

Bodyguard 2421

Chapter 2421 Easily Resolved

He didn't even know what the prescription was for, let alone the medicinal properties of these herbs combined together, let alone replacing one of them.

Cold sweat started forming on Zhaolong's forehead after a while! But Zhaolong was a professor, after all. He didn't know what the recipe meant, but he knew what betel nut was. "This is a type of the four immortals of the Jiao family. The so-called four Immortals of the Jiao family are the four kinds of herbs, namely, the four kinds of sugar, sugar, sugar, sugar, sugar, sugar, and sugar. The medicinal effects of these four herbs are very similar. Therefore, this betel nut can be replaced with any of the other three herbs from the Jiao four Immortals. As for the effect, it should be similar!"

"Is that so?" Wang Xinyan nodded thoughtfully. "But, what does this prescription mean? Why can't I understand it?"

"This prescription is basically used to treat insatiable food and insatiable appetite. It should also have the effect of soothing the liver and soothing the stomach." Zhaolong said casually.

"After you changed it, the effect of the prescription was greatly reduced! This is simply a prescription to stop diarrhea and diarrhea. The charred betel nut has the effect of stopping diarrhea and diarrhea, where else can we find the other medicine you mentioned?" Lin Yi said faintly as he glanced at Zhaolong.

"You ... Then tell me, what does this prescription mean?" Zhaolong's face turned pale at Lin Yi's words. Lin Yi was right, the betel nut did have an additional effect, but he felt that Lin Yi was being unreasonable. Why did he say that the prescription was for diarrhea?

"You don't understand this recipe? I thought this was what house Kang was best at. " Lin Yi looked at Zhaolong and explained,"Split this prescription into two. One is for stopping diarrhea and treating diarrhea, and the other is for nourishing the body after stopping diarrhea and treating diarrhea."

"Ah?" Zhaolong blinked. He looked at it closely-wasn't that the case? He was previously bound by the idea that one prescription had one effect. He didn't think that these two unrelated prescriptions were combined together, so it was normal that he couldn't understand it.

However, Lin Yi's claim that house Kang was the best at this made Zhaolong look bad. House Kang's weight-loss medicine was the same trick, and it was exposed by miracle doctor Guan's medical company, which became the biggest shame for the company.

"Eh? So it was that simple ..."Xinyan was enlightened-she'd been thinking about this question for days, and it was one of the questions boss Bai had given her, but she hadn't come up with a standard answer yet.

It was said that in the bonus questions of the final exam, two questions would be randomly selected from the bonus questions that boss Bai usually assigned as one of the questions. However, these questions were very strange, and boss Bai wouldn't answer them. They had to wait until the end of the exam to solve them, so the students could only think about it themselves.

Xinyan was about to ask Lin Yi, but remembered that he hadn't been to class for a long time, so she didn't ask. Zhaolong was the one who'd put himself in danger.

Xinyan's "that's easy" came from the bottom of her heart, but Zhaolong thought it was ironic. He was a Ph.D. Student, after all, and his knowledge was a world apart from those normal first year students!

Zhaolong couldn't get angry at Lin Yi for stealing his spotlight, and he couldn't turn the tables.

"Professor Kang, you'd better go back and study hard, in case you can't pass the thesis." Lin Yi said faintly.

"Ha ... This kind of question is actually a brain teasers. It's not common in daily medical practice and research, so it shouldn't be used as a standard for knowledge!" Zhaolong laughed, "it's normal that even those doctors on TV can't solve brain teasers."

However, Zhaolong was just trying to find an excuse for his mistake. It would be too embarrassing for him to stay here any longer, so he left with his tail between his legs after a few words.

Right Panhu, on the other hand, had a bitter look on his face! No matter what he said, han Jingjing simply ignored him!

At this moment, han Jingjing was calculating something on her tablet computer. Her expression was very engrossed, as if she did not care about what was happening outside and was only focused on reading the books of the sages. No matter what right plate Tiger said, she remained expressionless and did not even raise her eyebrows!

In such a situation, even if right coiling Tiger was eloquent, Han Jing Jing pretended to be deaf.

"Right coiling Tiger, are you telling a story?" Lin Yi turned to youpan Hu after he was done with Zhaolong.

"Haha, of course not. I just wanted to discuss with student han Jingjing about the experience of being an Alchemist. After all, we're all alchemists. It's better to have more exchanges with each other." You Panhu said.

"Oh, actually, han Jingjing has recently encountered a bottleneck in pill refining. She's very engrossed in calculating some things. It's normal that she doesn't hear what you're saying. She often doesn't hear me when I talk to her." Lin Yi explained, and as if he was afraid that right coiling Tiger wouldn't believe him, he called out, "Han Jingjing?"

Han Jingjing did not answer and continued to calculate.

"Is that so ..." Right-hand Tiger nodded doubtfully. After all, Lin Yi called out to han Jingjing and she didn't answer. It was possible that she was engrossed.

"Yup," Lin Yi nodded seriously, laughing inside. Han Jingjing wasn't stupid, she knew how to cooperate with him.

"What kind of bottleneck did she encounter? Tell me about it, I'll go back and consult my grandfather. I'll tell her after some discussion." You Panhu asked, unwilling to give up.

"She did run into some trouble, but she didn't want to trouble others." "Because it's quite troublesome," Lin Yi said, pretending to be in a difficult position. "I can't do anything about it."

"Eh? Even you can 't?" Coiled Tiger perked up at the words-he'd seen how Lin Yi had taken down Zhaolong, and he was worried that Lin Yi would do the same thing to him!

So, Yu Panhu was very careful. When he heard Lin Yi say that han Jingjing was in trouble, he didn't say that he could solve it himself, but said that he would discuss it with his grandfather, in case Lin Yi brought out a difficult problem to make it difficult for him.

However, he was happy to hear that Lin Yi couldn't do anything about it!

"Yeah, but han Jingjing thinks that this matter is quite troublesome. It's better not to trouble you. She can take her time to resolve it." Lin Yi said.

Chapter 2422 Winter Tour

"I say, Lin Yi, you're not han Jingjing, how do you know she doesn't want to trouble me? Besides, we're all classmates. It's my duty to help her solve some problems. " You Panhu's heart moved as he said this.

He thought that Lin Yi wanted him to leave as soon as possible, but he wasn't going to let Lin Yi have his way! After all, he had learned from Zhaolong's experience. He had been ordered by his family to get close to han Jingjing to see how good her pill refining skills were, so he naturally wouldn't give up easily.

"I'm afraid that you won't be able to help me after I tell you. I'm afraid that you'll lose face. You really don't know what's good for you!" Lin Yi said.

"F * ck, I already said that I can't help. I'll ask my grandfather to help. He can definitely help!" "You're not me, how do you know I'll lose face?" you Panhu said angrily. Besides, with our you family's strength, there's really nothing we can't help with in alchemy!"

The reason why you Panhu was so confident was because the you family had the sky elixir sect's support. If the you family couldn't do it, the sky elixir sect could, right? That was why he made such a big promise.

"Alright then, since you've said so, I'll tell you the truth." "Actually, han Jingjing wasted all the ingredients you gave her before," Lin Yi said, "she's really depressed now that she doesn't have any more ingredients to practice her alchemy skills. She can only pretend to be refining pills on her tablet!" If you want to help her, then get her some materials for second grade pills! Of course, it's better to have the materials for a third-grade pill. "

"Gah!?" Youpan Hu's mouth dropped open at Lin Yi's words, and he was caught in a dilemma! Materials? The materials he'd taken out before were already worth quite a bit, and there were quite a few rare ones, too-and Lin Yi was asking for more! He didn't know what to do!

