

Bodyguard 2461

Chapter 2461 Slightly Regretful

How could Lin Yi not tell? Xinyan, however, didn't think too much about it at a time like this. She was overjoyed to hear that Zhaolong was offering this as a bargaining chip. "Lin Yi, you'll agree to his request?"

Lin Yi looked at Xinyan, who was full of anticipation, and his heart skipped a beat. Xinyan's intentions were clear-she'd already betrayed her thoughts with her words!

But Lin Yi didn't understand why Xinyan was so concerned about her engagement with Zhaolong. Logically speaking, it was not a big deal to break off the engagement, right?

"Alright!" He didn't want to disappoint Xinyan, however. As for Zhaolong, he wouldn't just leave him be. They were classmates, after all, and he wouldn't do it this way even if he wanted to.

A student dying during a winter vacation wasn't a good thing for boss Bai, and Lin Yi wouldn't make things difficult for him.

And so, Lin Yi reached out his right hand and pulled Xinyan into his embrace, putting her on his chest!

"Ah ..." Xinyan didn't expect Lin Yi to hug her all of a sudden. She lowered her head shyly, her heart beating fast. She didn't dare to look up at Lin Yi and Zhaolong!

Of course, Lin Yi didn't notice Xinyan's situation at the moment. His other left hand was holding onto Zhaolong, who was running behind him!

As for Zhaolong, even if Lin Yi had to save him, he wouldn't let him have an easy time.

Zhaolong was relieved when Lin Yi stopped him, but the next moment, something cruel happened!

Lin Yi picked up speed after pulling Zhaolong. Xinyan was in Lin Yi's arms, so she wasn't affected, but Zhaolong was unlucky. He couldn't keep up with Lin Yi's speed, and he fell on his butt as Lin Yi dragged him forward. The ground was smooth and covered in snow, but Zhaolong's butt still hit the rocks in the snow!

After all, no matter how smooth the ground was, it was impossible for it to be free of debris. Zhaolong was in trouble when he ran into the debris!

Zhaolong's screams were especially terrifying in the valley. Soon, his butt was covered in cuts from the rocks on the ground. The Golden creation miracle doctor Kang applied had almost healed his previous wounds, but the rocks made him even more injured.

Although Zhaolong was in a lot of pain, he knew that Lin Yi was trying to set him up. If Lin Yi could hold Xinyan, then he could hold Zhaolong as well! After all, Lin Yi was a practitioner.

But Lin Yi didn't hug him, he pulled him, and that was already good enough. Zhaolong was afraid that Lin Yi would leave him alone, so he endured it. When he couldn't take it anymore, he looked at the turtle chasing him and remembered the Ninja Turtle, so he endured it.

Gradually, Lin Yi's speed pulled away from the turtle. Lin Yi's Qinggong was great, and without Xinyan and Zhaolong holding him back, he didn't have to worry about the turtle catching up to him.

The turtle let out an angry roar as it watched Lin Yi and the others go further away. It knew that it couldn't catch up to them. When it saw Lin Yi holding one and pulling the other, it knew that it had to give up. There were practitioners here, and it couldn't gain any advantage!

Lin Yi's guess was right-the turtle's ability was in defense, not offense. Even if Lin Yi was a Sky Class master, he couldn't do anything to the turtle, but the turtle couldn't catch up to him either.

Helplessly, it could only suffer in silence! It wasn't that it didn't have the turtle ice crystals. It did have some, but they were very precious. It would take the turtle decades to make such a small bottle. It was the crystallization of its own strength. It wasn't very useful to the turtle, but it was very useful to the little turtle. The little turtle could use it to cultivate!

The big turtle still had some in stock, but it didn't want to give something so precious to Lin Yi so easily. It could help the little turtle increase its strength, but it couldn't get it back anymore.

"Don't let me see you guys again!" The big turtle roared and said helplessly.

Lin Yi heard the turtle's roar and tensed up for no reason. It was a sign of guilt-he did steal the turtle ice crystal, after all, and technically, Zhaolong was the scapegoat!

Zhaolong might be the one who caused the trouble, but he was the one who got the bottle back, too. Lin Yi was grateful to him, and that was why he didn't leave him behind.

"Lin Yi ... Can you let me go now ... The giant water monster isn't chasing us anymore, my ass ..."
Zhaolong almost cried from the pain. It didn't feel like his ass was his anymore.

"Oh." Lin Yi, who was still running, let go of Zhaolong's hand when he heard his words. Zhaolong's upper body leaned backward from the inertia, and the back of his head hit the blood bag. He gritted his teeth in pain!

"Lin Yi, you're doing this on purpose, right?" Zhaolong said as he got up from the ground, glaring at Lin Yi.

"You asked me to let you go." Lin Yi said nonchalantly.

"..." Zhaolong's anger was released. Lin Yi was his Savior, after all, and he wasn't that ungrateful. However, the more he looked at Xinyan in Lin Yi's arms, the angrier he got!

It was just that Zhaolong had just promised that he'd turn a blind eye to Lin Yi and Xinyan's relationship, and he wouldn't pursue it. He was going to go back on his word, but it hadn't been that long, and he didn't have the cheek to deny it.

"Lin Yi ... Can you put me down now ..." Wang Xinyan's heart was beating fast the whole way, but she was relieved that they were running for their lives. Now that they were safe, she was a little embarrassed.

"Alright," he said. Lin Yi let go of Xinyan, not because he wanted to take advantage of her, but because he really did forget that she was in his arms. He couldn't help but feel a little regretful-he'd put all his thoughts on running and thinking about the ice crystal, and he'd forgotten about the beauty in his arms. He only came back to his senses after Xinyan's reminder-he didn't think about taking advantage of her, even if it was training while running.

Chapter 2462 The Problem With The Heaven Rank Spiritual Beast

Xinyan was both embarrassed and happy at the disappointment on Lin Yi's face. To be honest, she wouldn't have let go of that warm hug if it weren't for Zhaolong standing there.

That hug reminded Xinyan of those cold nights during the military training, and the night when they were out in the field training ...

As he was lost in his thoughts, he heard the sound of a helicopter's motor in the sky. Lin Yi let out a breath of relief. He couldn't feel any danger, and the turtle should've retreated by now, but who knew if it could make a sudden return?

Moreover, since there was a heaven rank spiritual beast, the turtle, in this Valley, could there be other spiritual beasts? It must be known that there were two heaven rank spiritual beasts in the mountain range.

"I'm here, I'm here!" Zhaolong felt like he'd just escaped death when he saw the helicopter. He waved his hands frantically, trying to get the people on the helicopter to see him.

Lin Yi's lips twitched as he looked at Zhaolong. With his volume, the people on the helicopter wouldn't be able to hear him at all. As for him being here, even if he didn't wave, the people on the helicopter would still be able to see him.

The helicopter flew closer and closer. Then, an elevator was pulled down from the helicopter and placed vertically at the bottom of the valley. Youpan Hu's voice came from the helicopter's megaphone, "Kang bro, get on the plane!"

Zhaolong was so excited that he subconsciously wanted to climb up the ladder, but Lin Yi stopped him. "Wait a moment, let Xinyan go first, you go last!"

