Chapter 2361-Killing With A Borrowed Knife

"It's not too late to make up for it. Plus, Lin Yi may be strong this time, but he might not be able to pass the test smoothly!" Old master Zhao waved his hand and smiled. ""According to my deduction, Lin Yi isn't weak, but the sky elixir sect has a lot of Masters. If they send out their Masters, wouldn't they be stronger than Lin Yi? Wouldn't it be much easier if their own experts personally went to collect the items needed for the trial? why would they waste such a high price and use a third grade pill as a reward?"

"That's true. Is that because?" Zhao Guangyin nodded and asked.

"Hehe, I think it's because in the test, their own strength is basically negligible-the danger they face isn't something that can be decided by their strength. For example, in front of a Sky Class master, Mystic, earth, or even Sky Class, they're all like ants!" "That's why I feel that as long as you encounter danger, no matter how strong you are, you won't be able to escape. Those who are lucky enough to escape aren't strong, but lucky!" Old master Zhao said. "I feel that as long as you encounter danger, you won't be able to escape. This is my deduction!"

"That makes sense!" Zhao Guangyin nodded, "no wonder the restrictions were placed on Mystic class and above and earth Class and below. It's probably because no matter how strong a practitioner is, they won't be of much use. This year, the restrictions were lifted because the sky elixir sect really needs these things, so they had no choice but to increase the number of participants!"

"Right, so Lin Yi and qikun might be finished together." "But it's better to be safe than sorry. What if they come back?" said Zhao Yu's father. Qikun got the Tier 3 pill, and I promised him that he'll become an elder of the house-this will threaten Qibing's position. I can still suppress it if I'm alive, but that doesn't mean that after a hundred years, qikun's strength might increase by leaps and bounds with Lin Yi's help, and Qibing will be in danger then!"

"Then ... Then what should we do?" Qibing's face changed-if qikun really did come back, his position in house Zhao would skyrocket-his position would be threatened.

"So, before that, we must take some action." "If we can kill Lin Yi before the test, then qikun's dead for sure," Grandpa Zhao said.

"Before the trial? Kill Lin Yi? How could that be possible? If house Zhao had such strength, we would have attacked long ago. Why would we wait until now?" Zhao Guangyin asked curiously.

"Could it be that Grandpa is going to personally take action?" Qibing was taken aback as well.

"Hehe, I naturally won't make a move." Zhao Yu's father shook his head.

"That's the Hidden House Yu? Right, is the Hidden House Yu about to make a move?" Zhao Guangyin pondered for a moment and thought of this possibility.

"I did call elder Yu, but he didn't say anything. I don't know what he's up to, so I don't think he'll do anything." Old master Zhao waved his hand and said, "I'm talking about another person." Actually, Qibing was the one who inspired me. I've heard about this before, but I didn't think too much about it. Now, I've thought of a good idea. "

"Oh? Who's so strong to be able to kill Lin Yi?" Zhao Guangyin was shocked-he didn't think there would be someone this strong.

"Southeast Asia's King of gambling, Piao huotai!" Old Zhao said.

"Southeast Asian King of Gamblers? What's his relationship with Lin Yi?" Zhao Guangyin didn't understand what use this person had.

"Piao Huo tai was invited to the biggest casino in Eastern Sea city to fight against the king of gambling from Hong Kong, Zhu Qi Shou. Of course, he may be the king of gambling in Southeast Asia, but he's also an ability user with a very high battle index. No one knows how strong he is, but I do know that he has an Earth Class late phase peak bodyguard-these two together should be able to beat Lin Yi!" Old master Zhao's eyes lit up as he said.

"Uh ... But he and Lin Yi, they've never met before ..." Zhao Guangyin was confused.

"If there's no intersection, there's a way to create one!" "As far as I know, this Piao huotai is a lecherous man. He must sleep with a Virgin every night, and she must not be too old and must be beautiful. He is very strict. The brothels in Eastern Sea city can't satisfy his needs ..."

"Then ..." Zhao Guangyin still didn't understand what his father meant.

However, Zhao Yu's father continued,""So, a few days before the arrival of the king of gambling, Zhu Qishou, the person-in-charge of the casino, brother gambling, helped him find virgins at a high price every day. In the end, he had no choice but to kidnap them on the street. But the first time he kidnapped, he was targeted by the police. You should also know that the police are cracking down on kidnapping cases recently. If these unprofessional gangsters dare to go against the wind, they're asking for trouble!

After the kidnapping failed, Piao Huo tai could only gamble with people in the casino every day, forcing those who lost their entire fortune to use their daughters to pay off their debts, or directly forcing them to use their daughters to bet! Of course, the advantage of this is that these gamblers can only accept their fate and don't dare to call the police. But it's enough to see how lecherous Park hoo-tai is, to actually not even want the money he won in exchange for a night of fun!"

"Then ... How can we make Piao huotai and Lin Yi our enemies?" Guangyin still didn't quite understand what his father meant.

"It's time to use that illegitimate daughter of yours. " Old master Zhao said indifferently.

"An illegitimate daughter? Mine?" Guangyin paused,"she ... Didn't she have some other use for ..."

"I'm not asking you to give her to Piao huotai, I'm just using her as bait to cause a conflict between Lin Yi and Piao huotai!" "Get someone to pretend to be her father and take her to the casino, lose to Piao huotai, and then inform Lin Yi ..." Grandpa Zhao said with a wave.

"I see ..." Zhao Guangyin nodded,""But will Lin Yi care? He doesn't seem like a busybody, right?"

"Lin Yi doesn't care if it's other people, but he'll always care if it's someone he's friends with!" Old master Zhao laughed coldly,"he'd even care about Zhao qikun, not to mention Chen Xi!" With Lin Yi and Chen Xi's relationship, there's no way he wouldn't care!"

Chen Xi! Chen Xi was Zhao Guangyin's illegitimate daughter! However, the Hidden House Zhao valued men more than women, and Zhao Guangyin didn't care about Chen Xi at all. He handed her over to uncle Zhu's brother, elder Zhu, and asked him to train her into a cultivation furnace!

Chapter 2362 The Trial Is Very Important

Of course, this cultivation furnace would be given to a Big Shot from an ancient sect at a critical moment in exchange for the Hidden House Zhao's right to participate in that plan ...

"I understand!" Zhao Guangyin nodded, "I'll personally arrange for someone to take Chen Xi away, and then I'll show up to Chen Xi's mother and tell her to call Lin Yi for help ..."

"En, that's it!" "At that time, Chen Xi will be fine, but Lin Yi will be dead!" Grandpa Zhao said with a nod. Even if he doesn't die, he'll be in trouble. Piao huotai's background is pretty deep, his father is the second master of Southeast Asia's number one gang, the youmiao sect. If he dies, Lin Yi will still be in endless trouble. "

"Haha, what a good move to kill with a borrowed knife!" Zhao Qibing heard this and laughed, "Grandpa is still the best, the older the wiser! It seems like I need to learn more!"

"En ..." Hearing Zhao Qibing's words, old man Zhao smiled and nodded. He was a promising kid!

.....

After breaking up with Zhao Qibing, han xiaopo contacted Lin Yi immediately and told him everything that Zhao Qibing said.

"There's a limit every time. Is this the only time that there's no limit?" Lin Yi frowned at the words, wondering what the sky elixir sect was up to. This was strange, but he didn't know what was strange about it.

