

Bodyguard 2591

Chapter 2591 Acting Together

It was reasonable to say that brother Dafeng, as the head of the branch, had an unshirkable responsibility for the death of the military counselor. After all, military counselor Zhuge was not an ordinary person. He was the military counselor of the headquarters, and his backer was one of the people in charge of the headquarters. Although this Guardian's position was not as high as the elder's, he was also one of the people in military counselor Zhuge's group.

Although the elder had come down with the intention of protecting brother Dafeng, the person-in-charge obviously didn't want the elder to hide anything, so he sent a Guardian to monitor the elder and see if he had played favoritism or committed fraud.

"What's the matter? Dafeng? Logically speaking, our headquarters 'support for you isn't bad-we've made you the big boss, and even sent a Sky Class strategist to help you hold the fort, what's wrong with you? Did he let military counselor Zhuge die?" The elder's words seemed fair, but he was well aware of brother Dafeng's position in the division-how could an Earth Class early phase beat a Sky Class early phase?

If this Sky Class early phase master was just a thug, then it would be fine, but the point was that he was sent by the headquarters, and he was the military advisor of the headquarters. There was nothing Dafeng could do to him.

"Elder su, I'm sorry. I've failed to live up to the headquarters 'trust!" Brother Dafeng lowered his head. In front of outsiders, his attitude was very humble.

"Hmph, Da Feng, do you know your crime? Military counselor Zhuge was a Sky Class master! Even in our headquarters, Sky Class Masters were extremely precious! We sent one to you, and you killed him? I think you can't atone for your crime even if you die!" The Sentinel jumped out at this moment and

pointed at brother Dafeng as he spoke angrily. He and military counselor Zhuge were both subordinates of the person in charge of the headquarters, so he naturally had to seek justice for military counselor Zhuge.

"You can't blame brother Dafeng for this!" Little Tong's face "timely" turned red, and he "couldn't help" jumping out, "What does this have to do with brother Dafeng?"

"Little Tong, who are you to speak here? Why aren't you shutting up?" The protector was just about to reprimand little Tong for not understanding the rules, but he didn't expect that brother Dafeng would reprimand him first, so he couldn't take the opportunity to make trouble again.

However, elder SU's eyes narrowed and a sharp glint flashed through them. He snorted and said, ""Dafeng, why don't you let little Tong speak? Are you trying to hide something? Little Tong was the party involved at that time, so he has the most right to speak. Isn't that right, protector Chen?"

Protector Chen also frowned. Although he didn't know the truth of the matter, he knew that brother Dafeng would never order military counselor Zhuge to move. Moreover, he also knew military counselor Zhuge's character. How could he be under brother Dafeng?

He had only come here to vent his anger. Since brother Dafeng had the intention to admit his mistake, then he might as well let him be a scapegoat! He didn't expect that Xiao Tong, who followed military counselor Zhuge, would jump out when the headquarters came down!

However, since elder su had already said so, what else could protector Chen say? "That's right, little Tong, what do you know? tell me!"

"Yes! Elder su, protector Chen, brother Dafeng has been wronged!" Little Tong began to complain the moment he came up, "Although I'm just a small fry who came down from the headquarters with military counselor Zhuge, you two should be more familiar with his temper than me, right? He didn't even listen to Dafeng-GE's orders when he came here, and just because he was a Sky Class master, he took away Dafeng-GE's power! Then, he started to do some radical and brainless things!"

"Little Tong, what are you doing? Military counselor Zhuge is already dead. Why are you still slandering him?" When protector Chen was about to scold him, brother Dafeng "timely" reprimanded little Tong.

"Brother Dafeng, let me speak. I believe that with elder su and protector Chen, these two wise people, they will definitely know whether what I said is right or wrong. Don't scare me. With them backing me up, I'm not afraid of you suppressing me in the future!" Little Tong said in an impassioned manner.

"..." Protector Chen was speechless for a while. He thought, "why the hell am I supporting you? but if I object at this time, isn't it equivalent to admitting that I'm not wise?" He could only remain silent.

Elder su, on the other hand, looked at brother Dafeng with some surprise. He had come in a hurry and had not had the opportunity to contact Brother Dafeng alone in advance. He was also afraid that a private contact would fall into the eyes of people with ulterior motives and bring trouble to him when he sided with brother Dafeng. However, what he did not expect was that brother Dafeng seemed to have arranged everything?

"Dafeng, let him finish his words!" "Hmph!" Elder su snorted coldly. "From now on, whoever dares to interrupt little Tong's speech will be guilty!"

"Yes ..." Brother Dafeng hurriedly replied, but he was ecstatic in his heart.

"Many thanks, elder su." Xiao Tong Zi hurriedly thanked him and then continued, ""Military counselor Zhuge thought he was very powerful and wanted to scam a pharmaceutical company to help him transport drugs. Brother Dafeng also advised him that he didn't understand the situation here. There were many powerful forces such as aristocratic families, secular aristocratic families, ancient sects, and so on. They weren't to be trifled with, and he was told not to take risks. However, he didn't listen to brother Dafeng at all and acted on his own. In the end, he kicked an iron plate ..."

With that, little Tong told him about how general Zhuge wanted fatty Lai's miracle doctor Guan medical company to transport drugs, and how Lin Yi went to his house and killed general Zhuge. He didn't change much in the details, but he purposely emphasized how strong Lin Yi was!

"Killing a Sky Class with one palm?" This time, even protector Chen's eyes widened. He knew that military counselor Zhuge was really blind to have provoked a force that he should not have provoked! He had some understanding of the structure of the forces here-a house with a Sky Class master was at least a hidden house, but a Sky Class master that could kill a Sky Class master with ease was usually from the ancient era!

Military advisor Zhuge's death was well-deserved after offending an ancient power! Even the Firewolf gang wouldn't easily start a war with an ancient sect, let alone the red conch.

"Dafeng, it seems that I have wronged you!" Elder su nodded, and with one sentence, he made the final decision, ""It seems that our headquarters didn't think carefully at that time and ignored military counselor Zhuge's personal strength and character. We originally wanted to send him to help you, but we didn't expect the situation to turn out like this. We almost made a powerful enemy! Fortunately, this master didn't have the intention to kill us all. Otherwise, we wouldn't be able to survive in the country!"

Although protector Chen didn't want to see this result, the truth of the matter had already been revealed. He couldn't say anything more. He could only nod with a dark face, "Elder su is right. Let's bring military counselor Zhuge's body back as soon as possible!"

Chapter 2592 Information Gone

Elder su and Guardian Chen left as quickly as they came. After they left qingran city with military counselor Zhuge's body, brother Dafeng patted little Tong's shoulder and said, ""Well done, you'll follow me from now on!"

"Yes, thank you, brother Dafeng!" Little Tong knew that his performance today had completely passed the test. Not only was brother Dafeng fine, but he was also fine. Everything was caused by military counselor Zhuge.

After elder su and Guardian Chen went back, they reported the situation to the three leaders of the red conch. After the three leaders heard the process of the matter, they also felt that it was reckless to send military counselor Zhuge. However, it was the third leader who made this suggestion at that time. He was military counselor Zhuge's backer. At that time, he wanted to let military counselor Zhuge get some benefits. The intention of sending military counselor Zhuge was to overpower brother Dafeng and control this branch in the country. However, no one had expected things to be so complicated. Military counselor Zhuge had provoked a force that was suspected to be on par with the ancient forces not long after he had gone there and had been killed in one hit.

