### Chapter 2741 Zhaolong Seeking Help

Xinyan had been drinking the medicine every day, but it didn't seem to be getting any better ... Lin Yi walked over and held Xinyan's wrist, checking her condition.

However, after checking, Lin Yi let out a surprised "huh"!

Xinyan seemed to be in a good condition today-she was still weaker than a normal person, but she was at least much better than yesterday. If this continued, it would be a good thing.

"What's wrong? Lin Yi?" Lin Yi's cry startled Xinyan."Is there a problem?"

"It's nothing. It's a little better than yesterday," "Let's have breakfast," Lin Yi said.

"En, okay." Xinyan was happy to hear that her problem was getting better, and sat down at the table.

"Right, what happened between you and Zhaolong yesterday?" Lin Yi didn't ask Xinyan about what happened yesterday.

"Yesterday ..." Wang Xinyan was embarrassed, not knowing how to start.

"Shu, you go ahead." Mengyao could tell that Xinyan was a little shy, so she told Yushu. She'd already told her about Xinyan this morning, so all she needed was for Yushu to tell her what happened.

"Oh, actually, that idiot Zhaolong saw Xinyan sis enter the villa and suspected that she wasn't a Virgin. He went to house Xiao and made a scene, wanting to take her to the hospital for a checkup. Xinyan sis fainted out of anger and embarrassment." Chen Yushu replied.

"..." Lin Yi didn't know what to say. He didn't know what to say, but thinking about it, Xinyan was his fiancée. It was understandable for Zhaolong to make such a request. "I also knocked him out, so it's a draw."

"Ah?" Xinyan was shocked. She didn't know that Zhaolong was knocked out by Lin Yi. How did Lin Yi and Zhaolong get into a fight?

She thought that her mother had sent her home after she fainted, but Lin Yi had knocked Zhaolong out? Was he the one who snatched her back?

"It's fine, don't worry. Even if the sky elixir sect is an ancient sect, they wouldn't stand up for Kang Zhaoming over such a small matter. " Lin Yi could tell that Xinyan was worried, and so he consoled her with a smile.

"Oh ..." Wang Xinyan nodded and started to eat breakfast. She was still worried that Lin Yi was just trying to comfort her.

In fact, Lin Yi wasn't worried at all. As far as he was concerned, Zhaolong wasn't even as strong as Zhong pinliang. As long as he didn't die, the sky elixir sect wouldn't stand up for him so easily. At most, Zhaoming would bring a Sky Class master over, and Lin Yi would find an opportunity to assassinate him. If that didn't work, there was still an inescapable net.

After a while, han Jingjing also arrived, and everyone stopped talking about this topic.

After the meal, the group left the villa for school. To Lin Yi's surprise, Zhaolong wasn't at school today! Lin Yi's two slaps yesterday weren't that heavy, and it couldn't have done much damage to Zhaolong. He didn't come to school because of the beating.

In fact, Zhaolong didn't come today because he felt embarrassed. After he woke up, he didn't even greet Xiao Ji, Xiao Ben, or Xiao qinlin. He just walked out of the room and went back to house Kang!

He needed to call Kang Zhaoming and ask for his help! Zhaolong felt that he'd lost too much face this time, and he had to find a way to get back at them!

"Brother, why did you call me during the day? Aren't you in school?" Zhaoming was a little surprised to receive a call from Zhaolong, but he wasn't as cautious as he used to be. The two of them used to fight for the position of the young master, but now, Zhaoming didn't even care about that position anymore. Their relationship was back to normal.

"Zhaoming, your brother's embarrassed this time, you have to help me!" Zhaolong explained everything that happened yesterday in detail.

Zhaoming fell silent after hearing Zhaolong's words. He was pissed, but he knew that it wasn't realistic for him to leave the sky elixir sect to cause Lin Yi trouble!

He may be a Sky Class master, but he was just a refiner-he didn't have much offensive power, and he didn't think he could do anything to Lin Yi. As for bringing a master out, he knew that he wasn't strong enough in the sky elixir sect to get that treatment yet.

Although he was very strong and powerful to the outside world, that was only to the outside world. Within the sky elixir sect, although he had become the eighth elder, he didn't have his own direct line of people. He was just an elder with no status. He was respected, but he couldn't order people to do things.

"Brother, what do you want me to do about this? I'm so far away from you, so I can't help you. " Kang Zhaoming hesitated."I'm a new member of the sky elixir sect. Although I'm an elder, I can't just leave. Even if I leave, can I help you teach Lin Yi a lesson?"

"This ..." Zhaolong calmed down after hearing Zhaoming's words, but he still didn't want to give up."Then why don't you bring a Sky Class master here to scare Lin Yi a little? I don't need Sky Class late phase peak, even Sky Class mid phase will do ..."

"Brother, you think Sky Class Masters are that easy to move? I'm an elder, but I don't have my own people under me. Plus, Sky Class Masters only listen to the elder, the sect master, the young master, and the Grand Elder-the other elders can only order Earth Class disciples around, they don't have the power to order Sky Class Masters around ..."Zhaoming explained with a bitter smile."Brother, do you still not understand? Right now, you can use the sky elixir sect's name to your advantage, but it's still too early to expect me to give you any substantial support. I don't have the ability to do that!"

"I understand ..." Zhaolong was a little depressed. No wonder Lin Yi wasn't afraid of him. Perhaps Lin Yi had already expected this! But it wasn't surprising-Lin Yi's small wife was the Vice sect master of the Ice Palace, and the rules were probably similar in ancient sects. It wasn't surprising that Lin Yi knew about it.

"Just wait, I've established my position in the sky elixir sect, and I'll go deal with Lin Yi. I'll try my best to get on good terms with the young master of the sky elixir sect!" Kang Zhaoming already had a plan in his heart. He was prepared to lick the shoes of the heavenly silkworm transformation, becoming their Lackey in exchange for their support!

#### Chapter 2742 Another Problem

The sky elixir sect's elders were usually prideful, and even if they respected the heavenly silkworm sect, they wouldn't run around like a servant. So Zhaoming decided to use his status as an elder to be a Lackey of the sect in exchange for their support!

Then, he'd be able to take his men and take care of Lin Yi-that was his ultimate goal! This was the only way for him to rise to the top. Otherwise, he'd have to stay in the sky elixir sect for a few decades before he could cultivate his own direct line.

"Alright ..." Zhaolong sighed.

"Brother, you don't have to worry too much. Although I can't go over, I'm good at picking up girls!" "I feel that there's no need for conflict between you and Lin Yi. As long as you don't go against him, he wouldn't hit you for no reason, right?" Zhaoming said.

"Then yesterday ..." Zhaolong said.

"You left school yesterday, and you were the one who made Wang Xinyan faint, so it's normal for Lin Yi to hit you!" "But if you're in school, Lin Yi won't go too far. You just have to pursue Wang Xinyan. If he causes you trouble, you can go to the teacher and boss Bai!"

"Complain?" Kang Zhaoming felt a little embarrassed. He wasn't a primary school student anymore, why did he report to the teacher after getting beaten up? But boss Bai didn't like conflict between students, and it was the best thing for him to do. Zhaolong nodded, "Oh ... That's true!"

"For this, you'll have to start with Wang Xinyan. You're always going against Lin Yi, and it's making things difficult for me ..." Zhaoming said helplessly. After the excitement of becoming the eighth elder, he realized that the title was only a title-it could intimidate people, but it was still far from helping Zhaolong teach Lin Yi a lesson. "So, you can use my name first. You have to use your power to scare people."

