

## Bodyguard 2721

### Chapter 2721 Stop!

Xinwen had never been in a relationship before, and with her aggressive personality, it was rare for her to find a boyfriend who was right for her-she didn't know what love felt like.

"Elder Tang, it's time for you to cultivate!" At this time, the Grand Elder reappeared in the guest room. He said something to Tang Yin first, then turned to Xiaobo and the others. "I'm sorry, everyone. Elder Tang's meeting time is up. She's going to cultivate. Please stay here for the time being!"

"Ah ..." Tang Yin wanted to spend more time with Xiaobo and the others, but she couldn't disobey the Grand Elder. "My mother is here too. You guys are familiar with her. I'll let my mother talk to you guys."

"Ah, aunty's here too, that's fine too ..." Liu Xinwen nodded. They couldn't disturb Tang Yin's cultivation.

"Alright, I'll be leaving then." Tang Yin stood up apologetically, "I'll ask mom to walk around the valley with you guys. The view here is beautiful too."

"Okay, Yunyun, you can go." Fen said.

The Grand Elder left with Tang Yin-she'd achieved her goal, and naturally didn't want Xiaobo and the others to keep talking to Tang Yin. The more they spoke, the more they'd make Tang Yin miss Lin Yi.

So, it was just an excuse. The Grand elder's real purpose was to stop Tang Yun from communicating with them.

Not long after the Grand Elder and Tang Yun left, Tang Yun's foster mother, Wang Yujie, came to the guest room. This was a ruthless person who had no obstacles in the snow Valley. Even the Grand Elder did not dare to offend her. He might as well not see her, but he would not be bothered. He might as well not meet her!

The Grand Elder couldn't do anything about people like Mrs. Tang-he couldn't hit or scold her, and he couldn't even chase her away!

Tang Yun was a gentle and soft-spoken girl, and the Grand Elder could control her. But Mrs. Tang was a stubborn woman who only cared about the good of her family. She took everything she saw in the valley and ordered everyone around as if the valley was her own!

What made the Grand Elder helpless was that Mrs. Tang's catchphrase was, "I'm calling Lin Yi!" I'm leaving with Tang Yin! I'll ask my daughter, Bing Tang, to tear down your Snow Valley!

So the Grand elder's strategy was to keep her happy-as long as Tang Yun cultivated and mother Tang didn't do anything, they'd just let her be. The valley had money and goods anyway, so it didn't matter if they gave her some!

As for her ordering others to work for her, it didn't matter. Tang Yun was an elder of the snow Valley, and the elder's mother naturally had the power to do so. It was just that the snow Valley had never had such a situation before, since the parents of those elders had died.

Plus, Mrs. Tang was also the mother of the Ice Palace sect's sect master, Bing Tang. With such a powerful identity, the Grand Elder wouldn't dare do anything to her, and so Mrs. Tang was crowned the King of the Valley.

All the disciples of the snow Valley now knew that there was a person in the snow Valley who was even more awesome than the Grand Elder. Everyone should never provoke him, or else they would die a very, very miserable death ...

"Xiaobo, Fen, Xinwen, you're here!" Mrs. Tang was happy to see the three. "Where's Lin Yi?"

"Boss, he ... Aunty, you know that boss drank the herb medicine. It's Tang Yin's idea, we can't do this on our own ..." Xiaobo said, troubled.

"Oh, I know. But when he becomes stronger, he can come and take us all away, or he can occupy the snow Valley. By the way, I have a daughter who can marry him. By then, the Ice Palace and Snow Valley will all be his, and this matter will be solved!" Mrs. Tang said.

Right now, only Mrs. Tang dared to say such outrageous things, and the disciples didn't dare to refute her. Everyone was used to it, and even the Grand Elder didn't dare to provoke her, so what were these disciples?

"Uh ... That's true ..." Xiaobo wiped the cold sweat off his forehead and nodded. Mrs. Tang was so cool, her other daughter was going to marry Lin Yi too?

"Right? Oh right, I've gotten a lot of treasures during this time, bring them back for Lin Yi to eat and increase his strength. I'll make some more for him!" "You guys go look around too, take back whatever you see!" Mrs. Tang said.

..."Xiaobo didn't know what to say-Mrs. Tang was amazing! Xiaobo knew that Mrs. Tang was like this, but he didn't like it. Today, he finally realized that it was a good thing!

"Let's go, I'll take you around!" Mrs. Tang said as she brought Xiaobo, Fen, and Xinwen out of the guest room to the valley.

This was the three's first time in the valley, and they couldn't help but admire the scenery. It was truly beautiful, much more beautiful than any ski resort. It was a natural landscape. There were many disciples and managers working in the valley, but they all avoided Mrs. Tang.

"You, bring us some fruits and good food!" Mrs. Tang pointed at one of the patrolling disciples.

"Yes, Madam Tang." The patrolling disciple quickly nodded and left. Then, he quickly returned with a fruit plate and a few cups of freshly squeezed fruit juice.

Xiaobo's jaw dropped, but Mrs. Tang didn't seem to mind at all as she passed the plate to the three of them. "Eat it. The fruits here are all natural, green, and pollution-free. They're delicious. Bring back a few boxes when you leave. You can have as many as you want. If there's not enough, we can pick them on the spot!"

"Okay ..." Xiaobo said weakly as he picked up two fruits and gave them to Fen and Xinwen. He took one for himself and started eating-the fruits here were really good, and Xiaobo didn't want to put them down after one!

After eating some fruit, Mrs. Tang brought Xiaobo, Fen, and Xinwen to the herb garden. Mrs. Tang was here for her weekly routine, and today was the first day, so she brought the three of them over.

Just then, a few disciples of the snow Valley came up to him. They were pushing a small cart with fresh medicinal herbs that had just been picked from the snow Valley's medicinal garden.

"You, stop!" Mrs. Tang put her hands on her waist and stood in front of the students.

"Madam Tang ..." The disciples of the snow Valley hurriedly asked in fear and trepidation, ""What's the matter?"

"What are you guys doing? I've already checked it, and you're pushing it out? You pick them once a week, and they have to go through my inspection. I can only push away the ones I don't want, don't you know? You must be new here, right?" Mrs. Tang pointed at the student.

#### Chapter 2722 Tang Yin's Rejection

"Well ... Mrs. Tang, you used to come early in the morning, but you didn't come today. We can't just wait for you here and not do anything, right?" The disciple wiped the cold sweat from his forehead and said with an apologetic smile.

"Oh, now that you've mentioned it, you're not allowed to work every week when I'm not here. If anyone dares to pick herbs sneakily, I'll tell my two daughters to kill him!" Mrs. Tang hmphed.

"This ... Yes ..." The disciple nodded with a bitter smile. Even the Grand Elder didn't want to go against mother Tang, so what were they?

"Let me check, what are these things?" Mrs. Tang pointed at the treasure in the cart.

"Madam Tang, there are two ripened Ice Spirit fruits, two ripened heavenly origin barrier-breaking fruits, and five ripened five-hundred-year-old Lingzhi ..." The disciple didn't dare to hide anything and reported everything to her in one breath.

"Ice Spirit fruit? Wasn't that the thing for Lin Yi? This is good, I want it! Give me both!" Mrs. Tang said.

"This ... Mrs. Tang, we have one of these, and it's to be delivered to the other ancient sects. It's already been reserved, if you take both of them, then it'll be hard for us to complete our mission. How about you just take one?" The disciple said with a sad face.