If that trial ground was very dangerous, then wouldn't it be safer the higher one's strength was? The more he could leave alive? Was it because the sky elixir sect was too desperate for the things they needed to collect that they had no choice but to relax their conditions, or was there some other reason?

If it was the former, then why couldn't the sky elixir sect send their own experts? If he had to take out a third-grade pill and a heavenly treasure of equal value as an exchange condition, wasn't this a little too wasteful?

"No, Zhao Qibing didn't know the reason. He even suspected that the sky elixir sect was careless." Han xiaopo said.

"I see ..." Lin Yi nodded. No matter what, the change in the condition was good for him. Otherwise, he would've been an Earth Class and above, and he wouldn't have been able to participate if he was still restricted like before.

"Yes, as for Zhao qikun, I've asked him as well, and Zhao Qibing's answer is like this ..." Han xiaopo said and told Lin Yi where Zhao qikun went.

"Qitan is also going to the sky elixir sect's test?" Lin Yi was surprised-he didn't think that the Hidden House Zhao would make such arrangements for him. He didn't believe that qikun was in isolation and couldn't contact the outside world, but this decision was most likely true!

But it wasn't like qikun did this willingly-he was forced! Perhaps they'd already discovered qikun's ambition, and in order for Qibing to get to the top, they'd put him under house arrest, planning to use the test to get rid of him.

Otherwise, qikun would've contacted him before he went into solitary cultivation. There was no way he wouldn't have done anything.

"Yes, but Zhao Qibing said that if you joined the test, he would let you take care of Zhao qikun ..." Han xiaopo said.

"Oh?" Lin Yi understood what the Hidden House Zhao and Zhao Qibing were trying to do after a moment of surprise. Using someone else to kill him-they probably didn't just sense qikun's ambition, they probably also found out about his relationship with qikun!

And so, not only did they want to get rid of qikun, they wanted to use their relationship to get rid of Lin Yi as well! After all, the sky elixir sect's test was extremely dangerous, and most people didn't make it back alive. If Lin Yi went, he'd have to take care of a Mystic class kid-he'd be in trouble!

"What do you say?" Lin Yi asked han xiaopo after thinking through all these things.

"I told you, you can't take care of them for free-you have to show some sincerity, and use the chance to ask for some benefits from the Hidden House Zhao, and Zhao Qibing didn't reject it." Han xiaopo said.

"Well done!" "If I'm destined to take care of qikun, then I'll let house Zhao spend more!" Lin Yi smiled.

"That's right, boss. Should I participate in this trial as well?" Han xiaopo asked.

"It's too dangerous. You don't have to go. " "It's probably already hard for me to protect qikun," Lin Yi said after some thought. "I'd be a burden If I Had You."

"I understand. Then I won't sign up." Han xiaopo knew that Lin Yi was telling the truth and wasn't angry. After all, their strengths were worlds apart.

"I have a small Qi gathering pill here, but I forgot to give it to you today. If you need it, you can come and get it at any time." Lin Yi said.

"Hehe, it's fine. Our family doesn't need it for the time being." Han xiaopo smiled and said indifferently.

Lin Yi fell into deep thought after he hung up! One thing was for sure, this test wasn't simple-this was why the Hidden House Zhao wanted to use this test to get rid of qikun.

However, this test was very important to Lin Yi. He placed his hopes on the colored steel, blue crystal powder, and pure yellow jade. The colored steel Sky elixir sect would definitely have it, and so would the other two materials.

So no matter what, Lin Yi had to go to the test, and now that qikun was going, it only gave him more confidence-he couldn't just ignore qikun's matters.

Of course, if it wasn't for the fact that Lin Yi wanted to get something from the test, he would've gone straight to house Zhao to ask for him. He believed that with his current strength, even if he couldn't beat the old man, he still had a chance of escaping with qikun!

Lin Yi was confident that even Earth Class late phase peak wouldn't be his match, but there was always someone better. A master like taganlong and the fifth guard were able to make Lin Yi suffer-that was enough to explain everything.

Even now, when Lin Yi faced the fifth house and taganlong again, he wouldn't be in as much of a sorry state as before, but he wouldn't be able to kill them easily.

What's more, what if he faced unknown Sky Class? Lin Yi had never fought a Sky Class before, and so even if Earth Class late phase peak was only half a step away from Sky Class early phase, Lin Yi wasn't stupid enough to think that Sky Class early phase was only a little bit stronger than Earth Class late phase peak!

Mystic late phase peak and earth Class early phase were two completely different concepts-Lin Yi had experienced it himself! The change in strength at every major level was a qualitative leap!

Chapter 2363-Failed Martial Technique

So crippling elder bi this time was only to scare the Hidden House Zhao away from causing trouble in Donghai city-it wasn't the right time to do that yet.

After all, Lin Yi was only an Earth Class mid phase-he'd need to get stronger if he wanted to kill the old man.

In terms of strength, however, Lin Yi had been stuck at mid Earth Class for quite some time now. From the Hidden House Summit until now, Lin Yi's strength had stabilized and increased, especially in the extreme battles with the fifth guard, the head guard, taganlong, and the third head. He had touched the wall of mid Earth Class peak, but he was still a little bit away.

It was like the last straw that broke the camel's back. Without that straw, the camel would not fall.

He hoped that before the test, he could practice with Xinyan for a while longer, and get to Earth Class mid phase peak.

Lin Yi thought it was a little dirty-he didn't want to hug a girl while practicing, after all. Did he want to practice more, or did he want to hug Xinyan more?

He shook his head and set the thought aside for now. He picked up the supplementary combat technique "spring rain" he copied from the Hidden House han and flipped it open, studying the arts and chant.

The first stance could recover one's stamina and Qi. As long as Lin Yi could activate the first stance, he could solve han Jingjing's problem, but for safety's sake, Lin Yi memorized the first ten stances.

Lin Yi's memory was good to begin with, and ten verses weren't that long. It only took him a short while.

After finishing, Lin Yi put down the copy and started preparing for the first stance, spring rain. It wasn't difficult for Lin Yi to activate the first stance, but it required both water and wood elements to activate!

It seemed that not everyone could cultivate this martial skill. If a sect could cultivate so many death Warriors with water and wood attributes, then the scale of this sect could not be underestimated ...

One could imagine how powerful those sects were in the real ancient times. It would not be an exaggeration to say that there were many experts! In this era where Sky Class Masters were as rare as Phoenix Feathers and water chestnut horns, there were less than three digits of Sky Class Masters. Once upon a time, Sky Class Masters were as common as dogs, and above Sky Class, the legendary sky path Masters were the true Masters!

But as time went on, the Qi of the natural world became thinner and thinner-not to mention Sky Class, even Mystic or Earth Class were Masters that only houses like the hidden houses could have.

After sighing, Lin Yi started to try activating it. Of course, Lin Yi was still a little nervous, because this skill limited his body type, wood element, water element!

Based on the fact that he could use the wild fire Fist, the thousand changes of wood and forest, and create the Jade space, his body should be of the metal, wood, and fire elements. But now, this martial art technique was limited to the water element. Did he have a water element body?

Lin Yi didn't even believe it himself! Alchemists with dual-elemental physiques were already very rare, and forgers with three-elemental physiques were basically non-existent. What kind of concept was a four-elemental physique?

