

Bodyguard 2511

Chapter 2511 You're Lin Yi?

Qiqi looked at the man's back as he walked away, and she was filled with sadness and regret. She couldn't stop her tears from falling! He had failed. In the end, he had still failed. If he didn't get the blood of an earth element heaven rank spiritual beast, what would happen to little 9th?

Lin Yi walked out from the inner room at the back of the auction house, and saw the conversation between Qiqi and the sky Class practitioner from afar. He didn't know whether to laugh or cry when he saw Qiqi squatting on the ground and crying!

This girl was a killer, why was her heart so fragile? How could he run out to carry out a mission like this?

Shaking his head, Lin Yi walked quickly to Qiqi.

Qiqi heard footsteps and raised her head-it was Lin Yi! She pouted and lowered her head again, crying even harder! This person was really evil. Now, he ran over to watch the fun, right?

"You still have the blue crystal?" Lin Yi asked.

Lin Yi had heard the conversation between Qiqi and the sky Class, and he was very interested in the blue crystal.

"What does that have to do with you? Don't tell me you're going to steal my blue crystal?" It was fine if Lin Yi didn't say anything, but Qiqi thought that he was going to take her stuff again the moment he opened his mouth. She raised her head and glared at him. "Don't think that you can bully me just because you're strong. Wait ... Wait ... Wait for my father to come back. He will definitely not let you off ..."

"Pfff ..." Lin Yi didn't know whether to laugh or cry at Qiqi's words. Was she starting to fight for her father now?

"What are you laughing at? Let me tell you, my father is very powerful. Even his disciple can beat you half to death!" Qiqi warned, even angrier at Lin Yi's laughter.

"It's nothing," Lin Yi shook his head helplessly as he pulled out the bottle of earth element blood from his pocket and put it in Qiqi's hand.

"Ah? "This is ..." Qiqi looked at the bottle in her hand in disbelief-her eyes went wide as she raised her head in shock."You ..."

"In the future, don't always do things like returning kindness with ingratitude." Lin Yi patted Qiqi's head,"Looks like I told you Mister Dongguo's story for nothing. You just don't have a good memory. Not everyone is as kind as I am."

"Hmm?" Qiqi paused, her face a little strange as she raised her head, a look of confusion in her eyes."What do you mean?"

"There was an idiot who saved an injured girl on the way. The girl lost too much blood and almost died. Then, the idiot saved the girl, but the girl wanted to kill him because the idiot saw her body! There was also an idiot. In blue Town, he saw a young girl fail a mission and helped her, but the girl still seemed to be holding a grudge against him. And so, after a while, the idiot went to the Ice Palace test and met that girl again. The girl's treasures were stolen, and the idiot helped her find more, helping her complete her mission. But after some time, the girl was going to steal his blue crystal again?" Lin Yi told her everything he'd seen with Qiqi.

"Ah ... Y-y-y-you ... You're that Lin Yi?" Qiqi's already shocked expression only got more interesting after hearing the words-she glared at Lin Yi, speechless. She had mixed feelings. She had never thought that this person ... Would be her Savior!

"Alright, go home early. This is my phone number. If you have any news about the blue crystal, call me." Lin Yi handed a piece of paper to Qiqi, "Of course, you can take revenge on me, but not today. You should leave as soon as possible. Someone is looking for trouble with me."

"Argh! Did someone find trouble with you? Is it important? Do you need my help?" Qiqi asked subconsciously. The person in front of her was Lin Yi, and this sort of change had imperceptibly changed her heart as well.

Qiqi's sudden change made Lin Yi even more speechless-this girl was suddenly concerned about him? "It's nothing, just be careful. "Lin Yi shook his head with a smile.

"Oh ..." Qiqi was starting to get worried-she didn't know why, but the hate she had for Lin Yi was all gone ... Did she have feelings for him now? That's impossible, right? She liked big brother small one very much, so how could she fall in love with someone else? This was impossible, absolutely impossible!

'That's right, he must have given me the blood of an earth-type heaven rank spirit beast. I've let him go and treated him better because it could save little 9th. That must be it. '

"I'm leaving. " Lin Yi didn't stay any longer, because he realized that han xiaopo seemed to be in trouble too!

This trouble came from the Hidden House you's you Pan Gao, who was pointing at han xiaopo and Yu Xiaoke arrogantly,""Who was that person sitting with you just now? Don't tell me you don't know each other! Tell me, and I'll only find trouble with him. I won't do anything to you!"

"You're right, we really don't know him. " Han xiaopo had been with Lin Yi for a while now, and her temperament had changed. She was no longer the careful han xiaopo from the weak hidden house han. Although the Hidden House han couldn't be compared to the Hidden House you, as long as Lin Yi was on the side of the Hidden House han, the Hidden House you wouldn't dare to do anything to the Hidden House han.

"You bastard!" You Pangao was furious. He didn't expect the person in front of him to be so tactless and dare to refute his words,""Do you know who I am?"

"I know. Aren't you called Gao Yu? Mr. Lu has already said many times that you are from the hidden you family!" Han xiaopo said indifferently.

"Since you know I'm from the hidden you family, why are you still going against me?" Yu Pan Gao said angrily.

"So what if I'm right? I'm not afraid to tell you that you're not my match. " For a right-hand man who only knew how to refine pills, beating han xiaopo was naturally easy.

"Who are you?" You Pan Gao was shocked and angry.

"Alright, aren't you looking for me? What are you calling? I didn't run away, I just went to get the pure yellow jade back. " Lin Yi said faintly as he patted his shoulder.

Yu danggao was still angry, but Lin Yi's sudden Pat on his back gave him a shock. He went to look for han xiaopo and Yu Xiaoke because he was afraid that Lin Yi would run away, but now that Lin Yi was back, he didn't need to go look for the others anymore. He turned to Lin Yi, "Why did you take a picture of me? Do you know who I am?"

Chapter 2512 Not Using Your Brain

"Do you have amnesia? He just told you that you're the head of the Hidden House of you, and you forgot? With your IQ, don't run on the streets and get lost again. " Lin Yi said mockingly.

"Kid, who doesn't know how to talk fast? Now I just want to ask you one thing. Our hidden house you is determined to get that pure yellow jade. Are you going to give it up or not?" You Pan Gao asked.

"If I wanted to, I would've given it to you just now." "Alright, if that's what you're here for, you can leave," Lin Yi said.

"Good, very good. I'll remember you!" You Pan Gao nodded his head and laughed instead of getting angry, ""I'd like to see how long this pure yellow jade can be kept in your hands!"

With that, he turned around and left without waiting for Lin Yi's reply, disappearing from Lin Yi's sight. Lin Yi knew that Yu danggao wasn't really leaving just like that-he was probably looking for his Grandpa to come up with a way to deal with him.

Lin Yi passed the case to Xiaoke and said, "This is for you."

"Ah? For me?" Yu Xiaoke froze.

"Okay. You and han xiaopo go down the mountain first and wait for me in the parking lot at the foot of the mountain." Lin Yi ordered Yu Xiaoke and han xiaopo. There were many people in the parking lot at the foot of the mountain, so it was relatively safe there. As long as they didn't initiate a conversation with strangers, there shouldn't be any problems.

Han xiaopo's expression changed slightly. Then, she thought of something and said, "Boss, that right disc is tall ..."

