

Bodyguard 2661

Chapter 2661 Past

"Zhong pinliang's car is gone too, I went to the parking lot to check!" Another person said.

"What? The dormitory was gone, and the car was gone? He didn't even pick up the phone? Is this kid playing with us?" One of the students complained.

"Yeah, this guy disappeared after declaring war, isn't this a joke? Could it be that this person is a son of a B * tch?" Another student was also very angry.

Lin Yi and the others waited for a while more, and it was past two in the afternoon, but pinliang still wasn't here. Helpless, Lin Yi had no choice but to retreat, and the other students left as well. Pinliang, on the other hand, was the one who kept his declaration of war-he was a coward, a son of a B * tch ...

Pinliang didn't care about that, though. He just wanted to get back to the everyday and every day sect as soon as possible and ask celestial master pure yang what was wrong with his centipede ...

That night, Zhong pinliang finally returned to the everyday and every day sect. Naipao was very welcoming, but celestial master Chun Yang wasn't looking too good when he saw the centipede.

Although this spirit beast was nothing much to the everyday and every day sect, it was still a treasure. If he sold it to a hidden house or a small sect, it could be sold for at least a few hundred million. But now, it was destroyed by Zhong pinliang.

Of course, celestial master Chun Yang wouldn't have been so angry if it was just a drunken centipede. The problem was that Zhong pinliang had lost his cicada underwear and black iron rod. How could celestial master Chun Yang be so happy about such a prodigal?

"You're saying that after the centipede bit that Chen Yushu girl, it started smoking and turned into a dried centipede?" Heavenly venerate Chunyang looked at the dried centipede in disbelief and asked with a gloomy expression.

"Yes ... It seems like the centipede didn't come into contact with anything else after that, and that's it ..."
Pinliang nodded after some thought.

"Bullshit! This isn't the first time the drunken centipede has bitten someone. At most, it's ineffective, but I've never heard of a centipede that can emit smoke!" Celestial master Chunyang was furious. He thought pinliang was lying.

"Master ... I ... I'm not lying, it's really like this ..." Pinliang said bitterly, carefully smiling.

"I think you're lying through your teeth!" "Did Lin Yi Do this?" celestial master Chunyang slammed the table.

"Master, please calm down-I don't think Liang bro's lying. That Chen Yushu girl is a bit weird, maybe she put some poison on her ..." Naipao said, quickly helping his master.

"Oh? Is that so?" Celestial master Chun Yang frowned. However, naipao was his favorite student, so he calmed down a little after hearing what naipao said. He picked up the centipede again and examined it carefully. After a while, he couldn't help but exclaim, "This centipede seems to have been poisoned by fire! This is not poison!"

"It's not poison?" Naipao blinked, "then ..."

"Zhong pinliang, tell me the truth. How did the centipede die? it's definitely not caused by poison. It must have been poisoned by a fire-element cultivator, and only a cultivator who has cultivated to the extreme can do it ..." Celestial master pure Yang's expression turned serious.

"Master, I'm really not lying to you. This centipede definitely only bit Chen Yushu once. There was only me and Gao Xiaofu at the scene, no one else ..." Pinliang said with certainty.

"So that Chen Yushu's a fire element practitioner?" Asked heavenly venerate Chunyang.

"No, she's definitely not a cultivator. Although I haven't officially stepped into the threshold of a cultivator yet, I can definitely tell if someone else is a cultivator." "Plus, naipao can prove that Yushu's not a practitioner-we've been in school together for three years, and I know what kind of person she is," pinliang said.

"Not a cultivator?" Celestial master Chunyang didn't seem to believe pinliang's words, but his face changed as he thought of something. "Wait for me, I need to confirm something."

"Yes, Master." Pinliang and Xiaofu didn't dare to say anything else, either.

Heavenly venerate Chunyang quickly returned to his residence and made a phone call.

Very quickly, patriarch xuanchen's voice was heard over the phone. ""Heavenly venerate Chunyang?"

"Patriarch xuanchen, it's me!" Heavenly venerate Chunyang didn't waste any time and hurriedly said, ""There's something I need to confirm with you. In Eastern Sea city, there's a person called Chen Yushu, do you guys know her?"

"What, you want to touch him?" Patriarch xuanchen's tone changed immediately. ""You Can't Touch This person. She's a chess piece in my plan. No matter what hatred you have with her, you have to put it down first, do you hear me?"

"Ancestor xuanchen, I don't have any grudges with her ... Don't worry ..." Heavenly venerate pure sun felt extremely aggrieved when he heard ancestor xuanchen's tone. However, he had no choice but to be extremely respectful.

The five elements sect and the everyday and every day sect had been ancient sects a thousand years ago, but they had both fallen and were eliminated from the ranks of ancient sects. When the other ancient sects moved to the Sky Class islands, they had been excluded ...

For the past thousand years, the five elements sect and the everyday and every day sect had been planning to return to Sky Class Island, to return to the level of an ancient sect. However, the five elements sect had grown stronger and stronger, while the everyday and every day sect had fallen!

As a result, the everyday and every day sect, which had once had an equal relationship with the five-elements sect, had fallen to an existence similar to that of an ancient sect. From a cooperative relationship with the five-elements sect, it had now become a relationship that was almost subordinate to it.

However, there was nothing heavenly venerate pure yang could do. After all, not only was patriarch xuanchen a generation older than him, but there were also not many powerful people in the everyday and every day sect. Apart from patriarch kuangniu, who had been in seclusion for a long time, the most powerful person was heavenly venerate pure yang. However, he was not patriarch xuanchen's match.

This was also due to an incident that happened more than a decade ago. Two ultimate physical Masters forcefully took away the second senior brother of patriarch kuangniu from the everyday and every day sect, patriarch kuangbao, and killed the eldest senior brother, patriarch kuanglong. This caused the strength of the everyday and every day sect to suffer a great loss.

On the other hand, the five-elements sect had been keeping a low profile, especially during the period when ancestor Xuan Tian was in charge. It was so low-profile that the outside world even thought that ancestor Xuan Tian was an Alchemist who was a rogue cultivator!

Chapter 2662 An Unknown Secret

Only the sect leaders of a few ancient sects knew about this secret, while the others in the sect didn't. This was also why the five elements sect was lucky enough to escape the disaster that year and preserve its strength.

"En, it's good that you don't." The xuanchen ancestor nodded, "how's your disciple Zhang naipao's chrysanthemum Arts?" Which level are you at?"

"I'm currently at the second level. I haven't reached the great circle of perfection." Said heavenly venerate Chunyang.

"He's only on the second level. I have to hurry up. He'll be one of the most important pawns when the time comes." Patriarch xuanchen warned.

"Don't worry, elder xuanchen-Zhang naipao's cultivation speed is pretty fast, and this plan isn't just the five elements sect's plan-we, the everyday and every day sect, have been waiting for this for a long time." In order to return to the immemorial level, heavenly venerate Chunyang could only bow and bend his knees in front of the five-element gate.

"That's good. I'll hang up if there's nothing else. Don't tell anyone about Chen Yushu. " Said patriarch xuanchen.

"Alright," he said. Celestial master Chunyang hung up the phone, finally believing pinliang's words. However, he also felt that Zhong pinliang was unlucky. Of all people, the centipede had to bite a fire-element inheritor like Chen Yushu. Although ancestor xuanchen didn't say it out loud, heavenly venerate pure sun could already guess what happened.

