

Bodyguard 2381

Chapter 2381 Finding The Reason

Capturing Chen Xi and giving her to Piao huotai, trying to get rid of him through Piao huotai, this was really sinister!

Poor Piao Huo tai, he didn't do anything wrong, his only mistake was that he didn't want to let go. If he gave up on Chen Xi, he wouldn't have been killed by the five of them! But it was also because of his strength and bad luck-if it weren't for the help of old man Pi and the others, Lin Yi really wouldn't be able to keep him here!

Lin Yi couldn't just let it go like that! Hidden house Zhao, huh? I'll remember this-Zhao Qibing, old man Zhao, I'll let Zhao qikun settle this with you guys when he gets back!

On the first floor of the casino, Chen Yushu was having a great time!

"Oh, I'm the genius Shu, I won again!" Chen Yushu looked at the combination on the screen, screaming and jumping up and down with her fists raised!

"Shu, does this count as cheating?" Mengyao, on the other hand, was a little worried-Yushu had figured out the rules of the casino, and it was basically winning every fight. Yushu had already won more than five million in chips, wouldn't the casino lose money if this went on? Would someone come looking for trouble?

"Cheating? We didn't cheat, we just found the pattern. How can that be considered cheating?" Yushu shook her head, "it's fine. It's a big casino, can't we afford to lose money?" If I can't afford it, my reputation will be ruined!"

"You're right ..." Chu Mengyao looked at the customers and nodded. If someone really came out to stop her and Shu from winning, then the reputation of the casino would be ruined! There were a lot of rich people in Eastern Sea city, and there were a lot of big bosses who could afford to lose!

However, they could lose money, but they would never allow anyone to say that they were cheating when they won! You can afford to lose, but can't win? Then who would come to play?

Of course, under normal circumstances, a casino wouldn't do something so self-destructive, but it wasn't as if no one noticed Shu's continuous winning!

In the monitoring room of the casino, there were people who had noticed this situation. When they switched the screen to Chen Yushu, they realized that Chen Yushu didn't cheat. It wasn't easy for this kind of tricky machine to cheat, but she probably knew some kind of algorithm.

However, it wasn't like the casino didn't have any countermeasures. These computers were all connected to the internet. As long as they did something in the monitoring room and forced the machine's program to not operate according to the conventional calculation method, human interference in the final result was a very simple thing.

And so, after the people on the monitor did something to the phone she was on, she started to lose, and it was a series of losses, without a single win!

No matter what she placed a bet on, the people in the control room would interfere with the result. As long as the result didn't match her bet, it would be fine.

"Eh? Why is it not working?" Chen Yushu looked at the phone in front of her curiously and realized that her calculation wasn't working. It shouldn't be possible, she calculated it based on the results of the phone many times!

"Alright, Shu, that's enough-no one can keep winning, just play a little." Mengyao didn't know what was wrong with Yushu's calculations, but she wasn't really interested in gambling.

"No, there must be something wrong with this machine. I'll try another one!" With that, Yushu brought the box of chips to another empty machine and started replacing her bets.

As expected, according to Chen Yushu's calculation, the result was the same as the picture she had placed her bet on. Chen Yushu let out a "yay" and started placing her bet again with confidence. However, the result this time was a tragedy. The result was different from what she had calculated.

"Why can't I?" Chen Yushu frowned, a little unhappy. In theory, the first calculation was correct, so the next one should be correct, but it just didn't work ...

Yushu switched to another machine, and it worked the first time, but it didn't work the second time ... She was a little confused ...

In the monitoring room, the monitoring personnel also frowned. If she played like this and changed the machine every time, she could really win one or two times! It would take some time for him to gain control of the terminal.

But Yushu didn't seem to have any intention of changing the machine, which made the guy relax.

Yushu started studying the machine again, but no matter what she did or what bet she placed, the results were different. The results were the result of interference from the monitoring personnel, and Yushu couldn't figure out the pattern at all!

"What's going on?" The chips in front of her were getting smaller and smaller, and Yushu started panicking. She stopped studying the machine and started studying the machine itself. She walked around the machine, and her eyes lit up!

That was because she saw a network cable port at the back of the machine. There was a network cable inserted in it, and the data Exchange light of the network cable was flashing! However, only her computer's network data Exchange light flashed very frequently, while the other Tiger phones did not flash as much!

It was clear that the laptop was constantly exchanging data with the server, and that was why the results were like this. Yushu had learned something similar in her computer class in school, so she immediately understood the reason why she lost money!

Her laptop was probably being watched by the people at the main server. No matter what bet she made, the people there would interfere. Naturally, she couldn't win money! Yushu was pissed off at the thought-she wasn't cheating at all, and they were interfering?

Wasn't this a little too petty? Yushu pulled out the cable and continued placing her bets with a smile on her face. The results were the same as before!

As expected, Chen Yushu decided to place a high bet this time. Very quickly, the chips in front of her went from a pitiful two million to ten million!

At this moment, the monitoring room was in an uproar. The monitoring staff realized that he had lost contact with Chen Yushu's phone. He couldn't control the phone from the main end, but from the surveillance footage, the phone was still working normally, spitting out large amounts of chips!

Therefore, the monitoring staff was frightened and quickly checked the server's circuit, hoping to find some problems in the circuit and fix it quickly!

Chapter 2382 Might Be In Trouble

He was too focused on the screen that he didn't see Yushu pulling out the cable, so he thought that there was a problem with the line. He started sweating!

However, he was a professional after all. After checking for a long time, he found that all the other phones were connected and could communicate normally, except for Chen Yushu's phone. So he quickly used the walkie-talkie to call the casino's boss, brother gambling!

"Gambling bro, it's not good, there's a problem with one of the tigerphones!" The surveillance personnel said anxiously.

"What is it? What's the problem?" The gambling brother had just left the heavenly number one box and was still in shock. He heard that there was a problem with the tigerplane but didn't think it was a big deal. "If there's a problem, why don't you find someone to fix it? it's just a Tiger!"

"It's not that, gambling bro, it's like this, someone calculated the Tiger's pattern ..." The monitoring staff quickly explained and explained Chen Yushu's situation to gambling bro, and then said with a sad face, ""Now, that mobile phone suddenly can't communicate, so I can't change the result of her bet. Now that the mobile phone has spat out tens of millions of chips, if this goes on, we'll lose money to death!"

"What? Why didn't you say so earlier? Motherf * cker, I'll immediately bring people over!" When gambling brother heard that the Tiger machine had spat out tens of millions of chips, he was so scared that he broke out in a cold sweat. He quickly summoned a few security guards and came to the monitoring room.

The gambler frowned when he saw that Chen Yushu was still winning from the surveillance.

Gambling bro had been in this casino for years, and he could tell with one look that Chen Yushu didn't cheat. She had a high IQ and calculated the result using some kind of sophisticated calculation method. However, this kind of person was also the hardest to deal with in the casino, because you couldn't find any evidence of her cheating!

Usually, after the appearance of such a person, the casino would take measures to interfere with the Tiger machine, so that the master would retreat! If it was a gambling match, the casino would invite a gambling consultant to personally watch over the match!