He had already said that he could not solve it, but his grandfather could. He, right coiling Tiger, couldn't make the decision regarding the matter of the materials, but couldn't his grandfather? The key problem was that they could make the decision, but the you family would suffer a big loss!

Besides, if han Jingjing had brought it up first, he could've just clenched his teeth and discussed it with his grandfather. He could've just given her the materials and get closer to her, but this was what Lin Yi wanted. It was different from him giving it to han Jingjing. This naturally put him in a difficult position.

However, if he didn't give it, he had already said what he wanted. Moreover, if he were to lose face and leave this time, he wouldn't be able to get close to him again. Therefore, right Panhu gritted his teeth

and could only say, "It's just materials, right? Of course, as an alchemy family, our you family can get as many materials as we want. Alright, I'll go back and discuss it with my grandfather. We'll see if we can get some ingredients for han Jingjing. We alchemists should help each other!"

"Oh, it's okay. If you don't want to give it to me after you go back, I can understand. Just brush it off and say that your grandfather didn't agree. Those materials are quite expensive. I don't think your family can afford it." Lin Yi said faintly.

"! That was what Yu Panhu was thinking. He wanted to go back and study it for a few days, then bring out some materials as a token. He wanted to say that even if his Grandpa didn't agree, he couldn't do anything about it. However, since Lin Yi mentioned it, he naturally couldn't do that anymore. He could only say awkwardly, "Why would I? Don't worry, I'll definitely bring back the same amount of materials as last time!"

"Oh, then I'll thank you on behalf of han Jingjing." "Class's starting-you should head back too, you Panhu," Lin Yi said.

"Ah ... Class's starting, okay ..." Right coiled Tiger was a little depressed. He couldn't even talk to han Jingjing, and he'd been wasting time with Lin Yi. Not only did he fail to get close to han Jingjing, but he'd also lost a bunch of materials first. He was really unlucky.

He stood up helplessly and walked back to his seat. Boss Bai also walked into the classroom at this time.

"Everyone, I just received a notice from the school. This weekend, our Biology Department will be organizing a winter trip. The event will be held at the natural ski resort in Jidun city near Donghai city. Although the Department doesn't require all students to participate, our major only has so many students. I hope that everyone will participate. Otherwise, it won't be good if there are too few of us." Boss Bai said directly, "as for the fees, the other specializations charge a fixed fee, but our class is

different. Everyone can pay as much as they want. There's no upper limit or lower limit. Those who have money can pay more, those who don't can pay less, or even those who don't. If it's not enough, you can make it up from the class fees, and the extra money will go to the class fees."

Boss Bai did this because he wanted everyone to attend, so that they would not be held back by the cost and time. However, those who were able to study in boss Bai's class all had families with some influence, and they were all famous in the medical world, so this little travel fee was really nothing!

"Hehe, as everyone's senior, I naturally respond to Mr. Bai's call. I'll take out ten thousand first. For the students who are poor, I'll bear the cost!" Zhaolong said after boss Bai finished. "Boss Bai hopes that everyone can participate in the group activity. We can't disappoint boss Bai's good intentions!"

There was a reason why he was so eager to donate. Zhaolong had been worried that he wouldn't have a chance to get in touch with Xinyan, and now the school was organizing a winter trip. How could he not be happy? He was afraid that Xinyan wouldn't go, and that was why he stood up and said that. Now that even the poor students were going, what reason would Xinyan have to reject him?

As for how to get close to Xinyan during the winter vacation, Zhaolong didn't have time to think about it, but he knew he'd find a way.

Boss Bai was quite pleased with Zhaolong's actions. He was a little disapproving of the harmful drugs that miracle doctor Kang's medical company had created, but Zhaolong was his student, after all. He didn't know that Zhaolong was actually involved in the family business, and thought that it was miracle doctor Kang who started it, so he didn't really have much of an opinion about Zhaolong.

"Zhaolong, you've made a good start, but ten thousand is more or less enough for the whole class. Since you're so generous, then it's settled. No one has to pay." Boss Bai didn't hate Zhaolong, but he felt that

the money Zhaolong had was all black-hearted money earned by house Kang. It would be a waste not to spend it. Since Zhaolong was so generous, he might as well let him pay for all the expenses.

Chapter 2423 House Yu's New Movement

"Haha, since brother Kang is so generous, I, right coiling Tiger, can't be stingy either. I'll also sponsor 10000!" Youpan Hu had finally found an opportunity to show off, and he couldn't let it go. He wanted to build a good relationship with boss Bai, so he naturally had to join in.

"Alright, since you've paid for it, you don't have to pay for your own meals. You can pay for it from your ten thousand Yuan." Boss Bai was quite satisfied with you Panhu's performance. Although this guy was a little dandy, he was still very active in class activities.

Lin Yi looked at Zhaolong and Panhu coldly. These two were in cahoots the moment they arrived! No wonder Zhaolong came back to pursue Xinyan. Did house Kang hook up with house you?

That explained why house Kang made those harmful prescriptions before-it was probably house you who made them and let house Kang produce and sell them.

However, Lin Yi still needed to observe the relationship between house Kangs and house you. The most important thing was, should he go for the winter vacation?

Lin Yi looked at Wang Xinyan and lowered his voice, "Winter vacation, are you going?"

"It's a school activity ... Of course I have to go ..." Wang Xinyan said softly, a little nervous.

"Oh, then I'll go too." Lin Yi was looking at Wang Xinyan-if she was going, then he'd go as well. He didn't have much of a chance to improve their relationship anyway, and it'd be great if they could resolve the awkwardness between them during the winter vacation.

Xinyan didn't say anything on the surface, pretending to be calm as she picked up her textbook. However, she was helpless inside. Zhaolong was in her class now, and the war between him and Lin Yi was bound to start. She could tell from Lin Yi's tone when he helped solve the question that he didn't like Zhaolong very much.

But Xinyan couldn't say it out loud-she didn't want to hurt Lin Yi's pride. As far as she knew, Lin Yi was a very prideful person, and she didn't want Lin Yi to go against house Kang too early if she told him the truth. It'd bring him unnecessary trouble!

As long as they could endure it for four years, Xinyan believed that with her help and Lin Yi's diligent training, it wouldn't be hard for them to stand above the ancient sects! Looking at his development in the past year, Lin Yi went from a small figure who couldn't even fight against the common houses to someone who could almost fight against the hidden houses. Four years ... It seemed like they had underestimated Lin Yi.

But no matter what, now wasn't the time for Lin Yi to go against the sky elixir sect, and so she chose to stay silent.

As boss Bai began his lesson, Zhaolong and Panhu started studying quietly.

"Kang bro, this winter trip is a great opportunity-if you're going after Xinyan, we should start planning." You Panhu said.

"That's natural. " Zhaolong nodded."That's what I meant when I donated. This is a good opportunity. Let's see how we can make use of it."

"I have a good idea, I wonder if brother Kang would like to hear it?" Right coiling Tiger and han Jingjing's relationship couldn't be improved so quickly. After all, he was different from Zhaolong. Zhaolong and Wang Xinyan were officially engaged, while he and han Jingjing weren't even friends. So, he didn't really have much intention of trying to get close to han Jingjing during the winter vacation. He only donated money to please boss Bai.

"Younger brother you, just say it. This big brother is really a noob in picking up girls." Zhaolong asked shamelessly.

