### Chapter 2541 Not Working Hard At A Young Age

"You've really decided? This isn't a joke. If you break your leg and there are some side effects, not only will you not be able to practice martial arts, even standing up will be a problem." Xiaochen threatened, unwilling to give up.

"Haha, it's fine. I have experience. I'll get used to it if my legs are broken!" Qibing laughed.

"Alright, since you insist, I have no reason to refuse. But I've already told you the consequences. You have to explain it to old master Zhao when you go back." Xiaochen said.

"No problem. Don't worry, uncle. Even if something happens to my broken leg, you won't be implicated!" Qibing didn't know what Xiaochen was thinking, and thought that he was afraid of taking responsibility.

Xiaochen nodded and didn't say anything else as he sent Qibing off. Qibing was in a rush to get back home, but Xiaochen didn't ask him to stay. He didn't like people like Qibing who relied on luck to get to where they were-he got to where he was with just a Qi gathering pill, without any skill at all.

Donghai city was quiet for the whole afternoon, and Lin Yi, Xinyan, and Jingjing walked out of the classroom to the parking lot after school. Xinyan's complexion was fine, just that she'd been a little drowsy. She'd been taking Lin Yi's Chinese medicine this morning and afternoon, and she felt pretty good.

Zhaolong had seen Xinyan with Lin Yi, but he didn't get angry at all. The only thing he could do was to draw circles and curse Lin Yi. He couldn't do anything else, after all. Zhong pinliang was a disciple from an ancient sect, and even he was beaten up by Lin Yi. This was the first time Zhaolong's heart wavered-even if his brother Zhaoming became an elder of the sky elixir sect, would he be able to take Lin Yi on?

Zhaoming knew that he wouldn't be Lin Yi's match if he were to fight on his own. He'd learned a lot from working with coiling Tiger. Refiners had different levels, but they couldn't be used in actual combat. The combat strength was too low, and even if Zhaoming was a Sky Class, he might not be Lin Yi's match.

Plus, even the Hidden House you's Sky Class Masters weren't Lin Yi's match-unless Kang Zhaoming brought a group of sky elixir sect Masters to deal with him, there was no chance at all! Zhaolong felt depressed at the thought.

His self-confidence had also gone from the initial swelling to the point of explosion, to the current disappointment. People were like that. The moment they knew something good, their confidence would be at its peak, thinking that they could do anything. But as time went on, after a few days, everyone calmed down and became worried. Zhaolong was like that.

Lin Yi, naturally, didn't care what Zhaolong thought. As long as he didn't cause trouble for himself, he'd ignore him.

Xinyan slept in Lin Yi's bedroom as usual, and she even took a shower today, but piggybacked Lin Yi while she was showering. She'd agreed to some things, but she'd still stick to her bottom line when it came to things like this ...

After Chen Xi returned home safely, mother Chen moved out of the house. Their living conditions were much better now. She was taken care of by fatty Lai and entered the branch company of miracle doctor Guan medical company in Songshan as a warehouse keeper. It wasn't a position that required any

professional skills, it wasn't tiring and the pay was high. Usually, only people who had connections with the boss could take on this position.

Although he often had to work the night shift, he had a day off. Most of the time, he would sit in the office with his colleagues and read the newspaper to pass the time. He would only do something when the company's salesman brought people to pick up the goods, so he was very relaxed and not tired at all.

Mother Chen was very grateful to Lin Yi for all of this, and she often told Chen Xi to be grateful and to study hard to repay Lin Yi.

Chen Xi naturally knew about this, but she wanted to repay her mother in another way. If mother Chen knew about this, she'd scold her for not learning well at such a young age ... But there was nothing she could do. After spending so much time with a tough girl like Ying Ziyu, Chen Xi's pure heart had been affected.

Zhao Guangyin's sudden appearance made mother Chen give up. She saw through Zhao Guangyin's ugly face. It was a scam to lure Lin Yi to his death. Mother Chen gave up on Zhao Guangyin and moved out with Chen Xi.

Ziyu's place wasn't bad-it wasn't high class or low class. The old couple downstairs were going abroad with their child, and the two houses opposite were for rent. Mother Chen rented one, and Grandpa Zhu rented the other.

In fact, mother Chen was completely unnecessary-guangyin wouldn't appear in front of her again, and with his personality, he'd be done once he'd made use of her. Wouldn't he be waiting for Yu Xiaojin to go crazy if he continued to contact her?

Besides, with elder Zhu around, it didn't matter where they moved to. However, after moving here, Chen Xi moved into Ziyu's house. She had a good reason-they could help each other with their studies.

Chen Xi's mother had to work the night shift sometimes, so she didn't have time to take care of Chen Xi. Naturally, she didn't object to Chen Xi's decision at all, and so Chen Xi's pure little brain started to get corrupted by Ying Ziyu again.

"Xi, you're first in the whole grade this time, aren't you going to report to Lin Yi bro?" Ziyu was drinking milk on the bed, kicking Chen Xi who was reading.

"Ah ... I'll give Lin Yi bro a call, is that okay?" Chen Xi was hesitating, but after Ziyu's words, she really wanted to do it.

"What's wrong with that?" Ziyu didn't care at all, "Xi, it's not that I want to criticize you, but Lin Yi bro has so many pretty girls around him, when will it ever be your turn if you don't make the first move? Haven't you heard of this saying? If you don't want to sit in a BMW Mali cry in the future, you have to work harder now!"

"Not working hard when you're young? This seemed to be about studying, what did it have to do with this ... And why was he sitting in a BMW Mali crying? I don't have a BMW. " Chen Xi didn't understand what Ziyu was saying.

"Isn't it the same? He's saying that if you don't work hard to pursue Lin Yi bro now, you'll regret it when you grow up and cry!" "Lin Yi bro's been so nice to you, he'll definitely buy you a BMW in the future, but he'll still treat you like a sister, and that's why you're sitting in the BMW Mali crying."

Chapter 2542 Brother Dafeng's Trouble

Chen Zhao didn't know what to say-Ziyu's theory was way too strong, but she really was starting to panic. Ziyu's words were a mess, but they weren't crude, were they? "Should I ... Make a phone call?" she asked weakly.

"Yes, yes, hurry up and call." Ziyu threw the milk box into the bin accurately, then rubbed her chest, a little depressed. "Why doesn't my milk grow bigger after drinking so much milk?"

Chen Xi's face reddened. "Ziyu sis, what are you talking about ..."

"Hey, Xi, you need milk too-Lin Yi bro likes big-bobbed girls, after all." "Look at Shu-Jie beside him," Ziyu said. "How big are her breasts?"

"Ah?" Chen Xi paused, looking down at her chest. Then, for some reason, she picked up a carton of milk, looked at it, and put it down. Just as Ziyu was about to nag her again, Chen Xi picked up the papaya yogurt.

"I didn't expect that, little Xi. You've amazed the world with a single brilliant feat, and you've suddenly opened your aperture?" Ziyu said, surprised.

"No... I like yogurt more ..." Chen Xi's face was hot, and she didn't dare to admit it.

"Oh, then you can have that strawberry yogurt." Ziyu pointed at the strawberry yogurt drink.

"Uh ... I ..." Chen Xi's face was even redder.

"Haha, I'm not going to tease you anymore, hurry up and call Lin Yi bro!" Ziyu said.

"Oh ..." Chen Xi let out a breath of relief. He took out his phone and dialed Lin Yi's number.

