Chapter 2391 Lin Yi's Deduction

Yes! Lin Yi suddenly thought of something-the earth-opening claw was a fire element martial skill, and the wild fire Fist was also a fire element martial skill. So these two skills could be combined, using the wild fire Fist's chant and the earth-opening claw's activation method, the two combined to form a new martial skill.

However, the wood forest thousand transformation was different. This was a wood attribute mental cultivation method, and it was not of the same attribute as the fire attribute's heaven and earth splitting claw. This should be the reason why the two combined but did not succeed in activating it!

At that thought, Lin Yi's mind suddenly lit up. He combined the wild fire Fist and thousand changes of wood and forest and tried to activate it, but it ended in failure! And whether it was Lin Yi using the flaming Fist combined with the thousand changes of wood forest or the thousand changes of wood forest combined with the flaming Fist, he didn't succeed. This indirectly proved that Lin Yi's guess and judgment were correct!

Only martial skills of the same attribute could be combined and activated, but martial skills of different attributes could not be combined and activated! In other words, if old six PU's skill wasn't fire or wood, but some other metal or water element, Lin Yi wouldn't be able to copy it!

At that thought, Lin Yi sighed at how lucky and close the call was-old sixth PU's skill was fire, and Lin Yi just happened to combine it with his most familiar wild fire Fist, successfully activating it!

If Lin Yi had used the thousand changes of wood and forest to combine them, he would've been in trouble if he didn't think about it and gave up on the wild fire Fist.

But after Lin Yi figured this out, a new question arose-why was taganlong's five elements Eight Trigrams palm able to merge with both the wild fire Fist and the thousand changes of wood and forest?

What attribute was this five elements Eight Trigrams palm martial technique?

Five elements ... Lin Yi grinned subconsciously. It couldn't really be the five elements, could it? Could it be that this was a martial technique that could be cultivated with the attributes of all five elements? Lin Yi couldn't help but click his tongue at the thought-tagalong sure was lucky to have learned a skill like this!

But ... Lin Yi suddenly remembered the multi-colored Qi on taganlong's body. Could he have a five-element body? was he using the five-element Qi to activate the five-element Bagua Palm? Thinking about it, it was really possible. If he didn't play, why would the power of martial arts be so abnormal?

If taganlong really had the five elements Constitution and the five elements true Qi, then the third move of the five elements Eight Trigrams palm should be as powerful as the fifteenth move of an ordinary high-tier martial technique. However, taganlong obviously didn't do it!

Of course, this was only a theoretical number. Although the strength of a martial skill was related to the martial skill itself, it was also related to the practitioner's proficiency. For example, Lin Yi's mastery of the wild fire Fist was higher than uncle Fu 's, so when Lin Yi used the wild fire Fist, the first move was equivalent to the second move of a normal martial skill, and so on, but uncle Fu couldn't do it.

Therefore, although taganlong's martial technique was powerful, theory was theory, and reality was reality. It was already very rare for him to be able to unleash its current power!

Lin Yi was drooling after deducing the power of taganlong's skill. Even if he had wood, fire, and metal elements, he should be able to unleash the power of the fifteenth form of the five elements Eight Trigrams palm if he practiced it. That would be awesome enough!

No wonder taganlong was so strong, but Lin Yi had trained in all-powerful Arts, and could master any Arts he could learn. He was definitely stronger than taganlong.

"Hu ..." Lin Yi let out a long breath and muttered taganlong's name. It seemed that when he was strong enough, he should go back to the Tagan family again and steal taganlong's skill. That way, he would be able to face stronger enemies and be undefeatable!

Right, didn't his "master" the strange heaven rank man say that he was stealing the enemy's cultivation method? If it was really as he said, that he could steal the mental cultivation method of the five elements Eight Trigrams palm, then it would be a good thing!

But, where would he go to find that strange heaven rank man? The treasure in the Wulong hao te mountain range had already been taken out, and it was impossible for the strange heaven rank man to return to that mountain range. And with his crazy personality and brain, he might have run off to some other place. Finding him would be extremely difficult!

Outside the room, Chen Yushu was sitting on the sofa in a daze. Although her eyes were on the TV, she didn't look like she was in the mood.

"Shu, what's wrong? Is there something on your mind?" Chu Mengyao felt that something was wrong from the moment Shu poured the tea. She felt that something was wrong.

"Ah?" "Yaoyao sis, what did you say?" Yushu blinked.

"Shu, is there something on your mind?" Mengyao asked with a frown. Didn't you hear what I just said?"

"No, Shu was just too engrossed in the TV ..." Chen Yushu was a little surprised but quickly replied with a smile.

"Is that so? Then what was on the television just now?" Mengyao asked.

"On the TV ..." Yushu subconsciously glanced at the TV. "Isn't it Pleasant Goat and gray wolf ..."

"I just changed the channel!" "I was just watching SpongeBob SquarePants!" Mengyao said, not sure if she should laugh or cry.

"Oh, yes, it's SpongeBob!" Chen Yushu nodded.

"I watched SpongeBob yesterday. I was watching Pleasant Goat and big big big wolf just now. I didn't change the channel." "Shu, what's wrong with you?" Mengyao asked, speechless. You even want to hide it from me?"

"Ah? Like this?" Chen Yushu didn't think that Chu Mengyao would be so cunning to lie to her, but she still shook her head, "I really didn't. Maybe I overused my brain in the casino today ..."

"Is that so?" Mengyao, naturally, didn't believe Yushu's words. She muttered to herself and lowered her voice, "Is it because of ... Lin Yi?"

Mengyao couldn't think of any other reason. Yushu liked Lin Yi, and she knew that. Yushu had never denied her feelings for Lin Yi, and it was understandable that Yushu was in a bad mood after Lin Yi confessed to Xinyan.

But this didn't seem to fit Shu's personality!

Chapter 2392 Wang Xinyan's Decision

She didn't really care about Tang Yun or Feng Xiaoxiao before, and although she acted like she was the third party, she still became good friends with Tang Yun and Xiaoxiao!

Even this time, making Wang Xinyan Lin Yi's first wife was Yushu's own idea. Was she really unhappy because of this? Even Chu Mengyao herself couldn't believe it!

Chu Mengyao was a little unhappy, but Shu wasn't. She'd always thought that as long as she could be with Lin Yi, it didn't matter if they were official girlfriends or not. She'd be happy as a small wife even if they were the main wife ...

And so, Chu Mengyao was very confused. Why did Shu's personality change today? Could it be that she didn't want to be a small wife anymore, so her personality exploded?

"Ah? How ... How did you know?" Yushu blurted out subconsciously, but quickly realized that she'd let it slip. "No, no, I ... I just overused my brain, so I'm feeling dizzy ..."

"Shu!" Mengyao looked at Yushu seriously.

"Ah ... Alright, it's because shield bro's recovered." "I'm actually worried about Wang Xinyan ..." Yushu said helplessly.

"Shu, you don't want Wang Xinyan to be Lin Yi's girlfriend?" Mengyao asked curiously after hearing Yushu admit it.

"No!" "I don't!" Yushu shook her head.

"Oh?" Yushu's innocent expression made Mengyao even more confused-she seemed to be thinking too much. Yushu wasn't unhappy because of Xinyan's promotion, but something else?

Hence, Chu Mengyao asked, "Then what are you worried about?"

