

## Bodyguard 2581

### Chapter 2581 Intimidation

Because looking at the medical merchant's expression, it seemed that all of this was logical. He also stood respectfully behind military counselor Zhuge.

"Oh? "It's my pleasure to meet you, Mr. Zhuge ..."Fatty Lai was a businessman who'd been through a lot, after all. He was curious, but he still greeted him politely. However, there was a hidden question in his words-it was our first time meeting each other, what business did you have here?

"Hehe, Mr. Lai must be very strange right now. Why am I here?" Military counselor Zhuge smiled and said, ""Now, I can reveal the answer to Mr. Lai!"

"Oh? Please tell me, Mr. Zhuge. " Fatty Lai furrowed his brows and thought to himself,"this military counselor Zhuge doesn't look like he's here with good intentions. If not, he wouldn't have said something so overbearing since it's a cooperation. It looks like there's something wrong with this cooperation!"

"Actually, I'm the one who wanted to work with Mr. Lai, and this is the representative of our organization in this small country!" Advisor Zhuge smiled at fatty Lai.

"Oh? So, Mr. Zhuge is the real boss behind the scenes?" Fatty Lai was a little shocked, but he acted as if nothing had happened,"Then I wonder what Mr. Zhuge wants to cooperate with me for? Are you still selling our company's medicine?"

"Medicine?" "Of course!" Military counselor Zhuge smiled faintly. "The profits from the drugs aren't low, but we're not interested in them. We're looking for Mr. Lai to cooperate, not to sell drugs, but to sell drugs!"

"What?" Fatty Lai was taken aback, his face finally changing, "Mr. Zhuge, you're not joking, are you? I'm a decent businessman, this joke is not funny ..."

"Who's joking with you?" Military counselor Zhuge's tone also changed, from a Smiling Tiger to a domineering Wolf. "To tell you the truth, you're already on our pirate ship. You have to do it whether you want to or not. Otherwise, don't blame us for being impolite!"

"You guys ..." Fatty Lai's face turned ugly, ""Selling drugs is illegal. I'm not sure if it's illegal in this small country, but it's not allowed in our country. I won't work with you."

"Hehe, not cooperating? Do you think we won't cooperate just because you say so?" Military counselor Zhuge looked at fatty Lai with a half smile.

"Are you going to force me? We're all businessmen, so we should mind our own business. If business doesn't work out, we'll still be kind. If you insist on forcing me, I'll have to call the police. " Fatty Lai's tone was getting worse.

"Call the police? Sure, why don't you try? I'm not afraid to tell you that I've already put some drugs in the batch of drugs you brought this time. You can try to call the police and see if you will be implicated. " Military counselor Zhuge said without fear, ""I know what you're thinking, you'll say you don't know and that we did it. It doesn't matter, as long as this gets out, your company's reputation will be ruined. I'll even get people to make your company into a drug trafficking company, and your painkiller and other drugs are only effective because of drugs!"

"You ... You ..." Fatty Lai's face was green with anger. It was just as military counselor Zhuge said-even if they found out that he had nothing to do with this, these people would spread rumors and defame his company before the investigation was over. His company's reputation would take a huge hit, and it would be like yellow mud falling into his pants. It would be sh \* t!

"I what? Do you think that working with us is the best way out? Don't worry, we don't need you to do anything. We just want your company's right to export drugs without inspection. As long as you let us have a share of the profits when you export and import drugs, you can just sit there and collect money. This is a win-win situation, so why not?" Military counselor Zhuge gave her a sweet date and began to describe the benefits of the cooperation.

"Your headquarters are in China?" Fatty Lai calmed down and asked after some hesitation.

"Hehe, it's just a branch in the country, and I'm the head of the branch. I'm only in charge of the surrounding business, and I'm not in charge of anything else. Of course, it's not impossible for Mr. Lai to expand his business. I'll help you thread the needle. " Military counselor Zhuge said.

"How much profit can we make from this for a year?" Fatty Lai asked after some thought.

"If you cooperate fully, I can guarantee you a profit of at least five billion a year!" "Please note that the unit is US dollars!" Military counselor Zhuge smiled.

"What? Five billion US dollars?" Even fatty Lai's eyes were wide open in shock! No wonder it was said that the richest people in the world were those invisible drug dealers. It seemed that this saying was not false at all. As a company that shared the profits, he could get five billion US dollars. How much money could they make? Wouldn't that be an astronomical figure?

"Hehe, are you moved?" Military counselor Zhuge looked at fatty Lai's expression and felt that his threats and promises had worked. First, he scared fatty Lai, then he promised him a big reward. He didn't believe that fatty Lai wouldn't be moved!

"Phew ... To be honest, I'm very tempted." Fatty Lai wasn't moved, he was just shocked. However, he had to act like he was interested in this. Otherwise, after today, miracle doctor Guan's medical company would be notorious for drug trafficking. It would be a fatal blow to the company's reputation!

Drugs were used to save people, while drugs were used to harm people. The stark contrast between the two would definitely cause the company's reputation to plummet.

"A person? What do you mean by that?" Military counselor Zhuge was slightly stunned.

"You should know that the company doesn't belong to me alone. I have some partners, so I can't make the decision on my own. Even if you threaten me, I can't make a decision now." "Of course, I'm personally inclined to work with military counselor Zhuge. After all, money is coming in too quickly. But I need to convince my partners first," fatty Lai said.

"Your business partner? Oh, that's fine. Make a call and ask your business partner to come here. I'll talk to him personally!" Military counselor Zhuge wasn't in a hurry. As long as fatty Lai was done, he was already halfway to success.

"Military counselor Zhuge, why don't we talk about it in detail after we return to the country? it's not realistic for me to let my partner leave at this time. I'm going abroad, and the company in the country can't be left without someone to take charge." Fatty Lai said after some thought.

## Chapter 2582 Wu Chentian Appears

"Hehe, do as you wish." Military counselor Zhuge smiled and said, "but let me remind you, don't try to be petty with me. Don't even think about returning to the country. There is no evidence of you transporting drugs here. When we unloaded the goods, the whole process was recorded. Your company's name is clearly on the container!"

"Haha, how could I?" Fatty Lai was indeed thinking of doing that. Now that he was back in the country, he could just deny everything that happened here. This was his territory, and he wasn't afraid of military counselor Zhuge being from the underworld. The big noble families in the country were his allies. He could just get house Liu to come out and talk to him or get Wu Chentian to threaten him with force. But he didn't expect that military counselor Zhuge wasn't stupid. He even recorded it, so he couldn't escape.

"It's best if you can 't. " Military counselor Zhuge smiled and picked up a copper ornament on the table. With a pinch, the ornament turned into a copper plate and he threw it on the ground, ""Don't treat me like an ordinary drug dealer. You'll die a terrible death!"

"A cultivator?!" Fatty Lai looked at military counselor Zhuge in shock. He didn't expect this man to be a practitioner.

"It seems that you have some knowledge. Then I don't need to say more. I hope you can contact me as soon as possible after returning to China, or you will bear the consequences!" Military counselor Zhuge gave fatty Lai a name card and threatened him.

"Okay, I understand. In fact, I also hope to cooperate with Mr. Zhuge." Fatty Lai took the card and put it away. He knew that he couldn't just let things go like this. He had to solve this after he returned to China. He couldn't run away.

Military counselor Zhuge nodded and left with the medicine merchants. They wouldn't leave with fatty Lai as they had a special channel to leave. These kinds of drug dealers wouldn't easily leave a record.

