

Bodyguard 2431

Chapter 2431 Call From Gambling Bro

Then, from the first move, the second move, all the way to the sixth move, and finally, the seventh move, the wild fire Fist, was executed in one go!

Lin Yi rested for a while and started channeling the wild fire Fist, starting from the first form, the first form, the second form ... The Sixth Form. Everything went smoothly, and Lin Yi finally started to use the seventh form!

"BOOM!"

The seventh form of Lin Yi's wild fire Fist was unleashed from his right fist, and the scorching Qi was even more powerful than the Sixth Form. The purple lightning Beast and Skybolt pig who were watching from the side shivered subconsciously. General Weiwu, on the other hand, had accepted the fact that Lin Yi was incomparably strong since he was just a normal dog, so he didn't feel anything special about it.

"Phew ..." Lin Yi let out a long breath after successfully using the seventh form of the wild fire Fist. Although he managed to use the seventh form in one go, it wasn't perfect in Lin Yi's eyes. It could only be considered barely done.

This was very different from the perfect activation of the sixth move. He would need at least some time to adapt to it. Otherwise, although the power was great, he would not be able to exert the power of the seventh move.

After this, Lin Yi tried to use the seventh style of the wild fire Fist alone. This time, he could barely use it, but the power was a lot weaker than the one with one breath. It was only a little stronger than the sixth style.

It seemed that he still needed to practice the seventh move! He guessed that it was because he had just broken through to Earth Class mid phase peak. Although he had the resting grass to stabilize his strength, it was still too short of a time to break through. It was not easy to use the seventh move in front of him.

But Lin Yi wasn't too disappointed. Since he could use the seventh form of the fist, he just needed to get used to it. Next, Lin Yi wanted to try out the fist!

To Lin Yi's surprise, he was able to successfully use the Sixth Form of the palm, but he couldn't use the seventh form no matter what. Fortunately, Lin Yi was prepared and started from the first form, the second form, the third form, all the way until the Sixth Form was used up, and Lin Yi was ready to use the seventh form in one go.

However, this time, Lin Yi was disappointed. He didn't manage to complete the seventh form of the palm in one go. He failed!

From the looks of it, the seventh style of the fist was corresponding to the fist. Lin Yi couldn't use the fist yet, so it was reasonable that he couldn't merge the five elements Eight Trigram palm with it!

He would probably have to activate a martial skill that he was very familiar with before he could fuse it with a new martial skill. If the two martial skills were half-mastered, it would be impossible to fuse them.

At that thought, Lin Yi decided to give up on the experiment. Once he could use the seventh style of the fist, he would naturally be able to successfully use the seventh style of the palm.

Lin Yi wiped the sweat off his forehead and was about to go back to the villa to rest when his phone rang.

Lin Yi frowned as he took out his phone-it was an unknown number!

"Hello, how are you?" Lin Yi answered.

"Hello, I'm the gambling brother!" "Excuse me...Are you brother expert?" the gambling brother asked carefully.

"Brother expert?" Lin Yi blinked, remembering that he didn't tell the guy his name. The account he gave him was anonymous, too, so he didn't know his name! "Gambling bro, you have all the money?"

"Yes, expert brother. Thank you for giving me some time. I've prepared all the money ..." When the gambling brother said this, his heart was bleeding. He had spent half of his life working hard from a street gangster to a casino owner. He had taken huge risks and earned so much money, but he had only accumulated about 100 million in assets. Of course, these assets were not cash, but real estate and stocks he had invested in various places.

Lin Yi suddenly asked for another twenty million, and the gambler naturally couldn't take out that much money in a short time. Helplessly, he sold a few properties and borrowed the money to transfer the money to Lin Yi's account.

He didn't dare to go back on his word-there was a Sky Class master in this group, and they didn't even care about the Hidden House Zhao's name. These people weren't to be messed with, so he gritted his teeth and gave the money.

"Oh, you're not bad. You're keeping your promise," Lin Yi didn't think that the gambler would be so disciplined, giving money just like that. Lin Yi had a lot of debts outside, but he didn't get them back, like the Hidden House Zhao and house Yu. These people obviously didn't want to pay up, and they were his enemies. Lin Yi knew that he couldn't get them back, so he would strike them when he had the chance.

Just like a few days ago, when elder bi was disabled-if they had just given him the money and pushed qikun to the position of head, Lin Yi might've let them go. After all, the Hidden House Pi and the common house Wu were his enemies, and Lin Yi let them go after they joined him.

It seemed like Lin Yi was a nice person to talk to.

"Heh ..." Brother gambling smiled helplessly.

"By the way, did elder Zhu from house Zhao look for you after we left?" Lin Yi asked.

"I did ... What about it?" Gambling bro paused, not understanding why Lin Yi was asking.

"Since you've given me the money so readily, I'll remind you of something," "You should get rid of your casino as soon as possible," Lin Yi said. "Don't bring any unnecessary trouble. "

"Oh?" Gambler paused, but he felt that Lin Yi wasn't just randomly saying things. There must be some basis to it. He asked carefully, "Expert bro, what do you mean?"

"Someone from the Hidden House Zhao died, so they don't dare to look for trouble with me, but I'm afraid that on your side ..." Lin Yi didn't say it too clearly. After all, Lin Yi was just guessing, ""You can think about it yourself."

"Thank you so much!" Gambler's back was covered in cold sweat. He didn't think too much about it before, but now that he thought about Lin Yi's words, wasn't it the same?

When boss Zhu came here earlier, he asked him some questions and gave him some instructions. He didn't think much of it, but after thinking about what Lin Yi said, he felt that something was wrong. No matter how he looked at it, it seemed like boss Zhu was trying to lead him to take the responsibility of the casino!

"It's nothing," Lin Yi didn't expect the gambler to be so smart, but naturally, he didn't know that he made the decision so quickly because he thought of boss Zhu's words.

Chapter 2432 Meeting Boss Bai

It was true that elder Zhu wanted to frame the casino for the deaths of the Zhao 's-the Hidden House Zhao wouldn't dare cause Lin Yi trouble, but they had to find a punching bag to vent their anger on. They wouldn't be able to survive in Donghai city if they didn't do that.

After all, they were the number one family in the area, and their status was higher than the Hidden House han. If they didn't care about someone's death, then the name of the Hidden House Zhao wouldn't be as useful in the future.

And so, while elder Zhu didn't reveal anything about elder Pi and the others, he directed the blame to the gambling brother. Naturally, elder Zhao couldn't take this lying down, and was looking for a chance to get back at him.

The gambling brother hung up the phone and broke out in a cold sweat. He wanted to quickly find a way to cash out the casino in his hands, but this casino was an illegal business. People who didn't have a certain level of ability didn't dare to take it!

There were a few people in the underworld. Everyone was in their own business, and they didn't cross each other's line. It was a bit unrealistic for anyone to take out a large sum of money to buy the casino!

Although the house in the casino was rented, the gambling equipment in the casino was worth 30 to 40 million Yuan. In addition to the steady flow of customers, it was not too much to pay 50 million Yuan. However, there were not many Big Brothers in the underworld who could take out 50 million Yuan.

Everyone had properties in their hands and a group of brothers under them. Who could take out so much cash?