"I'm just worried that she'll reject shield bro's confession. Shu wants her to be shield bro's main wife, so she can keep Yaoyao sis company in the future. " "Xinyan sis" personality's pretty good-she'll be getting along well with Yaoyao sis after moving in" Yushu said.

"Move into the villa?" "You're asking her to move into the villa?" Mengyao blinked. What do you mean by getting along well? What are you talking about?"

"It's nothing. Shu meant that ... If Shu dies, we can find someone to keep Yaoyao sis company ..." Yushu said after some hesitation.

"Dead? How could he have died? Why are you bringing this up?" Mengyao glared at Yushu, confused. "What's wrong with you today?"

"No, I'm just lamenting. People go through life and death, and there are accidents and disasters. If I die one time, I won't be able to be with Yaoyao sis ..." Yushu said. "That's why I'll let Xinyan sis accompany Yaoyao sis from now on. "

"What nonsense is this!" Mengyao couldn't understand what Yushu was saying anymore. She touched her forehead and asked, "You don't have a fever?"

"No, Shu said it herself, just in case!" Yushu's usual cheeky smile returned. "Shu's just saying "what if," so if you want to find someone, you need to find someone who's on good terms with Yaoyao sis. What if Shu's dead and no one's helping Yaoyao sis? Xinyan sis is a nice person, she's kind, she can't bully Yaoyao sis, and she'll definitely give her main wife to Yaoyao sis!"

"..." Chu Mengyao heard Chen Yushu's words and her face blushed, not knowing what to do, "Shu, what are you talking about? What are you trying to say?"

"It's nothing. I think we should come up with a pretty girl plan for shield bro, so he can get Xinyan sis. What do you think?" Chen Yushu replied.

"A beauty plan?" Mengyao blinked. She looked at Shu for a long time to make sure she wasn't spouting nonsense. "You're saying that we should help Lin Yi?"

"Yeah, only when Lin Yi and Xinyan sis are together can he forget ..." Chen Yushu blinked her eyes, ""Otherwise, Shu'll be worried"

Yushu didn't finish what she was worried about-was it Mengyao or Lin Yi?

"Then ... What do you want to do?" Mengyao asked after some hesitation. She was quite supportive of Yushu's suggestion-she wouldn't have invited Xinyan to their house if she didn't like her. The kidnapping incident had put the plan on hold, but it didn't stop Mengyao from leaning towards Xinyan becoming Lin Yi's first wife.

"Let's go upstairs and do some research. We need to come up with a detailed plan!" Yushu said as she pulled Mengyao upstairs ...

Xinyan hailed a taxi as soon as she left the villa, returning to the school with Chentian watching her from a distance before leaving with Grandpa Pi and the others.

Xinyan's heart was in a mess-she didn't think that Lin Yi would confess to her at a time like this. She wasn't ready yet, or to be more precise, she wasn't done with her own things ...

Would he be unhappy that she had rejected him? Xinyan suddenly wondered if she'd hurt Lin Yi if she just ran away. Should I ... Give him a call to explain myself?

Tell him ... Her difficulties? She had a fiancé, and she had not broken off the engagement? Lin Yi should have known about this, but he still confessed to her ... Was he trying to embarrass her? Xinyan was a good girl, and she'd been very obedient since she was young, so she'd agreed to the marriage reluctantly with her family's intervention.

After all, she didn't have anyone she liked. Zhaolong looked like a decent person on the surface-he was a doctor of Medicine, and house Kang was a medical family! However, when she saw how Zhaolong tried to please Chentian during dinner in Yanjing, Xinyan felt that Zhaolong wasn't as nice as the rumors made him out to be. He was a bit fake and sinister, and she didn't have a good impression of him.

However, due to family reasons, he didn't say much.

But things were different now. Xinyan had someone she liked, and she didn't want to be bound by fate anymore. She didn't want to marry Zhaolong! For the first time in her life, Wang Xinyan had a rebellious mentality-she wanted to overthrow her family's decision. She couldn't wait to go back to the dormitory and call her parents to cancel the engagement with house Kang!

Chapter 2393 Wang Xinyan's Decision (2)

Yes, she liked Lin Yi! She'd had feelings for him before, but she didn't dare to face them or admit it-she'd lied to herself that she'd gotten into some kind of relationship with Lin Yi that went beyond friendship, and reminded herself that they were just good friends ... Until Lin Yi's confession today, she'd completely come out of her lie ...

Yeah, were she and Lin Yi still good friends? What kind of good friends would hug each other all the time? How could good friends meet naked? What kind of good friend would have feelings for each other

when they were together? What kind of good friend would be short of breath and have a rapid heartbeat when they were alone?

No, definitely not! Xinyan took a deep breath-she felt like she should do something now ...

Wang Xinyan returned to the female dormitory, and many people looked at her strangely. After all, the scene of her walking out of the door with the sheets on was too shocking, and now that she came back in a new outfit, many people were curious-what had Wang Xinyan been doing?

Xinyan, however, didn't care about what others were thinking-she quickly went back to her room and closed the door.

"Xinyan, where did you go just now? Why are you in such a hurry?" Chai Xiaoling asked curiously, "If I didn't know Chen Yushu and Chu Mengyao, I would've thought you were kidnapped again!"

"It's nothing ..." Wang Xinyan shook her head. "They're just joking. "

"Are you joking?" Chai Xiaoling didn't believe her, of course, but Xinyan didn't want to talk about it, so she didn't ask. "Zhao Shengyi and Bai Weito asked meiyue and I out for dinner, are you coming?"

"I'm not going, you guys go ahead ... When you come back, just bring me a lunchbox from the cafeteria. "
" Wang Xinyan clearly wasn't in the mood to eat. Besides, Chai Xiaoling and he meiyue were a couple, why would she join in the fun?

"Alright, I'll be leaving then." Chai Xiaoling nodded and left the dormitory.

Xinyan, on the other hand, gritted her teeth and dialed her mother's number after some hesitation.

"Xinyan, are you feeling better?" Qinlin picked up quickly-she'd been worried that Xinyan might be in a bad mood after the kidnapping, so she'd never asked about her daughter's boyfriend at school. Now that Xinyan was calling, she naturally wanted to have a good talk with her.

Her brother had called earlier to tell her that house Kang's Kang Zhaolong was returning to Donghai Industry University to write his Ph.D. Thesis in medicine, and he wanted Xinyan to get along with him. Qinlin didn't think it was right to interfere with her daughter's freedom of love, but house Xiao was on the verge of collapse, and this was something they had agreed on before, so qinlin had no choice but to agree.

"Mom ... I ..." Xinyan had already decided to tell her mother that she didn't want to marry Zhaolong as soon as the call went through, but she couldn't bring herself to say it. Xinyan rarely went against her parents' wishes, and this time, she really didn't know what to say.

"What's wrong, Xinyan? Did you run into some trouble?" Qinlin's heart skipped a beat at Xinyan's tone.

"Mom ... I don't want to marry house Kang's Kang Zhaolong, I want to break off the engagement ..."
Wang Xinyan finally gathered her courage and said the words that she was screaming in her heart! She didn't want to be an obedient baby anymore. She wanted to be rebellious for once.

"Ah? What?" Qinlin was taken aback-she didn't expect her daughter to reveal everything to her first! She was planning to tell her daughter everything when she was in a good mood, to talk her out of it with

Zhaolong. She heard that Zhaolong was a good man, and he had a Ph.D., So it wouldn't be a bad idea for Xinyan to marry him. But she didn't expect Xinyan to break off the engagement.

