Chapter 2341-Complicated Feelings

Lin Yi nodded. "Pi Zhishan, you and old master Pi and old master Wu should get ready. I'll level you guys up later. I have something to do now, so I'll go back to my room first."

"Alright, we'll go and wait for you!" Pi Zhishan heard that Lin Yi wanted to level him up and quickly replied.

After Lin Yi returned to his room, the first thing he did was to look for the supplementary fighting technique he copied from the Hidden House han.

This martial technique was called "spring rain from the sky." Although it was also divided into twenty moves, there was no difference between the strong and the weak in each level. The first move could instantly recover the physical strength and true Qi of one person, the second move could recover the physical strength and true Qi of two people, the third move could recover the physical strength and true Qi of three people, and so on. At most, it could recover the physical strength and true Qi of twenty people at once!

Of course, although the amount of recovery had increased, the total amount of physical strength and true Qi recovered was still fixed. It was just that it was divided from one person into two, three, or even more people!

The amount of stamina and Qi recovered was completely dependent on the user's willingness and time. In other words, if Lin Yi wanted to, he could keep using it until his stamina and Qi were completely exhausted!

This might be a super nightmare for other practitioners, but for Lin Yi, it wasn't a problem at all. After all, Lin Yi was different from others-he could recover his stamina and Qi very quickly when he ran out.

This martial technique was really not bad. He just didn't know under what circumstances he could use it.

Lin Yi continued to flip through the pages, but the requirements at the end made him happy. Basically, there were no requirements, because this support martial skill was something the user actively used, but to the recipient, it was a passive martial skill.

After all, even if the receiver was an enemy, there was no loss to the user after being used with a martial skill. There were only benefits, so no one would be stupid enough to give it to an enemy. No matter what state they were in, whether they were fighting, training, or not doing anything, they could accept Lin Yi's strength and Qi.

"This is it!" After Lin Yi finished reading, he was extremely surprised. This martial skill was as if it was made for him and Han Jingjing. Han Jingjing was refining pills on the other side, and she was exhausted after that. She didn't have any stamina or pure energy, but Lin Yi could continue to provide her with supplies. She didn't have to be distracted, and her stamina would recover unknowingly, allowing her to complete the process smoothly!

After confirming all this, Lin Yi wasn't in a rush anymore. He just needed to slowly master this skill and he'd be able to help Jingjing make pills. What he needed to do now was to increase the strength of Pi Zhishan, old man Pi, and Wu Gonggao!

He walked out of the room and saw granny Sun tidying up the living room. Granny Sun smiled at Lin Yi, "Mr. Lin, I called Li Fu just now. He said he'd be here early."

"Alright," he said. Lin Yi nodded and went to Chentian's room.

After a Night of Silence, Zhishan and elder Pi both reached Mystic late phase peak the next morning. Although they were also Mystic late phase peak full cultivation, they didn't have Zhihai's level of comprehension, so they couldn't break through to Earth Class in one go.

Perhaps only someone like Zhihai, who was a martial arts fanatic and didn't pay attention to the outside world, could break through in such a short amount of time. Everyone else was busy with other things, and even if Grandpa Pi was already Sky Class early phase, he still couldn't break through to Earth Class in one go!

To Grandpa Pi, but GUI breaking through to Earth Class or even higher was only a matter of time. With Zhihai as an example, he wasn't in a hurry to take the Qi gathering pill-it was a matter of face as well. He was a Sky Class, and it would be embarrassing if he couldn't break through to Earth Class on his own.

Zhishan, on the other hand, didn't have this problem-he wasn't a martial arts fanatic to begin with, and he was a young man as well. When he couldn't break through for the time being, he took the Qi gathering pill, and under Lin Yi's protection, he broke through to Earth Class early phase-a true dual-practitioner, Earth Class early phase.

This situation made Zhishan very happy-leveling up was so easy! He didn't think that he'd be able to do much on the practicing path-after all, he'd been thinking about how to develop house Pi. He'd only need to help with practicing, and Zhihai would be enough.

But now, it seemed that breaking through was an unexpected surprise. What made Zhihai the happiest was that he had Lin Yi as his support. Although Lin Yi seemed to be an Earth Class mid phase, he didn't

have the power of an Earth Class mid phase. People who weren't close to Lin Yi wouldn't know about this!

"Thank you for your help, boss!" "Zhihai and I will be the boss" most capable underlings from now on, even if we have to go through mountains of blades or seas of flames!"Zhishan said.

"En, old man Wu, it's your turn this time." "It's a bit slower than expected-I had some personal matters to deal with, but you'll be able to level up soon!"Lin Yi said.

"No hurry, no hurry!" "It's all up to you, Mister Lin,"gonggao said with fear and respect.

"Then let's start now-uncle Fu's coming soon, so we'll talk after you guys settle your stuff!" Lin Yi said with a nod.

Gonggao was the weakest of them all-he didn't have a physical practitioner to back him up, and so leveling up as a spiritual practitioner was a bit difficult. His physical strength was still at the mid phase of the mystic class, and after that, the process would be a bit painful.

But gonggao was a patient man-physical practitioners like him weren't all that strong in other aspects, but they had a lot of patience. Chentian was already in a lot of pain back then, but he'd been able to endure it.

Soon, gonggao's spiritual level reached Mystic late phase peak, but he had to rely on the small Qi gathering pill to break through. Otherwise, it would be impossible to break through to Earth Class.

He'd heard from Chentian that Lin Yi could level people up, but it was still a shock to experience it for himself. He looked at Lin Yi with complicated feelings, not feeling proud at all ...

Chapter 2342-Mental Preparation

The Miss and Shu weren't up yet-they probably weren't coming down, playing in their bedroom upstairs.

"I have a friend who will come to talk to me about something. You guys can discuss breakfast on your own." "Granny sun's busy too!" Lin Yi said.

Because of the matter that was going to happen later, granny sun would have to participate, so there was basically no food for these people.

"Okay, no problem. We'll go out and buy something to eat. We haven't had a good stroll in Donghai city for so long!" Old master Pi was an old man, and he knew that Lin Yi was avoiding them. Even if they didn't listen, it'd be awkward at home, so he'd rather leave.

"I'll call you again when I'm done here. " Lin Yi said, meaning to say,"don't come back without my phone."

"No problem!" Zhishan agreed readily.

And so, Chentian, Zhishan, and the others didn't waste any more time-they left the villa immediately. Grandpa Pi came with his car, but it was parked in the public parking lot, and there wasn't much space in the villa.

"Mr. Lin, why do I have to be involved?" Granny sun asked curiously after Chentian, Zhishan, and the others left.

"Yes, it's about you and uncle Fu, but it's private. I can only talk about it in private," "I'll go check on the Skybolt pig and the purple lightning Beast first," Lin Yi said." Just call me when uncle Fu's here. "

"Alright," he said. Granny sun nodded. She didn't know what it was, but it must be something important.

Lin Yi strolled to the backyard of the villa. After Skybolt pig came back yesterday, he went to talk to the purple lightning Beast and general Weiwu about what he saw and heard. When Lin Yi went over, he was still excitedly saying something to the purple lightning Beast and general Weiwu ...

The little guy only shut up when he saw Lin Yi, but Lin Yi could guess that he was probably talking about the fire Lion Clan and Spider Clan.

"Little Feng, I'll have to trouble you with Wang Xinyan's matter when I'm not around!" Lin Yi walked over and patted the beast's head.