The gambling brother flipped through his phone book, his face full of worry ...

Lin Yi pondered for a moment after calling gambler before calling song Lingshan again.

"Lin Yi!" Lingshan said, pleasantly surprised.

"Little silly girl, are you busy?" Lin Yi asked.

"It's alright, I just finished the statement and am working on closing the case. I'll be going to the family's mansion later to check on some things with an Jianwen and an Mingyue ..." Song Lingshan was helpless as she spoke. She knew that the mastermind was most likely an Jianwen, and the one who took the blame was just a little brother. However, Song Lingshan couldn't do anything about it since she didn't have enough evidence.

"Oh, that's good." "Give Jianwen some information when you get there," Lin Yi said.

"Information? What kind of information?" Song Lingshan was confused. She didn't know what information Lin Yi wanted to reveal to an Jianwen. Besides, if Lin Yi wanted to reveal the information, why didn't he go to an Jianwen himself?

"I just said that the gambling brothers are very rich. They extorted 20 million Yuan to redeem their daughter, and I extorted another 20 million Yuan a few days ago. The casino is really a good place to make money!" Lin Yi said.

"Gambling bro, you really run a casino? Where's his territory?" Lingshan asked subconsciously. She'd been paying attention to the gambler since the rumors said that he ran a casino, but she didn't know where his base was. The kidnapping case was the most important thing right now, so she put the casino aside for now.

"Don't worry about this for now. When an Jianwen has his casino and is done showing off, you can bring your men to raid it. That'll be another great achievement. " Lin Yi said.

"Let an Jianwen buy the casino?" Lingshan wasn't stupid-she understood what Lin Yi was trying to do. He wanted Jianwen to think that the casino was profitable, so he could go to a gambler and take over the place. Lingshan was still a little confused,"Then can an Jianwen go to the casino? Besides, can this gambling brother pay for it?"

"I'm sure. " "And I'm sure he's in a hurry to make a move," Lin Yi said with certainty.

Lin Yi thought that Jianwen would have to find another way to earn money if he couldn't keep his kidnapping business going. From what he'd done in the past, this guy was always trying to make a huge profit with a small capital, or even a business that didn't cost anything!

The profits of the casino were huge. It wasn't as fast as kidnapping and blackmailing, but it was a long-term livelihood. If an Jianwen took over the casino, he would naturally have a steady stream of income! Especially when Lingshan went to talk to Jianwen about it, it gave him the wrong impression that the police didn't care about the casino. After all, Lingshan did mention it, but they didn't do anything about it. How could he not think about that?

This way, if an Jianwen were to go and take over the casino, it would be the same as jumping into a big pit. He would have to face the Hidden House Zhao's anger first, and even if he solved this problem, song Lingshan would also come and search the casino. He would probably lose a lot of money this time.

"Alright, but isn't this a little immoral? If you let him take over the casino, and I go and raid it, wouldn't he suffer a big loss?" Lingshan felt like Lin Yi was trying to scam her.

"He has done so many evil things, but you can't do anything to him. Don't you want to get back at him?" Lin Yi asked.

"That's true," "I'll talk to him about it then," Lingshan nodded.

"Hehe, we'll see how it goes. If it really doesn't work, then forget it." Lin Yi didn't want to make things difficult for Lingshan.

"That's fine. The gambler is also a victim. There's no harm in mentioning it." Lingshan said.

After hanging up, Lin Yi smiled. It was a sudden idea to trick an Jianwen. Lin Yi didn't like the kid for a long time, so naturally, he wouldn't let him have it easy.

After practicing on his bed for a while, it was time for school to end. Lin Yi left the villa and drove to pick up Chu Mengyao, Chen Yushu, and Han Xiaochao from school. He drove to the parking lot and saw boss Bai walking towards the parking lot with his car keys in his hands, ready to go out.

"Mr. Bai." Lin Yi greeted with a smile.

"Oh, it's Lin Yi." Boss Bai smiled when he saw Lin Yi. Lin Yi was a student he had high hopes for, and although he couldn't make elixirs yet, he had high hopes for him. After all, Lin Yi saved his life, and boss Bai naturally hoped that he could learn more, "How's your alchemy fire control? any progress?"

"I ..." Lin Yi smiled bitterly. He didn't think that boss Bai would care so much about him. He'd been busy with the Hidden House meeting and Wulong haote mountain. He didn't even have time for classes. Where would he find the time to study alchemy?

He did come up with a combined alchemy technique with Han Jing Jing, but there wasn't any reference to duplicate it-it'd be too shocking if he told the world. Lin Yi couldn't tell boss Bai the truth, since he wasn't that close to him yet.

Boss Bai did give him some notes and materials, but they were all built on the foundation of Lin Yi saving boss Bai's life. Other than teacher and student, Lin Yi was also his Savior.

Chapter 2433 An Jianwen Fell For It

"It's okay. I think you're quite talented, but your body seems a little strange. You can condense the alchemy fire, but you can't control it. I can't figure it out no matter how much I think about it. You don't have a fire attribute in your body, or ..." Boss Bai shook his head. "Don't worry, I'll help you think of a way. Don't worry too much ..."

Lin Yi looked at boss Bai's eyes and felt guilty. He wasn't worried at all-he didn't know how to make elixirs, but he could do it with han Jingjing, so he didn't have to worry too much about it. The most important thing right now was to increase his strength!

"Thank you, teacher Bai ..." Lin Yi was very touched, ""Oh right, Mr. Bai, if I may ask, can you refine a third-grade pill at your peak without any injuries?"

"Third-grade?" Boss Bai laughed arrogantly. "At my peak, third-grade pills were easy to get. I could even try to make fourth-grade pills. I would make one every year."

"Rank four ..." Lin Yi clicked his tongue. Boss Bai was a really strong person! Lin Yi wondered if he could repair boss Bai's meridians. Boss Bai had lost all his strength because his meridians were damaged and blocked, but if boss Bai's meridians were cured, could he get boss Bai to make third-grade pills for him?

However, after boss Bai's injuries were healed, would he be able to regain his previous strength? If boss Bai could make level three and four elixirs easily, then his strength should be Sky Class late phase peak. Even if Lin Yi healed him, he could only return his strength to Earth Class early phase, and he would still have to rely on the Qi gathering pill. The road of cultivation after that would still be on boss Bai himself, and Lin Yi couldn't return his strength back to normal at the moment.

It was true that Qi and stamina recovered faster for refiners, but Lin Yi didn't know what was going on with boss Bai.

Plus, Lin Yi had always been hesitant about boss Bai's background. An all-powerful Alchemist, he probably wasn't a simple person when he was young, and he seemed to have some connections with the sky elixir sect too. This made Lin Yi even more hesitant to make a decision.

"Hehe, I'm already old and that's all in the past. My future in alchemy will depend on you guys. Who knows, you might be able to refine a fifth or even sixth ranked pill?" Boss Bai said with a smile.

"Mr. Bai, you must be joking. How could I?" Lin Yi shook his head with a bitter smile.

