

## Bodyguard 2401

### Chapter 2401 Plan Failed

However, this achievement was still very eye-catching in normal times, and it wasn't something any ordinary person could do. For Wang Xinyan, it was far from enough! The pressure from the ancient sects was simply too great ...

"Al!" Xinyan finally understood her mother's fear-even Lin Yi couldn't fight back ...

After a moment's hesitation, Wang Xinyan finally made her decision! Four years in college wasn't too long, but it wasn't too short either. She couldn't marry Zhaolong in those four years, so she decided to give Lin Yi four years!

Four years, hopefully Lin Yi could stand at a height higher than an ancient sect! However, from now on, in order to prevent the sky elixir sect from attacking Lin Yi, she had to keep a distance from him, especially after Zhaolong's arrival!

She'd keep this secret to herself-she didn't want to trouble Lin Yi. If he didn't reach that level four years later, she'd go to Xiaoxiao or Tang Yun. Weren't they the inheritors of ancient sects? She'd rather not marry then-she didn't believe the sky elixir sect would go to war with the Ice Palace or the valley over this!

After all, running away from the wedding and being with Lin Yi were two different things. Running away from the wedding would only bring a slight loss of face to house Kang, but being with Lin Yi would bring a huge loss of face to house Kang ...

Wu Chengtian looked at the phone in his hand and shook his head, confused. He didn't know why Xinyan called him. Did she want to know more about Lin Yi?

But Chentian didn't think much of it-he continued hanging around with Grandpa Pi, Zhishan, Zhihai, and his Grandpa gonggao.

They'd been in Lin Yi's house for a long time, and didn't bring much luggage. Their clothes were washed and changed, and Lin Yi had asked someone to buy them, so they took the opportunity to buy some clothes and daily necessities.

After Lin Yi's failed study of the skill in his room, he was preparing to study the activation of "spring rain" when he suddenly heard Chen Xi's voice in the living room. Lin Yi quickly walked out of the living room and found that Chen Xi had just woken up. She stood up from the sofa and looked around in a daze, her eyes full of shock!

Just a moment ago, Chen Xi was still scavenging with Grandpa Zhu near the beach of Donghai and Songshan. She didn't know why, but she fell asleep as if she was very tired. When she woke up again, she found herself lying on the sofa of a luxurious villa!

Chen Xi was shocked. She remembered that there were often cases of kidnapping girls on the internet and newspapers. She quickly checked her clothes and found that they were intact. Chen Xi was a little confused. Who brought her here?

Suddenly, she heard the door open. Chen Xi turned around subconsciously, but she saw a person that she had been thinking about all day! Thinking about it day and night? Chen Xi's face reddened-this was what she was thinking about, and only Ziyu knew.

"Xi, you're awake?" Lin Yi knew that Chen Xi had only taken sleeping pills, so he wasn't too worried.

"En, Lin Yi bro, what am I doing here?" Chen Xi saw Lin Yi and was first surprised, but then confused, "Wasn't I picking up trash at the beach before?"

"You were taken away by bad people. I happened to see it, so I brought you back." Lin Yi didn't explain in detail, because he didn't have any plans to get rid of boss Zhu yet. Keeping him by Chen Xi's side was a form of protection for her. Lin Yi could see that the reason why the Zhao practitioners didn't leave after losing to Chen Xi was that they wanted to take Chen Xi away after Lin Yi fought Piao laoliu and Piao huotai to the death.

That was why they didn't want anything to happen to Chen Zhao! But what they didn't expect was that Lin Yi's strength was beyond their expectations! As far as they were concerned, Piao laoliu was an Earth Class late phase peak who was both a physical and spiritual practitioner, while Piao huotai was unknown ability master. If the two of them worked together, even if they couldn't win completely, they could at least take Lin Yi down with them! So the people who stayed there were waiting for Lin Yi to deal with Piao laoliu and Piao huotai, and after both of them were injured, they could sneak Chen Xi away.

What they didn't expect was that Lin Yi would kill the people from the Hidden House Zhao in one move! They wouldn't even have the chance to see Lin Yi take out old sixth PU.

Lin Yi was healing, but he heard everything the casino owner said. The Hidden House Zhao had spoken to him, which meant that they had been planning this for a long time, and Chen Xi was just a chess piece!

But what was the relationship between Chen Xi and the Hidden House Zhao? And why did elder Zhu stay by Chen Xi's side?

"Argh! Then what about Grandpa Zhu?" Chen Zhao was shocked. She had come to pick up trash with Grandpa Zhu, and she had met a bad person. How was Grandpa Zhu now? Did he meet a bad person too?

"Grandpa Zhu ..." Lin Yi laughed coldly in his heart. He was fine! He's probably the one who sold you out, and you're still worried about him? But Lin Yi naturally wouldn't say this to Chen Xi. He said to her, "Who knows, but he should be fine. He's an old man, he's not worth much ... Pack up, I'll send you back to Songshan."

"Ah ... Oh ..." Chen Xi was still worried about Grandpa Zhu, but since Lin Yi said so, she couldn't ask anymore. She nodded, "I don't need to pack, I can leave now ..."

"Good, let's go now." Lin Yi nodded. He didn't see Chu Mengyao and Chen Yushu, so he didn't know what they were doing. He texted them and told them that he was sending Chen Xi back to Songshan. He left the villa with Chen Xi.

Boss Zhu didn't see what happened in the casino, but he did see Lin Yi carrying Chen Xi, walking out with Grandpa Pi, Pi Zhishan, Pi Zhihai, Wu Chengtian, Wu Gonggao, Chu Mengyao, Chen Yushu, and the rest of them!

Lin Yi had some blood on him, and he seemed to be injured, but from the way he was carrying a person, it shouldn't be a big deal. Why would Grandpa Pi appear next to Lin Yi, on the other hand, was something worth thinking about. Plus, wasn't Zhihai injured by the purple lightning Beast and dying? Why is he here, alive and kicking?

However, putting these questions aside, elder Zhu immediately realized that the plan had failed! That Piao huotai and Piao laoliu didn't make Lin Yi stay, so Lin Yi should have made them stay!

Chapter 2402 Instead Of Laying Out The Cards

And so, he quickly called guangyin, ""Young master, Lin Yi got Chen Xi out. He looks injured, but he should be fine. He can still hold Chen Xi ..."

"What?" Guangyin was shocked. "Old Piao Liu is a physical-spiritual practitioner of Earth Class late phase peak. Piao huotai is an ability user, and they couldn't even stop Lin Yi?"

"It looks like there's no one left ... Young master, what about Chen Xi?" Elder Zhu asked.

"You go with Lin Yi and get Chen Xi back. It's fine since your identity isn't exposed." Guangyin was furious, but he had no choice. "When you come back, we'll think about it. Tell me and father the details!"

"Yes!" Elder Zhu replied.

And so, the moment Lin Yi stepped out of the villa, he saw boss Zhu at the entrance! Elder Zhu, on the other hand, pretended to have just arrived. "Panting," he said, sweating. "Lin Yi ... Is Xi at your place ... I've asked around and finally found out where you live ... It's been hard to find ..."

One had to say, elder Zhu's acting was quite good. Of course, in front of Chen Xi, this guy had been acting the whole time!

"Grandpa Zhu, you're fine! That's great!" Chen Xi was happy to see boss Zhu.