"Roar!" The purple lightning Beast smiled shyly, as if it was embarrassed by Lin Yi's politeness.

Lin Yi nodded. The purple lightning Beast was his contract spirit beast, and it was his duty to help him. Naturally, it couldn't be proud of itself, so he didn't say anything else and asked, "Little Feng, how did you inject that Qi into Zhihai's body? Can I do it?"

"Roar Roar ..." The purple lightning Beast pointed at itself and nodded. It then pointed at Lin Yi and shook its head.

"What do you mean? You can, but I can 't?" Lin Yi understood what the beast was trying to say.

"Ji Ji ..." Skybolt pig translated for Lin Yi and started writing on the sand, "I'm sorry." Little Feng said that this is a special ability of some spirit beasts, because their true Qi can not be obtained by circulating their mental cultivation methods and incantations. They can transfer it to others, but human cultivators can 't."

"I can't either?" Lin Yi felt that he should be the special one.

"Roar ..." The purple lightning Beast shook its head and roared at Lin Yi to explain.

"It said that you can't either, and that this kind of attack is not very useful." 'Most of the time, this thing can't be injected into a practitioner's body. It'll only work if the practitioner is a physical master who doesn't have Qi protection. Spiritual masters who have Qi protection can't inject Qi into their bodies unless they're ambushed!' However, they could only ambush some of the lower-level experts. The higher-level experts would be detected before they could even get close! For example, those physical Masters who practice the Golden Bell shield and iron Shirt can't inject Qi into them, or they can change the position of their meridians and acupuncture points through some special method. It's also ineffective because Qi can't enter. "

"So that's how it is!" Lin Yi saw the pig's translation and lost a lot of his enthusiasm. Most of the practitioners Lin Yi met were spiritual masters, and there were very few physical Masters. This ability was a bit useless.

"Roar Roar." The purple lightning Beast nodded and then roared a few more times.

"It said, 'can't your true energy bomb also hit people? why do you have to learn from it?'" The pig translated.

"A true energy bomb can only hurt others, and it needs to be compressed, so it's more troublesome, unlike your one, which can make the enemy pass out in pain by simply injecting some pure natural energy." Lin Yi said, shaking his head. He was a little disappointed-he'd been a little too idealistic, but it made sense after thinking about it. If a spirit beast's pure energy was that strong, wouldn't they be invincible?

Lin Yi decided not to study the purple lightning beast's ability for the time being-he'd rather spend his time on the supplementary martial skill "spring rain" instead.

"Yi!" Lin Yi was just about to study the supplementary martial skill when he heard uncle Fu's voice from behind.

"Uncle Fu, you're here?" Lin Yi turned around to see uncle Fu and granny sun standing in the villa.

"Yeah, I was at an event with Mr. Chu last night and couldn't make it. I rushed over this morning with Mr. Chu and Miss Chu. They're talking upstairs." "I heard from Luo Xuan that you're looking for me?"

"En, there's something that I have to tell you and granny sun." "Let's go to my room," Lin Yi nodded.

"Okay ..." Uncle Fu didn't think that Lin Yi would want to hide this from the others. Logically speaking, they should talk in the living room since Chu pengzhan went upstairs, but Lin Yi said that he was going to his room. It was a secret.

Lin Yi, uncle Fu, and granny sun went to his room. He sat on the bed, while uncle Fu and granny sun sat on the small sofa. Lin Yi gave them a bottle of water each, "I'll tell you about this. You must be mentally prepared."

"Mentally prepared?" Uncle Fu blinked, not expecting Lin Yi to start like that. "Yi, what happened?"

"Uncle Fu, your sect, is it located at the Wulong hao te mountain range?" Lin Yi didn't answer uncle Fu's question.

"Oh?" Uncle Fu's eyes were wide open as he looked at Lin Yi in disbelief. "Yi, how did you know? I don't think I've ever told you about this?"

Chapter 2343 She Is Your Daughter

"So, that means it's true?" Lin Yi had already guessed that it was uncle Fu's sect that was annihilated in the mountains, but he still sighed after hearing uncle Fu admit it. The world was just so small.

"Not bad." "Since you asked, I won't deny it. I didn't tell you before because I didn't want you to leak the information. But Yi, how did you know about this place?"

"I went out a while ago. Do you know where I went?" Lin Yi asked.

"Of course I know you're out. Luo Xuan told me when we were on the phone, but how would I know where you went?" Uncle Fu was confused-Lin Yi's sudden change of topic was too sudden.

"The Wulong hao te mountain range!" Lin Yi nodded seriously.

"What? you went to the Wulong hao te mountain range? That's near the small town of releida, why are you there?" Uncle Fu was shocked by Lin Yi's words."What are you going to do in that mountain range?"

"It started a few months ago, when I brought Xiaoxiao to the extreme north for medical help and participated in the Ice Palace test ..." Lin Yi knew that this wasn't something that could be explained in one go-he had to start from the beginning. He'd told uncle Fu, the Miss, Shu, and the others about the test, but he didn't tell them about the Sky Class monster.

First, Lin Yi didn't think it was important, and second, he didn't plan on keeping the map for himself. He just wanted to keep it for the Sky Class man, so he didn't mention it.

But it was different now, he had to start from the first time he met the strange heaven rank man.

"Oh? How is it related to the Ice Palace test now?" Uncle Fu asked, confused. It was as Lin Yi thought-uncle Fu had a general idea about the test.

"After the test ended, something else happened, but it wasn't too important back then, so I didn't tell you. But it's related to what happened here, so I'll start from the beginning ..." Lin Yi said, and told uncle Fu about the Sky Class man in the cave ...

At first, when uncle Fu heard Lin Yi say that there was a Sky Class man in the cave, he was a little confused about where this man came from. But when he heard Lin Yi say that the Sky Class man called him "li 'er" when his illness acted up, and even said something about running away, uncle Fu's body trembled as he cried out, "Master!"

"After that, he gave me half of the map ..." Lin Yi smiled bitterly as he took out the half of the map he'd prepared earlier and gave it to uncle Fu. It seemed that his guess was correct. Uncle Fu was that li 'er!

"Master ... Yi, that weird Sky Class man you met is my master, he must be ..." Uncle Fu received the map with trembling hands and looked at it with tears in his eyes. "That's right, this map is the treasure map of the Wulong hao te mountain range ... Back then, I also had half a piece ..."

Sun luoxuan, on the other hand, had a blank expression on her face. She had already forgotten all about this past. However, she could feel the strange emotions of uncle Fu. She silently hugged his arm, as if she was comforting him and encouraging him.

"Before this, I didn't know that you two were related, and I didn't think in that direction. So, please forgive me for not telling you this." Lin Yi said.

"Yi, you didn't do anything wrong-I should be thanking you instead, helping to relieve master's headache!" Uncle Fu waved his hand and said seriously, "Furthermore, since master gave you this map, it proves that you are fated with him. This is your good fortune ..."

"This is the origin of this half of the map." Lin Yi said.

"Eh? That's right, this is only half a map. You're going to the Wulong hao te mountain range to search for treasure? This half of the map is useless?" Uncle Fu suddenly thought of this question and asked curiously, "You probably don't have the other half of the map ..."

"I don't think I have it, but just before I went to the Wulong hao te mountain range, I accidentally found the other half of the map. This is also the reason why I went to the Wulong hao te mountain range!" Lin Yi said.

"The other half of the map?" Uncle Fu stood up abruptly, his words stuttering from his excitement. "You ... Where did you find the other half of the map?"