That night, fatty Lai booked the earliest flight back to Songshan. He let out a breath of relief as he left the airport. Everything was too sudden and strange. Fatty Lai realized that he'd become a lot more careless and wasn't as cautious as before!

But it wasn't surprising-after miracle doctor Kang's company went bankrupt, miracle doctor Guan's medical company entered a period of rapid development, and fatty Lai gradually lost his alertness. This incident reminded him to be more careful in the future.

At first, fatty Lai wanted to ask his business partner, the Liu family, to investigate military counselor Zhuge's identity and warn the boss behind him to be more honest and not have any ideas about miracle doctor Guan's medical company.

Normally, noble houses were quite intimidating to these underground forces, but after knowing that Zhuge was a practitioner, fatty Lai changed his mind. He was facing a practitioner, not a small force, at least on the same level as the five small noble houses, so he decided to ask Wu Chengtian to face Zhuge.

Wu Chengtian was the heir of a common house, and he was also an Earth Class early phase physical and spiritual practitioner-he was extremely strong. One could say that a common House of Wu was almost on the same level as those hidden houses, and so with Wu Chengtian's help, he should be able to deal with Zhuge Liang.

As for Lin Yi, fatty Lai didn't want to trouble him. Lin Yi had entrusted the company to him to manage, so he couldn't just ask Lin Yi for help whenever something went wrong, could he? He had to trouble Lin Yi for things he couldn't do anything about, like miracle doctor Kang's medical company's counterattack

and so on, but he felt that Wu Chengtian could handle things like the underworld, so Lin Yi didn't need to do anything. He wanted to give Lin Yi as little trouble as possible!

The first thing fatty Lai did when he got back to Songshan was to call Chentian and tell him what happened. He asked him to help out and Chentian agreed without hesitation! He and fatty Lai were both Lin Yi's underlings, and fatty Lai was in charge of Lin Yi's business. Now that his business was in trouble, it was only natural for him to help!

After Chentian's arrival, fatty Lai felt much more at ease. He called military counselor Zhuge and asked him to meet at the headquarters of miracle doctor Kang's medicine company to discuss the partnership.

Military counselor Zhuge agreed readily and told fatty Lai that he'd be there the next morning.

The next morning, military counselor Zhuge arrived at the headquarters of miracle doctor Kang's medical company on time. This time, he came with two people, but it wasn't the pharmaceutical businessman who followed him before, it was someone else who looked like a follower.

Under the company's security Guard's lead, military counselor Zhuge and his lackeys were brought to the company's reception room. He was a little unhappy that fatty Lai didn't come out to greet them personally. He had a feeling that something might go wrong with the collaboration!

Could it be that fatty Lai was just patronizing him? did he have a backup plan after coming back?

After entering the guest room, military counselor Zhuge saw fatty Lai sitting in the main seat. Beside him was a young man with his legs crossed. He looked very arrogant.

"CEO Lai, what do you mean by this? You're not going to work with me anymore?" Military counselor Zhuge's face was dark, and fatty Lai's lack of greeting further confirmed his suspicions.

"Military counselor Zhuge?" Fatty Lai didn't say anything. Chentian stood up first and extended his hand to military advisor Zhuge, "I'm the young master of the common house Wu, Wu Chentian!"

With that, Chentian started channeling his practitioner's Arts-his strength as an Earth Class early phase was on full display.

"Hehe ..." Advisor Zhuge smiled and shook Chentian's hand, ""I didn't know that miracle doctor Guan's medical company had a noble family background."

"It's good that you know-it's important to know who you are. If military advisor Zhuge wants to interfere with our company's business, then ..." Chentian said as he increased the strength in his hand. He was a physical practitioner, and now that he had the support of a spiritual practitioner, his strength was no longer the same as before.

"Earth Class early phase-physical and spiritual practitioner? No wonder he's so awesome. " He didn't expect Zhuge Liang's expression to remain the same even after Chentian had grabbed his hand, and he even spoke of Chentian's strength so calmly!

"You ..." Chentian was a little taken aback-he couldn't tell just how strong he was.

"Hehe, you're right-you should know what's good for you-a small Earth Class early phase dares to act like this in front of me!" Military counselor Zhuge shook off Chentian's hand and sent a slap towards Chentian's chest!

"Bang!"

Before Wu Chengtian could react, he was sent flying by advisor Zhuge's attack, landing heavily on a wall not far away with a loud bang!

Chapter 2583 Lin Yi In Action

"Pfff ..." Chentian spat out a mouthful of blood, his face pale as he fell to the ground. He wasn't dead, but his meridians were all broken, and his organs were all displaced. He was a cripple! "Sky Class early phase ..." Chentian said after a while.

"For the sake of the Wu family, I'll spare your life." Military counselor Zhuge smiled coldly and turned to fatty Lai, who was also sweating profusely, "CEO Lai, is this your business partner or someone you hired to help you? Can we continue to talk about the cooperation?"

Chentian took a deep breath and closed his eyes to rest. He didn't want to waste time talking-staying alive was the most important thing! He'd been too careless today-he never would've thought that a drug dealer would be a Sky Class early phase!

But Chentian wasn't worried-it wasn't the first time he'd become a cripple, and he knew that as long as his boss Lin Yi was here, he'd be able to recover his strength in no time. The problem was, what about fatty Lai? How was he supposed to contact Lin Yi for help?

"I didn't think you'd be a Sky Class early phase, military advisor Zhuge, my apologies." Fatty Lai was even more shocked after hearing Chentian's report. He smiled bitterly, "Then ... Shall we talk about cooperation?"

"Haha, if I wasn't a Sky Class early phase, if I was a Mystic, wouldn't I be dead here today?" Military counselor Zhuge said indifferently.

"Uh ... This ..." Fatty Lai was embarrassed.

"It's fine. In the world of cultivators, the weak are prey to the strong. I'm already used to it!" Military counselor Zhuge waved his hand and said, "I'm stronger than you now. I'm going to beat you!" However, in view of your lack of cooperation, I will make some changes to the previous cooperation conditions. I will reduce your profit. "

"This ... It's fine." Fatty Lai smiled bitterly. "Military counselor Zhuge, if that's the case, I'll tell you the truth. I'm actually working for someone else, and I have my boss behind me. I can't make the decision for the cooperation, so I have to ask my boss to come forward."

"The boss behind you? You mean the secular Wu family?" Military counselor Zhuge looked at Chentian, who was in the corner. His appearance reminded him of the background of house Wu in miracle doctor Guan's medical company.

"No, Wu Chengtian and I are both working for the boss." Fatty Lai shook his head, denying military counselor Zhuge's guess.

"You're all working here?" Military counselor Zhuge squinted his eyes and a sharp light flashed in them. He had thought that miracle doctor Guan's medical company only had the background of the ordinary house Wu, but now it seemed that even the young master of the ordinary house Wu was working for the boss behind the scenes. The identity of the boss behind the scenes must not be simple. Thinking of this, he decided to figure out the strength of the boss behind this." "That's good. In that case, why don't you find your boss? But you're not looking for outside help again, are you?"

"Yes, but not exactly. If the boss behind me can't handle it, then he'll personally talk to military counselor Zhuge about the cooperation." Fatty Lai replied.

"That's good, you can make the call. " Military counselor Zhuge waved his hand and ordered.

Fatty Lai didn't say anything else and dialed Lin Yi's number.

Lin Yi came back very late from Songshan last night, and he didn't talk to han Jingjing after he got home, so he didn't know what the terms were. He was about to talk to han Jingjing in the car when his phone rang.

Lin Yi was a little confused when he saw the caller ID. Didn't fatty Lai go overseas for business? Why did he call at this time?