Of course, although this was unfortunate, he could not do anything about it. He could not blame anyone but military counselor Zhuge who acted rashly without investigating the situation. The third leader could only say, ""I was the one who suggested for advisor Zhuge to help Dafeng-I was afraid that an Earth Class early phase wouldn't be able to handle the situation, but I didn't expect things to turn out this way!"

"Forget it!" The great leader naturally understood the third leader's intentions at that time. However, Dafeng's backer was only elder su and not the three great leaders. Therefore, the great leader did not stop him at that time. Now that something had happened, he naturally could not blame the third leader."I don't think we should rashly send more people over. Dafeng is more familiar with that place. His strength is low, but he has always been very stable, so I think we should let him take the lead!"

"I agree!" The third leader quickly said. Things had already come to this. If they sent another person, who would dare to go? Not to mention the fact that Lin Yi couldn't come looking for trouble at any time, no one would risk their lives after the death of military counselor Zhuge.

Elder SU's eyes narrowed slightly. Although there might be some trouble with brother Dafeng in the future, it was also beneficial for him to let brother Dafeng take charge of one area alone. Therefore, he naturally did not object. After the three leaders were confirmed, he would inform brother Dafeng of this good news.

However, the three leaders also warned Dafeng bro not to mess with Lin Yi and miracle doctor Guan's medical company, and not to think about revenge. It was good to win them over and appease them, but if they didn't accept it, they shouldn't force it.

The three leaders were Sky Class Masters as well, and they could tell that Zhuge's injury was caused by a martial skill. Anyone who could use this skill was definitely a ruthless person, and there must be someone even more powerful behind him. The three leaders weren't stupid enough to take revenge.

The red conch had always prioritized profit. As for revenge, only the three brothers in charge of the domestic Branch could do it. The others were still very cold. Even the third leader had never thought of avenging military advisor Zhuge. He only thought about how to not involve himself in this matter!

The red conch had inexplicably made a big enemy of military counselor Zhuge. If this enemy did not make a move, it would be fine. If he did, how could the third leader escape?

After receiving the good news, Dafeng bro's admiration for Lin Yi was like a surging River. Dafeng bro had decided that Lin Yi was most likely going to exterminate the red conches in the future. When the time came, he'd give up his career and be Lin Yi's Lackey. He decided to do less evil in the future and accumulate more virtue, in case Lin Yi didn't want him.

As for Zhao Qibing, although the Hidden House Zhao's power in Donghai city was slowly declining with Lin Yi's arrival, the Hidden House han, who had always been secretive, was slowly making their own voice in Donghai city. Of course, they were actually Lin Yi's spokesmen, everyone knew that, including the Hidden House Zhao, but there was nothing they could do.

Elder bi was still half-dead, and Lin Yi had just heard that Lin Yi killed a Sky Class master from the red conch ... It was something only a handful of people knew, but there were no secrets in the world of practicing. Lin Yi didn't think that the news would spread this fast!

Lin Yi didn't ask Chentian to keep it a secret-the more people knew about this, the better it would be for Lin Yi. It was an important growth period for Lin Yi right now, and all he could do was to intimidate the people on his path, so that they wouldn't dare to make a move. By the time they realized what was going on, he'd be standing on top of their heads, and they wouldn't have a chance to turn things around.

Chentian shared Lin Yi's achievements with gonggao, Zhishan, and xiaopo, and these people naturally spread the news-even the Hidden House Zhao knew about it.

Zhao Qibing found the thief organization and found the cat burglar who stole Yu Panhu's phone on the motorcycle. He took the cat burglar and the phone to Yu Panhu to claim credit. In fact, the reason why he did this small thing was to beg Yu Panhu to let Lin Yi break his leg.

You Panhu was very excited to see Zhao Qibing find his phone, but when he took the phone, he saw that there was nothing in it. He panicked, "What about the data inside? Where did the data go?"

"Don't worry, young master you. The data is definitely not leaked. When I found this kid, he was using this phone to hack the computer. The data has been cleared. Your xxx video must not be leaked!" Qibing said.

"F * ck! XX F * cking video!" You Panhu was so angry that he threw the phone directly at the thief's face, smashing it into pieces.

"Xx's grandma?" "Young master you, your taste is really weird!" Qibing said, surprised.

"Heavy my ass! Can't you hear it when you're cursing?" You Panhu didn't know whether to laugh or cry at Qibing's words, "Master Bing, what I want is the data in the phone. It's a very important document!"

"Then ... Why didn't you say so earlier? I don't know!" Zhao Qibing shook his head, "but you promised to help me find Lin Yi to break my legs, I can't forget that!" I don't care if you want it or not, but I've found it for you!"

"Fine, fine, fine, it's just Lin Yi breaking your legs, right? I'll help you. " You Panhu didn't deny it. In fact, he didn't think it was a big deal.

"That's good. Don't go back on your word!" Qibing let out a breath of relief and said, "Then I'll be waiting for your good news!"

Chapter 2593 Low IQ

"Sure, I'll definitely create an opportunity for you." Youpan Hu waved his hand weakly and picked up his phone from the ground. He dialed Lin Yi's number. Fortunately, he remembered Lin Yi's number, or he would've erased it from his contact book! The only good thing was that the SIM card was still there.

Lin Yi had just finished dinner with the girls when he got back to the villa. He was brewing medicine for Xinyan in the kitchen when his phone rang. He picked it up when he saw it was Panhu's number. "Right Panhu, what do you want now?"

"Um ... Lin Yi, do you want to have some fun?" Yu Panhu wasn't stupid-he wouldn't just tell Lin Yi that he lost the data and ask for a new one. There was an 80% chance that Lin Yi wouldn't give it to him, so he changed his tactics.

"Are you crazy? I'm busy, is there anything? If there's nothing else, I'm hanging up!" Lin Yi said, confused.

"Don't ... Wait!" "Lin Yi, don't hang up yet, I'm busy!" Yu Panhu quickly said.

"Just say it." Lin Yi said.

"It's like this, Lin Yi, do you want to beat Zhao Qibing up? I heard that you and Zhao Qibing have some problems, I can give you a chance!" The right Panhu tempted.

"I don't want to. If there's nothing else, I'm hanging up." Lin Yi hung up.

F * ck! This didn't make sense! Yu Panhu looked at the phone in his hand that had been hung up. He hesitated for a moment and dialed again, ""Lin Yi, don't hang up, listen to me!"

"Oh, then tell me." Lin Yi continued to brew Xinyan's medicine. "It's not like I'm wasting my phone bill. "

"Beat Zhao Qibing up, like breaking his legs, I promise he won't fight back, and you won't have to pay anything. You just have to send me the information you gave me before, how about that? It's good, right?" Yu Panhu had wanted to extort something from Lin Yi, but seeing that Lin Yi wasn't too interested, he lowered his requirements and asked for information.

"Break his legs?" Lin Yi blinked and smiled. "You don't even want to transfer money to me, and you want me to give you things? Are you dreaming? If there's nothing else, I'm hanging up. Goodbye!"

Yu Panhu frowned, feeling extremely strange. Logically speaking, breaking Zhao Qibing's legs should be a very fun thing to do, and if Lin Yi asked him to beat him up for free, he wouldn't hesitate to do it even if he had to pay!

