### Chapter 2621 Wang Xinyan's Dilemma

"En ..." Han Jingjing nodded in relief.

"Let's go, boss Bai and the others are waiting for us at the door." Lin Yi said as he stood up, still holding Jingjing in his arms.

"Jingjing, do you need to take a shower?" Han Jingjing realized that she was still covered in blood and dirt.

"No need, we'll talk when we get back." Lin Yi opened the door.

"Lin Yi, you're fine now?" Boss Bai looked at Jingjing's face and hands in shock. She was completely unharmed. How did Lin Yi do it? He'd seen the injuries-even miracle doctor Guan and miracle doctor Kang's golden creation wouldn't work. Lin Yi only used silver needles to cure her? How was that possible?

Furthermore, although he did not know how serious han Jingjing's internal injuries were, he was sure that they were not light. However, looking at han Jingjing now, other than being covered in blood and a little scary, she was in high spirits and did not look like an injured person at all. What exactly was going on?

"It's alright. Jingjing's injuries have already healed." Lin Yi didn't explain too much, "I'll send Jing Jing home first. Mr. Bai, let's talk later? I'll go to school to find you?"

"Alright!" Boss Bai was confused, but he wasn't a talkative person. He couldn't ask if Lin Yi didn't want to tell him. He knew that Lin Yi's medical skills were great, at least much better than his, so he only nodded,""Then I'll go back to school first. Call me if you need anything!"

"Alright," he said. Lin Yi said.

After saying goodbye to boss Bai, Lin Yi got in Jingyi's car with Xinyan and went back to the villa. Mengyao and Yushu were back from school already, coming back with han Xiaochao. They had received a call from Xinyan saying that Jingjing was in some trouble, and Lin Yi was with them. Mengyao didn't think much of it.

But when she saw Lin Yi carrying a bloodied han Jingjing into the villa, she was stunned!

"Lin Yi, what's wrong with Jingjing?" Mengyao looked at the bloodied han Jingjing and was shocked."What happened?"

"Yaoyao sis, Jingjing is fine!" Han Jingjing jumped down from Lin Yi's arms and smiled,"Ah, Jingjing's so dirty, go take a shower first. Shu, can you help me get some clothes from home?"

"Okay." Chen Yushu looked at han Jingjing suspiciously and looked at Lin Yi. She nodded and walked out of the villa, but she said as she walked,"Shield bro, wait for Shu-you can tell her the story when she's back!"

"Damn Shu, what story? Lin Yi and Jing Jing might be in danger, and it's a story to you?" Mengyao glared at Yushu before turning to Lin Yi. "Don't bother with her!"

"If shield bro and Jingjing are fine, then they must be safe!" Yushu said with a shrug.

"It's indeed fine. It's all in the past. " Lin Yi nodded. Shu was smart-she wouldn't worry about the past.

It didn't take long for Yushu to return-she must've run all the way there. Back in the living room, han Jingjing was still in the shower. Lin Yi sat down and told them what happened, but he didn't know much about han Jingjing. How did she know that he had Zhang Liju's personal notes? And how did he know that he and han Jingjing could work together to refine the pill?

Even boss Bai didn't know about these things, and it was only today that Lin Yi told boss Bai about Zhang Liju's personal notes. Boss Bai's shock at that time didn't seem to be fake, which meant that boss Bai didn't know about these things before. But if that was the case, how did little one and little eleven know?

Wang Xinyan and sun Jingyi didn't know how miserable han Jingjing was before, but when they heard Lin Yi say that Jingjing's chest and lower body were crushed, their faces turned pale. The Miss was also worried to the point of tears-han Jingjing was too pitiful!

Fortunately, Lin Yi could be saved. What else could she do? Everyone present was Lin Yi's closest people, and they had some understanding of Lin Yi's situation. They weren't too surprised, but they felt that it was too shocking!

If it wasn't for boss Bai, Lin Yi wouldn't be a match for small one at all. If Lin Yi had been late, they would never have seen Han Jing Jing again!

Han Jingjing finished her shower and changed into the clothes that Chen Yushu left at the bathroom door. She walked out to see everyone sitting on the sofa in silence with sad faces. She couldn't help but freeze. "What's wrong with you guys?"

"Jing Jing, are you done?" Lin Yi's mood improved a lot after seeing that Jingjing was fine.

The others felt the same way. Seeing that han Jingjing was not injured at all, they heaved a sigh of relief. Although the incident was terrifying, it was fortunately over.

"En, Lin Yi bro, don't worry, Jingjing's fine!" Han Jing said with a smile.

"Hehe, don't worry. Go back and have a good rest. I'm going to the school for a while. There are many things I need to discuss with boss Bai and confirm." Lin Yi had a lot of questions he wanted to ask boss Bai, including little one and little Eleven's background, their sect, and boss Bai's own matters.

"Okay, then Jingjing will go back and rest. I'm a little tired today, so Jingjing should rest early." Han Jing Jing nodded obediently.

"Xinyan, you can sleep in my room. I might be back a little later." Lin Yi turned to Xinyan.

"En ..." Wang Xinyan replied and agreed, but her heart was more and more conflicted. Was this considered cohabiting with Lin Yi? Xinyan felt that they were no different from other University couples, living together outside of school ...

Al! Xinyan sighed. She seemed to be falling deeper and deeper? What should he do? She couldn't say no to Lin Yi-she'd seen what happened today, and what Lin Yi lacked the most right now was strength. Only with greater strength would he be able to protect the people around him!

So all Xinyan could do now was to help Lin Yi with his training.

"Jing Jing, when you were taking a bath just now, you checked yourself, right? There's no part of your body that hasn't been repaired, right?" Lin Yi glanced at han Jingjing before he left. Although he was confident that the second stage of the art of Dragon mastery should be able to heal injuries 100%, many of han Jingjing's private parts were involved. Lin Yi couldn't check them one by one!

Chapter 2622 Boss Bai's Past

There was something going on between them, and they were pretty close, but they weren't in a relationship yet. It wasn't appropriate for Lin Yi to go and see her, but he was worried.

"En ..." Han Jing Jing's face blushed slightly. When she was taking a bath, she naturally checked the girl's more important parts carefully. Back then, they were all damaged by little eleven, but now they were as good as before, even more perfect than before. This made Han Jing Jing very satisfied. Was this a blessing in disguise?

Lin Yi nodded and quickly left the room, driving to school.

Boss Bai hadn't left yet and was waiting for Lin Yi in the office. His feelings were very complicated at the moment. Before seeing han Jingjing's injury, he still had some ties with xuanchen and the others as a teacher, but after seeing han Jingjing, there was only anger in his heart!

As expected, like master, like disciple and daughter. Xuanchen was so vicious back then, and so were his daughter and disciple. If she didn't intervene in time, Lin Yi and han Jingjing would have already gone to hell.

There was a knock on the door, and boss Bai came back to reality. He said, ""Please enter!"

"Mr. Bai." Lin Yi's feelings were very complicated. Boss Bai saved him, but the relationship between boss Bai and little one's master made Lin Yi feel conflicted. Was boss Bai a good person or a bad person?

"Lin Yi, you're here. Have a seat." Boss Bai looked at Lin Yi, sighing as he pointed at the sofa.

"Mr. Bai, about today ..." Lin Yi walked over and sat beside boss Bai. "That little one and little eleven, who are they? And you, how could you be their sect leader?"

