

Bodyguard 2611

Chapter 2611 Are You Stalling For Time?

This was the difference between old Lin and ER goudan-old Lin's attack was weaker than er goudan 's, but it was still pretty strong. Most importantly, he wasn't afraid of being hit-he could beat up anyone he wanted, but no one would be able to kill him!

Lin Yi finally let out a breath of relief. No wonder old Lin always told him to bring people back to their old home to hide-he had nothing to fear!

"I understand." Lin Yi took a deep breath and quickly hung up the phone. He thought of a rather perfect solution! His plan was to go to the hotel first, then find an opportunity to save han Jingjing, and use the inescapable net to cover the two enemies. In the end, their positions were relatively close, so he only needed to waste one inescapable net!

After that, he took her, sun Jingyi, Wang Xinyan, the Miss, and Shu with him and called everyone related to him to gather at the West Star Village. When everyone was there, he'd spread the word and have the two enemies go to the village, and they'd be gone forever ...

So, it felt so good to have someone to protect you ... It was the first time Lin Yi had felt this way, how Black-bellied ...

"I'm going to treat a patient. " Old Lin hung up the phone slowly, then mumbled in a barely audible voice,"Back then, it seems that my brother and I had overlooked something. What kind of sect was this? Where did he come from?"

Just when Lin Yi was confident enough to save han Jingjing, he realized that he had underestimated small one!

What Lin Yi didn't expect was that the Jade sent him a strong warning signal the moment he met Jingyi at the school gate! Normally speaking, the Jade would only alert Lin Yi when there was real danger!

Lin Yi's heart went cold as he picked up Jingyi and dodged! As expected, a sharp palm wind swept past, and Lin Yi almost couldn't Dodge it! Lin Yi lifted his head and looked at the man in Black who appeared out of nowhere. His heart skipped a beat.

This person was probably Lin Yi's enemy, someone from taganlong's sect! This guy must've followed sun Jingyi here, and it seemed like he wanted to kill her as well, so he let her go.

Lin Yi frowned. Was he going to waste two nets? This was Lin Yi's last life-saving treasure. If he wasted it, he'd be in trouble if he ran into trouble again!

With that thought, Lin Yi decided to try his luck and started compressing the energy bomb. He decided that he would only use the inescapable net if he really couldn't handle it. If possible, he wouldn't use it yet.

"Who are you? Why are you attacking us for no reason?" Lin Yi acted as if he didn't know what was going on and looked at small one in shock and anger. He needed to buy time to complete the compression of the energy bomb! Lin Yi would've kept it a secret if he'd known that small one was waiting for him at the school gates, but he'd only been thinking about going to the hotel with Jingyi to save the girl-he didn't think that small one would come along.

"Lin Yi, right? I don't believe that you don't know who I am. Are you doing this to delay time and wait for someone to save you?" Small one said sarcastically, but he revealed his full strength as Sky Class late phase peak to make Lin Yi give up, "I don't believe that anyone can save you. So, you don't have to waste any time. If your reinforcements come, you'll just be sending yourself to your death!"

Although Lin Yi had already seen through small one's strength, when he released his pure Qi pressure, Lin Yi still felt like he couldn't breathe! Too strong, too strong! He's so much stronger than that Sky Class late phase peak Sky Class man, they're not on the same level at all!

It seemed that the people who came from taganlong's sect were all monsters! It was too powerful, so powerful that it was unimaginable!

"Hmph!" "Whatever you say," Lin Yi hmphed coldly, "I just got here, how would I know who you are?" Jingyi didn't say anything, she only said that you guys kidnapped han Jingjing!"

"You guys know han Jingjing?" Small one heard Lin Yi's words and immediately frowned. He forgot that sun Jingyi actually knew han Jingjing, and told Lin Yi about it. If Lin Yi was a bit faster and told boss Bai, then things would be a bit troublesome!

Therefore, he had to end the battle as soon as possible! With that thought, small one didn't give Lin Yi a chance to speak. He crossed his hands in front of his chest and made a very strange move. Finally, he closed his hands and pushed them out. A huge true Qi vortex similar to a tornado appeared from small one's hands and swept towards Lin Yi!

"Heaven-tier martial skill, misty Dragon tornado, eleventh form!" "Stop!" Little one shouted as the tornado spun. As far as he was concerned, Lin Yi was an Earth Class, and even the most common Sky Class skill could kill him. "Go to hell, Earth Class junior!"

A pressure he'd never felt before hit him in the face. Lin Yi frowned and pushed Jingyi away subconsciously, but it was too late for him to Dodge. His entire body was swept up by the tornado, flying into the sky before landing heavily on the ground with a loud crash, creating a meter-deep pit!

It was only the 11th form of the heaven-tier martial skill, the most basic heaven-tier martial skill, but it actually had such great power. The people from this place were indeed abnormal! Fortunately, it was only the eleventh form. Lin Yi used his pure Qi to protect his body, and he could barely withstand it. He did suffer some internal injuries, but it wasn't too serious.

Lin Yi didn't care about healing his internal injuries as he quickly compressed the energy bomb. This was Lin Yi's last resort-he'd use the heaven and earth net if he really couldn't handle it. If possible, it'd be best if he could kill this guy.

"Jingyi, take Xinyan and leave this place!" Lin Yi didn't want small one to hurt them, and he was also afraid that the Qi bomb would hurt them. Lin Yi didn't have to worry too much about himself.

"Oh, okay!" Jingyi made the decision on the spot-the two had already formed a very good rapport back in the Wulong haotte mountains, and she knew that Lin Yi was probably holding back all his energy for a big move. Staying here with Xinyan would only distract Lin Yi, so she grabbed Xinyan's hand and prepared to leave.

"Since you're here, don't leave." Small one was surprised that Lin Yi was still alive and talking, but he didn't bother with him for the time being. He turned to sun Jingyi and Wang Xinyan.

Chapter 2612 Opponent Is Too Powerful

Sun Jingyi was also one of the culprits behind taganlong's injury, and there was no reason for small one to let her go.

Little one waved his hand, and a small true Qi tornado appeared in the direction of sun Jingyi and Wang Xinyan. "The first style of an earth-tier martial skill."

Lin Yi was shocked-he didn't think that small one would kill someone just like that! He couldn't waste any time in the pit and jumped out, quickly blocking Jingyi and Xinyan!

It was a good thing that little one had only used a normal first form of the earth tier skill-in his opinion, it was more than enough to kill sun Jingyi and Wang Xinyan! Sun Jingyi and Wang Xinyan weren't practitioners, and they didn't have Qi to protect their bodies. Using the first move was like using a cannon to kill a mosquito-it was a waste of Qi!

Sun Jingyi's practitioner's Arts were very special, and she didn't have any strength level. Naturally, small one wouldn't treat her as a practitioner, and Wang Xinyan was just a fish in the pond. Small one didn't even know her, but he didn't mind killing her as well.

"BOOM!" Lin Yi took another hit from Xiao Yi, but it didn't cause Lin Yi much damage. It only shook Lin Yi's injured part, but Lin Yi was surprised. It was clearly a first style of the earth Class, but it was equivalent to the third style of the earth Class, even more powerful than the wild fire Fist! It seemed like taganlong wasn't the only heaven-defying existence in that place!

But what Lin Yi didn't understand was why he wasn't practicing taganlong's five elements Eight Trigrams palm. If it was the five elements Eight Trigrams palm, Lin Yi could try it again. The last time he learned it wasn't too successful, and he could only use five more styles than the wild fire Fist. If he mastered it, could he use ten more styles?