"Xi, I'm fine, but you were knocked out and taken away by a few people. Sigh, I'm useless, I can't protect you ..." Old Zhu said helplessly.

"I'm fine, Lin Yi bro saved me. " Chen Xi didn't doubt his words at all.

"Xi, you go back to the villa first, I'll talk to your Grandpa Zhu for a bit." Lin Yi wasn't going to let him go so easily now that he'd seen him.

"Ah?" Chen Xi paused, but she still nodded out of trust. More importantly, she listened to Lin Yi's words, "Then ... I'll go back to the villa first ..."

Chen Xi didn't know why Lin Yi was looking for Grandpa Zhu, but she didn't ask and turned around.

"Mr. Lin Yi, thank you so much ..." Boss Zhu said, putting on an act.

"Alright, old man Zhu, stop pretending. Let's talk in the car." Lin Yi said, pointing at his car.

"Ah? What do you mean, Mr. Lin Yi?" Elder Zhu's heart skipped a beat, but he still pretended not to know.

"You know what I mean. I killed those people from the Hidden House Zhao. Don't you want to know how they died?" Lin Yi said faintly.

"What hidden house Zhao ... I don't understand." Elder Zhu's heart skipped a beat, but he still asked with a blank face.

"Hehe, if you don't want to die then get in the car, Earth Class early phase." Lin Yi didn't say anything else to boss Zhu, directly pointing out his strength level!

Elder Zhu's face changed-he didn't think that Lin Yi would be able to tell what level he was at. It seemed like Lin Yi really did know something, or he wouldn't have said that. Plus, the fact that he was a practitioner was suspicious enough ...

"Alright," he said. Elder Zhu's face changed. He nodded and got in the car with Lin Yi.

"What's your relationship with Zhao Qibing's uncle Zhu? You're his brother?" Lin Yi had already guessed that boss Zhu was connected to the Hidden House Zhao, and his surname was Zhu. Naturally, he would link it to uncle Zhu.

"That's right, he's my younger brother!" Elder Zhu gritted his teeth and answered. He knew that there was no point in hiding it from Lin Yi-Lin Yi already knew his identity.

"Why did you run to Chen Xi's side? What was going on today? What does the Hidden House Zhao want to do?" Lin Yi asked.

"This ... I'm sorry. We serve our own Masters. There are some things I can't say." "You can expose me to Chen Xi, but I can't tell her anything about house Zhao," elder Zhu refused.

"Expose you?" "Do you think you'll be fine if you don't tell me?" Lin Yi said, amused.

"Then ... What do you want to do?" Elder Zhu's expression froze.

"Elder bi, even I dare to cripple you, Who Do You Think You Are in my eyes?" Lin Yi looked at him with disdain."I asked you to get in the car to ask you something. Don't think that I'm begging you. If I want to kill you, it's only a matter of minutes. Do you believe that after you die, no one from the Hidden House Zhao will dare to stand up for you?"

"I ..." Elder Zhu broke out in a cold sweat-Lin Yi was right, elder bi was almost in a vegetative state, and the Hidden House Zhao didn't even dare to make a sound-they wouldn't be using Lin Yi to kill him if they were to come after him.

"It's not wrong to serve different Masters, but your master is a little too cowardly. " Lin Yi looked at boss Zhu."Maybe you'd be better off following qikun? Your brother, uncle Zhu, might not always be disabled ..."

"You ... What do you mean?!" Elder Zhu's eyebrows twitched, his eyes wide open as he looked at Lin Yi. He wasn't sure what Lin Yi was planning.

"It's nothing, I'm just casually saying. " "Wu Chengtian was crippled, but he's now an Earth Class early phase. Zhihai, that Yaowang Zhao from your house said he couldn't make it anymore, but he's fine now, isn't he?" Lin Yi said faintly.

If the old Zhu was able to find his way here, Lin Yi believed that he must have seen the Hidden House Pi's people coming out of the casino.

He'd be an idiot if he still didn't understand what Lin Yi was trying to do! Lin Yi's hint was obvious-following Qibing didn't give him a future, but following qikun gave him one! Moreover, not only would he have a bright future, but his brother's injuries would also have a chance to recover!

Uncle Zhu's injuries were serious, but from his perspective, Wu Chengtian and Pi Zhihai's injuries were worse. If they were fine, then uncle Zhu's injuries were nothing in Lin Yi's eyes. It wouldn't be hard to heal them!

"I ... Can I think about it? it's too important ..." Elder Zhu asked after a moment of silence.

After all, it was impossible for him to betray house Zhao-he'd been with house Zhao for so many years, and he wouldn't do something like destroying house Zhao with Lin Yi! But changing his master and working for qikun was something he could accept.

After all, qikun was a member of house Zhao-it wasn't that he couldn't accept him as the head, but he just couldn't change his mind right now. He needed to think about it.

Chapter 2403 Secretly Reaching A Deal

"Of course you can." Lin Yi didn't expect boss Zhu to agree right away-that wasn't realistic! He'd be suspicious if the guy agreed right away-he didn't believe he had the aura of a King to make elder Zhu submit to him!

Wu Chengtian, the Hidden House han, and the Hidden House Pi all had special conditions for submitting, and boss Zhu submitted after just one conversation? It was not realistic.

"Phew ..." Elder Zhu heaved a sigh of relief, and said gratefully, ""Thank you ..."

"What's up with Chen Xi?" Lin Yi asked.

"Chen Xi is the young master's illegitimate daughter ... I'm the person the young master arranged to be by her side ... That's all I can say. I can't say anything else for now. I hope you can understand and don't force me." Said elder Zhu.

Lin Yi would get some information from mother Chen after the incident, so he didn't hide it from her.

"Oh?" Lin Yi blinked-Chen Xi was Zhao Guangyin's illegitimate daughter? This Zhao Guangyin was quite the troublemaker when he was young-it wasn't enough that he had Zhao Qibing, now he had an illegitimate daughter? But what surprised Lin Yi was that the Miss of house Zhao was going to pick up trash?

"House Zhao values boys over girls very much, and there's a clear distinction between the sons of the first wife and the bastard ..." Elder Zhu saw Lin Yi's confusion and explained.

"So that's how it is." Lin Yi nodded-this made sense now, and it was probably why qikun wasn't being taken seriously! Zhao Qibing was the son of the young master, Zhao Guangyin-no matter what, it would be his son who would be the heir, not Zhao qikun! He thought of qikun, "How's qikun doing?"

"Zhao qikun, at the Hidden House Summit, he wanted to call Mister Lin to tell him that Zhao Qibing's car was modified, but he was caught red-handed and is now under house arrest," Elder Zhu didn't hide anything-these things weren't too important, and qikun would tell Lin Yi about it when the sky elixir sect's test started.

"They're keeping qikun under house arrest ..." Lin Yi was shocked. He didn't think that qikun was being locked up because of him! It seemed like qikun really did acknowledge him as his boss, otherwise he wouldn't be acting like this-this surprised Lin Yi!

But now that he knew the truth, he couldn't just leave qikun like that-he was locked up because of him, and he probably "got" involved in the sky elixir sect test as well. It seemed like house Zhao wanted to use this to get rid of him.

"Mister Lin, I can't do anything about this. I can't interfere with the Zhao family's business." Elder Zhu explained with a bitter smile, thinking that Lin Yi wanted his help.

