

## Beauty and the Bodyguard

### Chapter 2281 Important News

"We spirit beasts have our own set of survival rules!" "Although the fire Lion Clan and I are enemies now, if there are other spirit beast clans that want to occupy the Wulong hao te mountain range and take a share of the loot, our two clans will join forces to expel the other spirit beasts!" The heaven rank Spider said.

"I've been overthinking. " Lin Yi said with a nod.

"The benefactor of human cultivators, may I know how to address you?" The heaven rank Spider asked.

"I'm Lin Yi, this is my date, sun Jingyi, and this little one is called Skybolt pig. " Lin Yi only introduced Jingyi as a partner in front of the Sky Class Spider-he didn't say that she was his wife, since there was no need to lie.

"Mr. Lin, Miss Sun, shall we go back now? I'll prepare a sumptuous banquet for you and offer you the treasures of our Spider Clan!" "Since the fire Lion Clan has given you their treasure, the divine fire bullet, then our Spider Clan won't back down. We'll also give you our treasure!" The heaven rank Spider said.

"Oh?" The most precious treasure of the spider Clan? Lin Yi was taken aback-the Sky Class spider's attitude towards him was clearly different now. It only said that it was going to give him a treasure, but now it was giving him the spider's treasure!

Of course, Lin Yi also understood that it was because he saved the little spider that the Sky Class Spider was so generous! He didn't deserve it, but Lin Yi didn't reject it now.

"It's the treasure we used to capture you-the heaven and earth net!" "This is an inescapable net," the heaven rank Spider said,"it takes us spiders a long time to weave a single one! However, I can grit my teeth and give you three!"

The Sky Class Spider said three, naturally referring to the fire Lion race's gift of the three fire bullets! Since the fire Lion Clan could take it out, they naturally would not be outdone! As for the fire Lion, after taking Lin Yi's wild fire Fist, it could still produce another divine fire bullet for a while. The Sky Spider naturally couldn't compare.

Three inescapable nets was already the limit, and this was all he had.

The spider Clan didn't have the swallowing Fire Fist ability to create a giant web-it seemed like Lin Yi and the fire Lion Clan were fated! But luckily, Lin Yi was friends with the spider Clan. He couldn't stay with the fire Lion forever!

Otherwise, the fire Lion would be able to make more divine fire bullets through Lin Yi's wild fire Fist. Although it took a long time to make each one, this time was much faster than making it himself. If Lin Yi settled in the mountain range for a long time, the fire Lion Clan would probably be able to make more divine fire bullets. At that time, the spider Clan would be at a disadvantage when their nets above snares below could not keep up.

But now that Lin Yi had received benefits from the spider Clan, and it looked like Lin Yi wouldn't be staying in the mountains for long, the Sky Spider was at ease.

"This inescapable net ... Is very strange?" Lin Yi, naturally, knew about the net he was caught in-it was extremely tough, and with Lin Yi's strength, he wouldn't be able to break it.

"Not bad!" "The fire Lion Clan is an attack type spirit beast," the heaven rank Spider said proudly."It's a huge blow to our Spider Clan, so in order to defend against their attacks when we pick the treasures, we can use an inescapable net to cover them! This way, they won't be able to break free in a short time ..."

"How about a short period of time? In other words, you can still break free?" Lin Yi asked.

"That's only natural. The big fire lion's breath and the little fire lion's divine fire bullets can both destroy the inescapable net. However, it will take some time. This time is enough for us to escape and come back!" "There's an ancient restriction near our cave,"the heaven rank Spider said." The fire Lion Clan won't attack us in our cave for no reason ..."

Lin Yi nodded. The fire Lion clan's cave had an ancient restriction as well. It seemed that these spirit beasts had their own trump cards.

"Then my divine bullet of fire can also destroy this inescapable net?" "Other than that, is there no other way to break the net?" Lin Yi asked.

"Your divine bullet of fire can naturally do it too." "But it's not like the others don't have a way," the heaven rank Spider replied, "they can use martial arts or Qi-infused weapons to destroy the inescapable net!" But, even a Sky Class would need time to destroy this net. "

"I understand. This is a piece of magical equipment that can instantly tie up the enemy. However, it is a one-time use and can not be recycled." Lin Yi understood the use of this thing-it was the same as the fire bullets, a great life-saving trump card!

If Lin Yi had this earlier, he wouldn't have been in such a sorry state when fighting the guard-he'd just have used the net to trap him and bombard him with Qi bombs, wild fire Fist, and divine fire bullets, and then run away with Jingyi without getting hurt.

"This is it." "We only have three nets of heaven and earth left, so don't think we're stingy, Mr. Lin," the heaven rank Spider said.

"Naturally, I won 't," Lin Yi couldn't be happier. To him, healing the little spider was as easy as lifting a finger, and the Skybolt pig helped the Sky Class Spider find the little spider so that he could get away from this place. In other words, he got these three nets of heaven and earth for free.

"Thank you for your understanding, benefactor." The heaven rank Spider said.

As they spoke, the group returned to the spider clan's cave. The Sky Spider ordered the other spiders to prepare dinner, while it and the little spider chatted with Lin Yi in the cave.

Lin Yi looked at the three small nets in his hands. It was hard to imagine that they were the big net he caught them with, but it would only expand when he was using it. It was a small size for him to carry around.

After asking about how to use it, Lin Yi put it away carefully. This was a great item, and he'd gained a lot from this trip to the mountains!

"Mr. Lin, although the gift I've given you may be a little light ... I have a very important piece of news to tell you as a token of our Spider clan's gratitude!" The heaven rank Spider also pondered for a long time before deciding to reveal this information.

"Oh? What's the news?" Lin Yi asked.

"It's about ... The heavenly Dao ..." The heaven rank Spider said after hesitating. (

## Chapter 2282 2281-Teleportation Array

"The heavenly Dao?" Lin Yi's heart skipped a beat-it wasn't the first time he'd heard of this term. There should be a higher realm above Sky Class, and this realm might be the legendary sky path. But at least among the people Lin Yi had come into contact with so far, there weren't any sky path practitioners.

But not having it didn't mean it didn't exist! Things were often like this. If you didn't stand at a certain height, you wouldn't be able to come into contact with things at that height.

Just like Lin Yi in the past, the noble houses were all high and mighty existences in front of Lin Yi-a common house Yu had once made Lin Yi miserable! And when he first found out about the common noble houses, how could he have thought that there were hidden noble houses above them?

When Lin Yi came into contact with the hidden houses and sects, he realized that there were ancient houses and ancient sects above them!

It was like a normal person never coming into contact with a practitioner, and those golden class Masters who acted as bodyguards for the rich-if they were just bodyguards, they might never come into contact with the noble houses or Mystic class Masters ...

This logic was the same, the higher one stood, the further one could see!

"That's right, but I don't know if there's a higher realm above Sky Class. " "Human cultivators are different from spirit beasts," the Sky Class Spider said,"at least I'm not sure if any of us spirit beasts have broken through the sky Class and entered the path of heaven ..."

"So you mean you know about the heavenly Dao, which is a human cultivator?" Lin Yi asked. The topic of the Sky Class Spider was quite attractive to Lin Yi.

