingyi subconsciously picked up her pace."Lin Yi ..." She said.

"You're here, Jingyi?" "It's fine, we're both injured, but I can heal them!"Lin Yi nodded.

"En!" Jingyi let out a breath of relief. She wanted to ask where the guard was, but decided not to disturb Lin Yi-he was focused on healing, after all. She sat to the side and waited for him ...

Lin Yi let out a breath of relief after fixing the organs and the bones-at least the Sky Class man wouldn't die!

Lin Yi, on the other hand, started using a portion of his Qi to heal himself and another portion to the Sky Class man. This didn't delay his healing, but it was a bit slower. Lin Yi wasn't in a hurry, though-the guard was already dead, so there was nothing to worry about ...

.....

In a majestic hall, an old man in an eight-trigram robe who was meditating suddenly opened his eyes and said lightly,""Didn't I tell you? Don't disturb me while I'm comprehending the heavenly Dao?"

"Master, it's not good. Thirteenth's soul Jade tablet is broken ..." The person was also wearing an eight-trigram robe. His expression was extremely nervous and sorrowful.

"What? Little thirteen's soul Jade tablet is broken?" The old man in the eight trigrams robe's eyes shot out a soul-stirring light, making the person who came not dare to look at him directly!

"Yes ... I'm the one in charge today. Suddenly, I received a report from the disciple who was cleaning the Jade Memorial Hall. He said that thirteenth's soul Jade tablet was broken just now ..." The person said carefully.

"Little thirteen ... How did something bad happen to him in that place? With his skills, even Sky Class mid phase could go against him-could it be ..."The old man stood up from the ground and said," you're a Sky Class mid phase?"Immediately send little twelve to the town of releida ... Let little six follow him and investigate the matter. If there are enemies, let little six deal with them personally. Then, let little twelve protect Tagan long!"

"Yes, master!" Although this person was the first disciple of the old man in the eight-trigram robe, he was very careful in front of the old man and didn't dare to disobey! Although he was Sky Class late phase peak already, he still felt the pressure in front of this master!

They were both Sky Class late phase peak, but there was a huge difference in their strength. Some had just stepped in, while others were infinitely close to the sky path ...

Xiao Liu was also a Sky Class late phase peak, and was one of the old man's disciples.

The old man in the eight-trigram robe had thirteen disciples. The previous head guard was the little thirteen that he had mentioned.

Even his youngest disciple was Sky Class early phase, and the old man wanted to send him out for training, but he didn't expect this to happen!

Little six was little thirteen's older brother, so it was only natural for him to avenge his younger brother. Little twelve, on the other hand, would take over little thirteen's previous position as the Tagan family's head guard.

"Tell Xiao Liu to be careful. Don't let hatred get to his head ..." Although the old man in the eight-trigram robe was heartbroken, he had already concealed his emotions with his strength. "If I'm not wrong, it should be related to the survivors of that sect ..."

"Yes, master, I will instruct sixth brother." The eldest disciple cupped his fists and said respectfully.

"Go on." The old man in the eight-trigram robe waved his hand and let his eldest disciple leave ... As for him, he sighed slightly. Whether he could step into that realm in this life and let the sect return to that level would depend on this major event in the future ...

He could not afford to make any mistakes in this matter. Even if he had to sacrifice a few disciples, he would not hesitate ...

Fortunately, taganlong was fine. Otherwise, who knew how much heartache he would have felt ...

.....

Finally, Lin Yi finished healing himself and the sky Class man, and Lin Yi's Qi was replenished as well. The only thing left was to help Skybolt pig recover.

Lin Yi picked Skybolt pig up and started channeling his practitioner's Arts, helping him recover his strength.

The pig was like a mobile life-saving treasure for him, and he had to keep his Zhen Qi full at all times.

"Li 'er, I didn't expect that you're actually so powerful." After the strange heaven rank man recovered, he personally ran to the edge of the big pit to check on the Guard's condition. Seeing that he had been blown up to the point that he didn't look like a person, he couldn't help but be extremely surprised, "Li 'er, this move of yours is too powerful. Furthermore, how come you know how to heal people's injuries, just like Huang' er?"

Lin Yi didn't have the time to think about what the Sky Class man said before, but now that he thought about it, uncle Fu's real name was Fu Li, so wasn't that li 'er? And granny sun's name was sun luoxuan, wasn't that also Xuan 'er?

Adding on the connection from before, Lin Yi was sure that the Sky Class man was uncle Fu's master.

Lin Yi couldn't help but smile bitterly at that thought. He and uncle Fu were both disciples of the Sky Class freak man-wouldn't that mess up the seniority?

However, the strange heaven rank man's mind wasn't very bright right now, so what if it was chaotic? it was fine as long as he was clear in his heart.

"Yes, master, I've learned a lot of things." "But why are you here?" Lin Yi asked.

"I gave you the map before ... I don't remember what happened after that. Then, I got separated from you. I thought that after you took the map, you would definitely piece it back together and come back to find that treasure. So, I returned to the Wulong hao te mountain range to wait for you!" "How would I know if the enemy still hasn't given up?" the strange heaven rank man said. They actually sent people to guard this place. Thanks to the tacit cooperation between us, we were able to kill that old thief!"

"Yeah ... But, that treasure ..." Lin Yi was about to ask what the treasure was and what it was used for when the Sky Class man interrupted him ...

"Shush ... Don't mention that treasure anymore. After you go back, cultivate well and try to break through as soon as possible! "Your master still has a more important task to do. Your master wants to steal the enemy's cultivation method, and there's already some progress ..." The strange heaven rank man said, minding his own business."But master is

a little tired now and wants to sleep for a while. You and Luan 'er can return to the cave with master!"

After saying that, the strange heaven rank man took the lead and walked towards the cave. (

Chapter 2253 What Treasure?

Lin Yi, on the other hand, was giving energy to Skybolt pig as he stood up with him, following the Sky Class man to the cave with Jingyi ...

In the cave, the Sky Class man fell to the ground and fell asleep-perhaps the battle just now had really tired him out. Lin Yi only treated the man's injuries, but didn't give him any Qi. After all, the Sky Class man didn't use his practitioner's Arts to actively absorb Qi, so Lin Yi couldn't give him any Qi.

Plus, Lin Yi didn't want to make it too shocking. The Sky Class man was only injured, and he used up a lot of energy. This level of loss was natural, and he could recover with some rest. On the other hand, Lin Yi's Qi loss was real, and he couldn't just rest.