And Zhu Qishou, he also came to cause trouble. Not only did he win against the gambling consultant of the casino, but he also won 20 million from the gambling brother. Although he only asked for 10 million after that, it also made the gambling brother very aggrieved and humiliated!

After all, Zhu Qishou was the famous gambling king of Hong Kong, and he had a Mystic class master as his bodyguard. He didn't dare to use force, and ten million was already giving him face! Of course, this was also because Zhu Qi Shou was a person in the industry and knew to leave some leeway.

This time, gambling brother invited Park hoo tai to challenge Zhu Qi Shou to wash away his shame. He didn't expect that Park hoo tai had already been killed before he could even fight.

"Let's go and take a look!" The gambler looked at the two young and beautiful gambling Masters on the screen, who looked like schoolgirls. He was a little confused. Who were these two? If he was the gambling King, why had he never heard of him?

But no matter what, the gambler couldn't let her win any more. If she continued, he would go bankrupt! He was extorted twenty million from his daughter's kidnapping, and now that Yushu had won almost twenty million, he wanted to die.

With a few security guards, he went straight to Chen Yushu's phone on the first floor.

"Yay! He won again! I have more than 20 million in chips!" Chen Yushu called out in surprise.

"Ahem ... Shu, we're in trouble!" Mengyao frowned as she warned the security guards.

However, Chu Mengyao wasn't too worried. At most, she would just give up the chips and get back her capital. The casino was after money and they couldn't use force with so many guests.

"Oh?" Chen Yushu stopped her bet and looked around, frowning as well!

"Beautiful lady, let me introduce myself. I'm the owner of this casino, and people call me gambling brother!" "There's something wrong with the phone in front of you," said the gambler. "It caused a system error and kept spitting out chips, but these don't count!"

Chen Yushu hesitated. She was usually arrogant and wasn't afraid of anything because of Lin Yi's presence. She wasn't stupid and she wouldn't start a fight with so many security guards ... However, Chen Yushu's eyes lit up and she said proudly, "Gambling bro? You're saying that you can't afford the compensation, so you're deliberately finding an excuse to say that the Tiger is broken?"

"Miss, if you must understand it that way, then I can't do anything about it." Brother gambling shrugged and said indifferently, "However, in order to make up for your losses, I've given both of you a red packet of one million Yuan. Take the red packet and you can leave this place."

"Two million? Are you trying to send off a beggar? I won 20 million!" Yushu said, unwilling to let it go.

"Shu!" Mengyao tugged at Shu's arm, telling her to stop.

"Don't worry, Yaoyao sis, shield bro's here!" Chen Yushu whispered into Chu Mengyao's ear.

"Oh ..." Chu Mengyao smiled bitterly. No wonder Shu was so tough, she had someone to back her up ...

.....

Lin Yi was worried about Chu Mengyao and Chen Yushu, and this wasn't the best place to heal and recover his pure energy, so he stood up after a simple repair of his internal organs and meridians. As for the lost pure energy and other injuries, Lin Yi planned to recover them slowly when he went back.

"Boss, you're alright?" Wu Chengtian had been paying attention to Lin Yi's movements, and he quickly asked when he saw Lin Yi stand up.

"Boss!" Pi Zhishan and Pi Zhihai also looked at Lin Yi with concern.

"Hehe, there aren't any major problems." Lin Yi nodded and stretched his body, "Let's go, thank you for coming in time and leaving Piao Huo tai behind. "

"This person is Piao huotai?" Chentian said, looking at the dead body.

"You know about titanium Piao Huo?" Lin Yi asked, surprised.

"Southeast Asia's gambling King? I heard that he came to Eastern Sea city recently. I didn't expect him to be killed by us." "Oh right, boss, the boss from before is here ..." Chentian said casually.

After all, the southeast Asian forces were way too far away for him-they wouldn't come looking for trouble on a large scale, no matter what. Even if Piao Huo Tai's sect was unhappy, they couldn't do anything about it.

"Yeah." Lin Yi nodded. "I heard what you said when I was healing. You don't have to repeat it. I'll take a look at Chen Xi's condition first and then we'll leave together!"

Chapter 2383 Change Of Attitude

With that, Lin Yi walked to Chen Xi's sofa and checked on her condition. But very quickly, Lin Yi calmed down. Chen Xi was just drugged and fell asleep, it was nothing serious.

Lin Yi picked Chen Xi up and nodded to the group, telling them that they could leave now.

Lin Yi was carrying a girl, and the front of his shirt was covered in blood. Behind him were five people, who looked like bodyguards. It was a strange combination, but the security guards all lowered their heads, not daring to look at Lin Yi and the others.

This was probably the result of brother gambling's advance warning. Brother gambling naturally didn't dare to offend this group of people. Any one of these people could tear down his casino, so brother gambling had told the security guards in the morning to not cause trouble.

Lin Yi saw the security guards surrounding Chu Mengyao and Chen Yushu on the first floor of the casino. He couldn't help but raise a brow.

Lin Yi didn't think that Mengyao and Yushu would be in trouble. After all, he was here to cause trouble, and no one should be able to link it to them. Could it be that the gambler bro saw the video? But that

couldn't be. Since gambling bro knew how powerful they were, why would he dare to make things difficult for the people who came with them?

However, when Lin Yi got closer and heard the conversation between Chen Yushu and the gambler, he immediately understood. Chen Yushu won money and the gambler didn't want to pay back! This made Lin Yi think that the gambler was looking for a beating, but he was also surprised. How much money did Chen Yushu win for the gambler to show up personally?

"Miss, my gambling brother runs a casino, so he naturally has the capital to do so. We welcome guests to come here to win money, but do you think that you can win so much money with more than 20 million in chips in front of you by playing a normal game?" Gambling bro knew that Yushu had found a pattern, but he didn't say anything. He blamed it on the machine, "Other customers, take a look. Have you won more than 20 million Yuan with this phone?"

As soon as the gambling brother said this, the customers who had some doubts about his behavior also understood 'a little at this moment. Indeed, those who had played with the Tiger machine knew that it was possible to win a small amount of money, but to win big money, especially more than 20 million at once, was that possible?

It was still possible that there was a problem with the tigress! Therefore, no one doubted the gambler's words this time. Instead, they felt that the gambler was already very benevolent. Logically speaking, the machine was out of order, and the chips won were all considered invalid, but the gambler actually took out two million as compensation. It was not bad!

"You know very well whether you can win or not." Chen Yushu ignored him and waved to someone not far away, ""Shield bro, Shu and Yaoyao sis are surrounded! Come and save us!"

Lin Yi smiled bitterly and touched his nose, but he still walked over to the crowd. However, when he saw Lin Yi walking over, gambler was stunned as if he was shocked by a high voltage electric current!

There were two reasons for his shock. One was that Lin Yi was dead, wasn't he? How did he come back to life? The second was that behind Lin Yi was a group of people, including Grandpa Pi. These people were like Lin Yi's followers, and this made Lin Yi stand out, making gambler even more scared!

Yushu was calling Lin Yi, the guy who just killed Piao huotai and Piao laoliu, and had a Sky Class follower- he was unbelievably strong! He couldn't afford to offend him!