"My idea is actually very simple. Let's go to Jidun city's natural ski resort first and look at the environment there, then think of a way to create some romantic events." "Don't girls like romantic stuff?"Yu Panhu asked. Xinyan's your fiancée, too-you should invite her more often, and we'll do some romantic things together. I don't think it'll be a problem. "

"Well said!" Zhaolong nodded, convinced. I originally wanted to ask my brother, but brother you, what you said is also very reasonable. Then let's go and inspect it in the afternoon first?"

"Alright! I'll go with you. " Yu Panhu didn't just want to build a relationship with boss Bai and han Jingjing, building a relationship with Kang Zhaolong was just as important, so he agreed without hesitation.

He came up with this idea to get closer to Zhaolong.

.....

Hidden house Yu, Yu Yi immediately reported Yushu and Lin Yi's situation to the old ancestor and Yu Xiaochen.

In the secret room, the elder of house Yu frowned as if he was considering the possibility. After a while, he sighed, ""Forget it, if Lin Yi can't kill her for now, then let's not kill her. Letting Yushu stay with him will also be a restraint for him. As long as he doesn't meet Yu Ning and don't come into contact with her, the two of them shouldn't do anything that will catch us off guard."

The old ancestor was just comforting himself-he didn't have the ability to kill Lin Yi now. He couldn't do it openly, nor could he do it secretly. He could only lie to himself and hope that he could keep an eye on Yu Ning and not let her meet Lin Yi, and that Chen Yushu would keep Lin Yi in check so that she could inform him if anything happened.

"We're not looking for trouble with Lin Yi, but with his growth rate, I'm afraid he'll come for us first!" Xiaochen said after some hesitation, "Lin Yi's growth rate is too shocking. When we destroyed the common house Yu, we didn't even put him in our eyes, thinking that Yu Huoxing could take him down. But now, Lin Yi has become a strong enemy of our house Yu!"

"Yup," Yu Yi nodded, "according to miss Yushu's description, Lin Yi is too strong. The poison won't work, and the rest of the herb won't do anything to him. Right now, we can only hope that the incident will come as soon as possible. When the time comes, we can send Yu Ning and the others away and shift the conflict to that place. Then, we won't have to worry about Lin Yi coming back for trouble."

"How can we guess what's going on in that place?" The old Yu smiled bitterly, "we can only do what they want us to do!" But if we succeed this time, it doesn't matter if Yu Ning and the others come back or not, our hidden house Yu will be a hero, and that place will treat us well. "

"It seems like I can only bear with it." Xiaochen said with a nod.

"That's right, you've talked to Yushu, right? Please don't do anything to Lin Yi!" The elder asked.

Chapter 2424 Patriarch Xuanchen

"Old master, I've already warned you." Yu Yi replied respectfully.

"Okay, don't mention this again. It's house Yu's top secret, and only the three of us know about it. Don't tell anyone else!" "Chen, give house Chen a warning," the old man nodded, "don't say anything, or they'll be exterminated!"

"Yes, father!" Xiaochen quickly replied.

.....

In that place, patriarch xuanchen, who was meditating in an eight-trigram diagram, suddenly opened his eyes. His eldest disciple, small one, who was standing guard at the side, jumped in shock and quickly asked, ""What's wrong, master? Why did you suddenly open your eyes?"

"Senior brother has come out of seclusion, come with me to welcome him!" Patriarch xuanchen stood up suddenly and strode out of the room.

Small one was slightly taken aback before he hurriedly followed patriarch xuanchen out of the courtyard.

After leaving the courtyard, patriarch xuanchen headed to a remote cave abode on the mountaintop. Although many disciples greeted him on the way, he did not have the time to reply and went up the mountain directly to the entrance of the cave abode!

At the entrance of the cave abode sat patriarch xuanchen's second and third disciples. They were the disciples who were protecting patriarch xuanchen's senior brother. When they saw patriarch xuanchen, they could not help but be slightly taken aback, wondering why their master was here.

"Master, you're here!" The waiter hurriedly came over and saluted.

Ancestor xuanchen nodded but did not reply. Instead, he said in a clear voice, ""Second senior, did you gain anything from your closed-door training?"

"Haha, xuanchen, you're fast. I've just come out of seclusion and you're already here. I can't even rest for a while!" A powerful voice came from the cave abode. It was patriarch xuanzhen, patriarch xuanchen's second senior brother.

"Second brother, I'm just concerned about you. You've been in closed-door training for three years, and I didn't even get to see you. So, I rushed over as soon as you came out!" When patriarch xuanchen heard

patriarch xuanzhen's loud voice and knew that there was nothing wrong with his body, he immediately heaved a sigh of relief!

One must know that a cultivator's seclusion was both a good and a bad thing. This was a double-edged sword. If used well, one's strength and cultivation would greatly increase. If not used well, it was possible to go into Qi deviation and die directly!

After all, closed-door cultivation meant shutting oneself up and not communicating with the outside world. If one really suffered from Qi deviation, even if outsiders didn't know about it, it was possible that one would die during the process of closed-door cultivation if they couldn't rescue him in time.

"Three years is just a blink of an eye for you and me, isn't it?" Patriarch Xuan Zhen walked out of the cave with a smile and said in a clear voice, ""Did anything major happen in the mountain while I was in seclusion?"

Patriarch xuanzhen did not look young either. He was a little older than patriarch xuanchen. From their dressing, the two of them were about the same. They were both wearing eight-trigram robes and looked like Immortals.

"Second brother, I'll tell you in detail about what happened in the mountains later. First, tell me how you are. How are the gains from this closed-door cultivation?" Patriarch xuanchen's expression changed slightly, but he quickly changed the topic. He did not want his second brother to be depressed the moment he came out of seclusion.

"Not much ..." Patriarch xuanzhen sighed. "You know, at our level, it's extremely difficult to advance. Otherwise, we wouldn't have been able to open sky Class Island all these years and use it as an opportunity to break through ..."

"That's true. " "Yes." Ancestor xuanchen nodded."You and I are both at the peak of the late phase of the Sky Class. One more step and we'll reach a whole new level. But it's extremely difficult to cross this step!" It's a pity that the sect doesn't have any information on this, and even the method to break through is lost. We can only find it by opening the Sky Class Island ..."

"Yeah, third brother, you should've felt it as well-breaking through to Sky Class late phase peak doesn't seem very possible. With our current strength, we've already reached a certain level of saturation, and we can't make any progress even if we train anymore." "If I'm not wrong, there must be some other special mental cultivation method or method to break through to this level," said patriarch xuanzhen."The previous cultivation method will be useless."

"That's right, and that's why we're so insistent on opening the Sky Class Island. " Patriarch xuanchen said,""By the way, second brother, have you made any progress in alchemy? Are you able to refine a fourth ranked pill now?"

"I'm ashamed! "I have a high success rate in refining third-grade pills, but fourth-grade pills ..." Ancestor Xuan Zhen shook his head helplessly."I don't have any confidence. I've tried a few times during my closed-door cultivation, but it all ended in failure ... I'm afraid only someone with boss's talent can refine a fourth-grade pill, right?"

"Sigh, speaking of boss ... I wonder if he has overcome the hurdle in his heart ..." Patriarch xuanchen smiled bitterly and said,""It's been so many years, but he didn't contact us. We didn't dare to disturb him ..."

