

Bodyguard 2481

Chapter 2481 Fighting For The Blue Crystal (2)

As everyone knew, only sky Class Masters could channel Qi into weapons of the corresponding element to reach the maximum power, but Earth Class Masters couldn't, so it was better not to use it in battle-it was a burden, not as practical as a martial skill!

However, there were exceptions. For example, when this weapon was refined, a large amount of blue crystal was added. After the refinement, the earth Class could inject Qi into it, but the amount of Qi depended on the amount of blue crystal added!

Qiqi only had this small piece of blue crystal-it really wasn't enough for anything, but it was still worth a city-it was something an Earth Class practitioner couldn't even dream of! Normally, it was a very difficult process for an Earth Class to advance to Sky class, so the earth Class kept collecting weapons-they might be able to enjoy the power of a god weapon before advancing.

Blue crystal? Lin Yi's heart skipped a beat! Lin Yi wasn't expecting Qiqi to have something as good as this-he changed his mind about not getting involved! He didn't really care if Qiqi lost anything, but he was determined to get the blue crystal.

"So you don't want the small Qi gathering pill?" The skinny old man took the small Qi gathering pill and put it back into his pocket! It wasn't until this moment that everyone realized that this skinny old man didn't even want to pay for the small Qi gathering pill. He was going to Rob them!

However, even if it was an open robbery, he wouldn't say much. After all, it wasn't his own thing, so it didn't matter if it was robbed.

"You ... I ..." Qiqi's tears were rolling in her eyes-she wasn't a spiritual practitioner, and a Qi gathering pill wouldn't help her break through to Earth Class. It was a big loss to trade the blue crystal for a Qi gathering pill, but not taking it was even worse! And so, Qiqi nodded gloomily."I want it!"

"Want? It's too late!" The skinny old man chuckled and said,"I didn't want it just now, but I'm not giving it now!"

"Give it to her!" Lin Yi couldn't stand it anymore. He knew how to bully people, but he would never bully people he had a grudge against. This skinny man in front of him was the perfect example of "bullying"!

"Who ... Who are you?" The skinny old man didn't expect that someone would come and meddle in his business. This wasn't the first time he had done this kind of thing, but this was the first time someone had stood up for him! But he wasn't afraid. He revealed his strength as an early phase Earth Class and smiled coldly at Lin Yi,"Are you sure you want to stand up for her?"

In his eyes, Lin Yi was just a hot-headed kid. As long as he showed his strength, Lin Yi would get lost! But what she didn't expect was that Lin Yi wasn't affected at all-he took out the Qi gathering pill box from his skinny pocket and threw it to Qiqi,"Take it. Don't make an exchange with this kind of person next time."

"Oh ..." Qiqi wasn't happy-why didn't Lin Yi take her blue crystal back? Instead, he gave her the small Qi gathering pill? What was this guy doing, not helping her to the end But Lin Yi did help her, after all, and Qiqi had to accept it no matter how unwilling she was."Thank you ..."

The skinny man frowned when he saw that his pressure wasn't working, but he gave up on asking Qiqi for the pill after some hesitation. He turned to Lin Yi,"Alright, you're done with your business, I'm leaving!"

"Whose father are you?" Lin Yi frowned and hmphe coldly.

"I ... Hmph, kid, I'm warning you, don't meddle in other people's business. I'm not alone!" The old man guessed that Lin Yi was also an Earth Class-after all, the pressure he released didn't affect Lin Yi at all. But he wasn't afraid-he was three brothers, and all three of them were earth Class, with deep backgrounds. This was why he wasn't afraid,"Be careful, you won't be able to enter the market!"

"According to your theory, whoever has the tougher fist is the boss, right?" Lin Yi laughed instead of getting angry at the man.

"Hmph, it's good that you know!" The old man didn't hear the mockery in Lin Yi's tone and nodded as if it was only natural.

The others might not know, but the skinny old man knew his place. The three of them were the disciples of the practitioner trade Association's Vice-President, and the two brothers were in charge of the practitioner's market right now. If Lin Yi dared to meddle, he'd just have to tell his two brothers and Lin Yi wouldn't even be allowed in!

"Oh, in that case, I have a spirit gathering pill here." Lin Yi took out a small bottle from his bag and handed it to the skinny man,"This is a first-grade pill. It's already very good for you. I'll use this to exchange for the blue crystal!"

"Gah?" The skinny man was stunned for a moment, but then he laughed out loud,""Hahahaha, kid, are you sure you're not joking? You're the funniest person I've ever seen ..."

However, before the skinny man could finish his sentence, Lin Yi sent a slap across his face. Slap! The side of his face bulged.

"You ... You hit me?" How could he have expected Lin Yi to make a move without any warning? In general, in this kind of conflict, both sides would first say a few words to show off their awkwardness. If they really couldn't handle it, then they would start fighting. There was no deep hatred, so how could there be such a direct attack without knowing?

And so, the man didn't even use his Qi to protect himself-his face was swollen right away, and he gritted his teeth in anger. He was just about to attack when Lin Yi suddenly released his Earth Class mid phase Peak's pressure-it stopped him from fighting back, and his face turned ugly, "Earth Class mid phase peak?"

"Do you want to exchange?" Lin Yi asked coldly.

"Hmph, so what if I give it to you first?" The skinny man knew that a wise man knew better than to fight when the odds were against him. His big brother and second brother were earth Class late phase and late phase peak, but they were guarding the entrance of the market right now-they couldn't help him. He took a deep breath and took out the blue crystal for Lin Yi, but he already hated Lin Yi in his heart. He remembered Lin Yi's face and was ready to give it to Lin Yi when he came in. He'd tell his brothers-he'd give Lin Yi and that yang Qiqi some trouble!

Lin Yi smiled coldly as he put the blue crystal away. No one said anything up until this point, as if they didn't care about the skinny man bullying Qiqi and Lin Yi bullying him. They only watched for fun and left.

Chapter 2482 Making Things Difficult For The Door

Qiqi frowned as she watched Lin Yi put the blue crystal away. This guy wasn't a good guy after all-he didn't really want to stand up for her, he just wanted to use this as an excuse to keep the blue crystal for himself!

This person was even more overbearing. He actually used a first-grade pill to exchange for the blue crystal. That skinny man had suffered a huge loss.

But Qiqi knew that she'd be asking for trouble if she asked Lin Yi for the blue crystal now, and so she thought of a good idea after some hesitation. She calmed herself down and put on a grateful face as she walked over to Lin Yi."This warrior, thank you!"

"Pfft ..." Lin Yi looked at Qiqi with a weird expression."Warrior?"

"Ugh" Qiqi blinked as well-she didn't have much experience in the martial arts world, and she'd grown up overseas as well, so her understanding of the rules was limited to the wuxia movies and TV shows she watched. She didn't know how to address Lin Yi, but "warrior" didn't seem right, "That's a hero ..."

"..." Lin Yi was speechless. Where did this cool girl learn all these weird words?