But Lin Yi rejected it? And he said he wouldn't call even if he paid? Right Panhu felt that things weren't as simple as he had thought. The idea of exchanging this for information wouldn't work! Left with no choice, he called Lin Yi again.

"Right coiling Tiger, are you done? If you have more money, just top up some for my phone calls!" Lin Yi said impatiently.

"Sure, I have a lot of money, how much should I top up for you? As long as you send me a copy of your previous information, I'll top up your account!" Yu Panhu said.

"I'll give you the information if you top up a million Yuan!" Lin Yi hung up.

A million? The right coiling Tiger clicked his tongue. That was quite a lot! However, this amount of money was really nothing to him, the second young master of the you family. It was just that this money was spent a bit poorly. He lost a million Yuan after losing his cell phone. Was he that unlucky?

However, he still had to top up. He wasn't afraid of Lin Yi's conditions, but he was afraid that Lin Yi wouldn't. As long as Lin Yi gave him a condition, he would try his best to fulfill it, directly asking the yellow-haired guy to top up Lin Yi's phone number with a million phone bill.

Lin Yi was in the middle of brewing his medicine when his phone beeped. He thought that Yu Panhu wasn't calling anymore and was using his phone to harass him, but he was stunned when he looked at the message.[Dear User, payment successful. The amount of payment this time is 1000000.00 Yuan.]

What? He paid a million dollars for his phone? Lin Yi's eyes went wide as he looked at the numbers on the screen. Did the system send it to him by mistake? Just as he was wondering, right Panhu called again.

"Right coiling Tiger, what else do you want?" Lin Yi asked helplessly.

"Lin Yi, I've charged you a million in the phone, you have to keep your word. It's time to send me the information, right?" You Panhu asked.

"Did you pay for my call?" Lin Yi sweated. He was just joking around, and the guy took it seriously. "I was just joking with you!"

"I'm not joking. Hurry up and send me the information. If you don 't, I'll keep the evidence of your payment. I'll tell boss Bai that you lied to your classmate!" You Panhu said anxiously.

"Alright, the information from before, right? I'll get Jing Jing to send you another one!" But Lin Yi found it strange-Yu Panhu already had one, why did he have to spend a million on another? Did this person have too much money to spend? "Where's the information that was sent to us?"

"The information from before ... I accidentally deleted it!" Right plate Tiger was too embarrassed to say that he had been robbed, so he could only say that he had deleted it by mistake.

"Oh." Lin Yi didn't ask further, thinking that this right-hand man was really cheap. One million was gone just like that.

After hanging up, Lin Yi called Han Jing Jing to send another email to Yu Panhu, who let out a breath of relief after receiving it! It was really a case of good things taking more time!

You Panhu turned on his phone and was about to receive an email when his expression suddenly changed and he cursed, ""Holy shit! It's an email, it's an email! It's not a text message!"

Yu Panhu realized that han Jingjing's previous email was still in his cloud mailbox. He staggered and almost fell to his knees. Why didn't he think of this before? He was really stupid-one million was gone just like that, and he even agreed to Qibing's ridiculous request to have Lin Yi break his leg!

Youpan Hu still didn't know how to fulfill this request. If he were to beg Lin Yi, he might not even give him anything good. That guy was like a vampire, not letting go until he saw the rabbit, but he had a favor to ask of him.

You Panhu sighed, got in the car, and went to the hidden you house with the yellow-haired and purple-haired men.

Originally, he had wanted to ask his grandfather for the one million Yuan when he returned home, but he did not dare to mention it now. It was too silly of him to do this. Right plate Tiger could only grit his teeth and bear the cost with his own pocket money.

The journey back to the hidden you house was considered smooth. Old master you looked at the information and praised you Panhu for doing a good job in exchange for a priceless treasure. This material was very precious and had a lot of inspiration for old master you.

Chapter 2594 Shu's Name

You Panhu finally heaved a sigh of relief. Old man you waved his hand and gave him a 20 million bonus, which made him very happy. He had earned 19 million in total and didn't lose anything.

Lin Yi didn't know what Yu Panhu was thinking. He charged him a million for no reason just to get the information again? Is there something wrong with this?

Xinyan went to sleep after drinking the medicine Lin Yi made, and Lin Yi hugged her as he started practicing. With his current speed, it was only a matter of time before he reached the second stage of the art of Dragon mastery. Lin Yi was looking forward to the third opening-what good stuff would be in

there? And what kind of unexpected benefits would the third stage of the art of Dragon mastery bring him?

Lin Yi had already gained a lot from the second stage. Compared to the first stage of the art of Dragon mastery, he could heal faster and increase people's strength faster, and most importantly, he could practice an all-purpose martial skill. This all-purpose martial skill had almost become Lin Yi's life-saving card, even more convenient than a pure energy bomb.

The energy bomb was too dangerous, and it was a move that would kill a thousand enemies at the cost of eight hundred of his own energy. Lin Yi wouldn't use it unless he had no other choice, but the combined martial arts was different. Although the seventh style of the raging fire Eight Trigram palm basically used up most of Lin Yi's energy, it was still better than being injured.

As for breaking through Earth Class mid phase peak to Earth Class late phase, Lin Yi didn't feel like he had found the opportunity. He felt like something was missing, maybe because he'd been leveling up too fast recently, and he'd finally reached a bottleneck.

In fact, Lin Yi really wanted to have a life and death battle. Most of the time, he could only find the opportunity to break through in battle. Most of the time, Lin Yi's breakthrough opportunities were found in battle. It was very rare for him to break through naturally.

But fighting was something you couldn't ask for—for example, if Lin Yi didn't kill a Sky Class master in one hit, he'd probably lose in the end!

Lin Yi only had the seventh style of the wild fire Eight Trigrams palm to rely on—it'd be Lin Yi's nightmare if military counselor Zhuge managed to defend or dodge the attack! And if Lin Yi didn't use the seventh style of the palm, he wouldn't be a match for military counselor Zhuge.

So Lin Yi could only choose to kill Zhuge Yuanhong as soon as possible instead of looking for an opportunity to level up.

The night was silent, and Lin Yi received Dafeng's good news the next morning. Lin Yi wasn't too surprised as everything was within his expectations. He only told Dafeng to build a good relationship with the people in the headquarters. It would be great if he could find out the location of the base, but if he couldn't, he could climb to the headquarters as soon as possible and take on more matters, and he could get in touch with some secrets of the base.

Lin Yi thought that he'd be able to go to school safely after this phone call, but he didn't expect to see elder Zhu in front of the villa!

"Mr. Lin ..." Boss Zhu walked over carefully and said respectfully.

"Elder Zhu? What are you doing here? What are you doing here instead of staying by Chen Xi's side?" Lin Yi asked, confused.

"Ahem ... It's like this, master Bing asked me to come back to do something, and I saw my brother on the way ..." Boss Zhu hesitated and looked at Lin Yi. "Mr. Lin, you see ... About what you said before ..."

"Before?" Lin Yi blinked.

"It's about treating my brother ..." Boss Zhu was shocked. Lin Yi wouldn't deny it, would he?

"Oh, you're talking about this!" Lin Yi said, "just say it, what's with the riddle? you said that I can treat second Zhu's injury at any time, but there's a problem. How are you going to tell the Hidden House Zhao if I do?"