After returning to his room, celestial venerable Chun Yang was still pissed at pinliang even though he knew the whole story. He couldn't get angry at him because of naipao!

Any other disciple would've been chased off the mountain long ago, even if they didn't get killed to vent their anger. But since naipao was involved, he could only endure it! His tolerance for naipao wasn't just because he was his beloved disciple, but also because of the chrysanthemum Arts-it was an important part of his future plan. That was why he'd been so patient with pinliang.

"Alright, Zhong pinliang, I've got it all figured out. I believe you." Celestial master Chunyang stopped blaming pinliang and waved his hand. "However, I don't have any good ideas for you to go back and take revenge for the time being."

"It's fine, I'm not in a hurry. Thank you for your trust, master!" Pinliang let out a breath of relief, but didn't dare ask for too much. He'd already lost three treasures, after all.

"Yes, according to the rules of our everyday and every day sect, outer disciples can choose a place to stay in the back mountain. How about this, you and Gao Xiaofu can stay here first, and naipao will take you to pick a place later. During this time, you guys can stay here and practice, and I'll come to you when I have a better idea!" Celestial master Chunyang didn't want to waste any more time on pinliang, so he sent him to the back of the mountain to cultivate on his own. This way, naipao wouldn't feel bad, and he wouldn't be bothered either.

Pinliang, however, didn't know what celestial master Chun Yang was thinking. He quickly thanked him. "Thank you, master. I'll stay here and cultivate then."

Pinliang didn't want to go back to school any time soon-he'd said he'd take the challenge, but he didn't dare. Pinliang was going to be scolded for sure when he got back, so he decided to wait until things died down.

"Liang bro, what do you think of these houses?" Naipao brought pinliang and Xiaofu to the back of the mountain and said apologetically, "The places with the nice views have all been taken by the older outer disciples. Liang bro, you came later, and although I can use my authority to find you a better place, you'll have to wait until after the new year to redistribute the resources. You'll have to make do with it for the next two months ..."

"It's fine!" "I think it's pretty nice here, too. It's quiet and no one's bothering me. The outer disciples wake up early to practice in crowded places, especially those who practice external Arts. They're always making a ruckus and disturbing my sleep." Pinliang said with a wave of his hand.

"That's true," Naipao nodded, "I live in the inner sect. If it weren't for the sect rules, you guys could live with me. My place is huge, and I can't use it all by myself."

"Haha, Pao, I'm already very satisfied with your heart!" Pinliang said, patting naipao's shoulder. "The best decision I've ever made in my life was to take you as my follower. I can tell that if it weren't for you, master wouldn't even care about this, and he wouldn't even give me my treasure to challenge Lin Yi. He didn't even blame me for breaking my treasure, and it's all because of you!"

"Don't say that, Liang bro. You were the one who lent me a helping hand when I was in trouble, or else my family would've been destroyed long ago. Would I still be able to cultivate here in peace?" Naipao shook his head seriously, "Liang bro, just stay here for now. I'll see if I can get you a talisman when I get the chance, so you can go back and teach Lin Yi a lesson!"

"Alright, there's no hurry. I'm already very happy that you have this thought." Pinliang said, overjoyed.

At Donghai city industry University, Zhong pinliang and Gao Xiaofu were nowhere to be seen even after school ended at night. The two had disappeared just like that, and the challenge had turned into a farce!

But what confused Lin Yi was that pinliang had a hidden card up his sleeve-why did he give up all of a sudden? Could it be that his spirit beast was broken? Or could it be that it could only be used once, and it would not work after one use? Of course, Lin Yi didn't expect pinliang's spirit beast to turn into a dried centipede, poisoned by Yushu.

"Shield bro, Zhong pinliang really didn't come!" The bite on Yushu's leg had completely healed, but she was just as confused as Lin Yi-why didn't pinliang come to challenge her, and why didn't they hear from each other?

"I'm not sure. Who knows what he's up to? However, he stood me up, so he can't blame me. " Lin Yi shook his head and started the car, driving towards the xueshang District.

What Lin Yi didn't expect was that there was a person standing in front of his villa in the xueshang District. He paced back and forth, not knowing what he was doing. If it wasn't for the fact that he looked familiar from afar, Lin Yi would have thought that this person was a thief with bad intentions!

He honked twice, and Lin Yi parked the car in the yard. The person waiting at the entrance saw Lin Yi's car and immediately followed.

"Yu Dake?" Lin Yi looked at the person in surprise. It was Yu Dake, the Hidden House you's disciple he met at the Hidden House Summit! He tried to commit suicide!

Chapter 2663 Visit From An Old Friend

Normally, Lin Yi wouldn't have remembered the name of a cameo like this, but Yu Dake was Yu Xiaoke's brother, so Lin Yi naturally remembered his name.

"Hehe, Mister Lin, you remember me ..." Yu Dake was overjoyed when Lin Yi called out his name. He didn't have to introduce himself.

"Of course I remember, but what are you doing here?" Lin Yi was curious as to why Yu Dake was here. Could it be that Yu Dake had noticed that Han Jingjing's tablet was a new one and only had study notes, so he sent Yu Dake here to continue the exchange?

"Mister Lin, you saved me at the Hidden House Summit, I said I would repay you!" "I've been looking for an opportunity to find Mr. Lin, but I haven't had the right opportunity. You know that I can't leave the hidden you family easily ..." Yu Dake said seriously.

"Oh, it doesn't matter if you want to repay me. I saved you by coincidence. And because of my relationship with your sister, I will naturally help you." "Let's not talk at the door," Lin Yi said.

"Alright," he said. Yu Dake nodded and entered the villa with Lin Yi, Chu Mengyao, and Chen Yushu, while Han Jingjing and Han Xiaochao went back to their own villas.

After entering the living room, Yu Dake acted a little reserved and respectful towards Lin Yi. He stood there, not daring to sit down.

"Sit down!" Lin Yi didn't expect Yu Dake to be so nervous. He couldn't help but smile, "I'm on good terms with your sister, you don't have to be so polite. "

Lin Yi didn't act too close to Yu Dake at the Hidden House Summit because he didn't want people to see them. However, his attitude was much better at home this time. Of course, this was also because of the incident at the practitioner's market, and their relationship was closer.

"Okay, thank you, Mr. Lin." Yu Dake rubbed his hands and sat on the sofa.

Chu Mengyao poured Yu Dake a glass of water and asked, "Lin Yi, who is this? Who's his sister?"

"Oh, I didn't tell you, but this is Yu Dake, Yu Xiaoke's brother. They were separated when they were young!" "Yu Dake is currently a guest of the Hidden House you. I first met him at the Hidden House you Summit," Lin Yi introduced.

"Argh! You're Xiaoke's brother!" "Then why did he say you saved him?" Yushu asked. What's going on?"

"You two must be Mr. Lin's wives, right? I'll tell you personally. It's like this ..." Yu Dake didn't wait for Lin Yi to speak and explained the situation to Chu Mengyao and Chen Yushu.

Chu Mengyao was a little embarrassed when Yu Dake called her Mrs. Lin Yi, but she didn't say anything. Chen Yushu, on the other hand, accepted the title with a smile. After hearing Yu Dake's story, Chen Yushu was enraged, "This hidden house of the right really isn't good, they can't even give up some pills ..."

