

Bodyguard 2351

Chapter 2351 -Two-Handed Approval

Elder BI's body shot out like an arrow, hitting the wall at the end of the corridor with a loud bang before landing on the ground like a dead dog.

Lin Yi's organs were shaken as well, and his meridians were damaged-but he was able to take it, not elder bi!

The tenth low-tier martial skill against the eleventh normal high-tier martial skill-the result was obvious, and elder BI's loss was not an injustice at all.

But Lin Yi knew that elder bi wasn't dead-it was unrealistic to kill him in one move, but at least he'd made him lose the ability to fight. With the Hidden House Zhao's strength, it was impossible to make him recover.

His injuries were too heavy-more than half of his meridians were broken, and his organs were all shifted. Even if he recovered, he'd be a cripple, and he wouldn't be able to have the strength of Earth Class late phase peak anymore. It wasn't easy to stay Mystic or even golden class.

"Gah!" Qibing was dumbfounded as he looked at his master, who he could only look up to, being sent flying without even taking a single hit from Lin Yi!

It was only now that Qibing understood that he really couldn't go against Lin Yi-he couldn't take any chances! In front of Lin Yi, Zhao Qibing never seemed to be able to gain any advantage. It was like that in the past, and it was the same now.

"Master Bing, the next time you come looking for trouble, it's best to get your Grandpa to come personally, but I don't think he'll be able to do it even if he's here-two moves at most." Lin Yi said faintly. Although he was injured, Lin Yi didn't show it. This kind of injury was nothing to Lin Yi, who was always injured!

Lin Yi, on the other hand, was good at disguising himself after getting injured, and it was because of his disguises that his enemies couldn't figure out his true strength and suffered losses.

"Boss Lin Yi, you're joking. I wouldn't dare to cause trouble. I was just joking, haha, you're right." Qibing said with a sad face.

Didn't you hear what I just said?" Lin Yi asked.

"What?" Qibing blinked.

"Break your own legs and get out of here with your men. Give me this restaurant. Also, I don't want to see this Lei Daming guy anymore." "As for the chairman, I'd like to recommend someone-Chu pengzhan, Mengyao's father. What do you think?" Lin Yi said faintly.

"Uh ... I agree with both hands." "Then my leg ... Doesn't need to be broken anymore?" Qibing asked.

"If that's the case, you can go." Lin Yi nodded, not breaking Qibing's leg anymore. "It's almost the end of the year. It'll depend on your performance if you can survive the end of the year."

"What ... What do you mean?" Qibing froze, his heart skipping a beat.

"Do you remember that I told you before that you wouldn't live past this year?" Lin Yi's face paled as he said that. Because, Lin Yi remembered the conflict with Zhao Qibing, but he forgot why he had to fight Zhao Qibing! It seemed to be for someone important to him, but Lin Yi couldn't remember who it was.

Who was it? Was it the young miss? Shu? Or was it Feng Xiaoxiao? However, it didn't seem to be the case! Xiaobo? Xiaobo's girlfriend Fen? Yes ... It seemed to be related to Fen, but it definitely wasn't her!

Who was it? Lin Yi's mind was in a mess, as if he'd lost some important memory ... This wasn't the first time he'd felt this way, and it made him feel strange.

"You ... I ..." Naturally, Qibing remembered Lin Yi's words. He would never forget the setback he suffered that time! He came to Songshan with great ambition and built the Qibing skyscraper, only to have it collapse because of Lin Yi.

"Hu ..." Lin Yi took in a deep breath, his memories in a rather chaotic state. He looked at Zhao Qibing and asked, "Zhao Qibing, let me ask you something. The first time I broke your legs and destroyed your building, what was it about?"

"I ... Boss Lin Yi ... I didn't do it on purpose ..." Qibing naturally didn't know what Lin Yi meant and replied subconsciously.

"Zhao Qibing, what are you still doing here? Get lost!" Chen Yushu suddenly pushed open the door and came out, hands on her waist as she pointed at Zhao Qibing.

She was Shu 007 the spy, and when she heard Lin Yi ask Qibing about this, she couldn't help but walk out and stop him from telling the truth.

"Get lost, I'll get lost now!" Qibing didn't dare to stay. He was afraid of breaking his leg again ...

"Wait, about the thing I asked you before ..." Lin Yi didn't want Qibing to leave just like that.

"Oh, shield bro, don't waste your breath on this trash. If you talk too much, you'll get turned into trash. If you have anything to say, ask Shu!" Chen Yushu replied.

"That's good, you can get lost. " Lin Yi waved his hand, signaling for Qibing to leave.

Lei Daming's face was as white as a sheet. He didn't expect the big-breasted girl who called him an idiot to be so cocky. Master Bing, who was always so high and mighty, was as cautious as a mouse in front of her.

"Still not leaving? are you waiting for death?" Qibing kicked Lei Daming, who was standing there in a daze, and the latter came back to his senses immediately. He followed behind Qibing, not even daring to turn his head around. The two of them picked up elder bi at the end of the corridor, and took the elevator down.

Elder bi was on his knees, Qibing was gone, Daming Lei was scared, and guangsi was in trouble.

When the manager told guangsi what had happened, he almost vomited! Lin Yi? He almost fainted! Why is it him again? Last time, because Zhao Fafa didn't know his place and got involved with Lin Yi's woman, not only did he get Zhao Fafa out of Songshan city, he was also distanced from the Hidden House Zhao!

But today, he was wronged! He was just carrying out Lei Daming's order, he didn't even think about provoking Lin Yi! He was getting shot while lying down!

With that thought, Zhao guangsi quickly dialed Zhao Qibing's number.

"Hello?" Zhao Qibing saw Zhao guangsi's call and didn't want to pick it up, but he remembered that Lin Yi was still eating at Zhao guangsi's restaurant. What if Lin Yi was in trouble? He quickly picked up the phone. ""What is it?"

"Master Bing, you can't just leave me like that-I'm just following Lei Daming's orders, I didn't want to offend Lin Yi!" "He wants my hotel and property, why am I so unlucky!" Zhao guangsi said with a sad face.

"Give it to him! If he wants it, give it to him!" Zhao Qibing shouted in exasperation.

Chapter 2352 -Master Bing's Thoughts

Then, as if remembering something, Qibing continued, "How much are your hotel and company worth? Give it all to him, I'll arrange something for you to do later! If you can make Lin Yi happy, it'll be a great achievement-don't let him hate us, hidden house Zhao! I'll think of a way for you to become the Vice-President of the Chamber of Commerce. Other than the business, you can spend the rest of your time sucking up to Chu pengzhan!"

Qibing was scared out of his wits-elder bi was such a Big Shot, and Lin Yi just took him down in one move! He even said that even elder Zhao wouldn't be able to do anything to him, and that was two moves! What did Qibing have against Lin Yi?

Qibing didn't want to die-as the saying went, it was better to live than to die. He was the heir to the Hidden House Zhao, he couldn't die! He hated Lin Yi to the core, but he knew that he couldn't take revenge, definitely not!

Not even the slightest bit of hatred could be revealed! But in the depths of his heart, he had already listed Lin Yi as his number one enemy. As long as he, Zhao Qibing, could make a comeback, it would be Lin Yi's Day of death!

But before that, he'd suck up to Lin Yi. He needed to live, and only by living could he get his revenge.

On this day, Chu pengzhan's pengzhan industries officially gained a foothold in Donghai city. A complicated issue was solved in the middle of a meal, and Chu pengzhan, an outsider, became the chairman of the Chamber of Commerce for no reason!

