Chapter 2711 The Main Burial Chamber

Boss Bai explained in detail,"The ancient cauldron that Shennong used to refine hundreds of medicines and pills has accumulated the Qi of countless spiritual medicines for thousands of years. It is said that it can refine unparalleled divine pills! The real one was lost long ago, but our founder, Zhang Liju, had a replica of the Shennong cauldron. Even though it wasn't as powerful as the real one, it was still passed down through many pill Masters, and its power wasn't weak! It's said that it can even make Mystic first level pills. "

"What? It's that powerful?" Lin Yi started to regret it after hearing boss Bai's words. He didn't know what it was and how precious it was, so he just ignored it. But now, he realized that he had missed a huge opportunity!

Lin Yi was still trying his best to find a third grade cauldron, but he couldn't even hold on to a Mystic first grade replica of the Shennong cauldron ...

"Yeah, it's a pity, a pity!" Boss Bai didn't really care much about the picture in Lin Yi's hands-the cauldron was broken beyond repair, after all, so what if it was the real thing?

But what he cared about was the replica that Zhang Liju had used before-he'd missed it!

"Forget it. If we lose it, then so be it. Perhaps this medicinal cauldron doesn't belong to us. It's already not bad that we can get what we have now." Lin Yi said.

"You're right. I was a little greedy. " Boss Bai nodded."Since this is the tomb of our ancestor, he must have made his own arrangements. We can't force him."

"Is there anything else I can take?" Lin Yi said after looking around the room.

"There's nothing else. I'll leave this physical test bead here as well. It's useless to take it back." Boss Bai casually put the ball back to its original spot.""Yi, let's go pay our respects to Zhang Liju's ancestor?"

"Alright," he said. Lin Yi nodded and patted Skybolt pig's head, "Skybolt pig, let's go to the main burial chamber to pay our respects to ancestor Zhang Liju, is that okay?"

The last time he came to the tomb, he didn't go to the main room to disturb Zhang Liju's undead, but his status was different this time. Naturally, he had to follow boss Bai to pay his respects, and it was inevitable that he would disturb the master of this tomb.

"Ji Ji ..." Skybolt pig nodded and brought Lin Yi, boss Bai, and you Xiaoke out of the stone room, walking towards the main burial chamber.

At the entrance of the main burial chamber, Lin Yi was about to stop them from entering when Skybolt pig gave them a warning. He stood at the entrance, shaking his head and making "Ji Ji" sounds, signaling for them not to go in.

Other than boss Bai, Lin Yi and you Xiaoke both understood that there must be a mechanism in the main burial chamber.

After the pig unlocked the stone door, it entered the main chamber first. As expected, it was very familiar with the place. It touched a few parts that weren't very noticeable, then returned to the door and nodded to everyone. "Ji Ji."

"Alright, we can go in now. There was a trap in the chamber, and Skybolt pig helped us to close it." Lin Yi explained.

"Oh, I see!" Boss Bai hadn't come across any traps or dangers on his way here, and he wasn't a professional Tomb Raider-he didn't know much about these things. He only realized it now that Lin Yi mentioned it.

The three of them entered the main burial chamber, and the stone door behind them closed.

This was a very simple main burial chamber. In a corner of the wall of the main burial chamber, there was a huge coffin. There was nothing else near the coffin, and it was bare and seemed a little out of place.

However, there were a lot of words on the stone walls of the main burial chamber. Lin Yi scanned through them-it was about Zhang Liju's life experiences.

Lin Yi and boss Bai stood respectfully in front of the coffin, paying their respects to the founder. Boss Bai was clearly excited-although the five elements sect had a ranking system for the ancestors, standing in front of the coffin of the most famous refiner in history still made him emotional!

A sense of pride that had been suppressed for many years rose from the bottom of his heart! In the past, boss Bai had thought that he had been crippled and dispirited, that he would spend the rest of his life in a muddleheaded state. At that time, his only goal in life was to find a wood-type inheritor for the five elements sect, and pass on all he had learned in his life to him.

Boss Bai was truly helpless against xuanchen's framing and usurping of power. He could not vindicate the five-elements sect either. If he wanted the five-elements sect to flourish, he could only cooperate with xuanchen and help the evildoers.

But after meeting Lin Yi, boss Bai suddenly realized that his future was bright. Returning to the five elements sect, or even managing the sect again, wasn't a difficult thing.

All of this was like the guidance of his ancestor, Liju-it brought Lin Yi to him, giving him hope.

Boss Bai swore in his heart that he would not let down the hopes of Zhang Liju's Grandmaster. One day, he would revive the five elements sect, and return it to its glory from thousands of years ago!

"Phew ..." Boss Bai let out a long breath, then said, "Let's take a look at Zhang Liju's grandfather's life experiences and leave. This matter is over ..."

"Alright," he said. Lin Yi nodded with a serious face. This time, the tomb was different from last time. Lin Yi had officially joined the five elements sect, becoming a part of it. Standing in front of Zhang Liju's coffin was a different feeling.

Lin Yi picked Skybolt pig up quietly and looked at the wall with him. It was an introduction to Zhang Liju's life. The little guy could read, so Lin Yi decided to let him read it to remember what happened back then.

"You guys take a look, I'll just look around here and see if there's anything good." You Xiaoke wasn't very interested in Zhang Liju's life experience.

Lin Yi nodded and didn't say anything else. He started reading the words with boss Bai ...

Liju's entire life was dedicated to the study of medicine and alchemy, and he'd improved countless recipes and recipes, and it wasn't rare for him to recreate some of the lost ancient pills!

Some ancient pills were lost, not because they were difficult to refine, nor because the pill formulas were gone, but because some of the ingredients in the pill formulas were gone!

Chapter 2712 Yu Xiaoke Is Missing

These herbs had gone extinct, so even if there was a pill recipe and a corresponding Alchemist, they could not refine these pills.

For example, the Qi gathering pill was one of them, but through Zhang Liju's hands, he replaced a few of the extinct ingredients in the Qi gathering pill with some of the existing ingredients. Although the effect was reduced, it still achieved some of the Qi gathering pill's effects-this was the magical part of Zhang Liju!

That year, Zhang Liju had gathered a large number of Masters around him, and because of that, he had an endless supply of resources.

However, changing the recipe wasn't a difficult thing for Lin Yi. He could easily do it with his abilities, but he couldn't do it when it came to refining elixirs. Lin Yi's physique had determined that he couldn't refine elixirs.

After Lin Yi finished reading Zhang Liju's life story, boss Bai finished as well, ""Yi, let's go?"

"Alright!" Lin Yi replied and called Yu Xiaoke, "Xiaoke, let's go."

However, when Lin Yi turned to look at Yu Xiaoke, he was shocked to find that Yu Xiaoke was gone!

Yes, Yu Xiaoke disappeared!

Only Lin Yi, boss Bai, and Skybolt pig were left in the empty tomb. Lin Yi didn't need the light to feel everything in the tomb with his eyes closed. Yu Xiaoke was nowhere to be found!

"Yu Xiaoke!" Lin Yi exclaimed, subconsciously turning his head to look at the entrance of the main tomb. The stone door was still closed, not open!