"But, I used your name to scare him yesterday, but he wasn't scared at all. He even said that his small wife is the future sect master of the Ice Palace-who doesn't have an ancient background ..." Zhaolong said helplessly. It wasn't that he didn't want to use your name as an excuse, but Lin Yi knew how to do it too!

In fact, what Zhaolong didn't know was that Lin Yi didn't usually mention Feng Xiaoxiao to others. It wasn't his pride, but a pain in his heart, and a goal that he could work hard towards. He brought it up in front of Zhaolong because he didn't want to start a conflict with the heavenly elixir sect yet, so he only limited it to house Kang. With Feng Xiaoxiao around, he believed that Zhaoming wouldn't dare to act rashly.

As expected, Zhaoming fell silent after hearing the news. "I would've forgotten about it if you didn't mention it-if the Ice Palace were to interfere, I wouldn't even bring people to teach Lin Yi a lesson. I'm not sure what's the relationship between the heavenly elixir sect and the Ice Palace yet-they don't seem to be getting along, but recently, they've been getting closer ..."

"What do you mean?" Zhaolong didn't know what was going on, but he didn't really care about the ancient world, so he said, "It's fine, you can't come and teach Lin Yi a lesson right now. I'll think of something else. "

"Don't be too depressed, I'm helping house Kang find someone to back us up. Once I have the heavenly silkworm transformation, we'll be awesome ... I just don't know if he's gay or not?" Kang Zhaoming thought evilly.

"En, Zhaoming, we're counting on you!" Zhaolong remembered that Zhaoming was the one who got in touch with the Hidden House you. He realized that his brother wasn't completely ignorant. At least he was much better than him when it came to evil things.

Xinyan's condition made Lin Yi a little suspicious-she was yawning all the time, but she wasn't asleep. She was also drinking medicine every day, so why wasn't she asleep yet?

At noon, Xinyan received a call from her mother, qinlin.

Xinyan had wanted to call her mother this morning to tell her that she was safe, but Lin Yi had taken her back in front of her mother yesterday, and she didn't know how to bring it up.

Now that her mother was calling, Xinyan had no choice but to pick up.

"Mom ..." Wang Xinyan said carefully.

"Xinyan, are you alright?" Qinlin's feelings were complicated and she didn't know what to say.

"I ... I'm fine, mom, I'm sorry ..." Xinyan didn't know why she was apologizing-she didn't know what she was apologizing for, either ...

"Xinyan, don't worry too much about it. It's your own path, so you should choose it for yourself. Your dad and I discussed it last night. If it doesn't work, we'll just close the company and find a place to live in seclusion. The heavenly elixir sect might not be able to find us ..." Qinlin didn't say it out loud, but Xinyan understood what her mother meant.

Xinyan's tears poured out instantly-heartache, helplessness, or joy? Xinyan felt all sorts of emotions-her mother finally understood her, but how could she let them live a life of hiding from each other?

The company was his father's blood, sweat, and tears for many years. How could he close it just like that? Wang Xinyan didn't want her parents to compromise because of her.

"Mom ... It's okay, I'll talk to Zhaolong and ask him to stop harassing you guys. I'll marry him when I graduate too ..." Xinyan took a deep breath, not changing her mind. After graduation, Lin Yi would either be stronger than the heavenly elixir sect, or he'd leave quietly ... Or he'd live in seclusion with her parents ...

In any case, she couldn't let her parents go into hiding because of her-that wasn't something she wanted to see.

"Alright, think about it. After you've made your decision, give me a call. I'll support you." Qinlin said.

"Yes ... Thank you, Mom ..." Wang Xinyan finally let out a breath of relief.

In the afternoon, Lin Yi could tell that Xinyan's mood was a lot better, and at night, after Lin Yi gave her the medicine, she walked into Lin Yi's room, wanting to help him with his training.

Xinyan slept peacefully that night, but something weird happened the next morning. Lin Yi started to suspect something ...

Xinyan still hadn't woken up even after Lin Yi made breakfast-she was still in deep sleep, too, and that troubled Lin Yi a lot.

#### Chapter 2743 Outside The Five Elements

From the looks of it, Lin Yi could confirm one thing-Xinyan's coma seemed to be directly related to him! Xinyan didn't have this problem before, not in high school, not even when she was in college. She only had this problem ever since she started living in the mansion.

Every night, he'd carry Xinyan in his arms as he trained, and she'd started to have problems falling asleep, and it was getting more and more serious. This situation continued until the night he went to the tomb, when he didn't sleep with Xinyan. The next day, Xinyan went to school as usual, and it was the same the day before-he didn't carry her as he trained, and Xinyan had returned to normal ...

After piecing all these messy thoughts together, Lin Yi came to the conclusion that Xinyan's illness was caused by his own training! In other words, Xinyan's scent was a necessity for her own survival, and now that he'd absorbed it, Xinyan's body was rapidly weakening, and she'd become listless-she had to rely on forced sleep to replenish her energy!

Sleep was an important physiological function of the body's self-protection-a third of a person's life was spent sleeping, and Xinyan needed sleep to replenish her energy when she ran out. Lin Yi didn't link these things together at first, but today he was sure that this great training method he'd discovered had harmed Xinyan!

But practicing wasn't as important as Xinyan's health, and he'd rather level up slower than let anything happen to Xinyan. He decided that he'd never need Xinyan's help for practicing ever again-it was a difficult decision.

It was Lin Yi who carried Xinyan to school that morning, and he bumped into Zhaolong at the classroom door.

"Lin Yi, what are you doing? Why was Xinyan unconscious again? What did you do to her?" Zhaolong had wanted to keep a low profile, but Lin Yi was holding Xinyan in his arms. He couldn't keep a low profile at all, and a fire started to burn in his heart.

"Isn't it because you made me angry?" Lin Yi said with a cold look.

"What?" Zhaolong choked."How is that possible? Stop lying to me, I've already asked around, Wang Xinyan was fine yesterday, she woke up and went to school, how could she be mad at me?"

"It's a relapse. " Lin Yi said.

"You ..." Zhaolong didn't know what to say. He couldn't argue with Lin Yi, so he went back to his seat and sat down.

Lin Yi settled Xinyan down on a chair and pulled out a book, but he wasn't in the mood to read it-his mind was focused on Xinyan's problem. Xinyan's body gave off a scent that was useful for training, and if he absorbed too much of it, she'd become weaker ... But here came the problem-didn't Xinyan give off her own scent? There was no loss?

Or was it that the normal consumption was within an acceptable range, and his cultivation had accelerated the consumption of Wang Xinyan's fragrance, resulting in this situation? Lin Yi had never been in a situation like this before, and he decided to ask boss Bai later.

After class, Lin Yi went to find boss Bai.

"Yi, you're looking for me because of Wang Xinyan's body condition, right?" Boss Bai saw Lin Yi pulling him to the side in a rush and knew that they were going to talk about secrets.

"Let's not talk about the physical problem for now. Mr. Bai, I have more important things to discuss with you!" "Wang Xinyan's been unconscious a lot lately, you see?" Lin Yi asked.

"I saw it, what's wrong?" Boss Bai looked at Lin Yi strangely. "Don't tell me she didn't fall asleep because you and her ... It was too late?"