"Mom, I ... I have a boyfriend in school!" She said. Xinyan bit her lips and said firmly, "I like him, I want to be with him. I don't want to marry Kang Zhaoming, I don't want to be manipulated by the family, I don't want to be a bargaining chip for house Xiao to marry the rich and powerful ..."

"This ... Xinyan ..." Xiao qinlin's heart softened. She didn't expect her daughter to be so determined! The last time in Yanjing, her daughter didn't like Zhaolong and didn't want the marriage, but she still agreed to let things be first. But this time, qinlin could feel her daughter's determination!

Before, her daughter had been unwilling, but she'd never resisted so strongly. This time, she didn't make a scene, but her tone was firm. She didn't know what to say, especially when she remembered her brother's phone call. She felt helpless ...

"Mom, it's not a spur of the moment thing-I'm sure of it, I like him ..." Xinyan continued.

"Yanyan, sigh!" "Mom called this time to talk to you about house Kang's engagement, but you've said it first, so I can't continue ..." Xiao qinlin sighed.

"Ah? Mom, what's wrong? What did house Kang say?" Xinyan asked, startled.

"Your uncle called just now, he told me about the marriage." Qinlin didn't try to hide anything and said, "Your uncle said that house Kang's Kang Zhaolong is going back to East Ocean industry University to write his Ph.D. Thesis, and he wants you guys to get along ..."

"What? He's here?" Xinyan blinked, not expecting Zhaolong to come ... She knew that he was a student at East Ocean industry University, but he didn't have to be in school all day because of his Ph.D., And he barely came to school. Xinyan didn't have much interaction with him, but he just had to come back at this time.

"Xinyan, mom understands what you mean. I'll explain it to your uncle, and I hope he'll call off the engagement ..." Xiao qinlin sighed."Ever since you were kidnapped, your father and I have become less concerned about our business. Nothing is more important than you! Your dad and I even thought of selling the company to pay the ransom, so we decided that we could give up on these worldly possessions. As long as you're happy, that's enough. House Xiao and house Kang won't be able to threaten us anymore ..."

"Thank you, Mom ..." Wang Xinyan's nose twitched-she didn't expect her mother to say something like that! Xinyan wasn't stupid-she'd already guessed the consequences of breaking off the engagement. Her father's company might be attacked by both house Kang and house Xiao! However, Xinyan's heart was filled with hope again when she thought of Lin Yi."Mom, Lin Yi ... He's my boyfriend, and he has a lot of connections and status in Donghai city. He even knows people from the Hidden House, the Hidden House Pi. They're Lin Yi's subordinates now, and rejecting house Kang might not affect your and dad's business ..."

Chapter 2394 Deduction And Plan

"What? The Hidden House Pi is Lin Yi's subordinate?" Qinlin wasn't unfamiliar with the name-Lingshan and Mengyao had both mentioned it before, but she'd never thought that the Hidden House Pi would be Lin Yi's underling!

Hidden house Pi, wasn't that house Xiao's backer? How did she become Lin Yi's underling? With that, Wang Xinyan's marriage should be settled, right? With that thought, qinlin let out a sigh of relief.

"Yes ... Back then, I was saved by the Hidden House Pi's elder Pi himself, but I didn't tell you or dad because I wanted to keep it a secret ..." Xinyan couldn't hide it anymore-she had to take out something for her own happiness.

"It's like this ... I see!" "Alright, I'll call your uncle now and tell him about this!" Qinlin said.

"Okay, Thank you, Mom ..." Wang Xinyan heard her mother's words and knew that things were going to work out, and she was happy.

However, qinlin's prediction seemed to be off. After she told Xiao Ben and Xiao Ji about it, they were shocked for a moment. Xiao Ben didn't give a clear answer, only saying that he needed to discuss it with his brother.

This surprised qinlin, but she didn't say anything. She just waited for her brothers "reply.

After hanging up, Xiao Ben's brows furrowed deeply, but Xiao Ji was a hot-headed guy,"Big brother, since Lin Yi's the boss of the Hidden House Pi, he's our backer's backer too-there's no harm in building a good relationship with him! Why don't you agree to break off the engagement?"

"Break off the engagement? He wants us to be Lin Yi's dogs? Xiao Ji, are you crazy? Did you forget that Lin Yi is the number one enemy of house Xiao? I think you're an idiot!" Before Xiao Ben could even open his mouth, Gou huli started screaming. She didn't want house Xiao to give in to Lin Yi. Didn't she lose enough face in front of Lin Yi?

One had to admit that this woman was very vengeful, especially someone like Gou huli. Once she started to hate someone, it would reach an outrageous level.

"Pa!" Xiao Ji heard her scream and gave her a big slap, "What are you shouting for, you wastrel? When did you have the right to make decisions for the Xiao family?"

"You ... You hit me? Xiao Ji, I'm doing this for the good of house Xiao, and you hit me?" Huli covered her swollen face and cried out.

"Motherf * cker, I'll beat you up if you shout again!" Xiao Ji raged.

"Big brother, please calm your anger!" Xiao Ben waved his hand, stopping Xiao Ji's violent actions, "Big sis-in-law's right, don't get too worked up. She's right, there's no benefit for us to compromise with Lin Yi ..."

"Oh?" "Ah?" Xiao Ji blinked, "if Xinyan marries Lin Yi, then we'll be able to rely on Lin Yi, right?" Even the Hidden House Pi is on Lin Yi's side-this means that Lin Yi has a lot of potential, it'll be good for our house Xiao's development ..."

"Big brother, you're thinking too simply." "You're right," Xiao Ben said, "but have you ever thought about how much we hate Lin Yi?" From the very beginning, we've been going against Lin Yi, and we've hit him while he's down a few times. It's already reached a point where we can't resolve it!"

"This ..." Xiao Ji hesitated. "Then if we marry Wang Xinyan to Lin Yi, wouldn't that mean we're relatives?"

"Relative?" "You see Lin Yi as your relative, but will he see you as one?" Xiao Ben sneered. What happened at the Hidden House Tang, we got some news from the Hidden House you. Did Lin Yi give Tang Yun's father any face? Did she give her grandfather face? This is my own father and grandfather, what are we? Uncle's relationship is one level lower than that!"

"This ..." Xiao Ji thought about it-his brother was right, but he still had hope in his heart. "Didn't Wu Chengtian and the Hidden House Pi have conflicts with Lin Yi before? Don't you have Lin Yi's trust now?"

"I'm not sure if the Hidden House Pi is on Lin Yi's side or not, but whether it's the Hidden House Pi or Chentian, do they have any direct conflict with Lin Yi? Did it cause serious consequences?" Xiao Ben waved his hand and said,"none!" Wu Chengtian and house Pi didn't have any big conflicts with Lin Yi-they just didn't get along, that's all. They didn't have the same stance as house Xiao! For example, hidden house Zhao's Zhao Qibing, common house Yu's Xie Yufeng-these people had enmity with Lin Yi, did you think there was any chance of resolving it? The common house Yu was destroyed by Lin Yi, and the Hidden House Zhao's Zhao Qibing almost lost his life a few times. Do you think Lin Yi would let us, Wang Xinyan's bad relatives, live?"