"En, don't worry." Lin Yi waved his hand. He didn't want han xiaopo and Yu Xiaoke to worry. Even if he told them the truth, they wouldn't be able to help much with their strength, so Lin Yi might as well take the responsibility himself.

To be honest, Lin Yi wasn't afraid of enemies from the Hidden House you. The one he was afraid of was the Vice President! The man was Sky Class early phase peak, and he looked stronger than the average Sky Class. Lin Yi wasn't sure if he could take him on-after all, Lin Yi's skills were good for sneak attacks, but he didn't have the advantage in a real fight.

"Alright, we'll be leaving then." Han xiaopo nodded.

"Then ... Be careful ..." Yu Xiaoke looked at Lin Yi worriedly. Suddenly, she leaned forward boldly and kissed Lin Yi on the lips.

Lin Yi froze. Yu Xiaoke's sudden action made him hold his breath. Although they were both masked and there wasn't physical contact, Lin Yi had never felt his heart beating like an electric current ...

At this moment, Lin Yi realized that Yu Xiaoke had taken up a huge place in his heart.

"I'll wait for you ..." Yu Xiaoke was bold, but she couldn't let herself go in front of han xiaopo. It was already amazing that she could do this. It was enough to show how much she liked the male thief. After kissing Lin Yi, she quickly moved away, her eyes full of shyness.

"Yes, I will." Lin Yi said seriously.

Not too far away, Qiqi had walked quite a distance away, but she was still paying attention to Lin Yi-she didn't know why, but seeing Xiaoke kiss her made her feel uncomfortable for no reason. How shameless, taking the initiative to kiss a man, it's too embarrassing ...

"Aiya ..." Yang Qiqi was too focused on scolding Yu Xiaoke that she didn't notice the road under her feet. In the end, she stepped on a stone and almost fell! Seeing everyone looking at her in surprise, Qiqi snorted and left quickly ...

How stupid must a cultivator be to be able to fall and stumble?

Lin Yi watched as han xiaopo and Yu Xiaoke left the practitioner's market and went to the parking lot not far away. A cold smile appeared on his face as he turned in another direction! This direction wasn't the cultivator's city square, nor was it the direction to leave. It was another path up the mountain!

This road was obviously not a regular road, but a rugged, naturally formed small path. It was very difficult to walk on, and it happened to be in the opposite direction of the cultivator market.

.....

In the cultivator's city square, in a courtyard, the heaven class vice president was sitting there, and the other person was his disappointing disciple, the skinny man.

"Master, are we just going to let that kid go? Not only does he have the blue crystal, but he also has the pure yellow jade!" The skinny old man said anxiously.

"Don't be impatient," The Vice President smiled and waved his hand at the skinny man,""It's impossible for him to leave. Where can he go? Don't worry, My Spy has been watching him. Not only did he not leave, but he also went up another mountain road. I don't know what he knows or is he doing it on purpose?"

"Going up the mountain? Isn't that the herb plantation of our cultivator trade association? "He's going up ..."The skinny man's face suddenly changed.

"That's why I don't know what he's doing up there," "But don't worry," the Vice President said. "Even if we don't do anything, someone else will do it for us."

"Master, you mean ..." The skinny man asked carefully.

"He offended the hidden you family, can he still go back safely? The Hidden House of you is determined to get it. There's no point in us taking it back. Although it was sold for two hundred million this time, it might not be the same price next time. It'll be tens of millions at most. We don't need to offend the Hidden House of you for this thing. " "Our target this time is the blue crystal!" The Vice President said.

"Oh, master means to let the hidden you family make the first move. The Mantis stalks the cicada, unaware of the Oriole behind. We'll wait for them to fight enough before making a move?" The skinny man understood his master's meaning.

"That's right, that's it. " The heaven rank Vice President nodded.

"But, that kid's just an Earth Class mid phase peak, is there a need to do this? If we attack together with the hidden you family, maybe we can get more benefits?" The skinny man asked in confusion.

"Earth Class mid phase peak? Since he's just a trifle, how did he beat your big brother and second brother until they were crippled and almost died?" The Vice President sneered, ""Don't you need to use your brain to think?"

"That's ..." The skinny man finally remembered why they were looking for trouble with Lin Yi. He started to sweat. Yes, an Earth Class mid phase peak, how could he kill an Earth Class late phase peak so easily?

Either Lin Yi was able to fight someone above his level, or he was hiding his strength-after all, even a Sky Class early phase couldn't kill an Earth Class late phase peak in one move-this was unbelievable.

Chapter 2513 Bodyguard

"Let's go. It's almost time. The hidden you family should also be on the move. We're ready to go!" The heaven rank vice guild leader said as he stood up.

The Vice President was right. When you Pan Gao returned to the hotel room and told the short master everything that had happened, the short master was furious! This pure yellow jade was something that old man you had personally ordered to get. Now that it had been snatched away, he naturally would not let it go!

Especially after Yu danggao exaggerated how arrogant Lin Yi was and how he didn't even put the Hidden House you in his eyes-this pissed the Shorty off even more, and he charged out with Yu danggao.

"Kid, you're quite good at choosing a route!" You Pan Gao caught up to Lin Yi and laughed coldly as he looked at Lin Yi's back,""Don't think that we can't find you just because you're up the mountain! I've already said it before, I want to see how long the pure yellow jade can be kept in your hands!"

Lin Yi's path was indeed out of the tall and short man's expectations, but with some "careful people" of the practitioner's trade association guiding them, they found it very smoothly. In fact, it was the Vice Chairman who used them as pawns to test the waters.

If Lin Yi could kill an Earth Class late phase peak so easily, then his true strength had to be at the early phase of Sky Class. If that was the case, then he'd let a Sky Class early phase test it out and see how strong Lin Yi was.

Lin Yi smiled coldly and turned his head around, looking at the tall and short man with a half-smile, his tone calm, "Do you know why I chose this path?"

"Isn't that simple? Because you're afraid that we'll come after you to snatch the pure yellow jade, you want to escape, so you deliberately came to such a remote place. However, you can't hide no matter how hard you try!" Yu Pan Gao said proudly.

"Wrong," Lin Yi said faintly.

"Wrong? There's no one here, so you don't have to keep your poor self-esteem. Your female companion has already escaped, haha, so you don't have to pretend anymore!" Yu Pan Gao sneered.

"I chose this place because there aren't many people here. It's fine even if I expose my identity." Lin Yi said with a wave of his hand, "The hidden you family's people are indeed fools. You're like this, and so are you Panhu."

"You ... Hmph, you're so quick with your words. You're on the verge of death and you're still so stubborn!" Yu Pan snorted and said, "you still want to expose your identity?" What identity do you have that can be exposed?"

"Hey, short robber, you're healing pretty fast, aren't you? It seems that I didn't use much strength in that palm strike back then. You've already come to find trouble with me so quickly. " Lin Yi said coldly as he turned his attention to the Shorty.

"Ah?" The short expert was stunned, and a trace of shock flashed through his eyes."You ... You are ..."

"That's why I said the hidden you family's people are all fools. You and your grandson are in such a hurry to chase me to death?" Lin Yi looked at the Shorty playfully.

"Brat, who are you saying is looking for death?" Yu danggao didn't know who Lin Yi was and didn't know what was going on-he exploded when Lin Yi called him that.

"Pa!"

