

Bodyguard 2471

Chapter 2471 What Exactly Is It?

"Not bad." Lin Yi, naturally, wouldn't admit that he wasn't a refiner. It seemed like he made the right bet-this thing was really afraid of the refinement fire, and it wasn't just a normal fear. Its calm voice was now filled with fear.

Lin Yi's words silenced the man. After a while, he said,"Even if you're an Alchemist, you're in my territory. Without my permission, you can't take her away. Even your other companions will be lost here and die."

"What do you mean by that?" Lin Yi asked calmly. In fact, Lin Yi was overjoyed. He knew that this damn thing was starting to give in. It didn't attack or say anything extreme, only saying that even an Alchemist couldn't walk out of its territory.

"It's simple. I'll let you go, but she must come with me!" The thing didn't say who she was, but Lin Yi knew that she was Wang Xinyan.

"Hehe, that's impossible." Lin Yi didn't even give him a chance to bargain and rejected immediately.

"Then you guys can stay here until you die. I'm leaving." The ghostly thing hesitated for a moment before saying.

"Do you think you can leave? If you want a life and death struggle, I don't mind. " Once again, Lin Yi conjured a ball of fire in his hand. During the conversation and silence, he'd already used the art of Dragon mastery to recover the energy he'd used to compress the energy bomb.

"Your physical strength is limited. I don't believe you can keep chasing me to release the pill fire." The ghostly thing was clearly not stupid. It said indifferently, ""Earlier, you released some kind of martial skill and used up a lot of your physical strength and true Qi, right? There shouldn't be much left now. "

"Is that so?" A mocking smile appeared on Lin Yi's face as he released his pure Qi.

"Eh? This is impossible. In such a short time, you've actually recovered seventy to eighty percent of your physical strength and true Qi. How is this possible?" "No!" The ghostly thing cried out in shock. "Although this is a cultivation paradise, the true Qi here is getting thinner and thinner. Even if you were here, it's impossible for you to recover so quickly. This is impossible, absolutely impossible!"

"Whether it's possible or not, it's not what you say. It's the truth." Lin Yi smiled faintly, "The speed at which I recover my strength and true Qi is only this fast, so if this continues, it's hard to say whether you'll die or I'll die,"

"..." The ghostly thing fell silent again, evidently agreeing with Lin Yi's words. Otherwise, this wouldn't have happened.

"Now, can we have a talk?" Lin Yi asked again.

"Fine ..." The thing was obviously unwilling to talk to Lin Yi in that tone. It agreed to talk to Lin Yi, but it still added, ""If I didn't exist in the form of a primordial spirit, you're just an Earth Class mid phase peak Alchemist-you wouldn't even be worthy of carrying my shoes."

"There's no 'if.'" Lin Yi didn't get angry. He only shrugged, "If I wasn't an Alchemist, I wouldn't have let you talk to me on equal terms."

"That's right ... There's no 'if.'" The ghostly thing was stunned for a moment before it said, "The winner is king, this is a principle that has never changed since ancient times! Back then, if I didn't ... Forget it, let's not talk about this ... You're right, you do have the right to talk to the current me. "

"Alright, tell us. Are you going to fight to the death or let us go?" Lin Yi asked.

"It's impossible for me to let you leave. " The ghostly thing said decisively, "I've been waiting for so many years, and this opportunity has finally come! I don't have time, the spiritual energy here is getting thinner and thinner. I can't wait any longer, or my soul will slowly dissipate ..."

Primordial spirit? This was the second time Lin Yi had heard this name from this thing. Could this thing be the soul of a super powerful practitioner from ancient times?

Lin Yi had read in some rumors that practitioners could guarantee that their essence spirit wouldn't be destroyed when they died, and that they could one day rebuild their body or take over another body, but there was no proof of this.

In the world of practicing, the highest level of Masters was Sky Class. Lin Yi had never seen anything beyond that, and even the rock Candy Girl might not know about it. So Lin Yi didn't really take the strange news seriously.

But now that he heard the damn thing mentioned, Lin Yi's heart skipped a beat.

"You're a primordial spirit?" Lin Yi asked.

"You know about primordial spirit?" The ghostly thing was stunned.

"I've heard that some high-level cultivators can ensure that their primordial spirit is not destroyed when they die. One day, they can reconstruct their body or take over someone's body. Is that true?" Lin Yi said, revealing everything he knew.

"More or less." The ghostly thing didn't deny it.

"You want to take over my body?" Lin Yi's face changed as he looked at Xinyan, a terrifying possibility suddenly crossing his mind.

"..." The damn thing was speechless, "You're thinking too much. Let's not talk about the fact that she's not a cultivator and is just a mortal. Even if I want to possess someone, I'll choose you and not her! Furthermore, possession is a trick of the demon sect. I just want to preserve my primordial spirit so that I can rebuild my body one day. "

"I see ..." Lin Yi sighed in relief, "Then why are you looking for her?"

"I found a special aura on her ..." The ghost said, "With this aura, I can speed up my cultivation. The spiritual Qi here is already very thin, and my cultivation speed is far from enough to replenish the daily consumption of my primordial spirit! In other words, I'm just eating my old capital. If this continues, my primordial spirit will become unstable and my soul will scatter ..."

Lin Yi's face changed-he didn't think that this thing's intuition would be this sharp, to be able to find out Xinyan's Secret! Lin Yi thought that this secret wouldn't be easily discovered by other practitioners ...

After all, Lin Yi wasn't the only practitioner around Xinyan-there were other practitioners around, but none of them had noticed it yet. Lin Yi's face darkened a little when this damn thing found out.

"Oh? It seems that you've also discovered this secret?" The ghostly thing saw Lin Yi's expression and knew that Lin Yi probably knew about it, "That's right, you recovered your strength and true Qi so quickly just now because you borrowed this strange fragrance?"

Chapter 2472 Third Map Fragment

Lin Yi didn't say anything, neither admitting nor denying it.

"That's not right. Even if there's such a fragrance, you can't recover so quickly in a place where the spiritual Qi is so thin! No, it's definitely not right!" That damned thing denied its previous judgment.

"Don't think about all this nonsense. Tell me first, are you going to release her or not?" Lin Yi asked.

"Release him?" After saying these two words, the ghostly thing suddenly stopped talking.

"What do you mean by that?" Lin Yi frowned at the silence.

"Let me ask you something ..." The ghastly thing suddenly said.

"What?" Lin Yi asked.

"It's nothing ... Never mind. " That damn thing stopped asking.

"What do you mean?" Lin Yi asked, confused.

"I can let you go, but you have to agree to one condition." That damned thing suddenly stated its conditions.

"Why should I agree to your conditions?" Lin Yi asked.

