Chapter 2411 The Mysterious Old Man Reappears

"Eh? Lin Yi went out again?" Chu Mengyao was confused and was about to make the call.

"Don't call yet ..." Chen Yushu suddenly stopped Chu Mengyao. "The car's at home, so shield bro must be around here. If he's not at home, he must be at Han Jing Jing's place. Maybe they're making pills. Let's not disturb him."

Chu Mengyao nodded in surprise. She had to admire Shu's analysis ability. She could figure out Lin Yi's whereabouts from the details.

"I'm going to buy some food. " A flash of anxiousness appeared in Yushu's eyes, but it was gone as quickly as it came.

"I'll go with you then?" Mengyao was already out of the villa, so she didn't mind going out with Yushu again.

"Don't ..." Yushu jumped, subconsciously.

"?" Mengyao asked, confused.

"Ah ... I mean, Yaoyao sis, you'd better wait for shield bro at home. Otherwise, he'll think that we're kidnapped when he comes back and sees that we're all gone and his car is gone ..." Chen Yushu quickly explained.

"Oh, you're right. I'll wait for Lin Yi at home then." Mengyao said with a nod.

Yushu let out a breath of relief and quickly got in the car, driving Lin Yi's Grand Cherokee out of Mengyao's sight ...

Chu Mengyao watched the car leave and stood in front of the villa for a long time, frowning. She didn't know what to think ... After a while, she shook her head and walked in.

In a small teahouse near the University town, a young girl sat silently opposite a mysterious old man. Although the young girl was trying her best to remain calm, a faint trace of nervousness could be seen in her eyes ...

"What's the matter? Why isn't he dead yet?" The old man frowned, "didn't I ask you to poison it?" How is he still fine and can even talk to the Hidden House Zhao?"

"This ..." The young girl hesitated for a moment and said, ""He's a doctor and an Alchemist. He was the one who solved the poisoning incident at first school. He even tasted the poison himself ..."

"In other words, this poison has no effect on him, or he has already cured himself?" The old man's expression softened after hearing this. He then nodded and said, "He didn't suspect you?"

"I don't think so ... If he was suspicious, he would have suspected that it was the problem with the tea leaves. Maybe there was pesticide on it that wasn't washed clean?" The young girl said carefully.

"I know." The old man noncommittally nodded his head, then said, "I've already expected this situation," Wang Yao said. "It's just a test. It's easy to poison someone, but the rest is a little troublesome."

"Oh ... Then ... Let's not kill him. It's quite hard to kill him, and if we can't kill him properly and expose ourselves, it won't be fun, right?" The young girl suggested.

"What's wrong? You can't bear to?" The old man's eyes lit up as he looked at the young girl.

"How ... How is that possible ..." The young girl shook her head innocently, ""I'm just afraid that I won't be able to kill him and I'll be exposed ... You know, he's very powerful ..."

"Hmph, don't forget who you are!" The old man snorted and threatened, "your life and death are also in my hands. I'm sure you know the consequences of not having the antidote. You'll die!"

"I ... I know ..." The young girl nodded silently.

"Forget it. Since he's so powerful, I'll use another trick!" The old man said, "this is a bottle of sleeping pills made from the resting grass. There is also an antidote. It will put him to sleep when mixed with tea and rice. It is colorless and odorless. He shouldn't be able to detect it!" If you take the antidote, you'll be fine. Otherwise, you'll fall into a deep sleep too. "

"Ah ... What's the use of this ..." The girl asked curiously.

"Of course it's useful. After he's asleep, you can stab him to death." "He's a spiritual practitioner," the old man said indifferently. "When he's asleep, he doesn't have true Qi to protect his body. One stab and he'll die!"

"Ah ..." The young girl didn't expect the old man to come up with such a method.

"Is there a problem?" The old man didn't give the girl time to answer, but asked directly.

"No... No..." The young girl smiled bitterly and took the rest of the sleeping herb from the old man and carefully put it in her pocket.

"Alright, I'll be waiting for the good news." The old man stood up and left the teahouse first, while the young girl sighed with a responsible look. She turned to the waiter and beckoned, ""Waiter ..."

Lin Yi and Han Jingjing finally finished their refinement. The whole process was a success, at least for now. Han Jingjing's entire process followed her recipe strictly, and the cauldron didn't show any strange signs. In the end, the cauldron emitted a pleasant aroma, indicating that the ingredients were about to form the pill ...

Han Jingjing heaved a sigh of relief. ""It's done, but Jing Jing is a little nervous ... I wonder how many Qi circulation pills she can make?"

"Hehe, you'll win as long as you can make more than three pills." Lin Yi, on the other hand, was calmer. After all, if Han Jingjing could make more than the amount of materials she had, it was already a success. She was a lot better than other refiners.

"Yes, yes, Lin Yi bro always consoled Jing Jing." Han Jing Jing carefully opened the cauldron and subconsciously counted the number of pills inside. "One, two, three ... Seven? It's actually more than the first ranked pills from before?"

Han Jingjing could not help but exclaim in surprise. Her highest record was already double the number of pills, and this time, she had actually refined more than double the number of pills, especially second grade pills. How could she not be surprised?

"Haha, congratulations, Jing Jing. It seems like you've won the first round and are getting more skilled." Lin Yi didn't look too excited, but he was actually very happy. Han Jingjing's skill in refining was the same as Lin Yi's skill.

"It's not that Jingjing's skilled, it's because Lin Yi bro's helping her. Otherwise, Jingjing wouldn't have been able to do it on her own. Not only would she fail, she wouldn't be able to make seven pills with three sets of materials." Han Jing Jing said.

"That's right. Let's find some time to make the lesser Qi gathering pills. Let's hope that these five sets of ingredients can create another miracle and make twelve pills." Lin Yi said.

"Alright." Han Jing Jing nodded.

"Let's recover our true Qi and physical strength first. I'll be going back after that. I've wasted a lot of time making elixirs, and I haven't told Yaoyao and the others yet. Don't think that I'm missing." Lin Yi said.

"En, en." Han Jingjing listened to everything Lin Yi said, as if she didn't have her own opinion.

Chapter 2412 Shu's Problem

But after leaving Lin Yi, she seemed to have a lot of understanding. Her alchemy skills weren't something even those Masters could master.

After recovering his strength with Jingjing, Lin Yi took the small reversion pill and nine nerve opening pills back to his villa. He saw Mengyao sitting on the sofa as soon as he entered the door. She didn't turn on the TV or the lights in the living room, and Lin Yi jumped in surprise.

"Yaoyao? What are you doing?" Lin Yi blinked.

"Ah ... Lin Yi, you're back." Mengyao snapped out of her daze. She didn't even notice Lin Yi entering the room, only to realize that the living room was already so dark. The sky darkened faster and earlier in December, and the living room was still bright when Mengyao sent Yushu off. "I'll go turn on the lights ..."

"I'll drive. " Lin Yi was at the door, and was closer to the light switch in the living room. He turned on the light and asked,"Shu? Did she drive the car in the courtyard away? And, Yaoyao, what were you doing just now?"

"Ah ... Shu went to buy food ..." Chu Mengyao hesitated, but she made up her mind and said,""Lin Yi, do you have time now? Since Shu's not here, I have something to tell you ..."