"That's ..." Xiao Ji didn't have much of a brain, and after Xiao Ben's analysis, he felt that it was possible! After all, Lin Yi and house Xiao were enemies! When Lin Yi was injured, house Xiao jumped out to hit him again and again. Would Lin Yi let them go so easily?

"Then ... Can't we just ask the Hidden House Pi for a favor ..." Xiao Ji said after some hesitation.

"Plead for mercy? Do you think the Hidden House Pi will still talk to us after joining Lin Yi? Not to mention the Hidden House Pi, even Chentian doesn't want to talk to us anymore after he joined Lin Yi-you still want to count on them?" Xiao Ben shook his head,"we're just the Hidden House Pi's money making tool. Now that they've joined Lin Yi, and Wu Chentian is his follower, why would they consider us?"

"That's true ..." Xiao Ji nodded, ""Even if we let Wang Xinyan go with Lin Yi, we won't be able to get on his good side. Lin Yi will still ignore us, and house Xiao's position will still be in danger ... But if we force Lin Yi to marry Kang Zhaolong, won't that be going against Lin Yi? Can't Lin Yi just kill us all in a fit of anger?"

"If we wanted to, we would've done it a long time ago. The only reason we didn't do it was probably because we're Wang Xinyan's uncle. We don't have to be afraid." "Lin Yi didn't do anything when the Hidden House broke off with Lin Yi and Tang Yun," Xiao Ben said.

Xiao Ben was right-Lin Yi didn't make a move on the Hidden House Pi, but it wasn't that he didn't want to-he wasn't their match!

Chapter 2395 House Kang's Surprise

Xiao Ben had overlooked this important point-how could house Xiao compare to the Hidden House Tang?

"Hmm ... But ... If we force Xinyan to marry Zhaolong, won't Lin Yi object? Even if he doesn't do anything, the Hidden House Pi will, right?" Xiao Ji asked, worried.

"This actually has nothing to do with us House Xiao-we could've just passed the ball to house Kang, and they wouldn't agree to break off the engagement, would they?" Xiao Ben smiled eerily."Of course, we'll add some embellishments to stir up house Kang's emotions. Now that they have the Hidden House you as their backing, they're getting too cocky. When the time comes, we'll join the Hidden House you as well. The Hidden House Pi won't be able to do that anymore ..."

"Alright, we'll listen to second brother then!" Xiao Ji nodded.

Xiao Ji wasn't wrong-house Kang's self-confidence had indeed reached a peak!

The reason was simple-Zhaoming, who said he was helping the Hidden House of the right, suddenly sent a message saying that he wasn't actually helping the Hidden House of the right, but that the ancient sect, sky elixir, had their eyes on him and he was going to help with something!

Although Zhaoming didn't make it clear what he was helping the sky elixir sect with in this short call, old master Kang could hear the sense of superiority in his words! It seemed like Kang Zhaoming was doing pretty well now, otherwise he wouldn't have called home!

Zhaoming was doing pretty well, indeed. After he was brought back to the sky elixir sect, the old sect master of the sky elixir sect personally did a body check on him, and found that his body was indeed suitable for making the bone cleansing pill. He asked the fifth elder to teach him about elixir making, and at the same time, he started the furnace himself to make the fire sun pill for Zhaoming to change his body!

The inferno intense yang pill was a third-grade elixir. It was extremely difficult to concoct. One might not be able to succeed even after several attempts. Moreover, it consumed a lot of physical strength. This was also the reason why the people of heaven and earth would not easily agree to concoct the ice heart Jade bone pill for Rock Candy!

If he had the time and energy, he wouldn't even be able to refine the third-grade pills that his family needed, let alone refine pills for others? This was naturally impossible!

Even the sky elixir sect's reward clearly stated that the participant could choose any Tier 3 pill they had, but they couldn't ask the sky elixir sect to make a Tier 3 pill for them. If there wasn't a Tier 3 pill that the participant needed, they would have to use some other natural treasure to replace it!

This was enough to show how difficult it was to refine a grade three medicinal pill!

Of course, most of the third-grade pills in the sky elixir sect's inventory were not refined by the people of heaven, earth, or any other place. Instead, they were refined by patriarch xuanchen's senior brother! Patriarch xuanchen's senior brother was an Alchemist and was more skilled than the people of heaven, earth, and man. However, no one dared to ask how skilled he was.

Of course, if it were not for the fact that patriarch xuanchen's senior brother was in seclusion, the people of heaven and earth would definitely ask him to help refine a grade-3 pill. However, there was no other way now. He could only do it himself.

With the matter settled, Zhaoming was allowed to call home. Miracle doctor Kang was overjoyed when he heard the news! He had never expected that his grandson, who he had always looked down on, would once again bring him such an unparalleled surprise!

Miracle doctor Kang gathered all the members of the House for a family meeting!

Miracle doctor Kang explained Zhaoming's current situation to Guifeng, cuipu, and Zhaolong, and the three of them were dumbfounded. It was unbelievable! They didn't think that Zhaoming would be chosen by the sky elixir sect to help them out!

This was a great honor! House Kang wasn't stupid. The Hidden House you was such a powerful Alchemist house, and no one was chosen to help the heavenly elixir sect. Instead, Kang Zhaoming was taken away to help. This meant that the help wouldn't be simple, and only Kang Zhaoming could help!

And so, everyone in house Kang understood one thing-house Kang's meteoric rise was imminent! With the help of the ancient sect, it wasn't impossible for house Kang to become a hidden house!

"Zhaoming didn't say it out loud this time, but the hint is pretty obvious. He's highly valued in the sky elixir sect, and he's learning alchemy from the fifth elder. He only said he'd do one thing for the sect, but he didn't say what it was exactly. His status as the fifth elder's disciple is enough to make him famous!" "Think about it, everyone-even the Hidden House you didn't get this treatment, but Zhaoming did it! We really need to plan our future!" Miracle doctor Kang said.

"Yeah, I can't believe this kid Zhaoming's been giving us so many surprises recently!" Guifeng's feelings were complicated as he said this-he was both happy and envious, but he was also relieved!

Zhaoming had gone to the sky elixir sect, and had become a disciple there-it was basically impossible for him to come back to house Kang anymore. A small house Kang, even if it became a hidden house, it was nothing to Zhaoming. His position in the sky elixir sect and the position of the Head of House Kang were two completely different concepts!

So this way, Zhaoming would never fight for the head position with Zhaolong again-this was a good thing!

Zhaolong understood this point as well, thinking that Zhaoming's luck was just too good. He'd been working so hard, but he still had to rely on him in the future. Even if he became the Head of House Kang, the whole house would still respect Zhaoming!

"Grandpa, this is a great opportunity for US House Kang. If we grasp it, we'll be able to form a good relationship with the sky elixir sect, and it's not impossible for us to become a hidden house!" Zhaolong was getting excited-he'd still have to rely on Zhaoming in the future, but becoming the head of a hidden house would be a completely different thing from his current position.

"Zhaolong's right. Our medicine company's been hit hard, but if we can get on the sky elixir sect's good side and sell some pills and treasures like the Hidden House you, we'll be rich. The money that the medicine companies made before was really small. " Miracle doctor Kang nodded."Guifeng, it's about time we wrap up our business. We're not making much money now, so let's sell it if we can. We'll need to plan our future development for the time being!"

Chapter 2396 The You Family's Recruitment

"Yes, father!" Guifeng nodded. Miracle doctor Kang's medical company was just struggling at death's door. After Lin Yi's attack, they didn't have any business at all. It was just that house Kang had always been passive, and they couldn't find any suitable new business.

