Chapter 2701 Yu Xiaoke's Treat

"That's right, that's it. Maybe when I break through to Sky Class, I can raise your strength to Earth Class late phase peak. " "It's a disadvantage. If you don't agree, then I'll only heal your injuries and you can cultivate on your own without any restrictions," Lin Yi said.

"Self-cultivating?" Boss Bai smiled bitterly after hearing Lin Yi's words. "You don't think that I'll be able to increase my strength faster by cultivating on my own than if you help me, do you? By the time you're Sky Class, I probably wouldn't even be able to enter Mystic by myself! Compared to those Earth Class late phase peak, it's naturally easier for you to help me. "

"But, you were a Sky Class late phase peak before, right?" Lin Yi didn't even need to ask to know that boss Bai must have been Sky Class late phase peak before. If not, why wouldn't boss Bai be Sky Class late phase peak when even his disciples were Sky Class late phase peak? Boss Bai was the sect leader of the five-elements sect!

"That's right, but you need to understand how I got my Sky Class late phase peak-first of all, that place has a lot of spiritual Qi, countless treasures, all sorts of pills and practicing resources, and the speed of my strength increase is naturally incomparable to now!" Boss Bai explained, "back then, my cultivation could be said to be advancing at a tremendous pace. Now, it's already pretty good if I can reach a speed of one mile in a thousand days. There's no comparison at all."

"That's true ..." Lin Yi nodded. He didn't think about this before-boss Bai was no different from a freelancer now, and he wouldn't be able to get any results if he trained on his own.

And that place ... If little one and little eleven didn't even care about the energy stone in sun Jingyi's hands, just how rich were the resources in their sect? Although the energy in the energy stone was about to be used up, if it were any other cultivator, they would not let it go, right?

However, in the eyes of little one and little eleven, he was just trash!

"So, if it's possible, help Xinxin and I improve our strength. If Xinxin cultivates with me, it'll be difficult for her to achieve much in her life, unless ..." At this point, boss Bai paused, not continuing.

"What's wrong?" Lin Yi blinked.

"It's nothing," "There are some things that you shouldn't know for the time being," boss Bai shook his head.

Lin Yi nodded and didn't ask further, "That's right, this is what I've planned for Guan Xin. I'm going to raise her strength all the way up, just like Jing Jing. But as for you, if you've thought about it, then that's fine too. I'll raise your strength tonight. "

"Many thanks!" Boss Bai had already expected this, but Lin Yi agreeing to it himself still made him extremely excited.

"You don't have to thank me. You and I are master and disciple. I will do my best to heal my master's injury. Besides, you have to risk going to the ancient tomb for the sake of my physical condition." Lin Yi said with a smile.

"Hehe, then I won't thank you. But, aside from helping you, I also want to go to the ancient tomb to take a look. After all, this is the ancient tomb of our five elements sect's founder." Boss Bai said.

As they spoke, the car arrived at Guan Xuemin's Villa area. Lin Yi followed boss Bai and Guan Xin out of the car-he wanted to visit Guan Xuemin first before going to Yu Xiaoke.

Xuemin was extremely excited when he heard that Lin Yi, his granddaughter, and his old friends were coming today. He'd been waiting at the entrance of the villa since early, and immediately went up to greet boss Bai when he saw his car!

"Old Bai, Yi, Xin Xin, you're back!" Xuemin said.

"Grandpa." Guan Xin hadn't seen her Grandpa for a long time, and she missed him dearly.

"Xinxin, how is it? Have you been obedient in your Grandpa Bai's house?" Xuemin asked with a smile.

Grandfather and grandson meeting, old friends Meeting, it was a happy occasion. Lin Yi didn't stay for dinner because he had an appointment with Yu Xiaoke.

Lin Yi carried his bag and left the villa. He didn't drive, but walked to the orphanage. On the way, he called Yu Xiaoke.

Yu Xiaoke had been in a restless state the entire day. She was afraid that Lin Yi would call her, but he still did.

"Hello?" Yu Xiaoke saw Lin Yi's caller ID and sighed in her heart before picking up.

"Xiaoke, it's me," "I'm at the entrance of the orphanage, where are you?" Lin Yi said.

"Ah ... I ... I'll go out then." Yu Xiaoke replied helplessly, praying in her heart that it was a blessing and not a curse, but a curse that couldn't be avoided!

"Alright," he said. Lin Yi nodded with a smile.

After a while, Yu Xiaoke walked out of the orphanage and saw Lin Yi standing there with his bag. Yu Xiaoke was confused. Lin Yi didn't drive here?

"Xiaoke, you're so beautiful." Lin Yi glanced at Yu Xiaoke. She was obviously dressed up today, but Lin Yi knew that she was dressed up for another identity, not the current Lin Yi.

"Oh ..." Yu Xiaoke replied faintly. Lin Yi's guess was right-Yu Xiaoke was dressing up for the male thief. After eating with Lin Yi, she probably wouldn't have time to dress up, so she had to dress up in advance,""I'm not dressing up for you!"

"Hehe." Lin Yi didn't mind at all. He knew the truth, so he wouldn't argue with Yu Xiaoke about this.

But Yu Xiaoke didn't know that Lin Yi was still laughing at her sarcasm. She thought to herself, how thick is his skin!

"Where's the money?" Yu Xiaoke couldn't be bothered to argue with Lin Yi and reached out her hand.

Lin Yi smiled and took out two stacks of cash from his pocket. He was about to take out twenty from one stack and give the rest to Yu Xiaoke, but Yu Xiaoke snatched it away!

"What are you doing?" Lin Yi asked.

"There's no need to count. You don't need to look for the rest. " Yu Xiaoke finished and didn't wait for Lin Yi to reply, "Didn't you want to treat me to a meal? Let's go, I'll Take You There. "

"Oh, okay ..." Lin Yi nodded and followed behind Yu Xiaoke.

The two of them made many turns and came to a small alley. It was actually the snack Street in Eastern Sea city. On the snack Street, all kinds of snacks were sold. It was very lively!

Yu Xiaoke brought Lin Yi to a knife-cut noodles stall and found a table to sit down, "It's here!"

Chapter 2702 What's In The Backpack?

"Noodles? It can eat 18000?" Lin Yi had already guessed Yu Xiaoke's purpose, but he was still speechless when she brought him to eat a bowl of knife-cut noodles that cost a few Kuai.

"I didn't say that I would finish it today. I will continue to eat the rest tomorrow. I can eat it the day after tomorrow. I can eat it every day and every month. I will finish it sooner or later. Yu Xiaoke said nonchalantly and waved at the owner, "Boss, two big bowls of knife-cut noodles please!"

"Okay, do you want meat and eggs?" The boss asked.

"No need to add." Yu Xiaoke shook her head.

"Where are the side dishes?" The boss asked.

"I also don't want it." Yu Xiaoke rejected.

"I think the side dishes here are quite good. Why don't we have one?" Lin Yi looked at the side dishes- they were pretty good, especially the side dishes. The red oil was very alluring.

"No, it's not good." Yu Xiaoke said.

"Then I'll have one for myself?" Lin Yi asked.

"You can eat it yourself. It's not your treat." Yu Xiaoke said.