"Forget it, I'm their guest. I can only get paid if I do something for them. If I don't do anything, they don't have an obligation to give me the pills ..." Yu Dake smiled bitterly, "For an alchemy family like the hidden right family, there are many rogue cultivators who come to join them, so I'm not one less ..."

"Oh, so you're here to thank shield bro? how are you going to thank him?" Chen Yushu asked.

"Shield bro?" Yu Dake was surprised, but he thought that might be Lin Yi's nickname. He didn't mind and said, "Mr. Lin, to tell you the truth, I'm a wandering cultivator without a sect. You know that it's very difficult for wandering cultivators to level up and break through. We're completely different from rich and powerful people like you. We don't have a master to guide us, we don't have cultivation resources, and we can't get any pills from those rich people who eat them like candy. We can only figure out the things we don't understand about internal strength by ourselves. We don't have any Masters to help us when we level up and break through. That's why everything is so difficult ..."

"Ugh ... Wait a minute, let me make this clear, I'm considered a freelancer as well ..." Lin Yi shook his head with a bitter smile. In the eyes of others, he was actually a rich kid? What a joke, but thinking about the strength and leveling speed Lin Yi was showing now, it was normal for people to misunderstand. In fact, Lin Yi himself knew that what Yu Dake was talking about was exactly what he had been through all these years!

Sometimes, seeing Qibing suddenly become an Earth Class made Lin Yi a little envious. Although the strength increase from pills wasn't stable, and without proper support and training, he was no match for practitioners who leveled up step by step!

First of all, there was a huge difference in actual combat experience. Moreover, comparing the two was like comparing two people of the same weight, one was fat and the other was muscular. The combat index of the two would definitely be as different as heaven and earth!

So even if Qibing had strength, he was like the person who didn't turn fat into muscle. His combat strength was far from a master of the same level, but this unbelievable training speed still made Lin Yi envious!

Lin Yi had two masters, but they didn't teach him anything related to practicing. One taught him assassination techniques and butterfly steps, which were as fast as Sky Class Masters, while the other taught him medicine and strengthened his body.

But in terms of practicing, Lin Yi had to figure it out himself, bit by bit. The only one who knew a little was elder Jiao, who could be considered half a master to him, and he also had incomplete memories. He didn't know anything, and it was extremely painful for Lin Yi.

One could say that Lin Yi's achievements today were all due to his own hard work. He may be glorious in front of people, intimidating Sky Class Masters, but no one knew how hard he trained in the dark.

One minute in front of the stage, ten years behind the stage-this was the logic. Lin Yi wasn't afraid of revealing his freelancer status anymore, as he was slowly controlling the noble House level, and even the hidden Noble House level, Lin Yi had a slight edge over them. The only level left was the ancient noble House level, and there was no point in pretending to have a mysterious background there-your strength was there for all to see, and there was no point in pretending-unless there was really a master behind you, who could show himself.

"Ah? Mister Lin is also a wandering cultivator?" Yu Dake looked at Lin Yi in shock, his eyes full of disbelief.

"Hehe, naturally." Lin Yi nodded with a smile.

"No way, Mister Lin's an Earth Class mid phase peak now, and he can kill Sky Class Masters in seconds-he's a solo practitioner? I've always thought that there was an expert behind you, Mister Lin!" Yu Dake didn't think that Lin Yi was lying to him, but he was too shocked.

Chapter 2664 Another Energy Stone

"Let's not talk about this for now. Let's continue talking about your matter. " Lin Yi said with a wave of his hand, seeing that the topic had changed.

"Oh, okay!" Yu Dake nodded and said, ""I went from the lowest level of practitioner all the way to the middle phase of the earth Class. Of course, I did work for the you family, and they rewarded me with some pills and natural treasures for training, but that was only a small amount. If I wasn't an Earth Class early phase back then, the you family wouldn't have accepted me. And I didn't rely on pills or hard training to reach the early phase of the earth Class, but by another method!"

"Another way?" Lin Yi blinked.

"This is it." Yu Dake took out an antique-looking box from his pocket and opened it carefully. He took out a small white stone and handed it to Lin Yi, "Mr. Lin, please take a look ..."

"Oh? A white energy stone?" Lin Yi took the things from Yu Dake and was surprised. This was because the thing in Yu Dake's hand was the same as the treasure he and sun Jingyi found in the oolong mountain range!

"Oh? Mr. Lin, you know about this?" Yu Dake was stunned for a moment, but then he said, ""No wonder, Mister Lin should also have this thing. Otherwise, Mister Lin's cultivation speed wouldn't be so fast ..."

"I don't have one. I have a friend who has one, but he's already used it up." "You've probably used up this one, right?" Lin Yi said. Is this the treasure you're giving me?"

Lin Yi couldn't feel any Qi from the energy stone, so it looked like it was the same as the one Jingyi had- they'd used up all the energy. But what confused Lin Yi was why Yu Dake gave him this?

"Not really. Mine has been used before, but I know a place that should have some unused energy stones!" Yu Dake said.

"Oh? There's actually a place that produces this kind of energy stone?" Lin Yi's heart moved. This energy stone wasn't of much use to him right now, but it should be useful to other practitioners. At the very least, he could sell it for a high price and Exchange it for some good things, so Lin Yi was still very interested.

"That's right. Back then, I found this small box in a cave. There was an energy stone and a treasure map in the box. According to the location marked on the treasure map, there were many energy stones ...""But I went there once, and I couldn't find it. That place was just too big, and it was all desert. I couldn't determine the coordinates and location of the treasure map ..."

"I see ..." Lin Yi nodded,"""This is the treasure map you said you were going to give me?"

"Yes, I know this treasure map is a bit illusionary. If I can't find it, it's just a piece of waste paper. But the most important and precious thing I can take out is this ..." Yu Dake helplessly spread his hands and smiled bitterly,"""This is the only way I can repay you for saving my life."

"Hehe, if that's the case, then it would be impolite of me to decline." Lin Yi smiled and took the map from Yu Dake. He looked at it and realized that it was very similar to the map Jingyi had. He didn't think that practitioners liked to draw unclear maps, and they didn't even specify the location. They only drew a picture and pointed at the treasure,""So simple?"

"Yeah ..." Yu Dake nodded and sighed,"""When I first found this map, I spent a lot of time and effort. I compared it with satellite maps on the internet and analyzed it for almost half a year before I came to a specific conclusion. However, after I went there, I found that it was a vast desert. There were no landmarks in the desert, so I couldn't determine the location of the treasure map at all! Unless I can fly

high enough to see the entire desert, but the helicopter I took won't be able to ... I compared the coordinates on the online map and used the satellite positioning system to go there, but I didn't find anything. This map should be more than a thousand years old. Even if the overall shape of the desert has changed, I'm not sure if the new coordinates are still the old coordinates! Even if there's an error of a few kilometers, I won't be able to find it ..."

Lin Yi looked at the map and nodded. It was better when they were in the Wulong haote mountain range. The terrain there was unique, not exactly the same, and there was the peak of the mountain to control the whole situation. But the desert was different. Even if you drew the shape of the desert, it was still hard to determine the specific location.

