

Bodyguard 2601

Chapter 2601 The Drunken Centipede

And so, he'd been thinking hard these days-how could he find a chance to get on Lin Yi's good side? Would Lin Yi be angry if she went there without a plan?

Just as he was thinking about it, his phone rang. Seeing that it was Zhao Qibing, Zhuang naodao picked up the phone, ""Master Bing, why are you calling me?"

Zhuang naodao wasn't too familiar with Zhao Qibing, but he remembered that Zhao Qibing was the next head of the Hidden House Zhao. It was hard to avoid him in the future, so Zhuang naodao's tone was still very polite.

"Master Zhuang, it's like this, I want to ask you something, your hidden house Zhuang and Lin Yi ..."
Qibing asked carefully.

"Oh?" Zhuang naodao's face changed instantly. Thinking of his grandfather's instructions, he immediately said, ""Master Bing, you're not looking for trouble with Lin Yi, are you? But I can 't-not only can I not, I'll have to help boss Lin Yi deal with you! Our hidden house Zhuang is now boss Lin Yi's follower, so I hope you'll think twice before you act!"

"Ugh ... No, I'm just asking ..." Zhao Qibing didn't think that it was true and was very surprised. However, he also knew that with Lin Yi's strong interference and the Hidden House Zhuang's presence, there was no way they could take back Songshan's territory!

"It's good that you're fine. " Zhuang naodao heaved a sigh of relief and hung up the phone.

Zhao Qibing, on the other hand, called Li Cihua again.

"Master Bing, how is it? Is there any news?" Cihua asked carefully.

"There's news, the Hidden House Zhuang has indeed joined Lin Yi!" Qibing said helplessly, "Come back, leave Songshan city. I'm not there anymore, and Songshan isn't a place where our power can reach. If Lin Yi wants it, then give it to him. I don't want to offend him yet!"

"Okay. What are we going to do after we get back to Eastern Sea city?" Cihua asked.

"When you get back to Donghai city, go to Donghai city's Industry University. Find a house in the University Area near the University and open a bar. But your main task is to see if you can help me get on Lin Yi's good side." "If you see Lin Yi, help him as much as you can. That's all!" Qibing said after some thought.

"Oh? To please Lin Yi?" "Master Bing, is the Hidden House Zhao planning to change our strategy and curry favor with Lin Yi?" Cihua asked.

"Of course not!" Zhao Qibing shook his head. "I need his help with something. Wait for me ... Never mind, let's not talk about this. You just need to remember what I said!"

"Alright," he said. Li Cihua nodded.

And so, li Cihua, su jiaonang, Zhang Yuzhou, and the others left quickly. They gave the floating clouds bar to zou Tiandi on the same day, along with the shares of the company. Li Cihua's people weren't in Songshan anymore, so there was no point in keeping the shares. These companies were the bosses of the local construction and entertainment industries. They gave the shares to li Cihua in the hope that he would help them out when they were in trouble, and it would be zou Tiandi's business from now on.

The bar, on the other hand, was officially renamed to "Tiandi bar." Naturally, Lin Yi wouldn't use his own name, so it was best to let Tiandi use his own name. He'd also announce to the public that Tiandi's backer was the Hidden House Zhuang, and that he had nothing to do with Lin Yi. Only people from the hidden houses would know that Lin Yi was the Hidden House Zhuang's backer.

.....

The everyday and every day sect.

Celestial master Chunyang told naipao to call pinliang over. He didn't want to get involved in pinliang's mess anymore, but he had to do it for the sake of his beloved disciple! Naipao wouldn't be able to focus on his training if he didn't help. In order to put his beloved disciple at ease, he racked his brain and finally came up with a good idea.

"Disciple Zhong pinliang greets celestial master Chunyang. May celestial master enjoy a long life and may your blessings last for thousands of years!" Pinliang said respectfully.

"What the hell are you talking about?" heavenly venerate Chunyang frowned. Why does it sound so familiar? It seems to be some Divine Dragon Cult Master. Wasn't he killed by Wei Xiaobao?"

"Ugh ..." Pinliang wanted to suck up to celestial master Chun Yang, but he didn't expect him to read novels as well. "He's not as powerful as master, so it's normal for him to be killed. But master is different!"

"Oh, alright, let's not talk about this nonsense. I've thought of a good way for you to take revenge!" Heavenly venerate Chunyang waved his hand.

"What? Master, really? You're really too good to your disciple!" Pinliang was overjoyed-he didn't think he'd get a chance for revenge.

"Of course it's true. When have I ever lied?" "I'll give you another treasure," heavenly venerate Chunyang said indifferently."It's a spirit beast. Although it's not of a high grade, it has some special abilities!"

"Spirit beast?" Pinliang's eyes lit up-he'd been exposed to the practicing world for a while now, and he knew what a spirit beast was. Getting a spirit beast to fight Lin Yi was great!

"That's right. This spirit beast is called a hundred drunken centipede. This centipede can be used to bite people. The person bitten will pass out within an hour. There's no cure for it!" "So, if you challenge Lin Yi again and bite him with your centipede, he'll faint. You can beat him however you want then!" Celestial master Chunyang said.

"Oh? It's that good?" Pinliang was overjoyed to hear that there was such a good spirit beast."Then I'll make a bet with him. I'll bet that he'll definitely lose the middle-grade Golden Cicada underwear!"

"That's right, I have the same idea. I want you to bet on the Golden Cicada underwear." "However, you must remember not to use the drunken centipede recklessly," heavenly venerate Chunyang said. "It can only be used three times a month. If you use it more than three times, you'll have to wait until next month!"

"Ah? I didn't know there was such a restriction!" Pinliang had wanted to go back and continue the challenge, but he gave up on that idea after hearing what Lin Yi said. It seemed like he couldn't use it recklessly anymore. He had to use it at the most critical moment.

"En, the way to use this centipede is very simple. I'll teach you now!" "The first way is to use the baiting liquid," said heavenly venerate Chunyang. "I'll give you a bottle of it. Spray it on your opponent and release the drunken centipede to attack them automatically. The second way is to counterattack automatically when the centipede is attacked. This is the simplest way, you hold the centipede in your hand, and you block where Lin Yi attacks you, and the centipede will bite him!"

Chapter 2602 The You Family's Suspicion

"That's easy. I understand, master!" Pinliang nodded, understanding how to use the centipede immediately. It was simple.

"Yes, you can study it first. Once you've mastered it, you can go down the mountain." Heavenly venerate Chunyang nodded.

"Yes, master!" Pinliang said.

The drunken centipede was something celestial master Chun Yang had spent a lot of effort to come up with. He didn't dare give pinliang anything too high-end now. The kid was too useless. He could even swap out the medium-grade Golden Cicada undergarments he was wearing. That was why celestial

master Chun Yang had given him a treasure that was neither good nor bad. It was of little value even in the everyday and every day sect, so celestial master Chun Yang didn't feel much heartache.

.....

The red conch's headquarters was located in a foreign country. The third leader returned to his residence and was very unhappy. He hated miracle doctor Guan medical company to the core. He didn't want to take revenge for military counselor Zhuge since he was only one of his men. It didn't matter if he died or not. The key problem was that he wanted to use military counselor Zhuge to occupy this lucrative position and earn some money from it. However, this plan was ruined by miracle doctor Guan medical company before it could be implemented. He had killed military counselor Zhuge. How could he let this matter rest?