"Now? There is. " Lin Yi nodded, confused. He walked over and sat down on the sofa beside Mengyao.
"What's wrong? You and Shu are acting weird today?"

Lin Yi thought that Mengyao was going to talk to him about Xinyan, but there was no need to hide Xinyan from Shu.

"You think there's something wrong with Shu too?" Chu Mengyao heard Lin Yi's words and was slightly happy, "If that's the case, I don't have to explain. I think Shu's acting weird too, like she's hiding something from us?"

"Ah? Shu? Didn't you ask her?" Lin Yi realized that Mengyao was talking about Shu's problem. He pondered for a while. "It was quite normal before, but after going out for a stroll, it felt a little strange ..."

"Yeah, I think so too." "I asked her a few times today, but she wasn't paying attention. I asked her what's wrong, but she didn't answer. I'm a little worried, but I don't know what to do ..." Mengyao said.

"Then ... What do you want to do?" Lin Yi thought that Yushu was acting weird today as well, especially when she was pouring the tea. He had no idea what she was up to.

"I don't know ..." Chu Mengyao shook her head, "Just now, she wanted to go out to buy food. I wanted to go with her, but she didn't agree. I keep feeling that she has something on her mind and is afraid that I will ask ... Why don't you help me ask?"

"Me?" Lin Yi pointed at himself, stunned.

"Yeah, Shu's very special to you. She'll listen to everything you say." "And she likes you," Mengyao said.

Lin Yi went silent after hearing Mengyao's words. He didn't object to what Mengyao said-Shu did listen to him, and she'd mess with anyone but him, even Mengyao sometimes.

However, that didn't mean that Shu could tell him about her troubles. Lin Yi felt that there was something deeper hidden under that crazy appearance of hers. She pretended to be a happy little B * stard, but there were some things that she didn't do.

"I'll try. " "I'll find a chance to ask her these two days," Lin Yi said.

"En, many thanks." "I'm worried about her ..."Mengyao said.

"What are you thanking me for? I'm actually quite worried about her too. She's not your only friend."

"You don't see me as a part of this family?" Lin Yi waved his hand.

"Then you should thank me too." Mengyao's mood improved after Lin Yi agreed.

"I was just about to thank you. Oh right, have you asked about Xinyan?" Lin Yi asked.

"I did ..." Chu Mengyao was worried about Shu and almost forgot about it if Lin Yi didn't mention it,""I called Xinyan just now, she said ... She only sees you as a good friend, and she's always had a fiancé ..."

"Fiancé? Zhaolong?" Lin Yi had always known about this, but he'd never thought much of it. House Kang was a thing of the past, and they couldn't do anything about it. Miracle doctor Kang's Medical Group was on the verge of destruction, too. This small house was on the decline, so why did Xinyan still take the engagement seriously?

"Yes, that's what she said. She said it was her parents' decision and she didn't want to put her parents in a difficult position. She agreed to it back then ..." Chu Mengyao said.

"I see ..." Lin Yi frowned. He felt that something was wrong, but he couldn't put his finger on it.

In theory, Xinyan and Zhaolong's relationship shouldn't be that good. If they were already a couple, Xinyan wouldn't have done so many things with him. Even if they didn't end up together, they wouldn't do it again.

But with their current relationship, it was only a matter of time before they became a couple. Xinyan didn't give a definite answer, but her actions more or less showed that something was wrong.

But Xinyan rejected it, and the reason she gave was so ridiculous, yet so reasonable! A marriage contract was a good reason, but Lin Yi thought it was a little weird.

"That's all she said, she even said I shouldn't force her ..." Mengyao smiled bitterly, "I'm sorry, I couldn't complete the task you gave me. "

"Never mind, it's nothing. Let's focus on Shu's problem first." Lin Yi said with a wave of his hand. He was guessing that Xinyan had her own difficulties. Or was there something he was hiding? However, Mengyao probably wouldn't be able to get the answers out of him. He'd have to find out on his own.

With that, Lin Yi stood up and walked to the spot where Shu knocked over the cup. He bent down and sniffed the floor, frowning as he thought about it. But after a while, Lin Yi stood up and spoke before Mengyao could ask.

"Don't say anymore ... Shu might be back. " Lin Yi heard the familiar sound of the car outside, and knew that Shu was back.

"Okay, don't mention this topic later." Mengyao stood up as well, following Lin Yi out of the villa.

Chapter 2413 Food Problem

Chen Yushu had just parked her car when she saw Lin Yi and Chu Mengyao walking out of the villa together. She jumped, ""Shield ... Shield bro, you're back ... You and Yaoyao sis can't wait anymore?"

"No, I just came back." Lin Yi's heart skipped a beat as he looked at the panicking Shu. There was indeed something wrong with her today.

"Argh! Then let's have dinner together. I've bought everything. Eat it while it's hot. Don't let it get cold. " Yushu said as she got off the car with a bag of food.

"Alright." Lin Yi nodded.

She walked into the dining room with Mengyao and Yushu, and Mengyao was surprised when she saw the dinner Yushu had bought. "Shu, you went to the restaurant?"

"Um ... I went to a Hong Kong-style tea restaurant and bought some special snacks and food for a change of taste." Chen Yushu replied.

"That's good. I haven't eaten these things in a long time." Chu Mengyao nodded. Before Lin Yi moved into the villa, she and Shu would go to restaurants, taverns, tea restaurants and Western restaurants for dinner whenever uncle Fu was busy. It had been a long time since they had that kind of life.

"Yeah, that's why Shu bought it today. Shield bro, let's eat together? Shu's hungry!" Chen Yushu nodded.

"Okay ..." Lin Yi nodded. He took the utensils from the kitchen and sat down at the table. The three of them started eating.

However, Lin Yi frowned slightly after taking his first bite of the chicken leg rice Yushu bought. He was about to say something when Yushu asked, "Shield bro, how was the taste? Is it good?"

"Oh, it's quite delicious." Lin Yi was about to say something, but decided not to in the end. He lowered his head and continued eating.

"That's good ..." Chen Yushu nodded ...

Chu Mengyao blinked her eyes in confusion, thinking about the strange conversation between the two.

There wasn't anything wrong with the conversation itself, but Chu Mengyao felt that something was wrong. She couldn't put it into words, but she didn't know what was wrong ...

But Lin Yi knew that something was wrong! He had tasted a familiar taste from the chicken leg rice!

Calming grass was exactly what Lin Yi was lacking before he started cultivating the art of Dragon mastery! It was a very rare medicine. Lin Yi hadn't tasted it himself, but he'd read about it in the information he had. It was still fresh in his memory, and he almost lost control of himself because of the resting grass. Naturally, he wouldn't forget the taste of it.

But this time, Lin Yi suddenly tasted this in the chicken leg rice. He was confused!

Even though the resting grass could help to calm one's mind, it was only effective against the art of Dragon mastery. If it was used on someone else, eating the resting grass would be the same as eating sleeping pills. They would feel sleepy not long after eating it and fall asleep very quickly.

Although there were no major side effects, the person who took it would usually sleep very soundly. Even if there was a Thunder or an earthquake, they might not wake up!

