

Bodyguard 2321

Chapter 2321 Sun Jingyi In Danger

Jingyi knew that she was out on business-she wouldn't call him without a reason.

"Lin Yi, I was eating in the hotel's restaurant just now and saw a couple of punks putting something in my drink. They were sitting in front of me with bad intentions, and I didn't dare to stay any longer, so I went to the washroom before I finished eating ..." Jingyi said quickly.

"What?" Lin Yi blinked-he didn't think that the gangsters here would be this crazy, trying to poison Jingyi in a hotel restaurant. What was their goal? Was he after Jingyi's beauty, and wanted to drug her or kidnap her?

"Wait for me, I'll be right back. Stay in the bathroom and don't come out ..." Lin Yi said.

"Alright ... Ah! What are you guys doing? Why are you here?" Jingyi's shocked and angry voice came from the other end of the phone, and then the phone was snatched away with a "pa" sound ...

"Jingyi!" Lin Yi's heart jumped, and the Hooligan's savagery was out of his expectations. The drug didn't work, and he ran into the bathroom to take her away!

"What's wrong? What happened?" Dafeng bro quickly asked after hearing Lin Yi's words.

"My friend was in a hotel and was drugged. She ran to the bathroom and those hooligans rushed in too." Lin Yi said briefly.

"Oh? What hotel?" Brother Dafeng asked.

"What hotel?" Lin Yi frowned-he really didn't remember. He asked the driver to recommend a big, luxurious hotel, but he remembered the address, not the name. "It's at 1 Miluo road. What hotel is it?"

"Er ... It's on the way. We're going there too ..." Brother Dafeng smiled bitterly and said, "That's the fire Wolf Hotel, one of the biggest luxury hotels in the city. It's also the headquarters of the red conch in qingran city."

"Fire Wolf Hotel?" Lin Yi blinked, not expecting the name of the hotel. "It's the property of the firewolves?"

"You know about the firewolves?" Brother Dafeng was also stunned.

"I know. Aren't you from the same family as the firewolves?" "But you guys actually publicly put your headquarters together?" Lin Yi asked.

"Those who are able to come into contact with my third in command would know this secret." "It's not unusual for your female companion to be taken away if she's staying in the fire Wolf Hotel," brother Dafeng said. "Their target is this kind of foreign woman who's single and staying in the fire Wolf Hotel. Your female companion must be very beautiful, right?" Otherwise, they wouldn't have been so impatient to make a move ..."

"What, you know?" Lin Yi could tell from Dafeng's tone that he knew about Jingyi's kidnapping.

"It's still related to the poison refinery base ..." Brother Dafeng smiled bitterly. "The poison refinery base is located in a remote area and is closed all year round. Although the people working there are all bio-humans. The management level is made up of normal people, such as me! There aren't many sex places there, so when there's a physiological need, they naturally have to catch some girls. However, there are often girls who can't stand it and commit suicide, so every once in a while, a new batch will be sent over."

"You mean, they captured my female companion to send her to the drug refinery base?" Lin Yi frowned, his face dark.

"But don't worry, there won't be any danger for the time being, because we have to catch at least ten people before sending them once. There will be special martial masters coming to take them away. Your female companion must be locked up in one of the rooms in the hotel." Brother Dafeng explained.

"Those hooligans won't do anything to her?" Lin Yi let out a breath of relief after hearing Dafeng bro's words.

"No, there's a high-level leader there, how could the punks get the first place? Isn't it disgusting to send her there after she's tired of her?" Dafeng bro saw Lin Yi's face turn dark and quickly added, "Of course, I'm not talking about your female companions ... They must be blind to have the audacity to capture the people around you ..."

"It's nothing. Let's go together. " Lin Yi nodded. Since sun Jingyi was fine for now, he naturally let out a breath of relief. However, he was still thinking about something!

A thought flashed through Lin Yi's mind-he'd let Jingyi play along and pretend to be caught, and when she was sent to the base, he'd follow her and destroy the base!

However, Lin Yi extinguished the thought as soon as it appeared. It was too dangerous!

Putting aside the strength of the Martial Master Dafeng bro was talking about, Lin Yi didn't even have the ability to fight him. Even if he could, it was too dangerous for Jingyi to wait here until there were ten people. Jingyi wasn't a practitioner, and she didn't have the strength. If something happened, it would be too late for Lin Yi to regret it.

The base wasn't in a hurry-if the pangolin wasn't dead, then it was most likely a cyborg. It didn't matter if Lin Yi went earlier or later, he'd rather wait until he had the strength.

"How about this? I'll go in alone later and cause a scene at the fire Wolf Hotel. You wait for me at the door. If I can't see the third master, you can help to introduce him." Lin Yi said to Dafeng after some thought.

"Well ..." Dafeng knew that Lin Yi wanted to use the kidnapping of his partner to go crazy. This way, the third-in-charge and the others wouldn't think that Lin Yi was here to deal with them on purpose, but to stand up for sun Jingyi. Even if Lin Yi made a scene, the third-in-charge wouldn't run away.

This way, Dafeng bro didn't have to do anything. He was happy, but he was thinking, what if Lin Yi didn't see the third master after the mess? Wouldn't those people know Lin Yi if he introduced them again?

"Don't worry, I'll change my appearance. " "If it doesn't work, I'll go with you in another disguise," Lin Yi said faintly.

"That's possible. " Brother Dafeng heaved a sigh of relief and was secretly delighted.

"You have a car, right?" Lin Yi didn't give Dafeng time to gloat and asked.

"Yes, yes!" Dafeng bro and Lin Yi walked out of the office side by side. Before they left, Dafeng bro gave second deaf and hammer an anesthetic needle each. They probably wouldn't wake up for a day.

Lin Yi and Dafeng were like friends who had just finished a business deal. They came from the basement to the bar's parking lot without attracting any suspicion.

"Please get in ..." Dafeng bro's car was a Toyota Lando Luze, and he opened the passenger door to let Lin Yi in before starting the car and driving towards the fire Wolf Hotel."Boss, how should I address you in the future?"

Chapter 2322 Back To The Hotel

Since Dafeng bro had decided to follow Lin Yi, he naturally called him boss.

"Just call me Eagle." Lin Yi was using his old codename, the one he used when he was on a mission with the pangolin. Since he was taking revenge for the pangolin, he decided to use it again.

"Then I'll call you brother Ying from now on." "You can just call me Dafeng in the future," said brother Dafeng.

"Yeah." Lin Yi replied faintly, wondering if the third-in-charge knew where the base was.

The car soon arrived near the fire Wolf Hotel. Lin Yi didn't let Dafeng drive the car to the entrance, but parked it in a remote alley. He was afraid that the hotel people would recognize his car.

Before getting off the car, Lin Yi tapped on Dafeng's body a few times and said, "I won't unseal your acupoints. You can't use your hands or legs for the next ten hours. Of course, you can try to force open your acupoints with your true Qi, but you'll have to bear the consequences."

"Brother Ying, don't worry. Actually, even if you didn't strike my acupoints, I wouldn't have run away. I'll follow you from now on!" Dafeng could see Lin Yi's determination to kill the red conch, so he wouldn't do anything behind Lin Yi's back before he failed.

Of course, he was forced to do this—he couldn't really submit to Lin Yi now.

Lin Yi nodded and didn't say anything as he walked towards the fire Wolf Hotel.

"BOOM! Hua la!"

Lin Yi didn't push the door open, he kicked it open. Outside the hotel, a luxurious crystal revolving door was sent flying by Lin Yi's kick, directly hitting a security guard sitting at the front desk, turning him into a meat pie!