"That's right, you guys have some connections with that sect, so I won't hide it from you guys-there's a Sky Class late phase peak practitioner in the upper sect, and he's infinitely close to the legendary barrier ..." The Sky Spider said, ""As for him, he went to pursue the heavenly Dao after that ..."

"The master of the contract with the Great Fire Lion?" Lin Yi had heard the fire Lion mention this person before.

"You also know about it?" The Sky Class Spider was surprised-he didn't think the fire Lion race would tell Lin Yi this.

"Yes, I heard that he didn't know what happened to him after he pursued the heavenly Dao ..." Lin Yi nodded.

"It's not that I don't know where he went, but he went to another place ... A place that's said to be able to break through the barrier of Sky Class late phase peak ..." The Sky Spider said.

"You ... You know where he went?" Lin Yi's expression froze.

It seemed that the heaven rank Spider knew more than the fire Lion? What was going on?

"I don't know where he went, but I know how he got there!" "In this matter, our Spider Clan did help," the heaven rank Spider said.

"You guys? Help him?" Lin Yi's eyes widened, "isn't that person the owner of the contract?" You and the fiery Lion Clan are enemies, but he and you ..."

"Is it strange?" The Sky Spider looked at Lin Yi, confused. "The fire Lion Clan was indebted to him, so the fire Lion became his contractual spiritual beast. The spider Clan is also indebted to him, so our relationship is also very good ... Just like your relationship with us and the fire Lion Clan."

"Oh ... That's true ..." Lin Yi smiled bitterly. He didn't think that the previous one would be in the same situation. "Then how did he get there?"

"A teleportation formation!" "According to the legends, you can reach a place called Sky Class Island," the Sky Class Spider said. "There, you can advance to the sky path ..."

"Sky Class Island ..." Lin Yi frowned. "Do you know the location of this teleportation array?"

"I know." The Sky Spider nodded, "in the legends, there are two ways to get to Sky Class Island. One is a secret manual that records the construction of a teleportation formation to get to Sky Class Island. I'm not sure about the other method, but it seems like it requires a group of people to go to a place and open something ..."

"Build a teleportation formation? You're not trying to tell me that someone had once built a teleportation formation here, are you? In this ancient sect?" Lin Yi was extremely

shocked. He didn't think that there would be such a huge secret hidden in the mountain range!

"There's no mistake!" The heaven Spider said with certainty, "this formation was created by the founder of this sect. Legend has it that it can be used three times. He used it once, and that person ... That is the master of the Great Fire lion's contract used it once. Now ... It should be able to use it again!"

"Tsk ..." Lin Yi took in a cold breath. Only three times? Furthermore, he was so lucky to have discovered this teleportation array?

"We, the spider Clan, were also a clan of spirit beasts that helped our founding ancestor build the teleportation formation." "Actually ... I'm the contracted spiritual beast of the founder of this sect ..." The heaven rank Spider said.

"I'm going to faint!" Lin Yi's brain short-circuited-a Sky Class Spider was the founder's contract spirit beast? How long had it lived? Moreover, it was the contract spirit beast of the fire Lion Clan, the later sect leader, who was also an enemy?

"Strange, isn't it?" "This secret is actually only known to me and the fire Lion Clan," the heaven rank Spider said with a smile. "Even the later successors of this sect don't know ..."

"Then why are you two still hostile to each other?" "Theoretically, you guys are family?" Lin Yi didn't understand.

"I've already explained it before. Only with competition can we encourage everyone's enthusiasm for cultivation. " "Don't talk about us, don't disciples of the same sect compete with each other too?"the heaven rank Spider said. In fact, didn't the disciples of a clan also have competition? Are they not from the same family?"

"This ... Is true." Lin Yi imagined Yu Bing and Yu Shan, Zhao Qibing and Zhao qikun, and it was indeed the case.

"Our bottom line is that we can fight each other, but we can't harm each other's lives." "Otherwise, even if our Spider Clan has more people, it wouldn't be too difficult for the fire Lion Clan to exterminate us!" The heaven rank Spider said. Other than dealing with me, it's easy to deal with other spiders! Even so, we still have a lot of spiders injured! However, we still have a trick to treat this kind of fire injury, so we won't be crippled. "

"I see." Lin Yi finally understood the relationship between the two Spirit beast races."So, you all know about the extermination of the sect on this mountain? He didn't stop them? You're all the contracted spiritual beasts of the former sect leader, so how can you just sit back and watch this sect be destroyed?" (

## Chapter 2283 2280-Real And Fake Treasure

"If we can stop it, we will. But if we can 't, we won't do anything." The heaven rank Spider said,"this is also an ancestral teaching left to me by my master. The fire Lion might be the same. After all, we are two spiritual beast clans and only have two heaven rank spiritual beasts. It is impossible for us to compete with a group of heaven rank human cultivators. If things go south, we will naturally protect ourselves!" Our Spider clan's duty is to wait for a Sky Class late phase peak to appear in this sect, and then tell him the secret of the teleportation formation-that's all. "

"Then tell me now ... Will it be a violation of your master's agreement?" Lin Yi asked.

"This sect is gone. Moreover, you have some connections with this sect. It's not against the agreement for me to tell you." The heaven rank Spider said.

Lin Yi nodded and sighed, "An ancient sect was destroyed just like that, do you know who the enemy is?"

"I'm not sure," "The enemies are strong, a lot of Sky Class Masters ..." The Sky Class Spider shook its head.

"An innocent man gets into trouble because of his wealth!" "For a so-called treasure, they're going to this much trouble ..." Lin Yi sighed.

Lin Yi had wanted to help uncle Fu find out more about his enemies, but it seemed that even the fire Lion and sky Spider were clueless.

"Treasure ... Of course, there is a reason ... But what those people are looking for is not the treasure!" The Sky Class spider's words shocked Lin Yi!

"It's not a treasure?" Lin Yi asked, surprised.

"You can say yes, and you can say no." "This sect has two people who pursue the path of the sky," the sky-class Spider said. "Naturally, it attracted the attention of some forces. According to what I heard from those people, they heard that this sect has something that can help you break through the sky Class and pursue the path of the sky, and so they came to take it ... But the treasure in your hand was thought to be the thing that can help you break through the sky Class and pursue the path ..."

"Being treated as?" Lin Yi frowned as he listened to the words of the Sky Spider. He suddenly understood something. "They're actually looking for that teleportation formation, right? But they don't know there's a teleportation formation here, and they think it's a treasure that can help you break through the sky Class and reach the sky path?"

"This is it." The Sky Class Spider nodded, "that treasure is indeed a treasure. It can provide human practitioners with pure Qi, but I'm not sure if it can help Sky Class late phase peak practitioners enter the path of the sky. However, this treasure was discovered by this sect in the last few decades, so it's not something that people can imagine ..."

"So ... It's a huge mistake ..." Lin Yi smiled bitterly. Uncle Fu was really unlucky to have a treasure.

"It can't really be considered a mistake. After all, the value of this treasure is immeasurable." The heaven rank Spider said.

"You're right. " Lin Yi agreed. He knew the benefits of his Jade space. Although this white stone couldn't be compared to the Jade space, it was still a rare treasure in this world.

Jingyi, on the other hand, was quietly listening to the conversation between Lin Yi and the sky Class Spider, her heart in turmoil! These things were too shocking and unbelievable, but Lin Yi didn't seem to be on guard against her at all?