Chu pengzhan had also achieved his dream for no reason. To him, it was a very difficult thing, and it was as easy as blowing off dust.

Lin Yi and Shu went back to the room, and Lin Yi looked at Shu, confused."Shu, why did I cause Zhao Qibing trouble for the first time?"

"Because he likes Yaoyao sis and wants to Chen Yushu replied.

Chu Mengyao heard Chen Yushu's words and her face immediately reddened. She glared at Chen Yushu but didn't refute. She knew that Chen Yushu was bullshitting but if she retorted now, Lin Yi would definitely ask more questions and it might lead to Tang Yun's problem. Chu Mengyao could only accept it.

"Is that so?" Lin Yi blinked, thinking that Qibing and Mengyao did have some sort of grudge against each other ...

"Yup!" Yushu said with a serious face.

"Alright ..." Lin Yi nodded, "Last time, I was possessed by the devil, and my thoughts were a little confused. I kept feeling that something was missing from my memory ... Missing bits and pieces ... For example, the last time you went back to my hometown with me, there were a lot of things that I couldn't remember, including the way back and one of the nights, I can't remember them clearly ..."

"Yeah, shield bro, you're suffering from Qi deviation, so your memory's a little messed up, but Shu remembers everything." Chen Yushu nodded.

"Alright then!" Lin Yi thought so too-it was probably the side effects of the Qi deviation from last time.

What happened before didn't affect the mood of the people eating, and Chu pengzhan was even more excited. He heard from the room that Lin Yi solved the problem so easily! He was an elder, and it was a

bit embarrassing to ask Lin Yi for help, but pengzhan never treated Lin Yi as a normal person from the moment he came to the Chu villa!

It was all because of his father's strong recommendation, and he said that if Wan 'er came back, house Chu's rise would depend on Lin Yi!

Pengzhan didn't know Lin Yi's background, but he trusted his father! It was just like the noble that his father had found for him, who had helped him deal with the Grand Elder of the Dark Palace and had come to find trouble with him and Wan 'er for the first time!

He also forced the Grand Elder to make a promise to pass him and Mengyao! If it weren't for that person, he and Mengyao would've been dead long ago.

Although he hadn't heard from that person for a long time, Chu pengzhan suddenly saw the shadow of that person in Lin Yi, just that Lin Yi's personality was colder and more arrogant.

"Uncle Chu, congratulations on your successful move to the provincial capital!" Han xiaopo raised his glass and said a little guiltily,""Originally, as a local, I should have done my part, but I didn't expect the Hidden House Zhao to interfere. If it wasn't for boss, I wouldn't have been able to handle it!"

"Xiao po, you don't have to look down on yourself. If it wasn't for that old thing elder bi, Zhao Qibing wouldn't be so cocky." "This time, the Hidden House Zhao should be able to stop for a while," Lin Yi said faintly.

"That's right, boss, you're too strong! You can kill Earth Class late phase peak in seconds now? But you're still Earth Class mid phase!" Han xiaopo looked at Lin Yi strangely.

"En, I've created a martial skill myself. This martial skill is just a bit more powerful," Lin Yi said.

"No way? Boss, you can actually create your own martial arts technique? What kind of concept was this? He's a martial arts Grandmaster!" Han xiaopo said in surprise.

"I can't be considered a Grandmaster." Lin Yi smiled. He suddenly wondered if he could create a new skill if he combined the thousand changes of wood and forest with the wild fire Fist. Lin Yi shook his head at the thought. The second form of the combination of the thousand forest changes and the five elements and Eight Trigrams palm would have the same power as the second form of the wild fire Fist. If he combined the two forms together, it would be a waste of effort, not to mention it might not even succeed.

He'd thought of combining them back at the Hidden House Summit, but it didn't work. Perhaps the five elements Eight Trigram palm had a special way of activating it, which was why the fusion was possible.

Of course, if he could combine wild fire Fist, wood forest thousand changes, and five elements Eight Trigram palm into one, the power would reach a terrifying level. But Lin Yi knew that it was impossible! Lin Yi couldn't use both Arts at the same time-he could only use one at a time, and then use it according to the five elements Eight Trigrams palm!

Lin Yi wasn't Zhou Botong, who could do two things at once and use two different moves at the same time! Lin Yi was able to minimize the time needed to switch between skills, making it look like he was using both hands at the same time, but that was just making the switching of skills more flexible. It was a different story altogether.

"Right, have you heard anything about house Zhao's hidden Zhao qikun recently?" Lin Yi saw Zhao Qibing and thought of Zhao qikun. It was already weird that he didn't see Zhao qikun at the Hidden House Summit, and when he asked Zhao Qibing about this, Zhao Qibing also stuttered.

Chapter 2353 Why Did You Come Back?

"Zhao qikun? I heard that they were arranged by the Hidden House Zhao to participate in the sky elixir sect's test, but I'm not too sure!" Han xiaopo was also from a hidden house, and naturally received the gathering order from the sky elixir sect, but he didn't know the relationship between qikun and Lin Yi.

"The sky elixir sect's trial? What's that?" Lin Yi asked, confused.

"Boss, even if you didn't say it, I also wanted to discuss it with you in the next few days!" "I wanted to tell you when you asked me for the small Qi gathering pill," han xiaopo said. "But you're outside, and it's hard to explain it in a few words."

"Oh? What do you think?" Lin Yi could tell that the sky elixir sect's test seemed to be quite useful, wasn't it?

"Yes, boss, this sky Elixir's test is an ancient sect, sky elixir, calling for all the mystic class and above hidden houses to join!" "Completing the sky elixir sect's trial will reward you handsomely," han xiaopo said. "The reward can be a third-grade elixir owned by the sky elixir sect, or some heavenly treasures of equal value! As far as I know, the sky elixir sect has a lot of colored steel, which is a necessary material for making cauldrons. So if boss can participate in the sky elixir sect's test and complete the mission, you'll be able to get these rewards ..."

"Colored steel ..." Lin Yi's brows twitched. This was something he really needed, but was the sky elixir sect's test really that easy to complete? This was way more than the rewards from the Ice Palace test!

"This sky elixir sect's test isn't that simple, is it?" Lin Yi was very suspicious.

"He's indeed not simple!" Han xiaopo nodded. "We'll go to a very dangerous place and collect some herbs. As long as we collect enough, we can come back and Exchange them for rewards. The sky elixir sect is a man of their word. Someone really did get a third-grade elixir, the Qi gathering elixir! But most of them never returned. "

"Oh?" Lin Yi frowned, "if that's the case, why didn't the heavenly elixir sect send their own people?" Isn't the reward a little too generous?"

"Maybe it's because it's too dangerous, and the death rate is too high, so the sky elixir sect doesn't want to make unnecessary sacrifices." "But we don't know much either," han xiaopo said. "We've received the sky elixir sect's test call before, but we didn't even participate in the simple Ice Palace test, much less the dangerous one. We've always kept a low profile."

"I see." Lin Yi started to think-this was a good chance to get the colored steel, but he didn't know if he should participate or not. From what han xiaopo had told him, the rewards of this test were great, but the danger was high as well. The Hidden House Zhao's motive for sending Zhao qikun there was clear-they wanted to use this abandoned son of theirs to get some family benefits, but it wouldn't be a pity if he died-at least it wouldn't bring trouble to Zhao Qibing's position!

Of course, Lin Yi didn't know that the Hidden House Zhao made this decision because of him-it was because Zhao qikun told him, making them decide!