However, before Yu Pan Gao could finish his sentence, the Shorty expert slapped him hard on the face."Little brat, shut up!"

"Ah? "Grandpa ... I ..." Yu gangao didn't know what was going on. He didn't know why his Grandpa had suddenly slapped him, so he immediately felt wronged."What ... What happened to me?"

"Hehe, that Mister Lin, I was just joking ..." The short man's hands were sweating. He was a Sky Class, and he was strong, but he could also tell who was stronger! This duo was far worse than the one with the tall one-if Lin Yi could take them out with ease, it'd be a piece of cake for him to take them out now.

Therefore, after seeing the situation clearly, the short expert decisively gave in.

"A joke? You brought your grandson all the way here just to joke with me?" Lin Yi glared at the Shorty, "You're not sick, right?"

"Uh ... I'm not. My real purpose is to worry that you'll be in danger carrying something as valuable as the pure yellow jade. What if you get robbed on the way? My grandson and I volunteered to be bodyguards. " "That's right, that's it!" The short expert said.

"Oh, you're here to be a bodyguard? alright, you guys go hide first. Someone's coming." Lin Yi said, waving his hand.

"Someone's here? "Then we'll be leaving first ..." The short master said quickly.

"Aren't you my bodyguards? Why did he leave? You're not here to be bodyguards?" Lin Yi looked at the Shorty and said.

"This ... Of course we're here to be bodyguards!" The Shorty said quickly-he was afraid that Lin Yi would kill him if he did that, and so he insisted on being a bodyguard.

"Since you're here to be my bodyguards, that's good. You guys can hide first, though you'll be waiting for my summons to protect me!" Lin Yi ordered.

"This ... Yes!" The Shorty master nodded helplessly and pulled Yu Pan Gao to hide behind a huge rock not far away. He didn't dare to run, afraid that this was a trap set by Lin Yi. If they ran, Lin Yi would kill them quickly.

"Grandpa, why do you call him Mr. Lin? Who is he?" "What's going on?" you Pan Gao asked in bewilderment as he hid behind the Boulder.

"Who is he? How your Grandpa was injured, how your Grandpa Gao died, he is the one!" The short man glared at his grandson and said fiercely, ""We almost got killed today because of you. This kid is extremely brutal and violent. He's simply a violent maniac. Last time, when your Grandpa Gao and I were robbers, he attacked us without saying a word. Today, he might have been in a good mood after bidding for the pure yellow jade, so he let us go!"

"Ah ... It's him ..." Youpan Gao's face turned ashen as he broke out in a cold sweat. It turned out to be this fiend. He fearlessly tried to act tough in front of him and was courting death. His life was hanging by a thread!

"Alright, stop talking, it seems like someone really is coming ..." The Shorty was shocked. He was a Sky Class master, but Lin Yi sensed the presence before him. What level was Lin Yi?

In fact, he was overthinking it. He was scared by Lin Yi before and didn't check the surroundings carefully. Lin Yi, on the other hand, knew that the Vice President of the Sky Class would be coming as well, so he was more careful than the Shorty.

The Vice President brought the skinny man over to Lin Yi's side, only to find him standing there all by himself!

Chapter 2514 What Does This Mean?

This situation made him pause-what was this Lin Yi doing? And didn't the hidden you family come to find trouble with him?

Wait, I specifically told the law enforcement Hall's trusted disciples to inadvertently guide the Hidden House you's people when they're looking for Lin Yi, so that they can find Lin Yi smoothly, but where's this person?

"Hello, Vice President. Is this skinny man your subordinate?" Lin Yi was a little surprised to see the skinny man-he did expect the Vice Chairman to come back for revenge for the two guards, but he didn't think that this skinny man would be the cause!

No wonder! Lin Yi finally understood after seeing the skinny man. The two guards were actually standing up for the skinny man, they just weren't strong enough! Lin Yi was curious at first-what was wrong with the two guards? he was an Earth Class mid phase peak, after all, why did they have to pick on him?

"Since you've seen me here, there's no need for me to hide anymore. That's right, he's my disciple. You've stolen his blue crystal and crippled two of my disciples. How are you going to settle this score?" The Vice President looked at Lin Yi coldly, as if he were a dead man.

"How? Do we still need to settle this score?" Lin Yi smiled, "you're a skinny disciple who bullied others first. I'm just helping them out. As for the two disciples after you, who are you to blame for their own strength being crippled?"

"Oh, you're right. Then can I understand it as, now that I've killed you, you're not strong enough, so who can you blame?" The heaven rank vice guild leader was clearly being unreasonable, but his words were extremely natural.

"Of course, you can think of it that way." "But," Lin Yi said faintly, "do you think I've been waiting here just to wait for death?"

"Then you ..." The Vice President was shocked. To be honest, he was curious as well. Why was Lin Yi standing there for no reason? why was he not hiding? Moreover, where did the people of the hidden you family go?

"Bodyguards, come out to work. Someone is bullying the person you're protecting!" Lin Yi turned to the Shorty and Pan Gao, who were hiding behind the Boulder.

"Uh ... Cough cough ..." The Shorty expert had no choice but to bring you Pan Gao out. His expression was extremely ugly, but he was helpless! He was in a dilemma. He had no choice but to come out, but once he did, he would face the Vice guild leader of the heaven rank. This wasn't something he wanted to see.

"Third brother of the right, why are you here?" The Vice President looked at the two hidden house you's people in shock. He was surprised-how did these two become Lin Yi's bodyguards?

"That's right, we are this gentleman's bodyguards ..." The short expert said helplessly, "We're now protecting this gentleman's safety. Vice President, what's the matter?"

The Shorty's words were clear-he was forced to do this, and if Lin Yi wanted trouble, then so be it. He was in a difficult position as well.

The heaven rank Vice President frowned, unable to figure out the truth of the matter. "Third brother of the right, what do you mean by this? Did you get your pure yellow jade?"

"Pure yellow jade? We don't want it anymore, we're just trying to protect this gentleman's pure yellow jade from being stolen by others!" The short expert said.

"You ..." The Sky Class vice president realized that something was wrong-he was Sky Class early phase peak, and third you was early phase Sky Class, but there was only a small difference between the two. It wasn't realistic for the Vice President to completely suppress third you-he didn't have the power to do that, let alone kill him!

If the two really fought, it would be easy to determine who would win. The final Victor would definitely be the heaven rank vice guild leader, but he would have to put in a lot of effort. He might even get injured, and that wasn't something he wanted to see.

"I'm sorry. " The short man said helplessly.

"Grandpa, why don't we team up with the Vice President? Wouldn't that be enough to defeat that kid?" You Pan Gao was unwilling to accept this and suddenly spoke.

He wanted to remind his Grandpa that there were two Sky Class Masters on his side, and he didn't need to be afraid of Lin Yi. He also wanted to remind the Vice Chairman that he had no choice, and he wanted the Vice Chairman to talk to his Grandpa!

As expected, the Sky Class vice president's eyes lit up-he finally understood why the house of you changed sides at the last minute. So it was because they couldn't beat Lin Yi-but, even a Sky Class early phase was no match for an Earth Class mid phase peak? Was this for real? Wasn't this world a little too crazy?

The Shorty's expression froze-it wasn't that he'd never thought of teaming up with the Sky Class vice president, but that would be too risky. What if they still couldn't beat Lin Yi?

