

Bodyguard 2441

Chapter 2441 Strength But Not Strength

So when you Panhu mentioned the name of the Hidden House you, second Bandit knew this person wasn't to be trifled with. He frowned and said to fourth Bandit, ""Give him a knife, let's go!"

"Oh? "Okay ..." The robber froze, realizing that he'd gone too far. Zhaolong was already on the ground with blood all over his face-this didn't fit their plan!

After hearing second robber's words, fourth robber pulled out a dagger and stabbed Zhaolong's butt. He said coldly, ""Little brat, if you don't have the skills, don't act like a hero saving a beauty! You piece of trash!"

Zhaolong cried out in pain as the pain hit his butt. His eyes rolled to the back of his head after hearing the robber's insulting words. He almost fainted! What kind of F * cking people did he find?

He said he'd get stabbed in the arm while protecting Wang Xinyan, and then these people would run away, but now? Not only did she almost break his balls, but she was also beaten black and blue, and her butt was even cut!

Of course, that wasn't all, the fourth robber's last words were a little too much-it completely destroyed Zhaolong's brave act! He had been injured and beaten up for nothing, and in the end, it turned out that he had to stand up for himself when he failed to act tough.

Fourth robber was having a good time beating up Zhaolong, and had forgotten about Xinyan's Jade. He was afraid that he'd kill Zhaolong, so he quickly got out of the car with the other three to look for his next target.

Boss Bai let out a breath of relief after the robbers left. He couldn't do anything when Zhaolong was being beaten up, and if he tried to stop them now, they'd probably beat Zhaolong up even more!

But boss Bai was curious-why would Zhaolong go out for no reason? And since when did Wang Xinyan become his fiancée? There seemed to be some hidden story behind this?

"Zhaolong, I didn't expect this. Tsk tsk, your acting skills are unprecedented!" Lin Yi looked at Zhaolong and said faintly, "There's a good saying. Those who are powerful are only acting tough. Those who are not powerful are only idiots!"

"Lin Yi, don't say that-Kang bro's only standing up for his classmate!" Panhu walked over and helped Zhaolong up, worried. He was the one who found the robbers, after all, and Zhaolong shouldn't take it out on his family now that something had happened!

They were here to get on house Kang's good side, but in the blink of an eye, Zhaolong had been turned into a bloody gourd by their own people, and his ass was even bleeding. What the hell was going on? You Panhu was speechless-Zhaolong's last stab seemed to have come from the robbers he'd hinted at. Why was it so weird?

Zhaolong stood up, his legs shaking ...

"Lin Yi, are you still a man? You didn't even dare to stand up when the robbers came, but now that Kang bro did, you're still mocking him. What's with your attitude?" Youpan Hu knew that Lin Yi couldn't do anything to him in boss Bai's class, and boss Bai was there as well.

"Oh, who told him to be so nosy? if he didn 't, wouldn't everything be fine if Xinyan just gave the Jade to the robber?" Lin Yi said faintly.

"You ... Didn't you hear Wang Xinyan say that the Jade is very important to her?" "What are you saying?" the right coiled Tiger said angrily.

"Oh, if it's important, then take it back?" Lin Yi's lips twitched nonchalantly as he pulled out a tablet from his clothes like he was performing some sort of magic. He handed it to han Jingjing."This tablet is very important to han Jingjing too, so I brought it back for her!"

"Thank you, Lin Yi bro!" Han Jingjing was overjoyed. She did not expect to get her tablet back! As for her iPhone, it didn't matter. There was no important information in it, and she didn't care about the money. What she cared about the most was this tablet!

"It's nothing," Lin Yi took out another wallet, his own wallet. He weighed it in his hand and put it back in his pocket. He looked at Zhaolong from the corner of his eyes."Do you think you're looking for a beating?"

At first, the other students thought that Lin Yi's mocking of Zhaolong wasn't right, but now that Lin Yi had miraculously taken back Jingjing's tablet and his wallet, they were full of admiration. Lin Yi had planned this all along! He was confident that he could get back the things!

This made Zhaolong a busybody-if he didn't show up, Lin Yi could've solved the problem easily, but his appearance almost made things more complicated!

Xinyan, on the other hand, was a little disappointed that Lin Yi didn't do anything. After all, the person she liked was Lin Yi, and even if she had to save the damsel in distress, she'd still hope that it was Lin Yi and not Zhaolong!

Besides, Xinyan didn't like Zhaolong, but she didn't want him to get hurt because of her. She felt guilty and blamed Lin Yi for fighting with Zhaolong at this time! But after seeing Lin Yi's actions and hearing his words, Xinyan immediately understood that she'd misunderstood. It wasn't that Lin Yi didn't want to help, but that Zhaolong's appearance had ruined his plan!

Lin Yi could've solved the problem quietly, but Zhaolong made it complicated. Lin Yi couldn't tell Zhaolong his plan in front of the robbers, either, or Jingjing's tablet would most likely be taken back!

Xinyan shook her head with a bitter smile, remembering the first time she met Lin Yi on the train. Didn't he just take the money he was supposed to give to the scammers back into his bag without saying a word? He even took the scammer's money, and Xinyan didn't even see how Lin Yi did it-it was unbelievable!

Lin Yi probably used the same trick today, didn't he? Thinking about Lin Yi's capabilities, and comparing it to Zhaolong's rashness, Xinyan felt that Zhaolong was no good. He was way too weak compared to Lin Yi!

Youpan Hu didn't expect Lin Yi to do something like this. He was stunned as if he was struck by lightning. He stared at the tablet in Han Jingjing's hand, speechless! After a long while, he came back to his senses and almost cursed out loud!

Not only did his plan fail to please house Kang and Zhaolong, he didn't even manage to get Jingjing's tablet! What ... What ... What was going on? What a waste of time? His Sky Class master was wasted?

Chapter 2442 Insufficient Intelligence

"Lin Yi, if you're that strong, why don't you take back the other students' stuff? Why are you so selfish? Aren't the losses of the other students also losses?" Yu Panhu held it in for a long time and finally thought of a good reason to attack Lin Yi!

The students who didn't know what was going on felt that what Yu Panhu said made sense. Indeed, if Lin Yi was so strong, why didn't he help them get back at them? As a result, the students who had their stuff stolen all looked at Lin Yi with disdain ...

"How many things do you think I can stuff in my clothes? I didn't even get Jingjing's phone or Bai Weitao's wallet back. How could I help someone else?" Lin Yi said faintly.

Lin Yi's words made the other students who looked down on Lin Yi realize what was going on! Yes, Lin Yi didn't even bother with Han Jingjing's phone or his best friend, Bai Weitao, who was in the same dormitory as him. Who else could it be? Lin Yi was right-how many things could his clothes fit? If they took too much, wouldn't they be discovered by the robbers?

"This ..." Youpan Hu was embarrassed when he saw his classmates' expressions. He knew that he had failed to attack Lin Yi.

"Alright, hurry up and help Zhaolong back. I don't blame you for not being smart enough." "Birds of a Feather really do flock together," Lin Yi said. "Both you and Zhaolong must have a screw loose in your head, or you wouldn't have asked something so stupid, and he wouldn't have done something so stupid!"