"It's on a person. " "Uncle Fu, I'm going to Wulong haote mountain with someone else, granny sun should know who it is ..." Lin Yi said.

"Who is it?" Uncle Fu blinked. Sun Luoyue only said that Lin Yi went out with a friend, but uncle Fu didn't ask where or who he went with. He turned to granny sun and asked.

"House sun's sun Jingyi, she's considered my relative ..." Grandma sun didn't know what was going on and said honestly.

"Sun Jingyi ... What? It's her?" Uncle Fu was stunned, and tears began to flow from his eyes. This was a kind of happiness that he couldn't describe. "Yi, you're trying to say ..."

"Sun Jingyi had a jade pendant, and the map was taken out from the Jade ..." Lin Yi said, ""And, this time, I met the strange heaven rank man again in the Wulong hao te mountain range. There was one time when the strange heaven rank man suddenly realized that I wasn't li 'er and wanted to harm me, but when sun Jingyi tried to stop him, he said that she was Luan' er, and so let me go ... Who she is, I think you should understand, uncle Fu. This is also the reason why I came to talk to you in private ..."

"Luo Xuan, Jingyi is our daughter!" Uncle Fu held sun luoxuan's hand excitedly and said happily, "It turns out that our daughter didn't die. She returned to the sun family and really didn't die! No wonder she looked so familiar when I first saw her. I thought it was because she was our relative, but I didn't expect her to be our daughter!"

At this time, sun luoxuan was also a little stunned. Although she didn't remember this past, she still knew that she had a daughter who was killed by an enemy. When she thought about it, she would feel sad. However, she didn't expect that her daughter didn't die!

"Not dead, or sun Jingyi?" Sun luoxuan was extremely surprised, and an expression of disbelief appeared on her face. However, it was quickly replaced by a happy smile. No matter what, no matter if she remembered or not, it was a good thing that her daughter was still alive ...

Chapter 2344 Temporarily Conceal

"Other than that, we also found the so-called treasure in your sect." Lin Yi didn't give uncle Fu too much time to react and continued, "It's a strange white stone. "

"What? you've even found a treasure? Where is the treasure now?" Uncle Fu looked at Lin Yi in surprise and excitement, but he quickly shook his head, "I'm sorry, Yi, I was too excited. You found the treasure, so it's yours. Even master didn't say anything about it, so I won't ask for it back ..."

"Even if you wanted it, there's none left. You told me to give it to someone else." Lin Yi said with a smile.

"You gave it away?" Uncle Fu was shocked. He wouldn't say anything if Lin Yi took it for himself, but giving it away was a big loss. "Who did you give it to? That thing is very precious ..."

"I gave it to sun Jingyi." "I told her to use it on house sun's practitioner's Arts," Lin Yi replied.

"Ah?" Uncle Fu was stunned, and he didn't know whether to laugh or cry. "Are you trying to scare me to death? I say, Yi, what kind of gift is this? she's not an outsider, is she?"

"Haha ..." Lin Yi laughed.

"By the way, does Jingyi know about this?" Uncle Fu suddenly asked.

"I don't know. That's why I'm telling you guys in private. I was just guessing, so Jingyi didn't know." Lin Yi shook his head, "because, this is too complicated, and the enemy is too strong. I don't want her to know too much, it'll make her worry!" That's why I came back to tell you first. As for whether I tell her or not, it's up to you to decide!"

"Complicated? Is the enemy too powerful?" Uncle Fu paused and looked at Lin Yi curiously. "Enemy? What enemy?"

"I fought with the people from the faction that destroyed your sect ..." Lin Yi explained what happened in the mountains to uncle Fu and granny sun in detail ...

"What ... You fought with them?" Uncle Fu listened to Lin Yi's story and was shocked. He thought that Lin Yi was going to the mountain to find the treasure according to the map, but he didn't expect Lin Yi to have a life and death battle with the enemy guarding the mountain!

When he heard that Lin Yi and the sky Class man killed a Sky Class early phase master together, uncle Fu was shocked beyond words! Even Uncle Fu felt worried for Lin Yi and Jingyi, thinking about the dangers they'd been through!

"However, I guess I'm safe. I still managed to run back in the end." Lin Yi didn't hide anything, telling him everything about the fire Lion Clan and Spider Clan. He didn't even hide the fact that he went to the Tagan family and stole the refining method of the essence Necklace.

"This isn't a close call!" "Thank you, Yi. Thank you for taking care of Jingyi on the way here. I owe you one again!" Uncle Fu sighed.

"Uncle Fu, there's no need to be so polite. We're a family, after all. It's too polite to talk about this with our relationship." "Plus, sun Jingyi and I ... We're good friends" Lin Yi said with a wave of his hand.

Lin Yi couldn't help but blush at that-he seemed to be in a "lover" relationship with sun Jingyi? It wasn't a big deal before, since uncle Fu knew about it, but things were different now. Jingyi was uncle Fu's daughter, and if something happened between him and her, how was he going to explain it to uncle Fu?

Lin Yi felt awkward and troubled at the thought of it-he could only treat the two as good friends.

"Haha ..." Uncle Fu already knew that Lin Yi had an ambiguous relationship with Jingyi and Lingshan when pengzhan was in the hospital-the two wouldn't be visiting the hospital so often otherwise. He didn't think much of it then, and he wouldn't think much of it now."Jingyi wasn't brought up by me or Luo Xuan. I have no right to interfere with her decisions, as long as she's happy."

"Haha ..." Lin Yi could only smile bitterly and quickly change the topic,""By the way, did you tell Jingyi the truth?"

"Let's not tell her for now ..." Uncle Fu muttered to himself, but shook his head."Although I really want to meet her, but you said that the enemy is too strong. If I meet her, I'm afraid it will not only bring trouble to her, but also to me and Luo Xuan. At that time, this trouble will definitely be transferred to you ... So to be careful, it's better not to meet!"

"Hmm ... That's true, but isn't it a little unfair to Jingyi?" Lin Yi could tell that sun Jingyi was lonely and desolated a lot of the time, and it had to do with her background. She didn't have parents since she was young, and house sun didn't care much about her. So if possible, it was good for sun Jingyi to know about her parents.

However, uncle Fu's concerns were the same as Lin Yi 's! Sun Jingyi had shown her true face in front of ta ganlong, so it was hard to guarantee that they wouldn't find out about her background. However, if they found out that she was from the sun family, they could only suspect that she was a relative of sun Luo Fei. They wouldn't suspect that she was sun Luo Fei's daughter, since her surname was sun!

This was the same as Lin Yi not considering this before-he'd walked into the wrong area of looking like relatives!

And even if the Tagan family found sun Jingyi, there wouldn't be any flaws since she didn't acknowledge uncle Fu and granny sun. They couldn't drag uncle Fu and granny sun down with them. The opponent was too strange and powerful, so there was no harm in being careful.

However, Tagan long had to wake up first. Lazlo had run away from the people who had seen sun Jingyi, and no one in the Tagan family knew where she was. Finding her with a painting wasn't an easy task.

"This isn't fair but we have no choice. If we get involved, Luo Xuan and I will be in danger. After all, Luo Xuan doesn't have any power and I'm not strong enough to protect them ..."

"Okay, then we'll talk about this later." Lin Yi nodded,"as for strength, you can slowly increase it. Here's a small Qi gathering pill. Uncle Fu, take it and level yourself up to Earth Class early phase first!"

