

Beauty and the Bodyguard

Chapter 2261 Continue To Pay Attention

She didn't think that Lin Yi would trade away this precious information like it was trash!

In theory, the sky elixir sect's personal notes were worth more than what they had exchanged for. A few sets of ingredients and a broken cauldron that couldn't be repaired, in exchange for this information was already very cheap!

After all, the you family had worked so hard for the sky elixir sect for so many years, and paid a great price for this information!

The key problem was that this information was already in the hidden you family's possession, so it was naturally not valuable. This thing could be copied. It was precious at the beginning, but it was no different from waste paper later.

"Forget it. You and coiling Tiger didn't know about this either. I don't blame you!" Old master you waved his hand and sighed. "Let's go, we'll go ask coiling Tiger what Lin Yi said this time. "

"Yes, father!" You zhentian heaved a sigh of relief, but at the same time, he secretly felt sorry. The information that he had exchanged this time was actually already available at home! As for the broken medicinal cauldron and a few sets of materials, the you family didn't pay much attention to them, but they were a little angry.

Old master you and zhentian you walked out. You Panhu still didn't know what was going on. He thought that he would be rewarded. Just as he got up and wanted to speak, he saw his grandfather and uncle's gloomy faces. He was suddenly somewhat inexplicable!

"Coiling Tiger, we've been tricked by Lin Yi again!" You zhentian explained when he saw you Panhu's dumbfounded expression.

"Ah? What? Did Lin Yi trick her again? It can't be, right?" The right Panhu was somewhat baffled after hearing this. "I've clearly checked this information before. It's indeed a personal note of an Alchemist, and it's a very useful personal note. I've just casually read a few pages and I've already benefited a lot. How could I have been scammed?"

"There's nothing wrong with this personal notes. It's a good set of notes, but the key is that we already have it at home ..." Zhentian you smiled bitterly. Even if he had asked you Panhu to check it carefully before exchanging it with Lin Yi, he probably wouldn't have found any problems, right?

After all, neither you Panhu nor you zhentian had read much of this information before, so they would probably make the same mistake.

"What? Our family already has one?" You Pan Hu blurted out in shock.

"This is actually the personal notes of the sky elixir sect." Old man you sighed, waved his hand and said, ""It's just weird, how did it end up in Lin Yi's hands? tell me in detail, what did you say to Lin Yi? Don't miss a single detail!"

"Yes ..." You Panhu's heart shivered as he carefully recalled his conversation with Lin Yi. He repeated it word for word to elder you,""The situation at the time was like this ..."

Old master you listened to you Panhu's narrative and frowned. After a long while, he said,""This Lin Yi sure is scheming! Lin Yi probably knew that this was the sky elixir sect's personal notes, and that's why he gave it to han Jingjing, and even exchanged it with you! Otherwise, if it really was boss Bai's personal notes, even if he gave it to you, he would have done it secretly and wouldn't have let a third person know or read it!"

Youpan Hu thought about it carefully. Indeed, this thing was so important. Without boss Bai's permission, would Lin Yi let han Jingjing see it? The only explanation was that Lin Yi knew that this was the sky elixir sect's personal notes, not boss Bai's legacy, and that was why he gave it to han Jingjing ...

And here she was, thinking that she had something on Lin Yi, forcing him to exchange the information for her-what an idiot!

However, things were often like this. If one didn't see clearly at the time, one would regret it after.

"Grandpa ... I ..." Right Panhu's face was red. He didn't expect to get back a piece of junk. Did he want to claim credit?

"It's not your fault, it's Lin Yi's fault for being too cunning!" Old master you said,"fortunately, we didn't lose much this time. It wasn't as big as the first time!" A

broken antique medicinal cauldron that can't be repaired and some alchemy materials. These things that can be bought with money are nothing to us!"

You Panhu was relieved to hear old man you's words, but he didn't dare to ask for credit again.

"How about this, after you go back to school, continue to pay attention to Lin Yi's movements, see if boss Bai continues to give him information, and if he does, you'll still find a way to get it back!" Old master you said after a moment of silence.

"You're still exchanging?" This time, not only you Panhu, but you zhentian also asked in surprise.

"Naturally!" Old man you nodded. "Of course, the premise is that we have to exchange with him with things that are not of much use to our family. Don't trade with him for things like junk, materials, good cauldrons, and finished pills!"

"But ... It's not worth it if he brings another scamming item here, right?" You Panhu asked doubtfully.

"From the information this time, the level of the information boss Bai gave Lin Yi is increasing bit by bit. Last time, it was the entry level, this time it's the insights. Next time, even if it's not his own insights, it'll probably be out of print ancient books. It'll be very useful to house you when we exchange it!" "We didn't lose anything in the exchange anyway," said old master you. "We just took some materials ..."

"That's true ..." You Panhu nodded and let out a sigh of relief. It seemed that his grandfather not only did not pursue his mistake, but also encouraged him to continue doing so, which made you Panhu feel at ease.

"That's not right, father. According to what coiling Tiger said, Lin Yi told boss Bai that he doesn't know how to make elixirs, and he can't even control the fire. What's the use of that cauldron and the materials?" You zhentian suddenly thought of something that didn't make sense.

"I'm also thinking about this problem. " Old master you waved his hand, "there are two explanations. One is that Lin Yi is hiding it. He knows how to make elixirs. After all, this kid is very cunning. It's not surprising that he's lying!" The second possibility is that Lin Yi doesn't know how to make elixirs at all ... He wants those materials for that han Jingjing, maybe she has potential in making elixirs!"

"The first possibility isn't very realistic, right?" You Panhu said, "he doesn't need to hide whether he knows how to refine pills. This thing is not like his own strength. He can't pretend to be a pig to eat a Tiger. What's there to hide about refining pills?" He'll be able to win over the hearts of the people if he knows how to concoct pills. There's no need for him to hide from the other hidden houses, right?"

"Yes, father. What do you think?" You zhentian nodded. He agreed with you Panhu's point of view. (

Chapter 2262 2260-Winning Over House Kang

"Actually, I'm more inclined to the second possibility." Old master you continued, "plus, Lin Yi was willing to give the information to han Jingjing. It doesn't make sense if boss Bai didn't nod and give permission. Boss Bai is a strict person. Even if he likes Lin Yi, he would be disgusted if Lin Yi just gave his things to others without his permission."

"So, that han Jingjing could be an Alchemist?" Yu Panhu had not paid much attention to han Jingjing before. In his impression, han Jingjing was a pretty but a little silly girl. However, after listening to his grandfather's analysis and thinking about it carefully, it was indeed possible!

"It's very possible!" Old master you said.

"Han Jingjing ..." Right Panhu muttered this name.

"After you go back to school, keep an eye on this han Jingjing. If she really does know how to make pills, then you have to think of a way to get her on your side. Don't let her become Lin Yi's helper!" Old master you pondered for a moment and made a decision. "Even if we have to take a step back, we have to think of a way to ruin her relationship with Lin Yi!"

"I understand!" You Panhu listened to old master you's instructions and couldn't help but chuckle. Han Jingjing was pretty, but if she knew alchemy, wouldn't it be great if he got her? In the future, his status in the hidden you family will also skyrocket!