"Are you trying to bargain with me? I think you don't know how powerful I am. " "I'm telling you, I'm here to pillage Poxue Valley," Mrs. Tang glared. "Do you think I'd like to come here?" I'm doing pretty well selling barbeque, and I even make money!"

"..." The disciple was speechless, but he didn't dare to refute, so he could only say, ""Madam Tang, how about I give you another Ice Spirit fruit the next time it ripens? Then, why don't you take a look at this Tianyuan barrier-breaking fruit? It's good stuff as well-it's useful for anyone under Sky Class, as long as they're not breaking through the barrier between Earth Class late phase peak and Sky Class-as long as they're at the peak of each small class, they'll be able to break through without any side effects, no poison, and no pain ..."

"Oh? That's a good thing. Alright, since you're so sincere, leave these two whatever barrier-breaking fruits for me. You can take one Ice Spirit fruit, and the same goes for the rest. Give me a little of each!" Mrs. Tang waved her hand.

"This ... Can you take one? "Two is too much. This is as precious as the ice Spirit fruit ..." The disciple said with a bitter face.

"Forget it, one pill it is then, I won't make things difficult for you." Mrs. Tang was overbearing and greedy, but she knew when to stop. Her two daughters were powerful enough to let her do whatever she wanted in the valley, but she knew that things would turn back when they reached an extreme. She always stopped at a place that the valley could afford.

"Yes!" The disciple quickly nodded and gave Mrs. Tang some of the good stuff in the car, including an Ice Spirit fruit, a heavenly origin barrier-breaking fruit, and a few other treasures.

Xiaobo, Fen, and Xinwen were all dumbfounded! If they didn't know that there was a Grand Elder, they would've thought that Mrs. Tang was the real grand Elder. She was the one who spoke the truth in the valley!

"Xiaobo, when you go back, bring these to Lin Yi. I still have some treasures in my room, bring them back for him too." Mrs. Tang said.

"Well ... Aren't you going to leave some for Tang Yin?" Xiaobo asked.

"No need, whatever she wants to use, she can directly ask Grand Elder for it." Mrs. Tang said.

"Is that so, okay ..." Xiaobo was shocked. This Valley didn't look any different from his own house!

While the group was touring the valley, Tang Yin was sitting cross-legged in her room, unable to calm down and train. Although she was the one who allowed Lin Yi to find a big wife, she still felt uncomfortable hearing that Lin Yi had suddenly found a big wife.

Especially when the main wife wasn't Chu Mengyao! If it was Chu Mengyao, Tang Yun wouldn't feel anything special. After all, before she left, she already saw through Chu Mengyao and Chen Yushu's thoughts. This was also why Tang Yun entrusted Lin Yi to Chu Mengyao and Chen Yushu before they parted.

But it was a different person now, a person called Wang Xinyan. Tang Yin didn't have much of an impression of this person, and although the name sounded familiar, she couldn't remember meeting her before. She didn't know what kind of person she was.

Whatever, as long as Lin Yi likes her, it's fine ... With Yao Yao and Shu's help, she shouldn't be the type of girl with a bad personality ...

"Tang Yin, how was it? Have you given up now?" The Grand elder's voice came from the other side of the phone, giving Tang Yun a shock.

Tang Yin was still thinking about Lin Yi and Xinyan, and she didn't even know when the Grand Elder entered the room. She quickly adjusted her emotions and raised her head to look at the Grand Elder. "Grand Elder, actually, I didn't have much hope at all. It was like this when I gave Lin Yi the medicine of the uncaring grass, or I wouldn't have given it to him. As for not giving up, I just want to remember this memory and not forget it ..."

The Grand Elder frowned at Tang Yun's words. She didn't understand. "Since there's no more hope, why do you still remember this memory? Wouldn't it be happier to forget? You're only adding to the pain, aren't you just asking for trouble?"

Tang Yun smiled bitterly and didn't explain. The Grand Elder had no experience in love, so she couldn't understand the pain of remembering love. She couldn't explain it to her.

The Grand Elder grew up in the snow Valley and didn't know what love was, so it was normal that she didn't understand Tang Yun.

"It's good that your three old friends are here-I'll ask them to go back and get some of Lin Yi's blood, how about it? After you take the herb's medicinal liquid, you can cultivate in peace. " The Grand Elder said.

"I don't want to." Tang Yin shook her head. Her voice wasn't loud, but it was firm.

"Why? This way, you won't feel any pain when you cultivate?" The Supreme elder was extremely puzzled.

"This is my own business. I hope that Grand Elder will not interfere." Tang Yin was a stubborn person, and it was hard to change her mind once she made up her mind, not even the Grand Elder.

"Al!" The Grand Elder sighed. "Alright. If that's the case, I won't force you. But I'll help you think of other ways."

Chapter 2723 -Return From The Journey

The Grand Elder stood up and left. Tang Yun closed her eyes and fell into deep memories ...

Xiaobo, Fen, and Xinwen spent the next two days with Mrs. Tang. Tang Yin, on the other hand, didn't show up again after she left. The valley was pretty and fun, but they had lost all interest in it. What was the point of staying here without Tang Yin?

But they understood that Mrs. Tang could do whatever she wanted here, but it was only because Tang Yin was doing her best. Otherwise, the valley wouldn't let Mrs. Tang do whatever she wanted.

And so, Xiaobo didn't really mind that Tang Yin was practicing and couldn't be with them. It was their third day in the valley, and Xiaobo was ready to leave.

"Aunty, we'll be leaving today. We've caused you trouble these past few days!" Xiaobo said.

"Ah? He's leaving just like that? You're not going to stay for a few more days?" "What trouble?" Mrs. Tang blinked, a little unwilling to part with him, "it's no trouble at all!" If you don't come, it's boring for me to be alone. If you come, I can have a chat with you ..."

To be honest, even though Mrs. Tang was a tyrant in the valley, she was also very lonely. The only people she talked to every day were her husband, Tang Jucheng, and Tang Yun's mother, Xiao Ming. It was only her adopted daughter, Tang Yun, and she didn't get to see her often.

There were many people in the snow Valley who wanted to talk to her, but these people answered her questions one by one. They said everything they knew, but this was basically a question and answer, and it was different from chatting.

"Aunty, I still have something to do at the company. I can't stay here for too long. Plus, boss Lin Yi might get suspicious if I stay here for too long, so I think it's better to go back earlier ..." Xiaobo understood Mrs. Tang's feelings, but since Tang Yin wasn't coming, they didn't have the mood to play anymore. It was better to go back earlier.

"Alright then, come again when you're free!" Mrs. Tang sighed helplessly.

And so, Xiaobo, Fen, and Xinwen set off on their return journey, ending their trip to the valley. The Grand Elder didn't stop them from taking away all the treasures-they all had a price to them, and only Tang Yin was priceless.

Tang Yun was her and Xue Li's hope to step into the sky path. Otherwise, they might only be able to stay at Sky Class late phase peak for the rest of their lives. Now that they had this opportunity, they would regret it for the rest of their lives if they didn't grasp it.

Xiaobo brought Fen and Xinwen back to Songshan, keeping a low profile. That night, however, Xiaobo drove to Lin Yi's Villa in Donghai's xueshang District with a car full of treasures.

Lin Yi was surprised to see Xiaobo outside. "Xiaobo, what are you doing here?"