"F \* ck ..." Lin Yi blushed after hearing boss Bai's words, "Mr. Bai, what are you thinking? there's nothing between Xinyan and I. I think there's another reason why she's in a coma!"

"Another reason? What did that mean? Are you saying that there's something wrong with her body?" Boss Bai was someone who understood medicine, after all, and he immediately figured out the key point, so he asked.

"You can put it that way. It's a long story ..." Lin Yi started telling boss Bai about the training, and how he found out that Xinyan's special scent could help with cultivation. He already saw boss Bai as his other master, so he didn't hide anything from him.

"Oh? Wang Xinyan has this ability?" Boss Bai was a little surprised. ""Could it be that this is because of her special Constitution?"

"This has something to do with her physique? What kind of physique is this?" Lin Yi blinked.

"I don't know what her physique is exactly, but according to my research in ancient books, her phenomenon should be caused by the test bead being unable to identify her physique!" "This kind of physique should be a special physique that is beyond the five elements," boss Bai said. "This kind of special case is extremely rare!"

"Oh? Special body constitution?" Lin Yi couldn't help but be shocked by boss Bai's words. "There's a special body constitution outside the five elements?"

"Yes, there are also some special physiques, but they are relatively rare among cultivators. Most of them exist among spirit beasts, and many of the attributes of spirit beasts are beyond the five elements." "For example, wind-type, lightning-type, healing-type, and so on," boss Bai said. "These are all special existences among spirit beasts, not cultivators of the five elements."

"So that's how it is." Lin Yi nodded, thinking of the purple lightning Beast. It should be a wind-type spirit beast? He didn't know if sun Jingyi was also a special body outside of the five elements, but her practitioner's Arts were special as well-she shouldn't be a practitioner of any of the five elements.

"So, Wang Xinyan's condition you mentioned is probably a manifestation of this special body type. I'm not sure about the details, but I'll keep an eye out for it since you've given me a general direction." "The most important thing right now is to stop cultivating with her scent," boss Bai said. "We'll see how things go this way."

"Yeah, I've decided to do the same." "I'll leave the rest to you then, Ms. Bai," Lin Yi nodded.

"Hehe, what trouble? I'm your teacher. It's my duty to help you answer your questions." Boss Bai said with a smile.

She'd even delayed her class time by talking to Lin Yi.

Chapter 2744 I'll Give You A Mission

He walked back to the classroom with Lin Yi, and this made Yu Panhu very envious. He was jealous that Lin Yi could get boss Bai's private guidance.

In the sky elixir sect, Zhaoming had just become the eighth elder, and he'd even made the bone cleansing pill-this was supposed to be a joyous occasion, but something big had happened! Patriarch xuanzhen had failed to refine the bone washing pill!

"That's impossible! How was this possible? With my pill refining skills, I actually failed?" Patriarch xuanzhen frowned as he looked at the ashes in the cauldron. He couldn't understand why he couldn't make the bone cleansing pill if even Zhaoming could do it.

However, after the second attempt, patriarch Xuan Zhen gave up and failed again. This meant that it was not his mistake, but his failure! Could it be that the new bone cleansing pill had no effect on him?

Xuanzhen had no choice but to give Zhaoming a large amount of Qi replenishing elixirs to make another bone cleansing pill!

As expected, Zhaoming made it-the color wasn't looking good, but it was a success! And this time, he'd seen the whole process-it was the same as when he'd made it, but Zhaoming had succeeded and he'd failed!

"Something's wrong. There must be a problem with this pill recipe!" Although patriarch Xuan Zhen did not find the problem with the pill formula, he could only blame it on the pill formula after much thought.

Otherwise, why would Zhaoming be able to make the pill but he couldn't? However, he was sure that Zhaoming had indeed made a bone cleansing pill. The effects were exactly the same as the one in the ancient book, and he could feel it.

Zhaolong's bone cleansing pill wasn't consumed by the xuanzhen elder this time, but was carefully sent away. The xuanzhen elder still didn't give up, and called Zhaoming over.

"Zhaoming, tell me in detail-where did you get this recipe?" Patriarch xuanzhen did not know the origin of this elixir recipe, so he did not think much about it before. However, now that he had failed, he was going to ask about the origin of this elixir recipe in detail.

"This recipe is ..." Zhaoming didn't dare to hide anything. He told the old man everything about kidnapping Guan Xin and how Lin Yi extorted the recipe from him. It wasn't a very honorable method, but it wasn't a secret. Even if Zhaoming didn't tell him, the old man could still get the answer from the sky elixir sect.

"What? Did Lin Yi give you this recipe?" Patriarch Xuan Zhen's eyes widened in disbelief. The conflict between patriarch xuanchen and Lin Yi a few days ago couldn't be hidden from patriarch xuanzhen. He was a little unhappy with little one and little Eleven's actions, but thankfully, boss Bai and his disciple Lin Yi were fine. Even han Jingjing was back in the classroom alive and well, which made patriarch xuanzhen heave a sigh of relief.

"That's right. Could this pill recipe be fake?" Zhaoming could more or less guess the truth from xuanzhen's tone and what happened.

"I can't say it's fake, but there should be a problem!" "Lin Yi is ... Boss Bai's disciple," the xuanzhen ancestor said. "Then this recipe might have been given to him by boss Bai, or boss Bai tampered with it and gave it to him. Although this recipe can be used to make the bone cleansing pill, after taking this pill, you can't make any other pills. Do you understand what I mean?"

The xuanzhen ancestor didn't know that Lin Yi only met boss Bai when they were in University, so he thought that Lin Yi had known boss Bai for a long time. Naturally, he attributed the source of the recipe to boss Bai.

"I understand. So you failed and I'm the only one who succeeded?" Zhaoming's face was full of surprise, but his heart was full of joy. What did he mean by "a rare commodity to be kept"? If he was the only one who could concoct the bone cleansing pill, then his status in the sky elixir sect would rise. By then, whoever needed this pill would have to beg him to concoct it. This way, he would become a very important figure.

"You can say that." "That's why I'm giving you a mission. Since you know Lin Yi, you should go back and visit him when you have time. Tell him about the flaws of this recipe and try to get the real one back. You can use other good items to exchange for it. If you can't get it, contact me again ..."

Patriarch xuanzhen's way of doing things was completely different from patriarch xuanchen's. Patriarch xuanchen's first thought was to snatch it, but patriarch xuanzhen's first thought was to make an equivalent exchange. If he couldn't get it back, he was prepared to put down his face and call boss Bai personally to ask for the pill formula!

Of course, this was something he would only do if he really had no other choice. He was not as thick-skinned as patriarch xuanchen, so this was the last resort!

As for why he needed this bone washing pill formula, it was because this pill formula was too important. Not only was it effective for inheritors of the void attribute, it was also very useful for ordinary cultivators!

This thing was much more powerful than the foundation building pill. The foundation building pill was actually a branch of the marrow and bone cleansing pill. It was also used to temper one's physique, but it was not as powerful as the marrow and bone cleansing pill. So, as long as a cultivator took the marrow and bone cleansing pill, they could improve their physique and speed up their cultivation. This was a good thing!

Ordinary people could prolong their lives, and cultivators could strengthen their bodies. If this thing was refined, it would definitely be in short supply in the cultivator market. Patriarch Xuan Zhen wanted to refine it and sell it because the five elements sect had been running out of cultivation resources for years.