"No need, just pass him a message, tell him to go and participate in the trial in peace, I'll take care of everything!" Lin Yi said.

"This is easy." Boss Zhu nodded. He could do this.

"Don't talk about the Hidden House Pi anymore when we get back-they're all dead anyway, dead people can't say anything. " "It's up to you to make up whatever story you want,"Lin Yi said faintly.

"Alright," he said. Boss Zhu sighed. He didn't say anything yet, but he was already on Lin Yi's boat! But what could he do if he didn't agree? If Lin Yi wanted to kill him and uncle Zhu, he could do it with a wave of his hand. No one could save him, so he had no choice but to do it.

"Chen Xi, I'll leave her to you. I don't want anything to happen to her." Lin Yi said with an undeniable tone."If something happens again, you'll be in trouble too."

"I understand!" Elder Zhu said.

"Alright, since you're here, you can take Chen Xi back." Lin Yi wasn't worried anymore after giving the orders,"You know what to do, right?"

"I know," Elder Zhu nodded helplessly.

After getting off the car with boss Zhu, Lin Yi returned to the villa to see Chen Xi sitting on the sofa alone. She wasn't watching TV or magazines, just sitting there like an idiot.

It wasn't that Chen Xi didn't want to, but suddenly staying in such a big and luxurious villa made her a little uncomfortable and restrained. She didn't dare to touch the things in the villa.

"Chen Xi, since your Grandpa Zhu is here to pick you up, you should go back with him. I won't be seeing you out." Lin Yi said.

"Ah ... Okay ..." Chen Xi was a little disappointed. She actually hoped that Lin Yi would send her back so that she could spend more time with him, but she didn't dare to say it out loud. She could only nod.

"Study hard when you get back, and stop picking up trash. If you don't have money, go ask Ying Ziyu for it." Lin Yi didn't want Chen Xi to be distracted by these things.

"En ..." Ziyu replied, but she wouldn't do that.

Lin Yi didn't have a choice-Chen Xi and Ziyu were good friends, but she wouldn't use Ziyu's money.

After sending off Chen Xi and boss Zhu, Lin Yi saw that it was still early and was about to ask Chu Mengyao and Chen Yushu what was the matter, but he didn't expect to receive a call from song Lingshan!

"Silly girl, you called at the right time." Lin Yi had just finished his work when song Lingshan called.

"Why are you calling me silly girl again?" Lingshan felt a sense of familiarity when she heard the name-it'd been a while since Lin Yi called her that, and she had a good impression of it.

"Ah ... I suddenly remembered, so I called out." Lin Yi recalled the time when he first met Lingshan, and he felt emotional. In the blink of an eye, they'd all come to Donghai city from Songshan.

"You missed me?" Lingshan's voice was getting a little sweet.

"A little." Lin Yi didn't deny it-it'd been a long time since he'd seen Lingshan, and he felt a sense of closeness with her today. It was just that Lingshan was busy, so he didn't talk to her much.

"Ha, I don't care if it's true or not, I'm quite happy." Lingshan asked, surprised.

"It's just a simple thought between friends," Lin Yi added.

"Can't you just not add that last sentence?" Lingshan said, a little dejected.

"There are several kinds of friends." Lin Yi sweated-he didn't think that Lingshan would react this way.

"Well, in that case, can you help me study the kidnapping case?" Lingshan's mood improved.

"Kidnapping case ..." Lin Yi had just returned home, and he didn't know much about it.

Chapter 2404 Lin Yi's Warning

"I just came to Donghai city when I received this case. Yesterday, I went back to Songshan police station and pulled out the files of the fake Lin Yi. According to Wu Chengtian, the kidnapper and the fake Lin Yi are very similar. They're both the type of people who don't have intelligence and aren't afraid of death. Or rather, they're people whose brains were destroyed and then hypnotized ..." Song Lingshan said.

"Oh?" Lin Yi blinked-he'd just gotten back, and hadn't had the time to ask about the details, but Lingshan's explanation did make him feel that the cases were quite similar, and Lin Yi subconsciously thought of one person!

He thought back to what he'd seen and heard at the Hidden House Summit-wasn't the kidnapper and the fake Lin Yi the same as the contestants an Mingyue brought with her? No wonder Lin Yi felt that he was familiar back then. The person Li Biaohan found was similar to him.

"It should be the firewolves." Lin Yi's first thought was the firewolves.

"Firewolves?" Lingshan frowned-she'd naturally heard of the Firewolf gang before. They were a force that was no weaker than an ancient sect, and while they were a gang-like organization, they had no real criminal record other than their bad reputation. The police couldn't do anything about them!

More importantly, the firewolves had enough cultivators to fight against an ancient sect. Normal people really couldn't do anything to them.

"I'm just guessing. " "But, it's very likely that it's an Jianwen's doing. Of course, the person you'll catch in the end might be a small fry from the firewolves. You don't have to have too much hope," Lin Yi said.

"It's good that we have a direction to investigate. " Song Lingshan sighed. She understood what Lin Yi was talking about. If the firewolves really did this, they wouldn't have left any evidence behind, and that was obvious from the fake Lin Yi they caught.

"Come to my villa when you have time, I'll give you the Qi gathering pill, you'll be able to break through to Earth Class early phase after taking it, it'll be good for your work." "Donghai city isn't Songshan," Lin Yi said. "The practitioners here are obviously of a higher class than in Songshan."

"Alright, I'll go get it after I'm done here." "Thank you ..." Lingshan said.

"Heh, what are you thanking me for?" Lin Yi said with a smile.

Lingshan felt warm inside as she hung up the phone happily, but her head started to hurt again when she thought about the firewolves.

Donghai city, an Jianwen's Villa. This was the third time Xiaochun had called Lei Daming.

"Lei Daming, have you prepared the money yet? There's a limit to our patience. If we don't see the money in an hour, then I'm sorry!" Little purity said coldly through the voice changer.

"I ... I really don't have any money!" "It's not that I don't want to pay. I'm no longer the President of the Chamber of Commerce. Also, the hidden Zhao family didn't let me be in charge of the business in Eastern Sea city. They sent me to Jidun city to take care of the business ..." Lei Daming said with a sad face.

"If you don't, why don't you ask for money from the Hidden House Zhao?" Little purity naturally didn't care about his reasons." "One hour. If you don't have the money, kill the hostage!"

After that, little purity hung up the phone, ignoring Lei Daming's crying complaints. However, after hanging up the phone, little purity changed her previous rudeness and said respectfully, "Master Wen, what Lei Daming said should be true. He really doesn't have any money left. I've asked around and found out that the chairman of the eastern sea Chamber of Commerce has been replaced by an outsider called Chu pengzhan ..."

"What? Chu pengzhan?" Jianwen blinked.

"Yeah, maybe we should kidnap Chu pengzhan's daughter and extort some money from him?" Little pure suggested. Of course, he was new here and didn't know about the relationship between an Jianwen, Chu pengzhan and Chu Mengyao.

"Little purity, don't talk nonsense!" Scorpion knew about what happened to an Jianwen, and he glared at her, "Shut up!"

"Forget it, Scorpion, he doesn't know." Jianwen waved his hand, not blaming her. "I've been pursuing Chu pengzhan's daughter. If I kidnap her and she finds out, I'd be done for ..."

