

Bodyguard 2561

Chapter 2561 The Arrogant Company Secretary

"I see." Lin Yi smiled. He didn't expect fatty Lai to make such a rule.

They took the elevator up and the guard brought Lin Yi to the vice president's office, knocking on the door for him.

It was a young, pretty lady with thick makeup and a bit of arrogance-Lin Yi frowned. Was this Xiaobo's Secretary?

"Eh? Why is it the security guard? What's up? Why didn't you call and inform us before bringing someone up?" The woman looked at the guard and Lin Yi, frowning. "Are you new here? Don't you know the rules?"

"Secretary Wang, this is Lin Yi, Mr. Lin. Boss Lai said that people can come in without notice ..." The security guard explained with a bitter smile.

"CEO Lai said to find him, this is Vice President Kang's office!" The woman was obviously unhappy that the guard was using CEO Lai's name to pressure her, but Lin Yi was surprised. How could this woman be so bold? Was there some sort of relationship between Cheng Zhen and Xiaobo? Otherwise, how could he be so awesome? It was as if she was the General Manager?

"Little Wang, what's going on?" Xiaobo's voice came from the office.

"Vice President Kang, someone said that President Lai personally approved him to enter the company at any time." The girl said directly, not showing any respect to Xiaobo at all, which made Lin Yi even more suspicious.

"Oh?" Xiaobo blinked as he walked out of the office, his suspicions turning into joy as he ran over and held Lin Yi's hand. "Boss, you're here! I really didn't expect this, please come in! Little Wang, there's nothing else for you to do. You can go down first!"

"Oh." The girl nodded and really did turn into the secretary's room. Lin Yi glanced at the girl's computer and saw that the game Plants vs Zombies was playing on it. It was even weirder. Usually, the Secretary would take the initiative to serve tea and water when the boss had guests, but this girl went straight back to playing games!

The guard wiped the sweat off his forehead. "Vice President Kang, I'll go back first ..."

"Alright, thank you for your hard work!" Xiaobo said with a nod.

"Xiaobo, are you used to working here?" Lin Yi looked at Xiaobo's outfit-it'd only been a few months, and Xiaobo was looking more and more like a successful businessman now. There wasn't a single bit of education left in him, and that made Lin Yi happy. It seemed like Xiaobo had chosen the right path.

"It's not bad. Now that CEO Lai often goes on business trips, I'm in charge of everything in the company. It's busy but very fulfilling! Boss, thank you for this opportunity!" Xiaobo said sincerely.

"Hehe, let's talk inside!" Lin Yi said, pointing at the office.

"Okay, I almost forgot. Please come in ..." Xiaobo quickly invited Lin Yi into the office and made him sit on the sofa. He then turned around and poured Lin Yi a glass of water.

Lin Yi was even more confused-what was that Secretary for?

"Xiaobo, how's Fen?" Lin Yi didn't want to ask directly-the two were on good terms, but it'd be too sudden to ask about Xiaobo's relationship with the Secretary right after meeting him. He changed his approach.

"It's pretty good!" Kang Zhaoming placed the tea in front of Lin Yi and said,"CEO Lai also built a high-end residential area nearby as a welfare house for his employees. The price inside is relatively low, and Fen and I bought one too. We're already living together, and we're planning to have the wedding next year and register our marriage when we're of age."

"Oh." Lin Yi nodded-it seemed like the two were quite close, but this Secretary ... Lin Yi thought about it. "Xiaobo, other than Fen, you haven't had any other girls, have you? You also know that in your position ..."

It wasn't that Lin Yi was interfering too much-if Fen didn't mind, Xiaobo's choice was between the two of them, and Lin Yi wouldn't mind at all. It was their family business, after all, but if he wanted to find a lover, he should at least find one that was decent. The beauty of the lady just now could only be said to be average, and her makeup was really not flattering. This was a company, not a theatrical troupe, so it was really unbearable to be painted like this! Plus, Lin Yi wasn't too happy with the man's arrogant attitude.

"Boss, what are you talking about? Fen and I are really close, why would I find someone else?" Xiaobo blinked, not expecting Lin Yi to bring that up. "To tell you the truth, boss, if it wasn't for your help in the past, I would still be a loser. How could I have become the Vice President? Fen's been with me since then, you can't just abandon her just because I'm rich, right? Fen was also very powerful now. She even got an accountant and was now the company's Deputy Financial Director! If I don't keep a close eye on her, she'll have a lot of suitors ..."

Lin Yi nodded, relieved. Xiaobo sounded sincere, but Lin Yi was even more confused. "That Secretary of yours ..."

Xiaobo blinked, understanding what Lin Yi was trying to say. Lin Yi's words were probably directed at the Secretary as well-the Secretary's attitude and way of doing things made Lin Yi overthink things ...

But Xiaobo had something he didn't want to say-he hesitated, a bitter smile on his face. "She ... She got in through connections ..."

"What? Connections?" Lin Yi was stunned. He finally understood why this woman was so strong. She got in through connections! Lin Yi didn't know who this person was, but how powerful was she to be able to ignore a Vice President like Xiaobo?

"Yeah, he got in through connections. I couldn't do anything about it, so I arranged for him to stay here, saying that it was for training ..." Xiaobo shook his head helplessly.

"Whose connections are so awesome?" "You can't even order her around as a Vice President?" Lin Yi asked.

"Well ..." Kang Xiaobo really didn't know how to explain it. This person was arranged by Tang Yun's mother, Wang Yujie, and was a relative of Tang Yun's mother. At that time, with her mother's vain style, she had bragged in front of her relatives, saying that the boss behind the scenes was her son-in-law. Her relative was also a vain person, and thinking that he was also the boss's relative, she didn't even care about fatty Lai in the company ...

But Xiaobo couldn't tell her about Tang Yin-it was something Mengyao and Yushu had told him to do. It was a good thing the Secretary didn't know Lin Yi's name, and Mrs. Tang didn't say anything either, or they'd be exposed.

"What's wrong? Hard to say?" Lin Yi frowned.

Chapter 2562 Zhuang Family

"This ... I'm not too sure, it's CEO Lai's arrangement ..." Xiaobo stammered.

"Fatty Lai?" Lin Yi found it weird-fatty Lai didn't seem like the type of person to abuse his power for personal gain. Even if he was his relative, there was no need for him to do this, was there? He shook his head,"forget it, talk to fatty Lai. Even if she's an employee through connections, put her in an idle Department. A big company like this doesn't need her. But a Secretary? how is that a Secretary? it's like she's the manager!"

"This ... I will tell you." Xiaobo nodded with a bitter smile.

Lin Yi didn't dwell on the issue. Since this girl wasn't Kang Xiaobo's lover, then they had no relationship. Lin Yi couldn't be bothered with her. A company as big as this needed some connections, and fatty Lai wasn't a Saint. He couldn't just leave his friends and relatives to their superiors, so Lin Yi understood.

"Let's not talk about this. If there's a chance in the future, let's go to Donghai city and have a meal together with Fen. " Lin Yi said.

"En, I want to go too, but the Group's business has been expanding rapidly recently. I don't have any time at all!" "But it'll get better after a while," Xiaobo said with a bitter smile.

Xiaobo's phone rang as they were talking, and he picked it up before turning to Lin Yi apologetically. "I'm sorry, boss, I have something to do again. A client is here and invited me to have tea and discuss something ..."

"Hehe, you're busy. You're working for me, so why would I mind?" "It's nothing much, I just dropped by to see you!" Lin Yi smiled.

"Alright, I'll go to Donghai city to see my boss when I'm done here ..." Xiaobo nodded.