"This matter ... I knew you would ask me." "I can't tell you which sect they're from, or who they are," boss Bai said with a bitter smile. "My ancestors said that I can't reveal the name of my sect to others unless a certain condition is met ... But the ancient sects outside usually call us that place ..."

"You can't even tell me?" Lin Yi really wanted to know the enemy's sect, "I'm also considered your disciple, right? Moreover, from a certain perspective, I'm your ancestor?"

"This ..." Boss Bai heard Lin Yi's words and hesitated! Yes, no matter if it was from his disciple's point of view or the Grandmaster's point of view, he had no reason to hide it from Lin Yi. After hesitating for a while, boss Bai said, "The name of our sect is the five elements sect. Since you are my disciple and also my Grandmaster, I will not hide it from you. However, don't tell anyone about this name, in case you attract unnecessary trouble!"

"Our sect?" Lin Yi blinked, frowning. "In other words, I'm really in the same sect as little one and little eleven? I'm from the same sect as my enemy?"

"In a sense, yes. I'm the sect leader of this sect, and you're my disciple, or rather, you're my Grandmaster, so we're all members of the five elements sect." Boss Bai nodded and said.

"But they are my enemies." "One day, I'll get justice for Jingjing," Lin Yi said firmly.

"Do you know how I got injured?" Boss Bai didn't answer Lin Yi's question, but asked suddenly.

"Oh? How did you get injured?" Lin Yi thought that boss Bai was avoiding the topic.

"It's small one's master. He did something to me when I was refining the pill, causing me to go berserk and all my meridians to be broken ..." Boss Bai raised his head, his eyes filled with sadness and helplessness. He looked up at the ceiling, as if he was reminiscing about the past. "I didn't expect that the kind of master can really produce the kind of disciple ..."

"What?" Lin Yi was stunned. Boss Bai's internal injuries were caused by his Junior Brother, who was also small one's master? Didn't that mean that boss Bai also had a grudge against that place?

"Are you surprised?" Elder Bai laughed. "I thought that after so many years, he would change. I thought that he was just competitive back then. But I was wrong. He always saw me as an obstacle in his way of becoming the sect leader. If I'm removed, he will be the actual sect leader."

"Phew ..." Lin Yi let out a breath of relief, "I understand. This is for the best. In the future, when I find trouble with them, I won't have to worry anymore!"

"Don't be impulsive. Your strength is far inferior to theirs. That place is the origin of the five elements. The mental cultivation methods and martial techniques of each element have been discovered and cultivated to the extreme. Ordinary cultivators are not their opponents. " Boss Bai shook his head and said seriously, "Even a normal Sky Class late phase peak wouldn't be a match for him!"

"I've discovered this. " Lin Yi nodded, thinking deeply. The Masters from that place were all abnormal, extremely powerful. If it weren't for Lin Yi's art of Dragon mastery, he wouldn't be able to fight them at all.

"Moreover, according to my master's ancestral instructions, we must complete a big plan. I hope that you won't find trouble with xuanchen, who is my Junior Brother and small one's master, before this big plan is completed." "But, if you have the ability to kill little one and little eleven, I won't stop you!" Boss Bai said.

"A big plan?" "What big plan?" Lin Yi asked, surprised.

It was impossible for Lin Yi to kill small one in a short period of time, let alone xuanchen. What Lin Yi wanted now was to kill little eleven, who was the person with the most hatred points. As for small one and xuanchen, it didn't matter if they died sooner or later. Lin Yi wasn't in a hurry to kill them.

"Don't ask now-it won't do you any good, but I can guarantee that if you're Sky Class late phase peak by then, I'll take you with me-it'll be a chance to pursue the path of the heavens!" Boss Bai said.

"The heavenly Dao?" "There's really a heavenly Dao in this world?" Lin Yi's eyes widened in shock.

"There are!" Boss Bai said with certainty, "the place where the Sky Class elites live is called Sky Class Island. It's a higher level than the ancient level, but normal practitioners can't find it or enter it ... That's all I can say now. Don't ask anything else. When you're strong enough, I'll tell you!"

#### Chapter 2623 Lin Yi's Promise

"Alright!" Lin Yi nodded excitedly. This was the first time he heard about a Sky Class master. Everything he knew before was uncertain, including what the fire Lion said. Someone in uncle Fu's sect went after the sky, but it was just a pursuit. He didn't say if they reached it, so Lin Yi wasn't sure if there was someone stronger than Sky Class in this world!

However, since there was a sky path master, Lin Yi was relieved. Although xuanchen and small one were strong, almost invincible among Sky Class Masters, he didn't know if he had the confidence to beat them when he was at Sky Class late phase peak. However, if he stepped into the heavenly Dao first, then taking care of them would definitely be a piece of cake!

"Lin Yi, there are some things you have to learn to endure. I'm no longer the boss Bai from back then, and I can't get justice for you. Even I, after thinking about it carefully today, will probably be destroyed by xuanchen after the plan ends ..." Boss Bai was not stupid. He could guess xuanchen's personality and intentions through today's events. If the sky Class Island Plan really started smoothly, xuanchen would definitely not let him go!

"Teacher Bai, don't worry!" Lin Yi clenched his fist and took a deep breath. "Today, you'll protect me. But tomorrow, I'll let xuanchen and the rest act according to my wishes!"

Xuanchen, thank you for your actions today. You have given me another motivation to continue cultivating! Lin Yi swore to himself that one day, he'd help boss Bai's line gain a proper title, and make him the sect leader of the five elements sect!

At this moment, Lin Yi truly saw himself as boss Bai's disciple, and the fear he had for boss Bai didn't exist anymore! Although boss Bai was from the same sect as them, they had different intentions. Seriously speaking, they were from the same sect!

"Hehe, it seems that my eyes are quite accurate. Back then, I insisted on taking you as my disciple." Elder Bai laughed out loud. "In fact, from the moment I started teaching here, I let go of my grudges. However, I can't bear to see the foundation created by the ancestors be destroyed by xuanchen. Fortunately, I have two successors!"

"This disciple will help you clean up your sect." Lin Yi said faintly.

"To be honest, Lin Yi, it's been so many years, and this is the first time I've felt so happy. My heart is alive again, and I thought that I'd never be able to return to the sect again ..." Boss Bai said, a little emotional. In fact, he still wanted to go back, not because he was greedy for the position of sect leader, but because when his master passed the position to him, it was because he wanted him to lead the five elements sect back to the higher Sky Class Island!

"Me too. To be honest, on the way here, I was very conflicted. I was afraid that you had something to do with little one and little eleven. But now, it seems that you do have something to do with them, but it's also hatred." Lin Yi said.

"I was also afraid that if you didn't come, you would go to little one and little eleven to take revenge. If that happened, I wouldn't be able to save you ..." Boss Bai said.

"I'm not stupid. The difference in strength is too big. How can I go and die?" Lin Yi had already realized that he was no match for small one when he fought with him. He didn't even have the confidence to win against little eleven, let alone him!

If little Eleven's Sky Class eleven, twelve, and thirteen moves were as strong as little one 's, then Lin Yi wouldn't be a match for him at all! Lin Yi didn't expect a sneak attack from these insane Masters!