Lin Yi shook his head helplessly as he looked at the Sky Class man falling asleep. He pointed at the metal box in sun Jingyi's hands, signaling for her to open it.

Jingyi had always been curious as well-just what was inside the box, to have the head guard fighting over it like this?

Of course, Lin Yi's thoughts were a little more complicated. The treasure in the box was able to cause uncle Fu's sect to be annihilated-it had to be extraordinary!

"Can it be opened? It couldn't be like the ginseng fruit in Journey to the West, disappearing as soon as it fell to the ground, right? What if the thing inside is broken or lost its effect the moment I open it?" Jingyi was hesitating.

She felt a little regretful-there was a treasure in the box, but she was still hoping for clues about her parents. She came here to look for clues about her parents, and she wouldn't have come with Lin Yi in a hurry if she'd known it was treasure.

In the end, they almost lost their lives here. If it weren't for the help of the noble people and the noble beast a few times, the two of them would probably have died here.

"Of course you can. You really know how to imagine. How can it be so magical?" Lin Yi said with a smile.

"Then ... Help me ..." Jingyi hesitated, but still handed the box to Lin Yi.

"Alright, I'll help you open it." Lin Yi took the box with a smile.

"If ... The things inside are broken, you have to compensate me." Jingyi said.

"Ha ... How?" "But it's a little unfair, isn't it?" Lin Yi smiled. I'm helping you!"

"I don't care, but I haven't thought of how to compensate you." Jingyi's face reddened as she looked at Lin Yi nervously, afraid that he'd see through her.

This trip to the Wulong haote mountains had pulled the two closer by quite a bit-Jingyi suddenly felt that Lin Yi wasn't all that bad after all! No wonder so many girls liked him. Was she going to be promoted to be all his lovers?

However, he suddenly thought that it would be difficult for him to level up now. There were quite a few women around Lin Yi, some of them even waiting in line!

Mengyao and Yushu aside, even Lingshan was already waiting in line-Jingyi didn't know what to do. What if she got rejected?

Besides, she couldn't be sure if she was just feeling grateful or if she really did fall in love with Lin Yi.

Forget it, I can't care about it anymore. I'll just take it one step at a time.

Jingyi said with a sigh.

"Alright, if it's really broken, I'll compensate you when you've thought it through." Lin Yi didn't think much of it, thinking that she was just joking. He picked up the metal box and started studying it.

There was a small metal lock on the box, and Lin Yi pressed on it, activating it and opening the box.

What Lin Yi saw, however, was a pure white, crystal clear stone!

The stone looked very special. It looked like a piece of Jade or glass, but it wasn't!

Lin Yi had been looking for pure yellow jade, blue crystal powder, and other materials to make jade pendants. He'd done a lot of research, but he'd never seen anything like this strange material. It looked like jade, but it wasn't. It looked like crystal, but it wasn't. It looked like Amber, but it wasn't Amber.

"What a beautiful stone!" Jingyi couldn't help but exclaim as she looked at the box in Lin Yi's hands.

"It is indeed very beautiful." Lin Yi nodded, but his attention wasn't on how pretty the stone was. It couldn't be called a sect treasure just because it was pretty-after all, to these ancient sects and practitioners, no matter how pretty they were, they were just worldly possessions, not of much use!

Money could be earned anywhere-there was no need to come to an ancient sect and Rob them or kill them for their treasure, and there was no need for a Sky Class master to guard this place for so many years, just to wait for the people of this sect to come back and take the treasure.

Therefore, this thing was definitely not as simple as it looked on the surface. However, what was the use of this thing?

Lin Yi reached out his hand and carefully took the strange stone out. He weighed it in his hand and examined it carefully.

The stone was cold to the touch, but Lin Yi felt a sense of familiarity. His heart twitched, as if it resonated with the stone, surprising him.

"What's wrong?" Jingyi quickly asked when she saw Lin Yi's frown. "What is this thing?"

"I don't know yet ..." Lin Yi shook his head, thinking back to that moment. It was a fleeting feeling, and Lin Yi couldn't quite grasp it.

Jingyi didn't interrupt Lin Yi after seeing him in deep thought-she sat down and hugged her legs, waiting for Lin Yi's answer.

Too many things had happened in the past two days-Jingyi's relationship with Lin Yi had gotten closer, but she was also exhausted-the Wulong haote mountains had been too dangerous, and she was still a little scared.

Lin Yi didn't catch that feeling, so he reached out his hand and held the stone, slowly transferring his Qi into it ... At this moment, Lin Yi's face flashed with surprise! This stone was actually rejecting the true Qi He had sent in!

As Lin Yi circulated his practitioner's Arts, Qi from the stone started flowing into Lin Yi's body!

At this moment, Lin Yi finally understood the situation. This stone was similar to his Jade space, it could provide continuous energy to the practitioner!

Of course, compared to the energy in the space of the jade pendant, the energy in this stone was not as pure as that in the space of the jade pendant. Moreover, the transmission speed was much slower ... If you like this work, you are welcome to come to to vote for recommendation and monthly votes. Your support is my greatest motivation.)

Chapter 2254 2251-Don't Mind

Lin Yi frowned and tried to enter the stone using the Jade space, but it failed. He couldn't enter The Stone Space. This stone seemed to be a tool that provided energy for cultivation, but it didn't have the functions of the Jade space!

Although this treasure was very magical, to Lin Yi, it was nothing. With the space in the Jade, this thing was child's play! However, this also indirectly proved one thing, and that was that the space in his jade pendant must not be known to anyone!

Unless it was someone who was very close to him, otherwise, if word got out, there would be endless trouble! An ordinary man's wealth was his sin-even a magical stone could cause such a dispute, let alone Lin Yi's Jade that was a hundred times stronger than this stone!

"This thing is for cultivation." Lin Yi said as he put the stone back into the metal box and handed it to Jingyi.

"For cultivation?" Jingyi blinked.

"Try it. Hold the stone with your hand and circulate your cultivation chant. There will be a continuous stream of true Qi flowing into your body from the stone to achieve the goal of rapid cultivation." Lin Yi explained the stone's function.

"Ah? It's that magical?" Jingyi wasn't stupid-she immediately understood the value of this stone. It was heaven-defying, no wonder the guard wanted to take it, and the ancient sect in the mountains was destroyed because of it!

But Jingyi didn't understand-what did her parents have to do with this sect? And how did his parents get this treasure map?

"It's quite magical. Otherwise, there wouldn't be so many people coming to snatch it."