"I ..." Panhu cursed in his heart as he helped Zhaolong back to his seat. He was fuming, but he didn't dare do anything to Lin Yi!

Zhaolong took a deep breath as he sat down. The cut on his butt didn't hurt his bones, but it was excruciatingly painful. He stood up as soon as he sat down. "Younger brother you, help me apply the medicine ... Quickly ..."

"Alright!" Panhu quickly took out a limited edition golden creation and poured it all over Zhaolong's butt! Although house Kang's medicine company had stopped operating, they still had a lot in stock.

It had to be said that the limited edition golden creation was very effective. Zhaolong's butt stopped bleeding very quickly, and he sat back down with a better face. He started applying the special edition golden creation on his face. As for his balls that almost exploded from the kick, he could only use some medicine to reduce the swelling. However, house Kang didn't have any medicine like that, so he only brought some medicine that was used for survival in the wild. The swelling was reduced by a lot ...

"Phew ..." Zhaolong let out a breath of relief, a little upset, ""I say, brother you, what the hell is going on? why are these people really fighting? And in such a vicious way?"

Of course, Zhaolong wouldn't dare to have a direct fight with coiling Tiger right now. After all, Zhaolong wasn't an elder yet, and he still had a lot of things to trouble coiling Tiger with in the future. He was just venting his anger!

However, he also believed that this wasn't right coiling Tiger's original intention. Right coiling Tiger wasn't stupid. He had thought of a good idea to save the damsel in distress by all means and then screwed it up. Wouldn't that be crazy? was he that free?

"I don't know either!" You Panhu said bitterly, "I told my Grandpa about this, and he said he'd send a Sky Class to help. Who knew things would turn out like this?" I'm sorry, Kang bro, I'll definitely give you an explanation for this!"

"Forget it, don't make things difficult for your Grandpa-these Sky Class Masters all have their pride!" Zhaolong waved his hand dismissively. He didn't want to fall out with the you family because of this. It was fine to lose his temper at you Panhu, but he didn't dare to question elder you.

"I'll ask Grandpa what's going on first ..." Right Panhu nodded and reached for his phone. When he didn't find it, he realized that he had already given it to the robbers. He smiled bitterly. "I don't have a phone. I'll find a public phone when I get to the ski resort ..."

"It's fine, there's no rush ..." Zhaolong said, gritting his teeth.

Lin Yi didn't pay much attention to the two before-he was an Earth Class, after all, and he had to use his senses to sense his surroundings. He couldn't just use his Qi or enter the Jade space with his spirit sense to sense what people were doing or saying!

Even a Sky Class wouldn't pay attention to this all the time, so what else could he do?

But he was a little confused as to why Zhaolong would jump out all of a sudden. Plus, both of them were at a disadvantage, and Lin Yi was worried that they'd come up with some sort of revenge, so he paid attention to them. He didn't expect to overhear their conversation!

From the sound of it, it seemed that right coiling Tiger had hired those robbers? A Sky Class? But why didn't Lin Yi feel anything like a Sky Class? He'd even used his golden finger to scan the kidnappers-they were all normal people, and the boss was only a little stronger than normal people, but he wasn't even a golden class yet, only half a step into the Golden class.

Was there a Sky Class physical practitioner among them? Lin Yi shook his head. It didn't seem possible.

As for Zhaolong's plan to save the damsel in distress, it was even weirder. No wonder the kid jumped out all of a sudden-he wanted to put on an act, but things changed and he messed it up!

Lin Yi was a little confused-were these people hired by coiling Tiger to help Zhaolong or to ruin his reputation? Why did he look like he was here to cause a scene?

Lin Yi shook his head and shifted his attention away from them-Zhaolong was gritting his teeth in pain, and had shut his eyes to rest ...

Xinyan looked at Zhaolong with pity in her eyes. She didn't like him, but he was injured because of her. It was like "I didn't kill him, but he died because of me." It gave Xinyan a headache. How was she supposed to return the favor?

"Zhaolong, are you okay? Do you need us to send you to the hospital first?" Boss Bai asked worriedly as he looked at Zhaolong. Boss Bai knew that Zhaolong had applied medicine, but he still asked with concern.

"Mr. Bai, I'm fine, I'll be fine in a bit ..." Zhaolong said, shaking his head.

Chapter 2443 Another Robbery

Zhaolong wouldn't go to the hospital. He had failed to save the damsel in distress this time. He still had other plans to implement when they went to the ski resort later!

"That's good. Let me know if you have any problems!" Boss Bai nodded in relief. Zhaolong came from a medical family, and he had solid medical knowledge. If he felt that there was no problem, then there was no problem. He turned to the other students and said, "Students, there was a robbery. No one wanted to see this, but since it has happened, there's no need to be too conflicted. I'll pay for the travel expenses for everyone! Everyone, enjoy yourselves to your heart's content. Don't have any psychological burden and put all your unhappiness to the back of your mind!"

"Alright!"

"Thank you, Mr. Bai!"

"Don't worry, we're not that weak ..." He said.

The students in the car started voicing their opinions after hearing boss Bai's words. The robbery didn't really shock them that much-other than the unlucky guy in glasses, the others just lost some money. However, the beating Zhaolong got gave them a bigger shock ...

Now that they knew Zhaolong was fine, they all let out a breath of relief.

"That's good!" "I see!" Boss Bai nodded and said, "the cars in front are starting to move, and the road is almost clear!"

"That's great!" The students on the bus cheered again.

Lin Yi frowned as he watched the four leave, but he didn't do anything.

He'd prepared for both eventualities-if the robbers took Xinyan's Jade, and Lin Yi didn't have the chance to get it back, he'd get out of the car and find a remote place to kill the four of them for the Jade. As for the other stuff the robbers took, Lin Yi didn't even think about getting it back for the other students. What would he say after he got it back?

Could it be that he had killed the robbers? Then he probably didn't have to go on this winter vacation!

Sure enough, after a while, the expressway was open to traffic, and the University that the students were in also started slowly and moved forward ...

However, the speed was not fast because there were cars in front of them. It would take a while for them to start running. If they really wanted to start running, they would have to wait at least for a while! When the small cars in front started to run, the Big Bus could also start to run.

In any case, it was a good thing that the train was open. The students were very excited and relieved, and they quickly forgot about the previous unhappiness.

After another half an hour or so, the bus finally started to run on the highway. However, everyone was not happy for long before the bus began to brake! That was because a heavy truck had suddenly stopped in front of them!

In fact, rather than saying that they were merging, it was more like the heavy truck was trying to force the bus to stop!

Such a dangerous move made even the bus driver, who drove the tour bus all day long, break out in cold sweat! He wasn't afraid of the robbery before. After all, as a tourist bus driver, although this kind of thing was not common, he had encountered it before.

However, robbers usually wouldn't rob drivers, because the drivers who drove large buses were all from travel companies. They didn't have much money in their pockets. Other than a pack of cigarettes, they only had a few hundred Yuan to pay for the highway toll. Therefore, the robbers' targets were all passengers.