Lin Yi was boiling medicine for Xinyan in the kitchen when his phone rang. He picked it up without even looking at it. "Hello, how are you?"

"Big brother Lin, I ... I'm Lil Xi ..." Chen Xi was a little nervous. After all, she didn't have pure intentions.

"Oh, Xi. Haha, I've been busy these days, so I didn't have time to pay attention to you and Ziyu's studies. Can you adapt to the high school curriculum?" Lin Yi asked. He'd never been to middle school, but he'd heard from Mengyao that the curriculum was different from high school. High school was much more difficult, and some students wouldn't be able to get used to it.

"Yes, yes, Ziyu sis and I are both fine." Chen Xi didn't know what to say to Lin Yi, but Lin Yi took the initiative to talk about studying. Chen Xi was very happy and followed Lin Yi's lead, "I got first place in my grade this time, and Ziyu-Jie was amazing too, she got fifth place!"

"Oh? It's that powerful?" Lin Yi was a bit surprised-Chen Xi getting first place wasn't that big of a deal, to be honest. After all, she was a good student to begin with, but Ziyu getting fifth was a bit of a shock. "You didn't copy it, did you?"

"Ah?" Chen Xi was stunned and stammered after a while, ""I ... I'm first. Who ... Who are you copying from?"

"No, I'm not talking about you, I'm talking about Ziyu ..." Lin Yi said.

"Lin Yi bro, am I that weak? Can't I just study?" Ziyu had been eavesdropping the whole time, and she wasn't happy to hear that Lin Yi was doubting her grades. "Why don't you trust me?"

"Uh ... I'm just saying." "How about this, I'll treat you guys to a meal when I'm free to reward you guys. Your grades are good, keep it up." Lin Yi smiled bitterly.

"En ..." Chen Xi heard that Lin Yi was coming and was very happy, ""Then, big brother Lin, I'll hang up first. You can go back to your work ..."

"Alright, goodbye." Lin Yi hung up.

Chen Zhao's face was red as he held the phone. He heaved a sigh of relief. He was so nervous!

"Xi, what's wrong with you? Why didn't you say more? He hung up just like that? Really!" Ziyu said, pissed.

"Ah? Then what's there to say? aren't we done?" Chen Xi asked carefully.

"What's there to say, just say whatever you want. You really don't know how to treasure your chances ..." Ziyu said helplessly.

"Then ... Then I'll call back?" Chen Xi didn't know what to do.

"Fight again? What did he say?" Ziyu was amused.

"I don't know ..." Chen Xi didn't know what to say.

"Forget it. Next time, you'll learn from me. If I don't help you, you'll cry your whole life." Ziyu said.

"Okay, okay. Thank you, Ziyu sis." Chen Xi nodded seriously and said gratefully.

Ziyu stood up, ""I'm going to take a shower and sleep ..."

Lin Yi wasn't feeling very calm after hanging up-Ziyu's voice made him feel like there was a rock pressing down on his heart, reminding him of the pangolin ...

Picking up his phone, Lin Yi dialed Dafeng bro's number. He didn't know how things were going on Dafeng bro's side, did he completely control red conch's power in the country? Could he find out the stronghold of the red conch in foreign countries? could he find information about the pangolin?

"Mr. Lin ..." The phone rang four or five times before it was connected. Brother Dafeng's respectful voice was heard.

"Dafeng, how's the situation? You've become the great master, right?" Lin Yi asked faintly.

"Thanks to Mr. Lin, I've become the big boss of the red conch country's stronghold ..." Brother Dafeng paused for a moment before he smiled bitterly. "However, there's a problem ..."

"Oh? What do you mean by that?" "I've already laid out the path for you, you still can't handle it?" Lin Yi asked.

"Mr. Lin, I can't do anything about it. The headquarters might not trust me to monopolize the power. Although they didn't promote the second and third-in-charge, they parachuted a military advisor from the headquarters. He said he was a military advisor, but he had the same power as me. I had to discuss everything with him. Moreover, he came from the headquarters, so his authority was higher than mine ..." Brother Dafeng said helplessly. "He's the one making most of the decisions in red conches. I can't even interfere ..."

"Oh? Is it like this?" Lin Yi frowned. It seemed that he thought things were a little too simple back then. He thought that after getting rid of the leaders in red conches, Dafeng bro would be able to take over the position and have all the power, but he didn't expect the headquarters to send an airborne soldier.

However, after thinking about it carefully, there was nothing wrong with it. In the past, the red conch stronghold was controlled by three leaders together. Now, only brother Dafeng was left. Whether it was out of trust or to balance brother Dafeng's power, it was normal for the headquarters to send another person.

"Yes ..." Brother Dafeng smiled bitterly. "I also want to complete Mr. Lin's task as soon as possible, but I'm helpless. No matter what I do, that military counselor is watching me ..."

Chapter 2543 Patriarch Xuanchen's Fury

"If that's the case, then you should bear with it for a while and see if there's a chance to win him over or kill him." Lin Yi said after some thought.

"Boss, I can't win him over. He's the military counselor of the headquarters, and it's a waste of his talent to come down. He's acting arrogantly and doesn't treat me as the chief at all. He's the one who makes the decisions ..." Brother Dafeng said bitterly, "And he's a Sky Class, how am I supposed to kill him? Ordinary people can't kill him ..."

"..." Lin Yi was stunned. He didn't think that this advisor Jun was this strong, a Sky Class master. This was out of Lin Yi's expectations. He thought about it and said, "Alright, then. Bear with it for now and save your strength. Just don't let him kill you. I'll think of another way."

"Alright, boss, I'll be careful." Brother Dafeng quickly said.

Lin Yi hung up the phone and shook his head. It didn't seem like things were going as smoothly as he thought. Dafeng bro didn't control the power in red conch country. On the contrary, he didn't seem to be as carefree as the bar branch's boss. He was the boss in name now, but in reality, all his power was taken away by advisor Jun!

But it wasn't surprising-this advisor was sent by the headquarters, and he was a Sky Class master-why would he care about an Earth Class early phase like Dafeng?

It seemed that he had to think about the armadillos for a long time-if it didn't work, he'd have to find an opportunity to kill the military advisor! I wonder how strong he is at the heaven rank? But no matter what, as long as it was a Sky Class, it couldn't be weak. If it was a Sky Class, unless Lin Yi used a sneak attack or a Qi bomb, he didn't have much confidence in winning.

And so Lin Yi wasn't in a rush. He had to find the pangolin, but he had to plan first. If he acted rashly, then he'd be an idiot. Even if Ziyu knew the truth, she'd blame him for taking the risk.

Xinyan finished her shower just as Lin Yi finished making the medicine, and the faint scent of a girl's body and shower gel wafted from her body. Lin Yi couldn't help but take in a deep breath-he couldn't get enough of this smell, and every time he breathed it in, he felt refreshed. If it weren't for the fact that he knew it was good for practicing, he would've thought it was a drug ...

Xinyan was in the middle of drying her hair when she saw Lin Yi standing beside her. She jumped at the smell of her body."Ya, what are you doing ..."

"Uh ... I'll get you the medicine ..." Lin Yi said awkwardly.

"You need to cultivate, we'll talk about it in the room, it's not good here ..." Xinyan lowered her voice and glanced at Mengyao and Yushu who were watching TV not far away.

"Hehe, sure." Lin Yi said as he handed the bowl to Xinyan.