"That's good. " Boss Bai nodded. He looked at the time on the table and said, "It's getting late. Let's have a meal together and have a good chat as master and disciple? Today, we have officially confirmed our master-disciple relationship, right? You won't run away again, will you?"

"Naturally, I won 't," Lin Yi shook his head. Boss Bai was a cripple now, but with him as a deterrent to little one and little eleven, they wouldn't come looking for trouble with him for a while. It felt great to have a master.

"Let's go to my house. I'll meet another disciple and you two can get closer. " "This disciple of mine is an expert in cooking," boss Bai said. "I'll ask her to help prepare a table of food. We can talk while we eat!"

"Alright!" "I'll call home," Lin Yi nodded.

"Alright, I'll make a call as well." As boss Bai spoke, he picked up the phone on the table and was about to call his disciple.

Lin Yi didn't want to disturb them on the phone, so he walked out of the office and called the Miss. He told her that he was going to visit master Bai's house tonight, and that she shouldn't wait for him to come back.

On the other hand, boss Bai made a call to his home.

It was boss Bai's wife who picked up the phone. Boss Bai said directly, ""Let Xinxin answer the phone."

After a while, a gentle female voice came from the other side of the phone. ""Master, you were looking for me?"

"En, Xinxin, go prepare a table of food later and ask your master's wife to go to the supermarket downstairs to buy more ingredients." Boss Bai said.

"Ah? Are there any guests at home tonight?" The disciple named Xinxin was slightly stunned. It was known that boss Bai rarely invited guests to his house. Usually, she would only cook for three people. At most, she would cook more on the weekends when boss Bai's son, daughter-in-law, and two grandsons came back. Today was not the weekend, and boss Bai's family was not back, so there must be a guest?

"Yes, I've accepted another disciple. He's a talented young man and a very powerful figure. It just so happens that you two can get to know each other and get closer. You two are about the same age, so you should be able to get along!" Boss Bai said happily.

"Ah?" After hearing boss Bai's words, Xinxin didn't know why, but she suddenly felt a little repulsed. Why did boss Bai's tone sound like he was introducing a partner to her? A young talent and a very powerful figure?

"Xinxin, you have to do your best. When he eats your food, he'll definitely come to our house often!" Boss Bai said.

"Oh ..." Xinxin frowned. What did that mean? It seemed like he was really introducing a partner to her? But boss Bai was her master, and she was too embarrassed to ask. But she thought to herself, I must not let this person come to our house often!

In fact, boss Bai really didn't mean anything else! He thought highly of Lin Yi, but he wasn't in a rush to matchmake Lin Yi with his other disciple.

Chapter 2624 Another Young Talent?

After all, they were free to love now, and whether Lin Yi liked his disciple or not was another matter. Boss Bai couldn't meddle in this!

He really wanted Lin Yi and Xin Xin to talk more-Lin Yi didn't know how to make elixirs, but his medical skills and theoretical knowledge were quite powerful, especially the speed and effectiveness of Lin Yi's treatment for Han Jing today.

It was also his wish to have Lin Yi visit his house often, and that was why he said that. He didn't think that Xinxin would misunderstand.

"Alright, I'll talk to you later!" Boss Bai didn't hear the negative emotions in Xinxin's tone, and hung up the phone after he finished speaking.

Xinxin hung up the phone and couldn't help pouting. She thought to herself, I don't care what kind of young talent you are. I guarantee that you won't want to eat it again and won't dare to come again! Hmph Hmph Hmph Hmph Hmph ...

Lin Yi finished his call and returned to boss Bai's office. Boss Bai had just finished his call.

"Teacher Bai, have you made the arrangements?" Lin Yi asked.

"Yes, it's all arranged. Let's go together." With that, boss Bai stood up and walked out of the office with Lin Yi to the family section.

Boss Bai lived in a separate villa for the professors in the University. With his superior status, he naturally had the right to enjoy the villa. As they walked, boss Bai introduced, ""This disciple of mine, not only has her alchemy skills improved rapidly, but she also has quite an outstanding ability in identifying medicinal herbs. You can often discuss and compare notes, especially her ability to identify medicinal herbs, she is not worse than you!" "She's already a first-grade Alchemist," boss Bai said. "She's trying to break through to the second grade."

"Oh? It's that powerful?" Lin Yi couldn't help but be surprised-boss Bai was once a genius refiner, and as long as his disciples met the requirements and weren't that stupid, it wouldn't be surprising for them to become first class refiners. However, recognizing herbs was a part of talent!

Lin Yi had this kind of talent, and even old Lin wasn't as good as him. Naturally, Lin Yi would be interested when he heard that there was someone similar to him.

"That's right. If it weren't for your close relationship with han Jingjing, I would have even introduced her to be your girlfriend!" Boss Bai said.

"Ugh ... I'm fine, you can introduce me to Bai Weitao or Bai weikai ..." Lin Yi said.

"How could I not know that Bai Weitao has a girlfriend? Isn't she called he meiyue?" Boss Bai said,"and even if he doesn 't, I won't introduce him. They're not the same, and they won't be happy in the future. But you're different. You're both cultivators, and you're both talented in this area. So, Bai weikai can't do it either."

"Haha ..." Lin Yi smiled but didn't reply. His love life was already very complicated, and he wouldn't accept boss Bai's kindness.

As the two spoke, they arrived at the family area. In front of boss Bai's Villa, Lin Yi looked at the herbs in boss Bai's yard, surprised. It was winter now, and although these herbs were all in a self-made greenhouse, it was quite difficult to grow them. It seemed that boss Bai had some skills in growing herbs!

It might even be better than old Lin 's. After all, the West Star Mountain village's geographical location was spring all year round, so the herbs were more suitable for growth. But it was different here. Without some special methods, it was hard to make the herbs grow.

"You've taken a fancy to my herbs?" Boss Bai asked with a smile as he saw Lin Yi looking at the herbs.

"Yeah, but they're all for first class pills. The only second class pill is the small recovery pill ..." Lin Yi said.

"My disciple is currently a first-grade Alchemist, so I planted some more medicinal herbs needed for first-grade pills. As for second-grade pills, she's currently only testing them and can't form pills yet, so all pills are the same. The medicinal herbs for the minor rejuvenation pill are easier to grow, have higher production, and are easy to cultivate, so I planted this kind." "I'll train her after she's truly become a second-grade Alchemist,"boss Bai explained.

Lin Yi nodded, not saying anything else.

In the kitchen of master Bai's house, a beautiful figure was busy working. If Lin Yi was here, he would be surprised, because this was the nurse Guan Xin!

Guan Xin followed boss Bai's orders and made eight dishes and a soup, all "carefully" made by her. She didn't really want to get to know some young man, but he was someone her master thought highly of, and since boss Bai had asked for it, she couldn't just reject him. However, to bring out her best cooking to serve her guests was impossible!

This was also because boss Bai was usually too kind and kind to her. If it were a master and disciple in a normal sect, how would the disciple dare to do what the master said? But Guan Xin was boss Bai's last student, and because of her rapid progress in pill making, boss Bai doted on her a lot!

This was also why Guan Xin dared to make her food taste bad. As far as she was concerned, as long as the food looked good, it was fine. If the taste was bad, the customers wouldn't be able to say anything even if they were upset. At most, they wouldn't come again.

However, this scene reminded her of when her grandfather introduced young men to her house! Back then, he was also like this, wanting to cook a table of unpalatable dishes to "poison" that young talent to death!