However, it was not surprising. Any sect that had been passed down for thousands of years would eventually run out of resources. Patriarch Xuan Zhen was afraid that the five elements sect would not be able to hold on until the day the Sky Class Island opened, so he had to start making some preparations.

Although he could help some sects refine the third-grade pills they needed in exchange, this was a one-time thing, and it was impossible for people to always ask him to refine pills. Furthermore, there were some pills that he couldn't let others refine for the time being, such as the Ice Palace's icy heart Jade bone pill. If he refined them now, it would affect patriarch xuanchen's entire plan, so he could only refine them selectively. Naturally, they wouldn't sell as well as universal pills like the marrow cleansing pill!

#### Chapter 2745 Promised Benefits

Plus, there weren't many rich people in the ancient sects, so he had to continue selling the pills in secret to get more money.

As for the hidden level, apart from the Qi gathering elixir, the remaining third-grade elixir was the marrow and bone cleansing elixir. The next step was to refine a few Qi gathering elixir and bone cleansing elixir to be auctioned at the cultivators' trade fair.

Of course, at that time, he would not be able to make the Qi gathering pill and the bone cleansing pill right after the first one. He would have to rest for half a year before making another one. Otherwise, if he used heavenly treasures to replenish his strength and genuine Qi, the value of the heavenly treasures would be far more than the value of a third-grade pill. Unless it was absolutely necessary like now, patriarch xuanzhen would never do such a loss-making business.

"This ... If I go and Exchange with him, will he agree?" Zhaoming was naturally very happy and excited to be able to go to Donghai city to find Zhaolong. Plus, the mission assigned to him by the xuanzhen patriarch was something the sky elixir sect couldn't ask for more. If he completed it successfully, his position in the sect would be even more stable. If he could get the xuanzhen patriarch's recognition and be accepted as a registered disciple, then he'd really be able to soar!

Zhaoming could tell that xuanzhen's position in the sect was higher than the sky, earth, and people. He didn't know who he was, but it was a great honor to be an in-name disciple of someone like him.

However, Kang Zhaoming was a little worried. He and Lin Yi were enemies. Let's not talk about his brother Kang Zhaolong first. He had harmed Fen and kidnapped Guan Xin. These two things made Lin Yi have no good feelings towards him!

If it wasn't for right-hand thirteen last time, he would've been killed by Lin Yi already. He had the sky elixir sect's identity now, so he wouldn't be killed by Lin Yi, but if the negotiations fell through, he might get a beating from Lin Yi! Didn't Zhaolong get beaten up as well?

"Let's see what you're going to trade with him," "I'll discuss the details with the heaven, earth, and humans," said patriarch xuanzhen. "You should get ready and be ready to be deployed at any time!"

"Yes ..." Kang Zhaoming had no choice but to answer.

The reason why patriarch xuanzhen didn't use patriarch xuanchen's men from the sky elixir sect was that he didn't want the five elements sect's disciples to have any more conflicts with boss Bai and Lin Yi. They were all from the same sect, so why did they have to go to such an extent?

"No matter what, let's ask him what he wants first. If we can satisfy him, we'll try our best. If we can't, we'll think of something else to replace him." Xuanzhen said. He was a man who knew how to repay kindness. This recipe was very important for their future plan, and they could continue making pills to sell for money. Xuanzhen thought that it was only natural to exchange for it with other things.

This was completely different from patriarch xuanchen's philosophy, but Zhaoming was a little unhappy. He was more inclined to send a few Masters to Rob Lin Yi. This way, he could use his position to take revenge. He could teach Lin Yi a lesson or even kill him, and it could all be blamed on the sky elixir sect. However, patriarch xuanzhen didn't have such plans.

"Xuanzhen ancestor, I know that Lin Yi kid. He's stubborn and if you want to trade with him, he'll definitely ask for more. You should use force against people like him ..." Zhaoming said after some hesitation. "Otherwise, this mission would be very difficult to complete!"

"Use force?" Patriarch xuanzhen frowned. What was the difference between that and patriarch xuanchen's method? Furthermore, patriarch xuanchen did not gain anything by using force. Why were the cultivators so impetuous and did not follow the rules?

"Yeah, just send two Sky Class late phase peak Masters to get the recipe from Lin Yi. If he doesn't give it to us, we'll kill him and see if he'll give it to us!" Zhaoming said.

Patriarch xuanzhen was a little speechless, feeling a wave of disappointment towards Zhaoming. He had a good impression of Zhaoming after seeing him work hard under his guidance, but now he felt that the kid was evil. He would definitely like him to be patriarch xuanchen's disciple, but he didn't like this kind of disciple. "No need, just do as I say. If you do well, I'll introduce you to my Junior Brother and have him accept you as an in-name disciple. Your status will definitely be higher than if you're the eighth elder here."

Zhaoming had to be promised something in return, or he wouldn't have put in so much effort. That was why he gave Zhaoming to xuanchen as an in-name disciple!

Although patriarch xuanzhen didn't say anything about little one and little eleven, he already had some complaints about Junior Brother xuanchen's apparent obedience! Ancestor xuanchen clearly knew about Lin Yi's relationship with ancestor Xuan Tian, but he hid it from him and attacked Lin Yi. Did he really think that he didn't know about it?

At the very least, patriarch xuanzhen's authority was greater than patriarch xuanchen's in the sky elixir sect. There was no other reason than the fact that this was an elixir-refining sect, so they naturally favored a high-level elixir refinement master like patriarch xuanzhen.

However, from this matter, patriarch xuanzhen began to have some doubts about what had happened back then. He had seen through xuanchen's character. Could he have had something to do with what had happened back then? 'Did ancestor Xuan Tian's Qi deviation ...'

At the thought of this, patriarch Xuan Zhen couldn't even imagine it! Brothers from the same sect were actually killing each other for the position of sect leader? Patriarch xuanchen was ambitious, but it was precisely because he was too ambitious that his master did not pass the position of sect leader to him.

Ancestor xuanchen's ambition could very likely become his final fatal weakness. Boss Bai was calm, amiable, and ambitious. Such a person was the bearing that a sect leader should have. Xuanchen was only suitable to be a hatchet man and a pioneer.

Patriarch xuanzhen was the one with the least personality. He had no ambitions or grand wishes. He was only interested in alchemy and was not interested in anything else. Such a person was also someone patriarch xuanchen liked to stay behind. They had no competition with him and could even be his helper.

Patriarch xuanzhen had been depressed and helpless every time he thought about this. He didn't dare to disobey the sect's orders, so he went all out to prepare for the plan to return to the Sky Class Island. However, he also hoped that boss Bai could come back and take charge of the situation, leading the five elements sect to the Sky Class Island ...

Xuanzhen sighed heavily as he watched Zhaoming leave. He was a little angry that Zhaoming was too weak!

#### Chapter 2746 Her Condition Worsened

However, almost everyone in the five-elements sect was patriarch xuanchen's men and disciples, so it would be very difficult for patriarch xuanzhen to do anything.

Shaking his head, patriarch Xuan Zhen could only stop thinking about these things. There were some things that he could not change and could only endure silently.

.....

Lin Yi stopped using Xinyan's scent to train, and this made Xinyan a little suspicious. She looked at Lin Yi, who was focused on the class, and asked with a weird expression, "You ... Why aren't you cultivating?"