However, the situation was different now. The heavy truck kept on switching lanes, braking, switching lanes, and braking. Its intention was obvious-it was to make the bus stop!

The students in the bus were dumbfounded by the thrilling scene! They didn't understand why their journey was so unsuccessful. They had just encountered a robbery, and now another heavy truck had

come. They didn't know what this heavy truck wanted to do, and what good it would do to force the bus to stop!

"Creak! Creak! Creak! Creak!"

The sound of the bus's brakes came one after another, and soon, the speed dropped from 100 miles per hour to 20 miles per hour. Then, the heavy truck finally stopped, and the driver could only stop the car!

This was the first time the bus driver had encountered such a situation! Playing this kind of trick on the highway was simply killing people! However, the heavy truck didn't seem to be trying to kill anyone, because it gave the bus driver enough time to react and brake!

Although the heavy truck kept trying to force the bus to stop, it was not in a hurry. Instead, it took one step at a time, making the bus slow down slowly before finally stopping, reducing the danger to the minimum!

"We might be robbed again ..." The driver said with a pale face. He finally thought of the most unlikely situation, but in fact, it was the most likely situation ...

"What?" Boss Bai was stunned when he heard the driver's words! He can't be so unlucky, right? They had just encountered a robbery, and now another group of robbers had come? Could there be such a coincidence?

When the other students in the car heard the driver's words, their faces changed. They had just been robbed, and now they were robbed again. Why did they have to encounter such unlucky things? There were so many cars on the highway and they were fine, but their cars had problems one after another?

As the person on the bus said this, the driver's seat of the heavy truck opened. Two people, one tall and one short, got out of the truck and walked directly to the door of the bus!

Lin Yi's eyes twitched as he looked at the bloody Zhaolong, and he almost laughed out loud! This was too much of a coincidence!

The two people who came out of the truck looked extremely ordinary, but Lin Yi could tell their strength with one look! The tall one was an Earth Class late phase peak, and the short one was a Sky Class early phase!

Lin Yi wasn't afraid of the tall ones-they were at the same level as elder bi, after all, and Lin Yi didn't need to worry about them at all! Lin Yi was at mid Earth Class, and he wasn't even afraid when he could only use the fifth style of the palm, let alone a mid Earth Class peak who could use the sixth style!

What worried Lin Yi was the short Sky Class early phase-he wasn't sure if he could kill him. After all, he was a Sky Class, and Lin Yi was still an Earth Class, not even Earth Class late phase peak.

But luckily, this Sky Class early phase didn't look too strong-he was just a normal Sky Class, not an Ancient One! Of course, this guy was most likely a Sky Class from house you, probably the kind of person who ate at a restaurant. He couldn't be too strong, or else he wouldn't be in the Hidden House you-he'd be in an ancient sect or house.

Chapter 2444 Two Moves

"Don't open the door, I'll go take a look!" Lin Yi stood up and strode towards the door. The driver was about to open the window and ask the two why they were driving like that, telling them that his car had just been ransacked and that there wasn't anything valuable left.

But before he could speak, Lin Yi spoke first!

The driver hesitated and looked at boss Bai. After all, he was just a driver of a travel company, and boss Bai was the teacher of these people. It was best for boss Bai to make the final decision. Otherwise, if something happened to the students in the car, the travel company might take some responsibility.

Boss Bai looked at Lin Yi and pondered for a while before nodding, "Just do as he says."

Boss Bai knew that Lin Yi was a practitioner, and although he didn't know how high Lin Yi's combat index was or how strong he was, a practitioner was always stronger than a normal person. Lin Yi must have said that because he wanted to get rid of the two robbers before they got on the car.

This was also what boss Bai hoped for. If he let the two of them in the car, the students in the car would have no money in their pockets, and they wouldn't be afraid of robbery. However, he was afraid that the two of them wouldn't be able to get anything valuable, and would harm the students in the car in a fit of anger!

A thief would never leave empty-handed, and boss Bai also understood that these people had wasted a lot of effort but got nothing, so they would naturally not be happy. It was normal for them to hurt two students to vent their anger!

Lin Yi could've easily killed them in the car, but he'd be restrained, worried that the other one would harm the other students if he killed one. It was best if Lin Yi could get out of the car!

"Oh ... Okay." The driver nodded. Since boss Bai had spoken, it was boss Bai's problem if anything happened. He could shirk his responsibility.

"Creak ..." The door opened, and Lin Yi was right in front of the bus. The tall and short robbers were about to get in as well, and they froze when they saw the door open!

At first, they thought that if the driver was too afraid to open the door, they would break it down. For two experts like them, breaking open a door like this was as easy as turning their hands. However, they didn't expect the door to open by itself!

"Hello, my two robbers!" Lin Yi said as he opened the door.

"?" Both the tall and short robbers were taken aback, confused. What was with the people in the car? Was there something wrong with him? It seemed like they welcomed him to Rob them? Otherwise, why would he greet her?

"Excuse me, are you here to Rob?" Lin Yi continued.

"We ..." The tall and short robbers didn't know who Lin Yi was. They'd only seen Xinyan and Jingjing's photos before coming, and they'd heard from coiling Tiger that there were only two girls in their class, so it was easy to recognize them. As for Lin Yi, he had to be the one sitting next to Xinyan and Jingjing, but they didn't really care!

After all, Lin Yi wouldn't dare to act rashly if he revealed his Sky Class strength.

"Oh, you guys can die now, Baibai!" Lin Yi's bullshit successfully distracted the two robbers, and when Lin Yi finished his sentence, he pushed his palm out and yelled, "The sixth move of wild fire Eight Trigrams palm!"

This palm was aimed at the tall robber, the earth Class late phase peak. With a loud "bang," the tall robber was sent flying by Lin Yi's raging fire Eight Trigram palm. Like an arrow released from a bow, he flew into the ditch below the highway and stopped moving before he could even scream!

Lin Yi's raging fire Eight Trigram Palm's sixth style was equivalent to the twelfth style of a normal Sky Class skill. The eleventh style was enough to cripple elder bi, and the twelfth style could easily kill an Earth Class late phase peak!

The short Sky Class was shocked-he didn't think that the person who got off the car would be a practitioner! He realized that this might be the Lin Yi that Yu Panhu had mentioned on the phone! He wanted to teach Lin Yi a lesson, but what he didn't expect was for Lin Yi to send another palm at the tall guy's chest after beating him up!

"The seventh move of wild fire Eight Trigrams palm!" Lin Yi didn't stop after using the sixth style of the palm, and started using the seventh! This was also Lin Yi's strategy-using the sixth move to lure out the seventh move would have a higher chance of success!

"Bang!" The raging fire Qi burst out from Lin Yi's palm and concentrated on the shorter robber's chest. The Qi burst out in an instant, and the shorter robber screamed in pain, following in the footsteps of the taller robber!

The shorter robber was sent flying by Lin Yi's seventh style of the palm-he managed to stand back up after some distance, not flying into the ravine like the taller robber, but it was obvious that he wasn't in a good state either. He spat out a mouthful of blood and looked at Lin Yi in disbelief. "Sky tier martial skill-thirteenth form, how is that possible ... You're a Sky Class mid phase? No... You're not ..."