Naturally, he didn't want to let the company go just like that, but he didn't dare to go against them openly, so he had to start from another angle.

The third-in-command was indeed military counselor Zhuge's former backer. Just like military counselor Zhuge, he was a sinister and vicious person. He didn't show up himself, but called one of the leaders of the Firewolf gang who had a good relationship with him. This leader was an elder of the Firewolf gang's branch in the north of the country. He wanted this elder to help him lay a hand on doctor Guan's medical company, and then the profits would be split 50-50.

The elder of the North Branch of the Firewolf gang pondered for a while. He felt that this matter should be discussed with the current leader of the North Branch. After all, it was a big matter. Although the Firewolf gang and red conch were one, it wasn't good to cooperate with the red conch headquarters directly without the red conch branch in the country. So, he had to make sure that there were no problems first.

The third-in-command wasn't in a hurry. It was easy for people to guess that the red conches were taking revenge on doctor Guan's medical company now, but after a while, he would try other ways, and no one would be able to contact him.

The elder of the North Branch was the one who saved an Jianwen and an Jiande from Lin Yi, but he wasn't strong enough for Lin Yi to deal with. Lin Yi had to give him some "face" and let an Jianwen go.

At this moment, the elder, leader, and an Jianwen of the North Branch were sitting in a villa in Donghai city. They were discussing the arrangements made by the three leaders of red conch.

Jianwen agreed with miracle doctor Guan's medical company. It was Lin Yi's company, and it would be great if he could mess with it. He was also worried about not having any new ways to make money recently. Although casinos made a lot of money, this speed of making money was a thousand miles away from what he had done before!

Miracle doctor Guan's medical company, on the other hand, was a treasure trove. There was so much money flowing out of it, and Jianwen never had the chance to do so. If he did, he would've taken a share of it already.

With Jianwen's support, the plan became a lot easier. He was the most powerful person to carry out this task, and it couldn't be better to let him handle it.

.....

Hidden you family.

At this moment, old master you, zhentian you, third brother you, and Panhu you were all sitting in the secret chamber. Old master you had a serious look on his face.

"Third brother of the right, you've investigated everything? Were the pills that appeared at the auction really provided by that Ling Yi? And Ling Yi is the Lin Yi you're talking about?" Old man you was shocked. He didn't think that the large number of high-quality pills that appeared in the practitioner's city square was actually Lin Yi 's!

Before this, when high-quality elixirs appeared in the practitioner market, the Hidden House of you had been investigating. They couldn't let their competitor continue developing, so they didn't know who their competitor was. But the result of the investigation was shocking-it was Lin Yi!

"According to our acquaintances in the practitioner's city, it was indeed that Ling Yi with the mask who provided it. The image and pattern of the mask match, and that Ling Yi, I'm sure it's Lin Yi! When I wanted to take the Jade, Lin Yi revealed his identity!" The third brother of the right said with certainty.

"Lin Yi, it's actually Lin Yi? How was that possible? Even if Lin Yi was a second class refiner, he couldn't possibly make that many finished pills in such a short time, could he? And chengse is such a top-grade beauty?" Old master you couldn't figure it out."Could it be that he and han Jingjing are both alchemists? That's not right either. The materials we gave them for the rank-2 ammunition were limited ..."

"The materials, Lin Yi can buy them from other places. I heard that Lin Yi contacted the practitioner's market after that, wanting to buy medicinal ingredients from them. In other words, Lin Yi might have other channels to buy medicinal ingredients!" "After all, most of the refining materials for second-grade elixirs are not particularly rare," said the third brother of the right."They can all be purchased."

"Oh, that's true!" Elder you nodded,"so you're saying that Lin Yi and han Jingjing made these pills together?"

"Impossible!" Youpan Hu said,"Grandpa, I heard Lin Yi and boss Bai say it with my own ears. He can't make elixirs. Although he can make the fire, it seems that the attribute in his body isn't right. He can't change the intensity and temperature of the fire. It's just an empty shell. So the person who made the elixir is han Jingjing without a doubt!"

"Oh? In other words, these pills were refined by Han Jing Jing in such a short time?" Old man you's brows furrowed even more."Even if they can buy materials from other channels, how much time do we have to give them a grade two medicinal cauldron? They didn't have any cauldrons before, so they went to the antique market to buy junk, right?"

"That's true. " "According to the calculation of this batch of pills, han Jingjing's success rate is frighteningly high!" You Panhu agreed. A second-grade Alchemist could only refine one second-grade pill every day before running out of stamina and true Qi. Depending on the individual's physique, the time it took to recover stamina and true Qi was also different. It would take the next day or the third day to continue to refine the next pill! Even if han Jingjing makes one a day, how high must her success rate be to be able to make these? moreover, all the pills are of the highest quality!"

Chapter 2603 Quiet Trouble

"That's right. Han Jingjing must have better information on pill refinement that can increase the success rate and the quality of the pills!" "Coiling Tiger, are you sure you saw it every time boss Bai gave Lin Yi the information?" Did you miss anything?"

"That's for sure. Plus, the information I get from Lin Yi is a gradual process. I only got the good stuff this time. The previous ones were all normal stuff!" "And when han Jingjing was refining pills, there wasn't even this information," you Panhu said."Their information must be their own. It wasn't given to them by boss Bai!"

"That's true. " "Yes." Old master you nodded."In other words, han Jingjing must have good alchemy information in her hands, right?"

"That's definitely the case," "Otherwise, why wouldn't she show me her information every time I look for her?" you Panhu asked. Logically speaking, I've already exchanged for all of her information. If she still doesn't let me see the other information, there must be a problem. "

"Right, father, I suddenly thought of something!" You zhentian frowned and suddenly said with a solemn expression, ""We've all overlooked a big thing!"

"What's the big deal?" Old master you was slightly stunned.

"Father, do you remember the grave of the pill God Zhang Liju near Songshan?" You zhentian said. Ordinary people called Zhang Liju the medical Saint, but cultivators called him the alchemy God.

"That's true, but what does this have to do with Lin Yi?" Old master you also wanted to get his hands on the ancient tomb at that time, but later he heard that the ancient tomb was extremely dangerous, so he gave up.

"They seem to be unrelated, but they are actually very related! Father, do you remember how Lin Yi provoked the Hidden House Yu and hidden house Zhao? Where did the Hidden House Yu's Yu Huoxing find the pill?" You zhentian asked.

"An ancient tomb! Lin Yi also went to the tomb!" Old man you reacted immediately. Yes, since Lin Yi took the Qi gathering pill, it meant that Lin Yi must have been to the tomb. Otherwise, how would he know so much?

Later on, Yu Huoxing also admitted that the tomb was Lin Yi in disguise!

"Yeah, do you think it's possible that Lin Yi found Zhang Liju's personal notes in the tomb and gave them to Han Jingjing?" "Otherwise, how could Han Jingjing be so good at refining pills?" you Zhentian asked. "And you're improving at a godly speed?"

"That's right. Everything can be explained now!" Old Master You nodded, "that's for sure-Lin Yi got Zhang Liju's personal notes!" No wonder he looked down on what Boss Bai gave him, and so easily exchanged Boss Bai's notes for us-he had better ones!"