"That's right. If it wasn't for that accident, I'm afraid that boss would be able to refine a fourth-grade medicinal pill now without any problems!" Patriarch Xuan Zhen also sighed and said,""When the time comes, the three of us will step into the heavenly Dao and return to that level. How delightful would that be? It's all my fault. I was so competitive back then that I harmed boss ..."

"Forget it, second brother. You don't have to blame yourself. It's normal for competition between fellow disciples. No one wants that accident to happen ..." Patriarch xuanchen waved his hand and consoled him. "However, second brother, you have spent all your energy on studying alchemy these years and have not even taken in a single disciple. I'm afraid you also want to refine a fourth grade pill for boss to consume?"

"Naturally," "I'm sorry, boss!" Patriarch xuanchen nodded. "I've always been worried about you!"

Patriarch xuanchen nodded. He knew patriarch xuanchen's feelings, but from his point of view, the past was the past. His boss was not very sociable with his two junior brothers to begin with. At the very least, he was not particularly close to patriarch xuanchen, so he did not like his boss!

In fact, all these years, he had already found out where his boss was and had his contact information. It was just that he didn't want to contact him! Xuanchen was an unscrupulous person who had not achieved his goal. In his opinion, a useless senior brother could not bring benefits to the sect. Therefore, he changed his decision to not contact the boss. Instead, the boss did not contact them.

Chapter 2425 Invitation To Dinner

"By the way, third brother, has my closed-door training been smooth?" Asked patriarch Xuan Zhen.

All these years, he had focused his energy on cultivation and elixir refinement, and he basically did not manage the sect's Affairs. He only knew about patriarch xuanchen's plan but did not participate.

"Second brother ..." Patriarch xuanchen paused and said sorrowfully, "It's not going well, second brother. A while ago, something big happened!"

"What? Did something big happen? What happened?" Patriarch xuanzhen's expression froze, and he stopped in his tracks. He turned to look at patriarch xuanchen. "What happened?"

"Second brother, Tagan long has been crippled!" Patriarch xuanchen sighed and said bitterly.

"What? Tagan Dragon was crippled?" "What's going on?" patriarch Xuan Zhen was shocked. How did he get crippled?"

"Second brother, it's like this ..." Patriarch xuanchen explained taganlong's situation to patriarch xuanzhen. "Originally, I had placed my hopes on second brother. I thought that after second brother comes out from his closed door cultivation, he would be able to concoct a Tier 4 elixir. Then, he would be able to concoct the Grand recovery elixir and the Tier 4 great Meridian opening elixir. However ..."

"If we can make a fourth-grade elixir, our boss will ..." Patriarch Xuan Zhen smiled bitterly and said, "I haven't been able to break through in the past three years. I guess I won't be able to make any progress in the next few years. I can't count on the fourth-grade pill ..."

"Therefore, I made the decision to use the backup plan first. After all, a person with a five-elements Constitution is rather difficult to find. After searching for so many years, we finally found ta ganlong, a person with a one-in-a-billion compound Constitution ..." Ancestor xuanchen said.

"Backup plan ..." Patriarch Xuan Zhen nodded. He knew a thing or two about the backup plan, but he did not know the details. "Backup plan, are you confident?"

"I'm ... 50 - 50. As for the spy, whether or not he can succeed will depend on what happens next. " As patriarch xuanchen spoke, he lowered his voice and whispered into patriarch xuanzhen's ear.

In fact, patriarch xuanchen was also afraid that his two disciples, little two and little three, would hear it. After all, only he and little one knew about this.

Patriarch Xuan Zhen nodded and said, ""Let's hope it succeeds. I didn't expect such a big thing to happen during my seclusion ..."

"There's no choice. If we fail this time, we can only slowly find someone with a suitable physique ..."
Patriarch xuanchen sighed helplessly.

"Taganlong, is there no other way to recover other than consuming a Tier 4 pill?" Asked patriarch Xuan Zhen.

"Second brother, you can go and take a look. Other than that, I really can't think of any other opportunities ..." Ancestor xuanchen said.

"Let's go and take a look then ..." Patriarch Xuan Zhen could only try his best.

The two of them quickly arrived at the room where taganlong was recuperating. Although taganlong's injuries were under control, he had yet to wake up. His pulse was extremely chaotic, and patriarch xuanchen had only temporarily held on to his life. It was impossible for him to recover.

Patriarch Xuan Zhen carefully took ta ganlong's pulse. His brows furrowed deeply, and he remained silent for a long time ...

.....

In the blink of an eye, it was time for class to end. Lin Yi said goodbye to Xinyan and left the classroom with Jingjing.

Zhaolong wanted to talk to Xinyan, but decided against it after the embarrassment he'd made today. He figured that Xinyan wouldn't be nice to him if he went to talk to her.

Moreover, he had made an appointment with coiling Tiger to visit the natural ski resort in Jidun city, so he left the classroom with coiling Tiger.

"Lin Yi bro, are you trying to get herbs from right Panhu again?" Han Jingjing asked after leaving the classroom.

"That's right. We don't have any medicinal herbs on hand. We can only get them from you Panhu."
"There's no reason for us to let him go," Lin Yi said.

"Oh, then how do you need Jing Jing to cooperate?" Han Jing Jing nodded, not planning to argue with Lin Yi's suggestion.

"The next time he comes to talk to you and asks you something, just say that you lack medicinal herbs. Every time he comes, you ask him for medicinal herbs until he realizes that he's been tricked or not." Lin Yi said.

"En, en, okay." "Will the right coiling Tiger cause trouble for Jingjing after realizing that it has been tricked?" han Jingjing nodded in agreement.

"If he wants to cause you trouble, just tell him directly that I incited you to do this and ask him to come to me." Lin Yi took the trouble directly-he wasn't afraid of coiling Tiger at all.

"Jing Jing knows." Han Jing Jing said as she nodded.

The medicine Department didn't have classes this afternoon, but Mengyao and Yushu did. Lin Yi gave Mengyao a call and asked her out for lunch.

He went to the economics building with Jingjing and saw Mengyao and Yushu there.

Lin Yi let out a breath of relief when he saw the smile on Yushu's face. It seemed that the problem with Yushu was solved, but Lin Yi couldn't figure out who ordered Yushu to assassinate him.

Who could order Shu around, or in other words, what reason could they have for Shu to do as they said? It was just that Lin Yi couldn't force her if she didn't want to tell him. As long as she looked fine, Lin Yi didn't have to worry.

Lin Yi looked at Mengyao, who nodded at him, indicating that Shu was fine.

"What do you want to eat for lunch?" "Do you want to eat in the canteen or outside?" Lin Yi asked.

"Let's eat outside, Shu wants a feast. " Yushu said after some thought.

She'd managed to get away with what happened today, and it made her feel like she'd just gotten a new lease on life. She was especially happy that she wouldn't have to go against Lin Yi anymore-she wanted to have a big meal to celebrate.

"Alright, let's go out for a feast then." Lin Yi said with a nod.

"You're calling her sister Xinyan?" Chen Yushu suggested.

"I'll ask. " Lin Yi wouldn't call Xinyan if he were eating in the school canteen, but it was better to ask when he was going out. He called Wang Xinyan's number, "Xinyan, where are you? I'm going out with Jingjing, Yaoyao, and Shu to get something to eat. Do you want to come?"

"Me ..." Wang Xinyan hesitated. If it was any other time, Wang Xinyan would definitely agree. After all, Wang Xinyan was on good terms with Lin Yi, Yaoyao, and Shu, and han Jingjing was in the same class. She couldn't say no to her.