"Hehe, I have high hopes for you!" Boss Bai patted Lin Yi's shoulder, "I'll be leaving first. I have something else to do today, so I won't say much. If you have any questions, come to my office and find me. You can also give me a call. "

"Alright, Mr. Bai." Lin Yi nodded as he watched boss Bai get into an old Passat and leave the school.

Lin Yi couldn't help but shake his head-even boss Bai's car wasn't as good as his, and he had a Q7!

Mengyao, Yushu, and Xiaochao didn't have to wait long in the parking lot before they walked over and got in the car. Lin Yi drove them straight home, and on the way, he said to Mengyao,""Oh right, our Biology Department is organizing a winter vacation this weekend. All the students will be there ..."

"Oh, then let's go. It's a good time to cultivate your relationship with Xinyan." "Don't worry about Shu and I, we'll stay at home and won't cause you any trouble,"Mengyao said, very straightforwardly.

"Thank you ..." Lin Yi nodded, touched. When he wasn't at home, Mengyao and Yushu didn't dare to go out. Although he was facing Mengyao's enemies before, they were all his enemies now.

It wasn't so much that he was protecting Chu Mengyao and Shu, but it was more like they were implicated by him. He wasn't a bodyguard, he was just a close combat Master.

"What for?" "Why are you so polite now?" Mengyao smiled.

"Then I won't be polite." Lin Yi said.

A week's time passed by quickly. In this week, Lin Yi found time every day to practice the seventh style of the wild fire Fist. Finally, he was able to use it more proficiently from the half-baked state he was before. However, the seventh style of the wild fire Eight Trigram palm was not very familiar, and he could only use it.

But Lin Yi wasn't in a rush-it was better to improve every day than not at all. He knew that he'd been a bit too impatient this time-if he'd taken a break and used the seventh form, it'd be a piece of cake, but he'd just broken through to Earth Class mid phase peak, and it was obviously a bit rushed to use the seventh form right after the sixth. The result was all thanks to that all-purpose martial skill.

Ever since the gangster girl that you Panhu and Zhaolong had hired to set Lin Yi up at the restaurant almost exposed themselves, they'd been a lot more well-behaved this week. They didn't hang around Lin Yi's area after class, either, and they'd be quiet during class as well.

But Lin Yi didn't let his guard down just yet. He knew what these two were like-they were holding back right now, and there might be a bigger scheme brewing. Who knew what these two were up to?

Lin Yi guessed that the two would make their move during the winter outing-the rules were a lot more relaxed there, after all, and boss Bai wouldn't interfere too much.

.....

On the other hand, Jianwen found Scorpion and Xiaochun right after Lingshan left, just as Lin Yi had predicted.

"The casino business is quite profitable. There's one in Eastern Sea city, and I'm going to take it."
Jianwen was indeed tempted. "Little pure, you've trained enough. I'll leave the casino business to you. Is that okay?"

"Of course not. Thank you, master Wen!" Chunjie was overjoyed. Managing the casino wasn't as easy as being with Jianwen all the time, but the profits were huge. The casino made a lot of money every month, and as long as she could fill her own pocket a little, it would be enough for him to eat. Plus, Jianwen didn't seem to mind her doing so, so of course, she was overjoyed.

"En, in the next few days, I'll look for gambling bro and take down his casino." Jianwen said.

"Master Wen, if we rashly go and take over the casino, will gambling brother agree?" Scorpion asked after some hesitation.

Chapter 2434 Good News

"Heh, he'll have to give us what we, the Firewolf gang, want even if he doesn't want to!" "Unless he doesn't want to live anymore!" Jianwen sneered.

"But, the police have already confirmed that the kidnapping of his daughter was done by us, the Firewolf gang. What if gambling bro gets angry and refuses to pay us?" Little purity was also a little worried.

"So what if I know? He'll have to give it even if he doesn't want to. With the small number of people around him, he'll die if he goes against us!" Jianwen hmpheh. "If he's smart enough to give me the casino, I'll give him a good price. Otherwise ... Hmph!"

"That's true, our master Wen's style of doing things is domineering!" Scorpion nodded. It was just as Jianwen said-the gambler was no match for him. Even if he forced him to sell the casino, he would do it. So what if he forced him to sell? Did he dare to call the police?

And so, an Jianwen found someone to get gambling bro's phone number and called him.

The gambler had been troubled these days. There were a few Big Brothers in the underworld who were interested in his casino, but they couldn't take out the money at the moment. However, they said that they could pay in installments. They would pay the gambler 20 million this year and pay the remaining 30 million next year.

Although the total price was also 50 million, the gambling brother would never agree. He wasn't afraid that these people would go back on their word, but he was afraid that the casino wouldn't even be able to last until next year! If it was any other time, he would naturally agree, but now that he had offended the Hidden House Zhao, who knew when the Hidden House Zhao would come and turn the casino over. Who would he go to for money then?

He wanted to withdraw 50 million Yuan in one go and then take the money and run far away. By then, if anything happened to the casino, it would have nothing to do with him.

Brother gambler didn't expect that the leader of the Firewolf gang in Donghai city would call him! To be honest, gambling bro hated the Firewolf gang. His daughter was kidnapped by the Firewolf gang. Although the Firewolf gang later pushed out a scapegoat, how could gambling bro, who was also in the underworld, not know the inside story?

Without the boss's permission, how dare his underlings do such a thing? It was impossible for them to be a small gang, let alone a big gang with strict rules like the Firewolf gang! How could the gambler's

underlings give chips to the customers to exempt them from gambling debts without the gambler's consent? Obviously, he didn't dare to.

He knew that an Jianwen was the mastermind behind all this, but the police didn't have any evidence. He couldn't do anything about it! Since he wasn't as good as the other party, the gambling brother could only lower his head and pick up the phone patiently.

"Master Wen, why are you calling me?" Gambling bro took a deep breath and said.

"Gambling bro, your casino is making a lot of money, huh?" Jianwen said indifferently.

Gambler was a little surprised. He didn't know what an Jianwen meant, but he still asked carefully, ""Master Wen, you must be joking. How can my small income catch master Wen's eyes? The Firewolf gang is a big business, and I'm just a small one! Besides, master Wen also knows about my daughter's kidnapping. It's an unlucky year for me, how can I have any money on hand? I'm already in debt!"

The gambler said that because he was afraid that an Jianwen would borrow money from him or extort it from him.

"Oh? Brother gambling, if that's the case, I have a good idea. " Jianwen's eyes brightened at the words- he got it without any effort at all!

"Master Wen, What do you mean ..." The gambler's heart went cold. He didn't know what Jianwen was up to.

"Gambling bro, since you don't think the casino is profitable and you're short of money now, why don't you just give me the casino?" "I'm thinking of opening a casino, and I'm thinking that once I do, I'm going to steal my business. No matter what, I'm still a senior in the Donghai city gambling industry, so I'm just telling you. But now, since you think it's hard to run a casino, then you can run it for me. I don't want to hurt our relationship with competition!" Jianwen said.

Jianwen was just making things up-he couldn't open another casino! Even if he wanted to, he didn't have anyone who understood it. In this casino, from the dealer to the waiter, all of them needed professional training. Where would Jianwen find the time to find someone to train them?