"This ..." Elder Zhu's face changed. That's right, if second Zhu's injury suddenly recovered, what would he say? After all, second Zhu's injuries weren't any lighter than elder bi 's, and the only person in the world who could cure him was Lin Yi, and the sky elixir sect's third class pill, the great recovery pill. However, with the Hidden House Zhao's strength, it was impossible to get their hands on it, let alone him, elder Zhu!

If second brother Zhu's injuries were to suddenly heal, it would be strange if the Hidden House Zhao didn't suspect him! If they asked, he wouldn't know what to say.

"So, it's okay to treat his injuries, but you have to think of a perfect excuse. If you say that I treated him, your identity will be exposed." Lin Yi said.

"Sigh, I was too impatient. I didn't think of that ..." Elder Zhu smiled bitterly. "Then I'd better bring my second brother back. We'll talk about it when we find a suitable excuse."

"Oh ... You've already brought second Zhu?" Lin Yi blinked.

"Yes, it's in the car at the entrance." Said elder Zhu.

"Is that so ..." Lin Yi heard that second Zhu was already here and didn't want to let him go back. He was in a difficult position when Chen Yushu spoke up.

"Shield bro, that's easy! Shu has a good idea!" Chen Yushu heard the conversation between Lin Yi and boss Zhu. She didn't know why Boss Zhu betrayed Lin Yi, but as long as he was like Lin Yi's underling now, it was only natural for her to help him.

"Oh? Miss Chen, what do you have in mind? If it really works, then you'll be the brother's Savior!" Elder Zhu's heart skipped a beat as he turned to Yushu.

"What miss? it's so unpleasant to hear. You have to call me the universe's super-invincible cute genius Prophet secret all-purpose detective Shu 007!" Chen Yushu replied.

"Okay, that ... Super-invincible cute genius in the universe, prophetic secret universal detective Shu 007, what good idea do you have ..." Boss Zhu repeated the long name with a black face. Fortunately, he had a good memory, or he would have forgotten it!

Holy shit! Old Zhu wiped the cold sweat off his forehead after he repeated the words.

"Hehehehe ... Get shield bro to heal your second brother first, but don't tell anyone about it when we get back. Keep acting like he's injured!" Chen Yushu replied.

"That's easy. As long as he doesn't use his inner force, no one can see how strong he is ... But, he can't hide it forever!" Old Zhu asked, confused.

"Who asked you to hide it for so long? It'll be fine after a while!" "You just need to do this and this ... Hehehehe ..." Yushu said.

Chapter 2595 Too Much Of A Scam

Lin Yi and boss Zhu's lips twitched-Yushu's move was way too much! Whoever ran into her would be in trouble!

"This ... Isn't this a little too cruel?" Elder Zhu asked hesitantly after a while.

"Haven't you heard of the saying? You've already betrayed us, why do you still care so much?" Yushu said with a look of disdain.

"You're right ..." Elder Zhu hesitated, then nodded."Alright, then it's decided! But ... We can't suspect the king of medicine, can we?"

"Who the hell is a Yaowang? He couldn't even take care of a bunch of lightning needles stuck in his body-he was so weak compared to shield bro! I think he should change his name to lightning rod King. " Chen Yushu replied.

"That's good. " Boss Zhu nodded.

And so, Chu Mengyao, Chen Yushu, Wang Xinyan, han Jingjing, and han Xiaochao went to school first, while Lin Yi stayed at home to treat Zhu laoer's injuries. When Zhu laoer got out of the car, Lin Yi glanced at him and was shocked!

Once upon a time, he had seen second Zhu in high spirits, but now he looked more like an old man in his last years. He was even older than the elder Zhu. Obviously, he had been living a very unpleasant life!

But it was inevitable. He used to be a cultivator, and his position in the Hidden House Zhao must be very high. But now, he was just an ordinary disabled man. It was good enough that the Hidden House Zhao gave him a place to stay, and it was also for the sake of elder Zhu. It was impossible for them to respect and care about him like usual.

Even Zhao Qibing, when he said that he was going to help heal second Zhu, stopped trying to get close to him after he became the heir. He didn't even look at him anymore, and it had been a long time since he contacted elder Zhu.

After all, elder Zhu's job was to keep an eye on Chen Xi, and he couldn't be by Qibing's side all day. Second Zhu was a cripple, and Qibing didn't have that much time to care about him. The two Zhu brothers had been forgotten for a long time.

This was also the reason why second Zhu was so angry-his injuries were all because of Zhao Qibing, and he was touched when Zhao Qibing wanted to help him find a way to recover, and he even asked elder Zhu to join Zhao Qibing.

However, ever since Qibing officially entered the Hidden House Zhao, his identity changed. He didn't ask about second Zhu anymore, and never mentioned anything about healing him again. Instead, he kept saying that he wanted to help elder bi.

How could second brother Zhu not be angry? Second brother Zhu understood as well-Qibing was just a hypocrite, trying to win the two brothers over to fight qikun before he got the position, but now that

Qibing was done for, he was about to die in the test at the sky elixir sect, so he didn't care at all. He didn't need to try to win them over, and second brother Zhu was selectively forgotten.

This was also the reason why elder Zhu chose to side with Lin Yi. The two brothers were loyal to Zhao Qibing, but what did they get in return? They knew that Lin Yi was probably using them, but it was an open and aboveboard use. It was like a deal, and so Zhu laoer was more inclined to Lin Yi.

However, after seeing the enemy he'd been fighting so hard with, he was very embarrassed and didn't dare to look Lin Yi in the eye.

"Second brother, what are you doing? Aren't you going to greet Mr. Lin?" Big Zhu frowned and secretly kicked second Zhu.

"Well ... I've seen Mr. Lin ..." Second brother Zhu had no choice but to raise his head and say, ""If I've offended you in the past, I hope you won't take it to heart ..."

"Second brother, what are you saying!" Elder Zhu was a little disappointed. Why was he saying this? If Lin Yi called him here, it meant that he didn't care about what happened in the past.

"That's right, we used to work for different Masters. You guys were Zhao Qibing's men, and you only worked for him, so we were enemies. But now your brother is my man, and if you work for me in the future, you'll be one of us. " Lin Yi nodded, "since you're on our side, I can promise you that no matter how badly you're injured, as long as you're still alive, I'll do my best to heal you!" As for your future training, leave it to me-me and elder Zhu are only earth Class for now, and I can't help him-I'll only be able to help him after I break through to Sky Class, but I can help you break through to Earth Class early phase!"

"Mr. Lin, you're such a good person! I don't know how to talk, but I know that you are not lying to us. You are a man of your word. I also know that you just want to use us, but we will prove to you that we are no worse than the other brothers!" Second brother Zhu said sincerely.

"Yeah." "Let's not talk about that for now," Lin Yi said with a wave of his hand.

In fact, Lin Yi's promise to the Zhu brothers was as easy as lifting a finger, but he said it seriously and in such a way. Lin Yi was smart-if he did it like Zhao Qibing did, the Zhu brothers might not believe him.

However, Lin Yi's serious and detailed explanation of the benefits moved the two brothers. The conditions were too generous. Even though they knew that Lin Yi was using them, they couldn't reject it. Lin Yi's way of playing hard to get made them want to be Lin Yi's underlings even more!