Wang Xinyan was a little sleepy after the medicine, but Lin Yi's medicine had a hypnotizing effect as well, so he didn't think much of it. After Wang Xinyan went into the room to sleep, Lin Yi greeted Chu Mengyao and Chen Yushu and entered the room as well.

Lin Yi wanted to study the black steel rod, but it seemed that training was more important. He wasn't a Sky Class yet, so there was no point in studying weapons. Even if the black steel rod could break through a practitioner's Qi protection, it was only effective against lower-level practitioners. It was fine against inexperienced people like you Panhu and Zhao Qibing, but against those old-timers, wouldn't they try to Dodge or take it from you if they saw that you could break through the Qi protection?

So this thing wasn't very useful to Lin Yi for the time being-he had no use for practitioners under Sky Class, and fighting Sky Class and above with this thing was just asking for trouble. A Qi-infused weapon was enough to send Lin Yi flying-there was no use for it.

Lin Yi got on the bed and hugged Xinyan gently. He started the second stage of the art of Dragon mastery, preparing for the new night, both happy and in pain ...

Pain was because the beautiful girl in his arms could not be touched, and happiness was because his strength was improving rapidly ...

In that place, patriarch xuanchen was furious as he looked at taganlong, who was lying on the sickbed. Even patriarch xuanzhen was helpless when he came out of seclusion. Taganlong's injuries were so severe that his life was hanging by a thread. He did not know who could be so vicious to turn an important chess piece in his plan into such a state!

Other than ta ganlong, who was the bright one, there were also spies in that place. After all, this plan had been planned for decades and could not be allowed to fail. Even so, the bright one's destruction had an impact that could not be ignored!

Although there was a spy, the spy had a huge flaw. Not to mention his physique, there was a huge flaw in his interaction with the other inheritors, which was why patriarch xuanchen was so angry!

"Second brother, is there really no other way for taganlong?" "What's wrong?" patriarch xuanchen asked, unwilling to give up.

"There's no other way ..." Patriarch xuanzhen shook his head. "At least for now, there's no way. I'm also looking up some ancient books, but in general, there's still hope."

"Al!" "No." Patriarch xuanchen sighed. "That day is getting closer and closer. If taganlong doesn't wake up before that, we can only let our spies do it ..."

"Third brother, you don't have to worry too much. I will work hard." "If big brother ..." Patriarch xuanzhen said.

Patriarch xuanchen's expression changed immediately, and he became a little embarrassed.

"That's enough, third brother. I don't blame you. The accident back then was just an accident. You don't have to blame yourself. Although big brother didn't contact us all these years, he didn't forget the

ancestral teachings that master left behind. He's also preparing for our sect to return to that level. " "Big brother is also working hard to find a wood-type inheritor ..." Patriarch xuanzhen said.

"I'm fine ..." Ancestor xuanchen smiled unnaturally. "It's okay. If we really can't do it, we'll use our spies ... I hope they won't let us down this time!"

"The spy is still capable. He shouldn't disappoint us." Said patriarch Xuan Zhen.

As the two of them were talking, a disciple outside the door shouted, ""Master, uncle-master, I have something to report!"

"Little one, come in." Patriarch Xuan Zhen said after hearing the noise outside.

"Yes, uncle master!" The person who walked in was patriarch xuanchen's eldest disciple.

"Little one, you're here. What's the matter? I asked you to investigate Zhang naipao, how's it going? Any results?" Asked patriarch xuanchen.

Chapter 2544 Furious Eldest Miss

"Master, this disciple is here to report this matter!" "According to my master's orders, I've done some research-the disciple of the everyday and every day sect, Zhang naipao, was heavily injured in the test, and has been in seclusion up there the whole time. He's never left the mountain, and he's never been to the Wulong hao te mountain range ..."

"En, I already knew about this. When the everyday and every day sect denied it, I already knew that it shouldn't be him." Patriarch xuanchen waved his hand and motioned for small one to continue. This was because the everyday and every day sect was also a sect that had retired from that level. It had a long history, and in terms of overall Foundation and strength, it might not be afraid of that place. Therefore, if they said there was no place, there was no place.

"But, Zhang naipao hasn't been in the sect for long-his name is only very famous in his sect. The other ancient sects, other than the Ice Palace, almost no one knows of him ..." Small one said, ""If the person who injured taganlong said Zhang naipao's name, then it's very likely to be a hidden house, Ice Palace, or an enemy of Zhang naipao in the common world-it can't be anyone else ..."

"Ice Palace? "Impossible ..." Patriarch xuanchen waved his hand and said indifferently, ""The Ice Palace is connected to us, and they know a thing or two about our future plans. They don't know the details, but they won't go against us!"

Little one quickly nodded his head and said, ""Yes, Master. Then, we should ..."

"I need you to investigate two things right now-first, who did naipao offend in the test, and where did he get his injuries! Second, investigate where naipao's hometown is, and go there to investigate, see if we can find the two murderers!" "Especially the woman who took the treasure," the xuanchen ancestor ordered, "see if she's from naipao's hometown!"

"Yes, master!" Little one quickly nodded in response.

"Yes, go ahead ..." Patriarch xuanchen waved his hand and let small one leave ...

Lin Yi was just framing him without thinking too much. He didn't expect the xuanchen ancestor to be so smart and think of so many things based on this clue. He actually managed to find out about Lin Yi so quickly ...

The next morning, Lin Yi carefully put down the sleeping Xinyan and went to the kitchen. Xinyan wasn't awake yet, and she didn't sleep too early before. It was only five in the morning, so it was reasonable for her to still be asleep.

After making breakfast, Mengyao and Yushu came down as well. Xinyan was the last one to wake up, yawning as she walked out of the room.

"Wow, shield bro, why is Xinyan sis so tired? didn't you guys sleep early? Did you wake up in the middle of the night to do something?" Chen Yushu asked in surprise.

Xinyan's face reddened-she knew exactly what Shu meant, but she really wasn't doing anything-she was really tired! However, Xinyan knew that explaining was just a cover-up, and the more you tried to explain, the more it showed that there was something wrong with your guilty conscience. So she blushed and didn't say anything.

"I've done it, alright?" Lin Yi said with a smile. He was trying to break the awkward atmosphere.

"Oh? Did you really do it?" Yushu's eyes went wide. "Shield bro, tell Shu how it felt."

"Bang!"

Mengyao picked up the milk bottle and smashed it on Yushu's head, causing her to fall to the ground. "I'm just teasing you and you're serious? If you really think that way, then you'll know once you do it with Lin Yi!"

"Ugh ... I ..." Chen Yushu cried and got up from the ground, holding her head, ""There's a bump on my head, Yaoyao sis is too vicious!"

"Hurry up and eat!" Mengyao took a deep breath. She'd already accepted Xinyan, and accepted the fact that Lin Yi was looking for another main wife, but the sudden news of Lin Yi and Xinyan doing it still pissed her off. She knew that Lin Yi was probably joking, but she couldn't help it. Now, Shu had become his punching bag ...

Poor Shu.

"Oh, Yaoyao sis's period is coming these few days ..." Chen Yushu covered her head and whispered to Lin Yi.

"..." Lin Yi found it strange. Where did the Miss get her temper so early in the morning?

Wang Xinyan believed Chen Yushu's words after a while. She felt sorry for her, her head was hit so early in the morning ...

Han Jingjing and han Xiaochao had arrived, but no one brought up the previous topic again. They had breakfast together and then drove to school.