Therefore, it was strange that such a herb was used in a restaurant's chicken leg rice! Lin Yi knew that some nutritious restaurants would add things that were important for sleeping, like Ciwujia, Chinese Magnolias, and jujubes, but those were only supplementary-they wouldn't make one fall asleep immediately.

However, this herb was different. This herb was even more potent than sleeping pills. If this herb was put in the food of a restaurant, wouldn't the customers fall asleep after eating it?

However, Lin Yi didn't ask for the reason because he was suspicious of Shu. When Lin Yi was eating, Shu watched him eat. Although it could be understood that Shu wanted to know if the food she bought was to Lin Yi's taste, in fact, Chen Yushu did ask Lin Yi after the meal, but Lin Yi still felt that something was wrong!

However, Lin Yi finished the chicken leg rice in front of him very quickly, and then ate a lot of the side dishes that Chen Yushu brought back.

Chu Mengyao's appetite was small, and she was full after eating half of the big box of chicken leg rice.

"Shield bro? Are you full? How about Yaoyao sis?" Chen Yushu looked at Chu Mengyao's half box of chicken leg rice and asked Lin Yi.

"Shu!" Mengyao frowned.

"Then let's eat. I'm a little hungry." Lin Yi nodded and didn't say anything else. He took the chicken leg rice from Mengyao's bowl and started eating.

Mengyao's mouth dropped open in surprise-did she just kiss Lin Yi indirectly again? However, this time, she didn't hate him as much as before. Instead, she felt her heart flutter, and her face turned red ...

The reason Lin Yi took Mengyao's chicken leg rice wasn't to play some kissing game, but to see if there was any sleeping grass in it. If there wasn't, it meant that only his box was suspicious, and Yushu would naturally be the first suspect ... If there was, Lin Yi didn't want Mengyao to eat too much either. There was no harm in eating this food, but it would be bad if Mengyao was late for school tomorrow.

As for the rest grass, Lin Yi didn't really care-it wouldn't affect him if he ate too much of it, it could only help with his art of Dragon mastery. He was lacking in this herb before, and now he had it.

Lin Yi finished the chicken leg rice in two to three bites and stood up, "I'm going back to my room to cultivate. You guys should rest early too. So many things happened today, it's tiring enough. "

"En ... I'm yawning ... Now that you mention it, I'm feeling a little sleepy too ..." Chu Mengyao yawned, thinking that she was infected by Lin Yi.

"Alright," he said. However, Lin Yi knew that Mengyao was tired because of the sleeping grass. It would be a problem if she wasn't tired!

However, Lin Yi noticed that there was nothing wrong with Yushu. At least Lin Yi didn't see any signs of fatigue in her eyes. In theory, the resting grass had already taken effect ...

But Lin Yi didn't say anything. He and Yaoyao had noticed Yushu's weird behavior a long time ago, so they decided to play along and didn't mention it. They got up and walked to the bedroom.

"Yawn ..." Chen Yushu finally yawned and said to Chu Mengyao, ""Yaoyao sis, Shu's tired too, let's go to sleep!"

"Alright," he said. Mengyao nodded and went up with Yushu.

Chapter 2414 Forced Difficulties

But Mengyao wasn't as observant as Lin Yi-she didn't realize that Yushu wasn't feeling sleepy at all.

After Lin Yi returned to his room, he sat on his bed and started channeling the second stage of the art of Dragon mastery. However, Lin Yi paid extra attention to the movements in the villa today. Shu was too strange today, especially the resting grass in her food. Lin Yi wanted to see what Shu was up to.

After channeling the second stage of the art of Dragon mastery, Lin Yi suddenly realized that his training efficiency today was very high! He'd put a part of his attention on the villa, but his practicing today was twice as effective with half the effort-it was like Xinyan was training beside him! It was so fast that Lin Yi was speechless!

But Lin Yi thought about it and understood. Before he started training the second stage of the art of Dragon mastery, he needed this calming grass, but he didn't use it and used something else instead, causing him to go into Qi deviation.

After that, he recovered, but he still didn't have the calming grass in his body. So now that he suddenly took the calming grass, it had its previous effect, allowing him to better circulate the second stage of the art of Dragon mastery!

In fact, this was the herb he used for the first time he used the second stage of the art of Dragon mastery to be more stable and to reduce the side effects, but now that Lin Yi was already very familiar with it, the resting grass was much more effective.

Of course, this was probably the only time it would be effective. The rest of the herb wouldn't have such an effect in the future. After all, the art of Dragon mastery didn't mention that the rest of the herb could always help with cultivation. It was only mentioned once.

After that, the effects of the resting grass exceeded Lin Yi's expectations! Lin Yi had just broken through to Earth Class mid phase peak, and it should take a long time for him to stabilize his strength and reach Earth Class mid phase peak full, at least that was the case before!

He'd reached Earth Class mid phase peak a couple of times, and with Xinyan's body scent, it'd been a lot faster than usual, but Lin Yi didn't think that the herb would make him reach full Earth Class from mid phase peak all of a sudden!

Now, he was only a step away from Earth Class late phase! Lin Yi didn't know whether to laugh or cry at this. It didn't matter who put the resting grass in there, intentionally or not, it was still helping Lin Yi indirectly, allowing him to stabilize his cultivation.

"This feeling is too good!" Lin Yi let out a long breath-this training speed was almost the same as riding a helicopter! But Lin Yi knew that this was a rare opportunity-if he were to use calming grass in the future, it wouldn't have this effect anymore. After all, he was in a special situation.

He looked at the time-it was already midnight. He didn't expect time to pass so quickly. He used his sense to check the living room, but it was still quiet.

However, the silence was only temporary. After a while, Lin Yi heard clear footsteps! It was Shu's footsteps! Lin Yi had lived in the villa for a long time, and he could hear Yushu's and Yaoyao's footsteps very clearly. Shu was very quiet, but it was a quiet night, and Lin Yi was in the Jade space, so he could hear them clearly.

Lin Yi hesitated for a moment before closing his eyes and lying down on the bed quietly, snoring as if he was asleep ...

After a while, Lin Yi's door was pushed open gently. He didn't have the habit of locking the door in the villa, and he could see from the Jade that it was Shu! Lin Yi wasn't surprised, but he was surprised ...

Yushu's face lost her usual playfulness and cuteness-it was replaced with a worried and nervous look as she stood at the door, deep in thought. After a long while, she sighed and walked into Lin Yi's room ...

Yushu had a sharp knife in her hand, and it glowed a cold green under the moonlight. She quietly walked to Lin Yi's side, looking at him as he slept. A complicated look flashed in her eyes, as if she was making her final internal struggle ...

Lin Yi pretended to be asleep on the surface, but he'd been paying attention to Yushu's every move the whole time. His heart jumped when he saw the knife in Yushu's hand!

Of course, Lin Yi wasn't afraid of the knife in Yushu's hand-he was just shocked. What was she doing with that knife?! In fact, Lin Yi had a rough idea of what was going on-was Shu trying to kill him?

That was the only explanation-why else would Yushu show up in his room with a knife? Especially when the sleeping pill, the resting grass, was in the chicken leg rice!

Yushu took a deep breath and raised the knife in her hand. Her heart was beating fast, and her breathing was rapid, causing her hand to tremble. It was obvious how intense her inner struggle was!