Lin Yi and Xiaobo left the company and parted ways at the parking lot. Lin Yi looked at the time-there was still some time before school ended, so he drove back to his villa. It'd been a long time since he'd been back, and he wanted to clean up. Winter break was coming, and Mengyao and Yushu would probably be coming back to live in Songshan for the winter break. After all, they'd lived in a place like this for over ten years, and it wasn't easy to adapt to a new environment.

In a high-class room of the Starlight Hotel in Songshan sat the hidden Zhuang niaoqiang and Zhuang niaopao!

"Second brother, did you see clearly? That girl next to Ziyu is a good furnace?" Zhuang niaopao's eyes were filled with shock and greed.

"That's right, it's definitely true!" Zhuang niaoqiang nodded, "I didn't expect to get such an unexpected harvest this time!"

The two brothers came to Songshan at house Chen's invitation. Chen Xiaoba had his eyes on Ziyu and wanted to take her back as his wife, but he was controlled by Cihua. Chen Xiaoba wasn't willing to give up, so he called the two brothers from the Hidden House Zhuang through his father!

No matter how strong Cihua was, he was just a dog of the Hidden House Zhao. The Zhuang brothers, on the other hand, were from the Hidden House Zhuang. They had a low salary and were second only to their big brother, Zhuang naodao!

Moreover, even though naodao Zhuang was the future head of the house in name and in charge of the Hidden House Zhuang's Affairs, the Zhuang brothers were more important to the Hidden House Zhuang! Zhuang naodao wasn't suitable for training, so he gave up martial arts and went to study business management at Donghai city industry University, which was also a family management skill. Zhuang niaoqiang and Zhuang niaopao, on the other hand, trained in a combination martial skill. Although they were both Earth Class early phase peak, they could beat Earth Class mid phase or even mid phase peak when they worked together, and even late phase Earth Class fighters wouldn't be a problem if they did it well.

This was also why the two of them dared to claim that they were undefeatable under Sky Class at the Hidden House Summit-they were strong! The two brothers had come to help Chen Xiao BA this time to thank the Chen family for their contribution to the Hidden House Zhuang and the huge amount of money they had earned. They had also come out to relax. They had been too depressed at the Hidden House Summit, and had wanted to show off their skills, but in the end, they didn't even dare to fight.

But now that the two brothers thought about it, not fighting Lin Yi was the best decision they'd ever made in their lives. If they really did fight Lin Yi, they'd either be dead or disabled-there was no third possibility! During this time, the Hidden House Zhuang had been receiving a lot of news about Lin Yi. Lin Yi had injured the Sky Class master of the Hidden House you and crippled the earth Class late phase peak of the Hidden House Zhao. These news had touched the nerves of the Hidden House Zhuang-they were lucky that they didn't go against Lin Yi before, or they wouldn't even know how they died!

The Hidden House Zhuang wasn't like the other hidden houses-old man Zhuang was only earth Class late phase peak, and he couldn't even take one hit from Lin Yi-he was a piece of trash! The two Zhuang brothers would sometimes think that if they didn't get close to Zhang naipao and Lin Yi during the test, they wouldn't have to be so careful anymore.

With the protection of a God like Lin Yi, the Hidden House Zhuang didn't have to worry about the other hidden houses doing anything to them. This included helping Chen Xiaoba. Although Zhuang niaoqiang and Zhuang niaopao asked for help, they didn't want to go head to head with the Hidden House Zhao. They wanted to kidnap them in the dark.

The only reason was that the Hidden House Zhao had a Sky Class master, while the Hidden House Zhuang didn't, so they had to be careful! But it was different with Lin Yi's protection. The Hidden House han was so weak before, but now in Donghai city, even the Hidden House Zhao had to lower their heads. How powerful was that?

Of course, everyone knew that they were just using Lin Yi's power to intimidate the Hidden House han, but the Hidden House Zhao was just clinging onto Lin Yi, making them helpless. If Lin Yi got involved, their whole family would be done for!

But the Hidden House Zhuang couldn't just go to Lin Yi now-he didn't have the right opportunity. Lin Yi would think that he had ulterior motives if he called him boss out of the blue, and he might not even accept him!

And so, the Hidden House Zhuang was stuck in this situation-it was fine with house Zhao and house han at the bottom, since they didn't have a Sky Class before, but it was different now-they had one!

The Hidden House han didn't have a Sky Class master, but they had Lin Yi, a master among masters who could fight above his level. The Hidden House han was no weaker than the Hidden House Zhao or even the Hidden House Yu.

Chapter 2563 Deception

This time, Zhuang niaoqiang found out that Chen Xi was a great furnace when he went out to investigate! Even Lin Yi didn't notice this, but Zhuang niaoqiang did. This was related to his combined arts and martial arts, which were basically about combining Qi. He brought up the issue of human vessels.

"I wonder what level this furnace is at-if Grandpa absorbs her Qi, I wonder if he'll be able to break through to Sky Class?" Zhuang niaopao pondered for a moment before asking,"and this Chen Xi, is she a natural furnace or someone else 's?" Shouldn't we be clear about this? it wouldn't be good if we accidentally made enemies ..."

"Let's do it in secret. Even if it's someone else's doing, we can't let go of this good opportunity!" "If Grandpa became a Sky Class, how much benefit would it bring to the family?" Zhuang niaoqiang asked. Look at the Hidden House Zhao, didn't the old man Zhao become so strong after he became a Sky Class master?"

"Hmm...That's true ..." Niao Zhuang nodded,""Then, second brother, can you tell Grandpa?"

"Okay, I'll call Grandpa now!" Zhuang niaoqiang said.

He and Zhuang niaopao had never thought of using this cauldron for themselves. After all, it could only be used by one person. If one of them used it, their strength would increase drastically, and it would cause problems for their combined martial arts and mental cultivation techniques. The two of them had to be at the same level of strength before they could use their combined martial arts techniques. If one of them was too strong, it would cause disharmony.

Zhuang niaoqiang and old man Zhuang discussed for a long time and came to the same conclusion-it was time to do this!

With old man Zhuang's nod, Zhuang niaoqiang and Zhuang niaopao made their move. Of course, they didn't tell Chen Xiaoba that Chen Xi was a human furnace.

"Lil' tyrant, I think that girl with Ziyu isn't bad, either-she's pretty and pretty. If you want Ziyu, then we brothers can have her, how about that?" Niaopao asked.

"Of course, no problem. It's not a problem to let brother gun and brother Pao enjoy the two girls first ..." Chen Xiaoba's heart was bleeding when he said this. He had no choice but to please and flatter the two Zhuang brothers.

"Oh, we don't want the girl you like. We brothers naturally wouldn't do such a thing!" Zhuang niaoqiang waved his hand and shook his head, "We'll just take the other one. "

"Hehe, then this little brother will bow and thank you!" Chen Xiaoba felt relieved and said gratefully. He thought to himself,"these two brothers are really good."

"Alright, if we take action now, isn't it just a kidnapping? you're the son of a mafia boss, and you're a professional second-generation gangster. Why do you need us to do it ourselves? what a coward!" Zhuang niaopao said.

"Haha, isn't this li Cihua's territory? I'm not sure, but if gun bro and Pao bro are involved, there shouldn't be a problem!" Chen Xiaoba smiled as he opened the door, inviting the two brothers into his Mercedes before driving towards Songshan's tallest building.

Songshan's first high school wasn't out yet, so there weren't many cars outside the school. Chen Xiaoba parked his car in front of the school, and as promised, he found the guard.