And it turned out that the young man her Grandpa was talking about was her sweetheart, Lin Yi! Guan Xin regretted it so much that she wanted to die! It wasn't easy for her to show off her cooking skills in front of her sweetheart, but she had ruined it with her own hands!

It was a good thing Lin Yi didn't mind, or guanxin would've been really embarrassed.

Sigh, it'd been a few months since she'd joined boss Bai's sect-she wondered how Lin Yi was doing. It'd been a long time since she'd heard from him, and the image of Lin Yi's not-so-tall figure appeared in her mind again ...

Thinking of Lin Yi, Guan Xin knew that she couldn't give the young man any more hope. What if he really did like her and came to visit often? At that time, for the sake of master's face, it would be difficult for him to drive out this senior brother or Junior Brother from the same sect.

And so, Guan Xin gave it her all, using her cooking skills to the fullest. The food she made looked as pretty as it could be, but it tasted as bad as it could be. She'd never want to eat it again for a hundred years!

As the exquisitely-made dishes were served one after another, the doorbell of master Bai's Villa rang.

Chapter 2625 Continue To Eat Instant Noodles

Boss Bai's wife quickly went to open the door, and Guan Xin brought out the last dish, the sweet and sour wasabi fish!

Guan Xin stood to the side like a virtuous lady as she watched Mrs. Bai open the door. She looked at the spread of food on the table and laughed inside. Hehehehe, finally here. I'll definitely let you taste all the joys and sorrows of life tonight!

The door opened, and boss Bai and Lin Yi walked in one after the other. Madam Bai had prepared a pair of slippers for Lin Yi.

"Lin Yi, this is my wife ... And also your master's wife." Boss Bai hesitated for a moment before deciding to treat Lin Yi as his disciple. After all, Lin Yi said that he'd stick to his status as a disciple, "Xinxin, come over and meet your ... Senior brother!"

Lin Yi came in later, so he should be a junior, but boss Bai didn't dare let him be a junior because of his Grandmaster's status, so he arranged for him to be a senior.

"It ... It's you?" he asked. Guan Xin's eyes were wide open as she looked at boss Bai in disbelief. This was the disciple of a young man! She was at a loss and her heart was in a mess. How could this be ... Oh my God, I don't want to live anymore!

The same mistake twice? Oh, Guan Xin, why are you so stupid?

"Xinxin, I didn't expect you to be Mr. Bai's last disciple." Lin Yi was surprised as well-he didn't think that boss Bai's student would be Guan Xin! Lin Yi was surprised.

"You ... Are the young talent that master was talking about?" Guan Xin looked at Lin Yi, then at the table full of food-she wanted to cry.

"Another young talent?" Lin Yi couldn't help but think back to his meeting with Guan Xin at Guan Xuemin's house, and he found it funny.

"Xin Xin, you know Lin Yi?" Boss Bai was surprised as well-he didn't think that Lin Yi would know Guan Xin! But thinking about it, Lin Yi and miracle doctor Guan's medical company had some unknown relationship. If that was the case, it wasn't impossible for him to know Guan Xin. It was just that he didn't know what Lin Yi's relationship with miracle doctor Guan's medical company was, or if Lin Yi knew Guan Xuemin himself, so he didn't think too much about it.

After all, he was one of the few people who knew the inside story. Miracle doctor Guan's medical company's Guan Xuemin was only in name, but the operations were run by someone else. If Lin Yi knew Guan Xin, he must have a deep relationship with Guan Xuemin, which surprised him.

"Yeah ..." Guan Xin blushed and nodded, complaining, ""Master, why didn't you say so earlier ..."

"You said so earlier?" Boss Bai's eyes narrowed as he looked at Guan Xin's embarrassed face. There was something going on between the two! It seemed that Lin Yi was indeed a Playboy. As long as it was a beauty, he would have some sort of relationship with her. "I didn't know you knew Lin Yi, why did I tell you earlier? Lin Yi, come and eat-I'm sure you know how Xin Xin's cooking is, and she's improved quite a bit recently-she learned how to use the refinement fire to cook now, and she can control the temperature more precisely!"

"..." Lin Yi was speechless. He could cook with a fire?

"You've never heard of it? This was Xinxin's original creation! Come, have a taste!" Boss Bai said proudly.

"Alright," he said. Lin Yi nodded and took the slippers from Madam Bai. After changing into them, he entered the villa.

Guan Xin, on the other hand, didn't know what to do. Aiya, if he had known earlier, he would have asked boss Bai for the name of that young talent, and things wouldn't have ended up like this! However, Guan Xin didn't like the young man at all. Why would she ask for his name?

Looking at the food on the table, Guan Xin couldn't help but feel anxious. She saw that Lin Yi, boss Bai, and master's wife were all about to take their seats, so she quickly said, "These dishes are cold, right? Do you want me to heat it up?"

"It's cold?" Mistress Bai was slightly taken aback and asked curiously, "Didn't you just finish? It's still steaming, why is it cold?"

"Then ... Actually, I have a good idea. We're already sick of eating these dishes every day. Why don't we eat instant noodles? How is it?" "There's a new type of braised meat noodles. It's pretty good. I bought a lot of them. Let's throw away all the vegetables and have some braised meat noodles?"

“？”Boss Bai looked at his favorite disciple, baffled. What was going on? Throw away the good vegetables? Was she too excited after seeing Lin Yi that her brain short-circuited?

“？”Madam Bai was also very curious. Why did he eat instant noodles? Even if the braised meat noodles were delicious, it shouldn't be used to entertain guests, right?

Lin Yi, on the other hand, only smiled strangely as he looked up at Guan Xin. He remembered the meal they had at Guan Xuemin's house, and he understood that the food tonight would probably be the same as before!

"Lin Yi ... I'm sorry, I didn't know it was you ..." Guanxin saw Lin Yi looking at her and knew that Lin Yi had guessed it. She was a little embarrassed.

"Hehe, these dishes seem to be really cold. I'll go back to the pot!" Lin Yi smiled as he picked up the last dish Guan Xin picked up, the wasabi fish with sweet and sour sauce, before walking into the kitchen.

This time, boss Bai was even more confused-why was Lin Yi going crazy with Guan Xin? However, Lin Yi's status was different from Guan Xin 'S. Lin Yi may be her disciple, but he was also her master. Boss Bai could only do as he pleased.

"Forget it, I'm starving. It's not cold, I'll have a bite first!" As he said that, boss Bai picked up a piece of braised pork with preserved vegetables and put it into his mouth. However, he spat it out right after he rejected it! He was almost disgusted to death!

"Boss, what's wrong with you?" Madam Bai was stunned, and when she saw boss Bai spit out the meat, she frowned.

"I'm so sick of it. The oil in the braised pork didn't get fried, and it doesn't smell at all. Although it smells good, it's just the smell of scallions and preserved vegetables. The meat itself doesn't have any smell at all ... Xinxin, did you forget to add other ingredients?" Boss Bai asked curiously.

"This ... I ..." Guan Xin didn't know how to explain.

However, Lin Yi quickly came out of the kitchen. The sweet and sour wasabi fish was changed into a cold dish. The sour, sweet, numbing, spicy wasabi fish was a completely different taste.

Lin Yi brought the other dish into the kitchen, repeating it over and over again until he finally got to the braised pork with preserved vegetables!