"Sure, I'll pay for it myself." Lin Yi guessed that Yu Xiaoke was a stingy person. He smiled and stood up, asking the owner to get two plates of side dishes. He paid the owner for the two bowls of noodles.

The side dishes and the knife-cut noodles were placed on the table at the same time. Yu Xiaoke picked up her chopsticks and started eating the side dishes. She didn't even have time to eat the noodles before she finished the side dishes on the table!

"Didn't you say that the side dishes aren't delicious?" Lin Yi sweated as he watched Yu Xiaoke gobble down the food, but his heart ached as well. Yu Xiaoke now handled tens of millions of funds every time, but from the way she ate, she probably didn't eat anything good. Otherwise, she wouldn't be gobbling down food like this!

"Oh, it's usually not good, but today's is quite good. Don't tell me you don't want to treat me because I've eaten too much? Then I'll leave?" Yu Xiaoke looked at Lin Yi and said without a blush.

"Then you eat ..." Lin Yi laughed and called for two more dishes, but Xiaoke glared at him!

"You want so much. Wouldn't it be a waste if you can't finish it?" Yu Xiaoke stopped the owner and ordered a side dish.

"Ji Ji ..." Skybolt pig started barking when he smelled the food. This little pig had been living with Lin Yi for a long time and started eating human food. After all, his pure energy came from Lin Yi and he didn't need to eat treasures anymore. He didn't have much to eat, so he just ate some human food. He didn't expect this little pig to get addicted to eating human food. He didn't eat pork but even ate dog meat. General Weiwu beat him up before he stopped eating.

Lin Yi frowned and jumped! This Skybolt pig was really good at causing trouble. Didn't he want Yu Xiaoke to find him?

As expected, Yu Xiaoke heard the "Ji Ji" sound and looked at Lin Yi strangely, ""What's in your backpack? Why is it making such a strange sound?"

"Oh, it's an inflatable toy," Lin Yi said casually before punching the bag twice. Skybolt pig squeaked again in pain, but this time it didn't dare to do anything.

"An inflatable toy?" Yu Xiaoke was taken aback-she misunderstood and thought it was an inflatable doll. She hmped, "Disgusting!"

She couldn't be blamed for thinking the wrong way-Lin Yi was already an adult, there was no way he'd buy those blow-up toys for kids. The only thing he could play with was an inflatable doll, and an inflatable doll that could make sounds ... Naturally, Yu Xiaoke thought that the sound of "Ji Ji" was the sound of an inflatable doll seducing men!

How shameless, the blow-up doll knows how to say 'JJ'?

“ ? ? ? ” Lin Yi didn't understand why Xiaoke was scolding him-why did having an inflatable toy in his bag make him sick?

But naturally, Yu Xiaoke wouldn't explain to Lin Yi. She just wanted to finish her food quickly and be free from Lin Yi. Although she knew that Lin Yi was just finding an excuse to ask her out for dinner, and definitely not about the development plan of the orphanage, Yu Xiaoke still asked cautiously, "Lin Yi, don't you have plans for the orphanage?"

"Oh, the orphanage's development plan ..." Lin Yi nodded. He'd really thought about it, and he didn't lie to her on purpose, "There are more and more children in the orphanage now. Have you ever considered letting them go to school?"

"Go to school?" Yu Xiaoke paused, Lin Yi's words made her reminisce ... Going to school was a dream for the kids in the orphanage. Once upon a time, Yu Xiaoke envied the kids who could go to school, but she knew that the orphanage couldn't afford to pay for their school fees, so Yu Xiaoke buried this thought in her heart and never mentioned it to the Dean.

But now that Lin Yi brought it up, Xiaoke had to think about the future of the children! When the kids were young, they would take on the responsibility of running the orphanage when they grew up, just like Xiaoke and Ken, who became staff and dedicated their youth to the other kids!

It wasn't that this was bad, but there were more children in the orphanage now. There would definitely be more children growing up in the future. The orphanage definitely didn't need these people, and what were these children going to do?

Many of these children were born with congenital diseases. Even if they were cured, their bodies would be much worse than normal children. Without knowledge, education, or skills, and with poor health, what could they do when they entered society?

People wouldn't even want to go to the construction site to move bricks, right? People needed to be experienced and strong to move bricks at construction sites. These children couldn't do it at all!

How were these children going to survive? The orphanage couldn't possibly support them forever, right? The orphanage's budget was tight now, and it would be a joke if they had to take care of these kids for the rest of their lives. Xiaoke started thinking about the future after Lin Yi's reminder.

"That's right, these children can't be like you, growing up to be thieves, right? You don't want them to be like this, do you?" Lin Yi asked.

"I ... You're looking down on me?" Yu Xiaoke glared at Lin Yi.

"No, I didn't. I won't treat you to a meal if I look down on you." "I'm telling you this because I want you to get out of this as soon as possible. Girls get old easily when they're tired, and I don't want you to become an old woman too early," Lin Yi said.

"What does it have to do with you?" Yu Xiaoke gritted her teeth in anger-she was just about to say something serious, and now she was back to the topic again, "If there's something, then say it!"

Chapter 2703 Knife-Cut Noodles

"I can't say anything about your attitude." Lin Yi shrugged, a little angry.

"I ... Fine, fine, Lin Yi, what do you want?" "What do you want me to do?" Yu Xiaoke was helpless. Do you really want to force me? I already told you that I have someone I like, why did you ..."

"Oh, then I didn't say anything." Lin Yi lowered his head and didn't bring up the topic anymore.

Yu Xiaoke was furious, but she couldn't do anything. She didn't want to be wronged, but she had no choice. Her tears started falling when she was panicking, and as she cried, her tears fell like raindrops, falling into the bowl ...

Lin Yi didn't expect Yu Xiaoke to cry. This strong girl was actually crying. How wronged must she be? Lin Yi didn't think that his joke would hurt her so much. He couldn't bear to see it and sighed, "I'm going to talk to pengzhan industries and let the children of the right age go to school. Pengzhan industries "first school only has a middle school, not a primary school. If necessary, I'll suggest that they open a primary school for the orphanage's students."

"Argh! Can I really?" Yu Xiaoke heard Lin Yi's words and couldn't care less about her tears anymore. She put all her thoughts on the children in the orphanage and raised her head, looking at Lin Yi with her big watery eyes, "Then ... You don't have any additional conditions, right?"

"Additional conditions?" Lin Yi understood immediately and shook his head with a smile, "No, it's all for the orphanage."

"That's good, thank you!" Yu Xiaoke stood up and bowed to Lin Yi, "Lin Yi, you're actually a good person. I know that if I didn't have someone in my heart, I'd definitely be with you, but now, I really have no choice ... I'm sorry ..."

"Is this a good person card?" Lin Yi touched his nose.

"I ... I don't know ..." Yu Xiaoke shook her head.

"Hehe, I won't give up." Lin Yi said.

"I knew it!" Yu Xiaoke lowered her head helplessly and glared at Lin Yi, "Alright, alright, whatever you want."

"I'll send you back?" Seeing that Yu Xiaoke was almost done eating, Lin Yi didn't want to sit there anymore. After all, this was a food street, and there were a lot of customers. If Lin Yi and Yu Xiaoke took up a table, it would affect the boss's business.

"Ah, ah, ah, we can go now? That's great!" Yu Xiaoke stood up immediately and waved her hand, "No need, no need. I'll go back by myself. Go do your work, don't worry about me."