"Grandpa, I'll go and exchange with Lin Yi again?" You Panhu quickly asked.

"No, you can go to Lin Yi again. He wouldn't give you Zhang Liju's personal notes, and it'd expose our purpose," Old Man You shook his head decisively and rejected right Panhu's suggestion. "Right now, things are out of our hidden house's capabilities. Since we can't exchange for it, we can't take it by force. Last time, third of you almost died from pretending to be a robber. We can't take this risk and offend Lin Yi."

"So we're just going to give up?" You Panhu was also an Alchemist and knew the importance of good information. He also knew how difficult it was for Han Jingjing to refine so many high-quality pills in such a short time. He wanted to learn from her.

Of course, the people from the hidden You family didn't doubt that Han Jingjing could refine elixirs together, and she could even refine a few extra elixirs. This was unimaginable to them.

"Of course we can't give up, but we'll have to report this to the sky elixir sect and let them do it. As long as they get their hands on this information, we'll be able to get a share of it. After all, we were the ones who leaked the information.

"That's true. " You Panhu was a little disappointed. It seemed that this matter had little to do with him.

After the secret discussion, old master you reported his family's deduction to the heavenly silkworm transformation. However, when they heard that han Jingjing was boss Bai's student, the heavenly silkworm transformation was a little hesitant. This matter was not something he could decide. He could only continue to report to his grandfather and report it to the higher-ups.

Old master Tian's other identity was the spokesperson of that place at the ancient level, so he knew more things. Therefore, boss Bai's student gave him a bit of a headache. He could only continue reporting to the higher-ups and directly report to patriarch xuanchen.

Right coiling Tiger never expected that their coveting of han Jingjing's information would alert the people from that place. Patriarch xuanchen's expression was uncertain as he listened to old man Tian's report! It was Zhang Liju's personal notes? That was such an important thing. Although han Jingjing was boss Bai's student, what if it was done secretly?

At the thought of this, patriarch xuanchen immediately sought out his second senior brother, patriarch xuanzhen.

"Second senior brother, take a look at this report from the ancient heavenly elixir sect." Patriarch xuanchen passed the information in his hand to patriarch xuanzhen.

"Oh? News from the sky elixir sect?" Patriarch xuanzhen received the information from patriarch xuanchen and read it carefully. However, his expression changed slightly halfway through. ""Zhang Liju's personal notes?"

"That's right, it's the pill God Zhang Liju's personal notes, and he's also the founder of our second master!" Patriarch xuanchen nodded.

"Do you mean that we should get this information back? "But this han Jingjing is boss's disciple ..." Patriarch xuanzhen hesitated. His alchemy standard was higher than patriarch xuanchen 's, and he pursued alchemy more than patriarch xuanchen. However, he retreated after seeing han Jingjing's identity.

"What disciple? He's just a student, and it's just a normal teacher-student relationship. It's not a big deal. " Patriarch xuanchen smiled."And it seems like this student is hiding something. Boss doesn't know that she has Zhang Liju's personal notes. Besides, Zhang Liju is our second master's grandfather. It's only natural for us to take the notes back, right?"

"You're right, but this is about our boss ..." Patriarch Xuan Zhen was still hesitant.

"How about this, aren't we just about to go find the enemy who injured taganlong? We'll look for han Jingjing on the way. If we can find her, we'll get her information on the way. If we can't find her, then forget it. What do you think?" Patriarch xuanchen suggested.

Chapter 2604 Xuanchen Who Acts Obediently But Goes Against My Will

"Then ... Don't hurt her. It's best if you can get the information back secretly ..." Patriarch Xuan Zhen sighed and nodded. After all, he was looking forward to the information.

"Don't worry, that's boss's territory. I have to leave him some face, right?" Patriarch xuanchen smiled.

"Alright then, you can make the arrangements. If there's nothing else, I'll continue to look for a way to cure the Tagan Dragon." Patriarch Xuan Zhen did not like to get involved in such disputes. He spent his time and energy on cultivating and studying taganlong's injuries.

"Alright, second senior brother. You can go ahead with your work. Leave it to me." Patriarch xuanchen stood up and sent patriarch xuanzhen off. Then, he called his eldest disciple, little one, in.

"Greetings, master!" Little one said respectfully.

"Small one, take a look at this information first." Ancestor xuanchen threw the information to small one and said,

"Yes, master," Little one took the information and read it carefully. In the end, he asked carefully, ""Master, do you mean that I should look for han Jingjing on my way down the mountain?"

"That's right, no matter what, we have to get Zhang Liju's personal notes from her!" "However, you have to be careful," ancestor xuanchen said coldly. "This is your eldest senior uncle's territory. Don't let him see you. He's famous for being protective of his own. Do you understand?"

"I understand. Don't worry, master!" Little one's expression turned serious and he quickly replied, ""Then, what happens after we force the location of the alchemist's personal notes?"

"Do you still need me to teach you?" Patriarch xuanchen snorted and made a throat-slitting gesture.

"Yes, master!" Little one quickly nodded.

"Don't tell your second Shibo about this. You should keep it to yourself. Do you understand?" Patriarch xuanchen was soft-hearted and could not bear to do such evil things. However, patriarch xuanchen was ruthless and treated human lives like grass, so he did not care about such things at all.

"Don't worry, master. I will be careful. " Small one also knew that his second Shibo was kind, so it was better not to let him know about this kind of murder.

"En, you're my most trusted disciple. This time you don't go alone, bring little eleven, your Little Junior Sister, along and let her gain some knowledge." Said patriarch xuanchen.

"Many thanks, master!" Little one's eyes flashed with a trace of joy. He and his fellow disciples were all secretly in love with Little Junior Sister. If he and Little Junior Sister went down the mountain together, wouldn't they have a chance?

In fact, speaking of this Little Junior Sister, although she was also quite beautiful, she had a mean look, which made people feel that she was very arrogant. Anyway, she was not very gentle. But there was only one female disciple on this mountain, so there were more wolves than meat. So, little one and the other senior brothers all had a crush on this Little Junior Sister.

However, this Little Junior sister's temper was extraordinarily bad, and her character was not very good. However, small one did know that this Little Junior sister's other identity was the illegitimate daughter of patriarch xuanchen! Although ancestor xuanchen did not seem to be married or have any children, he left behind a child when he was young. This child was his Junior Sister. However, the woman died during childbirth, and not many people knew about this.

This was also the reason why this Little Junior Sister was so mean and arrogant in the sect. Small one thought further. If he could marry this Little Junior Sister, wouldn't his relationship with master be closer?

If there really was a chance to open the sky Class Island, would her master take her there? This was little one's hope.

That afternoon, little one and little eleven packed their bags and went down the mountain. Their first target was sun Jingyi-her identity was easy to investigate, as long as they had a picture of her, they'd be able to find out who she was in no time!

Sun Jingyi was a famous person in the business world before. She had her own company and had business dealings with many trading companies, so it was easy for her to find out her identity. As for Lin Yi, the xuanchen ancestor's men didn't alert the local hidden noble houses or their forces. They only asked ordinary people, so they naturally wouldn't know Lin Yi's identity.