At this moment, boss Bai and master's wife also came to their senses. Boss Bai asked, ""Xinxin, is there a problem with all the dishes you've made?"

Chapter 2626 You're An Alchemist Too?

"I ..." Guan Xin was embarrassed. She didn't know how to explain herself.

Lin Yi had just finished making the last dish, and he heard boss Bai's question. He smiled and explained, "Well, this is what happened ..."

With that, Lin Yi told boss Bai and Madam Bai about his visit to Xuemin's house. Naturally, it was quite interesting when Lin Yi told them about it, and the two were amused, not blaming Guan Xin anymore.

"Haha, so it's like this! Alright, I'll try Lin Yi's cooking then!" Boss Bai picked up another piece of braised pork with preserved vegetables and put it into his mouth carefully. However, this time, he was not confident enough to swallow it all at once. Instead, he savored it slowly. This time, as soon as it entered his mouth, the rich aroma made boss Bai swallow the rest of the meat together with it. He praised, "It's delicious! He's even better than Xinxin?"

Mrs. Bai tasted the dish and nodded. It was harder to change a dish than to cook it. Guan Xin had already made it taste bad, and Lin Yi was able to make it again after putting it back in the pot. Just how good was his cooking?

This wasn't something that an ordinary person with high culinary skills could do!

Guan Xin's face was full of admiration as well-she didn't know that Lin Yi had the ability to do this when he didn't make a move the last time, and she was even more moved to see him now! No wonder his grandfather and master both admired him so much!

And so, when boss Bai said that Lin Yi was better than her, she wasn't angry at all-she was proud of it, "Yeah, Lin Yi's actually very strong ..."

"Haha, I thought that Xin Xin would be unhappy if Lin Yi became big brother, but it seems like that won't happen, right?" Boss Bai asked with a smile.

"En, naturally not." Guan Xin nodded naturally, but she was curious. "Lin Yi, you know how to make pills too?"

"I won't," Lin Yi shook his head, "The condition of my body is very strange. I can urge to condense the pill fire, but I can't control the fire and temperature."

"Is it because your body lacks the wood attribute?" Guan Xin asked, surprised.

"No, maybe there are too many attributes, so it's a mess." Lin Yi said.

"Yes, it's probably because there are too many elements in Lin Yi's body, and they aren't compatible with each other. They're restricting each other, and that's why this is happening. I've been looking through the ancient books of my sect, hoping to find a safe solution." Boss Bai nodded, "but we don't have any leads yet, but we've found some clues. Lin Yi's situation is lacking an opportunity. If we can make the elements in his body merge together and form a small cycle, the problem will be solved!"

"A small cycle?" Lin Yi didn't expect boss Bai to find a solution, and he was a little surprised. "In other words, it's still possible for me to refine pills, right?"

"Not bad!" Boss Bai nodded and said, "you can indeed refine pills. Similar situations have occurred in my sect for generations. However, when I left back then, I took too little information with me. Most of what I took was related to alchemy and not records of strange things. It's impossible to go back and ask now."

Lin Yi nodded, not too disappointed. After all, what boss Bai said was a pleasant surprise for him. He thought that he couldn't make elixirs at all, but it seemed that he could. It was just that the elements in his body didn't merge together, forming a small cycle, which was why they countered each other.

"It's fine, as long as there's hope!" "We'll have to figure it out later," Lin Yi said.

"Okay, come to my study room after dinner. I'll let you read that book." Boss Bai said.

"Alright!" Lin Yi nodded.

Guan Xin didn't know what was going on-these attributes were all counter to each other, and it was a cycle that she'd never come into contact with before. She didn't really understand it, but one thing was clear-Lin Yi couldn't make elixirs, but he had a chance!

"Good luck, Lin Yi senior-Xin Xin's already a first class refiner, and she's trying to reach second class!" Guan Xin said, pleased with herself. She finally had something better to do than Lin Yi-she could finally be his right-hand man! She was really happy today!

At first, she didn't have much interest in learning alchemy-she just wanted to learn about medicine and go back to help Lin Yi's company. She had no choice but to learn alchemy under boss Bai's hope, but now that Lin Yi had come into contact with alchemy as well, guanxin felt that it was a wise decision to learn alchemy. She finally had a place where she could surpass Lin Yi.

"Hehe, sure!" Lin Yi smiled, "Oh right, Xin Xin, you're already trying to become a second class refiner?"  
Are there any difficulties?"

"Difficult ... Not yet, but practice makes perfect ..." Guan Xin shook her head, ""I haven't even refined a fully formed second grade pill yet!"

"Actually, that's not the case." Boss Bai suddenly said, "the reason why Xinxin's success rate of refining a second-grade pill is too low is that my second-grade cauldron here is too broken. There's a crack on it, and during the process of refining pills, the pill Qi will leak out, so the success rate is naturally much lower than normal circumstances. In Xinxin's case, it's reasonable for her success rate to be low."

"Cracks?" "Mr. Bai, can't you use a cauldron without cracks?" Lin Yi asked.

"This medicinal cauldron was the one I used when I was learning alchemy. I brought it with me as a memento. I can't even refine pills myself, so what's the use of having a good medicinal cauldron?" "No one would have thought that I would have a disciple decades later and teach her alchemy!" Boss Bai smiled bitterly.

Boss Bai's purpose of teaching outside was to stay away from the conflicts in that place, and also to find an inheritor of the wood element according to his ancestors' instructions. She was a girl with an extremely keen sense of herbs, but when boss Bai saw Guan Xin, he realized that she not only had the qualities of an inheritor, but also the qualities of a pill master, so he taught her how to make pills!

Regarding this matter, boss Bai really had no way of asking xuanchen for a grade two medicinal cauldron. After all, xuanchen was only inclined to let boss Bai find a pure inheritor and not cultivate an Alchemist!

Chapter 2627 After-Meal Conversation (1)

An inheritor had to cultivate all the way and then come into contact with herbs to comprehend the inheritance by chance. However, it was different after becoming an Alchemist.

Alchemists had to constantly consume their physical strength and Zhen Qi while concocting pills. They always needed time to recover their physical strength and Zhen Qi, so the chances of obtaining the inheritance were relatively less. Moreover, most of the time was spent on alchemy, and there was no chance to come into contact with plants and vegetation to comprehend the inheritance.

"I see." "But it's okay, I still have an extra grade two cauldron. I'll bring it next time for Xin Xin-that idiot Yu Panhu gave it to me."

"Right, speaking of you Panhu, xuanchen sent people to get information from Jing Jing. They might be hiding the news from house you. Above them is the sky elixir sect, and behind the sky elixir sect ... Is that place ..." Boss Bai said to Lin Yi as he suddenly thought of something.

"Oh? The you family? The sky elixir sect? That place?" Lin Yi paused and smiled bitterly. So this was the problem! He had wanted to tempt the right coiled Tiger to exchange for something good, but he didn't expect that in the end, he would be the one to suffer!

It seemed that, unconsciously, as his strength became higher and higher, the people he came into contact with were also of higher levels. Among the people around him, there would inevitably be people who were connected to higher levels. He really had to be careful in the future!

"I'm just guessing. I don't know if it's true. " "But how did you Panhu know that you have Zhang Liju's personal notes?" boss Bai asked.

"That's hard to say. I've never revealed it to him. Today is the first time I've told you." Lin Yi couldn't figure it out.