"A small Qi gathering pill? Is it for me?" Uncle Fu blinked and took the pill excitedly. It wasn't anything good in an ancient sect, but in uncle Fu's hands, it was a miracle pill!

In the past, uncle Fu had that precious treasure for cultivation, so he naturally didn't bother to use these pills.

Chapter 2345-Stirring Up Trouble

But now, things were different. This pill could help him return to Earth Class. Although it wasn't as solid as the treasure, it could slowly stabilize his realm. He wasn't in a hurry to take revenge.

"The Hidden House Pi has some, I'm coming over, give everyone one." Lin Yi said.

"Then I won't be polite!" Uncle Fu nodded and put the pill away. He was going to refine it when he got back.

"Oh right, uncle Fu, have you heard about the profound necklace?" Lin Yi wanted to ask uncle Fu about this.

"I don't know. I was quite curious when you told me about it. I didn't know that the inner core of a spirit beast could be made into this kind of necklace." Uncle Fu shook his head. "But even if you know, it's useless. Spiritual beast's inner cores are very rare. Most spiritual beasts will choose a quiet place when they die, and they won't let people find their bodies and inner cores easily. So you're really lucky this time to get two spiritual beast's inner cores."

"It seems like ... Most people don't know this secret. The Tagan family is getting more and more complicated ..." Lin Yi sighed.

The group was talking when they heard footsteps coming from the stairs outside. Lin Yi and uncle Fu were practitioners, and naturally sensed it immediately. They looked at each other and stopped talking.

"Let's go out and take a look, Mr. Chu might be coming down. " Said uncle Fu as he stood up.

"Alright," he said. Lin Yi was done with his business, and there was no need to worry about the rest. Jingyi's background could wait.

After Lin Yi, uncle Fu, and granny sun left the room, they saw Chu pengzhan coming down with Chu Mengyao and Chen Yushu. Chu pengzhan was surprised to see Lin Yi, uncle Fu, and granny sun coming out of the room, "Are you done talking about your matters?"

"Yeah, it wasn't a big deal. I just found some clues about some old things and told them." "Uncle Chu, do you want to stay for lunch?" Lin Yi nodded.

"Sure, we haven't had a family meal together in a long time. You and Yaoyao are in college now, so you're far away. We used to have a meal together on the weekends." Pengzhan said with a nod.

"Mr. Chu, our business will soon set up a branch in Eastern Sea city. We'll be able to see each other often then!" Said uncle Fu hurriedly.

"That's true. " "But there are too many hidden talents in Donghai-there are too many powerful competitors, and the business structure is completely different from Songshan. It's not easy to gain a firm foothold here!" Pengzhan said.

Lin Yi nodded. He didn't know anything about business, so he didn't have any say in this. He couldn't just let Chu pengzhan tell him who his competitor was and then get rid of them, could he? It was against the rules of business competition, and Lin Yi wouldn't do something like that.

"Daddy, I believe that you and uncle Fu can do it." Mengyao said encouragingly as she pulled on pengzhan's hand.

"Hehe, I hope so." Although Chu pengzhan said this, he wasn't very optimistic.

In the beginning, he had great ambitions. He wanted to move the company to the provincial capital to achieve his next goal of soaring and doubling the company's size. This was his and his father's dream.

"Mr. Lin, shall we go out for lunch or shall I prepare the meal?" Granny sun asked.

"Let's go out and eat. Let's go together. It's too troublesome to cook by ourselves with so many people." Lin Yi said.

"Alright," he said. "I'll change my clothes and get ready,"granny sun nodded.

Ten minutes later, Lin Yi's Grand Cherokee was carrying Mengyao and Yushu, while uncle Fu's Bentley was carrying granny sun and pengzhan. The six of them made their way to one of the biggest hotels in the eastern sea-Arctic Ocean seafood restaurant.

Zhang duopan almost didn't have enough money to pay the last time he was here, but it wasn't a problem for Chu pengzhan. With his status, he naturally wouldn't care about such a small amount of money. Of course, Lin Yi's net worth wasn't low either, but it was all fatty Lai's property and couldn't be used.

Lin Yi and uncle Fu parked the car and the group got out. They were about to enter the seafood restaurant when a Ross guste stopped beside uncle Fu's Bentley. A bald middle-aged man got out of the car with a Pretty Woman in his arms. He grinned when he saw Chu pengzhan,"Oh? Wasn't this director Chu? You're not a businessman from our Eastern Sea city, but you're learning from us to dine at the northern Ocean seafood restaurant. Tsk tsk, what a country bumpkin!"

Pengzhan furrowed his brows and said indifferently, "President Lei, are you going to interfere with where I bring my family to eat? Aren't you being a little too nosy?"

"Haha, wide? I'm just reminding you out of goodwill, Songshan isn't the same as the provincial capital. This restaurant isn't a place that just anyone can come to. " The fat man called President Lei laughed and said, ""The chairman of the northern Ocean seafood restaurant is my friend and a member of our Chamber of Commerce. Mr. Chu, it's best if you don't eat here, or it'll be unpleasant."

"Are you threatening me?" Chu pengzhan was a little annoyed. He was only here for a meal, but Lei Tianming was the chairman of the Chamber of Commerce. When he wanted to move his company to Donghai, Lei Daming had gathered many people from the Chamber of Commerce to stop him, making Chu pengzhan's plan in Donghai city very difficult.

However, he did not expect that they would not be able to stop eating here. Even Lei Daming wanted to interfere.

"Not a threat. I said it was a kind reminder." "Alright, I'm going to eat now. You can think about it yourself, director Chu," Lei Daming said with a smile.

With that, Lei Daming turned around and arrogantly walked towards the northern Ocean seafood restaurant with the coquettish woman in his arms.

Lin Yi frowned. It wasn't easy for the whole family to get together for a meal, and now a bald guy was ruining their mood. If Lin Yi didn't see him as a normal person, he would've killed him already, but Lin Yi wasn't going to let him go just like that. He looked at Shu, and Shu immediately understood what Lin Yi meant. She cooperated and asked, "Uncle Chu, who's this idiot?"

"Pfff ... Cough cough ..." Mengyao didn't know whether to laugh or cry at Yushu's words. This girl was really fierce, she just started cursing at her.

However, Chu Mengyao also knew that this was Lin Yi's idea. Lin Yi was probably very angry with this Lei Daming. Otherwise, with Lin Yi's personality, he wouldn't let Shu start trouble.

Chapter 2346 What Are You So Happy About?

"Little bastard, who are you calling an idiot?" Before Mengyao could reply, Lei Daming turned around and looked at Yushu with a dark face, "Don't think that you don't have a brain just because you have big breasts. Anyone who dares to say such things in front of me, Lei Daming, is either dead or out of the east Sea ..."

"Shield bro, this guy's really stupid!" Chen Yushu looked at Lei Daming with pity.

"Chu pengzhan, are they your children? You're not young anymore, don't let your children drag you down and make you look like you have no one to rely on!" "Make them kneel down and kowtow to me. Then, get out of the eastern sea. Otherwise, don't even think about leaving!" Lei Daming threatened.

Chu pengzhan naturally wasn't stupid. He could tell that Chen Yushu stood up under Lin Yi's instructions. He couldn't help but sigh. He didn't want to tell Lin Yi and his daughter about this and wanted to solve it himself. Since Lin Yi had already intervened, the problem could naturally be solved. However, wouldn't that make him seem useless?