"That ... I'm just thanking you for helping me out just now!" Qiqi realized that all the nicknames she'd learned didn't seem right, so she decided to just say it.

"Oh, it's nothing." Lin Yi said faintly as he looked at Qiqi.

As for Qiqi, how could she thank him? Lin Yi didn't believe that-he'd stolen the blue crystal from this girl, and she was trying to get close to him with nice words? This wasn't Qiqi's personality!

Lin Yi didn't believe that Qiqi was really grateful to him, and anyone with eyes could tell that Lin Yi's real goal was the blue crystal, although he "rightfully" took it from the skinny man.

"Boss, they're about to enter the arena. Let's go?" Han xiaopo reminded Lin Yi. In a place like this, it was best not to talk too much with strangers. After all, there was no knowing what people were thinking. Who knew if it would bring unnecessary trouble?

"Alright, then let's part ways here, heroine." Lin Yi said with a smile.

"Ah ... Wait!" Qiqi didn't want Lin Yi to leave just like that-how was she supposed to get the blue crystal back if he did? And so, Qiqi called out to him.

"Is there anything else?" Lin Yi asked.

"That ... The people here are sinister. I've just entered the martial world. This ... This young hero, can you do me a favor and let me go with you?" Qiqi called Lin Yi "young master" after hearing him call her "miss."

In fact, this was the current honorific in the cultivation world, but it was not often used.

"I see. Alright then." Lin Yi nodded-he wouldn't have agreed so easily if it were someone else, after all.

Han xiaopo frowned. She wanted to remind Lin Yi to reject it, but after thinking about it, she stopped herself. After all, Lin Yi was the boss, and he naturally had his own plans.

"Many thanks!" Qiqi was overjoyed. As long as you say yes, I can slowly get the blue crystal back! It was something that could exchange for little Nine's life-she couldn't let Lin Yi take it no matter what. A second class pill was precious, but it was far less valuable than the blue crystal. Ten second class pills couldn't even be exchanged for a small piece of blue crystal!

Qiqi was looking for a treasure as well, and so she had to get the blue crystal back-otherwise, she'd be going home empty-handed! Furthermore, according to the information, the heavenly treasure that could sustain little Jiu's life was indeed present in the cultivator's market this time!

The three of them walked together, but Lin Yi noticed that the people around them kept a respectful distance from them. The strength Lin Yi had just shown was above average among these practitioners, and in the eyes of most Mystic class practitioners, it was an existence that was out of reach.

Especially after Lin Yi's overbearing attitude earlier, bullying the skinny man to the point that he didn't even dare to speak. Most people labeled Lin Yi as a dangerous person or spiky head.

He walked quickly to the foot of the mountain, and there was a checkpoint there. It seemed that this was the place for identification. It reminded Lin Yi of the scene in Wulong haote mountain!

"Take out the invitation ... Hey, kid, is this your invitation? A mere golden class late phase peak, this market is not a place for a little shit like you to come to. " One of the younger guards grabbed a skinny golden class late phase peak.

"Big Brothers, this invitation is real. I signed up through the practitioner's trade association ..." The Golden class late phase peak was a powerful existence in the common world, but here, he was at the bottom. He had to be careful.

It wasn't strange for Lin Yi to be able to see through this person's strength-he had a cheat, but it wasn't possible for these two guards to have it. It was quite unbelievable that they could see through the strength of the Golden class late phase peak without using any Arts or techniques.

"Really? Even if the invitation is real, who knows where you got it from? Maybe I picked it up from a dead person!" The other older man raised his eyebrows and said coldly, "Alright, if there's nothing else, then get lost!"

"This ..." The Golden class late phase Peak Master was helpless. He gritted his teeth and took out a small box from his bag, handing it over along with the invitation, "Brothers, I did pick up this invitation from a dead man. However, he had something else on him. Since he's dead, this thing should belong to the cultivators trade association. I'll hand it over ..."

"Hmm ... Let me see!" The young man smiled at the Golden class late phase peak and took the box. He opened it and saw a first class pill. He nodded, "That's right. Seeing as you've never kept your money, please come in!"

"Many thanks to the two big Brothers!" The Golden class late phase peak young man quickly walked into the market.

Lin Yi had been observing the two guards-they were obviously looking for trouble, bullying the weak and fearing the strong. Lin Yi didn't like this at all!

Chapter 2483 Encountering Obstacles

Obviously, he was asking for a bribe, but he still made it look so open and aboveboard. The organizer of this cultivator's market was probably not a good person. The disciples below were like this. Without the permission and indulgence of the big shots above, they would definitely not dare to do this!

According to Lin Yi's observation, as long as the practitioner was slightly weaker, they would more or less be made difficult for a variety of reasons, even using the reason that they were not properly dressed. Of course, there were a few who survived.

However, these cultivators did not dare to voice their anger. They obediently accepted the bribe and were allowed to enter the cultivator's market.

However, the high-level cultivators, such as the earth-rank and above, were not made difficult. They were all allowed to go after seeing the invitation. It seemed that these people also bullied the weak and feared the strong.

"Move, move, let my grandfather go first!" Just as Lin Yi and the others followed the person in front of them to the entrance, an angry shout came from behind them. A luxuriously dressed young man strode over, pushing the people aside as he walked. The young man didn't have a mask on, and the short old man behind him didn't either. The two of them walked over quickly, one in front and one behind, not caring about anyone else at all!

The young man wasn't that strong-he was only earth Class early phase peak, but the old man behind him was Sky Class early phase! However, what surprised Lin Yi was that this Sky Class master was the short guy that the Hidden House of you sent to block the road and Lin Yi injured!

This guy's injuries had actually recovered? But thinking about it, he was a guest of the Hidden House you, and the Hidden House you was an Alchemist Noble House-naturally, they had an abundance of pills. It might not be enough for people like Yu Dake, but for a Sky Class master, it would definitely be enough! After all, Sky Class Masters were extremely rare to the hidden houses.

The short old man didn't even try to hide his heaven rank aura. In fact, he must have done it on purpose to highlight his extraordinariness!

Although some of the earth Class mid and late phase were also pushed away by the young man, they all backed off to the side quietly. The fear of a Sky Class was something they were born with.

But Lin Yi didn't even try to Dodge, he was very calm. When the young man walked over, Lin Yi only dodged and avoided the young man's hand!

The young man seemed to be very angry at Lin Yi's avoidance. He hmped coldly and glared at Lin Yi, but because his grandfather was following behind him, he didn't have time to argue with Lin Yi. He remembered Lin Yi's mask and was ready to deal with him when they entered the market.

The two guards saw the Sky Class master walking over and smiled, welcoming him respectfully, ""Please come in, please come in, you two!"

"Oh ..." The short expert snorted and then quickly entered the cultivator's market with the young man. The two guards did not even check their invitation letters!

However, Sky Class Masters were very qualified to join these low-level practitioner markets-even if they didn't have an invitation, they wouldn't stop them.

Qiqi couldn't help but Hmph at the sight-what a bully! These two guards were exactly the same as the skinny man who had robbed her earlier. They were like a family! But what Qiqi didn't know was that she was right-these three really were brothers!