Chapter 2426 Unexpected Encounter

But the situation was different now. She didn't want the sky elixir sect to vent their anger on Lin Yi, so she kept a distance from him. "I'm not going, I'll go to the cafeteria with meiyue, Ling, and the others ..."

"Xinyan, who's treating you to a meal and you're still rejecting?" He meiyue's voice sounded from the other end of the phone.

"It's Lin Yi. You guys still have class in the afternoon, let's go to the cafeteria for lunch. " Wang Xinyan said.

"The afternoon class is also at twoo' clock. It's still early!" He meiyue snatched the phone from Wang Xinyan and said,""Lin Yi, you don't mind if Ling and I come too, right?"

"Naturally, I don't mind." "Call Bai Weitao and Zhao Shengji over," Lin Yi said with a smile.

"Alright." He meiyue immediately agreed.

Xinyan didn't know what to say, but she had no way of explaining herself. Was she afraid that her fiancé would harm Lin Yi? If she told the truth and Zhaolong heard about it, how was she going to explain it?

She hoped that Zhaolong wouldn't see it and upset him! Wang Xinyan comforted herself.

"Then let's go." Wang Xinyan took out her car keys helplessly and was about to go to the parking lot, but he meiyue called Bai Weitao.

Xinyan saw Lin Yi, Han Jingjing, Mengyao, and Yushu in the parking lot from a distance. She was familiar with them, but it was a little awkward to meet them again. She had just rejected Lin Yi's confession yesterday, and now she was here to eat with him. It was a little weird!

He Meiyue and Chai Xiaoling were already used to Lin Yi having so many pretty girls around him-this was between Xinyan and Lin Yi, after all.

"Xinyan sis, Shield Bro missed you so much just now! He's been looking left and right!" Chen Yushu called Wang Xinyan.

Xinyan's face reddened a little, but Lin Yi was happy-not because Yushu was helping him, but because she was back to her usual cheeky self again. It seemed like her problem was solved.

"Yeah, Lin Yi was just nagging about you," Mengyao said, putting in a good word for Lin Yi.

"Is ... Is that so?" Xinyan's heart started beating faster-did she really fall for Lin Yi? But what should he do? Xinyan realized that she couldn't stay calm anymore after Lin Yi confessed to her!

She'd thought that she could act like a normal friend in front of Lin Yi, but some feelings couldn't be faked. Her heart started beating faster every time she saw Lin Yi, and it scared her ...

He Meiyue and Chai Xiaoling looked at Chu Mengyao and Chen Yushu in surprise. Although Lin Yi said that he was entrusted by a relative to take care of Chu Mengyao and Chen Yushu and live with them, they were still surprised.

But Mengyao and Yushu were so pretty, and Lin Yi was living under the same roof with them. He meiyue and Chai Xiaoling wouldn't believe it if they said there wasn't something going on between them. After all, who wouldn't be moved by two pretty girls in front of them?

Naturally, they'd thought of Mengyao and Yushu as Xinyan's enemies, but now that they'd heard that they were both helping Lin Yi chase Xinyan, they were a little surprised.

"Xinyan, it looks like you're pretty close with Lin Yi, thinking about it right after class." He meiyue laughed and teased.

"Yaoyao and Shu are just joking, right ..." Xinyan said nervously.

"Haha, I don't care if you're joking or not, we all know about your relationship with Lin Yi." Chai Xiaoling said with a smile.

"I ... Sigh!" Xinyan felt helpless-it seemed like she couldn't explain her relationship with Lin Yi. She just hoped that Zhaolong didn't find out about it, or he'd ask Zhaoming for help in a fit of anger.

After a while, Bai Weitao and Zhao Shengyi ran over in a hurry. Bai Weitao said while panting, ""I say, big brother Lin, why didn't you say that you were treating us to a meal earlier? Zhao Shengyi and I were lining up to sell takeaway boxes. It was almost our turn, but we left and wasted twenty minutes. If only we had known earlier, we would have gone back to the dormitory and rested for a while!"

"This is also a decision I made at the last minute." "Why are you guys so talkative when you're here for a free meal?" Lin Yi smiled.

The two cars, one grand Cherokee and one Porsche Cayenne, left the school one after the other and arrived at a restaurant near the school that seemed to be decorated luxuriously.

It was just that although this restaurant looked good, there were no private rooms. It was probably because it was close to the school. The consumption here was relatively low, so it was not worth it to get a private room.

There were seats in the hall, and Lin Yi and the others chose a bigger one before walking over. Halfway through, Lin Yi felt a soft, resentful gaze on him.

Lin Yi turned around to see Zhaolong, Panhu, and his two colorful-haired lackeys eating at a booth not far away. Zhaolong was naturally furious when he saw Lin Yi and Xinyan walking into the restaurant side by side!

Zhaolong wouldn't be this angry if it were before-he didn't have the right to be angry, after all. House Kang had always been weak in front of Lin Yi, but things were different now. He was the brother of the fifth elder's closed door disciple, and his confidence was getting too high. He didn't know where he stood anymore.

However, Lin Yi only looked at Zhaolong indifferently, not interested in greeting him. He turned around and continued to sit with Xinyan and the others in the big booth.

"Fuck!" Zhaolong cursed, but he lowered his voice in case Lin Yi heard him and beat him up. He was confident and thought that he had a background that could compete with Lin Yi, but he wasn't stupid. He didn't think that Lin Yi wouldn't beat him up if he scolded him now!

Although there were many rules in boss Bai's class, if you were the one who first scolded and provoked others, and got beaten up, boss Bai probably wouldn't stand up for you as long as you didn't die.

"It seems like Wang Xinyan really is interested in Lin Yi?" You Panhu was speechless at Zhaolong's words.

"It should be like this. Does younger brother you have any good ideas?" Zhaolong might be a professor, but he knew nothing about picking up girls. He could only ask coiling Tiger for help.

"Blondie, speak!" Don't think that he had a lot of women, but they were all materialistic and gold-diggers who would throw money at them. He had never pursued a real relationship, so he might as well let the yellow-haired guy make a move.

Chapter 2427 Who Are You Looking For?

"Kang bro, young master you, in my opinion, if Wang Xinyan has feelings for Lin Yi, we'll just have to find a way to destroy her feelings. Once she's done with Lin Yi, Kang bro will be able to achieve great things." The yellow-haired man thought for a while and said.

"Oh? Why do you say so?" Zhaolong's interest was piqued-he didn't dare go against Lin Yi in the open, doing things that'd get him beaten up easily. But from what the yellow-haired guy was saying, it seemed like he didn't have to go against Lin Yi, and could just use a roundabout way to get things done. That was the best.

"Brother Kang, we don't have to do anything. We just have to do this ..." Blondie lowered his voice and told him his idea.

"Not bad, not bad!" Zhaolong thought about it and nodded, "I'll leave it to you then. I'll treat you to a meal after it's done!"

"You don't have to spend money-it's this kid's honor to be able to work for Kang bro, go on!" Youpan Hu wanted to make Lin Yi suffer as well, because Lin Yi had tricked him a couple of times!

Lin Yi said faintly as he looked at the yellow-haired man, not saying anything. The group was sitting in a remote area, and Xinyan and the others hadn't noticed them yet.

He said he'd treat Yushu, so Lin Yi let her order first. After she was done, it was the girls' turn to order. As for Bai Weitao and Zhao Shengyi, they didn't do anything-they were two big eaters, after all.

His phone rang-it was song Lingshan!