The security guard didn't even have time to groan before he died!

The security guard was a small character, but he was either a member of the red conch or the Firewolf gang. Otherwise, he wouldn't just watch a gangster take away a single female customer without doing anything. Lin Yi didn't feel any sympathy for him at all.

"Ah, Yingluo."

This sudden turn of events made the hotel's staff scream in horror! Someone actually dared to come to the fire Wolf Hotel and cause trouble? After all, which local gang member didn't know the background of the fire Wolf Hotel?

However, there were also courageous waiters who pressed the emergency button. Suddenly, the hotel lobby rang loudly with a "Wu Wu Wu" sound.

Of course, this was because Lin Yi couldn't stop it. If he wanted to stop it, these waiters would've fallen to the ground already, and they wouldn't have time to press the beeper.

A group of security guards rushed out of the security room and surrounded Lin Yi, who was standing in the lobby.

"Kid, Who are you? How dare you come to our Fire Wolf Hotel and cause trouble?" One of them was wearing a different uniform-he was the security Captain. He raised his Baton and pointed it at Lin Yi.

"You guys are the security guards of this hotel?" Lin Yi looked at the security Captain indifferently-he wasn't a simple man. He was golden class mid phase peak, after all. The fire Wolf Hotel was a den of thieves.

"Security? You can think of it that way, but in front of you, we are just thugs!" The security Captain smiled coldly at Lin Yi."We only protect the guests in the hotel. For people like you who want to cause trouble, we usually come in standing and leave lying down."

"Protect the guests?" Lin Yi looked at the security Captain sarcastically. If he didn't say that, Lin Yi wouldn't have wanted to kill him, but the security Captain said he was here to protect the guests? Knowing that Jingyi wasn't in danger for the time being, Lin Yi smiled instead of getting angry."In that case, my girlfriend called me in the hotel and said that a gangster drugged her drink. My girlfriend hid in the bathroom, and they rushed in to take her away. Don't tell me you don't know or that it was your people who did it?"

The security captain's eyes flashed with panic-he knew about this, but he didn't expect Jingyi to have a partner here, and that they'd be here so quickly-a practitioner, no?

Otherwise, Lin Yi wouldn't have been able to kick the door away with one kick. Even if he wasn't at the early phase of the Golden class, he was at least half a step into the Golden class. He could be considered a practitioner.

"Didn't you misunderstand? Your girlfriend was caught here? How was that possible? This is a proper hotel. Not to mention hooligans, hooligans can't even enter the door. Just like you, we found you the moment you entered!" The leader naturally wouldn't admit that they did.

"Since you don't want to admit it, then you can all go die." Lin Yi was already very angry at the fire Wolf Hotel. With a cold Hmph, he moved his body and the group of security guards surrounding him, as well as the arrogant security Captain, all fell to the ground.

Those waiters thought that the security guards would solve the problem, because usually, when the security team came to make trouble, those troublemakers would be carried out lying down. But now the situation seemed to be reversed?

The waiter screamed and fled in all directions like a swarm of bees. Soon, he escaped to the upper floor of the hotel and disappeared without a trace.

"He left really quickly!" Lin Yi laughed coldly and used the fifth style of the wood forest Eight Trigrams palm. His palms split into Ten Palms and hit the bar counter, paintings, sofas, chandeliers, bonsai, and other things in the hotel lobby, turning it into a mess!

"Is there anyone I can talk to? The owner of this place, get out here!" Lin Yi yelled after he was done smashing things. His voice didn't sound loud, but it was filled with pure Qi, and the entire hotel building was shaking!

If Lin Yi wasn't afraid of hurting Jingyi, he would've done what he did to Qibing, tearing down the entire hotel.

In the fire Wolf hotel's surveillance room, the third-in-charge looked at the surveillance video in the hotel lobby with a hidden expression. He was in disbelief. "What is this technique? Was it a martial technique? How did he manage to execute Ten Palms at once?"

In the control room, he couldn't feel the power of Lin Yi's skills, so he couldn't tell what Lin Yi's strength was.

"I'm not sure, but it shouldn't be a martial arts technique. I've never heard of such a martial arts technique. It should be a fast movement technique, a type of external martial arts." The earth Class early phase said after thinking.

"En ..." The 3rd leader heard the words and nodded. As long as it wasn't a martial skill, it was fine. This person couldn't use a martial skill, so he shouldn't be a master, ""Zhang Yilong, Zhao erhu, go down and capture this man!"

The third master ordered after a moment of silence.

Chapter 2323 Frightening Martial Technique

Although he didn't know Lin Yi's background, red conches wasn't a sect that was afraid of trouble. No matter who Lin Yi was, he wouldn't be able to leave today!

"Yes!" Zhang Yilong and Zhao erhu were both Mystic late phase peak, the same as Da Feng.

The 3rd leader and the early Earth Class naturally wouldn't make a move so easily-he was the 3rd leader of the red conch, and he had the intention of making this early Earth Class the 4th leader. These two were bosses, not normal thugs.

Zhang Yilong and Zhao erhu came down the stairs and attacked Lin Yi from both sides without saying anything!

As thugs, they had their own thoughts. They didn't come down to argue with Lin Yi, but to take him down and bring him to the 3rd in charge.

"It seems like the boss here is a coward. He dares to do it but doesn't dare to admit it!" Lin Yi's two casual slaps landed on Zhang Yilong and Zhao erhu's faces. These two poor Mystic late phase peak Masters didn't even know how they died-their heads were sent flying.

Mystic late phase peak was like an ant in Lin Yi's eyes. He could kill them in one move.

Lin Yi, on the other hand, was really angry. He didn't want to waste any more time talking to them. The more ruthless they were, the more powerful the people behind them would appear.

In the monitoring room, the third head's expression changed! He didn't think that his two Mystic late phase peak fighters would be killed like flies by Lin Yi!

"Fourth, what do you think?" Since he wanted to train him to be the fourth in charge, the third in charge naturally called him fourth.

"I underestimated them ..." Fourth brother's face was also very ugly. He didn't think that in the blink of an eye, two Mystic late phase peak would be taken out by Lin Yi. Although he could take them out, he was an Earth Class master, which meant that Lin Yi was at least an Earth Class master!

"Let's go down and meet him. Maybe we'll have to return him. It's better to make enemies than to make enemies. We don't have any enmity with him. We can take a step back and see the world ..." The third head said with a bitter smile.

"We're just going to let it go?" 4th leader was stunned.

"I'm afraid that this person is either from the hidden or ancient realms. Although we're not afraid, there's no benefit in fighting him to the death. " The third head said,"people like us are like this. If we stand by the river, how can our shoes not get wet?" I've misjudged this time. "

"Al!" The 4th leader smiled bitterly and stood up helplessly. He walked out and quickly ordered a subordinate to take the woman he had just caught away. Then, he hurriedly took the elevator down with the 3rd leader.

"I'm the owner of this hotel. Brother, I think you must have misunderstood. Our hotel would never do something like kidnapping your girlfriend. I'm afraid that some punks colluded with other security guards to do this. I'm sorry, I'll definitely investigate and give you an explanation!" The third-in-charge's words were very tactful, and no one could find any fault with them. Anyway, the security guards were already dead, and the dead could not testify. It was just right to blame it on them.

The third master? Lin Yi's eyes narrowed-this guy was Earth Class late phase peak, so he must be the third master that Dafeng was talking about. The one beside him must be the last Earth Class early phase.

"I'm an orphan, I don't have any brothers. " Lin Yi frowned and pointed at Yilong and erhu,"What are the two of them doing?"