"Oh, isn't this the final exam? I'll do some revision. " Lin Yi said casually.

"Revision? Weren't you granted special Amnesty by Mr. Bai? Can I get credits directly without taking the final exam?" Xinyan blinked, surprised by Lin Yi's answer.

"Haha, that's what you say, but you still have to take the exam ..." Lin Yi smiled.

"But you don't have to study so hard ..." Wang Xinyan bit her lips and said, ""How about you cultivate? I'll take off my coat?"

"Ah?" Lin Yi blinked as he looked at Xinyan.

"I ... I just want you to hurry up and train, I don't mean anything else ..." Wang Xinyan really didn't mean anything else. She just wanted Lin Yi to train as soon as possible and have the strength to fight against the sky elixir sect. That way, she wouldn't have to live in fear every day, and she wanted to help Lin Yi get stronger as much as possible.

Lin Yi didn't want to say it at first, but Xinyan looked like she was going to get to the bottom of it if he didn't explain it clearly. "Xinyan, it's not that I don't want to train, but your body ... It seems to have a problem because of my training!"

"My body? What's wrong?" Xinyan blinked, not quite understanding what Lin Yi was getting at.

"Haven't you been in a deep sleep all this time? I suspect that it's because I've absorbed the fragrance from your body. " Lin Yi said.

"What? The fragrance on my body?" Xinyan looked at Lin Yi, stunned, but Lin Yi's reminder made her realize something. "So, on a night where you're not around, I'll be able to get up normally the next morning, right?"

"Yes, that's it." Lin Yi nodded, "I'm not too sure, but I'm pretty close, so I stopped training to avoid worsening your condition."

"Ah ... This ... What about your cultivation?" Xinyan was starting to get worried-she'd planned for Lin Yi to use her scent to speed up his practicing during the years he was in college, and he'd be able to fight the sky elixir sect by the time he graduated. But now, he couldn't use her anymore, and his practicing speed would slow down, too.

"It's alright. Didn't I cultivate before you were here?" Lin Yi shrugged his shoulders, "Besides, I've already gained a lot after cultivating for so long. I'll think of other ways to cultivate in the future."

"Al!" Xinyan sighed. She knew that Lin Yi couldn't continue training anymore, since it was a problem with her body. "Then can you think of a way to cure my body's problem as soon as possible? I can continue cultivating like this?"

"I can't say for now. Although I give you medicine every day, the effect isn't particularly obvious. Your body seems to be getting weaker by the day. You might not feel it, but this is a change that takes a long period of time." "That's why we'll have to wait for me to stop training and see if you can recover," Lin Yi said.

"I see ... Alright, I hope I get better soon ..." Xinyan was getting bolder after her mother's support. "When the time comes, I can help you continue your cultivation!"

"Ah? You're still cultivating after you've recovered?" "Then there's going to be a problem again?" Lin Yi asked, stunned.

"It's fine. I'll stop when there's a problem. I'll continue when I'm better." Wang Xinyan said.

"..." Wang Xinyan's words sounded like a joke, a little mischievous, but Lin Yi was extremely touched by it! For a girl to make this kind of sacrifice for you, she didn't need to express her feelings anymore-even an idiot like Lin Yi could understand what Xinyan was thinking.

But what Lin Yi couldn't figure out was that if Xinyan liked him, why didn't she agree to his pursuit? Was he worried about Zhaolong? But Lin Yi could understand Xinyan's worry-with the strength he'd just displayed, he really couldn't fight the sky elixir sect!

Even bringing up Xiaoxiao's identity the other day was forced-Zhaolong was talking about ancient backgrounds, but Lin Yi didn't. He wouldn't have mentioned it otherwise.

Lin Yi, on the other hand, was able to fight people above his level, but he was only earth Class late phase-it was impossible for him to fight the sky elixir sect with that level of strength! Lin Yi didn't force Xinyan after thinking it through-he didn't want to bring her too much trouble. One day, when he'd be able to trample the sky elixir sect under his feet, everything would be fine.

"Thank you ..." Lin Yi didn't know how to express his feelings at the moment.

"It's nothing," Xinyan shook her head, "sigh, why would there be a problem with my body?" How troublesome ..."

"Don't worry, I'll help you think of a way. " Lin Yi said.

"En ..." Wang Xinyan trusted Lin Yi and nodded heavily.

But in the next few days, Xinyan's condition only got worse! Lin Yi made medicine for Xinyan every day, and he'd stopped training as well. Xinyan woke up and went to school as usual, but she still dozed off in school.

What worried Lin Yi the most was that Xinyan's initial afternoon nap had evolved into one that she would sleep in between classes, even during class. Her eyelids were fighting, and she'd fall asleep if she wasn't careful!

Xinyan's constant unconsciousness not only worried Lin Yi, but also Zhaolong. He couldn't hold it in anymore, and he didn't even have the chance to get close to her. Xinyan was always sleeping except in class, and it was impossible for him to get close to her. She was even sleeping in class, so where did he get the chance?

"Lin Yi, what happened to Xinyan? Why are you sleeping all day?" Zhaolong tried his best to keep his attitude calm so Lin Yi wouldn't beat him up again.

Chapter 2747 Everyone Is Thinking Of A Way

"What did you do to her that night? If that's not possible, why don't we let her stay in the dormitory?" Zhaolong knew from the hospital's results that Xinyan was still a Virgin, but she was a girl living in Lin Yi's

Villa with Mengyao and Yushu. He was still worried, and so he decided to use this opportunity to let Xinyan move back to the dormitory.

"She has some health issues ..." Lin Yi didn't plan on hiding it from Zhaolong-it wasn't something he could hide, after all, so he just had to hide the fact that she was training."Her body is getting weaker and weaker! What else can I do to her? If you wanted to do it, you would've done it long ago. If she goes back to the dormitory, you'll be harming her!"

"What? Is there something wrong with her body?" "What did you say?" Zhaolong asked, surprised. Is that true? Why was her body getting weaker and weaker? Wasn't it still fine before? Why is it that I'm so weak after meeting you?"

Lin Yi would've kicked Zhaolong away if he'd said that at any other time, but he felt guilty for Xinyan. Xinyan became weak after meeting him, and that made Lin Yi feel guilty, but he couldn't back down in front of Zhaolong. He looked at him and said, "Xinyan's body was weak when she was young. Don't you know that you're her fiancé? I don't think you should be her fiancé anymore, you don't even know her as well as I do!"

"F \* ck! You're always sitting next to Wang Xinyan, what can I do?" "Then ... How's she doing now?" Zhaolong asked, a little annoyed.

"It's not too good. I made some medicine for her, but the effect isn't very obvious, and it's getting worse ..." Lin Yi had been thinking about Xinyan's problem for the past few days. He didn't think about food or tea, and this was all his fault. If something happened to Xinyan, he would be the main culprit!

"You concocted the medicine? Can it be used? I can't die from drinking it, can I?" Zhaolong was getting angry at Lin Yi's words. "She's sick. You should send her to the hospital. What if you treat her privately and it's bad?"

"Are you really stupid or are you just pretending? Cultivators even go to the hospital? Besides, she's not sick at all. She's just weak, and it should be a problem with her body. It's useless to go to the hospital!" "If you're capable, then don't waste your time talking to me. You can think of something!" Lin Yi said.

Lin Yi didn't know what to do, so he didn't reject Zhaolong's visit. It'd be great if Zhaolong could think of a good idea.