As far as they were concerned, if there were so many benefits to just being used, then wouldn't it be even more beneficial to become Lin Yi's follower? And look at Wu Chengtian, Han Xiaopo, and the others, they were all Living a Good Life!

Even now, old Zhao didn't dare to kill Qikun-he didn't have the heart to do it before, but now that elder Bi was gone, he wanted to get rid of him as soon as possible! Qikun was Lin Yi's follower, and if he died in the sky elixir sect test, it wouldn't have anything to do with the Hidden House Zhao, but if he died by the hands of old master Zhao, then he'd be in big trouble!

This was the first time Zhu Lao'er had come into contact with Lin Yi's healing method, and he felt his broken meridians heal quickly. He couldn't help but click his tongue in wonder-was this the legendary Pure Energy Healing? It was too awesome and too overbearing!

Chapter 2596 Elder Zhu Returns

No wonder Lin Yi said that he'd be able to cure him as long as he was still breathing-it seemed like he wasn't bluffing. Second brother Zhu felt that even if he was really on his last breath, Lin Yi would be able to save him!

At this moment, he finally understood why Lin Yi, Chentian, and Yutian were able to break through so miraculously when they were on the verge of becoming disabled-so this was it! No wonder Lin Yi was fine when he was injured last time-he could heal himself!

Thinking back to Lin Yi's injury and how he pretended to be a pig to attract enemies, second brother Zhu's mouth twitched. This was clearly a trap! Lin Yi had probably recovered a long time ago and was just waiting for the enemy to come and torture him!

However, he had misunderstood Lin Yi. Before Lin Yi found out about general Weiwu's Secret, he really did plan to run away with his family.

"Alright! I'm all better! Big brother, my meridians are all fine now, and they're even thicker than before. It's even more beneficial for cultivation!" The second Zhu looked at the first Zhu in surprise and joy.

"Are you done? That's great, that's great!" Elder Zhu let out a long breath. The two brothers' parents had passed away when they were young, and they had been relying on each other. Although second Zhu didn't die, he couldn't cultivate anymore, and his life would definitely be shortened. Elder Zhu was older than him, but he had to see his brother die first. He didn't feel good when he thought about it, but now, his decision had brought his brother such a great opportunity!

"Don't talk nonsense. Now, use your own mental cultivation method. I'm going to help you improve your strength!" Lin Yi said faintly.

"Yes, boss!" Second Zhu didn't doubt it anymore. He was ready to follow Lin Yi with all his heart now. With a boss like this protecting him, he didn't have to be afraid of anything anymore. He was an undying cockroach! He could just return to the city when he was about to die in a PK and revive with full health when he found Lin Yi. Who could be more powerful than him? who could fantasize more than him?

Elder Zhu could feel his brother's happiness as well, but he didn't fully believe that Lin Yi was going to help him level up. He didn't doubt that Lin Yi could heal, after all, he had Pi Zhihai as an example. He was happy but not surprised, but leveling up was different.

"Boss ... Lin, aren't you going to test us brothers?" Elder Zhu was a little hesitant. He felt that happiness had come too quickly. It was a little unreal.

"When you use someone, don't doubt them. If the two of you act obediently, then I will take your lives as easily as turning my hand." Lin Yi smiled. His tone was calm, but it made the Zhu brothers keep quiet out of fear!

Yes, Lin Yi could even kill Sky Class Masters in seconds-killing the two brothers would be a piece of cake, wouldn't it? At that thought, they felt relieved. Lin Yi wasn't afraid of them turning on him at all-he could just kill them if they did.

"Don't worry, boss. I, Zhu boss, swear that we, the two brothers of the Zhu family, will follow your lead in the future!" Elder Zhu said.

"Hehe, I'll see the results." Lin Yi said nonchalantly.

However, the calmer Lin Yi was, the more the Zhu brothers respected and admired him. If it was Zhao Qibing, he would be very happy and pretend to say something touching, and then promise some benefits.

As he spoke, second brother Zhu began to circulate his own Qi cultivation method. He was shocked to find that his strength was rapidly increasing. Wisps of pure Qi entered his body from his meridians. Following the circulation of his Qi cultivation method, it circulated in his body and became his own!

Second brother Zhu was shocked. Before this, he had never heard of anyone increasing their strength like this. Wasn't this a furnace? But it was different from human cauldrons-human cauldrons usually sacrificed their own strength for others, but Lin Yi obviously wouldn't be so stupid as to just give his strength to him for nothing. The only possibility was that Lin Yi's strength wouldn't be lost, but he could still increase the strength of others-just how terrifying was that?

Second Zhu's injuries had just healed, and he didn't have much Qi left, but with Lin Yi's help, he was now a golden class late phase peak, only one step away from Mystic!

Fast, it was too fast! Elder Zhu could see his strength as he channeled his practitioner's Arts. Elder Zhu's eyes were wide open as he watched his brother's strength increase. He was happy and envious at the same time. But Lin Yi said that he was an Earth Class, and it seemed like he couldn't help an Earth Class. Elder Zhu could only pray that Lin Yi would step into Sky Class as soon as possible, and then he could help him increase his strength.

In one morning, second brother Zhu went from a cripple to Mystic late phase peak. Lin Yi gave him a small Qi gathering pill, and with the protection of elder Zhu and Lin Yi, he successfully consumed it and became an Earth Class early phase.

"Boss, I ... I ..." Second brother Zhu was so excited that he couldn't speak. He did tell him that Lin Yi could not only heal but also increase his strength, but he didn't really believe it. He only knew how amazing it was after experiencing it himself. He didn't know how to thank Lin Yi.

"Alright, you've been out for a long time. Take these two potions back with you. As for this pill, take it in advance." Lin Yi gave the boss a pill and two packets of medicine he'd just made.

"Alright, thank you, boss!" Elder Zhu said excitedly as he took the items from Lin Yi.

"En, the rest will be up to you guys, but following Shu's instructions shouldn't be a problem," "Normal people can't recognize the medicine I made, not even Yaowang," Lin Yi said.

"We naturally trust you!" The Zhu brothers trusted Lin Yi completely now.

Lin Yi drove to school, while the Zhu brothers went back to the Hidden House Zhao. The Zhu brothers, who were still full of energy, suddenly became as weak as before. His disguise was very good, and if they didn't check his meridians, no one would be able to tell that he had recovered and leveled up.

Of course, Yaowang didn't have time to check his meridians.

Elder Zhu and second Zhu sneaked back to the Hidden House Zhao, while elder Zhu rushed to see the old master of house Zhao.

"Elder Zhu, aren't you protecting Chen Zhao? Why did you come back after you left?" Old Zhao looked at elder Zhu with dissatisfaction. Chen Xi was a hidden card of house Zhao, used to make friends with an ancient level master, they couldn't afford to lose her.

Chapter 2597 Magical Medicinal Liquid

"Old patriarch, I have something to report!" Boss Zhu said carefully.

"What is it? Go ahead. " Old Zhao's expression softened after hearing that. He waved his hand, signaling for elder Zhu to continue.

"It's like this, didn't my second brother's meridians also suffer damage? When I was in Songshan, I went around asking about how to help practitioners recover their meridians, and when I was scavenging, I met a Sky Class master!" Said elder Zhu.