The gambling brother was about to cry. Was money more important than his life? If he had known that this girl was this guy's woman, he wouldn't have come down to make people dislike him! Seeing how Lin Yi even dared to kill the Hidden House Zhao and Piao huodan, it was obvious that getting rid of this gambling bro wasn't a difficult task at all!

"Is the machine broken?" Lin Yi walked over and looked at the guy, "Old man Pi, you want to fix it for him?"

"Uh ... It's fine ... You don't need to fix it ..." Gambler saw old master Pi take a step forward, and he almost wet his pants-a Sky Class master! Let a Sky Class fix his machine? It was more like he was going to teach his gambling brother a lesson!

If he still couldn't hear the displeasure in Lin Yi's words, then he'd have wasted all his time!

"What are you doing here if you're not?" Lin Yi asked.

"I ... Uh ... Right, I saw that this lady had won a lot of money, and I was afraid that someone would try to rob her, so I brought some security guards to protect her! It's like this!" Brother gambling quickly said.

"Is that so?" Lin Yi, naturally, knew that the guy was talking nonsense.

"Of course, miss, you can continue to play ..." The gambling brother's heart was bleeding. If he continued to play, he would be bankrupt!

"Forget it, it's boring. Shield bro, you seem to be injured? Are you okay?" Chen Yushu saw that Lin Yi was covered in blood and naturally lost interest in playing.

"I'm fine. If you don't want to play, then let's go home. " Lin Yi didn't want to stay in the casino any longer. He wanted to go back and recover his strength and energy as soon as possible, so he didn't want to waste time here.

"Oh, okay." Chen Yushu could tell that Lin Yi's injuries were not light. She stopped playing and said to gambling bro, "Exchange the chips for cash."

"This ..." The gambling brother couldn't help but smile bitterly, ""Miss, our casino doesn't have that much liquid capital right now. Can you give us a few more days?"

Brother gambling changed his previous arrogance and became very careful, which made the onlookers extremely disdainful. At this time, they also understood that brother gambling was bullying the weak

and afraid of the strong. It was estimated that after these people, brother gambling was afraid and did not dare to argue with reason. He could only cash in his chips, but ... It seemed that he wanted to renege on his debt?

"No money? You have such a big casino and you don't even have 20 million in liquid funds?" Naturally, Yushu didn't believe him.

"This ... To be honest, my daughter was kidnapped before, and I was extorted 20 million Yuan. I really can't come up with that much money in a short time. "One month ..." The gambler said helplessly. Why was he so unlucky recently? first, his daughter was kidnapped by some unknown force, and now he offended a bunch of practitioners, and even a Sky Class!

"Okay, how much money do you have now? transfer it to me first." Lin Yi believed the gambler's words- he saw the kidnapping just now, and Lingshan was working on the case, too, so he didn't force him.

"I have five to six million now." Brother gambling said gratefully.

"Then transfer these first. You can give me the rest when you have the money." Lin Yi said.

Chapter 2384 This Is Not Realistic

"Alright, alright!" The gambling brother replied.

Lin Yi nodded and left the casino with Mengyao, Yushu, and Grandpa Pi. Gambler let out a breath of relief, but what was troubling him was how to deal with Piao Huo tai and Piao laoliu's bodies. How was he going to explain this to the right miaowei sect?

Thinking of this, the gambling brother's head was like a bucket. It was really an unlucky year!

After Lin Yi got home, he locked himself in his room and entered the Jade space. He started to heal the rest of his injuries quickly. Pure heaven and earth spiritual Qi entered his body, and through the second stage of the art of Dragon mastery, it quickly nourished Lin Yi's injured meridians and organs!

The injuries this time were truly very serious. In fact, they were even more serious than when he had fought against the head guard! When he was fighting the head guard, he wasn't pulled into the Jade space when he was injured, but this time, he was really injured and was pulled in by force!

It was the same as when he saved Guan Xin-he couldn't help it.

Luckily, the art of Dragon mastery could quickly heal his meridians after he got injured, so Lin Yi wasn't too worried ...

Outside the living room, Mengyao and Yushu were listening intently to Chentian's recount of what happened in the room. Of course, a large part of it was told by gambler and Grandpa Pi, and he didn't see it with his own eyes. As for the fight between Lin Yi, Piao Huo tai, and Piao laoliu, he didn't know either-he only knew the cause and the result, but he didn't know what happened.

But even so, Chu Mengyao and Chen Yushu were still shocked. They didn't think that their random visit to the casino was the right one, and they actually saved Chen Xi! Mengyao and Yushu weren't too familiar with Chen Xi, but they weren't strangers either. They were both furious when they heard that she was given to Piao huotai as a hostage to attract Lin Yi!

"Yaoyao sis, this hidden house Zhao is too evil, they want to use others to kill them. Shu curses Zhao Guangyin and Zhao Qibing to be struck by lightning." Chen Yushu said angrily.

"It's all in the past now, Shu. Don't worry about it, Lin Yi will take care of it. " Mengyao was calmer-Lin Yi might have to make a move against the Hidden House Zhao sooner or later, but not now.

In his room, Lin Yi had almost fully recovered and was replenishing the Qi He had used up. Soon, the pure Qi in the Jade space was converted into Qi by the art of Dragon mastery and entered Lin Yi's meridians, finally entering his dantian!

Gradually, the Qi in Lin Yi's body became more and more abundant, but it didn't show any signs of stopping. The Qi continued to grow, and this feeling made Lin Yi very happy!

Lin Yi was all too familiar with this feeling-it was the sign before every breakthrough! This was the feeling of touching the level barrier, and Lin Yi didn't dare to be careless. He gathered his thoughts and focused on the second stage of the art of Dragon mastery, using it as the opportunity to break through!

The pure energy of heaven and earth flowed into Lin Yi's meridians through his acupuncture points, and under the transformation of the second stage of the art of Dragon mastery, it turned into pure Qi, circulating around Lin Yi's meridians and filling his entire body!

Lin Yi, on the other hand, gritted his teeth and continued to channel the second stage of the art of Dragon mastery, continuing to absorb the pure heaven and earth spiritual energy. He wanted to break through the level barrier in one go!

However, the good times didn't last long. Lin Yi only gritted his teeth and held on for about fifteen minutes before the energy stopped entering his body. No matter how Lin Yi circulated his Arts, he couldn't take in any more Qi!

"Al!" Lin Yi sighed, knowing that he couldn't do it anymore. He had to stop and let out a sigh of regret.

Getting injured, healing, and recovering his pure Qi was a great opportunity to break through the barrier. Lin Yi had been waiting for this opportunity for a long time, but he failed in the end!

But Lin Yi didn't want to give up on this once in a lifetime opportunity. After a short break, he started circulating the second stage of the art of Dragon mastery again, trying to break through a second time! But this time, Lin Yi used the more extreme method from before-he used the compressed energy to break through!

Since normal methods didn't work, Lin Yi could only try to force his way through! And so, Lin Yi used the art of Dragon mastery, gathering all the energy around him and compressing it!

This was the last resort, and Lin Yi didn't want to give up just like that. He could only try to break through by force ...

Not far away, elder Jiao looked at Lin Yi and shook his head. He was already indifferent to Lin Yi's madness! As far as he was concerned, it was fine as long as Lin Yi didn't die-he brought pain upon himself, and he was already used to it.