"They? Don't you know him?" The third-in-command looked at the corpses of Zhang Yilong and Zhao erhu with a blank face. ""These two, judging from their clothes, aren't our hotel's security guards. I guess they're friends of these security guards? Or maybe he's in the same gang as those hooligans. "

"These punks sure are strong, to have two Mystic late phase peak as friends." Lin Yi didn't believe the third-in-charge's words.

"Hehe ..." The third head laughed dryly, a cold light flashing in his eyes. He had already made his stance and admitted defeat, but this person in front of him was still so aggressive. Did he really want to fight to the death?

At this time, the third-in-charge's subordinate came down from the elevator, bringing sun Jingyi to the third-in-charge,"Boss, I've found out that Miss sun's kidnappers were a group of hoodlums staying in the hotel. I've already rescued her ..."

"You don't have any strength at all, but you were able to save my girlfriend from a hooligan with golden class mid phase and Mystic class late phase peak. What a weirdo!" Lin Yi hmped coldly.

"Brother, I've found the person for you. No matter what misunderstanding there is, let's forget about this!" "I don't know your strength," the third head said indifferently."But I'm afraid that if we really fight, you might not have an easy time!"

"Is that so?" Lin Yi saw that sun Jingyi was safe and sound, so naturally, he wouldn't hold back anymore. The word "yes" had just left his mouth when his body moved, directly attacking the fourth in-charge who was standing beside the third in-charge! The fifth style of the wild fire Eight Trigrams palm!

It was Lin Yi's first time using the third style of the palm, but even so, the power was still shocking. The third style of the palm was equivalent to the sixth style of the normal wild fire Fist! Lin Yi was overjoyed at the situation!

The 4th leader was only an Earth Class early phase, and Lin Yi didn't want to reveal all his cards, so he only used the third form. But even so, with Lin Yi's modified version, it had the power of a normal seventh form!

"BOOM!"

Lin Yi's palm landed on 4th leader's chest. 4th leader only snorted and his body flew out like a kite with a broken string. He spat out a mouthful of blood and landed on the ruins of the bar counter where Lin Yi had broken. He couldn't get up anymore.

So powerful! Lin Yi was speechless-he didn't think that the palm would have this much power! But Lin Yi was starting to get a little scared of taganlong-he was only an Earth Class early phase, and his five elements Bagua Palm already had the power of the fifth move-wouldn't the fifth move have the power of the twenty-fifth move?

Even if taganlong did not possess the 'omnipotent martial technique' like himself and was able to thoroughly understand and practice any martial technique, even if he was not proficient, at least the fifth form was equivalent to the twentieth form. It was too terrifying!

Lin Yi didn't dare to imagine what kind of terrifying existence taganlong would become when he grew up!

Lin Yi was starting to regret it-if he'd saved a bit more time, he'd be able to kill taganlong! He shouldn't have kept him alive!

Chapter 2324 No Reason?

But tagangan came at the most crucial moment-if Lin Yi had stayed for even a second longer, he'd probably have been stopped by tagangan ...

Alas, strength, in the end, it was still strength! 'Since I didn't kill taganlong, he's still a hidden danger. I hope he's crippled by me and can't recover!'

"Mid-stage earth-rank, but he can use the seventh move?" A trace of doubt flashed through the third head's eyes. ""How is this possible?"

"Stop pretending. You guys planned this, right? Don't say that these security guards have nothing to do with you. I hate people like you who think you're smart. " Lin Yi said faintly.

"Brat, have you decided to take revenge?" The third-in-charge's face darkened, and his aura grew stronger and stronger. From the calm at the beginning, it was now filled with Zhen Qi, showing his strength as an Earth Class late phase peak, ""You may be able to use the seventh move, but you're still too weak against me. I'm Earth Class late phase peak, full circle, and I can use the tenth move. Tell me about your background. I don't care what kind of background you have, but you have to give us an explanation for today's matter!"

"Explain? Who Do You Think You Are?" Lin Yi said with a cold smile.

"Even if you're from an ancient sect, we can't just let this go!" The third master said coldly.

"An ancient sect?" Lin Yi said, curling his lips.

The third-in-charge paused-Lin Yi's expression seemed to be disdainful of the ancient sect? His heart sank as he suddenly thought of a possibility, a terrifying possibility. His voice trembled as he said,"Could it be ... You're from that place?"

"That place? What place is it?" Lin Yi blinked.

"Phew ..." The third-in-charge let out a breath of relief when he saw that Lin Yi's confused expression wasn't fake. As long as he didn't come from 'that place', it was fine. The fire Wolf Gang and red conch wouldn't be afraid of that place if they worked together, but he was just a small branch third-in-charge, he couldn't fight them!

Lin Yi frowned and committed the name to memory. That place? What was this place? It seemed to be very powerful? They seemed to be even stronger than the ancient sects?

"You don't need to beat around the bush, I'm not from any sect." Lin Yi said faintly.

"No sect?" A cold glint flashed through the third head's eyes. ""Good, very good! Since you don't want to say it, then you can stay here and pay for the lives of my brothers!"

"You finally admit that these are your people?" Lin Yi looked at the third-in-charge with a faint smile.

"I'm a dying man, so what if I admit it?" The third-in-charge already had the thought of killing Lin Yi. Since Lin Yi didn't say where he came from, and the surveillance here had recorded this scene, even if someone came, he could use the surveillance video to shirk responsibility!

Even if Lin Yi really did come from that place, he'd die for nothing if he didn't want to admit it. Who told you not to say anything?

"Since you've admitted it, I'll admit it too." Lin Yi smiled, "red conch third boss, I'm here to cause you trouble. If you didn't catch my girlfriend, I wouldn't know how to lure you out. But you came here to die, so don't blame anyone else!"

"You know who I am?" The third-in-charge's brows furrowed-he realized that he'd made a mistake. From the start, he'd thought that Lin Yi was here to stand up for Jingyi, but it didn't seem like that was the case. Lin Yi had known his identity long ago, and he'd even made it clear that he was here for him!

"Naturally," "The famous red conch!" Lin Yi said faintly. You stole my car, so I naturally came to find you ..."

"He stole your car? You ... You're from the supernatural Investigation Bureau?" The third head was shocked and asked subconsciously.

A normal car wouldn't catch the third-in-charge's attention, but Lin Yi's Grand Cherokee had the licence plate of the supernatural Investigation Bureau. It was convenient for them to cover their drug transportation, so the third-in-charge naturally paid more attention to it.

"No, but I was the one who captured your second-in-command." "There's also that death warrior or whatever, I killed him too, and your partner, the common World House Yu, I killed them too ..." Lin Yi said faintly.

"Who ... Who are you?" The more the third head heard, the more shocked he was. So this person in front of him was the red conch's sworn enemy? However, when he connected these things, he suddenly thought of someone. ""You ... You're Lin Yi?"

"You know me?" Lin Yi was surprised-he didn't expect the third-in-charge to have heard of him.

"It's you indeed!" The third head's face revealed a look of realization, ""Fighting an enemy above one's level? I told you, other than the people from that place, who else has this ability? So it's the Lin Yi from the legends!"

"Since you know me, then it's easy. If you don't want to die too painfully, tell me some things, and maybe I'll let you go." Lin Yi said faintly.

"You? Let me go?" The third master immediately laughed out loud, ""You're an Earth Class mid phase, and you're saying this to me?"

"Even Earth Class mid phase can kill you, you can try if you don't believe me!" Lin Yi said nonchalantly. The 3rd master was Earth Class late phase peak, but his pure energy was obviously much weaker than the 5th guard's. The Lin Yi now could even fight the 5th guard, let alone the 3rd master in front of him!