"The energy in this stone is much purer than the spiritual Qi outside," Lin Yi said. "It'll be much easier to cultivate with it. "

"Then you ... Don't have any thoughts of killing him and taking his treasure?" Jingyi looked at Lin Yi oddly-she knew the value of this thing, and if it really was as Lin Yi said, it'd cause a bloodbath if it got out, but didn't Lin Yi want it for himself?

So many people were after this stone, and Lin Yi just gave it back to her after he figured out its use? Jingyi didn't quite understand Lin Yi-this man was quite weird.

If he hadn't told her what the stone was used for and had asked for it, she might have given it to him. However, he didn't do that and returned the stone to her, even telling her its use.

"Kill you?" Lin Yi said, his eyes on Jingyi.

"En ..." Sun Jingyi nodded.

"Do you think I will kill you?" Lin Yi asked.

"I won 't," "It's really hard to guess what you're thinking," Jingyi said, a little dejected. " So many people want to take this, but you don't care at all, and you're just giving it back. "

"If I wanted to snatch it, I would've just tricked you into giving me the map. I'm here to look for treasure myself. Why would I bring you along?" "Not everyone wants to take other people's stuff," Lin Yi smiled.

"Alright," he said. Jingyi shrugged. "I thought there would be some clues about my parents, but it turned out to be a treasure. I wouldn't have come if I'd known, taking such a big risk and almost killing you!"

"What, you don't seem to care about this thing?" Lin Yi asked with a smile.

"It's not that I don't care, but the heart technique I'm cultivating has a similar function to this thing. No matter how powerful I am, I can only help others in the end, so this thing isn't very useful to me." Jingyi said as she handed the box to him. "I might as well ... Give it to you!"

"For me?" Lin Yi blinked.

"Yeah, you're already so generous, can't I be generous for once?" Jingyi herself didn't know why she'd be so generous as to give this treasure to Lin Yi-perhaps he'd traded his life for it, and she really wasn't of much use to him.

"Oh, thank you." Lin Yi blinked, a little touched, but still pushed the box back to Jingyi. "I have my own way of cultivation. This thing is useless to me, so you should keep it! This should be something your parents left for you, how can I take it away? Besides, your

supporting heart cultivation method is also not bad. Who knows, it might be of great use to me in the future!"

Jingyi didn't think much of the first half of Lin Yi's sentence-it was a gift from her parents, after all, and it really didn't have much use to her. Even if she trained house sun's practitioner's Arts to the extreme, it'd just be a gift for someone else in the end. But the second half of Lin Yi's sentence made her heart skip a beat ...

Was he trying to hint at something? He clearly knew the uniqueness of her mental cultivation method. Did he make an appointment with her in advance to give him all the true Qi She cultivated in the future?

Jingyi's face reddened at the thought, but she still accepted it after some hesitation. She couldn't give it to anyone else if Lin Yi didn't want it-she couldn't even say half a word! If people found out about this, not only would it bring her big trouble, but it would also drag Lin Yi down!

Not to mention anything else, if the power behind the guard came to Lin Yi, it would be a huge problem.

"Alright, I'll take it then. I'll work hard in my cultivation for you." Jingyi said.

"Haha ..." Lin Yi laughed, ""You're tired, right? You should rest too. You've been so nervous these past two days that you didn't sleep well, right?"

"Did you sleep well in the fire lion's nest yesterday?" "But I'm really tired today ..." Jingyi said.

"Then let's sleep ..." Lin Yi said, ""I'm cultivating ..."

This injury and loss of strength didn't improve Lin Yi's strength any further. There was no building without breaking, and breaking before building was Lin Yi's tried and tested way of breaking through the limits. To put it bluntly, it was like looking for abuse, but on the path of martial arts, everyone had their own way of training and breaking through. All roads lead to Rome, and they were different. It was hard to tell if these opponents were abusing or helping Lin Yi.

It was just that he'd just broken through to Earth Class mid phase not long ago, and he'd only stabilized his strength with Xinyan's scent not long before coming to Wulong haote. It was basically a dream to level up this time, so Lin Yi didn't feel too bad about it.

In the middle of the night, Lin Yi was training when he heard a weird shriek!

Lin Yi jumped and quickly opened his eyes. He was training, but his spirit was paying attention to the situation inside and outside the cave ... If you like this work, you are welcome to come to to vote for recommendation and monthly votes. Your support is my greatest motivation.)

Chapter 2255 2253-Going Crazy Again

One was afraid that the strange heaven rank man would go crazy again, and the other was also afraid that the Guardsman's accomplices would come looking for him.

He didn't think that what Lin Yi was worried about would go crazy in the end. After the Sky Class man woke up, he suddenly got up from the ground and looked at the cave in a daze. Suddenly, his eyes landed on Lin Yi, and a fierce light appeared, "Who are you? What are you doing here?"

Lin Yi blinked-the Sky Class man always thought that he was his disciple, so why didn't he recognize him?

"Master, it's me, I'm your disciple ..." Lin Yi said.

"You're my disciple?" The strange heaven rank man was also stunned, and immediately said: "You are not li 'er! Who are you?"

"I ..." Lin Yi's heart tightened. Did this Sky Class man return to normal or did he go crazy again? He actually didn't recognize me again?

"Speak! Who are you? who the hell are you?" The Sky Class growled and appeared in front of Lin Yi. Lin Yi couldn't Dodge it even if he wanted to. He grabbed Lin Yi's collar and his eyes were full of vigilance and anger, "You tell me, did you kill my disciple? Where is li 'er? Tell me!"

"I ... I'm Li 'er ..." Lin Yi didn't expect the Sky Class man to turn hostile so quickly. He smiled bitterly in his heart, but he could only insist that he was li' er. Otherwise, this Sky Class man could cripple him with one slap.

"You are li 'er?" The Sky Class man frowned and increased the strength in his hand. He lifted Lin Yi up and was about to throw him against the wall, "Hurry up and tell me who you are, or I'll kill you!"

"Old Mister ... Don't get too worked up ..." Jingyi was startled by the shout as well-she'd wanted to let Lin Yi deal with it himself, but seeing that it wasn't going to work, she had no choice but to get up and explain for Lin Yi, ""He ... He's your disciple ..."

The strange man's eyes widened as he was about to retort, but he turned to look at sun Jingyi-he paused for a moment, confusion in his eyes before they softened, "Huang 'er? Why are you here? What are you doing here?"

The Sky Class man looked at Jingyi strangely before turning to Lin Yi. "You said he's Li 'er?"

Jingyi didn't know why the strange man wasn't so hot-tempered all of a sudden, but it was a good thing. She quickly nodded, "That's right, he's your disciple li 'er ..."