Patriarch xuanchen was very secretive. In fact, he was also afraid that their eldest senior brother, patriarch Xuan Tian, would discover their secret actions. Patriarch Xuan Tian's heart was similar to patriarch Xuan Zhen 's. They were both relatively kind-hearted and could not bear to see people being bullied. Therefore, everything was done in secret.

Now that he knew who Jingyi was, the "Zhang naipao" guy with her wasn't important anymore-as long as he caught Jingyi, he'd be able to find the treasure, and lure that man over.

Although patriarch xuanchen and patriarch xuanzhen said that it was on the way, what patriarch xuanchen told little one was not the same. Han Jingjing's matter was equally important, perhaps even more important than revenge. At the end of the day, taganlong had already become like this. Whether he sought revenge or not was just a pleasure in his heart. The most important thing was to find that treasure and Zhang Liju's personal notes!

With a clear target, it was naturally easy to find someone-the people sent out to investigate had their eyes on sun Jingyi even before little one and little eleven arrived, and she was currently cultivating in the hotel room of the xueshang hotel.

Jingyi was practicing house sun's practitioner's Arts, using the magical little stone she and Lin Yi found in the Wulong haotte mountains. At first, she broke through the peak of the first stage, smoothly entering the second stage, and then rising all the way. Just as she was about to reach the peak of the second stage, she realized in shock that the Qi in the stone was decreasing!

It wasn't to the extent of not having it all, but it wasn't as abundant as before, and Jingyi's cultivation speed had slowed down as well, almost to a standstill! She'd wanted to report her progress to Lin Yi to make him happy, but something like this happened before she could even say anything-she didn't know if it was because her cultivation speed had slowed down, or if the Qi in the stone was almost used up.

If they were almost used up, that would be too much of a scam, right? The things that he had spent so much effort to find had actually been used up so quickly? Jingyi was still confused when someone knocked on the door.

"Who is it?" Jingyi asked.

"Waiter, please clean the room." A female voice came from outside the room.

Jingyi didn't think too much about it, and opened the door. After all, the hotel staff would come clean the room and deliver some daily toiletries every day.

Chapter 2605 Sun Jingyi In Trouble

But what he didn't expect was that the person who came in was a girl in black, and the moment she entered, she pressed on Jingyi's acupuncture point, making her unable to move or speak!

The real ancient martial arts! Jingyi was taken aback-Lin Yi was an acupuncture master as well, but that was a lost art! She didn't expect him to be a master in that area! The person who followed the black-clothed woman in was a long-haired man with a gloomy face. After the two of them entered, they immediately closed the door!

Jingyi's room was at the end of the corridor, with a power transformation room next to it, and with the good sound insulation, the sound from the room wouldn't reach the other rooms. Jingyi had wanted to stay here and cultivate without anyone disturbing her, but it turned out to be the best place for little one and little eleven to fight!

That's right, these two people were the ones who came to find sun Jingyi and han Jingjing on patriarch xuanchen's orders. They also booked a room in the hotel, but changed their minds when they saw sun Jingyi's room. Sun Jingyi's room was even more secure than theirs, and it would be easier to interrogate her here than to capture her!

"Little Junior Sister, I'm going to question her about some things. Go and get Han Jingjing. It's easier for you to do it in school than for me." Little one said to little eleven.

"Alright, senior brother. I hope you can get some clues before I return!" The little Junior Sister said.

"Don't worry, Little Junior Sister, I won't let down master's trust!" Little one patted his chest and said.

"But, this girl's a beauty, be careful when you interrogate her ..." The little sister looked at sun Jingyi and warned.

"Cough cough ..." Small one was shocked and quickly expressed his loyalty, "Little Junior Sister, the heavens and earth can bear witness to my feelings for you. How could I do such a thing?"

"Hmph, I hope what you said is true." Little Junior Sister snorted coldly and turned around to leave the room.

Small one, on the other hand, was breaking out in cold sweat. Sun Jingyi was pretty, many times prettier than his little sister, but he knew that he couldn't touch this woman. He couldn't even think about her, or he'd have no chance if his little sister found out!

Little sister wasn't as good as sun Jingyi, and didn't have a good personality, but she had a powerful father-if she married him, small one would get more resources from that place, and she'd even get more on Sky Class Island than the others.

For a cultivator of his level, pursuing the heavenly Dao was more tempting, and women were secondary. Of course, women who were useful to him were another matter!

"Alright, you can speak now." Little one flicked his finger, and a steel ball shot out, landing on Jingyi's body. She regained her ability to speak, and in order to avoid suspicion, he didn't even touch her-he didn't want to lose his chance to become a sky god because of a pretty girl!

Among his fellow apprentices, his relationship with his Little Junior Sister was not bad. He wanted to take advantage of this opportunity to cultivate more feelings. From his master's actions this time, he could also see that he had this intention, so small one could not miss this opportunity.

"Who are you? What's your purpose in coming here?" Jingyi didn't shout-she knew where her room was, and it would be hard for anyone to hear her unless they were at the door.

She'd been through a lot with Lin Yi, after all, so she wasn't too flustered.

"Sun Jingyi, right? It was you and a guy called Zhang naipao who went to the Wulong hao te mountain range, took the treasure, and killed my 6th, 12th, and 13th brothers?" Little one didn't beat around the bush with Jingyi, getting straight to the point.

"Since you've already done your research, why are you still asking me?" Jingyi wasn't stupid-this guy even knew her name, and knew that she'd been to Wulong haote mountain with Lin Yi. Even if he didn't know Lin Yi's name, he knew the truth-there was no need for her to hide it, "You're here to avenge them?"

"You could say yes, you could say no-you don't have much strength on you, so the one who killed him should be that Zhang naipao guy. I'll give you a chance to live, what's that treasure you guys got? Tell me and I won't kill you. " Little one asked.

"A great treasure?" Jingyi said after some thought. A wise man knew better than to fight when the odds were against him, and the treasure didn't seem to be of much use to her anymore. Even if she didn't say anything, the guy would be able to find it if he searched her room. Jingyi decided to just say it. "It's on the bed over there. It's in that small box!"

Small one didn't expect things to go so smoothly. His bunch of threatening words didn't come into use, but it saved him a lot of trouble! Small one picked up the small box on the bed and opened it. However, when he saw what was inside, he frowned.

"True energy stone?" Little one took out the stone and looked at it for a while, then threw it back into the box. "Or a true energy stone that's almost used up? Is this the treasure you obtained?"

"This? what else is there?" Jingyi blinked as well-there seemed to be something else other than this?

"Just this one? This thing can only increase one's cultivation speed by a little, but it can't allow one to step into the heavenly Dao. " Little one was not interested in the energy stone at all. He threw it back on the bed and asked with a frown, "You're not lying?"

"No," Jingyi said, shaking her head.

"Look into my eyes!" Little one suddenly asked.

"Ah ..." Sun Jingyi subconsciously raised her head and looked at small one's eyes, but the moment she looked, her face turned blank, and the nervousness in her eyes disappeared, replaced with a blank look!

"Phew ..." Small one looked at her and smiled-it seemed like his hypnotism had worked! Hypnotism was actually a kind of release of mental strength for cultivators. Alchemists and forgers with strong mental strength could use it. People from that place more or less knew some alchemy skills, so they were not unfamiliar with hypnotism.