Although it seemed like an Jianwen didn't think he had much of a chance, he still had some hope.

"Ah ... I'm sorry, master Wen." Little pure jumped in shock and made a mental note to herself, thinking that she couldn't just offend Chu pengzhan. "However, what about Lei Daming's daughter?"

"If you don't pay in an hour, kill him." Jianwen said coldly, "this is a good chance to set an example. It's not easy for us to kidnap him. If he doesn't pay, we won't let him off easily!" The price is clearly stated, and there's no cheating between the old and young!"

"Alright!" Xiao Chunjie nodded.

An hour later, Lei Daming still hadn't paid the ransom, so Scorpion killed his daughter and left her body in the wilderness. He asked little purity to call Lei Daming to identify the body!

Near a junkyard in the suburbs of Eastern Sea city, a few police cars were flashing their lights. Song Lingshan, Liu Wangli, and the others were standing beside a female corpse. The other officers were setting up a cordon. Lei Daming was sitting on the ground, wailing. He didn't expect the kidnappers to really do what they said, they really killed the hostage!

Lingshan felt that the kidnapper was too arrogant, but she didn't feel any sympathy for Lei Daming. This guy was the Hidden House Zhao's Lackey. When he was the President of the Chamber of Commerce, he teamed up with some local businessmen to bully and drive out foreign investors, turning the business world of Donghai into a mess. Now, he was abandoned by the Hidden House Zhao, and his daughter was killed by the kidnapper. This was karma!

However, even though Lei Daming wasn't a very good person, the case still had to be solved. After song Lingshan finished investigating the scene, she brought Liu Wangli to the an family's mansion in Donghai city!

Since Lin Yi said that it might be related to an Jianwen from the firewolves, Lingshan naturally had to go check it out.

When Lingshan arrived, Jianwen wasn't home. Only his father, an Mingyue, was there.

"Mr. An, I'm song Lingshan from the criminal investigation team of the Donghai police station. This is my id." Song Lingshan passed the ID to an Mingyue. Although they weren't strangers, song Lingshan was still professional.

"Oh, Lingshan. What's the matter?" Mingyue said with a smile, but her heart skipped a beat. Did an Jianwen slip up? Otherwise, why would song Lingshan come here directly?

Chapter 2405 Destruction Again

"Mr. An, is an Jianwen here? We have some things that we want to find out from him. " Lingshan said directly.

"Oh? You're looking for Jianwen? he's not home, what's up?" An Mingyue asked.

"Where is he? We're looking for him to cooperate with the investigation. " Lingshan said.

"How about I call him and ask him to come back?" An Mingyue saw that song Lingshan didn't want to talk about it, so she called an Jianwen and told him everything that happened. Of course, he didn't say anything else, he believed that an Jianwen would understand the meaning.

Jianwen naturally understood his father's hint, but he didn't understand how Lingshan could come so quickly, coming straight to his door. Jianwen was confident that he did it perfectly, and there wasn't any evidence left. Lingshan didn't find him through evidence.

However, an Jianwen still went back to the an family's mansion as soon as he could. He spoke to song Lingshan with great enthusiasm, "Officer song, you were looking for me?"

"An Jianwen, you're familiar with the recent kidnapping cases, right?" Song Lingshan asked directly. Normal methods wouldn't work on people like an Jianwen.

"Kidnapping? I've heard of it before, but no one in the an family was kidnapped?" As expected, Jianwen looked at Lingshan innocently.

"An Jianwen, I'll cut to the chase. Lin Yi asked me to find you. Don't tell me that you're not involved in the practitioners that the firewolves have found out." Not only was she beating around the bush, but Jianwen wouldn't admit to anything no matter what she said, so Lingshan decided to ask him directly.

"I ..." Jianwen didn't expect Lingshan to ask this, especially since Lin Yi asked her to come. His face changed! He subconsciously wanted to deny it, but he knew that he couldn't! Lin Yi probably knew about all the things he did-cutting his kidney, fighting, robbing a bank, and so on. However, Lin Yi didn't have any evidence, and he probably wouldn't care about him for now.

But this time, Lin Yi personally asked Lingshan to come to him-it was clear that Lin Yi wasn't happy with the kidnapping!

Jianwen frowned. He seemed to have offended Lin Yi a little too many times recently, especially after Chu pengzhan's car accident. Lin Yi had always found Chu pengzhan pleasing to the eye! Thinking back to what his father said about Lin Yi's feat at the hidden Noble House Summit, Jianwen hesitated for a moment before finally giving in!

His position in the Firewolf gang was indeed high, but didn't the Firewolf gang's protector also give in to Lin Yi? Plus, Lin Yi's performance at the Hidden House Summit could only be described as shocking. Even the Sky Class Masters didn't dare to make a move, so how could an Jianwen fight Lin Yi?

And so, an Jianwen chose to compromise,""Is that so? "But officer song, you should know that although I'm the person in charge of the fire Wolf group in Eastern Sea city, some of my subordinates might drive our cultivators to do bad things for their own benefit! I didn't notice it before, but since officer song has reminded me, it seems that I have overlooked it! Don't worry, officer song, I'll investigate the people in our group and those who have the right to order those cultivators around. If it's really one of our people who participated in the kidnapping, I won't be soft-hearted and will personally send him to you!"

"I hope so." Lingshan said with a nod.

Although this wasn't the result she wanted, in comparison, it was already a victory! An Jianwen gave in. The person he handed over might just be a small fry, but it was better than nothing!

Of course, Lingshan knew that it was Lin Yi's words that took effect. It was obvious that Jianwen was afraid of Lin Yi, and that's why he removed his clothes. If not, she didn't have any evidence at all, and it was only a guess. Would Jianwen give in?

Lingshan didn't say anything else and left with Wangli. She knew that the kidnapping case might be solved soon, but the real mastermind was still hiding. The Firewolf gang, or the so-called Firewolf group, was the ultimate mastermind.

"Motherf \* cker! I've just earned some money, and Lin Yi's here to cause trouble!" After Lingshan left, Jianwen was furious.

"Jianwen, there's a huge gap between us and Lin Yi. With the current situation, it's not good for us to get into a conflict." "Why don't we stop the kidnapping for now?" an Mingyue suggested.

"Yeah." Jianwen was pissed, but he knew that he couldn't do the kidnapping business anymore. He had to look at other businesses ...

.....

Elder Zhu sent Chen Zhao back first, then returned to Eastern Sea city. He went to gambler's casino first and learned about the situation from him.

Of course, this was also to make up more lies when he went back. He mainly wanted to test how much gambling brother knew.

But now it seemed like gambling bro didn't know much-he didn't see how Piao laoliu and Piao huotai died, and he didn't know who elder Pi really was. This made boss Zhu feel relieved.

After elder Zhu went back, the Hidden House Zhao immediately called for a family meeting.

Boss Zhu followed Lin Yi's orders and blamed everything on Lin Yi-he didn't mention the Hidden House Pi, but he blamed the casino for the Zhao's being killed by Lin Yi!

Elder Zhu said that the owner of the casino sold out the Hidden House Zhao's identity, but of course, he reversed the order. The gambler did sell out the Hidden House Zhao, but he did it later, not before!