"Alright," he said. Lin Yi smiled. It seemed like Yu Xiaoke didn't want to stay with him for a minute longer. However, Lin Yi didn't want to send her back. He needed to find a place to wear his clothes inside out and put on the mask.

"You ... Are not sending me back?" Lin Yi's quick response made Yu Xiaoke feel a little unreal.

"Didn't you tell me not to? I'll give you a ride?" Lin Yi asked.

"No need, I'm leaving. Goodbye!" Yu Xiaoke shook her head and left quickly. Lin Yi left after her, but he went in a different direction from Yu Xiaoke.

Lin Yi found a place where there was no one and put on the shirt. The shirt was the type that could be worn both inside and outside, and it was very suitable for outdoor trips. He also put on the mask, turning into a stranger, just like when he was at the practitioner's market.

After that, Lin Yi went to the front of the orphanage again. Yu Xiaoke was already waiting there.

"Male thief!" Yu Xiaoke saw Lin Yi from far away and waved at him with joy and excitement. She had been looking forward to this for a long time. The gloominess she had when she ate with Lin Yi was gone. It was like she was a different person.

Lin Yi smiled bitterly as he walked over. "Flying Sparrow, are you ready?"

"I told you to call me Xiaoke. Why the flying Sparrow? it sounds so distant." Yu Xiaoke said as she sized Lin Yi up, "You came alone? You're not driving?"

She didn't know why, but she felt like she'd seen him somewhere before, especially his bag. But he didn't seem to be carrying this bag last time? It was understandable that Yu Xiaoke didn't think of Lin Yi, because she didn't even notice Lin Yi's appearance before. How could she observe someone she disliked?

"Xiaoke, I came here with someone. He's my master. He'll drive over later. Let's just wait for him." Lin Yi said.

"Oh? Your master?" Yu Xiaoke was surprised-Lin Yi introduced her to his master, did that mean he acknowledged her?

Yu Xiaoke had lost her parents since she was young, and her brother wasn't by her side either, so she had developed the biggest thought in her mind as her master. Lin Yi bringing her to her master meant that he recognized her, and this made Yu Xiaoke very excited!

"Yeah, I just found out that he's Zhang Liju's successor, so I'm thinking of going to the tomb to take a look." Lin Yi didn't tell Xiaoke about his physique. After all, it was a secret that he couldn't just tell her, especially when he was the male thief.

"Ah? Then you're Zhang Liju's heir too? "We even robbed a tomb ..." Xiaoke jumped and stuck out her tongue,""Does this count as deceiving your master and destroying your ancestor?"

"Of course we can't forget about this." Lin Yi smiled bitterly,"I think even if Zhang Liju was still alive, he'd still be very happy that his disciples went to Rob the tomb and got his teachings. After all, everyone wants their own sect to be able to last for a long time. He'd only be happy if we took his life's work."

"That's true," You Xiaoke nodded,"then I'm relieved. Oh right, did you eat?"

"I've eaten. " Lin Yi replied casually.

"Oh, I've eaten too. What did you eat?" Yu Xiaoke asked.

Lin Yi was looking at the cars on the road, and when he saw boss Bai's Audi driving over, he said casually, "Didn't we just eat knife-cut noodles together?"

"Ah? What did you just say? Knife-cut noodles?" Yu Xiaoke froze.

"Oh ..." Lin Yi realized that he was distracted, "I said I was eating knife-cut noodles with my master. His car is here, let's go!"

"Oh, okay." Yu Xiaoke didn't think too much about it and was a little nervous when she heard that Lin Yi's master was here.

Chapter 2704 Arriving At The Tomb

"Yi, did you wait long?" Boss Bai didn't recognize Lin Yi's mask, but he did recognize his clothes and bag. He stopped the car naturally and got out.

"Yi?" "What ... Did he call you?" Xiaoke turned to Lin Yi.

"Oh, my real name is Liu Yi," Lin Yi randomly came up with a name.

"Liu Yi? Oh ..." Yu Xiaoke nodded. His name was so similar to Lin Yi's, but his character was a hundred thousand miles apart. If Lin Yi was even one-tenth as good as Liu Yi, she wouldn't have to treat him like that!

In fact, Yu Xiao's eyes were blinded by love-beauty is in the eye of the beholder. Lin Yi and Liu Yi were the same person, but she treated them as two extremes!

Boss Bai knew that he shouldn't have said that-Lin Yi had told him that he was going to hide his identity, but he'd pointed out Lin Yi's name all of a sudden. Luckily, Lin Yi reacted fast and gave himself a name, and there wouldn't be any flaws on the surface. Otherwise, he'd be exposed.

"This is boss Bai, you can also call him teacher Bai." Lin Yi didn't give Xiaoke too much time to react and started introducing boss Bai.

"Nice to meet you, Mr. Bai. I'm Liu Yi's friend, Yu Xiaoke." Yu Xiaoke bowed to boss Bai gently and politely, completely different from the usual Yu Xiaoke.

"Haha, Hello, I've heard Yi mention you a lot." Boss Bai said courteously. This time, he didn't have to worry about saying the wrong thing.

"Is ... Is that so?" Xiaoke was surprised-even the male thief's teacher mentioned her often, so he must have a good impression of her!

"Shall we set off now?" "Let's Scout the area tonight and enter the tomb tomorrow morning!"Boss Bai said.

"Alright, let's go!" Yu Xiaoke nodded obediently and got into the car with Lin Yi, sitting in the back seat.

Lin Yi directed boss Bai to drive. This time, Lin Yi didn't enter from the tomb's entrance but from the exit. This would save him a long journey and it wouldn't be too dangerous.

Under Lin Yi's guidance, the car quickly came to the closest place, and they had to walk the rest of the way. The three got off the car and walked towards the exit of the tomb.

All three of them had great physical strength. Although boss Bai was no longer a practitioner, he had no problem walking long distances. It was just that his speed was not fast enough. After an hour, the three of them arrived at the open space in front of the tomb's exit.

"This is the place!" Lin Yi said, pointing at the entrance.

"Oink Oink ..." The pig seemed to have felt the aura of the tomb, and it felt like it was home. It started squeaking in Lin Yi's backpack!

Lin Yi just remembered that he forgot to let Skybolt pig out. He totally forgot about this little guy! It must have been tough on Skybolt pig-he didn't dare to make any noise after getting hit by Lin Yi, and when he reached the entrance of the tomb, he couldn't take it anymore and barked to alert Lin Yi of his presence.

"What's that sound?" Yu Xiaoke looked at Lin Yi, confused. Why was this voice so familiar? it sounded like ...

"Oh, it's Skybolt pig." Lin Yi quickly let Skybolt pig out to divert Xiaoke's attention. He realized that it wasn't easy to pretend to be two people, especially in front of the same person when Lin Yi wasn't paying much attention.

"Ah, it's this little guy. I haven't seen him in a long time. I miss him!" As expected, you Xiaoke's attention was immediately drawn to Skybolt pig. She picked up the little guy and looked at him affectionately. But after a while, she was surprised, ""It's already a Mystic late phase peak?"

"En, hehe, I can help others to improve their strength. Didn't you know that in the ancient tomb?" Lin Yi asked.