He wasn't as tall as he was. No matter what, he hadn't experienced what happened that day. However, the short expert had truly suffered a palm strike, and he knew how powerful that palm strike was. Without saying much, just two hits would have killed him.

And so, if Lin Yi were to use the same trick again, one palm each, he and the Vice President would both be crippled. He didn't think that the Vice President would be able to survive just because he was a little stronger than him-that was unrealistic.

Even if the sky Class vice president wasn't as injured as he was, he wouldn't be able to fight anymore. Lin Yi would be able to kill you Pan Gao and the skinny man as easily as killing chickens. After he killed these two, he would give them another palm strike each, and the four of them would be finished here.

Thinking of this situation, the Shorty expert's heart palpitated for no reason. He quickly dispelled this thought and suddenly turned around. He swung his arm and slapped the right plate-tall man's face again."You prodigal brat, what nonsense are you saying? That hero was so strong, how could two Sky Class Masters fight him? What does a little thing like you know? Last time I was with your Grandpa Gao, He was an Earth Class late phase peak, and I was an Earth Class early phase-he was killed in one hit, and I was crippled. I had to eat a lot of pills to recover, have you forgotten?"

The Shorty was actually saying all this for the Vice President to hear-I was crippled by Lin Yi with one palm, and he could do the same to you with one palm. I knew that he pushed me out here to make you my enemy, but I had to do it! Don't blame me, it wasn't my intention!

Chapter 2515 How To Prove It?

If Lin Yi wanted to kill you, he would've done it himself. Why would he need me? I'm being used as a weapon! When we become enemies and the hidden right family and the cultivator trading Association become enemies, he will be happy!

But the Shorty was overthinking-Lin Yi really didn't think that way! Lin Yi could cripple him with one palm, but that was when he was caught off guard! If the Shorty expert had true Qi to protect his body, then he wouldn't be able to kill him!

Besides, Lin Yi could only use two palms, and that would use up all his stamina and Qi. He couldn't use the seventh style of the palm continuously.

And so, Lin Yi wasn't confident in taking on the Vice President-he could only try to run! But Lin Yi didn't want the Vice President to know that he was scared. After all, he couldn't hide forever. He had to intimidate the Vice President and make him scared. Lin Yi still had to go to the markets and trade fairs in the future, and he couldn't make too much of an enemy of the practitioner's trade association!

If the heaven rank Vice President was afraid and gave up, that would be the best outcome.

The short man's words were like a clap of thunder in the vice president's ears-it was too shocking, too shocking. He didn't believe it was real. Could it be that Lin Yi, an Earth Class mid phase peak, was able to beat third brother of the right, but could also beat him?

But the Sky Class vice president knew that third brother of the right wouldn't lie-he was a Sky Class master, after all, how could he lie like that? That would be taking his reputation as a joke! A Sky Class was afraid of an Earth Class mid phase peak? If this were to spread out, it would probably be a big joke. If it didn't really exist and he was forced to do so, the third brother of the right would definitely not say it.

At that thought, the Sky Class vice president couldn't help but re-examine Lin Yi. Thinking back to how Lin Yi crippled two of his disciples so easily, even fighting someone of a higher level than him, the Vice President realized that he'd been overthinking things. This Earth Class mid phase peak in front of him was a different kind of Earth Class!

But he still had some doubts in his heart. If Lin Yi was really that strong, he could've just killed him and third brother of the right. Why did he use this tactic? Let the hidden you family be my enemy? He had already revealed the whole story, so how could they still be enemies?

He took a deep breath and tried his best to calm himself down. He raised his head and looked at Lin Yi."How should I address you? I have to admit that I've underestimated your strength!"

"I'm surnamed Ling," Lin Yi said faintly.

"Mr. Ling, do you really have the power to destroy us?" The heaven rank vice guild leader hesitated for a moment before asking.

"Hehe, why don't I use you as an experiment? you can stand here and let me hit you. You can experience it for yourself and see if I have the ability to kill you all." Lin Yi said with a smile.

"Haha, Mr. Ling, you must be joking ..." How could the Vice President agree to this suggestion? If he didn't hear what third brother of the right said, and if Lin Yi didn't beat two of his disciples, he might have agreed to this suggestion. But now, he didn't dare to try it!

He didn't believe it, but he wasn't an idiot. Lin Yi didn't have the strength to do that. How could he submit? Even his grandson, you Pangao, had suggested teaming up with him to fight Lin Yi, but he'd rejected the offer and even slapped his grandson. It seemed unbelievable, but there was a truth behind it-Lin Yi wasn't a simple person!

"I'm not joking. " Lin Yi said faintly.

"Well, Mr. Ling, since the resentment between us has been laid bare before, then I will not beat around the bush. I want to ask you, why don't you do it yourself, but let third brother of the right do it? Do you really want the Hidden House of you to become our enemy?" The Vice President asked the question that was on his mind. He felt that something was wrong.

"Of course not." Lin Yi shook his head,"I don't want to do it myself. I can't control my strength well. Once I do it, you'll either die or be disabled. I asked third of the right to do it because I want to resolve the conflict between us."

"Smooth resolution? Don't you want to make a move?" The heaven rank Vice President asked, stunned.

"You are the Vice President of the cultivators trading Association. You are different from the two insignificant people who were guarding the door. If I kill you, regardless of whether I have a reason or not, your cultivators trading Association will be slapped in the face. Won't your President avenge you?"
"I'm strong, I may be able to fight people above my level, but if the practitioner's trade association were to get a couple of Sky Class Masters, I'd be no match for them!" Lin Yi replied.

"Oh ... That's true ..." The Vice President nodded, agreeing with Lin Yi. Lin Yi was right-he was the Vice President, and his status and position were completely different from the two guards! The disciples who were guarding the gate had died. Other than him, the master, no one would avenge them. However, he, the Vice President, had died. That was unusual!

Even the other vice presidents who had conflicts with him in the past would come forward to avenge him! In the past, those were just personal grudges. Now, they had to unanimously protect the face of the cultivator's trade association.

"Furthermore, the most important point is that I will have to deal with you in the future. If we become enemies, it will be disadvantageous to me." Lin Yi said.

The Sky Class vice president thought about Lin Yi's request for the pills and believed Lin Yi's words. However, he didn't experience Lin Yi's power as deeply as third of you, so he asked,""Then how can you prove that you have the ability to kill us? As long as you have the ability to prove that your strength is equal to mine, I will forget about the previous matter and will not pursue it. Moreover, I will make the decision to resolve the grievances and become friends with you! You should understand that the strong are respected in the world of cultivators. I will only speak to you as an equal if you have the strength!"

"Then how do you want me to prove it?" Lin Yi asked, pushing the question back to the Vice President.

"This ..." The Vice President frowned. He was also thinking about how Lin Yi could prove this. It wasn't like Lin Yi could just show his strength by using the arts-he was still Earth Class mid phase peak!

Just as the heaven rank vice guild leader was deep in thought, the skinny old man beside him started to panic. From what his master was saying, he wanted to take the initiative to ask for peace. That wouldn't do. Wouldn't his big brother and second brother have died for nothing?

Chapter 2516 Extreme Admiration

"Master, don't listen to this kid's bullsh * t-no matter how strong he is, he can't beat a Sky Class! There's no earth Class that can beat a Sky Class!" It was simply unheard of! I think he must've promised the Hidden House you something so they'd help him lie ..."