As for the real reason why Lin Yi was suspicious of those people, it was because Lin Yi had seen through boss Zhu's strength, and he was in trouble first. Naturally, boss Zhu wouldn't say it out loud. If he let house Zhao know that he had been exposed, he'd probably be transferred back to the Hidden House and wouldn't be able to stay by Chen Xi's side anymore. It wouldn't end well for him either.

"I didn't expect Lin Yi to be this strong, taking out Piao huotai and his bodyguard." Old Zhao was shocked-this Lin Yi wasn't weak at all! No wonder he was so cocky at the Hidden House Summit-he had the strength to fight a Sky Class!

Old sixth PU was an Earth Class late phase peak physical and spiritual practitioner-even old Zhao wouldn't be able to get much of an advantage against him, and so the situation in front of him made his heart jump! He'd failed, and quite a few people from house Zhao had died. He wouldn't go after Lin Yi-only an idiot would go.

Chapter 2406 Hinting At Qikun

However, he could vent his anger on the casino! But before Grandpa Zhao could say anything, guanyin spoke first,""Father, the owner of this casino is a two-faced man. How dare he betray the Hidden House Zhao? if we don't teach him a lesson, he won't know who the boss of Eastern Sea city is!"

"En, of course we have to teach the casino a lesson, but we have to wait until the news dies down." Old Zhao waved his hand and said,"we have to at least wait for the news of the death of Piao huotai and Piao laoliu to reach Southeast Asia. Then we'll go to their sects and let them know who killed their

disciples!" If we make a move now, we'll lose more than we gain if they blame it on us. That Lin Yi kid is very cunning, he's capable of doing anything. "

"Yes, father!" Guangyin wanted to start with the casino right away, but his father's words made sense. What if Piao huodan and Park laoliu blamed his family for this?

"Grandpa ... That Lin Yi is so strong, Zhao qikun ..." It was finally Zhao Qibing's turn to speak. He wasn't interested in taking revenge on the casino, he was worried about Zhao qikun. If Zhao qikun got Lin Yi's support, who could stop him from taking the throne?

"Father, Zhao qikun must be eliminated!" Zhao Guangyin suggested after some hesitation.

"Al!" Old man Zhao sighed. He thought that if he could get rid of Lin Yi with Piao huotai, then even if Zhao qikun didn't die, he wouldn't be able to cause any big waves. At that time, he would be kicked out of house Zhao and become a normal rich man. But now, it seemed like he had to get rid of him, or else there would be endless trouble!

"Head, qikun's still a bit against joining the test right now, but if we tell him that Lin Yi's actually joining the test, he might just go willingly!" Elder Zhu suggested.

"Oh?" Zhao Yu's father thought for a moment, then nodded and said, ""Alright, you can go and tell him that I won't see him ..."

Although old master Zhao had made up his mind, he still felt a little emotional.

Elder Zhu was quite pleased-he'd said this to get in touch with qikun, and as expected, this task fell onto him! He had already calculated that old master Zhao would be a little sad and would not go!

Qibing and qikun were sworn enemies, and qikun might not believe his words!

As Zhao Guangyin was Zhao Qibing's father, it wasn't appropriate for him to do this. So, after he suggested it, it naturally fell on him.

"Yes!" Elder Zhu said.

He'd subconsciously realized that he'd gotten on Lin Yi's boat-it was impossible for him to get off now, and it was all set the moment Lin Yi found out who he was! So, although elder Zhu was reluctant, he had no choice!

The good thing was that helping qikun was also helping house Zhao-it was just two different factions, so elder Zhu didn't feel too bad about it.

He came to qikun's room, knocked, and walked in.

Qikun was sitting on his bed, cultivating with his eyes closed. He didn't open his eyes when he heard the door,""Put the food on the table, I'll eat it later."

These days, there were people delivering food to qikun every day, and he was already used to it. There were Masters guarding his door, and he couldn't escape with his strength, so he didn't bother running!

Qikun didn't mind the food-the Hidden House Zhao wanted to get rid of him, but they wouldn't poison him to death. They had their own rules-once they did something like that, the other people fighting for the head position would start poisoning him, and the Hidden House Zhao would be destroyed very quickly.

And so, the only way to get rid of qikun was through the sky elixir sect's test. Qikun had seen through the truth, and he'd accepted his fate ...

"Qitan, someone told me to tell you something. You can participate in the trial without worry!" Elder Zhu lowered his voice and whispered to qikun.

"Ah?" Qikun's eyes shot open, and he looked at the old man in front of him, confused! He wasn't unfamiliar with elder Zhu-he was Qibing's subordinate, after all, and now that he'd come running over and said something like this, he was confused!

However, elder Zhu didn't continue talking about it. ""The head told me to tell you that Lin Yi is also participating in the sky elixir sect test!"

Qikun frowned-he looked at elder Zhu in surprise. He couldn't tell which group he was on right now! If he was on Qibing's side, then the second sentence he said wouldn't be a problem. He only told him this so that he could join the test.

In fact, qikun knew that this was a trap Qibing put up to make him willingly join the test.

However, the words that elder Zhu had said in a low voice when he first came into the room were worth considering. Who did he represent?

"Elder Zhu, you?" Qikun frowned, uncertain.

"I don't want to die ..." Elder Zhu said, then turned and left the room ...

Don't want to die? Qikun blinked, but he wasn't stupid-he quickly connected the two sentences ... The first one was from elder Zhu, and the second one was from the head of the house, elder Zhao.

The first person to say something like that made it clear who he was, and with the hint from the second "Lin Yi," Qibing was sure that Lin Yi was the one who asked boss Zhu to bring him a message!

The reason why elder Zhu gave in was simple-he was afraid of death.

This could be explained now-after thinking it through, qikun, who had been depressed for so long, couldn't help but get excited! It seemed that boss really hadn't forgotten about him. His act of tipping him off before had also been rewarded!

Lin Yi must've found out about him from other sources, and asked boss Zhu to tell him this!

This way, he wouldn't be too against joining the sky elixir sect test-he'd just treat it as training with Lin Yi.

Lin Yi went to han Jingjing's Villa next door after the call.

Han Jingjing was very happy with Lin Yi's arrival, "Lin Yi bro, you're here to see Jing Jing. The method you mentioned before, have you thought of it yet?"

Chapter 2407 Martial Technique Succeeded

"That method ... Should not be effective." Lin Yi said with a bitter smile.

He wanted to test it again, but Chen Xi woke up before he could even do that. Then, boss Zhu came, and song Lingshan called, so Lin Yi didn't test spring rain again. Now that han Jingjing brought it up, Lin Yi didn't want to give up and decided to try again.

"Ah ... No effect ..." Han Jingjing was a little disappointed, but she still said, ""It's okay, I believe in Lin Yi bro. He'll think of other good ways. If he really can 't, I won't make the second class pills yet,"

"I'll try again. " "I'll go to your room now," Lin Yi said.

"En, en, okay." Han Jingjing listened to everything Lin Yi said.

The two of them arrived at Han Jingjing's room. Han Jingjing asked, ""Do you need Jingjing to do anything to help Lin Yi bro?"

"No need, you can just wait at the side." Lin Yi said, shaking his head.

"Oh, okay." Han Jing Jing nodded.

After that, Lin Yi started channeling the spring rain from the sky, trying to activate the first stance ... However, a miracle happened!