"Just like you said, even if you want to fight to the death, you can't kill me in a short time, and I can't kill you. Although you can keep recovering your strength and true Qi, it will take you some time to kill me." The demonic thing said slowly, "although I'm afraid of your alchemy fire, which will consume the energy of my primordial spirit, you can't kill me in a short time. In any case, I only have a few more decades to live and die. A few years won't make a difference. If you don't agree to my conditions, we'll fight to the death!" I believe that you can recover your strength and true Qi, but your friends and this one in front of you won't live long if they don't eat. By the time you win, you'll have to leave by yourself, and your friends will all be dead. "

"..." Lin Yi was speechless, but he didn't doubt the thing's words. There was no need for the thing to lie to Lin Yi, and the fact that it was honest with Lin Yi proved that it wanted to negotiate with him.

"Moreover, if you agree to my conditions, I will give you some good things as a reward." Lin Yi didn't say anything, so the thing started trying to lure him in. Those things were basically trash to it anyway, so it might as well take them out to do him a favor.

"What is it?" Lin Yi asked after some thought.

"Come with me, I'll take you to see." The ghastly thing said.

"Alright!" Lin Yi nodded in agreement. He was able to form a refinement fire now, so he wasn't afraid of this thing lying to him. Plus, it seemed like this thing needed his help, so he couldn't joke about this.

With that, the thing floated forward, with Lin Yi and Xinyan following closely behind. Xinyan's eyes were still empty, as if she was possessed, but Lin Yi was relieved-the thing probably didn't mean her any harm for now.

He walked for about four to five hundred meters-it wasn't very far, but the scene before him was completely different. In theory, he should've been able to see what was going on here from where he was, but Lin Yi couldn't. It was obvious that the environment here was under the control of the ghostly thing, and it used some sort of camouflage spell.

"It's here." The ghastly thing said calmly.

Lin Yi walked over and lowered his head to find a skeleton on the ground. The body had rotted a long time ago, and there was a small bag next to the skeleton. He didn't know what material the bag was made of, but it wasn't rotten at all.

"Is this it?" Lin Yi pointed at the bag on the floor.

"That's right, this was a cultivator who accidentally barged into this place to steal something. I killed him, and this is his relic." The ghastly thing said.

"Oh? A relic?" Lin Yi bent down and opened the bag. Inside, he saw two things. One was a huge spirit beast core. He could feel the huge amount of energy in the core the moment he touched it!

The amount of energy contained in this was simply unbelievable. It was much, much more than the spirit beast cores Lin Yi had obtained before. This made Lin Yi extremely surprised, "Spirit beast inner core?"

"Not bad!" The ghastly thing said proudly, "This is what he stole from me. This inner core ... Oh, you just need to know that it's not an ordinary inner core. Keep it, it's of great use. Don't waste it so easily!"

"Oh?" Lin Yi wanted to collect them and make an Essence Necklace with the cores of the other spirit beasts, but this thing seemed to be a great treasure-Lin Yi hesitated!

"Is it a waste to use it to make an Essence Necklace?" Lin Yi asked.

"What a waste!" The ghostly thing seemed to be very angry after hearing this. "The essence Necklace only needs five inner cores of heaven rank spiritual beasts!"

Lin Yi took in a cold breath- "Only" five inner cores of heaven rank spiritual beasts? Why did it sound like the inner core of a heaven rank spiritual beast was not worth much? This also indirectly reflected a problem-the beast core in Lin Yi's hands was definitely above Sky Class. What level was the beast?

"Alright, don't ask so much. You don't need it for the time being, just keep it." The ghostly thing didn't seem to want to explain too much to Lin Yi.

"Alright ..." Lin Yi nodded.

"This Sky Class late phase peak is a pauper, and there's only a map fragment in his bag-I don't know if it's valuable to you." The ghostly thing pointed at the small bag on the ground and continued.

"Ah? Sky Class late phase peak? You killed him?" Lin Yi looked at the bones on the ground, his heart in pain. If he didn't use his fire to suppress this thing, he really wouldn't be worth much in its eyes.

"Yes, he's dead, but he's a pauper," "This is it," the ghostly thing said. "Take a look and see if it's okay. If it's okay, then promise me one thing!"

Lin Yi hesitated for a moment before quietly looking for a map fragment in the bag. He was surprised when he saw it! Lin Yi was very familiar with this map fragment-he even had two of them in his house!

This map fragment should be the same type as the one he got from the common house Yu auction and the one he got from the shark's belly! He didn't expect to find another one here!

It was just that Lin Yi didn't know what use the map had, but since the common house Yu valued it so much, it must have some value.

Chapter 2473 An Unexpected Result

However, the common house Yu in Lin Yi's eyes was no longer as mysterious as before, and so the value of the map was naturally lower. This was also why he kept it in his drawer and didn't study it.

But now that it was beside the bones of a Sky Class late phase peak, it proved that this map had some value! This Sky Class late phase peak didn't bring anything else, only a map fragment-that was enough to prove it.

No matter what, there was no reason for Lin Yi to let go of such a good thing! He didn't know what these two things could do or what they were used for, but he decided to keep them.

"What are your conditions?" Lin Yi asked the thing.

"First, say yes or no." The ghastly thing said.

"If you don't state your conditions, how can I agree to it?" "If you want me to die, I'll still die?" Lin Yi frowned.

"I can't. The condition I'm offering is to ensure that you can all leave safely. You won't have to pay anything, and it won't cause you any substantial harm or loss." "Besides, to you, it's as easy as lifting a finger!" The demonic thing said.

"I'm a little puzzled by what you're saying. What are your conditions? tell me. " Lin Yi was very confused- why was this thing hemming and hawing? What conditions can't you state clearly?

"It's a matter of great importance. You have to agree first before I can tell you!" The ghostly thing said firmly.

"Alright," he said. "If it's really as you say, that your conditions are really simple and won't cause any harm to my friend or me, then I'll agree to it!" Lin Yi said helplessly. But if it's not like what you said, then the promise is void!"

Lin Yi was a man of his word-he didn't make promises easily, and once he did, he'd do it! Since the thing had Lin Yi's guarantee, he naturally added an additional condition.

"Haha, that's great!" The ghostly thing laughed loudly and suddenly pounced at Lin Yi!

"You ..." Lin Yi was shocked. He wanted to form a fire to fight this thing, but something happened before he could do that.

What happened next made Lin Yi extremely shocked. After the thing charged at Lin Yi, it suddenly shrank into a straight line and entered Lin Yi's body! Lin Yi's first thought was that he was possessed!

However, apart from shock, he did not find anything strange. He was still himself, and even his thoughts had not changed. It seemed that he was definitely not possessed! But, where did that thing go?

If he didn't possess her, how did he disappear after entering her body?

Just when Lin Yi was still in shock, the damn thing's voice came again, "Many thanks! I'll definitely thank you in the future ... I didn't expect this, I didn't expect ..."

Lin Yi froze for a second, but his face changed immediately. This was because the way this damn thing's voice came from was the same as his conversation with elder Jiao. It was directly transmitted to his mind through thought. If this damn thing was doing the same, didn't that mean that it had run into his jade pendant?

At that thought, Lin Yi's face paled as he subconsciously entered the Jade space. What he saw stunned him!

That ghostly thing seemed to be enjoying itself inside the space of the jade pendant! It was only a small corner, but it was so eye-piercing to Lin Yi, stimulating his nerves!