"That's weird. Forget it, let's not think about this for now. " "Let's eat!" Boss Bai waved his hand and said.

"Alright!" Lin Yi nodded. Naturally, he didn't think that there was a problem with the auction in the practitioner's market. There was someone from the Hidden House you bribed in the auction, and that's why the news was leaked.

"Master, Lin Yi-Shixiong, what are you guys talking about? What you family? The sky elixir sect? What happened? Who was Jing Jing? And what is Zhang Liju's personal notes?" Guan Xin didn't know what was going on, but she was more concerned about who Jingjing was. It was a girl's name, and Lin Yi seemed to be close to her? Otherwise, boss Bai wouldn't be able to say it here, and so guanxin was starting to get impatient.

"The you family and the sky elixir sect are two alchemy forces." Lin Yi explained, "Jingjing is my classmate, and also my ... Oh, it's similar to our relationship. She's an Alchemist too, but she's already a level two Alchemist now. She's a little tired today and didn't come. I'll ask her to come over when we have time. You two can get to know each other and discuss some alchemy problems."

"Ah, is that so ..." Guan Xin was a little happy and a little disappointed, but she knew that Lin Yi had a lot of female friends. She didn't want to force anything, as long as she had a place in Lin Yi's heart, she was happy. "Okay, then I'll have to ask her for more advice."

"As for Zhang Liju's personal notes, I'll need Mr. Bai to explain it to me." Lin Yi said.

"Haha, Zhang Liju is our Grandmaster, and Lin Yi is basically Zhang Liju's disciple, so in terms of seniority, he's our Grandmaster too ..." Boss Bai explained Zhang Liju's situation to Guan Xin, ""But Lin Yi insisted that he's my student, so there's nothing I can do ..."

"I see ..." Guan Xin let out a breath of relief, glad that boss Bai didn't insist. If he did, she'd be Lin Yi's student's student, wouldn't she? She didn't want this to happen.

"Yeah, Lin Yi, since you've known Xin Xin before, you should come visit us more often." Boss Bai said.

"Alright, then I'll do as you say!" Lin Yi nodded.

Guan Xin kept a smile on her face as she peeked at Lin Yi. She had something she wanted to say to him, but boss Bai was there, so she kept it to herself.

After dinner, Madam Bai and Guan Xin went to clean up the dishes, while Lin Yi and boss Bai went to the study room. On the way there, Lin Yi was thinking about something important-the combined attack technique he'd gotten from the Hidden House Zhuang!

Before, Lin Yi didn't think that this combined arts was very practical, but now it seemed that it was very useful. If han Jingjing and Guan Xin were refining elixirs together, then there was a chance of making a level 3 elixir. However, Lin Yi couldn't practice this combined arts. He had an idea but he couldn't put it into practice. It was a headache!

He'd been worried about not being able to find a reliable refiner, but with Guan Xin joining, he'd be able to relax. Both Guan Xin and Han Jing Jing were people he trusted, and they wouldn't harm him. It was just that he'd have to do some more research on this combined attack.

Thinking of the combined arts, Lin Yi couldn't help but think of the combined martial arts, along with his own raging fire Eight Trigram palm and taganlong's five elements Eight Trigram palm!

That's right! Lin Yi was a little regretful that small one didn't use the five elements Eight Trigrams palm, so he couldn't learn it secretly, but boss Bai was the sect master of the five elements sect that small one was looking down on. Did he have the five elements Eight Trigrams Palm's martial arts manual?

After entering the study with boss Bai, Lin Yi couldn't wait to ask, "Teacher Bai, do you know about Tagan Dragon?"

"I know. Isn't he the person chosen by xuanchen to carry out the plan? You've crippled him. " Boss Bai was a little confused as to why Lin Yi would suddenly ask this question, "Why are you asking about him?"

"He has a martial art technique called the five elements Eight Trigrams palm. Mr. Bai, do you know about it?" Lin Yi continued.

"Five elements Eight Trigrams palm?" Boss Bai was taken aback, but he shook his head. ""The five-elements sect is a sect that's on a higher level than the ancient sects. There are many martial skills stored inside. Naturally, I don't know what taganlong is cultivating, and I'm not even sure about the martial skills little one and the others are using. As you know, I've always been focused on alchemy. As for martial skills, I don't study them, and I don't have the time to study them."

"Is that so ..." Lin Yi was a little disappointed, but it made sense. Who would study a whole bunch of skills and memorize them all? Not to mention that boss Bai was an Alchemist, even those hidden noble houses that only had one or two martial arts techniques couldn't possibly memorize martial arts that they didn't practice!

## Chapter 2628 After-Meal Conversation (2)

If you ask old master Zhuang to memorize the mental cultivation method and martial skill of the joint attack, wouldn't that be too much trouble for him?

"What, you want to learn this martial art?" Boss Bai thought for a moment. "This martial technique sounds like it can only be practiced by people with the five elements Constitution. Ordinary people can't practice it. Even if they practice it, they can only use one or two of the attributes 'energy, and the power will naturally be much smaller."

"I just want to do some research." Lin Yi couldn't tell anyone about his miraculous omnipotent skill, so he just gave a perfunctory reply.

"Oh." Boss Bai didn't think much of it and nodded before walking to the bookshelf. He found a handwritten thread-bound book, took it out, and flipped to the bookmarked page before handing it to Lin Yi. "According to what you said, your body has fire, wood, and water elements, but the fire and water elements are the two elements that counter each other, so you can't make pills. But according to the ancient book, this is because the elements in your body can't go through internal circulation and tightly combine into a loop, so you can't make pills. If you can make the elements in your body circulate, then the three elements in your body will no longer counter each other. Instead, it will form a cycle. This way, it will be interlinked. "

"Oh?" Lin Yi quickly took the book from boss Bai and flipped through it. It was indeed written about the disadvantages of the five elements before they were circulated and the benefits after the circulation, but it used the five elements as an example to explain! If the power of the five elements could be combined together and matched with the corresponding martial arts technique, it could trigger the power of the martial arts technique equivalent to the five ranks of each attribute!

According to the above calculation, it was a bit terrifying. One attribute plus five, five attributes would be five times, which was twenty-five. In other words, one form was equivalent to other people's twenty-six forms?

An Earth Class early phase could kill a Sky Class late phase peak? Was it really that bad? This person with five elements Constitution was simply abnormal!

"Tagan Dragon?!" Taganlong was the first person Lin Yi thought of! That's right, he probably circulated the five elements in his body, but the circulation wasn't very successful, and with his talent, the skill wasn't as overpowered as Lin Yi's. It was just a little more overpowered than Lin Yi's.

"En, this should be the case for Tagan Dragon." Boss Bai nodded. "First, I need to test the attributes in your body and find a way to circulate them. If I succeed, you should be able to make pills!"

"Then ..." Lin Yi was a little excited and worried at the same time. Boss Bai had found some relevant information, but he didn't have a method at all. Lin Yi was full of anticipation, but he knew that this was probably not going to be solved.

"Hehe, you don't have to worry. I'll look up some more information. I have a lot of information here. Although I didn't take away any martial arts manuals back then, I took away a lot of copied information on alchemy. There are many that I haven't studied. I just saw this one." Boss Bai said, pointing at a bookshelf not far away.

