

## Beauty and the Bodyguard

### Chapter 2311 2308-Lost Car

Although the gambler didn't report it to the police, the news had already spread in the underworld. In the end, it reached song Lingshan's ears through the mouth of an informant!

The gambler didn't report it, but Lingshan couldn't just ignore it. This was the third kidnapping case, and it seemed like the kidnapper was very aggressive ...

In an Inn in a small border town.

It was already night time when Jingyi woke up, and Lin Yi returned to reality from the Jade space. "You're awake? How do you feel?"

"I slept so soundly. It's the most peaceful sleep I've had in the past few days!" Sun Jingyi was full of energy.

"Let's go back after we eat something. " Lin Yi said. He didn't want to stay here any longer. Things were done here, and it was time to go back.

"Alright." Jingyi nodded-to be honest, she wanted to go back as well-Ruida was too dangerous, and she wanted to go back as soon as possible.

Lin Yi and Jingyi packed up their luggage and left the room together. They paid the bill on the first floor and went to the parking lot at the back of the inn. Lin Yi's eyes were wide open, and after a long while, he let out a curse, "F \* ck, Where's My Car?"

Lin Yi's Grand Cherokee disappeared! Lin Yi and Sun Jingyi left the border town with the car in the parking lot behind the inn. Since Lin Yi left under the arrangement of di Tong, the car was left in the parking lot of the inn.

It was an open-air parking lot, but Lin Yi didn't expect to lose his car here!

Jingyi, on the other hand, was surprised as well-she didn't check the car after returning to the inn, since she thought that it would be parked here forever and wouldn't go missing, but the empty parking space gave her a headache."What should we do?"

"..." Lin Yi hesitated. It was just a car, and to be honest, he didn't feel bad about it. But this car was different-he drove it to the Ice Palace, and it was a companion that accompanied him and Xiaoxiao through the last days of their time together. He had special feelings for this car, and that was why he didn't change it.

Now that the car was lost, Lin Yi didn't want to let it go. He thought about it and decided to look for it.

It was better to ask the local gangsters about this kind of thing. After all, the car had been lost for a few days, and he didn't know if it was still in this border town.

"I'll give the local a call. " Lin Yi thought of the local-the guy was a local, after all, so naturally he was well-informed.

He dialed the local contact's phone number, and the local contact quickly picked up the phone."Hello? I'm a local expert. "

"Local, it's me. A few days ago, I asked you for help to go to the town of Ruida." Lin Yi said.

"Brother, it's you. Are you coming back? I'll send someone to pick you up?" The locals got excited upon hearing Lin Yi's name.

"I'm already back, there's no need to pick me up. " Lin Yi said.

"I see, then you're here for ..." The local was a little disappointed to hear that Lin Yi was back. It seemed like he wouldn't be able to earn this money.

"I'm looking for you because I have something to ask you. Don't worry, the reward won't be any less than before." Lin Yi said.

"Argh! That's not a problem. Brother, if you have anything to say, just say it. I'm a local expert!" When the local expert heard that there was a job, he immediately became excited.

"It's still the same Dragon Inn. Come over, we'll wait for you at the entrance." Lin Yi said.

"Alright, I'll head over now." The local expert said happily.

As expected, it didn't take long for the local to arrive with a broken Jetta, and he got out enthusiastically when he saw Lin Yi and Jingyi. "Brother, you were looking for me?"

"Let's talk inside," Lin Yi said, pointing at the inn.

Lin Yi and Jingyi couldn't leave today, so they got their previous room back and asked the local to go upstairs.

The inn's restaurant was closed, so they couldn't eat.

But local expert didn't care-he was here to earn money. He followed Lin Yi to his room, sat down, and asked impatiently, "Brother, is there anything you need me to do?"

"I lost the car I drove here earlier." "You're a local, can you help me find out where the car went?" Lin Yi asked.

"Oh? The car was lost? Is it that Grand Cherokee?" The local expert still remembered Lin Yi's car.

"That's right, that's the one. " Lin Yi said with a nod.

"This ..." The local expert frowned and said, "Brother, forgive me for being blunt, but I can guess which group of people might have stolen this car, but the car that was stolen by them can't be recovered ... Your Grand Cherokee doesn't look very good and isn't worth much. Brother, do you really want to get it back?"

"The car has a special meaning to me." Lin Yi said.

"I see ... But brother, I'm telling you the truth. This is not easy to do ..." The local expert smiled bitterly, obviously afraid of something.

Lin Yi could tell what the local was thinking, but he didn't want to waste time explaining. He just wanted to know the results as soon as possible, "Two hundred thousand! I want to know where the car went by tomorrow morning, can you do that?"

"Si ..." The local heard Lin Yi's price and took in a cold breath!

A stolen Grand Cherokee like this, a car that couldn't be transferred, could probably be sold for a hundred to two hundred thousand on the black market. Lin Yi, on the other hand, was offering two hundred thousand just to get a car-he really did care about the car.

However, there was a good saying,"the timid starve to death, but the bold die." Although there was some risk in inquiring about this matter, it was 200000 Yuan. The local expert couldn't help but be tempted!

"OK!!!"The local expert suddenly stood up and said with a red face,""Brother, don't worry. Leave this to me. I'll get it done tomorrow morning!"

"En, I believe you!" Lin Yi said that he believed in the local, but he wasn't sure if the local had the ability to get information about his lost car.

The local expert ran out of the room in high spirits, using his connections to get information. Lin Yi only wanted information on the car's whereabouts, not finding it back. It wasn't too hard for the local expert.

"Is this car very important?" Jingyi didn't think that Lin Yi would spend two hundred thousand to buy the car back. She knew that the car was modified, and was suitable for long distance travel, but it didn't matter if it was lost-there was no need to go through all that trouble to get it back. (

## Chapter 2312 2311-There's News

"It's quite memorable-I drove this car when I sent Xiaoxiao to the Ice Palace. It's the last place we spent time together. " "The car's more important than its value," Lin Yi said, a little emotional.

"I see." Jingyi nodded in understanding.

"Actually, I just wanted to try and stay here for one night. If there's no news by tomorrow, then forget it." Lin Yi was just trying to comfort himself.

"En ..." Sun Jingyi could tell what Lin Yi was thinking.

However, to Lin Yi's surprise, the local expert came running back the next morning!

"Brother, there's news, there's news!" The local expert said excitedly.

"Oh? Is there really news?" Lin Yi blinked-this local guy sure was a talent. "Where's the car?"

"It's no longer in a small town on the border. The person who stole the car is a local group of thieves called bird three. He stole the car only because your car has a foreign license plate and no one has used it since you've been parked behind this Inn for a long time, so he took it away." "Then, for 100000 dollars, it was sold to a drug trafficking organization

called red conch. I heard that it has been transported to the neighboring qingran city to transport drugs ..." The local expert said.

"Qingran city? Red conch?" Lin Yi's eyes narrowed as he sneered. Red conch again? He'd wanted to make a move on this red conch back in Ruida town, but something happened that forced him to leave.

But he didn't think that the car would be taken by red conches on the first day he came back. These guys were nice, and if Lin Yi didn't go after them, he'd be letting them down for stealing the car!