Sky Class, sky path ... These things were far from Jingyi's reach, but she was a practitioner herself, and naturally understood the implications of these things. If news of this got out, it would cause a huge wave!

If a legend could destroy an ancient sect, it was hard to say what would happen if they found the teleportation formation!

Was this ... Trust in her?

Jingyi's pretty lips curled up into a smile as she watched Lin Yi conversing with the Sky Class Spider. Her brows raised as well, a strange feeling in her heart. Did he really think she was one of his own?

After knowing so many of his secrets, would she always stay by his side in the future?

But thinking about the intense competition for the position of his girlfriend, Jingyi was conflicted. Song Lingshan and Chen Yushu were both waiting in line, right?

"However, don't tell anyone about this treasure when you take it back. Otherwise, it will cause great trouble!" The heaven rank Spider warned.

"Of course. Even you and the fiery Lion Clan can't resist it. I'd better be careful." Lin Yi said, thinking that it was true. He'd been thinking about this ever since the fight with the guard.

"Then I won't say more." The heaven rank Spider nodded, "you're not in a hurry to find out. Where is the teleportation formation?"

"What's the use of being anxious? I can't do anything if you don't bring me?" Lin Yi said with a shrug.

"There's no problem with taking you there, but with your current strength, it's best not to use the teleportation array. Let's not talk about the unknown dangers that may appear at the teleportation point, and the energy generated when the array is used will be hard to bear if you're not at the heaven rank!" The heaven rank Spider explained.

"I understand. I'm just curious and want to take a look. I'm not that overconfident." "With my strength, going to Sky Class Island would be suicide," Lin Yi smiled.

"That teleportation formation is on the other side of the heavenly chasm. It is not easy for our Spider Clan to pass through. We have to pass through it one by one. With your current strength, you will definitely not be able to pass through." "If you want to go over and take a look, I can take people to shoot silk and make a Silk Bridge. It should be done in about one night. You can go over and take a look tomorrow!" The heaven rank Spider said.

"That's troublesome!" Lin Yi said.

"That's nothing. I'm just doing what I can. " The heaven rank Spider said.

At this time, the spider subordinates had prepared a sumptuous banquet. The wine was fruit wine that they had brewed themselves. It was said that it was added with heavenly materials and earthly treasures, which were great for cultivation. The food was also natural fruits, similar to what they had at the fire Lion 's.

Lin Yi didn't stand on ceremony, and after the meal with Jingyi, the Sky Class Spider gave the cave to Lin Yi, Jingyi, and Skybolt pig to rest. It brought its underlings and even the little spiders to build a Silk Bridge for Lin Yi.

There was an ancient restriction outside the spider clan's cave, so they weren't afraid of any danger. It was also the most peaceful night Lin Yi and Jingyi had had ... If you like this work, you are welcome to come to to vote for recommendation and monthly votes. Your support is my greatest motivation.)

## Chapter 2284 The Magical Mask

"Benefactor, our Spider Clan is going to weave a Silk Bridge overnight. We should be done in about one night." "You can rest here tonight," the heaven rank Spider said."No one or spirit beasts will break through the ancient restriction and disturb you."

"Alright, I'll have to trouble you!" Lin Yi said.

"It's not that troublesome. In order to repay my kindness, I can go through any trouble." The heaven rank Spider shook its head and laughed.

Lin Yi nodded and didn't say anything else. After all, he was quite curious about the teleportation formation, and the spider Clan had to make a Silk Bridge to satisfy his curiosity!

"By the way, although there is an ancient restriction in the cave, there is no one outside. If you want to go out at night, you'd better be careful." The heaven rank Spider reminded, "we're not here, so we're afraid that your enemies will take advantage of the situation. I have a thousand silk mask here. After you put it on, you'll look completely different. If you need to go out to relieve yourself, it's best to wear the mask. If someone questions you, just say that you're a guest of our Spider Clan!" The spider Clan and the fire Lion Clan have always held grudges against each other. If you were from the Tagan family, you would definitely know this. Seeing that you're unfamiliar faces and that you're our guests, you shouldn't be able to do anything to you!"

"Thank you very much!" Lin Yi couldn't help but thank the Sky Class Spider for thinking this through-it was as he thought-if he and Jingyi were guests of the spider Clan, then it wouldn't be the fire Lion clan's Zhang naipao, and they didn't look the same either, so they wouldn't dig too deep into it. Lin Yi was just a little curious-what was that mask? "What's that mask you're talking about?"

"This mask is a special treasure that our Spider Clan can make, but it's very difficult to make. It requires two heaven rank or higher spiders to make it, and it also requires a lot of external conditions and materials, so we only have one in stock." "Only one of you can use it," the heaven rank Spider said.

With that, the Sky Spider took out a thousand silk mask and gave it to Lin Yi.

"Is this the thing?" Lin Yi looked at the thin mask in the spider's hand, a little surprised. It looked like a mask made of transparent silicone, but it had a different feeling to it-the texture was smooth, like human skin, and it felt great.

"Yes, you can try." The heaven rank Spider nodded.

Lin Yi didn't try it on, but put the mask on Jingyi's face. As expected, Jingyi turned into another person instantly, completely different from her previous image!

Even Lin Yi, who was extremely familiar with her, couldn't recognize her at all!

This was truly a good treasure. It was simply the best disguise!

"It's that magical?" "This mask ... Can it change its own appearance?" Lin Yi asked, surprised.

"No, this mask can only change the appearance. You can't change it according to your imagination." The heaven rank Spider shook its head."You said that you can change your appearance according to your imagination. I've heard of it, but I don't know how to make it."

"I see, but this is already very good." "It's such an expensive item, and your Spider Clan only has one. I'm a little embarrassed to accept it!" Lin Yi said.

"Hehe, it's useless for us spiders to keep this mask. We don't need to change our appearance." "And my previous master and the second person to use this teleportation formation didn't need it, so I gave it to you, benefactor!" The heaven rank Spider said.

"Then it would be impolite of me to refuse." Lin Yi accepted the mask-it was a good item, after all, and he couldn't just reject it.

"I've finished explaining, I'm going to start work with my men. See you tomorrow morning! Mr. Lin!" The heaven rank Spider said.

"See you tomorrow morning!" Lin Yi nodded.

Jingyi and Lin Yi went to sleep after the spider left with its men. There was a bed prepared by the spider in the cave, and they didn't have to worry about not having a place to sleep.

Jingyi was tired as well, and fell asleep quickly, while Lin Yi went into the Jade space to continue his training ...

Ever since he left the Lion's Lair, Lin Yi's heart had been in his mouth, afraid that the guard and his men would come looking for trouble. This night, Lin Yi and the others had a good rest. They didn't have to worry about an invasion or any other accidents. Although

Lin Yi was also in the Jade space, using his spirit to sense the surroundings, it was a lot more relaxing compared to the previous nights.

Jingyi had a good night's sleep, and so did Skybolt pig-the man and the Beast woke up to the gray sky.

Jingyi stretched lazily, but didn't get up. She lay on the floor and looked at Lin Yi lazily, a natural charm in her eyes. "I've had such a good sleep. I haven't had such a good sleep in a while!"