This was his jade pendant. How did this thing get in? Since when could his jade pendant allow strangers to enter and leave at will? What was going on?

"You ... How did you get in? What are you trying to do?" Lin Yi asked, surprised.

"Haha, it's much better here than that girl. I'm going to sleep here. You don't need to care about me. Just treat me as if I don't exist!" "When I wake up, I'll give you something good!" The ghostly thing said excitedly.

"You ... You're going to stay here for a long time?" Lin Yi's mouth twitched.

"En, didn't you agree to my conditions? It's just a small matter for you, and it won't cause you or your friend any harm or influence. I've done what I said. " The ghostly thing said.

"You ..." Lin Yi didn't know what to say.

"Alright, I'm going to sleep, goodbye ..." With that, the thing didn't wait for Lin Yi's reply and curled up into a ball, hiding in a corner of the Jade space.

"Hey, wait up!" "You're taking over my territory now? aren't you going to explain how you got in?" Lin Yi didn't know whether to laugh or cry.

There was no sound-the thing really did what it said it would, falling into an eternal sleep. Lin Yi's words were wasted.

"You ..." Lin Yi smiled bitterly. He didn't know what to say since it was useless. He sighed helplessly and turned to elder Jiao, "Elder Jiao, what is it? how did it get in?"

"How would I know? It just came in. " "This space is yours, not mine. I'm just a clone of my soul ..." Elder Jiao shook his head.

"Primordial spirit? You're also a primordial spirit?" Lin Yi asked, surprised.

"It seems so, but I'm not too sure. I've said before that many of my memories have not been unlocked, so there are many things I can't explain." "But," elder Jiao said, "it's clear that you're the one who told this thing to come in. I'm not sure how you did it, but it doesn't matter. It shouldn't have any ill intentions towards you. "

Lin Yi nodded. This thing wouldn't have waited until now if it had any ill intentions towards him. It had been easy to talk things out with him, too, which made Lin Yi let out a breath of relief. He'd better wait until this thing woke up.

"Alright, I don't know when it will wake up." "The Jade space hasn't even been condensed yet, and it's already here. How strange." Lin Yi smiled bitterly.

"It's in the form of a primordial spirit, different from ordinary things. In fact, it's also your primordial spirit that entered the Jade space. Your body is actually still in the outside world. " Elder Jiao explained.

"So it's like this!" "I have a primordial spirit too?" Lin Yi was surprised. Isn't it only when one's level reaches a certain height that one can cultivate a primordial spirit?"

"Your mental cultivation method is special." Elder Jiao said.

Chapter 2474 Shocked

"Then if I were to die in an accident, would my primordial spirit be able to survive?" Lin Yi asked.

"I don't know. You can try, but you won't be able to live if you die." Elder Jiao said.

Lin Yi was speechless.

"Eh? Where am I?" Lin Yi heard Xinyan's surprised voice ...

Lin Yi quickly came out of the Jade space to see a completely different scene! The barren village was still the same-the skeleton was still there, and so was the bag that Lin Yi had emptied out, but the scene behind him had completely changed!

Not far away, Han Jingjing, right coiling Tiger, Zhaolong, Goldie, and purple hair were all there. They could also see the lights of the exploration vehicles in the distance. Everything was back to normal.

Xinyan, on the other hand, was looking around suspiciously, but let out a breath of relief when she saw Lin Yi standing right beside her.

"Xinyan, are you okay?" Lin Yi quickly asked.

"I ... I'm fine ..." Wang Xinyan shook her head and said, "Lin Yi, I don't remember anything after I got out of the car. Why are we so far away? Why ... Is there a skull on the ground?"

Xinyan was a doctor after all-she was a bit scared, but not to the point where her legs went weak.

"It's fine, we had a ghostly maze earlier and couldn't get out. It's all in the past now ..." Lin Yi said, "Let's go back. "

"Ghostly labyrinth?" Xinyan's heart skipped a beat-she didn't remember anything from before, and it seemed like nothing good had happened.

"En, hehe. But it's nothing. It's all in the past." Lin Yi didn't want to explain too much to Xinyan, in case she overthought it. After all, Xinyan had lost her mind before, and she didn't feel much of this horror.

"Alright," he said. Xinyan didn't want to stay in this place either, so she nodded.

Han Jing Jing and the others were also very surprised. They saw Lin Yi walk away and then suddenly disappeared, but now they could see him again.

Lin Yi and Xinyan walked over. Zhaolong was still sitting on the ground, his face ashen. Panhu, on the other hand, was surprised at the sudden change in scenery.

"Where's the ghost?" Youpan Hu glanced at Lin Yi.

"I scared him away." Lin Yi obviously didn't want to explain more, and he couldn't tell right coiling Tiger about the Jade!

In fact, Lin Yi still hadn't recovered from the shock. The Jade was his biggest secret, and other than himself, only elder Jiao knew about it. How did this thing know? it was unbelievable.

The scariest thing was that it could go in and live inside, which made Lin Yi very helpless.

"Scared away?" "You scared him away?" the right coiled Tiger was stunned.

"En, that damn thing is afraid of alchemic fire. As soon as I condensed alchemic fire, it ran away. In fact, you could also scare it away." Lin Yi said.

"...Then why didn't you say so earlier ..." Right plate Tiger was a little speechless. If he had known earlier, he wouldn't have been so afraid. His legs were twitching for a long time.

"I didn't test it out earlier." "Alright, let's go back. Your purple hair guy's probably dead by now," Lin Yi said.

"He's fine. I gave him a small recovery pill. His injuries are all external. He'll be fine once he's under control." Youpan Hu answered Lin Yi's question honestly. He was scared out of his wits just now, and if it weren't for Lin Yi, they might not even be able to walk out of here alive.

Plus, old man you told him that Lin Yi could even injure Sky Class Masters-he was still very scared of him.

"Sister Xinyan, are you okay?" Han Jingjing looked at Wang Xinyan from head to toe, a little surprised-Wang Xinyan didn't look scared at all. It seemed like there was something going on that she didn't know.

"I'm fine. I'm fine. " Wang Xinyan smiled. She was indeed the least frightened. She didn't see the thing from the start, and only woke up when the thing entered Lin Yi's Jade.

"Oh, that's good." Han Jing Jing nodded.

Zhaolong got up from the ground and looked at Lin Yi and Xinyan quietly, blushing and feeling awkward.

It was his idea to come here for an adventure, but he was the first one to go weak in the knees when he ran into a ghost. Lin Yi, on the other hand, was the one who'd been laughed at the whole time-he'd rushed to Xinyan's rescue the moment she was in trouble.

It was obvious who was stronger and who was weaker, and Zhaolong didn't make any moves in front of Lin Yi anymore, embarrassed.

The group made their way to the rover in silence, when a skull came flying at Zhaolong from the sky!

Zhaolong was scared out of his wits-Lin Yi said he'd scared the ghost away, but he still hadn't come back to his senses yet. A skull flying at him scared him out of his wits, and he let out a shrill scream."Aowu ..."