According to the wild fire Bagua Palm's theory, Lin Yi's third form was the same as the Sixth Form of the wild fire Fist, so the fifth form was the same as the tenth form, which was the eleventh form. It had the same effect as having the wild fire bullets, so it could naturally suppress the fifth Guard's tenth form!

Of course, if he fought head on, he would probably be heavily injured as well. This was the last choice. If it wasn't necessary, Lin Yi didn't want to fight head on with the third head in charge. Even if he killed the third head in charge, Lin Yi wouldn't be able to take it!

And most importantly, after killing the third head, he wouldn't be able to ask anything!

"Lin Yi, I know that red conch didn't offend you. I can't say anything if that common house Yu offended you and got destroyed. I can't say anything if the second head and the men of sacrifice came to you for revenge, but you came to red conch's headquarters for no reason. Do you really think we're pushovers?" The third master sneered and said with some anger.

"Without any reason?" Lin Yi laughed coldly as well, "you sent people to provoke me first, and now you're after my girlfriend. Is this without reason?"

Chapter 2325 Super Modified

"Then what do you want?" The third master asked.

"You took my girlfriend away. Where are you going to send her?" "I'll give you a chance to tell me the truth," Lin Yi said.

"If you insist on asking this, then I'll tell you. There will be a heaven-ranked Martial Master escorting them to another branch of our red conch. I don't know the exact location either. I don't have enough authority, so this is all I can know!" The third-in-charge thought that Lin Yi was going to ask him something, but he didn't need to hide it from Lin Yi. "But, if you want to cause trouble for them, I'll give you a piece of advice-save it. There's a Sky Class there, and no matter how strong an Earth Class like you is, you won't be able to do anything!"

"Oh, thanks for the reminder." Lin Yi was a little disappointed. It seemed like Dafeng bro was right. The third-in-charge didn't know as much as Dafeng bro. At least he had been in the base before. Although the third-in-charge was the head of the branch, he didn't know much about the base. "Is it your poison refinery base?"

"A poison refinery base? You know quite a lot, don't you?" "It should be, but I don't know much about the details. Your girlfriend wasn't really sent out, so let's just call it a day, okay?" We'll mind our own business!"

The third-in-charge actually hated Lin Yi to the core, but he knew that if he fought Lin Yi, even if he killed Lin Yi, he would have to pay a huge price. Now that all the Masters in this branch were dead, if something happened to him, the supernatural Investigation Bureau would use this chance to catch them all in one go. The third-in-charge would really want to cry!

"Oh, I forgot to tell you, my father-in-law is Feng Tianlong, so you can go to hell!" Lin Yi had asked all the questions he needed to know, so he wasn't going to keep this third in charge. Plus, Lin Yi had his own plans. All the people from red conch were killed by him, and there was only Dafeng bro left. He could probably let Dafeng bro take over red conch's headquarters and take charge of the red conch's branch in China. This way, it would be like Lin Yi had a spy in red conch, and it would be easier for him to find out some secrets.

So in order for Dafeng bro, this nail, to get to the top, Lin Yi had to get rid of these obstacles for him, even if it cost him his life.

"The fifth move of wild fire Eight Trigrams palm!" With a roar, Lin Yi's aura reached its peak!

At this moment, the 3rd leader's eyes narrowed and he moved as well. He could feel that Lin Yi wanted to kill him, but what surprised him was that Lin Yi didn't use his full strength when he was fighting the 4th leader. This time, he was using his true strength!

"The ultimate skill of the firewolves, the tenth form of the firewolves 'roar!" The third leader practiced the heart technique of the Firewolf gang and used the martial arts technique created by the Firewolf gang. Due to the restrictions of the body's attributes, not everyone from the Firewolf gang and the red conch could practice it.

Only people with fire-attribute physiques could practice the Firewolf gang's internal cultivation method, but the strength level of each person's cultivation was also different. It was said that the most powerful ones were those who had been genetically modified by the firewolves or had their bodies invaded by rabies and were immortal. They could accept the Firewolf's inheritance and become the most powerful inheritor of the Firewolf gang.

However, this inheritor was different from the inheritors of the ancient sects. Although this inheritor was called an inheritor, he was not actually an inheritor. To put it bluntly, he was just an expert who had the same strength as the inheritor and had been transformed by the Firewolf gang.

As of now, there was no chance of survival for the experts who had been genetically modified by the fire wolves, and those who had been attacked by the rabies virus were also dead. So, for now, the fire wolves had no inheritors.

Fire Wolf's roar was transformed into a fire Wolf's attack. The third head's body turned into a fire Wolf and rushed at Lin Yi. His hands turned into claws, like two Wolf claws, with sharp and hot flames!

Lin Yi frowned. He didn't expect the 3rd in charge to be so fast. He responded right after Lin Yi made his move. He was so much faster than the 4th in charge! He couldn't achieve his goal of a sneak attack-facing an opponent stronger than him, Lin Yi had to use an energy bomb, or he could only fight them head on!

However, Lin Yi didn't compress the energy bomb-it came too quickly, and he wanted to try out his new move!

The third master wasn't a Sky Class, but an Earth Class late phase peak, too-so Lin Yi didn't want to use a Qi bomb, since it'd hurt him too much.

"BOOM!"

The two forces collided with a thunderous sound. Lin Yi's palms and the third-in-charge's claws collided with a muffled sound.

After the collision, both Lin Yi and the third-in-charge flew back at the same time, spitting out a mouthful of blood. Both of them had serious internal injuries!

Lin Yi could see that he had internal injuries. Although the third master wasn't an extremely strong Earth Class late phase peak, his strength and skill level were still there. It was impossible for Lin Yi to not get hurt in this head-on fight.

But Lin Yi's move would definitely make things difficult for the third-in-charge! It was the equivalent of a Sky class's eleventh form, the fifth form of the blazing fire Bagua Palm-it hit the third-in-charge's body so hard that he felt as if his organs had been shifted!

"You ... This isn't the fifth move!" After landing, the third head took a long time to catch his breath and said in shock.

After Lin Yi landed, he started circulating the second stage of the art of Dragon mastery to heal his internal injuries. He didn't want to waste a single second. Lin Yi and the third master were competing in endurance. Whoever lasted until the end would win, so Lin Yi had to use all the time he had to heal his injuries. When he recovered, he would fight the third master head on and kill him.

"Super strong modified fifth move!" Lin Yi had only healed his meridians and organs for a while, and he didn't want to give the third-in-charge too much time to catch his breath. He wasn't afraid that he wouldn't kill him, but he was afraid that he would run away!

"A super-strong modified version?" The third master was stunned.

"Take another attack from me!" With that, Lin Yi jumped up and used the raging fire Bagua Palm on the third-in-charge!

The third-in-charge was shocked-he didn't think that Lin Yi could still move. Although his tenth form wasn't as strong as Lin Yi's eleventh form, the fifth form of the raging fire Eight Trigrams palm, Lin Yi was a mid-stage Earth Class, while the third-in-charge was a late-stage Earth Class peak. The two of them were on completely different levels!

Chapter 2326 I'm Afraid You Won't Make A Move

She was already heavily injured from Lin Yi's attack, and Lin Yi was able to stand up and activate a second skill before she even finished regulating her breath? That's not possible, right? Unless he was holding on!