"Oh ... That's right!" The Sky Class man let go of Lin Yi and nodded, "Since Yue 'er says that you are li' er, then you must be li 'er!"

"Phew ..." Lin Yi let out a breath of relief, thinking that he was lucky! Jingyi didn't know what was going on, but Lin Yi had a pretty good guess! The strange heaven rank man probably saw that she didn't look like Li Fu, so he suddenly became clear-headed and started making trouble. But then he saw sun Jingyi and mistakenly thought that she was sun luofei, granny sun, so he thought that what she said was true and thought that she was li 'er ...

It was a good thing that sun Jingyi was here, otherwise Lin Yi wouldn't be able to explain himself.

"Something's wrong! You're not li 'er, you're not!" The Sky Class man looked at Lin Yi and suddenly called out again, but his eyes became suspicious when he looked at sun Jingyi, "You're Huang 'er ... That's true ... But you're not li' er ... You're Huang 'er ... You're li' er? You're not? And you are? Didn't you ..."

The strange heaven rank man's face suddenly turned pale, and beads of sweat suddenly appeared on his forehead. He let out a strange cry and covered his head with his hands, as if he was in great pain!

"Master ... You ..." Lin Yi was about to use the needles to stop the pain when the Sky Class man pushed him to the side and ran out of the cave, screaming and running, quickly disappearing into the night ...

"AI!" Lin Yi sighed helplessly. It seemed like the sky Class man was acting up again. He ran away without warning like last time, without even saying goodbye ... Uncle Fu's master sure was pitiful, one moment normal, and the next crazy!

When he was normal, he wasn't very normal. When he was crazy, he was even more confused!

"Lin Yi ... That weird man ... Why did he suddenly ..." Sun Jingyi was sleeping and didn't know what happened.

"I don't know, but maybe it's the craziness acting up again ..." Lin Yi smiled bitterly, "The last time, he was sleeping in the cave in the middle of the night. While he was sleeping, he jumped up and ran away ... It's the same this time!"

"Ah? And he just ran away?" Sun Jingyi looked at the box in her hands, not knowing what to say.

"Yeah, he just ran away ..." Lin Yi nodded, "It seems that when he goes to sleep at night, he is not very clear-headed in the middle of his sleep. But it is better during the day. During the day, he still treats me as his disciple ..."

"What should we do now?" "Where could he have gone?" Jingyi asked.

"It's hard to say. It's so late at night. If he wants to run away, where are we going to find him?" "At most, we'll just go in the direction he ran off in," Lin Yi smiled bitterly, "there's nothing we can do if we really can't find him. "

Last time, Lin Yi waited in the cave for a long time, but the Sky Class man didn't come back. This time, he probably wouldn't be able to come back either. Rather than waiting in the cave, he might as well go find him!

The main problem was that Lin Yi still had a few questions to ask, including uncle Fu's enemies and the origin and use of this stone.

At the moment, he could only try. If he couldn't find it, then there was nothing else he could do.

Without the Sky Class man by his side, Lin Yi didn't want to stay in the cave any longer. After all, without the Sky Class man as a bodyguard, Lin Yi wouldn't be able to handle the Guardsman's accomplices if they came looking for him.

Therefore, rather than staying here, it would be better to take the initiative to find the strange heaven rank man, and also avoid the guardsmen's companions in time ...

"That's good too. Let's go together. " Jingyi nodded-she'd had enough rest, and most importantly, she wanted to ask the strange man where this treasure came from. What she wanted to know the most was if this thing had anything to do with her parents, and why did she have half a treasure map?

The two packed up, and Lin Yi looked at the metal box-there wasn't anything special about it, so he told Jingyi to keep the weird stone close to her. As for the metal box, it was too eye-catching, so he just left it in the cave. (

Chapter 2256 2254-People From The Clan

After that, Lin Yi turned to Skybolt pig, ""Can you find the traces of the strange heaven rank man?"

"Oink Oink ..." The pig shook his head. After all, human cultivators were different from spirit beasts. Besides, its level was too low, and it would be difficult to find human cultivators. Even if it had met them before, it would be difficult.

Lin Yi didn't press the issue after hearing the pig's reply-he chased after the Sky Class man with Jingyi ...

With the Sky Class man's speed, Lin Yi and Jingyi naturally wouldn't be able to catch up to him. Lin Yi's only hope now was that the Sky Class man would stop moving and return to normal-otherwise, it'd be hard to catch up even if they kept chasing.

Plus, if the sky Class man changed his direction, Lin Yi wouldn't be able to find him.

The Sky Class man was running in a diagonal line towards the middle of the mountain range, but it was the opposite of where Lin Yi and Jingyi came from. Lin Yi didn't know if there was a way down, but since the Sky Class man was running in that direction, he could only follow ...

.....

Lin Yi's guess was right-at the same time, two uninvited guests in eight-trigram robes appeared in the Tagan family's courtyard at the Ruileida town, located at the foot of the mountain.

Of course, they came and went without a trace. They entered the Tagan family's courtyard without a sound and did not attract the attention of the other families and forces in the town.

Even though they were standing in the courtyard of the Tagan family, they didn't alert anyone. It was only when the guard in charge of patrolling the courtyard suddenly noticed two more people in the courtyard that he was shocked!

He was about to call for an assassin, but the servant was also a vigilant person. Seeing that the two people were dressed exactly the same as the clan's guards, he did not rashly call out!

He guessed that these two people might be related to the head guard, so he asked carefully, "May I ask who you are ..."

"Take me to Tagan." One of the two men, who was clearly about the same age as the head guard, indifferently ordered. This man was the twelfth.

The other elder with a cold expression and not saying a word was the elder brother of the thirteenth elder, Xuanji elder six!

At this moment, his heart was very heavy. He didn't expect that his younger brother, who came out to train, would die in a foreign land!

Originally, it was a lucrative job to train outside and be the chief guard of the Tagan family. Not only did he not have to be on duty in the sect, but he was also worshipped by the Tagan family here, and no one dared to disobey his words.

This kind of lucrative job used to be the most envied job for these senior brothers, but because thirteenth was the youngest and sixth brother's younger brother, everyone let him do it. But they didn't expect to hear such bad news!

Without a doubt, sixth brother didn't even need to check to know that his younger brother, thirteenth brother, had already died! There was no chance of luck or deception in obtaining his master's soul Jade tablet. Each of his fellow disciples had their own soul Jade tablet, which was made by his master in a special way. Even taganlong had one.