"Phew ..." Chen Yushu finally couldn't take the torture in her heart anymore. She put down the knife in her hand and panted heavily as she looked at the sleeping Lin Yi!

After a long while, Chen Yushu finally calmed down and raised the knife slowly, aiming at Lin Yi's chest!

At this point, Lin Yi was sure that Shu wanted to kill him! However, what was the reason? Lin Yi couldn't figure it out, he really couldn't!

Lin Yi would believe that Shu liked him, but he didn't really believe that she could assassinate him!

Yushu's behavior and their relationship had always made it impossible for something like this to happen, but something that couldn't happen just happened?

Lin Yi remembered the smell he smelled on the floor-it was like poison, and although it was wiped clean, there was still some residue. Lin Yi wasn't sure, and he couldn't lick the floor, but at this moment, Lin Yi guessed that Shu probably poisoned the tea as well!

Otherwise, Shu wouldn't be acting so weird, snatching the cup of tea from Mengyao and knocking it over when Mengyao wanted to drink it. This proved that Shu was conflicted inside, and it matched the situation.

Shu's heart must be conflicted-she must have her reasons for doing this!

Chapter 2415 Shu's Confession

Lin Yi was confused, but he couldn't think of a good reason.

"Al!" Shu seemed a little discouraged as she sighed and put the knife down. She looked at Lin Yi's eyes, her watery eyes filled with sadness. It was a sadness that she couldn't help but feel.

Lin Yi didn't move-he wanted to see what Shu was up to. With his strength, he could easily Dodge after Shu's blade fell! Plus, Lin Yi had the second stage of the art of Dragon mastery. Even if his heart was punctured, it wouldn't be a big problem as long as he recuperated in time.

"Shield bro ... I still can't do it ..." Chen Yushu mumbled and shook her head,""Shu likes you, and Yaoyao sis likes you too. If you die, Shu will be sad, and so will Yaoyao sis ... And Xiaoxiao and Yun sis, they'll all be sad ... Shu doesn't want them to be sad, and she doesn't want herself to be sad either, so ... Shu should just die ... But, I don't know if she'll drag ... Sigh!"

Lin Yi was a little surprised-Yushu too mumbling to herself, but why did she end up dying? As for who Yunyun sis was? Lin Yi didn't have the time to think about it-Yushu's voice was soft, too, so Lin Yi assumed that it was Yanyan sis, or perhaps Xinyan.

"Shield bro, Shu loves you!" Just as Lin Yi was wondering what was going on, Yushu suddenly lowered her body and sealed Lin Yi's mouth with her lips, like a Dragonfly skimming the surface of the water. She quickly separated her lips, as if she was afraid of waking Lin Yi.

Chen Yushu's sudden confession and bold action made Lin Yi very surprised! He felt that Shu liked him, but he'd never confessed to her so formally before, using the word "love" instead of "like"!

"Alright, although Shu wants to be a small wife for the rest of her life, she doesn't have Xiaoxiao's life. After she dies, she'll come to shield bro in her dreams and have sex with him!" Chen Yushu continued to talk to herself.

Lin Yi almost burst out laughing at Yushu's words-this girl was so sad just a moment ago, and now she was saying something so weird! Lin Yi was speechless.

After Yushu finished, she looked at Lin Yi for a moment before making up her mind and turning around, walking out of Lin Yi's room ... Her steps were heavy and determined, and her petite body made one's heart ache.

"Shu ..." Lin Yi couldn't take it anymore, he opened his eyes and called out to her ...

"Ah!" Chen Yushu was shocked, not expecting Lin Yi to wake up at this time. Her body subconsciously froze, and the knife in her hand fell to the ground, making a crisp "pa" sound, especially ear-piercing in the quiet night.

"Shu, what are you doing?" Lin Yi tried to sound as calm as he could, as if he'd just woken up. "What are you doing in my room in the middle of the night? What was that thing on the ground? Knife? Are you going to kill me?"

Lin Yi's tone was teasing as if he was joking, but Yushu was taken aback. "I ... I ... Yeah, what am I doing? Oh ... I know, Shu's sleepwalking ... She was dreaming just now, and she saw a little monster in shield bro's room, so she ran over to help shield bro fight the monster ..."

"Sleepwalking? You have this problem?" Lin Yi didn't expose Yushu's clumsy attempt to hide the truth.

"Oh, yeah, I think Shu's a little sick, she's always had problems with her body since she was young. Shield bro, can you help me take a look? Aren't you a Divine Doctor?" Chen Yushu turned around and extended her hand to Lin Yi.

Lin Yi looked at the hope in her eyes-it didn't look fake at all! This wasn't the first time Shu had asked him to check her body. There were a few times before, but Lin Yi didn't think much of it. However, Shu's sudden fever made Lin Yi suspicious!

Although Shu got better after taking some special medicine, and said that it was a childhood illness, Lin Yi was still confused. He'd never seen something like this before!

"Alright," he said. Lin Yi didn't say anything this time. He grabbed Yushu's hand and felt her pulse, checking it carefully.

However, Lin Yi came back with the results very quickly. Chen Yushu's body was very healthy, and there was nothing wrong with her body. If there was anything wrong with her body, it could only be said that she was too energetic, or that she was full of energy ... It couldn't be considered a problem at all ...

"Shu, you're not sick." "Plus, you're sleeping pretty well," Lin Yi said, "so you shouldn't be sleepwalking at all!" Also, in the chicken leg rice we ate at night, there was a medicine called calming grass. This medicine has the effect of calming the mind. After taking it, not to mention sleepwalking, you might not even be able to get up to go to the toilet, and it's not impossible for you to wet the bed!"

"Ah ... What resting grass ..." Chen Yushu was shocked, a flash of panic in her eyes. She didn't think that Lin Yi would be able to tell that there was resting grass in the chicken leg rice!

"You don't know?" Lin Yi asked.

"I ... Shu doesn't know anything ..." Chen Yushu gritted her teeth and didn't admit.

"Shu, you think you're sick?" Lin Yi didn't dwell on the question and asked.

"Maybe ..." Chen Yushu shook her head, ""Shield bro, you just woke up? Did I wake you up?"

"En ..." Lin Yi hesitated and decided not to expose Yushu! "Shu, you seem to have something on your mind?" he asked. Did you run into some trouble?"

"Ah ... I ... It's nothing, Shu can handle it herself. It's just that she's been having a nervous breakdown recently ..." Yushu said.

"Okay ..." He could tell that she was hiding something. She didn't want to say it, and Lin Yi didn't want to force it. Shu was like this-she'd tell you whatever she wanted to say without asking, but if she didn't want to say it, it was useless no matter how much you asked.

Besides, Lin Yi could tell that Yushu probably had her own reasons, and she didn't have any bad intentions towards him! If she really had bad intentions, she wouldn't have knocked over the cup the first time they had tea, and she wouldn't have hesitated to stab him the second time in his bedroom.

Perhaps she was forced into this, or perhaps she was threatened ... Lin Yi could only guess ...

Lin Yi didn't press her for an answer because he knew that Yushu was in big trouble!