Lin Yi looked at Jingyi-she was the most alluring right now, with an indescribable charm to her. Any casual movement could tug at a man's heartstrings, making him want to push her down.

Lin Yi didn't have any women like that around him-the Miss was a little cold, Shu and Xiaoxiao were a little crazy, Xinyan was a little quiet, Lingshan a little hot, and Jingyi, on the other hand, had an indescribable allure.

No wonder Wu Chengtian was so in love with her back then-if Lin Yi wasn't strong enough, he'd probably be in love with her as well.

Lin Yi didn't mind doing something with sun Jingyi, but now wasn't the time.

"Can you not tempt me like this?" Lin Yi's eyes swept across Jingyi's body as he spoke faintly.

"Temptation? Do you think you'll be so easily tempted?" "The first time I met you and asked for your help, you seemed to have a strong mind, not letting the girls get to you," Jingyi said with a half-smile.

"People will change." "I haven't been able to control myself well recently, maybe it's because of Xiaoxiao's departure," Lin Yi said.

"Let's not talk about this ..." Jingyi didn't hate this topic, but she was afraid that Lin Yi would bring up Tang Yin if he brought Xiaoxiao up. It was a topic to avoid, and she couldn't say much, "What time is it?"

"It's already past six in the morning. " Lin Yi said as he looked at his phone. There wasn't any signal, but it was pretty good as a watch. (

## Chapter 2285 2283-Strange Situation

"Let's go out and take a look? I guess the spider Clan is almost done?" Jingyi said.

"It should be about the same?" Lin Yi nodded and walked out of the cave with Jingyi, but what made him feel strange was that there wasn't a single Spider in the cave!

It was not strange that there were no spiders guarding the entrance of the cave, because the cave had an ancient restriction, so there was no need to be afraid of an invasion. However, it was strange that there was not even a single Spider waiting or reporting!

The Sky Class Spider did say last night that it was going to weave a Silk Bridge for Lin Yi, but the entire Spider Clan was mobilized. They had so many spiders, and they still weren't done? How big of a project would this be?

Plus, even if it wasn't finished, it was already dawn, and the sky Class Spider would have to send a Spider back to tell Lin Yi, right?

Now, there wasn't even a single Spider. What was the situation? Lin Yi frowned at the thought, a bad feeling rising in his heart. Could something have gone wrong?

He looked around carefully and didn't find anything out of the ordinary, nor any signs of fighting ... In fact, Lin Yi was just looking around. If something had happened here last night, there was no way he wouldn't have noticed it while cultivating in the Jade space.

"Why isn't there a single Spider?" Jingyi asked, finding it odd as well.

"I'm afraid ... Something has gone wrong. " Lin Yi didn't know where the natural moat was, and the sky Class Spider didn't tell him anything last night. Lin Yi didn't ask, since he knew that the Sky Class Spider would take him there.

But now, he didn't even have a direction.

"Ah? It can't be, right? Wasn't this their territory? How could there be a mistake? Besides, even if there was a mistake, it's impossible that there wasn't even a single Spider, right?" Jingyi asked, confused.

"I don't know yet. I have a bad feeling about this. I keep feeling that something will happen." "There's not a single Spider here, that's why you think it's weird?" Lin Yi asked.

"You're right ..." Sun Jingyi nodded, "Could it be because the silk Bridge wasn't completed, so they're working overtime?"

"We can't rule out that possibility." After all, Lin Yi didn't understand the habits of spirit beasts. Maybe the spider spirit beast was the kind of spirit beast that was more careful in their work and wouldn't stop until they finished.

"Then let's wait?" Jingyi asked.

"I guess this is the only way." Lin Yi said.

The two of them and Skybolt pig just waited at the entrance of the cave, and a few hours passed in the blink of an eye. Lin Yi's heart was getting heavier and heavier-things didn't seem to be as simple as they seemed! Although he didn't know what went wrong, it definitely wasn't normal.

Jingyi couldn't help but ask as Lin Yi's face darkened."Is there a problem?"

"Who knows?" Lin Yi didn't think that there would be a problem,"maybe, something really happened. The spider Clan doesn't seem to be spirit beasts that don't keep their word. Plus, if they didn't keep their word, there's no need for them to tell us about this. They wouldn't have said anything yesterday. We'll leave today. There's no need to play missing ..."

"Then ... What do we do now?" Jingyi nodded in agreement.

"Skybolt pig, can you find out where the spiders went?" Lin Yi turned to look at Skybolt pig-he could only pin his hopes on the pig now.

"Ji Ji!" Skybolt pig nodded. He had memorized the smell of the spiders. As long as it was within a certain range, he would be able to find it.

"Alright, bring us to them now!" Lin Yi made the decision immediately.

"Ji Ji!" Skybolt pig ran in the front, with Lin Yi and Jingyi following behind. They went in the opposite direction of the valley they were in yesterday ...

The pig was heading towards the dark side of the mountain range, where plants were scarce. It was an easy path, but Lin Yi was on high alert, ready for any unexpected situations.

It was quiet the entire way-no spirit beasts, no signs of human activity, and no accidents or mishaps as they'd expected. Soon, a Grand Silk Bridge appeared before them!

The silk Bridge connected both sides of the stream-it was obvious that the spider Clan had finished weaving the silk Bridge ... But this situation made Lin Yi even more confused. Where did all these spiders go?

The silk Bridge was here, but there was not a single Spider. This strange situation made one's hair stand on end. It was too strange and terrifying.

Lin Yi didn't rush forward recklessly, but stopped and felt for the Jade's reaction. If he went any further, the Jade might alert him, but it would be too late, like when he was caught by the net!

After all, the situation in the Wulong hao te mountain range was a little special. Knowing the danger did not mean that one could escape! It was like the spider's inescapable net-even if Lin Yi received the Jade's warning, it seemed like he would have enough time to react, but the net was different from normal danger. It could expand and shrink, making it impossible to guard against.

So this time, Lin Yi learned his lesson and decided to wait and see.

"There doesn't seem to be any danger?" Lin Yi touched his chin, a strange expression on his face. In fact, even he himself couldn't believe that this place wasn't dangerous at all. After all, the situation was beyond his imagination.

Jingyi didn't say anything-she didn't have much experience in situations like this, and she didn't want to affect Lin Yi's judgment.

"Let's see. " Lin Yi could only walk in the direction of the bridge. To be honest, he could turn around and leave, but he couldn't resist his curiosity! The spiders aside, the mysterious teleportation formation to Sky Class Island was something Lin Yi was extremely curious about.

"En ..." Jingyi was curious as well-her path of training was different, but the legends said that one could break through Sky Class and enter the threshold of the sky path-it was enough to pique her curiosity.

Lin Yi and Sun Jingyi came to an agreement and continued walking forward, all the way to the edge of the silk Bridge. Nothing unexpected happened, and the Jade on Lin Yi's chest didn't move at all. But the more it was like this, the more Lin Yi felt uneasy.

This place was too quiet, so quiet that it was terrifying! Logically speaking, the first thing the spider Clan should've done was to return to the cave and wait for Lin Yi and Jingyi to come together. (

## Chapter 2286 2284-Where Did He Go?

However, when the silk Bridge was completed, the entire Spider Clan disappeared.