If the Jade token was broken, it meant that the person was dead, but Duan Wusheng still had a chance.

So, no matter how sad he was, it was useless. Six calmly came to the Tagan family, ready to find Tagan Gao and Tagan long to confirm how this happened, and who was so powerful that could kill thirteenth?

After all, thirteenth's strength was very high-he could even fight Sky Class mid phase Masters. There had to be something wrong with him dying here.

"May I ask who you are ..." The servant had to confirm the identity of the two people first. Otherwise, he would not dare to rashly bring the two of them to see the patriarch.

"We are the senior brothers of your head guard!" Twelfth brother said.

"Ah ... Please ..." Upon hearing that it was the senior brother of the head guard, the servant didn't dare to say anything more and quickly made an inviting gesture!

Even though the servants in the Tagan family did not know the secrets of the core of the family, they knew that the Grand Guardian's status in the family was no lower than that of the old master Tagan Gao!

Sixth brother and twelfth brother nodded and expressionlessly followed the servant into the inner courtyard. In fact, with their skills, entering and leaving the inner courtyard was as easy as turning their hands over. However, they were too lazy to search room by room. It was more convenient to find someone from the Tagan family to lead the way.

He followed the servant to the front of a large house in the inner courtyard. The servant was about to open his mouth to report, but twelfth brother waved his hand and said, "No need, we can go in by ourselves."

As he spoke, twelfth brother pushed open the door and walked in with sixth brother!

The servant followed behind worriedly. Just as he was about to ask for taganho's forgiveness, he heard taganho say, ""Great guard, are you back?"

"You must be Tagan Gao, right?" No. 12 didn't answer Tagan Gao's question, but asked the old man in the room.

Tagan Gao's heart skipped a beat. He didn't expect the person who came in was not the head guard but a stranger! The only person in the Tagan family who could enter and leave his house as he pleased was the head guard, so Tagan Gao didn't think too much about it before. Now, he was shocked. He stood up abruptly and turned to the door. "Who is it?"

However, when Tagan Gao saw the two strangers' attire, he heaved a sigh of relief and asked, ""You guys ... Are the same as the head guard, you guys came from that place?"

Number twelve nodded expressionlessly.

Tagan Gao's heart tightened, and he waved to the servant, ""You can go out, there's nothing for you to do here."

"Yes!" The servant saw that Tagan Gao seemed to know the man, so he didn't stay any longer. He bowed and left.

After he closed the door, Tagan Gao came to him with a smile. ""Milords come from that place. This old man has not welcomed you. However, the head guard has gone out and hasn't returned yet. Do you want this old man to send him a signal?"

There was no communication signal on the Wulong hao te mountain range, and there was some inexplicable interference, so communication equipment could not be used. Therefore, for those who went up the mountain, each family had a unique secret code to contact them, such as things like signal flares.

"No need! "Thirteenth brother ... He ..." At this point, twelfth brother's voice was a little sorrowful. He glanced at sixth brother and said, ""The head guard has already fallen!" (

Chapter 2257 They're Back?

"What!" Tagan Gao was shocked by twelfth's words! He had fallen? Wouldn't that mean he was dead? The head guard was so powerful that he could even contend against a mid stage Heavenly Tribulation expert. How could he have died? There's still an enemy of the head guard in this town of releida?

"Master has already learned of his death through a special method." "Tell us, what did the head guard do?" asked twelfth. Before he left, you have to tell us everything he said and did without missing a word!"

Twelfth brother had to figure out how thirteenth brother died, why, and if anything strange happened before he died!

"Yes!" Tagan Gao quickly invited the two of them to sit in the living room. After personally brewing tea, he didn't dare to hide the truth. He started from the moment Tagan long discovered a small fire Lion with fire attributes and was about to take it as his

contracted spiritual beast."This was what happened. The Adventurer's Guild that my family controlled publicly recruited adventurers to capture the little fire Lion ..."

Even though it didn't sound like it had anything to do with the death of the head guard, taganho must have his reasons for starting the story. Therefore, sixth and twelfth brother weren't in a hurry. They sat down and listened to taganho's story.

When he heard that it was extremely dangerous to go up the mountain, and that the Great Fire Lion had appeared and almost killed taganlong, twelfth brother could not help but frown."Tagan Gao, do you know how important Tagan Dragon's safety is? Even his master valued him, so how could he let him do such a dangerous thing? If something goes wrong, can the Tagan family bear the responsibility?"

"I ... I'm sorry!" Tagan Gao's forehead broke out in cold sweat! Although he didn't know much about that place, if that place could help the Tagan family turn from a third-rate family to a top family in Ruida town, it could also make the Tagan family worthless. So, he quickly explained,""I didn't think it'd be this dangerous back then, and the timing was perfect, but who knew that Zhang naipao would help the little fire Lion in the dark? we wasted too much time, and that's what happened ..."

"Alright, twelfth. Since taganlong is fine, let's not pursue this matter anymore. Just be careful in the future!" Sixth brother waved his hand and interrupted taganho,""The most important thing right now is to find out the cause of thirteenth's death ..."

"Sixth senior brother is right!" Twelfth nodded, then turned to Tagan Gao and said,""You're saying that Zhang naipao's been hiding his strength, and that his wife looks very similar to the girl in the picture?"

"Yes, I am!" "It's precisely because of this that the head guard decided to go up the mountain alone after hearing about this ..."Taganho nodded.

"Could it be ... That those people have really returned?" Twelfth brother looked at sixth brother inquisitively.

"Alright!" Sixth brother nodded."How about this? call taganlong over and have him tell us the details of what happened!"

"Yes, milords. Please wait a moment. This old man will personally call taganlong over!" Taganho quickly said.

Tagan Gao said and quickly left the house.

When only sixth brother and twelfth brother were left in the room, twelfth brother said,""Sixth senior, what do you think of this?"

"Your guess should be correct. It should be that the successor of that sect has returned. However, I don't know what relationship he has with the two people we are looking for. Is he their son or is he in disguise?" Sixth brother hesitated for a moment and speculated.

"There are only two possibilities." "But," twelfth brother continued,"an Earth Class mid phase, a practitioner who hasn't even entered golden class, and without the big fire lion's help, even the fifth Guardian can be easily defeated. How can they fight thirteenth brother?"

"This is also what I find strange. That's why I wanted taganlong to come and tell us some of the details of the incident so that we can make the right judgment." Sixth brother said.

"Could it be that the Great Fire Lion helped?" Number twelve asked with a frown.