But Lin Yi didn't give up just like that. He followed the spring Rain's chant and started circulating it in his body. The chant was working normally, but he didn't know if it would work or not.

"Spring rain from the sky, first form!" Lin Yi followed the instructions on the manual and used the first form of spring rain ...

But the next moment, Lin Yi's face turned ashen!

It did not succeed, the activation failed!

Lin Yi looked at his hands in disbelief. He could clearly feel the power of the chant coming from his hands, but it was stopped at that moment!

Impossible, how could this be possible? The moment he activated it, Lin Yi was sure that it would succeed. After all, the practitioner's Arts had already turned the Qi in his body into the power of the skill and sent it to the meridians of his palm. He was about to activate it, but he failed!

With that thought, Lin Yi started channeling the spring rain again, trying to activate it a second time. The result was still a failure. This result made Lin Yi, who had always been successful in activating skills, pale!

Before, because he had the all-purpose skill, Lin Yi basically thought that he could activate any skill, no matter what it was. Especially after he combined the thousand changes of wood and forest and five elements Eight Trigrams palm, as well as the wild fire Fist and five elements Eight Trigrams palm, Lin Yi felt that he could activate any skill.

But the situation now was a huge blow to Lin Yi. Spring rain fell from the sky, and he couldn't activate it! And it was a skill that was very important to Lin Yi, too-he couldn't use it! This made Lin Yi extremely depressed!

Could it be that he really didn't have the water attribute in his body, and the omnipotent martial skill was also based on the attribute in his body? if he had this attribute in his body, he could successfully activate the martial skill, but if he didn't have this attribute, he couldn't activate it?

The moment the thought came into his mind, Lin Yi knew that his guess was pretty close!

Sighing, Lin Yi turned around and left the room, not continuing to study the rain anymore. He knew that he was already very familiar with the arts, and there was a reason why he couldn't use it.

"Shield bro, you're out!" Chen Yushu saw Lin Yi coming out of the room and jumped up from the sofa, "You haven't told Shu any fun stories yet!"

Lin Yi locked himself in his room the moment he got home, and Yushu wasn't too happy that he didn't talk to Mengyao and Yushu at all after he came back from Wulong haote.

"Shu, Lin Yi's doing something-he's studying a skill, how would he have the time to tell you stories?" Mengyao pulled Shu back to the sofa and turned to Lin Yi. "Lin Yi, you don't have to worry about her, go do your work."

"It's nothing. I just happen to be free at this time. I'll tell you guys about the trip to the Wulong hao te mountain range." Lin Yi smiled and sat down beside Mengyao and Yushu. "However, I've offended a lot of people during this trip. Don't tell anyone else after I've finished talking to you."

Chapter 2364 Han Jingjing's Phone Call

"En!" Chu Mengyao was delighted. She wanted to hear Lin Yi's story but she didn't want to interrupt him. She glared at Shu, "Did you hear that? Big mouth Shu? I'm talking to you!"

"It's fine if you don't want to say it, Shu's a secret too, no one can get anything out of her if she doesn't want to. " Chen Yushu said weakly.

"That's true. " Chu Mengyao surprisingly didn't argue this time because it was the truth. If Shu didn't want to talk about it, she wouldn't say it no matter how you asked.

"Hehe," Lin Yi felt that this was a very warm life, watching the sisters bicker. Every time he went out and calmed down, he would think of this warm scene. Was this the feeling of homesickness? Was this ... His home?

Sometimes, Lin Yi would feel like he was a member of this villa, his feelings for this place even surpassing that of the West Star Village. His longing for this place exceeded that of the West Star Village as well.

Old Lin was the only person he missed in the West Star Village, but he didn't miss him at all. In the village, old Lin was invincible! This was also the reason why old Lin would ask him to go back and take refuge every time he was in trouble!

The reason was similar to er goudan 's, but old Lin's was more serious.

Lin Yi told the Miss and Shu about his experience in the mountains-it was even more shocking than the Ice Palace test! The enemy was even more powerful, and each step was more frightening.

But there were some important things he didn't say, like sun Jingyi's background, the fire Lion, the Sky Class Spider, and the Secrets of the Sky.

Shu and Mengyao were dumbfounded when Lin Yi finished. They didn't think that Lin Yi would have a narrow escape this time! Even if Lin Yi had skipped a lot of dangerous situations, the entire process was still enough to make people shiver!

"Lin Yi, why is it so dangerous? Next time, don't just send anyone to look for you. " Mengyao was starting to get emotional-why should Lin Yi risk his life with her? And it was that dangerous?

"Hehe ... She's my good friend." Lin Yi said with a smile.

"That won't do-what if something happens to you? what about me and Shu? Who's going to protect us?" The young miss's long-hidden temper flared up again.

"I won 't." "I also got some benefits," Lin Yi said.

"Yaoyao sis, actually, shield bro always gets stronger in danger and breaks through his limits. We shouldn't have stopped him ..." Chen Yushu suddenly said.

"Hmm?" Mengyao looked at Yushu in surprise, as if she didn't know who she was.

"Only when shield bro becomes stronger can he protect us, protect us forever ..." Chen Yushu continued. This was the first time she said something so deep and philosophical. It was completely different from the previous Shu.

Lin Yi looked at Yushu, surprised as well. She was always laughing and joking when he was explaining the journey to her, and she rarely spoke in such a serious tone.

However, the Miss didn't argue-Lin Yi had created the raging fire Bagua Palm based on taganlong's martial arts, and he'd crippled elder bi with one move! Lin Yi really did become stronger!

If it was before, Lin Yi wouldn't be able to take out an Earth Class late phase peak so much higher than him in one move.

"Shu, maybe you're right," Mengyao nodded before turning to Lin Yi."Then you, be careful next time. Promise me and Shu that you'll Live! Don't take the risk!"

"En ..." Lin Yi smiled. He felt the miss's care and concern, and his heart warmed.

It was just that he didn't know how to define his relationship with the Miss anymore. At first, their relationship was very simple, just an employer and follower, but later on, they seemed to be more like friends, because the Miss no longer used a commanding tone to speak to Lin Yi ...

And then, until now, they seemed to be good friends? But it didn't seem like it. It was very pure and ambiguous?

However, no matter what, this feeling was very good.

"Shield bro, why don't you go shopping with Yaoyao sis and I tomorrow? we haven't gone shopping in a long time. We're afraid of bad guys when you're not home, so we don't dare to go out." "It wasn't easy getting into college, and now I have less work to do. The weekends are worse than when I was in Songshan!" Yushu said.

"Alright." Lin Yi nodded. He had a lot of things to do recently, one after another. He came to Donghai city, first the Hidden House Summit, and then the Wulong hao te mountain range. He didn't have much time to spend with Shu and the Miss.

"Oh, shield bro, you're the best!" Chen Yushu called out happily.

Chu Mengyao didn't say anything, but a flash of surprise crossed her eyes.

The night passed by in silence, and Lin Yi drove out of the villa with Mengyao and Yushu in his Grand Cherokee the next morning.

Next door, in han Jingjing's Villa, han Jingjing stood by the window with an aggrieved expression and waved her fist. ""Lin Yi bro, you didn't even bring Jingjing out to play, and she's been working so hard for you, Hmph Hmph Hmph!"

However, after complaining, han Jingjing picked up her tablet computer again and looked at it. At this time, her phone rang.