"Where's the prescription you gave her? Let me take a look, I need to get teacher Bai to identify it. Maybe it was your stupid medicine that caused the problem!" Zhaolong said as he extended his hand.

"Do you think I'm from miracle doctor Kang's company, who specializes in scamming people?" Lin Yi said, curling his lips.

"You ..."Zhaolong's face reddened at Lin Yi's words, but he couldn't argue back-after all, he did do something like that. "You're not willing to give it to me, are you feeling guilty? Don't bring up the past. "

"Oh, I can give it to you." Lin Yi pulled out a piece of paper and jotted down Xinyan's recipe-it wasn't a secret, after all.

Zhaolong wasn't expecting Lin Yi to write down the recipe so quickly, but he still took it and went to find boss Bai.

Lin Yi gave it to him so quickly because he wanted Zhaolong to discuss it with the Hidden House of you and the sky elixir sect. They wanted to see if they could make some changes to the recipe. For Xinyan's sake, Lin Yi didn't care about these small things.

After a while, boss Bai arrived. Lin Yi had already talked to boss Bai about Xinyan, and boss Bai had been studying Xinyan's problem, so he knew what was going on when Zhaolong set him up. He explained to Zhaolong, "There's nothing wrong with this prescription-Lin Yi's seen it for me these past few days, but it's not that the prescription doesn't work, but these medicines are too common. These common medicines should be fine for normal diseases, but Wang Xinyan's body has been weak since she was young, and these medicines really can't replenish the energy she's losing every day, which is why her body is getting weaker and weaker. "

"Then why was she fine before? Why did she end up like this after going to Lin Yi's house?" Zhaolong asked suspiciously.

Boss Bai smiled bitterly. Zhaolong wasn't an idiot after all, but he'd already come up with a plan with Lin Yi. "Xinyan's body was very weak when she was little, and her father took her everywhere to seek medical help. They met a master who gave her father some herbs, and it seemed to be a very rare spirit herb, so Xinyan's been fine all these years. But now it seems that the effects of those herbs and spirit herbs have passed, and that's why Xinyan's problem is here. "

"So that's how it is!" Zhaolong didn't think that boss Bai was lying to him. After all, he didn't need to ask Wang yuben-he could just ask Xiao Ji and Xiao Ben, and he'd be able to verify it later."What are the herbs and spirit medicines that the wandering master gave? Do you have the prescription?"

"I'm not sure about that, but according to Wang Xinyan herself, she doesn't have one, but I've been looking through ancient books these few days and made a potion that should be more useful than Lin Yi's ..." Boss Bai said as he took out a prescription.

Zhaolong quickly took it and looked at Lin Yi in disdain. "See, I told you your prescription wouldn't work. Mr. Bai is really Mr. Bai. Your student definitely won't work."

Lin Yi smiled, not in the mood to argue with Zhaolong. Boss Bai, on the other hand, smiled. "Lin Yi's recipe is already pretty good, and mine is a bit stronger, but it uses rare treasures that can't even be found in normal pharmacies. Zhaolong, isn't your brother an elder of the sky elixir sect? Then ask him if he has any. "

The fact that Zhaoming had become the sky elixir sect's eighth elder wasn't known to the common folk, but it was already known in the ancient and hidden levels. As the former sect leader of the five elements sect, it was only natural that boss Bai had heard the news.

"This ... Of course, no problem!" Zhaolong accepted the prescription after some hesitation.

Chapter 2748 Kang Zhaoming's Plan

Although boss Bai wouldn't be paying for the herbs, Xinyan was still his fiancée, and he could use this as an excuse to get closer to her. He might even be able to move her heart.

Moreover, this was also a time to display his younger brother's strength. He had no reason to refuse!

Xinyan woke up at the same time, and Zhaolong patted his chest like he was on steroids. "Don't worry, Wang Xinyan is my fiancée. No matter how expensive or difficult it is to find these herbs, my brother will be able to help!"

"Right, Xinyan, why don't you tell uncle Wang and aunty Xiao about this? He could also ask about what happened back then. Let's see if they can still find the wandering master they met back then and see if

they can get the medicinal formula and the name of the spiritual medicine. " Lin Yi said to Xinyan after Zhaolong left.

"This ..." Wang Xinyan's face was a little sad. She knew her condition these few days. Lin Yi's medicine couldn't make her better. Even if Lin Yi stopped cultivating, she was still sleeping more and more. Was this a sign of death?

But Xinyan didn't blame Lin Yi-she was willing to help him with his practicing, and she just felt like dying like this made her sad. She couldn't bear to leave her family, Lin Yi, and her friends ...

However, there was a benefit to dying-the conflict between Lin Yi and the sky elixir sect would no longer exist.

"Xinyan, Mr. Bai and I are both at our wits' end now, can you stop hiding it from us?" Lin Yi said helplessly.

"Alright, if Mr. Bai's medicine doesn't work, I'll tell my parents ..." Wang Xinyan nodded. She was a weak girl, and didn't like people worrying about their own problems.

After Zhaolong left, he gave Xiao Ben a call to confirm that Xinyan had been weak and sickly since she was a child. One time, Xinyan's father, Wang Xuben, met a wandering master when he was collecting herbs in miaojiang. He gave him some medicine and a spirit herb for Xinyan to consume, and her body recovered.

Zhaolong didn't suspect Lin Yi anymore after hearing the news. He called his brother, Kang Zhaoming.

"Big brother ..." Kang Zhaoming was about to call Kang Zhaolong and tell him that he was going to Donghai city for a mission in the near future. He wanted to exchange the recipe with Lin Yi, but what troubled him was that he didn't know how to get in touch with Lin Yi. He was afraid that Lin Yi would ignore him and beat him up again.

"Zhaoming, is it convenient for you to answer the phone now?" Zhaolong asked. Zhaoming was his brother, but his status was different now-he had to be careful.

"Brother, I was just about to call you. I might need to go back to Eastern Sea city in a few days." Zhaoming said.

"What? You're going back to Eastern Sea city? That's great, I was just about to ask you to come back. I'm calling you because I have something to trouble you with!" "Your sister-in-law, Wang Xinyan, is having some health issues!" Zhaolong said.

"Something wrong with your body? What's the problem?" Zhaoming blinked.

"Actually, she's been weak since she was young, and it's been acting up recently, so she's always sleeping ..." Zhaolong explained Xinyan's situation to Zhaoming. "Zhaoming, you have to help me this time. I've already told you, you have to get these herbs ..."

"This is easy." Zhaoming listened to Zhaolong's explanation. The herbs might be valuable in the common world, but they weren't that rare in the sky elixir sect. With Zhaoming's status, he could get some easily, but of course, that was in the elder's monthly allowance.

However, Zhaoming had one advantage right now. He was going on a mission assigned to him by the xuanzhen forefather. He could use the ingredients Xinyan needed as a way to get in touch with Lin Yi. Naturally, the heavenly elixir sect and the xuanzhen forefather would bear the cost of the ingredients.

"Alright then, I'll leave this matter to you, big brother!" Zhaolong let out a breath of relief after hearing Zhaoming's reply. He finally had face in front of Lin Yi!

In fact, Zhaolong had analyzed the difference between him and Lin Yi before. Didn't Lin Yi always come up with new things to please girls? He'd be sucking up to Wang Xinyan often in the future, so it shouldn't be a problem for him to win her over.