"Lingshan," Lin Yi didn't want to call her miss braindead in front of so many people, but to be honest, it felt better every time he called her that. Lin Yi didn't know if he had some sort of bad taste, but calling her that always made him feel good for no reason.

"Lin Yi, thank you. The kidnapping case is closed. It was really done by the firewolves, and the one who turned himself in was a small leader of the firewolves ..." Lingshan didn't continue, as she knew that this small leader was the scapegoat. However, it would be hard to find evidence to destroy the firewolves at the moment, and the fact that they were able to attend the meeting of the hidden houses showed how powerful their connections and strength were.

"Hehe, it's good that the case is closed." Lin Yi had expected this to happen-Jianwen was most likely the mastermind, but he was a smart guy. He wouldn't do it himself, leaving no evidence behind.

The only time was when he lost his mind because of Chu Mengyao and personally brought Lin Yi to the operating table. In the end, he didn't manage to remove Lin Yi's kidney and lost one of his own.

"Didn't we agree that I'll find you after I'm done here?" Lingshan asked.

"Oh, I'm free in the afternoon, come over now. We're at the little master chef Restaurant in the University."

"Now? Alright. " Lingshan blinked, but still agreed.

After hanging up, Lin Yi looked at the confused faces of his classmates."A friend of mine is here to join us. Song Lingshan, Yaoyao, Shu, Xinyan, you guys all know each other. "

"Oh, it's big sister Lingshan." Mengyao nodded, curious as to why Lin Yi would call her over at a time like this.

Not long after, Lingshan walked in, travel-worn, before the food even arrived. She was a practitioner, too, and her eyes were sharp-she spotted Lin Yi right away, smiling as she walked over."Lin Yi, Yaoyao, Shu, Wang Xinyan."

"Lingshan, have a seat. Why are you so fast?" Lin Yi was surprised at Lingshan's speed.

"I'm just nearby, because most of the victims were students from around here. Xinyan is here too, so I didn't have to go look for you. " Lingshan had to close the case, and naturally, she had to look for the victims one by one.

"I see ..." Lin Yi nodded.

On the other hand, Bai Weitao was surprised. He thought that song Lingshan and Lin Yi were about the same age, but it didn't sound like it. He looked at Lingshan strangely, "This big sister is ..."

"Oh, I forgot to introduce you guys. This is my good friend, song Lingshan. She's currently the captain of the criminal investigation team in the Donghai City Police Department. If you guys have any problems in the future, you can go to her." Lin Yi said.

"Argh! So it's Captain song?" Bai Weitao's eyes went wide. He didn't think that Lingshan was this strong at such a young age. More importantly, she seemed to be on good terms with Lin Yi? This was great-if he met people like li biao who wanted protection money, he could just look for song Lingshan.

He meiyue's eyes lit up as she looked at Lin Yi in a different light. She thought that Lin Yi was very capable, but she didn't expect him to have such a wide network.

Bai Weitao, Zhao Shengyi, and the others were introducing themselves when a gangster girl with heavy makeup ran over. She looked at Lin Yi, Bai Weitao, Zhao Shengyi, and the others up and down before suddenly hugging Lin Yi and scolding with an emotional expression, "Lin Yi, you're so heartless! You're leaving me alone after getting me pregnant! I'm still a high school student! If I didn't know that you're a student from around here, I wouldn't have been able to find you ..."

The sudden appearance of this delinquent girl made everyone's faces look very strange, not knowing what she was up to.

Zhaolong, Panhu, and Goldie, who had just returned, all laughed gleefully. Especially Zhaolong, who gave Goldie a big thumbs up! He'd done a great job this time-it didn't matter if Lin Yi could resolve it or not, he'd still be able to plant a nail in Xinyan's heart!

Many people would rather believe such a thing than not. What was the saying "there's no smoke without fire"? If Lin Yi really was fine, why would they come?

Even if Lin Yi explained, it wouldn't matter-the yellow-haired guy said that he still had a backup plan. Even if Lin Yi settled this today, the yellow-haired guy would still spread the word tomorrow, making it look like Lin Yi had no choice but to give the girl a sum of money to settle this.

Even if Xinyan didn't believe him, she'd probably avoid suspicion in public.

However, just as Zhaolong was feeling smug, Lin Yi suddenly spoke up.

"I say, big brother Lin, is this person looking for you?" Lin Yi looked at him. "I say, aren't you being too dishonest? You already have a girlfriend, yet you still want me to introduce you to my girlfriend's roommate ..."

Chapter 2428 Exposed

"Gah?" Bai Weitao heard Lin Yi's words and froze. What did this have to do with him?

"What?" The gangster was taken aback by Lin Yi's words! Did I cry to the wrong person? From what this person said, the one sitting over there was Lin Yi, and this person was his friend? Thinking of this, the delinquent secretly regretted it. When the Blondie pointed at her, she thought that she had seen it clearly. Who would have thought that she had recognized the wrong person!

But, in order to live up to the thousand Kuai she took, and the thousand Kuai reward after the deed was done, she had no choice but to raise her head and look at Lin Yi apologetically, "I'm sorry, I was too anxious and got the wrong person ..."

After that, the delinquent turned around and threw herself into Bai Weitao's arms, crying, "Lin Yi, you're so heartless! You're leaving me alone after getting me pregnant! I'm still a high school student! If I didn't know that you're a student from around here, I wouldn't have been able to find you ..."

"I ..." Bai Weitao was a little speechless. What the hell is going on?

However, as the saying goes, "bystanders see more clearly." He meiyue understood a little, but she didn't take it seriously. Although the delinquent girl jumped into Bai Weitao's arms, this was obviously strange. How could Bai Weitao be Lin Yi?

Mengyao and Yushu, on the other hand, were deep in thought. Xinyan, on the other hand, was a little taken aback-she'd had to admit that she really did care about Lin Yi, and that was why she'd felt that uncomfortable.

She could accept the fact that Lin Yi had other girlfriends because Tang Yun and Xiaoxiao were both before her, and that was something she couldn't change. However, she couldn't accept that Lin Yi was someone who liked the new and got tired of the old. He was someone who would forget the old once he had a new girlfriend.

The girl wasn't all that great, but Xinyan didn't think too much about it. Now that the delinquent was back in Bai Weitao's arms, Wang Xinyan felt that something was wrong.

"Captain song, there's obviously something wrong with this girl-she doesn't even know who Lin Yi is, and she's still crying so hard?" "I think we should bring her back to the police station for questioning. There's more to this than meets the eye!" Lin Yi said faintly.

The Miss froze at Lin Yi's words, evidently dumbfounded. She turned to look at Lin Yi and suddenly understood what was going on! She didn't get the wrong person-this was the real Lin Yi! She'd only been tricked by a few words!

This made her a little angry, but also a little scared! Bring him back to the police station? There were police officers among these people?

Lingshan nodded. She could tell that something was wrong-it was probably a scam. She took out her id and showed it to the girl,"Please come with me. I suspect that you're cheating."

"I ..." The delinquent was completely dumbfounded this time. She only wanted the two thousand Yuan and came here to put on an act, but she didn't expect to walk right into the muzzle of a gun. There were even police officers at this table. What should she do?

Subconsciously, the girl turned to look at the Blondie sitting at Zhaolong's table ...

Zhaolong and the others were just about to laugh at Lin Yi's embarrassment when the tables turned!

"Brother Kang, young master you, let's go quickly!" The yellow-haired thug saw the female delinquent looking over and immediately knew that things were not good.