"Many thanks, I'll accept this map." "Where's this desert?" Lin Yi asked. "What's your name now?"

Regardless of whether he could find it or not, this treasure map was a gift from Yu Dake. He gave it to him out of gratitude, so Lin Yi couldn't reject it. Although it would be difficult to find it, Lin Yi could go and take a look when he had time.

"Wow, shield bro, let me see the treasure map!" Chen Yushu took the treasure map from Lin Yi's hands and looked at it. However, Chen Yushu's face changed slightly in an undetectable moment before returning to normal, "This place ... This desert must be very hot ..."

"This desert is now called the Hakuna Marta desert, and there are few people here! It's indeed very hot. It's said that there's a volcano at the end of the desert. The desert is dry and hot to begin with, so it's even hotter now. If you're interested, I can take you there. All the treasures you find will belong to you, and I won't take a single thing. " "Of course," Yu Dake said, "this kind of heat is still bearable for us cultivators."

Of course, Yu Dake didn't go into the details when he said where the map came from and the location, but it wasn't something important. It was something related to Yu Dake himself, not Lin Yi or the treasure.

"We'll see. " Lin Yi memorized the name of the desert-it wasn't a common place, indeed. There probably weren't even many adventurers or tourists around, and it was a very desolate place.

"Okay ..." Yu Dake could tell that Lin Yi didn't seem to be in a good mood, so he didn't say anything else and continued, ""Then ..."

He looked at Lin Yi as if he was hesitating.

Chapter 2665 Visiting Yu Xiaoke

"What's wrong? Is there anything else?" Lin Yi looked at Yu Dake and asked, ""If you have something to say, just say it. Don't hesitate."

"It's like this ... Mr. Lin, can you take me to see ... My sister?" Although Yu Dake had said that he didn't want to disturb his sister's life, the times had changed. After going back, Yu Dake couldn't help but miss his sister. He even wanted to reunite with her as soon as possible!

He came here this time because he wanted Lin Yi to bring him to see his sister, and that was why he was hesitating.

"Is that so? of course, there's no problem." Lin Yi smiled. He understood Yu Dake's feelings. Although he said that he didn't want to see it, he would inevitably think about it if he knew about it. He wouldn't feel at ease if he didn't see it. So, Lin Yi said, "How about tomorrow morning? I've raised some money for her orphanage and I'm going to send it to her. I'll just send her the check."

"Tomorrow ... How about today?" "I can't go out for too long," Yu Dake said carefully, "I'm afraid that the hidden you family will be suspicious. If they know that I'm here to see Mr. Lin, they won't let me go easily ..."

"Today is fine too. Let's go now." "Yao Yao, Shu, I'm going back to Songshan for a bit. Is there anything I can help you with?" Lin Yi stood up.

"Hmm ... The weather is getting colder. Can you help us go back to the villa and find some winter clothes?" Mengyao asked.

"Alright, I'll take my leave then." With that, Lin Yi left the villa with Yu Dake, got in the car, and drove straight to Songshan ...

What Lin Yi didn't know was that there was someone he was familiar with on the way to Songshan-Tang Yuqi. Tang Yuqi came back from overseas this time to fulfill a wish of his father!

Tang Yuqi's father used to be from Songshan city, but because his family was poor when he was young, he was adopted by a rich family. The family moved overseas not long after. After so many years, Tang Yuqi's grandfather, who was also Tang Yuqi's father's adoptive father, passed away. Tang Yuqi's father wasn't young anymore. Old people liked to return to their roots, but returning to their roots depended on the situation. Tang Yuqi's father had a younger brother here. If he could find him, he would be able to find him. Tang Yuqi's father planned to come back. If he couldn't find her, he wouldn't know anyone when he came back, so there wouldn't be any meaning to it.

Of course, it was secondary whether he would come back or not. The main thing was that he wanted to have a relative. He was an adopted child and had no relatives overseas. He was a little lonely during the holidays and always fantasized about his brother's family coming overseas as guests.

So Tang Yuqi took it seriously. After getting off the plane in Donghai city and staying the night, he rented a car and went to Songshan.

Lin Yi and Yu Dake arrived at the Songshan orphanage together. As soon as the car entered the yard, Ken came up to them happily. He was in the parking lot, directing the unloading of goods. He was naturally happy to see Lin Yi.

"Lin Yi bro!" "Are you looking for Xiaoke sis?" Ken ran over.

"En, is she here?" Lin Yi asked.

"She is, but she should be in her dormitory at this time. You can go and find her directly." Ken said.

"Alright, I'll go find him." Lin Yi nodded and drove to the staff quarters.

At first, Yu Xiaoke and the Dean could design a big house in the new staff dormitory, but both of them rejected fatty Lai's blueprint and decided to build all the staff dormitories of the same size.

There were more and more children in the orphanage, and they needed to hire more staff to take care of them. The orphanage was a private business, and Yu Xiaoke and the Dean had to pay for all the expenses, so they naturally tried to save as much as they could and gave the extra room space to the new staff.

Lin Yi knew all the security guards in the orphanage, and he was the one who brought Yu Dake here, so they didn't meet any resistance and went upstairs.

"My sister is still living in the orphanage?" Yu Dake didn't dare to ask too much on the way. He only knew that Yu Xiaoke was in charge of the orphanage and Lin Yi had raised a large amount of money for the orphanage.

"Xiaoke and the principal are in charge of this orphanage together. The kid we saw just now is called Xiao Ken. He's Yu Xiaoke's assistant," "Your sister's been through a lot, worrying about her child's livelihood every day. Don't look down on the orphanage's expenses-it's a place where money is spent like water," Lin Yi explained.

"Uh ..." Yu Dake was stunned. Lin Yi's words contained a lot of information, and he needed to digest it carefully, ""You're saying that my sister is in charge of the entire operation of the orphanage? And she has to run around to pay for the orphanage's expenses?"

"It's almost the same. " "Yeah." Lin Yi nodded, "our school helped raise over a hundred million this time, I don't know how long we'll be able to use it ..."

"A hundred million won't take long?" Yu Dake's eyes widened. "It can't be. How much can these children cost? even if there are hundreds of children, it's only a few hundred thousand a month, right?"

"Ha ... You don't know how expensive food is. If it's just food, it might be enough, but first of all, there are more than a few hundred kids here. Last time I talked to Xiaoke, there were more than ten thousand orphans, and most of them were born with all sorts of inborn or acquired diseases. The treatment for these orphans is a few hundred times more than food ..." Lin Yi sighed, In fact, he also felt that Yu Xiaoke had a hard time. The orphanage had entered an endless cycle of expansion, and more and more sick orphans were sent here. With Yu Xiaoke's personality, there was no way she would reject them. She could only continue to expand the scale of the orphanage without limit.

Of course, Lin Yi could save these sick orphans himself, but his time and energy were limited. It might take a few hours to a few months to cure an orphan. If he stayed in the orphanage and treated them, he could save a lot of money, but it would delay his cultivation. It was unrealistic.

"I see." Yu Dake nodded after hearing that. It was obvious that he was calculating in his heart. There were more than 10000 children, many of whom were sick. The expenses were definitely an astronomical figure!

Chapter 2666 I'm Your Brother

A hidden you family would need tens of millions or even hundreds of millions of expenses every month. Although there was money to buy Alchemy materials, how many people were there in the you family? Not to mention the orphanage.