The short man entering the practitioner's market didn't really affect the others-it was as if most people were already used to it, thinking that Sky Class Masters were supposed to have this sort of presence. The two guards also went back to their petty ways and continued to bully the weak.

When it was Lin Yi, han xiaopo, and yang Qiqi's turn, Lin Yi thought that they'd be able to get through after showing their invitations, but the two guards stopped them!

"Little girl, you have a pretty good figure. That's quite explosive, which sect are you from? Is the invitation real?" The young guard looked at Qiqi and asked in a light tone.

"I'm a rogue cultivator. " Qiqi said.

"A wandering external practitioner? That's rare, isn't it?" The senior guard also chimed in, "You don't look like a good person. I suspect that you have dangerous items on you. Take off your clothes and let us search you!"

"You guys ..." Qiqi's face turned red at the roguish words-the black mask covered her face, but the fire of anger could still be seen in her eyes."This is an official invitation letter from the cultivator trading Association that I have paid the deposit for. How can it be fake?"

"Hey, we've been guarding the door for so many years, how can we not recognize the real one? If we say it's fake, then it's fake. Don't talk so much nonsense. Either you search me or get lost!" The young guard said with a sneer.

"Then what's wrong with our invitation?" Han xiaopo was also a little annoyed. These two guards might be bullying the weak, but they knew how to read the situation. They knew how to bully the Golden and Mystic class Masters, and they would let Earth Class Masters go without a second thought. Sky Class Masters were even more respectful!

However, something went wrong with Lin Yi and han xiaopo, so naturally, han xiaopo was a little sullen,""We're Earth Class, we have an invitation!"

"I know you're Earth Class, early phase and mid phase peak." "We're not blind, we can tell!"The guard said coldly.

Lin Yi finally understood what was going on when the guard spoke-the guard had a weird compass in his hand, and it was probably the compass that allowed them to see the strength of the practitioner!

Lin Yi didn't want to be a busybody, but he wasn't going to let this happen to him. He looked at the two and said coldly,"Since you're not blind, then let us go. Otherwise, I don't mind turning you into a real blind man!"

"How audacious!" The young guard was furious at Lin Yi's words. "You're just an Earth Class mid phase peak, and you're making a scene in front of me? Your invitation is fake, I'm confiscating it. You can get lost!"

With that, the young guard picked up Lin Yi's invitation and tore it into pieces, throwing them into the air and scattering them in all directions...

Chapter 2484 Lin Yi Takes Action

"Good, very good." Lin Yi's eyes went cold as he looked at the young guard.

"What's wrong? Are you not convinced? It's useless even if you're not convinced!" The young guard pouted and said resentfully, ""An Earth Class mid phase peak, don't you know your own name? can't you see where you are? is this a place for you guys to act so wildly? You're used to running amuck outside, and you still dare to act tough in front of me?"

"Boss, why don't we ..." Han xiaopo took a deep breath and suppressed the anger in his heart. He was the young master of a hidden house, after all. Although the Hidden House han used to be the last hidden house, their name shook the world after the Hidden House Summit. Everyone knew that Lin Yi was backing the Hidden House!

However, han xiaopo knew that if Lin Yi wanted to do business here, he couldn't just go to the practitioner's city square without the guards, right?

Han xiaopo's words clearly showed that she was admitting defeat. The others could also see that han xiaopo was ready to take out some gifts! Of course, the others were confused as well-they didn't know what the two guards were thinking, making things difficult for the earth Class all of a sudden. This made the earth Class behind Lin Yi and han xiaopo a little uneasy-would it be their turn to be troubled later?

Lin Yi nodded, and when the two guards saw Lin Yi nod, the disdain on their faces deepened. They thought that Lin Yi had agreed to Han Xiaopo's idea of giving in and giving them some gifts. Of course, there was a condition to their gifts-their target was the blue crystal in Lin Yi's hands!

The old man had already told them what happened, and that was why the two guards were making things difficult for Lin Yi.

They had to get the blue crystal back-they had to humiliate Lin Yi and the others as well! They had to let him know who was in charge of this place! To act all high and mighty in front of the cultivators trade association? Do you still want to trade here in the future? do you still want to live?

However, Lin Yi's surrender was reasonable to them. After all, they were all here to make money. Who would dare to openly offend him?

"Xiao po, you're right. Some people don't want face, so let's just beat them until they admit defeat!" As Lin Yi spoke, he suddenly raised his hand and slapped the young guard's face, making a crisp "pa" sound. Lin Yi's slap was still too sudden, the young guard didn't think that Lin Yi would dare to hit him here!

It was understandable that Lin Yi dared to hit the man, since he didn't know the man's true identity. But the two guards represented the practitioner's trade association, and they were the absolute authority here. Lin Yi attacked them just like that-was Lin Yi's background strong enough, or was he an idiot?

"You ... You don't want to live anymore? How dare you hit me, you little bastard?" The young guard covered his face, his eyes filled with shock and anger. "Do you want to F * cking die?"

With that, the young guard started channeling his practitioner's Arts and threw a punch at Lin Yi, "Earth-grade martial skill, ninth form, misty heavenly fist!"

The young guard was really angry now. He used his strongest attack on Lin Yi right from the start. His goal was to hit the enemy in one hit. Even if he didn't kill Lin Yi, he would at least cripple him! Although the difference between Earth Class mid phase peak and earth Class late phase wasn't that big, the young guard had trained the ninth move, a move that could only be used by Earth Class late phase peak.

"Hmph!" Lin Yi laughed coldly. He didn't Dodge or hide but activated the fifth style of his palm! Although Lin Yi's strongest skill was the fifth form of the palm, it was enough to deal with an Earth Class late phase. It was equivalent to the eleventh form of a normal Sky Class skill.

The young guard used all his strength in this punch, not holding back at all. He used all his pure energy, and his goal was to kill Lin Yi! In his eyes, Lin Yi was just an Earth Class mid phase peak, and this wasn't just a slap to his face-it was the face of the entire practitioner's trade association, the face of his master's Vice President!

"BOOM!"

With a loud sound, the young guard's fist hit Lin Yi's palm, and the huge force of the collision burst out at the center of the exchange, making the surrounding people unconsciously take a few steps back!

Most of them were earth, Mystic, or even golden class-they'd never seen Earth Class mid phase and above fight head on before! The aura of power that suddenly hit them in the face swept these people. Although they were not injured, they did not feel good.

"Pfff ..." The young guard spat out a mouthful of blood as he was sent flying a few meters away. He landed on the ground and stopped moving. No one knew if he was Dead or Alive! However, one look at his arm that was smashed into a meat pie and the depression on half of his chest-one could tell that even if he was alive, he wouldn't be far from death. Even if he was saved by a pill, he wouldn't be able to recover his previous strength.

Lin Yi's decisiveness shocked everyone present. Even Han Xiaopo's eyes were filled with shock. Lin Yi was too strong! He killed the other party just like that? The others, on the other hand, were guessing Lin Yi's background and strength!