"Old man, I'm Ying Ziyu's brother from class five, grade one. Can you help me call her out? Tell her that there's some trouble at home, and it's best if she brings a good friend to help!" Chen Xiaoba was all dressed up today, like a successful and handsome man. The guard wasn't prepared for it, and thought that he really was Ziyu's big brother. He nodded.

"Alright, I'll help you inform them!" As the guard spoke, he picked up the phone in the guard room and dialed the head teacher of grade one, class five. He told her about what had happened at the school gate.

Ziyu and Chen Xi were people the principal had personally told them to get into the house through connections-the homeroom teacher didn't dare neglect them. When she heard that something had happened to Ziyu's family, she quickly reported it to her. Ziyu heard that her brother was looking for her, and she thought that it was Lin Yi. She was happy, but worried at the same time. What exactly happened?

And so, Ziyu pulled Chen Xi and ran out of the school. Chen Xiaoba was afraid that they'd see him, so he got into the Mercedes and hid! He said he was Ziyu's big brother because Cihua said that Ziyu had a big

brother, and he'd told her about him before, so he just pretended to be one. Ziyu didn't suspect anything.

"My Lord, where's my brother?" Ziyu pulled Chen Xi to the school gates, but didn't see Lin Yi.

"Oh? Your brother was here just now ... He probably got into the car first, it's pretty cold!" The security guard didn't think much about it and pointed to the Mercedes-Benz not far away.

"Alright, Thank you, sir!" Ziyu and Chen Xi ran to the car, and because she was in a rush, she didn't think too much and wasn't prepared. She was just about to knock on the door when it opened, and Zhuang niaoqiang quickly sent two hand daggers at them. Ziyu and Chen Xi didn't even have time to react before they fainted.

Zhuang niaopao quickly pushed the two into the back seat of the car and drove away from the scene.

All of this only took a few seconds-Zhuang niaoqiang and Zhuang niaopao were practitioners, after all, so no matter how strong a gangster Ziyu was, she couldn't beat them.

The security guard didn't see it, but it happened to be seen by elder Zhu, who was not far away! Elder Zhu's mission was to monitor and protect Chen Xi. He would pretend to be a scavenger and walk around the school every day, also to protect Chen Xi from school.

When he saw Zhuang niaoqiang and Zhuang niaopao drag Chen Xi into the Mercedes-Benz, he suddenly panicked! But he didn't dare to chase after them. Others might not know the Zhuang brothers, but he did!

He knew what the disciples of the hidden houses looked like, and he wanted to avoid conflict with them. He knew how strong these two were-they were both Earth Class early phase peak, so he didn't dare to do anything!

He was only an Earth Class early phase, and the other side had two Earth Class early phase peak-if he chased after them, he'd be dead!

Chapter 2564 Elder Zhu's Request For Help

Plus, he couldn't reveal the Hidden House Zhao's name either, because he wasn't stupid. Zhuang niaoqiang and Zhuang niaopao had obviously found out about Chen Xi's body's Secret. If he stupidly rushed up and revealed his name, he'd probably be killed!

The two hidden house Zhuang brothers would definitely think that they had been exposed. Killing boss Zhu would be a piece of cake, but if they let Chen Xi go, they would offend the Hidden House Zhao.

After a moment of silence, elder Zhu chased after him, pulling out a broken phone and calling Lin Yi! It was true that he was working for the Hidden House Zhao, but he was Lin Yi's Lackey. The Hidden House Zhao was strong, but they weren't as intimidating as Lin Yi.

Now that he'd established a partnership with Lin Yi, the first thing he'd do was look for Lin Yi and ask him to solve this problem! And this problem could only be solved by Lin Yi!

Lin Yi's phone rang before he even reached the villa. He picked it up,"Hello, I'm Lin Yi."

"Mister Lin? I'm elder Zhu!" Elder Zhu said as he ran.

"Oh? Elder Zhu? What's up? I'm going to pick up Chen Xi and the others from school!" Lin Yi was a little confused as to why Boss Zhu was calling him.

"It's like this, Mister Lin, Chen Xi and Ying Ziyu were taken. They're in a Mercedes-Benz, heading north ..." Boss Zhu said.

"What? Chen Xi and Ying Ziyu were taken? What are you doing? Why don't you do something?" Lin Yi was shocked and angry.

"I ... Mr. Lin, it's not that I don't want to help, but they're two Earth Class early phase peak Masters, I can't beat them-I'd be dead if I went up. I might as well just follow them and ask for help ..." Elder Zhu smiled bitterly.

"Where are you then? I'll be right there!" Lin Yi wasn't angry at all-boss Zhu did a good job this time. He'd be dead if he'd just charged in.

"I'm on kuxia road. We don't unknown the direction of the other party for now. Don't hang up, we'll keep in touch!" Said elder Zhu.

"Alright, I'm heading in that direction!" Lin Yi said.

It was rush hour, and although it was just the beginning, there were a lot more cars on the road. Lin Yi may be a good driver, but he couldn't help but be affected by the traffic. However, uncle Zhu had bad news!

"Mister Lin, it's bad-one of them is dragging Ziyu into another car, and the two cars are going in different directions ..." Elder Zhu said quickly.

"What? You've been discovered?" Lin Yi blinked, not expecting the robbers to split up.

"That's impossible. If I was discovered, would I still be alive? How did those two Earth Class early phase peak kill me?!" Elder Zhu denied this possibility, because he had been very careful along the way, and he looked like a scavenger. He wouldn't stand out, so he shouldn't be discovered.

"Then what's going on?" Lin Yi asked, confused.

It wasn't that the two Zhuang brothers had noticed their boss, but that they wanted to bring Chen Xi back to the Hidden House Zhuang to see old master Zhuang. They were afraid that the faction that had been training Chen Xi would find out if they kept delaying, so they wanted to return to the Hidden House Zhuang immediately.

And so, they told Chen Xiaoba to find another car and leave with Ziyu. As for what happened to them, that wasn't the Zhuang brothers "concern.

"Their target should be Chen Xi ..." Boss Zhu started to stammer. This involved Chen Xi's Secret, and he didn't know if he should tell Lin Yi. He didn't tell Lin Yi about the Zhuang brothers' identities either.

"Chen Xi? What was going on? Elder Zhu, do you want to die? Do you think that the Hidden House Zhao is a good place to hide?" Lin Yi was a little annoyed by his hesitation, "Don't forget how elder bi is doing."

"This ... Alright, I'll tell you!" Elder Zhu shivered at the thought of elder bi-yes, hidden house Zhao was nothing! She was nothing in front of Lin Yi, what was there to hide? Isn't that a fool? "The truth is, Chen Xi's body is very special," he explained. "It's a special cultivation vessel body, and we, the Hidden House Zhao, have been raising her as a cultivation vessel. The people who kidnapped her were Zhuang niaoqiang and Zhuang niaopao from the Hidden House Zhuang. They probably saw through Chen Xi's body type and made their move!"

"I was wondering why two Earth Class early phase peak appeared out of nowhere. I was wondering when Earth Class Masters were so cheap, running around the streets-so they were from the Hidden House Zhuang!" Lin Yi understood now, but he didn't know much about the furnace boss Zhu was talking about. He knew that furnaces helped practitioners train, but he didn't know the details. It didn't stop him from deducing the cause and effect, though. So the Hidden House Zhuang had their eyes on Chen Xi, the furnace, and made a move ...

"Mr. Lin, what do you want to do first? The two cars are getting further and further away. Which direction am I following?" "But it looks like the Zhuang brothers are heading to the neighboring city, the home of the hidden Zhuang family ..." Elder Zhu said anxiously. "They're probably on the highway to the neighboring city ... Their car plate number is 4321, and the model is a Mercedes-Benz Viano business car."