Chapter 2416 New Student

Lin Yi knew what kind of person she was-he was the first person she'd think of when she got into trouble! But this time, she didn't. She had to solve it herself. This meant that this trouble was either something she could solve or something she couldn't solve herself!

Shu was an extremely smart person, and while she always looked like an idiot, Lin Yi knew that it was just her disguise. She wasn't an idiot after tearing it off!

But since Yushu didn't want to talk about it, it meant that she was in big trouble, big enough that even Lin Yi couldn't solve it! Or rather, she didn't want him to take any risks!

But since Yushu said she could handle it herself, Lin Yi didn't ask anymore.

"It's late, Shu. Go to bed, you still have school tomorrow. " Lin Yi said.

"En, en ..." Chen Yushu picked up the knife on the floor and walked out of Lin Yi's room quietly. But just as she was about to leave, she stopped and turned back hesitantly, ""Can I not tell Yaoyao sis?"

"Hmm?" Lin Yi blinked at Yushu's question, but smiled bitterly. It seemed like she knew everything ... But he still nodded. "Alright," he said.

The two didn't say it out loud, but they were both smart enough to understand each other's intentions. Yushu smiled and left the room ...

Lin Yi, on the other hand, couldn't fall asleep after Yushu left ... He didn't even have the mood to cultivate as he tossed and turned in bed, thinking about what happened today!

The next day, Shu and Yaoyao didn't wake up on time. Lin Yi didn't think much of it, but Shu was probably pretending to be asleep so that Yaoyao wouldn't know about her.

As expected, it was almost eight when Chu Mengyao and Chen Yushu rushed down the stairs in a daze. Chen Yushu shouted as she ran, "I'm late, I'm late, I overslept ..."

Lin Yi looked at Yushu's eye circles, surprised. With his experience as a doctor, he could tell that Yushu really had overslept and just woke up ... She probably didn't sleep last night and only overslept when they got home, different from Chu Mengyao who had taken the rest herb.

What troubled Lin Yi was the fact that Yushu could really fall asleep. So many things had happened yesterday that he couldn't sleep, yet she could still fall asleep? Could it be that yesterday's incident was really over? Could she really handle it?

But no matter what, Shu had returned to her old self, no longer as depressed as before. Perhaps she had thought things through, and while Lin Yi was relieved, he was worried.

"Up? I've already prepared breakfast. Have some and hurry to school. " "Han Jingjing came by just now," Lin Yi said, "I told her to leave without you guys."

Lin Yi, Mengyao, and Yushu were definitely late today, but the teachers didn't punish them too harshly when they were late for classes. Lin Yi's major was different-boss Bai's methods were special, but they didn't work on him.

Lin Yi was someone who passed his special test, so he could be late or take leave anytime he wanted. He wasn't restricted by the rules, and that was why he let Jingjing go first. Mengyao and Yushu, on the other hand, shouldn't have too many problems-the other faculties weren't as strict as boss Bai, after all.

"Oh, it smells so good ..." Shu walked into the kitchen and saw the poached egg and lean meat porridge Lin Yi prepared. She was drooling.

Chu Mengyao also noticed that Chen Yushu seemed to have returned to her usual liveliness, so she didn't ask about yesterday's incident anymore. She guessed that Chen Yushu was tired or had a cold.

After breakfast, the three of them went to school.

Lin Yi watched as Mengyao and Yushu left for the economics Department before he walked into the biology Building. He was a little nervous when he walked into the class, not because boss Bai was a teacher, but because he didn't know how to face Wang Xinyan, who had failed in her confession yesterday!

He wondered if Wang Xinyan would reject him and distance herself from him because of this. If that was the case, then the loss would outweigh the gain ...

Lin Yi took a deep breath and walked into the classroom, but to his surprise, boss Bai wasn't in the classroom! Although his classmates were all studying by themselves, boss Bai really didn't come!

Lin Yi wasn't afraid of boss Bai picking on him, but it'd be best if he didn't arrive late.

Lin Yi looked out the window and saw that Xinyan was still in her seat, with Jingjing sitting behind her. At least on the surface, there wasn't anything strange about it, and she was still sitting in the middle of the row, not on the side. She took Lin Yi's seat, which meant that she was rejecting Lin Yi from sitting next to her.

But Xinyan didn't do that, and that made Lin Yi relax. If she did, it'd be a problem for him to practice in the future.

And so, Lin Yi walked over to Xinyan's side naturally this time, and sat down right next to her.

Xinyan's face was the same as usual, reading her book as if she didn't care about Lin Yi sitting there at all. Lin Yi could tell from the slight movement of her eyelashes that she was quite nervous as well.

"Xinyan, thank you so much for yesterday." Lin Yi said, trying to find a topic to talk about. He'd already thanked Xinyan for this yesterday.

"It's nothing ... We're just good friends ..." Xinyan's voice was clearly nervous. "Alright, class is about to start, stop talking ..."

"Haha, okay then ... Let's go to class first ..." Lin Yi chuckled. He could tell that Xinyan was like a frightened bird, and he didn't want to provoke her anymore. It was best for everyone to be safe and sound in this situation.

But Lin Yi didn't know what Xinyan's real concern was. Was it from house Xiao or house Kang? Or was there some other reason?

Lin Yi didn't really believe that Xinyan didn't like him-their relationship was way beyond that of normal classmates, even better than best friends. If they were of the same gender, they'd be gay, but if they were of the opposite gender ... It was beyond friendship.

However, what happened next made Lin Yi even more surprised! Was it Wang Xinyan's doing, or was it a coincidence?

Because at that moment, boss Bai walked into the classroom, and the person behind him was house Kang's Kang Zhaolong!

Chapter 2417 Not Answering

But it didn't take long for Lin Yi to realize that it had nothing to do with Xinyan-she was just as shocked when she saw Zhaolong, as if she'd just seen something unbelievable!

"There was some delay today because I received a student." Boss Bai's voice rang out."Kang Zhaolong is also in our major, and he's everyone's senior. He's currently a Ph.D. Student under me, and he's currently writing his PhD thesis. He came to me today, saying that he wanted to find some inspiration in class. So, for the time being, he'll be a part of our class."

There was no reason for boss Bai to reject Zhaolong's request. Zhaolong wasn't one of his most outstanding students, but he was a very hardworking one. He worked his way up from an undergraduate to a Ph.D.

So when Zhaolong asked to come and listen, boss Bai agreed without hesitation.

"Hello everyone, I'm Kang Zhaolong. As your senior, if you have any problems in the medical field, feel free to come to me!" Zhaolong introduced himself generously, his eyes sweeping across the students below the stage and finally landing on Xinyan, who was next to Lin Yi.

Seeing Xinyan and Lin Yi sitting together made Zhaolong's heart burn with rage! This was his woman, sitting with his enemy-it was a huge insult to him!

But Zhaolong was a shrewd man-he wouldn't get angry in a situation like this. He only stared at Xinyan.

Xinyan felt Zhaolong's burning gaze on her, and she felt uncomfortable! Xinyan didn't expect Zhaolong to show up in her class! He'd just mentioned breaking off the engagement to his family yesterday, and Zhaolong was already here. Was he trying to give him a chance?

She wasn't worried that Zhaolong would "catch" her with Lin Yi, but she was worried that Zhaolong would use the sky elixir sect's power to harm Lin Yi! Then his good intentions would be in vain!