Now that Kang Zhaoming was a refiner, even if the pills were wasted, he could bring them back to house Kang and sell them to normal practitioners, like the bodyguards of the rich businessmen. It would be a huge fortune for them. Plus, the Hidden House you didn't want to do this kind of low-end business yet, so house Kang could fill in the gap in the market.

"En, does anyone have any other suggestions? let's talk about it together." Miracle doctor Kang asked.

"Grandpa, what about my marriage with Xinyan ..." Zhaolong asked after some hesitation. He was a very materialistic person, and while he thought Xinyan was a good girl, he was willing to give up on her beauty if he had to compare it with his family's interests.

"That's right, father. Shouldn't Zhaolong break off the engagement and find someone better? For example, the young ladies of the other hidden houses?" Guifeng was a very snobbish person, so he asked.

"Break off the engagement? Stupid!" "Hmph!" Miracle doctor Kang hmphed and said, "house Xiao's Wang Xinyan, your marriage is as it should be! Not only can you not break off the engagement, you must also do your best to facilitate this marriage!"

"Oh? Why is that?" Guifeng blinked, not expecting his father to say that.

"Guifeng, house Kang suffered a huge loss last time because we went back on our word!" Miracle doctor Kang waved his hand, his face serious. "Last time, because we were too eager for quick success and went back on our word, we almost lost the chance to get close to house you. If it wasn't for house Xiao's help, we wouldn't have been able to connect with the Hidden House you! So, the reason why house Kang is where we are today is all because of house Xiao! It's a good thing house Xiao didn't make a fuss about it, otherwise, our house Kang would really be in decline!"

Guifeng and Zhaolong paused, but they nodded. They had to admit that miracle doctor Kang was right.

"And this time, Zhaoming's prosperity is also because of the Hidden House you! We can't break off the engagement with house Xiao because of this-not only can we not, we have to do our best to make it happen!" Miracle doctor Kang continued after seeing that Guifeng and Zhaolong were listening. "In your eyes, it's better for us to connect with the hidden houses through marriage, but do you really think that with our current situation, they'd even consider us? We're the ones who've managed to get close to the sky elixir sect, but how many hidden houses don't have the support of an ancient sect? Look at the hidden houses you and Pi, they're old-time hidden houses, they have ancient levels of influence behind them. If we marry them, would they even think about us? Besides, if house Kang were to break off the engagement, we'd be seen as treacherous people in their eyes. After this, can't there be a second time? Let me make a bold guess-if Kang Zhaoming becomes an elder of the sky elixir sect, wouldn't our house Kang's position be above the hidden houses? Would he then break the contract and form a marriage alliance with an ancient family or sect? By then, house Kang's reputation would be ruined!"

"In other words, our family will continue to cooperate with the Xiao family and maintain our friendship?" Guifeng asked carefully.

"That's right, not only do we have to maintain our friendship with house Xiao, but we also have to use this incident to extend an olive branch. We'll bring house Xiao along in our business and make a fortune together!" "I've learned something from the failures these days," miracle doctor Kang said. We were too selfish before, but we need to change that habit-we need people to see that we'll repay the people who helped us once we're strong!"

"Grandpa, I understand what you mean." Zhaolong nodded, deep in thought. "You're trying to tell us that as house Kang's status rises, we need to focus on the effect of word of mouth!"

"It's good that you understand, Zhaolong," Miracle doctor Kang nodded. "Your marriage isn't important anymore. As long as Zhaoming's here, house Kang can't fall. Instead of marriage, we should just follow Zhaoming. That's better than anything else!" Of course, Zhaolong, don't think too much about it- Zhaoming may be doing better than you, but when you become the head of the house, your status will be much higher than before!"

"Yes!" Zhaolong nodded quickly-he'd thought this through a long time ago. Even if he had to lower his head in front of Zhaoming, he had no choice. Zhaoming was a member of the sky elixir sect now, not just his little brother, and he'd gotten a lot of benefits from this!

As they were talking, Grandpa Kang's phone rang. He looked at the caller ID and was a little surprised, but he smiled and picked up the phone, ""Old master you, Hello!"

"Elder Kang, you can call me elder you from now on. Why are you calling me master?" Old man you laughed and said politely.

"Hehe, then I'll do as you say." Grandpa Kang was also a sly old fox. He immediately understood the intention of Grandpa you's phone call. He was trying to win over his family! In the past, when the Hidden House you called house Kang, it was always in a commanding tone, never this polite. But today, old master you changed his tone and spoke to him as an equal. Old master Kang knew that house you also received the news.

"Elder Kang, congratulations! Your grandson has been valued by the sky elixir sect and has become the proud disciple of the fifth elder. When he's rich and becomes the next elder of the sky elixir sect, don't forget to give our house you some advice!" Old master you clearly knew more than old master Kang. Zhaoming's side had clearly announced that he'd become the fifth elder's disciple, and heaven, earth, and human were making the pills themselves-it meant that Zhaoming was going to be rich in the future!

If he really did make the bone cleansing pill, then Zhaoming's position as the fifth elder's successor and the next elder of the sky elixir sect was set in stone! So, even old master you had to be moved and build a good relationship with house Kang in advance!

An elder of the sky elixir sect was a high and mighty existence in front of the hidden you family, and it could even directly determine the you family's position in front of the sky elixir sect. How could old man you not value it?

"Haha, you're too kind. Zhaoming's still young, he's just a small disciple. He's still too far away from being an elder ..." Grandpa Kang said, but his heart was still beating fast!

Chapter 2397 You Want To Break Off The Engagement?

Obviously, the Hidden House you's information channels were better than house Kang 's! But Grandpa Kang was very excited after hearing this-could Zhaoming really become the next elder?

It was just a fantasy and a guess before, but after hearing elder you's words, his thoughts were a little different. After all, if Kang Zhaoming didn't develop his career, elder you wouldn't be so humble as to call and pull connections.

"You're too humble! You can't say that-I heard that Zhaoming is the fifth elder's last disciple, his future is limitless!" Old master you said with a smile.

Miracle doctor Kang was even more surprised-he didn't think that Zhaoming would be this lucky to be the fifth elder's last disciple! He didn't tell him this himself! If it wasn't for elder you's call, miracle doctor Kang wouldn't have known that Kang Zhaoming was this powerful."Hehe, old you, keep a low profile. Zhaoming's still young, it's not easy to get praised too much!"

"I understand!" "Right, I heard that Zhaoming's brother is also majoring in biomedical science at East Ocean industry University?" old master you smiled.

"Yeah, Zhaolong's going back to write his PhD thesis!" "What's the matter?"miracle doctor Kang asked.

"My grandson, you Panhu, is also majoring in biomedical science at East Ocean industry University. He's also a disciple of boss Bai. They can get to know each other better in the future!" Old master you said.

"Good, it's easier for young people to communicate with each other!" Miracle doctor Kang sighed. If it was in the past, the Hidden House you wouldn't even bother with house Kang. The two weren't on the same level at all. But now, old master you clearly saw house Kang as an equal.

"Alright, I'll leave you to your work then, elder Kang. I'm just calling to get to know you better." Old master you said.

After hanging up, miracle doctor Kang's heart was pounding. He had underestimated Zhaoming's position. It seemed that Zhaoming was one of the important people in the sky elixir sect! House Kang was really going to be awesome!