After saying this, the short robber spat out another mouthful of blood. He seemed to have suffered a very serious internal injury.

Lin Yi looked at the short robber's face and relaxed. It worked, it worked!

He'd tried to use the seventh style before, but there were always some obstacles. This time, however, he didn't expect to succeed in a moment of desperation. It was a little rough and unfamiliar, but he still succeeded!

As expected, in critical moments, a person's potential was limitless! There wasn't any pressure before, and Lin Yi just trained every day without any pressure. He didn't push himself to the end, and that was why he never succeeded.

But today, against a Sky Class early phase, he successfully used the seventh move! But this was a very lucky thing-it was a little risky. If he didn't succeed, he'd lose the best time to strike, and he wasn't confident in injuring this Sky Class master!

The 6th form of the palm was strong, but it was only the 12th form of a normal technique-a technique that Sky Class early phase and Sky Class early phase peak would use! It was only a tie against the short guy!

If the two of them were to clash, who knew if Lin Yi or the shorter robber would be the one injured? Lin Yi had to take the risk!

Chapter 2445 Ugly Expression

If he succeeded, it would save him a lot of trouble. Of course, if he didn't succeed, Lin Yi had no choice but to fight!

Since these two were hired by right plate Tiger, Lin Yi didn't believe that they would dare to fight here for too long. Plus, the obvious blockade on the highway would attract the attention of people with ulterior motives.

Lin Yi's bet was right and he succeeded!

The 6th style of the palm was Lin Yi's first time fighting an enemy in real life. Before this, he only used it at home, and the amount of Qi required was completely different from fighting an enemy. Only when Lin Yi used it on an enemy did he realize how much energy it consumed!

With Lin Yi's current strength, and with his body full of pure Qi, he could probably only use it three times. A sky tier skill was still too much for an earth tier Lin Yi.

Although the fifth style of the fist was equivalent to the eleventh style of a normal martial skill, and in theory, it was also a sky-tier martial skill, but this was all because of the fist. The fifth style of the fist and the five styles of the five elements Eight Trigrams palm were still earth-tier martial skills, but Lin Yi was only equivalent to the eleventh style, not the eleventh style.

Starting from the sixth style, wild fire Bagua Palm, it was truly a sky tier skill. After activating the sixth style and then the seventh, Lin Yi felt like he was about to collapse from exhaustion. It was too energy consuming!

Especially the seventh style, it felt like all the Qi in his body was sucked dry after he successfully activated it. Lin Yi could only stand at the door with difficulty, holding the door with his hands!

"It's all for nothing, my two big brother robbers. " Lin Yi acted as if nothing had happened."Brother driver, I've driven them away. Hurry up and drive. Don't worry about these two people. They won't die anyway!"

Lin Yi didn't know if the tall robber was Dead or Alive, and there was an 80% chance that he wouldn't be able to make it out alive. However, the people in the car were his classmates, and he couldn't just tell them that he'd killed a robber in front of them. That would be too scary, and that was why he didn't go after the four robbers!

"Oh ... Okay!" The driver let out a breath of relief when he saw Lin Yi taking care of the two robbers alone. He quickly backed up, turned around the truck, and sped away ...

Lin Yi's classmates didn't think too much about it-they just thought that Lin Yi was good at fighting, but they didn't expect him to be dead.

Of course, other than boss Bai, Han Jing Jing, Yu Panhu, and his two lackeys, no one else in the car knew how dangerous and terrifying the two robbers Lin Yi was facing were!

In the eyes of the driver and the other students, these two robbers Lin Yi was dealing with were far from the four robbers before. These two were bare-handed, no guns, no daggers, and they didn't even have a stick!

Getting knocked out of the car by Lin Yi wasn't anything out of the ordinary, it was just that Lin Yi was a bit better at fighting.

But boss Bai wasn't a practitioner anymore, and the name of the move Lin Yi shouted the moment he made his move, as well as the short robber's words, made boss Bai understand just how strong this guy was!

If the thirteenth form of the heaven-tier martial skill couldn't kill the short robber, then what level of cultivator was he? He was at least a Sky Class!

This situation made boss Bai's heart skip a beat, and he felt lucky that Lin Yi was helping-the students in the car would've been in danger if it weren't for that! Of course, boss Bai couldn't guess that these two people were from the hidden you family.

But if Lin Yi could hurt a Sky Class master, then what level was he at?

Han Jing Jing was only a refiner, but she could feel the Qi from Lin Yi and the robber. She could tell the strength of the two practitioners from that!

Although the tall cultivator's strength was fleeting, she could still feel it. After that, the short cultivator had been using his true energy to heal his injuries after vomiting blood, so she naturally knew.

But even if they were earth Class late phase peak and Sky Class early phase, han Jingjing wasn't scared at all. She believed that Lin Yi was stronger than them!

The people with the ugliest expressions were right Panhu and his two subordinates! They were all cultivators. If han Jingjing could sense it, they could naturally sense it too! The tall robber subconsciously tried to use his Qi to protect himself, but it was too late. He lost his breath after that-he probably wouldn't survive!

And that short Sky Class early phase couldn't even last one move? What was going on?

Of course, these were not the main reason for their ugly expressions. The main reason for right Panhu's ugly expression was that he suddenly realized that he had made a mistake. He had made a huge mistake! These two people seemed to be the Masters sent by the hidden you family, while the previous group of robbers were the real robbers!

This explained why the robbers didn't act as you Panhu had expected, and why they didn't cooperate with Zhaolong and embarrassed him instead!

Thinking of this, right Panhu had the urge to cry. How could this be so coincidental? He had arranged for a robbery, and he could even encounter a real robbery on the way. This luck could simply buy a lottery ticket. It was really too good!

"Younger brother you, what's wrong with you? why is your face so ugly?" Zhaolong suddenly realized that right Panhu's face was pale, and his body was shaking ...

"I ... I ..." Youpan Hu was about to say something when he saw Lin Yi walking over. He was shocked and avoided eye contact. Did Lin Yi see through him?

That shouldn't be the case-she was the one who found them, but she'd never seen these two before, so how did Lin Yi know? Therefore, right Panhu lowered his head and pretended as if nothing had happened.

But Lin Yi stopped right beside them and stood beside them, not moving forward.

"Lin Yi, what are you doing? Are you trying to show off that you've defeated two robbers? What's there to be proud of? if you're so good, why didn't you do anything when Kang bro was dealing with the robbers?" Youpan Hu felt uncomfortable under Lin Yi's gaze-he had no choice but to force himself.

Chapter 2446 Miscalculated

"Oh? Is that so?" Lin Yi said with a half-smile as he looked at him. "Who knew he was so weak? The robbers from before were far worse than the sky and earth Class Masters of your hidden house you!"

"You ... What do you mean? What master of our hidden you family?" Youpan Hu looked at Lin Yi's half-smile and asked back like a cat that had its tail stepped on.

"It's nothing, you know it in your heart. " Lin Yi said faintly and walked to the last row.