Zhaolong's arrival had caught her off guard. If she'd known that Zhaolong would come, she wouldn't have sat at the same table as Lin Yi, but it was too late now! Zhaolong's eyes were filled with possessiveness. How could Xinyan not feel it?

Lin Yi, on the other hand, slowly calmed down after a brief moment of surprise. Zhaolong was here? It wasn't just a coincidence anymore-why would house Kang be so bold as to send Zhaolong here?

Behind house Kang was the Hidden House you. Although Lin Yi couldn't do anything to the Hidden House you right now, the Hidden House you wouldn't dare to do anything to Lin Yi either! Especially after the Hidden House Summit, the house of you didn't dare to act rashly. This could be seen from the

fact that the Hidden House of you suffered losses one after another, but they still didn't dare to let out a fart.

Plus, the news of Lin Yi beating up elder bi had already spread, and it was weird for Zhaolong to be here! Was he really here for Wang Xinyan? With Lin Yi's understanding of house Kang, he couldn't believe that this was real!

Lin Yi hadn't interacted much with Zhaolong, but he could tell from the way he did things that he was a Black-bellied man. He couldn't believe that someone like him would come to the trouble when house Kang was on the decline!

With that thought, Lin Yi raised his head and looked at Zhaolong indifferently. His sharp eyes made Zhaolong shiver, and he didn't dare to look in Lin Yi's direction again ...

Zhaolong was furious, but he didn't dare to look Lin Yi in the eye. The Kangs were full of confidence right now, but that was because of house you's lies. Zhaoming was being very careful and didn't give any clear support, so Zhaolong didn't dare to really fight Lin Yi!

However, he wasn't afraid of Lin Yi. He didn't come here to go against Lin Yi. He just wanted to take his fiancée from Lin Yi's hands and humiliate him! After all, he was on the side of reason-he was engaged to Wang Xinyan, and they were in boss Bai's class. He believed that Lin Yi wouldn't do anything to him-that was the rule!

In fact, this was also because he had been suppressed for too long, and he had the thoughts of a villain! Under Lin Yi's suppression, house Kang had not even had a chance to breathe! House Kang had been going downhill ever since Lin Yi brought Xiaobo and that B * tch to miracle doctor Kang's birthday party. Now that they could turn things around, they could cheer up.

And so Zhaolong ignored Lin Yi's cold glare and strode towards Panhu's seat. You Panhu was the one sitting today, his two underlings, yellow-hair and purple-hair, were sitting behind him, giving the seat to Zhaolong.

After Zhaolong sat down, boss Bai started his class.

Lin Yi didn't think much of him, but Xinyan was obviously a little uncomfortable with that, a worried look on her face.

"Xinyan, you don't want to marry Zhaolong, do you?" Lin Yi could tell that she was worried, so he asked.

"Ah!" Xinyan jumped, not expecting Lin Yi to ask this out of the blue ... She thought that she'd harden her heart in front of Lin Yi and lie to him, saying that she didn't like him, that they were only good friends, and that she had a marriage contract!

But when the words reached her mouth, it wasn't as straightforward as yesterday. She stammered, not knowing what to say. She couldn't lie to Lin Yi, after all.

And so, Xinyan was in a difficult position-she hesitated for a long while before saying, "Lin Yi, we're good friends, and we're not afraid of a shadow. Zhaolong may be my fiancé, but he can't cause me trouble because of that. I won't allow him to restrict my freedom to make friends."

"I ..." Lin Yi didn't know whether to laugh or cry at Xinyan's non-answer. This made her even more confused! Logically speaking, Xinyan had a fiancé, and if she was really on his side, she wouldn't get too close to Lin Yi, let alone sit with him in school!

But if Xinyan didn't like Zhaolong, why did she marry him? And she kept saying that she had a fiancé, and emphasized that they were just friends?

"Let's go to class. You haven't been here for a long time. You must have missed a lot of classes, right? These are the notes I've taken down before, you can make a copy. " Xinyan said calmly as she pushed her notes to Lin Yi.

Chapter 2418 Killing Two Birds With One Stone

"Okay, thank you ..." Lin Yi nodded helplessly and stopped talking about it.

It was just that what Lin Yi studied were the unique opinions that boss Bai brought up in class, along with some random articles that were mentioned occasionally, which gave Lin Yi a refreshing feeling. As for Wang Xinyan's notes, they were all stiff knowledge, but Lin Yi knew all of them, and so he closed the notes after a few pages.

Right now, Lin Yi's main goal was to train. As for the medical knowledge, Lin Yi didn't really care about it. His own medical skills were enough for daily treatment, and he couldn't become an Alchemist yet, so he wasn't in the mood to learn. Training was his goal, so he should take this opportunity and train hard!

Xinyan knew that Lin Yi was practicing when she saw him closing his eyes. She took off her jacket after some hesitation and moved her body closer to Lin Yi as if it wasn't a big deal, but her trembling body betrayed her. Lin Yi's eyes were closed, but he could still sense everything around him, even the new ideas that boss Bai had suggested.

Xinyan's actions calmed Lin Yi down, but at the same time, he was a little confused. If Xinyan was still the same as before, and didn't rule out the possibility of helping him cultivate in such an embarrassing way, then why was she still talking about Zhaolong?

He couldn't figure it out yet, so he decided to just leave it at that and observe her for the time being. He didn't want to guess the girl's thoughts-it'd only make things more complicated.

Boss Bai was used to Lin Yi closing his eyes in class like this, but Lin Yi had passed his test-it didn't matter if he didn't come to class, of course.

Zhaolong sat down next to coiling Tiger. Zhaoming felt honored to have been accepted as the fifth elder's last disciple, and his status rose a lot without him realizing it, but Zhaolong didn't dare act too presumptuously in front of coiling Tiger!

He wasn't an idiot. House Kang might look strong now, but no matter what, their Foundation was too weak. House you was an old hidden Noble House, and an alchemy Noble House. The sky elixir sect valued them a lot, so naturally, house Kang couldn't compare to them.

Of course, if Zhaoming really did become one of the sky elixir sect's elders one day, Zhaolong wouldn't have to lower himself to coiling Tiger anymore.

"Brother you, it's our first time meeting. Please take care of me!" Although the two of them had spoken on the phone before, this was the first time they had met. They had only seen photos before.

"Hehe, brother Kang must be joking. In the future, it will be brother Kang who will take care of our you family!" Yu Panhu wasn't the Head of House you-he'd be an elder at most. Zhaolong, on the other hand, was different-Zhaoming had gone to the sky elixir sect as an elder, and he couldn't return to house Kang as the head anymore. That meant Zhaolong would be the Head of House Kang, and there was no one else.

"We'll take care of each other," "Right, brother you, I heard that Wang Xinyan and Lin Yi are pretty close?" Zhaolong smiled.

"En, they're pretty close." "Kang bro, I need to remind you about this. Wang Xinyan is your fiancée, after all. It's not right for her to be with Lin Yi!"

"That's right, brother you, you know our house's situation. We used to be a bottom-tier house, and that's because of my brother Zhaoming. He's the one who made it big now, so I'm not Lin Yi's match if I fight him head on!" Zhaolong didn't hide anything and told the truth,"Lin Yi's a practitioner, after all-even if Zhaoming comes for revenge, I'd still be at a disadvantage if I fought him!"