Miracle doctor Kang looked at Guifeng, cuipu, and Zhaolong, who were all looking at him with wide eyes. "Zhaoming's fortune this time is beyond our expectations-house Kang is really something this time!"

Father, what did the hidden you family's old master you ... Say?" Guifeng quickly asked.

"Old man you said that Zhaoming's position in the sky elixir sect is very high right now. He's the fifth elder's last disciple, and he might be a future elder!" Miracle doctor Kang didn't hide anything-it was good for house Kang."Zhaoming might've been too humble, but house you're obviously more informed than us-they're already trying to get on our good side!"

"Argh! A future elder?" Guifeng and the others were all shocked-miracle doctor Kang had said something similar before, but it was just a guess and analysis. The effect of this from house you was completely different!

"That's right, and old man you said that his grandson, you Panhu, is also studying at East Ocean industry University's biomedical science Department. He wants you to go find him and get closer to him!" Miracle doctor Kang said.

"Okay, Grandpa!" Zhaolong took a deep breath and clenched his fists. He never thought that one day, he'd successfully raise his status to the level of a hidden Noble house's heir!

This identity was something that he could only look up to but could not attain in the past. However, it was so unexpected and simple to obtain! He was extremely excited.

"Remember, be domineering when you do things in the future, don't embarrass house Kang! And don't embarrass Zhaoming! Zhaoming is representing the sky elixir sect!" Miracle doctor Kang was very confident. "But we, house Kang, aren't afraid of trouble now, but we can't go and cause trouble ourselves. After all, our every move might be watched by others!"

"I understand, Grandpa. Don't worry, I won't cause any trouble." Zhaolong said, nodding.

"Guifeng, tell this to your in-laws, house Xiao. Make them happy too." Miracle doctor Kang's tone was light, but it was obvious that he was trying to show off.

"Okay, I'll make the call now ..." Guifeng's phone rang before he could even make the call.

Guifeng paused as he looked at the caller ID! Because it was house Xiao's Xiao Ben! This was really speaking of the devil, and the devil had arrived!

"Hello, I'm Kang Guifeng!" "Xiao Ben bro, why are you calling me all of a sudden?" Guifeng said.

"Hehe, Kang bro, I'm really sorry for calling you this time. To be honest, there's been some family conflict!" Xiao Ben said.

"Oh? Family conflict? Why are you calling me when there's a conflict between the Xiaos?" Guifeng blinked. "As the saying goes, 'it's hard for an honest official to resolve family matters.' I can't interfere, can I?"

"This ... Actually has something to do with house Kang, that's why I called for help!" Xiao Ben said with a bitter smile.

"Related to house Kang? Then what is it?" Guifeng was even more confused.

"It's Xinyan and Zhaolong's marriage ..." Xiao Ben said. "There's a problem with Wang Xinyan ..."

"A problem?" Guifeng frowned, anger rising. "I say, Xiao Ben, you're not trying to say that house Xiao wants to break off the engagement again, are you?"

Guifeng couldn't be blamed for being angry-his house Kang was so powerful now, and it was already good enough that they didn't call house Xiao to break off the engagement. How could he not be angry? This was embarrassing for house Kang!

"Brother Kang, please calm down, how could we break off the engagement?" "Brother Kang, you know that house Xiao has been following your lead for a while now!" Xiao Ben said.

"Then what's the matter?" Guifeng's mood improved a lot after hearing Xiao Ben's explanation, especially when he said he'd follow his lead.

"Ah, my sister just called, saying that Wang Xinyan doesn't want to get engaged anymore, she wants to break off the engagement, because she's in love with someone else in school ..." Xiao Ben said with a bitter face.

"Xiao Ben, what's the meaning of this? You're engaged, and you still like someone else?" "Are you playing with us?" Guifeng frowned again.

"Brother Kang, how could that be possible!" Xiao Ben quickly explained, "you know, we've been trying to make this marriage happen, but the problem is that your son Zhaolong isn't doing his best!" He's already engaged to Xinyan, and they should be in contact more often. Xinyan won't have the chance to like anyone else, but your son hasn't been around for a while, so isn't that giving others a chance to take advantage of him?"

Chapter 2398 Miracle Doctor Kang's Analysis

"Hmph, you can't clap with one hand!" Guifeng hmphed coldly. House Kang was busy with company matters, and Zhaolong was busy with his company too-he didn't have the time to date.

So Guifeng really couldn't argue with that! However, Xiao Ben's comment that Zhaolong wasn't giving him any help infuriated him.

"This way, I'm strongly against it!" "I rejected my sister's suggestion," Xiao Ben said. "This is something we've discussed, how can you change it just like that?" Kang bro, I'm just reminding Zhaolong out of the kindness of my heart-it'd be embarrassing for house Kang if his wife were to be taken by someone else! What kind of status does house Kang have? He's the spokesperson of the hidden you family!"

"That's right, this can not happen! House Kang couldn't afford to lose this face! If the daughter-in-law we've set our eyes on is taken away from us, how is house Kang going to survive in the future?" Guifeng said, enraged. "But, brother Xiao, you're wrong-house Kang isn't the spokesperson of the Hidden House you anymore."

"Ah? It's not?" Xiao Ben blinked, not quite understanding what Guifeng meant. Could it be that house Kang and the Hidden House you were in conflict?

"House Kang's Kang Zhaoming is currently the last disciple of the fifth elder of the sky elixir sect, and one of the future elders of the sky elixir sect!" "So, house Kang might be a hidden Noble House in the future," Guifeng said proudly. "Right now, we're pretty much on the same level as house you, working for the sky elixir sect ..."

"Gah!" Xiao Ben's eyes went wide at Guifeng's words! He didn't think that house Kang's Kang Zhaoming would be this strong, to be taken in as the fifth elder's last disciple? And a future elder of the sky elixir sect? Isn't this too magical?

But Xiao Ben came back to his senses-he didn't think that Guifeng was lying at all. After all, who would joke about something like this? At that thought, Xiao Ben was a little excited-he was smart enough not to compromise with Lin Yi, or house Xiao would be done for!

How powerful was the sky elixir sect? That was one of the most powerful sects in the ancient sects-they could destroy house Xiao in a matter of minutes! He'd made the right bet this time-he'd have a bright future if he followed house Kang!

"Congratulations, Kang bro, I'll have to call you the Hidden House Kang's young master from now on!" "Young master Kang," Xiao Ben said, "we'll follow you from now on. If you need us for anything, don't forget us!"

"Good, good!" Guifeng said, a little smug, "Right, tell me what happened with Wang Xinyan first."

"Wang Xinyan ... Right, the person she likes is the biggest enemy of house Kang!" Xiao Ben gritted his teeth. "This guy is Lin Yi! If it was someone else, they'd be able to take it, but Lin Yi couldn't, could he? Your Kangs' company went bankrupt because of Lin Yi, didn't you? You're the representatives of the ancient sect, future hidden houses-how could you let a little punk bully you? Did you? We didn't dare to mess with Lin Yi before, but now we have Zhaoming, Zhaolong's brother! Zhaoming couldn't just stand by and watch his sister-in-law get taken away from him. Absolutely not, absolutely not, do you understand?"

"Lin Yi ..." Guifeng spat out the word, ""House Kang and you are enemies, brother Xiao-don't worry, we'll take care of this! We need to fight for our reputation!"