Xinyan was walking beside Lin Yi with her head down when she heard Zhaolong's scream. She jumped in shock and looked up to see the skull flying towards her. She let out an "ah" and subconsciously jumped into Lin Yi's arms ...

Lin Yi wasn't afraid-he wasn't even afraid of something that was beyond Sky class, so why would he be afraid of a flying skull? But with a beauty in his arms, Lin Yi didn't mind letting nature take its course. He hugged Xinyan and said, "Don't be afraid, it'll be fine ..."

"Meow ..." A cat's meow broke everyone's fear. Zhaolong only saw the skull when it got closer. It wasn't a F * cking flying skull! It was clearly a cat, and a skull had appeared out of nowhere!

However, the cat was black and was not very clear in the dark. If one did not look carefully, one would really think that it was a flying skull!

"F * ck! You scared me to death!" Zhaolong said, panting as he rubbed his chest.

Right Panhu was speechless-he wouldn't have been shocked if Zhaolong hadn't made a fuss.

Xinyan, on the other hand, was blushing as she tried to get out of Lin Yi's arms, but he held her so tightly that she couldn't break free."Lin Yi ..." She said.

"Ah, haha, I'm so sorry. I was also startled. I couldn't help but hug you tightly!" Lin Yi let go of Xinyan awkwardly and laughed.

Chapter 2475 Scared To Death

Zhaolong's face darkened. He didn't want to mess with Lin Yi, but he couldn't accept Lin Yi hugging Xinyan right in front of him! But this was his own fault-he thought the Black Cat was a skeleton, scaring everyone. It was why Xinyan jumped into his arms, and Lin Yi was able to take advantage of her-he couldn't blame anyone!

But Zhaolong still said sourly,"Lin Yi, you don't look that bold, even a skull scared you!"

"Oh, the skull didn't scare me. I was scared by your scream." "Don't you know that there's a saying "you can scare people to death"?"Lin Yi said faintly.

With that, Lin Yi picked up the Black Cat from the ground, finding it quite fun. He didn't know when the skull was attached to the cat's head, but the upper part of the skull was almost dead. It was obvious that the cat had been wearing this skull since it was young!

In that case, the dirty thing that the tourists saw here was most likely the Black Cat! After all, that damn thing that surpassed the heaven rank didn't have the time to scare the tourists. It couldn't even cultivate enough!

It would probably only come out to scare people away when someone entered its territory by mistake. In theory, the other routes would not lead to ghosts, and it was possible that the Black Cat would be the only one seen.

"..." Zhaolong didn't expect to be checkmated by Lin Yi. He was a little pissed, but there was nothing he could do.

The group walked back to the car, but the door was already closed. Lin Yi went up and knocked on it.

"Who is it? Who's that?! The driver was scared, alone in the car-he didn't even dare to look into the distance. He'd seen Lin Yi and the others not far away, but they'd disappeared in an instant!

The car was out of gas and couldn't move, so he could only lie in the car and wait for dawn. He didn't dare to look around, in case he saw something dirty! As for Lin Yi and the others, he didn't really care.

If they died, then so be it-they'd just say that Lin Yi and the others didn't listen to their advice and got off the car without permission, and the resort wouldn't take too much responsibility.

In a daze, the Explorer's driver was about to fall asleep when he suddenly heard a knock on the door. His scalp tingled and his heart raced in fear! Could it be a ghost knocking on the door?

Lin Yi was pissed off by the driver's words-this guy was obviously sent by that su idiot to mess with them! If he wasn't an Alchemist and didn't come to an agreement with that bastard, they'd all be dead by now!

Zhaolong didn't know that this place was dangerous, so it was understandable that he wanted everyone to get off the bus. After all, he thought that the village was just a tourist spot. If he knew how scary it was, he probably wouldn't even dare to come down.

The driver didn't care about human life at all, and Xinyan almost died! How could Lin Yi let him go so easily?

With that thought, Lin Yi picked up the Black Cat and pressed it against the window!

Although the driver of the exploration vehicle was extremely afraid, he could only endure the strong fear and look up to see what was going on.

However, when he looked up, the driver's pupils instantly enlarged, and his mouth was wide open! He saw a skull right outside the window of his driver's seat! Moreover, there was a pair of green eyes in the skull that was staring at him!

"Oh my God!@# ¥ #%... Ghost!" The driver of the exploration vehicle screamed in horror and lay on the steering wheel, not moving.

Lin Yi let go of the Black Cat casually, and under the surprised gazes of the others, he opened the door and got in.

"Lin Yi, why are you scaring him? Who's going to drive if he's scared to death?" Zhaolong frowned, not understanding what Lin Yi was doing.

"This car doesn't have gas at all. He can't drive it even if he's alive." Lin Yi said faintly.

"Ah? You ran out of oil?" "Isn't it broken?" Zhaolong blinked.

"If it's broken, I'll be lying to you." Lin Yi's lips twitched as he told them about the driver's call to lengzi. He hmped, "Isn't this trouble caused by you?"

"Well ..." Zhaolong was a little embarrassed, but he still defended himself. "If I didn't stand up for her, you'd stand up for her when someone's been harassing her. How can you blame this on me?"

"If I stand up for him, that su lengzi will become a fool. I won't give him the chance!" Lin Yi glanced at him faintly, "I'm sure the right coiled Tiger is well aware of this. There's a blue-haired guy in his family, but I blew up his brain with my zhenqi."

You Panhu shivered for no reason and forced a smile. "Alright, Lin Yi, what's done has already happened. Kang bro was just being nice-he's not as strong as you are, and you're lucky that he did that, right?"

Zhaolong, on the other hand, was a little embarrassed. He turned around to check on the car to see if it was out of gas. When he saw the driver, he realized that his heart had stopped beating. "Lin Yi, this guy was scared to death!"

"Oh, so be it." Lin Yi said nonchalantly.

Lin Yi didn't need to hide anything in front of Zhaolong and Panhu. Too many people related to house Kang and house you had been killed or crippled by Lin Yi. There was no need to hide anything since there weren't any other students around.

Wang Xinyan and han Jingjing were also people that Lin Yi trusted, so he wasn't afraid of them telling others.

Zhaolong's mouth twitched. Indeed, the driver's death was well-deserved, and Zhaolong was actually quite happy about it! He had been holding back his anger before, but when he found out that he had been tricked by the driver of the exploration vehicle, he was even more depressed.

Now that Lin Yi was helping him, he'd gotten back at Lin Yi himself.

"Then ... What should we do now? We can't just stay here forever, can we?" Zhaolong had lost all interest-he thought that Lin Yi was scared of ghosts, but the guy wasn't scared at all. He'd even embarrassed himself, so he didn't want to stay here any longer.

However, Lin Yi's phone rang before he could say anything!

Lin Yi took out his phone and looked at the caller ID before picking it up immediately, "Hello, teacher Bai!"

Chapter 2476 Cultivator's Market

"Lin Yi, where are you guys? Why can't I see your car? We've already visited the village, but we didn't find your car. " Boss Bai's nervous heart finally relaxed after hearing Lin Yi's voice. It was good that he was fine!