Of course, that was only limited to normal people like sun Jingyi who didn't have any practitioner's strength at all. If the other party was a practitioner, even if it was a golden class practitioner, it would be difficult to use it! As for Mystic or Earth Class, it was basically impossible to succeed unless it was one of those extremely heaven-defying hypnotism skills.

Chapter 2606 Vexing Result

However, small one did not know how to do it, nor did his Junior Sister. Even patriarch xuanchen himself did not know how to do it. Those hypnotism techniques were all secret techniques, and those who cultivated them were disciples of the demonic sects. For example, the everyday and every day sect had a hypnotist expert in the past.

"What's your name? What's the name of that person who went to Wulong haote mountain range with you? Where is he now?" Little one asked.

"I'm sun Jingyi, and the person with me is Lin Yi. He's studying medicine in the biology Department at Donghai city's Engineering University." Jingyi replied, stupefied.

"Biology and Medicine?" The corner of small one's mouth twitched. Why was it this major again? It seemed that things were not going to be easy. He had to keep a low profile when he went to arrest them later! "Why are you going to the Wulong hao te mountain range?" What kind of treasure did you find in the Wulong hao te mountain range?"

"I went to the Wulong hao te mountain range because there was a map among the relics left behind by my parents. It was the treasure map of that important treasure." "It's the cultivation stone on the bed,"Jingyi said honestly.

Little one's brows furrowed upon hearing this-it seemed like sun Jingyi wasn't lying. From the looks of it, little thirteen's death wasn't worth it, to lose his life for such a useless treasure!

He had thought that this sect had some good stuff, but he didn't expect the so-called treasure to be this?

"Do you have any other fortuitous encounters? From the Wulong hao te mountain range, you only managed to get this one thing?" Little one asked, unwilling to give up.

"We also met the Great Fire Lion and the spider Clan ..." With that, sun Jingyi told him about her encounter with the Great Fire Lion and the spider Clan in the oolong mountain range, as well as the teleportation formation that could activate the heavenly path. Little one was surprised and happy at first, but then he suddenly heard that the teleportation formation could only be used three times. It had already been used twice, and the fire Lion and Spider Clan had disappeared. Then, it was impossible for small one not to think of some troublesome things ...

Did the fire Lion Clan and the spider Clan use the teleportation portal for the last time? If that was the case, then he would be speechless. They had worked so hard to find the heavenly path's shortcut, but although they had found it, they couldn't use it. This was simply like a hungry man seeing a piece of bread. He was happy, but he found out that the bread was just a model ...

He didn't want to ask Jingyi anymore, and even the thought of asking Lin Yi was gone. The situation was clear-that so-called treasure wasn't a treasure in small one's eyes. The real treasure was the heaven's path teleportation formation, but it probably couldn't be used anymore!

"Give me the map of that cave, I want it now!" Little one flicked out another steel ball, allowing Jingyi to regain her mobility. He then gave her a pen and a piece of paper, and had her draw the map on it.

Jingyi didn't remember the details, but she could still draw out the general location. Little one and the others knew the map of Wulong haote mountain like the back of their hands, and Jingyi's drawing wasn't accurate, but it was enough to determine the general location of the cave ...

.....

Donghai city industry University, Lin Yi went to the school after sending the Zhu brothers off.

He'd come here to make an important decision-he was going to show boss Bai the personal notes of Zhang Liju, which he'd found in the tomb.

Lin Yi was very grateful for boss Bai's selfless act of giving his information to Lin Yi, even letting Lin Yi use it to exchange for something good with right-hand Tiger! If the initial information was just ordinary information, then the information after that was boss Bai's Secret manual. After all, it was left to him by his master.

Lin Yi, on the other hand, wasn't the kind of person who would just ask for something without thinking about returning the favor. He was a person who clearly knew what was good for him, and since boss Bai was acting this way, he'd naturally return the favor.

In fact, the simplest way Lin Yi could think of to repay boss Bai was to help him recover his injured meridians and let him become an Alchemist again. This would be a great help to both Lin Yi and han Jingjing!

It was just that there were too many things involved, and boss Bai would inevitably find out about Lin Yi's secrets. Although Lin Yi and boss Bai's teacher and student relationship was very good, he still didn't know boss Bai's background and some of his secrets!

He had to find out which faction he belonged to-even if he didn't think boss Bai would do anything to harm him, his abilities were too terrifying. Boss Bai's injuries were clearly different from Zhu's and Pi 's!

Boss Bai didn't say it out loud, but Lin Yi could tell that there was more to his injury than met the eye! Was his injury caused by the enemy or by some other means? It wasn't that Lin Yi didn't trust boss Bai, but he was worried about the chain reaction after boss Bai recovered!

What would boss Bai's enemies think if they knew that he had recovered? What kind of person was boss Bai once? It was at least ancient level, and Lin Yi didn't want to bring trouble to himself. As for showing boss Bai Zhang Liju's personal notes, it was just a second best option.

It was lunch break, and Lin Yi didn't go to the classroom. He went straight to boss Bai's office and knocked on the door.

"Please enter!" Boss Bai's voice came from the office.

Lin Yi pushed the door open and smiled,"Mr. Bai."

"Eh? Lin Yi? What are you doing here?" Boss Bai found it strange-Lin Yi rarely showed up uninvited unless he invited him. It was rare to see him even at school, and he'd been taking leave all this while.

"Mr. Bai, I have something to tell you." Lin Yi said seriously as he closed the door.

"Oh? What was it? Let's sit down and talk. " Boss Bai found it weird that Lin Yi was so serious-he didn't know what Lin Yi was up to.

"It's like this. Actually ... There's something I've been hiding from you. " Lin Yi was a little embarrassed-boss Bai took care of him with all his heart, but Lin Yi didn 't.

"What is it?" Boss Bai was even more troubled by Lin Yi's words."Is it about you being an Alchemist?"

"Yes, but also No." Lin Yi smiled bitterly, deciding to tell the truth."Actually, I've been to Zhang Liju's grave before."

"Zhang Liju's tomb ... What? You've been there?" Boss Bai was shocked!

Chapter 2607 Han Jingjing Was Kidnapped

It wasn't that boss Bai hadn't heard of Zhang Liju's tomb, but he knew where it was, and knew that there were good things in there. But his master had sent people to explore the tomb before, and it was full of traps, so they gave up on the idea!

After all, if a Sky Class master went in and didn't come out, who would dare to go in? And before this, the news reported that a group of grave robbers were caught, and boss Bai also guessed that they might have gone to Zhang Liju's tomb, but he didn't care about it. Zhang Liju's tomb wasn't a place that just anyone could enter!

Legend had it that the traps inside could only be entered without dying if one had a detailed map and explanation passed down from back then. Boss Bai had stayed around to teach because he wanted to find the map and explanation that had been lost.

However, it had been too long, and there were no clues to follow! However, boss Bai was only a little surprised, and then he returned to normal. "Hehe, are you trying to say that you've been to the ancestor's tomb? That's fine, you haven't entered yet, have you? In fact, my master also wanted to Rob the tomb back then-he wanted to see if there were any notes left behind by master Zhang Liju. "

"I ... I'm going in ..." Lin Yi smiled bitterly. It seemed like boss Bai misunderstood him, thinking that Lin Yi was admitting to offending the Grandmaster. However, that wasn't what Lin Yi meant.