"Back then ..." Yu Xiaoke didn't know Lin Yi that well and didn't ask for details. Now, she wasn't sure but it didn't matter anymore. She was surprised, ""You can help spirit beasts increase their strength? Then why don't you raise it to Sky Class?"

"..." Lin Yi was speechless, "I'm at my limit now. I can't go any further."

"Oh ..." You Xiaoke nodded. Lin Yi's words brought her back to reality. Yes, raising a spirit beast to Sky Class, that was a joke!

Lin Yi quickly set up the tent. He brought two tents-one for him and boss Bai, and one for Xiaoke. The food was the hardtack he brought.

After the tent was set up, Yu Xiaoke thought that Lin Yi was going to share a tent with her and was a little excited. As far as she was concerned, boss Bai was a teacher, so it was natural for him to have his own tent. She didn't expect Lin Yi to enter the tent with boss Bai!

"Male thief, you guys together?" Yu Xiaoke didn't want to give up. She finally had a chance to be alone with Lin Yi. Even if they didn't do anything, it was good to have a private conversation!

"I'm helping Mr. Bai heal his injuries. Xiaoke, if you're not tired, you can help us guard him!" Lin Yi said.

"Okay, then I'll sit next to you!" Yu Xiaoke was happy again. Although she couldn't talk to Lin Yi too quietly with boss Bai by her side, she was satisfied as long as she could be with Lin Yi.

Lin Yi didn't say anything and sat down with boss Bai. He held boss Bai's pulse, and you Xiaoke looked at Lin Yi's healing method curiously!

"Male thief, you're using your Zhen Qi to help your master heal?" Yu Xiaoke was curious. Although she was a physical practitioner, she knew a little about spiritual practicing. She was curious to see Lin Yi using his Qi to help boss Bai, "Is it because you're from the same sect that you can treat it, or can you treat everyone's injuries?"

"Ke, Yi's healing me. If you have any questions, you can ask him later. Don't disturb him?" Boss Bai jumped, afraid that Yu Xiaoke would disturb Lin Yi.

"Oh, oh, oh ..." Yu Xiaoke quickly nodded and covered her mouth. She had heard that spiritual practitioners couldn't be distracted when they were using their Arts, especially when they were doing important things. But she was a physical practitioner, so she didn't have to worry about that. She didn't want to affect Lin Yi!

Chapter 2705 Injuries Healed

"Hehe, it's fine." Lin Yi didn't mind-he was doing three things at the same time, healing boss Bai while observing the situation outside and chatting with you Xiaoke.

When Lin Yi went into the Jade space to cultivate, he trained up the ability to multitask. He had to make sure that he wasn't in danger when he was cultivating or healing, so it wasn't a big deal to just talk to you Xiaoke," "As for whether you can heal the others, that will depend on the situation."

Lin Yi didn't finish the topic because he didn't want to make a promise to Yu Xiaoke and fail. Nothing was absolute, and Lin Yi couldn't guarantee anything. But it seemed that Yu Dake was very loyal to him. Yu Dake didn't tell Yu Xiaoke the details of Lin Yi's healing, or Yu Xiaoke wouldn't ask this question ...

No, it's chaotic again! Lin Yi shook his head. He was the one healing Yu Dake, and he was the male thief, Liu Yi.

"Oh ... Do you have a way to treat my master's injuries?" Yu Xiaoke felt that she might have asked too much. Lin Yi might have to pay a huge price to heal boss Bai, but that was his master. He had no complaints, but would he do the same to his own master?

"We'll see when the time comes. " Lin Yi didn't agree right away because he didn't know much about the Dean's past. He thought that the Dean had a story behind him that no one knew about, just like uncle Fu. Lin Yi couldn't make a move before he understood the pros and cons.

Otherwise, if the old principal's enemies found out and tracked him down, wouldn't he be in trouble?

"En, en ..." Yu Xiaoke heard the perfunctory tone in Lin Yi's voice, but she was satisfied. After all, Lin Yi and her master were complete strangers. Asking a stranger to heal another stranger was a bit too much!

Lin Yi must've considered her relationship before saying that.

As he spoke, boss Bai could feel his injured meridians recovering at an unbelievable speed! Boss Bai was well-versed in alchemy and medicine. He knew that no elixir, not even a Supreme-grade great recovery pill, could have such a rapid and magical effect. He simply couldn't imagine that any elixir would be so powerful!

No wonder Lin Yi was so confident when he said those things-he had his own reasons!

In fact, the first stage of the art of Dragon mastery was already amazing enough for healing people, and the second stage was even faster, which was why Boss Bai was so shocked ...

"Are you done? You've actually recovered just like that?" Boss Bai stood up in disbelief and moved his body. He found that all his injuries had recovered in an unbelievable speed!

Boss Bai didn't know what to say to the fact that his chronic illness of so many years was suddenly gone.

"Are you done? So fast?" You Xiaoke was surprised as well-she thought that treating boss Bai was a daily task, and it would be a long process, but it seemed like he was able to heal boss Bai in such a short time!

If Yu Xiaoke didn't know the male thief's character, she would have thought that Lin Yi and boss Bai were just scammers. Not to mention internal injuries, even normal injuries couldn't be healed so quickly!

"Hehe, it's alright." "Don't worry about your master's injuries," Lin Yi said. "It's good that you know that I can heal people. Don't tell anyone about it. It's not good for me if too many people know about it."

"En en, don't worry, I won't tell her. Before you decide to treat my master, I won't tell her either." You Xiaoke quickly promised. After the grave robbing incident, you Xiaoke had a better understanding of the evil in people's hearts. She naturally knew that some people were greedy, and if she told them about the male thief, it would bring him a lot of trouble.

"Alright, Mr. Bai, shall I continue to increase your strength now?" Lin Yi asked.

"Now? Don't you need to rest?" Boss Bai was a little surprised-Lin Yi had just finished healing him, and he must've used up a lot of pure energy. He was surprised that Lin Yi was going to help him level up now.

"No, I can do it now." "Let's get started," Lin Yi said, "try to finish before dawn tomorrow!"

"You're done so quickly?" Boss Bai was even more shocked. He just realized that Lin Yi's abilities were far beyond his imagination. One day, Lin Yi might really be his hope to rebuild the five elements sect and clean up the mess.

"Sure." Lin Yi nodded, "Mr. Bai, you just need to use your practitioner's Arts now. You don't have to do anything else. It'll be painful when you break through, but you're recovering your strength, so the pain should be less."

"Alright, I understand!" Boss Bai nodded and started channeling the arts as Lin Yi said ...

Lin Yi also held onto boss Bai's pulse and started circulating the second stage of the art of Dragon mastery. Boss Bai immediately felt a pure Qi entering his meridians, and while he was shocked, he quickly started cultivating!

Not long after, boss Bai went from a normal person into the Golden class, becoming an early phase golden class master. He didn't hide his strength at all, and this change made Yu Xiaoke's jaw drop!

But then, her shock turned into admiration. The male thief not only healed people's injuries quickly, but also increased their strength. If this was true, could her master recover to the peak of his strength when he was young?

The Dean of the orphanage looked like an old lady, but Xiaoke knew that she wasn't that old-she was only forty years old. At this age, she would look young if she took care of herself, but her face was full of wrinkles!