"Mr. Bai, I was just about to call you. We've got some trouble here!" Lin Yi started to lie, "the driver in our car seemed to be possessed, driving on a different road from the car in front of us!" After that, the car inexplicably stopped. The driver screamed and then stopped moving! We checked just now and the driver seems to be dead ..."

"What? The driver is dead?" "How did he die?" boss Bai was shocked.

"I think he was scared to death." "Did you see something scary?" Lin Yi asked.

"What about you guys? Are you alright?" Boss Bai hurriedly asked.

"We're fine, but we don't know where we are, so we don't dare to act rashly!" Lin Yi said.

"Alright, don't move first. I'll look for the resort's people. This exploration vehicle seems to have a satellite positioning system." Boss Bai said.

"Alright," he said. Lin Yi nodded.

Lin Yi hung up. Zhaolong and Panhu hesitated, but didn't say anything. They weren't interested in exposing Lin Yi for scaring the driver to death. The driver brought this on himself, and if they said anything that would harm Lin Yi, they'd be the next ones to die.

After boss Bai hung up the phone, the first thing he did was to find the resort's security team. When Captain sun of the security team heard that the driver of the exploration vehicle had been scared to death, he was shocked and turned to look at lengzi su.

Lengzi was just trying to scare Zhaolong and coiling Tiger, not expecting the driver to be dead as well. Her face turned pale instantly! Although it was impossible to hold him responsible for this matter, the driver died while serving the resort. The resort would have to compensate a large sum of money at least. At that time, his uncle would definitely scold him!

With that in mind, lengzi didn't reflect on his own mistakes. Instead, he pushed his hatred onto Zhaolong and Panhu even more! Of course, Lin Yi and Wang Xinyan were in the same car as well-he had to get his revenge!

But at the moment, it couldn't be realized for the time being. He had to find a way to quickly calm things down. If the news of the resort's frightening nature spread out, who would come here to play?

The problem was solved very quickly-the resort immediately used the GPS to confirm Lin Yi's group's location and sent another car to pick them up. The whole process was very fast, and the body of the driver was taken away.

What happened next had nothing to do with Lin Yi and the others. As for whether the resort would compensate the family of the driver a large sum of money, he didn't know.

After returning to the resort, Jingjing and Xinyan were exhausted, and Lin Yi hadn't fully recovered yet, so they all went to bed early, but Bai Weitao only came back in the middle of the night.

Lin Yi's group was in trouble, but it didn't cause any trouble for the other students. After all, they didn't experience it themselves, and Lin Yi's group had returned safely. Naturally, they had fun, and they stayed in the KTV below the resort until midnight.

The next day, they went skiing again, but Lin Yi, Xinyan, and Jingjing weren't in the mood for it. You Panhu and Zhaolong didn't even change their ski shoes and ski, evidently not in a good mood.

In the afternoon, everyone took the bus back to school, and the winter tour officially ended.

On the way back, it could be said to be smooth sailing. There were no car accidents or robberies, and they arrived at the school very quickly.

At the same time, Lin Yi received a piece of good news, lifting his gloomy mood. However, it would be unrealistic to say that he wasn't depressed at all.

The thing was living in Lin Yi's Jade, and he couldn't drive it away or communicate with it. He could only leave it alone for now.

Most importantly, Lin Yi couldn't ask anyone about this—he couldn't ask old Pi or uncle Fu, since the Jade was a secret he couldn't just let anyone know about it.

Lin Yi received a call from han xiaopo after he returned to school.

"Boss, I have good news." After the call was connected, han xiaopo went straight to the point.

"Oh? What's the good news?" Lin Yi's heart tightened.

"In the middle of this month, there will be a cultivator's market in the nearby Elephant Heart Mountain."
"It's not a big event," han xiaopo said. "Only a few secret practitioners and hidden families' customers will participate. But these people might have some good stuff in their hands. They might even have the materials you need, boss."

"Oh? That's great!" Lin Yi had been looking forward to the practitioner's market. He had asked Han Jing Jing to make so many Qi gathering pills in preparation for the practitioner's market, and he also had some stuff he won from the Hidden House Summit. He could probably exchange them for something he needed.

"Boss, if you're going to participate, I'll talk to the organizer in advance and reserve two spots." Han xiaopo said.

"Of course I'm going." "But is there anything I need in this market?" Lin Yi asked.

"It's hard to say, but I heard that they sell pure yellow jade." Han xiaopo said.

"Other than me, who else needs the pure yellow jade?" Lin Yi couldn't help but be surprised.

"I'm not sure, but it's said that Sky Class Masters use some of the best Jade when they make their weapons, and pure yellow jade is one of them-it's not the only one, of course, so it's not hard to get it if you need it, boss. After all, not every Sky Class master needs this kind of pure yellow jade." Han xiaopo explained. During this period of time, he had already heard about the uses of the pure yellow jade, colored steel, and blue crystal powder from him.

"So that's how it is." "Then tell me, what kind of price do I need to pay to get this?" Lin Yi nodded.

"That's hard to say. It depends on the amount of pure yellow jade and what the person exchanging it needs. If the person doesn't need a certain material urgently, he can exchange it with something of higher value. If the person urgently needs a certain material, even if the value of the material is lower than the pure yellow jade, he will still exchange it." Han xiaopo said.

Chapter 2477 Shu's Plan

"What I have in my hands are the items I got from the Hidden House Summit and some pills. Are these enough?" Lin Yi asked.

"That's about it. The ones going this time are all solo cultivators, as well as some hidden houses and small sects "guests and elders. These people's level of knowledge is relatively low, but boss, these things you have are good stuff." "But just in case, it's best for boss to prepare one or two particularly valuable things in case of an emergency," han xiaopo said after some thought.

"Something of special value?" Lin Yi frowned-what was so valuable about him? He wasn't a disciple of some hidden house or sect, and he didn't have the background of one-he couldn't think of anything at the moment.

"It's hard to say. Some people need this and some people need that. I'll bring some good things, but I don't know if they'll be of help to boss. " What han xiaopo said was also the truth. Everyone had their own preferences. If the good things in your eyes were useless to other cultivators, then they would not exchange them with you.

"Alright, I'll make some preparations." Lin Yi nodded.

After saying goodbye to Wang Xinyan and Bai Weitao, Lin Yi drove back to the villa with han Jingjing. As soon as he parked the car, he saw two beautiful figures in the yard!

"Yao Yao, Shu, what are you guys doing here?" Lin Yi asked as he got off the car.

"It's snowing, Shu said she's going to build a snowman. " Mengyao smiled when she saw Lin Yi. "You're back?"

"En, I'm back." Lin Yi nodded and was about to say something when a snowball flew at him. He dodged it and smiled bitterly, "Shu, you're still using hidden weapons?"

"Sigh, this is so boring. Shield bro, can't you just stop dodging? this is so boring." Chen Yushu wanted to hit Lin Yi's head with a snowball, but she didn't expect Lin Yi's reaction to be so fast.

"Then I'll just stand here and you can start again?" Lin Yi said with a smile.