With that thought, the third-in-charge wasn't afraid of Lin Yi anymore. He was just a strong arrow, there was no need to be afraid of him! Who didn't know how to forcefully hold on? Let's see who will have the last laugh! The stronger one was, the longer one could last. The third head was an Earth Class late phase peak, and Lin Yi was only earth Class mid phase. No matter how strong he was, he couldn't beat him!

"The tenth form of the fire Wolf's roar!" The third-in-charge used the fire Wolf's roar again, striking directly at Lin Yi. The two of them had once again engaged in a head-on confrontation!

"BOOM!"

With another loud bang, the two palms and claws of the two men quickly collided and then separated!

Lin Yi spat out a mouthful of blood, and so did the third-in-charge. However, Lin Yi's face wasn't as pale as before, while the third-in-charge's face was extremely ugly! Not only was it pale, but it was also filled with Black Death energy!

His internal injuries hadn't recovered yet, and he was fighting Lin Yi head-on. It wasn't good, but from the third-in-charge's perspective, Lin Yi's situation was much worse than his. After all, Lin Yi's strength level was there.

Of course, he didn't see Lin Yi's face. If he did, he wouldn't think that way.

After Lin Yi fell to the ground, he quickly circulated the second stage of the art of Dragon mastery, quickly healing his internal injuries. Compared to the Man in Black who fought Xu Shihan, Lin Yi was a lot stronger. First, his strength increased, and second, the power of his martial skills increased. If he were to face the earth Class man again, even if he didn't kill him instantly, he wouldn't be in as much of a mess as he was before!

"Third master, how is it? Let's do it again? Let's see who will die?" Lin Yi stood up again and looked down at the third-in-charge, his face cold and mocking.

"You ... You can't be ..." The third-in-charge looked at Lin Yi's face and couldn't believe it! He couldn't even stand up right now-his face was already super pale, but Lin Yi could still stand up, and most importantly, his face was so good!

However, as confused as he was, he had no choice but to force himself up again when he saw Lin Yi walking up!

He was starting to regret his decision-he shouldn't have fought Lin Yi like that. He didn't think that Lin Yi would be able to withstand so much damage with his skills, despite being weak. He took two hits from the tenth form, and not only did he look fine, he could even use his skills again! How did this guy become so strong when he was an Earth Class mid phase?

But now, it was too late for him to run. He was covered in injuries. Let's not talk about whether he had the strength to run away. Even if he did, leaving his back to the enemy was purely a stupid act. The third-in-command did not want to die without knowing why. At least if he died, he wanted to take someone with him!

"I don't believe it-you're only an Earth Class mid phase, and you're stronger than me, late phase peak? what kind of logic is this?" The third-in-charge held his breath, which filled his body with energy again. He turned his grief and indignation into strength and shouted unwillingly, ""Take another fire Wolf's roar, the tenth form. I don't believe I can't kill you!"

"I'm not afraid that you won't believe me. I'm just afraid that you won't make a move. " With that, Lin Yi moved as well-the fourth style of the wild fire Fist. This time, Lin Yi didn't use the fifth style, since it consumed too much energy. Lin Yi was already injured, and he didn't need to use his energy to fight the third master unless it was a life or death situation. Also, the third master's martial arts were a bit too powerful now. Although he was an Earth Class late phase peak, it was obvious that he wasn't that strong. He wasn't even as strong as the protector who stood up for an Jianwen, so Lin Yi was afraid that he'd use the fifth style of the palm and kill the third master!

The third-in-charge could clearly feel that the force of the blow on his body had decreased a lot, but he could not resist it anymore. This time, he fell to the ground. His five internal organs and meridians were all seriously damaged. Even if he wanted to circulate his true Qi, he could not do it smoothly.

Lin Yi, on the other hand, always managed to heal himself in time. This time, he looked like he was in a bad state, spitting out blood and falling to the ground. However, Lin Yi knew that the injury was serious, but it wasn't fatal. He quickly circulated the second stage of the art of Dragon mastery, and soon, Lin Yi's damaged meridians and internal organs were almost fully repaired.

"How is it? Again?" Lin Yi walked up to the third-in-charge and asked.

"Lin Yi, I've underestimated you!" The third-in-charge spat out these few words with a bitter smile. Even though it was just a few words, it was extremely difficult. It was obvious that he was already injured to the point where he couldn't fight Lin Yi anymore.

"Do you want to be tortured to death or live?" Lin Yi asked.

"You can still live?" The third head was stunned.

"It's to give it to my father-in-law, Feng Tianlong." Lin Yi said.

"Isn't he still dead ..." The third head smiled bitterly, "It's just a matter of dying early or late ..."

"Not really. If you die by my hands, you'll suffer in a rhythmic manner. But if you die by my father-in-law's hands, it's probably just a matter of a bullet." Lin Yi said.

"Just say what you want to say. Since I've fallen into your hands, I don't have any thoughts of escaping." The third head was rather happy.

"Have you seen this person before?" Lin Yi bent down and showed the pangolin's picture to the man.

The third-in-charge looked at Lin Yi's phone, confused. He shook his head, "No, I don't know this person."

"It's alright, you can sleep first. " Lin Yi knocked out the third-in-charge with one punch. The third-in-charge didn't have any Qi to protect his body anymore, and he passed out from Lin Yi's punch.

Lin Yi knew that the third-in-charge didn't know about the pangolin, but he still couldn't help but ask. Of course, the answer disappointed Lin Yi, but it was reasonable. The pangolin was just a small figure in the third-in-charge's eyes. They wouldn't remember him even if they had fought.

At that time, Lin Yi was only a golden class master, and the pangolin hadn't even stepped into the Golden class yet, or had just stepped into it. Naturally, the third head, an Earth Class late phase peak, wouldn't pay attention to him.

After knocking out the third master, Lin Yi called his father-in-law, Feng Tianlong.

"Yi? Why are you calling me all of a sudden?" Feng Tianlong felt weird when he received Lin Yi's call. After Feng Xiaoxiao went to the Ice Palace, the two of them rarely contacted each other.

Chapter 2327 Phone Call

"Uncle Feng, I kicked out the red conch's Domestic Branch and crippled their third head." Lin Yi said.

"Gah?!" Feng Tianlong heard Lin Yi's words and was stunned. He didn't think that Lin Yi was this strong, he even kicked out the red conches "branch! One had to know that they had an Earth Class late phase peak there all year round!

Although Feng Tianlong really wanted to uproot the red conch's Domestic Branch, due to the limitations of his strength, he didn't act rashly.

"Yi, you're in qingran city?" Feng Tianlong asked.

"Yes, you know that their headquarters is in qingran city?" Lin Yi was a little surprised. He didn't think that Feng Tianlong would know the location of red conch's headquarters.

"I've only heard of it, but I'm not sure. However, your car is in qingran city. I just checked the coordinates." Feng Tianlong said.

"You can see where my car is?" Lin Yi froze, his expression turning weird. He didn't think that Feng Tianlong would be able to see where his car was. If he knew, he would have called Feng Tianlong instead of using the local line.

However, the red conch was not careful. It actually wanted to use this car to transport drugs. If it was located, it would not even know how it died.

"Naturally, I can see it. The car's current location ... I've checked the map, it should be the fire Wolf Hotel in qingran city. Are you at the fire Wolf Hotel?" Feng Tianlong asked.

"Yes, I'll be here. Uncle Feng, please send someone to take over." Lin Yi said.

"Okay, I'll send the local supernatural Investigation Bureau members over now. I'm also taking a plane there now, so I'll be there later." Feng Tianlong quickly said.

"Alright," he said. Lin Yi hung up the phone. He didn't expect the car to be in the fire Wolf Hotel. It was probably in the underground parking lot. He'd know when he went. "Are you okay?" Lin Yi turned to Jingyi.