Lin Yi took a deep breath and absorbed the compressed energy into his body.

In that instant, Lin Yi's face flushed red, showing an unhealthy look! The compressed energy was instantly released in Lin Yi's body, and he felt like a balloon that was about to burst. His whole body was like an air sac, and it was very uncomfortable! His internal organs seemed to have been compressed together, and there was no space at all.

"Ah!" Lin Yi cried out in pain, large beads of sweat rolling down his determined face. This kind of explosive pain made him cry out involuntarily!

Finally, Lin Yi couldn't take it anymore and spat out a mouthful of blood. It was as if he had exploded, and there was a loud explosion in his head ...

However, what Lin Yi couldn't accept was that he could endure the pain, but he couldn't break through. This was what made him depressed!

"Almost, just a little bit more!" Lin Yi smiled bitterly and complained, "Elder Jiao, I almost broke through!"

"Above earth-class, it's already useless for you to try to break through by compressing your Zhen Qi. If you continue to try, won't you just be increasing the pain?" Elder Jiao looked at Lin Yi and shook his head, "There's a saying that haste makes waste. You're still lacking that little bit. I'm afraid it's impossible for you to break through by force."

"So ... You can't break through today?" Lin Yi asked, unwilling to give up.

"It's not realistic to break through today. " Elder Jiao said.

"Al, after this time, I'm afraid it won't be easy to have such an opportunity again." Lin Yi smiled bitterly. Now that he'd recovered, it was a good chance!

Chapter 2385 Come With Us

His meridians had just been repaired and were very tough. They had not stabilized yet, so they were just right for a breakthrough. If the toughness of his meridians stabilized in a few days, it would be even more difficult to breakthrough.

"Then you can try again." Elder Jiao didn't try to persuade Lin Yi anymore. He knew Lin Yi's personality- he was the type of person who would try even if there was a glimmer of hope.

Lin Yi quickly repaired the damaged meridians from the energy bomb and continued to compress the energy bomb for the second breakthrough.

"BOOM!"

"Ah!"

The second attempt to break through with compressed true energy failed.

"BOOM!"

"Ah!"

The third attempt to break through with compressed true energy failed.

.....

"BOOM!"

"Ah!"

The tenth attempt to break through with compressed true energy failed.

Lin Yi felt a sense of defeat-was he too impatient? Just a little bit more and he'd be able to break through, but that little bit was enough to stop him at mid Earth Class!

"I can't accept this!" Lin Yi roared in anger. Yes, he really didn't want to give up. He was just a little bit away from Earth Class mid phase peak, but because of this little bit, he couldn't break through!

He'd already compressed the energy to the limit-any more and it'd explode outside his body. If he'd just taken in a little more Qi, or if his practitioner's Arts were a little faster, he'd be able to break through in the same amount of time ... But ...

Wait a minute ... Could he circulate his mental cultivation method a little faster? Lin Yi suddenly remembered something important!

"Wu Chentian!" Lin Yi came out of the Jade space and called out to the living room.

"Boss, what's wrong?" Chentian said as he ran over and pushed the door open.

"You and Yaoyao, go get Wang Xinyan!" Lin Yi ordered,"Hurry up, it's an emergency. I need her urgently. It'll be too late if we're late!"

"Ah?" Chentian blinked-wasn't his boss a little too horny? He needed Wang Xinyan urgently? However, he saw Lin Yi's worried face and didn't dare to ask, quickly nodding,""Alright, I'll go now!"

Lin Yi's voice wasn't soft, and Mengyao and Yushu heard him from outside the living room. They looked at each other strangely, equally shocked by Lin Yi's words. Did Lin Yi go into Qi deviation again?

"Yaoyao sis, shield bro seems to be in heat?" Yushu said, surprised.

"Shu, Lin Yi's acting weird, we should go find Wang Xinyan!" Mengyao understood Lin Yi's personality-if he really needed a woman, he could just go to Shu or even herself, there was no need to go to Xinyan!

After all, Mengyao thought that Xinyan might be Lin Yi's girlfriend, but at least the two of them weren't really in a relationship right now. With Lin Yi's personality, he wouldn't go to bed with Xinyan. There had to be something else.

"Oh, okay!" Yushu nodded-she wasn't joking, and she wouldn't mess things up or joke around at a time like this. She left the villa with Chentian in a hurry, heading for the car.

"Old Pi, you guys guard boss while he recuperates, I'll be back with Yaoyao and the others!" Chentian said quickly.

"Alright! Don't worry, we'll be here!" Old man Pi patted his chest as he spoke-he was a Sky Class, and as long as the enemy wasn't too strong, he'd be able to handle it.

Chentian nodded and quickly got into the Grand Cherokee in the yard. Mengyao and Yushu got in the car as well, and the three of them rushed to school! Wang Xinyan should be in her dorm right now. It was Sunday, and it was afternoon. Even the students who went home had gone back to their dorm.

Besides, Xinyan didn't go home on the weekends. She was in school the whole time, because her parents seemed to be busy.

Mengyao and Yushu knew where Xinyan's room was, and so they ran up to Xinyan's room after Chentian parked the car.

It wasn't Wang Xinyan who opened the door, but another girl from her dorm, Chai Xiaoling. She was Zhao Shengyi's girlfriend, and Mengyao and Yushu had been to the lion Tiger Park with her before, so they were familiar with her.

"Yaoyao, Shu? Are you here to find Xinyan?" Chai Xiaoling immediately guessed the purpose of Chu Mengyao and Chen Yushu's visit. Although she and he meiyue knew Chu Mengyao and Chen Yushu, they didn't have much interaction with them. Only Wang Xinyan seemed to be on good terms with them.

Sometimes, Chai Xiaoling would be curious. Chu Mengyao and Chen Yushu seemed to have an unclear relationship with Lin Yi, and Wang Xinyan was the same. The three of them seemed to have a good relationship, which was strange.

"Yeah, where's Xinyan?" Mengyao said, panicking.

Lin Yi's tone back then was very, very anxious-something big must've happened. Mengyao didn't dare to be slow and greet her politely, asking directly instead.

"Xinyan's in the shower, what's wrong? What's the matter?" Chai Xiaoling found it odd that Mengyao was in such a hurry.

"You're taking a shower?" Mengyao blinked, not expecting Xinyan to be in the shower at a time like this! Immediately, she was put in a difficult position. ""Then ... How long has she been in the shower?"

"You just showered for five minutes, right?" Chai Xiaoling was even more curious as to why Chu Mengyao was in such a rush. "What happened?"

"This ..." Mengyao didn't know how to explain herself, and just as she was at a loss, Yushu rushed into Xinyan's room and pulled up a sheet from the bed that looked like Xinyan's, then rushed into the bathroom!

"Ah ... Who is it?" Wang Xinyan saw the door open and immediately screamed. She didn't hear Chu Mengyao and Chen Yushu coming into the room because of the sound of the shower, so when Shu opened the door, she jumped!

This was the girls' dormitory, and guys weren't allowed in. Xinyan didn't lock the door since it was her own room, but her roommates wouldn't push the door open normally. She let out a breath of relief when she saw Yushu, but she was also a little confused. What was Yushu doing here?