Lin Yi may be a practitioner, but this Valley wasn't something you could just climb up like that. It was winter, and the cliffs were covered in ice and snow. Even in summer, there was no place to land on. Climbing up was a very difficult task. Lin Yi didn't have the Qinggong that the rock Candy Girl had, and he couldn't fly up.

So Lin Yi decided to let Zhaolong go up last, in case the kid got on a helicopter and ran away. That would be a bit of a disaster.

"Oh ..." Zhaolong was a little disappointed, but he understood what Lin Yi was worried about. He didn't want to leave Lin Yi behind. After all, Lin Yi just saved his life, two lives to be exact. The first time Lin Yi saved his life, it was for self-protection.

So no matter how much Zhaolong wanted to do, he couldn't just leave Lin Yi behind. Plus, he'd be going back with right-hand Panhu, and how was he going to explain it to boss Bai if he didn't bring Lin Yi with him?

Xinyan was a little scared as she looked at the shaky ladder-she didn't dare go up herself, but this ladder could only fit one person at a time, and she couldn't let Lin Yi hold her up! Of course, she could let Lin Yi protect her from below, but it'd be even more embarrassing if Lin Yi was facing her butt.

Gritting her teeth, Xinyan grabbed the ladder and started climbing. She was a strong girl, and although she was scared, she could hold on for a while.

Lin Yi, on the other hand, wasn't worried-he'd be able to catch Xinyan even if she were to fall from that height, let alone the height of the helicopter.

Finally, Xinyan arrived safely on the helicopter, and Lin Yi let out a breath of relief before quickly getting on the ladder.

Zhaolong, on the other hand, was the last to board the plane, his face pale and green. He looked at youpan Hu and nodded, still a little scared."Younger brother you, there's a big water monster in this Valley. It scared me to death!"

"Water monster? What's that?" The right coiling Tiger was stunned.

"Heaven rank spiritual beast, we almost died." Lin Yi said faintly.

"A heaven rank spiritual beast?" The right coiled Tiger was shocked, and a look of horror flashed across his face.

This spirit beast had nothing to do with Lin Yi, and they were enemies, so Lin Yi didn't need to keep it a secret. As for whether the Hidden House you would dare to mess with this spirit beast, it wasn't within Lin Yi's consideration.

"If your family has the guts, you can go and catch him." Lin Yi said.

"..." Right coiling Tiger's expression was uglier than crying. "A heaven rank spiritual beast? forget it, who would dare to provoke it? Besides, it's useless to catch them back, and they can't guard the you family!"

"Oh? Heaven rank spirit beasts are very precious. Doesn't your family need them?" Lin Yi asked without changing his expression.

"Even if it's precious, you have to be alive to catch it." The right coiled Tiger shrugged and didn't say anything.

But Lin Yi felt that there was a hidden meaning behind his words. Golden and Mystic class spirit beasts seemed to be very popular, but Sky Class spirit beasts were completely ignored by coiling Tiger, which made Lin Yi feel a little strange.

Of course, what you Panhu said might be true. It was very difficult for a heaven rank spiritual beast to recognize a master. It was impossible to use a special contract to make it a puppet spiritual beast. In comparison, it was easier to capture a golden and Mystic spiritual beast.

But what Lin Yi didn't know was that although Sky Class spirit beasts were rare in the common world, the Hidden House you was one of the few people who knew about it. It wasn't hard to find a Sky Class spirit beast, and if it was really like what he said, one had to be alive to catch it.

The helicopter flew back to the resort and landed on the empty land. Lin Yi, Xinyan, Zhaolong, and Panhu got off one by one. Panhu gave the pilot some instructions, and the helicopter slowly left the resort and returned to the Hidden House you.

Zhaolong wasn't in high spirits-none of the plans he'd made came to fruition perfectly, and he even got himself injured. It was a classic double loss for him and coiling Tiger!

His fiancée was hugged by Lin Yi, and one of house you's men died and one was injured-this saying was simply made for these two brothers in distress! The ancient people were smart enough to predict the future, Zhaolong thought gloomily.

He entered the resort with Xinyan-boss Bai was already waiting in the lobby, his brows relaxing when he saw Lin Yi and Xinyan return safely. He had a good impression of Lin Yi, and wanted to train him to be his successor, but Lin Yi seemed to have some obstacles in the field of alchemy, which made boss Bai hesitate.

Boss Bai's specialty was making elixirs, and his medical skills were just a support. He wasn't even as good as Lin Yi, so if Lin Yi only learned medicine, he didn't have to learn anything. It didn't matter if Lin Yi learned it or not, but as for making elixirs, boss Bai felt that Lin Yi's situation was special, and he could only slowly find a solution.

Boss Bai didn't want anything to happen to Lin Yi, no matter what.

"Lin Yi, how was it? Are you alright?" Boss Bai asked, not even looking at Zhaolong.

Chapter 2463 Back To The Resort

Even though he was in a terrible state, boss Bai ignored him and turned to Wang Xinyan. "Wang Xinyan, are you alright?"

"It's fine, teacher Bai. I've troubled you. " Lin Yi said with a smile.

"I'm fine too ..." Wang Xinyan nodded.

"That's good, I've already arranged the rooms. Lin Yi, you and Bai Weitao in one room, Wang Xinyan and han Jingjing in another. Here are your room cards. " Boss Bai said as he handed the room card to Lin Yi and Xinyan.

Zhaolong knew that what he did today pissed boss Bai off a lot. He didn't say it out loud, but he still went upstairs with you Panhu. They shared a room, so he didn't need boss Bai to give him a room card.

"Let's go back first. We'll have dinner later. There are still some activities scheduled in the evening, so we should take this time to rest." Boss Bai said to Lin Yi and Xinyan.

"En, okay." Lin Yi nodded and went up the elevator with Xinyan.

"Lin Yi ... Can you not make things too awkward between you and Zhaolong ..." Xinyan said after a long silence.

"Oh?" Lin Yi blinked, not quite understanding why Xinyan would suddenly say something like that. She must have her concerns, but what confused Lin Yi was that Xinyan clearly didn't like Zhaolong, even looking at him with disgust after what happened. Why would she be interceding for him now?

But Lin Yi wasn't stupid-if Xinyan wasn't trying to help Zhaolong, then she had to be thinking of him. Xinyan telling him not to get into a bad relationship with Zhaolong was probably for his own good, but why?

Zhaolong wasn't a practitioner, and he only had the Hidden House you as his backer. Lin Yi didn't even have to be afraid of beating up two of their Masters, so why would he be afraid of offending them?

With that thought, Lin Yi probed, "On the way today, the two robbers that came later were probably sent by you Panhu-one was a Sky Class early phase, and the other was an Earth Class late phase peak. One died and the other was injured-the enmity between house you and I is already set in stone, and there's no way we can resolve it without accidents."

"Argh! Those two people are from the hidden you family?" "A Sky Class?" Xinyan asked, surprised.

"But I'm guessing that they're cooperating with Zhaolong to save the damsel in distress. It's just that Zhaolong's luck was a little bad, and he met the real robbers ..." Lin Yi smiled.