The two of them went up the stairs, and Lin Yi stopped at one of the room's doors. He knocked.

"Who is it?" Not long after, Yu Xiaoke's tired and lazy voice came from inside.

Yu Dake, on the other hand, was very emotional. His whole body was trembling. Although this voice was unfamiliar, it gave him an inexplicable sense of intimacy, making him want to push the door open and walk in immediately.

Lin Yi saw Yu Dake's reaction. He patted his shoulder and gave him a comforting smile, "Xiaoke, it's me,"

Yu Xiaoke opened the door and saw Lin Yi. She frowned, "What are you doing here?"

"Xiaoke ... I ... I ..." Yu Dake was so excited that he automatically ignored her attitude towards Lin Yi and looked at her nervously.

"And who are you?" Yu Xiaoke looked at the excited big brother beside Lin Yi, confused, ""You know me?"

"I ... Of course I know you. You're my sister!" Yu Dake said excitedly. Although Yu Xiaoke was all grown up now, he could still vaguely remember her face in the photo, so he was sure that this person was his lost sister.

"Lin Yi, did you bring a psycho here?" Yu Xiaoke looked at Lin Yi with a face full of black lines, "Who is this person?"

"Xiaoke, his name is Yu Dake. He's your brother." Lin Yi explained to Yu Xiaoke in embarrassment. Yu Dake was older and could remember things when he was young, but Yu Xiaoke was too young and had no memory of Yu Dake ...

"Yu Dake? My brother?" Yu Xiaoke was surprised at first, but then she looked at Yu Dake suspiciously! In Yu Xiaoke's memory, she did have an older brother, but she didn't remember much at that time. She didn't remember much about her brother, but she did remember the name Yu Dake!

She didn't tell anyone, not even the Dean. This meant that Lin Yi didn't just find someone to lie to her. If he really wanted to, he would've made up a name, Yu Dake, not Yu Dake.

"Yes, Xiaoke, you remember?" Yu Dake asked excitedly.

"No..." Yu Xiaoke shook her head, ""But I remember I have an older brother, but I can't remember anything related to him. Come in and we'll talk ..."

No matter if it was real or not, and where Lin Yi found it, Yu Xiaoke couldn't just shut him out. She still had some suspicions about Yu Dake's background, and this was also out of her guard against Lin Yi!

Lin Yi's sudden visit at night, along with a man who claimed to be her brother, would make anyone suspicious.

Lin Yi wanted to go in as well but was stopped by Yu Xiaoke, who said calmly, "I'm sorry, Lin Yi, I want to talk to him in private. "

"Hehe, sure." Lin Yi didn't say anything, but nodded and stopped at the door.

Yu Xiaoke was about to close the door, and although Yu Dake didn't think it was good to lock Lin Yi outside, he thought that Yu Xiaoke wanted to confirm something with him and it wasn't good to let an outsider be present, so he could only apologize to Lin Yi, "Mr. Lin, please wait for a moment. We'll let you in after we confirm our identities!"

"Alright, it's fine." Lin Yi said with a smile.

Yu Xiaoke saw Yu Dake's respect towards Lin Yi and was a little unhappy. Why was her brother acting like Lin Yi's Lackey? In fact, Yu Xiaoke was 80% sure of Yu Dake's identity. After all, not many people knew her brother's name.

After closing the door, Yu Dake was a little excited and nervous. He didn't know if he was standing or sitting. He looked around Yu Xiaoke's room. Other than a bed, there was only a writing desk and a chair in front of it.

Therefore, Yu Dake had to either sit on the chair or on the bed. There was no other place to sit.

"Please take a seat." Yu Xiaoke pulled out a folding chair from somewhere and placed it in front of Yu Dake. Then, she sat down on the chair in front of the desk and stared at Yu Dake, "You're really my brother?"

"Xiaoke, I'm really your brother!" Yu Dake nodded affirmatively. "I know you have your doubts. Take a look at this photo first."

Yu Dake knew that nothing could be more realistic than a photo. Although the Photoshop technology was very advanced now, it was impossible to calculate a person's childhood appearance exactly the same.

Xiaoke watched as Yu Dake took out an old pocket watch and passed it to her carefully. This kind of thing was rare in the modern world. Xiaoke quickly took it and opened it, surprised. "Huh?"

The girl in the photo was Yu Xiaoke! Although Yu Xiaoke didn't have this photo, the Dean took a photo of her when she was picked up by the orphanage. Every child in the orphanage would take a photo of them when they first came to the orphanage. It was for no other reason than to have evidence to prove how they looked like when they were young when they looked for their parents when they grew up.

Xiaoke had seen her own picture before, and she looked exactly like the girl in this picture! The angle of the two photos was completely different, so they probably weren't photoshopped ...

Then, the only explanation was that the person in front of her was really her brother ...

"This is you and me?" Xiaoke asked after a while.

"Yes, this is the only photo we have together when we were young. It's also the evidence that I've been looking for you all these years ..." Yu Dake sighed, "It's just that due to some special reasons, I didn't dare to look for you openly ... I'm sorry ..."

"No, it's not your fault ... Are you really my brother?" Yu Xiaoke's heart was in a mess. She knew that she had a brother, but this brother was only in the depths of her memory. She didn't even have any impression of him. Now that he suddenly appeared in front of her, she couldn't accept it.

"Yes. If you don't believe me, there is a small red birthmark on your right foot ...""Although I can remember things, I don't remember much. This is the only thing I can remember ..."

Chapter 2667 Being A Lobbyist?

"Ah!" This time, Yu Xiaoke didn't doubt it anymore. There was indeed a red birthmark on her right foot, and it was very small. Even the Dean didn't notice it, and she didn't mention it to anyone. Lin Yi wouldn't know either, and this person in front of her knew. This must be her brother!

Yu Xiaoke, who was an orphan since she was a child, suddenly had a brother. This made her both happy and nervous. She looked up at Yu Dake, but she couldn't call him 'brother'...

"Xiaoke, I know you're still doubtful, but medical technology is so advanced now. We only need to do a DNA test to prove our relationship. If you don't believe me, we can do it tomorrow." Yu Dake said nervously.

"Brother ..." Yu Xiaoke heard Yu Dake's words and couldn't hold back the excitement in her heart anymore. The word "brother" came out of her mouth, and her tears fell. Although she had the care of the Dean and the company of the children, the loneliness of not having any family was especially obvious during the holidays. Yu Xiaoke didn't expect that she would finally have a brother ...

"Sister ..." Yu Dake was excited when he heard Yu Xiaoke call him, ""You ... You believe me?"

"Actually, I believed it from the start ..." Yu Xiaoke sighed, ""It's just that this happened too suddenly and I can't quite accept it. Now that I've calmed down, I'm very happy ..."

"Yes, yes, I'm very happy too!" Yu Dake nodded heavily.

"Tell me about my childhood ..." Yu Xiaoke smiled, ""Where are our parents?"

"When we were young ... Our parents ..." Yu Dake was silent. He wanted to say something, but he stopped.

"What's wrong?" Seeing Yu Dake's expression, Yu Xiaoke asked curiously.

"There are some things that I don't want you to know. I'll bear the burden alone. I don't want to add to your burden ..." "I've already heard from Mr. Lin that you've taken on too many responsibilities and burdens for the orphanage ..."