It should be known that there weren't many women who knew alchemy. If han Jingjing became his wife, she would definitely be one of the elders of the you family in the future. At that time, although you Panhu wasn't the family master, his status in the family couldn't be underestimated!

Old master you saw the lecherous smile on you Panhu's face and naturally guessed this kid's dirty thoughts, but he didn't care! If han Jingjing was really an Alchemist and had the talent to refine pills, he would not object to right coiling Tiger pursuing her. He would even help him!

As for whether you Panhu's status in the family would rise because of han Jingjing's joining, old man you didn't care. What he valued was the overall interests of the family. If you zhentian took over as the family head in the future, and even you Panhu and his wife couldn't settle it, then it would be better to let you Panhu be the family head.

A family head had to be tolerant. For a family to grow, it could not be achieved by suppressing other family members. They had to support each other and improve together. This way, they could ensure the long-term prosperity of the family!

Otherwise, if he, the head of the family, was the only one who was impressive while the others were cowards, the family would probably not be far from destruction.

"Let's stop here for now. " Old master you waved his hand and said lightly, ""Next, let's talk about house Kang!"

"House Kang?" You Panhu paused, not knowing why he was bringing up house Kang all of a sudden. But looking at his uncle's expression, he must have gotten the news beforehand! Since they were able to tell him, it meant that old man you and uncle had already regarded him as a core member of the family!

This made you Panhu excited. Although he knew that he was still far from the position of the family head, and his grandfather was still healthy, even if his grandfather passed away, his uncle would take over as the family head. When it came to his generation, he didn't know how long he would have to wait. It was not bad to get an elder position first!

"That's right, it's house Kang!" "Zhentian, tell coiling Tiger about young sect master Tian taking Kang Zhaoming away." The right-hand elder nodded.

"Yes, father!" You zhentian turned around and told you Panhu the reason why Tian can, the young master of the sky elixir sect, came to the you family and took Kang Zhaoming away. Of course, he didn't tell him the important details because he was still young and didn't need to know the details.

This was what he'd discussed with his father-he didn't know if house Kang would be able to prosper in the future, but if Zhaoming really did become the fifth elder's disciple, and the skysilver transformation tool changed him, then the chances of him becoming the next elder of the heavenly elixir sect would be extremely high. After that, house Kang's entire family would rise to the heavens!

Although house Kang's Foundation was weak, they had people backing them up. As long as Kang Zhaoming got rich, house Kang would get rich sooner or later. So no matter if Kang Zhaoming was valued or not, house you needed to be prepared and build a good relationship with house Kang!

If Kang Zhaoming was valued, then house Kang's development would be unstoppable. There was no harm in building a good relationship with house you, and if Kang Zhaoming wasn't valued, then it was fine. House Kang had helped house you a lot anyway, so he would repay them!

"Grandpa, uncle, are you saying that you want me to be on good terms with house Kang?" You Panhu wasn't stupid and immediately understood what his grandfather and uncle meant.

"Not bad!" Elder you nodded, "if Kang Zhaoming is valued, then house Kang will be unstoppable. There's no harm in building a good relationship with him as soon as possible!" But if Kang Zhaoming isn't valued, then we'll treat it as an emotional investment, and it'll make house Kang work harder for us!"

"Then ... Am I the only one?" You Panhu was somewhat baffled. Why did he have to take care of all the Family Matters recently? Could it be that his grandfather wanted to nurture him? That didn't seem right ...

"The heavenly elixir sect asked us to keep this a secret for the time being. If your uncle and I were to step in, house Kang would definitely be suspicious. That old man Kang Laicai isn't someone to be trifled with, he's very smart. If he thinks of something, it'll be troublesome." "So, it's good that you're going," old man you explained. "But before we get any further news from the sky elixir sect, you don't have to be too friendly. Just keep in touch with the third generation of the Kang family."

"I understand." You Panhu nodded, "who do you want me to contact?" Didn't house Kang's third generation Kang Zhaoming leave with the sky elixir sect?"

"He's the third generation of house Kang, and there's also another Kang Zhaolong. He's currently studying a Ph.D. in the biology Department of Donghai Engineering University, but he's not at the University because of his internship. He might be back at the University to write his thesis, so you can try to get in touch with him. " Zhentian you handed a document to Panhu you and said.

"Oh? This guy looks quite refined?" Panhu flipped through the documents, but his eyes widened when he saw that Zhaolong's fiancée was Xinyan. "Damn, no way? This green turtle's girlfriend is Wang Xinyan?"

"What's wrong?" "What's your relationship with this Wang Xinyan?" you zhentian frowned.

"I'm not, but Wang Xinyan is Lin Yi's girlfriend, everyone in school knows that!" You Panhu said. (

Chapter 2263 2261-Premeditated

"Wang Xinyan? Lin Yi's girlfriend?" You zhentian was also stunned, "isn't his girlfriend Tang Yun?" Why is it Wang Xinyan?"

"I don't know, but Lin Yi and Wang Xinyan sit together in class every day. They're a couple, so they must be really close!" "Besides, everyone says that these two are related ... I think it's true!" Right Panhu said.

"You shouldn't get involved in this. That Lin Yi isn't someone you should mess with, and we still need him to get the information from him. So, don't get involved in his feud with Zhaolong. We'll see how it goes." Old master you said after a moment of silence.

"Alright, I know what to do!" The right coiled Tiger nodded.

.....

On the outskirts of Eastern Sea city, in a heavily-guarded Manor.

An Jianwen was playing with his phone leisurely, reading a novel called so pure and so flirtatious prequel. The more he read, the better he felt. He felt that there was a villain called li bolian in the novel who was too powerful. He really admired him ...

Just as he was getting excited, Scorpion walked in, ""Brother Wen ..."

"Oh? It's Scorpion. What, is there good news?" "Did the professor make a breakthrough again?" Jianwen asked.

"Brother Wen is wise! "Good news ..." Scorpion raised his thumb and said, "I'm impressed. "That's right, the professor told me to inform Wen bro that he and the other fellow disciples have found a way to solve the problems that Wen bro pointed out, and the experiments have been successful!"

"Oh? That's right, so even Lin Yi's pressure point technique doesn't work on our test subject?" An Jianwen's heart skipped a beat and he asked excitedly.

"Yes, drug 01 has been completed. The new drug has been named drug 02. The test subjects who have injected and taken the drug are more durable than before. They are not afraid of being hit on the acupoints as the drug has already destroyed the acupoints!

"Scorpion said," this way, it'd strengthen our defense-we'd be able to take at least ten hits from Sky Class early phase! However, the sacrifice is also obvious-the test subject's attack power is similar to before-it can easily kill people below the early stage of the earth Class, and it can barely kill people from the early stage to the middle stage. It can kill people from the middle stage to the late stage of the earth Class, and it can kill people from the late stage to the peak of the earth Class for a while, but it can still fight for a while ..."

"Very good!" Jianwen wasn't disappointed at all, he was overjoyed."Although the attack power didn't increase, it's good that the defense power has increased!"

"Yeah, that Lin Yi's only an Earth Class mid phase-even if he's stronger than a normal master, our test subject can still hurt him!" Scorpion nodded,"but, this drug 02 is still in the early stage, so the success rate isn't very high ..."