Xinyan was a smart girl, and she immediately understood the situation from Lin Yi's words. She understood why Zhaolong stood up for her! Thinking about it, this guy was scared pale when he saw the

turtle, even saying that he didn't care about Lin Yi and her. He didn't look like the type of person who would save a damsel in distress. There was more to this.

Xinyan sighed softly. She was happy for Lin Yi, but worried at the same time. Lin Yi could beat Sky Class early phase as an Earth Class mid phase peak, but that was only enough to intimidate the hidden houses. It wasn't enough for the ancient class.

Xinyan could see that Yu Panhu was trying to get on Zhaolong's good side, but Lin Yi didn't think too much about it. Xinyan, on the other hand, knew that Yu Panhu was trying to get on Zhaolong's good side because of Zhaoming.

"We're classmates with Zhaolong, after all, and he's ... My fiancé in name. I don't want to make things difficult for my family before we graduate ..." Xinyan said faintly, but she'd explained the situation clearly. She believed Lin Yi could understand.

"Alright," he said. Lin Yi didn't say anything else-he'd gotten a lot more information today than before, and he knew how to do it step by step and beat around the bush.

Lin Yi found his room with the key card and saw he meiyue there as soon as he entered. The two were watching TV and eating fruit, looking very romantic.

"Should I go out?" Lin Yi said with a smile.

"Brother Lin, meiyue and I were waiting for you ..." Bai Weitao was a little embarrassed, ""We were shocked when Jingjing said you jumped off the cable car."

"Hehe, I'm fine. You two go ahead, I'll go out for a walk?" Lin Yi said.

Lin Yi didn't wait for him to say anything and left the room, leaving the opportunity to him and he meiyue. He turned around and went to Wang Xinyan's room to see han Jingjing.

He knocked on the door, and han Jingjing's voice came from inside. ""Who is it?"

"Jing Jing, it's me." Lin Yi said.

"Oh." Han Jingjing opened the door when she heard Lin Yi's voice, letting him in before quickly closing the door behind her.

Lin Yi was suspicious of han Jingjing's actions-was there a need to be so careful? This was a resort, and there couldn't be any robbers breaking in and robbing them.

However, Lin Yi froze when he looked up at the room-Xinyan was changing, and her bra was off. Her pure white body and two big boobs came into Lin Yi's sight, stunning him!

Wang Xinyan was dumbfounded as well. She didn't expect han Jingjing to open the door in this situation! She'd just come back, and was about to take a shower and change into her undergarments-she'd been so scared by the turtle incident that she'd broken out in a cold sweat. Girls loved to be clean, and so she'd taken off her undergarments as soon as she got back to her room.

Someone knocked on the door, and han Jingjing went to ask who it was. Wang Xinyan didn't mind-she was changing her clothes, and han Jingjing wasn't an idiot. Why would she open the door for someone else? But to Wang Xinyan's surprise, han Jingjing really did open the door!

It was Lin Yi who came in, and she couldn't tell if han Jingjing was smart or stupid, but Wang Xinyan was speechless!

"I ... I didn't see anything. I didn't see your chest." Lin Yi covered his eyes but didn't close them-he could still see Xinyan's body through the gaps between his fingers.

"..." How could Wang Xinyan not know what Lin Yi was doing? She was angry and annoyed, and she didn't know whether to laugh or cry. She originally wanted to cover her chest with her hand, but she simply put it down and said,""You're still looking? Then go ahead, it's not like you haven't seen it before!"

Xinyan's words made Lin Yi feel awkward. He closed his eyes, thinking that he'd crossed the line. Xinyan hadn't even agreed to be his girlfriend yet, and it wasn't very appropriate for him to do this. He quickly turned his back to her.

Xinyan didn't know what to say-she was just saying that out of anger, and Lin Yi's turn made her a little embarrassed. She quickly changed into a new set of undergarments and put on her clothes, and Lin Yi turned around at the same time.

Chapter 2464 Expressing Gratitude

"Why did you come back to your senses when I just put on my clothes?" Xinyan thought it was a bit of a coincidence.

"I ..." Lin Yi scratched his head, not sure how to explain.

"Lin Yi bro didn't peek at Xinyan sis in the mirror." Said han Jingjing as she continued to fiddle with the tablet in her hand.

Lin Yi wanted to strangle her to death. This girl didn't even raise her head, how did she find out?

Only then did Xinyan see that there was a mirror behind Lin Yi, which meant that he could still see himself in the mirror even though he'd turned around. The shyness that'd just faded came back to her again, and she glared at Lin Yi. "Why is it like this?"

Lin Yi coughed awkwardly and changed the topic, "Bai Weitao and he meiyue occupied the room, so I had no place to go, so I came."

Xinyan replied with an "Oh" and sat down on the bed, feeling a little awkward. Jingjing just had to say something and go back to her work, leaving Lin Yi and Xinyan with nothing to talk about.

"Are you ... Cultivating?" Xinyan asked, breaking the awkwardness.

"Alright." Lin Yi nodded and sat on the bed.

Xinyan sat down beside Lin Yi quietly, and after some thought, she took off her jacket, revealing her bra. Lin Yi could see her body clearly, and she didn't feel embarrassed anymore. She'd seen everything already, so what was there to be afraid of?

Lin Yi closed his eyes and started channeling the second stage of the art of Dragon mastery, and Xinyan, on the other hand, was doing her best to cooperate, sitting next to Lin Yi without moving. In fact, at this point, the two were a bit out of Xinyan's control, and the only thing she could do was help Lin Yi train as soon as possible, so that his strength could reach a whole new level. As long as they weren't afraid of the sky elixir sect, she and Lin Yi could be together.

"Xinyan, can I hug you?" Lin Yi realized that he was a little distracted today-he'd get distracted while practicing, and every time he smelled Xinyan's scent he'd want to do something more.

Xinyan froze, not expecting Lin Yi to make such an unreasonable request!

However, Xinyan couldn't reject her. She glanced at Han Jingjing, who didn't seem to care about anything, and snorted. It wasn't clear if she agreed or not.

Lin Yi smiled at Xinyan's grunt, pulling her into his arms. Xinyan's body shivered, and her breathing quickened. Lin Yi did carry her during military training before, but that was when she was asleep and it was cold at night. Now, it seemed like Lin Yi was doing it on purpose.

Although Lin Yi was doing it for practicing, Xinyan didn't know if it was more lust or practicing.

Lin Yi felt Xinyan's body stiffen as well, and decided not to push his luck. After hugging Xinyan, he didn't do anything out of line, and started practicing.

Lin Yi's attitude, on the other hand, made Xinyan relieved and happy at the same time. It seemed that Lin Yi was really training, and not just lustful and trying to take advantage of her! Xinyan was quite happy that Lin Yi was motivated to train-the sooner he joined the sky elixir sect, the sooner they'd be able to break the barrier between them.

Xinyan wouldn't have agreed to anything before that, in case Zhaolong would have a reason to contact Zhaoming to do something to Lin Yi!

He was getting closer to Lin Yi now, but Zhaolong had promised that he wouldn't pursue the matter. He was forced to ask Lin Yi for help, but Zhaolong wouldn't go back on his word so quickly.