Han Jingjing took out her phone and glanced at the caller ID. She picked up the call without batting an eyelid. "Dad!"

"Jing Jing, how have you been? Your university life is not bad, right?" The person on the phone was a middle-aged man. It was han Jingjing's father.

"It's alright. It's just that the faculty of plant medicine is different from what I've come into contact with in the past. It's a little difficult to learn after I've stepped into another major. It's going to take a lot of effort to use my brain ..." Han Jingjing said as she rubbed her aching temples. Recently, she had been studying the art of pill refinement day and night and had wasted countless brain cells.

"Hehe, who asked you to come to this profession at the last minute? Isn't it the same in the economics Department? It just so happens to be your strong suit. " Father han said with a smile.

"It's different. Anyway, I quite like this major. " Han Jing said with a smile.

"En, as long As You Like It." Father han nodded and didn't say anything else.

"Yes, it's my own choice. Dad, you don't have to worry about it." Han Jing Jing said.

"Do I need to worry? You're the least worried about our family. " "By the way, how's little Chao?" father han asked with a smile.

"Sigh, he's still the same. He's just a bookworm who only knows how to read and doesn't participate in school activities much." Han Jingjing was a little distressed when she thought of han Xiaochao. ""He really doesn't pay attention to the outside world and only focuses on reading the books of the sages. But he has to change slowly."

Chapter 2365-Kidnapped

If Lin Yi or anyone who knew han Jingjing was here, they would be surprised. Wasn't han Jingjing a bookworm too? However, han Jingjing was very normal at this moment. She was very normal and not silly or cute at all.

"En, I'll leave little Chao's side to you." Father han said,"okay, that's enough. I have business to discuss here. The medicinal herbs you asked me to find are too difficult to find. As for the colored steel, blue crystal powder, and pure yellow jade, I've never even heard of them."

"It's fine. Take your time. It's best if you can find it. I want to give him a surprise." Han Jing Jing said.

"I'll try my best. I'll hang up first. " Father han hung up the phone.

Han Jingjing put down the phone and picked up the tablet beside her, returning to her previous bookworm look.

Donghai was a provincial city, and the business street was completely different from Songshan. It was more prosperous and orderly here, with all sorts of shops selling international and local brands. There were all sorts of famous cars in the parking lot too, and Lin Yi's Grand Cherokee wasn't that eye-catching in comparison.

Not too far away, an Audi TT was parked in the adjacent parking space. Lin Yi's expression was a little dazed-it was like he was back in Songshan, accompanying Yaoyao and Shu out, and meeting Feng Xiaoxiao for the first time ...

It was just that the driver of the Audi TT was a fat woman, and that shattered Lin Yi's fantasy ...

Shaking his head, Lin Yi felt a little depressed. Feng Xiaoxiao ... He thought that once she learned "spring rain," she could help han Jingjing make pills, but now it seemed like that dream was shattered. When would she be able to make third class pills?

From the looks of it, the only way was for him to advance to Sky Class himself, then help han Jingjing reach Earth Class late phase peak, and then find her a Qi gathering pill-that was the only way.

However, he still had a long way to go before he could reach Sky Class, and Qi gathering pills weren't easy to find ...

Lin Yi was hesitating about the sky elixir sect test this time-he wanted colored steel, blue crystal powder, and pure yellow jade, but it seemed like the Qi gathering pill was more worth it? Lin Yi was caught in a dilemma-he had a headache.

In fact, the Miss and Shu enjoyed the shopping process. They didn't need to buy anything, especially after entering University. Chu Mengyao and Chen Yushu were even more low-key. Although they were called the school beauties, they didn't want to attract attention. They didn't want to cause Lin Yi unnecessary trouble.

After all, there were a lot more people in the University now. They came from all over the world, and there were people from all sorts of backgrounds. It wasn't like Songshan, when they were in a private high school under pengzhan industries, where the two didn't have to worry too much.

"Kidnapping ... Help! Ahwooh!!!!" A scream interrupted Lin Yi's thoughts. He raised his head and saw the fat woman from the Audi get grabbed by the collar by a man who jumped out of an unlicensed Mercedes-Benz. He covered her mouth with one hand and stuffed her into the van!

All of this happened in an instant. After the fat woman was stuffed into the Mercedes-Benz, the burly man also got into the car, and the Mercedes-Benz drove away ...

Lin Yi frowned. If he wanted to stop her, he could, but he didn't. He didn't know this fat woman, and he was shopping with the Miss and Shu. He wouldn't let something like this delay him.

Lin Yi didn't have any enthusiasm, only looking at the Mercedes-Benz driving away indifferently and not paying any more attention.

"Eh? Why was this black van the same as the one that kidnapped Xinyan? They don't have a license plate, and the model is the same?" Yushu said, surprised.

"Could it be the same group of people?" Mengyao noticed this as well and was surprised. "It looks like a Mercedes-Benz B200 ... The modus operandi is very similar!"

"Oh?" Lin Yi blinked-he hadn't asked Chentian and elder Pi about Xinyan's kidnapping in detail yet, but he didn't think that this downtown kidnapping case would be related to Xinyan 's!

In that case, it was even more likely to be a coincidence. Lin Yi didn't know the fat woman at all, and he didn't seem to be familiar with the kidnapping method.

"Let's go, it has nothing to do with us. " Lin Yi said faintly to the two.

Chu Mengyao and Chen Yushu didn't want to be a busybody and nodded. They were about to prepare for Lin Yi's arrival when a police officer who was patrolling the commercial Street rushed over and shouted to Lin Yi and the others, "Everyone, don't leave yet. We're all witnesses. Can you please take a statement?"

Lin Yi didn't think there was much point in taking notes like this, but he had no choice. He stopped walking with Mengyao and Yushu.

After that, the two police officers asked Lin Yi about the kidnapping. Everyone's story was pretty much the same-it was all a black Benz B200 without a license plate that kidnapped the fat woman from the Audi TT. As for the other details, no one paid attention to them because they were all scared out of their wits at that moment.

However, a cheetah SUV came right after and stopped at the scene. The valiant song Lingshan and the serious Liu Wangli got out of the car.

"Captain song!" The two police officers saluted and handed the statement to Lingshan.

"How's the situation? Are there any similarities with the previous cases?" Song Lingshan immediately thought of the kidnapping cases that happened before.

"Pretty much. It's a black, unlicensed Mercedes-Benz B200 business car." "But the crime scene this time is not near the University town," one of the patrolling police officers said. "We can't rule out the possibility that someone deliberately confused us and used the same vehicle to commit the crime!"

"En!" Lingshan nodded. It was true-many people knew who the car was from the previous kidnapper cases. If someone picked the same car, it would confuse the police.

"Have you investigated the hostage's identity?" Lingshan asked.

"We've checked the car number of her car, but there's no feedback yet. We're still questioning the witnesses." The patrolling police officer said.

Lingshan nodded and looked at the witnesses. When she saw Lin Yi, her eyes lit up, and her heart jumped!

Chapter 2366-Shu's Suggestion

It wasn't that Lingshan hadn't thought of asking Lin Yi for help, but he'd left the house a while ago, and she'd found out about it from Xinyan's case. That was why she didn't contact him.

Now that Lin Yi was back, she naturally wouldn't let him go. She'd been worried about the case recently, so how could she not ask about him when she saw him?