"I'm fine. They didn't do anything to me. They just locked me up in a room alone." "You, on the other hand, look like you're injured?" Jingyi said.

"I'm fine. " Lin Yi was almost fully recovered, so he was fine.

As for the waiters and the third-in-charge's men, they were all gone. They all ran into the hotel, but they didn't run out. Lin Yi wasn't worried that these people would run away. When Feng Tianlong's men came, they could grab a bunch of them.

Lin Yi decided to close the underground parking lot's entrance and wait for Tianlong's men in the hotel lobby.

Not long after, the sound of cars could be heard from the hotel entrance. Lin Yi looked up and saw more than ten leopards parked in front of the hotel. It seemed that Feng Tianlong also realized that there were many people here, so he sent so many cars over.

After the car was parked, a group of men in Black walked into the hotel quickly. The leader saw Lin Yi and immediately walked over, ""Hello, are you Mr. Lin Yi? I am Captain Feng's subordinate, the person in charge of the supernatural Investigation Bureau in qingran city, Chen Buyi. "

"Hello, Mr. Chen." Lin Yi nodded and pointed at the man on the ground. "He's Red and conch's 3rd boss, you guys can take him away, I've already killed a few of his practitioner underlings. As for the other hotel staff, you can do whatever you want with them. I'm in Room 1209, when uncle Feng arrives, just let him find me. "

"Okay, Mr. Lin." Chen Buyi quickly nodded and said, ""You can rest first, leave this to me."

"Oh right, delete the video in the surveillance room. I don't want anyone to know of my existence." Lin Yi had already taken off his mask and returned to his original appearance.

"No problem," Chen Buyi readily agreed.

Lin Yi's request was a small matter in Chen Buyi's eyes. Moreover, this kind of confidential video could not be leaked out.

"Jingyi, you go first, I still have something to do. I'll be back soon." Lin Yi said to Jingyi.

"Oh? "Alright ..." Jingyi paused-she didn't know where Lin Yi was going, but she could guess that there were things he didn't want these people to know.

Lin Yi turned around and left the hotel. Chen Buyi did not send anyone to follow Lin Yi. He also knew that it was easy for Lin Yi to get rid of the people following him. With their strength, they were not Lin Yi's opponent at all!

Naturally, Lin Yi went to find Dafeng bro. He still had use for this man. The investigation Bureau had wiped out the red conch's branch in qingran city, but the red conch's headquarters was still there. Lin Yi didn't believe that they would give up on this base in the country.

Therefore, they would definitely build a new stronghold, and the best person to be the leader of this stronghold would be brother Dafeng.

Before Lin Yi went to find Dafeng, he called old Lin. Lin Yi had never tried to control one of his own people before. When Lin Yi took in followers, it was always because of their true respect for Lin Yi's strength. But Dafeng was different. Lin Yi couldn't just watch him all day long, and he might not really submit in such a short time.

In this case, Lin Yi had to use some methods.

"Yi, what made you call this old man?" Old Lin had just sent away a patient from the same village, and was drying herbs in the yard when he received Lin Yi's call.

"Old man, let me ask you something. I want to control a person and make this person do things for me. What should I do?" "This guy might not really submit to me," Lin Yi said, "it'll be hard to control him if I leave. "

"Oh, he poisoned her." Old Lin said, relaxed.

"Poisoned?" Lin Yi blinked, not quite understanding.

"It's a slow-acting poison. Give him the antidote within a year or two. If he doesn't take it, he'll die. It's not easy to detoxify." "I don't need to teach you that, do I?" old Lin said. There are many of them in the books you used to read, such as the poison of seven insects and eight herbs, the poison of nine deaths and one life, and so on ..."

"I understand." Lin Yi nodded. He didn't think that his skills would be used to save people, not to harm them.

"How have you been? Did you encounter any trouble?" Old Lin asked.

"It's alright. There were some problems and I had a narrow escape, but it's all resolved." Lin Yi said.

"Yes, without experiencing life and death, you won't be able to gain experience. Jade that isn't polished won't be useful ..." Old Lin said faintly.

"..." Lin Yi sweated. He'd heard that too many times. Ever since his master left, old Lin had been saying that.

Chapter 2328 Lin Yi's Goal

Lin Yi didn't know what the old man was trying to say, but he knew that the old man wanted him to get stronger. "I'm hanging up if there's nothing else. "

The ingredients in the poison recipe weren't easy to buy, but Lin Yi texted Tianlong and told him to bring them along. These things shouldn't be hard for Tianlong since there weren't any rare ingredients.

Feng Tianlong quickly replied that there was no problem. Lin Yi put on the mask and went to the alley again, where Dafeng bro parked his car.

Brother Dafeng waited in the car very obediently. However, he couldn't move his hands and feet, so he couldn't go far.

But Lin Yi still paid attention to the position of Dafeng's hands and feet. He hadn't moved since he left, which meant that Dafeng didn't try to struggle. Otherwise, the position of his hands and feet would change if he moved.

This made Lin Yi nod to himself. This Dafeng bro could still be used.

"Brother Ying, you're back?" Dafeng bro was overjoyed to see Lin Yi back! Lin Yi looked like he was covered in blood, but he was back, and he walked over very calmly. He didn't run back, which meant that Lin Yi had taken care of the third head and his men.

Lin Yi opened the door and got in, "The third-in-command's men are all dead. He's disabled. I asked the people from the supernatural Investigation Bureau to take him away. I don't think he'll be coming back."

"Then, I really have to congratulate brother Ying!" "Brother Ying, I, Dafeng, will be following you from now on. Where are we going next?" brother Dafeng quickly said.

"I'm not going anywhere for now. " Lin Yi looked at Dafeng bro and asked,"Dafeng, is your hand okay? Are you okay?"

"Heh, it's nothing-we're Mystic late phase peak, after all, this small injury doesn't affect anything. Even masturbating won't be a problem." Dafeng bro grinned, but he was a little depressed. Lin Yi's stomping on his hand wasn't light at all-he could use it normally, but he wouldn't be able to use it anymore. It was basically half-crippled for a practitioner.

Lin Yi nodded and pulled Dafeng bro's hand over. He activated the second stage of the art of Dragon mastery and quickly healed the wound on his hand."I can't let you work for me as a cripple. However, if you don't do your job well, I don't mind sending you to see the third master."

"Ah? This ... My hand is fine now?" Brother Dafeng looked at his hand that was as good as new and was instantly surprised and happy! Although he said that before, he was still a little unhappy. After all, he was a cultivator. A hand that could only do ordinary things was no different from a cripple to him. Now that it was cured, he was really happy. But after the joy, he quickly said,"Brother Ying, don't worry! In the future, Dafeng will be yours. I'll do whatever you want me to do!"

"I'll let you stay here and take over the red conch's branch. Is there a problem with you being the head?" Lin Yi said.

"Me? Chief?" Dafeng bro froze. He didn't expect Lin Yi to make such a request! He didn't think about this before, he just wanted to run away with Lin Yi and help him with stuff like that. He didn't think that Lin Yi would let him take over the 3rd boss and become the big boss of the red conch division.

"Don't tell me that after all these years, you don't have any connections in the red conch headquarters? Since you were able to transfer from the toughest place in the poison refinery base to enjoy life here, you should have your own ways, right?" Lin Yi asked.

"I do have a way, but I'm too weak. Even if I'm not as strong as Earth Class late phase peak, I'll need to be at least Earth Class. Otherwise, the headquarters will still send one or more Earth Class Masters ..."
Brother Dafeng said hesitantly.