"Hey, fatty Lai, what's up?" Lin Yi answered.

"Boss, something happened at the pharmaceutical company!" Fatty Lai didn't hide anything and explained everything in front of military counselor Zhuge. He only said it as it was and didn't put any personal feelings into it. Finally, he told him about Wu Chengtian's injury.

"What? Chentian was injured?" Lin Yi's heart skipped a beat after listening to fatty Lai's story. But he wasn't too worried about Wu Chengtian-he was just shocked that this advisor Zhuge was Sky Class early phase, and even more coincidentally, he called him "advisor"!

Could it be the military counselor sent from the red conch headquarters that brother Dafeng mentioned? Thinking that he was also a drug dealer, it was very possible!

"Yes, boss. What do we do now?" Fatty Lai asked.

"Wait for a while, I'll go over now." Lin Yi said. He'd decided to meet this advisor, but he was a Sky Class early phase-it was a bit risky for Lin Yi to just go there, but he had no choice. He couldn't just compromise and work with them, could he?

So, even if it was a risk, Lin Yi had to take it. If he did it right, he could minimize the danger!

Other than the raging fire Eight Trigram palm, Lin Yi also had the heavenly net! If it really didn't work, he'd just cast an all-encompassing net-Sky Class or not, you wouldn't be able to move at all, and then he'd use a raging fire Eight Trigrams palm to see if you'd die!

Of course, if he didn't die, he could use his ultimate killing technique, the true energy bomb, and no matter how powerful he was, he would still be blown to death! But Lin Yi didn't plan on using the energy bomb in the beginning-it'd be a suicide attack in a small room like the guest room.

Chentian was half dead, and fatty Lai wasn't a practitioner. It didn't matter if Lin Yi died in the explosion, but it was a different story if both fatty Lai and Chentian died.

"Yaoyao, something happened at fatty Lai's company, I need to rush back to Songshan to deal with it. Can you drive to school with everyone today?" Lin Yi said to Mengyao.

"Alright," he said. Mengyao nodded. "You sure know how to make trouble. You just came back last night and you're back again this morning. If you knew this would happen, you would've stayed at the villa for the night!"

"Yeah, who knew that everything would happen at the same time?" Lin Yi said with a bitter smile.

With that, Lin Yi left the villa and drove the Grand Cherokee back to Songshan.

On the way, Lin Yi dialed Dafeng bro's number.

"Mister Lin." Brother Dafeng quickly picked up the phone and said respectfully.

"Dafeng, let me ask you. Do you think the military counselor sent by the headquarters is called military counselor Zhuge?" Lin Yi asked.

"Yeah, Mr. Lin, how did you know?" Brother Dafeng was a little surprised. "He's called military counselor Zhuge. He really doesn't find it embarrassing. With such a name, does he think he's Zhuge Liang from the Three Kingdoms period?"

Chapter 2584 Another Move

"Oh, he's a Sky Class early phase?" Lin Yi ignored Dafeng's complaints and continued to ask.

"That's right, he's a Sky Class early phase. " "Mister Lin, why are you suddenly asking about this?" brother Dafeng nodded.

"He's at my company. " Lin Yi said.

"What? He went to your company, Mr. Lin?" Brother Dafeng was stunned after hearing that. He asked curiously, "What's he doing at Mr. Lin's company?"

"Haha, it's like this ..." Lin Yi told Dafeng how military counselor Zhuge set up miracle doctor Guan's medical company and forced them to cooperate.

"Then ... Mr. Lin, do you mean for me to try and mediate the situation?" Dafeng bro knew Lin Yi's strength, so he didn't think that Lin Yi could kill military counselor Zhuge. He thought that Lin Yi was looking for him to deal with him, but he was in a difficult position, ""You also know that although I'm the big boss now, my words don't have any effect!"

"No need to. " "I just want to know if there'll be any problems if he dies," Lin Yi said with a smile.

"Problem? He can die?" Brother Dafeng stared blankly for a moment before he said in surprise, "If he's dead, that would be great! I can take the opportunity to take a breath of air!"

"Alright, then you can wait to collect his corpse." Lin Yi hung up.

He sped all the way to the skyscraper of miracle doctor Kang's medical company, and the guard at the entrance was the same one from yesterday. He greeted Lin Yi with utmost respect, "Mister Lin, are you looking for Vice President Kang?"

"Take me to the guest room." Lin Yi didn't waste time with him.

"Alright," he said. The guard quickly nodded and led Lin Yi into the elevator, pointing Lin Yi in the direction of the guest room.

Lin Yi didn't hide his strength when he reached the door-he activated the art of Dragon mastery, showing off his Earth Class mid phase peak strength to confuse the others.

Lin Yi could feel the tension in the room the moment he entered. No one spoke, but fatty Lai was sitting there with cold sweat all over his forehead. He let out a breath of relief when he saw Lin Yi and stood up, "Boss, you're here!"

"Haha, and here I was wondering how strong the person behind you was, but it's just Earth Class mid phase peak!" Military counselor Zhuge burst into laughter after seeing Lin Yi. "An Earth Class early phase just came to die, and now a mid phase peak-do you think they're a threat to me? In my eyes, even if you're Earth Class late phase peak, you're still an Earth Class!"

"Oh ... The seventh style of the wild fire Eight Trigram palm!" Lin Yi was still nodding his head with "low self-esteem" a moment ago, and now he attacked without any warning!

"BOOM!"

The power of a powerful martial technique was released in an instant and smashed into military counselor Zhuge's body. He had already completed the activation of the martial technique before he could defend himself! It was equivalent to the thirteenth form of a normal martial skill-not to mention a Sky Class early phase, even a Sky Class early phase peak would die under Lin Yi's full-strength attack without any defense!

This time, the martial technique was even more powerful than the one used to attack the third brother of the right. If the third brother of the right could be crippled, military counselor Zhuge would die with grievances.

Military counselor Zhuge died before he could even say a word. His entire body had been beaten into a pile of meat paste, and his bones and bones were all broken. It was as miserable as it could be.

"Ha ..." Lin Yi turned his head around innocently and looked at the stunned follower. The follower's face was pale and his body was shaking. He was only a golden class master, and he couldn't even stand up to Lin Yi's finger.

In his eyes, he already saw Lin Yi as Sky Class early phase peak, or even Sky Class mid phase! Although Lin Yi only showed his Earth Class mid phase peak strength, the skill he used was Sky Class thirteenth form-this was something only sky Class early phase peak or mid phase Masters could use!

Then, Lin Yi must've suppressed his strength on purpose, acting like a pig to eat a Tiger. When Lin Yi looked at him, he was completely disheartened. "Senior, I ... This ... I'm just a follower. It's none of my business ... This was all military counselor Zhuge's idea ..."

"Oh, then take his body and scram back. Tell the people behind you that when I have time, I will go to your headquarters and settle this score! You dare to touch my company, do you want to die?" Lin Yi warned faintly. Naturally, he wouldn't kill this follower. He had to find someone to pass the message back to Zhuge Liang and bring him back with his corpse!

At that time, with military counselor Zhuge's old and miserable corpse, it would be easier for brother Dafeng to rise to the top. The experts at the headquarters would also have to think twice. In this kind of place with grudges, they should not implicate themselves!

The grudges were created by military counselor Zhuge, and Lin Yi was going to settle them when he had the chance—wasn't he just asking for trouble by coming now? He believed that no one would be willing to get involved in this mess, and brother Dafeng would naturally be promoted.

"Yes, yes!" The Lackey replied hurriedly and was about to pick up military counselor Zhuge's body and leave.