These words made the Vice President even more suspicious, but before he could say anything, the skinny man's words came to an abrupt end, replaced by a scream!

The seventh style of the wild fire Eight Trigrams palm! Lin Yi said to himself as he sent a palm towards the stick! This guy was a threat if he didn't get rid of him. Even if the Vice President could resolve this, this guy would still try to get the Vice President or someone else to deal with Lin Yi in the future. He couldn't be left alive!

"BOOM!"

A large hole appeared in the skinny man's chest-he'd been punched through by Lin Yi, and his body fell heavily to the ground, dead.

"You ..." The Vice President was shocked. He didn't think that Lin Yi would suddenly attack! However, just as he said the word "you," he was shocked by the force of Lin Yi's palm. His eyes widened, speechless.

"Didn't you want me to prove it? I've already proven it. " Lin Yi said faintly, as if killing the man was just to prove his strength.

"The thirteenth form of a heaven-tier martial skill ..." The Vice President took a deep breath and exclaimed, ""Not bad, you indeed have the strength to fight with me. Moreover, if this palm hit me, I'm afraid I'll also suffer quite a bit of injury ... I believe that you're indeed qualified to talk to me on equal terms!"

You Pan Gao was dumbfounded as well-he'd felt the power of Lin Yi's skill as well, and his face turned ashen. He'd just tried to drive a wedge between Lin Yi and himself, and now he regretted it-he wouldn't have said anything if he'd known Lin Yi was this strong!

But Lin Yi wasn't angry at him-he felt that this guy's blabbering had its benefits. Things wouldn't have ended so easily if he didn't say a few more words. Lin Yi wanted to tell the Vice Chairman indirectly about what he said, so he didn't need to waste his breath.

On the other hand, the short one, third brother of the right, had a bitter smile on his face. He looked at the Vice President of the Sky Class and spread his hands."Vice President, do you understand my difficulties now? He could've crippled me easily-that palm of his was at least Sky Class early phase peak, I had no choice!"

"I understand!" The heaven rank Vice President nodded, ""Mr. Ling, I've offended you before. It's my fault for not being strict with you. However, please don't take it to heart that I've stood up for my disciple. After all, the world of cultivation is cruel."

I understand. If I didn't have this strength, I'm afraid I would be a corpse now. I can't allow the third brother of the right to compromise here." Lin Yi smiled faintly.

"It's good that you understand!" The Vice President also smiled. "It's easy to talk to smart people. I'll take you as my customer. This is my contact information. If you need anything in the future, you can contact me directly."

With that, the Vice President took out a card made of pure gold and threw it at Lin Yi! A name card like this was something only people with strength could have, and the Vice President giving it to Lin Yi was a sign of acknowledgment. Of course, throwing the name card was also a test and a punishment!

The Vice President used all his strength-even a Sky Class early phase wouldn't be able to escape unscathed after taking his name card head on. It was inevitable that he'd get injured, and he'd be unable to move for at least a month! He wanted to see if Lin Yi could take it head-on. If Lin Yi didn't, it would mean that Lin Yi's strength was still not enough. Even if he didn't attack now, he would still not value Lin Yi as much.

If Lin Yi took it head on, he'd naturally resolve today's grudges, but Lin Yi's hand would be crippled for a month. It could be considered a punishment for Lin Yi, after all, who asked him to kill his three disciples?

"Pa!"

Lin Yi reached out and took the name card from the Vice President, but the force of the card hit Lin Yi's palm, breaking all the bones in his palm and damaging his veins!

Lin Yi had expected this to happen, but he didn't want the Vice President to see him clearly, so he chose to take it head on instead of dodging.

However, the Vice President was wrong about Lin Yi. After Lin Yi caught the name card, he quickly circulated the second stage of the art of Dragon mastery to heal his injury. The injury on his palm was serious, but the surface area was small. It was nothing compared to the injury that Lin Yi had received in the fight, so it didn't take long for Lin Yi to recover!

Lin Yi raised his hand and played with the card. His hands and fingers were extremely flexible, showing no signs of injury at all!

"Oh, this business card is quite valuable. It's made of pure gold. It seems that the Vice President really gave me face. I will definitely keep this business card well." Lin Yi smiled and put the card into his pocket, his hand even moving back and forth a few times as if to adjust the position of the card.

This situation made the vice president's jaw drop. Lin Yi's hand wasn't hurt at all? How was this possible? Even a Sky Class early phase peak like him wouldn't be able to protect himself with Qi, right?

Even Sky Class early phase peak would be affected if they used their Qi to protect themselves-even if the bones in their hands weren't completely broken, they'd at least be injured and lose their mobility, right? But Lin Yi didn't seem to have any problems?

"Mr. Ling, you're no ordinary earth Class mid phase peak!" The Vice President sighed, "Mr. Ling, I don't know where you're from, but the strength of your sect's practitioners can't be measured by normal levels. Mr. Ling may be at Earth Class mid phase peak, but in reality, be it the power of your martial arts or the defense of your Qi, you're way stronger than Sky Class early phase peak! I'm very impressed!"

The Sky Class vice president asked himself-even his own defense wasn't as strong as Lin Yi's, and Lin Yi's skills were stronger than his. He'd just called himself "I" and put Lin Yi as a senior.

Lin Yi's level was low, but his strength was there for all to see. He didn't think there was anything wrong with this!

"That's right, senior Ling's strength is quite powerful!" Third brother of the right chimed in. He didn't know why Lin Yi took the surname "Ling," but he wouldn't expose Lin Yi like an idiot. He didn't want to die yet.

Chapter 2517 Accidentally Entering The Herb Garden

"Since everything has been made clear and The Grudge has been resolved, I will take my leave. Take care, senior Ling!" The Sky Class vice president was sure that Lin Yi was stronger than him, and his tone became respectful. It couldn't be helped-the world of practicing was a very realistic place.

"Alright, take care, Vice President. I won't see you out." Lin Yi nodded.

"See you later!" The Vice President picked up the body and left quickly, disappearing from everyone's sight in an instant. Lin Yi turned around to look at third of the right and Pan Gao.

"You two will continue to be my bodyguards?" Lin Yi asked.

"This ... Senior Lin's protection is divine, so of course he doesn't need small fry like us to protect him ..."
Third brother of the right said awkwardly. The way he addressed Lin Yi had changed from Mr. Lin to senior Lin, especially after seeing the power of Lin Yi's pure energy protection. He knew that he couldn't do anything to Lin Yi.

"Oh, what are you holding in your hand?" Lin Yi pointed at the big suitcase in the right hand.

"This ... Is money. It's the money from selling elixirs at the auction ..." The third brother of the right didn't dare to hide it and told the truth.

"Oh, since you two aren't going to protect me anymore, shouldn't you compensate me for my losses? Just give me the money. Although it's not much, I'm too lazy to beat you up. " Lin Yi said.

"This ... This is to be handed over to the hidden you family ..." The third brother of the right said with a bitter face, ""I won't be able to explain it to you when I go back!"

"Oh, then you don't have to hand over the pure yellow jade to the you family? If I take the pure yellow jade away, how are you going to explain it?" Lin Yi asked.

"I ... I said that it was snatched away by you, senior Lin. We can't do anything ..." Said the third brother of the right.

"Then that's it. You can just say that I stole your money." Lin Yi said.