"I'll help you advance to Earth Class. You've heard of the small Qi gathering pill, right? I can give you one to help you break through to Earth Class early phase, but the rest is up to you. " "I don't think I need to teach you how to stop them from sending people over, do I?" Lin Yi said. You said that the supernatural Investigation Bureau is keeping a close eye on them, and if a cultivator enters the country, it's easy to ruin things if they're targeted by them. As a native force, you have an advantage. "

"I understand, brother Ying. Thank you so much!" "If I have a small Qi gathering pill, then I'm confident I can become the big boss of the branch!" Brother Dafeng said solemnly.

"When you've secured your position, think of a way to move around. It's best if you can be transferred to a poison refinery base as a person-in-charge or something like that. If that doesn't work, then try to find out more about the poison refinery base!" Lin Yi said.

"Alright, I got it!" Brother Dafeng nodded and said.

"That's it for now then. You can plan for yourself and hide first. You can only come out after the people from the supernatural Investigation Bureau have taken away the third-in-command and the others." Lin Yi said.

"Yes, brother Ying!" Brother Dafeng quickly replied.

Lin Yi went back to the fire Wolf Hotel directly. Chen Buyi had already started to clean up the battlefield. Those who were related to the red conch were all taken to the base of the supernatural Investigation Bureau. On the other side, Chen Buyi was only waiting for Feng Tianlong and Lin Yi.

Lin Yi greeted Chen Buyi and went upstairs. Jingyi let out a breath of relief when she saw Lin Yi.

"It's finally over. I didn't expect so many things to happen in this line of work. " "It's all for me, thank you, Lin Yi!" Jingyi said, a little emotional.

"You don't have to say that. What happened in qingran city helped me a lot. If I didn't lose my car, I wouldn't have been able to find my way here." Lin Yi said.

"Anyway, I'll remember it." Jingyi said, her tone serious and genuine. "I've never met anyone who cared about me so much ..."

"Don't tell me you're so touched that you've fallen in love with me?" Lin Yi asked with a smile as he looked at Jingyi's expression.

"A little bit." Jingyi nodded seriously, "It's just that you seem to have too many girlfriends?"

"I only have one lover." Lin Yi said.

"You ... Aren't going to treat your injuries?" Jingyi's face reddened, a little embarrassed as she changed the topic.

"Ha ..." Lin Yi smiled. So sun Jingyi could feel embarrassed too. He shook his head and didn't tease her anymore. He sat down cross-legged on the bed and started channeling the second stage of the art of Dragon mastery. His internal injuries weren't serious, and it didn't matter if he treated them earlier or later.

In the blink of an eye, it was night time, and Feng Tianlong came with the ingredients Lin Yi needed to make the poison.

Tianlong had a lot of things to do, and he had to go back and interrogate the third head in charge. He only treated Lin Yi and Jingyi to a meal before leaving.

Chapter 2329 Happy's Phone Call

But at the table, she felt a little embarrassed and awkward! Feng Tianlong was Feng Xiaoxiao's father, Feng Xiaoxiao was Lin Yi's girlfriend, and she was sitting with Lin Yi, what was going on?

Even if sun Jingyi knew that she didn't do anything with Lin Yi, they came out from the same room after all. It was hard to guarantee that Feng Tianlong wouldn't overthink it.

But what made her confused was that Feng Tianlong didn't ask a single question about it, and his attitude towards her was very friendly. He even smiled and said that he was old friends with the old man, and their relationship was not bad.

"Yi, have you been in contact with Xiaoxiao?" Feng Tianlong asked Lin Yi after the meal.

"No, but I think Yaoyao and the others contacted Xiaoxiao before ..." Lin Yi shook his head, ""They told me that Xiao Xiao wanted me to find a main wife. I'm a little confused."

Feng Tianlong paused for a second before smiling. He understood what was going on. Chu Mengyao had warned him about Lin Yi and Tang Yun. Lin Yi most likely remembered that he had a main wife and so after discussing with Feng Xiaoxiao, Chu Mengyao changed it to him finding a main wife.

No one knew his daughter better than his father-Tianlong naturally knew what his daughter was thinking, but he didn't say anything. As for sun Jingyi, Tianlong didn't have any complaints. His daughter liked Lin Yi back then, and if Tang Yun didn't let her go, she wouldn't be where she was today.

So who Lin Yi was with, as long as Xiaoxiao and Tang Yun were willing, he didn't care. If it wasn't for Lin Yi, Xiaoxiao would've been dead by now.

"Oh, I think Xiaoxiao told me before that you should get a main wife." Feng Tianlong nodded his head, expressing his affirmation.

"Is that so?" Lin Yi believed it now that Feng Tianlong said so, but he felt a little weird.

"Haha, alright, I'll go back first. It's all thanks to your help this time, or I wouldn't have been able to catch the third master." Feng Tianlong said,"but this is only a branch of the red conch. Capturing their people

will only make them stop for a while. It won't hurt them too much. I hope we can get something useful this time."

Lin Yi nodded, but didn't explain much. The third head didn't know much, and he'd asked all he needed to know. Tianlong probably wouldn't be able to get anything useful out of him either. If he could, then why wait for the third head when the first and second head already said so?

As for the third head's strength, there was nothing to be afraid of. He was seriously injured and it was impossible for him to heal himself. Without those small reversion pills and Meridian opening pills, he would be useless for the rest of his life.

After Feng Tianlong left, the fire Wolf Hotel was closed down. Naturally, Lin Yi and Sun Jingyi couldn't continue staying here. Even if they did, there were no More Waiters. Those related to the red conch were all taken away, and those who were not related were all gone. There was only an empty building left.

Lin Yi and Sun Jingyi first drove the car they got back and found another hotel to stay in. After Lin Yi finished refining the poison, he called Dafeng bro and told him to find him at the hotel. Before Dafeng bro arrived, Lin Yi called han xiaopo.

"Boss, it's been a long time since you contacted me. I heard that you haven't been to school recently?" Although han xiaopo's hidden han family had distant relatives in Eastern Sea city industry University, Wang Xinyan's kidnapping was only known to a few people close to Chu Mengyao. Naturally, han xiaopo wouldn't receive any news.

"Yeah, I'm going on a business trip." "How's it going on your side?" Lin Yi asked. When will the practitioner's city square that you told me about last time start trading?"

"That will have to wait." "If there is, I'll let you know in advance, boss," said han xiaopo.

"That's good. By the way, I'm here to borrow a small Qi gathering pill. I'll return it to you when we get back." Lin Yi was thinking that Jingjing would be able to mass produce the Qi gathering pills after he got back. The ingredients were hard to find, but he did get some from the Hidden House you.

"Alright, but how do I give it to you?" Han xiaopo agreed without even thinking.

"I'm at xxx Grand Hotel in qingran city. You can send it to me using the fastest flying fish express. It should arrive in a day." Lin Yi said.

"Alright, I'll send it over to you now." Han xiaopo agreed.

After he finished the call with han xiaopo, brother Dafeng hadn't arrived yet. The conch Bar hadn't suffered any damage this time. In this way, it gave brother Dafeng an excuse to escape by luck. Otherwise, if the third master had been caught, how could brother Dafeng not have been caught?

Therefore, brother Dafeng temporarily returned to the conch Bar to contact the headquarters to clean up the mess.

"Did you call Chentian and the others?" Lin Yi asked.

"Not yet. I was just about to contact them when this happened. I just got my phone back and didn't have time to make a call." Jingyi said.

"Then I'll make a call." Lin Yi nodded. He'd just relaxed a little, and things here were done.