"Lin Yi!" Lingshan said as she walked over.

Lin Yi touched his nose and smiled bitterly. It seemed that the more he didn't want to meddle in other people's business, the more trouble came to him.

"Lingshan, what a coincidence!" Lin Yi said helplessly.

"Is it a coincidence? You didn't even contact me when you came back?" Song Lingshan was a little unhappy, especially when she saw Lin Yi bringing the Miss and Shu shopping.

"I haven't had the time, but I'll definitely contact you." Lin Yi wasn't lying to Lingshan-he had a small Qi gathering pill in his hands, and he couldn't just give it to Lingshan after Chentian gave it to him.

"Really?" Song Lingshan looked at the Miss and Shu, and found that the two didn't have any hostility towards each other. Song Lingshan's relationship with Chu Mengyao and Chen Yushu, on the other hand, had improved a lot, not as bad as before.

"It's true. " "But you should get back to business first," Lin Yi nodded.

Lingshan nodded, but asked, "Do you have any suspects in mind?"

"I just came back. Today is only the third day. How could I have any suspects?" Lin Yi said with a bitter smile.

"I see ..." Lingshan sighed in disappointment, but she knew that it was reasonable. After all, Lin Yi just came back and didn't know much about it, ""Alright, you guys go shopping first. I'll contact you later."

"En, you can go back to your work." Lin Yi nodded and left with Mengyao and Yushu.

Lingshan was a little disappointed, but she still went through the statement patiently-the hostage's information was also presented to her!

Lei siling was the daughter of Lei Daming, the president of the eastern sea Chamber of Commerce. She was a senior student at the eastern sea foreign language business College and drove an Audi TT sports car. She was probably here to shop today.

Lingshan's heart skipped a beat at the information-another student? Moreover, she was the daughter of a rich merchant. There were enough similarities with the previous cases. It seemed that the other party was still after money! Lingshan had no choice but to contact Lei Daming.

Lei Daming was hiding in the Zhao family's house to pack his bags and prepare to travel to Jidun city to start a new business career. Suddenly, his phone rang. It was an unknown number.

"Hello, I'm Lei Daming." Lei Daming didn't dare to reject it. He was afraid that it was Lin Yi.

"Lei Daming? I'm song Lingshan from the Criminal Investigation Department of Donghai city, your daughter was just kidnapped on the business street, can you come to Songshan police station?" Lingshan asked.

"What? My daughter has been kidnapped?" Lei Daming was stunned. He couldn't believe it.

Although Lei Daming was aware of the previous kidnapping cases in Eastern Sea city, he had never thought that someone would dare to kidnap his daughter. After all, he was not the president of the eastern sea Chamber of Commerce, but the hidden spokesperson of the Zhao family!

After all, the kidnapper even dared to kidnap the daughter of a gang leader, so he naturally wouldn't be afraid of him, the president of a Chamber of Commerce. However, he didn't believe that anyone would dare to provoke the Hidden House Zhao! His identity and background were not a secret, and those kidnappers would naturally investigate this background before kidnapping him.

"Yes, it should be the same group of suspects as the previous kidnapping cases, so I asked you to come." Lingshan said.

"Wait for me, I'll be right there!" Lei Daming was a little dejected. He had just lost his power and his daughter was kidnapped? This was too much of a scam, it was really an unlucky year.

However, before Lei Daming could drive to the Donghai police station, the kidnappers called first.

"Lei Daming?" On the other end of the phone, an ear-piercing voice that was transformed by a voice changer came.

"You ... Who are you?" Lei Daming's heart jolted as he vaguely guessed something.

"Prepare 20 million, or else don't blame us for being impolite!" "There's no need to doubt our credibility," the other party said coldly. "You should have heard of the previous kidnapping cases! Of course, if you don't cooperate, we'll have no choice but to kill the hostage!"

"Wait ... I don't have 20 million ..." Lei Daming said with a bitter face.

"No? As the President of the Chamber of Commerce, you have so many businesses under you, but you don't even have twenty million? Who are you trying to fool?" The other party was getting impatient after hearing Lei Daming's words. He snorted coldly and said, "If you don't want anything to happen to you, take out the money. Don't think that I don't know your background. Don't you have 20 million?"

"I ..." Lei Daming did not expect that the other party would even find out about his hidden identity. It seemed that the other party dared to kidnap his daughter because he did not care about his identity at all! "I'm no longer the President of the Chamber of Commerce. I've been fired ... The hidden Zhao family doesn't need me anymore. I don't have money now ..."

"Hmph! I don't care about that, release her when you see the money, and kill her if you don't have the money within 24 hours!" The other party snorted and hung up.

"This ..." Lei Daming was helpless. He wanted to ask for help from the Hidden House Zhao, but he remembered that he had offended Lin Yi before. The Hidden House Zhao probably wouldn't stand up for him, and it was obvious that the person wasn't afraid of the Hidden House Zhao. Thinking back to the time when the gambler's daughter's golden class bodyguard was crippled by the kidnapper, the person must be a tough one. He just didn't know which force it was.

No matter what, Lei Daming still rushed to the Donghai police station first. On the way, he was thinking about how to speak to the Hidden House Zhao to get them to help ...

.....

After breaking up with Lingshan, Lin Yi brought Mengyao and Yushu to a nearby shopping mall. They didn't buy anything for the whole morning, and the three had lunch at a restaurant in the mall.

After the meal, Mengyao was drinking her sweet soup, while Yushu was looking at Lin Yi with her big eyes, as if she wanted to say something, but stopped.

"What do you want to do?" Lin Yi asked.

"I heard that there's a casino in the basement of this building, but I've never been there before. Shield bro, can you bring me and Yaoyao sis there?" Chen Yushu said pitifully.

"A casino?" Lin Yi blinked-he didn't think there'd be a casino right below the building.

"Yes, yes. My classmates in school told me that there's a casino below." Chen Yushu nodded.

Chapter 2367-Meeting The Mysterious Elder Again

"Shu, I don't think it's a good idea to go to that place. "Daddy doesn't like gamblers ..." Mengyao was curious, but she didn't think gambling was a good thing.

"Yaoyao sis, we're just taking a look. We haven't gone out for a long time ..." Chen Yushu shook Chu Mengyao's arm and begged.

"This ..." Chu Mengyao looked at Lin Yi.

"Then let's go and take a look. But a small bet is good for the mood. Don't bet too much, just have some fun." Lin Yi didn't have much interest in gambling, and he was pretty much a scammer. As for the Miss and Shu, it wasn't a big deal if they wanted to experience it.

"Oh, I knew shield bro was the best to Shu!" Yushu said happily as she raised both her hands in agreement.

"Hurry up and drink your sweet soup, it's going to get cold!" Mengyao said helplessly.

"Okay, okay ... But Shu needs to go to the washroom first to empty her stomach ..." Yushu put her phone in her pocket with a smile and ran to the washroom ...

"Aren't you embarrassed? you say everything ..." Chu Mengyao frowned.

"Hehe, it's fine." Lin Yi said with a smile.

"You pamper her all day long. You're about to become the devil's incarnate!" Mengyao said helplessly.

"If I didn't appear, she wouldn't be the devil incarnate?" Lin Yi shrugged helplessly.