"Wait, fatty Lai, go get him a travel bag. If you carry him out like this, the normal employees will be scared!" Lin Yi said, waving his hand to stop the follower.

"Alright," he said. Fatty Lai came back to his senses and looked at Lin Yi with even more respect. One move and that cocky military counselor Zhuge was dead. Wasn't he a little too strong?

Chentian had heard that Lin Yi could fight Sky Class Masters, but that was just hearsay-this was his first time seeing it, and it was Lin Yi killing a Sky Class master in seconds!

Wu Chengtian was glad that his two bosses were both ruthless people. Er goudan was able to kill the Admiralty cover user, and Lin Yi was able to kill a Sky Class in seconds. They weren't normal ruthless people! It seemed that his choice back then was correct!

Fatty Lai quickly found a travel suitcase and gave it to the follower. The follower quietly put Zhuge's body into the suitcase and closed it. He looked at Lin Yi with respect and left for the guest room.

This Lackey was also from the headquarters. He was originally a small Lackey from the headquarters. It was an extremely glorious thing to follow military counselor Zhuge to the domestic Branch. As long as he did a good job, he would be able to soar in the future!

In fact, this was the case. After he came here, military counselor Zhuge directly took over all the affairs of the domestic Branch as a military counselor, monopolizing the power!

Chapter 2585 Waiting For News

As a result, the big boss of the branch, brother Feng, had no right to speak at all, which was equivalent to being a figurehead.

At that time, this follower was very excited. If he did well, he might be able to get the position of the second head in a few years. Since the first head was just for show, being the second head was equivalent to being the first head, and he would be directly responsible for military counselor Zhuge.

Of course, his wish was beautiful, but reality was cruel. He had not had a good life for a few days before military counselor Zhuge was beaten to death. He, as a follower, would fall into the abyss! Although he could go back to the headquarters if he couldn't stay in the branch anymore, he would be a small fry in the headquarters for the rest of his life. No one would dare to use him anymore. They would think that he was unlucky. It was impossible for him to develop. It was better for him to just sit around and wait for death. He was afraid that he would be used as a scapegoat and thrown out to take the blame. If that happened, everything would be over!

Although the red conch was mysterious, it was also a large terrorist drug trafficking organization. Moreover, there were also some cowards in the red conch who were used to carry the tank. If this follower went back, he might be reduced to this.

He was depressed-he didn't hate Lin Yi, but he hated military counselor Zhuge! He was a smart man and knew that every debt had its debtor. If military counselor Zhuge had not gone out to bully others and offended a master that he could not afford to offend, how would he have lost his life?

Thinking about how miracle doctor Guan's medical company was doing so well in such a short period of time, how could it be possible without a strong backing? This military counselor Zhuge even claimed that he was the reincarnation of Zhuge Liang. He was simply the reincarnation of a pig, and even pigs were smarter than him! What an idiot!

However, even though he was cursing and feeling sad in his heart, he still followed the rules and had to tell brother Dafeng about this matter. Although military counselor Zhuge was in charge of the domestic Branch, and brother Dafeng was a mere figurehead, in reality, brother Dafeng was the most powerful. It was not impossible for him not to tell brother Dafeng and directly report it to the headquarters. However, now that military counselor Zhuge was dead, he had no backing. If someone were to spoil him and say that he did not follow the rules, that would be equivalent to sending him to the 18th level of hell. In the future, he could only go out and take the blame.

"Brother Dafeng, I'm little Tong ..." The underling weakly dialed brother Dafeng's phone.

Dafeng bro was waiting for news as well-he didn't know if Lin Yi could handle military counselor Zhuge. Lin Yi was full of confidence when he said it, but military counselor Zhuge was a Sky Class master!

"Oh? Little Tong, what's the matter?" Brother Dafeng said as he pretended to be calm, but he was extremely excited in his heart! In the past, it was absolutely impossible for little Tong to call him. He had been following military counselor Zhuge around, so how could he call brother Dafeng?

However, something must have happened for him to suddenly call this time. The only person brother Dafeng could think of was military counselor Zhuge. Only when something had happened to military counselor Zhuge would little Tong call him.

"Brother Dafeng, something happened. Military counselor Zhuge is dead!" "He was beaten to death!" Xiao Tong Zi said with a long face.

"Oh? Who was so bold? How dare you kill military counselor Zhuge?" Brother Dafeng "flew into a rage", "could it be that he wants to go against our red conch?"

"No, military counselor Zhuge asked for it. If he had listened to brother Dafeng and developed steadily, would he have died?" Little Tong gritted his teeth and decided to make a last-ditch effort. If brother Dafeng heard his praise and could keep him by his side, little Tong might still be able to get some work to do. Otherwise, he would be done for if he returned to the headquarters.

"Oh? How do you explain this?" Brother Dafeng asked without changing his expression.

Little Tong wasn't stupid. When he heard brother Dafeng's question, he immediately understood that brother Dafeng didn't mind him continuing, so he quickly said, ""In my opinion, although military counselor Zhuge is from the headquarters, he doesn't know much about some of the forces in the country, but he still wanted to be in the limelight and be ambitious. Now that he'd messed with a force he shouldn't mess with, what could he do? He was killed in an instant, and he was beaten to death in one move. All the bones, bones, and meridians in his body were broken. Isn't he courting death?"

"What? Insta-kill?" Dafeng bro was stunned. He thought that Lin Yi must have a certain level of confidence if he said he could kill military counselor Zhuge, but the process wouldn't be easy. It should be extremely difficult, but he didn't expect Lin Yi to kill military counselor Zhuge in an instant. So what level was Lin Yi now?

"Yes, it's an instant kill!" Naturally, little Tong didn't know that brother Dafeng knew Lin Yi. He continued, "At first, Lai Changyi's company even found an Earth Class early phase from house Wu to negotiate, but advisor Zhuge didn't give them face and crippled them. Now, they've pissed off the big boss behind the young master of house Wu, and he killed him in one move!"

"Who's the boss behind this? It's actually that powerful?" Brother Dafeng quickly asked.

"I don't know his name, but he's very young, in his early 20s. He's a little thin and doesn't look like a ruthless person. He's more like a student, but when he makes a move ... He's really ruthless!" Little Tong felt a lingering fear just thinking about it.

Dafeng bro took a deep breath. He could finally confirm that it was Lin Yi who did it, but how did Lin Yi become so strong? But the more powerful Lin Yi was, the happier Dafeng bro was. It proved that he didn't follow the wrong person!

"He's so powerful. If military counselor Zhuge provoked such a ruthless person, it would be strange if he didn't die!" Brother Dafeng said lightly, "this place is the birthplace of ancient martial arts. It's different from other countries. There are many hidden experts here. You might not see anything if you don't provoke them. But if you provoke them, trouble will come!"

"Yes, I think so too. Alas, I'm a lowly person, and I came with military counselor Zhuge from the headquarters. Although I wanted to persuade him, military counselor Zhuge didn't listen to me. I couldn't secretly report to brother Dafeng, but I didn't expect that I would actually make military counselor Zhuge lose his life. Brother Dafeng, I'm sorry, please punish me!" Little Tong said.

"It's great to know one's mistake and change for the better. You're quite a clever person. Come back immediately and we'll discuss how to deal with this matter!" Brother Dafeng also saw that little Tong wasn't stupid, and he needed such a person by his side, so he simply took him in as a subordinate. Anyway, little Tong was a person without foundation. If he didn't follow him, Dafeng, he would die when he returned to the headquarters.