Lin Yi's call was to the Miss directly. Chu Mengyao picked up the phone and saw that it was Lin Yi. She was a little excited. Too many things had happened at home these days. There were joys and sorrows, and there were setbacks. But the final result was still good.

Mengyao was one of the pillars of the house after Lin Yi left, and she had to hold on every day-she had to take care of Chentian and elder Pi, and also tell them that Lin Yi would be back soon ...

However, despite Mengyao's words, there was no news of Lin Yi at all. Everyone thought that Mengyao had connected with Lin Yi, but Mengyao herself knew about it. She didn't want to disturb Lin Yi and didn't even dare to make a call.

However, she had to act like she knew everything and tell everyone not to worry. Lin Yi was back and everything would be fine.

And so, Mengyao became very happy when she saw the number on her phone. The Miss who usually didn't get angry or do anything perverted was excited for the first time, "Lin Yi, you'll be back soon?"

"Yeah, I'm going back soon, in two days." Lin Yi blinked, not expecting the Miss to say something like that.

"That's good ..." Chu Mengyao sighed in relief, "It'll be good if you come back soon ..."

"What's wrong? did something happen at home?" Lin Yi frowned, his sharp senses picking up on something.

"After you left, Wang Xinyan was kidnapped ... It's like this ..." Chu Mengyao explained in detail what happened after Lin Yi left ... If you like this work, you are welcome to come to to vote for recommendation and monthly votes. Your support is my greatest motivation.

Chapter 2330 A Poison

"You asked Wang Xinyan to go to your house?" Lin Yi's expression was a little weird-the Miss was inviting Xinyan to her house? Why did he feel that it was a little strange?

"You left ... There's nothing to do at home, so I asked her to come. I don't have any other intentions ..." The young miss was quite smart, but she was confused because of her concern. "Let's not talk about that for now, let's talk about Wang Xinyan's kidnapping ..."

"En ..." Lin Yi was concerned about Xinyan's condition as well, but she was definitely fine now, so he wasn't too nervous.

"At that time ... Wu Chengtian was chasing after the kidnapper ..." Mengyao explained to Lin Yi about how Wu Chengtian was injured, and how old man Pi came to help.

"Wu Chengtian's injured ... And so is Grandpa Pi?" Lin Yi frowned-the two weren't in any danger, so he wasn't too worried. What he was worried about was who the enemy was, to be able to hurt even elder

Pi. At that thought, Lin Yi was a little anxious to return home. "Once I'm done here, I'll be back soon! Right, what did the robber song Lingshan took away say?"

"There's no news from big sister Lingshan. She'll call me as soon as she has any news. " "But even though the kidnapper was caught, there's been a few more cases in Eastern Sea city, and the victims were all students with some money in their families," Mengyao said. "It seems like Xinyan's kidnapping was a bit of a coincidence, and I heard that the daughter of a gangster was also kidnapped!" The Golden class bodyguard he assigned to his daughter was also injured. "

"Oh? Could it be a coincidence?" Lin Yi relaxed a little after hearing that-it'd be fine if it wasn't directed at him and Xinyan, but it seemed like it was more likely to be a coincidence. There were a lot of people who were kidnapped, after all.

"It's possible, but Xinyan's been a lot more careful these days. She's been staying in school, and I didn't dare to ask her out again ..." Mengyao said.

"I know, I'll be back soon. Tell Wu Chengtian and elder Pi not to worry, and I'll treat them when I get back. As for that Pi Zhihai, bring him to the villa too, I'll treat him as well." Lin Yi said.

"Alright, I'll tell them." Chu Mengyao spoke to Lin Yi and knew that the matter on Lin Yi's side was settled successfully. She felt a lot more at ease and immediately left the room to tell Wu Chengtian, Pi Zhishan and old man Pi the good news.

But when he turned around, he saw Chen Yushu.

"Yaoyao sis, you're so mean. You called shield bro without telling Shu." Chen Yushu put her hands on her waist and smiled as she stood behind Chu Mengyao.

"Shu? You ... When did you come in?" Mengyao jumped. She was too excited to notice that someone had entered her room.

"Oh, just now, I came in right after you were talking to shield bro." "So Yaoyao sis still likes shield bro, huh? your face was filled with happiness when shield bro called," Yushu said.

"Is there?" Mengyao blinked, remembering that Yushu was right behind her. How could she see her? "Are you lying to me?" he asked angrily. See how I'll punish you!"

"Argh! No... You should go and tell Wu Chengtian the good news. " Yushu said as she turned around and ran.

"..." Chu Mengyao blushed as she looked at Chen Yushu's back. She touched her burning face. Was she really happy just now? Lin Yi's call swept away all the depression from the past few days.

But, this was all because of her family, what did it have to do with her liking Lin Yi? Right, it should be fine!

Mengyao turned around and left the room to tell Chentian and the others the good news.

Wu Chengtian had already guessed that Lin Yi's return would be the day he recovered, so he didn't feel too sad or happy. But Zhishan and Grandpa Pi were different-Mengyao said that she'd been in contact with Lin Yi, but he didn't give them a definite answer. He didn't say when he'd be back, or if he'd be able to save them.

And today, Lin Yi had asked the old man to bring Zhihai over as well, which meant that Lin Yi had agreed to treat Zhihai! The old man was extremely excited! Even if he couldn't heal his injuries, he'd be happy if he could heal Zhihai. After all, Lin Yi said that his and Chentian's injuries weren't a problem.

"Thank you for communicating with Mr. Lin, Miss Chu." "I'll get someone to bring Zhihai over!" Grandpa Pi quickly thanked him.

"Okay, then you guys get ready. I'll go back to my room to rest." Mengyao let out a breath of relief after delivering the message.

Dafeng bro had just arrived at the xxx hotel in qingran city, but he was stunned when he entered Lin Yi's room. He subconsciously said, ""I'm sorry, I entered the wrong room ..."

Dafeng bro didn't know sun Jingyi, and he didn't know Lin Yi without the qiansi mask, which was why he thought he was in the wrong room.

"That's right. Come in, Dafeng!" Lin Yi said to Dafeng.

"Ah?" Dafeng bro froze when he heard Lin Yi's voice, but he reacted the next moment. He looked at Lin Yi in disbelief and asked, ""You ... You're brother Ying?"

"Yeah." Lin Yi nodded faintly.

After brother Dafeng received a definite answer, he hurriedly walked into the room and closed the door. He said carefully, "Brother Ying, I've already reported everything that happened here to the red conch headquarters in detail, the one that's backing me up ... However, I didn't mention brother Ying's name. I only said that Feng Tianlong from the supernatural Investigation Bureau had invited outside help and uprooted the fire Wolf Hotel ..."

"En, he didn't ask you. Why is your Conch Bar fine?" Lin Yi asked.

"I did." Brother Dafeng nodded and said, "but I think the supernatural Investigation Bureau probably didn't find this clue. Otherwise, they wouldn't be safe ..."

"So he believed it?" Lin Yi asked.

"Of course he does. I was promoted by him, and I give him a lot of filial piety every year. He's very happy that I'm fine. He's preparing to make me the leader of the family here." Brother Dafeng said, "and I also revealed to him that I had accidentally obtained a small Qi gathering pill. It was just that the timing wasn't right and I didn't take it. Now, if the big plan is successful, I'll take the small Qi gathering pill. He'll be more confident."

"Alright," he said. Lin Yi nodded, "these things, you can do it yourself. The Qi gathering pill will be delivered tomorrow or the day after. Here's a poison, eat it first!"