It was just too bad * SS to think about it-the seventh style of his wild fire Eight Trigram palm was the same as the eighteenth style of a normal sky tier martial skill. Even a Sky Class late phase master would be half-dead after taking that hit.

However, Lin Yi was just thinking about it. The five elements Eight Trigram palm could only be activated by someone with a true five elements Constitution, and taganlong was probably one of them. However, this small one, the head guard, little six, and little twelve weren 't. Their skills were all their own style, and not the five elements Eight Trigram palm.

Sun Jingyi took advantage of Lin Yi's momentary loss of strength and ran away with Wang Xinyan. Small one could easily catch up to them, but his main target was Lin Yi. As far as he was concerned, Lin Yi was the one who injured taganlong, and sun Jingyi was at most an accomplice. It was more important to take care of Lin Yi first!

Otherwise, what if Lin Yi took the chance to run away while he was chasing after sun Jingyi?

It was lunch break, and there weren't many students at the entrance-most of them were either eating in the cafeteria or resting in their dorms, but there were some rich students who went out to eat. Small one wanted to finish Lin Yi off as soon as possible, in order to avoid attracting attention.

"This brat is quite sentimental. He's at death's door, but he still knows to let those two girls go first!" Small one looked at Lin Yi coldly,"your resistance is beyond my expectations. An Earth Class mid phase peak taking my Sky Class eleventh form-that's rare!" No wonder he could defeat taganlong!"

"Hehe, no matter how strong you are, it's useless. If you want me to use the twelfth or thirteenth form, I definitely wouldn't be able to withstand it. But the eleventh form, I still managed to withstand it." "But come to think of it, which sect are you from?" Lin Yi asked. Before I die, you have to let me know why I'm dead, right?"

"I naturally can't tell you which sect it is." "It's better not to know some things," little one said indifferently. "This is the twelfth form of the tornado Heaven Earth bi an!" Go to hell!"

The power of the 14th form of a normal martial skill surged towards Lin Yi-this was power that could even kill Sky Class early phase peak in seconds! Lin Yi didn't dare to fight it head on, stopping the compression of the energy bomb and using his Qi to protect his body!

Lin Yi was already injured, and although it wasn't particularly serious, he would definitely vomit blood if he was hit like this again, and it was even more powerful than before! Fortunately, Lin Yi was prepared and had pure Qi to protect himself. Otherwise, he'd be dead for sure if he was ambushed.

"BOOM!"

Lin Yi was sent flying into the air by the tornado again, before landing heavily on the ground. This time, it was even worse than before-Lin Yi was sent two meters into the ground, spitting out a mouthful of blood as he lay in the pit, motionless.

He's really F * cking amazing! Lin Yi cursed in his heart. Luckily I was prepared, or I'd be dead or unconscious!

Lin Yi could only quickly circulate the second stage of the art of Dragon mastery to heal his internal injuries. He kept the energy bomb at the side and was careful not to let it explode. Time was of the essence, and he had to stall for as long as possible!

"Kid, don't play dead. Can you stand up?" Small one's voice rang out again, shocking Lin Yi!

He didn't expect small one to be smart enough to realize that Lin Yi wasn't dead. Lin Yi couldn't continue his act anymore and climbed out of the hole "slowly" unwillingly, standing up unsteadily,""The 12th form of the heaven-tier martial skill. It's really awesome. It almost killed me."

Small one frowned and looked at Lin Yi's face. He didn't look like he was dying at all. He had already activated the twelfth form of the sky tier martial skill, which was equivalent to the fourteenth form of a sky tier martial skill. Why was Lin Yi still alive?

How could this guy's ability to take a beating be so strong? Was this an Earth Class mid phase peak? Even Sky Class early phase peak wouldn't feel good, right?

"You've been hiding your strength?" After thinking for a while, small one couldn't figure out why Lin Yi was so strong. Why couldn't the twelfth sky tier skill kill him? it seemed like this was the only explanation.

"You hid your strength and took the initiative to take a beating without retaliating? Have you ever seen such a foolish person?" Lin Yi asked.

"That's true. " Small one nodded, curious about Lin Yi. If it wasn't for his master's orders, he would've captured Lin Yi and studied him! But Lin Yi was boss Bai's student, and they'd already caught han Jingjing. If they caught Lin Yi too, boss Bai might retaliate, and they'd be in trouble!

Thinking of this, little one gritted his teeth and decided to use his strongest martial technique! He was an expert who was infinitely close to the realm of the heavenly path, so he particularly cherished the true Qi in his body. Although he could slowly recover after activating his martial arts technique, he would definitely not waste the least amount of true Qi He could use to solve the problem.

Chapter 2613 Extremely Lucky

He'd been thinking that the eleventh and twelfth forms would've been enough to take Lin Yi down, but they didn't-he was furious now. Using his strongest move would've made him a lot weaker, and he'd be in danger if another practitioner came, but only sky Class late phase peak could hurt him. He didn't mind, and he put his hands together and then separated, ready to use his strongest move,"Heaven-tier martial skill, tornado Heaven Earth mayfly, twentieth form! Go to hell!"

"F * ck!" Lin Yi's face paled as he looked at the Qi vortex-why wasn't this guy playing by the rules? He had actually activated his most powerful martial skill, heaven-grade twentieth form!

This was equivalent to a heaven-grade ... Oh, it should be the heavenly Dao, the twenty-second form of a martial skill! No matter how careless Lin Yi was, he didn't dare to be careless. He was injured anyway, so he might as well give it a try!

Lin Yi's energy bomb was almost fully compressed, but he didn't have the chance to release it yet. This energy bomb was a move that would kill the enemy at the cost of 800 of his own energy. After releasing it, Lin Yi would definitely be in a bad state!

If small one could withstand the energy bomb, but Lin Yi was injured by it, he would be dead! But now, since the opponent had already used his strongest skill, Lin Yi's fate of being seriously injured was already set. He didn't need to look for an opportunity anymore, he could just throw the energy bomb!

No matter what, he was still injured, so he had no choice but to go all out! With that thought, Lin Yi pushed both his hands out before the tornado reached him."True energy bomb, explode the Kasaya!"

The pure energy bomb flew towards small one and exploded between Lin Yi and small one. The huge explosion pushed both of them back!

However, this was a blessing in disguise for Lin Yi. The damage of the twentieth form of tornado heaven and earth to Lin Yi was reduced to the minimum because the explosion of the energy bomb directly blew Lin Yi out of the attack range of tornado heaven and earth!

This way, the tornado only injured Lin Yi and the other powers didn't affect him at all! Lin Yi shouldn't have been able to Dodge it, but because of the explosion of the energy bomb, he managed to Dodge it!

But even so, Lin Yi didn't feel good. The energy bomb's power was all on Lin Yi's body, and when he released the energy bomb, Lin Yi couldn't use his Qi to protect himself, so Lin Yi was directly blown up and fell heavily on the ground dozens of meters away!

But even so, Lin Yi still felt lucky!

If they were hit by little one's attack, they would die without a doubt! This power was more than twice as strong as a true energy bomb. It was simply powerful to a certain realm! It was all thanks to Lin Yi's decisiveness-otherwise, even with the art of Dragon mastery, he'd be dead on the spot without even a chance to breathe!

"BOOM! BOOM! BOOM!" The tornado and the energy bomb were still in effect, and the explosions were still going on. The area between Lin Yi and small one was filled with sand and stones, and the ground at the school gate was almost lifted up!

Fortunately, there were no students passing by at the moment. Otherwise, they would have been accidentally injured by the flying sand and stones!