"Many thanks, brother Dafeng!" Xiao Tong was extremely excited. He didn't expect that he had made the right bet. He threw the suitcase into the car and sped away.

Chapter 2586 Just Say It

Lin Yi had used up a lot of his Qi after using the seventh style of the raging fire Eight Trigram palm. He quickly ordered fatty Lai after Tong left, "Fatty Lai, guard the door, don't disturb me, I need to heal Wu Chengtian!"

It wasn't that Lin Yi didn't trust fatty Lai, but the fact that fatty Lai was above his level was too much of a weakness. He couldn't tell anyone other than Wang Xinyan, or he'd be done for if the enemy found out!

Fatty Lai was his trusted aide, but it was better to have as few people know about this!

"Yes!" Fatty Lai didn't suspect anything and quickly left the room.

Lin Yi, on the other hand, sat down cross-legged beside Chentian and started channeling the second stage of the art of Dragon mastery. He didn't choose to heal Chentian all the way, however, but stopped after a while to recover some energy and continue.

Chentian, naturally, didn't know what Lin Yi meant-he thought that Lin Yi was treating him in batches because his injuries were too serious!

The morning passed by quickly, and Lin Yi and Chentian walked out of the room in high spirits. Chentian's injuries were all healed, and Lin Yi was back to his peak condition.

Fatty Lai had brought a chair to sit in front of the door, and Xiaobo was there as well. The two of them had serious expressions on their faces, as if they were door Gods. Lin Yi was delighted."You two don't have to be so serious, do you?"

"Why not? You're healing Wu Chengtian bro! If you're not careful and you don't heal him, we'd be sinners!" Fatty Lai said.

"Boss, I've caused you trouble again. I've wasted your entire morning." Wu Chengtian was a little embarrassed. He thought that his injuries were serious this time. Otherwise, with Lin Yi's healing speed, he wouldn't have needed this long.

What he didn't know was that Lin Yi was healing himself as well-how could it not be slow when the two of them took turns?

"Chentian, what are you saying? you got hurt because of my company, how is that trouble?" Lin Yi glared at him, "but next time something like this happens, you should take a small recovery pill to keep your life. Do you know how bad your injuries are?" That military counselor Zhuge didn't have the intention to kill you, or you would have been dead!"

"Hehe, I was going to eat it, but I didn't eat it when I saw you, boss. I saved a small reversion pill!" Chentian said with a smile.

"..." Lin Yi was speechless. The small recovery pill wasn't something that was too precious! But thinking about it, for the common house Wu, the small reversion pill was really a very precious thing. Other than Lin Yi giving him one, he had no other way to buy it!

"I'll make some more, you can carry them with you. Fatty Lai, Kang Xiaobo, you guys take them too. If you're about to die, I'll be able to get there in time with the small reversion pill. " Lin Yi said.

"Many Thanks, boss!" Chentian said gratefully.

Lin Yi had classes in the afternoon, so he didn't stay long. After saying goodbye to fatty Lai, Xiaobo, and Chentian, he drove to Donghai city's Industry University.

He'd come to school happily today, wanting to discuss with Lin Yi about exchanging for information, only to realize that Lin Yi wasn't there again.

"Han Jingjing, do you know where Lin Yi went?" Lin Yi still hadn't shown up by noon, and Yu Panhu couldn't wait any longer. He went to Han Jing Jing to ask about Lin Yi's whereabouts.

"I don't know," Han Jing Jing closed the tablet in front of her, not letting right Panhu see what was inside.

Yu Panhu had also wanted to catch han Jingjing off guard and see what was in her tablet, but han Jingjing did not let him see it, so he could not rob her openly. He did not have the guts to Rob Boss Bai's class, and he would probably receive boss Bai's expulsion letter the moment he finished.

"That ... What about the conditions we agreed on yesterday? Did you tell Lin Yi? Does Lin Yi agree?" You Panhu asked.

"I don't know, I didn't see Lin Yi bro. You can ask him yourself when he gets here." Han Jing Jing said.

"So you're saying that Lin Yi didn't go back last night?" You Panhu frowned, wondering if Lin Yi had gone on a long trip. What should I do? I'm in a hurry!

"He's back, but he left in the morning. I didn't have the chance to tell him." Han Jing Jing said.

"Oh, that's good ..." Yu Panhu let out a breath of relief. He was about to go back and continue waiting when he raised his head and saw Lin Yi walking into the classroom."Lin Yi, you're back!"

"Oh, why are you so excited to see me? I don't owe you any money. " Lin Yi knew what he was planning, but he still spoke calmly.

"Uh ... It's like this, I want to trade for the information that boss Bai gave you. I've talked to han Jingjing about the terms and conditions yesterday. Han Jingjing, can you tell Lin Yi about it?" Yu Panhu was afraid that Lin Yi would leave again, so he didn't beat around the bush and made his intentions clear.

"Oh? Jingjing's memory isn't that good. What if she said too much?" Han Jingjing raised her head innocently.

"...Then I'll say it." You Panhu was speechless. He had wasted his breath yesterday."Lin Yi, I've listed the conditions. I can give you a second class cauldron, one set of materials for a third class cauldron, and five sets of materials for a third class pill."

"Oh ..." Lin Yi replied indifferently, not agreeing or disagreeing.

"Can you do it or not, Lin Yi? say something!" Youpan Hu didn't know what Lin Yi meant.

"You're not sincere. Let's stop talking. We'll talk when you're sincere." Lin Yi said.

"Don 't, Lin Yi, how am I not sincere? Aren't all the things I'm talking about good treasures? You call this insincere?" You Pan Hu said with dissatisfaction.

"Other than a second grade medicinal cauldron, what else can be used? A grade three medicinal cauldron's forging material? Do you think I'm a forger? As for the five portions of ingredients for tier three medicinal pills, I don't have much use for them at the moment. I don't even have a medicinal cauldron, so what do I need the ingredients for?" Lin Yi asked.

"Uh ... This ..." Right Panhu didn't think that Lin Yi was so smart. The materials in his hands looked precious, but they weren't very useful,""Then what do you want? just say it!"

Chapter 2587 Double

"I told you what I wanted, but you didn't." Lin Yi shrugged, helpless."So, if you're sincere in exchanging information with me, you should tell me what you have!"

"I ... I only have the previous ones!" You Panhu really couldn't say anything else. These were the only things he could make decisions for. How could the other precious treasures hidden in the you family be taken out at will?

"Oh, if that's the case, then let's not talk about it." Lin Yi said.

"Don't. Look at the other conditions. As long as you don't want a finished third-grade medicinal pill or a third-grade medicinal cauldron, you can name any other conditions you want!" Youpan Hu said, panicking as he stopped Lin Yi.

"I don't really need anything else ... Aren't you forcing me to buy?" Lin Yi looked at him unhappily.

"I'm not forcing you to buy or sell. I'm just asking you to bid!" You Panhu said.

"How about this, double the conditions you've offered, and we'll make a deal. Otherwise, we'll forget it." Lin Yi said.

"Ah? You're doubling it?" The right coiled Tiger was shocked.

"If I double it, I'll lose out. The only useful things you paid were only two second-grade medicinal cauldrons. What's the use of the rest of the hidden you family?" Lin Yi said, curling his lips.

"Then I'll ask my grandfather first ..." You Panhu thought about it and agreed. It was useless to hide the materials for the third-grade medicinal cauldron and third-grade elixir in the you family. His grandfather was only a second-grade Alchemist, and he couldn't refine third-grade elixir at all."What do you want for the materials for a third-grade pill?"

"Three recover pills, three icy heart Jadestone pills, and four Chi-amassing pills." Lin Yi said.