Earth Class mid phase peak, Earth Class late phase-one move at that, too! Just how dominating was that? Just how powerful was this?

However, Qiqi wasn't surprised at all. Lin Yi had always been overbearing, and in her eyes, he was the same as the big bad guy. Lin Yi took her blue crystal by force, and although he didn't take it directly from her hand, she already saw him as the main culprit. It was only natural for a bad guy like him to kill the two people blocking the way.

"Second brother!" The older guard let out a shrill cry as he looked at the younger guard. He didn't expect Lin Yi to attack without any mercy! Seeing that his second brother's injuries were very serious and he was clearly not going to live for long, the older guard suddenly roared, "Little bastards, how dare you kill my second brother! I'll kill you all!"

With that, the older guard threw a punch at Lin Yi, still using the young guard's martial arts, but with a change in style, "The tenth form of the heavenly fist's Kasaya!"

"The sixth move of wild fire Eight Trigrams palm!" Lin Yi calmly faced the old guard and used the sixth style of the raging fire Eight Trigram palm!

The guard was obviously stronger than elder bi and the tall robber, but he was nothing in front of an Earth Class mid phase peak like Lin Yi!

Chapter 2485 Trade Fair's Vice Guild Leader

Lin Yi's strength wasn't the same as before-it was different from when he fought the third head in the red conch headquarters. He could easily kill Earth Class late phase peak as long as they weren't too overpowered. Of course, the Tagan Dragon was an exception.

Earlier, Lin Yi had injured an Earth Class late phase, and that was understandable. It could be explained by Lin Yi's exquisite martial arts, but now, other than han xiaopo, no one thought that Lin Yi would win!

Earth Class late phase peak, what was that? That was half a step into Sky Class, and an Earth Class skill at its peak-he could use the tenth move, while Lin Yi could only use the sixth. The result of this collision was obvious!

Plus, from most people's point of view, Lin Yi might be standing there without moving, but the young guard was already so injured, how could Lin Yi not be injured at all? Even if he was standing here, he would've suffered some internal injuries-this was a given. The more Lin Yi fought, the more serious his injuries would be. There was no way he wouldn't be injured-he was an Earth Class mid phase peak, not a Sky Class.

Even an Earth Class late phase peak would be heavily injured if they fought an Earth Class late phase peak head on, let alone Lin Yi, who wasn't even an Earth Class late phase peak yet.

However, just when they thought that Lin Yi's next move would be a bloody mess, they were all disappointed! The elder guard was sent flying by Lin Yi's attack again, landing right next to the young

guard. He vomited blood, his eyes rolled back, and he passed out. He looked even worse off than the young guard.

"Toot du du ..."

Other than the two guards at the entrance of the practitioner's market, there were also some workers here, but they weren't Earth Class-they were just normal golden class disciples. Seeing the two guards killed by Lin Yi, they were so scared that they quickly sounded the emergency alarm, calling for the practitioners in the market to come and help!

He looked at the people around him, and they all looked at Lin Yi with shock and fear in their eyes. They subconsciously backed away, not daring to stand too close to Lin Yi, han xiaopo, and yang Qiqi. On one hand, they were afraid that Lin Yi would vent his anger on them, and on the other hand, they were afraid that the people from the practitioner's trade association would come out and think that they were Lin Yi's accomplices.

"What are you guys doing?" Lin Yi looked at the workers and asked coldly.

"I ..." The Golden class late phase peak heard Lin Yi's question and his face turned pale. He wanted to run but he didn't dare to-in front of an Earth Class mid phase peak, how could he run? Not to mention, this was a Special Master who could kill an Earth Class late phase peak with ease! He was so scared that he broke out in a cold sweat. After a long while, he stammered, ""Senior ... You killed someone here. We can only inform the people in the cultivator's market ..."

"Oh, it's good that you've been notified." "I'll have to solve this one," Lin Yi nodded.

"Thank you for your understanding, senior ..." The Golden class late phase peak forced a smile as he looked at Lin Yi with gratitude.

Lin Yi didn't leave and just stood there with his hands behind his back. The two guards were overbearing, but Lin Yi didn't believe that the big shots of the Association were overbearing too! Even if these two people were their disciples, and their behavior was tacitly approved by them, but at least in a public situation, they could not support this kind of public obstruction of cultivators entering the market, looking for trouble and asking for bribes.

Of course, there was still the possibility of doing something behind Lin Yi's back or causing trouble for him, but they wouldn't go against him right there and then! If that happened, it would chill the hearts of all the cultivators! The admission invitation already had a high security deposit, and this security deposit was not refunded. If they had to pay a tribute when they entered, it would be a bit hard to say!

If it was the personal behavior of the two guards, it was still excusable. However, if the cultivator trade association openly supported such an unhealthy trend, it would be a bit inexcusable.

"Who dares to cause trouble here?" A cold voice suddenly sounded. An old man, surrounded by two disciples, quickly walked over to Lin Yi's side. His face changed when he saw the two guards on the ground, "How audacious! How dare he kill the people of the cultivators trading Association? disciples of the law enforcement Hall, arrest him!"

"Yes!" The two disciples immediately cupped their fists and walked towards Lin Yi!

This old man was Sky Class early phase peak, and the two disciples behind him were both Earth Class late phase peak. This was a big group, but against Lin Yi, it wasn't enough!

Once upon a time, Earth Class late phase peak and Sky Class early phase peak were two existences that Lin Yi looked up to. Back in Wulong haote mountain, Lin Yi didn't have any chance of winning, but things changed with the passage of time. Lin Yi stood here and didn't feel any pressure!

Even if he had to fight head on, he had the confidence to keep this Sky Class early phase peak.

"Old thing, you captured people without distinguishing right from wrong?" Lin Yi smiled coldly as he looked at the two Earth Class late phase peak disciples walking over. "Look at the strength of those two guys on the ground, and then think about whether you can take me down!"

The two law enforcement Hall's disciples suddenly stopped in their tracks and their faces changed! Before, they only saw that Lin Yi was an Earth Class mid phase peak, and they didn't think much about it when they thought that they were earth Class late phase peak. But now that Lin Yi reminded them, they knew that something was wrong. The two people on the ground were earth Class late phase and late phase peak, and they were both killed by Lin Yi. These two Earth Class late phase peak disciples were nothing!

"Kid, are you threatening us?" The Sky Class early phase peak old man frowned and hmped, "You're still in the right to kill someone here?"

"Why don't you first ask me why I killed those two guards and who made the first move? Does that mean that the cultivators trade association can be so unreasonable?" Lin Yi smiled coldly, "You can protect your own people, but you have to find a reason for it. Ask the disciple who sent you the warning, how did this happen?"

Lin Yi said as he glanced at the Golden class disciple.

Chapter 2486 Wait For Me

The Sky Class early phase peak old man took a deep breath, suppressing his anger as he turned to look at the Golden class disciple. With so many practitioners watching, he couldn't twist the truth even if he wanted to cover up for them-the two guards were his disciples in name, after all."Tell me, what's going on?"