"Brother you, what are you talking about with Lin Yi? What do you mean by that?" Zhaolong wasn't a practitioner, so he didn't know the strength of the two robbers Lin Yi beat up. He wouldn't be able to guess that they were connected to the Hidden House you.

"Brother Kang, we've made a mistake!" You Panhu said with a bitter face, "those two just now were sent by our hidden you family. The robbers before ... Were real robbers ..."

"Gah!" Zhaolong's eyes went wide after hearing what coiling Tiger said. What? The robbers before were real robbers, and this time they encountered the hidden you family's people? Zhaolong felt like the world was spinning around him, and he almost passed out. The lingering fear made him shiver!

In other words, he had just walked around the gates of hell? Those people weren't from the hidden you family at all, so how could they cooperate with him? Fortunately, he didn't say anything in the end. Otherwise, he might have been beaten to death by now!

"Brother Kang, I'm really sorry. Who knew that things would be so coincidental?" Right Panhu said with a bitter smile as he looked at the terrified Zhaolong.

"It's not your fault ..." Zhaolong's anger dissipated after hearing the explanation. It wasn't Yu Panhu's fault. Who would've thought that they'd be so unlucky to run into a bunch of real robbers?

However, Zhaolong suddenly thought of an even scarier problem! He quickly asked, "brother you, didn't you say that the person your hidden you family sent was a heaven rank master?" How did Lin Yi solve it all of a sudden ..."

"He's indeed a Sky Class!" You Panhu sighed and helplessly said, ""One Sky Class early phase, One Earth Class late phase peak!"

Although these two masters weren't from house you, they were just guests, like Yu Dake at the Hidden House Summit. They were still part of house you's strength, after all, and you Panhu was very unhappy that they were crippled by Lin Yi!

Even if he wasn't the head of the Hidden House you, he'd be one of the elders. He was happy that the Hidden House you was strong, but he couldn't be happy that Lin Yi took a huge hit to the Hidden House.

"What? A Sky Class early phase and an Earth Class late phase peak, and they're still not Lin Yi's match?" Zhaolong's eyes were wide open-what was Lin Yi's level now?

"From what I can see, Lin Yi's only earth Class mid phase peak-he won because he caught him off guard and his skills were exquisite ..." Youpan Hu was watching carefully,""But don't worry, Lin Yi won't kill us in boss Bai's class. There's no need to worry about his training."

Zhaolong nodded, relieved. Youpan Hu was right-from Lin Yi's killing stance, the Hidden House you's two masters were either dead or crippled, and Lin Yi didn't show any mercy at all.

On the other hand, Lin Yi didn't look too happy about him and youpan Hu, but he didn't use force and used his practitioner strength to suppress them! This made him feel relieved.

"This Lin Yi sure is strong ..." Zhaolong sighed.

"Indeed ..." Youpan Hu felt that he had made a mistake. What Lin Yi being afraid of a Sky Class master? What scruples? he directly attacked! This time, the family's losses were huge. They went for wool and came home shorn!

The shorter robber had been practicing on the side of the highway for a long time before he could catch his breath. Lin Yi's palm wasn't enough to kill him, but his injuries weren't light either. He quickly went to the ditch to check on the taller robber's condition, but what he saw made his heart freeze!

The tall robber's sternum had been shattered and caved in. His eyes were protruding, and blood foam was around his mouth. He was obviously dead! This situation made the short robber doubt Lin Yi's strength again!

Was Lin Yi really just an Earth Class mid phase peak? That didn't look like it-to be able to injure him and kill the tall guy, an Earth Class late phase peak, was that something an Earth Class mid phase peak could do?

Although there was a bit of element of surprise and trickery in it, without that strength, even a surprise attack would be useless!

With that in mind, the short robber carried the tall robber's body to the back seat of the heavy truck with a dark face and said to the driver in front, ""Drive back to the hidden you's house, hurry!"

"Yes ..." The driver was just an ordinary disciple of the you family, you Shiwu, only a mid-stage Earth Class. He saw what happened just now and was scared. If he got off the car, he would be a dead body now ...

"Phew ..." The shorter robber let out a long breath as he looked at the taller robber's body. He felt a chill down his spine. One more hit from Lin Yi and he would be dead for sure!

He'd been very confident in this operation, because it was too easy-all he had to do was steal a tablet, cooperate with Zhaolong and show off his Sky Class strength, and then he'd be able to get his reward!

But now, it seemed that this was not simple, it was simply giving up one's life!

Lin Yi's car was long gone, and he returned to his seat and closed his eyes to recover his Qi from the Jade space! Han Jingjing seemed to have remembered that Lin Yi was cultivating, so she didn't disturb him and focused on her tablet.

Xinyan, on the other hand, took off her jacket and moved closer to Lin Yi after some hesitation. She didn't know why Lin Yi needed to train after beating up those two robbers, but she could guess that the two weren't good people-they were probably Masters, and Lin Yi had used up a lot of his energy!

Although Zhaolong was sitting not far from them, Xinyan decided to help Lin Yi after some internal struggle. She wanted to speed up his channeling so that he could recover faster.

Chapter 2447 Failed Plan

She was sure that she didn't like Zhaolong. Even when he stood up for the beating, Xinyan only felt gratitude and sympathy for him. It was impossible for her to have a good impression of him.

Lin Yi didn't think that Xinyan would do something so bold in Zhaolong's car. He was both surprised and happy, but also confused. All the signs pointed to Xinyan liking him, so why didn't she accept his confession?

Xinyan's excuse was that she had a fiancé, but her actions betrayed her! If she really thought of Zhaolong as her fiancé, why would she be so close to him? Why wouldn't he step out and show some concern after Zhaolong was beaten up?

"Hu ..." Finally, when the car arrived at the destination, Lin Yi had recovered his energy. He let out a breath of relief and smiled bitterly to himself. This palm was indeed powerful, and it could even hurt Sky Class early phase Masters, but it really did use up a lot of energy!

Lin Yi had already used up all his energy just by using the sixth and seventh forms-it seemed like he couldn't use the seventh form twice! It might be possible during practice, but it would be impossible in a real battle.

This way, Lin Yi had powerful martial skills but couldn't use them at full strength-it was a tragedy! He could clearly fight against Sky Class early phase or even Sky Class early phase peak, but because he was too weak, he could only choose to retreat.

But Lin Yi shook his head-he really was too greedy, wasn't he? with Earth Class mid phase peak strength, he was able to fight Sky Class early phase, and even heavily injured them-this was a record that'd never been seen before, right?

Although it couldn't be used frequently, it could be used as the ultimate life-saving means and trump card. Although the power was not as powerful as the true energy bomb, it was much easier to trigger than the true energy bomb. Even if it couldn't be instantly fired, it could be fired as and when it wanted.

A line of buses arrived at their destination, the natural ski resort in the city of San Jia Jidun, almost at the same time. Lin Yi's car ran into some trouble, but the driver managed to catch up with the car in front.

December was a good time for skiing, and it was a tourist spot with a lot of tourists. At least two or three students from different schools had chosen to hold winter tours here, and there was also a high school.