"Ice heart Jadestone pill? What's that?" Youpan Hu was slightly stunned. He had heard of the recover pill and the Qi gathering pill, but he had never heard of the icy heart Jadestone pill. Although he was also an Alchemist, there were many types of pills. Besides the commonly used pills, he naturally did not know about the other rarely used pills.

In particular, he had never come into contact with a pill like the ice heart Jadestone pill, which had a strong targeting effect. It was normal for him to not know about it.

"Oh, I'll give you the pill recipe. You can go back and concoct it." Lin Yi said. The ice heart Jade bone pill was only useful for people like the rock Candy Girl, so it didn't matter if the recipe was spread out. House you couldn't get any money from it.

"Alright," he said. You Panhu nodded, letting Lin Yi write down the recipe.

In fact, other than the two second-grade cauldrons, the other items were not a big problem to right coiling Tiger. Although the third-grade cauldrons and the materials for the third-grade elixir were very precious, it was a pity that almost no one could use them. The materials for the third-grade elixir were better, but the materials for the third-grade cauldron were basically of little value.

Even if the ingredients for a third rank elixir were useful, only the sky elixir sect's old master could use them to concoct the elixir. How many third rank elixir pills could the sky elixir sect's old master concoct in a year? Naturally, there were more ingredients and fewer pills.

Yu Panhu took Lin Yi's recipe and left the classroom to ask for instructions, while Lin Yi sat in front of Han Jing Jing, next to Wang Xinyan.

"Have you finished your business?" Wang Xinyan asked after Lin Yi finished talking to right Panhu.

"Yeah, I'm fine now." Lin Yi nodded. He'd been busy since yesterday, and had a lot of things piled up on his hands. He'd wanted to study the Hidden House Zhuang's combined arts at school today, but he'd left early in the morning and didn't have time to look at the arts.

If this mental cultivation method could really be used, then it would not be a dream for Han Jingjing to refine a third-grade pill.

Xinyan nodded and didn't say anything else. She read her book quietly, but her heart wasn't calm. She was getting closer to Lin Yi, and Zhaolong was aware of it. Although Zhaolong didn't do anything extreme yet, and seemed to have disappeared after the winter vacation, Xinyan was worried that Zhaolong would have a bigger scheme up his sleeve if he kept hiding.

Xinyan's mind was in a mess, and she couldn't focus on her book. She felt a little dizzy. "I'm going to sleep for a while ... I'm a little sleepy ..."

"Alright," he said. Lin Yi noticed that Xinyan had been sleeping a lot lately-she never used to take an afternoon nap before, but it was a common thing now. Lin Yi found it weird, but he thought that Xinyan's health wasn't good, and that might be the reason.

A while later, Yu Panhu walked back into the classroom. He was about to raise his voice when Lin Yi stopped him. "Xinyan's asleep. If you want to exchange then lower your voice, or get lost!"

"Uh ... Okay, Lin Yi, my Grandpa agrees to your request, but we only have one extra grade two cauldron right now, and the higher-ups haven't given us this year's quota yet, so I can only give you one. I'll write you an IOU for the other one, how about this?" Yu Panhu asked.

"That won't do. What if you don't keep your word after you copy the information? We'll hand over the money and the goods, or else there's no talk!" Lin Yi said firmly.

"What should we do then? I only have these things in my house, why are you so rigid? Can't you be more flexible? Why don't you ask boss Bai to be a witness? do you think I can F \* ck you up?" You Pan Hu said helplessly.

"You're looking for boss Bai and you want to exchange the information?" Lin Yi asked.

"This ..." Right Panhu thought about it and agreed. If boss Bai was willing to give him the information, he wouldn't have to go through Lin Yi to exchange it. "If you want another cauldron, I'll give you something else as a substitute. How is it?"

"Something else ..." Lin Yi couldn't think of a substitute right now. He thought about it and said, ""Then I'll have another set of third grade cauldron refining materials?"

"This ... Not yet ..." Right Panhu's face darkened. "These two are leftovers from before. We've given the rest of the grade 3 cauldron materials to the sky elixir sect for research. If you want them back, you'll have to wait for an opportunity ..."

"F \* ck, you don't have this, you don't have that, then what do you have?" Lin Yi finally came up with one, but Yu Panhu didn't.

"How about this, didn't you want ten portions of third grade pill refining materials? How about this, I'll give you twelve portions, four portions of each. How about it?" Youpan Hu saw that Lin Yi really didn't need anything else-he even wanted a third grade cauldron's material, so he used other materials instead.

"Oh, I see. That's fine too." Lin Yi nodded, but thought to himself that the ingredients for a third class pill weren't very valuable. Why else would you Panhu give him two extra sets?

#### Chapter 2588 Hibernating

If youpan Hu knew what Lin Yi was thinking, he'd probably puke blood. He'd only promised two portions to shut Lin Yi up so that he'd stop when he'd gotten the advantage and finish the deal as soon as possible-it wasn't that the materials were worthless!

Of course, it's not valuable because of what it's being compared to. In the eyes of the Hidden House of you, the materials for refining third-grade pills are not as valuable as the second-grade cauldrons, because the materials for third-grade pills are useless. Even the sky elixir sect has a mountain of them!

Every year, a lot of herbs could be planted in the herb garden. Unless it was a very rare and heaven-defying spirit herb, the materials for ordinary third-grade pills could still be collected in large quantities. Of course, this depended on who they were compared to. If they were compared to ordinary ancient sects and families, these ordinary herbs were still very valuable.

The sky elixir sect was able to cultivate them in large quantities because they had a blessed piece of spiritual land, so the production of these herbs was very high. However, they didn't have that many heaven-defying herbs, and even the sky elixir sect had to buy them from places like snow valleys.

"Alright, it's settled then. I'll get someone to prepare it now. It should be ready by the end of school today. We'll pay and deliver at that time. You'd better make a copy first to save yourself some trouble!" Right coiling Tiger reminded.

Xinyan slept all the way to the second period, and only woke up when boss Bai entered the classroom.

There was no class in the first period of the afternoon, and it was self-study. Students who were willing to come would come to the classroom to study by themselves, while those who were unwilling would return to the dormitory after lunch and come back for the second period.

"I slept for so long ..." Xinyan didn't think she'd slept for two hours, from noon to the second period. She thought she'd only slept for half an hour.

"Hehe, did you not rest well last night?" Lin Yi said with a smile, not thinking much of it.

"No, I had a good sleep. I only woke up at eight in the morning, and I didn't even go for breakfast ..." Wang Xinyan said, embarrassed.

"Then you might be in hibernation." Lin Yi joked.

"You're so annoying ..." Xinyan said, kicking Lin Yi. "Only animals hibernate!"

"Humans are also a type of animal." "You can ask Mr. Bai if you don't believe me," Lin Yi said.

"You're deliberately going against me. I won't let you cultivate anymore." Wang Xinyan said angrily.

"Then you're not an animal, okay ..." Lin Yi smiled bitterly.

"Wouldn't he be dead if he didn't move? Hmph!" Xinyan turned her head away, ignoring Lin Yi.

Xinyan wasn't fully awake yet-she'd gone to the theme park with Lin Yi in her dream, and she couldn't help but joke with him a little. She'd be worried about what Zhaolong might think if it were any other day.

"Haha ..." Lin Yi found that Xinyan was a good person today, she didn't keep him at arm's length like before. Xinyan did talk to Lin Yi and interact with him, but she was always on guard against something. Even when she slept on the same bed as Lin Yi, she still couldn't let go, ""You want to go to my house tonight?"