"Boss, if you're participating, then I'll go with you!" Han xiaopo saw that Lin Yi was a little moved. She gritted her teeth and said boldly! He thought back to the time when Lin Yi went up the arena with him-he had no regrets in life with a boss like this!

"There's no rush in making this decision-you should first find out what's going on with this test from the sky elixir sect, and then ask about Zhao qikun on the way, see if he's really going to take part. " "Qikun, my follower too!" Lin Yi said. I can't just ignore it. "

"Oh? Alright, I'll keep that in mind. " Han xiaopo was stunned for a moment. Then, she nodded."Actually, the best way to solve this is to go to Zhao Qibing directly. If we ask him now, he'll probably tell us everything he knows!"

"Alright, ask him out later and ask him about this." Lin Yi wasn't interested in looking for Zhao Qibing personally. Just looking at him annoyed him.

"No problem, boss. Leave it to me. I'll definitely investigate it thoroughly!" Han xiaopo answered.

After they finished their meal, they were about to pay the bill and leave when the lobby manager followed a middle-aged man into the private room with a dark face.

"What are you doing back here?" Han xiaopo shouted, and the manager was furious. This guy made han xiaopo lose face again and again. He came here to show off to Lin Yi, but he was almost kicked out by the manager.

After that, the lobby manager had Zhao Qibing and elder bi to back him up, and he'd even mocked han xiaopo. This was the third time he'd come on stage, and naturally, han xiaopo wouldn't be nice to him.

"Uh ... Guys, I'm sorry, but I'm the owner of the Arctic Ocean seafood restaurant and the chairman of guangsi food group. My name is Zhao guangsi ..." Zhao guangsi said carefully.

"Zhao guangsi?" "What are you doing here?" Lin Yi frowned. Do I know you? Waiter, bill please and leave!"

"Ugh ... I'm Zhao Fafa's father, boss Lin Yi ..." Zhao guangsi panicked-he was under Zhao Qibing's orders to give his assets to Lin Yi. If he didn't give them to Lin Yi, he would have to face Zhao Qibing's wrath when he returned!

Plus, there were only benefits and no disadvantages to giving away the business. Zhao Qibing had promised to help him run the Vice President position of Eastern Sea Chamber of Commerce, and he also wanted to help him run some businesses, so he didn't have to worry about the food and beverage business in his hands.

"Someone from the Hidden House Zhao?" Lin Yi stopped and asked. Actually, when Lin Yi heard Zhao guangsi's name, he thought of Zhao guanger and Zhao Guangyin-the second generation of the Hidden House Zhao all had similar names.

But Lin Yi was a little troubled-why wasn't this Zhao guangsi a practitioner? But when he heard him say that he was Zhao Fafa's father, Lin Yi understood-he was Zhao Guangyin's distant relative! Although he was also called Zhao Guang, his "four" had nothing to do with the Zhao family's second generation. It was just a coincidence.

As for Zhao Fafa ... Lin Yi had some impression of him, but it wasn't a big one. He didn't think too deeply about it.

"Yes, yes, I'm a distant relative of the Hidden House Zhao!" Zhao guangsi heard that Lin Yi seemed to recognize him and quickly said, "I'm here on master Bing's orders to give the guangsi Restaurant Group to boss Lin Yi, including this Northern Ocean seafood restaurant. This is the title deed, as long as boss Lin Yi accepts it. "

Chapter 2354-No Other Way

"Oh?" Lin Yi didn't expect Qibing to react so quickly. He smiled,"Uncle Chu, just accept it. Since it's a gift from Zhao Qibing, we have no reason not to accept it,"

Pengzhan's heart skipped a beat. He didn't think that Lin Yi and han xiaopo's joke would be taken seriously by Zhao Qibing, and that it would be confirmed so quickly! Pengzhan didn't know how big guangsi was, and he wasn't a local Eastern Sea businessman, so he didn't investigate guangsi himself. However, the value of this Northern Ocean seafood restaurant alone was not to be underestimated. If he could take over these businesses, it would be even easier for pengzhan industries to enter Eastern Sea city.

Chu pengzhan took a deep breath and walked over excitedly. He looked through the documents that Zhao guangsi handed over and found out that the land of the northern Ocean seafood restaurant belonged to Zhao guangsi. The value of this place was even more immeasurable!

It was really a big deal! Looking at Lin Yi's nonchalant face and han xiaopo's nonchalant face, Chu pengzhan sighed to himself. He was a little low now. Lin Yi probably didn't even want this money anymore.

He even thought of using pengzhan industries as Chu Mengyao's dowry! But Lin Yi didn't seem to care?

With that thought, Chu pengzhan sighed and accepted the guangsi food and beverage group under Zhao guangsi's fearful expression.

"Phew ..." Guangsi let out a breath of relief when he saw pengzhan accept his gift. It was so hard to give a gift these days, let alone such a heavy gift! But he had to-even master Bing was afraid of him, who was he to be able to take down elder bi in one move? What ability did he have to dare to contend against him?

"President Chu, there's a meeting at the Chamber of Commerce in the afternoon. Shall we go together?"
"Master Bing made me the Vice-President, and I'll support President Chu with all my might!" Guangsi said carefully.

"President? I?" Pengzhan blinked, not sure if he should laugh or cry.

A few hours ago, eastsea Chamber of Commerce was still attacking him with all its might. A few hours later, he became the president of eastsea Chamber of Commerce.

Sometimes, time was a miraculous thing.

The Miss was surprised as well, but she was more happy and proud. Lin Yi's actions were different.

It was as if Lin Yi belonged to her ... But, was it?

Mengyao asked, confused.

If it was before, she would've said without hesitation that Lin Yi was one of her people, that he was her follower.

But now, she couldn't say it, and she was too embarrassed to say it. Lin Yi was no longer her follower, and he said that they were good friends ...

Good friends, how good were they? Friends for life?

Never leave the villa?

The young miss was a little worried and regretful.

Chu pengzhan was still a Big Shot in Songshan's business world, and he quickly adapted to the situation. "Alright, then I'll have to trouble Vice President Zhao to help make the introductions!"

"Good, good!" Zhao guangsi's face bloomed like an old chrysanthemum.

"Right, it's time to change your lobby manager!" Han xiaopo was very vengeful. Seeing the lobby manager's pale face, she felt very aggrieved! I'm the young master of the hidden han family, yet he doesn't even know me and has even caused so much trouble?

This was not the first time Han Xiaopo had come to the Northern Ocean Seafood Restaurant. Why did he encounter such an idiot who would change sides with the wind?

"Uh ..." The lobby manager wanted to cry but no tears came out. He was a distant relative of Zhao Guangsi, and it was not easy for him to become the lobby manager. In the end, he had only been in the position for a few days and was kicked out!

"What? Uh? Young Master Han asked you to get lost, why aren't you getting lost?" Zhao Guangsi said angrily.

"..." The lobby manager left the room with a sad face. He thought to himself, what does it have to do with me? I was just following your instructions ...

In the afternoon, Chu Pengzhan, Uncle Fu and Zhao Guangsi went to deal with business matters in Donghai, while Lin Yi drove Miss Shu and Grandma Sun Home.

Han Xiaopo, on the other hand, went back to the Hidden House Han alone, ready to help Lin Yi find out about the Sky Elixir Sect test.

Hidden House Zhao.

Zhao Qibing, Zhao Guangyin, and Lei Daming stood in front of a yard with pale faces, waiting for the result anxiously.

This yard was usually managed by elder bi himself, but today, he was lying on a bed in one of the rooms, with old master Zhao and Yao Wang treating him.