Meanwhile, Zhao Guangyin had already followed his father's orders and found Chen Xi. He was on his way to Chen Xi's mother's house ... This was the first time he was going to see her after he ditched her!

Guangyin didn't have a single shred of emotion towards mother Chen-she was just a toy to him, a waiter who was raped after getting drunk. He felt no guilt or apology towards her-if it weren't for the fact that he was being used this time, he wouldn't even be able to meet her.

But, in order to make sure that Mrs. Chen would call Lin Yi for help willingly, he had to make himself look as real as possible ...

At the same time, an old man handed a small box to a young girl and said,""This is the medicine you're going to take this time. Hurry up and swallow it ..."

The young girl silently took the small box and opened it. Inside was an exquisite medicine bottle. The young girl opened the medicine bottle and sighed. Her expression was a little complicated as she swallowed the medicine inside.

"You know what to do about what I told you, right?" The old man looked at the young girl and asked.

"En ..." The young girl nodded with a pale face.

The old man nodded, then said to the girl, "Alright, let's go ..."

.....

Yushu finished the entire bowl of sweet soup in no time, patting her full stomach as she grinned. "Let's go to the casino!"

"Let's go," he said. Lin Yi nodded.

The three of them came to the elevator and pressed the button for the basement first floor. Of course, the basement first floor was a supermarket, not a casino. If they wanted to go to the casino, they had to go down from another passage on the basement first floor, and only those who knew could find it.

Yushu, on the other hand, had done her homework-she knew where the entrance was.

The three of them arrived at the supermarket on the basement first floor. Instead of entering the supermarket, they walked towards a fire-resistant exit that was deserted.

"I didn't know you knew so much, Shu?" Lin Yi was a little surprised-how did Yushu find this place?

"Hehe, there's a suitor of elder sister Yaoyao in class. He brags in front of elder sister Yaoyao and me all the time, saying that he lost a few million at the casino and that his family is so rich." Chen Yushu replied.

"Oh? Someone is pursuing you?" Lin Yi turned to Mengyao.

"I didn't even pay attention, who knows what he's saying?" Mengyao shook her head innocently, "I didn't even know there was a casino here."

"Haha ..." Lin Yi laughed. He knew the miss's personality, and she was indeed like that. When Zhong pinliang was pursuing her, most of the things he said were for Chen Yushu. As for Chu Mengyao, she didn't pay attention to what he said, ""There won't be any trouble, right?"

"He's just a second-generation rich kid, his family isn't even as rich as uncle Chu 's, and he's nothing compared to shield bro's net worth. Unless Yaoyao sis is out of her mind, she'd only be interested in shield bro!" Yushu said matter-of-factly.

"Shu, just go to the casino, what's with all this nonsense? Besides, I'm not going. " Mengyao said, kicking her.

"Oh ... I won't say anymore." Chen Yushu quickly shut her mouth.

The three of them walked into the safety passage and were about to go downstairs when they were stopped by two security guards. They politely said to the three of them, ""Hello, the warehouse of the supermarket is below. Please stop."

"We're not going to the storeroom, we're going to have fun. " Yushu said as she waved the Gold Card in her hand.

"Please wait a moment." The security guard looked at the three people's clothes. They were obviously two rich ladies and bodyguards, so he picked up the walkie-talkie and said a few words, ""We have a guest, please come up and welcome him!"

Not long after, a man in a neat suit came up the stairs. He looked at the three of them from head to toe, his eyes stopping on the diamond card in Yushu's hand. He smiled, "Three distinguished guests, please!"

With his experience, he could tell that the card in Chen Yushu's hand had a minimum of five million Yuan, and a girl holding such a card, their status was self-evident. They were the typical heiresses of rich families, and they were the source of customers that this place was trying to attract.

However, what surprised Yushu was that the second basement was indeed a supermarket's warehouse, not the casino as she had imagined. This was probably to cover up the casino and to avoid the police's investigation.

The Man in the Black Suit led the three through the warehouse quickly and came to a broken-looking iron door. He pressed a remote control and the iron door slowly rose up. The scene inside was completely different!

Outside was a messy warehouse, but inside the iron door, it could only be described as magnificent! Inside the iron door was a Hall of about 1000 square meters. On the Golden carpet, there were all kinds of gambling musical instruments, roulette, twenty-five doors, twenty-oneo' clock, baccarat, and all kinds of slot machines.

Compared to the outside, the warehouse was not as dark as before, but it was brightly lit!

Chapter 2368-Going To The Door

Especially compared to the stuffy warehouse, the central air-conditioning here made people feel extremely comfortable. The waiters in red uniforms were enthusiastic and thoughtful, attentively receiving every guest.

The dealers in green uniforms were walking back and forth in the casino, making it very lively!

The size surprised Lin Yi-he'd been to quite a few casinos during his missions, but this one wasn't small at all! Although it couldn't be compared to casinos like Macau and Las Vegas, it was still one of the best in the underground casinos.

"Three distinguished guests, please exchange your chips here." The Man in the Black Suit made an inviting gesture, indicating that Lin Yi and the others could exchange chips at the counter.

"Alright," he said. "Thanks," Lin Yi nodded.

"I wish the three of you a happy trip and a fruitful return." The Man in the Black Suit smiled slightly and then went to do his own things. Of course, his "return with a full load" was just a formality. There were very few people who actually won money in the casino.

"Don't change too much, just play with it. " Lin Yi ordered.

"Oh, then I'll change it to 100000 Yuan." Yushu said after some thought.

Lin Yi nodded. A hundred thousand wasn't a small sum, but it really wasn't much to the two girls. Pengzhan gave them more than that as pocket money.

Chen Yushu went to the counter to exchange chips and came back with a big pile of chips worth a thousand Yuan. She was a little excited, "Yaoyao sis, shield bro, what do you guys want to play?"

"I'm not playing. " Lin Yi didn't have any interest in gambling.

"You play, I'll just watch. I don't know how to play." Mengyao hadn't come into contact with these things before, and she was only here out of curiosity.

"Alright," he said. Chen Yushu didn't stand on ceremony and looked around the entertainment facilities in the hall, "Let's go play on a tigerphone. It's simple and fun!"

The full name of the Tiger machine was the horn-eating Tiger machine. It was a type of gambling machine that could be often seen in casinos. There were even entertainment places that specialized in horn machines. It was very common, and it could be said that almost every casino had this kind of machine.

The game was very simple. You just had to put the corner (chip) into the machine, and then different pictures would appear randomly. If the same or specific same picture was connected when the game stopped, the player would win according to the odds.

This type of machine was also called "fruit machine" or "777." It was easy to play, so it was popular among gamblers. Chen Yushu didn't know how to play with other gambling machines, so naturally, she chose this type of machine first.

"Then let's go take a look." Lin Yi and Chu Mengyao followed Chen Yushu to an area with a wall full of corner Tiger machines. There were many tourists here, and it was very popular, but there were many machines. There was still space. Chen Yushu found a machine and started operating it.

It was easy to get used to, even new players could play with it. Chen Yushu played with it for a while, and after losing a few thousand chips, she learned how to operate it. Of course, you could also apply for help from a dealer, but Chen Yushu liked to study it by herself.

Chu Mengyao was just looking at it for fun, while Lin Yi had nothing to do and looked around at the facilities in the casino. He had to admit that the scale of the casino was very good, it didn't look like a simple underground counterfeit casino at all. From the number of security guards, the service level of

the waiters, and the standard of the dealer, it was clear that the staff in this casino had been trained in the proper casino!