"It's fine, just slowly perfect it! Oh right, have you created the test subject yet? If you can make it, give one to li biaoan to test his skills. " "The kidnapping plan from last time, we can start now!" Jianwen said.

"Alright, Wen bro! I'll go tell the professor to get a test subject ..."Scorpion replied."Then li biaoan's side ..."

"You get the test subject out, I will contact Li biaoan personally!" Jianwen said.

"Yes!" Scorpion nodded and left.

On the other hand, a cold smile appeared on Jianwen's face. Lin Yi, Oh Lin Yi, don't be so smug. I'll kill you sooner or later, and Chu Mengyao will be mine too!

As the professor's research continued to make breakthroughs, Jianwen's ambition grew. He wasn't satisfied with the current situation-these test subjects were just the beginning. There'd be test subjects 03,04, and 05 in the future, and then killing Lin Yi wouldn't just be a dream ...

Li biaohan was in the boxing club comforting his lackeys when he received Jianwen's call. The whole club was in a state of panic after Lin Yi's challenge last time, and many lackeys were scared of that Audi Q7 parked outside the club every day, afraid that Lin Yi would come looking for trouble again.

He had no choice. Who asked li biaohan to suffer? Although li biaohan had tried his best to appease them, there were still some new members who left the boxing club. Seeing these new members leave, li biaohan was a little angry, but he couldn't do anything.

There were fewer people collecting protection fees for him and forcing people to buy and sell for him. Naturally, li biaohan's income was also less. He needed manpower to go to the new students 'dormitories to promote and extort them. Seeing that his income had decreased, li biaohan was in a very bad mood.

The phone rang. When li biaohan saw the caller ID, he was a little excited! He knew that an Jianwen had been planning something big for him to do, and now that he was calling, he must have found something!

"Brother Wen!" Li biaoan respectfully picked up the phone.

"Come over now. The thing I mentioned to you last time can be carried out." Jianwen said.

"Yes!" Li biaoan's heart was ecstatic, and he quickly agreed.

Half an hour later, li biaoan appeared in Jianwen's room respectfully, ""Brother Wen, brother Scorpion!"

"Alright, no need to be so polite. Sit down and talk." Jianwen waved his hand. "I need people who can do things, not people who suck up to me. I'll need you and Scorpion to work together!" You'll be in charge of finding and investigating the target, and Scorpion will arrange test subject 02 to do the kidnapping!"

"Yes!" Li biaoan nodded excitedly after hearing that. ""Wen bro, I've already chosen my first target!"

"You've chosen? What did his family do? How much money could they squeeze out? I'm telling you, if we're kidnapping someone, the starting price is at least ten million. It's boring if it's too little!" An Jianwen's appetite was huge. He was used to doing big business without any capital, so he asked for ten million.

"It's Wang Xinyan!" Li biaoan said.

"Wang Xinyan? Who is she?" Jianwen was unfamiliar with the name. "What does her family do? How much money can you take out?"

"This Wang Xinyan is Lin Yi's girlfriend at school, and her family is in the medical business. It's easy for her to take out ten million!" Li biao had found out Xinyan's family background during this time, and he hated Lin Yi to the bone. His first business was to target the people around Lin Yi!

"Lin Yi's girlfriend?" Jianwen blinked. Wasn't this guy's girlfriend called Tang Yun and Feng Xiaoxiao? Why was there another Wang Xinyan? (

Chapter 2264 2262-Kidnapping Wang Xinyan

He hated Lin Yi as much as he did, but he didn't let it get to his head. He said with some fear, "If we touch Lin Yi's woman and Lin Yi gets involved, we'll fail easily. Who's going to take responsibility if we die before we can even complete our mission?"

"Wen bro, don't worry. If it were any other time, I wouldn't dare to touch Lin Yi's girlfriend. After all, that guy's too powerful. Who would want to mess with him for no reason?" Li biao shook his head and said, "but I've already asked around. Lin Yi went out for a long leave, and we don't know when he'll be back. He hasn't been to school for a few days. I've asked my men to find out, and the few people who are close to Lin Yi all prove that he's out. Also, I've observed Chu Mengyao, who you asked me to keep an eye on. She goes to school with Chen Yushu, Han Jingjing, and Han Xiaochao every day, and the driver isn't Lin Yi, but a driver!"

"Oh? Lin Yi's out?" Jianwen's heart skipped a beat after hearing the news!

If possible, he didn't mind creating some trouble for Lin Yi-kidnapping Xinyan was a way to piss Lin Yi off a little, and he'd kidnap his girlfriend while Lin Yi wasn't around to extort a huge sum of money. Lin Yi probably wouldn't be able to find any leads when he came back, and he'd have to accept it!

"That's right, Wen bro, this is a good opportunity!" "I've done my research, Lin Yi's definitely not here!" Li biaohan said.

"Oh, then let's do it!" "Okay." Jianwen nodded, "but let's make this clear, other than kidnapping, don't do anything else to that Wang Xinyan!" That Lin Yi's a F * cking lunatic! If Xinyan's really his girlfriend, kidnapping is fine, but don't do anything else! Otherwise, Lin Yi can just kill anyone he suspects without even having to find evidence! He might just kill everyone he hates in a fit of anger!"

"I understand, Wen bro, we're just looking for money and making Lin Yi look bad. I won't cause any trouble!" In fact, even if an Jianwen didn't say anything, li biaohan wouldn't dare to do anything. He was actually quite afraid of Lin Yi.

"How about this, you talk to Scorpion about Wang Xinyan's schedule, and then come up with a plan. Kidnap her in a crowded place, and it'd be best if everyone could prove that she was kidnapped, then we'd be able to get the ransom money more easily!" An Jianwen wasn't afraid of failure. With test subject No. 2 on the field, who could stop him?

"Alright!" Li biaohan nodded.

Jianwen waved his hand to let biaohan and Scorpion leave the room together. He continued to read so pure and so flirtatious prequel. Li boliang was a genius in this novel. The more Jianwen read, the more he admired him. He swore to be an antagonist like li boliang.

The day before the weekend.

Wang Xinyan received Chu Mengyao's invitation for her to be a guest at her house.

Xinyan was starting to panic ...

Although Chu Mengyao didn't personally invite her, she told her through han Jingjing. It wasn't a formal invitation, but Wang Xinyan's heart couldn't help but be a little nervous.

Lin Yi was out, and Mengyao was inviting him over-what was she trying to do?

Was it a kind invitation? Or a treacherous plot? Or perhaps she wanted to know what her relationship with Lin Yi was?

Han Jingjing was only responsible for passing on the message, and she didn't say anything else after that. Wang Xinyan, on the other hand, was extremely nervous ...

They'd agreed to meet in the parking lot after school, and Xinyan was distracted again-she didn't listen to class, and didn't take down much notes either. She packed her books and shook her head as she watched boss Bai leave-she'd promised Lin Yi to take notes for him, but today ...

Wang Xinyan turned around to look at han Jingjing, only to find that she was still fiddling with her tablet.

At first, Xinyan had hoped that han Jingjing would call her, but she was so engrossed in it that she didn't even notice that class had ended."Jing Jing, shall we go downstairs together?"