"Ah? I see ..."The third brother of the right was stunned, but it was a good reason to think about it. Since the pure yellow jade had been taken away, the money from selling the elixir pills was no longer a problem!

"What, can't I?" Lin Yi's eyes turned cold as he looked at third brother of the right.

"Sure, of course ... That Yu Pan Gao, you can give all the money to senior Lin!" The third brother of the right was shocked and quickly agreed.

"Okay ..." You Pan Gao didn't dare to disobey third of the right's order. He carefully handed the box to Lin Yi and said, "Senior Lin, please accept it ..."

"Oh, okay. You guys can go now." Lin Yi took the suitcase and waved it off impatiently.

"Okay, then we'll go first. Take care, senior Lin ..." The third brother of the right breathed a sigh of relief. It seemed that he had escaped a disaster. He hurriedly pulled the hand of Pan Gao of the right and ran down the mountain.

Lin Yi let out a sigh of relief as he watched third brother leave. He would be lying if he said he wasn't nervous. He had the ability to cripple third brother, but that was only if he caught him off guard. It was impossible for Lin Yi to succeed in a sneak attack right now. Third brother you and the Vice President of the Sky Class Association were both on guard, and Lin Yi would be exposed if they really fought. However, killing a skinny man with a few words had achieved the effect of intimidation. The third of the right and the Vice President didn't dare to act rashly, but Lin Yi solved the crisis easily.

He stood there and waited for a while, only moving when he didn't hear anything else. He didn't go down the mountain, but continued going up. He wanted to go around before going down, in case there were people waiting for him at the foot of the mountain.

However, after walking for a while, Lin Yi was stunned by the scene in front of him! All kinds of rare herbs were planted all over the mountains and fields! Although they couldn't be said to be heavenly treasures, they were all good materials for alchemy!

At the very least, the ingredients for refining many second-grade pills could be found here! This discovery made Lin Yi both surprised and happy-if he could bring some back for Han Jingjing to make elixirs, wouldn't that solve the problem of materials?

But, very quickly, Lin Yi calmed down. These herbs were all good stuff, they couldn't have grown naturally on this mountain, and this was the place where the practitioner's trade association was running their market. This meant that these herbs most likely belonged to the Association.

As expected, Lin Yi didn't even stay there for a few minutes before two people ran over, yelling, "Who is it?"

Lin Yi took a look-they were two Earth Class late phase peak practitioners, and they were wearing the same uniform as the practitioners from the practitioner's trade Association's Hall of Justice. This confirmed Lin Yi's guess-this really was the practitioner's trade Association's territory!

"Are you guys from the cultivators trade association?" Lin Yi asked, trying to confirm his guess.

"That's right. However, there's no need to curry favor with him. This is the forbidden area of the cultivators trade association. Only the President, Vice President, and elders of the Association are allowed to enter!" One of the disciples looked at Lin Yi warily, "Who are you? Trespassing into a forbidden area is a capital crime. If you don't explain yourself, we can only take you down the mountain to see the Vice President!"

"Oh? I'm good friends with your Vice President. " "As for trespassers, I don't think so," Lin Yi smiled."I'd just say I entered by mistake. "

"By mistake? This place is so remote, and the road is difficult to walk on. It's in a completely different direction from the market. Who are you trying to fool by saying you entered by mistake?" That law enforcement Hall disciple obviously didn't believe it. ""As for knowing the Vice President? We've heard this too many times!"

"You don't believe me? I still have the business card he gave me. " Lin Yi didn't want to get into a conflict with these two. After all, the two guards were making things difficult for him on purpose, and these two were just following their duties. He entered their herb garden by mistake.

"Business card?" The disciple saw Lin Yi's hand in his pocket and didn't stop him. They were earth Class late phase peak, naturally, they weren't afraid of Lin Yi taking out a weapon. If Lin Yi was stronger than them, he could kill them without a weapon, but if he was weaker, weapons wouldn't work.

Lin Yi took out the pure gold name card and showed it to the two disciples.

"Eh? It's really the vice president's name card, and it's a top-tier pure gold name card!" These two disciples of the law enforcement Hall were obviously knowledgeable people. They knew that if it was not an important guest, the Vice President would not give such a business card. Generally, it would be good if he could give a platinum-plated business card. Most of the business cards were ordinary steel.

Chapter 2518 Happy Cooperation

"Wait a moment. I'll contact the Vice President." As the other law enforcement disciple spoke, he took out the intercom device and pressed a few numbers on it. When the call was connected, he said,""Hello, Vice President. I'm the captain of the law enforcement Hall's medicine garden, lang Jinjin. Here, a guest

who accidentally trespassed from afar has your gold name card in his hand. Do you want to let him go or escort him to your place?"

"What? A gold name card?" The vice president's heart tightened as he thought of Lin Yi, "Don't, you must not anger him. Just let him leave on his own. Remember, you must respect him!"

"Yes!" The captain of the law enforcement Hall quickly replied.

"Give me the equipment. I want to speak to the Vice President." Lin Yi suddenly said to the captain.

"This ..." The team leader of the law enforcement Hall hesitated.

"Give it to him," The heaven rank Vice President ordered.

"Alright," he said. The captain quickly passed the device to Lin Yi.

"Mr. Ling, it's you, right? Hehe, how did you end up in our medicine garden?" The vice president's tone was very good, and he didn't seem to be blaming him. "But you also know that those two disciples are only following orders. Don't lower yourself to their level. Our herb garden is indeed a restricted area."

"Oh ... I know. You don't have to be nervous, Vice President. I'm not someone who kills people for no reason." Lin Yi said with a bitter smile.

Lin Yi's words gave the two disciples a big shock. The Vice President was speaking to Lin Yi with such respect? Besides, it seemed like this Mr. Ling might have killed them? Thinking of this, the two disciples of the law enforcement Hall suddenly broke out in cold sweat.

"Hehe, I'm just saying. Why, Mr. Ling, is there anything I can help you with?" The heaven rank vice guild leader asked.

"Vice President, if I may ask, are the herbs planted on the mountain for sale?" Lin Yi asked.

"Oh? This herb is naturally for sale, but not from our market, but from a higher level trade fair. " "Why? are you interested, Mr. Ling? Oh, right, Mr. Ling provided me with some pills before ..." The Vice President said.

"That's right. I was thinking, can I buy some materials?" Lin Yi asked.

"This is not under my jurisdiction. I'm only responsible for the safety of the herb garden. As for the sale of the herbs, it's the responsibility of another vice President." "How about this, Mr. Ling? I'll help you ask around. Give me a call in about a month's time, and I'll give you the news. It'll take some time for this batch of herbs to mature anyway, so there's no rush."

"That's good, thank you!" "I can guarantee that the pills I make will be given priority to the vice president's market," Lin Yi said.

"Hehe, that's naturally the best!" "Then I wish us a happy cooperation!" The Vice President said with a smile.

In fact, he was helping Lin Yi because Lin Yi could provide the practitioner's market with the pills. One had to know that pills were one of the biggest sources of profit for the practitioner's market, and the profits from the invitation were directly collected by the practitioner's trade association. It didn't count as the vice president's achievements, and the profits from the market's auctions were the true achievements of a Vice President. That was why he was willing to lower his status and be on good terms with Lin Yi.

Otherwise, Lin Yi's strength alone wouldn't have made him so happy.