"Boss, I'm back from buying herbs. Not only did I get all the herbs Shu needed, but I also brought back some treasures that might be useful to you." Xiaobo said, pointing at the trunk.

"Oh? It seems like you've returned with a bountiful harvest!" Lin Yi wasn't expecting the trip to go so smoothly. He didn't have much hope when he said he'd buy the herbs for Yushu, since the herbs Yushu needed were super precious and hard to get. It seemed like Xiaobo had it easy now.

"Have you bought my medicinal herbs?" Yushu said as she winked at Xiaobo, telling him to keep quiet. Buying her medicine was just an excuse, after all. Whether or not Xiaobo would be able to get it back was another matter. She wanted Xiaobo to keep his mouth shut, and so she just took out a random herb from the trunk and said it was what she wanted.

"I bought it, I bought it!" Xiaobo nodded understandingly as he helped Yushu open the trunk.

"Eh?" Yushu opened the trunk to find the ice Spirit fruit! She was just about to cry out in surprise, "isn't this the ice Spirit Saint fruit?" How did you get them all? However, she had an idea and said, ""I really bought it! This is the ice Spirit fruit! I didn't think you'd be so reliable, Xiaobo!"

"Haha, that's right!" Xiaobo said, relieved that he'd managed to cover it up.

"Ice Spirit fruit? What's that?" Lin Yi blinked-he'd heard of the fire Spirit's fruit before, but this was the first time he'd heard of the ice Spirit's fruit. He didn't know what happened in the valley, and he didn't have any memories of that time. "Could it be the opposite of the fire spirit fruit?"

"That's right, that's right, the fire Spirit's fruit is specifically for treating those with Yin and cold bodies, and the ice Spirit's fruit is specifically for those with fire-type bodies, which is called fire poison!" "This is what Shu wanted ..." Yushu nodded.

"Oh, I see." Lin Yi nodded. Naturally, he didn't know how precious the fruit was, so he wasn't too surprised. The fire Spirit's fruit was precious, but that didn't mean the ice Spirit's fruit was as precious.

However, Chu Mengyao was really shocked. When they went to the snow Valley, they had to go through so much trouble to get an Ice Spirit fruit. The snow Valley had offered a sky-high price, but they didn't have the money to pay at all. In the end, they even paid the price of Tang Yun staying in the snow Valley to get the ice Spirit fruit!

But Xiaobo just took one back like that? Had Yun Yun's status in the snow Valley reached such a high level? Mengyao was happy for Tang Yun, but she was also sad. Although Tang Yun's status had risen, she might not be as happy as before!

Lin Yi picked up the fruit, and as expected, there was a cold air coming from it. It was very comfortable-it was the best choice for treating fire poison.

"Shu, you have to keep this well-it's your medicine, don't lose it." Lin Yi said as he handed the fruit to Yushu.

"Yes, yes, Shu will take care of it." Chen Yushu nodded.

Xiaobo took out the other treasure he'd brought from the valley, and the one on top."Boss, this is also a good thing, it's called the sky barrier-breaking fruit. After eating it, it can let practitioners under Sky Class break through the level barrier smoothly without pain or side effects ... But it can't be used to break through to Sky Class."

"What? There's such a good thing?" Lin Yi's eyes went wide as he looked at the thing in Xiaobo's hand."I say, Xiaobo, where did you go? Even the cultivators trade association did not have so many good things for sale, right? These are all good things that have a price but no supply, how did you get them?"

Chapter 2724 You Go Back First

"Hehe, I actually have to thank Wang Xinyan. Her father's in the medicine business, and we know him ..." Xiaobo said, giving all the credit to Xinyan.

Xinyan was a little embarrassed as she stood to the side. This had nothing to do with her, but Lin Yi might end up liking her even more in the end. This made Xinyan both happy and conflicted-she didn't know how to face the pressure and conflict from the sky elixir sect.

"Xinyan, I didn't expect uncle Wang to have such a strong network!" "This skybreaking fruit is really good stuff!" Lin Yi exclaimed.

Lin Yi had been stuck at the wall of Earth Class late phase for a while now, and he was always missing an opportunity. Last time when he fought small one, boss Bai finished him off before he could even do anything, but Lin Yi didn't regret it. It was too dangerous last time, and he couldn't risk his life just for an opportunity to break through.

Lin Yi's practicing speed was slowing down as he held Xinyan-his Qi was full, and he wouldn't be able to make any more progress if he didn't break through.

Lin Yi had been worried about how he'd find this opportunity, but Xiaobo had brought back a good item like this!

He'd heard a lot about these miraculous treasures as well-taking pills to increase strength and breaking through barriers was one thing, but treasures could also increase strength and break through barriers. This was also why the disciples of the noble houses and ancient sects could train so quickly-with such good resources, how could they not level up quickly?

This skybreaking fruit was one of these treasures, a specialty of the valley. Lin Yi's guess was right, but not all ancient sects and Noble houses could consume it. The production of this fruit wasn't high, and not many were lucky enough to consume it.

Lin Yi did this because of Mrs. Tang-if it weren't for her, he wouldn't have been able to get this from the valley!

"Boss, you've been stuck at Earth Class mid phase peak for a long time, right? Can you break through this time?" Xiaobo was excited as well-if Lin Yi could kill Sky Class early phase Masters at Earth Class mid phase peak, then would he be able to kill Sky Class mid phase Masters at Earth Class late phase? He was looking forward to it!

The stronger Lin Yi was, the safer they would be as his underlings, and they wouldn't be bullied!

"Yes, I'll take it tonight." Lin Yi sighed and decided to eat the fruit now. After all, this fruit was only effective for those under Sky Class, and it couldn't be used to break through to Sky Class. In other words,

Lin Yi would only have an effect when he broke through to Earth Class late phase and late phase peak. There were only two levels left, and Lin Yi didn't have much use for it.

The test of the sky elixir sect was getting closer and closer, and if Lin Yi wanted to participate in the test with greater strength, he'd have to eat this Skybreaker fruit and participate as an Earth Class late phase. As for the barrier of breaking through to Earth Class late phase peak, he'd look for other opportunities. It was better than being stuck here.

"Some of the other treasures are for consumption and some are for alchemy, but they're not as precious as these. Boss, you can use them as you see fit. I don't know what many of them are for." Xiaobo said, pointing at the trunk.

These things were all given to him by Mrs. Tang, and she didn't even explain to him what they were used for. Of course, Mrs. Tang didn't even know what these things were. She just took them back when she saw that they were good. As for the name and what they were used for, she wasn't a cultivator, nor was she an Alchemist. Even if the disciples told her, she wouldn't be able to tell or remember it!

"Alright," he said. Lin Yi looked at the other items in the car-there were even the ingredients for the ice heart Jadestone pill. Who did Xiaobo buy these from? Why did it seem like he had ransacked a large ancient sect or the cultivator trade Association's warehouse?

Otherwise, these things were so precious that he could buy them with money? And he bought so many at once?

Lin Yi would've thought so if he didn't know that Xiaobo wasn't a practitioner at all. But now, Lin Yi knew that he was overthinking things. Xiaobo wouldn't be able to come back if he really went to Rob!

Of course, this was because Lin Yi had forgotten about Mrs. Tang's existence. In fact, this could be considered as Xiaobo robbing the ancient sect, but Mrs. Tang was an accomplice. It was a blatant robbery, too, so that xuegu didn't dare to make a sound!