In the blink of an eye, it was time for dinner, and boss Bai ordered every room at the service desk to call the students to the restaurant. It was Han Jingjing who picked up, and she put down her tablet after picking it up."Lin Yi bro, Xinyan sis, it's time for dinner,"

"Oh, okay." Lin Yi came back to reality and let go of Xinyan.

Xinyan was a little nervous and shy before, but Lin Yi didn't do anything to embarrass her, and she relaxed. It was quite comfortable in Lin Yi's arms, and she almost fell asleep. She opened her eyes and sat up,"Ah ... Then let's go eat."

The three of them went out of the room and saw Bai Weitao and his meiyue coming out of the room. His meiyue's face was flushed, and they didn't know what the two were doing in the room.

Bai Weitao saw Lin Yi and quickly ran over, "Big brother Lin."

"Kid, you and meiyue are together?" Lin Yi lowered his voice as he looked at how excited he was.

"Hey, not yet, but I did kiss you ..." Bai Weitao said excitedly, ""I didn't expect the resort's cable TV to have that kind of show. Miyue and I couldn't help but watch it for a while, but miyue didn't let me go any further ..."

"Hehe." Lin Yi smiled and patted his shoulder. "Teacher Bai agreed to the two of you?"

"Grandpa didn't object to it. I'm fine with it," Bai Weitao said.

Lin Yi didn't say anything. He felt that he meiyue was a very smart girl. Although Bai Weitao wasn't stupid, he was relatively honest. He didn't know if it was a blessing or a curse for him to be with he meiyue.

Zhaolong and Panhu came out as well, but Zhaolong was dressed up-not only did he shower, his hair was combed back, and he had a new leather jacket on. To Lin Yi's surprise, the injuries on his face were all healed.

But Lin Yi was only a little surprised. With right-hand Panhu's help, getting some fast-healing pills wasn't a problem. One small recovery pill was enough to heal all of Zhaolong's injuries.

"Lin Yi, thank you so much for what you did at the bottom of the valley!" Zhaolong said as he walked over.

"?" Lin Yi looked at Zhaolong, wondering if he'd lost his mind. But he still didn't say it.

In fact, Zhaolong's goodwill towards Lin Yi was a last resort. After meeting with youpan Hu, he confirmed that the two practitioners were from the Hidden House of you. One was Earth Class late phase peak, and the other was Sky Class early phase. One of them died, and the other was injured-Lin Yi's strength was pretty strong!

Chapter 2465 Su Lengzi's Revenge

Even the Hidden House you had to avoid the conflict, and Zhaolong didn't want to get himself killed. His brother may be the last disciple of the fifth elder, but he wasn't an elder yet. He'd need Zhaoming's help to get out of this mess first, and it wasn't a good thing to piss Lin Yi off now.

That was why Zhaolong thanked Lin Yi-he didn't want Lin Yi to come looking for trouble when he got back.

"Do your words count in the valley?" Lin Yi asked faintly.

"Under the valley? What did I say?" Zhaolong started playing dumb. It was one thing to be nice, but it was a matter of principle. There was no one else in the valley, and he couldn't just say it in front of you Panhu, he didn't want to embarrass house Kang.

"It's nothing," Lin Yi knew that Zhaolong would go back on his word, but he didn't care. He was only engaged to Xinyan, and even if they were to talk about marriage, Lin Yi wouldn't care.

If Lin Yi dared to cause trouble at house Kang once, he wasn't afraid of a second or third time.

Xinyan wasn't happy to hear that Zhaolong was going back on his word, even if it was within her expectations. Zhaolong was going back on his word.

They had dinner at the restaurant in the resort building. There were many small buildings and villas in the resort. People from different majors and classes basically lived separately, so the restaurant was not crowded. A few tables of food were prepared for the students from the medicine major.

After dinner, it was time for the entertainment activities arranged by the resort. The reason why this resort was famous was not because of its natural ski resort, but because of the deserted village halfway up the mountain!

The deserted village exploration at night was one of the long-lasting entertainment activities launched by the resort!

No one knew how long the village had existed. There was no one in it. The houses in the village were built in an ancient style, but most of them were made of stone, so they were not damaged over the years. There was a huge Memorial Arch at the entrance of the village. After years of wind, rain, and sun, its color had faded. Under the moonlight at night, it looked particularly gloomy and terrifying!

Of course, if one were to say that these barren buildings were terrifying, it was not to the extent that they were terrifying. The most attractive thing was that there were ghosts in this barren village! As for whether it was really a ghost or a gimmick by the resort to attract tourists, no one knew.

Anyway, everyone had different opinions. Some tourists said that they had really seen some unclean things in the barren village at night on the exploration vehicle, while others said that it was just because of the terrible atmosphere that caused psychological pressure. But no matter what, this place had already become famous.

Moreover, during the night visit, they must take the hotel's exploration vehicle to visit. Tourists were strictly prohibited from trespassing the barren village, and tourists were not allowed to get off the car and leave during the visit.

These may be the resort's tricks to scare the tourists into making money. After all, there was a cost to ride the exploration vehicle. If the tourists drove or walked to the barren village to explore, how could the resort make money?

It was reasonable to say that boss Bai wouldn't easily agree to this kind of terrifying entertainment activity. It was just that in the past few years, although the rumors of the barren village were very scary, none of the tourists who went to explore in the exploration vehicles had any problems, and all returned safely.

Therefore, boss Bai had roughly guessed that this was probably a trick of the resort to make money and attract tourists. The barren village actually had no ghosts.

The Explorer's car was a small nine-seater bus, and aside from the driver and co-driver who couldn't fit tourists, each car could only fit seven people. Lin Yi, Jingjing, Xinyan, Zhaolong, Panhu, and two of their men were all in the same car!

Lin Yi, naturally, didn't want to go with them, but he couldn't just kick the two out of the car. He had no choice but to let them get into the car.

But what Lin Yi didn't know was that Zhaolong and Panhu's appearance had caused him quite a bit of trouble!

The driver of the exploration vehicle received a call from su lengzi before he got on.

The driver of the exploration car naturally knew what kind of identity lengzi su had. He was just a worker, and lengzi could be said to be half the owner of the resort. How could he dare not listen to lengzi's words?

"Brother lengzi, do you have any orders?" The driver of the Explorer asked carefully, not knowing why lengzi su was calling at this time.

"I have a grudge against the passengers in your car!" Lengzi had already seen Zhaolong and coiling Tiger get into the car from a distance, so she called the driver of the Explorer.

"Ah?" The driver of the exploration vehicle was stunned when he heard su lengzi's words.

"Keep your voice down, don't say anything, just listen to me, and do as I say!" Lengzi lowered her voice and instructed the driver, ""Do you understand what I mean?"

"I know ..." How could the driver of the exploration vehicle dare to disobey su lengzi? He quickly calmed his emotions and spoke as if nothing had happened.

"En, later, when you take the people in the car to the deserted village, bring them to a remote place. Then, find an excuse that the car broke down. You get out of the car, come back, and leave them there!" Lengzi said.

"This ..." The driver of the exploration vehicle was stunned. He thought to himself, this isn't very good, right? If they left these guests in a deserted village, and in a remote place at that, how could they explain themselves if something happened? As an Explorer's driver, he had been driving between the resort and the barren village for many years. He knew very well that there was indeed a ghost in the barren village!