All this while, the Hidden House you had been providing the practitioner market with all the elixirs, but the Sky Class practitioners weren't satisfied with just that-the Hidden House you had too little of them, only around twenty to thirty each time. Most of them were common elixirs like the small recovery pill, nerve opening pill, Qi recovery pill, Foundation pill, body strengthening pill, etc. The small Qi gathering pill, on the other hand, was very, very rare, and Lin Yi had provided five of them all at once, surprising the Sky Class vice president!

"Happy cooperation! I hope the Vice guild leader can help!" Lin Yi said quickly.

"Hmm ... I will do my best to make it happen." "But," the Vice President nodded."You have to give me a guarantee first. Every three years, can you provide the same amount of pills as this time?"

"Every three years?" Lin Yi blinked.

"That's right. The hidden you family will provide this number of pills every three years. " The Vice President said.

Lin Yi was surprised-so the Hidden House you's pills weren't that high in production, after all. It took three years to get this much! But Lin Yi was with Han Jing Jing-as long as he had the materials, he could make these in a few days!

Of course, Lin Yi couldn't say this out loud-he'd be a monster if he did, and it'd be a disaster!

"The cultivator's city square only holds this event once every three years?" Lin Yi asked, confused.

"Of course not. When I said every three years, I referred to the second-grade pills. However, under normal circumstances, the hidden you family will provide sufficient first-grade pills, so I don't recommend Mr. Ling to do this business anymore, because the market is basically saturated!" The heaven rank vice guild leader said honestly, ""Although you sold all the spirit gathering pills in your hands, that's only because the spirit gathering pills are in high demand for cultivation elixirs. As for the other grade one elixirs, they aren't as popular and profitable."

"So that's how it is." Lin Yi nodded. In fact, he didn't even think about letting han Jingjing make a first grade pill. After all, it was a waste of energy. Of course, making a second grade pill would have more value and future,"I can guarantee that!"

"Alright, since Mr. Ling's words are a guarantee, I'll do my best!" The Vice President agreed readily.

"Alright, I'll go down the mountain first. I'll leave everything here to the Vice President." With that, Lin Yi handed the walkie-talkie back to the captain.

The team leader of the law enforcement Hall took the device with a shocked expression and said, ""Senior Ling, please take care ..."

Lin Yi nodded and walked down the mountain with the big suitcase. This time, he had a fruitful trip to the practitioner's market. He got a lot of things he needed, and he also found the supply of materials for making elixirs. This trip was not in vain.

Lin Yi didn't meet anyone on the way down the mountain-the Hidden House you's people had probably left long ago. He'd also made an agreement with the Vice President-as long as he wasn't stupid, their relationship would deepen as they worked together. They wouldn't become enemies again unless the Vice President had a problem with money or his own achievements.

Chapter 2519 Meeting Again

There were quite a few people in the parking lot at the foot of the mountain. After the cultivators participated in the auction, they did not leave immediately but left one after another. Some returned to their rooms to pack their things, while some continued to set up their stalls until the market was completely closed tonight.

Han xiaopo and Yu Xiaoke were overjoyed when they saw Lin Yi walking over with a big suitcase. It seemed like Lin Yi was fine! They were very nervous when they saw third brother of the right leaving the mountain with you Pangao, but Lin Yi didn 't!

They were afraid that something might have happened to Lin Yi. After all, the Hidden House you's people were fine and left in a hurry, but Lin Yi didn't go down the mountain. They couldn't help but think in a bad direction ...

However, he didn't dare to go up the mountain. What if Lin Yi's opponent wasn't from the Hidden House you, but the Vice President from the auction? Wouldn't they just be troubling Lin Yi if they went up the mountain?

The only thing they could do now was wait, and Lin Yi finally came.

"Boss!" Han xiaopo opened the door and waved at Lin Yi in surprise.

"Xiao po, you've been waiting for a long time, haven't you?" Lin Yi said with a smile.

"It's okay. We just saw the hidden you family come down the mountain. Boss didn't come down, so we were a little worried!" "Did you run into that Vice President again?" han xiaopo asked honestly.

"Your guess is correct." Lin Yi nodded, "I did meet the Vice President. Those two from the you family were nothing. They wouldn't dare to do anything to me. Not only did they not do anything, but they even gave me a box of money."

"Ah?" Han xiaopo's eyes were wide open as she pointed at the box in Lin Yi's hands in disbelief, ""This is money. Did the hidden you family give it to you?"

"That's right, they did give it to me. " Lin Yi said.

"Alright, the boss is awesome. What about the Vice President? Nothing happened, right?" Han xiaopo had seen many of Lin Yi's bad * SS deeds, so her heart could still take it.

"The Vice President is not bad. He gave me a pure Gold Business Card and told me to continue working with him in the future." Lin Yi said as he took out a pure gold Card.

"Pfft ..." Han xiaopo coughed and looked at the name card in Lin Yi's hand, ""Even my grandfather doesn't have this kind of business card. He only has a Platinum Business card. Boss actually has a Gold Business Card. It seems that I was worried for nothing."

"I didn't have to worry about it." Lin Yi said it casually, but no one knew how dangerous it was. If Lin Yi didn't use the situation to push third of the right out, things wouldn't have gone so smoothly.

However, there was no need to tell han xiaopo about this. After all, wisdom was not one's own strength. He would be worried if he told han xiaopo.

"Boss, I won't bother you anymore. I'll get in the car first ..." Han xiaopo saw Yu Xiaoke standing on the side and smiling at Lin Yi. She shook her head and quickly got in the car. From han xiaopo's point of view, Lin Yi's luck with women was just too good. Wherever he went, beautiful women would fall in love with him. However, he wasn't envious. With his status, it was naturally one in a million for him to find a girlfriend, but with his current status, he couldn't be as casual as Lin Yi. His marriage was probably arranged by his family, and he would marry a girl from a family or sect that was close to Lin Yi.

"Xiaoke, this is for you." Lin Yi said as he passed the box to Lin Yi.

"En ... Thank you ..." Yu Xiaoke looked at Lin Yi with deep love. It was easy to meet but hard to say goodbye. Yu Xiaoke didn't expect to meet Lin Yi in the market, but since they met, it was inevitable that her heart would be empty and full of sadness when they broke up.

"How did you get here?" Lin Yi asked.

"Ken and the driver from the orphanage drove me here ..." Yu Xiaoke pointed at a van not too far away. It looked like the orphanage's grocery cart.

"Then let's part ways here." Lin Yi said.

"Then ... Will we still have a chance to meet in the future?" Yu Xiaoke knew that they were going to be separated here, but she couldn't bear to leave.

"Hehe, haven't you heard of the saying? We'll meet again if we're fated to. Originally, after we separated in the ancient tomb, we should've been separated, but we've met by accident many times, so we'll definitely meet again in the future. " Lin Yi said with a smile.

"En, en!" Xiaoke nodded hard-yes, they said they wouldn't see each other again, but now they did! This made her hope that they were fated to meet again.

"Alright, let's go back. This money should be enough for you for a while. The expansion of the orphanage can be delayed." Lin Yi said.

"Money ... I only felt that it wasn't enough when it was time to use it. The orphanage was expanding, but many hospitals from all over the world received the news and sent some abandoned babies with congenital diseases to me. The follow-up fees for these abandoned babies were an astronomical figure ..." Yu Xiaoke sighed, ""I can't bear to reject these children ..."