He wouldn't admit it, and Lingshan couldn't do anything without evidence. He didn't care if he called it a scam, but he was afraid that Xinyan would find out the truth. If that happened, he'd be doing all this for nothing. It'd make Zhaolong hate house you, and it wouldn't be worth it.

Zhaolong felt that something wasn't right after hearing Lin Yi's weird words. His face turned green as he watched the thug jump into his arms and repeat what she said to Lin Yi!

After that, when he heard Lin Yi bring song Lingshan to the police station, Zhaolong knew that things were getting out of hand. If the girl went to the police station and told them about Blondie, then Xinyan's impression of him would be ruined!

"Eh? Isn't this Zhaolong and Panhu? Why are you in such a hurry to leave? Your dishes haven't arrived yet, have they? Why don't you join us and eat together?" Lin Yi called out to Zhaolong and Panhu.

Lin Yi was already aware of their plan-he was an Earth Class mid phase peak, after all, and he paid extra attention to Zhaolong and Panhu, especially when they were acting so sneaky. It didn't seem like they were up to anything good.

It seemed that these people had seen that the matter had been exposed and wanted to leave.

Xinyan didn't know that Zhaolong was there before, so she was a little confused when she saw the two of them getting up to leave ...

"Blondie, don't go. Didn't you say there's no danger? Why are there police officers here?" When the delinquent saw that the yellow-haired teenager and the others were about to leave, it was obvious that they wanted to leave her behind. Thus, she immediately became a little anxious. At this time, she couldn't care about anything else and quickly called for help.

"Who are you? I don't know you!" When the yellow-haired thug heard the female delinquent call him, he immediately denied it.

"Weren't you the one who told me to come in and talk to Lin Yi?" When the female delinquent saw that the Blondie had turned his back on her, she immediately became anxious.

"Don't talk nonsense. When did I look for you? Are you crazy?" The yellow-haired man snorted."Brother Kang, young master you, ignore her. This little girl is sick."

"Miss police, I want to report him. It's that yellow-haired guy, he told me to frame Lin Yi, don't arrest me ..." The girl was panicking as she turned to Lingshan. "He's the mastermind behind this. Don't arrest me, arrest him!"

"F * ck, is there something wrong with you?" The yellow-haired man frowned. "I'm just having a meal and I'm meeting a psychopath. Brother Kang, young master you, I'm sorry!"

Although the yellow-haired guy said that it had nothing to do with him, the people present weren't stupid, especially Xinyan. She looked at Zhaolong and the others helplessly. Zhaolong was probably doing this to hurt Lin Yi's feelings and disappoint her.

Xinyan was even more alert now-why was Zhaolong so evil? She'd have to resort to other methods next time, and Xinyan didn't want to hurt Lin Yi-it seemed like she'd have to keep her distance from him.

Zhaolong, Panhu, the yellow-haired, and purple-haired quickly left the restaurant, not daring to say another word to Lin Yi.

Chapter 2429 Clinging On?

Lin Yi smiled as he watched them leave.

Song Lingshan was helpless as well. After all, she couldn't just arrest the Hidden House you people directly. Even the yellow-haired guy didn't have any evidence. However, she understood what Lin Yi meant. Once the matter was exposed, they would achieve their goal.

"Police sister, I'm sorry ... This is the one thousand Yuan that the blonde gave me. I don't want it anymore ..." The female delinquent was dumbfounded when she saw the blonde and the others leave. She knew that she had been abandoned.

"Forget it, you can go." Lin Yi waved his hand, telling the girl to leave. After all, the whole thing had been exposed, and it didn't matter if they caught her or not. Lingshan's main purpose was to educate her, and Lin Yi still had to give her the Qi gathering pill later-he didn't have the time to investigate the girl.

"I ... Can I really leave?" The young female delinquent was instantly pleasantly surprised.

"You should leave. Don't get used by others for small benefits next time." Lingshan nodded-she wouldn't interfere if Lin Yi, the victim, didn't say anything.

"Thank you, thank you! "It won't happen again. Those people don't look like good people ..." The delinquent thanked him profusely and cursed at the Blondie and the others before leaving carefully.

Lin Yi smiled helplessly at the end of the farce.

"Big brother Lin, did right coiling Tiger and the others find this person?" Bai Weitao asked.

"That Kang Zhaolong, he claims to be Xinyan's fiancé. He probably doesn't like me and is looking for trouble." Lin Yi said.

"Ah? Xinyan, is that your fiancé?" Bai Weitao was a little surprised.

Xinyan frowned, not expecting Lin Yi to reveal her and Zhaolong's identities. But thinking about it, it was impossible to hide it. Even if she didn't say it, Zhaolong would. Wasn't it the first day he came looking for trouble?

"It's the family's decision. " Xinyan's words meant that she was acknowledging her relationship with Zhaolong.

"Ah? It's true!" He meiyue looked at Wang Xinyan in shock."Then you and Lin Yi ..."

"I told you, Lin Yi and I are just good friends ..." Wang Xinyan didn't want to say too much and changed the topic,""Alright, let's not talk about this anymore. Even if I'm going to marry Zhaolong in the future, that'll be after I graduate from University. He has no right to interfere with my life during my university days ..."

He meiyue looked at Wang Xinyan and then at Lin Yi, deep in thought. Bai Weitao, who was more honest, couldn't help but sigh,""Xinyan, can't we break off the engagement? You and big brother Lin are such a good match!"

"Hehe ..." Xinyan felt helpless-there were things she couldn't explain, and she could only put on a front. "It's the family's decision. I can't do anything about it. "

"Oh right, Bai Weitao, can you call Lin Yi boss? you're always big brother Lin, big brother Lin, and I'm not used to it. You're not a girl, are you?" Zhao Shengji finally asked the question in his heart.

"Do you think I want to? my grandpa's called boss Bai, and some old friends call him boss. I'm boss Lin Yi, isn't that the same?" Bai Weitao said helplessly.

"I see, that's true." Zhao Shengji nodded.

Wang Xinyan let out a breath of relief. Zhao Shengyi had changed the topic well.

Lin Yi looked at Xinyan-she didn't seem to be speaking the truth. She'd never mentioned Zhaolong when they were getting intimate before, and he didn't even remember it. She wouldn't be naked in front of him if she did.

But now, she was using Zhaolong as a replacement. She didn't seem to like him, but why was she doing it for him? And Zhaolong just so happened to be in class the day after Lin Yi's confession-what was the story behind this?

It didn't seem realistic to get an answer from Wang Xinyan, so he'd have to find an opportunity to ask.

The meal wasn't a pleasant one because of what happened earlier, and they didn't stay long after the meal. Lin Yi sent the girls back to school before driving Jingjing and Lingshan home.

"You're pursuing Wang Xinyan?" Lingshan was a criminal investigator, after all, and she could tell that Lin Yi, Xinyan, and Zhaolong had a love triangle relationship. With Bai Weitao's question, it was pretty much the case.

"Yeah." Lin Yi nodded, not denying it-there was no need to hide it. Many people knew that he'd confessed to Xinyan.

"Can't you consider other people? For example, a beautiful woman that you can hook up with without pursuing?" Lingshan asked, a little annoyed.

"You mean Shu?" Lin Yi asked.

"Silly little girl!" Lingshan said softly.

Lin Yi's heart jumped for no reason. He turned around and saw song Lingshan's face was red, and she looked like a little girl. If someone didn't know her well, they would think that song Lingshan was a girl from a humble family.