Lin Yi had a special hatred for the red conch, not because they went against Feng Tianlong or kidnapped Feng Xiaoxiao, but because of the pangolin. Lin Yi couldn't let go of this!

The people and forces involved in the armadillo's destruction were all killed by Lin Yi one by one, like the common house Yu back then. Even with the Hidden House Yu backing them up, Lin Yi could destroy them as he pleased! And now, the red conch was only a branch in the country, with connections with the Firewolf gang and the Tagan family, but be it the Firewolf gang or the Tagan family, which one of them hadn't Lin Yi turned the world upside down?

Since he'd run into them, there was no reason for him to let them go. What he didn't expect was that qingran city was so close to a border town.

"Yes, it's in the nearby qingran city. That's the headquarters of the red conch." "The local expert nodded and said," brother, your car's license plate seems a bit special. Their people seem to recognize it. They bought it without bargaining for 100000 Yuan! However, if the car goes there, I'm afraid it'll be difficult to get it back!"

Special? Naturally, it was special. Lin Yi's car was given to him by Feng Tianlong, and the license plate belonged to the supernatural Investigation Bureau. This was red conch's enemy, how could they not recognize this car? It was obviously the best vehicle to transport drugs.

"I got it. Thank you for the information. I won't be looking for the car. Give me your account number and I'll transfer 200000 Yuan to you." Lin Yi and the local didn't want to find a car, but Lin Yi himself wouldn't let the red conch go so easily.

The local manager nodded, knowing that the car had left for the red conch headquarters. Even if Lin Yi was a golden class, he wouldn't go deep into The Tiger's Den. There was an Earth Class late phase peak in the red conch organization, after all, and Lin Yi was only a golden class. He'd just die if he went!

"Although I've found some information, it might not be of much use to you. Just give me 50000 Yuan. It's not easy for me to get 200000 Yuan." The locals were very trustworthy when doing business, which was why he had been relying on this line of business for a long time.

There were many repeat customers that were not a one-time deal.

"Hehe, then 100000 it is." Lin Yi didn't insist on paying two hundred thousand because he didn't want the locals to get suspicious.

"Thank you, brother. Shall I treat you to breakfast?" The local expert had earned a sum of money and was very happy.

"No need, we should go back." Lin Yi said.

"Alright, next time then." The local expert didn't force it.

After Lin Yi transferred the money to the local, he left the inn with Jingyi and took the travel bus out of the border town.

Lin Yi didn't call for a taxi at the border town-it would raise suspicion from the local forces. They wouldn't sell them out, but who knew if red conches had eyes on this?

Lin Yi wanted to uproot red conches "power in China, he wouldn't give them any time to prepare or breathe.

"You've decided to touch the red conch?" Jingyi asked in confusion as they got off the long bus and headed for the short-distance train.

"Yeah." Lin Yi nodded, "not for the car, but for a friend, a dead friend."

"Ah ..." Sun Jingyi paused. She was curious when she saw Lin Yi's sad face, but she was afraid of touching his sad past. She hesitated and didn't ask.

"Are you very curious?" Lin Yi looked at Jingyi, sighing.

"No, if anything happened to me and Wu Chengtian, you'd still stand up for us." Jingyi said.

"When we arrive at qingran city, find a hotel to stay in and pretend that you have no contact with me. I'll act alone for the rest of the things." Lin Yi said.

Qingran city was a big city, and although it was the headquarters of the red conch, they didn't dare to do anything illegal. Jingyi was safe in the hotel for the time being.

Lin Yi and Jingyi got on a taxi after reaching qingran city, and they went to a hotel to settle down.

"If you're bored, you can contact Wu Chengtian and the others. We're safe now anyway, I'll go do something and come back for you after." "But don't worry, it shouldn't be a problem. It'll be much easier than in Ruida," Lin Yi said.

"Will you put on the heavenly network and thousand silk mask?" "I don't need it here," Jingyi said.

"That's good too. I'll take one from the heavenly network and you can keep one. As for the thousand-thread mask, I can wear it too. It's good that I can do things without leaving any evidence." Lin Yi nodded, not rejecting the offer. (

## Chapter 2313 2311-Entering The Tiger's Den

Lin Yi wasn't 100% sure that he could pull the red conch up from the ground. After all, this was only a branch in the country. It was best if he didn't reveal his identity before he went to war with the red conch. He didn't want to attract unnecessary trouble.

After leaving the hotel, Lin Yi went to a place where there was no one and put on the mask. The appearance of the mask was different for everyone who put it on, but it couldn't be changed according to one's thoughts. In other words, everyone would change into a specific appearance after wearing it.

The Lin Yi with the mask on was completely different from before-the Lin Yi before was harmless and sunny, but the Lin Yi now was a cold-faced God, not to be messed with, like someone from the underworld.

Lin Yi stopped a taxi and went straight to the conch Bar. This was the stronghold of the red conch.

However, Conch Bar was a relatively large bar on the surface. Luxury cars were parked in front of the bar, and people were coming and going. It was bustling and lively. It did not look like a problematic bar at all.

Lin Yi was here to get to the bottom of things, and so he was playing the role of a young man who came here to drink and have fun after losing out at work or in love. He looked cold, but if Lin Yi showed a depressed expression, it wouldn't attract as much attention.

Since Lin Yi came alone, he didn't drive, so no one noticed him when he entered the bar.

Lin Yi found the most remote table and sat down, and a waiter came over to ask what he wanted to drink.

"A friend introduced me to this place. What's so special about the dishes?" Lin Yi took the menu and flipped through it.

"Rainbow whiskey is our bar's signature wine. It's sweet and doesn't get you drunk. It's smooth in texture. You can try it, Sir." The waiter recommended.

"Okay, a glass, a plate of nuts and a plate of fruit." Lin Yi said as he handed the menu back to the waiter.

"Okay, Sir. The total is 362 Yuan. I'll charge you 360 Yuan. Please pay first." The waiter noted down Lin Yi's order.

Lin Yi took out four hundred-Yuan bills from his wallet and gave them to the waiter. "The rest is your tip, keep the change."

"Ah? "Thank you ..." The waiter blinked and took the money. Lin Yi didn't look like a rich man, and he looked a little depressed. He didn't expect Lin Yi to tip him, and he regretted it a little-the drinks he recommended were too cheap. It seemed like this man didn't lack money!

But they'd already ordered, so the waiter could only wait for the opportunity to recommend something higher. After Lin Yi's order was served, the waiter stepped to the side, his eyes staring at Lin Yi from time to time.

Lin Yi was a cautious person, and naturally, he saw through the waiter's thoughts. He smiled slightly in his heart-he was just worried about not finding anyone to investigate, and this waiter came to him!

He put on an act and finished the glass of whiskey in one gulp before casually taking a few bites of the nut. He reached out his hand and called for the waiter. "Waiter?"

"Sir, do you have any orders?" The waiter ran over with a big smile on his face-he'd seen the thick stack of cash in Lin Yi's wallet earlier.

"This wine is not strong. Do you have anything more exciting?" Lin Yi's speech was very technical-he used stimulation, not better wine, giving people space for imagination!

This Conch Bar was the stronghold of red conch, and Lin Yi didn't believe that there wasn't any drug trafficking here! It was impossible that these waiters did not know the inside story!