"Oh? Alright, you go after Ying Ziyu, I'll go after the Zhuang family." Lin Yi made his decision quickly. Boss Zhu should be more than enough to deal with the kidnapper, but not with the Zhuang brothers. Even if he drove after them, they wouldn't be able to beat them. It'd be a waste of time chasing them. Lin Yi might as well do it himself, "You can save Ying Ziyu, right? There's no problem, right?"

"That's definitely not a problem!" Elder Zhu answered quickly. He had seen Chen Xiaoba, he was just an ordinary man without any strength.

"Alright, it's settled then. Report to me if there's anything!" Lin Yi ordered.

"Okay, but the person who took her, what do you think ..." Big Zhu said carefully.

"See what they're up to. If they do anything to Ziyu, do it. Just leave them alive. The rest is up to you," Lin Yi said. He wanted to see what these people were doing with Ziyu!

Chapter 2565 Danger And Opportunity

Lin Yi wasn't in a hurry to get the boss to do it-he was there, after all, and there wouldn't be any problems.

"I understand." Elder Zhu was a cruel man as well, but he couldn't bring himself to do so in front of Lin Yi. He tried to poison Chen Xi's mother to death, and that proved how cruel he was.

Lin Yi continued on the highway towards the neighboring city! "Lin city" was an abbreviation, and its full name was "mountain Lin city," meaning the city next to Songshan. It was a small county city that developed later, so people were used to calling it "Lin city."

There weren't as many cars out of the city center, and Lin Yi sped up as well. He was on the highway soon, heading towards the neighboring city.

Now that he'd confirmed the Zhuang brothers' identities, Lin Yi wasn't in a rush. Since they were in such a hurry to go home, they wouldn't hurt Chen Xi on the way. Lin Yi just had to catch up to them before they got home.

They drove all the way, and finally, Lin Yi saw the Mercedes-Benz Viano on the highway with the plate number 4321. It seemed like boss Zhu's judgment was right, and Lin Yi slowed down as well, following the car.

Lin Yi didn't want to force the car to stop-Zhuang niaoqiang and Zhuang niaopao were earth Class practitioners, and they'd be fine even if the car flipped over. Chen Xi, on the other hand, couldn't do that, so Lin Yi didn't want to do anything dangerous for now.

However, Zhuang niaoqiang and Zhuang niaopao weren't stupid, despite their arrogance. There weren't many cars on the highway, and Lin Yi's car was following behind their Mercedes. Zhuang niaoqiang quickly realized that something was wrong!

Looking at the Grand Cherokee in the mirror, Zhuang niaoqiang said, ""Bird cannon, that Grand Cherokee behind us seems to be following us ..."

"Oh?" Zhuang niaoqiang turned around and looked out the window. Sure enough, there was a Grand Cherokee not far away, but he wasn't worried. ""No way? We're on the highway, so it's normal to see a car behind us. Maybe it's going at the same speed as us?"

"Can it be exactly the same?" "I'll try accelerating!" Zhuang niaoqiang shook his head.

Zhuang niaoqiang didn't go over the speed limit earlier and only maintained a normal speed. After all, the two of them weren't professional drivers, and they didn't usually drive, so their driving skills weren't very good.

Zhuang niaoqiang sped up, and Lin Yi didn't have any intention of hiding. They'd already come this far, and Lin Yi was ready to take Zhuang niaoqiang and Zhuang niaopao down once they got off the highway. He sped up as Zhuang niaoqiang sped up.

"They've indeed caught up!" Zhuang niaopao's face darkened, "Where did this car come from? it didn't seem to have appeared before. Did it only appear on the highway?"

"No, there were too many cars on the road before, so we didn't pay much attention. There weren't many cars on the highway, so we saw it in a short while." Zhuang niaoqiang said, "it's a blessing, not a curse. We can't avoid it. Let's stop the car and take a look!"

Zhuang niaopao nodded in agreement. If the people behind really had bad intentions, they wouldn't be able to avoid them. Therefore, it was more important to stop the car and deal with them as soon as possible. As long as they weren't too strong, Zhuang niaopao and Zhuang niaoqiang working together shouldn't be a problem!

The key was that they were afraid that the car behind them would suddenly drive over and force them to stop. Zhuang niaoqiang's driving skills were average. If he lost control and the car flipped, they were fine, but Chen Xi would be in danger. They didn't want to destroy this rare furnace!

Zhuang niaoqiang started to slow down, and the car quickly stopped in the emergency lane of the highway. Lin Yi also stopped the car.

Zhuang niaoqiang and Zhuang niaopao wanted to take care of this as soon as possible, and so they didn't hold back at all. They got out of the car and walked over to Lin Yi's Grand Cherokee.

Lin Yi looked at the two aggressive brothers and laughed coldly inside. He opened the door and got out of the car.

"Gah?!" Zhuang niaoqiang and Zhuang niaopao saw the people that came down from the Grand Cherokee and subconsciously stopped in their tracks. Their faces revealed a look of shock as they turned around and ran! They didn't know how they'd offended Lin Yi, but it wasn't going to be good if Lin Yi caught up to them!

However, running away was just an ideal-they turned around and came back before they could even run away. Thinking about Lin Yi's reputation, could they outrun him? Lin Yi was a master who could even kill a Sky Class master in one move-these two Earth Class early phase peak were nothing to him.

"Master Ling ... How are you ... Long time no see, haha ..." Zhuang niaoqiang wiped the cold sweat off his forehead and said incoherently.

"Yes, master Ling, what a coincidence, I didn't expect to meet you here ..." Zhuang niaopao laughed awkwardly.

"Is it a coincidence? I've been following you. " Lin Yi said faintly.

"Follow ... Follow ..." Zhuang niaoqiang's face changed, and he shivered. "Lord Ling, I don't know how we brothers have offended you ..."

"The girl in your car is my godsister." Lin Yi said as he pointed at the Mercedes.

"What? Godsister?" Zhuang niaopao almost fainted-he had tried to guess Chen Xi's background, but all he could think of was that she was raised by a hidden Noble House. It couldn't be any more powerful than that, and that was why they were so determined to do this!

When old man Zhuang reached Sky Class, the other hidden houses wouldn't be able to do much, just like the Hidden House Zhao who took the Hidden House Yu's Qi gathering pill. But now, they heard that Chen Xi was Lin Yi's sister? This ... Was too frightening!

"Yes, godsister, you know." Lin Yi said with a smile.

"Mother of God!" This time, it was Zhuang niaopao's turn to faint. Luckily Lin Yi caught up with him. If he really brought Chen Xi home and his Grandpa used her, wouldn't he destroy the Hidden House Zhuang?

Even the Sky Class master from the Hidden House of you was crippled by Lin Yi, not to mention his Grandpa who had just broken through to Sky Class. Lin Yi only used one move-he probably didn't have the intention to kill him, or he'd be dead for sure if he followed up ...

"Master Ling, I'm sorry. We didn't know that Chen Xi was your sister. If we knew, we wouldn't have dared to do it even if you gave us the guts!" Zhuang niaoqiang took a deep breath and decided to tell Lin Yi the truth. After all, lying to Lin Yi at this point was suicide. Lin Yi wasn't stupid, he wouldn't be tricked so easily.

From Zhuang niaoqiang's perspective, danger and opportunity coexisted!

Chapter 2566 House Zhuang's Invitation

Although he didn't take Chen Xi away this time, there was a good saying, "what you lose in the East, you gain in the Mulberry!" From Zhuang niaoqiang's point of view, there wasn't any irreconcilable hatred between the Hidden House Zhuang and Lin Yi. If he lowered his stance and admitted his mistake, he could get closer to Lin Yi and make him the Hidden House Zhuang's backing. That would be much better than his Grandpa becoming a Sky Class master!