Lin Yi felt a chill up his spine. Where did Yu Xiaoke go? Could it be that this tomb was haunted? How did Yu Xiaoke disappear into thin air?

"Yi, this is ..." Boss Bai's scalp went numb.

"Who's behind this?" Lin Yi's sharp eyes scanned every corner of the main burial chamber, but he still couldn't find anything out of place. There was nothing in the main burial chamber other than a huge coffin. If someone was hiding here to cause trouble, Lin Yi couldn't imagine where they would be hiding.

But if no one was behind this, then where did Yu Xiaoke go?

Could it be that the Tomb Raider who touched the book of anecdotes and took the Shennong cauldron didn't leave, but was hiding in the tomb, waiting for an opportunity to attack Lin Yi and the others?

Cold sweat started dripping down Lin Yi's back as he thought of the possibility. There were only two possibilities-one, the Tomb Raider wasn't human at all, and that was the only way for Xiaoke to disappear. The other possibility was that this person was extremely strong, perhaps Sky Class late phase peak. Only a master like that could do something like this under Lin Yi's nose.

But, even Sky Class late phase peak would have Qi fluctuations when they moved-was he a physical practitioner?

The key thing was that Lin Yi didn't understand how Yu Xiaoke disappeared in this sealed tomb even if a Sky Class master appeared. She and the sky Class master had to have a place to hide, right?

Lin Yi's eyes scanned the room and finally stopped on Zhang Liju's coffin.

"Master Zhang Liju, please forgive my rudeness ..." Lin Yi mumbled to himself as he walked towards the coffin. This was the only place in the entire tomb that could hide someone!

Otherwise, the tomb was a sealed stone chamber. There was no way anyone could hide on the wall, ceiling, or ground. Only the coffin was suspicious.

"Yi, you're saying that Yu Xiaoke ran into the coffin?" Boss Bai asked with a weird expression as he understood what Lin Yi was thinking.

"I don't know either, but this is the only place I can think of. In the entire tomb, where else can a person hide?" Lin Yi wasn't sure, but he could guess.

"You're right, saving lives is more important!" Boss Bai nodded at Lin Yi, indicating that it wasn't disrespectful. After all, the dead weren't as important as the living, and even the old master's spirit in heaven wouldn't disagree.

Lin Yi nodded and walked in front of the coffin, ready to open it.

"Get up!" Lin Yi was about to lift the lid up, but to his surprise, the lid didn't move at all!

Lin Yi didn't use his practitioner's Arts, but it was just a coffin lid-how heavy could it be? Lin Yi didn't use his pure Qi at all, but he miscalculated this time-the lid didn't even show any signs of lifting up!

"Lift the lid!" Lin Yi activated his practitioner's Arts this time, but the lid still didn't move!

Lin Yi was surprised and increased his strength, but the lid still didn't open!

Something's wrong! Lin Yi stopped using force and started to observe carefully. He wanted to see what was so special about the lid, and why it wasn't opening despite using so much force.

However, after Lin Yi's careful observation, he was shocked to find that the lid of the coffin was dead! It simply couldn't be opened!

In other words, the lid of the coffin was one with the coffin. It was just that it was carved into the shape of a lid. Although there was a small gap between the coffin and the lid, if one looked carefully, they would find that the gap was carved. The coffin and the lid were clearly one. It would be strange if they could open it!

"This coffins ... Are dead? It can't be opened?" Boss Bai also noticed the strangeness.

"Yes, it can't be opened. It's fake." Lin Yi nodded, then carefully knocked on the coffin a couple more times, his face full of shock. "This coffin ... Is solid. It's just a big rock. There's ... No bones inside!"

"What?" Boss Bai's eyes widened. He didn't know what to say in this sudden change! The two of them had been paying their respects in front of a solid stone coffin without any bones for a long time. What was this? "Then ... Zhang Liju's bones ..."

"I don't know, but there are only a few possibilities. Either this coffin was changed and the real coffin was taken away, or this isn't the real tomb of Zhang Liju's grandfather, but a fake tomb used to confuse people ..." Lin Yi said.

"A fake tomb ... There are so many good things inside?" Boss Bai asked, not understanding what was going on.

"Without so many good things, how can we believe that this is a real tomb? How can you pass off the fake as the real one?" Lin Yi asked.

"That's true, but if that's the case, then any random corpse would be better than a solid stone coffin!" Boss Bai was still a little confused.

Chapter 2713 Zhang Liju Didn't Die?

"That's the last possibility ..." Lin Yi paused here, a strange look on his face, ""Zhang Liju ... He's not dead!"

"What!" Boss Bai was quite shocked by Lin Yi's words-he looked at Lin Yi in disbelief,"He didn't die? How many years had it been? how could he not be dead? Even a Sky Class late phase peak would be dead by now, right?"

Sky Class late phase peak could theoretically extend their lives indefinitely, but that was only in theory-it was limited by the amount of natural treasures and Qi they had. It was already amazing to be able to live for two to three hundred years, and it was rare to see someone live for four to five hundred years!

Most unaffiliated cultivators without resources could only live to a hundred years old.

"He ... What if he's a heavenly path expert?" Lin Yi didn't really believe in the existence of heavenly path Masters before, thinking that it was just a legend. After hearing the fire lion's words and seeing it for himself, Lin Yi knew that heavenly path Masters really did exist.

Boss Bai sucked in a cold breath. "You're saying that Zhang Liju's Grandmaster isn't dead, and this tomb is fake to confuse people?"

"I'm not sure if it's meant to confuse people or not. I don't know the specific reason either. I'm just making a conjecture." Lin Yi said.

Boss Bai nodded slowly. Lin Yi's prediction was very likely. Thinking up to this point, boss Bai asked curiously, "If the person in the tomb is Zhang Liju's grandfather, then why did he kidnap Yu Xiaoke to scare us?"

"I don't know, maybe he wasn't the one who took Yu Xiaoke." Lin Yi shook his head, "maybe old master Zhang Liju wasn't here for a long time. Otherwise, our first tomb raid wouldn't have gone so smoothly. Besides, Skybolt pig has been living on his own all these years ... Eh?"

Lin Yi suddenly thought of Skybolt pig and quickly kicked the little guy, "I say, little thing, is Zhang Liju dead or not?"

"Ji Ji ..." The pig whined and pointed to the ground with its paw, indicating that the stone room's floor was too hard for it to write.

Lin Yi was just about to tell it not to write, just to draw words on the ground when the coffin suddenly disappeared!

The stone coffin ... Had disappeared into thin air! It was gone in front of Lin Yi and boss Bai! The place where the stone coffin was originally placed had become flat ground!

"F * ck!" Lin Yi would've peed his pants if he wasn't that brave. The coffin was gone? And it disappeared without a sound or warning?

Although Lin Yi's eyes were on Skybolt pig, he saw the coffin from the corner of his eyes. No one moved the coffin, and it disappeared into the ground just like that. It was like the ginseng fruit in Journey to the West, it was gone!

Boss Bai was an old man, and he was once the five-elements sect's sect leader, but even he felt out of breath. If Lin Yi didn't cure his old illness, he would've died of a heart attack already.