"How is it?" Zhao Yu's father asked with a pained expression.

"Basically, he's crippled." Yaowang Zhao sighed and said helplessly, ""I can keep my life, but my strength won't be able to recover-after taking the small reversion pill and Meridian opening pill, I'll at most be able to maintain my strength at golden class, Mystic at the highest."

"Al!" Master Zhao sighed, but was also confused-who was it that could hurt elder bi? Because he was worried about elder Bi's injury, old Zhao didn't have the time to ask what happened, and neither did Zhao Qibing and Lei Daming, ""Is there no other way?"

"Unless I consume a third-grade pill, the great recovery pill!" "But this method can't really be considered a method," Yaowang said. "Because the Grand recovery pill is a third class pill, it's not something we can even think of ... It's as precious as the Chi gathering pill ..."

"Strange altar!" Old Zhao suddenly thought of the test qikun was about to take part in, and his eyes lit up, "If Qi Tan can pass the sky elixir sect's test without a hitch, then a third ranked pill won't be a problem!"

"That's true, but passing the sky elixir sect's test is basically harder than ascending to the heavens ..."
Medicine King Zhao knew some inside information, and smiled bitterly, ""How many people want to pass the trial? basically, they can't return! When you sent qitan to the test, you wanted to use the test to get rid of him, right?"

Old master Zhao nodded his head silently. That's right, how could the sky elixir sect's trial be so easy to pass? If it was that simple, then a grade three pill would be too worthless!

"No matter what, this is our last hope ..." Old master Zhao sighed, ""Let's stabilize elder BI's condition first, I'll go and ask who's strong enough to hurt him. "

"Yes!" Yaowang Zhao nodded.

Grandpa Zhao, on the other hand, walked out of the yard with a dark face. He looked at Zhao Guangyin, Zhao Qibing, and Lei Daming standing at the entrance and asked, ""What's going on?"

"Grandpa, it's Lin Yi!" Zhao Qibing felt that the responsibility wasn't on him. He didn't do anything wrong, he just met Lin Yi. So he explained everything in detail to the old man, but because of the shock, his face was very ugly.

Chapter 2355-Qikun's Conversation

He didn't think he was to blame, but elder bi was injured, after all, and he was still very nervous.

"Al!" Zhao Yu's father let out a long sigh, and his eyes flashed with a trace of shock, ""Lin Yi ... Is he really that strong? What kind of expert was he? Did it level up again?"

"No, he's still Earth Class mid phase." Qibing shook his head and said with certainty.

He was also a practitioner, and he saw Lin Yi's strength when he attacked-he was Earth Class mid phase.

"Mid-phase Earth Class ... No wonder he said he had the strength to fight a Sky Class-he wasn't bragging!" Cold sweat started forming on old Zhao's back-if it weren't for elder Yu, he would've gone to Lin Yi for trouble after the Hidden House gathering ...

From the looks of it now, it was fine if they all worked together, but they were afraid that they all had their own plans. If they didn't use their full strength, then they'd be the unlucky ones!

"Yeah, Grandpa, I didn't know that it was Lin Yi ..." Qibing said bitterly.

"I don't blame you for this." Old master Zhao sighed. He wasn't an unreasonable person. Lei Daming had helped the Zhao family earn money in Donghai city. Now that they were in trouble, the Zhao family naturally had to help them out. But who would have thought that han xiaopo was not standing up for the outsider, but was acting as someone else's underling!

Lin Yi was in the room, so han xiaopo's appearance wasn't a rare thing. They had placed han xiaopo in the wrong position, which caused the situation.

"Master ... I ... I'm sorry ..." Lei Daming knew that he was the one who started this. If old Zhao didn't blame Zhao Qibing, did that mean he was going to punish him? Hence, Lei Daming was so frightened that he knelt on the ground with a 'plop'.

"Lei Daming, get up. It's not your fault, but you've offended Lin Yi, it's not suitable for you to stay in Donghai city anymore ..." Old Zhao waved his hand, ""I'll arrange for you to go to the nearby Jidun city. It's a small city and there aren't many families there. After you go, you can use the name of house Zhao to develop yourself. "

"Thank you, old Zhao!" Lei Daming was both surprised and happy. Although going to a remote small city was equivalent to being banished by the Zhao family, it was already a great fortune that they did not pursue his responsibility. This made Lei Daming heave a sigh of relief.

"Qibing, guangyin, you guys should stop for a while. As for the seafood restaurant, if Lin Yi wants it, just give it to him." "Lin Yi's causing a scene like this," Grandpa Zhao said faintly, "someone's gonna come for him sooner or later!" I'm the only sky Class in the Hidden House Zhao right now, and I'm not stable yet-try not to get into any more conflicts with him!"

"I understand!" Qibing and guangyin quickly replied.

"Spread the news that Lin Yi injured elder bi in one move, and let the hidden houses feel a sense of danger. When they realize that something's wrong, they'll naturally make a move on him!" Old master Zhao wanted to kill someone with a borrowed knife.

"Yes!" Zhao Guangyin nodded.

Old Zhao didn't say anything else, and turned to walk back to the room where qikun was locked up-whether or not elder bi could recover was up to qikun ...

"Strange altar!" Old Zhao pushed the door open and walked into qikun's room. There were guards outside, but as the head of the Hidden House Zhao, old Zhao could go in without any obstruction-guangyin didn't have that power.

"Grandpa ..." Qikun stood up from his chair and turned around, his eyes filled with excitement and unwillingness ...

Looking at the look in his grandson's eyes, old master Zhao felt a pain in his heart. Although Zhao Qibing had contributed the most to the family and was also Zhao Guangyin's son, Zhao qikun was still his grandson! Although qikun's father died young, his position in house Zhao wasn't high.

He was always ahead in terms of strength, and he'd even entered the test-but because of that, he'd become the Tiger blocking Qibing's way!

Qikun would be lying if he said he didn't have any ambition-a soldier who didn't want to be a general wasn't a good soldier. He wanted to be the head of the Hidden House Zhao even in his dreams! Before Zhao Qibing's appearance, he didn't have a high position in house Zhao, but with his strength, he was able to enter the eyes of the old man. The most important thing was that one of the core members of the House, elder bi, had never expressed his support for any of the third generation!

Guangyin's youngest son was very naughty, and old Zhao didn't like him. Elder BI's disgust was written all over his face-if it weren't for the fact that he was the son of the Hidden House Yu's Yu Xiaojin, old Zhao wouldn't have made him the heir.

So, qikun still had a chance.

But Qibing's appearance had broken that balance-a bastard who did all sorts of evil things had somehow gotten the support of old Zhao and elder bi, how could qikun just let this go?

Why? He could accept losing to Zhao Guangyin's son, but losing to Zhao Qibing? he couldn't accept that!

"Al!" Old master Zhao sighed. Actually, he had a better understanding of Zhao Qibing's ability during this period of time, and he was starting to feel disappointed. However, Zhao Qibing was a hero of house Zhao, and his words had to be counted!

Qikun, on the other hand, was a piece of cake, but he didn't have house Zhao's support-the old man believed that unless Qikun had his or elder Bl's strength, he wouldn't be able to control the situation even if he became the Head of House Zhao. House Zhao would fall apart, and that would be even worse.

"Grandpa, I know that I've broken house Zhao's biggest taboo by contacting Lin Yi. Lin Yi is house Zhao's enemy, and by right, I should be his enemy ..." Qikun smiled bitterly, "But Grandpa, I don't want to give up. Zhao Qibing, what right does he have? A man whose legs were broken by Lin Yi countless times, can he be the heir of house Zhao?"