That was not a rumor, there was really a ghost! It was just that the ghost had no intention of hurting people, but that was under the condition that the resort did not disturb the ghost. The route that their car took had been carefully selected to avoid touching the ghost as much as possible. This was also the reason why they had lived in peace with each other all these years.

As for those tourists, the unclean things they saw were not actually blurred vision or psychological effects. In fact, sometimes, at a certain place along the route, they could still see the existence of ghosts.

"I'm talking to you, did you hear me? You don't want to work anymore, do you?" When lengzi saw that the driver didn't say anything, she was immediately a little angry. "Just tell me if you're going to do it or not. If it doesn't work, I'll immediately change people!"

"Okay ..." The driver had no choice but to agree. He had to agree to this. The job of the driver at the resort was to drive once every night. It was free and paid well. He didn't want to lose this job.

However ... Seeing a group of innocent tourists being abandoned in the barren village, the driver couldn't help but sigh. He might have been scared out of his wits, but no matter what, he couldn't go against lengzi su.

Chapter 2466 Trip To The Barren Village

After smoking a cigarette, the Explorer's driver got in the car. He couldn't find a reason for the car to break down, so the car did the routine refueling before departure. The Explorer's driver didn't refuel the car, but let the gas in the car only be enough for a one-way trip. When they reached the barren village, there was basically no gas.

Barren village? Haunted? Lin Yi looked at the brochure in his hand, thinking that this was probably a way for the resort to attract tourists. It wasn't that Lin Yi didn't believe in ghosts, but at least he had never seen one before, not even when he was exploring ancient tombs.

Of course, it wasn't as if these things didn't exist. Lin Yi had read in some ancient books that once a practitioner reached an unbelievable level, they could cultivate their essence spirit. The essence spirit could leave the body, and even after the body died, it could still exist.

However, this was different from ghosts. This was a great magical power of cultivators, and it was fundamentally different from ghosts in the ordinary sense.

The car started moving slowly, and Lin Yi's car became the last car of the entire convoy, whether it was on purpose or not. After refueling, he followed the convoy down the hill.

The mountain road was very rugged. It wasn't a regular mountain road, but a road for the resort's own cultivation. It wasn't open to the public, so there weren't even street lights. They could only rely on the searchlights on the exploration vehicle to see the road ahead. As for the sides of the road, there was a dense jungle. If they were timid, they would find it particularly creepy.

Lin Yi wasn't afraid of the night in the mountains at all-it was even scarier when he was training at West Star Mountain, and Wulong haote mountain wasn't any better either.

Han Jingjing didn't seem to care about the situation around her. She was fiddling with her tablet, not even looking out of the window. Lin Yi was a little speechless. This girl was too energetic.

Wang Xinyan, on the other hand, was clearly nervous. She didn't look out the window, either. Unlike han Jingjing, who didn't have time to look, Wang Xinyan was a little scared.

"Where are the ghosts? It's just a rumor. It's a way for the hotel to make money. " Zhaolong couldn't help but say,"What the hell? We're medical students, why would we be afraid of ghosts? It's just a trick to trick children. I dare to laugh at ghosts in the cemetery, hahahaha!"

Xinyan frowned at Zhaolong's words. Even if it was a hotel's way of making money, there was no need to talk about it in the car, right? There was a driver in the car, so how could he be happy when he heard that?

As expected, the driver felt apologetic towards the people in the car, but after hearing Zhaolong's arrogant words, all his guilt disappeared! Wasn't it a trick to cheat money? I thought you didn't believe me? Then I'll let you experience it.

"It can't be said that there are no souls." "You can't say that things that can't be explained by science aren't science," Lin Yi said. "You can't explain it now, but you might be able to in the future. Did you think you saw a ghost when you saw a car a few hundred years ago?"

What Lin Yi didn't say was that training and making elixirs were impossible in the eyes of normal people. It was just that there was a driver, so he didn't make it clear.

"Hey, Lin Yi, what do you mean by that?" Zhaolong pouted, "I think you're scared." If you're afraid, you can get off now. We're going to the deserted village, you don't have to go. "

Lin Yi didn't want to bother with Zhaolong anymore and turned his head away.

Zhaolong thought that he'd beat Lin Yi in theoretical knowledge, and he was overjoyed. He'd be able to regain the heroic image Xinyan had of him! He had been beaten up by the robbers and lengzi su before, and bullied by the turtle. Why would he be afraid of those ghosts?

From Zhaolong's perspective, Xinyan wouldn't think that he was an idiot if he acted brave and fearless.

The car drove slowly into the village. The huge Memorial Arch at the entrance glowed under the moonlight, and Xinyan subconsciously shrank back. Zhaolong saw this and couldn't help but say, "It's just a broken Memorial Arch. It looks like a football goal in the day. It's not a big deal. "

However, after entering the village, Lin Yi's car changed direction and drove into a small road at the fork of the road ...

"Why aren't we going the same way as the car in front?" Lin Yi was more observant and noticed the problem.

"Oh, every exploration vehicle has its own route. If they are all gathered together, there is no meaning to explore, and it will lose the fun of exploring the barren village." The driver had already prepared an excuse, so he explained when Lin Yi asked.

"Is that so?" Lin Yi frowned. He didn't see what the car in the front was like, but at least the two exploration cars in front were going the same way, one in front and one behind. Lin Yi was suspicious of the driver.

"I say, Lin Yi, are you scared? If you're afraid, just say it, don't find so many excuses!" Zhaolong felt that Lin Yi was getting more and more scared after hearing what he said. Although Lin Yi was an Earth Class mid phase peak, and he didn't even flinch when facing the robbers and the sky Class turtle, it didn't mean that he didn't have a weakness!

Being afraid of ghosts had nothing to do with one's strength level. Many people would maintain a respectful heart towards the unknown, and if Lin Yi was especially sensitive to things like ghosts, it was reasonable for him to be afraid.

Lin Yi wanted to ask more questions, but since Zhaolong said so, he didn't bother anymore. There shouldn't be any big problems within the resort's range. He just felt that the car was driving in a weird direction.

But then again, Lin Yi didn't care if there was a problem with the route-so what? Was this driver trying to Rob them? That would be courting death.

After the car drove into the fork, the path was obviously much more difficult to walk on. It was bumpy up and down. Although the exploration vehicle had been modified, it was still a little difficult to walk on this kind of road.

"Why is this road so difficult to walk on?" Lin Yi's suspicion grew. If it was said that every car was taking a different route, Lin Yi would believe it, but this route was difficult? he didn't believe it!

Chapter 2467 Car Broke Down?

The exploration vehicle would make a trip almost every night. Even if there was only one vehicle on this road, it would become a smooth road every day. It would not be as bumpy as it was now.

The only explanation was that this road was not often taken, but was decided by the driver at the last minute! But what was his purpose in doing this?

Could it be that he wanted to bring them to a desolate place to Rob them? But he was the driver of a resort, and if he were to Rob someone, the police would be able to solve the case easily. Lin Yi didn't believe that he would be so stupid-who would bring so much money out on an adventure in the middle of the night?