"Ah? Has class already ended?" Han Jingjing raised her head in a daze and looked at the empty classroom. She smiled in embarrassment and said,""I'm sorry, I was too absorbed in it. Let's go downstairs now!"

"En ..." Wang Xinyan agreed without much thought. She knew that she couldn't avoid this either. Since Chu Mengyao had already sent out the invitation, she couldn't just not go, right?

She carefully walked out of the classroom with han Jingjing, like a little wife visiting for the first time. Wang Xinyan was nervous.

Han Jingjing did not seem to notice this. She said as she walked, ""Sister Xinyan, I heard that sister Yaoyao is preparing a feast tonight. Oh right, do you like Western food?"

"It's alright ..." Wang Xinyan didn't know whether to laugh or cry. Han Jingjing was quite relaxed, and didn't feel any pressure at all, but she ... How could she be in the mood to think about what to eat?

In fact, Chu Mengyao didn't have any other intentions when she asked Wang Xinyan to be a guest!

However, han Jingjing said that Lin Yi and Wang Xinyan were very close in school, and they were always together in class. Chu Mengyao thought that there was an 80% chance that Wang Xinyan and Lin Yi's relationship was real, so she decided to probe Wang Xinyan while Lin Yi was not home.

"Wang Xinyan!" Chu Mengyao saw Wang Xinyan and han Jingjing walking over and greeted Wang Xinyan with a smile.

"Chu Mengyao, Chen Yushu, nice to meet you ..." Wang Xinyan's expression was a little unnatural, a little shy.

"Wu Chentian! We've met before!" Chentian nodded politely at Xinyan. Back in Yanjing, Xinyan was Zhaolong's girlfriend, so he didn't really mind. But now that Xinyan might be Lin Yi's girlfriend, he didn't dare to neglect her.

Xinyan couldn't help but think of the time she had dinner with Zhaolong in Yanjing. Back then, Zhaolong and the xiaos were trying their best to please this man. She heard that he was now Lin Yi's follower?

This Lin Yi sure was good, taking in followers everywhere!

However, before Xinyan could say anything, a black van without a license plate suddenly drove over and stopped right next to Xinyan. An expressionless Man in Black jumped out, grabbed Xinyan's arm, and pulled her into the van!

"Stop! Who are you?" Chentian jumped at the man's words-Lin Yi had asked him to protect Mengyao, Yushu, Jingjing, and Xiaochao, but Xinyan might be his girlfriend in the future as well. How could he just stand there and do nothing? (

Chapter 2265 2263-Caught Up

The man didn't even bother to answer Chentian's question-he just ignored the group and dragged Xinyan into the van!

"You're looking for death!" Chengtian was furious-this guy was ignoring him, kidnapping people in front of him! Did he think he was an Earth Class for nothing?! The next moment, Chentian grabbed the man's arm and roared,"Where do you think you're going!"

The man looked at Chentian coldly, and with a push, Chentian actually stumbled!

The burly Man in Black got into the car, and the black van sped away!

Wu Chengtian was shocked. He thought that this was just a normal kidnapping, but he didn't expect the guy to use so much force. Although he didn't use 100% of his strength when he grabbed his arm, he was the inheritor of the iron hand technique. If this guy could break free, it meant that he was not a simple person. At the very least, he had to be a practitioner!

"Miss Chu, please lead everyone back!" Chentian said quickly as he ran after the van. Of course, he didn't expect to be able to catch up on foot-he was only an Earth Class, after all, and he didn't have that much speed yet. They just left the school and came to a place with no one around when Chentian shouted, "Little Feng!"

The purple lightning Beast appeared in front of Wu Chengtian immediately. The beast and general Weiwu had been following Wu Chengtian in the dark for the past two days. Wu was his bodyguard on the surface, while the beast and general Weiwu were his bodyguards in the dark.

Chentian couldn't catch up to the van, but the purple lightning Beast wasn't. Chentian mounted the beast and said, "Go after that black van!"

The purple lightning Beast wasn't happy with Chentian riding on it, but it remembered that Chentian was its master's follower, and it was ordered to protect its master's friends. It howled and ran in the direction of the black van ...

The sky was already dark, and the purple lightning Beast was walking on the roofs and walls, so he wasn't worried that anyone would discover it. Besides, even if someone did discover it, they would only see a shadow, and they didn't know what it was ...

Scorpion couldn't communicate with the Man in Black, but Chentian's interference made him realize that Chentian was a practitioner, but he wasn't a match for test two.

This was an oversight. Fortunately, test subject No. 2 was more powerful. Otherwise, the kidnapping might have really failed! It'd be hard to explain to an Jianwen if things didn't go well!

And Li biao han was so scared that he broke out in a cold sweat! He was sitting in a black Santana, watching the entire kidnapping from afar. When he saw Chentian intervene, he jumped in shock. He was afraid that the whole thing would be exposed!

It wasn't just about his income, it was about his position in front of Jianwen! Now, he had been reduced to driving a scrapped Santana that went offline for a taxi. As the boss of several schools in the University town, this was very miserable.

She had no choice-she'd lost a car and quite a bit of money to Lin Yi, how could she afford a new one? He could only drive a scrapped Santana that he bought for two thousand Yuan. When he stepped on the accelerator, black smoke came out.

And so, when he saw Chentian trying to stop him again, he jumped in shock and quickly called Scorpion.

"Hello?" "What's up?" Scorpion picked up the phone.

"Brother Juan Zi, the person who stopped you just now is chasing after you!" Li biao han said.

"What? He chased after them?" Scorpion was stunned, "he drove?" I don't see any X5 following us. "

"No, I'm walking!" Li biao han said.

"Holy shit!" Scorpion suddenly screamed in fear, as if he had seen a ghost. He looked at the mirror, his eyes wide open! He didn't think there was anything wrong with it before. However, as his car turned into an alley, trouble came, and it was big!

A man and a beast appeared behind him-wasn't that the person who stopped test subject two from kidnapping Wang Xinyan? As for his Mount, he didn't know what it was. It wasn't a horse or a cow, but it looked like a horned monster from the legends!

What was this person's background? Even if he was driving a tank, he didn't give Scorpion as much of a shock and fear as riding this weird thing!

Moreover, that was not all. The most terrifying thing was that the thing was actually running faster than a car. It caught up in the blink of an eye, and it seemed to be driving the car together ...

The man and the Beast in the rear-view mirror had disappeared-Scorpion turned around and saw Chentian smiling at him!

"F * ck!" Scorpion stepped on the gas pedal, but he couldn't do anything about the poor performance of his car. He didn't expect such a monster to come after him. He was so scared that he broke out in a cold sweat and his hair stood up.

Wu Chengtian could only scare him, he didn't dare to force the car to stop or let the purple lightning Beast kick the car over! After all, Xinyan was still in the car-she wasn't a practitioner, and there was no way she'd survive if the car flipped.

So Chentian had to wait for the Scorpion to stop, and only then could he make his move.

Scorpion looked at the big monster beside him and shivered. The bio-humans were scary enough, right? And such a thing had appeared!

Scorpion had no choice but to dial Jianwen's number as he drove,""Wen bro, it's bad, I'm being followed by a monster!"

"What? A monster?" Jianwen was enjoying his novel when Scorpion said something,"What monster? Are you still sleeping?"