The owner of a casino like this had to be someone powerful, probably some Big Shot in Eastern Sea city's underworld. Lin Yi didn't have the intention to cause trouble, however. In gambling, one was willing to hit and the other was willing to suffer. As long as they didn't cheat and didn't force him, Lin Yi didn't want to be Spiderman.

Chen Yushu played for a while, winning and losing. But at this time, Chen Yushu's smart brain and ability to "discover Shu" stood out. Chen Yushu started to study the rules of the slot machine. In fact, as long as it was a computer controlled gambling machine, there would always be a certain rule, but this rule was not something that ordinary people could discover!

.....

Guangyin frowned as he walked into the old residential area. If it wasn't for his father's wishes, he wouldn't have come to a place like this in his life. However, he only felt disgust, not guilt. Chen Xi and her mother were like strangers to him, and their lives had nothing to do with him!

The Hidden House Zhao was a family that valued men more than women, and this was why Zhao Qibing, an illegitimate child, could rise to the top, while Chen Xi was only a furnace for gifts.

"Dang dang dang ..." Zhao Guangyin knocked on the broken anti-theft door. The rotten smell in the corridor filled him with disgust. What the hell was this place?

"Who is it?" Mother Chen asked curiously. It was Sunday, and Chen Xi had gone with Grandpa Zhu to pick up trash. There shouldn't be anyone at the door at this time.

"It's me ..." Zhao Guangyin didn't know how to describe his identity, he could only suppress the disgust in his heart and put on a helpless smile, "Xi's father ..." He said.

"What ..." Mother Chen's expression froze. Her hand, which was about to open the door, immediately stopped. She was a little dazed. She trembled as she looked down through the peephole. Through the peephole, she saw a face that made her heart ache, worried, and had a little hatred ...

As expected, it was him! Mother Chen didn't even know his name or who he was. She only knew that he raped her and gave her a few thousand Yuan after that. After that, she never saw this person again!

Therefore, mother Chen would never have dreamed that this person would appear in front of her again. Was it a good thing or a bad thing? Although mother Chen was kind, when she saw this man who had mysteriously appeared in front of her house again, she was only on guard after her initial excitement!

How did he find this place? And after so many years, what was the reason for him coming here? More importantly, how did he manage to call out little Xi's name? One had to know that when he gave birth to little Xi, this person didn't know!

"You ... What are you doing? "I don't know you ..." Mother Chen said subconsciously.

"Open the door, I'm here to talk to you about Xi!" Guangyin thought, you B * tch, are you still pretending? Don't you recognize me? If it wasn't for the family's plans, do you think I'd be willing to come to you?

"Xi ... What's wrong with her?" Mother Chen was shocked-she didn't have time to doubt guangyin's intentions anymore after hearing about Chen Xi. She opened the door with a clang!

Chapter 2369 Muddled

Mother Chen once again saw this face up close, a face that she would never forget!

This was her only man, and the man she hated the most! The drunken sex had brought so many years of hardship to Chen Xi and her daughter! How difficult was it for a woman to take care of a child alone?

"Xi, she ... Sigh, it's a long story!" Guangyin pretended to sigh helplessly. He was playing the role of a down-and-out man today, so even though he was driving a Mercedes-Benz, he was dressed in tattered clothes-of course, it was fake.

"What's wrong with Xi? Why don't you tell me?" Chen Xi was her life, and now that Zhao Guangyin was hesitating, she subconsciously felt that something was wrong.

"This all started when I found Xi ..." Zhao Guangyin started making things up,""After I found Xi, I treated her to a meal to express my apology for all these years. However, I didn't expect my enemy to come to me. I owed him money ... In the end, he took Xi away to pay for his debt, saying that she would pay for her father's debt ..."

"What? Little Xi has been captured?" Mrs. Chen was stunned as she glared at guangyin. Her worry for her daughter made her dizzy-she forgot to ask guangyin how he found Chen Xi and this place. All she could think about was, what should she do? What should he do?

"Yeah, I had no choice, I had to come and discuss it with you ..." Zhao Guangyin didn't want to say a single word, but he was overjoyed to see Mrs. Chen's shock. If Mrs. Chen wasn't afraid or didn't believe him, he would have to make up a bunch of nonsense to explain himself, but he didn't expect her to be so gullible, believing him so easily!

"Then what should we do? You bastard, why did you go find Xi? It's been so many years and you haven't come to see us. Why are you looking for Xi now? Aren't you trying to harm her?" "Your enemy, what do they want to do with Xi?" mother Chen was very agitated.

"I ... This ... Sigh! "I was just thinking of making it up to little che after so many years, but who would've thought that the enemy would come ..." Guangyin said with a bitter face."He took Xi to the casino in the commercial Street of Donghai city. I heard that he wanted to get on the good side of the southeast Asian King of gambling, Piao huotai, and was going to offer Xi to him. I couldn't stop him ... Sigh, it's all my fault ..."

"What ..." Mother Chen was dumbfounded. Southeast Asia's King of gambling? what casino? this made her feel that it was far away from her life. It had nothing to do with her at all! As for the southeast Asian King of Gamblers, since he was called the King of Gamblers, he must be an extremely rich and powerful Big Shot. How could an ordinary weak woman like her compete with him?

She really hated Zhao Guangyin-of all times, why did he have to come now? this was a disaster for her and her mother!

At that moment, elder Zhu pushed the door open and ran in. He shouted,""It's bad, it's bad, Xiao Chen, Chen Xi has been taken away!"

Elder Zhu's appearance was naturally arranged, so that mother Chen would believe it! If it was only elder Zhu, perhaps mother Chen wouldn't have believed it so easily. After all, why would a little girl who picked up trash be taken away?

However, Zhao Guangyin's appearance was different-he was able to throw mother Chen's mind into chaos the moment he showed up, and then he threw out the news of Chen Xi being taken away, throwing mother Chen into a state of confusion. She didn't even think about whether this was real or fake!

Especially with elder Zhu's timely appearance, it confirmed guangyin's words!

Mother Chen didn't know what to do, and when elder Zhu appeared and told her that Chen Xi had been taken away, she was even more dumbfounded!

"Argh! You're here too? You bastard, didn't you say you're Chen Xi's father? Was he going to treat her to a meal and tell her something? Why did I see her being taken away?" Elder Zhu "didn't expect "that Zhao Guangyin would be here as well-he pointed at him and started yelling.

"I ... This ..." Zhao Guangyin laughed to himself at how good Zhu Baoguo was at acting!

"You what you? the situation is urgent, I've been following those people for a while, and I heard that they want to use Chen Xi as a bet to please the gambling King, Piao huotai. Chen, think of something, don't let those beasts ruin her!" Elder Zhu said.

"Ah ... Elder Zhu, what should we do then ..." Mother Chen asked in a panic.

"Now, we can only think of a way to ask for help and see who can help us!" Elder Zhu had started to set up a trap, and was ready to lead mother Chen into the trap!

"Argh! I'm just a weak woman who doesn't know anyone. How can I compare with those rich and powerful gambling Kings? "Who can save little Xi ..." Mother Chen said, at a loss.

"Oh right, I just thought of someone. He must have a way!" Elder Zhu slapped his thigh and shouted as if he had just remembered something important.