Of course, for ordinary customers, these people would not sell drugs. After all, the risk was too high. But it was different for rich customers. These people were likely to become repeat customers. When that time came, the waiter would be waiting for a High Commission.

As expected, the waiter's face changed after Lin Yi finished his sentence. He lowered his voice. "There's ecstasy here. Sir, do you want to have some?"

"Ecstasy. It's not that interesting." Lin Yi wasn't interested. "Forget it. This isn't Ruida. I can't buy white noodles here. Get me some ecstasy."

Lin Yi was playing hard to get on purpose-the waiter was greedy, and Lin Yi wasn't afraid that the waiter wouldn't take the bait.

The town of releida? The waiter naturally knew this place. It was not far from the border town. Especially for a waiter like him who had been working for a few years, he knew a lot of inside information about the conch Bar. He naturally sold white noodles, but only to rich regular customers. Some were sold in bulk, and there were fewer individual customers.

The red conch had influence in the town of releida, so it was normal for there to be people selling white noodles. If the customer in front of him had stayed there before, it would make sense.

The waiter clenched his teeth at the thought. He decided to test Lin Yi. If Lin Yi really was a rich customer, then he might as well do business with him! After all, the waiter was very envious of the few people around him who used to be waiters. They had now become the backbone of the drug trade and earned a lot of money every month.

She gave Lin Yi two pills and Lin Yi tipped the waiter another four hundred Kuai, making the waiter even happier and a little dizzy.

Lin Yi took the pill and threw it into his mouth. Of course, Lin Yi's hands were fast to begin with, and he had a martial uncle who was a God of stealing. It was easy for him to make the waiter think that he had consumed the pill.

The waiter was a little surprised to see Lin Yi eat two pills at the same time. The pill wasn't too strong, but it could cause problems if one took too much of it, unless one was an old smoker. They were immune to it, so there was nothing to be afraid of.

It seemed that Lin Yi was one of those legendary old smokers-the waiter saw that he was completely fine after taking the ecstasy pill, and he was even more certain that Lin Yi was a high-drug addict!

"It's boring. When I ate it a few years ago, I felt something. Now, I don't feel anything!" Lin Yi shook his head, his face full of regret. "It's similar to jelly beans. It's not stimulating."

"Hey ... Brother, if you want to find something more exciting, we have it here." The waiter hesitated for a moment and said in a low voice.

"More exciting? Forget it, the price of white flour here should be much more expensive than overseas, and the purity is not high enough. There's no meaning to it. " Lin Yi said as he waved his hand, acting like he didn't care. (

## Chapter 2314 2312-Bait

"Hey, brother, you're right. I can guarantee you that the goods here are the purest you've ever seen. As for the price, the retail price is definitely more expensive than the wholesale price, but the price you get here is the lowest in the country!" The waiter had been working in the conch Bar for many years. He was also an outer member of the red Conch Bar, so he naturally knew some secrets!

The red conch was one of the largest international drug trafficking organizations, and the conch Bar was one of the strongholds of drug wholesale trade. Many foreign merchants came here to collect their goods, so the waiter dared to make such a big boast.

"Oh? Give me some to try. " Lin Yi said, interested in what the waiter was saying.

"Sir, if you're interested, please come to the private room with me. After all, this is a public place ..." The waiter carefully reminded.

"Alright, let's go." Lin Yi nodded.

The waiter happily led Lin Yi to a single room. People came to bars for the fun of it, and very few people would order a room. They would either sit in the hall, at the bar counter, or dance on the dance floor.

Therefore, the use of the private room was very simple. Other than for young men and women who had lost control, it was also for guests who came here to take drugs or trade drugs.

The waiter's nickname was "hammer." He had been working here for nearly five years, from a waiter to an outer member of red conch. Of course, he had no achievements. Other than the salary and Commission of a waiter, he had no other income. Seeing that he had become the contact of many drug bosses, hammer was very jealous.

However, his fate wasn't too good. Most of the people he met were just random customers. People like Lin Yi couldn't earn much no matter how rich they were.

But in comparison, he was already satisfied with a rich customer like Lin Yi-after all, it wasn't often that he'd run into a drug lord who came here to sell drugs.

After entering the room, Lin Yi looked around. The room was very small, with only a sofa and a coffee table. There was nothing else, and the decorations weren't very luxurious either. It was indeed a place for young men and women to vent and drug addicts.

"Sir, how many do you want?" After entering the private room, the hammer asked directly.

"What's the price?" Lin Yi asked.

"Five hundred per gram." The hammer said.

"Five hundred? It's really not expensive. " Lin Yi wasn't a drug addict, but because of the pangolin, he paid extra attention to the red conch and these drug lords, especially when bald Wolf was trading with autedi. Lin Yi did a rough calculation and found that the price was three to four dollars per gram. It was only five hundred per gram here, so it was basically eighty dollars. The retail price wasn't high!

Come to think of it, bald Wolf was dealing in large quantities, and the price in the retail market could be as expensive as two to three hundred dollars!

"Of course. I've already said that our prices are very advantageous." Chui Zi let out a breath of relief after hearing Lin Yi's words.

"Let's start with five grams. " Lin Yi took out three thousand Kuai from his wallet and gave it to the hammer."Just take the rest as a tip."

"Thank you, thank you!" The mallet took the money and went to prepare in high spirits. Not to mention the Commission for the five grams of white flour, just the 500 yuan tip was enough to make the mallet very happy.

Soon, theallet came back and gave Lin Yi five self-sealing bags and a set of flour-sucking tools. He smiled eerily, "Sir, please enjoy your meal. There's a handphone here. You can call me anytime and you can contact me. My name isallet!"

"Alright, you can go!" Lin Yi acted as if he couldn't wait any longer and waved his hand, signaling for the hammer to leave.

After they left, Lin Yi pretended to start "taking drugs." Of course, Lin Yi couldn't really do it-he wasn't an idiot. Practitioners could use Qi to force the poison out, but if he really did it, he'd be looking for trouble.

He'd had a lot of drug addicts when he'd been on a mission in the Virgin forests overseas-he'd seen them before, and started smoking like that!

Of course, Lin Yi was doing it for the people on the surveillance side to see. He didn't know if the room's surveillance camera was turned on or not, but even if Lin Yi found the camera, he didn't have any intention of destroying it. Lin Yi was doing this to make the other party lower their guard and use the hammer to get in touch with a Big Shot.

As far as Lin Yi was concerned, theallet's range of activity was only the conch Bar. This was only the red conch's stronghold, but it wasn't the headquarters. Lin Yi was here to cause trouble, and if he were to just come up and cause trouble, the people behind the scenes would've already hidden the news. Lin Yi was just a small fry who smashed the bar and caught some small fries-he wouldn't be able to hurt red conch at all.

Lin Yi looked like he was breathing, but he was actually holding his breath. He'd just casually wasted three thousand Kuai. Lin Yi pressed the call button in the room, and not long after, the hammer came running in.

"How is it, brother? is the purity okay?" Seeing Lin Yi's happy face, the hammer started calling him "bro" in order to make Lin Yi return as a regular customer.

"Oh, not bad!" Lin Yi waved his hand, "get me two drinks. I'm a little too excited. I'll drink some to calm myself down."