Qibing returned to the Hidden House Zhao and went to visit his old man.

Old Zhao was a practitioner, but he was getting on in years. The Qi of heaven and earth wasn't as abundant as Lin Yi's in the Jade space, so he still needed to sleep at night. But when he heard that Qibing had returned, he went to see him immediately.

"Grandpa, I'm back!" After Zhao Qibing entered the house, he took out the martial skill he got from house Yu and presented it to the old man, "This is the technique I got from the Hidden House Yu!"

"En, not bad!" Old Zhao nodded his head in satisfaction, pleased that Qibing had brought out a martial skill the moment he returned. He turned to old Mian and said, ""Elder Mian, make a copy and place it in the Hidden House Zhao's library!"

"Yes, old master!" Elder Mian took the book from Qibing and went to the back room to copy it.

"How is it? Did you cause any trouble at the Hidden House Yu?" Old master Zhao asked.

"There wasn't much trouble. The process of obtaining the martial arts technique was very smooth. Uncle took out two martial arts techniques, one simple and one difficult." Qibing said honestly.

"Oh? Then did you take the easy or difficult one?" Zhao Yu's father raised his eyebrows and asked.

"The one I took was the difficult one. Although it's hard to cultivate, it's quite powerful after the martial skill is mastered!" "Because I know one thing, and that's that only through suffering can one rise above others!" Qibing said.

"Oh, not bad!" Old Zhao was very pleased after hearing that. If Qibing had chosen a simple and easy martial skill, he wouldn't have said anything, but he would be very disappointed in him. Qibing's current actions made him very happy. If Qibing could think this way, then he would be a pretty good heir: "Tell me, what's so difficult and powerful about this martial technique?"

#### Chapter 2545 It's Hard To Break Your Own Legs

"Grandpa, this martial skill is called 'thousand legs'. It's heaven-defying! The first form of a martial skill was twice the power of a normal martial skill. As the level increased, each form would be equivalent to a normal martial skill plus one form. In other words, one form was equivalent to two forms, two forms were equivalent to three forms, three forms were equivalent to four forms, and so on. The most important thing is that the second form can activate two martial skills at the same time. This martial skill is called 'thousand legs' because of this meaning. The first form can activate one leg, the second form can activate two legs, the third form can activate three legs, and so on!" Qibing explained.

"Oh? This martial skill is that powerful?" Old Zhao's eyes were wide open-he didn't think the Hidden House Yu would be this generous, giving Zhao Qibing such a powerful martial skill. He was afraid that the Hidden House Yu would just give him a normal martial skill to brush him off!

"It's strong, but it's very troublesome to train in it ..." Zhao Qibing smiled bitterly, ""The prerequisite is that if you want to practice a thousand legs, you must first break your legs. Break your legs nine times and use one move."

"What? To practice this martial skill, you even have to break your legs?" Zhao Yu's father was stunned, "no way?" Isn't this the same as self-destruction?"

"Yes, but I think breaking my legs nine times is nothing. Grandpa, have you forgotten that my legs have been broken a few times already? it doesn't matter if I break them a few more times!" "Plus, I heard that some people even castrate themselves for cultivation ..." Qibing said.

"Well, that's true ..." Old master Zhao nodded, ""But it's not nine times, right? I remember there were only five times? What are you going to do with your remaining uses?"

"Well ... I'll just break my own legs ..." Pinliang suddenly regretted it-if he'd acted like that with elder bi in front of Lin Yi more, he'd probably break his legs again.

"Not bad, you're ambitious. You're very powerful. That's my grandson!" Zhao Yu's father was very pleased. He gave a thumbs up and said, ""Qibing, I've been observing you all this time, but I've realized that you're a kid who's greedy for enjoyment. Although you've contributed a lot to our hidden house Zhao, I'm not sure if you can take on the responsibility of the house, so I've been hesitating whether I can give you the position of the head of the house, but today, I've listened to you and I've seen your ambition. You're a kid who can endure hardships, and this thousand-kick is very powerful. Then your strength will definitely increase greatly, and our hidden house Zhao will have hope in the future!"

Qibing was surprised and happy at his grandfather's words-he didn't think that the martial arts he chose because he had broken his legs too many times would become his grandfather's decision to make him the young master!

This made Qibing think that he was lucky-if it weren't for Lin Yi breaking his legs so many times, he wouldn't have chosen such a self-torturing technique. It was because he was used to breaking his legs that he ended up like this.

"Grandpa, don't worry. I will train hard and lead the Hidden House Zhao to glory!" Qibing said respectfully.

"En, then you can go back first, I want to rest!" Old Zhao said.

"Ah, wait a moment, Grandpa. I have something important to discuss with you." Qibing said.

"Oh? Is there anything else?" Old master Zhao asked.

"Grandpa, when I went to the Hidden House Yu, I saw uncle's daughter, cousin Yu Ning, and fell in love at first sight. I was thinking, can you ask uncle to let me marry cousin Yu Ning, then we'll be even closer!" Qibing said.

"Oh, I see ..." Old master Zhao didn't show any disgust or joy after hearing this. He just nodded and said, ""I know, I'll think about it. This is a good thing, but I don't know if the Hidden House Yu will agree to this marriage proposal. You know, because of the Qi gathering pill, we're only on the surface with the Hidden House Yu, and I'm surprised that you're able to get the martial arts skill. If we ask for marriage, I'm afraid that the Hidden House Yu will reject it, and it'll be bad for the Hidden House Zhao's face, so we have to think about this!"

"Yeah, Grandpa, that's why I didn't make this request to the Hidden House Yu directly-I wanted to discuss it with you." Zhao Qibing was shocked-he really meant it this time. The Hidden House Yu's Princess was not only beautiful, but more importantly, if he married Yu Ning, his position as the Head of House Zhao would be secured. Wasn't his father Zhao Guangyin the same?

"You can go back first. I know about this." Old Zhao waved his hand, signaling for Qibing to leave.

"Yes!" Qibing didn't dare to say anything more and quickly left.

In fact, old master Zhao and Zhao Qibing had the same thoughts. He also thought that if Zhao Qibing could marry Yuning, then there would be less resistance when he pushed Zhao Qibing to the top. So this thing could really be manipulated ...

After Qibing went back, he took out the "thousand legs" martial skill and started studying his legs. Breaking his legs nine times was too cruel, and most people wouldn't be able to do that, but in order to master this martial skill, Qibing had to break both his legs.

Qibing found a large hammer, clenched his teeth, closed his eyes, and smashed his leg ...

"Bang!"

"Aooo!"

Qibing cried out in pain, but his leg wasn't broken. Other than a bruise, there was no other injury. Qibing was an Earth Class early phase now, after all, and he had his Qi to protect his body. When he was injured, he unnaturally used his Qi to protect himself, and the hammer didn't break his leg, but he was in so much pain that he was sweating.

"Damn it, it hurts so much. This broken leg isn't something that ordinary people can break!" Qibing gritted his teeth in pain-Lin Yi broke his leg so easily, but he didn't. It seemed like this was a technical job!

Qibing waited for a while before gritting his teeth and raising his hammer again. This time, he avoided using his Qi to protect himself. Another "bang!" Pinliang threw the hammer away and started jumping on the ground,"It hurts, it hurts, it hurts. It's broken this time, right?"

However, after waiting for a while, Qibing realized that other than a bump on his leg, there was no sign of it breaking. He started to frown! Why was it so hard to break his legs? when Lin Yi broke his legs, he broke them in an instant, but when it came to himself, it was no longer possible

Chapter 2546 You Called?

