

Bodyguard 2751

Chapter 2751 Change Conditions

However, Zhaoming was good at being shameless. He was ready to be gay with the heavenly silkworm transformation or lick his shoes for him. That was the most shameless thing he could do, so he said, "Of course, my brother has to pay some conditions, but I'm asking you now. Don't talk about useless things. If you want to cure Wang Xinyan, you'll have to pay a price, and all of you will have to pay. I'm representing the heavenly elixir sect now, not house Kang!"

"So you're saying that if I don't do something, you won't treat me?" Lin Yi asked.

"That's right. If you don't pay, I'll turn around and leave. If she dies, then so be it. If she doesn't die, she'll still have to marry my brother. It doesn't have much to do with me." Zhaoming said.

"..." Lin Yi was a little speechless at Zhaoming's rascally reasoning, but he couldn't just go all out with him for Xinyan's sake. "If I agree to your conditions, you will definitely be able to cure it, right?"

"Of course. If you agree to my conditions, I'll definitely be able to cure you." Zhaoming said, patting his chest.

"Alright, what's your condition?" Lin Yi took a deep breath, deciding to endure for the sake of Xinyan's condition.

"If I can cure Wang Xinyan, you'll give me the real recipe for the bone cleansing pill, how about that?" Kang Zhaoming asked.

"The real recipe for the bone washing pill? Didn't I give you the real pill recipe before?" Lin Yi blinked-did Zhaoming or the heavenly elixir sect find something? It shouldn't be ...

"There's a problem with the pill recipe you gave me. I've taken the bone washing pill, so I can make it. This is not a problem, but those who have taken the pill I made can't make it again. Could it be that you didn't tamper with the pill recipe?" Zhaoming asked.

"Oh?" Lin Yi blinked-he didn't think his recipe would have this problem. Kang Zhaoming said that only those who consumed the bone cleansing pill could make the pill. This flaw was indeed set by Lin Yi, but the fact that the pill Kang Zhaoming made couldn't be made after it was consumed by someone else wasn't set by Lin Yi. Lin Yi never set this flaw! The flaw he set up was another one!

Boss Bai looked at Lin Yi in surprise-Lin Yi could change the recipe and even set up flaws?

However, Lin Yi didn't deny or admit it. He only said faintly, ""Oh, you're talking about this? there are two pill recipes, and they're slightly different. I gave you one of them, could there be a problem? I'm not too sure about that, but if you can cure Xinyan, I can give you another one. "

This recipe wasn't a big deal to Lin Yi, and since he'd already given one to Kang Zhaoming, he wasn't afraid of giving him a second one. As for the flaw that Kang Zhaoming mentioned, Lin Yi just had to find a way to fix it. As for the other flaws, if Kang Zhaoming didn't mention them, Lin Yi wouldn't help him fix them.

"Hmph, I think you did it on purpose, right? You don't know? You must know that the one you gave me is the original version, and the one you left behind is the improved version!" Kang Zhaoming heard Lin Yi's words and immediately concluded that Lin Yi set him up on purpose.

"Don't worry so much. If you want the pill recipe, go treat it. Otherwise, there won't be any more. " Lin Yi said.

"Can you show me the pill recipe first?" Kang Zhaoming probed.

"Are you retarded? If you don't want to treat me after I've finished looking at you and get lost, where am I supposed to find you?" Lin Yi looked at Kang Zhaoming in disdain, "Your character is not good. I don't believe you. If you want it, go get it treated. I'll give it to you after it's cured. I can ask teacher Bai to be my witness in front of your brother. I'll put the pill recipe in teacher Bai's hands. If you can cure it, I'll ask him to give it to you. You can ask your brother yourself if it's okay."

"This ..." Zhaoming turned to Zhaolong.

Zhaolong nodded after some hesitation. He had faith in boss Bai's character. "If Mr. Bai vouches for it, then I have no problem!"

"Okay, you can go see the doctor first," Lin Yi said impatiently. If it wasn't for Xinyan, he wouldn't even bother talking to Zhaoming. He planned to deal with him after he healed Xinyan.

Xinyan was Zhaolong's fiancée, and so Zhaoming had to follow the rules when treating her. He didn't dare to touch her, and he was here on a mission. He didn't want to mess things up.

Kang Zhaoming had learned simple medical knowledge before, but he didn't know the specific problems. He only pretended to note down a few of Wang Xinyan's conditions and said, "Alright, I want to think on my own for a while. Find me a quiet room."

"You've caused quite a lot of trouble. If you can't be cured, I'll kick you to death. " Lin Yi followed boss Bai's instructions and brought Kang Zhaoming to a private room.

Zhaoming wasn't thinking at all-his half-baked medical skills could only treat common diseases like cold or typhoid, and he couldn't even treat a weird disease like Xinyan 'S. He came to the room to call the heavenly elixir sect for help.

"Hello? Little peach, I'm your big brother Zhaoming!" Zhaoming called little peach, ""Taohong, I can't chat with you right now. Quickly help me find the young sect master. I've encountered some difficulties during my mission!"

"Ah ... Okay!" Hurriedly, little peach went to look for the heavenly silkworm transformation and passed the phone to it.

Zhaoming's respectful flattery made Tian can frown. Finally, he finished explaining the situation.

"Xiaoming, you're saying that Lin Yi and boss Bai can't do anything about Wang Xinyan's condition?" The heavenly silkworm transformation asked.

"Yeah, if they could cure it, it wouldn't be my turn." Zhaoming said.