"Okay, brother, please wait a moment!" The hammer ran out of the room happily, quickly bringing back two glasses of juice and placing them in front of Lin Yi.

"How much is it?" Lin Yi asked.

"Hey, brother, are you looking down on me by asking this? You've given me so much tip, so this juice is on me!" Naturally, the mallet wouldn't make Lin Yi pay for two more glasses of juice-it wasn't that expensive anyway, so it decided to act generous.

"Alright, then I won't argue with you. Sit down and drink with me?" Lin Yi said as he pushed a glass of juice to the mallet.

"Alright!" Mallet agreed-he wanted to find a chance to build a relationship with Lin Yi, too. He wanted to see if Lin Yi could buy more white noodles at once and earn more money. This was why he treated Lin Yi to juice, and now that Lin Yi was inviting him, he naturally took the opportunity to sit down, "Brother, how should I address you?"

"People in the streets call me Pao, you can call me brother Pao." Lin Yi was used to using naipao's name, so he used it again.

"Brother Pao, haha, this name is so powerful!" "Brother Pao, are you satisfied with the goods in our store?" (

## Chapter 2315 2313-Meeting The Boss

"Not bad, at least there's no problem with the purity." Lin Yi nodded, "it's similar to the goods I brought in before. To be honest, my gang does this business overseas too. Your goods are of the same purity as the goods we bring in. It's hard to imagine that we'd be able to find such high purity goods here!"

"That's right, I didn't cheat my brother, right? I said the purity is definitely high!" Chui Zi was pleased with himself, but disappointed at the same time. So Lin Yi's gang overseas was doing this too? Didn't that mean that today was a one-shot deal? He was a little unwilling!

However, just as the hammer was unwilling to give up, Lin Yi opened his mouth again, "But the price is considered cheap for retail, but the price of the goods is a little high."

"Brother Pao, you want to get the goods?" Chui Zi's heart was suddenly filled with joy, and he couldn't help but ask.

"I do want to take the goods, but I definitely can't take them from you." Lin Yi said, intentionally playing hard to get. "The price here is too high!"

"Oh? What's the price of Pao bro's previous goods?" Chui Zi quickly asked.

"I used to get some from an overseas drug lord called autedi. It was about four or five dollars." "It's just that autedi disappeared all of a sudden, and I can't contact him, so I had to look for a new source!" Lin Yi said.

"Did you find Pao bro?" Chui Zi's heart was filled with ecstasy as he continued to ask.

"Not yet. I heard that there's a supply of goods in rileida town, so I thought about going there to take a look. However, I'm not familiar with the place and I don't know anything. I can't find any goods, so I plan to go there and take a look when I have time." Lin Yi said, pretending to be depressed.

After hearing Lin Yi's words, Chui Zi wanted to laugh. This was a Godsent opportunity! He was still thinking how he could do business with Lin Yi in the long run, and now it was delivered to his door! Four or five dollars, that was a very high price. Hammer knew that the people around him sometimes supplied drugs to the drug lords, and they did it directly in the conch Bar. They weren't responsible for sending the drugs out of the border, and they usually lowered the price to two or three dollars. Those large scale drugs that were sent to the border only cost three or four dollars. Lin Yi's price was quite attractive to him.

"Pao, if you're interested, I can talk to the boss. Although I don't know if we can make it as low as four dollars, five dollars should be no problem. And if you have a lot of them and

have your own way to ship them out, I can help you apply to see if you can get a lower price." The hammer said.

"Oh? You're not lying to me, are you?" Lin Yi looked at the hammer in disbelief. "You're just a bar, a small retail store, how could you have so much stock? And at such a cheap price?"

"Hehe, to tell you the truth, there's an international drug gang behind our boss. If you're interested, I can take you to see our boss." The hammer said.

Lin Yi, on the other hand, looked at the hammer warily. He sized it up and down, but in the end, as if he had made a decision, he gritted his teeth and said, ""Alright, lead the way!"

"Brother Pao, you won't lose out if you work with us. Don't worry!" Hammer was overjoyed and quickly brought Lin Yi out of the room, "This way, it's in the basement!"

Lin Yi nodded and walked to the stairs under a sign that said "staff passage, no customers." Mallet pushed the door open and led Lin Yi down.

The first floor of the basement really was the staff's passageway, and Lin Yi could see the busy waiters bringing out plates of Western food and snacks. It seemed that the first floor of the basement was the kitchen.

The second floor of the basement was a warehouse, which stored things like red wine. There were also waiters walking back and forth.

Further down, the third floor of the basement was relatively empty. There was no one there. It seemed to be a junkyard, with some wine bottles, beverage bottles, and some food boxes randomly piled up.

However, the mallet continued to lead Lin Yi down to the fifth floor, which was completely different from the fourth floor. At the entrance of the fifth floor, there was a metal door, and in front of the metal door stood two Men in Black, like door Gods!

Their expressions were cold and serious, and their waists were bulging. They were obviously carrying guns or something.

"What are you doing?" One of the door God armors asked.

"I'm the waiter, mallet. I've contacted a big client and want to see brother Dafeng. Can you please help me inform him?" The hammer said.

Men shenjia nodded and scanned Lin Yi's body before turning to men Shenyi, ""You stay here and look after them. I'll go in and report to brother Dafeng."

"Alright," he said. Men Shenyi nodded.

After door God Jia left, hammer gave Lin Yi a reassuring look. "Don't worry, brother Pao. I'll definitely get you a satisfactory price this time."

"Then ... Let's hope so," Lin Yi was still a little "unconvinced" of what had just happened—he couldn't believe that Chui Zi could get his hands on something so cheap.

Seeing Lin Yi's expression, the hammer didn't say anything. When they went to the boss's office later, they'd naturally see the boxes of white flour. When the goods were in front of them, Lin Yi wouldn't doubt it!

After a while, the door God armor came out and said to the hammer, ""Brother Dafeng is free now. You can go in, but you have to search him first!"

"No problem!" Chui Zi gave Lin Yi a look, "It's necessary to cooperate. "

"Oh ..." Lin Yi nodded in agreement.

Door God Yi walked over and searched Lin Yi's body carefully. He didn't have any suspicions about Lin Yi's "heaven and earth net" as he thought it was just a normal net, but he frowned at the box of silver needles, ""What is this?"

"It's for acupuncture," Lin Yi smiled, "sometimes, when your drug addiction kicks in outside, you'll learn acupuncture from someone. It can temporarily suppress the drug addiction."

Men Shenyi nodded, but naturally, he didn't think that Lin Yi could use the needles as a weapon. He didn't suspect anything and returned them to Lin Yi.

"That's enough, go in!" Men Shenyi said indifferently.

"Let's go, brother Pao!" Hammer greeted Lin Yi with a smile as he entered the fifth floor with Lin Yi.

The fifth floor of the basement was luxurious enough to make one speechless, but Lin Yi's expression didn't change. This should be the office of the conch bar's core members, and normal people wouldn't come here easily.

And hammer had obviously been here before, and was familiar with the situation here. (

## Chapter 2316 2314-Giving Himself Away?

The mallet led Lin Yi all the way to the end of the corridor, and they came to a room. "Brother Pao, this is the place, the office of our bar's boss, brother Dafeng!"