After the driver parked the bus, he told everyone to get off. Looking at the students who got off the bus, the bus driver wiped the sweat on his forehead. They were really unlucky along the way. They had encountered two groups of robbers. Fortunately, the second group was weaker. One of the students knew martial arts and was beaten away before they got on the bus. Otherwise, things would have been very troublesome.

However, the students didn't have as many thoughts as the bus driver. When they arrived at their destination, they were all in a good mood. They had long forgotten about the previous unhappiness and had regained their spirits. They were excitedly discussing the scenery and activities at the ski resort.

Of course, there were exceptions, like Zhaolong, Panhu, and the others. Zhaolong's face was pale, and he was grimacing in pain. The wounds on his face and butt were almost healed, but he was still in pain in the ass! This was not something that could be cured in a short time!

Youpan Hu, on the other hand, was panicking. He had to call home and confirm if the Masters they sent were the ones Lin Yi crippled!

Lin Yi, Han Jingjing, and Wang Xinyan got off the car, while Bai Weitao and Zhao Shengyi brought Mei Yue and Chai Xiaoling.

"Because the journey was delayed a lot of time, but in the end, the danger was averted. I'm afraid everyone is hungry now? I've booked a few tables of good food from a nearby restaurant. Let's go and eat something first, then we'll have the strength to ski!" Boss Bai said after all the students had gotten off the bus.

After hearing boss Bai's words, the students were really hungry. After all, it was almost noon now, and coupled with the shock in the car, their stomachs were already empty, so they all agreed.

Although this winter vacation was held in the indoor Department, when it came to the ski resort, it was actually a self-organized activity for each major! After all, none of the resorts and hotels here could accommodate all the students of the biology Department, so the task of leading the students to eat and stay fell on the Head of the Department, and boss Bai found a restaurant and ordered delicious food.

The students came to a small restaurant nearby. Although the restaurant didn't look particularly luxurious, it had a rustic feel to it. There were many guests inside, and it was obvious that boss Bai had ordered them in advance. So when everyone arrived, the dishes were served very quickly.

Although they were all ordinary peasant dishes, the dishes were very exquisite, making people drool.

After Lin Yi, Jingjing, and Xinyan sat down, Zhaolong unexpectedly sat on the other side of Xinyan! The seat was supposed to be he meiyue 's, but she was a step too slow, so Zhaolong got it first!

Xinyan's face froze as she was stuck between Lin Yi and Zhaolong, blaming herself for getting so close to Lin Yi. Wasn't she just looking for trouble for him? Wasn't it Zhaolong?

He meiyue walked helplessly to Zhaolong's side, ""Senior Kang, you're sitting in my seat?"

"This is your seat?" Zhaolong pretended to be surprised. "When we entered the restaurant just now, didn't teacher Bai say that everyone can sit anywhere?"

"But, I'm good friends with Wang Xinyan. You're not going to let me stand here alone, are you?" He meiyue blinked her eyes and decided to help Lin Yi and Wang Xinyan.

"Junior Sister, it's not that I don't want to give up my seat to you, but I'm injured. Look, I'm injured all over. You can't be inconsiderate of your senior, can you?" Zhaolong said with a bitter smile.

"This ..." He meiyue was speechless. She didn't think that Zhaolong would come up with such a reason, but it was a reason that she couldn't reject!

"How about you switch seats with Lin Yi? He's not injured, he's very healthy, and he just beat off two robbers!" Zhaolong said as he kicked the ball to Lin Yi.

"Then forget it ..." He meiyue was speechless. What was the point of her switching Lin Yi?

Zhaolong didn't think that his identity as an injured person would turn out to be a blessing in disguise. Otherwise, he wouldn't have any reason to reject he meiyue's request to switch seats.

Chapter 2448 Hero Saves Beauty Again

Lin Yi didn't think that Zhaolong would be this shameless, but he couldn't say anything. He could only eat the food on the table.

The food here was really not bad. Perhaps it was because everyone was hungry, but they were full of praise for this kind of peasant dish.

Zhaolong wanted to find a topic to talk about with Xinyan, but he didn't know what to do when he saw everyone eating and not talking much. The atmosphere was a bit heavy!

Zhaolong had been reading a novel that Zhaoming had recommended to him these past few days-so pure, so flirtatious prequel. It was said that there were a lot of secret books on how to pick up girls and interesting things about ice-skating, so he'd decided to study it at the last minute. He was really engrossed when he read it, and thought that the things in it were very practical!

He suddenly remembered that the male protagonist in the book liked to tell jokes to his girlfriend, making her laugh and her heart beat wildly. So Zhaolong thought that he should tell Xinyan a joke too.

"I'm sure everyone was depressed about the robbers just now, right? Seeing that everyone is burying their heads in the food and not saying anything, why don't I tell you a few jokes?" Zhaolong said.

"Alright!" Right Panhu, who was sitting opposite Zhaolong, was the first to cheer.

"Haha, this joke is actually a brain teasers." Zhaolong turned to Xinyan with a smile. "What's that? it came out of the butt but it's still edible?"

"Gah?" The students present were stunned. Even right coiling Tiger's expression froze and he felt disgusted. Everyone was eating, why was there something coming out of his butt? Wasn't that shit?

"Xinyan, Did you know?" Zhaolong, on the other hand, didn't notice the weird expressions on everyone's faces. He was just trying to make Xinyan happy, so he didn't think too much about it. He was an idiot when it came to relationships, or he wouldn't have read books to learn how to pick up girls.

"I ... I don't know ..." Xinyan was busy eating when she heard Zhaolong's words. Her face froze, and she was speechless.

"It seems that no one knows the answer. Then, I'll reveal the answer!" "The answer is the eggs!" Zhaolong said proudly. Hahahaha, eggs come from the chicken's butt. How was it? fun, right? Hahaha ..."

Xinyan's chopsticks happened to be holding an egg, and her hand trembled, dropping it on the table with a strange expression on her face ...

"Uh ..." Zhaolong realized that something was wrong as well. He didn't expect Xinyan to be eating an egg at the same time. "Xinyan, I'm just joking, haha ... Don't mind me, continue eating ... Although eggs come from the chicken butt, don't they have a shell? There's a saying that goes "be like mud and not be stained," and that's the truth ..."

"Ahem ... I'm full ..." Xinyan put down her chopsticks. She had lost her appetite because of Zhaolong.

Lin Yi, on the other hand, put a piece of egg in his mouth as he looked at Zhaolong indifferently. "You're done?"

"Uh ... I'm done ..." Zhaolong's heart skipped a beat. He didn't believe that Lin Yi would do anything to him in public, but Lin Yi's calm tone made him nervous.

"If you're done, hurry up and eat!" Lin Yi said as he handed Xinyan a bottle of corn juice. "Have some corn juice, you didn't eat much ..."

"Oh ..." Xinyan accepted the corn juice. She had indeed lost her appetite after a few bites.

Zhaolong was a little annoyed-it seemed like he'd said something that made Xinyan unhappy, and he didn't dare to say anything else. He just sat there and ate ...