Lin Yi spat out a few mouthfuls of blood, and he could feel his life slipping away bit by bit. There was still a small amount of Qi in his body holding him up, keeping him from fainting, but Lin Yi knew that he was about to be forced into the Jade space. If his injuries got any worse, he'd faint right away!

But Lin Yi knew that although he barely dodged this attack, he wouldn't be so lucky if small one attacked him again! It was a freak combination of factors that allowed him to survive the energy bomb, but where was he going to find another energy bomb next time?

Lin Yi didn't dare to waste any more time as the sand and stones flew all over the place. He quickly circulated the second stage of the art of Dragon mastery to heal his internal injuries! He had to heal his injuries as soon as possible. Only then would he have enough agility to Dodge little one's next attack. Only then would he be able to successfully cast the inescapable net and trap little one!

Lin Yi had no other choice but to use his ultimate move, the inescapable net. He didn't want to use it, but he had no confidence in winning against small one. Small one was too strong, to an unbelievable level.

When Lin Yi and qikun first met the Sky Class man in the cave, he was Sky Class late phase peak as well, but he wasn't as strong as small one. Lin Yi didn't even need to look-his instinct told him that his energy bomb didn't kill small one, and that he wouldn't even be heavily injured.

In fact, Lin Yi's intuition was right. Small one was also sent flying by the energy bomb's powerful force, and the violent shock made him spit out a mouthful of blood. He only suffered some light external injuries, no internal injuries at all.

Even so, small one's face revealed a shocked expression. He muttered in disbelief, ""How is that possible? A mere Earth Class mid phase peak could actually make me spit blood? How was this possible? Could it be that he knew that he was going to die, so he self-destructed at the last moment?"

Self-destruction was a practitioner's ultimate move when they were forced to fight to the death with their enemy. It wasn't hard to learn, and there were special mantras for it, so it wasn't a secret that many practitioners knew it. That was why small one thought that Lin Yi might have used this move.

However, he couldn't see Lin Yi's situation now. The power of Lin Yi's self-destruction and the sky Class twentieth form, tornado heaven and earth, stacked together caused sand and stones to fly in front of small one's eyes. He couldn't see Lin Yi's situation for the time being.

Lin Yi used this time to recover from the injuries caused by the Qi bomb and tornado.

Jingyi and Xinyan were panting as they ran into the school, and not long after, they heard a loud explosion, followed by a series of explosions. They turned around and saw a cloud of sand and stones at the school gate, giving them a shock!

What happened to Lin Yi? Are you alright? The two were worried, but didn't dare go check it out- Xinyan's phone rang while they were at a loss.

"It's Ms. Bai ..." Wang Xinyan took out her phone and looked at it.

Chapter 2614 The Vicious Little Junior Sister

She picked it up after some hesitation-Xinyan was a good student, and it was natural for her to report to the school whenever she got into trouble, so she didn't hide anything."Mr. Bai?"

"Wang Xinyan, how is Lin Yi? Is there anything?" After Lin Yi left, boss Bai didn't feel right. He waited for a while, but Lin Yi didn't contact him, so he called Wang Xinyan first. After all, Lin Yi was looking for Wang Xinyan.

"Mr. Bai, Lin Yi got into a fight with someone at the school gate. The bad guy used a very powerful technique, I think it's called tornado world, it's something that can create a tornado at once ..." Wang Xinyan said quickly, ""But what can we do? I don't think Lin Yi's a match for him, he even fell to the ground!"

"What? A tornado?" Boss Bai suddenly stood up as his pupils contracted slightly and his eyes turned sharp! Could it be them? Kidnapping one of his students and even injuring Lin Yi, did he think he didn't exist?

"Yes, I think so ..." Wang Xinyan nodded, not understanding why Boss Bai would ask this. She wanted to know how she could help Lin Yi! Out of all the people she knew, Lin Yi was the strongest. If Lin Yi couldn't beat him, then house Pi, house han, and even Wu Chengtian would be no match for him.

"I'll be there immediately!" Boss Bai's voice became unusually cold and angry. ""Don't worry, I have a plan!"

"Okay, thank you, Mr. Bai ..." Wang Xinyan was relieved to hear that boss Bai had a plan.

"What are you thanking me for? You're all my students, so I'll naturally stand up for you. " Boss Bai ran out of the office at lightning speed. It had to be said that even though boss Bai was old, he was not slow!

At the same time, in the xueshang hotel, little eleven was forcing han Jingjing and Zhang Liju to ask about the personal notes of The Alchemist.

Han Jingjing was brought to a hotel room. Suddenly, a basin of cold water was poured on her. Han Jingjing woke up abruptly and looked at the unfamiliar scene in front of her in shock.

"Where is this place?" Han Jingjing looked at the hotel room curiously. She only remembered that she and Wang Xinyan were going to the cafeteria for lunch, but she didn't know anything else.

"You're han Jingjing, right?" A cold and slightly hoarse female voice rang out, and it was filled with a bone-chilling coldness. "Didn't you realize that you've been kidnapped?"

"Kidnapped? Who are you? Why did you kidnap Jingjing?" Han Jing Jing turned her head, her big watery eyes innocently looking at The Woman in Black in front of her, little eleven.

"Alright, stop acting cute. This trick doesn't work on me!" Little eleven frowned and thought to himself, "thank God I didn't let little one interrogate her. This little girl really knows how to pretend. She's already caught and still acting cute," "You're an Alchemist, right?"

"What is an Alchemist? Is it good?" Han Jing Jing asked curiously.

"Little slut, don't act crazy and cute with me. I don't buy it!" Little eleven interrupted Han Jing Jing coldly, ""If you don't want to suffer, then tell me the truth."

"But I really don't know what an Alchemist is ..." Han Jing Jing said innocently.

"Little B * tch, are you F * cking looking for a beating?" Little eleven raised his hand and was about to hit her, ""I'll give you one last chance. If you continue to talk nonsense with me, I'll kill you!"

"Oh, if a person who can refine pills is an Alchemist, then I am." Han Jingjing blinked and said.

"Hmph, refusing a toast only to drink a forfeit!" Little eleven snorted and continued to ask, ""Who did you learn your alchemy skills from?"

"My alchemy skills? I learned it from right coiling Tiger!" Han Jing Jing thought for a moment and said, "he was the one who gave me my medicinal cauldron and everything else."

"Pa!" "Pa!"

With two crisp sounds, little eleven finally lost his patience and slapped Han Jing Jing's face twice. Instantly, Han Jing Jing's left and right cheeks turned red! Little eleven was a Sky Class early phase peak-two slaps from him was not something Han Jing Jing could handle.

"Ah, Yingluo, it hurts ..." Han Jingjing looked at little eleven pitifully, her big watery eyes were about to shed tears, ""Why did you hit Jing Jing?"

"Hit you? If you don't behave, I'll kill you!" Little Eleven's face was ferocious, a cruel expression flashed across his face, ""I'm not afraid to tell you, this old lady's most skilled trick is to trick people. If I transmigrate, this old lady will be the head of the Jinyiwei!"

"What's the Jinyiwei ..." Han Jing Jing asked in confusion.

"Little B * tch, I know you're trying to stall for time and wait for someone to save you. But I'm not afraid to tell you that no one can save you!" "Since you don't want to say, then I'll play a little harder with you!" Little eleven said calmly.

Little Eleven's hand trembled slightly and a box of silver needles fell into her hand. She deftly took out a silver needle from it and pierced it through Han Jing Jing's shoulder blade.

"Ah ..." Han Jingjing screamed, ""I'll tell you, I'll tell you, what do you want to know ..."