Lin Yi frowned. "Alright, brother Dafeng, right? I'll remember that."

The Mallet smiled slightly and knocked on the door. Brother Dafeng's deep and strong voice soon came from inside, "Please enter!"

Mallet pushed the door open and let Lin Yi go first. He followed Lin Yi into Dafeng's office.

However, the moment he entered, he gave the Mallet a huge shock!

A gun was pointed at Lin Yi's forehead! The person with the pistol was one of brother Dafeng's bodyguards, second deaf.

"Brother Dafeng, brother deaf, what's the meaning of this ..." Mallet looked at brother Dafeng who was sitting behind the office desk with fear and trepidation and asked hesitantly.

Lin Yi, on the other hand, had a shocked expression on his face, as if he didn't know what to do. However, Lin Yi was secretly speculating in his heart. What did this brother Dafeng mean? Was he testing him, or did he give himself away for something that made him do what he was doing now?

Before entering Dafeng's office, Lin Yi's Jade had sent out a warning signal when the Mallet knocked on the door. This was why Lin Yi frowned!

The warning wasn't strong, but it indicated that there was danger inside. In fact, it was a piece of cake for Lin Yi to Dodge second deaf's gun and then kill him with a backhand. However, Lin Yi didn't do that because he wasn't sure if brother Dafeng was just testing him or suspecting him.

"Boss Feng, you guys ... This doesn't seem to be the way to treat guests, right?" Lin Yi seemed to have just recovered from the shock-his expression was one of shock and anger, but his tone was uncertain."Mallet, what's going on? Your bar isn't trying to backstab me, is it? But I'm not afraid to tell you that I only have this much money on me, and I'm just an errand boy in my gang. If you want to extort money from me, you've got the wrong idea!"

"Brother Pao, don't get too excited. Let me ask first." The hammer quickly comforted Lin Yi and looked at Dafeng bro with a bitter face,"Brother Dafeng, you are ... Brother Pao is from an overseas gang, and he's in charge of buying white flour. He's a big customer!"

"Big client?" Dafeng bro's lips curved into a playful smile as he squinted his eyes and looked at Lin Yi. He asked indifferently,"Tell me, who are you, and what do you want to do here?"

"What do you mean by Who am I? Don't you know my identity?" Lin Yi frowned,"plus, I didn't come here for anything. It was Chui who brought me here. Do you think I could've come if he didn't ..."

"Don't beat around the bush, my patience is limited. " Brother Dafeng interrupted Lin Yi with a cold Hmph, "Don't treat us like fools. Are you a member of an overseas gang? You're here to buy drugs? What a coincidence, do you think you're that lucky?"

"Brother Dafeng, a straightforward person doesn't resort to insinuations. With all due respect, I don't understand what you mean. If you don't want to do business, then I won't force you. If the business can't be done, then benevolence and righteousness still exist. But what exactly do you mean by these incoherent words?" Lin Yi said unhappily, "I'm here to have fun. The hammer said that there's cheap goods here, so I came to have a look. But you're pointing a gun at me the moment you come in. You don't welcome me, so you don't have to let me come!"

"You're so eloquent. But do you think I'll believe you?" Brother Dafeng looked at Lin Yi mockingly and shook his head, "Forget it, since you don't want to say, second deaf, send him on his way! Since you've come here, don't leave!"

"Kada ..."

Lin Yi heard the sound of the bullet being loaded and knew that Dafeng bro wasn't trying to scare him. He was really going to kill him! Lin Yi didn't know what went wrong, but he couldn't just sit around and do nothing.

His right hand quickly stretched out and snatched the gun from second deaf's hand. Then, he followed up with a bang and smashed the butt of the gun on second deaf's forehead. Second deaf screamed in pain and fell.

"This ..." The hammer saw the change in front of him and was somewhat at a loss.

"Are you in a hurry to make a move?" The corners of brother Dafeng's mouth raised slightly as he said sarcastically.

"Could it be that if your people want to kill me, I can only sit here and wait for death?" Lin Yi said, still holding on to his last hope. "I don't know how I've offended you, but since I don't want to do business, then I have nothing to say. We're going our separate ways, so I'll have to trouble brother Dafeng to send me away."

"Haha ..." Dafeng heard Lin Yi's words and laughed as if he was watching a clown's performance. He asked with interest, "Are you done?"

"What do you mean by that?" Lin Yi frowned. This Dafeng seemed to be sure that he wasn't a foreign gang member looking for goods.

"Are you wondering where you've given yourself away?" Brother Dafeng said indifferently, "actually, from the beginning to the end, you've done well. There were no flaws to speak of. Our security guards here also saw the scene of you consuming white powder. It can be said that your performance was impeccable! However, your weakness isn't here, but the words you said!"

"What I said?" Lin Yi asked.

"What, you admit it?" Brother Dafeng sneered.

"So what if I admit it? Don't think that you can scare me with just a few armed men. " Lin Yi crumpled the gun in his hand into a metal ball and threw it on the ground with a loud "bang."

"Hehe ..." Brother Dafeng laughed again and started channeling his Qi. Instantly, his strength as a Mystic late phase peak was fully revealed!

"You're a cultivator?" Lin Yi was surprised. He didn't check Dafeng's strength before because he thought that the boss of a bar shouldn't be a master. Even the second-in-command of the red conch wasn't a master!

The bald Wolf wasn't a master, either, and Lin Yi assumed that there weren't many masters in the red conch. What surprised him was that the owner of the bar was a Mystic late phase peak!

"If I'm not a cultivator, can I be here?" Brother Dafeng smiled and said, "I'm not afraid to tell you. Those subordinates of mine are only dealing with ordinary people. I'll personally fight those who know martial arts!" Kid, you're pretty strong, but I think you're only golden class, so I'd advise you not to die. " (

## Chapter 2317 Who Exactly Are You?(1)

Lin Yi didn't show his strength at all. He only used his wrist strength to turn second deaf's spear into an iron ball, so according to Dafeng bro's deduction, Lin Yi should be around the Golden class physical practitioner level.

"I've underestimated you. " To be honest, Lin Yi didn't think that there would be a Mystic in the conch Bar! However, it was those sects and Noble houses that caused Lin Yi to misunderstand. He thought that the leaders were all martial arts masters, and since the first master was captured by Feng Tianlong, he probably wasn't very strong. Lin Yi also knew that the second master wasn't very strong.

The death warrior, on the other hand, was capable, but he was nothing in Lin Yi's eyes. That was why Lin Yi made a mistake and forgot that a gang leader might not be a practitioner! The hierarchy within a gang was different from those aristocratic families and sects. Their leader could be a ruthless person who could plan strategies or a wise man with great wisdom!

It was the same with the firewolves-an Jianwen was a bird, and all he knew was to do some dirty work to earn money, but he had a bunch of Masters under his command.

"You finally admit it? You're not a merchant, are you?" Brother Dafeng had a look of victory in his hands."Tell me, why did you come here? Who gave you the order?"

"I can tell you, but I want to know, how did you find out that I wasn't a drug dealer?" Lin Yi was curious.