"I won't!" Sixth brother shook his head, "although the fire Lion has some connections with this sect, it won't interfere in the affairs of human cultivators!" Spirit beasts, except for contractual spirit beasts, usually participate in human battles. The other spirit beasts are not easy to control. Not to mention, when we besieged this sect, this fire Lion didn't even take action. Why would it take action now?"

Back when the sect was being annihilated, twelfth and thirteenth weren't Sky Class yet, and naturally didn't participate. Even sixth was just a sidekick, but he knew more secrets than twelfth!

"That's weird, could it be that Zhang naipao helped the little fire Lion in the dark, and that's why the big fire Lion came?" Twelfth brother was also confused.

"It's hard to say. Let's wait for taganlong and see what he has to say!" Sixth brother said.

Not long after, tagange returned with taganlong following behind him. When he saw the two in the room, he quickly cupped his fists and greeted, ""Taganlong greets the two martial uncles!"

"Rise, taganlong. You should know why we've called you here, right?" "Tell us in detail what happened before the head guard left!" Twelfth brother asked.

"Yes ..." Taganlong quickly nodded. He didn't dare to hide anything and explained everything, including some details that tagange didn't notice. At the end, he carefully asked, ""Uncle-master, my master, he really ..."

"That's right, the head guard has already fallen!" Old twelve sighed.

"It must be the doing of those two B * tches! Uncle-master, you must avenge my master!" Tagan long said with great sorrow after hearing the news.

"It's hard to say if it's them or not, but we'll definitely get our revenge. Now, tell me all the moves that Zhang naipao used ..." Six suddenly asked.

"Zhang naipao's moves?" Taganlong blinked. He didn't pay much attention to Lin Yi's moves before, but after thinking about it for a while, he said, "I remember that he had a move. I think he shouted something like wild fire Fist ..."

"Wild fire Fist?" Sixth brother's eyes flashed with a fierce light! It was indeed the wild fire Fist-others might not know, but he did-this was the ultimate technique of this sect! Since naipao was using it, he was from this sect without a doubt!

It seemed that thirteenth's death was related to these two people! (

Chapter 2258 Searching In The Mountain Range

"Sixth senior brother, what's wrong? What's wrong with this wild fire Fist?" Old twelve asked hurriedly.

"This wild fire Fist is the martial art technique of the sect here. Now we can basically confirm that these two people should be here for the treasure. Thirteenth must have guessed this from the woman's appearance. Then, he went up the mountain to intercept the treasure. In the end, he encountered an accident for some reason ..." Sixth brother analyzed.

"I see ..." Twelfth brother said sorrowfully, ""Sixth senior brother, shall we go up the mountain now to find those two people? We must kill them with our own hands and avenge thirteenth!"

"It's dark now. Where are you going to find her? And it's already been so long. Even if we can find the location based on thirteenth's soul aura, those two would've already run away!" Sixth brother waved his hand and said, "tonight, we'll guard the foot of the mountain with our men. Tomorrow morning, I'll go up the mountain. You'll continue to guard with your men. If those two people come down the mountain, you'll be responsible for intercepting them and sending out a signal flare!" If I meet them on the mountain, I will also send out the signal flare!"

"Alright!" "Let's go now ..." Twelfth nodded in agreement.

With Tagan Gao's order, all the experts in the family came out. Other than the patriarch who was in seclusion, tagansha, taganmo, the fourth Guardian, and taganlong followed sixth brother and twelfth brother and rushed to the foot of the wulonhot mountain range.

The other families who were patrolling the mountain range were puzzled. They had no idea what the Tagan family was doing with such a big formation, but no one asked. As long as it did not interfere with their family's interests, they could not be bothered!

If something happened to the Tagan family, and he went to ask them, they would ask for help from their own family, and it would not be worth it!

The three great clans and two great gangs appeared United on the surface, but were actually divided on the inside, so whatever the Tagan family did was up to them.

Fortunately, the Tagan family was only stationed at the foot of the mountain and did not make any other moves.

On the mountain range, Lin Yi and Jingyi were following the Sky Class man, but they didn't find any trace of him.

"The middle Mountain range is in front of us. We've already left the upper mountain range!" Looking at the dense forest in front of him, Lin Yi knew that he had arrived at the middle vein. The biggest difference between the middle and upper veins was the dense forest!

The upper part of the mountain range was filled with strange rocks, but there were not many trees. The middle part of the mountain range was filled with dense forests. The dividing line was very obvious and could be seen at a glance!

However, successfully reaching the middle Meridian made Lin Yi let out a breath of relief!

If the guard or the Tagan family came looking for them, it would be extremely dangerous for Lin Yi and Jingyi to remain in the mountain range! After all, there were very few places to hide in the upper mountain range. There was no dense forest to shelter them, so they could only choose to hide in boulders and caves. If those people wanted to look for them, they would be easily found.

But it was different in the middle of the mountain range-it was full of dense forests, and it was very well hidden. Even if they stood at the highest point of the mountain range, they wouldn't be able to see the situation in the middle of the mountain range from the position of the hall. Lin Yi and Jingyi had an extra layer of protection in the middle.

"We didn't go back the way we came. Is there a problem?" Jingyi looked at the forest-there wasn't a single path here, and it was obvious that no one came here often.

"It's impossible to go back now. " Lin Yi shrugged."The head guard is dead. The Tagan family or his gang will come for us sooner or later. It'll be too dangerous if we take the same path we took when we came up the mountain!"

"That's true. " Jingyi's face turned serious at Lin Yi's words."Your weird master is gone, and there's no one to help us. How are we going to get down the mountain? The Tagan family won't be blocking us at the foot of the mountain, right?"

"I'm not too sure. " Lin Yi shook his head. To be honest, this was what he was worried about.

Although it was not impossible to go down the mountain in a place without a road, it was too dangerous. Let's talk about the middle Mountain range first. The Great Fire Lion had said that there were not only the Great Fire lion's family of spirit beasts in the middle Mountain range, but other spirit beasts!

The lightning pig was a Mystic late phase peak spirit beast, but the big fire Lion was a Sky Class spirit beast. Only a Sky Class spirit beast could fight it! Otherwise, the hierarchy of spirit beasts was very strict, and the suppression was obvious. If they were not of the same rank, how could they be hostile to each other?

This also proved that the Great Fire lion's opponent was also a heaven rank spiritual beast. The Skybolt pig was completely unable to exert any effect, nor could it suppress the opponent. It would be troublesome if they met! They could only hope that they would mind their own business!

Spirit beasts were all highly intelligent, after all. They wouldn't fight Lin Yi for no reason, and there shouldn't be any problems as long as they were reasonable.