"Shield bro, you should go and eat the fruit!" Yushu said.

"Oh? Why are you chasing me away?" Lin Yi blinked as he looked at Yushu.

"No, Xinyan sis asked Fen to bring a few words to her father, and her father replied and asked Xiaobo to bring it back. It's more private, and you shouldn't be looking at it." Chen Yushu replied.

"Oh, alright then. I'll be off." Lin Yi nodded, not suspecting anything. He was wondering why Xinyan didn't call her directly, but since Yushu had already said it, he couldn't eavesdrop on her.

Lin Yi took the fruit into his room, leaving Mengyao, Yushu, Xinyan, and Xiaobo outside the villa.

"How's Yun Yun sis? Did you tell her about Tang Yuqi?" Mengyao lowered her voice and asked.

"Tang Yin sis-in-law is doing fine. These treasures were all given to me by Mrs. Tang. She's very powerful in the valley, and she always takes half of everything that's good!" "And after we got there ..." Xiaobo said.

Xiaobo explained everything he'd said to the Grand Elder and Tang Yin to the three. "I didn't have time to tell you about Tang Yuqi, but Tang Yun promised that she would call you in a few days. We can talk about this over the phone."

"That's good. " Mengyao nodded. From Xiaobo's words, she could imagine how short Xiaobo's time with Tang Yin was in the valley. There were many things they couldn't say with the Grand elder's interference.

"There's no other way, we can't tell Mrs. Tang about this ..." Xiaobo said helplessly. "I can only tell this to Tang Yun in person, but we only met for a short time ..."

Chapter 2725 Breakthrough, Late Phase Of Earth Class!

"It's fine, it's not your fault. You've already gained a lot from this trip, especially the Tianyuan barrier-breaking fruit you brought back for Lin Yi. It was very timely. It's been a while since Lin Yi broke through a barrier, and it'll be much easier with this fruit. " "I'll thank you on his behalf!" Mengyao said.

"There's no need to thank me, it's mainly Mrs. Tang and Mrs. Tang's work. I'm just a delivery man. " Xiaobo said with a smile.

"Yeah ..." Chu Mengyao sighed. She didn't like Tang Yun before, thinking that Tang Yun took away her personal bodyguard. But now, she missed the days when Tang Yun was here. She thought that if Tang Yun could come back, then they would have a great time together.

"Alright, if there's nothing else, I'll take my leave first. I still have work to do at the company tomorrow." "I'll go say hi to the boss?" Xiaobo said.

"No need, he's gone to take the skybreaking fruit, right?" Mengyao said.

"Alright, I'll be leaving then." Xiaobo and Lin Yi were already very familiar with each other, so he didn't waste time on formalities. He had to rush back to Songshan tonight and work the next morning. He had been away from the company for a long time, and there was a lot of work piled up. It would be hard for fatty Lai to handle the company's Affairs alone.

Lin Yi, on the other hand, went back to his room with the treasures. He really didn't eavesdrop on the conversation outside-Shu must've told him to leave to avoid him, and it'd be a bit dirty for him to eavesdrop on them.

Lin Yi didn't eat the fruit right away, but flipped through Liju's personal notes instead. Liju had written down a lot of treasures, and Lin Yi decided to see if there was an introduction to them first.

Of course, Lin Yi wasn't afraid that Xiaobo would lie to him, but he was worried that there would be a requirement for the medicine.

As expected, Lin Yi found the Skybreak fruit in the second half of the refiner's notes, "catalog of heavenly treasures." This type of treasure existed since ancient times, and was also called the small heaven-breaking fruit.

The heaven-cleaving fruit was a heavenly treasure for breaking through to the heaven class. However, it was extremely rare and couldn't be artificially planted, so it had basically gone extinct as early as a thousand years ago! As the name suggested, the heaven-Sundering fruit was a fruit that broke through the barrier from Earth Class late phase peak to Sky Class. It didn't have the side effects of the Qi gathering pill, and the person who took the Qi gathering pill could even take another heaven-Sundering fruit to get rid of the side effects of the Qi gathering pill!

Of course, this was just Zhang Liju's guess-he'd never seen a heaven-breaking fruit before in his life, and it had already been replaced by the Qi gathering pill. The side effects weren't that obvious, so he didn't have to waste his time looking for it.

As for the small sky breaking fruit, it was just a common name-it didn't actually have any effect on breaking through to the Sky Class, only for those under it.

The heaven-cleaving fruit, on the other hand, was useful for breaking through the barriers of the heavenly Dao.

As for the skybreaking fruit, there weren't any requirements. It was just as Xiaobo said-there were no side effects, and one could easily break through the barrier after consuming it!

"What a magical fruit!" Lin Yi exclaimed as he looked at the description. He didn't think he'd be this lucky. After making sure there weren't any side effects, he put the fruit in his mouth.

A sweet scent entered his body from Lin Yi's mouth, giving him an indescribable feeling of comfort. Lin Yi didn't think that the skybreaking cultivation fruit would be this delicious. It was like a high-quality fruit, much more delicious than the pills he had before!

If this was a fruit, it would definitely attract a huge wave of buyers. Unfortunately, the rare quantity meant that the price would not be cheap. Not to mention ordinary people, even the rich could not afford it.

This refreshing and sweet feeling circulated around Lin Yi's meridians, and Lin Yi was amazed. The only fruit that could still have a lingering fragrance after eating was this skybreaking cultivation fruit, right?

After about twenty minutes, the sweet taste slowly disappeared into Lin Yi's body. Lin Yi was surprised to find that he was now an Earth Class late phase. He didn't even feel any pain during the process!

This didn't seem like a breakthrough at all. It was a kind of enjoyment! It was as if Lin Yi had just eaten a delicious fruit and broke through after finishing it!

Lin Yi couldn't believe it. There were indeed some special treasures in the world that couldn't be predicted with common sense. He'd never been able to break through, but now he did!

This was the smoothest and easiest breakthrough Lin Yi had ever had-it was even easier than the first time he entered the Jade space.

If only he could get Another Sky origin barrier-breaking fruit, then breaking through to Earth Class late phase peak would be a piece of cake! With Xinyan and the Jade space, it was easy for Lin Yi to reach the barrier of Earth Class late phase peak, but the sky origin barrier-breaking fruit wasn't that easy to find.

Lin Yi didn't even need to ask to know that Xiaobo wouldn't have a second one.

After Xiaobo left, Mengyao, Yushu, and Xinyan went back to the living room. They thought that Lin Yi wouldn't be able to come out after entering the room, spending the whole night trying to figure out a way to break through.

"Lin Yi, why did you come out?" Mengyao blinked.

"Shield bro, you broke through?" Yushu knew Lin Yi well-he'd probably broken through a barrier when he came out looking fresh.

Xinyan raised her head in surprise as well, looking at Lin Yi!

Xinyan could clearly feel that Lin Yi wasn't taking in much of her body's scent when he was practicing these past few days-he was just hugging her more!

Xinyan was embarrassed and happy at the same time, not knowing what to do-but she really wanted Lin Yi to break through as soon as possible, so he'd have more power to fight the sky elixir sect! If Lin Yi really did have the strength to go against the sky elixir sect before he graduated, then all of Wang Xinyan's worries would be gone.

"Lin Yi, you really broke through?" Wang Xinyan asked.