Lin Yi had just recalled the whole process of him coming to the conch Bar. From fishing to taking ecstasy and white noodles, everything was very similar. There were no flaws at all. Also, autedi, who was "traded" with him, was taken away by Feng Tianlong, and the bald Wolf that was familiar with him was also caught. There was no evidence at all. Even if brother Dafeng investigated, he couldn't find anything from autedi. So Yang Ming was very confused.

"Actually, you made a mistake. It's not a big one, but it's not a small one either." Dafeng bro didn't hide anything, satisfying Lin Yi's curiosity,""Ruida town is also one of the biggest strongholds of red conches. It's even bigger than the stronghold in qingran city. How can you not find the supply there?"

"Why do you say so?" Lin Yi frowned.

"In the town of releida, if you go to any bar or nightclub, or even an Inn or restaurant, you can openly say that you want white flour. Someone will sell it to you. Can't you find a source?" Dafeng bro looked at Lin Yi sarcastically, "It's a small town that no one cares about. It's completely controlled by two gangs and three families. If you want to find a source of white noodles there, just say the word and someone will take you to our red conch headquarters. Why come here?"

"I see ..." Lin Yi let out a long breath. It seemed that the wise man may make a mistake. Lin Yi didn't think of this before! Indeed, just as brother Dafeng said, with the situation in Ruida town, it was just a matter of a word if he wanted to buy white noodles. Why did he have to come here?

"Alright, I've cleared up all your doubts. You can tell me where you're from, and I'll let you die a quick death." Brother Dafeng said.

"Dead? I've never thought about it. " Lin Yi waved his hand and knocked the hammer out. He didn't like the people from red conches, but it was the stupid hammer that led him here. Lin Yi didn't want to kill the donkey when it's already done, so he only knocked him out.

"You still dare to make a move here?" Dafeng bro looked at Lin Yi in disbelief.

"Nonsense, if I didn't dare to make a move, I wouldn't have let the hammer bring me here!" Lin Yi looked at Dafeng bro like he was an idiot. "Although you're smart enough to see through my identity, I can't let you go just because you're smart. I hate people like you who seem to be smarter than me."

“? ?” Brother Dafeng's eyes widened. He didn't understand why this brat in front of him still dared to say such words after he had displayed his strength. Could it be that he wasn't afraid of him? No, he was a Mystic late phase peak! He could do anything he wanted in the common world!

"In fact, my purpose was to have Mallet bring me here. Since I'm already here, it doesn't matter if you see through my identity or not. At most, it's easier for you to take me to see your boss willingly. Now, I have to put in some effort to force you to take me to see your boss willingly. The result is almost the same." Lin Yi said with a shrug.

"Kid, do you even know what Mystic late phase peak means?" Brother Dafeng had never been looked down upon like this ever since he stepped out of the Dao! Even the head of the common house Yu, Yu Shuixing, would respectfully call him brother Dafeng!

But one had to know that Shuixing was a Mystic late phase peak like him!

"I know a little." Lin Yi said.

"You still dare to say that even if you know? You're a newborn calf, aren't you? Did you know that even the Head of House Yu, Yu Shuixing, calls me brother Dafeng when he sees

me?" Dafeng bro felt that although he could insta-kill Lin Yi, it didn't feel good to be looked down on by Lin Yi! Before he killed Lin Yi, he had to let Lin Yi know what kind of high and mighty existence he was!

"Oh, so you're brothers with that old thing Yu shuixing, you guys are really close?" Lin Yi asked.

"Of course ... Don't change the topic!" "I'm just telling you the difference between Mystic and golden!"Dafeng glared at Lin Yi.

"Since you're brothers with Yu shuixing, don't worry-you'll be able to keep him company soon, and he'll be happy to see you being sent to him." Lin Yi was smiling, but he was ready to kill him. This guy was with shuixing, so he couldn't be a good guy. The pangolin's death was probably related to him too, so Dafeng was already a dead man in Lin Yi's heart.

"Who are you?" Dafeng's eyes froze. Naturally, he understood Lin Yi's hint-Yu shuixing was dead, he knew that. How did this young man know that the common house Yu was destroyed? Could it be related to him?

"The enemy of your red conch!" Lin Yi said.

"Forget it. Since you won't say it, then don't ever say it." As brother Dafeng spoke, the might of the true Qi in his entire body suddenly strengthened and was instantly released to its peak! (

## Chapter 2318 Who Exactly Are You (2)

He jumped up from his chair and threw a punch at Lin Yi. He didn't care who Lin Yi was or what his purpose was-he had to die!

Too many people had died under his fist, and it was impossible for brother Dafeng to ask about the identity and purpose of every one of them.

"Bang ..."

There was a loud bang, followed by an agonized scream.

The person who screamed wasn't Lin Yi, but Dafeng bro. Dafeng bro's fist was about to hit Lin Yi's chest when he felt a sharp pain in his stomach. Immediately after, his body inexplicably flew out and fell back onto the office chair as if he was replaying the scene of him jumping out of the office chair!

It was just that he had fallen, so the force was huge. With a "plop", the strong recoil broke the start lever of the office chair, and the starting lever that flew out directly exploded brother Dafeng's anus.

"OWW ..." Brother Dafeng let out another blood-curdling scream and knelt on the ground. Tears were flowing out of his eyes.

"..." Lin Yi was a little speechless. This Dafeng bro was really unlucky. He just wanted to kick him back so that he would cooperate with him, but the starting lever of the swivel chair exploded and burst his ass!

"You ... What kind of expert are you?" Dafeng bro had one hand on his stomach and the other on his butt as he looked at Lin Yi in fear. At this moment, even an idiot would understand that Lin Yi was stronger than him. Otherwise, he wouldn't have been sent flying with one kick. He just didn't know how much stronger Lin Yi was.

Lin Yi didn't answer the question but asked back, "Where is the headquarters of red conch?"

"Just kill me. Don't even think about getting anything out of me." Dafeng bro knew that he couldn't do anything to Lin Yi, so he didn't try to resist anymore. Even if Lin Yi was one rank higher, he was still stronger than him, especially when he was injured. He was no match for Lin Yi.

And betraying the red conch would become a terrifying nightmare! Brother Dafeng felt that it was terrifying just thinking about it.

"Is that so?" Lin Yi's eyes went cold, "I don't like you red conches at all, so don't blame me for being too cruel. I don't usually use this kind of cruel trick, but you guys are an exception."

Lin Yi's words made Dafeng bro shiver. He knew that Lin Yi would torture him to get the information he wanted, but thinking about the consequences of betraying the red conch, Dafeng bro gritted his teeth and snorted, "If you want to kill me or cut me up, do as you please. If you want to get anything out of me, there's no need to waste your energy."

"Oh, I hope you can still be so stubborn later. Don't regret it!" Lin Yi didn't say anything. His right hand moved slightly and a few silver needles slid into his hand. He raised his hand casually and inserted the silver needles into Dafeng bro's body!

Dafeng bro was a Mystic and had Qi protecting him, but he was injured and was prepared to die. He didn't use any Qi to protect himself. As far as he was concerned, Lin Yi's level was higher than his, so even if he tried to protect himself, Lin Yi could easily break through his Qi.

Plus, it was better to let Lin Yi kill him than to defend himself with pure Qi! But he didn't expect Lin Yi to have no intention of killing him at all. If he had pure Qi to protect his body, it would be very difficult for Lin Yi's Silver needles to Pierce into his body. But he didn't use pure Qi to protect his body, which made it easy for Lin Yi.