But Lin Yi was worried about the lower mountain range!

Although there were no spirit beasts there, there were some spirit-like beasts and poisonous insects. Skybolt pig didn't have general Weiwu's murderous aura, so it was hard to say if it could suppress these spirit-like beasts!

Lin Yi didn't think much of it! But he was worried that Jingyi might be in danger! What if a spirit beast appeared and caught Lin Yi off guard? Even the Tagan clan didn't dare to casually use other routes up the mountain in Wulong haote mountain range. It must be extremely dangerous.

"So, there's a Wolf in front and a Tiger behind. It's really a bit difficult to choose." "It shouldn't be a problem if you follow me," Lin Yi said with a smile. "It's better to run into a spirit beast than the Tagan family. "

After all, it wasn't a life-or-death feud with the spirit beasts, but it was hard to say with the Tagan family. Especially if they wanted to avenge the head guard, they'd invite a master to come after Lin Yi and Sun Jingyi, and Lin Yi wouldn't be able to deal with them at all!

Lin Yi couldn't even handle one guard, and the sky Class was barely enough-he wouldn't be able to go back if a few more came.

"En!" Jingyi didn't have any ideas herself, so she just listened to Lin Yi.

Skybolt pig led the way, and Lin Yi and Jingyi followed behind carefully. They had achieved their goal, and their enemy was dead. If they could leave Ruileida town from another place, that would be the perfect ending.

Advancing through the forest was obviously much slower than before. Although it couldn't be said that this place was full of danger, they couldn't let their guard down. (

Chapter 2259 2257-Shocked

The two walked and stopped, and it wasn't long before it was noon the next day. Their journey was smooth, and they didn't run into any danger or trouble, but the more that was the case, the more Lin Yi didn't dare to be careless! The reason why there were no spirit-like ferocious beasts in the mountain range was that this was the territory of true spirit beasts!

And in this area, if there was no danger, then it would be true danger! It was very likely that the two of them had stepped into the territory of another race of spirit beasts. This was the only way that this place could be so safe and free of ferocious beasts.

Lin Yi decided to rest for a while, letting Jingyi eat something while he observed the road ...

At the same time, on the Tagan family's side, sixth brother had successfully arrived at the mountain range. He followed thirteenth brother's soul aura and searched for him. When he saw the hall that had been destroyed beyond recognition, he couldn't help but gasp!

He was very clear about what this Hall looked like in the past. Although the hall had been damaged when the sect was besieged, it was definitely not so serious. Moreover, looking at the traces of flying sand and stone fragments on the ground, they were all newly formed. In other words, there should have been a war here not long ago, and this Hall was completely created in the war!

Sixth brother's heart suddenly tightened. What level of master could cause such destruction? It was at least a fight between Sky Class late phase peak-thirteenth wouldn't be able to cause so much damage, not even with his strength!

Was there a Sky Class late phase peak in the fight? Sixth brother's heart tightened. He suddenly remembered the old lunatic who had escaped that year. It was said that he had appeared in the mountain range several times after that. However, thirteenth brother and he had never interfered with each other's business and had never fought. At that time, master's opinion was to keep him alive for the time being. Perhaps they could find clues to the precious treasure from him ...

Could it be that this crazy old man had joined the battle? Sixth brother frowned. If he had known this would happen, he would have sent a few more people to kill the old madman. Thirteenth brother would not have lost his life!

Although thirteenth brother was sixth brother's younger brother, in the sect, the relationship between senior and junior brothers was almost the same as that of real brothers. So when thirteenth brother died, he and twelfth brother felt the same, but they were sadder.

After observing the surroundings for a long time, sixth brother did not sense any fluctuations of true energy. After making sure that there were no experts lying in ambush nearby, he quickly walked into the hall!

The first thing that came into view when they arrived at the main hall was a huge, super large pit! This huge pit made sixth brother sigh again! This was the work of a Sky Class late phase peak? I'm afraid I can't do it, right? Perhaps only eldest senior brother, second senior brother and master could unleash such a powerful move?

The scene in front of him made sixth brother feel a chill down his spine-he thought that he was Sky Class late phase peak, and that he should be more than enough to deal with things here-he thought that with his stronger skills and strength than his peers, he should be able to handle it!

But now, he felt that things had gone beyond his imagination and were a little tricky! Sky Class late phase peak had their own strengths, too-some were infinitely close to the level of Sky Class, while some were just new!

It was also related to one's talent, practitioner's Arts, martial arts, weapons-it was all related. Sixth brother was Sky Class late phase peak, but he was only ranked sixth among the disciples. The five Sky Class late phase peak Masters before him were all stronger than him!

Worried about thirteenth brother's condition, sixth brother could only suppress the horror in his heart and continue to move forward. But after walking for a short while, when he saw the situation in the big pit, he could not help but feel numb even though he had seen many killing scenes!

In the pit, thirteenth died with his eyes wide open. His chin was missing, his limbs were gone, and there were big bloody holes in his chest and abdomen. It was as terrifying as if he had been bombed!

This tragic death made sixth brother's heart tremble. Could it be that the other party had used some kind of nuclear weapon? After all, normal bombs and grenades didn't have much of an effect on Sky Class Masters. Even rocket launchers and armor-piercing bullets would only hurt them if they weren't careful!

But something that could blow up a Sky Class master would have to be something like a missile or a nuclear weapon. But if they really did use those weapons, would the mountain range still exist?

Moreover, although Rileida was a private armed town that no one cared about, and the small country above wouldn't interfere in it in name, it wasn't easy for even the Tagan family to get an atomic bomb and a missile. It was almost impossible.

Therefore, he was still inclined to believe that it was the work of an expert. But what level of expert was this?

Originally, sixth brother came here with the idea of avenging his brother, but now, his desire for revenge was no longer so urgent. He had to find out who had such great power and caused such great destruction.

To the sect, this person was simply a formidable enemy! All these years, the sect had been planning for that big event, and it was about to be realized. They couldn't make any mistakes at this time!

Thinking of this, old six first put old thirteen's body into the bag. As for the missing limbs, they were nowhere to be found. At present, the only thing that could be seen was old thirteen's body, which was like a human stick.

He really wanted to know the cause of his thirteenth brother's death, but he was more concerned about his own safety and the safety of his twelfth brother and the others!

He hurriedly took out a piece of paper and wrote on it, ""The enemy's too strong-if there's someone strong coming down the mountain, don't act rashly-focus on Zhang naipao and the other guy, but if they have a master with them, don't do anything rash!"