Of course, this was something he came up with himself-the relationship between Lin Yi and Xinyan wasn't as simple as just trying to please her. The two's fate was miraculous, from the moment they first met, they were sitting together, and they were still sitting together even now ...

"I'll tell you the exact time when I have news. " A disciple came to report to Kang Zhaoming, asking him to go to the room of the heavenly silkworm transformation. Kang Zhaoming was overjoyed and quickly ended the call.

Zhaoming had been worried that he'd lack an opportunity to learn about the heavenly silkworm transformation, and now that he had one, how could he not be excited? He jogged over to the courtyard of the heavenly silkworm transformation and knocked on the door carefully.

"It's elder Kang. The young sect master is already waiting for you. Come with me. " It was still the maid from the heavenly silkworm transformation, but her attitude towards Zhaoming was much better this time.

"Many thanks!" Kang Zhaoming's goal was to become a servant, to be able to accompany the heavenly silkworm transformation. This servant was someone he had to be on good terms with in the future, so Kang Zhaoming naturally had to be polite.

The maid was a little surprised. Although the position of an elder in the sky elixir sect wasn't as high as the heavenly silkworm transformation, she was still a maid. They still had to maintain some dignity. The others would at most say "en" and not thank her.

"You're welcome," The maid's impression of Zhaoming improved by quite a bit, and a smile appeared in her eyes.

"May I know your name, beautiful?" Zhaoming was overjoyed to see that he'd managed to win the maid's heart. The maid wasn't that pretty, but Zhaoming was a master at picking up girls-he was a sweet talker, and he'd turned the maid into a beauty in an instant.

"Elder Kang, you're asking too abruptly ... She's ... She's called little peach ..." The maid said shyly. In the heavenly elixir sect, the people she interacted with were basically all uncles. Even the disciples didn't dare to act rashly in front of her. But the appearance of a young and flirtatious young master like Kang Zhaoming had naturally moved the maid's heart. Which girl didn't have feelings for him? She couldn't possibly be a maid of the heavenly silkworm transformation for the rest of her life, right? She still had to get married, right?

Chapter 2749 Extremely Attentive

Kang Zhaoming had eaten a lot of heavenly resources in the past few months. Coupled with his diligent cultivation, he was no longer as weak as before. Now, he was truly a handsome young master. It was no wonder little peach was tempted.

Pfft ... Little peach? Kang Zhaoming wanted to curse. Why were all the maids called little peach? He'd seen so many little girls in TV shows and novels, and the sky was filled with little girls ..... But for his dream and goal, Zhaoming decided to fake a surprise, "What a good name. The person is just like his name. The human face and the peach flowers reflect each other. This concept is really amazing!"

"Ah, elder Kang, you're so knowledgeable. You can even recite poems ..." Little peach said in surprise and shyness.

"Of course, Wahaha, my hands are so wet ..." Zhaoming laughed, sighing inwardly. Little Peach's looks weren't that great, but this was a good thing. If she was pretty, why would he keep the heavenly silkworm transformation? Then he would have no chance!

In the blink of an eye, Zhaoming had a plan. He'd get his hands on little peach first, then deal with the heavenly silkworm transformation. He'd kill both men and women in a threesome, and maybe he'd be able to marry both master and servant. That would be awesome!

The sky elixir sect was an ancient sect after all, being gay shouldn't be a big deal. Zhaoming was confident in his looks as well-he'd been taking supplements and training all this time, and he'd changed completely. He believed that as long as he guided the heavenly silkworm sect well, they'd be able to change their sexual orientation and kill both men and women. There was still a chance.

"Ah, elder Kang, I was too busy talking to you. Don't make the young sect master wait ..." Little peach hurriedly said. She then led Kang Zhaoming through a long corridor in the courtyard and arrived at the door of a house.

Little peach knocked on the door. Immediately, the heavenly silkworm's pleasant voice came from inside, ""Please come in."

Kang Zhaoming carefully followed behind little peach into the room of the heavenly silkworm transformation. He didn't even dare to breathe loudly. He was a completely different person from when he teased little peach.

"Elder Kang, you're here. Please take a seat." After pointing to the cushion on the futon right in front of her, she turned to little peach and said, ""Little peach, go get Kang Zhaolong some tea!"

"Yes, young sect master." In front of the heavenly silkworm transformation, little peach became extremely respectful and cautious.

Kang Zhaoming quickly said, "Young sect master, no need to trouble yourself. I'm not thirsty ... You can just call me little Ming. I don't dare to be elder Kang ..."

"Little Ming?" The heavenly silkworm transformation was slightly stunned, but he still nodded and said, ""Alright, I'll call you little Ming then."

Zhaoming was overjoyed. He raised his head and said, "Young sect master, you're looking for me because ..."

However, when Kang Zhaoming raised his head, he was stunned beyond belief! What a beautiful man. He's even more beautiful than the heavenly silkworm transformation I saw in the hidden you family last time. Could it be that he ate the marrow and bone cleansing pill I made?

In this way, it was normal for her appearance to become more beautiful! Zhaoming had a ridiculous thought-kiss her! It turned out that seeing a man who was prettier than a beauty could also make people change their sexual orientation. At least, Kang Zhaoming was like this.

"Oh, it's like this. Patriarch Xuan Zhen has told you about it, right? This time, when you go to Donghai city, you need to find a way to get the real recipe for the bone cleansing pill back. The sky elixir sect will be your backup, you can discuss it with that Lin Yi guy, and if you need anything, you can ask me directly. " "But this time, you must complete the task. Patriarch xuanzhen takes this matter very seriously!"

"Yes, young sect master. Don't worry. I'll do my best to complete the mission!" Zhaoming said, patting his chest.

"En, you may leave." Heavenly silkworm transformation waved his hand.

"Young sect master, are you tired? do you want me to give you a massage? When I was learning alchemy, I learned a massage technique from patriarch xuanzhen. Young sect master, do you want to try it? Is little Ming at your service?" Zhaoming said, trying to get on his good side. He did learn a massage technique, and that was what he was planning to do back then-he wanted to use the heavenly silkworm transformation.

"A massage? Service?" The heavenly silkworm saint's expression changed slightly as he frowned and said, ""No need, I appreciate your kind intentions. Little peach, see our guest out ..."

"Elder Kang, this way please." Little peach gestured for him to enter.

Kang Zhaoming wasn't discouraged. After all, this was his first time joining the heavenly silkworm sect. It was normal for them to not accept it. He believed that with his hard work, he would be able to make the heavenly silkworm sect take a liking to him. Even if they couldn't be friends, he could be their dog.

"Little peach, what's the young sect master's hobby?" Zhaoming asked nonchalantly as he walked out of the yard.

"Eh? What are you doing?" Little peach looked at Kang Zhaoming cautiously, "Don't tell me you're planning something on the young sect master?"

"Uh ... Why would I? Although I'm not as handsome as him, I'm not gay, either. In my heart, you're the prettiest, little sister peach!" Kang Zhaoming quickly explained.

"Is that so ..." Little peach agreed with Zhaoming's words. Moreover, Zhaoming's naked confession made little Peach's heart beat a little faster, "Elder ... Elder Kang, how can little peach be as beautiful as the young sect master ..."

"Haha, that's not the same. He's a handsome guy, and you're a pretty girl ... Oh right, don't call me elder Kang anymore. It's so distant. How about you call me Zhaoming bro from now on?" Zhaoming said.