"Xinyan sis, come with us! Shield bro really needs you right now!" With that, Yushu ran over and turned off the shower. She wrapped the bedsheet around Xinyan's body, wrapping her up like a mummy before pushing her out!

Chapter 2386 Too Much Of A Coincidence

"Ah? What are you talking about? "Stop it" Xinyan didn't understand what Yushu was trying to do- she was dragged out of the bathroom, and she was confused.

"Shield bro really needs you, he's going to die soon, we don't have enough time!" Yushu didn't know why Lin Yi was in such a rush to find Xinyan, but she started explaining in order to make it quick for Xinyan.

"You can 't?" "What's wrong?"Xinyan asked, surprised. What's wrong with him?"

"Aiya, I can't explain it in a few words. Come with us!" Chen Yushu pushed Wang Xinyan.

"You have to let me put on some clothes first!" Xinyan said with a bitter smile.

"It's too late, Yaoyao sis, please help!" Yushu said, waving at Mengyao.

Mengyao didn't want to mess around with Yushu, but it'd take a lot of time for Xinyan to put on her clothes. She picked up a cotton-padded jacket that looked like it belonged to Xinyan and put it on Xinyan, pushing her out with Yushu!

Xinyan didn't know what to do-if she didn't know that Mengyao and Yushu couldn't be the kidnappers, she would've thought that she was kidnapped again!

But seeing how worried they were, it seemed like something really did happen to Lin Yi. Xinyan didn't insist, and just wrapped herself in the blanket and walked out of the room with the two girls!

Although she wasn't completely exposed because the bed sheet wrapped her up tightly, she still attracted a lot of strange looks from her classmates! Xinyan didn't know how to explain herself, and so she followed Mengyao and Yushu out of the girls "dormitory and up the Grand Cherokee.

Chentian was taken aback by the way Xinyan was dressed, but he didn't say anything. He started the car and drove back to the villa.

"Now, can you guys at least tell me what happened to Lin Yi?" Xinyan was quite troubled-what was with her naked body wrapped in the sheets? it was like she was a mistress who had just been caught red-handed!

"We don't know ..." Chu Mengyao shrugged her shoulders apologetically.

"Ah?" Xinyan froze. If you guys didn't know, then why did you ask me to come out?

"Lin Yi was injured by an enemy earlier, and he's been healing in his room right after he got home, but he suddenly called Wu Chengtian over, saying that he needs you and that we should get you over immediately." "That's what happened. We don't know why he's looking for you, but he looks like he's in a hurry,"Mengyao explained.

"Is that so ..." Xinyan blinked as if she'd guessed something. Could it be that Lin Yi's healing failed and he needed her scent to help him? Xinyan's face reddened at the thought ...

"Xinyan sis, be careful, shield bro might be in heat." Chen Yushu replied.

"Ah!" Xinyan's face reddened even more at the thought of what she was wearing ... It was already embarrassing enough for Lin Yi to smell her and heal himself, and now she wasn't wearing anything at all ...

Yushu thought that Xinyan believed her when she saw her face redden. She smiled slyly. "Xinyan sis, now that you're shield bro's woman, you have to get along well with Yaoyao sis, don't bully her!"

"?" Wang Xinyan was even more confused as she listened to Shu's nonsense.

"Shu, don't talk nonsense. It's not my business." Mengyao glared at Yushu.

"I'm afraid that Yaoyao sis will get bullied in the future ... We're all alone ..." Chen Yushu mumbled but didn't continue.

Soon, the car arrived at the entrance of the villa. Chu Mengyao and Chen Yushu dragged Wang Xinyan into the villa and pushed her into Lin Yi's bedroom without caring if she was willing or not. Shu even pulled off Wang Xinyan's cotton jacket mischievously and pushed her onto Lin Yi's bed before quickly closing the door with Chu Mengyao and leaving.

"Hehehe ..." Yushu started laughing. "You've achieved your goal, Yao Yao. "

"What do you mean by my purpose?" Mengyao had been trying to get Lin Yi and Xinyan together, but she didn't feel so good when it came to it. It was like something she loved had been taken away from her. It was complicated.

"It's nothing ..." Chen Yushu surprisingly didn't continue to play around, ""Xinyan sis is really nice, she doesn't have any bad intentions. She'll definitely get along well with Yaoyao sis in the future, Shu doesn't have to worry ..."

"What?" Mengyao blinked, not quite understanding what Yushu was saying.

"It's nothing ..." Chen Yushu shook her head and returned to her smiling face, ""Detective Shu 007, continue to investigate if shield bro really did push sister Xinyan down!"

With that, Yushu put her ear to Lin Yi's door.

Lin Yi, on the other hand, had been compressing the energy bomb, waiting for Xinyan to come and break through in one go. Now that Xinyan was here, he naturally started preparing to break through the barrier ...

"Lin ... Lin Yi ... You ... I ..." Wang Xinyan was also shocked by the blood on Lin Yi's body, not knowing what she should do.

"Come closer ..." Lin Yi didn't know whether to laugh or cry at Xinyan's situation. She was wrapped in a sheet, and her hair was wet. She was clearly in the shower, and Lin Yi didn't know what to say. Wasn't it too much of a coincidence that Mengyao and Yushu brought her back?

"En ..." Wang Xinyan replied softly. Although it was a little embarrassing, she didn't dare to delay after seeing Lin Yi's miserable state. Her body trembled as she leaned towards Lin Yi. Her heart was beating fast and her face was red!

It wasn't the first time she'd been so close to Lin Yi-they'd been sleeping together since the military training, and she'd always put on less clothes during class, getting closer to Lin Yi. But today was different-Mengyao and Yushu were in the living room, after all, so how could Xinyan let them?

They probably thought that Lin Yi wanted to sleep with her, right? Xinyan's face reddened at the thought ...

Xinyan's scent was injected into Lin Yi's body like a stimulant, and with the energy bomb, Lin Yi's body was filled to the max with pure energy. He quickly circulated the art of Dragon mastery, and he could clearly feel that he was about to breakthrough!

Yes, he was only a step away from breaking through!

Chapter 2387 Breakthrough, Earth Class Mid Phase Peak!

Lin Yi started to use the art of Dragon mastery like crazy. He was covered in sweat as if he was in a steamer, and his face was pained and twisted!

"Come closer!" Lin Yi felt like he was so close to success.

"Oh ... Okay ..." Wang Xinyan subconsciously moved her body closer to Lin Yi. Her whole body was about to touch Lin Yi's body, which made Wang Xinyan even more embarrassed. The two of them had been close during the military training, but this situation was different. Wang Xinyan only had one bed sheet on her body!

"Just a little bit more. Can you ... Unroll the bedsheets on you a little?" Lin Yi felt that it was a bit too much, but he had to do it at this moment. He didn't want to give up, because he had touched the wall of Mystic mid phase peak-he was just a little bit away from breaking through!

"Ah? "My inside ..." Xinyan wanted to say that she wasn't wearing anything inside, but she saw the menacing look on Lin Yi's face. She didn't want to delay his healing, so she didn't care anymore. She'd seen it during the training anyway, it didn't matter if it was now!