"This ... It's like this ..." The Golden class disciple didn't dare to speak carelessly with so many cultivators around. If he were to make a public statement, what credibility would the Association have?

One must know that the cultivator trading Association only made money by relying on the invitation letter. However, the majority of the profits came from the auction of goods. The reason why the auction was so popular was because of the fairness of the cultivator trading Association. They did not sell fake goods and had a good reputation!

Otherwise, who else could they sell their auction items to? Although the two disciples had asked for bribes from the cultivators who entered, the Sky Class elder, as their master, turned a blind eye and acquiesced to this situation.

In fact, it was also because this situation didn't cause any trouble or trouble. The practitioners who were eager to enter the market could only accept it. Who would dare to reject it like Lin Yi? Most of them were afraid of the guards' strength and didn't want to give up the opportunity to enter the city square to trade, so they swallowed their anger.

The two guards didn't dare to make things difficult for high-level practitioners, so they lived in peace with each other. They didn't expect Lin Yi to be a thorn in their side, killing them right after the conflict. The two guards kicked an iron plate!

The vice president's face darkened at the words-he'd already guessed that the two guards might've been trying to make things difficult for Lin Yi and get him to kill them, but he wasn't sure-from what he could remember, the two guards knew their limits, and usually only targeted golden and Mystic class practitioners. They didn't even go after Mystic late phase and above, much less Earth Class practitioners. And an Earth Class mid phase peak at that! That was even more impossible!

So he thought that these two guards wouldn't be so stupid. If it was really because of some other conflict, even if his disciples attacked first, it would be Lin Yi who killed them, and he could find a reason to take revenge. But now it seemed that they really couldn't ask Lin Yi for a bribe, and Lin Yi had no choice but to attack!

The Vice President hated Lin Yi, but he couldn't do anything to him in front of so many people. He'd have to wait until the practitioner's exchange was over before making his move.

"So that's how it is. I've misunderstood this little brother," The Vice President looked at Lin Yi with a warm expression and nodded, "I'm sorry. On behalf of the cultivator trade association, I apologize to you, little brother. This is a problem caused by the lax management of our cultivator trade association. These two disciples, even if you didn't do anything, we would still clean up the sect if we found out about this matter!"

"That's good," Lin Yi nodded, putting on a face of admiration, but cursing in his heart. This old man really knew how to play the good guy-he must hate Lin Yi to death, right?

"Alright, since the matter has been resolved, let's invite little brother in!" The Vice President could only temporarily put down his hatred and said, ""However, if something similar happens again, I hope you won't act on your own. As long as you report something to us cultivators, we won't let these scum disciples off! After all, this is our territory. We won't pursue it outside the market, but please follow our rules inside the market. "

"Well said, well said." Lin Yi smiled coldly. Where am I supposed to find you? If it wasn't for the Golden class disciple who warned you to come out, would I have gone in to find you? If I don't attack your two disciples, I can only leave in dejection.

"You take over their previous work and check the invitation cards of the participants!" The Vice President ordered the Golden class disciple.

"Yes, Vice President." The Golden class disciple replied carefully.

The Vice President nodded and turned to leave. The two law enforcement Hall disciples also quickly brought the two guards into the market.

Lin Yi, han xiaopo, and yang Qiqi followed them into the market, and the people around them all moved away from them, afraid that they'd piss Lin Yi off and start killing again!

Han xiaopo looked at Lin Yi in admiration, thinking, "boss sure is something. This Sky Class early phase peak Vice-President came, and he just left without saying anything." Boss was not only powerful, but also unparalleled in wisdom.

Now that the matter was over, han xiaopo thought about it carefully and understood why Lin Yi was so fearless. In the practitioner's market, the people from the practitioner's trade association didn't dare to openly go against Lin Yi. They were in the wrong, and if they went against Lin Yi, it would be the same as letting other practitioners see them as a joke. It would also chill the hearts of these practitioners, and who would trust the practitioner's trade association in the future? Thus, no matter how aggrieved the heaven rank vice guild leader felt, he could only put righteousness before family.

Qiqi, on the other hand, was panicking-Lin Yi was a terrifying, violent man, taking lives without a second thought. Would he kill her if she really did take the blue crystal?

And so, Qiqi backed off a little-this guy was way too strong, after all, and she wasn't his match at all. Plus, Lin Yi could even fight someone of a higher level than him, and that just made her feel like he was out of her reach.

But, Qiqi thought about little Jiu's condition-if she didn't get the treasure back, little Jiu's condition would only get worse, and his life might even be in danger! She had to grit her teeth and bear with it.

No matter how difficult or dangerous it was, she had to do it and get the blue crystal back. Otherwise, this trip would have been in vain! Was the test not dangerous? Didn't she still go? And so, Qiqi thought about it and decided to follow Lin Yi, "Wait for me ..."

Lin Yi looked at Qiqi, but didn't stop her, letting her follow him.

Lin Yi didn't know how he felt about Qiqi-she was a pretty girl, but she didn't have much social experience, and often returned kindness with ingratitude. If it weren't for the fact that he'd been in contact with her for a long time, he wouldn't have bothered with her at all.

Chapter 2487 Yu Xiaoke Is Here

But now, Qiqi had given him a blue crystal that he really needed-he couldn't just kick her out, could he?

After entering the cultivator's market, they didn't walk far before the atmosphere became lively. On the side of the road, many cultivators had set up small stalls. On the stalls, there were all kinds of pills, martial skills, natural treasures, and other good things.

Of course, most of the things that cultivators took out to exchange were things that were useless to them. However, they were trash to themselves. In the hands of others, they might be peerless treasures. Therefore, no one would sell the things that they didn't need at a low price. They would hold on to them and wait to exchange for the things that were most suitable for them and needed the most.

Therefore, although there were many stalls and many things, not many people actually made a deal. Everyone was just watching and waiting. Many people had already participated in the cultivator's market many times, but they had not found what they needed.

However, it was very safe to set up a stall here-they didn't have to worry about people forcing them to buy or sell. After all, the practitioner's Association wasn't just there for show-they couldn't do anything if a Sky Class master tried to force them to buy or sell, but Sky Class Masters wouldn't be interested in their stuff anyway.

In the cultivator's market, there was a remote courtyard. This was the temporary office of the cultivator's market. Outsiders were not allowed to enter. The heaven rank Vice President from before was sitting in an armchair with a gloomy expression. In front of him was a thin, hemp-like man who was trembling with fear.

"What's going on?" The heaven rank Vice President looked at his in-name disciple and asked.

Although these three disciples were only his in-name disciples, they'd been following him around all these years in the cultivator market. Even if they didn't make any contributions, they'd still put in a lot of hard work. Moreover, the three of them were very perceptive. Every time they extorted something good, they'd let him, their master, look through it first. So the Vice President still had a lot of feelings for them. Now that two of them had suddenly died, he was naturally in a bad mood.