Right now, house han didn't have a Sky Class master either, but they were able to fight against the Hidden House Zhao with a Sky Class master. Why? Wasn't it all because of Lin Yi?

"Chen Xi ... Is everything okay?" Lin Yi nodded. Zhuang niaoqiang wasn't lying, and his attitude wasn't bad. Lin Yi didn't make things difficult for him.

"It's okay, master Ling. I'm sorry. We were wrong in this matter!" "Master Ling," Zhuang niaoqiang said, "please give us some face and visit the Hidden House Zhuang. We'll definitely show you our sincerity and make you happy!"

"Your house?" Lin Yi frowned-Zhuang niaoqiang's attitude change was too sudden, and he wasn't used to it yet.

"Yes, to my house!" Zhuang niaoqiang nodded. "Master Ling, I know you're angry, but this is how the world of cultivation works. The strong eat the weak. This time, Chen Xi has master Ling's support. The Hidden House Zhuang has to admit defeat. We only hope that master Ling can forgive us!" But in other words, if we kidnapped someone unrelated to master Ling, would master Ling still care?"

"HM ..." Lin Yi had to admit that Zhuang niaoqiang was right. If he didn't know the person they took, he wouldn't care. Zhuang niaoqiang's actions weren't wrong, either. It was the same as Lin Yi trying to steal the technique from the Tagan family!

If Lin Yi wasn't as strong as taganlong, he wouldn't have succeeded and would've lost the two Spirit beast cores. But Lin Yi was stronger than taganlong, so the result was completely different.

"Master Ling, don't worry, we won't have any designs on Chen Xi anymore. Not only that, we'll even protect her. After all, Songshan city is very close to the neighboring city. As long as you agree, we'll send people to Songshan. Li Cihua and the Hidden House Zhao won't dare to make a sound." Zhuang niaoqiang said.

"Oh?" Lin Yi's eyes narrowed as he looked at Zhuang niaoqiang in surprise. If he was trying to get Lin Yi's forgiveness, that would be normal, but why did the last part sound like he was helping Lin Yi?

Plus, Zhuang niaoqiang seemed to be using Lin Yi to back them up when it came to the Hidden House Zhao and Cihua. Was this snipe just a casual remark, or did he have other thoughts?

Zhuang niaoqiang didn't dare interrupt Lin Yi's thoughts and stood respectfully to the side, waiting for Lin Yi's answer.

"Master Ling, we hidden house Zhuang may not have Sky Class Masters like the Hidden House Pi, but we're still stronger than the Hidden House han. For example, we're good at some weird Arts ..." Niaopao said immediately when he saw Lin Yi's hesitation. He and his brother had been training in the combined arts for many years, and their minds were connected. He immediately understood what his brother

wanted-he wanted to get closer to Lin Yi. This was also niaopao's idea, and he'd missed the opportunity. Now that he finally had such a good opportunity, he would regret it if he didn't cherish it.

"Yeah, just look at Chen Xi, no one can tell she's a good furnace, and you, master Ling, are so strong, you can even kill Sky Class Masters, but in these unorthodox ways, you're still not as good as us, right?" Zhuang niaoqiang continued,"if no one told you that Chen Xi was a human furnace, would you have guessed?"

"Oh, that's true." "I see," Lin Yi nodded,"so your hidden house Zhuang is still useful?" But how did you guys know about house Pi?"

Zhuang niaoqiang's heart skipped a beat, but he still told the truth,""Master Ling, to be honest, we've been a little envious of the Hidden House ever since the summit ended, and so we've been paying attention to you. The more we paid attention, the more we regretted it-if we could choose again, we wouldn't have called Zhang naipao our boss back at the Ice Palace test, but you!"

"That's right, master Ling. The two of us have been looking for an opportunity to defect, but we didn't have the right opportunity. Haha, I didn't expect this to turn out to be a good thing!" Zhuang niaopao added.

"Since that's the case, let's go to your house and take a look," Lin Yi nodded noncommittally and said faintly. He didn't make any promises, but he didn't reject either.

This was enough to make Zhuang niaoqiang and Zhuang niaopao very happy. Lin Yi didn't continue to make things difficult for them and chose to visit them instead. This meant that Lin Yi had the intention to accept them. Zhuang niaoqiang replied immediately,"Niao Pao, you take master Ling's car. I'll lead the way!"

"Chen Xi?" Lin Yi pointed at the car.

"Chen Xi, she's fine. Don't worry, master Ling!" "He's just unconscious," Zhuang niaoqiang said, "normally, he'll wake up in a few hours. "

"Alright," he said. Lin Yi nodded, "but don't call me master Ling, you guys know my real name."

"Alright, we'll call you boss like han xiaopo!" Zhuang niaoqiang laughed as he climbed up the pole.

Lin Yi smiled faintly and didn't reject the offer. He wouldn't have pushed the Hidden House Zhuang out if they'd really wanted to join him. Plus, he was in the middle of a plan, and the noble houses were basically in his hands. Next would be the hidden houses and the normal sects. Only by getting them under his control could he face the higher levels!

These hidden houses and normal sects weren't that special individually, but when they were combined, their power was terrifying. It was at least the same as the weakest ancient sect. With these resources, Lin Yi could officially talk to ancient powers, and it wouldn't be as difficult as before.

Of course, the main thing was that Lin Yi had to get rid of these hidden restrictions before he could focus on breaking through to the ancient level. The ancient level wasn't Lin Yi's ultimate goal-his current goal was to stand higher.

The two cars drove to the neighboring city one after another. At this time, there was good news from boss Zhu!

Ziyu's body was much stronger than Chen Xi's-she'd been training since she was young, but she couldn't use that power for herself. Ziyu, on the other hand, used to be a gangster in society, fighting and killing people, so her body was naturally much stronger.

Chapter 2567 Elder Zhu Takes Action

So when Chen Xiaoba took her to the hotel, she woke up and heard the sound of someone taking a shower in the bathroom. She remembered what she saw before she passed out, and she guessed what situation she was in!

He must've been tricked-the person who called him out wasn't Lin Yi, and the only person he'd messed with recently was Chen Xiaoba. The answer was obvious.

Ziyu got up from the bed and walked to the bathroom. The door wasn't locked, and Chen Xiaoba didn't want to lock it even when he was taking a shower. Ziyu could see the person inside.

It was Chen Xiaoba! Ziyu's eyes hardened-she'd always been a cruel person, and she'd never even blink when she used to cut people with a knife. She'd learned how to do it now, and it was all because of Lin Yi, but that didn't change the ruthlessness in her bones.

Chen Xiaoba dared to kidnap him after being warned by Li Cihua, he was quite bold! Ziyu wasn't afraid of anything, and she had Lin Yi backing her up-that made her even more fearless! If Chen Xiaoba wasn't nice, then she'd have to be nice!

Ziyu went back to her room and lay on the bed, pretending to be unconscious as she waited for Chen Xiaoba.

Chen Xiaoba hummed a little tune as he took a bubble bath. He was extremely satisfied as he was about to enjoy a beauty. Chen Xiaoba thought, "what's wrong with you, Li Cihua?" Li Cihua was f*cking awesome? You dare to ruin this young master's good thing, if you can't do it in the open, this young master will do it in the dark. Anyway, we're all in the underworld, you'll suffer in silence, you'll have to suffer unspeakable pain.

After his shower, Chen Xiaoba put on his sleeping robe and walked out of the bathroom. He saw Ying Ziyu lying on the bed, her body wrapped up in a tight leather jacket. He drooled and walked over to her with a lewd smile.