"Forget it, I'll go find Lin Yi tomorrow morning, he has experience!" Qibing threw the hammer away and limped to bed. As for training, he rarely did it-why would he need to train when he had pills?

Although the pill was very precious, the hidden Zhao family was doing their best to nurture him. He might be able to buy better pills in the future.

Above the small Qi gathering pill was the Qi gathering pill. According to legend, there was another kind of pill above the small Qi gathering pill that could increase one's strength after taking it. However, the recipe for this pill had gone extinct, so it rarely appeared in the cultivation world. Some were found in some ancient ruins and were not easily sold!

Although this elixir was a second-grade elixir, it could only be refined by a cultivator who had reached the peak of the second grade. Even so, it was easier to refine than the third-grade elixir, the Qi-gathering elixir. It was just that no one could refine it without the elixir recipe.

The next morning, Zhao Qibing was already waiting in his car at the entrance of Donghai city's Industry University. He saw Lin Yi's Grand Cherokee driving over from afar, and he ran over quickly to stop Lin Yi's car.

"Stop the car!" Qibing yelled.

If they weren't in front of the school gates, Lin Yi would've hit the gas already. Was this kid sick in the head?

"What are you doing?" Lin Yi stopped the car and looked at Qibing coldly. "Get lost, I don't want to beat you up today, I have to go to class!"

"No!" Qibing yelled.

"You didn't take your medicine today, did you? you think an Earth Class early phase is strong enough, do you? do you want to follow in elder Bi's footsteps?" Lin Yi frowned, but he was surprised that Qibing had suddenly become an Earth Class early phase. Did he eat all the Qi gathering pills he sold?

"Ugh, I don't want to ..." Qibing jumped-he was here to break his legs, not to be disabled! If he became like elder Bi, he wouldn't even need to train his legs anymore-he'd just be lying on the bed waiting for death.

"What are you doing here if you don't want to?" Lin Yi felt that there was something wrong with Qibing today.

"Uh ... Actually, my legs are a little itchy. Can you help me break them?" Qibing said after some hesitation.

"?" Lin Yi looked at Qibing and frowned, "It's not that you didn't take your medicine, you've taken the wrong medicine! Hurry up and scram to the side, don't come here and say some ridiculous things!"

"Boss Lin Yi, I ... I didn't say anything weird, it's just ... My leg is really itchy, I want to break it, can you help me?" Qibing panicked-why wasn't Lin Yi angry today? Lin Yi would've been pissed off by now if she'd been showing off in front of him all this time.

"Break your legs if they're itchy, don't come looking for me!" Lin Yi started the car and charged at Qibing. Qibing was an Earth Class early phase now, and as long as he wasn't caught off guard, the car wouldn't be able to kill him with his Qi protection.

"Ah ... Don't ..." Zhao Qibing saw that Lin Yi was driving at him and jumped in shock. He quickly dodged to the back but then he remembered that he was an Earth Class early phase and the car wouldn't kill him. He was unwilling to give up and jumped on Lin Yi's car, ""Boss Lin Yi, if you don't agree, I'll keep holding onto your car and follow you wherever you go until you agree!"

"Are you a pain in the ass?" Lin Yi was pissed as well. He stopped the car and grabbed Qibing by the collar, pulling him out of the car and throwing him on the ground, "You're not letting go of my car, are you?"

"That's right, if you don't break my legs, I won't let go!" Qibing started to sing shamelessly, "I'm not letting go, I'm not letting go, I'm not letting go ..."

"Oh, okay, I know." Lin Yi walked to Qibing's side and lifted his foot, and under Qibing's happy eyes ...  
Tragedy!

Lin Yi didn't land on Qibing's legs, but his arms!

Two cracking sounds could be heard-Qibing's arms were broken by Lin Yi.

"Oh my God ... It hurts ..." Qibing's arms were broken, and he started to wail.

"Your hand is broken. I'll see how you're going to hold on to my car and not let go!" With that, Lin Yi got back into the car and drove straight into the school's parking lot, not caring about Qibing.

"Wahahahahaha, I'm dying of laughter ..." Chen Yushu saw the whole thing from the car and burst out laughing, ""Zhao Qibing's feeling great this time, he wanted to break his leg, but now his hand is broken ..."

"..." Chu Mengyao was speechless. Zhao Qibing was too unlucky to meet someone like Lin Yi who didn't play by the rules. It was destined to be a tragedy. But she was confused, ""Zhao Qibing isn't stupid, why would he suddenly come and make such a stupid request?"

"I'm not sure, but it's definitely something good for him. Otherwise, he'll be crazy. " Lin Yi said faintly. He wasn't in the mood to care about Zhao Qibing's business, but he didn't want to listen to his orders for no reason. So Lin Yi didn't break Zhao Qibing's leg, but broke his arm.

After parking the car, Lin Yi, Jingjing, and Xinyan went to the biology Building for class, while Mengyao, Yushu, and Xiaochao went to the economics building. Only the tragic Zhao Qibing was left lying in front of the school, wailing in pain. His hand was broken, and he couldn't even call his family to come and pick him up ...

Pinliang and Xiaofu packed their stuff and got ready to go when they passed by the school gate. Xiaofu was surprised to see someone lying there. "Liang bro, why's there a guy over there?"

"Who cares? let's hurry up. I can't wait another minute. I want to go up the mountain!" Pinliang said impatiently.

"Oh, okay ... Eh? "Liang bro, that guy ..." Xiaofu called out in surprise as his car got closer.

"Are you done?" Pinliang slapped Xiaofu in the face. "Don't you think it's embarrassing enough? I was beaten up by Zhao Qibing from a hidden house! I need to go up the mountain and get help from Sifu so I can get my revenge!"

"Oh ... I ..." Gao Xiaofu covered his face and said, ""Liang bro, that guy on the ground, he's Zhao Qibing ..."

"What?" "What?" pinliang blurted out, pissed off. Hurry up and stop the car!"

"This ... Good!" Xiaofu stopped the car immediately, speechless.

## Chapter 2547 Wrong Place

Xiaofu thought to himself, "you're the one who didn't want me to say it. You even slapped me, I'm so unlucky ....." But he didn't dare to say it to pinliang, or he'd get another slap in return.

Pinliang didn't care how Xiaofu explained himself and jumped out of the car. He saw Qibing lying in front of the school gate, wailing. His arms were twisted unnaturally, and he didn't know what happened, but he was definitely injured!

This was a Godsent opportunity! Pinliang was overjoyed as he dashed over like a rocket and kicked Qibing in the face. "F \* ck your grandma, aren't you very powerful? Aren't you awesome? You're finished too, aren't you?"

"Ah?" Qibing was thinking that he could get up and run back to his house on foot after his arm got better, but he didn't expect a leather shoe to step on his face while he was resting. It wasn't that painful, but it gave him a shock!

"Who is it?" Qibing turned around and saw pinliang. He quickly used his Qi to protect himself, "Zhong pinliang, what are you doing here?"

"Hmph, I've finally found your weak point, haven't I? Aren't you going to beat me up? Aren't you very capable? Why aren't you acting anymore?" Pinliang laughed as he continued to kick Qibing's face, but this time Qibing had his Qi protecting him, allowing him to defend against pinliang's attack.