"Yeah, I didn't expect this skybreaking fruit from Xiaobo to be such a good thing. I've broken through the barrier so easily after eating it, and I don't even feel the pain of breaking through at all." Lin Yi said, surprised.

"That's really good stuff. I'll get a few more in the future!" Chen Yushu replied.

Chapter 2726 Attribute Test

"You can still do it?" Lin Yi blinked,"but, this thing is only useful for those under Sky Class. It's useless for those above Sky class, so I can only use it once more."

"Oh, I mean, let sister Xinyan's dad buy another one." Chen Yushu changed her words. She was thinking that she could ask Tang Yun to ask for another one of these when she called in a few days.

"Yeah, let me see if it's okay." Wang Xinyan quickly said. She felt a little embarrassed that all the credit was given to her. She wasn't a greedy person, and she didn't want Lin Yi's gratitude to Tang Yun to be transferred to her. She would feel like she owed Lin Yi!

She was already feeling apologetic for taking Tang Yun's place as Lin Yi's first wife, and now she had to take Tang Yun's credit for it-she felt even more uneasy! Xinyan hadn't made any promises or promises yet, but who would believe that she wasn't Lin Yi's girlfriend, sleeping in the same bed with him every day?

"That's fine. It's fine if the price is a little higher. " Lin Yi said.

"Alright, shield bro, it's time for you to tell us about your trip to the tomb, right? Shu loves your stories!" Yushu changed the topic, not wanting to talk about Xiaobo's trip.

"Oh, an ancient tomb? alright, I've really gained a lot from this trip to the ancient tomb!" Lin Yi nodded, not suspecting anything. He'd just returned from the tomb and hadn't gone to school yet, and Xiaobo came before he could say anything to Mengyao, Yushu, and Xinyan.

And so, Lin Yi sat down and started telling the three about the tomb-it was a hair-raising experience, and Mengyao was covered in cold sweat, especially when she heard that Yu Xiaoke was missing-her face went pale!

But when they heard that Yu Xiaoke found a trap, they all let out a breath of relief.

"Shield bro, this Yu Xiaoke is pretty strong, no wonder she's a master of the Steal sect. If you didn't bring her along, you and Mr. Bai wouldn't have found anything in the tomb." Yushu clicked her tongue in wonder.

"Yeah, Yu Xiaoke may be a bit greedy, but it's not her fault. She didn't use all the money she took for herself, she used it all on the kids in the orphanage." Lin Yi said with a nod.

This was also the reason why Lin Yi always helped Yu Xiaoke. If Yu Xiaoke was a vain girl, Lin Yi wouldn't help her for free, nor would he like her.

"Do you like her?" Chen Yushu suddenly asked.

"I ..." Lin Yi smiled bitterly. He really didn't know how to answer this question, but after thinking about it, he admitted it, "I kind of like it."

Lin Yi's answer wasn't out of Mengyao and the others' expectations. After all, if Lin Yi didn't like Yu Xiaoke, he wouldn't help her so much.

"Yu Xiaoke isn't a bad person by nature, but it's not realistic for you to bring her home. She can't leave the orphanage." Mengyao said after some thought.

"Yeah, let's not talk about this." Lin Yi waved his hand, "I got this physique testing treasure from the tomb this time. You guys should test it too and see what physique you have. I'll also help you guys look for the practitioner's Arts!"

"Alright!" Mengyao had wanted to become a practitioner for a long time, and she realized that Lin Yi couldn't stay by her side forever. He had his own things to do, and even if they lived under the same roof for the rest of their lives, he still had to go out and do things. Mengyao needed to be able to protect herself so that Lin Yi could leave in peace.

Most importantly, Mengyao envied Sky Class practitioners, like rock Candy and Snow Pear-their looks could slow down aging. She didn't want to become an old hag, and then she'd be out of place with Lin Yi.

Be it Tang Yun or Feng Xiaoxiao, they would always be young, twenty years old. She, on the other hand, didn't want to be compared to them, so she was very passionate about training.

"This test is very simple. You just need to place your hand on it and circulate your inner force ... Eh? You don't have any inner force mantras?" Lin Yi blinked, suddenly realizing a serious problem!

Back in the tomb, Lin Yi didn't read the book in detail, either-it was boss Bai who told him how to do it, so he didn't know how to test them now.

"I can't test it without an inner force mantra? Then this thing ... What's the use of it?" Mengyao was speechless-why did Lin Yi look like a loser after getting this treasure back?

"Let me ask." Lin Yi took out his phone and dialed boss Bai's number.

"What's up, Yi?" Very quickly, boss Bai picked up the phone.

"Ms. Bai, here's the thing, I'm going to use the test bead to test Chu Mengyao and the others, but they don't have any practitioner's Arts, so how are we going to test them?" Lin Yi asked.

"Oh, you don't need to use the incantation to test it, but you can only test the false and true attributes, not the void attributes!" Boss Bai explained, "whether it's a fake attribute or a real attribute, they're all innate in the body, so they can be tested directly. But a virtual attribute is created after birth, so it can't be tested without using the internal cultivation mantra!" I asked you to use the chant to test the void attribute in your body. If you want to test the true and false attributes, you don't need to use the chant, you just need to put your hand on the bead for more than five seconds and you'll be able to test it. "

"Oh? So that's how it is!" "Alright, I'll try it out here," Lin Yi said, understanding.

"Alright, call me if you have anything you don't understand." Boss Bai said straightforwardly.

After hanging up, Lin Yi turned to the three girls. "To test the true and false attributes, you don't need to use the mantra. You just need to place your palm on it for more than five seconds."

"Oh? I'll give it a try then?" Chen Yushu curiously reached out her palm and touched the bead in Lin Yi's hand. After five or six seconds, the bead suddenly lit up with a bright red light!

Chapter 2727 A Strange Phenomenon

"Shu, you're a fire element, and a true element at that!" Lin Yi said as he looked at the results.

"Well, actually, I've already guessed it. Otherwise, how could there be fire poison in my body?" Yushu said with a shrug, a hint of disappointment in her eyes.

"Yaoyao, it's your turn." Lin Yi didn't notice the disappointment in Yushu's eyes.

"En, let me see!" Mengyao nodded and placed her palm on the bead like Shu did.

After a moment, a bright golden light flashed on the bead. It was very dazzling.

"Yaoyao, you have the metal element, which is also the true element." Lin Yi said after looking at the results. He was surprised that both of them had true element physiques. This type of physique was the easiest to cultivate, and as long as they had the right practitioner's Arts, their cultivation speed would be much faster than other normal practitioners!

"Metal attribute? So I'm of the metal element!" Mengyao was surprised at her stats. "Then I'll have to pay attention to metal attribute mental cultivation methods in the future."

Lin Yi nodded and turned to Xinyan. "Xinyan, it's your turn,"

"I ... Can also cultivate?" Xinyan placed her hand on the bead, waiting for the results nervously.

But, after five or six seconds, there was no change to the orb. Lin Yi couldn't help but feel a little disappointed-could it be that Xinyan didn't have any real or fake attributes in her body, and couldn't become a powerful practitioner?

Although man-made virtual attributes could also be cultivated, it would definitely not be as fast as cultivators with true and false attributes.

Xinyan, on the other hand, was a little disappointed-Mengyao and Yushu both had their own attributes, but she didn't. In other words, she couldn't become a master like Lin Yi?

Lin Yi saw the desolation in Xinyan's eyes, and was about to tell her that even an ethereal attribute could do great things, just like him, but before he could say anything, the bead suddenly started glowing like a computer program was messed up!