"That's true!" Youpan Hu nodded,"I'll be honest with you. Lin Yi's a weird kid. I've lost a bit to him too. If it's a fight, we're no match for him. Unless a Sky Class master makes a move, we're no match for him!" You know the Hidden House Zhao, right? Even their Earth Class late phase peak elder bi was crippled by Lin Yi in one move-this kid's strength ... Even Sky Class early phase won't be his match!"

"Hiss ..." Zhaolong took a deep breath, his mind clearing up! Even Sky Class early phase was no match for him? Fortunately, he had not provoked him. Otherwise, he would not even know how he died!

"But you don't have to worry." "You know the rules in boss Bai's class, and so do Lin Yi. He wouldn't do anything to you!" Yu Panhu waved his hand. He could use underhanded tactics, but boss Bai would definitely not agree to it if he really did it! What boss Bai hates the most is the killing of fellow disciples!"

"That's true ..." Zhaolong understood this point. "But, what's boss Bai's background? Can it intimidate Lin Yi?"

"Boss Bai, hehe, the sky elixir sect is awesome, right?" Right Panhu paused for a moment before continuing, ""Even the sky elixir sect's old ancestor, heaven, earth, and people respect him very much. He used to be a pill master at the peak of the pugilist world. I heard that he came from a higher level, but that's just a rumor. No one knows."

"Oh?" Zhaolong blinked. He knew that boss Bai was good, but that was only limited to the academic world. He didn't know that boss Bai used to have such a prominent position! "Then how did he become an ordinary teacher?"

"It seems that he didn't control it well when he was refining the elixir, and his meridians were injured due to Qi deviation ..." "I'm not too sure about the details, but you know he's very powerful. Lin Yi wouldn't dare to hurt us!"

"That's good!" Zhaolong let out a breath of relief as he started thinking about how he could get Xinyan and embarrass Lin Yi.

"Lin Yi's not only close to Wang Xinyan, he's close to Han Jingjing as well. I'm going to pursue Han Jingjing, and Lin Yi won't be able to take care of both sides at the same time. I'll go with you, and it'll be a favor for Kang bro!" Youpan Hu had wanted to mess with Lin Yi for a long time, and getting in touch with Han Jingjing was his family's mission. He couldn't let go of this opportunity to kill two birds with one stone.

"Great!" Zhaolong was overjoyed. "This way, Lin Yi's surrounded by enemies-he can only care about one but not the other. He'll make mistakes if we pursue him together!"

"I think so too, but we still have to plan how to start." You Panhu said.

Chapter 2419 Shu's Excuse

"That's easy. My brother is an expert at picking up girls. I'll give him a call and ask if he has any good ideas. We can learn from him." Zhaolong had never hit on a girl before, and he'd always paid attention to his image so that he'd stand out from Zhaoming's side. It seemed like this was his weakness now!

But things were always so unpredictable. Zhaolong sighed in relief at his brother's good luck-he was the future Head of House Kang now, and house Kang could rise to greater heights because of Zhaoming!

"Alright!" You Panhu nodded. He was the young master of house you, and he'd never wooed a woman before. It was always the women throwing themselves at him, so he didn't have much experience in this area. Plus, he couldn't let go of the chance to get close to Kang Zhaoming ...

Meanwhile, the two best bad friends had come to a preliminary agreement. The two looked at each other and smiled slyly. It had to be said that Zhaolong had started to take the sleazy path after the competition was over.

In a remote corner of the school, a Mercedes-Benz R350 was parked. Chen Yushu opened the door nervously and got in.

"You're here?" In the car, an old man saw Chen Yushu and said,""How is Lin Yi still alive? Did you take action?"

"I ..." Yushu sighed helplessly, ""It's not that I didn't do it, it's just that Lin Yi's too strong, the rest in peace grass has no effect on him ..."

"Impossible!" The old man smacked the armrest Box in the middle of the car seat and immediately shouted angrily, ""This resting grass was given to us by the sky elixir sect, it's effective for any practitioner, how could it not be effective for Lin Yi? I think you've developed feelings for him and don't want to fight, right?"

This old man was the favorite of house Yu's elder, Yu Yi! He was the mysterious old man who appeared at the mall and teahouse, and the girl was Chen Yushu.

"It really didn't work ..." Yushu said carefully, ""Lin Yi's too strong, the herb really didn't work on him ... And I almost exposed myself ... So, it's best not to go after Lin Yi, what if you get yourself into trouble and Lin Yi takes his anger out on house Yu ..."

"House Yu has ... Their back, why would they be afraid of him?" Yu Yi hmped.

"Lin Yi crippled the Hidden House Zhao's elder bi in one move-I think you can only last two moves as well." Yushu's voice was a little shaky, but she still said it.

"..." Yu Yi fell silent at the mention of elder bi-he was only sky Class early phase, only one step away from elder bi. The difference between Earth Class and Sky Class wasn't that big, but it wasn't small either, and so Yu Yi was a little worried.

Especially after hearing from elder Yu about Lin Yi's shocking performance in the noble House meeting-even he wasn't sure if he could win, and needed a few Sky Class Masters to gang up on him. Naturally, Yu Yi wouldn't be able to win!

If a Sky Class master could really take down Lin Yi, then house Yu wouldn't risk exposing themselves by using Yushu as a chess piece-they'd just let Yu Yi Do it! But elder Yu didn't dare, and elder bi was a good example!

He didn't even dare to say that he could cripple elder bi in one move, but Lin Yi did it. Didn't that mean that Lin Yi was stronger than him?

"Are you speaking up for him?" Yu Yi was a little scared, but he knew that there was a lot of stuff going on between Lin Yi and Yushu. Naturally, he wouldn't believe Yushu so easily.

"I have a recording here, listen to it ..." Chen Yushu didn't argue. She took out her phone and played the recording ...

"Oh?" Yu Yi blinked and nodded as he listened to the recording.

"Shu, what are you doing? What are you doing in my room in the middle of the night? What was that thing on the ground? Knife? Are you going to kill me?" Lin Yi's voice came out of Yushu's phone.

"I ... I ... Yeah, what am I doing? "Oh I know, Shu's sleepwalking She was dreaming earlier, and she saw a little monster in shield bro's room, so she ran over to help shield bro fight the monster"

"Sleepwalking? You have this problem?" Lin Yi's voice.

"Oh, yeah, I think Shu's a little sick, she's always had problems with her body since she was young. Shield bro, can you help me take a look? Aren't you a Divine Doctor?" It was Chen Yushu's voice.

"Okay, Shu, you're not sick. And you should be sleeping very well. In theory, you shouldn't be sleepwalking! Also, in the chicken leg rice we ate at night, there was a medicine called calming grass. This medicine has the effect of calming the mind. After taking it, not to mention sleepwalking, you might not even be able to get up to go to the toilet, and it's not impossible for you to wet the bed!" Lin Yi's voice.

"Ah ... What resting grass ..." Chen Yushu's voice.

"You don't know?" Lin Yi's voice.

"I ... Shu doesn't know anything ..." Chen Yushu's voice.