Lin Yi sighed slightly. This kind of situation was inevitable. The bigger Yu Xiaoke's orphanage was, the more responsibility she had. She would take in more abandoned babies, especially those with congenital diseases. Normal orphanages wouldn't be able to afford their high treatment costs.

"I'll help you think of a way. " Lin Yi said to Yu Xiaoke, "don't force yourself too much. Don't do such dangerous things in the future. If you steal the invitation and get caught, how can you handle it?" Besides, even if you come here, you don't have much of a chance. These people are all experts. It's too difficult for you to steal their things!"

Lin Yi could tell that the people with the invitation were either from a hidden house or a sect, or they were earth Class practitioners. Normal houses and practitioners didn't even know about the market, and Yu Xiaoke stealing from them was like pulling chestnuts from the fire.

"Yes, yes, I know ..." You Xiaoke was very happy that the male thief was concerned about her. In fact, her invitation was a coincidence-a practitioner had left his coat on the seat while eating at a restaurant, and you Xiaoke picked it up on the way. It wasn't too dangerous.

However, Lin Yi was right. You Xiaoke only realized how alert the people here were after coming here. It was really hard to steal things from here! Their money was all in the suitcase, and no matter how good Yu Xiaoke was at stealing, she couldn't just steal the suitcase. That wouldn't be stealing, it would be robbery!

Chapter 2520 Zhong Pinliang's Ring

It looked like they got a lot of money this time, getting two big boxes of cash, but it was all Lin Yi 'S. Yu Xiaoke didn't take any credit.

"Alright, I'm leaving. You should go back too." Lin Yi touched Yu Xiaoke's hair and smiled.

"Yes, yes ..." Yu Xiaoke nodded dumbly, her eyes as soft as water. She gathered her courage and kissed Lin Yi's face again. Even through the mask, she could feel the deep love.

After kissing Lin Yi, Yu Xiaoke turned around and ran to her car. She even waved at Lin Yi when she got in the car ... What surprised Lin Yi was that she was from the Feiyan sect after all. She dragged two big suitcases and still walked as if she was flying ...

"Xiaoke sis, male thief bro is here too!" Ken looked at Lin Yi not far away and smiled.

"What do children know?" Yu Xiaoke glared at Xiao Ken.

"Hehe, I only know that brother gave us a large sum of money. These two boxes are filled with money, right?" Under Yu Xiaoke's influence, Xiao Ken had also become a greedy person.

"It's money, but why can't I ... Take it?" Yu Xiaoke asked, depressed.

"How did you get such a big box? And I saw with my own eyes that one of them was given to you by big brother male thief, so I guess the other one is the same?" Ken said.

"Ken, do you need a beating?" You Xiaoke was furious, "I won't give you a single cent when we get back, and you won't have dinner!"

"Ah ... Don't ..." Ken cried, ""Can't I praise you for being so powerful?"

"Oh? Was that so? "Alright, I'll let you eat then ..." Xiaoke smiled again.

Ken was speechless. Women in Love are stupid. Even the smart Xiaoke sister has become like this! Luckily, Lin Yi bro was a powerful man-with his help, the orphanage was developing at a tremendous pace, and Xiaoke sis didn't lose out by following him ...

Lin Yi sighed slightly and got into han xiaopo's car.

"Boss, why did she call you male thief? Is that your nickname?" Han xiaopo didn't understand the relationship between Lin Yi and Yu Xiaoke. He didn't dare to say much about Lin Yi in the car. He only said that he was Lin Yi's follower when Yu Xiaoke asked him and didn't know anything else.

"It's not really a nickname, it's an identity I used before. She doesn't know that I'm Lin Yi. " Lin Yi said.

"So that's how it is." Han xiaopo nodded. He was not a gossip person, so he only nodded in understanding. Then he said, ""Boss, where are we going now?"

"Let's go back," Lin Yi's purpose here had been achieved, and he didn't want to stay any longer.

"Alright," he said. Han xiaopo nodded and started the car, heading in the direction of Donghai city.

What Lin Yi didn't know was that Zhong pinliang had set up a stage in the middle of Donghai city's Industry University, with the slogan "battle of courtship" on it.

There's also an explanation below. I'm here to become Chu Mengyao's bodyguard and challenge all the Masters. I'll stand in the ring and not fight back. If anyone can knock me down in ten minutes, I'll give you 1000 Yuan. If you can 't, you'll have to pay 1000 Yuan! Of course, he could only use his fists and legs, and he couldn't use any other methods to push.

One had to admit that pinliang's gimmick was quite accurate. Getting a thousand Kuai after beating someone up was a great thing, and this was exactly what pinliang wanted. This way, he'd be invincible, and Mengyao and Yushu wouldn't be able to object even if they wanted to. Pinliang could say that he was the most powerful person right now, the one who could protect Mengyao the best. No one could beat him up, and he didn't have the right to be a bodyguard. Who was more qualified?

A bodyguard not only needed to have good skills, but more importantly, he had to take a beating for his employer at the critical moment!

Pinliang had spent a whole night thinking of this idea-he wasn't as stupid as he used to be anymore. He couldn't just sit around and wait if Yushu didn't give him an answer. He couldn't afford to wait if Yushu decided to extend the test indefinitely!

He'd probably be on the bed with Mengyao by then, and Lin Yi wouldn't even be able to get to the top! Therefore, he had to choose to attack.

At the start, there were a lot of people who wanted pinliang's offer of a thousand Kuai-they thought that if pinliang didn't fight back, he'd be able to knock him down with a few flying kicks. He didn't even need ten minutes! Therefore, they all signed up for it.

However, the reality wasn't as they had imagined. Pinliang was like an unkillable cockroach. The punches that landed on him didn't seem to cause him any damage at all. Although it wasn't like hitting a rock, after a long time, his fists and feet were still sore. Pinliang, on the other hand, was still standing there, looking down on everyone!

Some of the students even kicked pinliang in the crotch, but it was still a tragedy. Pinliang was completely fine, but his leg was in so much pain from the force!

In short, no one could beat Zhong pinliang in ten minutes, not even make him look like he was in pain!

And so, after these people helplessly handed over a thousand Kuai, the number of people who went up to the test started to decrease. The conditions seemed to be in their favor, but everyone understood one thing-one couldn't do anything without a diamond. If pinliang could say something like this, he must have been prepared!

Mengyao saw the news on the school's BBS forum immediately and frowned. She was a little annoyed at pinliang's sensationalism, but he had done that many times in high school.

"Shu, why do you think pinliang's so annoying? Didn't you ask him to wait for the news? Why did he decide to fight on his own?" Mengyao turned to Yushu.

"Ah, liangy seems to have become smarter. He knows that I'm messing with him, so he's stalling for time indefinitely. He's trying to force me to abdicate ..." Yushu saw through pinliang's thoughts immediately.

"Then what do we do?" Mengyao asked.

"Shu doesn't have a choice, we'll have to wait for shield bro to make his move!" Chen Yushu shook her head helplessly.

"Aren't you the all-purpose Shu? Why can't I do it now? Not omnipotent? Plus, would Lin Yi be able to solve it? Wasn't pinliang supposed to be invincible under Sky Class? Lin Yi can take care of that Golden Cicada underwear thing?" Mengyao asked.