"I'll have to trouble you then, teacher Bai!" Lin Yi took a deep breath and said excitedly.

Boss Bai's bookshelf was indeed filled with books on alchemy. From this, it could be seen how obsessed boss Bai was with the art of alchemy!

If boss Bai could have the same level as he did back then, then refining third-grade pills shouldn't be a problem, right? But no matter what, Lin Yi couldn't let boss Bai regain his strength!

Healing was no problem for Lin Yi-he could heal all of boss Bai's damaged meridians, but he couldn't raise his strength. Spiritual and physical were different-even if Lin Yi healed boss Bai's meridians, the Qi in them wouldn't come back, and he'd have to slowly raise his strength.

It was just like when he was treating uncle Fu-uncle Fu was an Earth Class back then, but Lin Yi was limited by his own strength, so he could only raise uncle Fu's strength to golden class late phase peak.

And now, Lin Yi could heal boss Bai's injuries, but boss Bai's strength was at most Earth Class early phase-if he wanted to become a Sky Class master, he still had to train up bit by bit!

Of course, if his meridians weren't all broken, or if they were just broken and his Qi wasn't lost, Lin Yi was confident that he could heal him and return him to his original strength. But boss Bai's meridians weren't just broken, and they were all broken-Lin Yi really couldn't do anything!

But, even so, Lin Yi still wanted to find a suitable time to help boss Bai repair his meridians. As for the rest of his training, it was boss Bai's own business-Lin Yi wouldn't be able to help him level up until he reached Sky Class.

And so, Lin Yi wasn't in a rush to heal and level up boss Bai-even if he did, he wouldn't be able to make a third class pill, at most a second class like Han Jing Jing.

"Mr. Bai, do you think xuanchen will be suspicious and kill you if your meridians recover?" Lin Yi hesitated and decided to give boss Bai a heads up.

"Oh? My meridians have recovered? How is that possible?" Boss Bai was slightly taken aback."I know about my injuries. They're not external injuries, they're internal. Even a grade three great recovery pill has no effect on me. How can I recover?"

"I'm just saying what if?" Lin Yi asked.

"If ..." Boss Bai couldn't help but fall into deep thought. Although he always felt that xuanchen couldn't be so ruthless, what happened today also told boss Bai that some things could be so ruthless! Although he didn't want to admit it, he had to admit that if his meridians recovered, xuanchen might have the intention to kill him again!

"He'll make a move, right?" Lin Yi saw boss Bai's hesitation and understood.

"It's possible ... I'm not sure ..." Boss Bai smiled bitterly, shaking his head."However, even if I recover my meridians, I still need to cultivate again. My body has long since run out of true Qi, so I still don't have any strength."

"Oh, then if it's possible, you should hide your strength after you recover, and endure it for a while ..." Lin Yi suggested.

"Hehe, that's natural. I'm no longer the same as I was in the past, so I naturally have to be more careful in everything. But the key problem is that I can only recover!" Elder Bai laughed and said.

#### Chapter 2629 A Heartwarming Evening (1)

"There will be a chance. I'll help you think of a way." Lin Yi said.

"Haha, that's great. I'll be waiting then." Boss Bai didn't take it seriously. After all, although Han Jing Jing's injuries were serious, boss Bai thought that it was just little Eleven's physical torture, and that Lin Yi was able to heal her without breaking her meridians. Perhaps it was because of the small recovery pill and some magical golden creation medicine, so he didn't think too deeply about the reason.

"It's getting late. I'll go back first. " "Zhang Liju's personal notes, I'll have Jing Jing send it to your email," Lin Yi said.

"Alright, there's no hurry." "It's more important for her to recuperate first," boss Bai said. "It's fine if she doesn't come to school for a few days. I'll give her a break."

Lin Yi nodded. He knew han Jingjing's situation the best. She was basically fine now, but he couldn't make such a big promise. He only got up and left.

Guan Xin and Madam Bai were watching TV in the living room, waiting for Lin Yi and boss Bai to come down. Both of them stood up when they saw them.

"Yi, you're leaving?" Madam Bai asked with a smile.

"Yes, master's wife. I'll take my leave first. I'll visit another day!" Lin Yi said.

"Xinxin, see Lin Yi off." Boss Bai said to Guan Xin.

"En!" Guan Xin nodded excitedly and quickly ran to Lin Yi's side, looking like a cute little girl.

"Hehe ..." Boss Bai smiled. He was afraid that Lin Yi and Guan Xin wouldn't get along well. After all, boss Bai hated it when his disciples didn't get along well with each other. It was the same between him and xuanchen, so he was more concerned about his own disciple. Now it seemed that Lin Yi and Guan Xin wouldn't have any problems, which made boss Bai very happy.

Guanxin let out a breath of relief after leaving the villa with Lin Yi."You ..."

"You ..." Lin Yi didn't expect Lin Yi to say the same thing. He smiled,""You go first,"

"What ... What did I want to say?" Guan Xin was a little nervous-it'd been a long time since she'd seen Lin Yi, and he wasn't as casual as he was before.

"Then I'll say it first. I really didn't expect that you'd be under Bai Laoshi's tutelage to learn alchemy!" "I thought you were studying medicine!" Lin Yi said.

"I'm surprised too. I thought that I wouldn't be able to help you with my alchemy studies, but it seems like you're studying alchemy as well ..." Guan Xin suddenly thought of the girl called Jing Jing. She was also a refiner, and a second class one at that. Lin Yi probably didn't value her that much, did he?

Lin Yi blinked, not understanding what was wrong with her. "What's wrong? Why did you stop?"

"No, I think I'll have to work harder. I'm only a first rank refiner, I don't think I can help you ..." Guan Xin said self-deprecatingly, feeling that she was still quite useless.

"Being a first ranked Alchemist and a second ranked Alchemist isn't that important. As long as you're willing, I can make you a second ranked Alchemist at any time!" Lin Yi said.

"Ah? A second level refiner had to be at least a Mystic class practitioner, right? I'm only golden class, and I'm still far from it-that's why I always fail when making second-grade pills!" Guan Xin asked, confused.

"Golden class late phase peak?" Lin Yi looked at Guan Xin's strength and nodded. "It's only one step away from Mystic class. You'll be able to break through after eating a small Qi gathering pill. "

"You can see my strength?" Guan Xin was a little surprised, but didn't think much about it-she assumed that boss Bai was the one who told Lin Yi, and that she was referring to the latter part of Lin Yi's sentence."Ah, I remember now, you have a second class Alchemist by your side. Indeed, if you can make some small Qi gathering pills for me to eat, it's not impossible for me to become an Earth Class early phase. By then, with a second class cauldron, I can almost make second class pills."

"That's true. " "Yeah, but you don't have to go through all that trouble, give me your hand!" Lin Yi nodded with a smile.

"Hmm?" Guan Xin blushed-was Lin Yi going to hold her hand? Guan Xin's heart started beating faster at the thought, and her palms started to sweat as well, but she still stretched her hand out nervously and happily, waiting for Lin Yi to hold her hand.

This was the scene she'd been looking forward to for a long time-she didn't think it'd happen again after a long separation. This moment of happiness and heartache made guanxin feel that all the suffering she'd gone through these days was worth it. Her separation with Lin Yi was for a better meeting.