"You can't do anything to me even if I break my arm. Lin Yi won your weapon, what can you do to me?" Zhao Qibing had also heard the news, so he wasn't afraid.

Pinliang kicked him for a long time before remembering that Qibing was an Earth Class early phase with his Qi protecting him. Lin Yi could beat him up, but pinliang couldn't do anything to him! But an idea came to pinliang-he saw Qibing's bent arm and stepped on it with his foot!

"Hiss ..." Qibing took in a cold breath, cold sweat dripping down his back!

He had Qi to protect his body, but that was all it could do to protect him from pinliang's attacks. This arm, however, was different-the force of the attack was removed, but pinliang's kick had shifted his arm. The arm was already broken, and the pain would naturally increase if it shifted.

Pinliang was overjoyed to see that it was working-he kept kicking Qibing's wound, but Qibing was a practitioner, after all, and he could still endure the pain. It was just a simple wound, and so Qibing hmped,"If you want to torture me like this, you can do whatever you want. It's just a little pain, I can still bear it. You can continue ..."

Pinliang lost interest after hearing what Qibing said. In fact, he was a little annoyed as well. He could tell that Qibing was in pain, but not to the point of crying for his parents. Pinliang lost interest in Qibing and went back to the car.

"Drive, drive past him." Pinliang wanted to piss Qibing off-he knew that he wouldn't be able to kill him, but getting a car drive over him wasn't going to be a good feeling.

"Alright," he said. Xiaofu quickly started the car and drove right past Qibing. Qibing had his Qi protecting him, but he still got a lot of tire marks on his body.

However, when he saw where the wheel mark was, he almost cried! F \* ck, isn't this my leg? If I didn't use true Qi to protect my body, wouldn't my legs have been crushed by the car?

With that thought, Qibing quickly shouted, "Wait a minute, wait a minute!"

Pinliang frowned and stuck his head out of the window, looking at Qibing on the ground. He asked impatiently, "What's wrong? You haven't had enough yet, and you want to get run over by my car again?"

"Right, right! It's like this!" Zhao Qibing quickly nodded. "You can just reverse the car now. Just like before, aim at my leg and run over it."

"Are you crazy? Alright, I'll satisfy you. " Pinliang didn't know what Qibing meant, but he still ordered Xiaofu, ""Reverse the car and run back the way we came!"

"Yes, Liang bro!" Xiaofu thought that Qibing's brain must be fried. Was there something wrong with him? why would he ask someone to run over him? Wasn't this sick? However, he followed pinliang's order with determination and reversed the car.

But Xiaofu wasn't Zhao Qibing, he wasn't a professional racer. His driving skills weren't bad, but he wasn't that good at reversing. So, when he ran over Zhao Qibing, he didn't go straight and rolled over Zhao Qibing's feet!

"Oof ..." Zhao Qibing wailed and almost exploded, ""F \* ck you, Zhong pinliang! I told you to roll over my leg, what are you doing?"

This time, he didn't use true Qi to protect his body, so both of his feet were broken. It was extremely painful, but of course, he was more furious.

"Why do you have so many things to do?" Pinliang's status was different from before, and he didn't dare to argue with Lin Yi, but it was different for Qibing. He was just a hidden house Zhao disciple, what was the point of acting all high and mighty?

"Xiaofu, start the car! Ignore him!" Pinliang said impatiently.

"Yes, Liang bro!" Xiaofu replied immediately and started the car again. The car rolled over Qibing's feet again when he wasn't paying attention. Qibing wanted to use his Qi to protect his body, but it was too late. His leg was fractured even more severely. He couldn't even stand up now, so he could only crawl back ...

"Zhong pinliang, just you wait! You'll die when I finish my thousand legs!" Qibing cursed in his heart, but he didn't dare to say it out loud.

Pinliang's car sped away, disappearing from the school gates. Qibing, on the other hand, was extremely depressed-what an unlucky day this was! Qibing regretted not checking his Almanac before leaving the house-how could he be so unlucky?

At first, he wanted to get up and run back after he had rested, but now his legs couldn't run anymore. He could only crawl, but if he crawled back, not only would he lose face, but the Hidden House Zhao would also lose face. How could they continue to live in Eastern Sea city?

Qibing, who was in despair, suddenly saw a familiar face driving towards them in a sports car. It was right coiled Tiger!

"Right coiling Tiger, right coiling Tiger!" Qibing quickly shouted.

"Eh? Wasn't that Zhao Qibing? What's wrong? Why was he so miserable? Did Lin Yi or Zhong pinliang beat you up?" Right-hand Panhu asked the yellow-haired man to stop the car and looked at Qibing with a strange look, "What are you doing at the school gate?"

Chapter 2548 Ying Ziyu's Suitor

"HM ... First, I was beaten up by Lin Yi, then by Zhong pinliang ..." Zhao Qibing didn't hide anything from right Panhu. He could investigate these things if he wanted to, so he told him the truth.

"Then you're really unlucky." Youpan Hu didn't gloat, but felt a burst of sympathy. After all, these two people were existences he couldn't afford to offend. He would be equally unlucky if he encountered them.

"Yeah, can you call my family? I can't go back, my hands and feet can't move anymore ..." Qibing smiled bitterly. "Do me a favor, and I won't mind you calling me here to get beaten up, and we'll forget about our grudges."

"Alright!" Youpan Hu agreed readily. He didn't want to start a feud with Zhao Qibing either. He was forced by Zhong pinliang before, so he tricked Zhao Qibing into coming here to get beaten up, but now that there was a chance to ease the tension, he wasn't stupid enough to give it up.

So, you Panhu made a phone call according to Zhao Qibing's instructions and asked, ""Now, do you need my help?"

"It's fine, I'll just wait a bit ..." Zhao Qibing shook his head, ""Many thanks."

"You're welcome," Yu Panhu was just being polite and let the yellow-haired guy drive into the school.

After a while, old Mian flew over and brought Qibing back. After getting to the bottom of the matter, he gave Qibing a small recovery pill with a helpless face. There were still many of these hidden rank two pills in house Zhao, and they all came from the practitioner's market.

Zhao Qibing, who had returned to normal, went to look for his old man gloomily.

"Qibing, what's wrong with you? didn't you say you could break your own legs? Why are you looking for Lin Yi again?" Old Zhao's face wasn't looking too good. Although Zhao Qibing was fine, he had lost the face of the Hidden House Zhao!

"Grandpa, I had no choice. I tried a few times yesterday, but I didn't succeed. I had to hit myself. How much courage did I need?" Qibing smiled bitterly, "Lin Yi was the one who broke my legs before, clean and neat, so I thought of looking for him, but who knew that this guy wouldn't play by the rules and broke both my arms."

"That Lin Yi always doesn't play by the rules, you know that, don't you?" Old Zhao didn't even dare to go against Lin Yi himself, so Qibing was at a disadvantage. He could only accept it, "Forget it. What do you want to do?"

"I ... Grandpa, can you help me?" Qibing asked after some hesitation.

"Me?" Old Zhao looked at Zhao Qibing's legs and his face twitched! He was Sky Class, but breaking his grandson's legs with his own hands was something he couldn't do-this was why he couldn't kill Qikun himself, and so he had to use the sky elixir sect's power to make an accident happen during the test!

After all, these were his grandsons. He couldn't bear to do this to them! But this time, it was to help Qibing with his training, so he didn't hurt him. So, after some thought, he said, "I'll think about it and adjust my mentality. "

"Alright," he said. Zhao Qibing nodded, "I'll take my leave then, you can rest, Grandpa."