Chu pengzhan didn't think that Lei Daming could do anything to Lin Yi at all. Not to mention him, those noble houses and hidden houses were all trampled by Lin Yi, weren't they? He, Lei Daming, was just an ordinary merchant. Even if he was the President of the Chamber of Commerce, what could he do?

"Uncle Chu, this man is mentally ill. He's here to do business in Donghai, so he'll become mentally ill if you don't deal with people like him!" Lin Yi ignored Lei Daming and turned to Chu pengzhan, "Let's go eat. I'll make a call and introduce you to some people from Donghai. "

"You ... You guys ... Good, very good! Chu pengzhan, are you sure you want to eat here?" Lei Daming was fuming with anger. He was quite influential in Eastern Sea city. His business was not the biggest, but he was the president of Eastern sea's Chamber of Commerce. Although the Chamber of Commerce was a non-governmental organization, the fact that he was able to become the president in such a short time showed that he had a strong backer!

In Eastern Sea city, Lei Daming was almost an unparalleled existence. As long as he was on guard against a few existences that could not be provoked, he did not care about anyone else!

However, Lei Daming seemed to be talking to himself. Lin Yi didn't give a damn at all. He walked into the seafood restaurant with Chu pengzhan and the others with his head held high, talking on the phone as they walked.

"Xiao po, come to the northern Ocean seafood restaurant. I have an elder who wants to do business in Eastern Sea city. You should pay him a visit." Lin Yi said to han xiaopo after making the call.

"Alright, boss, I'll head over now!" Han xiaopo quickly nodded and replied.

In fact, it was called a visit only because this person was Lin Yi's elder. Han xiaopo understood that Lin Yi asked him to come mainly to let the Hidden House han take care of Chu pengzhan in Donghai city! The Hidden House han was different from the Hidden House Zhao. They kept a low profile and didn't have any business in Eastern Sea city. After the Hidden House Zhao found out that the hidden Noble House

Committee was ineffective, they started to build businesses in Eastern Sea city and make money in the common world.

However, with the Hidden House Han's status, as long as the word spread that Chu pengzhan was related to the Hidden House han, basically as long as Chu pengzhan didn't go against the Hidden House Zhao, the name of the Hidden House han would still be useful.

Before, the Hidden House han kept a low profile and didn't do business because they didn't want the other hidden houses to be afraid of them, but now that they'd shed all pretenses of cordiality at the Hidden House Summit, the Hidden House han didn't care anymore, let alone helping Lin Yi.

Of course, even if Chu pengzhan were to go against the Hidden House Zhao, Lin Yi would be there to handle it himself, and house han wouldn't have to worry about it.

So, after han xiaopo received the call, he immediately drove to the northern Ocean seafood restaurant!

Lin Yi and the others entered the northern Ocean seafood restaurant and ordered a room. They ordered some food and wine and went inside.

"Yi, about that ..." Pengzhan said after entering the room, "Lifu and I wanted to solve it ourselves-it wasn't a big deal, after all. That guy was just working with some of Donghai's merchants to run our company down, and we didn't want to trouble you ..."

"Haha, uncle Chu, I'm the second largest shareholder of pengzhan industries. Are you trying to kick me out?" Lin Yi said with a smile. He'd guessed that pengzhan might be in trouble, but he'd never thought too much about it-he'd thought it was just business competition.

But now it seemed like that wasn't the case at all. Lei Daming was completely targeting Chu pengzhan, the type that wanted to kill him. Lin Yi, of course, didn't want Chu pengzhan to waste his time and effort on him. Wasn't this a competition of strength? That's just right, I can call the hidden han family, the local tyrant of Eastern Sea, to suppress him.

"How is that possible?" Chu pengzhan smiled, "I'm old. Pengzhan industries will still be yours and Yaoyao's. But if you didn't mention it, I would've forgotten that you're a member of the Board of Directors. It's your duty to contribute to the company."

Lin Yi blinked-did pengzhan mean that he wanted to give pengzhan industries to him and the Miss? With Lin Yi's current net worth, he didn't really care about these things, but when he first came to Songshan, pengzhan did tell him that when he was broke.

Naturally, the Miss understood what her father was trying to say. She blushed and lowered her head, not daring to look at Lin Yi.

"Oh, Yaoyao sis, uncle Chu really did want shield bro to be his son-in-law! Prophet Shu's so good, he predicted it so early on!" Chen Yushu said happily.

"I'm not looking for a son-in-law for you. What are you so happy about?" Mengyao was even more embarrassed by Yushu's words and glared at her.

"You're the main wife, so I'm the second wife. Yaoyao sis, you didn't forget, right?" Yushu said seriously.

"Haha ..." Pengzhan laughed. He wasn't upset that Yushu was fighting with his daughter for a man, but was happy that the two sisters could be together forever. His father, Chu Sanwa, had said that a man like Lin Yi wouldn't be bound by a woman. Pengzhan didn't know why his father was so sure, but his father's eyes were sharp!

Uncle Fu and granny sun looked at each other, speechless. They could see the relief in each other's eyes. Jingyi's relationship with Lin Yi, whether she was his lover or not, whether she would compete with the Miss, that had nothing to do with uncle Fu or granny sun. Jingyi was just a relative.

Chapter 2347-Wrong Door

But things were different now, sun Jingyi had become their daughter, and if they continued to fight for Mengyao's man, it'd put uncle Fu in a difficult position. On one hand, it was their own daughter, on the other hand, it was the Miss who was more like her own daughter than her own daughter, and on the other hand, there was Chu pengzhan who took him in. Uncle Fu was in a difficult position.

But it seemed that pengzhan wasn't against this, and Mengyao could accept Tang Yun and Xiaoxiao, so she might be able to accept sun Jingyi. This made uncle Fu relax.

The family was talking happily when the door of the private room was pushed open. They thought that the waiter had come to serve the dishes, but they did not expect that the person who came in was not the waiter, but a person who looked like the lobby manager.

"I'm sorry, everyone. Our Chairman just called and said that you're not welcome guests at our Arctic Ocean seafood restaurant. Please leave." As soon as the lobby manager came in, he didn't wait for anyone to ask and said this indifferently.

Chu pengzhan didn't think that Lei Daming would really do it. This kind of pressure to the chairman of the hotel to send someone to ask Chu pengzhan to leave was a slap in the face, but it was also extremely

evil. Normally, even if it was a business competitor, they wouldn't do this, because it would make people think that Lei Daming was evil and there was no room for negotiation between them and Chu pengzhan.

"How do you operate your restaurant? Which rule says that we can ask our guests to leave as we please?" Pengzhan had a restaurant in Songshan as well, but he'd never done anything like this before. Even when his competitors came, he'd still treat them well.

"Our chairman's words are the rules." The lobby manager said indifferently, "if you don't leave, we can only ask the security Department to do it. The chairman said to be polite before resorting to force. I hope you can make a choice as soon as possible!"

A threat, this was an undisguised threat! Pengzhan felt that this Lei Daming was going too far. This wasn't business, this was more like a mafia boss.

After the lobby manager's words, there was an awkward silence.

Chu pengzhan felt like a scholar meeting a soldier. Lin Yi, on the other hand, frowned and was about to speak up when someone spoke up.

"Boss, I'm here!" Han xiaopo rushed into the room at this time, but he didn't seem to notice the awkward atmosphere in the room. He kept talking to Lin Yi, ""I'm sorry, I'm in a hurry, but this restaurant is a little far from my house ... Hehe, to express my apology, I'll treat you!"