"Master ... I didn't know that kid was so arrogant. He actually dared to beat big brother and second brother to death ..." The skinny man's face was bitter. His face was also filled with anger and sadness.

"It's not just arrogance. Earth Class mid phase peak, he injured Earth Class late phase and late phase peak, what kind of concept is this?" The Vice President shook his head, ""Your two brothers are not in danger. I've already used pills to save them. However, it's impossible for them to retain their previous strength. Even if they come back to life, they'll be ordinary people with no strength left!"

"Ah!" The skinny man sighed helplessly. However, it was the best outcome for his two brothers to be able to keep their lives.

"Alright, I'm asking you what happened. Cut the crap. What happened?" The Thin man's words were vague, and the Vice President still didn't know why the two guards attacked. He only knew that they were trying to get back at The Thin Man.

The skinny man didn't dare hide anything-he told the Sky Class vice guild leader about how he couldn't get Qiqi's Blue crystal back, and how he couldn't just let it go-he told his brothers what Lin Yi and the others were wearing, asking them to cause trouble for Lin Yi and the others and get the blue crystal back.

"Blue crystal?" The heaven rank vice guild leader's expression couldn't help but change. Although the blue crystal wasn't of much use to him, it was still a rare treasure! After a moment of silence, the Vice President said, ""Don't worry, I'll help you get back at them!"

"Many thanks, master!" The skinny man was overjoyed and quickly thanked him.

Lin Yi, xiaopo, and Qiqi walked between the stalls, not stopping. Lin Yi didn't need anything from the stalls, and he'd seen most of them in house Han's vault before-they weren't really rare treasures.

In fact, it was hard for these low-level cultivators to take out any good things.

Yu Xiaoke was here today as well, but she wasn't here to trade with others. She wanted to see if there was anything valuable that she could take back. Although Lin Yi helped the orphanage get a lot of money, the orphanage was expanding and there were more and more children. They couldn't just rely on Lin Yi and fatty Lai's help!

Although Lin Yi said that he didn't want anything from her, Yu Xiaoke always felt that she couldn't owe Lin Yi too much. If she owed him too much, she wouldn't be able to clear things up anymore. If Lin Yi really asked her to pay him back in the future, how would she be able to do so?

So Yu Xiaoke wanted to be independent, and she wouldn't let go of a place like this where she could steal good stuff.

Yu Xiaoke's eyes scanned the crowd and the stalls, looking for her prey. Suddenly, her eyes lit up, a flash of surprise and excitement!

She saw him again, it really was him! He actually came to this cultivator's city square? Yu Xiaoke was both surprised and happy-this was the man she liked the most in her heart. She hadn't seen him for a long time, and she was a little disappointed. She was so happy to see him again.

However, Xiaoke didn't know what they were doing when she saw han xiaopo and yang Qiqi beside the male thief. They weren't the female thief song Lingshan and her follower Chen Yutian. Although they had their faces covered, Xiaoke could still tell the difference from their clothes.

And so, Yu Xiaoke hesitated and didn't rush up to stop Lin Yi. She didn't know Lin Yi's purpose of coming here and was afraid of interrupting his plan. However, she didn't want to lose this opportunity to interact with Lin Yi, so she could only observe them from a distance and wait for a suitable opportunity.

Qiqi's search was very simple-it was for maintaining xiaojiu's condition, and so she was the same as Lin Yi and han xiaopo, knowing what was on the stand with just one look.

Lin Yi was a little disappointed that he didn't see the colored steel he was looking for. He turned to han xiaopo and asked, ""Pure yellow jade ... You don't have it?"

"Boss, that shouldn't be the case. The information I received was that this time, the practitioner's city square really does have pure yellow jade for sale." "However, if it's not in the hands of these cultivators, then it might be in the hands of the cultivators trade association," han xiaopo said. "They will sell it through bidding in a while. We'll know when we go and have a look."

"Auction? Are they using cash to bid? "Or ..." Lin Yi asked.

Chapter 2488 Qiqi's Persuasion

"Yes. Generally, the things sold by the cultivators trading Association are all in cash. They are an anomaly in the cultivation world and their goal is to make money." "Of course," han xiaopo said. "This is the lowest-level cultivator's market. I'm not sure whether the high-level cultivator's market is in exchange for goods or money. Because my level of strength is too low, I have never participated in it."

"Cash will do." Lin Yi nodded. If it was a trade, Lin Yi really didn't have the advantage. Other than the ice crystal, he didn't know what it was for, but he only had a few elixirs left.

"Eh?" Qiqi, who was behind Lin Yi, let out a soft cry of surprise and stopped.

Lin Yi, on the other hand, turned around to see Qiqi walking quickly to a stall, her eyes fixed on the only small bottle there! Qiqi, on the other hand, didn't squat down immediately. She looked at the watch on her wrist, and then at the little bottle on the ground, her eyes full of surprise.

Lin Yi looked at Qiqi, surprised. That little watch on her wrist was probably some kind of technology that helped her identify some kind of treasure. Of course, Lin Yi wasn't going to ask her what it was-he wasn't interested yet.

"Excuse me, this is ..." Qiqi squatted down and pointed at the only little bottle on the stand.

Lin Yi turned to look at the stall owner, and his eyes narrowed. This man was a Sky Class early phase! It wasn't that there weren't any practitioners here, but it was a Sky Class practitioner, too. Lin Yi was surprised.

Moreover, the sky rank was still covering his face, clearly not wanting anyone to know his identity. This also proved how precious the small bottle was.

"Since you don't know what it is, you can't afford the price. Let's go." The Sky Class looked at Qiqi and closed his eyes, not willing to talk to her.

"I ..." Qiqi didn't think that this guy would be this hard to talk to, but thinking about it, for little Nine's sake, she decided to be nice, ""Senior, may I ask if this is something from an earth element heaven rank spiritual beast?"

"Oh? You know about it?" The Sky Class practitioner opened his eyes again and looked at Qiqi. "You actually know that this is the blood of an earth element heaven rank spiritual beast?"

"Well ..." Qiqi couldn't explain how she knew, and could only nod, ""Senior, I would like to exchange for this. What do you need?"

"Since you can tell what this is, I won't hide it from you!" The Sky Class practitioner said, "What I need is an item from a heaven rank water type spiritual beast!"

"Ah!" Qiqi blinked-she didn't think that this Sky Class would want something like this! She didn't have it then, and subconsciously asked, "Can't you give me other precious things? For example ... The blue crystal?"

"Blue crystal?" The Sky Class practitioner paused and shook his head, "The blue crystal is precious, but I don't need it. I don't need it. If you give me the blue crystal, I'll have to exchange it with someone else. It's easier to exchange it with this thing ..."

"But blue crystals are also priceless!" Qiqi said, unwilling to give up.

Lin Yi frowned-did Qiqi have more blue crystals? Or was he thinking about his blue crystal? With that thought, Lin Yi looked at Qiqi deeply. This girl was probably following him to get the blue crystal back, wasn't she?