This was all caused by her internal injuries-they blocked her meridians, and the Dean had forcefully recovered some of her strength, causing her body to age before she even got old. If Lin Yi could heal her and recover from her injuries, she'd probably be many years younger!

In fact, Yu Xiaoke's guess was correct. Granny sun was like that back then. After Lin Yi cured her, she looked like a young woman in her early 30s. She was completely different from the old man.

Boss Bai was so excited that he couldn't speak!

Chapter 2706 Re-Entering The Ancient Tomb

Lin Yi did say that he could talk when he was using his practitioner's Arts, but boss Bai couldn't-he didn't want to get distracted, in case he went into Qi deviation and his newly recovered meridians got blocked and broken again.

Golden class early phase, golden class early phase peak, golden class middle phase!

Golden class mid phase peak, golden class late phase!

Golden class late phase peak, Mystic early phase!

Boss Bai's strength kept on rising, and Yu Xiaoke's expression changed from shock and admiration to expressionless. She was used to it already. There was a saying that she got used to when she was shocked.

Boss Bai, on the other hand, was used to it-he'd gotten used to leveling up already, and he finally believed Lin Yi when he said he could go all the way to Mystic late phase peak.

"Hu ..." Finally, boss Bai felt that Lin Yi had stopped transferring Qi to him, and his strength had stopped at Earth Class late phase peak. He stood up and let out a long breath, excited, "I, boss Bai, am back!"

"Can my master ... Also recover this strength?" Yu Xiaoke looked at Lin Yi expectantly.

"Sure." "As long as I'm sure!" Lin Yi nodded.

"Thank you!" Yu Xiaoke nodded gratefully. She knew that if it was possible, Lin Yi would keep his word because the male thief wasn't someone who made promises easily.

"Yi, is it really that magical? I've recovered?" Boss Bai only felt that his body was full of energy, and he suddenly became a few years younger. He felt much more refreshed.

"En, here's a small Qi gathering pill, you can take it." Lin Yi took out a small Qi gathering pill and gave it to boss Bai.

"This ... Isn't very good, right? "I'm already very grateful for this, and I still want your pills ..."Boss Bai was a little embarrassed.

"Teacher Bai, aren't you Liu Yi's teacher? Why are you still so polite?" You Xiaoke found it strange-in her eyes, it was only natural for a disciple to give something to their master and help heal him-there wasn't much to explain, but boss Bai being so grateful didn't seem like a master-disciple relationship at all.

"A teacher can't just accept things from a student!" Boss Bai shook his head.

"Alright, teacher Bai, Xiaoke has already said it. Why are you still being so polite?" Lin Yi forced the pill into boss Bai's hands.

"Alright, since that's the case, I won't be polite!" Boss Bai took a deep breath, took the pill, and swallowed it directly. A stream of pure Zhen Qi spread out in his dantian, and boss Bai quickly held his breath, circulating his inner force heart technique to dissolve the medicinal effect of the pill ...

Yu Xiaoke looked at boss Bai with envy and whispered to Lin Yi, "Male thief ... I also want to cultivate inner Qi ... Can you help me?"

"Sure!" Lin Yi agreed without hesitation, "But do you have a suitable spiritual practitioner's art?"

"Ah, yes. My brother said that my family has an ancestral secret technique that is suitable for girls to learn!" "That's the spiritual practitioner's art, can you help me increase my strength?" Xiaoke said.

"This is possible." Lin Yi nodded, "but why isn't your brother training?" By the way, when did you have an older brother?"

"Oh, I didn't have time to tell you. I found my lost brother. He's called Yu Dake, he's ... A guy I hate brought me here by a suitor. Sigh, although I'm grateful to him, I already have you in my heart, I can't say yes to him ..." Yu Xiaoke sighed.

"Oh? What's his name?" Lin Yi asked as if he didn't know anything. He almost gave himself away today, and he had to clear himself of suspicion. Otherwise, Yu Xiaoke would find out sooner or later.

"He ... Forget it, you wouldn't know him anyway, let's not talk about him ..." Yu Xiaoke didn't say Lin Yi's name out loud. She was afraid that the male thief would cause trouble for Lin Yi. Lin Yi was quite

powerful now, and Yu Xiaoke was afraid that the male thief would be at a disadvantage if he wasn't his opponent, so she didn't mention it. "Let's talk about my family's ancestral secret art. This spiritual cultivation method is pure Yin. It's said to be a very powerful ancient cultivation method. Men can't cultivate it, only girls can!"

"Oh? That's very magical, it should be a very special mental cultivation method, otherwise it wouldn't be called a family heirloom!" Lin Yi did know some weird Arts that could only be practiced by specific people. For example, Xiaoxiao's Arts, and his own Arts, weren't they pure yang Arts as well? Girls couldn't cultivate either-it was the complete opposite of Yu Xiaoke.

"Yeah, it's quite magical." "My brother said he'll get it for me when he gets the chance," Xiaoke said.

"Alright, I'll help you study it when the time comes." Lin Yi nodded in agreement. Yu Xiaoke's strength needed to be improved a little. Otherwise, she would be too weak and always do dangerous things. Lin Yi didn't feel safe.

Yu Xiaoke was very happy. Although the male thief didn't give her a direct answer regarding her master, he agreed to help her without hesitation. Yu Xiaoke felt that he really cared about her.

Boss Bai was a patient man. Although the breakthrough of the small reversion pill was a little painful, there was no sign of it from boss Bai's expression. If it weren't for his strong will, boss Bai wouldn't have been able to persist until now after his meridians were completely destroyed by the Qi deviation.

"Thank you, Yi!" Boss Bai, who had just broken through to Earth Class, said gratefully to Lin Yi, "But with my current strength, I can only make golden class second level elixirs. I can't make golden class third level elixirs-my Qi supply can't keep up."

Lin Yi nodded. Boss Bai was a golden class second level now, and with Guan Xin and Han Jingjing, if that combined attack really worked, Lin Yi should be able to make a third level elixir without a problem.

It was just that each practitioner could only learn one chant, and Lin Yi couldn't change his own.

"I've already said, there's no need to thank me." Lin Yi waved his hand. "It's bright now. Should we rest for a while before going to the tomb, or should we go straight to the tomb?"

"Just go. I'm full of energy now. I don't need to rest at all." "Besides, I can't wait any longer!" Boss Bai said.

"What about you, Xiaoke?" Lin Yi turned to Xiaoke.

"I'm fine with it too. I've also rested for a while before this." Yu Xiaoke shook her head, indicating that she was fine.

Since that was the case, Lin Yi stood up and gave everyone a pack of hardtacks. He then entered the tomb with Boss Bai, Xiaoke, and Skybolt pig through the life door ...

Chapter 2707 Finding The Notebook

The weather was already cold, and as they entered the tomb, they felt a chill down their spine. The tomb was even more eerie, and you Xiaoke took out a Searchlight to light the path ahead.

The pig had lived here for thousands of years, so it was very familiar with the environment. With the pig leading the way, they didn't have to worry about any danger.

In fact, Lin Yi didn't run into any danger the last time he came back. There were traps and hidden weapons along the way, but they were all attracted by Yu Huoxing. These traps were one-time use, and they wouldn't work after being used.