"Yi ... This place, it's too weird ..." Boss Bai said after taking a deep breath.

"But I can't leave before I find you Xiaoke. How about this, Mr. Bai, let Skybolt pig take you out of here first?" Lin Yi suggested after some thought. After all, boss Bai was here with him, and he didn't have any relationship with you Xiaoke. There was no need to wait here, so Lin Yi let him go first.

"How can I do that?" Boss Bai, however, shook his head. "I'm your teacher. How can I leave you behind at a time like this?" It's fine, I'll stay here!"

"Alright," he said. Lin Yi didn't insist, and started checking the ground where the sarcophagus used to be ...

After calming down, Lin Yi thought of some important questions. The most important thing was that even if a Sky Class master came here and took Yu Xiaoke, why didn't Lin Yi's Jade give him a warning?

Yu Xiaoke was one of the members of Lin Yi's current team, and the Jade would alert anyone in the team if they were in danger. Now that Yu Xiaoke disappeared, the Jade didn't alert anyone. Did that mean that Yu Xiaoke wasn't in danger?

Or perhaps, Yu Xiaoke wasn't captured, but left on her own? This was the only explanation that could work. Otherwise, why did the jade pendant not react at all?

After calming down, Lin Yi started to observe carefully. The ground here didn't look any different from the ground around it, but the more Lin Yi looked at it, the weirder it was. If there was a sarcophagus here, then there should be less dust on the ground here than anywhere else.

There should have been an outline of a stone coffin here, but there was no one here. This meant that dust often fell here.

In other words, it was as if the coffin had never been placed here. This stone chamber was more like an empty tomb!

However, just as Lin Yi was looking for it, a coffin suddenly appeared out of nowhere! It just appeared in front of Lin Yi and boss Bai out of thin air, and on top of the coffin stood a person-it was the missing Yu Xiaoke!

No matter how strong Lin Yi's endurance was, he was still in shock. But Yu Xiaoke finally came back, which made Lin Yi breathe in relief, ""Xiaoke, you're finally back. Just now, you ..."

"Male thief, I've found a trap, a big secret about the ancient tomb!" Yu Xiaoke's face was filled with excitement, "The ancient tomb we are in is only the first floor. There are more buildings below this floor!"

"What? You mean, you went to the lower level of the tomb just now?" Lin Yi's eyes went wide as he looked at Yu Xiaoke in disbelief!

What Lin Yi didn't expect was that there was a whole other world under the tomb! He didn't even think about it before, let alone Lin Yi, but this secret was discovered by Yu Xiaoke!

"Yes, this coffin isn't actually a coffin. It's an elevator. Through this elevator, you can go to the lower floor." "Of course, I'm just giving an example," Xiaoke said, "this thing probably doesn't use electricity."

"In other words, this thing is a mechanism similar to a teleportation ladder, right?" Boss Bai was surprised as well, looking at Yu Xiaoke in admiration, ""How did you find out?"

"You guys read the words on the wall, I have nothing to do. I want to see if there's anything valuable in the tomb to bring back ..." You Xiaoke said, embarrassed.

Chapter 2714 Another World

"And then ... You discovered this secret?" Lin Yi was full of admiration. It seemed like bringing Xiaoke back to the tomb was a wise choice. If he came here himself, he wouldn't have studied the coffin, and he wouldn't have found out the secret of the lift!

This was especially true for the previous book-Lin Yi was about to leave with boss Bai, but Yu Xiaoke found out that something was wrong. It seemed that Yu Xiaoke was indeed a professional-no wonder old hei paid such a high price to hire her, a master of solving mechanisms, to go with them.

"Yeah, I thought I could open some secret mechanism, but I didn't expect to find an elevator. There's a whole new world down there, and there are a lot of things for women!" Yu Xiaoke said.

"Oh? Shall we go down and take a look?" Lin Yi was very curious about the space under the tomb, but he was worried that boss Bai wouldn't want to go.

"Alright, let's go together then." Boss Bai was curious as well-he was suspicious of this solid coffin. What if Lin Yi was right, and Zhang Liju wasn't dead? Could it be down there?

If he could see Zhang Liju's Grandmaster with his own eyes, then boss Bai would be very excited.

"Then let's all stand on top of the coffin, I'll just activate the mechanism." Yu Xiaoke nodded.

And so, Lin Yi, boss Bai, you Xiaoke, and Skybolt pig stood on top of the coffin. You Xiaoke pressed on the wall, and the coffin started to descend quickly, but it was very steady. There was no impact at all, and it was so quiet that people couldn't even feel the movement of the coffin.

Lin Yi couldn't help but click his tongue in wonder. The design of the tomb was one of a kind.

Lin Yi took a closer look and found that the mechanism she pressed didn't have any bumps or bumps. There was nothing wrong with it, and he didn't know how she found out.

The coffin soon stopped, and the three got off the coffin. They were now in an empty stone room, but it was obvious that this room was different from the previous one-there weren't any engravings of Zhang Liju on the walls.

Lin Yi frowned as he watched the pig jump down from the coffin. This guy didn't look surprised at all. Could it be ...

"Skybolt pig, did you already know that there's an underground space here?" Lin Yi lowered his head and asked Skybolt pig.

"Ji Ji ..." The pig was helpless, but it still nodded.

"Why didn't you say so earlier?" Lin Yi glared at Skybolt pig-wasn't this asking for trouble? If he had known earlier, he would have gone to investigate the tomb the first time he came. Why would he wait until this time?

"Oink Oink ..." The pig used its front paws to gesture something, as if it was trying to defend itself.

"Write it on the ground with your claws!" Lin Yi couldn't understand what it was saying because the meaning was too complicated.

"Master said to let nature take its course." These were the words that Skybolt pig wrote.

"Let's go with the flow ..." Lin Yi understood what Liju was trying to say-it seemed like Liju wanted to leave everything to fate. It was fate that brought him to the tomb and allowed him to take over Lin Yi's mantle. It was better to just let things go with the flow and not force anything.

Skybolt pig followed his previous master's will and didn't tell Lin Yi that there was another level below the tomb. Lin Yi had no reason to blame him.

"Forget it, let's go take a look around. Xiaoke, there's no danger here, right?" Lin Yi asked Yu Xiaoke.

"No, I didn't," Xiaoke shook her head, "but I didn't go far. I just walked around the area and went back."

"Eh? The coffin disappeared again ... Is there a problem?" Boss Bai suddenly pointed at the corner of the wall where the coffin had been placed and asked in surprise.

"The coffin went up by itself again. It's fine." Xiaoke shook her head, "there's a mechanism here, you can get the coffin to pick us up at any time."

"Oh ..." Boss Bai nodded. He thought about it, how else would Yu Xiaoke get up there?

The three left the stone room together. Lin Yi insisted on walking in front because his Jade had an early warning function. He could react immediately when there was danger.

"Little pig, come with me. If there's any danger, you can deal with it in advance. You don't want me to die, do you?" Lin Yi kicked Skybolt pig, "I'm telling you, I'm at Earth Class mid phase peak now. It's only a matter of time before I reach Sky Class. When that happens, I can raise you to Earth Class late phase peak. If you don't want this strength, then just pretend I didn't say anything!"