Besides, the gambling machines and the customers were things that Jianwen had to worry about. He didn't have the time to open another casino! The reason why he was interested in gambling brother's casino was that the dealers, waiters, and gambling equipment were all ready-made. He didn't need to spend much effort and could make money directly by taking over.

However, he said this to scare the gambling brother. If you don't pay me, I'll open my own casino. Don't cry when I steal your customers.

"Ah?" The gambler froze-he didn't think that something good would happen out of nowhere. He started to suspect that an Jianwen was up to something."Master Wen, you ... You're not joking, are you?"

"Do you think I'm joking?" Jianwen thought that the gambler's tone was a little off because he was scared. He was very pleased with himself,"Gambling bro, I, an Jianwen, am very busy. I don't have the time to joke with you."

"This ... Then master Wen, you mean ..." Brother gambling tried hard not to laugh out loud and asked carefully.

"I've been to your casino before. Judging from the scale, it's only worth 50 million. If you're willing, I'll give you 60 million. Is that okay? just say it!" An Jianwen's valuation was pretty accurate, and he didn't want to waste time with the gambler.

"60 million ... This ..." The gambler didn't expect an Jianwen to give so much! He had set the price at fifty million in his mind, and if he could make a one-time payment on the same day, forty million would do as well. He didn't want to delay any further, but he didn't expect Jianwen to be so generous!

"What, you think it's too little?" Jianwen hmped unhappily. "Don't be greedy. I'll use this money to open another shop, and you won't be like this anymore!"

"I ..." Brother gambling wanted to say, how am I complaining that it's too little? I just think that you're giving me too much. When I take the money, you can't get someone to hack me to death after something happens, right? However, he thought about how he was going to leave soon, and that 20 million of this 60 million was what he had given out before, so wasn't that exactly equivalent to 40 million? It was just in line with the gambling brother's psychological price. It was really a good thing that fell from the sky!

"You don't agree?" Jianwen's cold voice sounded again.

"I ... Agree ..." The gambling brother took a deep breath and calmed his emotions. "But I need cash because I owe someone money. I need to pay it back as soon as possible!"

Chapter 2435 The Winter Vacation Begins

"Sure." Jianwen didn't have much, but he had a lot of cash. Sixty million was nothing to him, so he agreed to it easily.

"That's good. I'll give the casino to you, master Wen. I wish you a prosperous business ..." The gambling brother was ecstatic.

"I'll send someone to hand it over to you in a while. But to ensure that our Firewolf gang takes over smoothly, don't announce to the public that the casino is out for exchange. Just say that it's for your men to take care of." An Jianwen was afraid that the sudden change of bosses would cause a loss of customers. After all, many people played for the sake of his reputation as the gambling King. With a change of bosses, no one was familiar with each other, and they didn't know if the casino would be safe in the future. So an Jianwen decided not to reveal this news.

"This ... No problem." The gambling brother smiled bitterly. He wanted to say that if he didn't announce that the casino had changed people, the hidden Zhao family might go to find trouble with him, but he thought about it and didn't say it.

If it was someone else, he would've reminded them, but to an Jianwen, the guy who kidnapped his daughter and extorted 20 million from him, he'd better fight the Hidden House Zhao to the death!

Besides, he was going to run far away. Who cared if an Jianwen was in trouble or not? It would be best if there was trouble!

This was one of Lin Yi's big traps-he had a lot to do recently, training, the winter trip, and the sky elixir sect's test. He didn't have time to go against the Hidden House Zhao and the firewolves.

With Lin Yi's current strength, it wasn't like he couldn't win against them, but one hidden house Zhao was already hard enough, not to mention two. Most importantly, Lin Yi didn't know if there was anyone else supporting the Hidden House Zhao and the fire Wolf Gang. He might as well use some tricks to make the two fight first.

Things were going exactly as Lin Yi had expected. Pure easily accepted the gambling man's business. He took out sixty million and told the manager that he would be directly responsible for pure in the future. Then, he ran away happily with his daughter, leaving Donghai city.

This sum of money, in addition to his previous business, was enough for him and his daughter to live the rest of their lives comfortably. When the time came, they could hide their identities. Who would know that he was once a gambling brother?

After little pure took over the casino, it started to make a profit. The income wasn't bad, and she was very happy. She reported the progress to an Jianwen.

An Jianwen thought that it was a good idea. This gambling guy was smart enough to let go of the casino. Although the profit wasn't much, at least it was a long-term stable investment. When an Jianwen was resting, the casino was also making money. So after tasting the sweet taste, an Jianwen decided to turn his eyes to some fixed businesses.

A business that didn't cost money was fast, but it wasn't easy to find a business that didn't cost money. It wasn't something you could do all the time, and so, this stable and profitable business entered Jianwen's line of sight ...

In the blink of an eye, it was Saturday. Today was the day of the winter vacation for the biology Department of East Ocean Engineering University.

Lin Yi couldn't help but smile as he looked at the students. It seemed that he'd slowly gotten used to this comfortable life after his time in school, but the details were still different.

The other students all had backpacks with snacks, fruits, and drinks in them, but Lin Yi didn't have anything on him.

However, there were exceptions. Han Jingjing did not carry so many things. She only carried a small bag with a bottle of mineral water. The rest was her tablet that she always carried with her.

Even Wang Xinyan was carrying a small bag, but this was normal. Han Jingjing was a special case, while Wang Xinyan was a normal girl, bringing snacks and fruits with her.

"Is the backpack heavy? I'll help you carry it?" Lin Yi asked with a smile as he stood with Xinyan and Jingjing.

Xinyan felt uneasy, glancing at Zhaolong and youpanhu from time to time. She should've been with Zhaolong, but she ended up with Lin Yi. Was this a blessing or a curse? Xinyan couldn't tell.

She wanted to keep a distance from Lin Yi so she wouldn't cause him trouble, but she couldn't tell him to leave with Lin Yi by her side. She was worried and didn't hear what Lin Yi said, so she let out an "ah."

"I said backpack, how about I help you carry it?" Lin Yi asked.

"No... It's okay, it's not heavy ..." Xinyan's heart skipped a beat, and her face reddened. She was about to pass her bag to Lin Yi subconsciously, but she remembered Zhaolong and quickly declined.

Lin Yi didn't mind-Xinyan's bag wasn't big, after all, and there shouldn't be much inside.

After a while, at Teno' clock, a few buses slowly drove into the school and stopped in front of the biology department's teaching building. There were not many people from the medicine major. After getting on the bus, there were still a lot of empty seats. However, the other majors were relatively more crowded. Even so, many students would rather stand or squeeze with other people than get on the other majors' buses.

After all, there were no acquaintances in the car, so it would be very depressing.

However, there were exceptions. When he got into the car, he realized that Bai Weitao and Zhao Shengyi had come out of nowhere. They were holding hands with a girl each. Who else could it be if not he meiyue and Chai Xiaoling?

LAN xiaoru was the only one who didn't come to Xinyan's room. Lin Yi didn't interact much with her, and she didn't hang out with Xinyan, he meiyue, or Chai Xiaoling.

Because han Jingjing was with him this time, Lin Yi couldn't sit with Xinyan like he did during the military training. He had to go to the last row of the bus and sit with the three of them.