"It's true that blue crystals are priceless, but you know that I'm a Sky Class master, and a water element practitioner at that! I need something from a Sky Class water element spirit beast to modify my weapon!" "And maybe there are other Sky Class practitioners who are as troubled as me. They've also gotten something from a Sky Class spirit beast, but it's not suitable for their Arts, so they're waiting to exchange it. I'm looking for such people," the Sky Class practitioner said.

"What does this person mean by modifying divine weapons?" Lin Yi whispered to Han Xiaopo as the Sky Class was explaining to Qiqi.

"Oh? Boss, you don't know?" Han Xiaopo was slightly stunned and immediately explained, "There's no forger in the world of practicing now, and the weapons used by Sky Class Masters are all passed down from the past, but each one has its own attributes ..."

With that, Han Xiaopo explained to Lin Yi the effects of using something from a Sky Class spirit beast to change the attributes of a god tier weapon.

"So that's how it is." Lin Yi nodded. He finally knew what the ice crystal was for. The sky Turtle was a water element spirit beast, and this ice crystal must have come from a water element heaven rank spirit beast. It was used to modify weapons, and it was exactly what a sky rank practitioner needed.

Of course, Lin Yi didn't take it out to trade-this thing wasn't of much use to him right now, and the sky Class stuff wasn't of much use to him either. He couldn't just trade it for Qiqi's needs!

Lin Yi still wanted to see if there was anything he needed, so he wouldn't trade the ice crystal for it! It was obvious that earth-element blood was precious, but not many people really needed it. Other than Qiqi, no one else was interested.

So if Lin Yi were to trade with him, it'd be hard to get back what he wanted. Plus, even if he did, would Qiqi not ask for what he wanted?

"But think about it. The person who has the item you need from the water element heaven rank spiritual beast doesn't necessarily need your earth element heaven rank spiritual beast's blood. Otherwise, you would have exchanged it long ago. You wouldn't have waited until now to exchange it, right?" Qiqi, however, didn't want to give up so easily.

According to Qiqi's reliable sources, this Sky Class practitioner had been going to all sorts of practitioner's markets for the past two years, but to no avail. That was why Qiqi didn't give up so easily.

"Oh ..." The Sky Class lowered his head-Qiqi had hit the nail on the head. Indeed, the thing in his hand was precious, but he didn't need it. Even if someone had something from a water element Sky Class spirit beast, they might not want to trade it with him!

"But, there might be a lot of people who need the blue crystal-even if the sky Class doesn't need it, his disciples and fellow disciples will need it, right? Maybe you'll get another chance!" Qiqi said.

Chapter 2489 Consider

"Is that so ..." The Sky Class practitioner seemed to have something in mind after hearing Qiqi's words. But it wasn't surprising-he'd been trying to trade for it for a long time, but he still couldn't get it. Of course, it was because he only wanted something from a water element Sky Class beast, but it was also because no one else wanted anything from an earth element Sky Class beast.

Otherwise, if someone else really needed it, they would've done everything they could to find information about a Water-type heaven rank spirit beast, and there would've been a lot more people interested in it.

"Then ... You agree to the exchange?" Qiqi asked, excited.

"Give me some time to consider." The Sky Class practitioner hesitated, "It's a serious matter. You should go somewhere else first and come back to find me later!"

"Alright, please consider it first!" Qiqi was overjoyed-this Sky Class practitioner didn't say yes, but he didn't say no, either. There was still hope.

With that, Qiqi stood up and followed Lin Yi and xiaopo-the two didn't say it out loud, but they both understood what she was thinking ...

In fact, Qiqi was hesitating as well-how should she deal with Lin Yi? How could she get the blue crystal back from Lin Yi?

Lin Yi saw the sneaky look in Qiqi's eyes from the corner of his eye, and felt helpless. This cool girl really didn't have enough social experience, wasn't she afraid that he'd be on guard against her when she made her intentions so obvious?

Qiqi thought about it left and right, but couldn't think of a good way to get the blue crystal back from Lin Yi. Since she couldn't trick him, she'd have to steal it. She hesitated for a long time, and as if she'd just made a big decision, she walked over quickly and grabbed Lin Yi's arm, "I really have to thank you for your help earlier. Otherwise, I would have been bullied by that skinny guy!"

Lin Yi almost burst out laughing at Qiqi's sudden move! This cool girl was really ... Indescribable ... Her voice was sweet, but Lin Yi could hear the unwillingness and unwillingness in it, along with a hint of fear. The arm that was holding onto him was shaking too ...

This girl had never seduced a man before, and it was her first time trying to steal the blue crystal, but her acting skills were too bad. Lin Yi saw through her plan with one look.

If it was someone else he didn't know, Lin Yi would've gotten rid of them long ago, but this was yang Qiqi. They'd crossed paths quite a bit before, and Lin Yi's feelings for her were love and hate at the same time. Sometimes he thought that she was a cute girl, but sometimes he thought that she was an ungrateful girl who needed a beating.

Seeing Qiqi's body so far away from him, Lin Yi's playfulness grew. He suddenly wanted to mess with Qiqi, and so he reached out and put his arm around her shoulder, smiling casually. "Haha, you're welcome, heroine. This is what we chivalrous people should do!"

"Ah ..." Qiqi shivered-she didn't think that Lin Yi would be so bold as to hug her, but she couldn't resist. She seduced Lin Yi first, and Lin Yi just went with the flow. If she resisted, everything would be for nothing.

As much as Qiqi felt that seducing Lin Yi with her body was humiliating, she thought about it-for nine, it didn't matter if it was a sacrifice or not. It wasn't real, after all, and she'd just kill Lin Yi after she got what she wanted. This guy wasn't a good guy, after all-he was a tyrant.

"What's wrong with you?" Lin Yi could tell that Qiqi was nervous, but he still pretended not to know.

"It's ... It's nothing ..." Qiqi gritted her teeth and moved her body closer to Lin Yi, her other hand ready to reach into Lin Yi's bag and steal the blue crystal!

Of course, Qiqi wasn't a thief God, and stealing from Lin Yi's bag was a difficult task. It'd be bad if Lin Yi was alerted, and so all she could do now was compromise.

"Hehe, it's good that you're fine." Lin Yi took Qiqi's hand, and started moving it under her armpit to her chest!

Qiqi froze as she glared at Lin Yi, ready to go berserk and fight him to the death, but Lin Yi didn't seem to notice her gaze-he looked in another direction!

Lin Yi wasn't pretending, but he felt a bitter gaze on him all of a sudden. He wanted to pretend that he didn't know anything in front of Qiqi, but when he looked in the direction of the gaze, he saw someone he couldn't believe!

Yu Xiaoke? Why was she here? Lin Yi blinked.

Yu Xiaoke saw Lin Yi looking at her and was shocked. He saw her? I'm covering my face, right? The male thief had his face covered, so she could recognize him, but could he recognize her face?

Was it because Lin Yi noticed her, or did he recognize her? Yu Xiaoke wasn't sure, but seeing Lin Yi turn his head away, Yu Xiaoke was a little disappointed. So he didn't recognize her.