Lin Yi was a little surprised to see Guan Xin like that, but he understood immediately that Guan Xin had misunderstood! Lin Yi had a good impression of Guan Xin, but he still had Wang Xinyan to deal with. Besides, it was a long time, and it was too sudden for Lin Yi to think too much about it.

But guanxin had misunderstood, and Lin Yi didn't want to hurt her confidence. He held her hand first.

Lin Yi's heart skipped a beat when he felt her nervousness. The feelings he'd been suppressing in the bottom of his heart started to surface on this cold yet warm night. Lin Yi held her hand tightly.

Some things had to be faced, and some people could not be let go.

Lin Yi didn't know what his future would be like, and he didn't know if the road ahead would be stable or dangerous, but there were bound to be some people he couldn't forget along the way ... At this moment, Lin Yi thought through many things.

There was still a big gap between their strength and the five elements sect 's, but Lin Yi wouldn't run away anymore.

He thought of a girl that he could never forget. He thought of the times in the past. How was Xiaoning?

Lin Yi was a little emotional. He never thought that one day, his strength would be enough to make all the hidden houses, including the Hidden House Yu, not dare to act rashly. Even three of the hidden houses had become his followers!

The leap in strength had caused the gap between them to no longer be insurmountable. However, many years later, things remained the same, but people had changed.

Although he had heard some news about Yu Ning from Yu Bing, he didn't know what would happen if they met again.

Did his escape back then bring her disappointment? How good would it be if life could only be like the first time they met? But how could the Lin Yi from back then have predicted his current height? The level of hidden houses was practically no threat to Lin Yi anymore.

Sensing Lin Yi's sadness, Guan Xin looked at him strangely. She didn't understand why he was so depressed all of a sudden. She subconsciously held Lin Yi's hand tightly.

Chapter 2630 A Heartwarming Evening (2)

Feeling the strength in Guan Xin's hand, Lin Yi returned to reality and sighed. The past was the past, the only thing that mattered now was to cherish the present.

There were some things that there was no use in being conflicted about. Some people would meet again if fate brought them together.

"Try to circulate your heart cultivation method." Lin Yi said suddenly.

"Ah?" Guan Xin's eyes were wide open as she looked at Lin Yi in disbelief. "Now? You're letting me cultivate here?"

"En ..." Lin Yi nodded.

"Why?" Guan Xin was a little troubled-Lin Yi's suggestion was way too weird. Who practises while taking a walk?

"I'm helping you to increase your strength. You're about to break through." Lin Yi said.

"Me? You're about to break through?" Guan Xin was even more confused-she didn't even know she was about to break through, how did Lin Yi know? But, out of her trust in Lin Yi, she nodded and started to practice the arts of the refiner.

However, in the next moment, Guan Xin's eyes widened even more! She suddenly felt a pure stream of pure Qi entering her body from her wrist. It seemed to be from Lin Yi?

Lin Yi nodded at her with a smile, confirming her suspicions. It was Lin Yi, after all. Did he help her level up? How did Lin Yi Do it?

Before, when Guan Xin didn't know about practitioners, she didn't think much about it. But after knowing about it, she was different. She knew how hard it was to practice, and all her strength was slowly increased by taking the pills. The Golden class late phase peak was the bottleneck, and she had to rely on herself to break through. But she hadn't had any substantial breakthrough for so long. And so, Lin Yi being able to help her level up really surprised her.

Guan Xin felt her body shake-she was now in the early phase of Mystic class! It was a little hard to break through, but the joy and comfort she felt after breaking through was more important!

He broke through to Mystic just like that? Guan Xin wondered if she was dreaming.

As for Lin Yi, he didn't give Guan Xin any more strength upgrades-some things had to be done step by step. This was a warning to boss Bai, so that he could be prepared. It wouldn't be too sudden when he needed to upgrade him.

"I ... I'm already a Mystic class master?" Guan Xin didn't think that she'd be able to break through just by taking a walk.

"En, that's it." Lin Yi nodded.

"It's that easy?" Guan Xin realized that she shouldn't have said that. She thought it was easy, but Lin Yi probably spent a lot of effort to help her level up.

"Hehe, yeah, it's so easy! I'll help you level up when I have time in the future. " "It's pretty late already," Lin Yi said, "let's call it a day. I'll drive you home."

"Ah? You're sending me back?" Guan Xin and Lin Yi were already at the door of the residential area-who was sending who back if Lin Yi was sending her back? The next moment, however, Guan Xin remembered what Lin Yi said."It can be improved in the future?"

"Of course you can." Lin Yi nodded,"otherwise, how do you think that Jingjing became a second rank refiner?" She's my classmate, and she only started making pills when she first went to university-even shorter than you, and she's already an Earth Class early phase now. "

"Ah!" Guan Xin was surprised and envious of Jingjing. So, the fastest way to level up was to be with Lin Yi! However, she was still happy that Lin Yi was helping her level up on their first meeting.

She wasn't a girl who liked to fight for things-she liked Lin Yi, and she just wanted to like him silently, not asking for anything in return. Even if Lin Yi didn't want to be with her for the rest of his life, and they couldn't be a couple, she would still stand quietly by his side, watching him. As long as he was there, she would be happy.

Lin Yi's holding hands today made her feel like she was going to die of happiness! But Guan Xin wasn't stupid-perhaps she'd been overthinking things. Lin Yi's purpose in holding hands was probably just to help her level up, not for real!

But no matter what it was, it showed that Lin Yi still cared about her, and Guan Xin was satisfied. Sometimes, a little bit of happiness was enough to satisfy her-she was an easily satisfied person.

As they were walking back, they came across an awkward situation. They saw a couple kissing in the bushes, the guy touching the girl's body and the girl panting. Guan Xin's face turned red ...

Lin Yi shook his head as well K he didn't think that a student would be so bold as to date in the family area, bumping into his teacher there. Wasn't he just waiting to be K K ckd K

"Ahem ..." Lin Yi coughed, reminding them to be careful. There were so many hidden places, why did they have to come to the roadside?

"Ah!!!" The couple was startled by Lin Yi's cough and quickly separated, but after that, something even more shocking happened!

"Boss?" The boy was actually Bai Weitao! The girl was he meiyue, of course. The two of them raised their heads and saw Lin Yi and Guan Xin holding hands. Therefore, Bai Weitao was even more shocked, ""Boss, when did you get together with sis Xin???"

"..." Lin Yi was speechless. He could meet Bai Weitao here? It was really amazing, but he was even more speechless about Bai Weitao's question, ""I've known Guan Xin for a long time, why would I?"

"Uh ... I see. I wanted sister Xin to follow my brother ... But it's not a loss for you to follow boss, hehe ..."  
Bai Weitao laughed.

"Why did you come here for a date? Aren't you afraid of your Grandpa seeing it?" Lin Yi asked.

"It's meiyue. She didn't want to be in school and was afraid of being seen by her classmates, so she came here. " Bai Weitao shrugged.

Lin Yi looked at he meiyue suspiciously. Didn't everyone in school know that they were dating? Even if he saw them kissing, it wouldn't be a big deal, right? Why did he suddenly come here?

But this was her business, and Lin Yi didn't have a reason to interfere. He nodded to he meiyue and said, ""Then you guys continue, we'll be leaving first, but it's best to go to a more hidden place in front ... "

"Okay, boss, hehe ..." Bai Weitao replied and waved his hand at Lin Yi, ""Goodbye, boss!"