And so, Xinyan decided to pull the sheets off her body, sticking her whole body to Lin Yi!

Lin Yi felt a soft and fragrant body fall into his arms, and his lower body suddenly felt hot. However, Lin Yi knew that this wasn't the time to think about other things. He quickly held his mind and continued to circulate the second stage of the art of Dragon mastery!

"BOOM!"

Lin Yi could feel Xinyan's scent fusing with the Qi in his body, forming a heat wave that rushed into his dantian and spread out. The heat wave split into countless small streams of Qi, spreading to his meridians and nourishing them!

He had broken through! He had finally broken through! Lin Yi was overjoyed. It was a rough breakthrough, but the result was good, and Xinyan's contribution was a big part of it. If it weren't for Xinyan, Lin Yi wouldn't have been able to break through today!

But the thought of Xinyan made Lin Yi's happiness turn into awkwardness! How was he supposed to face Wang Xinyan?

Lin Yi didn't open his eyes, but his senses in the Jade space allowed him to feel everything around him-it was much clearer than seeing it with his own eyes. Looking at Xinyan's naked body, Lin Yi suppressed the urge in his heart, troubled ...

This time ... He was in big trouble! It was all a misunderstanding in the past, but could it still be considered a misunderstanding this time?

How was he going to explain this to Wang Xinyan? How was he going to face her in the future? Lin Yi's head started to hurt! He really didn't think that Wang Xinyan would be brought here by Chu Mengyao and Chen Yushu in a situation like this!

If Wang Xinyan didn't take a shower and just unbuttoned her shirt like she usually did, it would be fine, but this time, there was nothing under the sheets!

Lin Yi was embarrassed, but it seemed like Xinyan was even more so! Her body was pressed against Lin Yi's, but her breathing was rapid and her face was red. She didn't dare to move, her body stiff on the bed, her eyes closed, just like an idiot ...

Al! Lin Yi sighed. If he opened his eyes to talk to her now, the two of them would be extremely awkward! After all, Lin Yi and Xinyan did have a little bit of an affair going on between them, but it wasn't to the point where they'd meet naked.

And so, Lin Yi quickly made a decision-he'd pretend to be asleep for now, and pretend he didn't know anything about this. Letting Xinyan leave first was probably the best way to solve this-he really didn't know how to face her otherwise!

At that thought, Lin Yi's breathing became even. He'd been on a lot of special missions before, and it was easy for him to pretend to be asleep. No one would notice anything.

As expected, after waiting for a long time, Wang Xinyan's stiff body stuck to Lin Yi's side, not daring to move or look at Lin Yi. Suddenly, she heard Lin Yi's even breathing, and she couldn't help but be surprised! After listening carefully, she realized that Lin Yi seemed to be asleep!

Xinyan didn't know whether to laugh or cry-it seemed like Lin Yi really was asleep, but she had to admit that this was the best outcome for her. She didn't have to face Lin Yi when he was awake anymore, and it wouldn't be awkward!

However, Xinyan was still a little disappointed. Lin Yi ... Was asleep? Didn't he know that she was lying naked beside him? Did he not have any 'sexual interest' in her? He fell asleep just like that?

A girl's mind was always conflicted-she didn't want to be embarrassed, but she was also a little annoyed.

Xinyan wrapped herself up in the sheets and put on the cotton jacket as she opened Lin Yi's room door and left ...

Lin Yi, on the other hand, didn't have his eyes open, but he could see everything clearly. The sight of the beautiful Xinyan beside him, especially the completely naked Xinyan, almost made Lin Yi have a nosebleed!

Fortunately, he had vomited a lot of blood before, and his blood was obviously insufficient at this time. Otherwise, he would really have vomited blood.

"Phew ..." Lin Yi let out a long breath after Xinyan left the room, suppressing the excitement in his heart ... This excitement was the excitement of seeing Xinyan's naked body, and the joy of breaking through to Earth Class mid phase peak!

"Lin brat, I didn't expect you to use this to level up. You're really shameless." Elder Jiao said disdainfully.

"Hey, elder Jiao, I'm forced to do this, aren't I?" Lin Yi said with a bitter smile.

"Forget it. But congratulations, you've found a new way to level up." Elder Jiao said.

"Haha ..." Lin Yi started laughing like an idiot.

Wang Xinyan opened the door and yelped, because she bumped into Shu! She didn't expect Yushu to be eavesdropping at the door.

"Shu ... You ... What are you doing here?"

"Oh, I'm just worried about shield bro, so I came to check ..." Chen Yushu was caught eavesdropping and felt embarrassed,""Oh, Xinyan sis, your chest is quite full too, a little bigger than Yaoyao sis!"

"..." Wang Xinyan was speechless. What did he mean? His face turned red, but he said, ""Not as old as you!"

"Hehe ..." Yushu smiled slyly, ""Sister Xinyan, you two ... Nothing happened?"

Chapter 2388 Girlfriend

"Didn't you hear everything?" Xinyan said helplessly as she faced the curious Yushu. "Alright, do you have any clothes? can you help me find a few first? Why do I feel a little weird like this?"

Xinyan wasn't completely exposed right now, but she couldn't just walk around wrapped in the sheets, could she? This was too strange.

"I've found one for you. Xinyan, go upstairs and change. We're about the same size, so you should be able to wear my clothes," Mengyao had already prepared a new set of clothes in the bedroom upstairs. She'd expected this to happen.

"Thank you," he said. Xinyan nodded at Mengyao.

"We should be the ones thanking you. Lin Yi, it's all thanks to you this time!" Mengyao said.

"Lin Yi's my friend too, it's nothing." Xinyan shook her head and quickly followed Mengyao upstairs.

Chentian, Zhishan, Zhihai, and even old master Pi and gonggao were curious-why did Lin Yi ask Xinyan to come? it wasn't something they should be asking, so they pretended not to know anything.

"Hu ..." Wang Xinyan reached Chu Mengyao's bedroom and sat down on the bed. She felt like she had lost all her strength, her face was frighteningly red, and her heart was beating so fast that she felt like she was going to die ...

"Oh, sister Xinyan, does that feel good? Can you share it with us?" Chen Yushu followed Wang Xinyan into the bedroom and asked sneakily.

"What?" Xinyan was still in a daze, and she jumped at Yushu's question. "What taste?"

"It's the feeling of X-O, didn't shield bro ask you to X-O just now?" Chen Yushu studied Wang Xinyan, trying to find a flaw in her.

"Ah ..." Wang Xinyan finally understood Chen Yushu's meaning. It seemed that she was misunderstood ... But, anyone would overthink it. After all, Lin Yi said that he needed her, and it was normal for Chen Yushu to misunderstand ... But she didn't know how to explain it. She didn't know if Lin Yi holding onto her to cultivate was a secret, and she didn't know if she should tell Chu Mengyao and Chen Yushu ... So she hesitated ...

"Shu, don't make wild guesses. There shouldn't be anything between Wang Xinyan and Lin Yi," Mengyao didn't think Xinyan had just been pushed down-at least she was walking normally, and she'd be in Lin Yi's room if she'd been pushed down, not running out in a hurry.