She didn't know what Lin Yi was up to, but she knew that he wanted to torture her. Brother Dafeng kept his mouth shut and didn't say a word. He just wanted to let himself be busy.

However, the next moment, he realized that something was wrong because what happened next made him feel so much pain that he wanted to die!

"Ouch ..." Brother Dafeng suddenly let out a shrill scream from his tightly shut teeth. Then, he rolled on the ground. He felt as if there were countless ants biting his skin on his

body. They kept biting and tearing. His hands couldn't move, and he couldn't stop the itch. He could only roll back and forth on the ground to alleviate the pain!

The tables, chairs, vases, magazine racks, and other things in the office were all knocked over by brother Dafeng's rolling body. This feeling made him feel so much pain that he wished he was dead!

What was going on? Did Lin Yi poison him? There was poison on the needle?

Thinking of this, brother Dafeng wanted to roll the silver needles off his body. However, he did succeed. The silver needles also rolled off, but the pain in his body didn't decrease at all!

At this point, brother Dafeng finally understood what it meant to not regret it. At this moment, he was simply living a life worse than death! He rolled back and forth on the ground, but it was not effective. He wailed and cried out in pain ...

"You're too noisy!" Lin Yi frowned and waved his hand. Another silver needle flew out and pierced into Dafeng bro's mute acupuncture point. He couldn't make a sound anymore. Even if he was in pain, he could only make that kind of "hehe" sound ...

Acupuncture was something Lin Yi's master had taught him before. He could use silver needles or fingers, but it was a move that could cause a lot of pain to his enemies. Lin Yi rarely used it, only on people he hated so much that he would try it on them.

At this moment, brother Dafeng's heart was filled with fear. There was no need to talk about the physical pain, but the mental pain at this moment made him even more horrified. Not only was he extremely uncomfortable, but he couldn't make a single sound!

Who was this person in front of him? he actually had such means?

He said he was the enemy of the red conch, but the red conch didn't have any enemies. On the surface, the red conches and the Firewolf gang were at odds with each other, but that was just on the surface. A small leader like brother Dafeng knew the truth. The red conches and the Firewolf gang were actually of the same lineage. They were both forces established by the same boss behind the scenes ...

Could he be from the supernatural Investigation Bureau? The only enemy that brother Dafeng could think of that had a hostile relationship with the red conch was the supernatural Investigation Bureau.

However, when did such a ruthless person appear in the supernatural Investigation Bureau? Could it be that his Guild's intelligence system was too weak?

But no matter what, at least, brother Dafeng was now really living a life worse than death! He wanted Lin Yi to kill him, to end him. He even wanted to end his own life, but he couldn't move his hands or speak. He couldn't die even if he wanted to!

Lin Yi had said that he hoped that he wouldn't regret it, but at this moment, he really did regret it. It was so painful, he wanted to die!

However, Lin Yi seemed to have seen through Dafeng's thoughts. He attacked again and the silver needle flew out from his hand, removing Dafeng's mute acupuncture point. This time, the person in the center could make a sound and continue to scream. (

## Chapter 2319 2317-Is It True?

"So, do you want to continue or cooperate with me? what will you answer when I ask you?" Lin Yi asked faintly.

"I'll answer! I'll answer! Please let me go, I beg you ... Ah ... It's too painful!" The person in the center howled in pain.

"Alright, but if you don't cooperate, I'll have to give you something more ruthless!" With that, Lin Yi waved his right hand again and shot out a few silver needles, returning Dafeng to normal.

"Hu ..." Brother Dafeng let out a long breath. Lin Yi's method almost killed him just now, but now he felt unspeakably relaxed, as if he had just come back from the dead! When he wiped his forehead, it was already covered in sweat!

The hell-like torture he'd experienced before had him trembling in fear, and he hated Lin Yi to the core. He saw that Lin Yi didn't stop him from wiping his sweat after unsealing his acupoints, and an idea came to his mind!

He wanted to take advantage of Lin Yi's moment of relaxation to commit suicide! As soon as this bold idea came to his mind, brother Dafeng immediately put it into action. He suddenly pulled out an exquisite small pistol from his body and shot himself in the temple!

"Bang!"

The familiar gunshot didn't come, but the loud "bang" was Lin Yi stepping on Dafeng bro's right hand. Dafeng bro's right palm and the gun in his hand were crushed by Lin Yi!

"It seems like you haven't had enough fun? How was it? Again?" Lin Yi looked at Dafeng bro coldly and raised his foot.

Dafeng looked at his palm that had turned into a pile of flesh and blood. He wanted to cry, but no tears came out. The pain in his heart was far more intense than the pain in his hand. He was a Mystic late phase Peak Master, and in theory, the speed at which he pulled out his gun was fast enough, but Lin Yi could still crush his palm one step ahead of him. This made Dafeng feel a deep sense of defeat!

He had lost, he had completely lost!

Dafeng bro sighed. The person in front of him wasn't someone he could fight against and play tricks on. If he didn't want to suffer, he had to cooperate with Lin Yi. Otherwise, that kind of pain might repeat itself!

"What do you want to know? I'll cooperate with you!" "However, please kill me after you get what you want to know," said brother Dafeng.

"Oh?" Lin Yi paused. This Dafeng bro was really interesting. Other people wanted to live after cooperating, but he wanted to die after cooperating. It was really magical.

"Even if I say this, the red conch will not let me go. So just kill me." Dafeng bro explained as he saw Lin Yi's expression and knew what he was thinking.

"What are you in charge of in the red conch gang? How many people does red conch have in its headquarters in qingran city? besides you, how many cultivators are there?" Lin Yi asked in one breath.

"You can see what I'm in charge of at red conch. It's this bar. I'm in charge of receiving customers who come here to get their goods. I'm actually a big drug lord." Brother Dafeng said honestly,"as for how many people there are in the red conches, it's hard to estimate. There are core members and peripheral members. You saw it. Mallet is a peripheral member. I haven't counted this number! As for the other cultivation, although I'm considered a core figure in red conch, I don't know how many cultivators there are!"

"You really don't know?" Lin Yi frowned and looked at Dafeng bro,"If you say something else, I'll believe you. But if you say that there are countless cultivators, do you believe it? You're a cultivator yourself, and you're a pretty strong one at that. Don't you usually spar with the other cultivators in the gang?"

"Well, actually, the third-in-charge of our qingran City branch is also a cultivator!" "I'll definitely be severely punished if I reveal this," brother Dafeng said helplessly."But since I'll die either way, I'll just tell you."

"What's his strength?" Lin Yi was surprised. He didn't expect the third head of the red conch to be a practitioner. He didn't know about this before.

"Earth Class late phase peak!" "If you want to cause him trouble, I'd advise you to forget it. You're stronger than me, but I think you're only earth Class early phase or mid phase-not too high. You're no match for the third master," brother Dafeng said.

"The third master is an Earth Class late phase peak?" Lin Yi frowned. He didn't think that the 3rd in charge would be this strong! It seemed that the red conch had been hiding its true strength!

But thinking about it, the red conch and the Firewolf gang were connected, so it was reasonable for them to have an Earth Class late phase peak.