"Qitan, there are some things you don't know." Old master Zhao sighed, "the only reason I was able to break through to Sky Class was because of the Qi gathering pill Qibing brought back-you can say that Qibing is a big project for house Zhao!" I'm now Sky Class, and my life will be extended forever-this means a lot to house Zhao, so I have to help Zhao Qibing! Even if he's weak, I'll still do it. I can't disappoint these disciples who are working for the Zhao family!"

"What!" Qikun's eyes went wide in disbelief. "Zhao Qibing? He took out a Qi gathering pill?"

It wasn't a secret that Qibing had brought the pill back, but Qikun had been under house arrest all this while.

Chapter 2356-House Yu's Phone Call

"Not bad!" Old Zhao nodded. He knew that this wasn't fair to Qikun, but this was how things were-the head of the house had to think about the family's benefits and be fair.

And so, he didn't hide anything and told Qikun how Qibing got the pill from the Hidden House Yu.

Qikun fell silent after hearing his father's words-all the unconvinced and suspicious feelings in his heart were gone in an instant. He could only sigh at Qibing's luck! That's right, with Zhao Qibing's contributions, how could he compete with him?

Qikun laughed bitterly at himself,"I understand now, so that's how it is ... Hehe ... It seems that no matter how hard I work, I can't become the head of the family ..."

"It's good that you understand!" "Yeah." Old Zhao nodded,"if you continue to work with Lin Yi, you'll be dead!" But this Lin Yi kid has been asking about you recently, it seems like he trusts you quite a bit?"

"You'll let me go if I don't go for Lin Yi? Once Zhao Qibing's wings are fully grown, I'm afraid I'll be the first one he'll target?" Qikun shook his head."Grandpa, I know you don't like me. Because my mother was born in a village and my father died early for my mother, you put your hatred on my mother and me! You chased my mom back to the village, and I, if it wasn't for my diligence in cultivation, I'm afraid I would have lost my position in the Zhao family long ago. "

Old master Zhao's face changed-Qikun's words hit the nail on the head. Qikun was his grandson, but because of everything that had happened before, he didn't really think much of him.

"I was right, wasn't I?" Qikun smiled,"I thought that with my hard work, I could change your minds and make you accept me, but ever since Zhao Qibing appeared, I realized that's impossible!" I'm not willing

to accept that, I took Lin Yi as my boss because he's strong, and I wanted to have someone to back me up so I could take back everything that belonged to house Zhao!"

"Don't be so stubborn. " Old master Zhao sighed.

"Stubborn? So what? Grandpa, tell me the truth. Did you come here to kill me?" Qikun asked faintly, as if he'd already expected this.

"Life and death are in your own hands." "I'll die in the sky elixir sect's trial,"said old Zhao." So what if I die?" You're not dead, and you've gotten the reward from the sky elixir sect. I can guarantee that you'll be an elder of house Zhao, someone like elder bi!"

"The sky elixir sect's trial? Do you think I can come back?" Qikun was extremely disappointed after hearing his father's words,"All these years, there have been people from hidden noble houses, sects, and even ancient sects and Noble houses, as well as people from outside the borders who've gone to the sky elixir sect test, but how many of them ever come back alive?"

"That's why I said, life and death are in your hands. " "Before, guangyin suggested that we must kill you," said Zhao Yu's father.

"Hehe ... If I remember correctly, the sky elixir sect's test rewards those who pass are a third ranked pill. The Qi gathering pill is a third ranked pill, and if I take it back, why should I be under Zhao Qibing and become an elder?" Qikun raised his head."The same level three pill, but he's an illegitimate child and can be the heir of the house. I'm a born and raised child of house Zhao and I can only be an elder?"

"Elder Bi's injured, and he needs a recover pill. You're not going for Qi gathering pills." Old master Zhao sighed.

"Ha? Is there a difference?" Qikun was very disappointed with his old man, "It's also a third-grade elixir. It's not that I don't want the Qi gathering elixir, but you made me want the Grand recovery elixir!"

"The matter has been decided. You can make your own choice!" Old Zhao said.

"Hehe ..." Qikun's eyes turned dark. His Grandpa didn't even care about him as much as Lin Yi, a boss who had no family! He knew that Lin Yi wasn't looking for him to get news about house Zhao, but to honor his promise to him, or to find out that he couldn't get in touch with him, and that's why he's doing this!

Thinking up to this point, qikun looked at the bigger picture and said faintly, "Alright, I'll participate!"

Old Zhao nodded and walked out of the room, but a strange light flashed in his eyes. Lin Yi must be eliminated! With him here, qikun could very well turn the tables-he saw the decision qikun made in his eyes.

And so, after he left qikun's room, he called the Hidden House Yu's elder Yu.

"In-law ..." This was the first call that old master Zhao made after the two families fell out.

"Hmph, old man Zhao, you still have the nerve to call?" Elder Yu hmphed coldly, but it had been a while since the incident, and his anger had mostly subsided, so he didn't hang up.

"Elder Yu, that thing's already in the past-if we keep fighting, wouldn't we just be a joke? Plus, hidden house Zhao didn't take it, it was Yu Huoxing who gave it to us. If it were hidden house Yu, would you not take it?" Old master Zhao asked.

"Hmph," he snorted. Elder Yu hmphed, but he knew that if it was house Yu, they would do the same, ""Tell me, what's your purpose for calling?"

"Elder Bi's been crippled, one move." Old Zhao said.

"Elder bi? He was beaten up?" "I say, old Zhao, you're not asking us to get revenge for you, are you?" elder Yu blinked. What does this have to do with us?"

"It's Lin Yi who injured elder bi," Zhao Yu's father continued.

"Lin Yi?" Elder Yu frowned and went into deep thought ... His heart was in a mess-he had to admit that Lin Yi was strong, but he didn't think that he'd be this strong, crippling elder bi in one move. After all, elder bi was an Earth Class late phase peak, only half a step away from Sky Class, and yet this guy was crippled in one move?

Thinking about Lin Yi's strength, master Yu's heart was in a dilemma. On one hand, he wanted to win Lin Yi over and use him to soar. On the other hand, he wanted Yu Ning to keep her virginity and accept a very important mission ... Master Yu knew that this was a dead end!

As for Yu Ning's fate, Grandpa Yu knew a thing or two. Although it could make house Yu soar, Yu Ning's sacrifice would definitely be a lot!

Chapter 2357-Ning Is Important

Moreover, the most important thing was that Yu Ning definitely couldn't be with Lin Yi anymore. At that time, Lin Yi would be the enemy of house Yu!

With that thought, master Yu was a little depressed. The Hidden House Summit was the perfect chance to kill Lin Yi, but now that he lost it, it wouldn't be that easy anymore ...

"Old Yu, I know a thing or two about Lin Yi and your house Yu. With Yu Ning here, there will be a battle between your house and Lin Yi!" "Some things can't be avoided!" Said Zhao Yu's father. For his woman, Lin Yi pushed down Qibing's skyscraper, broke his legs, and went to the Ice Palace for medicine! Just how many people did Lin Yi kill for his followers? Unless you give Yu Ning to him, otherwise, hehe, your house Yu will become Lin Yi's enemy!"

Old Zhao and old Yu were in-laws, and he knew a lot about house Yu. For example, the relationship between Lin Yi and Yu Ning. Other people might not know, but old Zhao knew.

"What do you mean by that? You want to use the Hidden House Yu's power to take revenge for the Hidden House Zhao?" Elder Yu thought about it and decided that getting rid of Lin Yi was the bigger idea, but he still couldn't make up his mind.