"Hehehehe, little girl, in the end you still can't escape from this young master's palm, right? Li Cihua was amazing? What can you do if this young master comes to play dirty?" Chen Xiaoba mumbled to himself, pleased with himself. He was just about to rip Ziyu's clothes off when something happened!

Ziyu, who had been unconscious on the bed, suddenly jumped up and kicked at Chen Xiaoba's crotch! Ziyu had used a lot of strength in that kick, and Chen Xiaoba wasn't prepared for it, either-he was kicked right in the face!

"Pa!" A crisp sound was heard. Chen Xiaoba let out a miserable cry. The sound was even more horrifying than the ten great tortures of the Qing Dynasty. It was extremely miserable ...

The egg was broken, and the bird was broken. Chen Xiaoba's eyes were wide open, and his mouth was also wide open. He knelt on the ground, his face pale, and he kept crying for his father and mother.

In fact, elder Zhu had been squatting on the air conditioner outside the window of the hotel, like Spiderman. He was a dark old man himself-he wanted to see how Ziyu would deal with Chen Xiaoba. If

she was in danger, he'd be the first to help, but if she wasn't, he'd let her do whatever she wanted to vent her anger!

Now that the boss was with Lin Yi, Ziyu was happy! Seeing Chen Xiaoba's miserable state, the corner of elder Zhu's mouth twitched. If he had attacked, he would have crippled Chen Xiaoba with one palm strike. Although it was more serious than this, he would probably be in a vegetative state for the rest of his life, but it would not be as painful as this ...

"Chen Xiaoba, How dare you! Why didn't you find out who I am? my brother is Lin Yi!" Ziyu pointed at Chen Xiaoba and roared.

"..." Chen Xiaoba really didn't know who Lin Yi was, or Li Cihua wouldn't have hinted so much at him and just said Lin Yi's name. Chen Xiaoba's level was too low, he didn't know Lin Yi's name.

Elder Zhu's face changed-he had a phobia of Lin Yi, and if Ziyu were to say that in front of all the disciples or even the heads of the hidden houses, no one would dare mess with her!

Bawang Chen was here as well. He was the one who personally drove to welcome Xiaoba Chen, but he was a little depressed. He had wanted to take this opportunity to build a good relationship with the Zhuang brothers and treat them to a meal to improve their relationship, but he didn't expect the two brothers to drive away directly, making Bawang Chen come here for nothing.

However, since he was here, he was not in a hurry to go back. He waited in the room next door for Chen Xiaoba to finish playing with Chen Xi, and then the father and son would go back together.

Overlord Chen was resting when he suddenly heard a heart-wrenching scream from the room next door. It gave him a fright. Wasn't that the voice of his son, Chen Xiaoba? Chen bawang was immediately anxious. He got up from the bed and ran out of the room. Without thinking much, he kicked open the door of the next room, only to see his son rolling on the ground, covering his crotch ...

"Little tyrant, how are you?" Seeing his son's miserable state, Overlord Chen immediately became anxious.

"Dad ... I'm disabled ... Ouch ..." Chen Xiaoba couldn't even finish his words. He rolled on the ground in pain. Perhaps he saw his Savior, his eyes rolled back and he fainted.

"You little B * tch, what did you do to my son? I'm going to kill you!" Overlord Chen didn't even need to guess to know what was going on-his son was trying to push Ziyu, but she resisted and kicked him in the crotch.

And so, Chen bawang didn't ask what was going on-he pulled out his gun and aimed at Ziyu, ready to shoot! He was not a cultivator, and guns were the most powerful weapons in his hands!

He'd been watching to let Ziyu vent her anger, but seeing bawang pull out his gun made him panic. Ziyu wasn't a practitioner, how could she Dodge a gun?

Elder Zhu broke through the window and smacked on bawang Chen's arm, which was holding the gun. The arm was broken, and the gun fell to the ground!

"Who ... Who are you?" Bawang Chen didn't expect someone to come in through the window. Although his arm was in pain, he still asked in shock. He was a fierce man. Although his arm was in pain, he couldn't be like Xiaoba Chen, who was tossing and turning.

"I was sent by her brother." Old Zhu pointed at Ziyu.

"Grandpa Zhu?" Ziyu knew the boss as well-she was close to Chen Xi, and naturally saw him a lot. She was both happy and worried when she heard that Lin Yi had sent him here. "Xi was also taken away, how is she?"

"Don't worry, miss Ying. Mr. Lin has already gone to save Xiao Xi personally." The old Zhu always called her Ziyu, but now that his identity was public, he couldn't call her that anymore.

Chapter 2568 Personally Welcoming

"Lin Yi bro went to save Xi ..." Ziyu let out a breath of relief. While she was happy for Chen Xi, she was a little disappointed. Chen Xi liked Lin Yi, but she did too.

From the first day Lin Yi did her hair-he was so overbearing, and she'd started to like him bit by bit.

But her liking was a subtle thing-by the time she realized it, Chen Xi had already told her that she liked Lin Yi, and so she couldn't fight with her sister for her man-that wasn't her big sister's personality, and so she could only keep it to herself.

Although she often helped Chen Xi come up with plans, wasn't this also her idea that Chen Xi was trying to achieve?

"Old man, do you think I don't exist?" Overlord Chen was starting to get a little annoyed when he heard boss Zhu and Ziyu talking as if there was no one else around. He was the king of the underground, the boss of the Mafia-how could he feel good being ignored?

"Hmph, a small fry like you dares to be arrogant in front of a cultivator?" Elder Zhu sneered and slapped him. He said indifferently, ""I won't take your life. I'll leave your life to Mister Lin to decide!"

A cultivator? Bawang Chen was shocked. This was his last thought before he fell unconscious ... He was backed by the Hidden House Zhuang, so he naturally knew what kind of people cultivators were and how powerful they were. He had never thought that the elder in front of him was a cultivator ... Which force did he belong to? However, Chen bawang had no time to think about it and passed out.

Elder Zhu dialed Lin Yi's number, "Mr. Lin, miss Ying is fine. Everything is fine. Chen Xiaoba's balls were broken by miss Ying. Chen bawang wanted to use a gun, but I broke all his meridians and bones. He is now a disabled person."

"Good job. I'm heading to the temporary hidden house Zhuang now, bring them along." Lin Yi let out a breath of relief-he knew that there wouldn't be any problems with boss Zhu and Ziyu, but the result was still a huge weight off his mind.

"To the Hidden House Zhuang?" "Mister Lin," elder Zhu blinked, "you still haven't settled things on your end? We're going to kill our way into the Hidden House Zhuang?"

The thought excited him-was Lin Yi planning on wiping out the Hidden House Zhuang? It must be very hot-blooded, but with her strength, wouldn't it be suicide to follow Lin Yi?

"Kill what?" "The Hidden House Zhuang seems to be leaning towards me. I'll go take a look first." Lin Yi smiled.

"Ah? They thought ..."Boss Zhu isn't stupid-he immediately understood what Lin Yi meant. The Hidden House Zhuang wants Lin Yi to be their boss? With that thought, elder Zhu felt bitter-why were the hidden houses Han, Pi, and Zhuang so aware of the situation, knowing that Lin Yi was their only way out?

But why did the Hidden House Zhao want to court death? What good was there in going against Lin Yi? When Lin Yi gets angry, he'll destroy the entire house Zhao! Elder Zhu felt a little wronged-the guy's family was with Lin Yi now, and it was only natural for his men to work with him, but he had to do it in secret!