Of course, Lin Yi recognized Yu Xiaoke. He smiled bitterly to himself. He thought that no one would recognize the mask he took out casually, but Yu Xiaoke was here too. What a coincidence! But Lin Yi didn't want to expose his identity this time, and he didn't want to cause any trouble. He didn't want people to know that he was buying large amounts of yellow jade, blue crystal, and colored steel.

Plus, Lin Yi had a big problem with the Association now. The Vice Chairman didn't look like he was going to pursue the matter, but Lin Yi could see the ruthlessness in his eyes. He wouldn't let go of an opportunity to attack someone behind their back.

So it wasn't a good thing to be too close to Yu Xiaoke at a time like this-she might even be implicated! Plus, Lin Yi could guess why she came here. He didn't believe that she would come here to trade.

This Greedy Girl had used all her valuables to exchange for money to subsidize the orphanage. Where would she find any good treasures and money to trade in the market? The purpose of coming here was most likely to take advantage of the situation and see if there was any opportunity to make a fortune!

This way, Lin Yi wouldn't be able to tell her who he was-he'd be implicated if Yu Xiaoke stole something.

As for yang Qiqi and han xiaopo, he couldn't do anything about it-they were the ones involved, and they couldn't run even if they wanted to. Lin Yi could only keep them by his side.

Chapter 2490 Auction

Qiqi was in the middle of a battle when Lin Yi turned around-should she leave after getting out of Lin Yi's grasp, or should she just keep enduring? After weighing the pros and cons, Qiqi decided to endure-she had no choice but to do it for little Jiu!

In her heart, however, she was cursing Lin Yi a thousand times over. She wanted Lin Yi to fall to his death right now.

"What's wrong with you?" Lin Yi turned to Qiqi and pinched her chest as well.

"Ah ..." Qiqi was panting, almost going crazy, but she held it in. "It's fine ... There are too many people here, it's not good ..."

"Oh, it's fine." Lin Yi said nonchalantly, his actions becoming even more reckless.

Han xiaopo's face was full of question marks. Lin Yi wasn't such a lecherous person usually. He'd interacted with Lin Yi a lot already. Although Lin Yi had many beautiful women around him, he'd never do something so obscene ...

Could it be ... Revenge? Han xiaopo immediately understood. He wasn't stupid-Qiqi had wanted to use the blue crystal to exchange for the blood of an earth element Sky Class spirit beast with the Sky Class practitioner, but where would she get the blue crystal? Didn't her blue crystal go to Lin Yi?

With that, everyone knew what she was planning-she was trying to get the blue crystal back from Lin Yi, and Lin Yi probably knew what she was up to.

Shaking her head, han xiaopo laughed coldly in her heart. This girl has a good figure, but you're underestimating boss Lin Yi. Boss Lin Yi has so many women around him. Can you compare your figure with Chen Yushu 's?

"How about ... How about ... I go to your room tonight?" he asked. Qiqi said sweetly.

"Hehe, sure. But we'll talk about tonight's matter later." Lin Yi wouldn't let go of a chance like this to take advantage of her in public-he wasn't a pervert, but he was a normal person, and Qiqi was a girl who often returned kindness with ingratitude. He didn't mind taking advantage of her a little and teaching her a lesson.

Qiqi had no choice but to let Lin Yi touch her. She wanted to kill him right now, but she couldn't help but show a shy look in her eyes, as if she was enjoying it at the same time ... It was as tragic as it could get.

After making sure there wasn't anything he needed in the stalls, Lin Yi lost interest. Qiqi, on the other hand, was panicking-she couldn't just keep getting teased by Lin Yi like this! She wasn't happy, and she'd be letting down her big brother small one ...

But the fact was that she had no choice-she'd have to kill Lin Yi to vent her anger, but when she thought about how terrifying Lin Yi was, she felt that she wasn't a match for him at all. If she were a match for Lin Yi, she wouldn't have to be bullied by that skinny man.

Worried about the gains and losses, Qiqi had no choice but to endure it.

"Xiao po, when will the auction be held?" Lin Yi asked.

"According to the usual arrangements, it should be tomorrow. There are free hotels for people to stay in at night." Han xiaopo said, "boss, do you have anything you want to auction?" We can put it up for auction. "

"There is." Lin Yi didn't have much use for the elixirs in his hands, and he didn't have the time to open up a stall here to trade with others. The only way was to exchange them for money and then buy other things, so Lin Yi said, ""Then let's go auction our things first."

"Alright," he said. Han xiaopo nodded and volunteered to lead the team. He was more familiar with the market than Lin Yi.

Qiqi, on the other hand, was overjoyed-she didn't know if she'd have a chance to steal the blue crystal back when Lin Yi put it up for auction.

Han xiaopo brought Lin Yi out of the market area and came to the entrance of a somewhat remote courtyard. There were law enforcement Hall disciples patrolling the entrance.

"Who's there? What does he do? This is the cultivator trade Association's Office. If there's nothing else, please leave. " One of the disciples said.

"Oh, we're here for auction. How do we go through the procedures?" Although han xiaopo knew a lot about the cultivator's city square, the hidden han family did not do business in the past. In order not to attract attention, they would not come here to auction, so han xiaopo only knew a rough idea.

"Auction items? of course you can. Follow me." The law enforcement disciple nodded and said.

It was not that there were no cultivators who came here to auction things, but there were not many. Most cultivators still liked to set up stalls outside in the form of free trade. This way, they could directly barter to see if there was anything they needed. However, the only profit from the auction was money.

But few didn't mean there weren't. There were still some, such as the Hidden House of you's people. They often auctioned some pills and so on. After all, the operation of the Hidden House still required a lot of money.

After entering the courtyard, the three were led to a room. There was a man dressed like a Mister in an ancient pawnshop arranging something. He saw the law enforcement disciple and asked, "You guys have something to auction?"

Lin Yi didn't see the sky Vice President here, so he assumed that the Vice President was in charge of this place. He couldn't do these things himself, but Lin Yi relaxed a little. He was worried that the Vice President would take revenge on him and tamper with the auction price.

"That's right, I have some pills I want to auction. " Lin Yi nodded as he opened his bag and placed a few small bottles in front of the Mister.

"Medicinal pill?" The Mister was surprised when he saw what Lin Yi took out, "Are you from the Hidden House you?"

"No." "You don't need to ask for the identity of the auctioneer when you auction here?" Lin Yi shook his head.

"That's not it. " The pawnshop teacher shook his head in embarrassment, "It's just that in the past, only the Hidden House of you would auction off elixirs. You know, this practitioner's city square is small in scale, and the sky elixir sect would definitely not take a fancy to it. So, we only had one source of elixirs before. Now that someone suddenly came to auction elixirs, I subconsciously thought that you were also from the Hidden House of you. "

"Hehe, then what do you think of the auction's rules?" Lin Yi asked.

According to the rules, we will take a 20% commission from the total transaction price of the auction item, so when you set the price, you have to consider this factor and don't lose money." The pawnshop man said.