Lin Yi didn't understand why the driver had other motives. It was their first time at the resort, and their first time participating in this barren village expedition. They didn't know the driver at all, so what motive could he have?

The road ahead was much easier to walk on, but Lin Yi could tell from the traces of dirt that cars weren't usually used here!

This was a dirt road, and there were no tire marks on it. It could be said that this should be a road that exploration vehicles usually didn't walk on. Why did they Walk This Way today?

The searchlights on both sides of the vehicle started to work, allowing the passengers on the vehicle to clearly see the scene outside the window. It was an extremely gloomy village, dilapidated houses, dried-up old wells, some unmarked buildings that no one knew what they were for, and tomb-like Hills. Everything seemed particularly eerie and terrifying!

Even the Explorer's driver couldn't help but shiver at that moment. He drove the car here according to su lengzi's instructions, but he hadn't taken this road for four or five years. The last time he came was during the day!

Even though he had the map in his hand, he was a little scared. He didn't dare to get out of the car and run back alone. The environment here was too scary.

Suddenly, the car's fire was extinguished. The driver looked at the gas meter and found that the car was out of gas. He took a deep breath and said, ""I'm sorry, there's something wrong with the car. The fire has been put out. Everyone, please take a look around the area. I'll see if I can fix it. If I can 't, I'll call for help. "

"The car broke down?" Lin Yi was even more suspicious-the car was perfectly fine before, so how did it break down?

"Yeah, I'm sorry." The driver replied, a little nervous. In his eyes, Lin Yi was the most careful person, and he'd already noticed a lot of flaws before. He was probably starting to suspect something.

But now that things had come to this, he had no other choice but to continue carrying out su lengzi's plan.

"Lin Yi, you're not that scared, are you? If the car is broken, let him fix it first. Let's get out of the car to take a look and go on an adventure!" Zhaolong was eager to show off his bravery. From his point of view, the abandoned village and the ghosts were all lies.

"It's written in the tourist guide of the barren village that tourists are not allowed to get off the bus without permission to avoid any accidents." Lin Yi said faintly. He wasn't afraid, but he felt that something was off.

"Xinyan, did you see that? How cowardly were some people? You can't be a boyfriend with this kind of person!" Zhaolong said to Xinyan. He didn't name anyone, but everyone knew who he was talking about. "What's the use of being a cultivator? Not everything can be solved with your fists. If you don't even dare to walk at night, are you not going to leave the house in the future?"

"It's fine if you get out of the car. Just don't go too far. It's not convenient for me to check the car if you're in it." The driver of the exploration vehicle replied.

"Lin Yi, look at you-the driver's already said that, and you're still here?" Zhaolong asked.

"Alright then, let's get off the car and take a look." Lin Yi was even more suspicious of the driver's purpose. Couldn't tourists repair cars while they were in the car? Moreover, the tourist guide clearly stated that tourists were not allowed to get off halfway, but the driver had just driven them away.

Lin Yi wanted to see what the driver was up to as well, so he smiled after a while. "Alright, let's get down and take a look."

Zhaolong said as he looked at Lin Yi's dangerous face. Keep pretending, just keep pretending. You'll piss your pants when you explore the village.

Han Jingjing put away her tablet indifferently and stood up, ready to get out of the car. Wang Xinyan was reluctant, but she had no choice. Lin Yi's presence, however, made her feel a lot more at ease!

As for what Yu Panhu said, that Lin Yi was afraid of ghosts and didn't dare get out of the car, Xinyan naturally didn't believe it. It was complete nonsense to her. Lin Yi wasn't even afraid of robbers or sky turtles, why would he be afraid of ghosts?

A cold wind blew at them as they got out of the car, and Xinyan shivered unconsciously. She moved her body closer to Lin Yi, but not too close. She didn't want to be too hostile in front of Zhaolong.

Xinyan knew that Zhaolong hadn't given up on her yet, judging from the way he'd been picking on Lin Yi. He was probably just saying what he'd said in the valley, and he wouldn't keep his word.

"Hey, it's so exciting here. Let's go over there and have a look?" Zhaolong pointed at a shady spot not far away. "Since I'm free, let's go and see if there are any ghosts."

"We're just nearby, it's not good to go too far, right?" Wang Xinyan was a little hesitant. Girls had an instinctive fear and resistance towards dark and eerie places like this. Of course, Han Jingjing couldn't be compared to her.

At this moment, han Jingjing was not very afraid. She looked around and observed the situation.

Lin Yi didn't move either, but his divine sense was focused on the car! Lin Yi had noticed something wrong with the driver before, and so he paid attention to him after getting off the car.

"Brother lengzi, it's me ..." The driver of the exploration vehicle carefully dialed su lengzi's phone and reported the latest situation to him.

"Oh? Have you done everything I told you to?" Lengzi su asked.

"I did, brother lengzi. I took them to a remote place, but ... It's too scary here. I don't dare to go back alone ..." The driver said carefully.

"When they get off the car, you can just drive back and leave them there." Lengzi said.

Chapter 2468 Illogical

"But the car is out of gas. I didn't refuel ..." The driver said carefully.

"Idiot! Then you'll have to wait in the car until dawn. " Naturally, lengzi wouldn't send a car to pick him up at this time, since it wouldn't be enough to scare Zhaolong and the others. As for whether the driver could be scared out of his wits or not, that wasn't her concern.

"Hello? Hello? Brother lengzi?" The Explorer's driver looked at the phone that had been hung up and sat in the driver's seat gloomily. He lit a cigarette and tried not to look out the window!

This area was the most haunted area and was listed as a key danger area on the resort's map. Drivers and tourists were strictly prohibited from coming here, not to mention at night, even during the day. It was best not to come here. The driver of the exploration vehicle knew that there were unclean things around, so he naturally did not dare to look around.

Lin Yi was an Earth Class mid phase peak, and he had his eyes on the driver's phone. In this quiet night, he could hear everything clearly. A cold smile appeared on Lin Yi's lips. So the driver was under su lengzi's orders, leaving them in the wilderness!

It seemed like Zhaolong and coiling Tiger were the ones who caused this mess. Xinyan, Jingjing, and he were just unlucky. It was obvious that lengzi su wanted to take revenge on them.

However, Lin Yi relaxed a little after getting to the bottom of this. Lengzi SU's purpose was just to scare Zhaolong and Panhu, but one of them was a doctor, and the other was an Alchemist practitioner. Unless there was really a ghost here, there was no way to scare them.

"If Zhaolong wants to go, then let's go. It's pretty cold here, and you'll freeze if you don't move." Lin Yi said to Xinyan.

Lin Yi felt that something wasn't right after he said that-it didn't seem to be his intention. It felt like someone was ordering him to do so, or there was a voice calling him, telling him to come to the dark area ...

Lin Yi's willpower was strong and determined, and he noticed the problem in that short moment of distraction, but he wasn't sure what the problem was. Just like the sudden sentence just now, was it a spell or was Lin Yi just curious?

"Let's go take a look then ..." To Lin Yi's surprise, Xinyan actually agreed to his suggestion. She was very scared before, but now she was curious.