In fact, it'd been a long time since Lingshan showed this side of her to Lin Yi. Lin Yi didn't call her silly girl for a long time, and although "Lingshan" sounded more formal and intimate, Lingshan felt that only "silly girl" and "miss braindead" were nicknames that lovers liked to call ...

Was there something wrong with him? Lingshan would think about this question sometimes-when she called herself "silly girl," it made her feel like she was Lin Yi's exclusive item, and it felt pretty good.

Lin Yi coughed awkwardly as he looked at Jingjing, who was drawing on her tablet. "Aren't we just a couple of thieves ..."

"You said it yourself. I'm counting on you." Lingshan was very happy to hear Lin Yi compare her to a married couple. She knew that it was just an excuse, but she didn't mind.

"Aren't you still sticking to it now? When have I ever left you behind?" Lin Yi said with a bitter smile.

"That's true. " Lingshan thought about it-it was true that Lin Yi always thought of her when something good happened, but their relationship had always been lukewarm, and they couldn't break through any further. Lingshan was already prepared for dual practicing, but who knew that Lin Yi would give her a solo practice?

"Lin Yi bro, Jing Jing's going home now." Han Jingjing didn't seem to have heard Lin Yi and song Lingshan's conversation. She got out of the car and waved at Lin Yi.

"En, you can go first." Lin Yi nodded, a little confused. Han Jingjing was a weird girl-she never got jealous when she liked him, but when she didn't like him, she only shared all the good stuff and theories with him.

Chapter 2430 The Seventh Move Of Wild Fire Fist

Han Jingjing's background made Lin Yi even more curious. He muttered to himself before turning to song Lingshan, "Help me investigate han Jingjing's identity and family."

"Alright," he said. It was easier for Lingshan to investigate this, but she still said, "But if she's from a Noble House, hidden house, or even higher, then I won't be able to find out."

"You can also tell that she's not ordinary?" Lin Yi asked, surprised.

"You don't need me to investigate ordinary people." Lingshan said with a smile.

"That's true. " Lin Yi nodded and entered the villa with Lingshan.

"Is this your new home? I haven't even been here once. " Lingshan said as she looked at Lin Yi's new house curiously. "I'm so envious of Yaoyao and Shu ..."

Lin Yi could only smile bitterly in response to Lingshan's words. He didn't know if she was envious of Yaoyao and Shu living in such a big villa, or envious of him living with them.

"Alright, where's the small Qi gathering pill?" Song Lingshan saw Lin Yi's awkwardness and didn't make things difficult for him.

Love had to be done step by step. He couldn't just eat a fatty in one go, right? Lingshan was envious of Xinyan-she was Lin Yi's classmate and deskmate, too!

The two didn't have much interaction before college, and Lin Yi and Xinyan weren't even close to her. But in just a few months after school started, they were already close to becoming a couple, and Lingshan couldn't help but envy them.

However, Lingshan didn't have that kind of advantage. She could only helplessly take it one step at a time.

"These are three Qi gathering pills-one for you, one for Chen Yutian, and one for Jun bro. You can just give them to them. I won't let them come and take them one by one. There's no danger in taking these. Other than making you feel a little sad, there are no side effects. Just hold on and you'll be fine." Lin Yi said as he passed a small medicine bottle to Lingshan.

"Okay ..." Song Lingshan took the bottle, feeling both happy and disappointed.

If it was in the past, she would be very happy to get a small Qi gathering pill to help her break through to the earth Class! Earth Class was a level of strength that she had never even dreamed of.

But now, her mind was on Lin Yi. Lin Yi gave her the medicine bottle as soon as he came, didn't that mean she'd have to leave as soon as she took it?

Lingshan's face darkened at the thought.

"What's wrong?" Lin Yi could feel Lingshan's disappointment.

"It's nothing, I'll go back first. The kidnapping case isn't over yet, I have some things to do ..." Song Lingshan didn't want to put Lin Yi in a difficult position, so she prepared to leave first.

Lin Yi could tell that Lingshan was a little disinterested, and he understood why she was like this after thinking about it for a while. He really didn't think about their relationship before, though. It wasn't that he didn't like Lingshan, but they didn't have many chances to spend time together. He did have a good

impression of her, but there wasn't any opportunity for them to develop their relationship, and so their relationship was stuck.

It would be a lie if Lin Yi were to accept Lingshan right away.

"En, then I Won't Hold You Back. Little silly girl, there's been a lot of things going on recently. In a few days, I have to participate in a trial. When I come back, I'll find you for a gathering." Lin Yi said.

Lingshan felt a lot better after hearing Lin Yi's words-it seemed like Lin Yi still cared about her. Although they weren't at that stage yet, there was still hope. She was happy again.

She realized that when she was with Lin Yi, she really did feel like a little silly girl, because she really did feel a little silly.

After sending Lingshan off, Lin Yi went to the backyard, ready to try out the sixth and seventh forms. He was an Earth Class late phase peak now, so he should be able to use the sixth or even seventh form.

And if he could use the sixth and seventh forms of the wild fire Eight Trigram palm, it would be heaven-defying as well. It would be equivalent to a Sky Class early phase or even Sky Class early phase peak martial skill.

He'd just broken through yesterday, and with Shu's incident, he wasn't in the mood to study the skill. Now that he had some free time, he naturally started to work on it.

Lin Yi started channeling the wild fire Fist's practitioner's Arts-it was a skill that Lin Yi relied on a lot. Although he had the stronger wild fire Bagua Palm coming up, Lin Yi still didn't give up on the wild fire Fist-it was his Foundation!

Without the sixth and seventh forms of the wild fire Fist, how could the combined sixth and seventh forms of the wild fire Eight Trigrams palm be formed?

As for Piao laoliu's claw of heaven and earth, Lin Yi didn't plan to continue practicing it. That thing wasn't very powerful, and it was only effective on Piao laoliu. Piao laoliu was already dead, so there was no point in Lin Yi practicing it.

"Wild fire Fist, the sixth move!" Lin Yi followed the method of the sixth style of the wild fire Fist and easily used it. It was a success on the first try! However, Lin Yi wasn't satisfied with the sixth style, as it was within his expectations.

If an Earth Class mid phase could use the fifth move, then if an Earth Class mid phase peak couldn't use the sixth move, then they would really be falling behind!

Lin Yi's main goal today was to use the seventh form of the wild fire Fist. If he could use the seventh form, then he would be able to use the seventh form of the wild fire Bagua Palm. So after using the Sixth Form, Lin Yi didn't stop and continued to use the seventh form in one go!

"Seventh move of wild fire Fist!"

But regrettably, even though Lin Yi had used the practitioner's Arts of the seventh style, and the activation method was the same as the seventh style, he was stuck at the moment of release and failed. The seventh style of the wild fire Fist didn't succeed.

Lin Yi shook his head, but he wasn't discouraged. After all, for other practitioners, it was already amazing to be able to use a new skill within ten tries. Those who failed one or two times and succeeded were geniuses among geniuses.

Lin Yi, on the other hand, had only failed once. He'd had a similar situation before, so after resting for a while, he activated the seventh form of the wild fire Fist again!

"Seventh move of wild fire Fist!" Lin Yi shouted again.

To Lin Yi's disappointment, the activation didn't work this time. He was a "martial arts genius," but he still didn't succeed this time. It was a pity.

Lin Yi sighed and frowned, but he didn't give up.

After two failed attempts, Lin Yi had no choice but to use his old method and start from the first fist!