"Treat? You've come in vain. You're not welcome by our Chairman. You can leave!" The lobby manager was a little amused. This person didn't know what was going on here, and still wanted to treat them?

“？”Han xiaopo was stunned, only then did he realize that the person in front of him was not wearing a waiter's uniform, but a manager's uniform. In the next moment, he also noticed that the atmosphere in the room was not right, and Lin Yi was frowning!

F * ck! Who was the chairman of this restaurant? Han xiaopo was really surprised. Was there something wrong with this person's brain? She even dared to kick Lin Yi out? And he said he was not welcome?

Of course, these things didn't need the boss to do anything. He could handle it as a follower. The Hidden House han used to keep a low profile, but that didn't mean that han xiaopo would keep a low profile because of Lin Yi. This person dared to tell him that they were all unwelcome guests?

"What are you?" Han xiaopo said angrily.

"Gah?" The lobby manager's eyes widened. He didn't expect that the person who came later was even more arrogant than him.

"Tell your Chairman that my name is han xiaopo, from the hidden han family in Eastern Sea city. If he doesn't welcome me, I don't welcome him either. He should get out of Eastern Sea city tomorrow. His hotel and property will be taken over by my family!" Han xiaopo's voice was not loud, but it was intimidating. Donghai's hidden han family had this confidence. Although they had been low-key and did not cause trouble all these years, they were not afraid of trouble!

He could tolerate other things, but he definitely couldn't tolerate insulting his boss!

"Hidden ... Hidden han family?" The lobby manager was stunned. Although he didn't have the ability to reach that level, as the lobby manager of the most luxurious restaurant in Eastern Sea city, he had heard of the two big families in Eastern Sea city, the hidden Zhao family and the hidden han family. These two giants were existences that could not be provoked!

Thus, the lobby manager's expression changed. The hidden han family? he was no longer calm when he heard that. He did not immediately act arrogantly like when he entered the private room, but directly said, ""I'm sorry, I entered the wrong door!"

Then, she ran away with her tail between her legs and went to call the chairman with a sad face.

Although the lobby manager vaguely knew that the chairman had some power and background, it seemed that the power and background were not big, so he wisely chose to swallow his anger.

"President Zhao ..." The manager called the chairman of guangsi group, Zhao guangsi, who was behind the northern Ocean seafood restaurant.

"Oh, how is it? have you finished the things I arranged for you?" Zhao guangsi asked.

"President Zhao, it's not good. Someone from the hidden han family is here. He said his name is han xiaopo. He's actually in cahoots with the person in the private room you're chasing away!" "The moment he came," the manager said with a bitter face, "he shouted that you should get out of Eastern Sea city. His family will take over your business ..."

"What? The hidden han family? Why are their people here?" Zhao guangsi was shocked when he heard the manager's words. He never thought that the Hidden House of Han would intervene! Wasn't the hidden han family not open to business? Why did he interfere in this matter this time?

Guangsi's head started to hurt-if it was before, he wouldn't be afraid of the Hidden House han at all. On one hand, he was related to the Hidden House Zhao's young master, Zhao Guangyin, and was considered an outer member of the house Zhao's business circle. He'd given the Hidden House Zhao quite a bit of money every year, so naturally, the Hidden House Zhao would support him.

On the other hand, before the Hidden House Summit, the Hidden House han was still a small and weak family, a target that all the hidden houses wanted to divide up. But after the summit, the situation changed, and the Hidden House han miraculously stood firm. Even the Hidden House Zhao seemed to be afraid of them, not suppressing them as much as before!

Even though Zhao guangsi, who was an outer circle member, did not know the inside story, he knew that the Hidden House of Han was not to be trifled with! Plus, he had been pushed to the edge by the Hidden House Zhao because of what happened to his son, Zhao Fafa. He was dragged into this!

Chapter 2348-Elder Bi Taking Action

It was because of Qibing's words that Zhao guangsi left Songshan and came to Donghai to do business.

Of course, because he continued to pay Zhao Guangyin and give the Hidden House Zhao a huge sum of money every month, he managed to gain a firm foothold in Eastern Sea city quickly, but he couldn't get any higher up.

The Hidden House Zhao had chosen a new representative for their business, and this person was the president of the eastern sea Chamber of Commerce, Gong Jie Lei Daming.

Just now, it was Lei Daming's order for him to chase them away. Naturally, he could not disobey Lei Daming's request as he and Lei Daming were on the same side.

It seemed like he had kicked an iron plate this time. He had to make it clear to Lei Da Ming. The Hidden House Han's people had to be suppressed by the Hidden House Zhao. Zhao guangsi didn't have the ability to ask the Hidden House Zhao to come out, but Lei Da Ming could.

"I know. Don't act rashly. Serve them the dishes step by step. Don't show your face. I'll arrange for someone else to go!" Zhao guangsi said.

"Yes, President Zhao!" The lobby manager said quickly.

Zhao guangsi put down the phone and dialed Lei Daming's number.

"President Zhao, is it done?" Lei Da Ming was also eating at the northern Ocean seafood restaurant. When he received Zhao Guang Si's call, he naturally thought that the matter had been settled. This wasn't even a big deal to him-guangsi was the boss here, so what could pengzhan do if he didn't want to do business with a table of customers?

"President Lei, settle what? you've really hurt me. I have a backer too!" Zhao guangsi was related to Zhao Guangyin, so he didn't lower his voice in front of Lei Daming. He immediately complained, ""They invited a hidden member of the Han family, han xiaopo. I can't hold him back anymore. Han xiaopo not only threatened me to get out of Donghai city, but also asked me to take away all my properties. President Lei, you can't just leave me be!"

"The hidden han clan? How are they related to Chu pengzhan?" Lei Daming frowned and was somewhat baffled,""Okay, you don't have to worry about it. I'll report to the boss!"

The boss that Lei Daming was talking about was naturally the Hidden House Zhao's Zhao Guangyin. Lei Daming was currently his money-making spokesperson, and the reason why Lei Daming didn't want Chu pengzhan to enter the eastern sea market was because Chu pengzhan's businesses were too similar to his. Hotels, shopping malls, real estate were all profitable projects. If Chu pengzhan came, he would have a lot of money and could affect Lei Daming's business. If that happened, Zhao Guangyin would blame him, He had to take responsibility.

So, Lei Daming didn't feel like he was in the wrong as he called Zhao Guangyin,""Boss, we're in trouble!"

"What kind of trouble?" Guangyin had a good impression of Lei Daming-after he was successfully supported, Lei Daming quickly made a name for himself in Eastern Sea city, bringing in huge profits for house Zhao every month and a lot of sustainable profits.

"Previously, I told you that I was working together with the local merchants of Eastern Sea city to force an outsider out of the city and not allow him to do business in Eastern Sea city. After all, the business that he wants to do overlaps with our business ..." Lei Daming first explained the premise clearly to prove that he did not want to form a personal grudge with the hidden han family.

"En, I know. Does this outsider have a background?" Zhao Guangyin quickly connected the dots.

"That's right. The hidden han family is here to back them up!" Lei Daming nodded and said,"the person who came is called han xiaopo!"

"What? The hidden han family's Han xiaopo is that outsider's backer?" Guangyin paused-didn't the Hidden House han stop doing business? Could it be that after the Hidden House Summit ended, the Hidden House han had revealed their fangs and was ready to start their business?