After giving his instructions, sixth brother took out a bird that looked like a messenger pigeon. However, it was not a messenger pigeon, but an ancient spirit beast. In ancient times, it was used to send messages to various sects. Whether it was intelligence or speed, it was far superior to a messenger pigeon.

However, there weren't many left in the sect. This time, sixth brother was brought out so that he could pass the news back to his master in time.

After folding the note and tying it to the foot of the ancient bird, sixth brother let go and ordered, ""Go, go find twelfth!"

The ancient bird flew up and quickly flew down the mountain! Sixth brother also concealed his true energy fluctuations and began to search the hall vigilantly! (

Chapter 2260 2258-Tricked Again

Since the enemy was more powerful than him, he would not show his face in public easily. He decided to follow his investigation and try to avoid direct conflict with the enemy!

Revenge was definitely a must, but it was not necessary to take revenge this time. First, he had to figure out who the enemy was. If he was not a match, he could ask his master and senior brother to take action. If not, there were still those elders, senior uncles, and senior uncles above him. They could always take revenge.

At the thought of this, sixth brother went into hiding in the Wulong hao te mountain range, preparing to secretly search for clues about the enemy ...

At the foot of the mountain, when twelfth brother received the news from the ancient bird, his expression changed!

He was thinking the same thing as six-no matter how strong the enemy was, with a Sky Class late phase peak like six, wouldn't it be easy? However, since sixth brother had said that the enemy was very powerful, he naturally did not dare to be negligent.

He crushed the documents in his hand into ashes and said to Tagan, "Pay close attention to the people going down the mountain. If you see anyone suspicious, report to me immediately. Don't make any decisions on your own!"

"Yes!" Taganho nodded.

It wasn't just the two of them on the mountain-there were many other groups of adventurers, some from the adventurer guilds, some from other families and gangs, and some herb collectors from smaller factions!

There were normal adventurer teams coming up the mountain every day, and the Tagan family couldn't stop them. Although there were two powerful experts, sixth brother and twelfth brother, they obviously didn't want to reveal their strength. The Tagan family also deliberately kept a low profile, so they naturally didn't stop them.

Fortunately, the two people they were looking for, a man and a woman, were relatively easy to recognize. The man was valiant and the woman was handsome. The servants and guards of the Tagan family who were guarding the foot of the mountain each had a portrait. Although the portrait did not look very similar, it could at least be recognized at a glance.

On the mountain, Lin Yi and Jingyi rested for a while before continuing their journey.

All of a sudden, the Jade on Lin Yi's chest sent out a warning signal, and Skybolt pig seemed to have realized that something was wrong as well-he started to squeak!

However, it was too late-a huge net fell from the sky, trapping Lin Yi, Jingyi, and Skybolt pig!

Lin Yi subconsciously reached out his hand, trying to pull the net away, but the net seemed to be alive, quickly closing in and tying him, Jingyi, and Skybolt pig up like dumplings ...

.....松山市,在林逸离开这几天,也悄然的发生了一些事情.

Hidden you family.

You Panhu passed the documents he got from Lin Yi to you zhentian with a serious expression. You zhentian didn't dare to be slow and quickly took it,""You're sure this is the real Alchemist's personal notes?"

"Uncle, I'm sure. It's an Alchemist's personal notes. It's not something that's used to deceive people. I've read through it and gained a lot!" You Pan Hu nodded and said.

"That's good!" You Panhu let out a breath of relief,"we got scammed by Lin Yi last time, so count it as us scamming him this time. We exchanged a useless, broken cauldron for boss Bai's personal notes-this is a good deal!" Give me a moment, I'll hand it over to your grandfather!"

"Yes!" You Panhu nodded and sat to the side, waiting to see how his grandfather would reward him.

You zhentian didn't stop and went directly to old master you's room with the alchemist's personal notes that you Panhu had handed in.

"Zhentian, have you seen the item? How is it?" Old master you asked.

"I didn't even have time to look at it before it was presented to me!" You zhentian didn't dare to neglect it. Although he wanted to see it, he also knew that old master you was waiting. How could he dare to delay the time? However, he added, "right Panhu took a few glances and said that it was indeed a personal notes of an Alchemist. He benefited a lot from it!"

Old man you nodded and took the alchemist's notes from you zhentian's hands. He flipped through it with a smile on his face. However, after reading a few pages, old man you's face became ugly. As he flipped through more pages, old man you's face became more and more gloomy, and finally became extremely ugly!

"Father, you ... What happened? Is there a problem with this personal notes?" You zhentian also saw the change in his father's expression and asked curiously.

"This personal notes ... It's the personal notes of the sky elixir sect!" Old master you flipped through a few more pages and said with certainty.

"What?" You zhentian furrowed his brows. "You're saying ... This Alchemist's personal notes belong to the sky elixir sect?"

"That's right, follow me!" Old master you seemed to have to make a final decision. He stood up and walked to his study. You zhentian didn't dare to be negligent. He carefully followed old master you and entered the study together!

This was a forbidden area for family members. There were many precious alchemy recipes and alchemy materials in this study, as well as some medicinal cauldrons, precious medicinal herbs, and so on. It was almost a small treasure house, gathering all the essence of the you family.

Even you zhentian, the heir of the you family's young master, could not set foot here without the permission of old master you.

After entering the study, you zhentian didn't look around. He just stood aside with his head lowered. Although he was curious, he didn't show it.

Old master you quickly walked to a bookshelf and took down a thread-bound book from it. A few large words were clearly written on it: "The sky elixir sect's alchemy notes."

After taking it out, old master you couldn't wait to look at and compare it. Although he had long been mentally prepared, when he saw the two identical Alchemist's personal notes, old master you's face was still extremely ugly, as if his mother had died. Of course, his mother had died long ago, so it should be like his mother had died again.

"Exactly the same! It's exactly the same as the sky elixir sect's personal notes!" Old master you put the thread-bound book back and threw the copy in his hand on the desk. He was so angry that he gritted his teeth." "Lin Yi, that little bastard! He tricked us again!"

"This ..." Although you zhentian didn't look at the contents of the alchemist's personal notes, since old man you said it was the same, it must be the same. He could only smile bitterly. House you was scammed by Lin Yi again, but who could he blame?

Not to mention you Panhu, even you zhentian hadn't looked at the sky elixir sect's Alchemist's personal notes a few times. It was because their alchemy skills weren't good enough, so old master you had only taken out some alchemy notes that they could understand and shared them with them to prevent them from leaking the secret!