"Who is it?" Zhao Guangyin and mother Chen asked in unison.

"Lin Yi!" Elder Zhu finally said the name that he had been calling for a long time!

"Lin Yi? Can he help?" Mother Chen was a bit desperate, and when she heard boss Zhu mention Lin Yi, she subconsciously felt that Lin Yi could help. After all, Lin Yi had helped their family a lot, and maybe he really could help!

She heard from Chen Xi that Lin Yi had a lot of connections in Songshan, and even knew people in pengzhan industries. He must have a way! And so, in her panic, mother Chen didn't even think about it before she picked up her phone and dialed Lin Yi's number ...

Lin Yi held the phone, thinking back to what mother Chen said. It was a bit messy, but Lin Yi understood. Chen Xi was taken to his casino, and someone was using her as a bet to fight with Southeast Asia's King of gambling, Piao huotai!

Or rather, in order to please Piao huotai, this person wanted to give Chen Xi to Piao huotai ...

Although, the reason that mother Chen gave was full of loopholes in Lin Yi's eyes-something about Chen Xi's father, who she hadn't seen for many years, appearing and taking Chen Xi away, or her father's enemies appearing and taking Chen Xi away, and then her father coming to find her ...

This series of actions was unspeakably strange! Where did Chen Xi's father find her? And how did he know where mother Chen lived? What right did Chen Xi have to eat with a stranger? The most mysterious thing was that elder Zhu was an Earth Class early phase, and he just watched Chen Xi get taken away, and came back to testify?

Chapter 2370-Looking For Trouble

It didn't make sense at all-it'd be fine if Lin Yi didn't know that boss Zhu was an Earth Class early phase, but he was a master! There was only one possibility for this to happen-he was hiding something, and it had something to do with him!

But none of this was important anymore, because no matter what, Lin Yi had to save Chen Xi. He knew that this was a trap set by boss Zhu, but Lin Yi had to jump in because he couldn't just watch her die!

If something happened to Chen Xi, it'd be hard to explain to Xiaoxiao, not to mention Ziyu! After all, this was the girl Xiaoxiao had decided to help. If Lin Yi didn't take good care of her after Xiaoxiao left, Xiaoxiao wouldn't be happy when she returned.

Lin Yi had no choice but to go and meet that Piao huotai!

"Shu, Yaoyao, you guys have fun here. I need to go to the second floor." Lin Yi said to the girls.

"Alright, shield bro, you can go!" Chen Yushu was having the time of her life playing the game. She had basically found out the rules of the game. She could win at least two or three times out of ten games, but she could already achieve a level where she wouldn't lose or earn.

Lin Yi nodded. The security in this casino was pretty strong. As long as Chu Mengyao and Chen Yushu didn't cause any trouble, there shouldn't be any problems. After all, the people who came here were all rich people. If the security wasn't good, who would come here next time?

"Yao Yao, keep an eye on Shu-don't let her mess with other people, just do whatever she wants!" Lin Yi said to Mengyao.

"I know, don't worry." The Miss was someone who could see the big picture-she wouldn't let Shu cause trouble.

With that, Lin Yi turned around and walked to the second underground floor. The first floor was basically for the public to gamble, and the second floor was for the VIP level of five-card stud. The chips for entry were in the millions level.

Mrs. Chen knew that Chen Xi was on the second floor with just a tip from boss Zhu, even knowing the room number. Obviously, there were a lot of problems. Mrs. Chen was too flustered to notice these details, but Lin Yi was different. This was most likely boss Zhu's doing!

"Hello, Sir, upstairs is the VIP area. You need to show your membership card or exchange one hundred thousand Yuan in chips at one time!" Lin Yi was about to go downstairs when two waiters stopped him.

"I'll go find someone. " Lin Yi said, a thought in his mind. He'd wanted to go up directly with chips, but he suddenly realized that if this was boss Zhu's doing, there must be something wrong. Boss Zhu would definitely want him to go as soon as possible!

He didn't want to be stuck on the chips, and so Lin Yi decided to test the waters.

"Looking for someone?" The waiter was slightly stunned and immediately asked, ""Who are you looking for, Sir?"

"VIP room 1, King of gambling, Piao huotai!" "I'm looking for the guy who had a bet with him," Lin Yi said.

"Oh?" The waiter blinked and was about to say something when another waiter interrupted him and made an inviting gesture to Lin Yi, ""Sir, please come down!"

Lin Yi laughed coldly in his heart. As expected, this waiter must've told him beforehand. Otherwise, this waiter wouldn't go against the casino's choice, not asking for a membership card and not letting Lin Yi buy chips. He just told Lin Yi to go downstairs!

Although, in the casino, VIP members could bring people to the second floor, but that was under the condition that the VIP member was present. Lin Yi's situation was usually not allowed, but the waiter did it.

"Haha ..." Lin Yi smiled and went down the escalator, walking straight to Sky Room number one.

The king of gambling in Southeast Asia naturally deserved the treatment of the first room, but Lin Yi was stopped at the door.

"Who are you? what do you do?" A Man in Black coldly extended his arm, blocking Lin Yi's path.

The man was just a normal bodyguard, not even a golden class master. Lin Yi didn't think much of him, but before Lin Yi could reply, the other man in a white suit spoke up, "You must be gambling bro's friend, please come in!"

Lin Yi's eyes narrowed-a Mystic late phase peak was just a guard? She even said that he was a gambling bro's friend, trying to confuse Lin Yi. Did she really think that Lin Yi didn't know what was going on?

Plus, his words made it clear that he was waiting for Lin Yi to come, not the kind of coincidence that Chen Xi was taken away by an enemy like what mother Chen said!

Indeed, Lin Yi was already at the door, and Zhao Guangyin's men didn't need to hide anything anymore. As far as he was concerned, since Lin Yi was here, he was dead for sure. An ability user and an Earth Class late phase peak internal and external practitioner, they could make Lin Yi stay here for sure!

This was what Zhao Guangyin wanted-Lin Yi was here, so there was no need to pretend anymore. He was just putting on a show to trick mother Chen, and Zhao Guangyin knew that he couldn't trick Lin Yi.

"Oh, thank you." Lin Yi patted the mystic late phase Peak's shoulder as if he was thanking him, but he was actually activating the first style of his palm!

And so, this poor Mystic late phase Peak Master Qisan died without even fighting back! He didn't think that Lin Yi would attack him without a sound, and with a killing move at that. He couldn't die in peace.

The Man in Black was about to say something when Lin Yi grabbed his neck and killed him.

Since he was here to cause trouble, Lin Yi didn't need to pretend. He didn't need to be merciful-he'd already been pissed off at that boss Zhu for a long time, and would've killed him already if he wasn't sure who the guy was from, and he wasn't even a match for him!

Of course, the other reason why Lin Yi didn't do anything to him was because boss Zhu was by Chen Xi's side. He must have some purpose, but at least he could protect Chen Xi. This was why Lin Yi kept him alive for now. But now, was it finally time to make a move?

Lin Yi kicked the door open and walked in, surprising the two groups of people in the room. One group had a hint of joy in their eyes, while the other group had a calm expression. The young man sitting at the table frowned, "Gambling bro, what kind of security measures do you have in your casino? How can any Tom, Dick, or Harry come in here and cause trouble?"