"Ji Ji ..." Skybolt pig was drooling after hearing Lin Yi's words. He nodded repeatedly, indicating that he would take care of it.

Lin Yi was quite satisfied with Skybolt pig's attitude, and so the man and pig went ahead to explore the path, with Xiaoke and boss Bai following behind. The three of them left the stone room together.

After leaving the stone room, a huge Hall came into view. It was very spacious. Although it was called a Hall, it was more like a martial arts practice field for cultivation. There was a resting place on the side of the hall, and around the hall, there were three other rooms in addition to the stone room that they had come out from.

"This place ... Only has these?" Lin Yi said, surprised as he looked at the empty Hall. The situation here was completely different from what he'd expected. It was like an enlarged version of a four-bedroom house!

"Yes, that's all I have." Xiaoke nodded, "I went to the nearest room, it seems to be a woman's room."

"Oh? A woman's room?" "No way?" Lin Yi asked, stunned. Zhang Liju was quite the Playboy? Cohabiting with a beauty in an ancient tomb?"

"Cough, cough ..." Boss Bai's face reddened as well. He felt that it wasn't very good to slander the founding master behind his back.

"Skybolt pig, what's going on?" "Who's this woman?" Lin Yi turned to the pig.

Zhang Liju said that he wanted to let nature take its course, but now that Lin Yi had found the problem, and Skybolt pig wanted to level up, he didn't mind. He started telling the story as if he was presenting a treasure,

"Zhang Liju had two wives in his life-the Ice Palace's master, the ice fairy, and the snow Valley's master, the snow Fairy. They're brother and sister ..."

Chapter 2715 Heaven-Dao Golden Core

"They all live here, so there are Women's Supplies here! The chamber above is just for show, and this is where Zhang Liju, the ice fairy, and the snow Fairy live. " The pig continued writing.

"Oh? The sect master? And the snow Valley's Valley master?" Lin Yi's eyes went wide-he didn't know who the valley master was, but the sect master of the Ice Palace ... Wasn't that the founder of the candy girl?

"Yes, they were also the founders of the Ice Palace and Snow Valley. Because one of them had the surname" Bing "and the other had the surname" Xue,"they were called the" ice fairy "and" Snow Fairy. "From now on, everyone who inherited the sect master's position will follow this surname no matter what their previous name was." The pig explained.

"This Zhang Liju ... He's really something!" "Are they really dead, Skybolt pig?" Lin Yi asked, impressed. Since there's a place to live here and a teleportation ladder, does that mean that they've lived here for some time?"

"Master and the two ladies are Sky Class late phase peak, at the limit of their lifespan-even Zhang Liju wouldn't be able to sustain the three of them with the treasures he had, and so the three of them decided to build an ancient tomb with the thought of either success or death, to go into isolation and find a way to break through Sky Class late phase peak and step into the path of the sky. If they succeeded, they'd become Sky Class Masters, and they'd be able to pursue the legendary immortality. If they failed ... The three of them slept in this tomb. This will be their eternal home. " The pig explained.

"Then, is Zhang Liju dead or not?" Lin Yi asked.

"I don't think he's dead." The pig wrote after some hesitation.

"He shouldn't be dead? What did he mean by probably not dead? What's the meaning of this?" "Dead is dead, alive is alive!" Lin Yi asked, confused.

"One day, they disappeared together. My guess is that they succeeded. After becoming a Sky Master, they would go to a place called Sky Class Island. Master has many friends, so he should have a way to get there ..." The pig wrote.

"I see ..." Lin Yi nodded. If that was the case, then Zhang Liju was probably still alive, and so were his two female friends. "Did you not come back to take a look?"

"I can't ..." The pig pointed at the stone door on top of the room in the furthest distance and said, "That stone door can only be opened by a Sky Class or higher master-I can't open it. They disappeared from that room."

"Oh?" Lin Yi was surprised-he didn't think there'd be a trap like this in the tomb. He wanted to check it out. "Let's go take a look at that door first?"

The pig nodded and led the way.

Xiaoke didn't know what was going on-boss Bai was fine, since it was their sect's business, but Xiaoke had no idea what Skybolt pig was writing.

The three of them came to the stone door at the furthest end, and as expected, Lin Yi found a line of words beside it.

"Simplified recipe for the heaven's path golden core. Sky Class late phase peak, Mystic first level refiner can open this door,"

"Heaven-Dao gold core?" Lin Yi looked at the words on the wall in shock and turned to Skybolt pig, ""What's a heaven-Dao golden core? Sky Class late phase peak can become Sky Class after taking it?"

"I think so. Master has been studying the creation of the heaven's path golden core, and the two madams have been sparring in the training field every day, trying to find a way to break through to the heaven's path." The pig explained.

"

Wasn't this too awesome and magical? And this secret was actually discovered by Lin Yi-if, after some time, Lin Yi really became a Sky Class late phase Peak Master, wouldn't he be invincible after taking a heaven's path pill?

Of course, this didn't include the Sky Class Island-there were a lot of sky path practitioners there, and Lin Yi's invincibility was only limited to the ancient level and the five elements sect.

"So ... The founder has really concocted the heaven's path golden core?" Boss Bai's expression was strange as well."According to the rumors in the sect, Zhang Liju's ancestor left the sect to find the way to make the heaven's path golden core, and there has been no news of him since then ... At that time, many people laughed at him and said that it was unrealistic and that he might as well try his best to break through to the heaven's path. But Zhang Liju's ancestor firmly believed that he could make the heaven's path golden core! However, as there was no more news from the founding master, this matter slowly died down and no one mentioned it again. "

"It seems like he really succeeded." Lin Yi was filled with hope and confidence for the future once more. There were dangers and difficulties as he walked step by step, but ... The heavens rewarded the diligent. Lin Yi's hard work gave him hope.

"But we can't go in for the time being." In truth, boss Bai also wanted to see what the heaven-Dao golden core pill formula was like as soon as possible. After all, he was also an Alchemist, and he had a feeling that he could not bear to part with it.

Besides, boss Bai's idol and goal back then was Zhang Liju's Grandmaster, but an accident had ruined his dream. Now, he had hope again.

"Let's go and take a look at the other rooms. " Lin Yi didn't try to break the door with brute force-Liju had to be on guard since he'd said so, and he didn't want to waste his effort.

He went to the middle room, the one that Xiaoke had never been to before. As long as there was no danger, then there was no danger.

However, judging from the pig's actions, there was no danger at all. The pig deftly opened the mechanism of the stone door, and the stone door opened. This was a room for weapons. On the wall of the room, there was a huge rack, and on the rack were three weapons.

Yes, there were only three weapons-nothing more, nothing less. Other than that, there wasn't anything else in the room, but it made sense-Liju, ice fairy, Snow Fairy, they were all Sky Class late phase peak Masters, and other than love, they were all focused on the pursuit of martial arts. They wouldn't study anything else other than weapons.

"These three weapons must be the heaven-grade weapons of Zhang Liju, ice fairy, and Snow Fairy, right?" Lin Yi asked as he looked at the weapons on the wall.