"Hmph, look at your delicate little face. You're really popular with men. But I hate girls who are prettier than me the most!" Little eleven said coldly, "especially pretty girls like you who can act cute. I like to poke your faces. I like to poke your faces and break your skin!" Now it's your shoulder blade, next time it'll be your face. This old lady will ask again, who did you learn your alchemy skills from?"

"I ... I ... I'll tell you the truth. It was teacher Bai who gave me a beginner's note for alchemy, so I followed it and learned it. I learned it in a short while." "Can you remove the silver needles? Jingjing is in so much pain ..." Han Jingjing gritted her teeth and said.

"Remove? Alright!" Little Eleven's mouth showed a trace of viciousness, he stuck his hand to the end of the silver needle and directly injected true Qi into the silver needle! With a crisp crack, han Jingjing's right shoulder blade was shattered by the true Qi.

"Ah!!!!" Han Jingjing screamed in pain. She was in so much pain that beads of sweat were dripping down her forehead."You ... You're a Sky Class master, and you're able to put Qi into your weapon!"

"That's right, you're Smart-I'm a Sky Class master, and this needle is my sky-grade weapon!" Little eleven said calmly,"my heaven grade weapon is called the nine Fu Xi needles. Although the nine Fu Xi needles in my hand is a replica of a god weapon, with the help of the martial arts technique, a small silver needle can kill you!"

"Oh ... That's amazing ..." Han Jingjing said, gritting her teeth.

Chapter 2615 Suffering

"Little girl, don't change the subject. This old lady will ask you one last time, who did you learn your alchemy skills from?" Little eleven was almost led off-topic by han Jingjing.

"I told you, it's the right Panhu ..." Han Jingjing said.

"It seems like if I don't teach you a lesson, you won't know how powerful I am!" Little Eleven's Silver needle flicked out again, this time directly into Han Jing Jing's stomach. Then, little eleven looked at Han Jing Jing with a playful look,""I don't want to waste time talking to you, do you have Zhang Liju's personal notes? If you give me a copy of the alchemist's personal notes, I won't bother to kill you, but if you keep going around in circles with me, I'll just shake my hand and you won't be able to be a woman anymore. "

Han Jingjing was indeed a little scared. A flash of fear appeared in her eyes. The position of little Eleven's Silver needle was exactly where a girl's womb was. If it exploded like just now, Han Jingjing would really be like what she said, unable to be a woman anymore.

"If I tell you, will you let me go?" However, Han Jing Jing was a calm and intelligent person. From little Eleven's expression and tone, she could tell that he had no intention of letting her go, "I'm afraid you'll kill me if I tell you, right?"

"That's not for sure. Maybe I'll be in a better mood? I'll let you go!" Little eleven said indifferently, "moreover, being tortured and dying with pleasure are two completely different ways of dying!" And I'm not afraid to tell you that I've already grasped a lot of information. I know that you can refine pills, and your success rate is very high. You can refine a lot of excellent second-grade pills in a short time! You don't have to hide it from me. If I didn't know about this, I wouldn't have come to ask you! So even if you want to lie to me, there's no way. I'm an Alchemist, so I can immediately tell if you're lying!"

"Fine, I'll tell you. Actually, Mr. Bai gave me a copy of his master's personal notes. I learned according to them ..." Han Jingjing sighed and said.

"Playing with me?" Little Eleven's expression became stern and the hand holding the end of the silver needle moved slightly. Han Jing Jing screamed again and spat out a mouthful of blood, directly spraying little Eleven's face.

"Ah ..." Han Jingjing's eyes were filled with pain and despair. But she promised Lin Yi that she wouldn't tell anyone about Zhang Liju's personal notes! Besides, so what if he told them about Zhang Liju's notes?

According to the alchemy method, although it could improve the color of the pill, it could not improve the speed and success rate of the alchemy. Even if he followed the cultivation method, it was absolutely impossible to refine so many excellent pills in a short time!

Since little eleven was an elixir master, even if he told her, she should be able to tell that it was impossible to achieve this effect by following the method on the book. If she continued to force him, Lin Yi's Secret would be exposed for sure. Lin Yi could help her recover her energy and also help her refine the elixir!

But if she said it out loud, it would hurt Lin Yi. At this moment, Han Jing Jing didn't know that Lin Yi was also a target of little eleven and the others, so she had to clench her teeth and hold on to protect Lin Yi.

"You B * tch, you dare to spit on me?" Little eleven raised his leg and kicked Han Jing Jing's chest, sending her flying towards the wall!

"Achoo!" Han Jingjing let out another scream. She felt as if her chest had exploded from the kick, and tears almost came out of her eyes! She lay on the ground, not even having the strength to get up!

Although she was also an earth-class practitioner, she mainly used it for alchemy-she couldn't heal herself, nor could she use Qi to protect herself! But then again, in front of a Sky Class early phase peak like little eleven, an Earth class's Qi protection really wasn't that useful.

"Are you going to tell me or not? Give me Zhang Liju's personal notes and I'll let you die a quick death, or I'll torture you to death!" Little eleven was really a little anxious. This Han Jing Jing was stubborn and stubborn. She stepped on Han Jing Jing's finger and crushed it on the ground. Han Jing Jing's finger was crushed into a bloody mess,""I'll let you refine pills. I'll cripple your hand!"

Han Jing Jing's body trembled and she spat out another mouthful of black blood.

"Are you going to tell me or not?" Little eleven saw that Han Jing Jing didn't speak, so he stepped on her other hand again, and crushed her finger into a bloody mess!

"I ... I ... I told you ... Mr. Bai ... Is Zhang Liju's student ... His notes are Zhang Liju's ... Notes ..." Han Jingjing said weakly.

"You're looking for death!" Little eleven was fuming with anger. She didn't expect Han Jing Jing to refuse to let go after being tortured like this! She was so angry that she kicked han Jingjing's crotch. ""Since you're not going to tell me, I'll kill you and go to your place to look for you. I don't believe that you didn't have a backup!"

"Oh ..." Han Jingjing couldn't feel the pain anymore. She felt that her eyelids were very heavy, and her consciousness was starting to blur. Lin Yi bro, Jingjing is going to die ... I'm sorry, Jingjing can't make elixirs for you anymore ... This woman was really despicable. Not only did she cripple Jingjing's hands, she also made Jingjing unable to be Lin Yi bro's girlfriend anymore ...

Han Jingjing was still in a daze, thinking about Lin Yi and the happy times she had in Donghai city for the past few months. However, everything was like an illusion, and she finally fixed her eyes on little Eleven's scary face.

"You can't find it ... Jing Jing is very smart, she memorized it all!" Han Jingjing seemed to have recovered from her daze, and her words suddenly became sharp. "However, Jing Jing won't give it to you. Jing Jing is going to die soon! Jingjing will be waiting for you. You'll be back to accompany Jingjing in a few years!"

Han Jing Jing believed that Lin Yi might not be able to help her take revenge in the short term, but once he advanced to Sky Class, he would definitely kill this evil woman!

"Little B * tch, what did you say?" Little eleven heard Han Jing Jing say to wait for her and was instantly furious. He was about to kick her again, but he saw that Han Jing Jing was already on the verge of death and the true energy in her body was rapidly flowing away. This was a sign of a cultivator's death. Little eleven frowned!

Especially when she heard han Jingjing say that han Jingjing had memorized the alchemist's personal notes and that there was no backup at home. This made her even more furious. Although she did not know if han Jingjing was lying to her, she did not dare to take the risk!

Chapter 2616 You're Actually Fine?