"That's right, this is what happened today ..." Lei Daming did not hide anything and told Zhao guangsi about how he had met the outsider at the northern Ocean seafood restaurant and how Zhao guangsi had embarrassed him.

"Well, you did the right thing." Zhao Guangyin nodded. Lei Daming was arrogant, but he was doing it for the sake of the Hidden House Zhao business. Zhao Guangyin had to stand up for him!

Plus, even if this didn't happen, the Hidden House Zhao wouldn't be able to take it lying down. After the Hidden House Summit, the Hidden House han was no longer as cautious and low profile as before, but started to move around in Donghai city, making their own voice, showing their intention to compete with the Hidden House Zhao.

At the Hidden House Summit, the Hidden House han had already made the Hidden House Zhao feel bad because of their relationship with Lin Yi, and after Lin Yi left, the Hidden House han was still jumping up and down, even backing up a foreign merchant! Guangyin couldn't let this continue!

If he backed down this time, he believed that the people from the hidden han family would definitely give him a hard time, and it would only get worse each time. So, he had to kill their ambitions the moment they showed their fangs!

"Boss, then we should now ..." Lei Daming asked carefully.

"Isn't it just han xiaopo?" Zhao Guangyin smiled coldly, "he really thinks he's some Big Shot. Don't worry, I'll let Qibing and elder bi go out and teach this crazy guy a lesson!" Did he really think that his hidden han family could go up against the hidden Zhao family? A Mantis trying to stop a chariot is overestimating its own strength!"

"That's great!" Lei Daming was overjoyed-he didn't think that guangyin would send Qibing, the hidden heir of house Zhao, and elder bi, the core member of house Zhao. They had no problem taking down han xiaopo.

"Just you wait, they'll be here soon!" Zhao Guangyin couldn't order elder bi around, but he could order Zhao Qibing around. If Zhao Qibing went, then elder bi as his master would have to go as well. After all, han xiaopo was an Earth Class early phase!

If han xiaopo made a move, then Zhao Qibing would be at a disadvantage, but it would be different if elder bi went. He wouldn't just sit by and do nothing, and han xiaopo wouldn't dare to make a move.

"Yes, thank you, boss!" Lei Da Ming quickly said.

In Lin Yi's room, han xiaopo closed the door unhappily and walked to Lin Yi's side with a smile, ""Boss, what's going on?"

"This is uncle Chu, my elder. He wants to do business in Donghai city, but that Chairman Lei Daming is trying to stop him. We just had a fight in the parking lot ..." Lin Yi explained the whole situation.

Chapter 2349-What Are You?

"Did Lei Daming greet the owner of this restaurant?" Han xiaopo didn't know who Lei Daming was, and the Hidden House han didn't do business, so they didn't care who these presidents were. But that didn't mean he could let them bully Lin Yi's elders!

The eastern sea was considered a hidden territory of house han, and Lin Yi's elder was being bullied here-how could he, as Lin Yi's little brother, take it?

Thinking of this, han xiaopo patted his chest and said,""Boss, leave this to me. I promise to get this done. I'll talk to Grandpa and tell him to behave himself!"

"En, do as you see fit." Lin Yi said with a nod.

"Uncle Chu, don't worry, these small fry, I'll take care of them without boss's help!" "I'll first find out about this Lei Daming's background and then come up with a countermeasure,"said han xiapo.

"There's no need to ask, he's found someone again!" Lin Yi suddenly interrupted han xiaopo and said indifferently.

"Again?" Han xiaopo was a little anxious. This was Donghai city, and his hidden han family was considered half a landlord. How dare this Lei Daming come? Han xiaopo was about to explode. She suddenly stood up and said to Lin Yi,"Boss, leave it to me. I'll go and meet him!"

"Alright," he said. "Be careful," Lin Yi said with a nod.

Han xiaopo walked out of the private room and saw the aggressive lobby manager, a bald man, and an old man and a young man running towards her! The lobby manager, who had been a little weak before, was now like a rooster, holding his head high and sticking out his chest.

Han xiaopo did not know who the bald man was. He thought that he must be Lei Daming. However, han xiaopo was very familiar with the old man and the young man behind him. Seeing them appear, han xiaopo could not help but frown. Enemies really meet on a narrow road!

They were both hidden houses of Eastern Sea city, but the Hidden House han and hidden house Zhao didn't get along, especially after the fall out at the Hidden House Summit!

"Han xiaopo, instead of staying at home, you've learned to stand up for others?" Zhao Qibing had long disliked han xiaopo-he had lost his leg in the first match, and had never had the chance to scold him after that. Now that he had the chance, and with elder bi by his side, he naturally wasn't afraid of han xiaopo anymore.

"Zhao Qibing, your leg's fine?" Han xiaopo, on the other hand, looked at Zhao Qibing's running legs with a sneer,"It seems that you're in such a hurry to come here because you want to break up with me!"

"Han xiaopo, I gave you some sunlight and you're still so bright, aren't you? I didn't dare to touch you when Lin Yi was by your side, but Who Do You Think You Are now? He's just Lin Yi's dog, he doesn't even know what's wrong with him, and he's just acting all high and mighty here!" Zhao Qibing's weak spot was hit by han xiaopo's words, and he panicked,""I'm telling you, if you know what's good for you, take your men and get the hell out of here. Tell your men not to try to meddle in the business of Eastern Sea city. Otherwise, don't blame me for being rude!"

"I'm really curious-you're only a Mystic right now, what right do you have to challenge me?" Han xiaopo looked at Zhao Qibing with interest, and said sarcastically, ""Could it be that you think you can be like boss and fight enemies above your level?"

"You're relying on medicinal pills to increase your strength, and you're still acting in front of me!" Qibing said with disdain,"I'm not afraid to tell you. Master has already promised to give me the pill. I can catch up to you in a few minutes!"

It wasn't that the Hidden House Zhao didn't have spirit gathering pills and lesser Chi gathering pills, they just didn't have a lot in stock. If a family wanted to develop in the long run, they couldn't possibly take out all their savings for their disciples to use, right?

Even if Zhao Qibing's generation all became Earth Class early phase, what would happen to the fourth and fifth generation? If they didn't manage to collect the pills, and there was a gap in strength, then wouldn't the Hidden House Zhao be kicked out of the Hidden House list?

And so, in the past few years, the hidden houses all followed one principle, and that was to let their disciples level up on their own. If they didn't need to use pills, they would try to avoid using them, and only use them when they really couldn 't! Besides, there was one advantage to not reaching Earth Class, and that was that he could enter and leave the secular world as he pleased.

But now, the Hidden House Council only existed in name, and there was no one to supervise the earth Class. After the rise of the Hidden House han, the disciples of the hidden houses were all red-eyed and ready to cultivate their own disciples, so they took out all the pills they had been keeping in storage for a long time!

In fact, other than the Hidden House you, the other hidden houses didn't have many elixirs. They got them through various gambling, exchanges, trials, and etiquette channels. How could they use them casually?

However, the situation forced them to do so. If they didn't use it, they would fall behind, which was why the Hidden House Zhao was preparing to give it to their disciples after the Hidden House Summit.

Han xiaopo looked at elder bi behind Zhao Qibing, a little scared! Elder bi was an Earth Class late phase peak, not someone han xiaopo could fight! Elder bi had been famous for a long time-he was a core member of the Hidden House Zhao, the one with the highest chance of entering Sky Class.

"Zhao Qibing, isn't your hidden house Zhao's control a little too broad? Manage everything?" Han xiaopo said angrily.