"Where are the others?" Lin Yi asked.

"There are two Mystic late phase peak like me, One Earth Class early phase, and the third master's master is a Sky Class, but he's not here." Since brother Dafeng had already chosen to say it, he naturally wouldn't hold back and said it all in one breath.

"Very good, take me to your red conch headquarters and tell them that I'm a customer here for business. But don't try to play any tricks, or I'll make you feel as good as you did just now!" Lin Yi said.

"No, you should just kill me. It'll be troublesome if I don't die after I go ..." Dafeng shook his head, rejecting Lin Yi's suggestion, ""You promised me that you'd give me a quick death after I said all this!"

Lin Yi frowned, "you might not die if you go with me. Are you that confident in the third head? do you think I'm no match for him?"

"He's an Earth Class late phase peak-unless you're a Sky Class, there's no way you're his match!" Brother Dafeng shook his head with a very determined look.

"Isn't that better? If you kill me, you'll say that you were forced to do so. You can say whatever you want, right?" Lin Yi looked at Dafeng curiously, "At worst, I'll just die. Can it be more painful than before?"

"More painful ... I don't know if it's painful or not, but those who betrayed the red conch all ended up very miserable. They were all taken away to make drugs with the captives ..." Brother Dafeng shook his head. "I've seen those traitors and captives. They're living a life worse than death!"

"Captive? What did you just say? Your red conches used the captives to make drugs?" Lin Yi's heart skipped a beat, like a drowning man grabbing onto a life-saving straw. He glared at Dafeng bro, "Really?" (

## Chapter 2320 2318-Sun Jingyi's Call

"Of course it's true ..." Dafeng bro didn't hide anything from Lin Yi, but he was curious about Lin Yi's reaction, ""Why are you so excited? You've also seen those prisoners and traitors who make drugs?"

Lin Yi took a deep breath, calming himself down. "Where did those captives come from?"

"The people who are against us red conches are from opposing gangs, mercenary organizations, and people like you ... Of course, you're so powerful, so it's impossible for you to be captured. I'm just giving an example ..." Brother Dafeng said.

"You've seen those captives? Where were they? Why do you say that it's better to die than to live?" Lin Yi's heart was filled with excitement. The pangolin ... Might not be dead! If huaijun hadn't seen his dead body, then he'd probably have been taken captive by the red conch. Now that he heard what Dafeng bro said, it was even more likely-they needed someone to make drugs for them!

"Those captives were originally in a secret base near the Golden Triangle. However, I heard that they were attacked and moved away. I don't know where they moved to now. This is the secret of the red conch. I guess even the third head doesn't know." Brother Dafeng said.

"Then how did you know?" Lin Yi frowned, trying to see if Dafeng bro was lying.

"I used to be in charge of keeping these people in custody ..." Brother Dafeng said. However, he was later sent here to oversee things. It could be considered a promotion, but he could no longer come into contact with the process of refining drugs.

"So that's how it is. Then why do they say that life is worse than death?" Lin Yi was more concerned about this.

"It's better to die than to live. Those people don't have their own thoughts. It's as if their bodies have been changed by some medicine. They have been transformed into bio-humans who only know how to work. They are like a group of puppets who only know how to do things obediently ..." Brother Dafeng said. "I don't know if they have any thoughts because they don't know how to communicate. All they do every day is make drugs. I'm afraid that if I betray the red conch, I will become like that too. It would be worse than death, so why don't you just give me a quick death and kill me? I don't want to become that kind of half-human half-ghost bio-human!"

"Bio-humans ..." Lin Yi took in a cold breath after hearing Dafeng bro's words. Those captives and traitors were all modified into bio-humans. He only knows how to make drugs and has no thoughts? Lin Yi's heart ached at the news. Even if the pangolin was still alive, it would have been transformed into a bio-human by now. Would it be able to return to normal?

However, Lin Yi knew that he couldn't let his emotions affect the big picture. He took out his phone from his pocket and opened a photo. He enlarged the person in the photo and raised the photo in front of Dafeng's eyes, "Since you've been in charge of the poison refinery base, take a look and see if this person is among the bio-humans."

The picture in Lin Yi's hand was the pangolin's picture-he'd shown it to Ziyu before, but he'd omitted himself this time.

"This ..." Dafeng bro looked at the picture on Lin Yi's phone and shook his head blankly,""As you know, there are thousands of bio-humans in the base. How can I go to every single one of them? I'm only in charge of keeping this place from being invaded by foreign enemies and not being discovered. How can I have the mood to see people?"

Lin Yi nodded. Dafeng bro was right. With his situation at the time, he really couldn't have paid attention to what those bio-humans looked like.

"Have you heard where the poison refinery base went?" Lin Yi asked.

"I'm not sure. After I was transferred there, there was no need to find out. I'm doing well here and I don't want to go back at all. " Brother Dafeng said.

What brother Dafeng said was the truth. This place spent every day drinking and drinking, and the poison refinery base was boring. Who would be willing to go back?

"Take me to your third master." "I'll give you a quick death when we get there,"Lin Yi said." Or, you can trust me and place your bet on me. I'll take you away after I kill the third in charge and the others, but you'll be my underling from now on. You'll be in charge of coordinating from the inside and outside to help me find the base!"

"SSSS ..." Dafeng bro jumped in shock. He didn't expect Lin Yi to say that!

Why did Lin Yi say that he was confident in killing the third in charge? Could he really be a Sky Class? Or did he have a trump card?

In fact, Lin Yi didn't have much confidence. He said this as a gamble. It was good to take brother Dafeng and leave after eliminating the third-in-charge and the others, but if he wasn't the third-in-charge's opponent, he was confident that he could kill brother Dafeng before he ran!

After all, the third master wasn't a Sky Class master-even if Lin Yi couldn't beat him, he could still escape.

Plus, Lin Yi wasn't confident before, but after creating the "raging fire Eight Trigram palm," he really wanted to test out its power. He could use the 3rd master as a practice!

Hearing Lin Yi's conditions, Dafeng bro's expression loosened up a little. Who would want to die if they could? As the saying goes, it's better to live than to die. Dafeng bro wanted to die because he was afraid that the red conch would turn him into a living hell, but if he could continue to work for Lin Yi and keep his consciousness, he didn't want to die.

After hesitating for a while, brother Dafeng said,"You ... Have the confidence to kill the third head?"

"Yes, but everything can change. But before I escape, I will definitely kill you. I don't want my identity and the things I want to know to be exposed. I know your secrets, and you also know some things about me." Lin Yi said it on purpose to boost Dafeng's confidence.

As expected, Dafeng bro remembered Lin Yi's face and knew that he came to the red conch to find someone. He was full of confidence! Yes, even if Lin Yi was about to leave, he'd definitely kill him. Why not take a gamble? if Lin Yi didn't die and killed the red conch, then who would he work for?

"Alright, I'll follow you!" "I'll take you to the red conch's headquarters to cause some trouble,"said brother Dafeng.

However, Lin Yi's phone rang just as he and Dafeng were about to leave!

Lin Yi thought it was weird-no one should be calling him, after all. He picked it up and saw that it was Jingyi. He was even more confused, but he picked it up quickly. "What's wrong, Jingyi? What happened?" (