If Han Jing Jing really didn't have a copy at home, then wouldn't she have come for nothing? Although killing a girl who was prettier than him was a pretty good thing, he didn't get any benefits from it!

After hesitating for a moment, little eleven took out a small box from his arms. He opened it and took out a big recovery pill from it. However, after hesitating for a moment, he changed it to a small recovery pill and stuffed it into Han Jing Jing's mouth!

For now, the small reversion pill was completely useless for han Jingjing's injuries. It was just to hang on to her last breath for a while. With her current injuries, the large reversion pill would probably be enough to cure her!

Han Jing Jing was already in a daze, but she suddenly felt little eleven feeding her something. Then, her entire body felt warm, and the pain on her body became even more intense!

Although she was temporarily awake, the pain in her body made han Jingjing's teeth tremble.""A small reversion pill ..."

Han Jing Jing was an Alchemist, she could naturally feel what little eleven gave her to eat.

"The torture is just the beginning! There's something even more awesome coming up!" Little eleven smiled cruelly and took out a strange knife from somewhere. It was a sharp blade with many small blades that looked like centipede feelers. He said to han Jingjing,""It seems like you know what this saber is for, right? If I were to draw a line on your tender face, that would be quite satisfying! Even if it's a panacea, it can't heal the wounds on your face. Tsk tsk, you'll die a very ferocious death, isn't that interesting?"

"Oh ..." Han Jing Jing looked at the knife in little Eleven's hand and fear flashed in her eyes. All women loved to look pretty, and Han Jing was no exception. Although she knew that she couldn't escape death this time, she wanted to show Lin Yi her most beautiful side before she died. She didn't expect this woman to be so evil, changing her mind to mess with her!

Moreover, his methods were getting more and more ruthless. Han Jingjing felt that this person was a psychopath!

"Swish ..."

Little Eleven's wrist flicked and the flower knife scraped Han Jing Jing's face. Instantly, Han Jing Jing's delicate right face was badly mangled. The skin on her face turned outwards and blood flowed out. It was a very scary sight ...

"Are you going to tell me or not?" Little eleven asked coldly.

"Jingjing is going to die from the pain ..." Han Jingjing cried out loudly. She wanted to release the last bit of true Qi in her body as soon as possible so that she could die as soon as possible. This person in front of her was too perverted, and han Jingjing could no longer take it ...

"Dead? You won't die so easily after taking the small reversion pill. " "Hmph!" Little eleven snorted and said, "if you want to suffer less, then tell me the truth!"

"Oh ..." Han Jingjing replied weakly.

"You don't know how to talk, do you?" Little eleven was furious. She had interrogated many people, but this was the first time she had seen someone as stubborn as han Jingjing. ""What are you hiding? Zhang Liju's personal notes, you can't bring it with you when you're alive, you can't take it with you when you're dead, what's the point of keeping it? Why not say it out and suffer less pain? The earlier you die, the earlier you reincarnate, you're feeling great, aren't you?"

"Oh ..." Han Jingjing closed her eyes.

"You ..." Little eleven raised the flower knife in his hand again ...

The flying sand and rocks at the entrance of East Ocean industry University gradually decreased. The destruction caused by the huge power was still huge. A ten-meter-deep ravine was formed between Lin

Yi and small one. Fortunately, the entrance of the school was empty, or any building would have collapsed!

"Eh? You didn't die?" Small one looked at Lin Yi in shock. He didn't believe that Lin Yi could survive his twentieth Sky Class form! Activating the twentieth form of the heaven-tier martial skill, even for a cultivator of small one's strength, had consumed nearly half of his physical strength and true Qi. In addition to the two martial skills he had activated before, it would be a little difficult to activate the twentieth form of the heaven-tier martial skill again!

Although small one had felt the energy fluctuations from the other side before, he didn't think it was Lin Yi's. After all, after a practitioner released a skill, it would cause a very strong Qi fluctuation, and the residual power would last for a long time.

So after the shock, small one's face turned extremely ugly. If Lin Yi still didn't die, how could he kill him? Was he going to use a weapon?

Although small one's divine weapon was very powerful, it was necessary to inject true Qi into it to use it. He had already used up a lot of true Qi. If he used the weapon again, he might not be able to exert more power!

And Lin Yi didn't self-destruct? Then what was that true energy explosion of his?

In fact, small one was overthinking things. He didn't see Lin Yi being blown away by the energy bomb, so he thought that Lin Yi had miraculously survived his martial arts!

"He's not dead, so I think we should have a talk?" Lin Yi put his hands in his pockets, his right hand on the net, ready to release it at any time. However, he really wanted to know which sect small one and taganlong were from!

This way, even if Lin Yi caught them, he'd be able to get his revenge in the future. Or rather, how would he be able to let them know that he was taking refuge in West Star Village?

"Talk about what?" Small one frowned, wondering why Lin Yi wasn't dead yet. It shouldn't be. The twelfth form of tornado world made Lin Yi spit blood, but now Lin Yi was fine after the twentieth form. It made small one very confused.

"What sect are you from? Where's Tagan Dragon? Why is his martial skill even more powerful than yours?" Lin Yi asked in one breath.

"Why are you asking so many questions?" Small one frowned. "I can only tell you that we are very powerful. If you provoke us, you will die ... Oh, right, you were just like me just now. You were blown far away, right?"

Small one looked at Lin Yi and suddenly realized that Lin Yi was quite far away from him. This meant that Lin Yi wasn't at the activation point of the martial skill. It seemed that he used that special explosive martial skill to follow the distance!

Lin Yi heard small one's question and felt that something was wrong! Not good, this person seemed to have guessed why he wasn't killed by the twentieth form of the heaven-grade martial skill, tornado heaven and earth. It seemed that he wouldn't be able to ask anything, and could only use the inescapable net!

As expected, small one laughed coldly and stopped talking. He closed his hands and opened them again, ready to continue using the sky tier skill. He wouldn't use the twentieth form this time. As far as he was concerned, the fifteenth form was enough to kill Lin Yi!

Chapter 2617 Boss Bai Appears

"Heaven-tier martial skill, tornado Heaven Earth mayfly, fifteenth style! "Brat, you ..." Small one laughed coldly. Suddenly, his laughter stopped, and the martial skill that was half-activated was forcibly held back. His face turned red with a "whoosh" and he almost self-exploded.

"Small one, you're very capable. Are you trying to kill me, the sect leader's uncle?" Boss Bai suddenly stood in front of Lin Yi, looking at small one coldly and sternly.

"This ... Eldest martial aunt ... I ..." Small one broke out in cold sweat. The person in front of him was his real eldest martial aunt. Furthermore, he was the sect leader! Even if he had become a cripple, even if he didn't have any contact with the sect, this didn't stop him from being a deterrent!

"You still know that I'm the eldest aunt-master?" "Hmph!" Boss Bai snorted in dissatisfaction. "Did xuanchen send you?"

It turned out that boss Bai was the eldest senior brother that patriarch xuantian and patriarch xuanzhen had mentioned!

"It's ... Eldest martial aunt. " "Big Uncle, please don't interfere. This Lin Yi is the one who crippled ta ganlong. You know that ta ganlong is master's most important grand-disciple, so I'm here on master's orders to take revenge ..." Small one smiled bitterly.

"Why? is xuanchen more important than me, the sect leader?" "His grand-disciple is important, but my disciple isn't?" boss Bai said coldly. Lin Yi's my disciple, and I'll make it clear that I'll protect him no matter what. If you dare to touch him, you'll touch me first!"