"Hey, Lin Yi, look, even Wang Xinyan's more daring than you!" Zhaolong said.

Lin Yi was still confused, and he wasn't in the mood to argue with Zhaolong. He was about to say something when he saw that Xinyan was already following Zhaolong, coiling Tiger, the yellow-haired, and the purple-haired man into the shadows ...

"Lin Yi bro, don't you feel like something's wrong here?" Han Jingjing turned around and looked at Lin Yi seriously.

"Something's wrong?" Lin Yi looked at Han Jing Jing, "What's wrong?"

"Jing Jing, I can't tell. There's something strange about this place. Jing Jing, although it's dark and eerie, there seems to be some kind of invisible magic that makes people want to explore it ..." Han Jing Jing said with a frown as she looked into the darkness not far away.

"Then, do you want to go and find out?" Lin Yi's heart tightened. Han Jingjing had the same feeling? Would Wang Xinyan and the others have one too?

"I do, but I'll listen to Lin Yi bro." Han Jing Jing said.

Lin Yi looked at han Jingjing and took a deep breath! Previously, he had this feeling. It was because of his strong willpower that he had woken up. However, han Jingjing's mind was terrifyingly calm. She was actually able to notice that something was wrong in this situation.

This made Lin Yi even more confused about han Jingjing's background. This girl was a genius, and her intelligence was abnormally high. Her thinking was also abnormally sharp, and she was very calm.

Lin Yi's heart froze as he watched Xinyan leave with Zhaolong and the others. This didn't fit Xinyan's personality. She didn't like to be too close to Zhaolong and right-hand Panhu, but she didn't wait for Jingjing and han Sen, and followed them into the dark. It didn't make sense.

"Xinyan, wait!" It would've been fine if han Jingjing didn't say it, but since she had the same feeling, Lin Yi was pretty sure that there was something wrong with this place. He subconsciously wanted to stop Wang Xinyan. "It's dangerous here, don't go too far!"

Lin Yi's voice made Xinyan stop in her tracks, and she turned around, confused. Her heart skipped a beat-why was she here with Zhaolong and the others? She wanted to turn back, but Zhaolong started.

"Lin Yi, if you're scared, just say so. If you're not going, then don't hold up the others!" Zhaolong looked at Lin Yi, stunned.

Xinyan was about to turn back when she heard Lin Yi's call, but she didn't know why she turned back after hearing Zhaolong's words. It was as if there was some kind of magic in front of her, making her lose her mind again.

"Let's go and take a look. Be careful!" Lin Yi hesitated, but decided to follow. He didn't know if he made this decision because of Xinyan or because of the obsession in his heart.

"Oh, okay." Han Jing Jing nodded and followed Lin Yi.

Come over, come over ...

Lin Yi felt like there was a magical voice calling out to him, but he couldn't hear anything when he tried to listen ...

Everything seemed so strange, and the dark place in the distance seemed even more eerie and terrifying.

Lin Yi didn't like this feeling at all-there was something weird about this place. A haunted village, in theory, should be fake-it was just a way for the resort to attract tourists, but at this point, Lin Yi didn't think that the legends were all just rumors.

The few of them walked further and further away. The dark corner that did not seem very far away seemed unusually far when they walked. It was unusually out of reach. The small dirt mound was close at hand, but no matter how they walked, they could not reach it!

It was as if these people were walking, and the small mound was also walking. No matter how fast these people walked or how far they walked, the small mound could not be reached!

However, no one noticed anything unusual. Lin Yi's heart froze, and he suddenly woke up with a flash of shock in his eyes. He had encountered something that couldn't be explained by common sense before!

Chapter 2469 Very Powerful

It was that time in Zhang Liju's tomb, that endless path, that bottomless abyss-everything was so strange, and it was similar to what was happening today!

Lin Yi suddenly turned his head and was even more surprised-what was behind them wasn't what they were when they came. The rover was gone, and behind them were criss-crossed paths, dilapidated cottages, messy stone tablets, and some unknown statues. There was no way back!

"Lin Yi bro, you noticed too?" Han Jing Jing suddenly asked.

"Oh? Did you discover it long ago?" Lin Yi looked at han Jingjing, a little surprised.

"Yeah." Han Jingjing waved the tablet in her hand and said, ""Our satellite coordinates are basically the same, but the scenery around us is completely different. In other words, we might have encountered the legendary Ghost Wall and have been going in circles ..."

Lin Yi looked at the tablet in han Jingjing's hand, stunned. This han Jingjing girl always used scientific methods to fight against unscientific things and found solutions from them. It surprised and delighted Lin Yi!

"Then ... Where is the exploration vehicle?" Lin Yi asked.

"It's here," Han Jingjing pointed to a coordinate on the map on the tablet and said, ""I made a record when I got off the car earlier."

"In other words, we've only walked less than half a kilometer?" Lin Yi looked at the map on Jingjing's computer in surprise.

"It's almost like that. " Han Jing Jing said.

"You're quite calm. You're still using the positioning System to calculate our location at a time like this." Lin Yi praised.

"Because Lin Yi bro's by my side, with him by my side, Jingjing won't be afraid and can study these things in peace," Han Jingjing said in all seriousness.

As the two were talking, a creepy laugh came from the front. Lin Yi paused and looked up-there was a white light in front of them, and a blurry figure appeared!

The shadow did not look like a human, nor did it look like a naturally formed mist. It was like the soul of some kind of monster. Coupled with the creepy laughter, at this moment, no matter how stupid one was, they could understand that this thing should be the so-called ghost in the barren village!

"Ah!" Another blood-curdling scream made Lin Yi's heart skip a beat! The voice wasn't from the monster, but Zhaolong. Zhaolong fell to the ground, his face ashen as he shivered. His pants were wet, and he peed his pants.

Right-hand Panhu wasn't as useless as he was, but he was still trembling in fear. This unknown terror made his throat dry up, and he couldn't speak. He regretted listening to Zhaolong and coming down to explore. There were indeed unclean things in this village!

The purple-haired and yellow-haired men were practitioners, and while they weren't in as much of a sorry state as Zhaolong and coiling Tiger, they didn't look too good either. Even the strongest practitioners didn't know how to deal with this strange and unexplainable thing!

"Who are you? Don't play tricks, if you don't show yourself, I'll kill you!" After all, purple hair was a Mystic, a high and mighty existence in the common world. He still had some confidence in facing this monster.

"Hehehehe ..." The ghost suddenly laughed. His laughter was still so uncomfortable. Suddenly, purple hair seemed to be choked by something. He let out a "haha". He wanted to say something, but he couldn't!

Under everyone's strange gazes, the purple-haired man seemed to have been hit by a huge force and bounced off his original spot. He hit a stone tablet more than ten meters away with a loud bang.

"Pfft! Pfft! Pfft!" Purple hair spat out a mouthful of blood. It was obvious that he was badly injured. He struggled to stand up, but he could not do it. After shaking for a while, he fainted!

The yellow-haired man and right-hand Tiger were shocked. When the purple-haired man said those words, they even thought that someone was trying to scare them. But now, it seemed that this was not the case!