Zhaolong, coiling Tiger, yellow-hair, and purple-hair were planning to sit in the last row as well, but Lin Yi took three seats and there were only two left. They had to choose other seats.

He meiyue sat next to Wang Xinyan, and Bai Weitao sat on the other side of her.

"Lin Yi, why didn't you and han Jingjing bring anything?" He meiyue looked at Lin Yi and han Jingjing curiously. Her roommates didn't bring much because Bai Weitao and Zhao Shengyi said they had to bring a lot of snacks and fruits, so they didn't have to bring too much.

Chapter 2436 Right Coiling Tiger's New Plan

But Xinyan didn't bring much, and Jingjing and Lin Yi didn't bring anything. Did they have enough snacks?

"Jingjing and I don't like to eat snacks." Lin Yi said with a smile.

"Brother Lin, this is a healthy diet. It's not healthy for us to bring so many high-calorie snacks. There are also restaurants at the ski resort." Bai Weitao said.

"Then why did you bring so many?" He meiyue pointed at Bai Weitao's backpack and rolled her eyes at him.

"I brought it for you ..." Bai Weitao said with a bitter smile.

After the people in the car settled down, the car slowly drove out of the school. Soon, it left the city and went on the highway.

"Bai Weitao, give everyone the safe travel manual for the winter vacation." Boss Bai waved at Bai Weitao and said, ""This is the first time we're going on a group trip in our university life. I hope that everyone will be careful and not do anything dangerous! In this winter travel manual, there are some rules and regulations, as well as some emergency treatment methods for encountering danger in the winter wilderness. I hope everyone will read it carefully after getting it!"

Bai Weitao quickly stepped forward, took the winter travel manuals from boss Bai, and began to distribute them one by one.

Lin Yi took the manual and flipped through it. The manual was pretty well-made, with many ways to deal with dangers and emergencies, very suitable for the winter trip. However, these things were still child's play compared to the knowledge Lin Yi had.

But Lin Yi still turned to Jingjing and Xinyan. "This manual is quite useful. Read it carefully."

"En, en!" Han Jingjing put down her tablet and opened the manual to read it carefully. Wang Xinyan did the same after Lin Yi's words.

He meiyue, on the other hand, was a little disinterested and put it away after a casual look.

Lin Yi didn't say anything else. After all, he meiyue wasn't his girlfriend, and the knowledge in the manual was just to be prepared. For winter tours organized by the school, as long as you didn't go to dangerous places, there wouldn't be any danger.

After a while, the car suddenly slowed down and finally came to a stop!

Boss Bai, on the other hand, received a call from the car in front. He frowned slightly and said to the students in the car, "Everyone may have to wait patiently for a while. There was a car accident on the highway ahead. A truck carrying wood overturned. The wood has blocked the entire highway. It's being dealt with urgently ..."

"Ah?" The students on the bus all sighed. The winter trip was supposed to last for two days. They would leave this morning and come back tomorrow night. However, due to the traffic jam, they would probably only arrive in the afternoon, which would reduce their time for fun.

"Motherf * cker!" Right Panhu frowned when he saw the situation in front of him! On the way, he had arranged for a good show, but he did not expect to encounter such a mess!

This time, you Panhu arranged for a Sky Class master from the Hidden House of you to Rob them on the road. Of course, his goal wasn't the money, but the tablet in han Jingjing's hands!

Through these few days of observation, you Panhu discovered that han Jingjing seemed to have scanned the alchemist's notes into the tablet. In addition, he found some information that he had never seen before in han Jingjing's tablet!

Although he had only caught a glimpse of it, he was certain that there was something good in han Jingjing's tablet! Furthermore, han Jingjing's pill refining experience was also written on the tablet. As long as he could get his hands on the tablet, he would be able to see han Jingjing's true pill refining skills!

As for Lin Yi's ability to fight Sky Class Masters, he knew that very well, but he wasn't afraid-he didn't believe that Lin Yi would dare to do it in such a small space!

He'd just have to let the Sky Class release his aura and let Lin Yi know his strength-he wouldn't dare to do anything rash, after all, fighting a Sky Class would hurt the innocent, especially with so many students on the bus!

Plus, the Sky Class master's goal was to Rob, and Lin Yi might not even chase after him. Even if he didn't join the winter tour, he might not be able to catch up to the Sky Class master.

It was a pretty good plan-he'd make use of the limited space in the car during the winter trip to make Lin Yi and han Jingjing suffer! However, he had never expected that there would be a car accident in front!

Once the accident was over, with so many cars gathered together, the cars definitely wouldn't be able to move on the highway, and the sky Class Masters wouldn't be able to set up a blockade!

"Brother you, this is not a good time. Is our plan not working?" Zhaolong wasn't pleased either! He didn't know that Yu Pan Hu wanted to Rob Han Jing Jing's tablet. Yu Pan Hu didn't tell him about this.

He only told him that he'd arranged a robbery scene, and that the robbers would go after Wang Xinyan after stealing Lin Yi and han Jingjing! Zhaolong didn't even wait for Lin Yi to make a move-he stood up and confronted the robber.

The robber jumped out of the car and ran away after stabbing Zhaolong.

This was a plan that Panhu had devised to make the robber leave quickly, and he'd used Zhaolong as well.

As for the knife, it was definitely in an unimportant position. Plus, Zhaolong had the limited edition golden creation medicine, which could stop the bleeding and heal the wound quickly. There was no need to worry about any problems.

This way, Zhaolong's image would be created, and he'd be able to give Xinyan a good impression of a hero saving a beauty! Although this method was very vulgar, it was very useful. The hero saving the beauty was generally a big killer weapon for picking up girls, and it was successful in every way.

And if Lin Yi saw the problem and said that the robber was a Sky Class master, Zhaolong would have a plan as well. He would say that Lin Yi was just saying it because he didn't want to admit defeat-what kind of existence were Sky Class Masters? Why would he Rob a car?

Even if Xinyan didn't believe him, Zhaolong's words would be more convincing. Lin Yi was close to Xinyan, but she could tell herself that a Sky Class master wouldn't Rob someone for nothing.

"Who knows?" Right coiling Tiger was also somewhat helpless. No one had expected such a thing to happen on the road!

While Zhaolong and coiling Tiger were complaining, the car door opened. From the looks of the accident, they wouldn't be able to leave for a while, so many students were requesting to get out of the car for some fresh air!

Chapter 2437 Robbery

Just as the car door opened and a few students were about to get off, a few masked burly men suddenly barged into the car and blocked the students!

One of the masked burly men, who was the leader, shouted, ""Don't move! Go back! This is a robbery!"

As he spoke, the masked burly man pulled out a black pistol from his waist, raised it above his head, and aimed at the students who were about to get out of the car.

"Ah!" The few students who were about to get out of the car were immediately dumbfounded. They were so scared that they kept stepping back. Some of them directly sat on the ground, and some of them even peed in their pants.

The students in the bus were dumbfounded. They didn't expect to encounter a robbery on the highway, especially when there was a traffic jam. This situation was really rare! However, when they saw the shiny black pistol in the masked man's hand, they immediately became silent and didn't dare to make any sound ...

The few students who were about to get out of the car were also scared to death. They realized that the big men who got into the car were either holding sticks or daggers. Each one was fiercer than the last!