On Lin Yi's hands, a cloud of blue mist-like Qi suddenly appeared. As Lin Yi activated his skill, the blue Qi left Lin Yi's hands and floated in the air. Then, it fell like rain and entered Han Jing Jing's body ...

Lin Yi was stunned by the situation! He'd been failing all this time, and now he was suddenly succeeding ... It didn't feel realistic! This is it? Lin Yi asked, surprised.

"Eh? Lin Yi bro, is this the method you created? It's very effective. After a moment of silence, I feel that my physical strength has increased by a lot!" Han Jingjing was also very surprised and impressed as she said, ""If Lin Yi bro were to use this method when I'm making pills, he could indeed replenish Jingjing's Qi and stamina!"

"You felt it?" Lin Yi was pleasantly surprised. He didn't think that the skill that had been failing all this time would suddenly succeed in front of Han Jingjing. Why did Lin Yi feel like this wasn't realistic?

"Yeah, I can feel it! Why did Lin Yi bro say that this method didn't work?!" "But I think it's effective!" Han Jingjing asked, feeling a little strange.

"It's working this time ..." Lin Yi blushed, "I've been using this martial skill at home before, but it didn't work."

"Why not? Is it because Jing Jing isn't here?" Han Jing Jing blinked and asked in confusion.

"He's not beside you?" Lin Yi was taken aback, but suddenly felt enlightened! That's right. The reason why I didn't succeed in activating this martial arts technique previously was that han Jingjing wasn't beside me. In other words, there was no receptor!

The basic purpose of this support martial skill was to replenish the strength and Qi of his people, but there was no one on his side. How was Lin Yi supposed to activate the skill without a body? Lin Yi couldn't help but smile bitterly as he realized this-what a wake-up call!

"That's right. You weren't by my side earlier, so this martial art of mine can only be activated when my opponent has a receptor. There's no one here, so of course I can't activate it!" Lin Yi was a little excited and surprised after thinking it through-it seemed like it wasn't that he couldn't use water skills, he just didn't know how to use them before.

"En, Lin Yi bro is so smart, he figured out the key to the problem in an instant." "I can't think of that," han Jingjing nodded.

"..." Lin Yi looked at han Jingjing's sincere face and felt a little embarrassed and ashamed. If it wasn't for han Jingjing's reminder, Lin Yi would have overlooked this point. However, han Jingjing gave him the credit and this made Lin Yi feel very embarrassed.

However, looking at han Jingjing's big innocent eyes, Lin Yi found it hard to imagine that she was complimenting him on purpose. He coughed a couple of times and said, "We'll start researching alchemy now. Let's see if we can mass-produce second-grade pills."

"Alright," he said. "Alright." Han Jingjing nodded. "Should I simulate pill refinement like before?"

"En, let's do a simulation first." For safety's sake, Lin Yi decided to let Han Jing Jing try it out first. It would be a waste of materials if she failed.

"Alright!" Han Jing Jing took the medicinal cauldron over. After she was done preparing, she asked, ""Can we start now, Lin Yi bro?"

"Alright, let's start." Lin Yi nodded and started channeling spring rain, while Han Jing Jing started refining the fire, preparing to simulate refining.

Very quickly, han Jingjing's pill fire was condensed, and she began the official simulation of pill refinement! It was obvious that han Jingjing's physical strength and true Qi were being depleted very quickly. In a short while, her forehead was covered with sweat!

Lin Yi, on the other hand, was ready to activate spring rain to replenish han Jingjing's pure Qi and stamina!

This time, Lin Yi didn't use the first style, nor the second one. He estimated the speed of the Qi consumption in Han Jingjing's body and used the third style!

The first form or the third form didn't make much of a difference to Lin Yi. According to the Spring Rain's description, the first form could transfer Qi to one person, the second could transfer Qi to two, the third could transfer Qi to three, and so on!

But now, Lin Yi only had Han Jingjing by his side. Using the third style was like giving three portions of Qi to Han Jingjing.

But even for the fifth form, the amount of Qi in Lin Yi's body was fixed. So no matter if it was the first, second or fifth form, it only divided the Qi in Lin Yi's body into several parts. The amount transferred each time was different, but the total amount was the same.

Although Lin Yi didn't really activate the third form before, according to Lin Yi's guess, the speed of the third form's Qi release should be about the same as Han Jingjing's energy consumption speed!

As expected, after Lin Yi activated the third form of Spring Rain, Han Jingjing's stamina and Qi were quickly replenished. At this moment, Lin Yi was surprised to find that he could actually see how much Qi Han Jingjing had left!

'After using this martial technique, Spring Rain, I can actually see the amount of true Qi and physical strength left in my body?' Was this the benefit of the martial technique or the credit of his cheat?

Chapter 2408 Pill Refining Simulation

When Lin Yi was healing Wu Chengtian, Pi Zhihai, and the others, he could feel the amount of Qi in their bodies, but that was only because the two of them had direct contact with each other. Right now, he didn't have any contact with Han Jingjing, and it was all through their martial arts!

So Lin Yi didn't know if it was because the skill had this ability in the first place, or if it connected the two of them together, Lin Yi's golden finger came into effect again. No matter what, it was a good thing for Lin Yi, because he could now understand Han Jingjing's physical condition in real time.

Han Jingjing's body kept on absorbing the pure Qi Lin Yi was sending her. The spring rain was constantly circulating in Lin Yi's body, and as long as Lin Yi didn't stop, the pure Qi would continue to flow into Han Jingjing's body!

However, Lin Yi soon realized that the third form of spring rain was not enough to satisfy Han Jingjing's consumption. Although it looked like Lin Yi was constantly replenishing Han Jingjing's Qi, the speed of the replenishment was still not enough to make ends meet. It just looked like the consumption was much slower.

Han Jingjing really felt a lot more relaxed. The true Qi in her body seemed to be endless. She could also calm her heart when she condensed the elixir fire. She did not have to worry that her physical strength and true Qi would run out at any time. It could be said that this elixir refinement simulation was very successful!

According to the usual progress of alchemy, by this time, there would have been signs of physical exhaustion and true Qi exhaustion. It was impossible for him to be so abundant!

But while she was happy, she quickly noticed the problem. Lin Yi's Qi was constantly being transferred over, but it couldn't make up for the loss. The transfer wasn't as fast as the consumption.

"Lin Yi bro, can you increase the speed of the Qi transfer?" Han Jingjing asked Lin Yi after sensing the change.

"Sure." With that, Lin Yi stopped the third stance and started on the fourth stance, spring rain!

The amount of true Qi transmitted by the fourth form was obviously much more than that of the third form, and Han Jingjing's worries were also resolved. She continued to refer to the data on the tablet to refine the pill.

Lin Yi didn't think that making so many elixirs would require so much stamina and Qi-just how much stamina and Qi would it take to make higher-tier elixirs? No wonder all alchemists were so arrogant and didn't easily refine pills for others!

Refining a single elixir consumed so much true Qi and physical strength. Although the alchemist's mental cultivation method was a bit special, allowing them to recover their true Qi and physical strength naturally in a short time, it also varied from person to person!

Han Jingjing was a special case-she could recover her Qi and stamina in a very short time, but it was also because her level was relatively low. If it were a Sky Class Alchemist, it would probably take a long time to recover after making a third-grade pill.

The more time passed, the more Lin Yi felt! Because, very quickly, all of Lin Yi's Qi was transferred to Han Jingjing, and he became a practitioner without any Qi!