Especially after knowing that the pill was taken by house Zhao, he didn't hate Lin Yi as much as he used to.

"It's up to you to decide, master Yu, I won't say anything else," Zhao Yu's father was also a smart man. He knew that some things should not be pointed out. "Alright, I won't disturb master Yu's rest any longer-one word, if you don't make the right decision, you'll be in trouble!"

Grandpa Yu put down the phone and went into deep thought. It wasn't that he didn't think of killing Lin Yi, but he didn't succeed.

As he was thinking, his phone rang again. He thought it was from Zhao, but when he saw the number on the screen, his eyes narrowed and his pupils dilated. He quickly picked up the phone and said carefully, ""Hello, I'm house Yu's Yu Tianxing."

"Yu Tianxing, master wants me to inform you that the original plan is to be temporarily canceled!" The person on the other side didn't show any respect even though it was elder Yu who picked up the phone. Instead, he spoke in a commanding tone.

"Cancel? Ah?" Master Yu paused, confused, "What's the plan?"

"It's just that the agreement we had before to let Yu Ning participate in the sky elixir sect's trial has been canceled!" The other party saw that elder Yu didn't react in time, so he spoke up.

"Canceled? Didn't they agree to let him pass this trial and accept the inheritance? Why did it get canceled again?" Elder Yu's heart skipped a beat! This was the deal they made before-it was a great opportunity for house Yu to rise up. As long as Yu Ning accepted the water element inheritance and became a water element inheritor, then house Yu would become a family that rose to the heavens. Their status would definitely surpass the hidden houses, and it would only be a matter of time before they became an ancient house. But now, the people from that place called to cancel the plan. How could Grandpa Yu accept this?

Normally, he wouldn't dare to ask about it-he'd just do whatever the people from that place told him to do, but it was different this time. This was related to the rise of house Yu! This was a plan that had been planned since his father's generation failed to pass on the inheritance, how could it be canceled just like that?

"Because there was a sudden change in our plan! The trial this time is too dangerous, Yu Ning has other arrangements and can't take the risk to accept the inheritance. The inheritor this time is someone else. " The other party hesitated for a moment before explaining.

After all, they'd been with house Yu for decades, from the time when master Yu's father took the young master Yu on a tour! One could say that the Hidden House Yu was their representative in the hidden world!

"Ah ... He's also a water inheritor?" Master Yu's heart was bleeding.

"No." The other party replied very clearly,"don't think too much about it. It's different from normal Water-type inheritances!" I can only reveal the general idea of this matter. It won't do you any good to know too much about the specific plan! Master has already found a way to explore the endless West Sea. It's the place where the Water-type ancient inheritance comes from. We're going to send Yu Ning there!"

"Ah? Since it wasn't a Water-type inheritance, why did he have to seek something far away? There's no conflict ... "Elder Yu let out a breath of relief, but was also a little confused.

"Due to some unexpected circumstances, the rules of this trial have been changed." The other party didn't hide anything. "The conditions for this trial have changed from Mystic and earth Class to Mystic and above. There's no upper limit!"

"What? Mystic grade and above, no upper limit? If a master above Earth Class went there, wouldn't that attract ..." Elder Yu jumped in shock!

"Yu Tianxing, there are some things that you need to understand on your own. Don't tell anyone." The other party said in a warning tone, ""You should understand now that we didn't let Yu Ning come for her safety. This test is too dangerous, if she comes here with her strength, she will die without a doubt! And this time, the test is for another thing. Yu Ning is very important, so let's go to the endless West Sea!"

"I understand!" Master Yu was shocked, but he suppressed his questions and nodded, ""I know what to do!"

"En, protect Yu Ning and the other two, don't let anything go wrong!" The other party warned, "furthermore, master has specifically instructed that you must remain a Virgin!" You can't lose your virginity, or else, Yu Tianxing, you know the consequences!"

"Yes! Don't worry, ancestor xuanchen. I will not let you down!" Old master Yu said in fear.

"Alright, that's it!" The other party hung up the phone.

Grandpa Yu, on the other hand, was holding onto the phone, unable to calm down! House Yu almost missed their chance to rise to power, but it seemed like the outcome was still good. Since ancestor xuanchen reminded him to keep Yu Ning a Virgin, it meant that they really needed her. Furthermore,

they had to go to the endless West Sea, the source of an even more powerful water system, to receive their inheritance. At that thought, old master Yu heaved a sigh of relief.

However, this one phone call made him decide to get rid of Lin Yi! If Lin Yi didn't get rid of her, then it was very likely that something out of control would happen. If he kidnapped Yu Ning, or pushed her down, then old master Yu wouldn't even be able to find a place to cry.

Chapter 2358-Making A Decision

This phone call made Grandpa Yu experience a complicated feeling of losing something and then getting it back, so he made up his mind to get rid of all unstable factors. He couldn't let Lin Yi hinder the rise of house Yu. If Lin Yi really took Yu Ning away, it would be too late to regret ...

That place.

Patriarch xuanchen's expression was a little gloomy as he quietly looked at ta ganlong, who was lying on the hospital bed with his eyes closed. He felt extremely complicated and irritable.

"Master!" A voice broke the silence.

"Little one, you're back." Patriarch xuanchen raised his head and asked indifferently, ""How's the matter?"

"The backup plan has already begun. The heavenly elixir sect has already informed them to change the rules of the trial." "As for the Hidden House Yu, I've already informed Yu Tianxing of my master's intentions," small one said calmly.

"Alright," he said. "Yes." Patriarch xuanchen nodded. "Once the backup plan is activated, we'll have to waste a lot of energy and effort again. Furthermore, we might not succeed ... Is there any news about the murderer who injured taganlong?"

"I'm sure it's not Zhang naipao!" "First, there's no need for the everyday and every day sect to lie to us," little one said. "We're in a cooperative relationship. Second, naipao's practitioner's Arts aren't focused on harming people, but on absorbing Qi!"

"Forget it, let's put this matter aside for now." Patriarch xuanchen also knew that the possibility of finding the murderer was low, especially since he did not know which country the murderer was from. It was even more difficult, so he continued, ""I'll put all my energy into the backup plan!"

"As for Tagan Dragon's healing, we ..." Little one asked.

"His injuries are too serious, and third-grade pills are useless. There's no way to cure him for the time being. I'll think of a way with him after your eldest senior uncle comes out of seclusion!" Said patriarch xuanchen.

"Yes, master!" Little one nodded.

.....

Zhao Qibing didn't expect to get a call from han xiaopo.

However, seeing han xiaopo's call, he didn't dare to not answer. He just offended Lin Yi today, who knew if han xiaopo's call was from Lin Yi? So Qibing didn't dare to delay and picked up the phone carefully,""Young master Po, why did you call me?"

"Master Bing, do you have time? Come out for a cup of coffee and have a chat?" Han xiaopo asked directly.

"This ... Young master Po, it's already so late. Is there anything?" Qibing froze. He didn't know why han xiaopo was looking for him, but he was sure it wasn't to treat him to coffee.

"If there's anything, you'll know when you get here. I just have some things to discuss with you regarding the sky elixir sect's trial." "Of course, it's boss Lin Yi's idea," han xiaopo said.

"Oh, okay, you tell me the location. I'll go over now!" Zhao Qibing let out a breath of relief after hearing han xiaopo's words. It was good that they weren't looking for trouble. As for understanding the sky elixir sect's test, it wasn't a problem. Zhao Qibing knew that Lin Yi had participated in the test of the Ice Palace and passed it without a hitch, so it was reasonable for Lin Yi to be interested in the test.