"Ah ..." Wang Xinyan froze and turned to glare at Lin Yi, ""Alright ..."

Lin Yi had come back too late and hadn't gone to school, so Xinyan didn't want to go back with Mengyao and the others to wait for Lin Yi. She'd slept in the dormitory, but he meiyue and Chai Xiaoling interrogated her at night, asking if she'd gone out to get a room. Xinyan had no choice but to lie and say that she was staying with a relative. In the end, he meiyue wanted to visit her relative, which made Xinyan very speechless. It wasn't easy for her to get through this.

But today, when Lin Yi invited her, she accepted it without any reason. After accepting, she was in a bit of a dilemma-how was she going to explain it to he meiyue and Chai Xiaoling?

Even if she was going to stay at a relative's house, she shouldn't be going there so often, right? Moreover, she could say that she was sick in the past and go to recuperate. Now that she was well, she was just a little sleepy. There was no point in going to her relatives 'house again.

Besides, Xinyan was sleeping as soon as she got back to the dorm, and she didn't have time to do anything else. If she went to her relative's house just to sleep, then what was she going there for?

Sigh ... Whatever, I'll just muddle through. Wang Xinyan sighed, took out her textbook, and focused on the class.

Lin Yi, naturally, didn't pay attention to Xinyan's expression. As he was channeling the second stage of the art of Dragon mastery, he took out the combined arts he'd gotten from the Hidden House Zhuang and started studying it. He didn't want to waste time on reading or cultivating.

This combined practitioner's Arts was quite something-Lin Yi only took a few glances and came to this conclusion. It was an ancient technique, after all, and was completely different from normal practitioner's Arts. It wasn't as heaven-defying as the art of Dragon mastery, but it was still very powerful.

The practitioner's Arts was split into a few levels, but Lin Yi wasn't sure how many. The Hidden House Zhuang only had the first two levels, and he didn't know if the rest were lost or not from the everyday and every day sect, or if there were only two levels at all.

Lin Yi used the art of Dragon mastery to look at other people's Arts, thinking that there should be a few levels to their Arts. In fact, most practitioners only had one level, like Wu Chengtian. They could slowly grow stronger, but they always used one level.

The first level was the practitioner's Arts of the two brothers Zhuang niaoqiang and Zhuang niaopao. This level required two people to train together, and when two people trained at the same time, they could stack their strength when fighting. So, two Earth Class early phase peak together was basically invincible under Sky Class.

However, this mental cultivation method seemed to be heaven-defying, but it also had a flaw. That was, when one was alone, their combat ability would be greatly reduced, and they would basically be weaker than other cultivators of the same level. As long as the other party's mental cultivation method and martial arts technique were not too trashy, they could basically win against Zhuang niaoqiang or Zhuang niaopao.

With that, the difference in their individual fighting skills was huge. Lin Yi understood why Zhuang niaoqiang and Zhuang niaopao didn't fight during the 1v1 at the Hidden House Summit, and the other disciples of house Zhuang only appeared in the double competition.

Another flaw of this combined mental cultivation method was what old man Zhuang had mentioned before. If only one person cultivated it, they could also achieve a layered attack, but the effect was very poor and the consequences were very serious. Not only could they not achieve the complete layered effect, but the practitioner of the mental cultivation method would also suffer a serious loss of strength.

Chapter 2589 Useless

Losing his strength wasn't a big deal to Lin Yi. As long as he had time, he could recover. Of course, if it was in a dangerous situation, he could only use it when there was no one to disturb him and no danger.

As for the second level, it was actually a three-person combination attack-from two to three, from two to three, and from two to one to three. If three Earth Class early phase peak were to combine, they'd probably reach Sky Class, and fighting Sky Class early phase wouldn't be a problem.

Of course, some people would think that two Earth Class early phase peak together could reach Earth Class late phase peak, but how could three Earth Class early phase peak together just reach Sky Class and only be able to fight against Sky Class early phase?

In fact, this was easy to understand. Every time a cultivator leveled up, the amount of true Qi energy required would increase. It was like the experience bar in a game. The higher the level, the slower the experience bar would increase, and the more experience was required.

However, there weren't as many drawbacks to a three-person joint attack technique. It could be compatible downward. In a three-person group, any two people could still use a two-person joint attack technique as long as they circulated the first layer of the mental cultivation method. Although the power would be reduced, it was still invincible in a two-person battle.

As for cultivating alone, the disadvantage was even greater! It was equivalent to splitting all the Qi in the body of the person who practiced the mental cultivation method into two and adding them to the two people who didn't practice the mental cultivation method, while combining the other two people to form a two-person joint attack state. Both people had superimposed strength, and only the person who practiced the mental cultivation method was miserable. As long as the mental cultivation method stopped working, he would become an ordinary person.

However, there was also a flaw. The other two could not practice the joint attack mental cultivation method, but they had to practice the same type of mental cultivation method. Otherwise, they could not be stacked, and there would be a situation of true Qi rejection.

No one would train in a technique like this on their own, except for Lin Yi, unless they had water in their head.

"..." Lin Yi was speechless. If it weren't for the fact that the art of Dragon mastery was heaven-defying, he wouldn't even try this insane chant.

Lin Yi didn't think that the second level was useful yet-the first level was enough for him. He only needed two people to work with Han Jing Jing. Unless it was someone he trusted, he'd be dead if another one messed up the process!

After all, Lin Yi would become a normal person if he stopped cultivating. If someone with bad intentions came, Lin Yi would be dead with one palm.

Although, Lin Yi was sure that with his strength, if he trained the second stage of the combined attack technique, he could find another Earth Class refiner to work with Han Jing Jing, and Lin Yi would help them increase their strength. This way, the chances of making a third class pill would increase greatly, and they might even be able to make a third class pill directly!

However, the only refiner Lin Yi knew was right-hand Tiger. He'd rather kill himself than cooperate with him.

Shaking his head, Lin Yi stopped the second stage of the art of Dragon mastery and tried to practice the first stage of the joint attack technique.

However, Lin Yi's face changed the moment he started channeling the combined attack's Arts! It actually couldn't be activated!

Lin Yi was surprised to find that not only was the practitioner's Arts not working, the art of Dragon mastery was also working on its own, rejecting the combined attack. It felt like fire and water were incompatible!

"..." Lin Yi thought that he would be very special. The art of Dragon mastery was an all-purpose practitioner's art, and it could be compatible with other Arts, but he didn't expect that he would be the same as everyone else. After learning one art, he couldn't practice other Arts, or else there would be a rejection.

Could it be that he had to destroy the art of Dragon mastery in order to cultivate the combined attack technique? Lin Yi didn't want to try it out-what if it went to waste and he couldn't get it back? it'd be a huge loss for him. Combination attacks were heaven-defying, but what was the point of cultivating it without the art of Dragon mastery?

Without the art of Dragon mastery, he wouldn't be able to replenish his lost strength. Lin Yi shook his head and gave up on the idea of working on joint attacks. It seemed like he couldn't just use his cheap tricks.

He stopped the combo and started channeling the second stage of the art of Dragon mastery, using Xinyan's scent to train ...

In the blink of an eye, it was time for school to end. Yu Panhu excitedly took all the things Lin Yi needed from a hidden house you disciple and ran to Lin Yi's seat. He sat down and placed the things in his hands on Lin Yi's table,"Take a look. The items are all here. We'll hand over the money and the goods!"

"Where's the money?" Lin Yi asked.

"What kind of money?" The right coiling Tiger was stunned.

"Didn't you say that you'll hand over the goods on the spot?" Lin Yi asked.