Although Han Jing Jing continued to refine pills, the true Qi in her body was also being consumed very quickly!

Feeling that Lin Yi's Qi wasn't flowing in continuously anymore, han Jingjing paused for a moment, but she did a rough calculation of the remaining time on the tablet. Her stamina and Qi should be enough to last until the simulation finished ...

Finally, han Jingjing's simulation ended. However, even though it was a simulation, the amount of true Qi consumed was the same as the normal amount. In the end, han Jingjing's body was left with less than one-third of her true Qi and physical strength ...

"Phew ... It's finally over!" Han Jingjing wiped the sweat off her forehead and asked with some joy, ""Lin Yi bro, why did you stop transferring your Qi?"

"I've given all my Qi to you, I don't have any left ..." Lin Yi smiled bitterly.

"Ah ... I see ..." Han Jingjing nodded."But fortunately, I have enough Zhen Qi. I still have some left in my body. If the two of us work together, we can make many second-grade pills at once."

"That's true ..." Lin Yi said, ""By the way, how much true Qi do I need to refine a third-grade pill? If we only make one pill, will the two of us have enough true Qi?"

"It should not be enough." "Jingjing has done some calculations in her free time. The amount of true Qi required to refine a third-grade pill is at least five times that of a second-grade pill ..."

"Five times ..." Lin Yi took in a cold breath. It seemed that non-Sky Class Masters couldn't make it anymore-the Qi consumption was too high!

Lin Yi could only give up on this unrealistic idea for the time being. If making a third class pill was equal to two people's combined Qi, or even slightly more than the combined Qi of two people, Lin Yi could accept it!

After all, after Lin Yi used up all his Qi, han Jingjing still had a lot of Qi in her body. Lin Yi could use the art of Dragon mastery to quickly recover his Qi when han Jingjing's Qi was used up, but he couldn't use this method continuously!

Han Jingjing's Qi could only last one time, and when Lin Yi's recovered Qi was used up again, han Jingjing would have no more Qi to support her, and the process would stop and fail!

According to han Jingjing, she was a bit exhausted after making a second class pill, which meant that her physical strength was only enough to make one second class pill. Lin Yi's two portions of Qi plus her own was only three times the amount. Even if Lin Yi had more Qi than han Jingjing, the amount of Qi that an Earth Class mid phase peak and an Earth Class early phase had was really not that different!

After all, the difference in the amount of true Qi between two stages was only significant. The difference between small stages was not that big.

So, it was impossible to reach five times-unless there was someone like Lin Yi to replace her and continue to use the rain to support her, Lin Yi couldn't think of any other way to solve this.

"Maybe I don't need that much ..." Han Jingjing saw Lin Yi's disappointment and quickly said, "It's just that Jing Jing's current level of strength is too low. Although she can barely condense a grade three pill fire, she can't change the intensity of the fire and the temperature, so she can't calculate the amount of true Qi needed to refine a grade three pill in more detail!"

#### Chapter 2409 A Strange Answer

"It doesn't matter. We'll talk about this later." Lin Yi laughed at himself after hearing that-he was overthinking things. Han Jingjing couldn't even control a level three pill fire, so what was the point of having enough pure Qi?

"En, but Jing Jing will definitely study hard and try to simplify the condensing method of a grade three pill fire. See if she can change the intensity and temperature of the pill fire." Han Jing Jing said.

"Now, let's first recover the true Qi in our bodies, then try to condense a batch of second-grade pills and see if we can succeed in reality." Lin Yi said.

"Alright," he said. Han Jing Jing nodded.

Lin Yi and han Jingjing were already very familiar with each other, so he didn't hold back. He took her hand and started circulating the second stage of the art of Dragon mastery, replenishing her lost Qi ...

.....

On the second floor of Lin Yi's Villa, Chu Mengyao and Chen Yushu laid on their beds, discussing Lin Yi and Wang Xinyan's future plans.

"What's the meaning of Wang Xinyan leaving today?" Mengyao couldn't understand why Xinyan would reject Lin Yi-weren't they on good terms? Mengyao nudged Shu with her foot. "Hey, aren't you the all-purpose Shu? Tell me, what's the matter?"

"Maybe sister Xinyan is playing hard to get?" Yushu said after some thought.

"Playing hard to get? It can't be, right?" Mengyao frowned, rejecting the suggestion. "Can't you give me some constructive suggestions?"

"Oh, then Yaoyao sis, why aren't you with shield bro?" Chen Yushu asked.

"It's because ... Hey, we're talking about Wang Xinyan, what does it have to do with me?" Mengyao almost fell for Yushu's trick again.

"Actually, Shu thinks that Xinyan sis and Yaoyao sis are the same. They're both shy, or maybe it's too sudden?" "That's the only possible reasons!" Yushu said. Just like Yaoyao sis, you like shield bro too, but you've delayed it until now ..."

"Ahem ... Shu, can you not change your target?" Mengyao glared at her.

"Alright, the easiest way is to call Xinyan sis, Yaoyao sis. At least it's better than us guessing riddles here, right?" Chen Yushu replied.

"That's a good idea. " Mengyao nodded and did as she was told. She picked up her phone and called Xinyan.

Xinyan had been sitting on her bed with her phone in hand ever since she hung up on her mother. She couldn't focus on her book, nor did she want to play with her tablet. Her heart was heavy, and it was only when her phone rang that she jumped.

Xinyan hesitated after seeing the caller ID-should she answer? Mengyao must be calling to ask about Lin Yi's confession, but how was she supposed to explain that?

It was impossible for her to tell him the truth-Xinyan knew Lin Yi's personality, and it'd put too much pressure on him if she did! She knew that Lin Yi studied with Han Jingjing every day for Feng Xiaoxiao, and the reason why he worked so hard to level up was also for Feng Xiaoxiao!

One Feng Xiaoxiao was already giving Lin Yi a mountain of pressure, if he was added, how could he even catch his breath?

The Ice Palace situation was still fine-whether or not Lin Yi could make the ice heart Jade bone pill they needed, the Ice Palace would never become Lin Yi's enemy! But the sky elixir sect was different-how was Lin Yi supposed to face the truth?

Xinyan didn't want Lin Yi to be troubled by these things!

After a moment of hesitation, Xinyan picked up the call. "Yaoyao ..."

"Xinyan, you ... You don't like Lin Yi today?" Mengyao didn't know what to say, so she asked directly.

"I ... Yaoyao, I have a fiancé, so I can't be with Lin Yi." Wang Xinyan clenched her teeth and hardened her heart.

"Fiancé? You mean Zhaolong?" Mengyao knew what happened between Xinyan and house Kang, but as far as she was concerned, house Kang was a thing of the past, and even house Xiao's hidden house Pi had become Lin Yi's follower. What could Xinyan not agree to?

"En ... I have to follow my parents" orders. " Wang Xinyan said.

"Then you're going to marry Zhaolong?" Chu Mengyao heard Wang Xinyan's words and found it strange. "You don't seem like such a stubborn person."

"I don't want to put my parents in a difficult position, and I'm the one who agreed to this ... Yaoyao, please don't force me, I beg you ..." Xinyan said with a bitter smile.

"This ... You ..." Chu Mengyao was dumbfounded by Wang Xinyan's words! She'd thought that Xinyan left because she was too shy, but it seemed like she had other things to hide!