"What? You went in? Then how did you get out?" Boss Bai's eyes were wide open as he looked at Lin Yi in disbelief. "Oh ... I know. You came out right after you went in. Did you retreat in the face of difficulties?"

"Mr. Bai, I'll tell you the truth. I entered the tomb and got Zhang Liju's personal notes, and his pet left the tomb with me ..." Lin Yi quickly interrupted.

"What? You actually got ancestor Zhang Liju's personal notes? And his pet ... Could it be Skybolt pig?" Boss Bai was stunned as he looked at Lin Yi in disbelief.

"Yes, I am." Lin Yi nodded.

"Uh ... You've been acknowledged by the pig? "According to the legends, the person that the pig acknowledged as its master was the last disciple of Grandmaster Zhang Liju ... And you ..." Boss Bai was a little confused as he stood up hurriedly, "you ... You ...""According to the ancestral teachings, you are also my ancestor! Great ancestor, please accept this disciple's bow ..."

"Don't ... Mr. Bai, what are you doing!" Lin Yi jumped in shock and quickly held boss Bai up, not letting him bow down. "I was just lucky to get this Alchemist's personal notes, and the pig followed me because we hit it off. How could I be your ancestor?"

"That's the rule of the ancestors. Master Zhang Liju left a letter saying that he was looking for a disciple, and whoever got his personal notes and received the approval of Skybolt pig would be his last disciple, and the next inheritor! However, all these years, we haven't seen the notes of the pig and the Grandmaster Zhang Liju. We suspected that he didn't find a successor and brought them with him into the tomb, but now it seems like that's the case. " Boss Bai explained, "that's why we can't ignore the rules. Since you've got it, and you've been acknowledged by Skybolt pig, you're my Grandmaster!"

"..." Lin Yi smiled bitterly, helpless against boss Bai's stubbornness, "Alright, then let's talk about our own matters. In school, you're my teacher, right? I'm a student here, and you're a teacher here. This can't be changed, right?"

"This ... That's true!" Boss Bai wasn't an inflexible person, and he understood what Lin Yi meant.

"So, since I'm your Grandmaster and you're my teacher, we'll help each other and talk as equals. However, in school, you're still my teacher and I'm still your student. In private, you can think whatever you want." Lin Yi said, taking a step back.

He didn't expect Zhang Liju to have such an ancestral rule, but only an upright man like boss Bai would follow it. If it was someone else with bad intentions, they would definitely kill him and take his treasure away! They wouldn't acknowledge the existence of an ancestor like him!

"This ... Is good!" Boss Bai knew that their relationship was a little messy, and he was Lin Yi's teacher at school-this was an undeniable fact.

"Mr. Bai, I actually came here to show you the personal notes. After all, it should've been yours ... I kept it for so long before taking it out ..." Lin Yi said, embarrassed.

"That's not right, whether it's from the point of view of you being my ancestor or my disciple, this Alchemist's personal notes is also yours. Even if it's from the same sect, it can only be obtained by those who are fated to. I'm already very happy that you're willing to share it with me. " Boss Bai didn't try to be pretentious or refuse, and honestly, he had been looking forward to this Alchemist's personal notes for a long time.

"Alright, since it's settled, I'll get Han Jingjing to send you a copy. She's already scanned it into an electronic version," Wang Yao said. Lin Yi said. Now that the dust had settled, one of his wishes had been fulfilled. After all, boss Bai had done so much for him, and it wouldn't make sense if Lin Yi didn't repay him!

Although Zhang Liju's personal notes were much more valuable than the materials boss Bai had given him, it was still something that belonged to master Bai.

Lin Yi took out his phone, ready to call han Jingjing, but Wang Xinyan's call came first!

Lin Yi wasn't there at noon, so Xinyan and Jingjing went to the cafeteria for lunch. Before they reached the cafeteria, a black SUV drove over at high speed and stopped right beside them!

Just as the two were in shock, the car door opened, and a Woman in Black got out. Before Xinyan and han Jingjing could ask anything, she attacked first with her hand-han Jingjing was an Earth Class, but her defense was weak. Plus, The Woman in Black was a Sky Class, and even if han Jingjing had Qi protecting her, it wouldn't work.

Han Jingjing fell to the ground, and the tablet in her hand fell to the ground. Before Wang Xinyan could call for help, The Woman in Black threw han Jingjing into the car and drove away!

Chapter 2608 Hypnosis

Xinyan was dumbfounded-this was exactly the same as when she was kidnapped! But, hasn't the kidnapping case already been solved? Why did he appear again? Xinyan quickly picked up her tablet and called Lin Yi ...

"Xinyan, what's the matter?" Lin Yi picked up Xinyan's call. She wouldn't call him if it wasn't something important-she was always shy and didn't want to let go.

"Lin Yi, Jingjing's been kidnapped!" "It's a black raxus SUV,"Xinyan said quickly."There's no license plate on the back, and I didn't see the front one clearly ..."

"What? Jingjing has been kidnapped?" Lin Yi was about to get Han Jingjing to send the materials to boss Bai, but she was kidnapped! Why was it another kidnapping? Could it be an Jianwen?

Lin Yi was furious at the thought, but he still consoled her, ""Xinyan, don't worry. Where are you? I'll go find you right now!"

"I'm on the way from the classroom to the cafeteria. I'm passing by that flower bed!" Wang Xinyan said.

"A flower bed? Alright, I got it!" Lin Yi frowned. There were two roads from the school building to the canteen. One was the regular road with more people, and Xinyan and Jingjing were taking the smaller road. It wasn't easy to walk on, and there were a lot of potholes, but it was winter now, and it wasn't easy to do construction. They had to wait until next spring to fix it, so there weren't many people here during the day. Only at night did couples go on dates, but it was winter now, so there were fewer couples.

However, only off-road vehicles could drive up this road. It seemed that the kidnapers were still prepared? But Lin Yi misunderstood-little one and little eleven came from another city, and they'd have to travel through more mountain roads, so it'd be more convenient for them to use an off-road car-they weren't here to kidnap han Jingjing!

"Lin Yi, what's wrong?" Boss Bai asked after Lin Yi hung up the phone.

"Han Jingjing has been kidnapped. I'm going to deal with it now. Mr. Bai, I'll give you the information after this." Lin Yi said quickly.

"Okay, the information is not in a hurry. You should go and Save the People First. Do you need help?" Boss Bai's expression turned serious as he asked.

"No need for now. I'll contact you when I need you!" Lin Yi said.

"Alright, keep in touch." Boss Bai nodded.

Lin Yi quickly ran out of boss Bai's office and dialed an Jianwen's phone!

At this moment, an Jianwen was discussing with the elder and leader of the North Branch of the Firewolf gang on how to deal with miracle doctor Guan's medical company when Lin Yi's call came! Jianwen jumped in shock when he saw who was calling!

Why was it Lin Yi? Could it be that Lin Yi already knew about their plan? That's impossible-we've only just started discussing it, we haven't even started taking action yet, how did Lin Yi know?

Jianwen quickly made a shushing gesture. "It's Lin Yi. "

The branch leader and the elder's faces also changed. The branch leader said, ""You should answer it and ask him what he wants.