"I'll go take a look first. Wait for me here. If anything goes wrong, bring Skybolt pig back to the cave. I'll give you the three nets as well." Lin Yi said as he passed the inescapable net that Sky Class Spider gave him to Jingyi.

"You ..." Jingyi didn't want Lin Yi to risk his life, but he wouldn't be satisfied if he didn't see what was going on. She hesitated for a while before agreeing, "Alright, you can go then. But be careful."

Lin Yi nodded with a smile and jumped onto the silk Bridge. It felt like walking on a tightrope, but it wasn't difficult for a practitioner like Lin Yi. The bridge wasn't long, either, and he could see where the stream was.

On the silk Bridge, Lin Yi moved forward slowly as if he was walking on thin ice.

To Lin Yi's surprise and regret, the Jade didn't react at all even when he reached the other side of the stream. In other words, Lin Yi wasn't in any danger.

However, the more it was like this, the more Lin Yi felt that something was wrong. There was no danger at all, so where did the spider Clan go? Wasn't this a little illogical?

"No problem!" Lin Yi waved his hand at Jingyi and quickly walked back along the bridge.

Lin Yi could make it, but that didn't mean that Jingyi could-she was a practitioner, but she was a different type of practitioner, and didn't have much strength. This Silk Bridge was a bit of a challenge for her, and Lin Yi had to help her.

Lin Yi had a better understanding of the bridge's sturdiness now that they were back on the bridge. It looked thin, but it was really strong-Jingyi, Skybolt pig, and him could walk on it without any problems.

"This bridge looks a little scary. You have to support me. I'll definitely die if I fall!" Jingyi said guiltily as she looked at the bottomless mountain."Even if you know how to heal, I'll probably die if I'm smashed into a meat patty."

"Then just hold on to me. I won't die if I fall, but it'll probably be difficult for me to get back up." Lin Yi looked at the bottom of the stream-he wasn't lying to Jingyi. This was a steep place, and even if he was an Earth Class mid phase, it wouldn't be easy for him to come back up!

Lin Yi couldn't jump that high, and he couldn't jump multiple times either. The cliff was very steep, and it was hard to find a foothold. It was fine if it wasn't too high, but it was so deep that he couldn't see the bottom. Unless Lin Yi could fly, he wouldn't be able to get up.

"Then don't fall down." "If we fall, we'll be savages for the rest of our lives ....." Jingyi said.

But as she said this, a strange feeling rose in her heart! If she and Lin Yi fell down together, would they be considered a couple in need? And then spend the rest of his life here?

Lin Yi didn't say much-he lifted her up while she was thinking, and strode towards the bridge.

Lin Yi's balance wasn't a problem at all-he could even carry something even heavier, let alone Jingyi, as long as the bridge could take it.

Skybolt pig was small and agile, so it didn't have a problem walking on the bridge ...

Very quickly, the two of them came to the other side of the bridge, and Lin Yi put Jingyi down as well. Jingyi, on the other hand, was a little embarrassed to be carried like this by Lin Yi, but didn't say anything as she glanced at him.

Jingyi stopped joking when she saw Lin Yi's face turn serious, "What's wrong?"

"There are traces of a battle here!" Lin Yi pointed at the marks on the ground."Could it be that the spider Clan encountered an opponent here and something happened?"

"This place?" Jingyi lowered her head and looked at the direction Lin Yi was pointing at-there were messy footprints on the ground, and some burnt grass."Fire Lion Clan? You're here?"

"Hard to say ..." Lin Yi stood up and said, ""Let's walk forward and see. I don't know what's going on here, but I can't find a single spirit beast corpse ..."

"Yes, this platform doesn't look big. Besides the cave not far away, there is no other way to go. If the battle happened here, where did the spiders go after the battle?" Jingyi said, curious.

"Let's go into the cave and take a look ..." Lin Yi raised his head and looked at the cave, ""If I'm not wrong, that cave should be the location of the teleportation array. Let's go and take a look."

Jingyi and Lin Yi walked towards the cave-they could see everything inside just by standing at the entrance. The cave wasn't that big, and there were no spirit beasts in the cave, either.

In other words, there were no spirit beasts on this platform, including the cave.

"It seems that things are really strange." "There are so many spiders, even if there's a conflict with the fire Lion Clan, it's impossible for them all to disappear ..." Lin Yi muttered.

"Could he have been captured by the fire Lion Clan?" Jingyi guessed.

"That's not possible, right? Even if the fire Lion race has the advantage of attack, it will be difficult to capture so many spiders. " Lin Yi shook his head, rejecting the idea. Three fire lions wasn't the same as the number of spiders!

Lin Yi would believe that they could kill a whole bunch of spiders, but capturing all of them was a different story. It was almost impossible.

"No matter what, let's go into the cave and take a look first." Lin Yi said.

Lin Yi and Jingyi entered the cave-there wasn't anything special about it. The only thing that Lin Yi was curious about was the formation, but he wasn't too sure-he only saw a few rocks forming a strange sign on the ground, and he didn't know if it was the teleportation formation the Sky Class Spider was talking about. As for how to activate it, Lin Yi didn't know, and he didn't dare try it out!

Lin Yi took out his phone and took a picture of the situation inside the cave-he'd study it more when he had the chance.

"This is the so-called teleportation formation?" Jingyi asked curiously as she pointed at the pile of rocks that looked like a portal. (

## **Chapter 2287 2285-The Strange Heaven Rank Man Comes Down The Mountain**

"It should be," "Other than that, I really don't know what's so special about this cave," Lin Yi shrugged.

Jingyi looked around the cave carefully, and didn't see anything special. Other than the pile of weird rocks on the ground, there wasn't anything that could be called a teleportation formation.

"Is this really the place?" Jingyi looked at the stone suspiciously. "Why do I feel like it's in bad shape?"

"I don't know about that." Lin Yi was just guessing.

"That's weird ..." Jingyi frowned.

"Let's leave this place first. " Lin Yi's curiosity was satisfied after seeing the place-he wasn't interested in staying any longer.

Jingyi didn't have any objections, naturally-Lin Yi was still holding her on the way back, and that made her heart ripple again ...

"Skybolt pig, do you know where the spider Clan is?" This was almost the end of the mountain range, and Lin Yi couldn't see the spider Clan anymore. He could only pin his hopes on Skybolt pig again.

"Ji Ji ..." Skybolt pig shook his head. He used his front paw to point here, and then waved his hand.

Lin Yi understood what it meant-the trail stopped here, and it could only follow the smell of the spiders here.

"Alright," he said. Lin Yi smiled bitterly. Even Skybolt pig couldn't find the spider Clan, so Lin Yi didn't have to keep searching.

But, before leaving, Lin Yi didn't give up. He went back to the spider clan's lair with Jingyi and Skybolt pig again, but to their disappointment, the spider Clan still didn't show up. The cave was still quiet, not a single Spider was seen!

"Let's go!" Lin Yi sighed, thinking that this was strange. It became like this overnight.

Things were strange, and although nothing happened yet, who knew what would happen in the future? Lin Yi didn't want to stay in this strange place any longer.

"Where are we going now?" Jingyi asked.