"This ..." Small one was a little helpless. He knew that now that boss Bai had intervened, things had become difficult to handle! He wasn't afraid of boss Bai's status as the sect master, but he was afraid that boss Bai might not cooperate with the future inheritor's plan to open sky Class Island in a fit of anger. If he didn't train the wood element inheritor, it would be a big problem!

Among the inheritors of the five elements and the other two mutated inheritors of the water element, other than the inheritor of the wood element, the other inheritors all had their own inheritance land and inheritance methods. Only the inheritor of the wood element had a special inheritance method, which was to slowly communicate with the spiritual herbs to be able to inherit!

Only boss Bai knew how to communicate with spiritual herbs. Even patriarch xuanchen didn't know how to do it! This was also why Boss Bai's skills were unparalleled back in the day, almost as good as Zhang Liju's Grandmaster-so even though boss Bai was crippled, they still couldn't afford to offend him!

Otherwise, with patriarch xuanchen's personality, he would have long snatched his sect master's ring and chased him out. Why would he still respect him so much? However, the current boss Bai only had an empty title of sect master. The specific Affairs of the sect were still handled by patriarch xuanchen.

Tell xuanchen that if he hurts my disciple again, all plans will be canceled!" Boss Bai said indifferently, his tone filled with unparalleled determination and dignity.

"Yes, uncle sect leader!" Small one was a little helpless. Although they had secretly treated patriarch xuanchen as their sect leader's master, they only dared to think and say such things when no one was around. In front of boss Bai, he had to be respectful.

"Where's Han Jingjing? Let her go, or else there's no room for discussion!" Boss Bai asked again.

"Han Jingjing ..." Little one's expression changed. Only then did he remember han Jingjing's matter. With boss Bai's interference, the nature of the matter had changed completely. He wondered if han Jingjing was dead!

Small one was very clear about little Eleven's character and means. Han Jing Jing might have been tortured to the point of being unrecognizable. It was also possible that she was already dead. Therefore, small one did not dare to delay and quickly called little eleven!

He had to tell little eleven to stop immediately. Otherwise, Han Jing Jing's death would affect the grand plan that had been going on for thousands of years. Even if she was ancestor xuanchen's daughter, she would not be able to bear the responsibility!

"Hello? Senior brother, are you done on your side?" While little eleven answered the phone, he used the flower knife to scrape Han Jing Jing's face before he asked.

"Han Jingjing is the sect leader's disciple. Let her go. If you anger the sect leader, the plan will be affected. Master should understand ..." Little one could only hint to little eleven.

"What? Boss Bai is involved?" On the other side of the phone, little eleven didn't show any respect to boss Bai at all,""This old man is really nosy. However, han Jingjing is not dead now, but she's dying! Even the miracle doctor can't save him!"

"Oh, han Jingjing is fine? That's good. Let her go now and we'll leave this place!" Small one's heart skipped a beat and he almost exploded. Han Jingjing was dying? Then what should he do? It was better to escape first!

If han Jingjing died in boss Bai's hands, it would have nothing to do with them. She was still alive when they let her go.

"Okay, I got it. I'll wait for you at the highway exit!" Little eleven sighed and glared at Han Jing Jing unwillingly. Then, he quickly hung up the phone and left the hotel room.

"Han Jingjing's at the Xue Shang hotel, in sun Jingyi's room." Small one hung up and turned to Lin Yi, "You guys can just go find her directly."

Lin Yi didn't think too much about it-he didn't think that Jingyi would be in trouble, and seeing how this small one was scared of boss Bai, he probably wouldn't lie. He nodded, "I know."

"Then I'll take my leave, sect leader martial uncle!" Little one cupped his fists, then turned around and left quickly, without any hesitation!

"Teacher Bai, you ..." Lin Yi couldn't see through boss Bai anymore. Who was this guy? He was actually from the same sect as ta ganlong and little one, and he was even their sect leader's senior uncle!

"Let's go and see han Jingjing first!" "We'll talk about this later!" Boss Bai waved his hand.

"Alright!" Lin Yi nodded. He had a thousand questions, but he still ran towards the hotel.

Boss Bai didn't go with Lin Yi as he had to deal with the aftermath first. Furthermore, he had already given his word that Lin Yi and Han Jingjing were safe until the plan was carried out. It didn't matter if small one and the Xuanchen ancestor were willing or not, they had to take a step back!

So Lin Yi was safe now, and small one wouldn't try to kill him. Boss Bai, on the other hand, had to stay here to deal with the pit at the school gate! Although there weren't many students who saw it, the loud noise just now still attracted some students to watch. It was just that sand and stones were flying, so they didn't dare to get close.

Chapter 2618 Xuanchen's Phone Call

Because they were too far away, he didn't have to worry about them hearing anything. However, boss Bai still had to repair the pit as soon as possible, or it would affect the students' normal passage.

In fact, the battle between Lin Yi and small one was only ten to twenty minutes long, and it didn't attract too much attention. Boss Bai was overthinking it!

The crowd only saw the flying sand and stones, and Lin Yi's conversation with small one and boss Bai at the end. They didn't know what had happened.

Little one and little eleven were both cultivators. They soon met at the exit of the Donghai city highway. Seeing that little eleven had arrived, little one heaved a sigh of relief. "Little Junior Sister, boss Bai didn't cause you any trouble, did he?"

"He's just a cripple, how can he catch up to me? I took your call and left. " Little eleven pouted, disdaining boss Bai.

"Haha, of course. But is han Jingjing alright?" What small one was concerned about was whether han Jingjing would die or not. If she really died, and boss Bai stopped his big plan, everything would be over!

"I cut her face, crippled her hands and shoulders, crushed her breasts, and exploded her womb!" Little eleven said lightly, "she'll probably die when boss Bai goes!."

Little one's mouth twitched when he heard this. His Little Junior Sister was too vicious, but he didn't pity han Jingjing. In his eyes, it didn't matter if she lived or died. The most important thing was the future Sky Class Island Plan!

He wondered if boss Bai cared about his disciple, han Jingjing. It seemed like boss Bai cared about Lin Yi quite a bit, and this Han Jing Jing was still unknown. At that thought, small one sighed helplessly, "This matter is already out of our control. We must report it to master and ask him to make a decision!"

"Okay ..." Little eleven didn't think much of it. She was just a normal girl, just a little pretty. If she died, then so be it. Could she be boss Bai's mistress?

Little one knew the importance of the matter, so he called his master, ancestor Xuan Tian, at once.

"Small one? How did the matter go? It's smooth, right?" Ancestor Xuan Tian saw that it was a call from little one, so he picked it up and asked.

"Master, there's a problem. Boss Bai is interfering!" Small one helplessly said in a heavy tone.

"What? Boss Bai showed up? What's going on? Tell me the details!" Ancestor Xuan Tian was shocked and quickly asked.

"It's like this ..." Small one did not dare to hide anything and told patriarch xuanchen everything in detail.

"Hmm ..." After hearing little one's story, patriarch xuanchen fell into deep thought. "According to what you said, this isn't your fault or little Eleven's fault. You guys did well, it was boss Bai who intervened ... Things are a bit troublesome now, I didn't think that this Lin Yi was his disciple!"

"That's right. All of this is secondary. The main thing is that Little Junior Sister has turned han Jingjing into a cripple. She's probably going to die soon. Even the great recovery pill might not be able to save her ..." Small one said worriedly.

"Hey, how about this? I'll call Xuan Tian personally and tell him about this. If it really doesn't work, I'll apologize first. The two of you come back immediately. Don't delay!" Ancestor xuanchen ordered after a moment of hesitation!