"Yeah, this is a naked face-smacking!" "The most important thing is that Lin Yi's not in the right! We can't let this go!" Xiao Ben said.

"Okay, I know, but you should also keep your Wang Xinyan in check. She's engaged, so she needs to be more careful!" Guifeng said.

"I naturally understand this!" "Don't worry, brother Kang!" Xiao Ben nodded.

Guifeng hung up and told miracle doctor Kang, cuipu, and Zhaolong what Xiao Ben said. Zhaolong and cuipu, on the other hand, were very excited-they couldn't just let this go like this. It was a slap in the face.

"Father, we can't just let this go. Lin Yi used to bully us, and we didn't have any support, so we let it go, but now that we have a big support, we still let him bully us?" Zhaolong had already treated Xinyan as his property. He was already pissed when Lin Yi destroyed miracle doctor Kang's medicine company, and now Lin Yi had stolen his woman. No matter how cunning he was, he couldn't hold it in anymore.

However, miracle doctor Kang's expression was very calm as he waved his hand at the Furious Zhaolong, "Zhaolong, don't get angry yet. House Xiao might not have any good intentions!"

Miracle doctor Kang may be a snob, but he was also a cunning man. He could tell from the phone call that house Xiao didn't have good intentions.

"Oh? Father, why do you say that?" Guifeng asked, surprised.

"House Xiao just wants to maximize their benefits-it's no good for house Xiao if Xinyan goes with Lin Yi!" "House Xiao and Lin Yi have a death grudge, and it's unlikely that they'll be able to resolve it. So if Xinyan goes with Lin Yi, the relationship between house Xiao and house Kang will fall apart. It'll do more harm than good for them, but they don't dare to mess with Lin Yi, so they're just throwing the ball to us. They're also instigating you on the phone, telling us to go against Lin Yi ..." Miracle doctor Kang said.

"This ..." Guifeng finally realized the problem after listening to miracle doctor Kang's analysis. "Then, should we just sit back and watch the Tigers fight and not care about this?"

"Of course not-Wang Xinyan is already the future daughter-in-law of house Kang. If Lin Yi takes her away now, it'd be embarrassing for house Kang and Zhaoming, and the Hidden House you would laugh at us!" Miracle doctor Kang waved his hand, "right now, house Kang's face is very important!" If something bad happens and the sky elixir sect finds out, it'll be a hindrance to our path to becoming an upper-level hidden house!"

"So, father, you're saying that we should go against Lin Yi? "But our strength doesn't allow us to do that ..." Guifeng asked carefully.

"It's naturally impossible for us to go against each other. Let's not talk about whether we have the strength to do so. Even if we do, we still have to keep a low profile for the time being!" Miracle doctor Kang said, waving his hand.

Chapter 2399 House Xiao's Threat

Guifeng, cuipu, and Zhaolong's faces changed after hearing the analysis.

But miracle doctor Kang didn't give them a chance to speak. He continued, "Before Zhaoming has a firm foothold, we can't get into a big conflict with the enemy! We'll just get Zhaolong to take Xinyan back from Lin Yi's hands-Lin Yi's a Playboy with so many girlfriends, and he might not even be true to Xinyan. Zhaolong has an advantage, and didn't you get along well with Xinyan in Yanjing?"

"Well ... It was fine back then, but we didn't see each other for a while ..." Zhaolong didn't expect Lin Yi and Xinyan to be together now. He was very upset. Was Xinyan sick? Lin Yi had Tang Yun, Feng Xiaoxiao, and Guan Xin, who he wasn't even close to. What was Xinyan doing there?

"How about this, Wang Xinyan is also in the medicine Department of Eastern Sea city Engineering University's Big Boss Bai's class, right? coiling Tiger is there too, so you can go there and listen in. While you're building a good relationship with coiling Tiger, you can also get in touch with Wang Xinyan, and get her back!" "Boss Bai's class has an important rule, and that's that students can't fight each other to the death. However, using underhanded methods is allowed-Lin Yi can't do anything to you!" Miracle doctor Kang said.

"Alright!" Zhaolong used to be boss Bai's student, too, and naturally knew the rules. He also knew that boss Bai's status was very high, and Lin Yi wouldn't do anything to him. He wouldn't have to worry about making Lin Yi his enemy when he went there, because Lin Yi wouldn't resort to violence!

In Zhaolong's eyes, Lin Yi was just a martial artist without much intelligence, a violent maniac!

As for the damage miracle doctor Kang's medical company received, Lin Yi had a hand in it. As far as Zhaolong was concerned, Lin Yi was fatty Lai's boss, but he was still the one who did the work. The prescription was also made by Xuemin. What did Lin Yi know about business?

Taking a step back, even if Lin Yi and Xuemin came up with the recipe together, Lin Yi only had a bit of medical knowledge. When it came to schemes and plots, Zhaolong didn't think he'd lose to anyone.

After house Kang made the decision, Guifeng called Xiao Ben and told him about the decision. Xiao Ben also told his brother about house Kang's latest movements.

"Second brother, you're the best. You have foresight!" When Xiao Ji heard that house Kang's Kang Zhaoming had been accepted as a disciple by the fifth elder of the sky elixir sect, and that he had the potential to become an elder of the sky elixir sect in the future, he couldn't help but sigh. If it wasn't for Xiao Ben's insistence, house Xiao would've been done for!

"Hehe, big brother, this is a great opportunity. If house Kang becomes stronger, then our house Xiao will also rise with them!" Xiao Ben smiled, "it was good enough that we wanted to keep our position as noble houses, but now, hidden houses are waving their hands at us!"

"Haha, of course! But Wang Xinyan ... Please don't let anything happen to her!" "If something really did happen between her and that Lin Yi brat, then we'd miss out on a chance to get rich!" Xiao Ji said, worried.

"Yeah, I've already told house Kang to make a move, but we need to give Wang Xinyan a heads-up as well-don't let her do anything that'll damage our image!" Xiao Ben nodded. "If nothing happened between her and Lin Yi, house Kang wouldn't give up, but if she's a used shoe, then Zhaolong probably wouldn't even bother. In comparison, marrying a used shoe is even more embarrassing!"

"That's right, how should we explain this to qinlin?" "Don't tell me we're doing the opposite if we warn her?" Xiao Ji was worried.

"I won 't, I'll say it!" Xiao Ben already had an idea.

"Alright, I'll leave it to you, second brother. You're our family's think tank!" Xiao Ji let out a breath of relief after hearing that Xiao Ben had an idea.

Xiao Ben called qinlin's number again, and qinlin was also anxiously waiting for house Xiao's reply.

"Qinlin, I'm your second brother, Xiao Ben." Xiao Ben said after the call went through.

"Second brother, how is it? can you break off the engagement?" Qinlin asked.

"Qinlin, it's not that I want to criticize you, but marriage is a serious matter, how can it be taken lightly? We're already engaged to house Kang, breaking the engagement now would be a serious matter!" Xiao Ben said.

"Second brother, I know it's a bit troublesome, but Xinyan has already spoken, and her father and I have discussed it. Ever since Xinyan was kidnapped, we realized that Xinyan is the most important, and everything else is just worldly possessions!" "We don't need our company anymore," qinlin said, "we can give it to you or house Kang. Even if we lose everything, it's fine as long as Xinyan is happy!"