However, the hidden han family had never participated in the sky elixir sect's test before, so naturally, they had to find the hidden Zhao family to understand the situation.

In fact, Zhao Qibing had never been to one before, but he had to send Zhao qikun there, and so he had asked Zhao Guangyin and elder bi about the test a few days ago. He was confident in answering han xiaopo and Lin Yi's questions.

"Alright, see you in half an hour at the bright café in the business district." Han xiaopo said.

"No problem," he said. Qibing replied.

Hanging up the phone, Zhao Qibing said a few words to his Grandpa and left the Hidden House Zhao. As for Zhao Qibing going to see han xiaopo, his Grandpa had no objections. At this time, it was best not to offend han xiaopo and Lin Yi.

At the very least, the Hidden House Zhao didn't have the confidence to deal with Lin Yi yet. He didn't know what the Hidden House Yu was thinking, but either way, old Zhao wouldn't go and mess with Lin Yi unless he had the confidence to win.

Half an hour later, Zhao Qibing saw han xiaopo's Mercedes-Benz S600 at the entrance of the bright coffee shop in the business district. Zhao Qibing was driving another Porsche Cayenne, which was also a new one. He had given the previous one to Lin Yi.

"Young master Po, sorry to keep you waiting!" Zhao Qibing's appearance was not bad.

"I've just arrived too, master Bing, please. " Han xiaopo nodded at him.

The two of them entered the café, and a waiter came up to them. Although no one here knew the young masters of the Hidden House han and hidden house Zhao, they were obviously not ordinary people judging from the Mercedes-Benz and Porsche they were driving, so the waiter didn't dare to neglect them.

"A private room," Han xiaopo said to the waiter.

"Alright, please follow me ..." The waiter arranged a private room for han xiaopo and Zhao Qibing.

After han xiaopo ordered some random things, he passed the menu to Qibing.

"It's good to be like him. " Zhao Qibing didn't come here for coffee. He didn't care what he wanted to drink.

The waiter quickly brought the drinks according to their orders. After the waiter left, han xiaopo directly said,""Master Bing, it's boss who told me to come-two things. One is about the sky elixir sect's test, and the other is about Zhao qikun,"

"Zhao qikun?" Zhao Qibing's eyes froze. He didn't expect han xiaopo to suddenly ask this question, but he remembered that Zhao qikun had already exposed his relationship with Lin Yi, and Lin Yi probably guessed something from his panicked expression when he asked him the question during the car crash ...

"That's right, master Bing, do you know where he is now? I wanted to catch up with him, but I couldn't get in touch with him. " Han xiaopo nodded and asked.

"This ... Young master Po, qitan's matter involves some of my family's Affairs, so I can't make the decision. How about this, I'll go out and give grandfather a call to ask about it, then I'll give you a reply, okay?" Qibing said after some thought.

"Sure!" Han xiaopo answered readily.

Zhao Qibing nodded gratefully and left the room. He walked to the end of the corridor and quickly dialed his grandfather's number.

"Qibing, what do you think? He saw han xiaopo? What did he want to talk to you about?" Old Zhao saw that it was Zhao Qibing calling and quickly picked up.

"Grandpa, han xiaopo asked me about Zhao qikun." Qibing said quickly, "he said he wanted to talk to Zhao qikun but couldn't find him. He asked me where he went. How should I answer?"

Chapter 2359-Trial's Changes

"Reminisce? Why did he want to meet qikun? Does he know Zhao qitan?" Zhao Yu's father frowned and said.

"I don't think so, but I feel like it's Lin Yi's idea!" "Last time, I hit his car in front of the cinema, and he asked me about Zhao qikun," Qibing said.

"If that's the case ... It seems like Lin Yi suspects that we're doing something to qikun." Old Zhao nodded, remembering that Zhao Qibing had mentioned this before. He didn't pay much attention to it at the time, but now that he contacted han xiaopo and asked again, he was in a bit of a dilemma.

"Yeah, what if I tell the truth and Lin Yi asks for her?" Qibing said, worried.

"Well, didn't han xiaopo ask you about the sky elixir sect's trial? This means that Lin Yi is interested in the sky elixir sect test!" Old master Zhao was indeed an experienced man. He quickly thought of a perfect solution. "That way, you can just tell him the truth. Say that qikun's going to represent our hidden house Zhao in the sky elixir sect test, and that's why he's in isolated practicing!"

"Oh?" Qibing blinked as he understood what his Grandpa meant, "This way, when Lin Yi hears that qikun is going to the sky elixir sect test as well, he'll be even more determined to go himself. This test is basically a one-way trip, and Lin Yi's dead there. We've achieved our goal of killing him with a borrowed knife!"

"Not bad, Qibing, you've become very smart!" Zhao Yu's father nodded, ""This is also the reason why I let you see han xiaopo without saying anything after hearing what you said just now! Lin Yi wants to know more about the sky elixir sect test, so tell him more. It'd be best if he goes, he'll have peace after he dies. "

"I understand, Grandpa! I'll try to tell you more about the benefits of the trial!" Qibing said quickly after thinking it through.

"That won't do either. Han xiaopo is no fool. The Hidden House han hasn't participated in the sky elixir sect's test before, but they've heard of how dangerous it can be. You can't just say it's good, you have to objectively describe the dangers at the same time! Of course, you can also emphasize the benefits of the sky elixir sect's trial rewards!" Zhao Yu's father said.

"Yes, Grandpa, I know what to do." Qibing understood immediately.

After hanging up the phone and returning to his room, Zhao Qibing saw Han Xiaopo drinking coffee by himself. When Zhao Qibing came in, he said, "How did it go, Master Bing? What did your family say?"

"Grandpa doesn't want to hide this from you, but Qikun's situation is basically the same as what you wanted to know about the sky elixir sect test!" Qibing said.

"One thing? What do you mean by that?" Han Xiaopo didn't quite understand what Zhao Qibing was saying.

"Grandpa's already talked to Qitan. He'll be representing our hidden house Zhao in the sky elixir sect's test. He's currently in closed door cultivation, so it's normal that you can't contact him. " "I can't say anything about the candidates if Grandpa doesn't agree, please forgive me, young master Po," Qibing said.

"Zhao Qikun? Join the sky elixir sect's trial?" Han Xiaopo was taken aback. He didn't expect Zhao Qibing to give such an answer! This made him a little suspicious, but it seemed to be 80% true.

"That's right. If it wasn't for young master PO's question, we wouldn't have told anyone about this. After all, it's each family's own business who they choose." "As for the sky elixir sect's test, here's what happened-I won't say anything about the test's summons, everyone knows that! What I'm trying to say is that this sky elixir sect test is an extremely dangerous test, but as for how dangerous it is, the practitioners who were lucky enough to complete the mission have all been ordered to keep their mouths shut. They don't dare to say anything. We, the Hidden House Zhao, didn't get much information either, but we do have some leads!"

"Please speak!" Han Xiaopo said quickly.

"I heard that this trial by fire is to collect a certain amount of items from a certain place. Once you've collected enough items, you can go out and Exchange them for rewards from the sky elixir sect!" "The rules are very clear," Qibing said. "No killing is allowed in the competition, and no one is allowed to take the things that the other party has collected. If word gets out that someone breaks the rules, the result will be void, and the entire sky elixir sect will come for revenge!"

"Oh?" Han xiaopo did not expect the content of the trial to be like this. Since they could not kill each other, it should be relatively simple. Why did so many people not return? Thinking of this, han xiaopo asked, "then, what if we secretly take action and no one sends back any news?"