Lengzi su was the leader of the hooligans near the ski resort. Every day, when she had nothing to do, she would take her two underlings, ah da and ah er, to walk around the ski resort, collect protection fees from nearby businesses, and flirt with pretty girls. Every day, she enjoyed it!

Of course, the reason why Su lengzi was able to do so well here and the ski resort didn't take any measures was because he had a good uncle. His uncle was the General Manager of the ski resort, and he turned a blind eye to his nephew's actions. Anyway, the business of the ski resort was already making a lot of money, and even if he was extorted by his nephew, he wouldn't refuse to pay the second year's rent.

As long as there were no problems on the books, the group's Chairman would not pay attention to the details of such a tourist resort.

Today, lengzi brought his two lackeys to the Farmhouse Restaurant where Lin Yi and the others were, but his face turned ugly when he saw that the restaurant was full!

"Ah da, ah er, go and free up a table for me!" Lengzi su ordered her two underlings.

"Yes, brother lengzi!" Ah da and ah er quickly responded and then began to choose their target.

While ah da and ah er were picking their targets, lengzi SU's eyes didn't stay idle either-it landed on Wang Xinyan! This was a top class beauty, and lengzi SU's preference was to flirt and flirt with beautiful women, so when she saw Wang Xinyan, her eyes lit up!

"Wait!" Lengzi su waved his hand, indicating for ah da and ah er to slow down.

"Brother lengzi, what's wrong?" A 'da asked hurriedly.

"There's a beauty!" Lengzi su said, pointing at Wang Xinyan's table.

Although han Jingjing was a pretty girl herself, she was fiddling with her tablet while eating. Her head was lowered, so lengzi su didn't see it. Besides, Wang Xinyan was the first person he saw, and his first impression was that of her, so he automatically ignored the others!

Lengzi smiled as she walked behind Xinyan, looking left and right-on one side was Lin Yi, and on the other was Zhaolong. Lengzi was called lengzi, but she wasn't stupid-Lin Yi was perfectly fine, and Zhaolong was injured, so she picked on the weak!

"Little girl, you're not bad! I like it!" Lengzi teased Xinyan before smacking the back of Zhaolong's head."Brat, stand up!"

"Hiss ... F ** K!" There was a big bump on the back of Zhaolong's head, and even though he applied medicine, it wasn't completely gone. The slap made him grimace in pain, and he jumped up and glared at lengzi!

He was already feeling quite aggrieved before. A few real robbers beat him up, but he didn't understand the situation and got beaten up for nothing. He couldn't find anyone to take revenge on. He didn't dare to mess with Lin Yi after being scolded by him, so he could only endure it.

But getting hit on the head by a hooligan, Zhaolong couldn't take it anymore!

Chapter 2449 An Unexpected Result

He wanted to tell Xinyan a joke to please her, but it didn't work, and she was so disgusted that she couldn't even eat anymore! He couldn't let go of this chance to fix it!

And so, Zhaolong stood up abruptly and pointed at lengzi,""Do you want to die? How dare you flirt with my fiancée? Do you know who I am?"

"Eh? And you're even arguing with me, aren't you? I didn't want to stoop to your level since you gave up your seat. Ah da, ah er, beat him up!" Lengzi looked at Zhaolong's scarred face and thought to herself, no wonder this guy was covered in wounds, he was asking for a beating!

"Yes, brother lengzi!" Ah da and ah er walked over with sinister smiles. Both of them were experts in fighting. Ah da grabbed a plastic stool and put it over Zhaolong's head, restricting his movements while ah er aimed a kick at Zhaolong's crotch!

"Ouch ..." Zhaolong's upper body was covered by the plastic stool. He couldn't tell which direction he was in, and he didn't know how to dodge. The kick hit him right in the face. He blacked out from the pain and fell to the ground!

It was the second time he had been kicked in the balls today, and he almost exploded! Fortunately, he had the previous experience of protecting his crotch. Otherwise, he might not be able to have sex after today ...

You Panhu was eating at another table when he saw Zhaolong getting into trouble. He wanted to see what was going on, but before he could, Zhaolong was beaten up!

You Panhu was shocked-Zhaolong had just been beaten up, wouldn't he have to be hospitalized if he got another beating? He was so scared that he quickly ordered the yellow-haired and purple-haired, ""Hurry up and save brother Kang!"

"Yes, what about those hooligans?" The yellow-haired and purple-haired man quickly stood up and asked as they walked.

"Beat him up, just don't die!" Youpan Hu was also extremely angry. Today really wasn't going well. All sorts of random people had jumped out. Why was he so unlucky?

With you Panhu's order, the yellow-haired and the purple-haired men naturally had no scruples. Each of them went up and grabbed a 'da and a 'er's hair. They lifted them up and gently threw a 'da' and a 'er to the ceiling of the restaurant like goods with a loud bang!

Then, the two men fell from the ceiling to the ground with another loud bang! Ah er was still fine, but ah DA's head was facing down, and he fell like a dog gnawing on you. All his teeth fell out, and his mouth was full of blood as he wailed in pain.

Lengzi was also dumbfounded. Although he was a gangster and usually bragged and loved to fight, he had never seen anyone fight like this. Were these two men Hercules or something? With just a light turn, ah da and ah er were thrown away?

Su lengzi's expression changed. He knew that he had met a real tough guy today. He wanted to apologize with a smile, but how could the blonde and purple-haired men give him the chance? The yellow-haired thug grabbed his hair and kicked him to the ground. Then, together with the purple-haired thug, they kicked him, a 'da, and a 'er who were on the ground. They were kicked into three bloody gourds, screaming in pain.

The blonde and the purple-haired were both cultivators. Even if they didn't use their true energy, they could easily beat these gangsters. They would only be able to keep their lives.

"Phew ..." Zhaolong took the stool off his head and panted heavily. He glared at the three gangsters who had asked him to attack them. He kicked them until they were crying for their parents ...

"I didn't know that your men were this good at fighting. Why didn't you do anything when Zhaolong was being beaten up in the car? Don't you have bad intentions?" Lin Yi said indifferently.

"This ..." Coiling Tiger paused, remembering that he didn't let the purple and yellow-haired men fight in the car earlier. Lin Yi probably saw something wrong, but he couldn't admit it now, so he just laughed it off. "There were so many people on the bus, and the robbers had guns. I asked my men to take action, but I couldn't guarantee the safety of the other students!"

Lin Yi only smiled, not saying anything else.

However, after su lengzi was beaten up, the restaurant owner secretly called the General Manager of the ski resort. Although su lengzi and the others had done a lot of evil deeds, and the restaurant owner hated them, not only collecting protection fees, but also often coming here to freeload, this person was still the General Manager's nephew. When something happened in his own restaurant, he naturally had to quickly draw a clear line.

And so, after you Panhu's men finished beating them up, a group of ski resort security guards in uniform swarmed in and surrounded you Panhu and Zhaolong.

"Kid, you're quite bold. How dare you hit our general manager's nephew?" The head of security sneered as he looked at coiling Tiger, Goldie, purple-haired, and the beaten-up Zhaolong.