Chapter 2716 Three Heaven-Grade Weapons

"No, master is an Alchemist. He doesn't have a weapon. If you have to talk about a weapon, it's the replica of the ancient divine artifact, the Shennong cauldron, that you lost previously." The pig shook his head and wrote, "the three weapons here all belong to the ice fairy and the snow Fairy. The ice fairy has two weapons, and the snow Fairy has one. However, their mental cultivation methods and physical attributes are similar. Their weapons are all Water-type weapons, so they can be used."

"I see." Lin Yi nodded and walked closer to the display rack. As expected, two of the weapons had the word "ice" on them, and the other one had the word "snow."

Although this weapon wasn't of much use to Lin Yi, he still wanted it for himself. These two weapons belonged to the Ice Palace, and if he could give one of them to Xiaoxiao, she'd be happy, right?

As for the other one, he could give it to the rock Candy Girl, but only if she was smart enough to give it back to Xiaoxiao.

Lin Yi didn't have much use for the weapons in the valley—he didn't know anyone there, but he'd take the good stuff first. Who knew when they'd come in handy—he'd regret it if they got stolen again like the Shennong cauldron.

"Skybolt pig, I can take all these things, right?" Lin Yi asked.

"You're my master's fated person and also my new master. Of course, you can. These things are all yours." Skybolt pig wrote, obviously because of Zhang Liju's instructions.

"Alright then, I won't stand on ceremony." With that, Lin Yi took the three weapons and put them in his bag. He didn't know what they were or what power they had, but he decided to take them first!

But ... Wasn't he being a bit too greedy? He turned to boss Bai and Yu Xiaoke, ""Do you want some?"

"I'm an Alchemist, why would I use a heaven-grade divine weapon?" Boss Bai shook his head with a bitter smile. "My weapon is also a medicinal cauldron."

"Uh, then I'll give you the real Shennong cauldron?" Lin Yi asked.

Boss Bai shook his head with a smile. ""That thing can't be fixed. It's useless. It's just a collectible. Yi, you should keep it. Maybe one day it'll be useful. It's a waste to give it to me."

"Alright, what about you, Xiaoke?" Lin Yi continued to ask.

"I don't even know what heart technique I'm going to cultivate. It's useless even if I want it. I'll tell you when I need it." Yu Xiaoke shook her head. Although she was greedy, she didn't want weapons that were useless to the orphanage.

"Then let's go to the other stone room and see what's going on." Lin Yi nodded and went to the last room with boss Bai, Xiaoke, and Skybolt pig. Of course, Xiaoke had already been there.

After entering the room, Lin Yi saw a huge bed ... And so, Lin Yi's heart started to fantasize-this Zhang Liju, he was really a Playboy, sleeping with women on his left and right!

From the looks of it, this was the place where Zhang Liju and the two ladies were really resting. The tomb above was really just an ancient tomb. Zhang Liju must have spent all his time researching the heaven's path golden pill, and didn't do any other research on other pills, so the things up there were useless.

"Here, there's a big chest with a lot of gold and silver hairpins and jewelry. Can I ... Take them away?" Yu Xiaoke looked at Lin Yi hesitantly.

"Uh ..." Lin Yi didn't know if he should take these things away. The sky-grade weapon was one thing, but these were Madam Zhang's personal accessories. It was a bit unreasonable to take them away, right?

Boss Bai, on the other hand, had heard about Yu Xiaoke from Lin Yi before, and he respected this girl a lot. He nodded, ""Yi and I are both from the five elements sect, and the things of the Grandmaster Zhang Liju and the two grandmasters" mothers belong to the five elements sect, so you can take whatever you want! Since they left without taking these things with them, it means that these things aren't very important and shouldn't be of much use to them. "

"That's true," Lin Yi looked at Skybolt pig again and realized that the little guy didn't seem to mind at all. It seemed like he really wasn't important anymore! But thinking about it, Zhang Liju, ice fairy, and Snow Fairy were all pursuing the heavenly Dao, so these things were really not important."Then take it away!"

"Alright!" Yu Xiaoke opened her bag happily and put all the gold and silver jewelry in it. These things could be sold for a good price.

After Yu Xiaoke finished packing, Lin Yi said, "Teacher Bai, let's go. It's time to leave."

"Alright," he said. Boss Bai nodded, "I'm very happy to know that Zhang Liju's Grandmaster might still be alive!" If he can come back to visit the five-elements sect, I believe that xuanchen and the rest will restrain themselves ..."

"Hehe, if he was willing to come back, he would have come back a long time ago. He wouldn't have waited until now." Lin Yi didn't have much hope.

"You're right, let's go. " After boss Bai finished speaking, the few of them headed to the stone room that they had first arrived in.

You Xiaoke pressed on the wall again, and not long after, the coffin appeared in the room. Everyone was used to it by now, and you Xiaoke didn't have to press the mechanism-the coffin moved on its own, returning to the main room on the next level.

Now, he could be sure that there was no danger here. Those who had come to the ancient tomb before had probably left long ago. All his worries were just for nothing. He was just scaring himself.

As he was leaving the tomb, Lin Yi was a little interested in the physique testing orb. It was a good thing, after all, and he didn't want it to be stolen, "Should we take the bead that's used to test one's physique as well?"

Boss Bai didn't want to take it at first, but he thought that someone might come in and steal it, so he hesitated and said, "If you need it, you can take it with you?"

"Then take them all!" Lin Yi nodded. After all, he wanted to test other people's attributes, like Chu Mengyao and Chen Yushu. Lin Yi promised to help them find a suitable practitioner's art, but he didn't know their physical attributes.

But, even if he knew, Lin Yi wouldn't just jump to the conclusion that he'd help them find their Arts.

Chapter 2717 Strange Situation

After all, most of the body's attributes were hidden, and one couldn't see them unless they used special methods. A large attribute could be split into many smaller attributes, like rock Candy's ice heart Jade bones, Feng Xiaoxiao's yin cold body, Ice Palace aunt Qing's ice cold body, and so on. These were all under the water element.

And these attributes couldn't be tested on this round bead at all. It could only test the major attributes, so there might be a situation where the mental cultivation method didn't match well. However, with this round bead, he could always know some cultivation directions.

Among the five attributes, only the water attribute was more complicated, the others were still alright.

Lin Yi took the bead and left the tomb with boss Bai and you Xiaoke. It was a smooth journey, and they didn't encounter any danger or obstacles.

The three of them had entered the ancient tomb at dawn, and when they came out, it was already a starry sky.

This time, the three of them returned with a full load. You Xiaoke got a huge pile of gold and silver jewelry, Lin Yi got the answer to his physique-he got three sky-grade weapons and a round bead to test his physique, and boss Bai got some exciting news-Zhang Liju's Grandmaster might not be dead!

After sending Xiaoke back to the orphanage, Lin Yi and boss Bai returned to Donghai city. Xiaoke didn't want to leave, but with boss Bai around, she didn't want the male thief to stay any longer. She held his hand and let him leave.

Xiaoke sighed as she watched the car disappear. Was this love? If only the male thief was Lin Yi, then there wouldn't be so many things to worry about ... But he wasn't, and she didn't know how to deal with this Lin Yi who was getting more and more insatiable ...