Purple hair was a Mystic-what kind of strength did he have to be to be able to heavily injure a Mystic? The strangest thing was that they didn't see how the other party attacked. In their eyes, no one attacked, but Zi Mao was sent flying and smashed into the stone monument. It was unknown whether he was Dead or Alive.

Lin Yi frowned at this "evil ghost" in front of him, his guard up to the max! Of course, Lin Yi didn't think of it as a ghost-didn't boss Yu also kill people in the tomb?

Zhaolong was already frozen in shock. He wasn't surprised that the purple-haired guy was sent flying. He just sat on the ground, expressionless.

What made Lin Yi curious was that Xinyan didn't say a word at all, just standing there. She didn't come to her senses, and Lin Yi couldn't see her expression, but he could tell from her body that she wasn't scared!

Xinyan was standing very steadily, not shaking or staggering-this made Lin Yi suspicious. When did she become so bold? Xinyan didn't want to get off the car when they were in the car-why did she change so much in such a short time?

"Wang Xinyan!" Lin Yi said to himself-Xinyan must've fallen into some sort of magical state!

Xinyan didn't react to Lin Yi's shout, not even turning her head to look at him. Lin Yi was sure that Xinyan was confused by something in front of her ...

Lin Yi took a deep breath and started to compress the energy bomb in his hand. It was hard to deal with something like this. Lin Yi didn't know if normal attacks would work on it, but from the way purple hair was sent flying, this thing was definitely not simple!

The most important thing was that Lin Yi couldn't use his golden finger to see the strength of this thing! In other words, this person was either a very strong physical master, or he wasn't. The moment he attacked purple hair, Lin Yi still couldn't feel his strength, which meant that he wasn't a physical master!

Chapter 2470 You're An Alchemist?

In that case, the result was a little unacceptable. The answer was that this thing was not human at all! Or rather, it was not even a spirit beast! Lin Yi could also use his golden finger to check the strength of spirit beasts, but this mist-like thing didn't react at all.

So Lin Yi decided not to try out the raging fire Eight Trigram palm anymore and started compressing the energy bomb, ready to give this guy a big blow.

"What ... What are you?" The yellow-haired teenager asked carefully in a trembling voice.

"Hehehehe ..." The monster laughed again, but it didn't answer Blondie's question. Instead, it seemed to be talking to Wang Xinyan. "Follow me ..."

With that, the monster slowly floated away, and Xinyan followed behind it! Xinyan wasn't a practitioner, so her walking speed was limited, but the monster seemed to know her speed, and was drifting in front of her at the same speed.

"Wang Xinyan!" Lin Yi was shocked to see Xinyan following the monster, and yelled again.

To Lin Yi's disappointment, however, Xinyan didn't seem to hear him at all. She was still following the monster.

"Jing Jing, you wait here with right coiling Tiger and the others. I'll follow and take a look!" Lin Yi said seriously.

He didn't let Jingjing follow because if Lin Yi were to use the energy bomb, it'd be hard enough to protect Xinyan. He wouldn't be able to take care of Jingjing anymore, so it was obviously the safest for her to stay with coiling Tiger and the others.

Plus, from the current situation, it was pretty obvious that this monster-like thing was only interested in Wang Xinyan. As for the right coiled Tiger, Zhaolong, yellow-hair, and purple-hair, they weren't interested in them at all.

It sent the purple-haired guy flying, but it didn't kill him. It seemed like "it" only had one goal, and that was to capture Wang Xinyan!

With that in mind, Lin Yi quickly followed up with big steps, the energy bomb in his hand never stopping, compressing at a rapid speed.

Lin Yi didn't know what the enemy was, and he didn't know how big of an energy bomb it would take to kill it. He could only use all his strength and compress as much Qi as he could into it, saving some of the Qi He needed to heal his injured meridians.

Lin Yi followed behind Xinyan, and the monster didn't seem to care about Lin Yi either. Its attention seemed to be focused on Xinyan, and it didn't seem to notice Lin Yi's actions. Of course, it could also have seen Lin Yi, but it didn't care about him at all.

In the blink of an eye, Lin Yi realized that Han Jing Jing and the others had disappeared, and he was in a strange environment! It was as if the scenery was changing.

"What are you? Where was he taking Xinyan? If you don't tell me, I won't be polite anymore!" Lin Yi said as he felt that he was almost done with the energy bomb.

However, the misty thing didn't seem to care about Lin Yi at all. It continued to lead Wang Xinyan forward.

Lin Yi frowned and picked up his pace, pulling Xinyan behind him and throwing a Qi bomb at the thing.

"BOOM!"

There was a loud explosion from the energy bomb. Lin Yi used his energy to block Xinyan's path when he released the energy bomb. He wouldn't die from the explosion, but Xinyan wouldn't be able to survive.

With the loud explosion, the misty thing exploded into tiny wisps of mist. This situation made Lin Yi sigh in relief. It didn't matter if the thing in front of him was a human or a ghost, it was finally dead!

"Phew ..." Lin Yi was about to turn around to check on Xinyan when he heard a creepy laugh!

"Hehehehe ..." As Lin Yi looked over in fear, the weird, foggy thing that had turned into a small weapon suddenly gathered together again, forming that thing that didn't look like a human or a ghost. The laughter came from that thing!

"You ... You're actually fine?" Lin Yi looked at the strange, foggy thing in front of him, shocked.

"Little brat, I didn't expect you to have some skills. "It's been a few thousand years ... You're the first person who can blow me apart ..."The weird thing finally started talking to Lin Yi. It didn't even bother talking to Lin Yi before, not to mention Zhaolong, coiling Tiger, and the others.

"What are you? Why did you take my friend away?" Lin Yi's heart skipped a beat-this thing wasn't afraid of energy bombs!

"You don't need to know what I am. I took her away for my own reasons." After a short silence, the strange thing spoke again, ""You can go, I won't hurt you."

"You're a ghost?" Lin Yi's brain worked quickly as he tried to think of a solution.

This damn thing said that it wouldn't hurt him, but it only saw his powerful strength. If it was the purple hair, he would have sent him flying with a slap! Of course, Lin Yi's strength was only a little shocking to the thing-just because he didn't hurt him didn't mean he'd let Xinyan go.

But this time, the thing didn't answer Lin Yi's question and continued to lead Xinyan forward! Xinyan's eyes were still empty, as if she'd lost her mind. Lin Yi called out to her, but she didn't respond.

Lin Yi wanted to stop Xinyan from leaving, but he was afraid that the thing would react to him. He thought about it, trying to figure out how to deal with ghosts from TV series!

Normal methods didn't work on this thing, so Lin Yi had no choice but to use another method.

Lin Yi didn't usually watch TV, and after thinking hard for a long time, he finally remembered a ghost-catching movie he watched with Chu Mengyao and Chen Yushu. It said that ghosts weren't afraid of attacks, but they were afraid of light and fire.

In the past, there was a saying that fire could drive the ghosts away. Lin Yi thought about it and realized that this was the only way he could use it now. He didn't know anything about the other Maoshan Daoist techniques.

With that thought, Lin Yi quickly followed, a fire element refinement fire forming in his hand as he grabbed at the misty thing.

It didn't stop until it was a few meters away from the fire in Lin Yi's hand, its voice full of shock, "An Alchemist?"