"What? Sky Class?" Old Zhao wasn't too concerned at first, but he stood up when he heard the word Sky Class."Did you make a mistake? There weren't that many Sky Class Masters! How could I have seen it so casually, especially when I was scrap picking?"

"Elderly head, how would I dare to joke about this?" "I can't tell how strong that Sky Class is, but it should be Sky Class late phase peak ..." Elder Zhu smiled bitterly.

"F * ck! How is that possible?" Old master Zhao couldn't help but curse,""They're all existences at the level of sect leaders and elders in the ancient realm. How can they enter and leave the secular world as they please? Even if I'm here to do something, it's impossible for you to encounter me, right? Elder Zhu, you're just having fun with me, right?"

"Old master, I wouldn't dare! That old man seems to have some mental problems. Although he's strong, he's like a fool, like an old madman!" "I think he's gone mad from cultivation!" Elder Zhu said.

"Hmm ..." Zhao Yu's father nodded his head. If he was a lunatic, then it was possible. It made sense that they would meet each other while scavenging. "This is the big thing you wanted to talk about? Even if he was a Sky Class master, he shouldn't have anything to do with the Hidden House Zhao. And he's a madman. It's very difficult to recruit such a person. "

"Old master, I'm not talking about that. I asked this crazy Sky Class old man about my brother's injury, and he made me a potion called barrier-breaking liquid. As the name implies, it's used to break through barriers. After taking it, not only will it heal the body, but it can also break through the barrier of cultivation and become a higher level master!" Elder Zhu said with a serious face.

"Really?" Old Zhao's eyes were wide open-it was the first time he'd heard of this medicine, but since it was made by a Sky Class master, it shouldn't be fake. But this Sky Class master was a crazy old man, so would there be a problem?

"He said it's true, but I don't know if it's true or not, but I remembered that elder bi is the same as my brother, his meridians damaged, so I asked him to make two!" Boss Zhu said carefully.

"That Sky Class master's so obedient? He'll do it just because you want him to?" Old Zhao looked at elder Zhu suspiciously.

"Well ... I didn't think he was a Sky Class-he was in a mess, and he was starving on the ground. I thought he was a homeless man, and since we're both scavengers, I bought him a few buns, and he thanked me after eating them. He said he'd do me a favor if he wanted to repay me!" Elder Zhu continued with Yushu's story, "At that time, I was thinking, what can a homeless person like you help me with? "But after he was full, he suddenly revealed his heaven rank strength, giving me a fright. I told him about my

troubles, and he didn't hesitate and agreed. You know he has mental problems, so it might be easier to talk to him ... And this morning, when I just returned to Songshan, that old crazy vagrant gave me the potions he made ... So I rushed back!"

"I see ..." Elder Zhao nodded. Elder Zhu's words made him less suspicious. Elder Zhu's disguise was a scavenger, so he had to act like one. It was reasonable for him to help his dying peers. "Where's the old senior?"

"He finished making the medicine, told me how to use it and what to take note of, and then left ... Old master, you know that he's a Sky class-I'm just a small Earth Class, how could I force him to stay?" Elder Zhu said helplessly.

"That's true!" Old master Zhao realized-it'd be weird if elder Zhu brought that Sky Class back home. He thought about it. "What about the potions? What did that senior tell you?"

"Although this potion looks good, it also has a fatal flaw!" "That means the person who takes it will explode and die if it doesn't work," said elder Zhu. "If it works, everything will be fine. There's a chance ..."

"What? There's a chance for this thing?" Old Zhao had been thinking that it would be a blessing for house Zhao if elder bi could recover and step into Sky Class, but before he could celebrate, elder Zhu poured cold water on him, calming him down. His eyes sharpened as he looked at elder Zhu. "How come I've never heard of such a potion? At most, the effect is not good or there is no effect. How can you die?"

"Yeah, I'm also very curious!" Elder Zhu, however, said without fear, ""This is also why I didn't rashly give it to my second brother and came to you directly. I'm also puzzled. Why is this potion so strange?"

"En, you've done well." "Where's the medicine?" Zhao Yu's father nodded.

"It's here," Boss Zhu carefully took out two bags of medicine from his pocket and put them on the table.

"Old Mian, go get Yaowang!" Zhao Yu's father ordered.

"Yes!" "Yes," elder Mian replied and quickly went to look for Yaowang. After a while, he entered old master Zhao's room with Yaowang.

"Greetings, old master!" Yaowang didn't know why old Zhao called him over, so he asked carefully, ""You were looking for me?"

"Yaowang, take a look at what this is!" Old Zhao pointed at the two bags of medicine on the table and explained, ""It's said that this potion is called the barrier-breaking liquid ..."

Then, old master Zhao explained the effects and side effects of the medicine.

Yaowang Zhao's expression was very interesting-it was the first time he'd heard of something like this. It wasn't a pill, it was just a medicine, and yet it had such a magical effect. He'd never heard of it before, but this was something made by a Sky Class master-he didn't dare to underestimate it. He carefully took out a clean bowl, opened a packet of medicine, and poured it out.

After checking for a while, he did not find any clues, so he could only say, ""Former head, I also couldn't figure out what it was. I want to try it, but I dare not ..."

Chapter 2598 Very Effective

Yaowang wanted to increase his strength to break through the armband, but the medicine was too mysterious and there was a chance of death. He would rather not break through than try it. His meridians were still intact, so it wasn't worth the risk.

Old Zhao naturally knew what Yaowang was thinking. Seeing that he couldn't tell what the medicine was, he didn't know what to do. But after a while, his eyes lit up and he turned to elder Zhu!

"Elder Zhu, you're asking for this medicine to help your brother recover, right?" Old master Zhao asked.

"Yes, I am." Boss Zhu answered honestly.

"Alright, since that's the case, let him take it!" Old master Zhao said without changing his expression, ""It's reasonable to say that such an important medicine should be given to the family, one for elder Bi's use and the other for safekeeping, but since you found it, I can't let you guys be disheartened, so I'll give you one back-let him take it as soon as possible!"

"This ..." Elder Zhu's face turned red! He'd expected this to happen, and that it was all part of Yushu's plan, but he still couldn't help but get angry at the old man's shameless words!

The two brothers had been working for the Hidden House Zhao for years. They had put in a lot of hard work, but not only did old Zhao let second Zhu test the medicine, he even shamelessly said that both medicines would go to the family, and even gave elder Zhu one as if he was giving alms!

Could it be that if the medicine had no side effects, old master Zhao would not have given him a single portion? At that thought, elder Zhu's heart was filled with sorrow. It seemed that relying on Lin Yi was a wise decision-serving these two people from house Zhao wasn't going to end well! As a dog, he had to have dignity!

"What's wrong, elder Zhu? You don't want to? If you don't want to, I'll just find a random disciple of the Zhao family and let him take it, but at that time, there won't be a share for Zhu laoer!" Old Zhao saw that elder Zhu was a little reluctant, so he threatened him.

It wasn't that he didn't want to find a disciple to try it out, but there were only two portions of the potion. If he tried one, who would he give the other one to? To second Zhu or elder bi? He should have given it to second Zhu, since he'd asked for it. He didn't keep it for himself, but reported it to the house immediately. However, it was better for the house to have elder Bi's strength back.

So Grandpa Zhao had no choice but to let Zhu 'er be the test subject. One could say that Chen Yushu had already planned out their psychology, and everything was going according to their imagination.