.....

Songshan's first school had a new transfer student today.

It wasn't unusual for a transfer student to show up at a high school like Songshan's first school, but this transfer student was different. When he arrived at the school, there was a grand entrance, with four black Mercedes cars leading the way. In the middle was a Rolls-Royce, and behind the Rolls-Royce were four Audi Q7s. It looked like a rich man's wedding.

A young man wearing sunglasses and dressed in a cool manner got out of the Rolls-Royce in the middle. This man was Chen Xiaoba, the only son of the mafia boss of the neighboring city.

"Ying Ziyu, I've finally found you!" When Chen Xiaoba got out of the car, he looked at the plaque at the school gate with a smile.

Chen Xiaoba was one of Ying Ziyu's suitors, and it all started a few days ago.

Chen Xiaoba had come to Songshan with a few friends, and when they were eating at a restaurant, he saw Ying Ziyu teaching a pervert a lesson-she was so cool that Chen Xiaoba was completely mesmerized!

He was a gangster himself, and he was very interested in girls like Ziyu, who were a little aggressive but different from bullies. He tried to talk to her, but she didn't even respond. She just paid the bill and left with Chen Xi.

Chen Xiaoba was a rich second generation, but he wasn't stupid. He didn't know who she was in Songshan, and he didn't dare do anything inappropriate. He only took a picture of her, planning on investigating her background.

With Chen Xiaoba's background and power, it was too easy to investigate a person. Soon, Ziyu's information was in front of him!

Ziyu, female, sixteen, graduated from Fushan high, the big sister of one of the three big forces there. She'd never had a boyfriend before, and was studying hard at Songshan's first school, turning over a new leaf. She had one of the big four, zou ruoming, to protect her.

Chen Xiaoba's eyes lit up when he saw this girl who had never had a boyfriend. Great, how could he let go of such a high-quality girl? It was zou ruoming's information.

Zou ruoming, male, twenty years old, one of the big four tyrants of Songshan's first high school, repeating a year. Father zou Tiandi, a famous entertainment tycoon in Songshan, half-black business, older brother zou ruoguang, North District gangster leader.

"Tsk ..." Chen Xiaoba looked at zou ruoming's information and laughed coldly. A family like zou ruoming's was nothing more than a hooligan in Chen Xiaoba's eyes. He didn't know what relationship zou ruoming had with Ying Ziyu, and why he was protecting her in school, but Chen Xiaoba wasn't worried at all. He believed that zou ruoming wouldn't dare to interfere if he was the one pursuing Ying Ziyu.

In fact, his guess was right-ruoming didn't dare warn Chen Xiaoba after knowing who he was, since he couldn't afford to mess with him!

Chen Xiaoba had started a Love Attack on Ziyu the first day he came to Songshan's first school, and Ziyu didn't get tired of it. She'd looked for zou ruoming to ask for help, but the guy told her the truth, "Miss Ziyu, I really can't protect you. Who knew that he came here for you ..."

Chapter 2549 Getting His Wish

"Oh? You can 't?" Ziyu blinked. As far as she knew, house zou was a pretty strong house in Songshan-they could handle almost everything in the Mafia. This was also why the boys didn't harass them, but Chen Xiaoba's arrival broke that balance.

"Yeah, Chen Xiaoba's father, Chen bawang, is a temporary mafia boss, much bigger than house zou ..."  
Ruoming said, embarrassed. "Miss Ziyu, I didn't have a choice-the enemy is too strong, should we inform boss Lin Yi?"

Ziyu frowned-she didn't want to trouble Lin Yi over these small things, since he wasn't in Songshan right now, and going back and forth wasn't convenient. She thought of li Cihua, who was one of the big bosses in Songshan, and she had his contact number as well, just that she'd never used it.

"I'll ask li Cihua," Ziyu said. If it wasn't necessary, she didn't want to trouble Lin Yi over something like this, as if she had a lot of things to do with Chen Xi.

"That's fine. Cihua bro's status is similar to Overlord Chen 's-his words should be effective. " Ruoming said with a nod.

And so, Ziyu called li Cihua and told him what happened. He didn't reject her, only saying that he'd investigate first and give her a reply later.

Actually, Cihua wasn't looking into it-Ziyu had said so, and it was most likely true. There was no need to look into it, and he just wanted to ask Qibing if he was willing to help.

"Hello?" Zhao Qibing had just returned to normal and was resting on his bed. He picked up li Cihua's phone weakly,"Cihua, Didn't I tell you not to call me if there's nothing important? you'll be in charge of the business there."

"Master Bing, there's something I need your opinion on." Cihua said.

"Oh? What was it? You still need me?" Qibing asked.

"Yes, it's like this-Chen Xiaoba is harassing Ziyu, and she wants me to help her out. What do you think ..."  
Cihua said carefully.

"Who's Ying Ziyu? And who is Chen Xiaoba?" Qibing froze, he couldn't remember the existence of these two people in his memory.

"Ying Ziyu is Lin Yi's God-sister, Chen Xiaoba is the son of the temporary mafia boss ..." Cihua explained.

"Wait, what did you just say? Ziyu's Lin Yi's God-sister?" Zhao Qibing heard Lin Yi's name and suddenly perked up. He sat up on the bed and asked, "Are you sure?"

"I'm sure, this is accurate!" "Lin Yi even took her out to get her hair done before. He's pretty good to her, and he even got zou ruoming to look after her in school." Cihua nodded.

"Oh, hahahahaha!" "Haha!" Pinliang burst out laughing, "this is a godsend!"

"What do you mean?" Cihua didn't understand why Qibing laughed all of a sudden, so he asked, "Master Bing, you're saying that we don't do anything and let that Chen Xiaoba harass Ziyu, making Lin Yi suffer?"

"Of course not!" Qibing quickly said, "yes, of course! But wait for my call. Once I give the order, I'll make that Chen Xiaoba get lost!"

"Alright, I got it!" Cihua didn't know what Qibing was so excited about, but since it was Qibing's order, he would naturally carry it out without reservation. He used to be Qibing's direct descendant, and now that Qibing was the hidden heir of house Zhao, he had to follow Qibing's footsteps closely.

Qibing hung up the phone and dashed out of the house. He was smarter this time-he didn't come alone, but brought a follower, Qishi Wu, and a wheelchair. They drove to the engineering University and entered the biology faculty building, where they found Lin Yi's class.

He knocked on the door, and boss Bai opened it with a frown. He looked at Qibing and asked, "Do you have something to say?"

"Nice to meet you, professor. I'm looking for Lin Yi." Qibing said politely.

"Oh, wait a moment." Boss Bai's face relaxed a little when he heard that they were looking for Lin Yi. Lin Yi was a student with special privileges, and it was fine if he didn't listen. If it were other students, boss Bai wouldn't let them go unless it was an emergency.

"Lin Yi, someone's looking for you!" Boss Bai said after returning to the classroom.

"Someone is looking for me?" Lin Yi blinked, but still quickly walked out of the classroom. He was even more confused when he saw Zhan Qibing, "Why are you here again?"

"Boss Lin Yi, it's like this, I have something urgent to report to you ..." Zhao Qibing was afraid that Lin Yi would turn around and ignore him, so he quickly covered Lin Yi with an emergency.

"What is it?" Lin Yi was getting impatient, but he still asked.

"Ziyu's in Songshan, she's been harassed!" Zhao Qibing didn't dare to waste time and kept it short.