"It's fine Shield bro, you should help us build a snowman!" Chen Yushu bent down and started to sweep the snow from the corner of the yard again.

"Before you came, Shu and I would build a snowman in the yard every winter when it snowed," Mengyao explained with a smile, "there are people from the property company clearing the snow outside the yard. The snow in the yard has to be cleared by our own family. Shu and I made a snowman."

Lin Yi nodded, a little emotional. In the blink of an eye, he'd been with Chu Mengyao and Chen Yushu for almost a year. It was the end of the year, and when he first came, it was just spring.

"Jing Jing, do you want to come too?" Chen Yushu hesitated before extending the invitation.

"Alright." Han Jingjing agreed happily.

And so, the four of them started building a snowman in the yard. There wasn't much snow in the yard, so it didn't take long for the four of them to finish. The three of them entered the villa, and Lin Yi went to cook while Mengyao, Yushu, and Jingjing chatted in the living room.

Getting on Jingjing's good side was something Yushu thought up on the spot-Xinyan seemed to have something she couldn't tell Mengyao. She could tell that Xinyan liked Lin Yi, but she rejected him and didn't tell Mengyao the truth over the phone.

Everyone had their own secrets, and the gossip Yushu surprisingly didn't try to pry. She was the same as Xinyan-she had a secret that she couldn't tell anyone. She liked Lin Yi, and she liked living in this villa, but she knew that one day, it would all be gone from her.

The Hidden House Yu's strength, to be honest, used to be like a mountain in front of Lin Yi, but now, after Lin Yi showed his strength at the Hidden House Summit, they were on the same level as the Hidden House Yu. Especially now, after Lin Yi broke through to Earth Class mid phase peak, even house Yu would have to think twice if they wanted to touch Lin Yi.

Under this situation, Chen Yushu knew that if she begged Lin Yi for help to save her parents, it wouldn't be too hard. At least house Yu didn't want to go against Lin Yi in public. This was evident from the fact that they didn't send Masters to assassinate Lin Yi, but used Chen Yushu's poison to assassinate him. They didn't want to have a direct conflict with Lin Yi, at least their chances of winning weren't high!

So if Lin Yi didn't get anything from Yushu's parents, then Lin Yi and the Hidden House Yu would completely fall out. If the Hidden House Yu was just the Hidden House Yu, then it was fine, but Chen Yushu knew that there was a huge backer behind the Hidden House Yu!

When Chen Yushu was young, elder Yu once let it slip that his backing was someone who didn't even care about the ancient sects. How powerful was that?

And so, she had no choice but to keep her pain and worry to herself! She knew Lin Yi's strength the best, and while it seemed like Yushu was a troublemaker, she'd never mess with people she couldn't afford to.

This was where she was smart-she'd rather suffer than cause trouble for Lin Yi! The Lin Yi now didn't even have the strength to eat a hidden house, let alone an ancient sect!

Even if Lin Yi could stand on the same level as the people from the ancient sects, he might not be able to go against the Hidden House Yu's backing. So, Yushu could only choose to accept it silently and do her best to deal with it. She just had to stay by Lin Yi's side and get by. This warmth was one day, but who knew when this warmth would leave her.

She had pulled han Jingjing over to replace her.

Before, Chen Yushu chose Wang Xinyan because Wang Xinyan wasn't a scheming person. Even if she moved into the villa, she wouldn't fight with Chu Mengyao for love, and there wouldn't be an internal war. However, Chen Yushu still couldn't see through han Jingjing.

The girl looked cute, but Yushu didn't think that was the case! If he was genius Shu, then she would be genius Jing! Things like scientific alchemy and the like were not things that ordinary people could think of!

And so, Chen Yushu felt that under han Jingjing's cute appearance, there was a girl who was as smart as her and as scheming as her. If a person like this was close to Chu Mengyao, then she would protect Chu Mengyao and even help her solve some small problems.

But if he wanted to compete with Chu Mengyao for love, then Chu Mengyao really wasn't his match!

Chapter 2478 One Less Meal

But Yushu didn't have any other choice. After the two failed "accidents," she knew that even though she was still in the villa, it wasn't long before she would leave. She had to make arrangements for her future.

Since Wang Xinyan couldn't do it, Chen Yushu could only choose han Jingjing as her successor. From her observation, han Jingjing didn't hold anything back to Lin Yi, even sharing the scientific alchemy with him. It was obvious that han Jingjing didn't have any intention of hiding anything from Lin Yi!

As long as han Jingjing was true to Lin Yi, Chu Mengyao wouldn't lose out as long as Lin Yi was around. This was the only choice Chen Yushu had.

She needed someone to keep Mengyao company when she left, or she'd be devastated.

After Lin Yi finished cooking, he noticed that han Jingjing and Chen Yushu were having a heated conversation about gray wolf and red Wolf. Lin Yi's eyes flashed with surprise. Han Jingjing, have you seen happy yang and gray wolf?

Every time Lin Yi went to find her, she was always calculating something. He'd never seen her watch TV, so it was weird that she was having a heated discussion with Yushu!

Mengyao, on the other hand, didn't really join in the discussion. She wasn't someone who liked to talk, and she only joined in occasionally.

"It's time to eat," Lin Yi said.

"Okay, okay! Shu loves shield bro's cooking the most, she'll eat less with every meal." Chen Yushu stood up and ran towards the dining room.

It was common for people to have one less meal, but Yushu's words made Lin Yi's heart sink. He had a bad feeling about this, and it reminded him of that night when Yushu was acting weird.

Shu said that she'd taken care of it, but Lin Yi still felt uneasy.

"Jingjing, don't laugh at me. Shu's always like this, always acting crazy." Mengyao said helplessly as she shrugged.

"It's okay ..." Han Jingjing shook her head, a trace of confusion in her eyes. She looked at Chen Yushu thoughtfully, then pulled a chair over and sat next to her!

How could han Jingjing not feel Chen Yushu's goodwill? However, han Jingjing was very confused. Why would Chen Yushu do that? although Chen Yushu's attitude towards her was very good, she didn't try to win her over. It was only the kind of good friend that was built on the relationship between classmates and neighbors.

But today, Yushu's tone and actions were obviously different. How could han Jingjing not be surprised?

Lin Yi had been cooking in the kitchen all this time, and didn't have the habit of eavesdropping. Naturally, he didn't know what the three were talking about.

"Lin Yi bro, how are you so good at cooking? Jing Jing can't cook such delicious food. " Han Jingjing's every word unconsciously elevated Lin Yi's status.

"Hehe, Jing Jing, do you want to eat it all in the future? "You can move in too ..." Yushu said with a smile. "This villa is huge anyway, it doesn't matter if we have one more person."

Lin Yi frowned, but didn't say anything. Mengyao, on the other hand, looked at Yushu strangely. Yushu rarely invited her love rivals to live in her villa. Although she'd accepted Tang Yun, Feng Xiaoxiao, and Wang Xinyan one after another, she was surprised that she'd suddenly accepted Han Jingjing.

"Thank you, but my brother is at home. It's not good to leave him alone ..." Han Jingjing did not agree immediately.