"Let's go find the fire Lion Clan. The heaven rank Spider said that there is only one way down the mountain besides the main path up the mountain, and it is extremely

dangerous. If we go, I'm afraid we will be in danger. " Lin Yi gave up on the idea of taking risks. The spider Clan was gone, and so was the route map. Lin Yi decided to go to the fire Lion to take a look. It would be great if he had a route map too. He could also get the fire bullets and ask for information about the spider Clan.

"That's good. " Sun Jingyi nodded.

Lin Yi left a message on the ground, explaining that he'd left with Jingyi.

Although the spider Clan had disappeared for no reason, Lin Yi wasn't sure if they'd ever come back. It wasn't very polite to leave without saying goodbye, so Lin Yi decided to leave behind his whereabouts as an explanation to the spider Clan.

Lin Yi and Jingyi's expressions weren't too good after leaving the spider clan's territory. The situation was too strange, beyond their imagination.

Lin Yi wasn't too familiar with the way to the fire Lion clan's cave, but with Skybolt pig as a guide, it wasn't a problem.

They were at the Wulong hao TE's central mountain range, but Lin Yi and Jingyi didn't let their guard down. They were afraid that the Tagan family would come looking for trouble, but what Lin Yi didn't know was that six had been guarding the upper mountain range, not planning on going to the central mountain range.

Sixth brother also knew that there were two clans of spirit beasts in the middle Mountain range. Unless he had nothing better to do, he would go and fight to the death with those two clans of spirit beasts.

These past few days, six had been walking around the mountain range and found the cave where Lin Yi used to live, but there wasn't anything of value in it.

However, he found a small iron box. From the outside, it should be a box that contained some valuable item. If sixth brother's guess was correct, this box should contain the treasure that his master wanted!

However, the treasure had already been taken away, so the box obviously had no value. In addition, there were some fast food packaging in the cave. It seemed that the people in the cave had not left for long, because there was not much dust on the packaging and iron box.

With twelfth brother blocking the way at the bottom of the mountain, sixth brother was not afraid of anything. He only needed to guard the upper part of the mountain and have someone blocking the lower part. If they really encountered a master who could split the mountains and seas, even if he and twelfth brother went up together, it would be useless.

What he hoped for now was that it wasn't Zhang naipao and his wife that killed thirteenth, but someone else!

It would be best if they split up-if they did, he'd be able to go after that naipao.

Twelfth had been blocking the road down the mountain with the guards of the Tagan family, checking the teams that went up and down the mountain every day. However, these people were all very weak, most of them not even golden class. The strongest was only a golden class master, and the number of adventurers in each team was the same as when they went up the mountain, so there was nothing to check.

Although the Tagan family was the most powerful, they had hidden their strength. On the surface, their strength was about the same as the other families, only slightly stronger. It was not convenient for them to interfere with the adventurer teams that went up the mountain through other families and forces.

After all, they couldn't seal the mountain just because of the Tagan family's matter. Twelfth didn't have that intention either, so the Tagan family naturally wouldn't do anything unnecessary.

However, the situation today was a little different! Suddenly, not far from the exit of the mountain, there was a strange cry, and then an old crazy man with disheveled hair ran down the mountain. He didn't hide his Sky Class late phase peak strength, and everyone's face tensed up!

Twelfth's face changed!

Sky Class late phase peak, the same level as sixth brother-he was Sky Class, too, but only early phase peak-a far cry from this guy. Could this be the master sixth brother was talking about?

With that thought, twelfth's heart went cold-he was from that place, and had pure practitioner's Arts and Arts, stronger than normal practitioners of the same level, but he

still didn't have much confidence in fighting a Sky Class late phase peak that was a few levels higher than him.

After all, he didn't know that this Sky Class late phase peak old lunatic wasn't that strong! (

## Chapter 2288 The Fiery Lion Clan Has Also Disappeared

From his point of view, even thirteenth brother could injure him. Judging from his appearance, twelfth brother felt that he was no match for him at all.

Especially after receiving sixth brother's warning, he wouldn't rashly fight this Sky Class late phase peak guy-he only frowned and waved his hand to the people behind him, telling them not to act rashly!

Even if this person killed thirteenth, then twelfth wouldn't be a match for him-thirteenth was only a little bit weaker than him, but this Sky Class late phase peak old lunatic was obviously overbearing and full of Qi, as if he wasn't injured at all!

In other words, this person had killed thirteenth without any injuries. What kind of concept was that? Twelfth brother was very clear that no wonder sixth brother said that the enemy was very strong. Since that was the case, he naturally didn't have to stop him and let that strange heaven rank man run down the mountain, pass by in front of everyone, and then run far away.

Although the other families and gangs in the town were also puzzled by such an obvious powerhouse, where did he go up from? But no one was stupid enough to stop him-the Sky Class man's strength was on full display, and anyone could tell that he was Sky Class late phase peak-who would dare to do anything?

"Hu ..." Old twelve watched the strange heaven rank man leave, and then let out a sigh of relief. Just now, he had been under a lot of mental pressure. After all, old thirteen might have died at that person's hands, and the feeling of being unable to make a move in front of his enemy made old twelve suffer internal injuries.

A little impatience spoils a great plan! Twelfth brother reminded himself and quickly calmed his emotions. He took a piece of paper and a pen and wrote down what he saw. Then, he tied it to the feet of the flying spirit beast and let it go. He had to inform sixth brother of this news as soon as possible.

On the peak of the mountain range, six looked at the letter from twelve and sighed. His guess was right-it was a Sky Class late phase peak, and twelve didn't stop him. He wouldn't be a match for him if he did!

Thinking about the giant hole at the top of the mountain, six was shocked. A master like this was probably the same as his master, the kind that was infinitely close to Sky Class late phase peak, only missing the opportunity to enter the path of the sky ...

"Just One Sky Class late phase peak left? That means that Zhang naipao and his wife are still in the mountain range?" Thinking of this possibility, sixth brother's mouth curved into a cold smile! This was good news!

At first, six thought that if someone killed thirteenth, it had to be that person who was backing Zhang naipao and his wife-if that person stayed by their side the entire time, then even if he and twelfth worked together, they wouldn't be able to take the food from the Tiger's mouth!

Six, on the other hand, had been hiding the whole time, not daring to show his face-he was also afraid of the Sky Class late phase Peak's attack. He wanted to make his move when the three split up, but it seemed like he didn't have to anymore-naipao and the other two weren't leaving the mountain, and the sky Class man was. All he had to do was block them from the top while twelfth stayed at the bottom, and the two wouldn't be able to escape ...

What old six and old twelve thought, Lin Yi naturally thought of it as well. The strange sky Class man ran away for no reason, and Lin Yi lost this powerful bodyguard, so he naturally became more careful, especially when the spider Clan disappeared. This made him feel that the mountain range was full of strangeness.

He followed Skybolt pig carefully and arrived at the territory of the fire Lion Clan with Jingyi, but what surprised Lin Yi was that the fire Lion Clan wasn't in their nest!

There were only three Lions in the fire Lion Clan, and it was possible for them to go out together. Lin Yi's heart sank when he saw the empty nest, but he still waited with Jingyi.

There was an ancient restriction outside the nest, but Lin Yi, Jingyi, and Skybolt pig didn't need to worry about it. They could enter without any trouble and wait here without worrying about enemies.

"Why is the fire Lion Clan not here?" Jingyi felt that something wasn't right as well-Lin Yi was able to keep his cool, but she couldn't.