"No, brother Wen, there really is a monster. One man and one mount ... The monster is very fast, and it has a horn on its head ..." Scorpion said.

"Oh ... Wait, what did you say? The monster had a horn on its head? It can't be the purple lightning Beast right?" Jianwen had heard about the Hidden House Summit as well, and knew that Lin Yi had tricked a spirit beast from the Qian Mountain sect. It was the purple lightning Beast, and he heard that it was quite fast.

"Purple lightning Beast? What's that?" Scorpion was stunned.

"Stop the car, let test subject two fight them. If she loses, you'll return Wang Xinyan to them, but if she wins, you'll keep kidnapping her!" Jianwen made his decision after some thought.

He wasn't angry. If the purple lightning Beast had intervened, then he wouldn't be blamed if something happened! (

Chapter 2266 2264-Intention To Retreat

After all, he didn't think about the purple lightning Beast before-he didn't think that there would be someone who could control the beast when Lin Yi wasn't at home.

So, an Jianwen decided to stop Scorpion and let test subject two spar with the purple lightning Beast. It was also a good time to test subject two's strength! Medicine 02 was expensive, but Jianwen didn't care.

"This ... Yes!" Scorpion was scared, but he had no choice since Jianwen told him to stop. He had to find a place with no one around and stop the car.

However, Scorpion didn't get off the car-he let test subject two get off first, and then he held Xinyan in the car, observing the situation below. If anything went wrong, he'd run away immediately!

Xinyan, on the other hand, was tied up in the car, so he wasn't afraid of her running away.

Chentian let out a breath of relief when he saw the Scorpion stop-he'd been worried that the Scorpion would keep driving, and he'd be at his wit's end if that happened. He wouldn't be able to stop the car, and could only follow it! It would be fine if he kept driving in this back alley, but if he went downtown, it would be hard for him and the purple lightning Beast to show up!

Chentian was on high alert as he saw test subject No. 2 get off the car-this man was able to push his hand away so easily, he had to be strong!

Chentian knew that the purple lightning Beast was stronger than him, and so he gave it a look, telling it to deal with test subject two while he got into the car to save Xinyan!

However, just as Wu Chengtian made his plan, the Man in Black seemed to be against him. He started attacking him as soon as he got out of the car, and without any time to talk, he threw a punch at Wu Chengtian's face!

From Wu Chengtian's point of view, there was no technique to speak of, and there wasn't a strong Qi fluctuation, but for some reason, Wu Chengtian's heart was on alert for no reason. It was like the opponent's punch contained an infinite amount of power that he couldn't resist!

Chentian subconsciously dodged, not wanting to get entangled with the man. He wanted to go around him to save Xinyan, but the man seemed to have locked onto him. As he dodged, the man's fist turned around and came at him!

At this point, Wu Chengtian couldn't Dodge anymore. He could only brace himself and reach out his hand to exchange blows with him. However, he was still hoping that he would be lucky. He was a practitioner of the iron hand technique, and had already reached the early phase of Earth Class. How could he not be confident in dealing with someone who didn't seem to have any strength?

However, when Wu Chengtian's fist met with the man 's, he knew that he was wrong, very wrong! The punch looked ordinary, but it was actually extremely powerful. Chentian felt like he was an ant trying to fight an elephant-one punch was enough to send him flying, and he couldn't stop spitting blood!

Test subject 02 could easily kill anyone under the early phase of the earth Class, and Wu Chengtian had just broken through to the early phase of the earth Class. He had no chance of winning against test subject 02! Fortunately, he was a dual cultivator, stronger than most spiritual or physical practitioners of the same level. He was also good at iron hand technique. He used his own fist to fight against test subject 02, so he didn't die in one blow. Otherwise, he would have been a dead body by now!

Even so, Wu Chengtian was still suffering from serious internal injuries. He was extremely shocked-where did this kidnapper come from? How could he be so powerful? he didn't seem like an expert, but he was extremely powerful!

Wu Chengtian couldn't get up after he fell to the ground-his opponent's strength was beyond his imagination!

Chentian was full of confidence after breaking through to Earth Class, but just as he was about to show off his skills, he was crushed.

Wu Chengtian stared at the man unwillingly as he watched the man walk towards him step by step. Wu Chengtian's heart was filled with bitterness. He had underestimated his enemy too much and let down Lin Yi's trust.

However, so what if he didn't underestimate her? Even if they knew that the enemy was powerful, were they going to just sit by and not chase? It was obviously impossible, so the result would be the same no matter what.

Right now, Chentian could only place his hopes on the purple lightning Beast.

Awooo ... The purple lightning Beast could feel the strength of its opponent, but it didn't think Chentian would be this weak. This also showed how strong the opponent was.

The black-robed man didn't seem to care about the pressure from the purple lightning beast's roar at all. It was as if it had nothing to do with him as he expressionlessly threw a punch at the purple lightning Beast!

The man didn't show any signs of sadness or joy at the purple lightning Beast stopping him from killing Chentian-it was just that his target had changed from Chentian to the beast! He didn't seem to be afraid of the purple lightning Beast either, which was very different from Scorpion.

Of course, this test subject 02 didn't have his own thoughts anymore-he only listened to Scorpion, and the order was to kill Chentian and the Beast.

The purple lightning Beast could have dodged this attack, but its thick skin was also meant to test the black-robed man's trump card, so it took the punch head-on. After receiving this punch, the purple lightning beast's heart sank!

However, the purple lightning beast's speed was extremely fast, and it took advantage of the time it took to receive the punch to slap the black-robed man! The black-clothed man staggered from the purple lightning beast's slap, but he stood up as if nothing had happened!

The professor and his fellow disciples had given test subject 02 a huge boost in defense and resistance, so the purple lightning beast's attack really didn't do much damage to it!

One had to know that he could now take ten consecutive hits from a Sky Class master-the purple lightning beast's attacks were nothing to him!

Looking at the situation in front of him, the purple lightning Beast immediately thought of retreating!

Although it was a Mystic late phase peak, and had the power to fight against a Sky Class, it wasn't Sky Class yet. Fighting was fighting, not fighting head on-the man's punch had already revealed his strength. This man was at least Earth Class late phase peak, and the purple lightning Beast knew that if it went all out against him, the outcome would only be 50 - 50! (

Chapter 2267 Secretly Following

If he won, it would be fine, but what if he lost? Looking at Chentian, he knew that if he lost, he'd lose all his cards, and it'd be bad for the situation.

The purple lightning Beast was confident that with its speed and thick skin, it would be able to deal with the earth-rank Man in Black for a hundred rounds, but what was the point? He could only deal with and resist, but it was impossible to defeat the other party. It was not a wise choice to waste time and energy on useless things!

With that thought, the purple lightning Beast had an idea-it picked up Chentian with its mouth and ran in the opposite direction!

Although the purple lightning Beast didn't have the confidence to win, it was unparalleled in terms of speed. In just a moment, it had disappeared.

Scorpion didn't feel any regret at the fact that the purple lightning Beast was running away with Chentian-it let out a long breath of relief. It ordered test subject two to get on the car, stepped on the gas, and sped towards their destination!