"Hey, I'm in charge of everything. So, what are you going to do? bite me?" Qibing knew that han xiaopo wouldn't dare to act rashly in front of elder bi, and so to get back at him for breaking his leg during the race, Qibing naturally kept on humiliating han xiaopo, "I'm telling you, without Lin Yi by your side, you're worse than a dog! Go back to the Hidden House han and hide!"

"Which eye of yours saw that I wasn't by his side?" A cold voice sounded beside Qibing's ear. It wasn't loud, but it was like a clap of thunder. Qibing almost peed his pants. He raised his head in disbelief and shivered as he saw Lin Yi walking out of the room.

"Lin ... Boss Lin Yi ... You're here too, huh?" Zhao Qibing's voice was shaking. He regretted it, he cursed Lei Daming's ancestors in his heart. Outsider, outsider, can't you just say your name? Will you die if I tell you my name? If they'd known that this outsider was Lin Yi, Qibing and guangyin would've asked Lei Daming to give up a portion of the market to him-who the hell would mess with him?

"If han xiaopo is a dog, what are you?" Lin Yi looked at Qibing, and then at elder bi, calculating his strength. He came to the same conclusion-elder bi was weak, even weaker than the third head of the red conches!

Chapter 2350-Still One Move

In Lin Yi's eyes, these Masters from the hidden houses were all jokes after he created the raging fire Eight Trigram palm.

They were much weaker than taganlong, and this made Lin Yi realize that strength didn't mean everything! In other words, the strength level would only represent the strength of the cultivator when they were at the same level.

But if it crossed levels, it was a completely different matter!

The common house Yu's boss Yu and the Hidden House Yu's Earth Class were on the same level, but were they the same in strength? Obviously not!

And the sky Class early phase of the Hidden House-was that the same as the Sky Class early phase of the Ice Palace? It was obviously different!

The Ice Palace's Sky Class early phase, was he the same as the guard? Clearly, it was still different!

It was a joke to judge the strength of cultivators based on their abilities after they crossed levels.

Earth Class late phase peak, the 3rd leader was obviously much stronger than the earth Class late phase peak elder bi.

But taganlong, an Earth Class early phase, was stronger than the third-in-command.

And so, after studying elder BI's aura, Lin Yi shook his head. He didn't make a move, but it didn't seem like he was that strong.

"I ..." Qibing looked at Lin Yi awkwardly, speechless.

"Imposing manner. You're right about one thing. You're not even as good as a dog. My dog, general Weiwu, is better than you!" "Break your own legs and get lost," Lin Yi said. "I'll let this go. "

"Gah!" Qibing froze-he didn't think that Lin Yi would make such a request! Normally, it would be fine, but making this request in front of elder bi, his master, wasn't that a slap to his face? Would elder bi agree?

The answer was obvious-elder bi spoke up, his eyes cold as he looked at Lin Yi. "Lin Yi, don't go too far! Do you not put me in your eyes?"

The Hidden House you didn't get a clear answer from the sky elixir sect, but from the questioning tone of the heavenly silkworm transformation, they knew that Lin Yi's own strength wasn't that strong. When this news reached the Hidden House Zhao, old Zhao regretted not making Lin Yi stay!

So elder bi thought that without the purple lightning Beast, Lin Yi was no match for him at all. Even if they were to fight, Lin Yi would at most be on par with him! Plus, he'd been touching the wall of Sky Class recently, only half a step away!

"You're right, I really don't put you in my eyes. " Lin Yi said faintly, as if he knew that elder bi was going to attack.

"Do you think I'm afraid of you?" Elder bi hmped.

"One move," Lin Yi said faintly.

"What?" Elder bi paused, but his face changed as he remembered the Zhao Guang 'er from before! Lin Yi said the same thing to Zhao Guang 'er and the others!

"I said, I only need one move to hit you!" "Break Zhao Qibing's legs and take him away. I'll give you ten seconds to think about it. After that, you don't need to leave!" Lin Yi said.

"Lin Yi kid, do you really think I'm afraid of you?" Elder bi was enraged-when had he ever been threatened like this? As far as he was concerned, Lin Yi was strong at the Hidden House Summit, but not to the point where it was unbelievable. It was just that Lin Yi's claim that he could fight Sky Class was a little confusing.

"The fifth move of wild fire Eight Trigrams palm!" Ten seconds had passed, and Lin Yi made his move! He didn't hold back at all! He wanted to intimidate the people in Eastern Sea city and the hidden families who were ready to make trouble!

Back then, when he left the Hidden House Summit, Lin Yi was scared that he'd be stopped! Lin Yi didn't say anything in the face of some people's doubts, but at this moment, Lin Yi used his self-created martial arts technique and launched the first strike of his counterattack!

Since the Hidden House Zhao was so arrogant, he could only step on their dead bodies to get to the top!

This trip to the Wulong hao te mountain made Lin Yi feel more and more that his strength was too weak. He didn't have time, he didn't have time to fight with these hidden houses. He had to start with the Hidden House Zhao and integrate all the hidden houses "strength into his practitioner's Association.

At this time, although Lin Yi still couldn't touch a giant like the Hidden House you, he could still do something to the Hidden House Zhao.

All of this was because Lin Yi had wanted to take revenge for this long ago! Zhao Guang 'er, Yu Liu, and the thirteenth of the right almost destroyed Lin Yi's and the miss's family when they came looking for trouble-Lin Yi had been holding it in for a long time!

It wasn't that he didn't want to take revenge, it was just that the time hadn't come! Lin Yi was a very rational person-he would only fight to the death with his enemy if he had no other choice. Under normal circumstances, Lin Yi wouldn't do something as stupid as throwing an egg at a rock.

As for the Hidden House Yu, Lin Yi didn't want to make them his enemies yet. It was because of two people, Yu Bing and Yu Ning ... This made it hard for Lin Yi to kill them. They were different from the common house Yu.

Lin Yi didn't have the strength to fight the Hidden House you yet. Not only did they have a lot of Masters, but they also had an unclear relationship with the sky elixir sect. Most importantly, Lin Yi still wanted to get more treasures from the house you with Han Jingjing. Since they didn't fall out, he'd keep them for now.

But the Hidden House Zhao was different. This Zhao Qibing had been going against him time and time again, from the very beginning in Songshan city. This little bastard had been jumping around, not only ordering Li Cihua to go against Chu Pengzhan's company, but also setting fire to Yu Xiaoke's orphanage. Lin Yi had wanted him dead for a long time!

Elder Bi didn't expect Lin Yi to make a move all of a sudden, but he wasn't nervous. He was an Earth Class late phase Peak Master, after all, why would he be scared of Lin Yi? Besides, he'd studied Lin Yi's raging fire before, and it wasn't very strong. He had an absolute chance of winning if they fought head on!

And so, Elder Bi started his Practitioner's Arts—he didn't even try to Dodge or hide as he threw out a punch, activating his skill. "Overlord fist, Kasaya, tenth form!"

"Pfff ..." Lin Yi was amused—he didn't expect Elder Bi's skill to be called the Overlord fist, was it a joke? Obviously not—the serious look on Elder Bi's face made Lin Yi realize that this was the real thing!

Just from the name, it didn't seem to be a powerful move. The tenth move, the fifth move of Wild Fire Eight Trigrams palm, was equivalent to the eleventh move of an ordinary martial technique.

"Pa!"

A loud sound rang out as Lin Yi's palm hit elder BI's fist, and his Qi exploded in an instant ...