Yushu was surprised by the result-Xinyan probably had her own reasons, but Jingjing didn't seem to have any, so what was the reason?

The atmosphere was good, but everyone had their own thoughts. Han Jingjing went back to rest, Mengyao and Yushu went upstairs, and Lin Yi went back to his room to practice the art of Dragon mastery.

The days went on as usual. Shu didn't do anything weird, but Lin Yi could tell that she was trying to get Han Jingjing on her side. He didn't stop her, though.

Han Jingjing was already listed as one of the people Lin Yi could trust. She knew a lot of Lin Yi's secrets, and Lin Yi knew some of hers as well. With the two of them working together, it was flawless. Naturally, Lin Yi also hoped that Chu Mengyao and Chen Yushu would be on good terms with her.

Youpanhu and Zhaolong seemed to have become a lot more depressed-they didn't hang around Lin Yi, Xinyan, and Jingjing anymore after the winter vacation, going to class, eating, and leaving.

As much as he wanted to keep talking to Han Jing Jing, he couldn't help but be afraid of Lin Yi's methods. He went home and saw with his own eyes the earth Class late phase peak that Lin Yi killed and the sky Class early phase that Lin Yi injured. He fell silent.

It was too easy for Lin Yi to kill him, and the only reason he didn't was because they were classmates! He didn't think Lin Yi was afraid of him-he believed that Lin Yi wouldn't be afraid of hiding house you until house you made it clear that they weren't the sky elixir sect.

This could be seen from Lin Yi's merciless attacks! Although the Hidden House of you had the sky elixir sect as a backer, they were only a backer! A backer was for you to intimidate your opponents, not your hired thugs. If you suffered a loss, the sky elixir sect wouldn't interfere unless it was a huge loss that affected their interests. Otherwise, they wouldn't just come to the common world because of a few casualties.

Not to mention the restrictions of the other ancient sects, even the place behind sky elixir sect wouldn't allow them to go out and cause trouble at a critical time like this!

It was obvious that the Sky Class Island had too many monks but too few gruel-everyone wanted to get a piece of the pie at this time, and which Sky Class late phase peak wouldn't want to go further? Not to mention them, even the Sky Class late phase wouldn't want to let this chance go!

The ancient sects had an agreement a long time ago that the final name list would be decided at the Sky Class meeting. For fairness, they would follow the agreement and give the hidden houses, small sects, and lone cultivators some opportunities, but there were special conditions.

But even so, even with some conditions, the competition was still like a raging fire, and none of the ancient sects wanted to let go of this opportunity! What Sky Class late phase peak would give up so easily?

So at this time, whichever sect had a problem would become the target of public criticism. Although the sky elixir sect was strong and overbearing, they wouldn't dare to break this kind of hard rule!

Chapter 2479 Meeting Qiqi Again

The ancient sects didn't interfere with the mortal world's business. This was a common rule.

Therefore, ancient sects liked to find hidden houses as spokespeople, but they wouldn't look for worldly houses or people from the secular world. They were afraid that people would say that they were interfering with the secular world.

However, as far as Lin Yi was concerned, the two's depression was only temporary. They'd jump back up again after a while!

To be honest, Lin Yi really couldn't do anything to them yet. Boss Bai's rules were strict, and Lin Yi couldn't just lay his hands on his classmates. He hoped that they wouldn't go too far.

In the blink of an eye, it was the day of the cultivator's city square.

Han xiaopo arrived at Lin Yi's Villa early in the morning.

It didn't take long to get to the practitioner's market, and Lin Yi didn't have to explain much. He had Chentian take over as his driver and bodyguard, sending the girls to school.

As for the Hidden House Pi's people, they'd only been here for a short while-after everything was over, old man Pi brought Zhishan and Zhihai back to the house.

The Hidden House Yu and house you had tested them before, and the Council of hidden houses should only exist in name, but the Hidden House Pi still didn't dare stay in the common world for long! Even if Lin Yi's backing was strong, the founder of the Hidden House Committee was even stronger!

"Boss, let's get ready to go. Have you brought everything?" Han xiaopo got off the car and asked.

"Yeah, I brought everything. That's all." Lin Yi said as he pointed at his bag. He didn't have much on him-other than the stuff he won from the Hidden House Summit, he still had some of Han Jing Jing's elixirs. The most valuable thing he had left was the turtle ice crystal he got from the lake in the valley, but he didn't know how much it was worth.

From the importance of the heaven rank turtle, this thing should be very precious.

"Then let's go." Han xiaopo nodded and asked Lin Yi to get in the car.

Elephant Heart Mountain was located between Donghai city and Songshan city. The reason why Songshan city was called Songshan city was because there were mountains nearby. There were more mountains than Hills, and Elephant Heart Mountain was one of them. However, it was located in a very remote area, and there were no tourist attractions on the mountain, so there were few people.

Han xiaopo drove the car to the foot of the elephant Heart Mountain and realized that it was not just bustling today. On the empty land at the foot of the mountain, there were many luxury cars. Mercedes, BMW, Land Rover, Rolls-Royce, Bentley, and other top luxury cars. There were also many sports cars.

This situation made Lin Yi speechless-it seemed that these practitioners were all rich! And han xiaopo was driving a Mercedes-Benz, which was really quite ordinary here.

However, these luxury cars did not have a license plate. Instead, they had a special pass attached to the original license plate.

Naturally, han xiaopo's car was also stuck. This was stuck on before they went up the mountain. It represented that they were vehicles coming to participate in the cultivators 'market. It was also to prevent unknown public vehicles from going up the mountain and affecting the secrecy and normal transactions of the market.

Han xiaopo seemed to have seen Lin Yi's surprise and smiled,"How can there be poor cultivators? Even these guest disciples and guest elders, who were under the hidden noble houses and sects, had a lot of monthly allowance. As for those loose cultivators, they're basically the guards of some rich bosses, so their treatment isn't low. "

"I see." Lin Yi nodded and put on his mask with han xiaopo before getting out of the car.

Those who came to the cultivator's market would usually wear a mask or disguise themselves. This was a custom that had formed in the cultivator's market for many years. It was not a request from the organizer of the market, but the people who participated in the transactions of the cultivator's market.

They were afraid that after showing their real faces, people would Rob them after the transaction was over. After all, those who came here to trade treasures would be targeted by people with ill intentions. It would be troublesome. This was also to keep their identities confidential.

Of course, there were some who were confident in their strength, like Earth Class late phase peak and Sky Class early phase-they didn't need to cover their faces. These people's strength was displayed here, and they were usually the top people in small markets like this-they weren't afraid of people trying to mess with them!

And even higher level cultivators might not be interested in the things these earth-ranked cultivators were trading.

Lin Yi and han xiaopo's appearance didn't attract much attention, because the two were too ordinary. The car they drove was low-key, and the mask didn't tell who was who!

Lin Yi, on the other hand, saw that most of the practitioners here were Mystic class and earth Class early phase or mid phase. As for Earth Class late phase and above, there weren't many of them. Lin Yi didn't see any Sky Class practitioners yet.