Although it felt like the beast was afraid of test subject number two, Scorpion was still a little afraid of the beast. That thing was neither human nor ghost, just looking at it made him scared.

As he drove, Scorpion called an Jianwen.

"Scorpion, how's it going?" Jianwen wasn't playing with his phone anymore-he was waiting for Scorpion's results.

An Jianwen didn't really care if test subject No. 2 died or not. The success rate of making No. 02 wasn't high, but it wasn't out of print. He didn't care if Xinyan was saved or not, but he was concerned about his assistant, Scorpion. He was used to being by his side, and Scorpion was involved in many of his plans. He was familiar with how to do things. If he died, he would be dead. It would be a little hard for him to find someone else to take over.

"Wen bro, the man riding the beast was heavily injured by test subject number two, and the Beast, after exchanging two moves with test subject number two, chose to retreat and ran away with the injured man ..." Scorpion reported.

"He ran away? Not bad, not bad at all!" Jianwen was overjoyed! Even the purple lightning Beast wasn't a match for his test subject? That's something to celebrate! After all, even

those sky rank old men didn't dare to fight the purple lightning Beast head on during the Hidden House meeting. If he could get a few more test subjects in the future, wouldn't it be easy to Rob the hidden houses?

He just didn't know if test subject two would be able to beat Lin Yi.

"Yeah, it seems that test subject 02 is still very powerful!" Scorpion said.

"Well done. In that case, let's stick to the original plan. You take Wang Xinyan to Stronghold 3." Jianwen ordered.

"Yes!" Scorpion quickly nodded.

However, Scorpion didn't know that although it seemed like no one was following him, the purple lightning Beast was still following him!

The purple lightning Beast was an ancient spirit beast with high intelligence. After leaving Chentian in a safe place, it flew back to Scorpion's van, but this time, it was in the dark.

The car was on the road, and the purple lightning Beast was flying around. With Scorpion's perception, it was impossible for him to detect the beast.

However, although test subject No. 2 was powerful, it was just a puppet without intelligence. It was even more impossible for it to notice that it was being followed.

Scorpion drove the car smoothly to Stronghold 3, which was an abandoned farm. The property belonged to the firewolves, but it was under an unrelated company in name.

If the police were to follow this lead and investigate, they naturally wouldn't be able to find anything.

An Jianwen had always been careful in his work. He wouldn't make mistakes in the details. This was also why he had always found someone to take the blame for all the bad things he had done. He'd never put himself in danger-the only time he'd lost his mind to love and hate was when he wanted to cut Lin Yi's kidney himself, and he ended up cutting his own instead.

From now on, an Jianwen would never do something so stupid again.

Scorpion drove the car safely into Stronghold 3. The fire Wolf Gang's lackeys were waiting for them in the abandoned farm. Scorpion gave a few orders, and the group cooperated and locked Xinyan up in a room, while test subject two was ordered to guard the door!

All he had to do now was wait-wait for the news of Xinyan's kidnapping to spread, and Scorpion would be able to call Xinyan's family and extort them.

The purple lightning Beast appeared near the abandoned farm in stronghold three without anyone noticing, and only turned around and left after Scorpion drove the car in and locked Xinyan up ...

The purple lightning Beast came to where Chentian was hiding and carried him back to the villa.

Chentian's injuries were serious, but he was a dual cultivator, and he was only hit once by test subject No. 2.

However, Chu Mengyao, Chen Yushu, han Jingjing, and han Xiaochao were all shocked by his miserable appearance!

Mengyao had been counting on Chentian and the Beast to save Xinyan, but now it seemed like Chentian was heavily injured as well!

"Wu Chentian, how are you?" Mengyao was panicking. Lin Yi was fine at home a while ago, but now he was gone. Did these people plan this?

"I'm fine ... I won't die yet, but Wang Xinyan ..." Wu Chengtian felt that he had failed to live up to Lin Yi's expectations. Last time he went to save Tang Yun and got injured, and this time he was injured trying to save Wang Xinyan.

"Do you know who the enemy is?" Chu Mengyao felt that things were a little weird. If Lin Yi's enemies did this, why didn't they do anything to her and Shu? Why did he have to go

after Wang Xinyan? Xinyan and Lin Yi's relationship ... Even she wasn't sure about it herself, and there were only rumors about it in school-why did the enemy choose Xinyan?

"I'm not sure," Wu Chengtian shook his head. The opponent's methods were unfamiliar. He had never seen an enemy like this before. They didn't even say a word and started fighting. They didn't even have any aura. (

Chapter 2268 Phone Call For Help

"I'll give Lin Yi a call. " Chu Mengyao hesitated and decided to give Lin Yi a call.

But when he called, it was a no-answer tone-Wulong haote mountain didn't have signal, so it was normal for Lin Yi to not pick up.

"You can't get through?" Chentian knew the call wouldn't go through from Mengyao's expression. He sighed."If it really doesn't work ... There's only one way!"

"What is it?" Mengyao asked.

Although it was Xinyan who was kidnapped, Mengyao was still worried. Lin Yi wouldn't be happy if something happened to her.

"Hidden house Pi!" "The Hidden House Pi's Pi Zhishan is also the boss" follower-if we can get the old man to come out, maybe we'll be able to turn things around,"Chentian said.

"Old man Pi, will you help?" Mengyao knew what happened at the Hidden House Summit, but it was still a dangerous thing-Chentian was injured, and house Pi wouldn't be able to get involved.

"We can only try now ..." Chentian smiled bitterly.

However, to Chentian's surprise, Zhishan was extremely enthusiastic when he called! Chentian told Zhishan about the trouble he was in, and Zhishan only hesitated for a second before deciding to call Chentian after consulting with Grandpa Pi.

Chentian let out a breath of relief-at least Zhishan didn't reject him on the surface, which meant that there was still a chance.

Zhishan didn't dare to waste any time after receiving Chentian's call-he went straight to elder Pi's room and explained everything that happened in Eastern Sea city.

"Chentian was injured in one move, and even the purple lightning Beast wasn't his match? It seems that the enemy is very difficult to deal with!" Grandpa Pi frowned.

"Yeah, but this is also a chance for US House Pi ..." Zhishan thought of his unconscious brother, and his heart ached. He had tried to get on Lin Yi's good side, but Lin Yi wouldn't

accept him as a follower that easily. House Pi had no choice but to maintain Zhihai's condition and wait for Lin Yi's help.

Old master Pi nodded-he knew this was a chance. If he helped, then Lin Yi would remember this favor-not only that, but house Pi would be on the same side as house han in the future, too! They'd be able to ask Lin Yi for help when they ran into trouble!

"Let's go to Eastern Sea city tonight!" The cautious old man Pi finally made his decision-he was going to start the biggest gamble of his life! This gamble was related to house Pi's future-if he really did save Xinyan, then house Pi's meteoric rise would be just as great as Lin Yi 's!

But if they lost, not only would Grandpa Pi be injured or even killed, they'd also make a huge enemy!

But the opportunity was right in front of him, and he had no choice but to take it.

"Alright!" Zhishan nodded firmly. He felt that the small characters around Lin Yi were all rising to the top, and those who went against Lin Yi didn't have a good ending. Weren't Zhang naipao and Feng nitian amazing? Both of them had become disabled, but Lin Yi was still alive and well-that alone was enough for house Pi to make a big bet!