"Ah!" The weird situation made Mengyao, Yushu, and Xinyan cry out at the same time, not knowing what was going on. Xinyan, on the other hand, pulled her hand away from the orb subconsciously.

Only then did the light on the bead fade away, and Lin Yi was shocked by the sudden situation. What the hell was going on? Wang Xinyan's test results were different from Lin Yi's. Lin Yi had the five elements and seven attributes, and although the results were multi-colored, it was seven colors according to the rules. Wang Xinyan's test results, on the other hand, had all kinds of colors flashing together, creating a colorful scene, as if the program was messed up. No one could tell what color it was!

"This ... Xinyan, can you test me again?" Lin Yi asked.

"Ah ... Okay!" Xinyan had only pulled her hand away after the shock, but she put it back immediately after Lin Yi's words. A while later, the orb returned to its original state-it was glowing with all sorts of colors, and it was hard to tell what kind of light it was ...

"Well ..." Lin Yi scratched his head, troubled. He could only ask boss Bai again. He called boss Bai and told him about the strange situation he encountered with Wang Xinyan.

"What? A myriad of colors flashing together?" Boss Bai was stunned. "Really? Are you sure?"

"No, it's still blinking ..." Lin Yi said.

"I really haven't seen this before. It wasn't introduced in the book of strange things." "Even Zhang Liju's Grandmaster probably hasn't seen something like this before," boss Bai said, "I'll have to see it with my own eyes and then help you look for more information ..."

"Alright, then I'll have to trouble you, Mr. Bai." Lin Yi said with a bitter smile. So this wasn't even recorded in the book of anecdotes-it seemed like even Liju had never encountered this before.

"Alright, I'll contact you again if I have any news." Boss Bai said.

After hanging up, Lin Yi repeated boss Bai's words to Wang Xinyan and the others. Wang Xinyan was also surprised. Was her body weird? He couldn't even test the round bead used for testing? Isn't this too magical?

"Then ... Can I really cultivate?" Wang Xinyan asked carefully.

"I'm not sure about that yet, but since the bead can detect your attribute, although I don't know what attribute it is, it should be possible to cultivate it. I just don't know which art to cultivate. " "It's fine, actually. Don't rush it-we'll get Mr. Bai to check it out," Lin Yi said after some thought.

"Okay, okay ..." Wang Xinyan nodded.

After testing their attributes, the group chatted for a while about practicing before going to rest. Lin Yi, on the other hand, went back to his room with Xinyan excitedly-he could hug Xinyan and practice at a high speed again!

From Earth Class late phase to Earth Class peak late phase was a long process, but with Xinyan's help, it should be faster.

Lin Yi woke up early the next morning-he'd gained a lot that night. With Xinyan's help, his practicing was progressing at a tremendous pace, to his satisfaction!

However, Xinyan didn't wake up. She was still asleep even after Lin Yi had prepared breakfast for her. This made Lin Yi a little confused-Xinyan had been taking Lin Yi's medicine every day for the past few days, and it seemed like her body was getting better. She didn't sleep too much anymore, and would wake up for breakfast normally. But this morning, she started sleeping again, which made Lin Yi a little confused.

Mengyao, Yushu, and Jingjing were all there, but Xinyan wasn't awake yet. Lin Yi had to go to the room to wake her up, but she was still sound asleep.

"Xinyan, get up and have breakfast." Lin Yi nudged Xinyan.

"Ah ... Oh ..." Wang Xinyan opened her eyes drowsily and looked at Lin Yi in confusion. She wanted to get out of bed but the sleepiness came back and she couldn't get out of bed. "I don't want to eat anymore. I'm so sleepy. I'll sleep for a while more. Wake me up when you go to school ..."

Chapter 2728 Weakened Again

With that, Xinyan fell asleep without waiting for Lin Yi's reply, leaving Lin Yi between laughter and tears.

Was he too tired yesterday? That couldn't be ... Xinyan went to school as usual yesterday, and she didn't do anything that consumed her energy after she came back. Lin Yi had to continue his training, so she went to bed very early. Why was she so sleepy today?

But since Xinyan said so, Lin Yi decided to ignore her. He went out to talk to Mengyao and started eating, putting some in a lunchbox for Xinyan. He'd take it to school later.

Lin Yi had tried his best to push back the time to go to school, but even so, Xinyan was still half-asleep when she woke up, as if she hadn't fully woken up yet. She followed Lin Yi into the car, and fell asleep again ...

"Lin Yi, is Xinyan sick again? can you help her check later?" Mengyao felt that there was something wrong with Xinyan-she wasn't like this yesterday, but Xinyan seemed to be in good spirits when Lin Yi went to the tomb yesterday, completely different from today. How could she be so different in one day?

"Okay, I'll check it after I go to school!" Lin Yi said with a nod.

He parked the car at school, and no matter how unwilling Xinyan was, she had to get up-she couldn't sleep while walking, could she? Xinyan wasn't good at sleepwalking yet.

"How about I carry you to the classroom?" Lin Yi asked, seeing how tired Xinyan was.

"Ah ..." Xinyan was almost convinced by Lin Yi's words, but she remembered that she couldn't provoke Zhaolong in school."No need, I can walk on my own."

"Alright," he said. Lin Yi didn't insist, and went to class with Xinyan.

Xinyan's head was heavy, and she almost fell a few times. She got to her seat and fell asleep before boss Bai arrived, and Lin Yi took the chance to check on her. She'd just turned around, but her body was starting to show signs of weakness again, and Lin Yi was surprised!

Xinyan had been drinking Lin Yi's medicine every day, and her body should've been getting better and better-why was it getting worse? Lin Yi frowned, not quite understanding what was going on-Xinyan was still energetic last night, and she'd changed this morning ...

Lin Yi didn't have time to think about it as boss Bai walked into the classroom, starting a new day of classes.

Lin Yi didn't disturb Xinyan, seeing how tired she was. He got her to wake up and started jotting down notes for her. It was fine if he didn't jot down notes himself-he was a special student that boss Bai gave him, after all, and coming here was just a hobby.

Zhaolong's eyes darkened as he looked at Xinyan and Lin Yi. He didn't know how his brother, Kang Zhaoming, was doing in the sky elixir sect, and what position he had now. It pissed him off to see his fiancée being intimate with another man every day!

"Brother Kang, why don't you give your brother a call and ask him how he's doing?" Coiling Tiger suggested, noticing Zhaolong's displeasure.

"I'd like to ask, but I don't have the guts to. You know that house Kang wasn't even a normal Noble House before, how can we even talk to an ancient sect?" Zhaolong smiled bitterly."When Kang Zhaoming left, he communicated with us through your hidden house you. If we go to the sky elixir sect directly, they won't even talk to us. Even if they do, we won't know how to contact them!"

"I can give you his contact information, but what you said makes sense." "Alright!" You Panhu nodded and said,"how about this? I'll go back today and help you ask around!"

"Many thanks!" Zhaolong said gratefully.

Xinyan didn't wake up until lunch break, and she looked at the time on her phone as she rubbed her eyes."Ah, it's already noon? I've been sleeping all this time?"

"Yes, I saw that you looked very tired, so I didn't disturb you." Lin Yi smiled as he pushed a lunchbox in front of Xinyan. "I bought some food from the canteen. Hurry up and eat it. It's getting cold. There's also breakfast here. If it's not enough, you can have some!"