He could actually contact Boss Bai directly! However, patriarch xuanchen lied to patriarch xuanzhen that boss Bai was focused on teaching and did not want to be disturbed, so he could not contact him. He did not allow patriarch xuanzhen to contact Boss Bai directly!

Patriarch xuanzhen was simple-minded and did not have the cunning thoughts of patriarch xuanchen. In fact, patriarch xuanchen was afraid that Xuan Tian would reveal the truth of what happened back then, so he did not dare to let Xuan Zhen and Xuan Tian contact each other personally. He deliberately said that he could not contact each other and did not want to be disturbed.

Fortunately, ancestor xuanzhen did not dwell on this. If it was possible, ancestor xuanchen would have killed ancestor xuantian a long time ago. However, for the sake of the Sky Class Island Plan in the future, he had no choice but to keep ancestor xuantian alive!

"Yes, master!" "Yes!" Little one quickly replied and got into the car with little eleven. They quickly drove in the direction of that place ...

As for ancestor xuanchen, he dialed ancestor xuantian's number, which was boss Bai's number. It had been a long time since he had called this number. He had only sent people to monitor boss Bai's every move in secret, so he was still a little apprehensive to call him personally.

Boss Bai had just gotten a construction team to fix the hole in front of the school, and he quickly went to the hotel with Jingyi and Xinyan to look for Lin Yi and Jingjing. His phone rang, and he picked it up, thinking that it was Lin Yi. "Hello? Hello there!"

"..." When patriarch xuanchen heard this familiar voice, he was silent and afraid. After all, he was the one who had secretly sabotaged boss Bai and injured him. He believed that boss Bai was well aware of this. Therefore, although he was very vicious, he was still filled with emotions when he spoke to boss Bai face to face.

"Hello? Who is it?" Boss Bai frowned. There was no sound from the other side of the phone, so he thought he had called the wrong number. "I'm hanging up if there's nothing else?"

"Eldest senior brother, it's me ..." Patriarch xuanchen hurriedly said when he heard that boss Bai was about to hang up.

"Xuanchen?" Boss Bai was not unfamiliar with xuanchen's voice, so he naturally recognized it immediately. For a moment, he was filled with mixed feelings. He had a very complicated feeling about this Junior Brother who had once harmed him. Although he had a good heart, he was not a good person. If his master had not taught him and his fellow brothers to be harmonious, boss Bai would not have been running around for the sect's Affairs all these years.

However, boss Bai didn't. He still regarded himself as the sect leader of that place, still working hard for the big plan in the future, looking for and cultivating inheritors.

"It's me, senior brother. I'm sorry. I didn't know that Lin Yi and han Jingjing were your disciples. Please forgive me if I offended you ..." Xuanchen said carefully.

"Offend? You still know how to call me eldest Shixiong?" "You don't know that they're my disciples?" boss Bai sneered.

"Big senior brother, you should know the importance of taganlong. He was crippled by Lin Yi and is now a cripple ..." Ancestor xuanchen said after a moment of silence.

"Five-element inheritors plus two support-type inheritors, isn't that good? Why do you have to use Tagan Dragon as a medium?" Boss Bai frowned.

Chapter 2619 I'm Here To Save You

"Isn't it to increase the success rate? "A hundred years ago, the plan failed because there was no medium. To be safe, I had to find a medium!" "Forget it," patriarch xuanchen said."Let's not talk about this. How about we just forget about this?" I won't send anyone to cause Lin Yi trouble in the future, and we'll continue with our plan?"

"Wasn't taganlong crippled?" Boss Bai asked.

"I still have a spy." Said patriarch xuanchen.

"So he still had a trick up his sleeve." Boss Bai said calmly,"if that's the case, then forget it. The plan will go on as planned. However, the inheritor of the wood element is my disciple. I won't allow anything to happen between her and the medium. You should know what I mean."

"This ... I'm afraid she won't cooperate fully." Ancestor xuanchen said carefully.

"I'll tell her. " "You don't have a choice," boss Bai said."Accept or not."

"Alright, I accept." Ancestor xuanchen promised, but he sneered in his heart. When the inheritor arrives, it will not be up to you. Old fellow, it will also be your Time to Die! And that disciple of yours, Lin Yi, he'll die too!

Boss Bai didn't say anything more. He hung up the phone and continued to rush in the direction of the xueshang hotel.

Lin Yi didn't even bother healing his internal injuries, nor did he recover his strength and Qi-he ran to Jingyi's room at the xueshang hotel!

The door was locked, but it wasn't a problem for Lin Yi. He took out a silver needle and unlocked the door. He pushed the door open and the thick smell of blood hit him in the face. When he saw han Jingjing on the ground, his heart skipped a beat!

Was this ... Han Jingjing? Or perhaps, was this a person?

The young girl on the ground was covered in blood. Her face was no longer skin, it was completely turned over, it was extremely terrifying! Her arms and shoulders were a bloody mess as well, and Lin Yi wouldn't have recognized her if it weren't for the clothes she was wearing.

"Jing Jing, how are you?" Lin Yi cried out, his heart filled with self-blame and guilt. Small one and small eleven came for him, but they let Han Jing Jing suffer in their place and was tortured to the point that she was not even human!

Lin Yi ran over and picked her up from the ground, his hands shaking as he checked her injuries.

Lin Yi's tensed heart relaxed a little when he realized that han Jingjing wasn't completely dead yet. However, her injuries were too severe. When Lin Yi realized that her chest and lower body had been blown to pieces by the pure energy, his heart twitched, and his clenched fist couldn't help but shake!

How cruel was this method? He had actually used it on such a cute girl! Little one, little eleven ... A debt of blood will be paid with blood. One day, I will flatten that place and use ten times, a hundred times more cruel methods to pay you!

"Lin Yi bro ..." Han Jingjing's breathing was shallow as she opened her big, bloody eyes weakly. Her bright eyes that were full of life energy had turned grey, full of death, ""Lin Yi bro ... You're here ... Jingjing didn't tell us about Zhang Liju's personal notes, and she didn't tell us the secret of our refinement ..."

Han Jingjing wanted to tell Lin Yi that she liked him before she died, but she couldn't say it. It was too heavy for her to say it now, and she didn't want to put too much pressure on Lin Yi. She didn't want Lin Yi to bear too much psychological burden after she died!

Han Jing Jing knew very well how serious her injuries were. She was an Alchemist and knew that even a small recovery pill would be useless. Not to mention a small recovery pill, even a third-grade great recovery pill would probably be useless because little eleven said that even a godly doctor wouldn't be able to save her!

Moreover, han Jingjing did not want to live anymore. Even if she was resurrected, she would be a useless person. She could not even be a girl anymore. What was the point of living? Both his hands and shoulder blades were shattered, and he couldn't concoct any more pills. It was simply a fate worse than death!

"Jing Jing, don't say anything. I'll come and save you immediately!" Lin Yi said as he quickly took out a silver needle and quickly inserted it into han Jingjing's acupuncture points! Han Jingjing's injuries were too serious, and she could die at any moment. Lin Yi didn't dare to use the second stage of the art of Dragon mastery to heal her immediately. He was afraid that she wouldn't be able to hold on during the healing process, so he had to seal some of her acupuncture points to prevent her Qi from flowing out. This way, han Jingjing could hold on for a longer time, and it was also convenient for Lin Yi to slowly heal her.

Although little Eleven's methods were cruel and made Lin Yi very angry. He wanted to kill them right away, but the good thing was that no one else could save Han Jing Jing, but Lin Yi could! In fact, little eleven was right-even a miracle doctor couldn't save han Jingjing. According to Lin Yi's previous medical skills, she wouldn't be able to cure han Jingjing, but it was different now. He had the art of Dragon mastery, so as long as she didn't die, he could cure her!