"The participant's identity isn't public. Only the sky elixir sect knows about it, so there's always someone from the sky elixir sect mixed in with the participants. If they see it ... Hehe, then his family and sect will all be in trouble!" Zhao Qibing said, "so that's why it's almost impossible!" Moreover, I've also heard that the danger there comes from the environment and spirit beasts there. So, after going there, everyone can't even protect themselves, so how can they have the energy to fight among themselves? Also, it's said that the things that need to be collected aren't too difficult to collect, so there's no need for a conflict of interest!"

"I see, thank you for your explanation, master Bing!" Han xiaopo nodded. She had gained a better understanding of the sky elixir sect's trial now, but he was a little curious. "But if that's the case, wouldn't it be better for the sky elixir sect to collect them themselves? they'd send a few Sky Class Masters- wouldn't that increase their chances of success, and they wouldn't have to pay such a high price?"

"I'm not sure about that, but the previous restrictions were Mystic class and above and earth Class and didn't include Earth Class," "But the rules for this year's test have been changed. Only Mystic class and above are allowed, there's no restriction to Earth Class and below," Qibing said.

"Oh? Was there such a restriction in the past?" Before this, han xiaopo had not studied it seriously. She had only read through it roughly and did not compare the details. "Then if we send a Sky Class, wouldn't we have a better chance of completing the mission? Why didn't you send someone more powerful?"

"A Sky Class ... That's too eye-catching, and it's the first time we've changed the details of the test, so let's just follow the old rules-what if they say that the summons were wrong and they don't want Earth Class and above? wouldn't we be wasting our time then?" Zhao Qibing shook his head and explained to han xiaopo.

Chapter 2360-Neglected Matter

"Is that so ..." Han xiaopo nodded. She felt that Zhao Qibing's words made sense, but it was a little strange.

"Besides, grandfather is the head of the family, how can he participate in this trial? And my father is from the young master's clan, so he naturally can't go personally!" Zhao Qibing saw that han xiaopo didn't believe him, so he started to talk nonsense, "We were planning on letting elder bi and qikun go with us, but unfortunately, elder bi was injured by boss Lin Yi, and we missed the chance to join the heavenly elixir sect. This is a huge loss for us hidden house Zhao!"

"I see." This time, han xiaopo believed Zhao Qibing's words, because if elder bi went too, it would be normal. He didn't believe that the Hidden House Zhao would let go of this chance to get a third rank pill!

Otherwise, the Hidden House Zhao wouldn't have turned against the Hidden House Yu for a third level Qi gathering pill.

"Yeah, that's basically all I know. These aren't on the summon." "As for the rest, I'm not too sure. After all, it wasn't easy to find out that much," Qibing said.

"Alright, thank you, master Bing!" Han xiaopo got the answer she wanted and was no longer in the mood to drink coffee with him. She had to report the situation to Lin Yi.

"You're welcome," Qibing waved his hand, "right, boss Lin Yi's going to the sky elixir sect test?"

"It should be," Han xiaopo did not deny it.

"Oh? If that's the case, if boss Lin Yi can help us take care of Zhao qikun in the test, we'll be forever grateful!" Qibing said, his mind spinning.

Qikun was very weak-he was only Mystic, not even Earth Class. If Lin Yi brought this burden along with him during the test, it'd increase the danger. Even if Lin Yi had a chance to complete it, he'd probably be dragged to death by this burden.

"I'll talk to boss about this. As for whether boss agrees or not, I can't make the decision. " Han xiaopo naturally could not agree to it directly.

"Then I'll have to trouble you, young master Po!" Qibing was overjoyed. Keep pretending-with Lin Yi's personality, he wouldn't leave his follower alone, especially after knowing that his follower was locked up because of him and sent to the sky elixir sect for the test. Lin Yi wouldn't give up on helping qikun!

"I've finished drinking, so I'll take my leave. " Han xiaopo nodded and put down the empty cup in her hand. She said to Zhao Qibing, ""As for helping Zhao qikun, I'll talk to boss about it, but since you're from

the Hidden House Zhao, if you want to help, you'd better give us some benefits. Boss won't help you for free!"

Han xiaopo knew that Lin Yi was good at extorting people, so she didn't mind taking the opportunity to extort him! Although Lin Yi would definitely help qikun, as far as he was concerned, house Zhao didn't know that qikun was Lin Yi's follower.

Qibing froze. Damn it, you're helping your own brother and you're asking for benefits from us? We can't wait for qikun to die, okay? But he couldn't show his dissatisfaction right now-he was afraid that if han xiaopo found out house Zhao already knew about qikun and Lin Yi's relationship, what if Lin Yi came for him? Wouldn't that mean that the plan was ruined?

With that thought, Qibing could only say,"Of course. I'll explain this to Grandpa!"

After seeing han xiaopo, Zhao Qibing went back to the Hidden House Zhao as soon as possible and told his Grandpa everything he had heard.

"Hmm ... Qibing, well done, killing with a borrowed knife!" Old Zhao nodded, but his brows were furrowed-he was thinking far ahead of Qibing! Therefore, he also saw the flaw in this matter."But ..."

"Oh? Grandpa, what's wrong? is there a bad thing about this?" Qibing was taken aback.

"Guangyin, what do you say?" Old man Zhao turned to guangyin.

"Father, I don't think there's anything wrong with this. Qibing's reaction was very quick, using someone else's knife to kill Lin Yi and qikun," Guangyin didn't think there was anything wrong with Qibing's plan-they'd gotten rid of the two hidden threats in house Zhao, killing two birds with one stone.

"Hey!" Old man Zhao sighed as he looked at Guangyin and Qibing, feeling a bit of regret. The Hidden House Zhao was really done for in Zhao Guangyin's generation. Although there wasn't a big problem with the plan and it was a good thing from a normal perspective, it was an unstable factor!

Seeing that the father and son were confused, old master Zhao had no choice but to say, ""It's true that Lin Yi went to the sky elixir sect's test to die with Zhao qikun, but looking at it from another perspective, Lin Yi went to the sky elixir sect's test, and not only did he not die, he even protected Zhao qikun? It's not impossible, Lin Yi's strength is there for all to see!"

"Gah!" Guangyin and Qibing froze-they finally understood what their old man was worried about. Indeed, they hadn't even considered this possibility! Because they'd been analyzing the situation based on the previous sky elixir trials!

After all, most of the practitioners never came back from the sky elixir sect test, and only a very small number of them could pass the test and get the rewards. There were even cases where the entire team was annihilated, and so as they saw it, Lin Yi and qikun were going, and with qikun dragging him down, Lin Yi was dead for sure.

However, they had forgotten the most important thing-Lin Yi's strength! Lin Yi was an Earth Class mid phase, but he wasn't a normal mid phase Earth Class-he could kill Earth Class late phase peak in seconds!

Elder bi, a half-step Sky Class, was crippled by one move from Lin Yi-what kind of sick strength was this?

"That's right, Qibing, your Grandpa was right-we both forgot the most important thing, and that's that this year's test doesn't have a strength level restriction like the previous years. As long as you're Mystic class or above, you can take part. As an Earth Class mid phase, Lin Yi has a high chance of completing the test, and with qikun and Lin Yi's relationship, it's very likely that he'll be protected by Lin Yi to pass the test!" Zhao Guangyin nodded in agreement.

"Ah!" Qibing realized that he had overlooked this point, and he was frustrated, "Then ... What do we do now?"