With that, Lin Yi took out the breakfast he'd prepared this morning from his desk-he'd told Bai Weitao to get him two boxes of food after seeing that Xinyan wasn't awake yet. He'd eaten in the classroom as well.

"I ... I'll just eat the breakfast you make. I like to eat the food you make." Xinyan took the breakfast Lin Yi made, a little embarrassed. Lin Yi's food was much better than the ones in the canteen. She'd been eating a lot during her stay in Lin Yi's Villa, and she didn't like the food anymore.

"Hehe, whatever you want." Lin Yi said with a smile.

Xinyan was still in good spirits in the afternoon-she was yawning all the time, but it was a lot better than the morning. She went back with Lin Yi after a whole day of classes ...

Right Panhu, on the other hand, discussed Zhaolong with his uncle and grandfather after he got home.

"Coiling Tiger, it's best if we don't mess with that Lin Yi. He's hitting on Zhaolong's wife, and it's not our business. We don't have to care, do we?" You zhentian muttered to himself for a moment before he gave his opinion.

"You're right, but Kang Zhaoming is still the disciple of the fifth elder of the sky elixir sect. If he can inherit the position of elder in the future, it'll be like a one-man rise to the heavens. No matter how strong Lin Yi is, he can't be as strong as the sky elixir sect. He can't go against them, can he?" You Panhu was a thoughtful man, and that was why he agreed to Zhaolong's request.

"What zhentian and coiling Tiger said makes sense." "But, if we secretly call the sky elixir sect, Lin Yi won't find out. It's no big deal. Coiling Tiger, don't go against Lin Yi on the surface. If Zhaolong wants to go against him, just watch. You can do things behind his back, but don't let him have anything on you on the surface!"

Old man you was thinking more-he already knew what happened to the Hidden House Yu. On a hidden level, Zhao Qibing kidnapping Yu Ning wasn't a secret anymore, and Lin Yi coming out of the Hidden House Yu unscathed proved the Hidden House Yu's attitude!

If the Hidden House Yu couldn't do anything to Lin Yi, what right did the Hidden House you have to go against him?

"I understand!" You Panhu nodded-he knew that Lin Yi wasn't someone he could mess with. That was why he kept a low profile in school. He knew that han Jingjing had the personal notes, but he didn't dare to steal it. If Lin Yi found out and killed him, he wouldn't be able to reason with Lin Yi.

Chapter 2729 The Bone Cleansing Pill Is Successfully Refined

"Yes, I'll call the young sect master of the sky elixir sect now." Old master you said.

You Panhu and you zhentian didn't dare to speak. They waited quietly on the side and watched as old man you respectfully dialed the number of the young master of the sky elixir sect, the heavenly silkworm transformation! Although the age of the heavenly silkworm transformation wasn't old, and wasn't much different from right Panhu, he was the young master of the sky elixir sect. His status was respected, and old man you couldn't be compared to him.

"Hello, I'm the old master of the hidden you family. Is young master Tian here?" Old master you said respectfully to the person who answered the phone. He didn't expect the heavenly silkworm transformation to answer the phone in person.

"Oh, it's master you. The young sect master isn't here. What's the matter?" The woman who answered the phone asked.

"Oh? Then when will the young sect master be free? I'll call back?" Old master you asked when he heard that the heavenly silkworm transformation wasn't around.

"Our young sect master is currently in closed-door cultivation in preparation for an important event. He won't be able to answer your call for a while. If you have something to say, you can tell me." The woman said.

"I see ..." Old man you was a little curious about what the heavenly silkworm transformation was preparing for, but he didn't dare to ask more, so he said, ""It's like this, house Kang's Kang Zhaoming, wasn't he accepted by the fifth elder as a disciple? The Kangs want to know how Kang Zhaoming is doing, so they asked me to help them find out. "

"Oh, that's it? I'll get Kang Zhaoming to call you back later." The woman said indifferently.

She was the personal maid of the heavenly silkworm transformation sect, so her position in the sky elixir sect wasn't ordinary. As such, she didn't show much respect to the fifth elder's disciple.

"Alright, thank you!" Old man you said with a sigh of relief.

Zhaoming was focused on making the pill-success or failure depended on this one move. This was his second attempt at making the bone cleansing pill, and he had to succeed on his second try!

That was because there wasn't much time left before the heavenly silkworm transformation. He had to go all out!

Zhaoming knew that his current status and strength were all given to him by the heavenly silkworm transformation. If he couldn't make the bone cleansing pill, then the heavenly silkworm transformation wouldn't value him as much anymore, and he wouldn't be able to stand firm in the sky elixir sect anymore.

If Lin Yi was here, he'd be very surprised-Zhaoming was now a Sky Class master, a golden class third level refiner! This speed of leveling up could be said to be riding a rocket!

Of course, the heavenly elixir sect gave him all sorts of pills in order to build him up! Kang Zhaoming's strength was soaring all the way, quickly becoming a Sky Class master and a golden class third level refiner!

The Qi gathering pill was made with xuanzhen's help. Otherwise, the sky elixir sect's old master wouldn't have had the time to give it to Zhaoming, even if he could make it himself.

The fact that Zhaoming received this much treatment from them showed how important this pill was to the sky elixir sect, or perhaps even the five elements sect!

Zhaoming sat in the secret room, his forehead covered in sweat as he conjured the pill fire to make the bone cleansing pill. Beside him sat the heaven elixir sect's old master, Heaven Earth human, and an old man who was unfamiliar to most of the people in the heaven elixir sect. This man was actually patriarch xuanzhen!

Xuanzhen's patriarch was sitting here, supervising and guiding Zhaoming. One could imagine how important this task was.

"Heat it up slowly, increase the fire ..." Xuanzhen ordered Zhaoming.

Kang Zhaoming carefully did as he was told.

"Stabilize the temperature and increase the intensity of the fire ..." Patriarch Xuan Zhen continued to order.

Kang Zhaoming continued to do as he was told ...

The maid didn't manage to find Zhaoming, only the fifth elder. She passed on elder you's number to the fifth elder.

"I know, but Kang Zhaoming is doing something big right now. Once he's done, he'll be able to communicate with the outside world freely ..." The fifth elder was both happy and emotional!

If his disciple could successfully concoct the bone cleansing pill, he would become the sky elixir sect's eighth elder. Although his position wouldn't be as high as the fifth elder's, he would still be an elder! This was his own disciple, so the fifth elder was naturally happy!

However, thinking back to the time when he had worked so hard to become an elder of the sky elixir sect, he couldn't help but wonder ... But Zhaoming's luck was good-not only did he have someone to help him level up, he even made a pill and secured his position as the eighth elder!

"Alright," he said. The maid nodded and left respectfully. She didn't have much respect for Zhaoming, but she was very polite to the fifth elder. In the sky elixir sect, the position of an elder was very high, second only to the ones in the sky silkworm sect.

As for the fifth elder, he was staring at the door of the secret room nervously ...

"Alright, slowly put down the fire!" Patriarch Xuan Zhen shouted with excitement.

"Yes!" Zhaoming felt that the pill was done as well and quickly put the fire away.

Once Zhaoming was done, heaven, earth, and man didn't care about the heat anymore as they opened the cauldron. The room was filled with a nice aroma-the bone cleansing pill was a success!