"Shu, you think you're sick?" Lin Yi's voice.

"Maybe ... Shield bro, you just woke up? Did I wake you up?" It was Chen Yushu's voice.

There wasn't any more after that-Chen Yushu had cut it off, but these recordings were enough to prove that Lin Yi wasn't affected by the calming grass. Not only that, but he was starting to suspect Chen Yushu.

After listening to the recording, Yu Yi's face was a lot darker than before. He was still suspicious of Chen Yushu's words, but now he was no longer suspicious. He could recognize Lin Yi's voice, and since Lin Yi could call out the name of the calming grass, it was obvious that he was on guard. It seemed that Lin Yi was not only strong in cultivation, but also in medicine.

"I told you, Lin Yi's not that easy to deal with. I almost exposed myself, and if I piss him off and he kills house Yu, who's going to take the responsibility?" "Even if house Yu has someone backing them up, are you going to wait until all of you are dead before taking revenge on Lin Yi?" Yushu asked.

"This is a serious matter, I need to discuss it with the head of the house ..." Yu Yi was silent for a while before getting out of the car and calling the elder.

Yushu only let out a breath of relief when she saw that Yu Yi had gone to make the call. Shield bro, this is the only time Shu can buy for you. I hope you work hard on your training ...

Yu Yi was on the phone for a full twenty minutes before he got in the car.

Chapter 2420 Sad Past

Yushu's heart tightened for no reason when she saw Yu Yi, but she kept her composure.

Yu Yi closed the door and spoke to Yushu with a dark face, "The elderly head is very angry. You didn't handle this matter well!"

"I don't have a choice, Lin Yi's too strong, what can I do? If you don't give me the antidote and let me die from the heat, I can only accept my fate. " Chen Yushu was a little nervous here. She laid out a bunch of facts about Lin Yi's strength in order to save her life. After all, no one wants to die. "

"The old master will give you one more chance since you're not at fault." Said Yu Yi.

"Oh?" Yushu didn't think that she'd be right-house Yu didn't have any intention of killing her, but she maintained her composure and asked, "What chance?"

"Keep an eye on Lin Yi!" "Don't allow Lin Yi to have any contact with our Yu Ning! If there's anything, tell us immediately!" Yu Yi said.

"Yu Ning?" "What's his relationship with Yuning?" Yushu asked, stunned.

"You don't know?" Yu Yi was surprised as well-he didn't think that Yushu didn't know about Lin Yi and Yu Ning.

"What do I know?" "Lin Yi knows people from house Yu?" Yushu was even more confused.

"You don't need to know so much!" Yu Yi hmphed coldly, "you just need to be clear. Don't let him have any contact with Yu Ning. Otherwise, we'll stop supplying you with the medicine!"

"Oh ... Alright." Chen Yushu nodded.

"Don't forget your identity! You're our house Yu's spy in the common world-if you want to get rid of the fire poison and meet your parents, you'll have to listen to our arrangements!" Said Yu Yi.

"Oh ... My parents ... How are they?" A flash of sadness crossed Yushu's eyes-she'd never seen her parents before, and she didn't even know who they were. What a tragedy! The only thing she knew was that they were locked up by house Yu ...

"If you're good, they'll naturally be good. If you're bad, they'll naturally be buried with you!" Yu Yi said faintly.

"Oh ..." Chen Yushu sighed. Every time she asked, she got the same answer. If she didn't secretly take Chen Yutian's blood for a DNA test, she wouldn't even believe that she wasn't Chen Yutian's sister!

However, she didn't dare to ask the Chen family's parents about the truth, much less old master Chen! She was afraid that house Yu would see through her and harm her parents! House Yu didn't allow her to reveal this secret.

"I'm giving you the chance to redeem yourself. You know the rules, don't fall in love with Lin Yi, and don't lose your virginity. Otherwise, you'll die, and so will your parents. " Yu Yi warned.

"Oh ..." Chen Yushu nodded.

"Alright, it's about time. You can go back." Yu Yi said faintly.

"Oh ..." Chen Yushu pushed open the door and got out, her undergarments were completely soaked in sweat ... She had been through a life and death situation in just half an hour,""Phew ..."

Yushu let out a long sigh, trying her best to calm herself down. The silly and sneaky smile returned to her face as she walked towards the economics building ...

"Let's go, Yusi. " Yu Yi said to the driver.

"Yes, big brother," Yu Si replied.

"We're both young misses, but our fates are completely different ..." Yu Yi sighed.

"Big brother, what did you just say?" Yu Si paused, not understanding what Yu Yi was saying.

"Nothing. Let's go." Yu Yi naturally wouldn't explain anything to Yu Si-there were many things that house Yu kept top secret, only he, elder Yu, and the current head of the house, Yu Xiaochen.

"Alright," he said. Yu Si didn't ask further-he understood house Yu's rules.

Chen Yushu returned to the class and sat down beside Chu Mengyao after informing the teacher.

"Shu, what's wrong with you? you were in the bathroom for half an hour?" Mengyao looked at the time on her phone and asked.

"Oh, I woke up in a hurry this morning and forgot to use the bathroom ..." Chen Yushu stuck out her tongue.

"That's too long, why didn't you fall in!" Mengyao didn't ask any more questions and continued to listen.

"Hehe ..." Yushu said,"I almost fell in."

The class ended quickly, and Lin Yi finished his practtitioning. He opened his eyes and was about to say something to Xinyan when he saw Panhu and Zhaolong walking towards him.

"Xinyan, let's go out for a walk?" Zhaolong walked over to Lin Yi's table as if there was no one else around, extending his hand to Xinyan as if he didn't even care about Lin Yi.

"Han Jingjing, how's your alchemy studies going? Let's have an exchange?" At the same time, you Panhu sat down beside han Jingjing and asked her.

Lin Yi couldn't help but frown-what were these two up to? One was trying to get close to Wang Xinyan, and the other was trying to get close to han Jingjing. Were the two of them prepared?

"I'm sorry, I want to read. " Xinyan didn't show much disgust or enthusiasm towards Zhaolong. She just waved the book in her hand calmly.

"Hehe, Xinyan, we're a couple after all. It's been so long since we've seen each other, aren't you going to give me a chance?" Zhaolong said with a smile.

"I'm sorry, the final exams are coming up and I have to study hard. There are still many questions that I have not answered. " Wang Xinyan maintained her smile and spoke in a neutral tone.

"Is that so ... Hehe, I'm a doctor after all. If you have any questions you don't know, you can ask me, I'll help you answer them." Zhaolong was quick to react-Xinyan wanted to study, and he had a way to get in touch with her. He smiled and sat in front of Lin Yi.

It was a break, and the students in front of Lin Yi were out for some exercise-this was a good opportunity for Zhaolong.

"Oh, that's fine too," Xinyan flipped open her notes and pushed a question in front of Zhaolong."Then I'll have to trouble professor Kang to help me analyze this problem. In this prescription, what is the use of the charred betel nut? can it be replaced with other Chinese medicine? After the replacement, will the medicinal effect be better or weaker than the previous formula?"

"Let me see ..." Zhaolong took Xinyan's notes, but his face changed when he looked at the question! It was a very remote prescription that Zhaolong had never even seen before!