So very quickly, the three of them arrived at the gate of life and death. The tomb was dark and eerie, but it went smoothly. Boss Bai was very excited-he was prepared, knowing that it was Lin Yi and Xiaoke's second time, but he didn't expect it to go so smoothly.

"How should we go now?" Boss Bai asked excitedly.

"This is the gate of death, and inside is the coffin of Zhang Liju's ancestor, and also the place where the Skybolt pig used to live. There's nothing inside, and this is where ancestor Zhang Liju stored his stuff. My nine Fu Xi needles and the Qi gathering pill were found here." "We'll go look for the items first, and then we'll pay our respects to Zhang Liju's ancestor, how about that?" Lin Yi said.

"Alright, I'll follow your arrangements!" Boss Bai wanted to pay his respects to his ancestors first, but he knew that Lin Yi was worried about his body condition. He wanted to look for the physical book first. In terms of seniority, Lin Yi was Zhang Liju's disciple, and boss Bai had been his disciple for many generations. Lin Yi respected him as his master, but boss Bai didn't dare to ask Lin Yi for too much.

"Then let's go and take a look!" With that, Lin Yi brought boss Bai to the bookshelf they were at before! "Mr. Bai, please take a look at this first," he said to boss Bai.

Lin Yi had glanced at the shelf quickly, but didn't find Zhang Liju's medical notes. He didn't know if there was a book about Zhang Liju's strange happenings, but he didn't have any impression of it.

Boss Bai nodded and started to search the shelves carefully. From the beginning to the end, he didn't miss the title on the spine of each book. There weren't many books on the shelf, so it didn't take boss Bai Long to read from the beginning to the end. After he finished, he shook his head and said, ""No, I don't ..."

"Oh, then let's go to the showroom to take a look!" Lin Yi didn't have much hope-he was just starting from the beginning.

The group was about to leave when Xiaoke suddenly exclaimed, ""Eh?"

"What's wrong? Xiaoke?" Lin Yi turned around and looked at Yu Xiaoke.

"This bookshelf seems to have been touched by someone!" Yu Xiaoke pointed at one of the books at the bottom of the shelf.

"What? Someone touched it?" Lin Yi's hair stood on end as he broke out in cold sweat! Lin Yi was a practitioner and wasn't afraid of ghosts, but that didn't mean that this thing didn't exist. Where did the thing in the Jade come from?

"Yes, I am!" "This shelf must've been left untouched for thousands of years," Xiaoke said seriously, "so there's a layer of dust on the shelf and spine. But look, under this book ..."

Lin Yi and boss Bai bent down at the same time and looked at the book that Yu Xiaoke was pointing at. As expected, there was a trace of movement on the empty space in front of the book. There was a layer of dust everywhere except for the front of the book, which had a vertical groove. Someone must have pulled this book out recently, and the dust was removed ...

Boss Bai didn't mind, but Lin Yi felt a chill down his spine! This ancient tomb ... Could it be that someone else had been here before?

This was because the first time he came to the tomb, be it you Xiaoke, old hei, or Yu Huoxing, none of them touched the books on the shelves. Yu Huoxing did look at the names of the books, but he didn't touch them with his hands. Lin Yi remembered it clearly, but now, one of the books was touched ...

Judging from the marks, the book was taken out and put back no more than three months ago. This could be seen from the opportunity on it, so it was impossible for there to be traces of the last time he came. The only explanation was that someone had entered the tomb again, took out the book, and put it back!

But what was the purpose of doing this?

You Xiaoke was panting as well-the only people who knew about the tomb were all sentenced to death, and she and the male thief definitely didn't come back. Could it be Yu Huoxing or the female thief?

Lin Yi was thinking of Yu Huoxing as well, but this guy was a coward. There was no reason for him to come back alone. Plus, the tomb's useful items were all taken away last time, what was the point of him coming back?

Lin Yi also heard that Yu Huoxing was locked up by the Hidden House Yu, and he didn't even have a chance to come out ...

"Forget it. Let's see what kind of book this is first." Lin Yi said.

Yu Xiaoke took out the book, and Lin Yi had been paying attention to the Jade. Luckily, there was no movement, which meant that there was no danger. Lin Yi was most afraid that the book was a trap set up by someone to lure them in.

It was a book of miracle and miracle written by a wandering doctor, but Lin Yi found something different when he flipped to the first page! It was indeed a "miracle doctor" book, but the blank spaces were filled with handwriting, all of them in small regular script. It was the same handwriting as the personal notes Lin Yi found in Zhang Liju's previous book. It was clear that this was from Zhang Liju as well!

"This is it! This is the Grandmaster's book of strange things!" Boss Bai looked at the book in Lin Yi's hands excitedly, pointing at the words, "The Grandmaster added it to someone else's book, and gave some of his own opinions. As for the problem of the alchemist's body, it was first mentioned in this book, so it's normal for Zhang Liju's Grandmaster to perfect it after reading it."

"So that's how it is. In that case, we really found what we were looking for!" Lin Yi said, stunned as he looked at the book.

Chapter 2708 Analysis Of The Problem

If the person who had been reading the book had taken the book away, they would probably turn the tomb upside down and never find what they wanted!

"I'll take a look at the problem with your physique now!" Without further ado, boss Bai took out his flashlight and began to read the contents of the book carefully ...

Lin Yi and you Xiaoke didn't dare to disturb them, waiting quietly on the side for boss Bai's results.

Time passed very slowly at a time like this, and Lin Yi only waited for half an hour, but it felt like half a day. Finally, boss Bai put down the book and nodded heavily, "In this notebook, the founder explained in detail the problems of a cultivator's physique and gave a way to verify it!"

"Oh? What do you mean?" Lin Yi quickly asked.

"A cultivator's body is divided into three attributes: true, false, and illusory. True attributes are innate attributes. No matter how many attributes a cultivator has, they can merge and circulate with each other very well. This is innate, so there will not be any conflict between each attribute. Even if they counter each other, they will form a circulation in the body and will not cause any trouble for the cultivator!" Boss Bai said.

"True attribute, false attribute, and illusionary attribute?" Lin Yi muttered to himself, and remembered that Rock Candy had a fake Jade heart body. He quickly told boss Bai, "Could it be that this attribute is the false attribute mentioned in the book?"

"That's right, this attribute is a fake attribute!" Boss Bai nodded and said, "This kind of attribute is innate. It exists in the body when the cultivator is born. However, before this attribute is activated, it will not affect or conflict with the real attribute in the body. When it is activated, it can be activated with the corresponding medicinal pill. For example, the ice heart Jade bone pill can activate the ice attribute, a branch of the water attribute. After activation, the false attribute is no different from the real attribute. If the cultivator's body also has other attributes, there won't be any conflicts. Instead, these attributes will form a new cycle. "

"So that's the case, then what about the void attribute?" Lin Yi finally understood why the pill was so important to the rock Candy. It could change one's body constitution, turning the fake one into the real one!

"The so-called void attribute is when the cultivator's body doesn't have such an attribute at the beginning, but after taking the corresponding medicinal pills or cultivating some special mental cultivation method, the attribute produced in the body is called void attribute!" Boss Bai said, "for example, a person with the wood attribute in his body will possess the fire attribute after taking a scorching flame pill. He can become an Alchemist. As long as the attributes in his body don't exceed three, they won't restrain each other. There's no need to cycle either. The void attribute and the true attribute can co-exist."