"... F \* ck! Lin Yi, you're not thinking of getting more money out of me, are you?" Yu Panhu was shocked and quickly said, "I'm telling you, you can't go back on your word. These are the conditions we've set. We don't have the money. If you don't want to trade ... You have to trade!"

"Haha ..." Lin Yi chuckled as he looked at Yu Panhu. He thought that Yu Panhu was going to say "if you don't want to trade then forget it", but he didn't expect Yu Panhu to say "you have to trade even if you don't want to."

"Where's the information?" The right coiling Tiger extended his hand.

"I'll check it first," Lin Yi opened the chest on the table-there was a second class medicine cauldron. Yu Panhu had given him one before, and Lin Yi didn't find any problems with it. As for the materials for a third class medicine cauldron, Lin Yi didn't know what they were. He only roughly checked, and thought that Yu Panhu wouldn't lie. He didn't know if Lin Yi knew about it.

As for the ingredients for the Tier 3 elixir, Lin Yi only knew the ingredients for the Qi-gathering elixir. As for the icy heart Jadestone pill and the Grand restore pill, he didn't know some of the ingredients, but since the ingredients for the Qi-gathering elixir were all right, the rest shouldn't be a problem.

"Are you done with the examination? Don't worry, there's nothing missing. I, right Panhu, still have this bit of credibility, so there's no need to look so carefully!" Youpan Hu thought that Lin Yi was going to check the quality of the ingredients one by one and panicked.

"Alright, Jingjing, give him the information." Lin Yi said.

"Alright," he said. Han Jingjing nodded and tapped on the tablet a few times. Right Panhu's phone rang twice.

#### Chapter 2590 The Right Coiling Tiger Was Robbed

Yu Panhu did not have the time to bother with the text messages on his phone. Instead, he stared straight at han Jingjing. Seeing that she was still fiddling with the tablet in her hand and not giving him any information, Yu Panhu became a little anxious. "I say, han Jingjing, can you look at your tablet later? Can you give me the information first?"

"I did." Han Jingjing put down her tablet, her big, watery eyes shining with an innocent light.

"You gave it to him?" Yu Panhu was stunned, "when did you give it to me?" No matter how bad my memory is, it's impossible for me to not remember what happened a few seconds ago! I'm called you Panhu, not elder you!"

"Who is elder you?" Han Jing Jing looked at right coiling Tiger strangely.

"It's nothing. I'm just a tragic side character in a novel. Don't worry about that. Give me the information quickly!" Yu Panhu was afraid that Lin Yi wouldn't give him the information.

"I really gave it to you. I sent it to your phone's mailbox. Didn't your phone just say that you received a message? Are you deaf?" Han Jingjing said innocently.

"..." Yu Panhu took out his phone and looked at it-he really did get an e-mail. It was indeed the scanned version of the information, and he looked at it carefully. It was information he had never seen before,

but he still flipped through it page by page cautiously, afraid that Lin Yi would lie to him. He left a few pages missing in the middle, so he wouldn't be able to find it when he went back. It was all in the image format, what if Lin Yi said he deleted it himself?

After carefully reading it, he found that there were no missing pages. However, right Panhu was afraid that it was incomplete, so he said, ""Lin Yi, can you give me a comparison of the original? I'll see what the last page is!"

"You're so troublesome. " Lin Yi took the original out of his bag and gave it to coiling Tiger.

Youpan Hu's face darkened as he took the documents and compared them. After confirming that there were no problems, he returned the documents to Lin Yi and laughed dryly. "I'm not suspecting you, but you checked so carefully before, so I should be more careful too, right? This way, we won't suffer any losses and can continue to trade in the future. "

"Goodbye." Lin Yi picked up his suitcase and walked out of the classroom with Jingjing. Xinyan was a bit embarrassed, so she left first and waited for him in the parking lot.

"..." Yu Panhu saw Lin Yi's attitude and couldn't help but curl his lips. He took his phone and walked out of the classroom excitedly. He had to rush back to the hidden you house as soon as possible and show this information to his Grandpa.

However, sometimes, extreme joy often begets sorrow. The more you Panhu carefully held the phone in his pocket for fear of losing it, the more trouble he got into. Just as you Panhu walked out of the teaching building and was about to go to the parking lot to look for the yellow-haired and purple-haired guys, a motorcycle sped over. Caught off guard, the motorcycle snatched the phone from you Panhu's hand and then sped away!

"F \* ck!" You Panhu was immediately anxious and gave chase. Although he was also a cultivator, he had cultivated the art of alchemy. He could strengthen his body, but he could not fight and run. After a few steps, the motorcycle flew far away.

Yu Panhu was about to explode in anger. His previous phone had been stolen by a group of real robbers. He had just changed to a new high-end smartphone, and it had been stolen before he could even use it.

Of course, his heartache wasn't just for the phone, but for the contents of the phone! The previous phones were all videos of him looking for women, so it didn't matter if he lost them. But this phone contained alchemy information!

If he didn't know that Lin Yi wouldn't do something so dirty, he would've thought that Lin Yi was the one who sent the robbers. It was too much of a coincidence.

Youpan Hu was panicking-he didn't dare to tell his Grandpa, afraid of getting scolded. He could only summon up his courage and call Zhao Qibing, the local tyrant of Eastern Sea.

Zhao Qibing heard that right Panhu lost his phone and wanted to get it back. He was stunned. How much was a phone worth? was it worth the effort? "Can't you just buy another one? why do you need to look for one?"he asked curiously.

"Master Bing, you don't know, but I have something important in my phone!" The right-hand Tiger said helplessly. If it wasn't for the alchemist's information, why would he still look for him?

"Oh ..." Zhao Qibing froze and laughed lecherously, ""I understand. Is it an XX-rated video of you and your girlfriend? And your girlfriend is a lady from a prestigious family, so you can't reveal it?"

"More or less ..." Right Panhu was a little speechless. He was too lazy to explain these things.

"Okay, tell me the model and color of your phone, and I'll help you find out about the thief organization in Eastern Sea city." "But, I can help you find one, but you have to promise me one thing!" Qibing said.

Youpan Hu was just about to thank him when he heard the second half of Zhao Qibing's sentence. It seemed like he didn't help for nothing. Wasn't he just using this as an opportunity to extort? However, right Panhu had no choice. In order to get his phone back, he could only say, ""What is it?"

"Get Lin Yi to break my legs!" Qibing said.

"What? You want to break Lin Yi's legs? You still need my help?" You Panhu was shocked after hearing this, "get lost, I'm not looking for death!" I don't want my phone anymore!"

"No, you've heard wrong!" "I asked Lin Yi to break my legs, not his!" Qibing quickly replied.

"Interrupt you?" You Panhu was stunned for a moment and said, "Are you sure?" Or did I hear it wrong?"

"You're both right, I want Lin Yi to break my legs. You help me create an opportunity, how about it?" Qibing said.

"Pfft ..." Right coiling Tiger was a little dumbfounded. "Zhao Qibing, you're not having a fever are you?"

"No, just tell me if you can or not, don't care so much! You, the second young master of the you family, are looking for a cell phone. Can't I do something unexpected?" Qibing asked.

"That's true. Sure, I can help you with this. " From Yu Panhu's point of view, this was a simple condition. Asking Lin Yi to break Zhao Qibing's legs was a piece of cake for Lin Yi. As a classmate, if he asked Lin Yi, he should be able to agree, right?

"Alright, it's a deal. Wait for my call." Qibing replied.

"Alright," he said. Right Panhu finished the call and heaved a sigh of relief. It would be great if he could find the phone as soon as possible.