"I ... I'm willing!" Elder Zhu took a deep breath and nodded."Originally, I asked for this medicine for my second brother so that he can recover his meridians. Since he's already in this state, instead of continuing to waste his time like this, it's better to have an attitude of either success or death and let him try!"

"En, it's good that you can think like this." Old master Zhao nodded in satisfaction, then said,""Elder Zhu, why don't you quickly invite your brother over?"

"Alright, I'll bring him over now!" Boss Zhu nodded and quickly said.

"Elder Mian, bring elder bi too!" Old master Zhao turned around and instructed old Mian.

"Yes, old master!" Elder Mian nodded quickly, but he felt a little bitter inside-these days, because of elder BI's injury, he'd replaced elder BI's position in the family, becoming one of the closest people to old Zhao-what would he do if elder bi came back? He didn't want to lose the position that he had worked so hard for!

But he couldn't go against the old man's wishes-he had to get elder bi! But he thought it through as soon as he left-it was true, elder bi recovered, but he'd break through into Sky Class as well-would Sky Class still be able to serve old Zhao like before?

It was obviously impossible-since he was Sky Class, he would definitely want to continue training. Even old Zhao wouldn't let him do these chores anymore-when the time came, these things would still fall on elder Mian!

Thinking of this, old Mian became happy.

Soon, second Zhu and elder bi arrived, both in wheelchairs. Second Zhu could walk now, but he didn't want to. Everyone understood that a practitioner would become a cripple, and everyone would be dispirited.

Elder bi was even more so-he was already awake, but his eyes were sunken like a man who hadn't rested for days, his face yellow and emaciated.

However, when he heard that there was a medicine that could help him recover, his eyes flashed with a strange light of joy!

Although Zhu laoer was also a little happy, he "knew" that he was a tester. His eyes still flashed with tension and worry from time to time. These subtle expressions were also seen by master Zhao. Although he did not suspect anything, he was more at ease when he saw this.

"Second brother Zhu, the potion is here. Your brother spent a lot of effort to get it. I hope you don't waste it!" As old master Zhao spoke, he had elder Mian pass one of the bowls to second brother Zhu.

Second brother Zhu took a deep breath and took the bowl of medicine. A trace of "determination" flashed in his eyes. Then he raised the bowl and drank the medicine inside ...

"Uh uh uh uh ... Hu hu hu ..." Zhu laoer's hand suddenly trembled, and the bowl fell to the ground and shattered. His face also suddenly turned red! Although he was mentally prepared and knew that the thing he drank would definitely be fine, the pain in his body still made him suck in a breath of cold air ...

Second Zhu's pained expression was seen by everyone, and they all had different expressions. First Zhu was extremely "worried," while old Zhao, Yao Wang, elder Mian, and elder bi were looking forward to it!

Although second Zhu was in pain, they also knew that it would be very painful to repair the meridians, and it would be very difficult to break through the barrier. This was normal. As long as he didn't die and could hold on, he was already half successful.

Soon, wisps of white smoke rose from Zhu laoer's head. His face became twisted, and he panted heavily. "Huhuhuhu" sounds were coming from his mouth. He was in as much pain as he could.

After struggling for more than an hour, second brother Zhu suddenly stood up and screamed, "ah!" Then his face gradually became red and normal, and his whole person seemed to be a lot more energetic in an instant!

Chapter 2599 Elder BI's Tragedy

In fact, second brother Zhu had always been very energetic. The previous injury was just a disguise, but the pain was not a disguise! Lin Yi was right-the poison was able to make people feel like they were on the verge of death. The pain didn't decrease at all even after taking the antidote!

It was just that the antidote had triumphed over the poison in the end!

"Ah!!!!!" Zhu laoer shouted again, feeling extremely comfortable and happy after breaking through the level barrier. He then showed his strength as an Earth Class early phase, "I'm fine, and I've actually broken through!"

Done? And he broke through? Other than elder Zhu, everyone else's eyes widened! They didn't think that the medicine was real, it really repaired second Zhu's meridians, and let him break through the barrier from Mystic to earth!

"Good medicine, it's really good medicine!" "I want to take it too ..." Elder bi said, his voice shaking.

"Wait ..." Elder Zhu suddenly spoke.

"Oh?" Old Zhao was just about to ask elder Mian to give the other bowl to elder bi when he heard elder Zhu's voice. He turned around unhappily and frowned. "Elder Zhu, what's the matter?"

"Old head, you saw it just now. Although second brother has recovered and broken through the level barrier, it was so painful. He's not as injured as elder bi, and he's already in so much pain-I'm afraid elder bi won't be able to take it ...""Besides, who knows if there will be any side effects? Do we need to observe for a while?"

After hearing this, Zhao Yu's father was a little unhappy. ""Old Zhu, are you unwilling to give it to elder bi because you saw how good it is? I'm telling you, you can't have this idea. You didn't know the effect of the potion and came to me to ask Yaowang to take a look! And when I asked second brother Zhu to take it, you didn't want to either. Now that the effect is better, you want to keep it for yourself?"

"I ... I really didn't mean it that way!" Elder Zhu smiled bitterly and shook his head.

"Alright, that's enough-let's just ask for elder BI's opinion." Old master Zhao waved his hand impatiently. ""Elder bi, what's the meaning of this?"

"I want to take it now. Old master, you know that I'm better off dead than alive in my current condition. I don't want to delay my recovery to serve the family!" "Plus, I'm much stronger than Zhu's brother before-if he can make it, there's no reason I can 't!" Elder bi said.

"Okay, but how about this, Yaowang, do a check on second Zhu and see if there's anything wrong with his body. Will there be any side effects?" Old Zhao thought about it from all angles and turned to Yaowang.

"Yes, master!" Yaowang wasn't as skilled as Lin Yi, but he could still check second Zhu's body. If he found something wrong, second Zhu would be fine, but he might not be able to treat him. So, Yaowang vowed, "It's impossible to escape my eyes!"

After that, he began to give second brother Zhu a comprehensive examination, but his examination was too late. If he didn't check earlier, he might find that second brother Zhu's injury had actually recovered. But now, if the injury was not fully recovered, there would be a problem!

Moreover, the poison was gone, and the antidote was gone. His strength had really improved, so what could he find out?

As expected, after a long time of inspection, Medicine King Zhao said with a happy expression, ""Old master, second Zhu's body is normal. There is nothing strange about it. He is full of strength and his meridians are intact. There are no sequelae!"

"Oh, that's good." "If that's the case, then let's give elder bi the other bowl!" The old man nodded.

"Yes!" Elder Mian quickly picked up another bowl and handed it to elder bi, who raised his head and gulped it down without hesitation ...

"Ah ah ah ah ..." Elder Bi's reaction was the same as second brother Zhu 's-his hand shook and the bowl fell, and his face turned purple as he gasped in pain.

After what happened to second Zhu, the pained expression on elder BI's face was seen by everyone, and they weren't too worried!

But only the two knew that while elder BI's situation was the same as second Zhu 's, the results were different. If elder bi didn't take the antidote, he would die.

"Ah!!!" Elder bi screamed, his face turning even paler. The others didn't mind, though-it was the same as when second brother Zhu took it, nothing much.

[illegible]

"Bang!"