"He's lucky he didn't die. " Of course, you Panhu wasn't afraid of these security guards. He snorted and said indifferently, ""Yellow hair, purple hair, he's too long-winded, throw him out!"

"Yes, young master you!" The yellow-haired and purple-haired man responded and walked towards the security Captain.

The yellow-haired man tried to grab the security leader's neck, but the security leader broke free in an instant!

"Eh?" The purple-haired man looked at the security guard Captain in surprise and blurted out, ""Golden class mid phase?"

The security captain's face changed slightly. He didn't expect the other party to see through his cultivation strength! This also meant that the other party was not an ordinary person!

"Who are you people?" The head of security hesitated for a moment, and his tone softened a lot. To know about cultivators and to be able to see his strength, he was at least a cultivator!

This was because the head of security had only used his true energy at the moment he dodged, and the other party had also seen through his strength.

"Heh ..." Purple hair laughed coldly. He didn't dare to show off his strength in front of Lin Yi, but he didn't care about a mere security guard Captain, a golden class mid phase.

"Mystic mid phase?" The head of security's face suddenly changed. He hesitated for a moment and said, "Which road are you from? Don't flood the Dragon King's temple. The ski resort I'm at is a property of the fire Wolf group ..."

"Firewolves?" Youpan Hu was slightly stunned. He didn't expect the ski resort to be the firewolves' property.

"That's right ..." The head of security's expression changed again. To be able to call out the Firewolf gang, these people obviously knew a lot.

Chapter 2450 Skis

"I'm from the hidden you family. As soon as your people entered the door, they harassed my classmates. Brother Kang couldn't stand it and scolded them, and they attacked. I just asked my men to teach them a lesson ..." You Panhu knew that the fire Wolf Gang was not to be trifled with, but he was not afraid of these small characters in the gang. He just spoke in a gentler tone.

"So it's the Hidden House of you's master, sorry for offending you." "Since we've made things clear, let's forget about this. We'll mind our own business ..." The security Captain nodded.

Then, the security Captain said to the other security guards, ""Let's carry young master su and leave!"

"Yes!" The security guards came quickly and left quickly. In the blink of an eye, they were far away.

Most of the students in the class were very confused. Why did right Panhu leave after saying a few words to these people who had come so aggressively?

Of course, this was also because they were quite far away and didn't hear what you Panhu and the security Captain were talking about. Lin Yi, on the other hand, frowned. It seemed that he had underestimated the Firewolf gang and the red conch. They had quite a lot of assets.

Boss Bai was eating with the other teachers in the private room at this time, so he didn't notice what was going on outside. Seeing that the matter had been resolved, Bai Weitao naturally didn't report it to him.

After lunch, boss Bai took everyone to a shopping mall near the ski resort and said, "Everyone can rent skis here. I will bear the rental money, but if you need to buy skis, you have to pay at your own expense."

Although everyone's money had been robbed along the way, the bank cards in their wallets were still there. The shops here all supported swiping cards, so some students didn't like to rent old goods and liked to buy a new pair of skis.

Zhaolong, on the other hand, was in the middle of trying to make it up to Xinyan. He quickly walked over to Lin Yi, Xinyan, and Jingjing. "Xinyan, what kind of skis do you want? I'll buy you one."

This was also a technique Zhaolong learned from the book so pure and so flirtatious. He didn't know much about skis, but before Xinyan could say anything, he pretended to know something and said, "Boss, do you have a ski suitable for girls? I want a murloc!"

"There are girls' special ones, but entertainment skis ..." The boss hesitated and said, "This brand of skis isn't very good to sell. Why don't you choose another brand?"

"No need!" Zhaolong said firmly, "I want the Fishman skis, this is the one, that's right. Don't worry about it, just get it for me. Do you think that there's less profit to be made from selling this?" I can give you more money!"

Lin Yi didn't know what to say about Zhaolong's upstart behavior, but house Kang was indeed one. Miracle doctor Kang had started his family with a recipe, but he didn't even know much about medicine, and he still called himself miracle doctor Kang ...

"You can buy it yourself. We'll buy other brands." Lin Yi said as he looked at the skis.

"Lin Yi, you're good at fighting, but I'm a professional when it comes to skis!" Zhaolong had been studying these days-the Harman skis were of high quality, and that was why he asked for them.

"Oh, don't regret it." Lin Yi replied indifferently and pointed at the other ski in the counter,"I want this. Give me three pairs, two women's and one Men 's,"

"Alright," he said. The owner nodded and gave Zhaolong a pair of skis with an entertainment brand, and three pairs of the best-selling skis for Lin Yi.

Zhaolong's face didn't look too good-it seemed like Xinyan didn't believe him at all, choosing to believe Lin Yi! However, Zhaolong wasn't in a rush to get angry with Lin Yi. Xinyan would look down on him if he lost his composure in front of her, and so he thought it was better to take things step by step. He still had the most important plan to carry out, and there was no need to be calculative over the gains and losses.

Lin Yi, Xinyan, and Jingjing left the shop after buying the skis. Some of the other students bought some ski supplies as well-they could rent skis, but personal items like ski shoes and goggles were better off bought.

Xinyan was carrying a bunch of stuff Lin Yi bought for her, her feelings complicated. If it wasn't for the fact that she didn't bring her bank card and gave all her cash to the robbers, she wouldn't have let Lin Yi spend money. But if it was Zhaolong who had to spend money, Xinyan was even more unwilling.

She didn't make it clear to Lin Yi, but they'd been so intimate already-Xinyan already considered herself Lin Yi's woman, and she believed that with the four years of University as a buffer, Lin Yi would be able to make the heavenly elixir sect compromise.

Xinyan didn't want to owe Zhaolong anything-it'd be troublesome if she took his things now, and so she decided to take Lin Yi's things after some internal struggle.

Lin Yi wasn't expecting Xinyan to have so many thoughts. He changed into his ski gear and asked,"Jing Jing, Xin Yan, do you guys know how to ski?"

Lin Yi asked Jingjing and Xinyan, amused as he watched the man, who'd already changed into his ski gear, fall a few times.

"No, but it doesn't look difficult. Jing Jing, you can try." Han Jing had been observing the people who were good at skiing for a long time and had roughly grasped the rules.

Xinyan, on the other hand, was hesitating as she looked at Zhao Shengyi and Chai Xiaoling holding hands to learn how to ski. She didn't expect Zhao Shengyi to be so good at skiing despite his fat body, and Chai Xiaoling was clearly learning under his guidance ...

This scene made Xinyan think-if she didn't know how to do it, would Lin Yi teach her the same thing?

But at this time, Zhaolong walked out with his skis. He smiled at Xinyan,"Xinyan, you don't know how to ski, right? I'll teach you? Auntie also knows about this winter trip and asked me to take care of you!"

Zhaolong didn't know much about skis, but that didn't mean he didn't know how to ski. On the contrary, he had rented a set of ski equipment when he came to Scout the terrain with right Tiger a few days ago. He studied with the ski coach for an entire afternoon, and while he wasn't really good at skiing, he was pretty good at it. At least, he could teach Xinyan.