Lin Yi was still wearing the male thief's mask, but under it was a thousand-silk mask the Sky Class Spider gave him. It was a double layer of insurance-in case the mask fell off, his identity wouldn't be exposed.

The practitioner's market was full of people from all walks of life, and Lin Yi didn't want too many people to pay attention to him.

After getting out of the car, Lin Yi followed Han Xiaopo to the foot of the mountain. Not long after, they saw a group of people gathered together to watch the show. Lin Yi wasn't someone who liked to watch the show, so he glanced at them and wanted to walk around them, but Han Xiaopo said, "Boss, let's go take a look. There might be something good!"

Lin Yi's steps paused for a moment, but he nodded. Han Xiaopo was right. Lin Yi wouldn't go and watch the show normally, but Han Xiaopo said there was something good here, so Lin Yi decided to go with her.

However, when Lin Yi's eyes fell on the two people in the center of the field, he couldn't help but frown. Of the two, Lin Yi didn't know one, nor did he care about her, but the other one wasn't that Yang Qiqi?

Qiqi was wearing a black mask, but the black leather jacket and pants she was wearing, along with that murderous look on her face—Lin Yi recognized her immediately!

Lin Yi naturally had a deep impression of people he was familiar with, especially this Yang Qiqi. Whether it was the rescue in Songshan City, Blue Town, or even the meeting in the Ice Palace test, they all left a deep impression on him!

Other people might not be able to recognize her, but Lin Yi did. Besides, this cool girl seemed to be a punching bag.

Chapter 2480 Fighting For The Blue Crystal (1)

He was bullied in the test, and he was also bullied here? Looking at her appearance, she seemed to have suffered a big loss. Although she didn't suffer much at the moment, she was panting heavily!

The other one facing Qiqi was a skinny man with a green mask on his face. He was an Earth Class early phase, and he looked at Qiqi arrogantly. "Little girl, if you're smart, take out the thing. Let's have a fair exchange. Don't be ungrateful!"

"You make it sound nice, a fair exchange. Let's not talk about whether what you want to exchange is as valuable as what I have. I don't want to exchange with you, but you want to force me to buy and sell. Do you think you are the only one who can make the decision in this market?" Qiqi glared at the skinny man, "This is simply too much!"

"Little girl, do you not understand the situation? You can't force people to buy or sell things in the market, but outside, you can do whatever you want with your fists. " The skinny man chuckled, not caring about Qiqi's anger at all. He didn't think it was embarrassing, but rather proud, "If your fist is bigger, you can also take back the thing in my hand!"

"You ..." Qiqi's chest heaved up and down-she was furious, but she knew she wasn't a match for this guy. She was only a Mystic late phase peak physical practitioner, and this guy was already an Earth Class early phase-a spiritual one at that! She wasn't his match!

In fact, from the moment he took her treasure away, she knew she wasn't a match for this man! The opponent's palm wind was enough to make her suffer a big loss-an Earth Class with a martial skill was different from a Mystic class.

Plus, Qiqi was only good at Qinggong, and while her level was there for all to see, she wasn't good at fighting. If they were to really fight, she'd definitely be at a disadvantage, and that was why she was only angry and didn't dare to make a move.

But, no matter how weak Qiqi was, the people around her were just watching-no one was going to help. It was obvious that Qiqi was being bullied, but no one wanted to cause trouble at a time like this.

Lin Yi frowned, hesitating. Should he help or not? Lin Yi didn't want to cause any trouble-he only came here to trade for what he needed and leave after.

Qiqi, on the other hand, was someone Lin Yi was familiar with-she always returned kindness with ingratitude, but Lin Yi had seen her body before, after all, and they'd worked together in the test.

Just as Lin Yi was hesitating, the skinny man spoke again, "What are you all looking at? Can you all disperse? Why do you still want to stand up for this little girl?"

As soon as the skinny man spoke, the onlookers subconsciously took two steps back. Obviously, this skinny man had some power. Although his face was covered, some people must know him. Or rather, he was an Overlord in the market and often did similar things. Most people just didn't dare to say anything.

And those who were bullied were mostly soft persimmons who went alone. No one would stand up for them even if they were bullied. Those more powerful experts also disdained to care about this kind of thing. It was a very normal thing in the cultivation world.

"You ..." Qiqi gritted her teeth in anger, almost crying. It wasn't easy for her to find out where the market was going to be, and she'd signed up, bringing the treasure with her in exchange for some medicine that could keep Lil 'Jiu's condition. But who would've thought that the treasure would be taken away from her before she even entered the market!

In fact, this was her fault for being too inexperienced. Qiqi was afraid of losing out in the future, and so before entering, she took out her treasure to let others evaluate its value. And so, she was targeted by the skinny man.

Qiqi didn't expect the market to be this chaotic, either-the rules she'd heard were that the market was fair and just, and that you could refuse if you didn't want to trade. Who would've thought that something like this would happen before entering?

"Then where is the item you want to exchange with me?" Qiqi saw that no one was standing up for her, and that most of them were leaving after that skinny man's shout. She knew that she was going to suffer this time, and could only settle for the next best thing.

"Oh, this is a second class pill, a small Qi gathering pill. You're a Mystic late phase peak, so eat it to help you break through to Earth Class!" The burly man pulled out a small box from his pocket and handed it to Qiqi. "How is it? fair, right?"

"I ..." Qiqi was frustrated, but there was nothing she could do. "My blue crystal is worth more than a small Qi gathering pill, right?"

In fact, while a second rank pill was valuable, everyone who saw the whole process knew that Qiqi's stuff was even more valuable! The blue crystal, not to mention its high commercial value, was also a good item to modify weapons like some top-grade Jade!

In this era, blacksmiths had disappeared without a trace. Fortunately, there were still some divine weapons passed down from ancient times. However, these divine weapons were not necessarily the most suitable divine weapons. Divine weapons were also divided into five elements, metal, wood, water, fire, and earth. Cultivators who cultivated metal-based mental cultivation methods would best use metal-based divine weapons. If they used water-based divine weapons, they would naturally not achieve the best effect.

However, cultivators were often unable to determine the attributes of the divine weapon in their hands. It was already very difficult to get a divine weapon, so why was he still being picky? How could there be such a suitable attribute for you to choose?

In that case, it was time to modify the divine weapon! The method of modification was to use the blood essence or a part of the body of a heaven rank spiritual beast with the corresponding attribute to add it into the furnace together with a divine weapon to temper and modify it. This would change the attributes of a divine weapon!

For example, the blood of a metal-type heaven rank spiritual beast could transform a divine weapon's attribute to the metal attribute! Of course, this kind of transformation was not 100% successful. The success or failure still depended on the auxiliary materials used during the tempering. These auxiliary materials were top-quality jade stones, and pure yellow jade was one of them!

The purer and more jade stones were added, the higher the success rate of the divine weapon's attribute tempering.

If one were to say that this pure jade was very precious to the cultivation world, then the blue crystal was even more precious! The blue Crystal's effect was even more heaven-defying, it could turn weapons into weapons that Earth Class Masters could use!