"All of you, listen to me. If you don't want to die, then give me all your valuables and cash. Otherwise, I don't mind sending you to heaven to collect your Scriptures!" The leader of the men shouted as he held his gun.

"Ah ..." The students were all shocked by the masked man's fierce words.

"You guys want to Rob me, right? I'll get the students to take out all their valuables and cash, so don't hurt the people in the car!" Boss Bai was very calm at this time. He looked at the big man in the lead and said to him,"

"Oh? You're quite sensible. " The burly leader nodded in satisfaction, then said to the three people behind him,""Second, third, and fourth, go and collect your things one by one. If you don't want to take them out, kill a hundred!"

"Yes, big brother!" The three men behind the leader immediately responded. They took out a woven bag from somewhere and said to boss Bai,""I'll start with you. Take out everything that's valuable!"

Boss Bai nodded. Without hesitation, he took out his wallet and took out all the cash in it. He threw it into the woven bag of the three big men, then took out a mobile phone and asked,""Do you still want your phone? It's a knockoff, you won't be worth much even if you sell it. "

"I don't want it." One of the big men glanced at the dual-card dual-standby counterfeit in boss Bai's hand and shook his head. The new cell phone was only 100 to 200 yuan, and second-hand goods markets might not necessarily buy it. When they robbed cell phones, they only picked smartphones that were more expensive than 1000 Yuan. This kind of counterfeit cell phone would take up too much space for nothing.

Boss Bai nodded and put away his phone. He was doing this to lead the students. With his previous strength, he might not be afraid of anything. But now that his meridians were all broken, he had to compromise in order to not let his students get hurt!

Of course, boss Bai knew that Lin Yi was good at fighting, but he didn't want to cause any trouble. The car was too small, after all, and if Lin Yi shot one and the other one randomly fired, the students in the car would be in danger.

It was already good enough that Lin Yi could take care of his own safety, Xinyan's safety, and his friends "-the other students would only become cannon fodder! Boss Bai was hinting at Lin Yi to not act rashly! He was a teacher, and he didn't want his students to make any mistakes!

Money was just a worldly possession. Boss Bai didn't lack money, and these students didn't necessarily bring too much money with them when they went out! The robbers only wanted cash and valuable items and ignored the bank cards. This also showed that these people only wanted money and would not take the risk to ask for bank cards and passwords.

However, this also showed that these robbers were professional. As long as it didn't go against their will, they usually wouldn't hurt people! What boss Bai was most afraid of was those who came from a new background, who came up to him and beat him up, and then asked the students for their bank card password. If he asked for the password, many students would probably object, and then things would get out of hand.

These kidnapers knew that it was useless to ask for a bank card. They would be easily discovered when withdrawing money, so their modus operandi was very professional.

"Yours!" The third robber shouted at the two students sitting behind boss Bai.

Although the two students were scared, they still took out their wallets with trembling hands and gave the cash to the third robber.

"Damn it, are you born poor? how can you be so poor? only a hundred Yuan?" The third robber was furious when he saw that one of the students only had 100 yuan in his wallet.

"Brother, my phone broke a few days ago. I just bought an iPhone. Here you go ..." The student was shocked and quickly took out the latest iPhone from his pocket and handed it to the third robber.

"Not bad, very good!" The third robber took the phone with satisfaction and threw it into the woven bag after glancing at it. He then said to the other student, ""Where's your phone? Hurry up!"

"My phone is just average. It's a domestic Android phone, I paid the call fee ..." The student beside him took out his phone. "You guys don't want it, do you?"

"Oh? This will do too!" The third robber glanced at the student's phone. Although it was a domestic Android, it was a new model. A second-hand phone could be sold for three or four hundred Yuan. Why would he not want it?

"Ah? You need this too ... Then can I take out the memory card?" The student pleaded.

"Why are you so troublesome? Are you going to give it to me?" The third robber heard the student's dilly-dally and was instantly enraged. "A memory card costs a few dozen F * cking Yuan. Why are you so stingy?"

"Uh ... No, my card has ... A picture of me and my girlfriend ..." The student said weakly.

This student's words were a little funny. When the other students in the bus heard this, they suddenly had the urge to laugh. However, no one dared to laugh at this time. Who knew if they would be the next one!

Because of this student's reminder, the other students also took out their phones. Those who had a guilty conscience took out their memory cards, and those without memory cards began to clear the data on their phones ...

"Then why don't you take it out?" The third robber frowned but agreed to the student's request. He didn't do it out of kindness, but he was afraid that the seller would find out that there was something wrong with the phone. After all, they couldn't erase all the data on the phone and they didn't know how to use many phones.

"Oh, okay ..." The student quickly took out the memory card and threw the phone into the woven bag.

Chapter 2438 The Right Coiling Tiger Frowns

Second and fourth were also busy packing money and valuable items into a woven bag each. Some of the students' cameras and laptops were not spared either. However, these kidnappers were very kind and allowed the students to take out their cameras and memory cards from their mobile phones.

Memory cards weren't worth much, and the robbers wouldn't be able to take them back. Moreover, it would be difficult to dispose of the stolen goods in the cameras and mobile phones.

Right Panhu, who was sitting not far away, frowned. He thought to himself, what kind of people did Grandpa send me? So what if it's a robbery? why are you still acting like it's a robbery? He could just Rob the money. What things did he want? what a waste of time!

Zhaolong saw the frown on coiling Tiger's face and knew what he was thinking. He consoled, "Brother you, Grandpa you is also thoughtful. These people came to rob money and don't want other valuable things. This bus of students, even if they were only robbing money, how much money could they Rob? Otherwise, with Lin Yi's shrewdness, he'd definitely notice the problem-a Sky Class coming to Rob us, wouldn't that be overkill?"

"Hmm ... That's true ..." Right place Tiger suddenly remembered that he was after han Jingjing's tablet. If he didn't Rob other people's phones, cameras, and laptops, how was he going to Rob han Jingjing's tablet?

It seemed that he was a little too eager, and his grandfather was still the calculative one! If it was only han Jingjing, then Lin Yi would be suspicious, but if everyone was robbed, then Lin Yi would not be suspicious! The only thing that annoyed Zhaolong was the fact that the third robber was an idiot.

He even asked the student to keep the memory card and delete the data on the phone. What if han Jingjing deleted the data on the tablet later? Wouldn't he have snatched a piece of trash back for nothing?

The operation this time seemed like the Hidden House you was trying to get on house Kang's good side, creating a chance for Zhaoming to save the damsel in distress-but the Hidden House you was sending a Sky Class master! Although the Hidden House you had a few Sky Class customers, and old man you himself was a Sky Class master, these Sky Class customers weren't the Hidden House you's men-they were only there for their own benefit.

The Hidden House of you provided them with some heavenly treasures or pills for cultivation, and these people would reach out when the house of you was in trouble! If it weren't for the fact that it cost too much to exchange information with Lin Yi, who was greedy and asked for all kinds of good things like a

bottomless pit, elder you wouldn't have thought of taking han Jingjing's tablet as an opportunity to get on Zhaolong's good side!