"En ... Okay, Zhaoming bro." Little peach said shyly.

It was no wonder little peach was tempted. Aside from the heavenly silkworm transformation, which handsome man had come into contact with her? With the heavenly silkworm transformation's background, little peach had given up on the idea. With Kang Zhaoming's sudden appearance, it was only natural for her to be moved!

She was no beauty, and she knew that very well. Although she suspected that Kang Zhaoming was lying to her, she was still mesmerized by Kang Zhaoming's sweet nothings. She wasn't young anymore, but she hadn't seen much of the world, so she was naturally coaxed by Kang Zhaoming.

Kang Zhaoming's sweet words were like a killer of ignorant girls. Didn't Fen fall for it too?

"Hey, little peach, big brother won't hide it from you. Since big brother wants to pursue you, I'll be honest with you!" Zhaoming sighed, pretending to be troubled.

"Ah ..." Little Peach's heart skipped a beat when she heard Zhaolong's words, and she was a little lost for a moment, "I want to pursue you." Zhaoming bro ..."

"Little peach, Did you know? The reason why I wanted to find out about the young sect master's interests and hobbies was because I wanted to cater to his interests!" Zhaoming threw out the reason he'd prepared long ago!

Chapter 2750 Kang Zhaoming Returns

"Think about it, the young sect master is a man, what can I scheme against him? Didn't she want him to value her so that she could make a name for herself? I may be an elder in the sky elixir sect, but I'm still one of the lowest ranked elders, and I don't have any Foundation. It's going to be extremely difficult for me to achieve anything great!"

"That's why you're trying to get close to me and please me, isn't it?" Little peach wasn't stupid. After hearing Kang Zhaoming's words, she asked cautiously, "You don't really like me. You're doing this because you want to get information on the young sect master from me, right?"

"Little peach, you're overthinking things!" "I admit, I was exaggerating when I said you were pretty, but you're the type I like. Most importantly, you're a match for me!" You're the young sect master's servant girl, and I'm an elder. In the sky elixir sect, you're the only one of age who can be my wife. Even if those servant girls are better looking than you, can I marry them? That would be embarrassing! I'm an elder! I've seen too many beautiful women when I was young, so I got a little tired of them. However, when I saw you, little peach, my eyes suddenly lit up as if you were my true love!"

"Zhaoming bro, are you telling the truth?" Little Peach's eyes sparkled.

"Naturally!" Kang Zhaoming's lie was a bunch of bullsh \* t, but he had successfully captured little peach. These half-truths were the most lethal. He wasn't afraid that little peach would overthink it when she returned, because Kang Zhaoming had already confessed his true intentions.

"Zhaoming bro, don't worry and go on with your mission. I'll put in a good word for you at the sky elixir sect. As for the young sect master's hobbies, I'll tell you when you get back." Little peach said.

"Alright, little peach. Helping your brother is also helping yourself. If the young sect master's impression of me improves, I'll be able to go and ask for your hand in marriage. Otherwise, the young sect master wouldn't have betrothed you to me!" Zhaoming said.

"En ..." Little Peach's cheeks were flushed red.

"Phew ..." Zhaoming let out a long sigh of relief as he watched little peach leave. His eyes were filled with excitement. He did it! The first step was a success! It was too smooth! He was an expert at picking up girls!

The next morning, Zhaoming brought all the herbs Zhaolong needed to Donghai city.

Zhaolong was overjoyed when he heard that Zhaoming was leaving. Xinyan was awake for lunch, and Zhaolong went to Lin Yi and Xinyan's table.

"Xinyan, don't worry-I've already asked my brother, the eighth elder of the sky elixir sect, to come. I'm sure your problem will be solved once he's here-he's a Sky Class master, a third level refiner, much better than some Earth Class people who aren't even refiners yet." Zhaolong said as he looked at Lin Yi provocatively. He'd been holding it in for too long, and now he finally had a chance to vent.

Lin Yi didn't comment on Zhaolong's words, "We'll talk about it when it can be solved. "

"Hey, don't say so much useless stuff if you're not good at medicine." Zhaolong had placed all his hopes on Zhaoming-to be more precise, on the sky elixir sect! At that time, Zhaoming would use Xinyan's condition to make a deal with the sky elixir sect in exchange for Lin Yi's recipe. With the sky elixir sect's support, Xinyan's condition should be solved. This was why Zhaolong was so confident.

Otherwise, Zhaoming might be a Sky Class, Level 3 refiner, but he wasn't a Medical Master-how could he treat Xinyan?

"Oh ..." Lin Yi didn't want to argue before Kang Zhaoming arrived. For Wang Xinyan's sake, he could endure it, but if Kang Zhaoming couldn't cure Wang Xinyan's illness, then he didn't need to be polite.

Seeing Xinyan and Lin Yi's emotionless faces, Zhaolong felt like he was playing the lute to a cow. He left in frustration ...

At Donghai city industry University, Lin Yi, Xinyan, Zhaolong, and Zhaoming were all in Ms. Bai's office.

Lin Yi didn't like Kang Zhaoming very much, but he had to bear with it for the time being because Kang Zhaoming had brought Xinyan many precious herbs.

In fact, Lin Yi thought that he could get these ingredients from Xinyan's father, Wang xuben. If he could get a high-end herb like the Tianyuan barrier-breaking fruit, then boss Bai's ingredients shouldn't be a problem.

But Xinyan didn't want to tell her parents about her health condition, and Lin Yi couldn't do anything about it. He could only extort money from Zhaolong. Luckily, Lin Yi didn't think that he owed Zhaoming anything. In fact, Zhaoming owed him.

"Haha, isn't this Lin Yi? Long time no see, I heard you're already Earth Class late phase? Not bad, not bad-you'll catch up to me soon, I'm only a Sky Class mid phase!" Zhaoming said with a laugh.

"Oh, you've leveled up pretty quickly. How many Chi-amassing pills did you take?" Lin Yi asked.

"Just three." "The sky elixir sect values me quite a bit," Zhaoming said faintly. "I'm now working for the young sect master's heavenly silkworm transformation, and you can say that I'm his direct subordinate!"

Lin Yi frowned-Zhaoming was being valued by the young master? Was it only because he knew how to refine the bone washing pill? That shouldn't be the case. Logically speaking, this kind of waste should be put aside after being recycled. How could he still value it?

"Cut the crap-if you're that good, then take a look at Wang Xinyan's condition. Your brother said you'd be able to cure her for sure!" Lin Yi didn't want to waste any more time with Zhaoming.

"Wait!" Zhaoming waved his hand,"I can't make house calls for no reason. There are conditions!"

"What condition?" Lin Yi asked patiently.

"It's simple, I'll go out and treat Wang Xinyan, but in exchange, you have to give me something!" Zhaoming turned to Lin Yi.

"What a joke, Wang Xinyan is your house Kang's fiancée, and you're asking me for conditions in exchange for her treatment? You're not sick, right?" Lin Yi looked at Zhaoming as if he was an idiot,"Or are you saying that you've made the decision, and Xinyan has nothing to do with house Kang anymore?"

"Well ..." Kang Zhaoming suddenly remembered. Yes, Lin Yi and Wang Xinyan's relationship was ambiguous, but at the end of the day, Wang Xinyan was his brother's fiancée. It wasn't right for him to ask Lin Yi for conditions!