"Yaoyao, I told you, Lin Yi and I are just good friends, really ..." Xinyan's heart was bleeding when she said this-she was sure of her feelings now! She liked Lin Yi, she liked being with him!

Just today, when Lin Yi confessed to her, Xinyan almost said yes! Even after leaving the villa, Xinyan still wanted to turn around and accept Lin Yi's confession a few times! However, her mother's last call extinguished her heart.

"But I can tell that Lin Yi really needs you when he's training ..." Mengyao didn't want to give up. She didn't believe that Xinyan really didn't like Lin Yi! Mengyao's womanly instincts allowed her to feel Xinyan's feelings, but for some reason, Xinyan just wouldn't admit it.

"I won't get married while I'm in college ..." Xinyan said after some hesitation. "During this time, Lin Yi and I, can't we just be good friends?"

"Good friends ..." Chu Mengyao smiled bitterly and helplessly said, "Then I'll just ask you one last question, do you like Lin Yi?"

"My ... My phone's out of battery ..." With that, Xinyan quickly hung up and turned off her phone. She couldn't say something that didn't mean what she said! She said she didn't like Lin Yi? That was self-deception, and so Xinyan chose to run away.

"..." Chu Mengyao held the phone up, speechless. She didn't expect Wang Xinyan to say something like this!

This result was equivalent to no result, and she had asked for nothing.

"There's definitely something strange going on!" Mengyao was on speaker, so Yushu heard everything.

#### Chapter 2410 Shu Goes Out

"Yaoyao sis, I think Xinyan sis has her own difficulties. Is she being forced to marry by her family?"

"I don't think so. After all, house Xiao's in the past now, and their backers are all Lin Yi's men. What's there for her to worry about?" Mengyao shook her head, denying Yushu's opinion.

"I don't know. Maybe she's a conservative girl. She agreed to the engagement and didn't want to break it." Yushu thought about it, but couldn't think of any other answer.

"Maybe ..." Chu Mengyao sighed, "If that's the case, Lin Yi's probably going to be very disappointed ..."

"It's okay, we can continue with the beauty plan!" "As long as we help, we should be able to change her mind." Yushu didn't mind.

"I hope so." Mengyao nodded, but didn't say anything else. The two started watching a movie on their tablet. This was how they passed the time when Lin Yi wasn't home.

Even Shu, who couldn't stay idle, had shut herself in at home, afraid of causing trouble for Lin Yi. As a result, Mengyao didn't say much about her venting at the casino today.

If it was in the past, he would have taught her a lesson. She went to the casino to win money. Wasn't she looking for trouble? it wasn't like she didn't have money at home! It wasn't right for the casino to not pay up, but if it wasn't for Lin Yi, they wouldn't be able to get the money back. They might even be dragged out of the casino by the security guards!

But thinking about it, Chu Mengyao felt quite relieved. This gambler was a bully. Before Lin Yi came, he was acting like he had victory in his hands. He just didn't give him that much money, what could he do?

But didn't he just hand over the money obediently after Lin Yi showed up? It was foreseeable that those who lost money in the casino had no place to seek justice. What kind of tragedy was it to win money but not be paid back?

Chu Mengyao looked at Shu who was quietly watching the movie and felt a little emotional. She realized that she didn't understand Shu these days. Before Lin Yi came to the villa, Shu was also this kind of silly and carefree personality, but at that time, Chu Mengyao felt that Shu was probably really like that.

But as time went on, Chu Mengyao realized that this wasn't the case. Shu wasn't really heartless, she was probably pretending in many situations! What was Shu trying to hide under that disguise?

Chu Mengyao was surprised at times. She should be the one who understood Shu the most, but in many cases, she realized that she only understood one side of her ...

Lin Yi was still in han Jingjing's Villa, recovering the stamina and pure Qi that he had lost! Finally, both Lin Yi and han Jingjing's stamina returned to their peak condition. Lin Yi chose to try refining with han Jingjing again!

"We'll start making 3 channel opening pills now, is that okay?" Lin Yi looked at han Jingjing and asked. After all, the two had just recovered their strength, and he didn't know if han Jingjing could handle it.

"It's fine. Lin Yi bro has already recovered Jing Jing's stamina and Qi. If Jing Jing still can't make pills, then she's a big idiot. She's not worth Lin Yi bro's time. " Han Jing Jing nodded.

"Ha ... Okay then ..." Lin Yi was a little embarrassed by han Jingjing's words. Han Jingjing was really dedicated to her work, and Lin Yi admired and liked her a lot. This little girl was really a Lucky Star sent by the heavens. Many difficult problems were solved easily here ...

"En, en!" "I'm ready. With Lin Yi bro's help, I'm confident I'll succeed!" Han Jingjing nodded heavily.

Lin Yi felt even more embarrassed. Every time han Jingjing made a pill, she gave all the credit to Lin Yi, never greedy for credit. This made Lin Yi feel like he was lying to an underage girl, but han Jingjing was obviously an adult, and she was just a little cute ...

Han Jingjing quickly prepared three sets of ingredients for the meridian opening pill and placed them into the cauldron. Then, she quickly flipped through the tablet, as if looking for the scientific pill formula she had previously recorded.

When Han Jing Jing flipped to the first page, she stopped and referred to it for a while. Then, she began to condense the pill fire and officially prepared to refine the pill.

Lin Yi, on the other hand, started channeling spring rain as well, preparing to activate it.

Not long after, han Jingjing started the actual process. This time, she was clearly more focused than before. She didn't even look at Lin Yi, her eyes were fixed on the time on her tablet. The intensity and temperature of the fire changed with the time!

When han Jingjing had used up a portion of her strength and Qi, Lin Yi activated the third form of spring rain, transferring Qi to her!

In the beginning, Lin Yi only needed to use the third form, but later on, he could use the fourth or fifth form to quickly recover han Jingjing's pure Qi and stamina.

Han Jingjing felt the Qi coming from Lin Yi as well, but her expression only changed slightly as she continued to focus on her refinement ...

Time flew by, and in the blink of an eye, it was already night. However, neither of them knew it, and they were both completely engrossed in alchemy ...

Mengyao and Yushu watched two movies and went downstairs to see that Lin Yi wasn't back yet.

"Is Lin Yi not back yet? It seems that we'll have to settle our own dinner. " Mengyao said as she looked at the empty living room.

"Oh, why don't you go out and buy some, Shu? eating instant noodles every day isn't very nutritious ..."  
Chen Yushu looked at the time on her phone,""There should be a lot of good food around here that I didn't find before. I'll go around and see if there's any delivery."

"Then let's go and eat together? "There's no need to buy it. It's just the two of us, it's so troublesome ..."Mengyao said.

"It's fine ... Shu should go ... If shield bro doesn't have anything to eat when he comes back, he can still have some of Yaoyao sis "leftovers and then kiss her indirectly." Chen Yushu replied.

"Go, go, you talk too much!" Mengyao frowned and kicked Yushu out of the house, not letting her continue.

Yushu said with a smile as she walked out of the villa."Shield bro's car's still here, why isn't he home?"

Chu Mengyao heard Chen Yushu's words and came out to take a look. As expected, Lin Yi's Grand Cherokee was still parked at the entrance, but Lin Yi and Chen Xi were nowhere to be seen.