Zhaoming wiped the sweat off his forehead, a proud smile on his face. This was the moment he had been waiting for-he had finally succeeded! He was going to become the eighth elder of the sky elixir sect! Lin Yi and Kang Xiaobo were all trash!

No matter how strong Lin Yi was, he was only in the noble House level. How dare he go against the ancient level? He didn't even dare to provoke the hidden level, so what was there to be afraid of? Poor Kang Zhaoming still didn't know about Lin Yi's achievements during this period of time. He didn't know that people didn't dare to mess with Lin Yi in the hidden plane anymore. He still thought that Lin Yi was the same as before he left ...

"Very good, it's just a little lacking in color!" Patriarch Xuan Zhen looked at the bone cleansing pill in his hand excitedly and swallowed it directly!

Zhaoming was dumbfounded. Heaven, earth, and everyone else was dumbfounded. The bone cleansing pill wasn't for him, wasn't it supposed to be used for something else? why did it just go to xuanzhen?

Patriarch Xuan Zhen looked at the two dumbfounded people and said with a smile,""After I take it, I'll be able to continue making it. Although Zhaoming can make it too, his skills are still not as good as mine. After I take it, I'll be able to make better marrow and bone cleansing pills!"

"Oh ..." The man of heaven, earth, and Man of Earth nodded. He had been shocked earlier, thinking that patriarch Xuan Zhen had suddenly changed his mind.

Although it was now xuanzhen's turn to make the bone and marrow cleansing pill, Zhaoming was still a big contributor to the sky elixir sect and the five elements sect. Plus, the two sects had paid a huge price to nurture him, so it was reasonable for him to be the eighth elder!

Chapter 2730 Proud Kang Zhaoming

After all, the heavenly elixir sect and the five elements sect had put in a lot of effort in order to train Zhaoming. Elder xuanzhen had used up a lot of his strength and true Qi to make two third grade Qi gathering pills. Normally, he wouldn't be able to make any pills for half a year, but he only recovered after consuming a lot of natural treasures and supplements.

The sky elixir sect even brought out the long-lost medium Qi gathering pill for Zhaoming to consume. Every ancient sect had some of these pills in stock, but there weren't many of them because the recipe was lost and couldn't be made. They only used them when they had no other choice.

He didn't even use it when he was cultivating the heavenly silkworm transformation, but this time it was for Zhaoming. This was enough to show how important the pill was!

Of course, what they didn't know was that Lin Yi had modified the recipe according to Zhang Liju's personal notes. Not only did it increase the difficulty, but it also had a hidden flaw.

However, even xuanzhen couldn't see through it, unless boss Bai went to investigate it himself. Only Lin Yi and Zhang Liju were left.

However, if Lin Yi knew about Kang Zhaoming's encounters, he might sigh. Having a good master and a good sect was better than anything else these days! He'd become a Sky Class master with just pills-he was just a refiner with no power, like a pig on steroids, but he was still a Sky Class master!

Especially with the scorching fire pill, Kang Zhaoming had the fire element, making him a fire and wood element refiner. Because he only had two elements in his body, they didn't conflict and didn't need to be circulated. It was enough as long as they worked.

With the guidance of the great ancestor Xuan Zhen, he could easily become a third-grade Alchemist!

Now that he'd become the eighth elder, Zhaoming's position in the sky elixir sect had risen by quite a bit. There were no more restrictions, and the sky elixir sect held an elder title ceremony, officially making him one of the elders!

The maid of the heavenly silkworm transformation found Zhaoming again, but this time with a much better attitude. She brought him to make the call with respect.

Zhaoming called the Hidden House you first, but his attitude wasn't as respectful as before.

"Hello? Is it the you family head?" Kang Zhaoming said directly into the phone.

"Yes, it's me. And you are?" The call was from the sky elixir sect, and the tone was so aggressive. Old master you subconsciously thought that it was some Big Shot from the sky elixir sect, so his tone became very respectful.

"I'm Kang Zhaoming!" "What's the matter, head you?" Zhaoming said faintly.

"Kang Zhaoming?" Grandpa you was a little annoyed when he heard that it was Kang Zhaoming. What was up with this Kang Zhaoming? He didn't know what to do after a few days at the sky elixir sect? He actually used this tone to talk to me? This young man was really impetuous! He didn't use "you" to himself. He only used "you", which made old master you very unhappy.

But it wasn't surprising. Old man you didn't think much of it because the maid's tone and attitude towards Kang Zhaoming wasn't very warm. She only treated him lightly, so old man you didn't think that Kang Zhaoming could be so powerful now.

"It's me. Are you okay?" Kang Zhaoming wanted to call his family, but he heard from the maid that the Hidden House you's old master was looking for him. Kang Zhaoming decided to give him a call first, but he didn't expect the old man to be so long-winded and not tell him what it was. Kang Zhaoming was getting impatient!

"Your big brother Kang Zhaolong couldn't call you, so he asked me to check on you ..." Elder you held back his anger and said to Kang Zhaoming, ""How have you been?"

"Oh? How come he can't call me?" Kang Zhaoming hmphed coldly and said, "Tell him to call the sky elixir sect directly and ask for the eighth elder. He can find me anytime!"

"Looking for the eighth elder?" Grandpa you was taken aback. Wasn't Zhaoming's master the fifth elder? Besides, the sky elixir sect only had seven elders. Where did the eighth elder come from?

"Yes, I am the eighth elder!" Zhaoming said.

"W-what? You ... You're the eighth elder?" Old master you couldn't wrap his head around what Zhaoming had just said. Zhaoming ... Became the eighth elder of the sky elixir sect?

"Nonsense, is there any meaning in impersonating an elder?" "I'm just pretending, aren't I afraid of being punished?" Zhaoming hmphed.

"Ah ... I'm sorry, I'm sorry, I'm the eighth elder ..." Old man you was shocked. It seemed like Kang Zhaoming's big plan was done, and he was promoted to the eighth elder by the sky elixir sect. No wonder he was so aggressive, he had a high position!

So, old master you quickly and carefully apologized. The elder of the sky elixir sect had a high status, and he couldn't offend him! At this moment, elder you adjusted his attitude. He knew that Kang Zhaoming's family wasn't the same as before. Once one person achieved the Dao, his entire family would rise to the heavens. You Panhu's guess was right!

"I'm fine. Anything else?" Kang Zhaoming asked.

"No... No more. Eighth elder, do you have any orders?" Old man you said in fear and trepidation.

"No, I'll call my big brother." Zhaoming said.

"Okay, please ..." Old master you heard the other party hang up the phone and wiped the cold sweat on his forehead. He was scared to death! He'd almost pissed Zhaoming off, and now the kid was this strong, becoming an elder of the sky elixir sect?

"Grandpa, Kang Zhaoming ... Really became an elder of the sky elixir sect?" Old man you made the phone call in front of you Panhu and you zhentian, so they also heard the content of the phone call. You Panhu asked in shock.

"That's right, it really worked ... He wouldn't dare to lie!" Elder you sighed. "Coiling Tiger, you're really far-sighted. You've always had a good relationship with Zhaolong. Otherwise, our hidden house you would be in deep trouble!"

You zhentian's face darkened and he didn't say anything. He almost made a wrong decision just now. If he offended house Kang, it would be the same as offending Kang Zhaoming. The Hidden House you would be in danger!

"Grandpa, in the future, I ..." Right coiling Tiger quickly asked.

"Let's stick to the strategy I told you before, don't offend Lin Yi directly!"