Jianwen nodded and picked up the phone. "Boss Lin Yi, what's up? Why are you so free to call me all of a sudden?"

"An Jianwen, I don't have time to waste with you. I just want to ask you one thing, did you start kidnapping again?" Lin Yi asked.

"Kidnapped?" Jianwen was startled, but relaxed at the same time, "No, I haven't kidnapped for a long time. I'm in a legitimate business now, running a casino!"

Lin Yi was a little speechless that running a casino was a legitimate business from Jianwen's mouth. But this was still the most legitimate business compared to what Jianwen had done before.

"Are you sure you didn't?" "My friend just got kidnapped!" Lin Yi said. He's in the school!"

"No, boss Lin Yi, don't you know me? Even if I'm kidnapped, I can't kidnap the people around you. I haven't lived long enough!" "You killed a Sky Class in seconds," Jianwen said with a bitter smile. "Even a few of our elders weren't a match for you. Do you think I'd offend you just for some ransom money?"

"Alright, you're telling the truth." Lin Yi could tell from Jianwen's tone that this really had nothing to do with him. He was right-there was no reason for him to offend Lin Yi for a few ransom money, unless there was a bigger benefit that he would take.

But, if it wasn't an Jianwen, who could it be? Lin Yi decided to look for Wang Xinyan first ...

Now that he'd gotten what he wanted to know, all he wanted to do was get Jingyi to draw Lin Yi out, and then he'd kill Lin Yi so he could report back. Jingyi had said everything she needed to say, and he didn't think Lin Yi would be able to say anything more. It'd be better to kill Lin Yi right away than waste time.

Otherwise, little eleven had already caught one of boss Bai's students. If he caught another one and boss Bai came to find him, it would be difficult to handle! Boss Bai knew him and little eleven. If he really knew what ancestor xuanchen did, he would definitely be furious. It might affect the inheritor's plan to open sky Class Island, and that would be troublesome!

So small one decided to kill Lin Yi right away-boss Bai would definitely panic and take some time to deal with Lin Yi's matter. After that, he and small one would leave Donghai city quietly with the results of the battle-one had to admit that he had it all planned out!

"Alright, you can go now. We're using your room. We still have some other things to do." Little one flicked out another steel ball, and Jingyi's leg regained its feeling, and she could move again.

"You're ... Letting me go just like this?" Jingyi found it weird-she didn't believe that small one would let her go so easily! However, it was no wonder. She had been in a state of hypnosis before and did not know what she had said. Now that she had come back to her senses, small one had let him go.

"You've already said what you needed to say. I've also obtained the map of the cave. Is it a waste of food to keep you?" Little one said faintly as he pointed at the map of the mountain range. He was saying this to make Jingyi believe that he really wanted to let her go!

It'd be much easier for him to get Jingyi to lure Lin Yi here than to go to East Ocean industry University and wait for him.

Chapter 2609 Luring Lin Yi Out

When little eleven went to catch Han Jing Jing, he could wait for her to come, but now, little one couldn't. Han Jing Jing's disappearance had already alerted boss Bai, and little one wanted to end the battle as soon as possible.

"I ... When did I draw this?" Jingyi looked at the map in little one's hand, stunned.

"I know hypnosis!" As small one was speaking, there was a knock on the door. It was little eleven who walked in with Han Jing Jing! Little one frowned, glaring at Jingyi. "Get lost! I still have things to do here, I don't have time to waste with you. If you want to die, I don't mind sending you on your way!"

"I ... This stone ..." Jingyi looked at the stone on the bed, hesitating.

"Take it and get lost together!" Little one was from that place, and naturally didn't care for the stone in her hand. It might be useful if it had a lot of Qi, but this one clearly didn't have any Qi left-it was trash.

"Oh ..." Sun Jingyi picked up the stone hurriedly and looked up to see little eleven and Han Jingjing walking in. Her heart froze-she really did bring Han Jingjing here! She didn't make a sound on the surface, however, and acted as if she didn't know her as she walked quickly to the door. At this point, Jingyi believed that small one wanted to let her go, and that he had other things to do.

"Little Junior Sister, you're back?" Small one said, trying to please him.

"En, it's going well. How's it on your side?" Little sister was very pleased with how rude little one was to Sun Jingyi-the more he was like this, the more it proved that he didn't like Sun Jingyi.

"We managed to get the information through hypnosis, but the situation is a little bad. It's a little different from what we thought. The so-called treasure is just a true Qi energy stone, and it's a stone without much true Qi. As for the treasure, it's another teleportation array. It seems that our previous thinking was wrong." Little one was one of the people who took part in the destruction of uncle Fu's sect back then. Although little eleven wasn't strong enough back then, he still took part in the operation!

Although she wasn't strong enough, she was a vicious woman. At a young age, she had already tortured those low-rank disciples in uncle Fu's sect to death. She found pleasure in torturing others. "A teleportation formation?" Little Junior Sister asked.

"Yes, teleportation formation, but this teleportation formation might not be able to be used anymore ..." Little one told little eleven about the situation of the teleportation formation, and in the end, he said, ""I'll follow sun Jingyi and kill the guy who injured ta ganlong. You interrogate han Jingjing first, she's a refiner and a practitioner, our hypnotism won't work on her. Interrogating people like her will be your specialty!"

"Hehe, don't worry, senior brother. This girl will spit out all her secrets once she's in my hands!" The little Junior sister's lips curved into a cruel smile.

Small one glanced at han Jingjing's cute and delicate face and sighed in his heart. It was a pity that Little Junior Sister could not let go of anyone completely, especially beautiful girls. They would basically be tortured to death! Little Junior Sister was most jealous of those women who were more beautiful than her!

However, this was not a flaw to small one. There were many ninjas with twisted minds among cultivators. For example, his master, patriarch xuanchen, even dared to harm his eldest senior brother. In comparison, his daughter had only learned a little!

Small one had grown up under his master's care and was used to seeing crueller things, so he only felt that it was a pity for the beautiful han Jingjing to be tortured to death. He had never felt any pity for her!

Jingyi was a smart girl-she didn't drive her own car out of the hotel, but got into a taxi outside. It was pretty close to East Ocean industry University, and she could walk, but she still took a taxi-she didn't want small one following her.

It was just that she'd underestimated small one, a Sky Class late phase peak-he could've locked onto Lin Yi even if he was on a plane, let alone a taxi. Plus, Jingyi had already told them where Lin Yi was under hypnosis.

Lin Yi received a call from sun Jingyi on his way to find han Jingjing.

"What's up, Jingyi?" Lin Yi was worried about Jingjing's safety, and didn't want to talk too much with Jingyi. He decided to end the call first if there wasn't anything important.

"Lin Yi, something's happened. The enemies we made in the mountains are in Donghai city, and they've just come to my hotel to interrogate me about what happened back then. I think they hypnotized me, and I told them everything I know ..." Jingyi said quickly."Also, they captured han Jingjing. She's in my hotel room!"

"What? It's them?" Lin Yi was a little surprised-he didn't think that it was taganlong's people who were after Jingjing. It was normal for them to go after sun Jingyi, but why did they want to capture Jingjing?

What did han Jingjing have to do with them? However, Lin Yi was even more surprised that Jingyi was able to tip him off."Jingyi, are you okay? Did they let you go?"