"I don't know. This matter is strange!" "We can't rule out the possibility that they're out hunting for food or looking for treasures," Lin Yi said."Let's wait. "

Jingyi nodded, her mood heavy. If she'd known that this trip to Wulong haote would bring so much trouble and so many strange things, she wouldn't have suggested Lin Yi to come with her!

This place was too dangerous. There were suspicions everywhere.

He waited for a day and a night, and the fire Lion race still hadn't returned. This situation made Lin Yi more and more uneasy!

The spider Clan had disappeared, and so had the fire Lion Clan?

And it seemed to have happened at the same time?

Lin Yi had an agreement with the fire Lion Clan-he'd come here to get a fire bullet when he left the mountain. In theory, even if the whole family went out to look for treasures, they couldn't go out with the whole family. One of them had to be here waiting for Lin Yi.

Even if all of them had gone out, they would have rushed back as soon as possible. It was impossible for them to leave for so long without any movement. This was not in line with the character of the fiery Lion Clan! They wouldn't treat their Savior like this!

"Skybolt pig, can you sense where the fire Lion race is?" Lin Yi turned to Skybolt pig and asked.

However, the pig shook its head and squeaked. Then, it started to write on the soft ground, "It had been too long, and the smell had disappeared, making it impossible to track! Moreover, they seemed to be out of the range of his perception.

"Not within the range of my perception?" Lin Yi frowned. The smell of the big fire lion's route might have disappeared, but under normal circumstances, the Skybolt pig could find the spirit beasts and treasures it was looking for without using this route. Since it said so, did it mean that the big fire lion's race had really gone far?

He shouldn't be in the Wulong hao te mountain range. The pig wrote on the ground again.

"Gah?" Lin Yi looked at the words and jumped in shock! He's no longer in the Wulong hao te mountain range? Where did the fire Lion Clan go? One had to know that the fire Lion Clan usually did not even go to the upper and lower veins. Now, they were not in the mountain range. Where had they gone?

Skybolt pig nodded with a serious face! (

## Chapter 2289 The Reason For Her Disappearance (1)

Lin Yi took a deep breath. This news was shocking, but ever since the spider Clan disappeared, Lin Yi's mental resistance became stronger. Seeing the fire Lion Clan disappear also made him want to leave this place as soon as possible ...

Similarly, Lin Yi left his message for the fire Lion on the ground and left with Jingyi and Skybolt pig ...

As for the truth behind the disappearance of the fire Lion Clan and Spider Clan, it would have to be pushed back to the night Lin Yi stayed in the spider clan's lair ...

A Silk Bridge was finally completed in the early hours of the morning, and just as the heaven rank Spider was about to take its tribesmen back to rest, an accident happened!

"Roar! Roar! Roar!" An angry roar sounded, and three fiery-red figures rapidly scuttled over!

It was the Great Fire Lion that had brought the young fire lions and lionesses to attack the spider Clan!

The speed of the three figures was extremely fast. Before the spider Clan could react, the three figures had already leaped onto the silk Bridge that the spider Clan had built. They directly forced the spider Clan members who were preparing to retreat to the other side of the mountain stream!

Although this Silk Bridge was built by the spider Clan, it was not something that could be destroyed in a short period of time. They could not spit out flames like the Great Fire Lion to burn down the silk Bridge, nor could they stop the Great Fire Lion from bringing the young fire lions and the Lionesses onto the silk Bridge. They could only retreat and escape continuously!

"Roar!" The Great Fire Lion roared, and the little fire Lion and the lioness beside it also roared angrily!

After the fire Lion went down the silk Bridge, it had no more worries. It directly spat out a flame breath and burned the spiders that were slow to escape. A large area of spiders was instantly burned!

Although it wasn't life-threatening, if these spiders wanted to recover their vitality, they would have to consume a lot of natural treasures!

The heaven rank spider's expression was very gloomy. What it was afraid of happened. It didn't expect that the Great Fire Lion would choose to attack at this time! And it was a three-headed Fire Lion!

What made it even more curious was that the lioness and the little fire lion's strength had both become Mystic late phase peak!

In this way, although the little fire lions and lionesses, who originally had no combat power, could not breathe fire, they could stimulate fire-type true energy. This hot true energy was shot out with their claws, which was also fatal to the spider Clan!

Today, when the heaven rank Spider saw the little spider picking that treasure from the cliff, it knew that things weren't going to be easy! It was because that heavenly treasure was a heavenly treasure that was useful to the fire Lion Clan, just like the heavenly treasure that the little spider had picked up for their Spider Clan.

As for the fire attribute heavenly and earthly treasure at the edge of the cliff, it was actually not of much use to the spider Clan. This was the first time the little spider had gone out alone to gain experience. It did not know this common knowledge and had also picked the heavenly and earthly treasure of the fire Lion Clan. This had violated the tacit understanding between the two Spirit beasts!

Although the two clans of spirit beasts had constant conflicts over the treasures of heaven and earth, they were only fighting over treasures that were useful to both sides. The treasures that were only useful to one clan of spirit beasts would be ignored by both clans!

After all, this kind of thing was useless to their own clan, so what was the point of picking it? At that time, if you picked someone else's, the other person would also pick yours. In the end, both sides would be injured. Wouldn't that be crazy? Therefore, for thousands of years, this had almost become an unwritten rule among the spiritual beasts of the two tribes on the oolong mountain range.

The little spider didn't know about this and touched the fire Lion race's fire element treasure. Because Lin Yi was there, and they had just found the little spider, the Sky

Spider didn't say anything. It hoped that the treasure was on the edge of the cliff and the fire Lion race didn't notice.

But now, seeing the fiery Lion Clan coming to find trouble, the heaven rank Spider knew that the fiery Lion Clan must have known that the fire-type treasure had been picked!

In the middle section of the Wulong hao te mountain range, there were only these two clans of spiritual beasts. Other ordinary small beasts would not dare to enter the territory of the middle section from the lower section, let alone pick up natural treasures!

Therefore, if the fire attribute heavenly resources were not picked by the fire Lion Clan, then it was undoubtedly picked by the spider Clan.

It was no wonder that the Great Fire Lion was so angry! The fire-type heavenly treasure was a heavenly treasure that was necessary to make the divine fire bomb. On the Wulong hao te mountain range, there were several of these heavenly treasures growing every year. The Great Fire Lion was very clear about it. According to the order of maturity, it picked them, and it just happened to be the one on the cliff!

However, when it went to pick it today, it found that someone had gotten it first!

This was for its benefactor to make the divine fire bullets-how was it going to explain to Lin Yi if it lost it?

So, how could the Great Fire Lion not be angry? What does your Spider Clan want? Do you want to break the rules that have been in place for thousands of years? It's true that everyone is fighting for public cultivation resources, but these private cultivation resources have never interfered with each other. When has the fiery Lion Clan ever touched your heaven and earth treasures?

In fact, this rule was also the reason why the heaven rank Spider let the little spider pick the spider clan's treasure. After all, it belonged to the spider Clan, and the fire Lion Clan didn't need to block the road and Rob!

However, he didn't expect that the little spider had less experience. He thought that it would be a good thing to find one more treasure!