It could be said that old master you wasn't stupid. This was killing two birds with one stone. He could show goodwill to the Kang family while secretly reaping benefits. How could he let go of this opportunity? Old man you wouldn't have sent a Sky Class master just to show his goodwill to house Kang-he'd have nothing better to do.

Of course, he couldn't tell Zhaolong about this, and so Zhaolong was very grateful.

"What are the two students at the back mumbling about?" The second kidnapper glared at Zhaolong and Panhu, ""Shut up and obediently take out the good stuff!"

"Oh ..." Right Panhu nodded and thought, "you're good at acting. This way, no one will suspect that these robbers are related to me!"

Han Jingjing looked at the situation in front of her and took out her tablet helplessly. She was prepared to erase all the data in the tablet. After all, there were many alchemy notes in it, and she did not want to spread them.

Yu Panhu saw han Jingjing take out a tablet from the corner of his eye and panicked. He almost wanted to stop her, but his rationality told him not to do that. If he did, han Jingjing and Lin Yi would be suspicious. However, if he didn't stop her, the information would be gone. This wasn't what Yu Panhu wanted!

Lin Yi spoke up just as he was in a dilemma. "There's no need to delete it. The kidnappers can't understand these things."

"Oh ..." Han Jingjing hesitated, but she listened to Lin Yi. She closed the tablet and put it aside.

You Panhu let out a breath of relief-he really wanted to kiss Lin Yi! He was so grateful, thank you!

However, just as right Panhu was excited, something happened!

The fourth robber shouted at a bespectacled boy, ""Why do you have so few things on you? are you hiding something?"

"I ... No... I didn't ..." The spectacted student stammered.

"No?" "What are you so nervous about if you don 't?" fourth Bandit glared at him.

After that, the robber started to search the guy's body. He didn't find anything and started to search his backpack. Sure enough, he found the latest full-frame SLR digital camera, an ultra-thin Apple laptop, and the latest handheld game console!

It had to be said that this boy was very rich. He was carrying high-end digital products, which were worth tens of thousands of Yuan.

"You little brat, you actually dared to lie to me?" The fourth robber directly raised his fist and punched the boy in the face. His gold-rimmed glasses were instantly sent flying, and one of the boy's teeth was knocked loose, blood coming out of his mouth ...

Boss Bai looked at the scene in front of him and suddenly felt a little helpless. He knew the background of this boy with glasses. His family opened a pharmaceutical factory and was very rich. He was really stingy. It was not worth it to be beaten up for a few tens of thousands of Yuan!

Right Panhu, on the other hand, frowned. He was secretly annoyed at this Bandit for being so meddlesome. Why did he make a move? If this attracted Lin Yi's attention and the other students "backlash, it would be out of control!

"Younger brother you, in fact, these people are also putting on a full show!" Zhaolong said quietly, "think about it, he's definitely preparing to make trouble for Xinyan. He's just using the guy in glasses as a practice. If he were to make trouble for Xinyan out of the blue, it'd make people think it's weird. Now that he's learned his lesson from the guy in glasses, it's only natural that he'll do what he did ..."

"That's true!" You Panhu nodded and thought to himself that he was indeed too impatient. These people did things according to rules and did not act recklessly.

This time, with the lesson of the bespectacled man being fixed for hiding things and not handing them over, the remaining students did not dare to hide anything anymore!

Chapter 2439 Hero Saves A Wonderful Opportunity

When second, third, and fourth came over, the students obediently took out money, phones, and other digital products from their pockets and handed them to them.

On the other hand, Panhu and Zhaolong obediently handed over their phones, wallets, and cameras. Panhu thought that these things would eventually return to him, so he didn't even delete the photos!

The photo in his phone was a selfie he took when he went out to look for a prostitute. He didn't care at all. He didn't believe that these people would dare to touch his things!

In the end, the robbers came to the last row of the car, where Lin Yi and the others were.

"It's your turn, hurry up and take out the cash and valuables!" At the end of the robbery, the robbers were getting a little impatient. It was best to end it as soon as possible. They still had to Rob the passengers in the other cars!

Taking advantage of the traffic jam, they could Rob as many people as they wanted. The police car couldn't drive over. Once they passed this village, there wouldn't be such a shop anymore.

"Oh, okay." Lin Yi took out his phone and wallet obediently, while Jingjing took out a stack of cash and a tablet from her bag. She didn't have a wallet.

Han Jingjing glanced at Lin Yi, and seeing that he didn't say anything, she threw the tablet, iPhone, and a stack of cash into the woven bag.

But just as Lin Yi was about to put the wallet and phone into the bag, the second robber stopped him.

"You don't need your phone." The second-in-command looked at the phone in Lin Yi's hand-it was an old model, and wasn't worth much.

"Oh ... Okay ..." Lin Yi nodded and threw the wallet into the woven bag. The second robber paused, surprised. Lin Yi didn't even want his wallet? Did he just throw it into the woven bag?

Lin Yi took his hand out of the bag slowly after throwing the phone away.

"Yours!" The second robber turned around and looked at Wang Xinyan and the others.

"Okay ..." Wang Xinyan, Bai Weitaο, and he meiyue all put the phone and cash into the woven bag, but the SIM card and memory card had already been taken out, so the phone didn't hurt.

After robbing the last few people, the second kidnapper seemed to feel that it was a little too little. He didn't expect the bus to be full of students. They thought it was a tour bus for a tourist group. If it was a tourist group, these tourists were quite rich. It was possible to Rob hundreds of thousands of Yuan directly. But now, it was only tens of thousands of Yuan, which made him a little unwilling!

He looked at Lin Yi, Xinyan, and the others, and his eyes stopped on the red string on Xinyan's neck. He frowned."What necklace are you wearing? Take it out and give it to me!"

"Ah!" Xinyan was taken aback-she didn't think that the second-in-command wouldn't let her go after the robbery, but had his eyes on her necklace instead. She couldn't just take it off, though, and she shook

her head nervously, her face pale. "This ... Is just an ordinary jade pendant. It's not worth anything, not worth anything ..."

"Take it out! Didn't you hear me?" The second kidnapper didn't think that Xinyan would disobey him, but the more she did that, the more he felt that the Jade was worth! If it was something worthless, would they be so careful?

"I ... I'm really not worth much, it's just that this Jade has some sentimental value ..." Wang Xinyan explained after a moment of hesitation.

"Did you not hear what I said? Little girl, do you want to die?" The second robber didn't have the time to be nice to her, either. He waved the dagger in his hand, and the cold light reflected on Wang Xinyan's face, shocking her.

Lin Yi frowned-he knew that Xinyan had a jade necklace on her, but he didn't think much of it before. After all, many people had Jade on them now, including Lin Yi himself. It wasn't a big deal!

Lin Yi's Jade was well hidden, however, and the second-in-command saw the red string on Xinyan's Jade.

Lin Yi didn't think much of it before, but he believed Xinyan's words now that she'd mentioned it. For example, the Jade that Jingyi was wearing had a lot of sentimental value-it was an item her parents left for her, and Xinyan's was probably the same!

Should he make a move or not? Lin Yi hesitated. To be honest, if it was the old Lin Yi, he would've killed the second robber already, and the boss, third, and fourth wouldn't be able to survive today either!