"Hehe, you don't have to be depressed." Lin Yi could tell that the boss was a little upset. He smiled."House Zhao still has Zhao Qikun, right?"

"Oh?" Elder Zhu's eyes brightened-that's right, wasn't there Qikun? Why didn't he think of this before? If Qikun died in the sky elixir sect test, then everything would be over, but what if he didn't?

And with Lin Yi's support, Qikun had to be a Big Shot, right? At that time, the hidden Zhao family would probably be overturned. If it was not handled well, it might even split up ...

"I'll go over now!" Elder Zhu took a deep breath and made his decision. He didn't have a choice-he didn't want to die, so he had to be Lin Yi's subordinate.

With Ziyu, Chen Xiaoba, and Chen bawang in his hands, boss Zhu got into the car they were in before and headed to the neighboring city.

Not long after Lin Yi followed Zhuang niaoqiang down the highway, they reached a very flat road. There was also a toll booth in front of the road, but it wasn't open to the public. It only allowed cars to pass through.

With Zhuang niaoqiang leading the way and Zhuang niaopao sitting beside him, the two cars naturally entered the road without any obstructions. They sped all the way and soon arrived at a Manor. The environment here was similar to the Hidden House Zhao and han 's. It seemed like the styles of the hidden houses were similar.

Old man Zhuang had received Zhuang niaoqiang's call, and was already waiting at the entrance. He had nothing to lose in front of Lin Yi-he was just an Earth Class late phase peak, while Lin Yi was already Earth Class mid phase peak, and could even kill Sky Class Masters in seconds. He was like a senior to old man Zhuang.

The two cars stopped in front of the manor, one after the other. Old man Zhuang ignored Zhuang niaoqiang and walked to Lin Yi's Grand Cherokee with a smile. He opened the door for Lin Yi with respect. "Senior Lin's presence brings light to this small house. We welcome you with open arms!"

There was a time when old master Zhuang was against Lin Yi at the Hidden House Summit, but things changed as time went by. After knowing that Lin Yi could kill Sky Class Masters in seconds, old master Zhuang adjusted his attitude, turning from resistance to fear and respect!

Now that the Hidden House Zhuang could become Lin Yi's follower, old man Zhuang was extra careful with this opportunity.

"Hehe, old man Zhuang, you're too polite!" Lin Yi smiled faintly, accepting the title of "senior." Back at the practitioner market, the third of the right had already called him "senior," so Lin Yi was used to it.

"Senior Lin, please!" The calmer Lin Yi was, the more impressive old man Zhuang thought him to be. There was a saying that went, "there's no diamond that doesn't take on porcelain." If Lin Yi wasn't really that impressive, how could he be like this?

"Wait, let me check on my sister's condition." Lin Yi waved his hand and walked to Zhuang niaoqiang's Mercedes-Benz, picking Chen Xi up from the back seat. He knew that Chen Xi was fine, and Zhuang niaoqiang and Zhuang niaopao wouldn't lie to him, but after checking carefully and confirming that Chen Xi really was just unconscious, he let out a breath of relief.

Chapter 2569 Zhuang Clan's Sincerity

"I'm really sorry about this-we didn't know that miss Chen Xi was elder Lin's godsister. If we did, we wouldn't have dared to do this even with the ancient sect backing us up!" Old man Zhuang's words were pleasant to hear, and he was implying that Lin Yi was a big Shot, and that even people with ancient backgrounds wouldn't dare to mess with him.

"It's nothing. I don't blame you for not knowing. " Lin Yi didn't want to pursue the matter any further-it wasn't as if the Hidden House Zhuang was in the wrong. It was just that their information wasn't on the same level, and they wouldn't have made a move if they knew Chen Xi's background.

The two Zhuang brothers didn't dare walk beside Lin Yi, following a few steps behind him. Old man Zhuang treated Lin Yi as a guest and went straight to the most luxurious living room of the Hidden House Zhuang. This was usually a place for the heads of other hidden houses and people from the ancient plane, and it was clear how much house Zhuang valued Lin Yi now that it was used for him.

"Senior Lin, this is all a misunderstanding. We, the hidden Zhuang family, want to use this opportunity to bury the hatchet. I wonder if you'll accept us?" Old master Zhuang knew Lin Yi's personality to some extent-he knew that Lin Yi liked to be straightforward and didn't like to beat around the bush, so he decided to skip the pleasantries and make his intentions clear.

"Haha ..." Lin Yi laughed, ""What can you offer? I'll take in your Zhuang family as my underlings, and I'll have to help you settle things if anything happens ..."

"The Zhuang family will naturally follow senior Lin's lead. Of course, to express our sincerity, we will offer all the good stuff of the Zhuang family for senior Lin to choose from!" Old master Zhuang said seriously.

"Oh?" Lin Yi was a little surprised at old man Zhuang's words-he didn't expect the old man to offer such attractive conditions, just like the Hidden House han! One had to know that even though the Hidden House han had submitted to Lin Yi, they were more or less forced to give Lin Yi all the good stuff to choose from. The Hidden House Zhuang, on the other hand, was different. They only offended Lin Yi and kidnapped Chen Xi. Taking out one or two treasures was enough to settle the matter.

But the Hidden House Zhuang had revealed his trump card-it seemed like he had no intention of negotiating.

"Then let's go and take a look." Lin Yi nodded, finally accepting the Hidden House Zhuang. He was a straightforward person, and he liked straightforward people. He wouldn't want to deal with them if they were hiding things from him, but he agreed with what the Hidden House Zhuang did.

"Senior Lin, please!" Old master Zhuang let out a breath of relief, a smile on his face. If Lin Yi said that, then it meant that the Hidden House Zhuang would be accepted for sure. There wouldn't be any more

changes, unless Lin Yi went back on his word or the items in the vault were too lousy for Lin Yi to care about."The treasure vault is in the manor, in the basement of my courtyard."

Zhuang niaoqiang and Zhuang niaopao's eyes lit up as well-they'd never been to their house's treasure vault before, and they'd finally gotten to take a look thanks to Lin Yi.

Lin Yi carried Chen Xi on his back, not waking her up. He could tell that Chen Xi didn't have enough sleep, and he wanted to use this opportunity to let her sleep a little more. This girl had it hard, too. Other than studying every day, she had to go scrap picking to support her family.

The design of the vault was similar to house han 'S. Lin Yi even suspected that they had a connection or that they found the same designer. Either way, the situation was similar. After old man Zhuang verified the password, the door to the vault opened.

"Bird gun, bird cannon, what I'm going to say now, if you guys hear it, just do not spread it! Even I, your father, have never said these words to you!" "This is the core secret of the Hidden House Zhuang, and it's only passed down from generation to generation," old man Zhuang said. "But now that we've joined senior Lin, we naturally can't hide this from him."

"Yes, Grandpa, we won't say anything!" Zhuang niaoqiang and Zhuang niaopao quickly promised.

Lin Yi was a little surprised-what was this hidden house Zhuang's Secret that even the Zhuang brothers didn't know?

"Senior Lin, actually, the ancestors of the Hidden House Zhuang originated from the everyday and every day sect. Our ancestor was a disciple of the everyday and every day sect, but he fell out with the sect

leader back then and left the sect to set up his own sect. However, he's weak by himself. Even though the Hidden House Zhuang was at its peak, almost as strong as the ancient times, we don't have any outstanding talents in our younger generation. Even the everyday and every day sect doesn't know about this anymore, and we don't dare to announce that our hidden house Zhuang's martial arts came from the everyday and every day sect. Not only would we attract the hostility of the other sects, but we're also afraid that the everyday and every day sect would come to us for the good things our ancestors took away. " Old master Zhuang explained in one breath.