"Oh? In other words, the attributes in my body are all void attributes?" "But I've never taken any pills that can change my physique," Lin Yi said, surprised.

"I'm not sure about that, but it says that a treasure can be used to test the attributes of the body, whether it is true or false or illusory." "But, now it seems that there's no doubt that there's a void attribute in your body!" Boss Bai said.

Lin Yi nodded. Could it be that the art of Dragon mastery increased his attributes? This was the only explanation. He had not taken any pills to change his physique. As for the mental cultivation method, there was only one. It seemed to be without a doubt.

"Is there any way to deal with the void attribute?" Lin Yi asked.

"Yes ... But the method isn't mentioned here. It only mentions a little. The details are all left in the sect's library." Boss Bai said with some regret.

"The library of the five elements sect?" Lin Yi asked with a slight sigh.

"That's right, but with my current status, I can't go back to check ..." Boss Bai said apologetically.

"I understand." Lin Yi nodded. If boss Bai went back, he might not even make it back alive, so Lin Yi couldn't let him take the risk. "What do you say about the solution on this?"

"Accept the inheritance!" Boss Bai said, "under special circumstances, the void attribute can be inherited. The cultivator can go to the origin of the void attribute and stimulate it. If he can stimulate the origin attribute of the attribute, he can obtain the inheritance and directly promote the void attribute in his body to a true attribute!"

"Oh? Does that mean I have to accept the inheritance like rock Candy?" Lin Yi asked, surprised.

"That's right, but their inheritances have either true or false attributes, and they don't need to level up their attributes. They can directly receive the inheritance and obtain the origin Energy. But you're different. You need to use a special method, similar to a formation, to stimulate the origin attribute from the origin of the attribute and change your constitution attribute!" Boss Bai explained, "it's just that the method of setting up the array and activating it is in the library of the five elements sect. I don't have it. This book of the founding master's strange occurrences doesn't mention it in detail."

"Hu ..." Lin Yi let out a long sigh. He came to the tomb with joy, but found out about the problem of his Constitution. In the end, it was all for nothing. The method of changing his Constitution was in the five elements sect, and Lin Yi couldn't get it now.

"Don't be too disappointed. With the speed at which your strength is growing, the day we return to the five elements sect may not be too far away." Boss Bai patted Lin Yi's shoulder.

"En ... I understand." Lin Yi nodded. Without boss Bai's news, he wouldn't be able to make elixirs or change his physique, but it was hard to accept that he had seen hope and now it was gone.

"According to what you've said, as long as we find this method, we'll definitely be able to successfully change the body?" Lin Yi asked.

"That's not the case. It's a once-in-a-lifetime opportunity to change one's physique. Even if there are two people who are of the void attribute standing together to accept the inheritance, one of them might fail, or both of them might fail ..." Boss Bai said.

"Can the two of them succeed?" Lin Yi asked.

"That's impossible. This kind of attribute's origin changes the physique of the inheritance, and it can only be released once every year. If one person succeeds in the inheritance, the other person will have no chance. Even if this person can successfully receive the inheritance when he is alone, he can't receive the inheritance at the same time."

Chapter 2709 Lost Item

Boss Bai shook his head and explained, "but the origin Energy is different. Cultivators with a suitable physique can accept the inheritance of the origin Energy and become an inheritor. There is no limit to

this!" One was the inheritance of power comprehension, while the other was the stimulation of the origin attribute of the physical change. The two had essential differences! The first is your own comprehension. You won't gain anything all of a sudden, but your future cultivation path will become smoother. The second is to obtain this origin attribute. "

"So that's how it is." Lin Yi was relieved-this trip wasn't a waste. At least he knew something about the inheritor, which meant that even if Xiaoxiao accepted the inheritance, as long as she didn't do that dangerous thing, she'd only get the benefit of a faster training speed!

So, after Feng Xiaoxiao accepted the inheritance, Rock Candy could still accept it. As long as Lin Yi could change her body, then she could replace Feng Xiaoxiao. With that thought, Lin Yi made up his mind!

He had to work hard and reach Sky Class as soon as possible, and then continue to raise boss Bai, Han Jingjing, and Guan Xin's strength. Even if he couldn't make elixirs himself, he could ask the three of them to help him. This way, even if Lin Yi couldn't become a refiner and couldn't fulfill the condition of making Rock Candy Xiaoxiao's wife, Lin Yi didn't really mind.

He wanted Rock Candy to become Xiaoxiao's little little wife because he wanted to take down her pride. He couldn't get used to her cold and arrogant attitude, but compared to Feng Xiaoxiao's safety, Feng Xiaoxiao was more important.

"According to this book, the treasure that can identify a cultivator's physique is in the last stone door. Let's go and take a look!" Boss Bai said, but then he reminded,""Here, master Zhang Liju also hinted to us that there's a poisonous fog in the last stone door, and those who get hit by it will lose their sight, but there's an antidote room here. As long as it's someone in the same industry who knows medicine, they can cure it."

"Oh?" Lin Yi blinked, thinking back to Yu Huoxing. It seemed like Zhang Liju had guessed that someone would come to this tomb in the future, but these things were for doctors or alchemists-he wouldn't show any mercy to a simple gravedigger like Yu Huoxing!

If this person had checked the books on the bookshelves, then he was definitely a fellow traveler. Naturally, he wouldn't be affected. Even if the traveler didn't check the books, he would be able to detoxify himself after being affected. The one who was in a tragedy was someone like Yu Huoxing.

What troubled Lin Yi was that this book had been flipped through before-could it be that the tomb's people knew that this book hinted at the mechanism in the last stone door, and so they checked it? Since he already knew about the mechanism, why did he still check it? could it be that he was here to check the antidote formula?

Lin Yi couldn't figure out what was going on! However, if that was the case, the grave robber must have been to the last stone door!

"Let's go and take a look. " Lin Yi took a deep breath, hoping that the treasure he needed hadn't been taken away by this Tomb Raider. Otherwise, he'd be wasting his time here.

The three of them walked towards the last stone door, but they didn't go to the showroom. Lin Yi placed his hand on the stone door, waiting for the Jade to give him a signal.

Lin Yi couldn't guarantee that the Tomb Raider didn't set up any new traps, or that the person ... Was still in the tomb!

The Jade didn't give him any warning signals, and that made him relax a little. He pushed open the door!

However, Lin Yi thought of a problem. "Right, Zhang Liju's medical notes said that he has no children, no disciples, so what's with the five elements sect?"

"Well, this is very normal!" Boss Bai said, "in the five-elements sect, only xuanchen and I have disciples. Xuanchen doesn't have any disciples. However, a thousand years later, the disciples of the five-elements sect will also address him as Grandmaster. This is normal. Having no disciples means that there are no disciples who can inherit the sect's legacy. It doesn't mean that there are no disciples from the same sect."

"So that's how it is." "Ms. Bai, take a look," Lin Yi nodded, "which one here is used to test a person's Constitution?"

Boss Bai looked around the room, and Yu Xiaoke was also looking at the items in the room. Before boss Bai could say anything, Yu Xiaoke spoke first, ""Male thief, someone's been here too!"

"Oh?" Lin Yi wasn't too surprised. With the history of the strange occurrences being taken out before, it was normal for things to be touched. What Lin Yi was worried about was whether the things he was looking for had been taken away.