But thinking about the gold and silver jewelry in her bag, she was happy again-these were all ancient items, they were quite expensive even if they weren't worth cities! She didn't waste her time coming here.

On the way back, boss Bai was still thinking about the fact that Zhang Liju might not be dead."Yi, do you think we should look for Zhang Liju's Grandmaster?"

"If we could find him, the five elements sect would've found him long ago. Zhang Liju is a master of the heavenly Dao, he's not someone we can find easily." Lin Yi, on the other hand, was calm-he didn't expect to find Zhang Liju.

If Zhang Liju wanted to show up, he would. If he didn't want to, there was no point in looking for him.

In the thousand years that Skybolt pig was in the tomb, he never saw Zhang Liju, which meant that Zhang Liju had no intention of coming back. Otherwise, he would have gone back to the five elements sect long ago.

"That's true," "I was too impatient," boss Bai nodded.

"Oh right, Mr. Bai, can you tell me the story of Zhang Liju, the ice fairy, and the snow Fairy? You're from the five elements sect, so you should be very familiar with this story, right?" Lin Yi asked. He was very curious about Zhang Liju's love history, and of course, it was also because of Feng Xiaoxiao.

Lin Yi could be considered Zhang Liju's heir, and Xiaoxiao was the future Palace Master. Lin Yi felt that he was similar to Zhang Liju, just that he didn't have a wife from the snow Valley.

"The love story of the first generation's pill Saint Zhang Liju and his two grandmothers has been passed down for thousands of years! The two of them were martial sisters, and they had a very good relationship, but they fell in love with the same man, and that man is Zhang Liju!" Boss Bai explained what had happened back then, but what he knew was only in the anecdote of the sect, which was not the official record of the sect. "However, this pair of senior and junior sisters are both prideful people. They don't want to share their love with others. Or perhaps, because they are senior and junior sisters, they can't lower their face and don't want to give in ..."

"Oh? Didn't they live together after that?" Lin Yi asked, surprised.

"I heard from Skybolt pig today that they all followed master Zhang Liju. Before, I only knew that master Zhang Liju married matriarch ice." Boss Bai smiled bitterly. "However, later on, she chose to give in. The reason was that she had a special Constitution. She was poisoned with cold poison and would not live

past 20 years old. Therefore, when she heard the news, she did not want to fight with her anymore. She gave the man to her ..."

"Cold poison? Cold Yin body?" Lin Yi blinked, remembering Xiaoxiao's special Constitution. The rock Candy Girl said that Xiaoxiao's Constitution was similar to their founder 's-it seemed to be true.

"That's right, it's the cold Yin body!" Boss Bai nodded and continued,""That was why the ice matriarch chose to back down, but Zhang Liju was a great man as well-he brought the ice matriarch to the ice Mountain, where the Ice Palace is now located, and found the fire Spirit's fruit, successfully keeping the ice matriarch alive. On the mountain, the ice matriarch also found the heritage of the ice Mountain, and found the ancient ruins of the Ice Palace, starting her own sect! But her body became very weak after eating the fruit-she really shouldn't have taken it. It was only effective when she was in Qi deviation, and it was harmful when she ate it normally. So even after she became Sky Class late phase peak, her body wasn't very good, and Zhang Liju could only make ice heart Jade bone pills for her. Only then will she not fall ill. "

"So, the ice matriarch didn't die, and the snow matriarch went to find them?" Lin Yi couldn't help but ask.

"No. The records I've seen here say that since the matriarch has already said that she would give up, with her proud personality, how could she possibly lower her head?" Boss Bai shook his head."Besides, master's wife wanted to forget about them. So, she founded the snow Valley and the heartless technique!"

"Merciless technique?" Lin Yi blinked.

"That's right, as the name suggests, the so-called heartless spell means that the person who cultivates it will abandon emotions and no longer have love ...""He's like an Ice Mountain, hard to get close to. "

"That's not right. If she had become an iceberg, what kind of situation would we be seeing today?" Lin Yi was a little troubled-Skybolt pig couldn't lie,"Bing Shan changed his mind? And then they got together again? Did that mean that her emotionless art had lost its effectiveness? How can I break through to the heavenly Dao then?"

Chapter 2718 Visiting Tang Yin

"I don't know, maybe something happened after that, and she returned to Zhang Liju's side, but I don't know the exact reason ..." Boss Bai said,"It looks like the three of them broke through to Sky Class late phase peak together and stepped into the path of the heavens, living the life of a celestial couple ..."

"The heartless technique can be broken?" Lin Yi was still a little confused-it was quite magical that she could still like Zhang Liju after practicing the emotionless manual.

"This ... Who knows?" "Maybe there's an error in the legend," boss Bai said.

Lin Yi nodded. That was the only explanation.

At the foot of the mountain in the snowy valley, a patrolling disciple found a Jeep Wrangler slowly moving into the range of the snowy valley. When he noticed this situation, the patrolling disciple immediately came to the front of the Wrangler's car and extended his hand, signaling the Wrangler to stop.

"This is the boundary of the snowy valley. If you are travelers or adventurers, please stop!" Although the words of this patrolling disciple sounded polite, it contained an irresistible Majesty.

"This is the snow Valley?" Fen looked at the patrolling disciple in surprise. There was no one on the way here, and she almost thought she went to the wrong place.

"In this world of Ice and snow, this person is only wearing a white unlined garment? Isn't he cold?" Xinwen said, surprised.

"I'll go down and take a look!" Xiaobo said as he got out of the car.

However, Xiaobo felt a cold wind blowing at his face the moment he got out of the car. He shivered as he flipped his collar up, "Hello, are you a disciple of the snow Valley? The few of us are heading towards the snow Valley, can you please help lead the way?"

"You're heading to the snowy valley? Who are you people? What are you doing here?" The patrolling disciple blinked-Xiaobo and the others didn't look like practitioners at all. They didn't have the aura of a practitioner at all-they looked more like tourists.

"I'm visiting an old friend. " Xiaobo said.

"Visiting an old friend? Where are your old friends?" The disciple asked curiously.

"It's Tang Yin. She's my girlfriend's childhood friend, so we're here to visit her together ..." Xiaobo explained.

"What? Are you here to visit elder Tang?" The disciple was shocked when he heard Tang Yun's name. His expression changed from cold to respectful, "Please follow me, but you have to wait in the guest room for a while. I have to report this!"

"Alright, no problem. Thank you!" Xiaobo said politely. Tang Yin was pretty cocky here, but Xiaobo wouldn't make things difficult for these normal disciples.

Xiaobo went back to his car and followed the patrolling disciple to a guest room in the valley to rest for a while, while the patrolling disciple went to report the truth! Of course, he wasn't going to report to Tang Yun, but to the Grand Elder!

Although Tang Yun's position in the valley was high, the Grand Elder didn't want Lin Yi to affect Tang Yun's training. So, anyone who came here to look for Tang Yun had to go through the Grand elder's review and approval.

The patrolling disciples found the Grand Elder through the elder on duty, elder Zhang. That's right, the one on duty today was still elder Zhang. However, although elder Zhang was a good person, he did not dare to openly disobey the Grand elder's orders.