Chentian had been waiting patiently ever since he made the call-he wasn't going to die yet, but he was worried about house Pi's reply, and his brows were furrowed.

Mengyao and Yushu, on the other hand, were sitting on the sofa with furrowed brows after sending off han Jingjing and han Xiaochao.

"Yaoyao sis, do you think that this kidnapping has nothing to do with shield bro?" Yushu couldn't think of a reason why anyone would attack Xinyan.

"I'm not sure yet, but I'm also curious-what do they want by kidnapping Xinyan?" Mengyao asked, confused.

His phone rang, and Chentian picked it up immediately. His heart tightened when he saw who was calling, "Young master Pi ..."

Lin Yi had said that Zhishan was his follower, and that meant that he was Chentian's follower as well, but Chentian didn't want to be too cocky when he needed help from house Pi.

"Brother Tian, just call me xiaopi. I've discussed with my grandfather and decided to rush to Eastern Sea city tonight. I hope we can make it in time!" House Pi had already made their decision to bet on Lin Yi, and they were naturally more polite to Chentian.

"That's great, I'll give you the address ..." Chentian quickly gave the address to Zhishan.

After Zhishan wrote it down, he said that he would drive there right away ...

After hanging up, Chentian let out a long breath, "It's settled-Pi Zhishan and old man Pi rushed here overnight. With a Sky Class master like old man Pi helping out, there shouldn't be any problems!"

"Phew ..." Chu Mengyao let out a breath of relief. Thinking about it, things were really strange. House Pi was her family's enemy before, but now they became Lin Yi's lackeys and came to help.

"Miss Chu, should we contact Wang Xinyan's family now? "Xinyan's in trouble, we should've informed her family"Chentian suddenly realized that he'd overlooked something-he should talk to Xinyan's parents and get some clues from them. They might be able to find out the cause of the kidnapping. After all, Lin Yi couldn't figure out why Xinyan was kidnapped.

"Yeah, I forgot ..." Chu Mengyao slapped her forehead and quickly called Bai Weitao's number. She wanted him to find Wang Xinyan's parents 'contact information.

Boss Bai was a professor at the school, and it was a piece of cake for him to get Xinyan's information. Chentian could get it through house Xiao's channels, but house Wu and house Xiao weren't on good terms, and he didn't want to go looking for trouble.

Lingshan didn't think that she'd be caught in a kidnapping on her first day! Furthermore, the family of the main character of the kidnapping case had some power and influence, and had some connections with the previous aristocratic family, the Xiao family.

The kidnapped girl's mother was called qinlin, and she was from house Xiao. Her father, Wang xuben, was a medicine merchant in the city. Although his business wasn't very big, it was still a star business.

Their daughter was kidnapped, and Lingshan was under a lot of pressure, especially on her first day as the captain of the Criminal Investigation Unit. She wasn't used to it yet, and she had to throw herself into the intense work.

Luckily, Lingshan had dealt with similar cases in Songshan before, so she was able to analyze the situation quickly. (

Chapter 2269 2267-Mengyao's Here

"Mr. Wang, Ms. Xiao, with all due respect, have you offended anyone while doing business?" Lingshan couldn't help but ask-the kidnappers had called qinlin earlier, and they'd told her that their daughter had been kidnapped, and then hung up.

He didn't say the reason, purpose, or anything about the ransom, which confused the couple. They tried to contact their daughter, but after they couldn't get through, they quickly called the police.

"Who did I offend ..." Qinlin turned to her husband, Wang xuben.

The family business had always been managed by Wang xuben, and qinlin had basically done all the logistics, so the possibility of her offending anyone was relatively small. The main thing was whether Wang xuben had offended anyone.

"I've always been honest when I do business. I've never done anything like bullying others. I've been working well with my business partners for many years, so I don't think I have any enemies." Wang xuben thought carefully and shook his head.

"What about the Xiao family?" Lingshan didn't get any useful information from what she heard-she had no choice but to get straight to the point.

"The Xiao clan? Officer song, you know about the Xiao family?" Qinlin paused-she'd never interacted with Lingshan before, so she didn't know who she was.

"I'm from the song family, and one of the previous aristocratic families. " "If this isn't your fault, then could it be house Xiao 's?" Lingshan didn't hide the truth.

"I see ... House Xiao's descendants are very arrogant, and our family doesn't have much contact with them. It's only this year when my big brother wants to marry my daughter to house Kang's Kang Zhaolong that we started to have some contact ..." Qinlin said after some thought."If we're talking about an enemy, house Xiao seems to have offended someone called Lin Yi ..."

"Lin Yi?" "He can't be the one who kidnapped your daughter," Lingshan said with a bitter smile.

"Ah? Why?" Qinlin was taken aback-she didn't think that Lingshan would reject the idea right away, and that made her a little unhappy. She finally thought of an enemy, and Lingshan said no-what was she supposed to think about?

"Even if Lin Yi has a grudge against house Xiao, he'd be looking for trouble with them. He wouldn't go kidnap your daughter," "House Xiao is nothing to Lin Yi ..." Lingshan explained.

Song Lingshan wanted to continue explaining, but Wang xuben's phone rang. Song Lingshan stopped the conversation and looked at Wang xuben. This could be a call from the kidnappers. Song Lingshan gestured for Liu Wangli, who was transferred to Donghai city with her, to do a technical investigation. She said to Wang xuben, "Pick it up first. If it's a kidnapper, try to stall for time ..." He said.

Xuben nodded and picked up the phone. It was an unfamiliar number, but he didn't think much about it. It was normal for kidnappers to change their numbers. He picked up the phone, ""Hello, I'm Wang xuben!"

"Uncle Wang? "Hello, I'm Xinyan's University classmate. I have something bad to tell you ..."Mengyao's voice came from the phone."Wang Xinyan's at the school gate, she's been kidnapped!"

"What? You're Yanyan's University classmate? Yanyan was kidnapped at the school gate?" Wang dan was shocked-he didn't expect it to be Xinyan's classmate. He'd only received a short call from the kidnappers, but they didn't say where Xinyan was kidnapped, and he didn't ask. Hearing that Xinyan's classmate might be a witness, he immediately said, "I'm already aware of this matter. Can I trouble you to come to the police station? I'm at the police station right now. Can you tell the police officers the details of Yanyan's kidnapping?"

"Oh ... Okay." Mengyao frowned when she heard xuben say that he knew about Xinyan's kidnapping. It seemed like the kidnapper had contacted xuben, and Lin Yi wasn't the target.

However, this made things even more complicated! If they weren't here for Lin Yi, but for Wang Xinyan or her family, then they should be normal kidnappers. But that wasn't the case-even Chentian couldn't take one hit from them, not to mention the purple lightning Beast. This level of kidnapper didn't seem like a normal person, right?

Since they weren't here for Lin Yi, it was even more of a headache-they didn't even have an enemy anymore.

"Wu Chentian, are you okay? Let Shu stay and take care of you?" Mengyao turned to Chentian as she needed to go to the police station.

"I'm fine, I won't die. " Chentian grinned,"when the boss comes back, he'll be fine in seconds!" Besides, I still have granny sun to drink and eat here. You guys go ahead, don't mind me!"