"Oh ..." Yushu was only joking, and since Mengyao didn't want her to ask, she acted normal, ""Sister Xinyan, why did shield bro look for you?"

"This ... Let's wait for Lin Yi to come out and let him talk to you guys? "I don't know if I can tell you ..."
Xinyan said, troubled.

"En, we'll wait for Lin Yi then." Mengyao could tell that Xinyan had something she couldn't tell her, so she didn't ask anymore. "I've prepared the clothes, but you didn't finish showering, did you? There's a bathroom in the room, you can take a shower first. I'll go downstairs with Shu. "

"Okay, thank you ..." Xinyan let out a breath of relief and nodded after Mengyao stopped asking.

Mengyao pulled Yushu down the stairs, and Xinyan went to the bathroom. She really did need to take a shower-Lin Yi's blood was all over her, and it was quite scary.

Lin Yi changed his clothes and walked out of his room to see Mengyao and Yushu coming down, but he didn't see Xinyan. "Yaoyao, Shu, where's Xinyan?"

"She's changing her clothes and taking a shower upstairs. " "You're fine?" Mengyao asked.

"Yeah, I'm fine. It's all thanks to you guys." Lin Yi said with a smile.

"Right, shield bro, why are you looking for Xinyan sis?" Chen Yushu asked curiously.

"We'll talk about this later. " It was Xinyan's privacy, and Grandpa Pi and the others were in the house too-Lin Yi couldn't say much.

"Oh ..." Chen Yushu nodded and didn't ask anymore.

A while later, Xinyan came downstairs in a fresh set of clothes, but she froze when she saw Lin Yi in the living room, dressed as well. She opened her mouth, not knowing what to say ... The atmosphere in the living room became awkward!

"Xinyan ... Thank you ..." Lin Yi looked at Wang Xinyan and felt a lot of emotions. He wanted to thank her, but he didn't know what to say. Thinking back to the intimate scene and atmosphere just now, Lin Yi's head started to hurt. Who was Wang Xinyan?

"You're ... You're welcome ..." Wang Xinyan stuttered.

She'd thought that she'd be able to get out of here as soon as possible after getting changed and going downstairs-she'd be able to calm down for the night, and everyone would probably be able to calm down at school tomorrow. As long as she didn't mention it, it wouldn't be too awkward.

What Xinyan didn't expect, however, was that Lin Yi would come out so soon, and even change his clothes! She'd only taken a quick shower in the bathroom before putting on her clothes and going downstairs-it didn't take too long, and so she was pretty sure that Lin Yi wasn't asleep at all, and that he was just pretending ...

Xinyan's heart felt empty and disappointed at that thought ... Did he not like her? Otherwise, why would he pretend to be asleep?

Wang Xinyan went silent after that.

Lin Yi, on the other hand, scratched his head with a bitter smile, not knowing what to do! If it was Feng Xiaoxiao, or even Shu, Lin Yi would be able to face it with ease, but Wang Xinyan ... There was something going on between the two, but they didn't point it out ... But now ...

"Be my girlfriend ..." Lin Yi extended his hand to Xinyan and took a deep breath.

He wasn't an irresponsible person, and it wasn't like he didn't like Xinyan. He had to do something, and it might be a bit too fast, but he felt that it would be unfair to Xinyan if he didn't do something.

But, he felt a little sorry for Xiaoxiao-she might have agreed to him finding a main wife, but wasn't he finding one a little too fast?

"Ah?" Xinyan froze-she didn't expect Lin Yi to say something like that after a long silence!

He ... Wanted her to be his girlfriend?

Chapter 2389 A Failed Confession

Xinyan just stared at Lin Yi, not knowing what to do. She'd thought about their relationship before, and she'd also thought about the fact that things might've gone south between her family and house Kang, so she'd been holding back her feelings for Lin Yi, trying not to let them get out of hand.

But, while she was reminding herself to stay calm, she did a lot of unforgivable things on the other hand ... Like hugging Lin Yi, watching a movie with him, and now she was naked with him ...

She didn't like Zhaolong, and she didn't like house Kang's engagement, but since her family had already agreed to it, Xinyan felt that she shouldn't do this. It felt like she was cheating on him, and she felt guilty!

However, she had to admit that being with Lin Yi was a very happy and comfortable life. The occasional flirtatious moment, the heartwarming moment, it was unforgettable and satisfying. She even wished that she could be his desk mate forever, never graduating, never having to face the marriage with her family!

It was just that, as time went by, Xinyan's heart was leaning more and more towards Lin Yi, and she'd become more and more rebellious, not wanting to think about the marriage anymore ... But she also knew that some things were destined and couldn't be changed-she was just lying to herself!

Lin Yi's strength was out of the ordinary, and she saw that his lackeys were all stronger than the previous one. Even elder Pi had become his follower, and Xinyan was looking forward to it!

The common house Xiao was backed by the Hidden House Pi, and now that the Hidden House Pi was Lin Yi's follower, it shouldn't be too hard for old master Pi to talk to house Xiao and cancel the engagement, right?

But Xinyan didn't expect Lin Yi to confess so quickly, and she was caught off guard! As far as she was concerned, she needed to break off the engagement first before she could be with Lin Yi. She'd been a good girl since she was young, and so she always felt that it was a crime to be with Lin Yi without breaking off the engagement, and it made her feel a deep sense of responsibility ...

This was also the reason why she was stunned. She didn't know how to reply to Lin Yi. Don't agree? Xinyan's heart was pounding, and she couldn't make up her mind ...

Xinyan didn't know what to say-she really did have the urge to say yes, but there were so many people in the room, especially Mengyao and Yushu ... She couldn't just nod like that ...

Wasn't this a bit like threatening Lin Yi? Did he say that because he wanted to be responsible for her? Otherwise, why did he pretend to be asleep before?

All of a sudden, Xinyan's mind was in a mess, and all sorts of things came to her mind, making her dizzy. She wanted to run away, and for some reason, she ran out of the villa and disappeared from everyone's sight ...

Lin Yi blinked-it'd be a piece of cake for him to stop Xinyan, but did that mean she'd rejected him?

Lin Yi couldn't help but smile bitterly-he didn't know what Xinyan was thinking. She should have feelings for him, right? why else would she help him practice so many times?

For a girl to make such a sacrifice, it was enough to show her intentions, but why did she suddenly run away?

"Shield bro's confession failed ..." Chen Yushu was confused as well. Wang Xinyan seemed to like Lin Yi, why did it fail?

"Shu!" Mengyao glared at her. Lin Yi's confession had failed, and he must be in a bad mood. Shu's words were like adding oil to the fire.

She didn't know why, but she felt a sense of relief. Was it because Xinyan didn't accept Lin Yi's confession? But why did he feel a little regretful? He hoped that Lin Yi and Xinyan would be together.

Was it because of the promise he made to Tang Yin?

Old master Pi and the others could see the awkwardness in the air-it was best if they didn't stay in the villa any longer, as it'd make Lin Yi look bad. He cleared his throat and said,"Um ... Zhishan, Zhihai, Chentian, old Wu, let's go out for a walk. The weather looks nice today ..."

Everyone responded-they naturally understood what elder Pi was thinking. It was a bit awkward for them to stay here, so it was best for them to leave!