Xiao Ben paused-he didn't expect qinlin to be so decisive this time. She didn't even want the company anymore? He'd wanted to use the company to threaten qinlin, but that seemed impossible now. Xiao Ben wasn't called the think tank for nothing, though, and he had another idea. "Qinlin, it's not about the company anymore. It's about if house Kang will let us go, and you and Xinyan!"

"They ... What can they do if they don't let us go?" "They don't even want the company anymore, what else can they do?" qinlin said firmly.

"It's not like you can solve this matter just because you say no!" Xiao Ben paused, "Qinlin, if Xinyan gets together with Lin Yi, she and Lin Yi will both die. Do you believe that?"

"Ah!" Xiao qinlin was stunned, "dead?" How did he die? No matter how overbearing house Kang's people are, they can't just kill people like that, right?"

"Heh ... That was in the past!" "There's something you don't know yet. "Xiao Ben shook his head. House Kang's Kang Zhaoming, who was also Kang Zhaolong's brother, was chosen by the fifth elder of one of the biggest ancient sects, the sky elixir sect. He was now taking him in as his last disciple, making him the future elder of the sky elixir sect! House Kang had the sky elixir sect backing them up now. Tell me, if Kang Zhaoming found out that his sister-in-law was seduced by someone else, would he just let it go?

When they bring a few sky elixir sect elites with them, it'll be a disaster for us! Don't think that just because Lin Yi has some skills and the Hidden House Pi behind him, he's strong-they're nothing in the eyes of the ancient people!"

"Ah!" Qinlin was also from a Noble House, so she naturally knew which was stronger-the Hidden House or the ancient sect!

Chapter 2400 I Know

But the legendary ancient sect had accepted Kang Zhaoming as a disciple, and he might even become an elder of sky elixir sect? Qinlin couldn't quite process this-it was too surreal ...

If house Kang could take out Lin Yi and house Xiao, it would be unrealistic, but an ancient sect taking them out should be a piece of cake-they could destroy them with a snap of their fingers!

Even the hidden houses were strong enough in her eyes, let alone the ancient sects. If it wasn't for the head of the Hidden House Pi, Xinyan would probably be in trouble! And so, qinlin was dumbfounded ...

"Qinlin, I'm doing this for the good of house Xiao, and I don't want anything to happen to Xinyan. As for that little bastard Lin Yi, I'd be happy if he's dead!" "But, if Kang Zhaoming from the sky elixir sect were to make a move and kill Lin Yi, Xinyan might not be able to do well either. Think about it, in his eyes, marrying Lin Yi's woman back to house Kang would be a slap in the face, right? Killing him was the best way and the least embarrassing way to solve this! In the end, we might both die ..."

"It's so serious!" Qinlin was quite scared, because what Xiao Ben said was too scary.

"Yes, it's very serious!" Xiao Ben said,"it's actually pretty easy to prove. You don't have to doubt it. Zhaolong will be going to Xinyan's class in a few days, and according to the Hidden House you's request,

house you's heir, you Panhu, has to be on good terms with Zhaolong. Xinyan will be able to see him in a few days!"

"Ah ... This ..." Qinlin was indeed hoping that Xiao Ben was lying to her! But hearing Xiao Ben say this, Xiao qinlin knew that it was basically true. In a few days, they would see the attitude of the hidden you's children!

"Qinlin, I'm telling you, talk to Xinyan and tell her the pros and cons. I think she's a child who understands right and wrong. She wouldn't do something so stupid as to send everyone to their deaths!" Xiao Ben said.

"I know ..." Qinlin said weakly, ""I'll talk to Xinyan and try my best to convince her ..."

Qinlin wanted to support her daughter's decision, but what was the point of her support if she was going to die? Xiao qinlin sighed and dialed her daughter's number.

"Mom!" Xinyan had been holding onto her phone the whole time, waiting for qinlin's call. She picked it up immediately. "So, did uncle and the rest agree to break off the engagement?"

"Xinyan ... Sigh!" Qinlin heard her daughter's hopeful voice and sighed. "Things ... Are a little complicated!"

"Mom, what's wrong? Do you not agree to me breaking off the engagement?" Wang Xinyan heard her mother's unhappy tone and guessed what was going on. Her heart tightened.

"En, Xinyan ... I'm sorry, Mom tried her best ... But, this matter, I really can't ..." Qinlin said helplessly.

"Mom, do we really have to listen to uncle? Can't you make your own choice? At most, we'll just cut ties with them-Lin Yi and the Hidden House Pi will take care of the business, after all, so it won't be too bad ..."Xinyan made up her mind, determined and determined.

"Xinyan, listen to mom, I'll explain it to you slowly ..." Qinlin sighed, and told Xinyan everything Xiao Ben had said."Xinyan, now you know why mom said no, right? The Hidden House Pi was strong, but how could they compare to the ancient sect? If you insist on choosing Lin Yi, you'll not only be hurting yourself, but you'll also be hurting Lin Yi! Do you want him to die?"

"I ..." Wang Xinyan's mouth was wide open in shock! Zhaolong's little brother Zhaoming had become the last disciple of the ancient sect's fifth elder, the heir to the sect? Why was house Kang So lucky?

"Xinyan, you're mom's only daughter, I don't want anything to happen to you ..." Qinlin continued,""Sometimes, liking someone doesn't mean you have to be with him. As long as he's safe and happy, it's also a kind of happiness, isn't it?"

"Mom ... I know ..." Wang Xinyan sighed softly and laughed at herself. She didn't think that her decision would be ruined before she could even do it! Yes, if she forced herself to be with Lin Yi, not only would she hurt herself, she would also hurt Lin Yi!

"Xinyan, think about it and calm down!" Qinlin didn't feel good either."I can't figure it out. I'll call mom again ..."

"En ..." Wang Xinyan hung up the phone silently, and her tears fell. Was it to commemorate this love that was dying before it even bloomed? The freedom of love had become a luxury in her family ...

Xinyan didn't want to give up, but she didn't want to cause trouble for Lin Yi! After some hesitation, Xinyan called Chentian.

"Xinyan?" Chentian blinked, not expecting Xinyan to call him! He had saved Xinyan's number after the kidnapping, but she'd never called him.

"Wu Chentian, I have something to ask you-ancient sects, are they strong?" Wang Xinyan asked directly.

"An ancient sect?" Chentian blinked, not sure why Xinyan would ask something like that. He thought that she'd heard about it from somewhere, and so he answered,"Of course they are, an ancient sect is much stronger than a hidden house. Xinyan sis-in-law, why are you suddenly asking this?"

"Then ... How about Lin Yi?" Wang Xinyan asked.

"I ..." Chentian froze-he didn't think that Xinyan's train of thought would jump this far, comparing him to Lin Yi again. He didn't want to look down on Lin Yi in front of Xinyan, but he didn't want to brag, either."Boss will definitely be stronger than the ancient sects in the future! Look, the boss wasn't as strong as the common noble houses before, and he was suppressed under house Yu's pressure. But after that, he successfully destroyed house Yu and took in all the common noble houses, forming the practitioner Association! Right now, they're making their way to the hidden houses-you see, the Hidden House han and house Pi have become the boss "followers, and they've joined the practitioner's Association. So, it's only a matter of time before the boss conquers the ancient sects ..."

"I know, thank you." Xinyan sighed to herself as she hung up ...

How could she not understand what Chentian was trying to say? And that was that Lin Yi didn't have the strength to go against an ancient sect at all-he could only barely take on a few hidden houses!