"Is it, our parents ... Were ..." You Xiaoke was a smart girl. All these years, there were many orphans who were killed, so it was easy for you Xiaoke to link it to her.

"This ..." Yu Dake sighed helplessly, ""I didn't want to say it, but I didn't expect you to guess it. That's right, our parents were killed by our enemies. It's already a blessing in the misfortune that you and I are still alive. However, I'm not strong enough to take revenge, and I don't want you to live in hatred. You just need to know about these things. There's no need to know too much ..."

"En ..." Yu Xiaoke nodded. Since Yu Dake didn't want to tell her, she naturally wouldn't ask. Her feelings for her parents were much weaker than Yu Dake 's, and she didn't have much of an impression of them. Her relationship with the Dean was even deeper. "Then how did you and Lin Yi meet?"

Yu Xiaoke was most worried about her brother's relationship with Lin Yi. She knew that Lin Yi had "bad intentions" towards her, but she had no choice but to accept it. Now that her brother was with Lin Yi again, he seemed to listen to Lin Yi's every word. Yu Xiaoke was worried.

In fact, in her heart, Yu Xiaoke was very grateful to Lin Yi. If it wasn't for him, Yu Xiaoke could only reject the sick abandoned babies from all over the country. Although Yu Xiaoke understood that even if she didn't take them in, there might be other orphanages taking them in, but how many orphanages could afford such high treatment fees?

If the treatment cost was low, the parents of the abandoned babies wouldn't have abandoned them so cruelly. Yu Xiaoke knew that it wasn't good for her to continue with Lin Yi's unclear development and accept his help. She might be forced to do something that let the male thief down, but she had no other choice.

Sometimes, life was like this-things didn't always go your way. Thinking about her future with the male thief, she couldn't help but sigh.

Yu Dake didn't notice Yu Xiaoke's helpless expression. He was talking about how he got injured at the Hidden House Summit and how Lin Yi came to his rescue. His gratitude towards Lin Yi was overflowing, "Xiaoke, Mr. Lin is a really good person. It's rare to see such a good person nowadays. Not only did he help me heal, but he also helped with your orphanage's Affairs. "As the saying goes, a drop of kindness should be repaid with a fountain. So, us siblings must remember this kindness in our hearts for the rest of our lives. No matter what Mr. Lin asks us for, we must do our best. If we can do it, we must do it ..."

Yu Xiaoke heard her brother's words and her heart was in a mess. She lowered her head silently, not knowing how to answer her brother.

Yes, Lin Yi saved her brother and gave the orphanage so much support. He didn't owe her anything, but both her brother and she owed him ... But even so, there was no need to give her body, right?

If it was any other way, she would've nodded without hesitation, but now ... Looking at her brother who was complimenting Lin Yi in front of her, she was a little annoyed. Her hatred for Lin Yi rose again!

Is there something you can't say face to face? Why did he have to get his brother to persuade him? He wanted his brother to praise him in front of him? And then she fell for him? What made her angrier was that Lin Yi didn't want to admit that he liked her!

Xiaoke knew Lin Yi's personality quite well-he was a warm-hearted person, was he an idiot? Help me and the orphanage non-stop? Most of his company's profits went to the orphanage, and he still had to run around every day for the orphanage's charity. Yu Xiaoke didn't believe that Lin Yi just wanted to help her, because it was unrealistic.

"Phew ..." Yu Xiaoke didn't want to listen anymore, so she raised her head and changed the topic, "Brother, you have a family?"

"Me? of course not." Yu Dake shook his head, "when I told you about the Hidden House Summit, you didn't seem to have many questions." You know about practitioners and hidden houses?"

"I know, there was a guy called Zhao Qibing who set the orphanage on fire. He's from the Hidden House Zhao, right?" "If it's a practitioner, I'm considered one too, but I'm just a physical master, not even a golden class yet. My master, the Dean of the orphanage, is a golden class spiritual master!" Yu Xiaoke said.

Chapter 2668 Yu Dake's Plan

"What? you're a cultivator too? "A external family ... Oh, that's good, that's good ..." Yu Dake let out a sigh of relief, but at the same time, he was shocked. Although he was from the hidden you family, he was only a small guest of the hidden you family. It was unrealistic to say that he could compete with the young master of the hidden Zhao family. "You're saying that your orphanage offended the Hidden House Zhao?"

"It's fine now. Lin Yi solved it. Not only did he compensate us with a piece of land, but he also gave us a huge sum of money. " Xiaoke sighed. As for what Yu Dake said about being a physical family, she didn't care and ignored it.

"Ah? Yes, those hidden houses are all afraid of Mr. Lin now, including our hidden house you. We don't dare to act rashly, but Mr. Lin is really a good man!" Yu Dake sighed, "sister, do you have a boyfriend?" You're not young anymore ..."

"I ..." Yu Xiaoke didn't know what to say. Did she have a boyfriend? It didn't seem like it. The male thief had never responded to her directly, so the two of them could only be considered normal friends. Besides, the male thief had said that he had a girlfriend, so she didn't know if she still had a chance ...

"So you don't have one either. But then again, you're busy with the orphanage every day, so you definitely don't have time to date!" Yu Dake misunderstood and thought that Yu Xiaoke was too embarrassed to say it. After all, she was a girl. It would be fine if she was still in college, but it was rare for her to not have a boyfriend in society.

"Yeah ..." Yu Xiaoke nodded. Yu Dake was right. Yu Xiaoke didn't have time to date. Even if she met the male thief, it was by chance. She didn't force him.

"I think Mr. Lin's pretty good. Why don't you try?" Yu Dake's eyes suddenly lit up. "Mr. Lin helped you for free. I think he's interested in you, right?"

"Lin Yi ... He has a few girlfriends already, and he doesn't like me." Yu Xiaoke's face darkened-she finally managed to change the topic, and now they were back to her.

"Having a few girlfriends isn't a big deal-it's pretty common in the practitioner world, after all. I think Mr. Lin's a good guy-I heard he can kill Sky Class Masters in seconds! If you follow him, you'll never lose out in life!" Yu Dake's sudden decision wasn't an unreasonable one. He had his own reasons!

He was going to get his revenge sooner or later, and if he didn't succeed, he might drag his sister down with him. He wanted his sister to follow Lin Yi because he wanted her to have a strong backing-at least the hidden world was afraid of Lin Yi now, and who could say that the ancient world wouldn't do what Lin Yi said?

If his sister went with Lin Yi now, there would be less resistance for his revenge. It would be better if Lin Yi helped. Without Lin Yi's help, Yu Dake wouldn't have to worry about anything. Otherwise, he wouldn't say something like that so carelessly.

Although it was normal to have three wives and four concubines in the world of cultivation, such as you zhentian, the young master of the hidden you family, who had several women, it wasn't anything new in the hidden houses. However, as an elder brother, Yu Dake didn't want his sister to be someone else's concubine.

However, this person was Lin Yi, and Yu Dake could accept it. He only persuaded his sister to follow Lin Yi for the sake of his sister's safety.

"..." Yu Xiaoke thought to herself. As expected, her brother was bribed by Lin Yi and came here to persuade him. Did Lin Yi want her to take the initiative? He wanted her to confess to him?