"You're saying that the three people outside are all Tang Yin's friends?" After the Grand Elder heard the report from the patrolling disciple, he frowned. "A man and two women? Could it be that Lin Yi, Chu Mengyao, and Chen Yushu were here again? Elder Zhang, come with me to take a look. If it's them, let them go back directly!"

"Yes, Grand Elder." Elder Zhang quickly said.

And so, the Grand Elder and elder Zhang went to the guest room and saw Xiaobo, Fen, and Xinwen. The Grand Elder let out a breath of relief-as long as it wasn't Lin Yi. She was afraid that Lin Yi would instigate Tang Yin to leave the valley and stop cultivating, and that would be a huge loss for her.

"This is the Grand Elder of our Snow Valley!" Elder Zhang introduced the three.

"Greetings, Grand Elder!" Xiaobo's tone was respectful, but he didn't think much of it. So this was the old hag Yushu was talking about, she didn't look like someone easy to get along with.

"What is your purpose in coming here?" The Grand Elder asked directly.

"We just haven't seen Tang Yin in a long time, and we just wanted to see her. We don't have any other purpose." Xiaobo said respectfully.

"Oh, there's no need to see her. Tang Yin's at a critical moment in her cultivation, and I don't want her to keep thinking about the past. She might think of Lin Yi when she sees you guys, and it'll be very painful. It'll affect her cultivation, and if she goes into Qi deviation, the consequences aren't something you and I can handle." The Grand Elder waved his hand and had a plan in mind.

"Ah? Qi deviation?" Xiaobo blinked-he didn't think that one look at Tang Yin would cause his Qi to go berserk!

"That's right, you're all Tang Yin's friends, so I don't mind telling you the details. " The Grand Elder frowned and said, "I'm sure you guys already know that Tang Yun should be using the herb liquid when she's training, but she gave it to Lin Yi instead. That's why there's a problem with her training now ..."

At this point, the Grand Elder couldn't help but sigh, ""Tang Yun's training is the heartless spell. Having emotions in your heart will affect your training, and it'll be extremely painful during the training! If she can't forget Lin Yi, then she'll continue to suffer. If she goes into Qi deviation, she'll lose all her strength, or if it's serious, she'll explode and die!"

"What? You can even explode and die?" Xiaobo, Fen, and Xinwen's eyes were wide open.

"Of course. It's common to die from Qi deviation in cultivation." It wasn't that the Grand Elder was lying- it really did exist, but the Grand Elder exaggerated a little!

The founder of the sect, Grandmaster Xue, had created the emotionless art under this kind of pain. She did not explode and die, but she grew up in pain, which was different from Tang Yun's situation. She did not get love, but Tang Yun did.

However, the two's cultivation situation was similar. Tang Yun wouldn't explode and die. At most, she would be in pain and her progress would be slower.

"I ..." Xiaobo hesitated.

Chapter 2719 Meeting Agreement

He'd only wanted to visit Tang Yin as an old friend, but he didn't think that it'd bring such a disaster to her-he couldn't just do something he didn't want to."Then, shall we ... Go back?"

"I'm afraid that's the only way ..." The Grand Elder said helplessly.

"Then ... Can we take a look from afar?" Fen didn't want to give up-Tang Yin left not long after she recovered, and they hadn't had a good time together.

"Do you think that Tang Yun can't find you with her current cultivation?" The Grand Elder asked.

"That's ..." Fen blinked, but she understood. That's right, Tang Yin wasn't the Tang Yin she used to be-she was a powerful practitioner!

"How about this, if you guys want to see Tang Yun, it's possible, but you guys have to do as I say. If something happens to her, neither of us will be happy!" The Grand Elder said.

"Alright, Grand Elder, please speak!" Xiaobo said with a nod.

"You guys are Tang Yin's friends, so you're naturally close to her. She'll definitely listen to whatever you say, so I hope you guys can talk to her more to make her give up on Lin Yi. Only then can she cultivate in peace." "Only when she has given up will she be able to cultivate in peace," the Grand Elder said. "Only then will she not go into Qi deviation."

"This ..." Kang Xiaobo hesitated after hearing the Grand elder's words.

"Don't tell me you're thinking that Tang Yin'll be able to reunite with Lin Yi one day? This is impossible!" The Grand Elder struck while the iron was hot and said,""Let's not talk about the fact that Lin Yi's already forgotten about Tang Yun, even Tang Yun herself has trained in the heartless tactics. After she Masters it, she won't have any feelings anymore. What you're doing is to help Tang Yun get rid of her heart's demon and step into Sky Class. "

"Alright, but we can only tell the truth. It's impossible to make up stories." Xiaobo nodded after some hesitation-the Grand Elder was telling the truth, after all, and he knew that she was doing this for Tang Yin's own good.

As for Lin Yi and Tang Yin, the Grand Elder had said that it was impossible, so Xiaobo didn't have to worry too much about it.

"I'm just telling you to tell the truth, no need to make up stories. Just make Tang Yun give up. You guys decide what to say, I don't need to teach you. Besides, I'm not very clear about you guys. " The Grand Elder said.

"Alright," he said. Xiaobo didn't doubt the Grand elder's words at all-the Grand Elder wasn't lying to Xiaobo, after all. She was telling the truth, just exaggerating a little. It was all for Tang Yin's own good.

"If that's the case, then follow me." "I hope you won't say anything inappropriate for the sake of Tang Yun's cultivation," the Grand Elder said faintly.

"Don't worry about that. We're not people who don't know their limits. " Xiaobo, of course, wasn't here to ask Tang Yin to come back-he was just here to visit her. Even Mengyao and Yushu wouldn't have told Tang Yin to come back if they did, or they wouldn't have hidden it from Lin Yi.

He had to keep this a secret, or it'd be harmful to Lin Yi. His current strength wasn't enough to fight against the valley.

Tang Yin's practicing was getting tougher and tougher, and she wanted to train in peace, but she couldn't forget Lin Yi-she didn't want to forget him. She wanted to remember him forever, remember that afternoon under the tree, remember the stars at West Star Mountain-these were the most beautiful and precious memories of her life, and even if she couldn't see him again, she wanted to remember the sweetness of the past, the sweetness that only belonged to her, because of another person. He would forget all of this forever ...

The Grand Elder had tried to persuade Tang Yin to take the herb's medicine, but she'd rejected him. That was why the Grand Elder had Xiaobo and the others go talk to her.

Tang Yun was resting when a female disciple who was serving her knocked on the door."Elder Tang, the Grand Elder said that a few of your old friends have come to visit."

"Oh? My old friend?" Tang Yun was taken aback. Could it be Chu Mengyao and Chen Yushu? Tang Yin was getting excited at the thought-if they were here, would Lin Yi come too?

"Yes, a man and two women are waiting in the guest room. The Grand Elder wants you to go over." The female disciple said.

"Ah ... Okay, I'll go over now!" Tang Yun said excitedly. A boy and two girls-it had to be Lin Yi, Mengyao, and Yushu!

Tang Yun rushed out of the room and went to the guest room, which surprised the female disciple. Tang Yun was a quiet person who didn't like to talk. All she did every day was cultivate. Why was she so excited today?

However, this was Tang Yun's problem. She couldn't ask as a female disciple. She could only follow behind quietly.