Even if all his internal organs were crushed, it would not be a problem! But Lin Yi was still pissed-what if he didn't have the ability? Was han Jingjing destined to die?

"Lin Yi bro, I know I'm going to die ..." Feeling that Lin Yi had sealed her acupuncture points, the loss of Qi in her body had slowed down a lot."Promise Jing Jing, don't go get revenge yet ... You'll go find them after you've become Sky Class late phase peak ..."

"Don't worry about revenge. One day, I will make you kill little eleven with your own hands! And you won't die!" After Lin Yi sealed her acupuncture points, he took the pulse of her bloodied wrist and quickly circulated the second stage of the art of Dragon mastery ...

At this time, boss Bai, sun Jingyi, and Wang Xinyan also came into the hotel room. They also saw han Jingjing in Lin Yi's arms, and they were shocked by the terrible state she was in!

"Quiet!" Wang Xinyan cried out, tears flowing down her face. She and han Jingjing were classmates, and because of Lin Yi, they were very close, so their relationship was very good. Seeing han Jingjing in this state, Wang Xinyan was a little worried.

Jingyi, on the other hand, had seen her fair share of things-back at the Wulong haote mountains, Lin Yi had healed the fire Lion race, and even the Sky Class man, so she believed that Lin Yi could heal Jingjing as well!

Boss Bai's face instantly turned livid!

Chapter 2620 Was I Dreaming?

Although he did not check on han Jingjing's injuries carefully, he could tell that she was in a terrible state from her appearance! Boss Bai didn't expect little eleven to be so cruel, he was so angry that he was trembling!

Initially, he had tolerated it again and again on account of the fact that patriarch xuanchen was his Junior Brother and their friendship in the past. However, he could not tolerate it anymore today! How could these people be so vicious? How could he deal with a little girl like this? He was simply a beast!

Xuanchen, little eleven, and boss Bai took a deep breath. At the same time, they were angry that they did not fight for it. If he had been more ruthless back then and expelled xuanchen from the sect, there would not be today's situation. But now, he had become a cripple and it was impossible for him to arm-wrestle with xuanchen!

"Yi, how's the situation?" Boss Bai wanted to take out his phone a few times to call xuanchen to cancel the plan, but he hesitated for a long time and finally let it go. This was the wish of his master for several generations, and he could not destroy it because of xuanchen's selfishness. However, an unrecoverable crack had appeared in his relationship with xuanchen.

"I'm healing her. Ms. Bai, please guard the door for me and don't let anyone disturb me!" Lin Yi said.

"Alright," he said. Boss Bai quickly nodded. He didn't know if Lin Yi could save han Jingjing, but he still nodded, "Shall we wait at the entrance?"

"Alright!" Naturally, Lin Yi couldn't ask for more. He didn't want boss Bai to know that he used the art of Dragon mastery to heal Han Jing Jing. It wasn't that he didn't trust boss Bai, but boss Bai was in the same sect as little one and little eleven. Before Lin Yi understood the situation, he couldn't expose too much about himself!

Lin Yi regretted what he did at the Wulong hao te mountain range-he'd been too careless, thinking that taganlong was just a foreign family. He didn't think that they'd come all the way to Donghai city, and made up a random name called Zhang naipao. He didn't think that they'd still find him.

From the looks of it, he should be more careful in the future. He couldn't be careless at all!

After boss Bai, sun Jingyi, and Wang Xinyan left, Lin Yi continued to treat han Jingjing's wounds. Han Jingjing suddenly felt a warm feeling coming from her body, a very comfortable and happy feeling. Was this the so-called happiness before death?

Han Jingjing felt that her injuries were slowly getting better, but was that possible? This was impossible, definitely impossible! How did she recover from Lin Yi's hug? That's impossible. Even if the silver needles were stuck in his body, it's impossible ...

However, han Jingjing soon realized that something was amiss. She seemed to have really gotten better. Moreover, he had more energy than before?

"Lin Yi bro? Jingjing didn't die?" Han Jingjing opened her eyes once again. Although there were still traces of blood on her big, watery eyes, they were much more lively than before!

"Of course I won't die," Lin Yi let out a breath of relief when he saw that han Jingjing was finally getting better. She had passed the most dangerous stage. As long as there were no accidents, han Jingjing would get better!

The art of Dragon mastery could slowly repair the damaged organs and body parts! Lin Yi was glad that he knew the art of Dragon mastery-otherwise, Jingjing would still be a cripple even if she recovered, and she'd probably feel like dying.

"Lin Yi bro, you're amazing! Jingjing really seems to be getting better!" Han Jingjing was surprised and happy at the same time. Her eyes were wide open as she looked at Lin Yi in disbelief. She didn't think that Lin Yi would really come back to life.

"Hehe, don't talk. Close your eyes. You'll be fine in a while." Lin Yi was relieved to see how optimistic han Jingjing was. He was afraid that this incident would cast a shadow on han Jingjing's heart, but it seemed that he was overthinking it.

"En en, Lin Yi bro is really capable of anything! I really admire him!" Han Jingjing nodded and closed her eyes obediently. Her lips were full of happiness. She realized that Lin Yi could actually repair her body parts!

Her hands had recovered to their original state, completely different from the bloody mess just now. Her two small hands were as delicate as a newborn baby's! Since her hands could recover, the rest of her body should be able to recover as well. Han Jingjing did not have to worry anymore.

Lin Yi quickly helped Jingjing recover from her injuries, while boss Bai, Xinyan, and Jingyi waited outside the room anxiously. Even though they knew that Lin Yi had a way, they still couldn't help but be nervous!

Sun Jingyi wasn't familiar with Han Jingjing, they had only met once or twice, but she knew that she should be a girl that Lin Yi valued a lot. She was worried, but why did little eleven want to kill her? And Jingyi herself was fine?

The afternoon passed by quickly. Han Jingjing's injuries were too serious, and Lin Yi had to spend the entire afternoon healing her. Han Jingjing was really generous, falling asleep in Lin Yi's arms!

And so, after Lin Yi finished healing Han Jingjing, he started to heal himself and recover his strength and Qi. It was evening when Lin Yi was done, and Han Jingjing woke up to find herself still in Lin Yi's arms. She felt a sense of happiness.

"Lin Yi bro, was Jing Jing dreaming?" Han Jingjing had an unrealistic feeling. Did he really recover? It seemed like there was nothing wrong with her body and she was full of energy.

"It's fine now, everything is over. " Lin Yi looked at the girl in his arms with pity. "Jing Jing, why are you so silly? The next time she asks you something, just tell her. Do you know how much my heart aches for you? If I had come a step later, the consequences ..."

"Jingjing, you can't tell them-they'll go get Lin Yi bro if you do!" However, Han Jingjing shook her head and said, 'besides, that woman is very bad. Even if Jingjing were to tell her, she would probably be beaten to death! That way, you'll probably die even faster!"

"I will take revenge for this." Lin Yi's voice turned cold. In all this time, no one had ever made Lin Yi hate them to the bone. This was the first time!

"There's no rush-let Jingjing get her revenge herself. When Jingjing becomes Sky Class late phase peak, she'll go get her revenge herself and kick that woman's boobs out ..." Han Jingjing smiled.

"..." Lin Yi smiled. Although han Jingjing's words were harsh, Lin Yi knew that han Jingjing just didn't want him to rush to them for revenge. She just wanted to buy time. She was afraid that Lin Yi wasn't her match,""Alright," he said.