There was a loud noise, and blood spurted out of elder BI's eyes, ears, nose, and mouth-he fell to the ground, as if he couldn't take it anymore.

"This ..." Other than old Zhu and second Zhu, the others were all dumbfounded. What was going on? How did elder bi die all of a sudden?

"What's going on?" Old master Zhao was the first to recover from the shock. His voice was filled with anger and hoarseness. "Elder Zhu, what happened? How did elder bi die?"

"I ... I don't know ..." Elder Zhu was also panicking, his forehead covered in sweat. "I ... Elderly head, I ... I'm not sure what's going on either ..."

One had to admit that elder Zhu was good at acting. He was able to perfectly portray his ignorance and fear. However, it was no wonder. He had been acting in front of Chen Xi and her daughter all these years. If he wasn't good at acting, he would've been exposed a long time ago.

He didn't manage to fool Lin Yi in the end, but that was because Lin Yi had a cheat that allowed him to see through boss Zhu's strength. However, old Zhao didn't suspect boss Zhu anymore-he wouldn't be this scared if there was something wrong with boss Zhu!

Why would he be scared when he knew that he was going to poison elder bi to death?

Yaowang had already started checking on elder BI's condition-he was frowning as he carried out the autopsy! Yaowang was actually quite a capable man-he may have lost to Lin Yi time and time again, but he was still quite famous in the Hidden House level. Otherwise, Grandpa Pi wouldn't have had such high hopes for him when Zhihai was injured.

"Yaowang, what's going on? How did elder bi die?" Old master Zhao's expression was extremely ugly.

Chapter 2600 Li Cihua's Departure

It wasn't to the extent of losing his composure, but it was still quite sad-elder bi had been with him for decades, and now he was dead! How could he accept that?

In the past, even if he was injured, he still felt that there was hope of recovery. After all, although the great recovery pill was out of reach, it wasn't impossible to get it. But now, the person was dead. There was no way to come back to life.

"Old master, from what I can see, elder BI's blood Qi must have exploded from the failed breakthrough- this is a common occurrence when a practitioner tries to break through forcefully!" Yao Wang was well-versed in medicine, especially in the medical field of cultivators, and elder BI's death was not uncommon!

When a cultivator was breaking through, there would more or less be a certain amount of danger. However, some people were just a step away, so the danger of breaking through was relatively small. At most, they would fail to break through, but they would definitely not die!

The so-called "forced breakthrough" was when some cultivators had reached a certain age and knew that they would not live for long. If their strength did not break through to the next level, they would die without a doubt. Therefore, they would choose to force their breakthrough at this time!

In other words, this person was still some distance away from breaking through, but because he didn't have much time, he used some kind of secret technique to force himself to break through. This was the so-called life-and-death seclusion. If he didn't break through, he would die. Yao Wang Zhao knew a little about the phenomenon of death after life-and-death seclusion.

"Breakthrough failed?" Old Zhao hadn't seen it before, but he had heard of it. His face softened when he heard Yaowang's conclusion. He remembered what elder Zhu said to him before and turned to him. "Elder Zhu, could this be the legendary potion that is used to force a breakthrough and to enter a life-or-death seclusion?"

"I ... I don't know ..." Elder Zhu's face was pale. "The Sky Class master only told me that he'd either recover and break through, or die ..."

"That's for sure!" Zhao Yu's father nodded. Now that he thought about it, it was similar to life and death seclusion. He just didn't think about it at the time. "Forget it, I don't blame you for this. You don't know either."

"Thank you for your understanding, old master!" Elder Zhu let out a breath of relief and said excitedly.

"From the looks of it, second Zhu is holding on, but elder bi isn't ... Sigh, life is really unpredictable!" "But it's still something to celebrate," Grandpa Zhao said. "Our hidden house Zhao has another Earth Class early phase-it's a good thing!"

"Thank you for your trust, master. We brothers will do our best to serve the family!" Old Zhu and second Zhu said.

But inside, boss Zhu didn't care at all. He smiled coldly. "What's the point of working for him? we'll work for boss Lin Yi from now on!"

"This is our house Zhao's top secret-the Sky Class master probably doesn't want us to talk about it!" Zhao Yu's father pondered for a moment and ordered, ""Elder Mian, please give elder bi a proper burial, he's the hero of our hidden house Zhao! And second Zhu, since you've recovered, you'll be with Zhao Qibing from now on. Elder Zhu, you should go back to Songshan to take care of Chen Xi. "

"Yes!" Everyone agreed, and the two Zhu let out a breath of relief. It seemed that Chen Yushu's idea was not bad, successfully deceiving old Zhao and medicine King Zhao. However, elder bi was quite unlucky- he died with regret and regret.

In Songshan, Cihua received Tiandi's warning. He was about to get angry-house zou was just a small house in Songshan, a small house that wasn't even worth mentioning. They were nothing compared to him, they were just people like fabai!

However, Lin Yi was standing behind Tiandi, so Cihua wasn't sure what Tiandi was up to. He asked for more details and jumped in shock! It was Lin Yi's idea, after all-he'd arranged for one of his underlings, the Hidden House Zhuang, to take over some of Cihua's business!

This made Cihua extremely depressed! How did the Hidden House Zhuang become Lin Yi's follower? Cihua could've been tougher if it'd only been Tiandi-he could tell that Lin Yi wasn't particularly close to house zou, that they were just running around like dogs. Cihua, on the other hand, couldn't fight the Hidden House Zhuang on his own, so he reported the situation to Qibing as soon as he ended the call, asking him to make a decision!

"Hello?" Qibing was overjoyed to have another Earth Class fighter-he was an Earth Class fighter himself, but his combat strength was obviously not as good as the others. It was all built up from pills, and he lacked real combat experience. He was happy that second Zhu was joining him,"Cihua, what's the matter?"

"Master Bing, zou Tiandi came to see me just now ..." Cihua explained to Qibing that zou Tiandi was representing Lin Yi and the Hidden House Zhuang to take over the business of Songshan city. He had some shares in the entertainment industry in the past, and although he didn't participate in the business, he still had some free shares. He wasn't willing to just leave.

"What? The Hidden House Zhuang has become Lin Yi's follower?" Zhao Qibing was shocked and furious at Li Cihua's report. He didn't think that the Hidden House Zhuang would join Lin Yi! This made him feel a little incredulous. "Is this news true?"

"I'm not too sure, but Zou Tiandi said it with such confidence. He wouldn't joke about Lin Yi and the Hidden House Zhuang, would he? He doesn't have the guts to do that. He can't afford to offend either of them!" Cihua said. This was why he wasn't angry—Tiandi was a coward, and he shouldn't have said anything about this.

"Hmm...How about this, I'll ask, I'll give you the news." Zhao Qibing hung up and called Zhuang Niodao.

At this point, Niodao had received the decision from his family, and was now officially Lin Yi's follower. Niodao Qiang wiped the sweat off his forehead, relieved that he hadn't done anything to Lin Yi. He'd had dinner with Tiger and Biao Han a couple of times, but he'd never been involved in any of the fights. After the conflict at the start of the semester, he'd confirmed that he'd never done anything to Lin Yi, and that was a relief!

He may be the future head of the Hidden House Zhuang, but he knew his place. He wasn't a high-level practitioner, and he had to rely on his two younger brothers. If Lin Yi didn't approve of him, his position as head would be a hundred and twenty percent gone!