"Here, someone touched it ..." Yu Xiaoke's memory wasn't bad, and she was good at observation. She pointed at a shelf in front of Zhang Liju's bed and said, ""There seems to be something like an incense burner here, but it was taken away! Look, there are still traces of things being taken away!"

"Oh? An incense burner?" Lin Yi and boss Bai looked at the direction she was pointing at. As expected, there was a circular mark on the shelf. There was no dust on it, but the area around the original was covered in dust. It proved that something was placed here before, but it was taken away!

"Yes, I don't think anyone touched anything in this room before. Other than the two books you took, no one else took anything else ..." Xiaoke said after some thought.

Lin Yi nodded. Old hei had taken a lot of things in the showroom, but he didn't take anything here. Yu Huoxing came here with a purpose, so he didn't take anything. Yu Xiaoke couldn't have taken anything either, or she wouldn't have said that. Song Lingshan and Chen Yutian wouldn't have touched it either. It seemed like the thing Yu Xiaoke was talking about was taken by someone else!

Lin Yi frowned, incense burner ... He suddenly thought of something! There was indeed something similar to an incense burner here, but it was not an incense burner, but a medicinal cauldron!

Lin Yi didn't think about becoming an Alchemist back then, so he didn't pay much attention to this cauldron. Otherwise, he would've just taken it with him! Lin Yi was filled with regret at that thought-he'd just remembered something important.

Back then, right coiling Tiger had given him a worn-out medicinal cauldron when he had exchanged items with him!

Chapter 2710 Special Outcome

Lin Yi felt like he had seen it somewhere before, but he didn't remember it. Now that you Xiaoke reminded him, he suddenly remembered that the medicine cauldron you Panhu brought was very similar to the one he saw in Zhang Liju's tomb!

As for why it looked similar, it wasn't exactly the same-Lin Yi's impression of it was a bit blurry, too. He couldn't remember what the cauldron looked like.

But, no matter what, Lin Yi understood that he'd missed out on a great item. This cauldron was definitely a great item, but it was taken away!

He shook his head and decided not to think about the cauldron for now. He turned to Yu Xiaoke and asked,""Apart from that cauldron, is there anything else that was taken away?"

"I didn't find anything ..." Yu Xiaoke shook her head.

At this moment, boss Bai also exclaimed,""I found it! That treasure is at the bottom of this shelf!"

Lin Yi and Xiaoke looked at the direction boss Bai was pointing at-it was a big round bead, and it looked grey. It didn't look like anything good at all. Even if someone came to Rob the tomb, they would probably forget about this stone-like thing.

"How do I use this?" Lin Yi asked as he looked at the orb.

"The way to use it is actually very simple. You just need to place your hand on it and circulate the mantra." "According to the color displayed by the bead, I can determine the attribute of your physique!" Boss Bai said.

"Oh? Alright!" Lin Yi nodded and placed his hand on the bead as he was told. He started circulating the art of Dragon mastery, and the grey bead changed its appearance instantly!

There were seven colors on the bead, but none of them were particularly bright. They were hollow in the middle.

Boss Bai saw the color of the big bead, and his face became extremely surprised and wonderful. He was speechless for a long time, and after a long while, he said in horror, ""It's actually the five elements and seven physiques. However, every attribute is an illusory attribute. There's no real or fake attribute in your body!"

"Oh? Five elements and seven physiques? They were all void attributes? What kind of physique is that?" Lin Yi froze, shocked by boss Bai's words! He actually had the five elements and seven physiques, but they were all void attributes and none of them were true attributes?

"That's right. According to the records, if every attribute is of one color, this Five Element sphere can display a total of seven colors, representing gold, wood, water, fire, earth, and the ice and mist attributes derived from the water attributes!" Boss Bai explained, ""If it's a completely solid, bright color bar, it represents the real attribute. If it's a semi-solid color bar, it represents a fake attribute. However, this hollow, dark color bar represents a fake attribute ... And the five elements seven physiques means that your body has the five elements attribute at the same time, but also the water, ice, and mist physiques of the water attribute. In total, there are seven physiques, so it's called the five elements seven physiques!"

Lin Yi's eyes went wide after hearing boss Bai's words, but he was a little speechless! His physique was really awesome. Of course, if it was the real five elements and seven physiques, it would be rare in the world. However, he was of the void attribute, and the five elements could not form a cycle between each other. It had become a situation where they restrained each other, making it impossible for him to become an Alchemist!

"Then ... This kind of physique ... What's going on?" Lin Yi asked after a long pause.

"Your body doesn't have any real attributes. According to the common saying of the cultivation world, you're a cultivation waste. Even if you can cultivate, it's impossible to cultivate to a high level! Although it is possible to create an illusionary attribute, the cultivation speed of an illusionary attribute is obviously slower than that of a cultivator with a true attribute or a false attribute. " "But you just have to possess so many void attributes, and your cultivation speed is not slow either. It's really strange!" Boss Bai said.

"I ..." Lin Yi couldn't help but smile bitterly. He knew his own limits. Was his training speed fast? It seemed fast, but without the Jade space, without Xinyan, how could his cultivation speed be fast?

The answer was obviously no-if Lin Yi didn't have these advantages, he'd still be a solo practitioner, and he'd be miles ahead of other practitioners.

"However, even if you accept the inheritance of the Origin's attribute, it will still be very troublesome, because you need to go to five or seven origins to accept the inheritance. It's really too troublesome." Boss Bai said helplessly.

"In other words, there's no other way for the time being?" Lin Yi asked.

"That's what it is for now. " Boss Bai spread his hands and said with a bitter smile.

"Alright, since that's the case, I can't force anything." Lin Yi didn't dwell on it too much. After all, it was good enough that he could figure out the problem with his Constitution. As for turning his Constitution into a real attribute, Lin Yi didn't think it was realistic yet.

"By the way, did you just say that there's an incense burner missing?" Boss Bai asked as he looked at the spot where something was missing.

"En, it's a medicinal cauldron. It was still there when we left, but it's gone this time. It was obviously taken away by the person who touched the book 'book of strange occurrences'!" Lin Yi said.

"Oh? A medicinal cauldron?" Boss Bai was slightly stunned, then asked, ""What cauldron? What does it look like?"

The medicinal cauldrons here were definitely good things, but they were actually taken away by someone, which made boss Bai extremely regretful. If he had come earlier, things wouldn't have ended up like this, right?

"This cauldron looks like this. Right Panhu once exchanged a broken cauldron with me for something. That broken cauldron should be very similar to this one. I have a picture of The Broken Cauldron here." With that, Lin Yi took out his phone and showed boss Bai a picture.

"What? The Shennong cauldron?" Boss Bai's eyes went wide as he looked at the picture.

"What Shennong cauldron?" Lin Yi blinked. Was this really good stuff?

"The Shennong cauldron is a cauldron used to refine immortal medicine. It was called the creation cauldron in ancient times. As everyone knows, in ancient times, the Shennong tasted all kinds of herbs for the common people and laid the foundation for the medical science of later generations. However, what most people don't know is that Shennong is the ancestor of all alchemists. He was the one who invented the art of alchemy, and the alchemy skills of us cultivators were all passed down from his hands!"