The heaven rank Spider knew that it was in the wrong, but it really couldn't say anything. It could only force itself to command its clansmen to quickly retreat! They had given Lin Yi the inescapable net, and they couldn't do anything to the fire Lion race now. They could only avoid them!

Fortunately, the spider Clan was quite United. The uninjured spiders used their silk to pull the injured spiders to escape!

The Great Fire Lion did not intend to let them go. Instead, it continued to breathe fire, trying to exterminate the spider Clan!

This kind of killing in the territory near another's nest was rare in the past thousands of years. After all, there was no benefit. Whether it was the fire Lion Clan or the spider Clan, who wouldn't be so free as to harass others?

If he had the energy, he might as well go to the public treasures when they were ripe. Fighting in someone else's nest wouldn't actually benefit him much!

However, the Great Fire Lion was really angry today! Two hours after the fire-type heavenly treasure was picked, it lost its original effect, so even if it was found, it was useless. This was also the reason why it killed him as soon as it came!

The thing that it had promised its benefactor was now impossible, how could it not be angry?

Looking at the Furious Great Fire Lion, the heaven rank Spider had a headache! He knew that today's matter was difficult to fulfill! (

## Chapter 2290 The Reason For Her Disappearance (2)

It was also a heaven rank spiritual beast, but the other party was also one. It could not use its rank to suppress the other party, so it could only quickly think of a way ...

However, more and more Spider clansmen were burned by the flames, and the heaven rank Spider was having a headache! Without the inescapable net, the spider Clan was definitely not the fire Lion clan's match. If it was allowed to continue burning, the spider Clan would probably be exterminated today!

This timing ... It was really good! Normally, the spider Clan wouldn't have been forced into a corner. As long as they were near the nest, they would hide in the cave and everything would be over.

After all, there was an ancient restriction at the entrance of the cave, which the fire Lion Clan could not break. The spiders that went out to pick spiritual herbs all carried an inescapable net. If the situation was not right, they could cast the net and trap the fire Lion, then escape with the treasure!

Of course, there were also times when he made a mistake. After all, it was not easy to make an inescapable net. Not only did it require several spiders to weave it together, but it also needed to be matched with some special heavenly treasures of the spider Clan! Therefore, when there was no inescapable net, they could only try their luck. It was very likely that they would be hit by the fire lion's breath or a divine fire bullet, and then the heavenly treasures would be snatched away!

However, no matter which side suffered a loss, there would not be any life-threatening danger. However, today's situation was completely different. The fiery Lion Clan wanted to exterminate them!

"Wait a minute ..." The Sky Class Spider wanted to stop the fire Lion and tell him about Lin Yi. After all, Lin Yi was the common benefactor of the two, and maybe the fire Lion Clan would let him off!

But the heaven rank spider's words didn't have any effect. The Great Fire Lion simply ignored it and kept breathing fire, while the young fire Lion and the lioness used their claws to help attack the spider Clan.

There was no way out. There was a platform on a cliff, and the area of the platform wasn't big. Behind the platform was a cave, and inside the cave was the teleportation array left by the heaven rank spider's master!

In the cave, there was no way to go except for the array, but the heaven rank Spider had no choice. It was forced by the Great Fire Lion Clan. It had no choice but to lead its clansmen to retreat more and more. They all gathered in the cave, only to find out that they were like turtles in a jar.

If the Great Fire Lion really blocked the entrance of the cave, it would be over. As long as it kept spitting flames, the spider Clan in the cave would not be able to survive today!

What to do? The heaven rank Spider was desperately trying to think of a way. It seemed that the Great Fire Lion was really angry, otherwise it wouldn't be so aggressive!

But the heaven rank Spider didn't understand. Wasn't it just touching one of their herbs? It was reasonable to say that it was easy for the Great Fire Lion to ask for compensation. He came here to burn some of the spider Clan members, and then he could take the opportunity to ask for some other spiritual herbs as compensation. This deal was only profitable.

But what was going on today? It seemed that the big fire lion's family didn't come to scare people, but really wanted to kill them all! Otherwise, he wouldn't have been able to press on so tightly without leaving any room for negotiation!

The heaven rank Spider inwardly cursed. The spider race wasn't good at attacking, and even their defensive heaven and earth net wasn't in their hands. This really made it feel incomparable despair.

"Great Fire Lion, wait a moment. Didn't I just pick one of your fire-type heavenly resources? Is there a need for this?" "I can compensate you ..." The heaven rank Spider shouted.

"Heh, so you were the ones who picked it. Then there's no need to say so much nonsense! If I don't burn your entire Spider Clan today, I won't stop!" The big fire Lion roared as it rushed towards the mountain cave ...

The heaven rank Spider was speechless. This Great Fire Lion didn't even want to negotiate with you and directly interrupted you, not even giving you compensation?

Helplessly, the heaven rank spider's gaze suddenly fell on the teleportation array in the cave! Although it knew how to activate the array, it had never thought of activating it!

This was because spirit beasts and human cultivators both cultivated, but their methods of cultivation were different. It was hard to say if the levels above Sky Class were the same, so the Sky Spider didn't think about going to Sky Class Island!

Whether it was suitable for spirit beasts was a problem. What's more, if it left on its own, what would happen to the rest of the spider Clan? How could they be a match for the fire Lion Clan? However, if he brought his tribesmen with him, would there be any problems with the entire Spider Tribe?

The teleportation array could only be used by cultivators of heaven rank and above. Although the Constitution of spirit beasts was a bit more special than human cultivators, it was hard to say whether ordinary spirit beasts could withstand the energy of the teleportation array.

In summary, the Sky Class Spider had never thought of opening the teleportation formation itself, or it wouldn't have told Lin Yi.

But now, it was a life-and-death moment for the spider Clan. Even if the Great Fire Lion showed mercy and did not burn the entire Spider Clan to death, a mere burn would still cause great damage to the spider Clan!

At that time, because of the healing, there would be a large shortage of cultivation resources. The decline of the spider Clan was inevitable. At least, they would not be able to fight with the fire Lion Clan for a few hundred years!

Thus, the heaven rank Spider gritted its teeth. Rather than fighting here, it would be better to take the risk and escape with its entire race! Perhaps there would be new opportunities once the array was activated ...

However, doing so would be letting down Lin Yi's benefactor. He'd already promised him something, but things didn't go as planned. The spider Clan had to use the teleportation formation themselves!

Looking at the blue light emitting from the array, the heaven rank Spider let out a long sigh!

He'd have to repay Lin Yi's kindness when he had the chance ... With that thought, the Sky Spider quickly activated the teleportation formation according to the method it remembered, and ordered the entire Spider Clan, ""Everyone, follow me! Quickly pass!"

As soon as the heaven rank Spider finished speaking, a multi-colored Halo appeared in front of it. When the heaven rank Spider saw this, it clenched its teeth and took the little spider into the Halo, disappearing.

As for the other Spider clansmen, although they felt that it was a bit strange why a Halo would suddenly appear in the cave, under the command of the heaven rank Spider, they didn't hesitate to enter the Halo.

But what the heaven rank Spider didn't expect was that when the fire Lion race saw them escape into the Halo, they actually followed them in.

The fiery Lion Clan didn't know much about this teleportation formation. Therefore, they didn't know the problem inside. They thought it was just an ordinary passageway.