Lin Yi didn't stop them and let them leave, but before Chentian left, he said,"Take a look at her, don't let anything happen to her ..."

"I know, boss!" Chentian understood immediately-Lin Yi didn't make it that clear, but he knew that he was asking him to keep an eye on Xinyan ...

With a bitter smile, Lin Yi sat down on the sofa, while Mengyao and Yushu accompanied him.

"Shield bro, you've failed with the girl. Do you need my advisor Shu to help you analyze?" Chen Yushu asked.

"What do you know? Don't analyze it. " Mengyao interrupted."Go get some water, I'm a little thirsty ..."

"Oh ..." Yushu wasn't reluctant this time. She stood up happily and walked to the kitchen.

"Lin Yi, Wang Xinyan's probably just a little confused, it's not that she doesn't want to accept your confession." Chu Mengyao observed the details carefully and came to this conclusion after thinking about it. However, she wasn't very sure. She only said this to comfort Lin Yi.

"It's fine, haha ..." Lin Yi smiled, ""I know ..."

"En, it's good that you know. Don't be too disappointed, I think Wang Xinyan likes you." "Today's events were too sudden,"Mengyao said." If you ... Suddenly confessed to me, I'd probably hesitate. Of course, if you could confess a few more times, I'd probably say yes ..."

"En ..." Lin Yi nodded, not thinking much about it.

A hint of disappointment flashed in Mengyao's eyes. Did he really understand? He didn't seem to understand ...

At this time, Chen Yushu came back with a cup of tea and passed it to Lin Yi. "Right, shield bro, why did you look for Xinyan sis?"

"Just now ..." Lin Yi took the cup from Shu and was about to take a sip to moisten his throat. He was actually a little thirsty, but before he could put the cup to his mouth, Chen Yushu suddenly reached out and snatched it back..

Chapter 2390 Shu's Weird

"The tea is a little hot ... I'll drink it later ..." Chen Yushu saw Lin Yi looking at her in confusion and quickly said.

"Oh ..." Lin Yi wasn't in a good mood, so he didn't probe further. "There's a special scent on Wang Xinyan, I wonder if you guys noticed it?"

"Fragrance?" Mengyao blinked, but after thinking about it, there really was a faint scent on Xinyan's body that she could only smell when she was close to her. She was sitting next to Xinyan when they went to the lion Tiger garden, and she did smell it. It was nice, and it made her feel at ease. Mengyao thought it was perfume, but now that Lin Yi mentioned it, it didn't seem to be perfume!

Mengyao had used many different perfume brands, but this was the first time she smelled something like this. She nodded, "I think so. It smells good. What's wrong?"

"Oh, Shu smelled it too. It really does smell like herbs ..." Yushu nodded.

"Yes, during military training, I slept with Xinyan in the barracks, and I accidentally realized that this scent can speed up my training ..." Lin Yi said, "I've been improving quite a bit lately, and it's all thanks to Wang Xinyan!"

"Argh! I know. You were about to break through the level barrier, weren't you? We were so close, so we brought Wang Xinyan here!" Chu Mengyao heard Lin Yi's explanation and immediately understood the key point of the situation.

"En, that's it." Lin Yi nodded, "I was in the casino and got injured from fighting an enemy. At the same time, I found the opportunity to break through the barrier. It was just a little bit away. I couldn't break through no matter what. That's why I asked you to get Xinyan here."

"Then ... Shield bro, have you broken through yet?" Chen Yushu was very surprised. She didn't think that Lin Yi was looking for Wang Xinyan for this reason. This was too mysterious. Xinyan was a mobile cultivation furnace?

"I did, but Xinyan lifted the bedsheet to get as much of her scent as possible ... So I think I should take responsibility?" Lin Yi smiled bitterly and picked up his cup naturally, ready to drink some tea.

"Oh, wait a minute!" Chen Yushu suddenly snatched the cup back from Lin Yi's hands and put it back on the table, "It's still quite hot, you can drink it later!"

"?" Lin Yi looked at Yushu, confused.

"Shu, what are you doing?" Chu Mengyao was also confused by Shu's actions. She wanted to take the cup from Shu's hand, "I'll drink first, I'm a little thirsty too. "

"Ah ... Aiya!" Xiao Shu's hand loosened, and the teacup fell to the ground, shattering into pieces. The tea inside also spilled all over the floor ...

"Shu, you want to rebel?" Mengyao didn't know what to say when she saw Shu drop her teacup.

"Oh ... Shu's hand slipped ... I'll go clean it up now!" Yushu stood up and went to get the broom and mop, breathing out in relief ...

Mengyao opened her mouth, but didn't say anything. Why was Shu acting so weird today? But her mind was on Lin Yi. "About Xinyan ... I'll give her a call later tonight. I have her number, and it's easier for us girls to talk. I'll help you ask her."

"Many thanks." Lin Yi said.

"En ..." Chu Mengyao looked at Lin Yi and felt a little emotional ... There was a time when no one asked for her. This Shu ...

Chen Yushu quickly cleaned up the broken pieces of the teacup and mopped the floor. She was very hardworking. Grandma sun had been with uncle Fu these few days. Uncle Fu and Chu pengzhan were dealing with business in Donghai city, so the housework fell on everyone.

"I'm done ..." Yushu let out a breath of relief after doing all that.

"Shu, what's wrong? You don't have a fever today, do you? Why does it feel so strange?" Mengyao felt that something was off with Yushu today.

"I'm fine, I'm fine!" Chen Yushu replied.

Lin Yi might've broken through the level barrier, but there were still a lot of things he needed to think about after today's battle. He nodded to Mengyao and Yushu, "I'm going back to my room. I need to work on some of my martial arts problems. You guys can talk first."

"En, okay." Mengyao was hoping that Lin Yi could do something else to distract himself from Xinyan's rejection.

After Lin Yi went into his room, he started to study the reason why he used the sky-opening earth claw today. Although he had a failed spring rain before, from Lin Yi's perspective, it was because he didn't have a water element body. But the sky-opening earth claw was different for mu Linsen. He could use it with proficiency, and the sky-opening earth claw could be used in combination with the wild fire Fist. It meant that there was no obstacle for him to trigger it.

Then why did mu Linsen's heaven-splitting earth-splitting claw fail to activate? Lin Yi frowned, confused. He started the thousand changes of wood and forest again and activated the first form of the claw of heaven and earth!

This time, Lin Yi didn't aim too high for the fifth form, but tried the first one. The result was tragic-he failed again, and it didn't even feel as good as the spring rain from the sky!

Spring rain, although it failed to be activated, the initial process was smooth, only the last step was needed. However, mu Linsen's heaven and earth splitting claw was different. It could not be activated at all, as if the mental cultivation method and the activation method did not match.

It was strange. Lin Yi tried again, but after making sure that he couldn't use mu Linsen's claw, he stopped. He didn't want to waste time trying again.

From the looks of it, it really didn't work. What was the problem? If what he lacked was a Water-type physique, then the thousand changes of wood and forest should be a wood-type martial skill, while the heaven-splitting earth-splitting claw should be a fire-type martial skill. This could be inferred from the red-hot true energy on Piao laoliu's claws when he activated the martial skill.