Mengyao nodded and left the villa with Yushu, driving to the police station.

Lingshan was surprised to see Mengyao and Yushu in her office-so they were the witnesses Wang xuben was talking about?

"Eh? Fox song ... Sister, why are you here?" Chen Yushu wanted to call song Lingshan Fox song but she remembered that song Lingshan risked her life to help her and Chu Mengyao escape with Lin Yi. She couldn't mock her like before.

Plus, her brother had already let it go, and Lingshan liked shield bro too, so she couldn't say anything to her anymore.

"I've just been transferred here. This is provincial city, so I guess I've been promoted."
"Where's Lin Yi?"Lingshan asked.

"Lin Yi and Sun Jingyi went out to take care of some things." "If Lin Yi was at home, the kidnappers wouldn't have gotten their way so easily," Mengyao said.

Although Chentian was in a bad state, Mengyao believed that if Lin Yi was at home, he would have a way to deal with it. It was a blind trust, and Mengyao didn't know when it started, but she had a strong faith in Lin Yi-perhaps it was influenced by Shu.

Xuben and qinlin were confused-how did these two girls know Lin Yi? Xinyan seemed to know Lin Yi as well? She'd suspected that Lin Yi kidnapped her daughter, but it seemed like Lin Yi wasn't home at all.

"Hello, fellow student. If I may ask, when my daughter was kidnapped ..." Wang Zheng was eager to know her daughter's situation, so he asked impatiently. (

Chapter 2270 A Ransom Of Ten Million

"It's like this, I invited Wang Xinyan to my house today, and we agreed to meet in the parking lot after school, but as soon as she arrived, a black unlicensed van rushed over and tied her up in the car ..." Mengyao said, turning to look at Wang xuben and qinlin, not knowing if she should tell them what she was going to say next ...

"It's not convenient for you to talk about what happened after that?" Lingshan could tell what Mengyao was worried about. "What's the matter? is there a secret?"

"It's nothing much, Wu Chentian went after them, but he wasn't a match for them, he couldn't even last one move ..." Mengyao smiled bitterly. She didn't tell them about the purple lightning Beast, because it wasn't good to reveal it to the public, and she didn't want to tell them that the beast had already found out where the kidnappers were hiding. Lingshan might be in danger if she attacked. Because the level of the kidnapper had already exceeded his expectations, he was definitely a cultivator!

"What!" Lingshan looked at Mengyao in shock-she knew how strong Chentian was-he was Mystic late phase peak, just like her, and a spiritual-physical practitioner at that! If Chentian wasn't even a match for him, how strong would the kidnapper be? he had to be at least Earth Class!

"Plus, Wu Chengtian's an Earth Class early phase now ..." Mengyao added.

"What? Earth Class early phase?" Lingshan took in a cold breath-she'd underestimated the kidnapper's strength. He'd even taken care of an Earth Class early phase in one move-it seemed like this kidnapping wasn't as simple as she'd thought ...

"Yeah, at first, we thought that the kidnappers were after Lin Yi, and that's why they kidnapped Wang Xinyan, but now it seems that the first people they contacted were Wang Xinyan's parents. The kidnappers probably have little to do with Lin Yi ..." Chu Mengyao said.

"For Lin Yi?" Lingshan blinked.

"Wang Xinyan ... She's Lin Yi's girlfriend in school." Mengyao decided to put it that way-it'd be troublesome if she explained all that stuff again. She was more inclined to Lin Yi choosing Xinyan over Lingshan, after all-she and Shu didn't get along too well with Lingshan, even though she'd tried her best to protect them before, but that was only under Lin Yi's protection.

"Ah?" Qinlin and xuben froze at Mengyao's words. My daughter found a boyfriend in school? Didn't she and house Kang's Kang Zhaolong ...

The two of them felt as if everything was a mess-they were thinking that Lin Yi might be the one who kidnapped their daughter, but now that Lin Yi and their daughter were in a relationship ... Could it be that house Kang was unhappy and hired someone to do it?

"Then ... Could it be someone from house Kang ..." Wang Zheng asked, knowing what his wife was thinking.

"House Kang can't have such a master." Lingshan shook her head,"plus, it doesn't seem like it. If house Kang did it, then they're still targeting Lin Yi. They wouldn't call you. So, I

feel like this kidnapping is more like a normal kidnapping, just that the kidnappers are a little special. Let's wait for the kidnappers 'call and see what they want."

"That's the only way!" Xuben nodded. Although he was a little curious about why his daughter was in a relationship at school, he didn't have the mood to ask about it now. His daughter's safety was the most important thing. It wouldn't be too late to ask about these things after his daughter was out of danger.

Chu Mengyao looked at Song Lingshan and stopped talking. She wanted to talk about the Hidden House Pi, but it was at a level like this. Song Lingshan didn't mind it, but she was afraid that Wang Xuben and Xiao Qinlin would spread it. House Pi's relationship with Lin Yi now was not good for House Pi if the other hidden houses found out. At least, they had to wait for Lin Yi to come back.

"Then we'll go back first. We don't know much, that's all we know." Mengyao said.

"Alright. If there's anything, contact me at any time!" Lingshan's observation skills were sharp. Naturally, she could tell that Mengyao was hesitating-perhaps it was because Wang Xuben and Qinlin were there, so she decided to call her later ...

Not long after Mengyao and Yushu left, Xuben received a second call from the kidnapper.

"Wang Xuben?" On the other end of the phone, the strange voice that was changed by the voice changer came over.

"It's you. How's my daughter?" Wang xuben immediately recognized the other party as the kidnapper who had called him before.

"Mr. Wang, don't worry. Your daughter is doing well. Of course, only for now!" "If Mr. Wang doesn't want anything to happen to your daughter, you'd better do as I say," Scorpion said.

"What do you want?" Wang xuben asked.

"Prepare 10 million and wait for my call." After the other party finished speaking, he hung up the phone directly, not giving Wang xuben any time to answer.

"Wait ..." Wang xuben looked at the phone helplessly and shook his head. The kidnapper didn't play by the rules at all. He wanted to buy time according to song Lingshan's instructions, but the other party hung up the phone.

Wang xuben smiled bitterly at song Lingshan, who was waiting for Liu Wangli's reply.

"How is it?" Lingshan said as she looked at Wangli.

"Captain song, the technical team has already tracked the call, but the call was transferred from overseas many times, so it's impossible to trace it in a short time ..." Liu Wangli said.

Lingshan nodded-it seemed like the guy was an old hand at this-he was familiar with this sort of stuff, and she'd already guessed the situation-she didn't have much hope for it. Since the guy was even stronger than an Earth Class early phase, it wouldn't be easy to find out who they were through the phone ...

"Have you found out where the car is?" Lingshan asked.

"No, it's a new business car, and it's smuggled in. There's no such model in the country, so we can't find any information. Also, the kidnapper's routes are all back streets and alleys, there's no surveillance video ..." Liu Wangli said.

Lingshan had already expected this. She turned to xuben and asked,"What did the kidnapper say?"

"He only told me to prepare 10 million and wait for his call. He didn't say anything else." Wang xuben said,"officer song, do you think I should go and raise ten million now ..."