"I was harassed. How did you know?" "What's going on?" Lin Yi frowned. Who was harassing her? Is there any trouble?"

"There's no trouble for now!" Zhao Qibing saw Lin Yi's frown and knew that he was worried about Ying Ziyu. He felt that there was a chance, so he quickly said, "I got the news from Li Cihua. Boss Lin Yi, do you need my help? Should I get Li Cihua to give them a warning?"

"You didn't get Zou Ruoming?" Lin Yi thought it was weird.

"He's the son of a temporary mafia boss, Zou Ruoming, not good enough yet. " "Only Li Cihua can do it ... Of course, boss Lin Yi, you can do it too, but you don't have the time ..." Qibing said.

"Oh, so you're here to claim credit and ask for a reward?" Lin Yi nodded and asked.

"Hehe, it's not really a reward-I'll help you with Ying Ziyu's stuff, and you'll reward me by breaking my leg. How about it?" Qibing looked at Lin Yi expectantly.

"Pfff ..." Lin Yi spat on Qibing's face and started coughing, ""Cough, cough, cough ... Are you okay?"

"No, I'm quite healthy. I've recovered from my previous injuries!" Qibing said.

"Then why did you break your leg?" Lin Yi asked, confused.

"This ... You don't have to ask, I just want to break my leg!" Qibing said.

"Alright, give Li Cihua a call. Tell him to settle this and I'll fulfill your wish." Lin Yi said after some thought.

Chapter 2550 Unwilling Chen Xiaoba

Although Lin Yi could go to Songshan himself, it was a bit rushed and troublesome. It wasn't worth it for a small figure like him, so it was a good thing that Zhao Qibing could do it for him.

But Qibing's request was too special. The reward was to break his leg? No one in their right mind would make such a request.

Unless he had some other special purpose, but what could Zhao Qibing have? Could it be that breaking his leg was good for him? Lin Yi couldn't think of anything ...

Besides, Lin Yi didn't want to think about it anymore. Even if he didn't break Zhao Qibing's legs, Zhao Qibing would always find a way to break his legs, so breaking Zhao Qibing's legs was as easy as lifting a finger.

"That's great, I'll make the call now!" Qibing was overjoyed as he picked up his phone and dialed Li Cihua's number, "Cihua, tell that little bastard to get lost!"

"Yes, master Bing!" Cihua didn't know why Qibing was so excited, but he still nodded, "Alright, I'll go now."

Qibing hung up and waved his phone proudly at Lin Yi, "It's done. Isn't it time to reward me?"

"Oh." Lin Yi directly kicked Qibing's legs, and with two cracking sounds, both of Qibing's legs broke.

"Hahahahaha, that's great!" Qibing was happy and in pain at the same time-his leg was finally broken, and it was broken so quickly!

Qishi quickly helped Qibing into the wheelchair, but Qibing couldn't stop laughing, "Boss Lin Yi, you're amazing! Your leg-breaking skills are unparalleled in this world! It's fast and good, and you broke it completely! It's god-like!"

"..." Lin Yi was speechless at Qibing's praise.

"Boss Lin Yi, I'll definitely come to you to break my legs in the future! This is so good, so good!" Qibing said.

"If there's nothing else, I'll be leaving." Lin Yi didn't want to say anything about Qibing's brainless behavior.

"Okay, okay, thank you!" Qibing said gratefully.

Lin Yi shrugged and walked into the classroom.

Qibing, on the other hand, left the University in high spirits. Qishi didn't know the truth and didn't dare ask, but he was thinking that master Bing must be crazy to be so happy after getting his leg broken. What was he thinking?

Li Cihua received Zhao Qibing's order and went to talk to Chen Xiaoba immediately. Chen Xiaoba didn't expect to be found by the famous Li Cihua on his first day in Songshan. Although he was unhappy, he had to lower his head in Li Cihua's territory.

"Boss Li, is there anything I can help you with?" Chen Xiaoba had been chasing Ziyu around the school, but Li Cihua's men called him to a Mercedes-Benz SUV.

"Chen Xiaoba, how is your father, Chen bawang?" Cihua asked.

"Not bad, thank you for your concern, boss li ..." Chen Xiaoba replied politely, not knowing what li Cihua meant.

"Chen Xiaoba, this is Songshan, not a neighboring city. Let's go back, I'll give you a friendly reminder, don't cause a scene here." Cihua said.

"Boss li, what do you mean by this?" "What?" Chen Xiaoba's face suddenly changed, "I can't come here to study?"

"That's not it-it's just that Ziyu has a big brother, and he's a really tough guy, so he asked me to say hi to you on his behalf. " Li Cihua kept a clear line between himself and Chen bawang so that it wouldn't affect his business.

"Oh? Her brother? You're also from the underworld?" Chen Xiaoba frowned.

"No, it's not that, but the boss behind me personally told me about it, so I hope young master Chen can give me some face. Otherwise, it'll be very difficult for me!" "You know, I'm just a spokesperson. My boss has the final say ..." Cihua threatened.

"I understand, boss li. I'll go back now." Chen Xiaoba wasn't willing, but he didn't dare to disobey li Cihua on the surface. After all, this was li Cihua's territory, and if he pissed li Cihua off, it wouldn't matter even if his father was Chen Xiaoba!

Of course, he didn't want to give up just like that. Since he couldn't do it in the open, he would do it in the dark! It looked like Cihua was just saying hello to someone else, and couldn't be watching Ziyu's every move-he'd just have to wait until the news died down before he could move in the dark.

Chen Xiaoba didn't think that Ying Ziyu had any big background-her brother probably just happened to know the person behind Li Cihua, and so he asked someone to say hello! Ziyu didn't look like a rich girl, after all. The food she ate and the things she used were all normal, and her middle school was the worst Fushan high school.

"Hehe, that's good." Li Cihua nodded.

Chen Xiaoba left Songshan on the same day after he left Cihua's car. He was unwilling, but he didn't show it. He didn't believe that Cihua would interfere again after this.

Chen Xiaoba wasn't afraid of Cihua. He knew that Cihua's boss was the Hidden House Zhao, but his father still had the Hidden House Zhuang behind him! Nowadays, who didn't have a strong background? especially a high-end underworld boss like Chen bawang, who could control the underworld industry of a city. Without a strong background, he would have long been swallowed up by other gangs!

However, with the Hidden House of Zhuang, which sect would dare to go against them? It was a one-sided death!

Chen Xiaoba's backing down was to give face to the Hidden House Zhao, but whether or not he attacked Ziyu was entirely up to the Hidden House Zhuang.

Just as Chen Xiaoba left Songshan, Lin Yi received Zhao Qibing's good news. Boss Lin Yi, Li Cihua already talked to Chen Xiaoba and told him to get lost, please don't worry! It's my pleasure to serve you. I hope you won't refuse me the next time I ask you to break my legs. Thank you!

"..." Lin Yi was speechless as he finished reading Qibing's message. He couldn't understand why Qibing was so interested in broken legs. Could this guy have found some sort of weird training method, similar to naipao?

Shaking his head, Lin Yi continued to sniff Xinyan's scent and practition. He was racing against time, trying to get stronger-it wasn't just for Xiaoxiao, it was for himself!

The enemies were getting stronger and stronger, and while the noble houses were basically following Lin Yi's lead now, most of the hidden houses still didn't have a good relationship with Lin Yi, and were even enemies!