But Lin Yi wouldn't be able to take out all four of them in a small space like this. If he took out one of them, the others might make a move on the other students or boss Bai!

Of course, it was possible for Lin Yi to kill all four of them with his ultimate skill, but the other students around them would be in trouble as well!

The Lin Yi now was more concerned about the people around him-even if they weren't on good terms, and he didn't even talk to his classmates, he didn't want to hurt the innocent.

As Lin Yi was hesitating, Xinyan pulled out the Jade from her chest. He glanced at the Jade-it was made from a very common material, and he'd spent a lot of time learning about it because he needed to craft it. He knew that the Jade wasn't worth much now that he saw it ... But he had a strange feeling about it, and his heart skipped a beat ...

Could it be that the Jade had always been on Xinyan's chest? Lin Yi shook his head. He was still thinking about these things at a time like this?

The kidnapper obviously didn't know what was good for him-he was about to take it away when he saw the Jade! From what he could see, the Jade must be something good if Xinyan was hesitating!

"Give it to me!" The second robber yelled at Wang Xinyan.

At this tense moment, Kang Zhaolong, the hero Kang, made his grand entrance! Although he didn't know what the you family was going to do to Wang Xinyan-after all, it was random, and not random! But now that the second kidnapper was determined to take Xinyan's Jade, it was a great chance for him to save the damsel in distress!

Chapter 2440 Something Is Wrong?

Hence, Zhaolong stood up and strode towards the kidnapper with a signal from coiling Tiger. He yelled, "Stop! Bullying a female student, what kind of ability is that?"

"Gah?" The second kidnapper was stunned. He didn't expect that someone would stand up for him in this situation. Was he tired of living? The second kidnapper turned around coldly and looked at Zhaolong, who was walking towards him. "Brat, do you want to die?"

"Hmph! Her classmates said that this jade pendant has a memento, so it might be a memento from her parents ... Ah, no, where's her grandpa's memento?" Zhaolong blurted out subconsciously, but when he saw Xinyan's face change, he remembered that Xinyan's parents were still alive. Only her grandfather had passed away, so he quickly changed his words!

He'd saved the damsel in distress so that Wang Xinyan would dig her eyes out to look at him, and make a good impression! If he cursed someone's parents to die, how could he have a good impression of them?

"Relic your ass! If you keep barking, I'll make this your relic!" The second kidnapper raged. Zhaolong was challenging his authority, and he was pissed off. Especially when someone stood up right before the end of the robbery.

Zhaolong thought to himself. The kidnapper's words were harsh, but his acting was good. He wouldn't look like a kidnapper if he wasn't so vulgar!

"Hey, this girl is my fiancée! If you want to bully her, you'll have to get past me first!" Zhaolong said with a strong sense of justice.

Lin Yi, who was about to make a move, looked at Zhaolong with interest. What was the kid trying to do? As far as Lin Yi was concerned, Zhaolong wasn't a brainless person-he wouldn't jump out when his woman got bullied!

If he was angry for a girl, he would've gone against Lin Yi a long time ago, why would he wait until now? So Lin Yi felt that this was a little weird! But no matter what, with Zhaolong's help, Xinyan wasn't in danger for now, and Lin Yi wouldn't meddle in her business.

Zhaolong, on the other hand, was overjoyed to see Lin Yi standing still! This kidnapper's second brother must be that Sky Class master-Lin Yi didn't even dare to let out a fart when he released his Sky Class pressure!

Zhaolong felt that Lin Yi would've made a move a long time ago if it were any other day, and there must be a reason why he didn't! Thinking of this, he felt even more confident. He pointed at the second kidnapper and snorted, ""You want me to become a relic? Then let's try it! Even if I die today, I won't let you have your way!"

"Then you can F * cking die!" The second kidnapper was furious, thinking, why is this person so stupid? Can't you see that we have all kinds of weapons? This kid dared to fight with his bare hands?

"I'll never let you bully my fiancée!" Zhaolong walked over and hugged the kidnapper.

"Aiya, what the f * ck! You little bastard, do you want to die?" The kidnapper's second brother was full of dirty words, and just as Zhaolong was thinking that this kidnapper's second brother was really good at acting, he suddenly felt a "bang" on his head!

Zhaolong felt his head spin as a large blood bump appeared on the back of his head. Blood started to flow from his nose. It was terrifying!

Zhaolong shrieked as he turned around to see the kidnapper holding a bloodied wooden stick, glaring at him!

"W-what are you doing? Why are you hitting me with a stick?" Zhaolong didn't know what to do! According to his plan with you Panhu, all they had to do was to let one of them stab him in the arm and see blood. These people saw that things weren't looking good and were afraid of things getting out of hand, so they just had to give a warning and leave. But the situation was very different from what Zhaolong had expected. Why did someone just ambush him from behind?

"Are you stupid? If I don't hit you, who should I hit?" Second robber was speechless at Zhaolong's stupid question. Was there something wrong with this kid? And he didn't know why he was beaten?

Zhaolong was dumbfounded. He looked at Yu Panhu anxiously, hoping that he could resolve this.

Right Panhu couldn't stand up and teach these people a lesson at this time. If he opened his mouth, wouldn't he be exposed? Therefore, right coiling Tiger could only try his best to signal the robbers with his eyes, but they didn't even look in his direction!

"I ..." Zhaolong turned his head and gave second brother a look, telling him to just let fourth brother stab him instead of using so many tricks. It was too much pain!

"Are your eyes damaged? Why are you blinking at me? Are you asking for a beating?" The second robber thought that Zhaolong couldn't beat him, so he threw a punch at Zhaolong's face. Zhaolong's nose started bleeding!

Zhaolong let go of fourth bro, covering his nose and face as he screamed in pain ...

"You little bastard, aren't you supposed to be a hero saving the beauty? Didn't you say that you wanted to show off in front of me?" Fourth bro was so pissed that he couldn't even care about Xinyan's Jade anymore. He kicked Zhaolong in the crotch and yelled, "Damn it, I'll let you pretend. I'll cripple you and make you impotent. It's a waste for you to be a hero saving a beauty!"

"Ow ..." Zhaolong was in extreme pain as he panted heavily. In his heart, he was going crazy. What were these people trying to do? Didn't you say that all you had to do was stab me? Did it have to be so realistic? Although he had used this trick, wasn't it too painful?

Right coiled Tiger frowned and felt that something was wrong, but he couldn't figure out why this had happened! But he couldn't say anything to the thug, so he chose to talk to second robber, who was the closest to him, in a low voice. "What's the matter with you guys? Why did he have to hit her so hard? Could it be that you don't want to live anymore? Or do you think that my hidden you family name is just for show?"

You Panhu couldn't be blamed for being angry. Although these people were his hidden you family's diners and not the hidden you family's subordinates, they usually ate and drank from them, and they also took the hidden you family's elixirs and natural treasures. Why didn't they listen at the critical moment?

The second robber was a little unhappy that you Panhu had dragged him here to teach him a lesson, but when he heard the name of the hidden you family, his expression suddenly froze! Although he made a living by robbing, he was also the most well-informed! They were well aware of the people and aristocratic families that they couldn't afford to offend!