Yu Xiaoke was getting angrier and angrier-it was bad enough that you liked me, but you still wanted me to confess to you? What is this? you even asked my brother to come?

"Sister, just think about it. Mr. Lin is a good person. If you miss this opportunity, there won't be another one like him ..." Yu Dake saw Yu Xiaoke's silence and thought that she was moved, so he quickly added more effort.

"Brother ..." Yu Xiaoke took a deep breath and decided to tell her brother the truth. She didn't want her brother to tell her the same thing every time he came to visit. It would make her feel annoyed.

"Hmm?" Yu Dake paused for a second after Yu Xiaoke interrupted him, but he still said, "What's wrong?"

"Brother, actually ... I already have someone I like ..." Yu Xiaoke gathered her courage and said.

"You have someone you like?" Yu Dake froze and felt a little awkward. He realized that he misunderstood and made a random couple. Fortunately, Lin Yi wasn't there, and there was nothing between the two of them. Otherwise, he wouldn't know what to do.

"En, yes, but not Lin Yi ..." Yu Xiaoke said, ""He's a very considerate and attentive man ..."

"Oh? "Then, he is ..." Yu Dake was curious. After all, this was about his sister's marriage, so he was naturally very concerned. "Can you tell me?"

"Yeah ..." Xiaoke nodded and started telling her story. She had always wanted to tell it to someone, but in the orphanage, she could only talk to the Dean and Xiao Ken. She couldn't tell anyone else, and now that she had her brother, she wanted to tell him everything that happened all these years ...

It was strange, but it was a blood relationship. Although Yu Dake didn't look like her at all, Yu Xiaoke was sure that he was her brother. The longer she spent time with Yu Dake, the stronger this feeling became.

"I see ..." Yu Dake sighed as he listened to the dangers in the tomb, Yu Xiaoke's plan to raid the execution ground, and the meeting at the auction. "Although the two of you didn't spend much time together, so many stories have happened. No wonder you like him ..."

Xiaoke didn't mention which tomb it was, and it wasn't very detailed either, so Yu Dake didn't link it to Zhang Liju's tomb and couldn't link it to Lin Yi. Plus, he was a guest, and his status wasn't high. Even if he heard rumors about Lin Yi, it was mostly about Lin Yi killing Sky Class Masters in seconds. He didn't know much about the details.

"Yeah, but I don't know if we'll ever meet again ..." Yu Xiaoke sighed, "As for me and Lin Yi, that's probably impossible. If I didn't meet the male thief, I'd be with him out of gratitude, but I already have him in my heart. If I were to be with him, I'd never be happy ..."

Chapter 2669 Family Heirloom

"Then I'm being a busybody. Forget it, thank God Mr. Lin wasn't there just now. If he was, it would have been so awkward!" Yu Dake said, waving his hand.

"Bro ... You're saying that Lin Yi didn't ask you to come and talk to me?" Yu Xiaoke paused, thinking that she had made a mistake.

"No, why did Mr. Lin ask me to say it?" Yu Dake was also surprised and asked curiously.

"Actually, it's like this ..." Yu Xiaoke told Yu Dake about how Lin Yi helped her time and time again, and how Lin Yi's company invested most of the profits into the construction of the orphanage, "Brother, if Lin Yi isn't interested in me, I really don't understand what he's up to. Is he just trying to help me?"

"This ..." Yu Dake went silent. Yes, he wasn't a kid who just entered the society. All these years in the Hidden House you, he had seen too many schemes and exchanges of benefits. Yu Dake naturally understood Yu Xiaoke's concerns. In fact, he also understood that Lin Yi saved him because he wanted to plant a spy in the Hidden House you. However, Lin Yi's strength had increased dramatically now and he didn't need this spy anymore. Yu Dake was grateful to Lin Yi for saving his life, and he didn't care if Lin Yi was a spy or not.

However, his sister was right. Lin Yi treated the orphanage way too well. One could even use the word "overly nice" to describe it. The only thing that Lin Yi wanted was Yu Xiaoke's looks. Otherwise, what was his purpose?

Was it just a show of love? But there were many ways to donate, and there wasn't just one orphanage nearby. There was an orphanage in Donghai city too, but even if it wasn't as big as Yu Xiaoke's, Lin Yi never donated ...

"Brother, what do you think I should do?" Yu Xiaoke was confused, "in fact, I should repay him with my body after what he did to me. But I have someone else in my heart. Even if I force myself to be with him,

I can't guarantee that my body won't cheat on me, but I can't guarantee that my thoughts will ... Rather than being unhappy, I might as well ..."

"Then why didn't you explain it to Mr. Lin?" "Mr. Lin, you're a reasonable man, right? you won't force me, right?" Yu Dake asked.

"I did, but he didn't admit it. He said he didn't like me. What else can I say?" Xiaoke smiled bitterly, "but, do you believe me?" He's only helping me and not asking for anything in return? I guess he knows that I have someone else in my heart, so he wants to use this method to slowly move me and make me take the initiative to be with him? That's all I can think of ..."

"Ah, forget it. Since that's the case, I'll talk to Mr. Lin later. I hope he can understand," Yu Dake was helpless, but there was nothing he could do. He didn't want his sister to be unhappy, and there were many ways to repay Lin Yi. Marrying Lin Yi was one of them, but it wasn't the only way. Yu Dake thought that if he could get his revenge, he would be Lin Yi's Lackey.

"En ..." Yu Xiaoke heard her brother's words and nodded happily, ""Brother, you're the best!"

"Originally, I wanted Mr. Lin to protect you for the rest of your life, but it seems like that's not possible ..." Yu Dake lowered his voice, ""But it's not like there's no other way ... In my family, there's a unique technique passed down from generation to generation. It's only passed down to the daughter, not to the son. I have this unique technique, and I'll bring it to you next time. Your bloodline can also cultivate it, so you'll have to cultivate it to protect yourself. Although the process will be a little painful, I have to make sure you have the ability to protect yourself!"

"Ah?" Yu Xiaoke's eyes were wide open-she didn't think that her house had a secret technique passed down from her ancestors!

"However, you have to practice this secret art secretly. Before you master it, you can't show it in front of others, in case you get into trouble. Back then, our family went through a huge change because of this secret art ...""Xiaoke, do you understand?"

"I ... Understand!" Xiaoke nodded seriously, her breathing a little rapid and her heart beating fast. She didn't think that her family's Secret art would be this important. A secret art that could bring death ... Just how powerful was that?

At the same time, she felt relaxed and happy-if her strength increased by leaps and bounds, would she be able to be with the male thief? When she had the strength, she could repay Lin Yi by selling her life for him instead of selling her body.

"En, remember, you can't tell anyone about this, not even your master!" "It's a good thing that you've only practiced physical martial arts," Yu Dake said seriously, "and not spiritual ones. Otherwise, if you had practiced other spiritual ones, you wouldn't be able to practice this one ..."

"En ..." You Xiaoke was feeling lucky too. Now she realized why her brother said she didn't practice spiritual, but physical! So this was the reason! In fact, the Dean of the orphanage had a spiritual practitioner's art too, but she didn't let Yu Xiaoke practice it. She was afraid that Yu Xiaoke would be discovered by her enemies. After all, Yu Xiaoke often went out to show her face, and the chances of her being exposed were much higher than her own. So, she only taught Yu Xiaoke the physical practitioner's Qinggong, and it turned out to be a good thing.