"So ... You are a branch of the everyday and every day sect? It seems like he has a big background!" "I have a grudge against the everyday and every day sect," Lin Yi said, surprised. "Have you guys thought it through?"

"This can be considered a feud between our ancestors. If this matter gets out, we won't get any benefits." "Besides, even if elder Lin didn't mention it, the everyday and every day sect wouldn't care about small fries like us, would they?" old master Zhuang smiled bitterly.

"Let's see what treasures you guys have," Lin Yi nodded.

"Alright, this is the treasure vault and that is the Sutra library. What does senior Lin want to see first?" Old master Zhuang asked.

"Hmm ... Let's take a look at the treasures first." Lin Yi said after some thought.

Lin Yi wasn't lacking in Arts and practitioner's Arts right now, unless they were really heaven-defying ones. So Lin Yi's attention was on the treasures first, seeing if there were anything he needed.

"It's here!" Old master Zhuang brought Lin Yi into one of the rooms and pointed at a display shelf. "This is the treasure of our hidden house Zhuang!"

Lin Yi looked at the items on the display rack, speechless. There weren't many things on the display rack, and they were all packed in small bottles and boxes like this. There were labels below the items, indicating what they were.

Chapter 2570 Gathering Qi Pill Materials Again

However, the good stuff in the eyes of the Hidden House Zhuang was nothing in Lin Yi's eyes. They were all things that he didn't care about at the Hidden House Summit. They didn't even have as much as the Hidden House han.

Old man Zhuang's heart tightened when he saw the disappointment in Lin Yi's eyes. He remembered that Lin Yi had won quite a lot of things at the Hidden House Summit, and most importantly, he'd been to the Hidden House han before. The legends said that the Hidden House han found an ancient ruin and made a fortune. If that was the case, the Hidden House han must have more good things than the Hidden House Zhuang. It was normal for Lin Yi to be disappointed.

"Senior Lin, I'm afraid you won't be interested in these things, but they've been in our hidden house Zhuang's collection for many years!" Old master Zhuang smiled bitterly. "I'm afraid the most valuable of them are the ingredients for the Qi-gathering pills. However, our family doesn't have a third-grade Alchemist, so we can't make third-grade elixirs. The ingredients for the Qi-gathering pills have been preserved for thousands of years, so they're not very valuable ..." Old master Zhuang said, pointing to a box on one of the shelves.

"Oh? The ingredients for the Qi gathering pill?" Lin Yi was surprised-he didn't think that hidden house Zhuang had something like that!

"Yes, my ancestor got this from the everyday and every day sect, but there are too few third ranked alchemists, and the sky elixir sect simply can't help us with alchemy, so it's been left here." "Could it be that Mr. Lin has taken a fancy to the ingredients for this Qi-gathering pill?" old master Zhuang said.

Old master Zhuang was a little surprised. Although the materials used to refine the Qi-gathering pill were good, they were still of little value. They were tasteless, but it would be a pity to throw them away. They had been left here for thousands of years without any use. Old master Zhuang's ancestors had not been able to find an Alchemist for several generations, so he didn't think that he could find one now.

So he didn't think about it at all, but from what he could see, Lin Yi was probably the same as when he first found out about the material. At that time, old master Zhuang was also full of confidence and ambition, but after a long time, he realized that overthinking would only add to his troubles.

"That's right, I'm interested in the materials for this gathering Qi pill. " Lin Yi nodded.

"If senior Lin likes it, then take it." Old man Zhuang was a straightforward man-no matter how precious it was, it was useless to him. He'd rather use it to please Lin Yi.

"Since old master Zhuang is so forthright, I won't be unreasonable. When I refine a Qi-gathering pill one day, I'll give you one." Lin Yi appreciated straightforward people like old man Zhuang-they didn't drag things out.

"Hehe, then I'll be looking forward to it!" Old master Zhuang smiled. In fact, he didn't think much of it. He didn't think that Lin Yi could become a third class refiner. It wasn't that he didn't believe in Lin Yi, but that Lin Yi wouldn't spend too much time and energy on alchemy. After all, there weren't many people like the sky elixir sect who focused on refining elixirs.

Lin Yi could see that old man Zhuang wasn't very interested, and understood his thoughts. If it were that easy to make the Qi gathering pill, old man Zhuang wouldn't have given him the ingredients so easily.

"I won't look at anything else. Old master Zhuang, I just want to ask if you have any materials like blue crystal, pure yellow jade, or colored steel?" Lin Yi scanned through house Zhuang's treasure vault. It was all the same stuff, and he didn't bother looking anymore.

"Blue crystal, pure yellow jade, colored steel ... Well, I don't have pure yellow jade, but I do have pure purple jade. Is that okay?" Old master Zhuang thought for a while and then asked.

"Pure purple jade? There's no need for that. " Lin Yi shook his head, "there's enough ingredients for this Qi gathering pill, I'll take these!"

"Uh ... You're not going to look anymore?" Old master Zhuang felt a little guilty. The ingredients for the Qi gathering pill were precious, but they were of little value to him. Lin Yi might think that he'd gotten a treasure now, but he'd find out that he couldn't make it when he went back. He'd think that he'd come for nothing if he couldn't get something better.

"No, let's go to the Sutra library to look at martial skills and mental cultivation methods." Lin Yi wasn't a greedy person-old man Zhuang was with him now, and he could always come and take whatever he needed. He didn't have to take everything all at once.

"That's fine ..." Old man Zhuang didn't care much about arts and techniques. Although a family's arts and techniques weren't passed on to outsiders, they were of little value to Lin Yi.

Lin Yi was already Earth Class mid phase peak, and there was no way he'd get rid of his spiritual practitioner's Arts and start all over again. House Zhuang didn't have a physical practitioner's either, so there was no point in Lin Yi looking at their practitioner's Arts.

As for martial arts, every martial arts skill corresponded to the practitioner's Arts "element. Not everyone could use it, let alone this martial arts skill. It was hard to fully understand a martial arts skill. Lin Yi already had a powerful martial arts skill, so why would he study other people's martial arts?

As a result, in old man Zhuang's eyes, Lin Yi was only going to the Sutra library for a look-he'd at most make a copy for his collection, with no practical use.

But Lin Yi had requested it, so he had no choice but to follow Lin Yi to the Scripture Hall.

Zhuang niaoqiang and Zhuang niaopao, on the other hand, were envious of the materials Lin Yi had-it was a Qi gathering pill! If he did, then he'd be a Sky Class after eating it. They didn't know why their grandfather wasn't so enthusiastic.

The two of them were still too young and didn't know much about elixirs, which was why they had such an idea. But old master Zhuang was different. He was old and wise, and no longer had the unrealistic expectations of his youth.

He followed Lin Yi to the Scripture room next door, where Zhuang niaoqiang and Zhuang niaopao stood to the side respectfully. Old man Zhuang started introducing the books in the room!

The Hidden House Zhuang's library had much more books than the Hidden House han 's. After all, books weren't treasures that could be used or given to others. Even if you exchanged books with others, you

could copy and copy them. Hidden house Zhuang had a long history, so it wasn't surprising that they had a lot of books.

"So many? They're all mental cultivation methods and martial arts techniques?" Lin Yi asked.

"The useful ones are actually the few books on this shelf. These books are all useless martial arts techniques and mental cultivation methods. They're just for show," Old master Zhuang smiled bitterly. "Most of them were exchanged with others, and the things that were exchanged were not important. No one would exchange the useful things easily. For example, the few books on this shelf were taken back by our ancestor from the everyday and every day sect. Other than the Zhuang family, only senior Lin has seen them."