Tang Yun quickly went to the guest room. The Grand Elder and elder Zhang were already waiting at the door. Seeing Tang Yun, the Grand Elder said, "Elder Tang, your old friend is inside. I won't disturb you any longer."

With that, she left the room with elder Zhang, much to Tang Yun's surprise. Lin Yi was here, would she be so at ease to let her meet Lin Yi alone?

Tang Yin's suspicions were cleared up the moment she walked into the room-it wasn't Lin Yi, Xiaobo, Fen, and Xinwen!

Tang Yin was relieved-no wonder the Grand Elder was so calm. If Lin Yi really was here, would she agree to let her see him?

Tang Yin couldn't help but slap her forehead as she thought of this. She smiled bitterly. She was too worried. Lin Yi had Chu Mengyao and Chen Yushu to help him. How could he think of her?

"Kang Xiaobo, Fen, Xinwen, it's you guys!" However, Tang Yun was also very surprised to see them. She had been bored out of her mind recently. She didn't want to talk to anyone here except her foster parents and her biological mother. There was nothing in common, except asking about Xue Li's cultivation.

"Yunyun, are you okay?" Fen was excited to see Tang Yin as well-she ran over and grabbed Tang Yin's hand with Xinwen.

"Fen, Xinwen, I'm fine. What are you guys doing here?" Tang Yin was surprised as well-why were the three of them here?

Chapter 2720 Disappointed Tang Yin

"First, Fen and Xinwen missed you and wanted to see you," "Secondly, Chu Mengyao and Chen Yushu asked us to come and see you. They couldn't get in touch with you, so they wanted me to ask how you're doing. They're worried."

Tang Yin's eyes were filled with melancholy and reminiscence."I miss you guys too, I miss Yaoyao and Shu ... And I miss Lin Yi even more, but I know that Lin Yi and I are destined to never be together ... How is he? Are you alright?"

Tang Yin couldn't wait to hear about Lin Yi.

"Boss ... He's doing pretty well!" Xiaobo didn't know what to say.

"What's his current strength? Oh right, I heard that the Hidden House Yu, hidden house you, and hidden house Zhao sent a couple of their Masters to look for Lin Yi, but they didn't find him, did they? Has this matter been resolved?" Tang Yun was very concerned about Lin Yi's safety. When she first came to the

Ice Palace, she could still contact Mengyao occasionally, but the Grand Elder cut off all contact with the outside world. She didn't know what happened.

She knew that Lin Yi was fine, but she still felt uneasy.

"Hidden house Yu? Hidden house Zhao? Hidden house you?" Xiaobo smiled and shook his head, "the boss is very strong now. He doesn't care about these houses anymore. The Hidden House han, hidden house Pi, and hidden house Zhuang are all his followers now, and he can kill Sky Class early phase Masters in seconds."

"What? Lin Yi could kill Sky Class early phase Masters in seconds? What was his strength then? He's already Sky Class mid phase and above?" Tang Yun's eyes were filled with disbelief and excitement.

"No, the boss is only earth Class mid phase peak, but he's very strong-he can kill Sky Class early phase in seconds." With that, Xiaobo told Tang Yin everything Lin Yi had been doing ...

Tang Yin, on the other hand, was listening with great interest, asking a few small questions from time to time. She was very pleased to hear that Lin Yi was so strong now-it seemed that as long as Lin Yi didn't mess with the ancient sect, then the hidden level of power wouldn't be able to hurt him at all ...

The Grand Elder may have left, but she was still a Sky Class late phase peak-she could hear the conversation in the room from far away. She was shocked when she heard that Lin Yi, an Earth Class mid phase peak, killed a Sky Class early phase in an instant!

Wasn't Lin Yi's growth a little too fast? The Grand Elder didn't pay much attention to Lin Yi, and so she didn't know what had happened recently. Only now did she realize how strong Lin Yi was after hearing Xiaobo's explanation!

But the Grand Elder wasn't too worried-after all, Lin Yi's level was way too far from hers. Sky Class early phase was something she could easily kill, but Lin Yi was only earth Class mid phase-no matter how strong he was, he couldn't break through the barrier of strength.

"I'm glad to hear that ..." Tang Yin nodded, pleased. She didn't have to worry about Lin Yi anymore."Right, Xiaoxiao told me before that Lin Yi should get a main wife-who's his main wife now? Is it Yaoyao?"

"I ..." Xiaobo was just thinking about how to talk to Tang Yin when she asked."No, Lin Yi's current first wife is Wang Xinyan."

"Wang Xinyan?" Tang Yin was taken aback-she'd never heard of this name before. Where did this guy come from?

"Yes, her name is Wang Xinyan. She's boss's classmate and deskmate in University. I got the information from Yaoyao and the others. She's staying in boss's Villa right now, and I heard that she's sharing a room with him ..." Xiaobo said honestly. He didn't want to provoke Tang Yin, but he had no choice after the Grand elder's orders.

"Ah ... They're already ... Living together ..." Tang Yun heard the news and a look of desolation flashed across her face. Did he like someone new? She was not his first woman after all.

However, Tang Yin felt relieved. Luckily, she wasn't Lin Yi. Otherwise, how could she save Lin Yi? If something had happened between her and Lin Yi earlier, would she still be training here? Would the valley still use this as a condition to save Lin Yi? Obviously not!

Although Tang Yin didn't know who Wang Xinyan was, nor how Lin Yi and Wang Xinyan met, but since Chu Mengyao and Chen Yushu both agreed to it, there must be no problem with her character.

"This ... This was Xiaoxiao's idea, right? I think he told you about it?" Xiaobo spoke up after seeing how troubled Tang Yin was.

"En, I know, it's fine. Lin Yi and I are not meant to be, we won't meet again. As long as he's happy, that's all that matters." Tang Yun smiled.

"Yunyun, it's good that you understand this. Since you've chosen this place, you should focus on your cultivation." Xinwen said.

"I understand, don't worry, I'm not an impulsive and irrational person. I'm no longer that ignorant little girl, hehe ..." Tang Yun thought back to the time when she was afraid that Lin Yi wouldn't want her, and threw her phone on the ground. She felt that she was really innocent back then ...

The Grand Elder heard the conversation from a distance and was very pleased with it. Tang Yin's answer made her let out a breath of relief-it seemed that Tang Yin could stay here and cultivate in peace from now on, without having to worry about any accidents.

"Yunyun, why do you feel so cold? Is this the consequence of cultivating the heartless spell?" Fen wasn't as happy as she'd been when they'd first met-she'd realized that Tang Yin was a bit unnatural, even if

she'd been very friendly with them. There was a cold aura about her that made people stay away from her, like a block of ice.

"Yeah, Fen, you noticed?" Tang Yun smiled helplessly, "this is what the merciless tactics look like. So, when I train it to the extreme, even if Lin Yi thinks of me, he won't like to be with me anymore. There's an unnatural aura on my body that keeps people a thousand miles away. People don't want to get close to me."

"I see ..." Liu Xinwen looked at Tang Yin with sympathy. She didn't understand why Tang Yin would make such a big sacrifice for Lin Yi. Was the power of love really that great?