"Yes, where are you? "I'll go find you ..."Jingyi asked.

"I'm at ... Forget it, I'll go find you. Wait for me at the school gate, I'll go over immediately!" Lin Yi said.

"Alright, I'll tell you as you walk." Jingyi nodded and explained the situation to Lin Yi in detail, and Xinyan followed Lin Yi to the school gates ...

Lin Yi finally understood what was going on when he saw sun Jingyi, but he still didn't know why they took han Jingjing away. Lin Yi was glad that sun Jingyi didn't know about uncle Fu and granny sun's situation. If sun Jingyi found out, he couldn't guarantee that she wouldn't tell the truth during the hypnosis. Then, small one and the others would go and kill the roots and Lin Yi would be caught unprepared!

However, the strength of these people gave Lin Yi a headache. He wasn't the same Lin Yi who was beaten up by the guard at Wulong haote mountain range, but these people weren't Sky Class early phase like the guard. They were probably at the same level as sixth brother, or even higher!

With that, even if Lin Yi could jump levels to activate the skill, he wouldn't be able to do anything to the person! The seventh style of the flaming Eight Trigrams palm was only equivalent to the twelfth style of the flaming Fist, the thirteenth life of a normal martial arts technique. It was useless to a Sky Class late phase peak!

It was like this for Sky Class late phase peak, not to mention those monsters that were stronger than normal practitioners. These people, probably only the legendary heavenly path experts could subdue them, right?

Chapter 2610 Old Man Lin Is Domineering

Plus, the thing that worried Lin Yi the most was that the raging inferno Bagua Palm originated from taganlong's five elements Bagua Palm. Other people might not know, but how could people from taganlong's sect not know? Although Lin Yi had changed it completely, the people who received the attack should be able to feel it. If they knew that Lin Yi imitated the five elements Eight Trigrams palm, would it attract unnecessary trouble?

What to do? He couldn't win, he couldn't even fight to the death. Lin Yi's mind was in a mess, and he felt helpless!

Other than that time when he became a cripple, Lin Yi's path had been filled with danger but no danger. No matter how tough it was, he'd clenched his teeth and pulled through it. He'd never felt this kind of fear before, but this time, Lin Yi really felt that he wasn't capable enough.

Lin Yi was a little envious of pinliang-he wasn't that strong, but he'd been causing trouble everywhere he went, and people didn't dare do anything to him. There was no other reason than the fact that he had a powerful master-if he messed with someone he couldn't afford to mess with, he'd have to risk his master's life, and people would let him go just because he was the disciple of the sect's sect master, pure yang!

Lin Yi, on the other hand, had only himself to rely on-background, of course, was a fake background he'd created to make his enemies think that there was a master behind him, and they wouldn't dare to act rashly. The rest was all his own work.

But now, he could not! The guy might not even care about his fake background, but going head to head with him would only end with Lin Yi's death! There was no 'if', but 'must'! If he couldn't beat them, he'd have to run. Lin Yi had two nets, and according to Jingyi, there were two masters this time, a man and a woman. Lin Yi could use the net to trap them temporarily!

However, what was the use of that? If he caught them, where would he run to? Since they could find their way to Eastern Sea city, couldn't they find other places? Lin Yi couldn't just keep hiding, could he?

In fact, when Lin Yi found out that the enemy was taganlong's group, he knew that things were going to get troublesome! It was already out of his control. If he could fight with his master at this time, how good would that be?

Helplessly, Lin Yi called old Lin's number. Under normal circumstances, Lin Yi wouldn't call old Lin unless there was something he couldn't solve!

"What's up, Yi? If there's nothing else, I'm hanging up. I'm going to treat someone!" Old Lin's impatient voice came through the phone.

"Old man, I'm in trouble!" Lin Yi took a deep breath, not bothering to hide anything from Xinyan.

"Oh? What kind of trouble did you get yourself into again?" Old Lin paused-Lin Yi rarely spoke to him in such a helpless tone, and so old Lin's tone turned serious.

"I messed with two masters I can't afford to mess with ..." Lin Yi smiled bitterly and explained the situation to old Lin briefly, emphasizing that he was no match for them!

"Haha, I was wondering what it was ..." Old Lin laughed, very relaxed.

"What are you laughing at? I say, old man, is it that funny? You can solve it?" Lin Yi was a little annoyed, but he still asked expectantly, "It's popular to use the word "master" now. I don't have a master to use. "

"Actually, you can try your best ... But ... Well, let's not talk about this. I can't solve your problem in the East China Sea, but I have other ways." Old Lin said.

"What is it?" Lin Yi asked quickly, not really paying much attention to what old Lin said. After all, his master had been missing for more than ten years, how could he fight?

"Run. Take han Jingjing and your wives back to the West Star Mountain village." Old Lin said.

"What do you mean? Go back to West Star Village? What if they chase us all the way to the West Star Village?" Lin Yi blinked. What was this? why was it the same as the last time he was crippled? However, the situation this time was different from last time. Last time, Lin Yi only faced a normal Noble House, and they might not go looking for him again after Lin Yi left. However, the enemy this time was different. They were at least of the ancient level, and from the thousand-mile revenge this time, it was very likely that they would go to the West Star Village again!

After all, it wasn't a big secret that Lin Yi's hometown was Starwest village.

"If you're here, then you're here." "They won't be able to leave if they come," old Lin said calmly.

"You can't leave?" Lin Yi blinked.

"Although you can't beat master for the time being, if something happens to you and you return to your hometown, even if the sky falls, I can still bear it!" Old Lin's voice wasn't loud, but it carried an undoubtable dominance. "No matter who comes to find trouble with you, I'll make sure they won't be able to return."

"Ugh ..." Lin Yi couldn't believe that old Lin said that! However, Lin Yi suddenly remembered old Lin's insane strength. No matter how strong he was, the old man was stronger than him, and no matter how he hit him, he was fine ... Could it be that the old man's strength was already ... Lin Yi couldn't help but get excited, "Old man, you can't be one of the legendary heavenly path experts, right?"

"Hehe ... The path of heaven ... Maybe ... But I'm a physical master, I don't know if that counts as the path of heaven, but I should be Sky Class, right?" Old Lin replied faintly, but he found it a little funny inside. A heaven's path master, huh? that was all there was to it, but he didn't want Lin Yi to know about it too early.

If Lin Yi wasn't so strong now, and if he didn't get himself into so much trouble, old Lin wouldn't even be saying this.

With a strong backing, Lin Yi wouldn't be able to improve. Running back home when something happened wasn't good for his growth and development! But the Lin Yi now had a goal to pursue and fight for-it didn't matter if he had a strong backing or not, he'd keep fighting and wouldn't slack off just because of that. This was why old Lin said those words.

Lin Yi took in a cold breath. He used to think that old Lin was strong, much stronger than him, but he was only a golden class master back then. When Lin Yi came into contact with people in the world of practicing, noble houses, hidden houses, ancient houses ... Along the way, Lin Yi came into contact with many stronger people!

As far as Lin Yi was concerned, the old man's strength was probably around the same as practitioners like Jin Wudj, and his attack power was probably only on par with old man Pi 's, since he didn't seem as strong as er goudan!

But Lin Yi didn't think that old Lin would be a physical practitioner!