"Alright, we've talked enough. Mr. Lin is still waiting outside. Let's quickly let him in!" Yu Dake said.

"Alright," he said. Yu Xiaoke's mood improved a lot. First, she had a powerful practitioner's art, and second, her brother promised to tell Lin Yi everything about her, so she didn't have that dark expression anymore.

Lin Yi was a gentleman. He didn't eavesdrop on Yu Dake and Yu Xiaoke's conversation. Instead, he stood at the end of the corridor and looked at the night view. When he heard the door open, he turned around and walked over, ""Finished talking?"

"Yes, Mr. Lin. I'm sorry, it took a little long. Are you in a hurry?" Yu Dake said apologetically.

"It's fine. You siblings have reunited after a long time. Naturally, you have a lot to say to each other. This is already very fast." "I'm even getting ready to sit down and practice!" Lin Yi smiled.

"That's good. Please come in, Mr. Lin!" Yu Dake made an inviting gesture for Lin Yi to enter the room.

After Lin Yi entered the room, he looked at the decorations and sat down on Yu Xiaoke's bed. In fact, Lin Yi's heart naturally overlapped his image with the male thief's.

Chapter 2670 I Don't Mind

With their relationship, he didn't think it was a big deal. After all, they were closer at the practitioner's market.

However, Lin Yi's actions made Yu Xiaoke frown. Lin Yi didn't treat her as an outsider at all. He was actually sitting on the girl's bed? Didn't he know what it meant to avoid the topic?

"This is the check for the school's donation. I just happened to send it over." Lin Yi passed a check to Yu Xiaoke and said, "You can go to the bank and transfer the money."

"Thank you ..." Lin Yi was here to deliver the check, so Yu Xiaoke couldn't say much. She took the check and ignored Lin Yi sitting on her bed. Her brother was going to make it clear to him later anyway, so it didn't matter if it was a little while longer.

"Hehe, I'm here to give you the check. Since there's nothing else, I'm going back. Yu Dake, are you going back with me or staying here?" Lin Yi asked.

"I'll go back with you. " Yu Dake had a mission from Yu Xiaoke, and as a guest of the Hidden House you, he couldn't be out for too long.

"Alright, let's go. Xiaoke, call me if you need anything." Lin Yi greeted Yu Xiaoke.

"Alright," he said. Since the problem was about to be solved, Yu Xiaoke didn't treat Lin Yi too coldly this time. She waved her hand at Lin Yi for the first time.

Lin Yi didn't know what was going on-he thought that Yu Xiaoke's period was over and she was back to normal.

He went downstairs with Yu Dake and got into the car. Lin Yi asked, "So, Xiaoke believes your identity now, right?"

"En, I believe you." Yu Dake nodded, cupped his hands, and said, ""Thank you so much for this, Mr. Lin. If not for you, we would have been separated by now!"

"Haha, that's a little too serious. I'm going to get some clothes for Yaoyao and the others. Do you want to come with me or ...?" Lin Yi asked.

"Let's go together. " "I have something to tell you, Mr. Lin," Yu Dake said.

"Alright, then tell me." Lin Yi started the car and drove towards the villa area.

"Mr. Lin, you saved me, let me see my sister, and even ran around for my sister's orphanage. We will always remember your kindness. One day, we will be at your service and will definitely repay you!" Yu Dake said seriously.

"There's no need for that. I told you that it's nothing. Also, Yu Xiaoke's orphanage is a personal relationship between me and her. It has nothing to do with you, so you don't have to mind it too much ..." Lin Yi said nonchalantly.

However, Lin Yi's words made Yu Dake's face change! As expected, Lin Yi did like Yu Xiaoke. Otherwise, he wouldn't say that it was a personal relationship. It seemed that Yu Xiaoke was right! Thinking of this, Yu Dake couldn't help but sigh. But no matter how difficult it was, he had to speak up! Otherwise, he would be letting Yu Xiaoke down.

Thinking of this, Yu Dake braced himself and said, ""Mr. Lin, do you like my sister?"

"Hmm?" Lin Yi paused, not knowing how to answer. Before, he didn't like Yu Xiaoke at all, but after she went to the execution ground to Rob people, he started to have feelings for her. Also, at the practitioner's market, Lin Yi finally had Yu Xiaoke in his heart. It would be a joke if he said he didn't like her, but if he said he liked her, who did he like her from?

Seeing that Lin Yi didn't reply, Yu Dake was even more convinced and quickly continued, "Mr. Lin, actually ... My sister already has someone in her heart. If you're interested in her, it's better ... I know that you're our great benefactor, but love can't be forced ... We'll repay you in other ways!"

"Eh? You have someone you like? Who is it?" Lin Yi asked subconsciously. He didn't think that Yu Xiaoke would have a change of heart so quickly.

"It's a man called the male thief ..." Yu Dake said, "My sister has already fallen deeply in love with this person, so ..."

"Pfff ... Ahem ..." Lin Yi realized that he was too anxious and worried. Thinking about it, the male thief and Lin Yi were two different people to Yu Xiaoke. Although Lin Yi knew their identities, Yu Xiaoke didn't. It seemed that she misunderstood him and asked Yu Dake to be her lobbyist!

Thinking about this, Lin Yi was both amused and helpless, but he also found it fun. He wanted to use Lin Yi's identity to tease Yu Xiaoke! If it was before, Lin Yi wouldn't do something so boring, but now that he had feelings for Yu Xiaoke, he naturally didn't mind joking with her.

"What's wrong, Mr. Lin?" Yu Dake was shocked when he saw Lin Yi suddenly cough. He thought that Lin Yi was hurt and quickly said, "Mr. Lin, I ... I didn't mean to make you sad. I just wanted to say that it's better to shorten the pain than to prolong it ..."

"Ha!" After Lin Yi finished coughing, he suddenly smiled and looked at Yu Dake with a strange expression, "Who said I'm sad? I just thought ... Oh, it's nothing, that male thief isn't as strong as me, at most as strong as me, I still have a chance!"

"Well ..." Yu Dake felt helpless when he saw that Lin Yi wouldn't listen to him, but he couldn't force him. After all, Lin Yi was his benefactor. He couldn't say anything more.

"You don't have to worry about this. I don't want you to get involved. Although you're Xiaoke's brother, we just met." Lin Yi said as he looked at Yu Dake.

"This ... Alright ..." What else could Yu Dake say? He could only nod reluctantly. Since Lin Yi already said it, he wouldn't know what's good for him if he continued to interfere. It seemed that he could only let Lin Yi and Yu Xiaoke solve it themselves. But he still reminded them at the end, "Xiaoke just said that if you insist on this, Mr. Lin, she might have an affair even if she's with you ..."

"What?" Lin Yi asked, stunned.

"She means that she cheated on me mentally ..." Yu Dake added.

"Oh, you like male thieves, right? It's fine, if you like it, then so be it. I don't mind. " "Actually, it's fine even if it's a physical affair, I don't mind ..." Lin Yi nodded.

"Huh!?" This time, it was Yu Dake's turn to be shocked. Was Lin Yi's words true? Why did it sound so strange? Yu Dake didn't understand, but he couldn't ask any more questions. He could only shut his mouth.