"Okay, I got it. Wait for my news." The heavenly silkworm transformation sighed. It was a bad start-Lin Yi's conditions were hard to fulfill! He didn't know that this was Zhaoming's own idea-he'd really want to strangle Zhaoming to death if he did.

The heavenly silkworm transformation wasn't particularly skilled in medicine, so he went to visit xuanzhen after the call and told him about Zhaoming.

"If senior brother Xuan Tian can't do anything about it, I can't do anything about it either ..." Patriarch Xuan Zhen said with certainty."In terms of medical skills, senior brother Xuan Tian is much better than me. Moreover, he has been immersed in the study of medicine all these years. Therefore, we really can't do anything about this condition."

"Then ... I'll ask Kang Zhaoming to change his condition." The heavenly silkworm transformation was also having a headache!

Chapter 2752 Threat

Although alchemists were proficient in medicine, it did not mean that their medical skills had reached the peak because most of their energy was put into alchemy. Therefore, the best medical skill in the world was still the godly doctor Lin Dongfang who had become famous more than a decade ago.

Of course, what made Lin Dongfang's name resound throughout the ancient sect wasn't his title as a miracle doctor, but another terrifying legend ...

"That's the only way. " "I'll try my best," patriarch Xuan Zhen sighed."If it really doesn't work out, I'll call senior Xuan Tian again. I really can't let go of my pride."

"Alright, I'll tell him now." Heavenly silkworm transformation nodded his head.

Zhaoming was dumbfounded when he received the reply from the heavenly silkworm transformation! Not even patriarch Xuan Zhen could do anything about it? In Zhaoming's heart, the miracle doctor xuanzhen Grandmaster was helpless? He had already said his big words!

He'd thought that using Xinyan's condition as a hostage during this mission would be enough to get the recipe back from Lin Yi without much effort, but who would've thought ... Thinking back to what Lin Yi said before, saying that he'd kick him to death if he couldn't cure her, Zhaoming started to get scared.

But, no matter how scared he was, he could only brace himself and continue negotiating with Lin Yi. This was his mission, he couldn't just go back to the sky elixir sect, could he?

"You found a way? You're pretty fast, aren't you?" Lin Yi looked at Kang Zhaoming in a daze. With Lin Yi's strength as an Earth Class late phase, he could easily eavesdrop on Kang Zhaoming's phone! Lin Yi wasn't the type to pry into other people's privacy, but he didn't need to be polite with Kang Zhaoming.

Lin Yi didn't know what the person on the other end said, but he could tell from Zhaoming's expression that he hadn't thought of a way to cure Xinyan.

"Uh ... Lin Yi, it's like this, I've thought about it, treating Wang Xinyan is a long process, and it's a bit unfair to exchange the recipe with you. After all, Wang Xinyan is my sister-in-law, so I'll treat her slowly! You don't need to pay any price. " "So, I've decided to do free treatment," Zhaoming explained.

"Oh, then you don't want the pill recipe anymore?" Lin Yi teased.

"Uh ... I do, but I'll use other things to exchange for it." "What do you think?" Zhaoming said with a smile. I'm fine, right?"

"Good job, you idiot!" Lin Yi kicked Kang Zhaoming's body, causing him to fall over, "Are you kidding me? Do you think I don't know that you can't cure it? For Wang Xinyan, I've put up with you for half a day!"

Kang Zhaoming was sent flying by Lin Yi's kick, but he was a Sky Class master. Although he didn't have the strength to attack, he still had the ability to defend. So he only looked a little embarrassed, but didn't cause too much damage.

"You ... How can you kick people so casually? I didn't say I can't cure it. " Zhaoming was feeling a little guilty-he couldn't beat Lin Yi in a fight. He might be a Sky Class mid phase, but he didn't have any offensive skills, and it was impossible for him to get help from the sky elixir sect. The xuanzhen patriarch's attitude was clear-he wanted to trade the recipe with Lin Yi fairly, not steal it. Zhaoming could only grit his teeth and bear with it.

He and Lin Yi, who'd been putting up with him all this while, had switched places in an instant.

"You called little peach over there. Did you think I didn't hear you?" Lin Yi's lips twitched."I didn't expect this, Kang Zhaoming. Not long after you joined the sky elixir sect, you've already gotten close to the young master?"

"You ..." Kang Zhaoming just remembered that Lin Yi was a real Earth Class late phase master. It was easy for him to hear the sound from the room next door. He couldn't be compared to a Sky Class mid phase master like Kang Zhaoming, ""Alright, you've already kicked me, I can't cure you, okay?"

Zhaolong's face changed. He wanted to use Mingzhi's relationship with Xinyan to give Lin Yi a blow, and then build up his image as a powerful house Kang in front of Xinyan. He didn't expect Zhaoming to be this soft-ass, still trying to be nice after being kicked by Lin Yi! Zhaolong couldn't tell if Lin Yi or Zhaoming was from the ancient sect!

What he didn't know was that Zhaoming was in trouble. His mission here was to exchange the recipe with Lin Yi-if he offended Lin Yi and he didn't want to trade, his position in the sky elixir sect would drop even if the sky elixir sect sent their Masters to take it away.

Thus, in order to gain the trust of the heavenly silkworm transformation, he could only compromise.

Zhaoming's 180-degree change in attitude surprised Lin Yi-was the recipe that important to him? Or was it that important to the sky elixir sect?

He'd already given Kang Zhaoming a recipe, so it didn't matter if he gave him a similar one. He agreed to Kang Zhaoming's request easily, but now, Lin Yi was thinking that he could extort something good from him with this recipe!

"Oh, if you can't be cured, then you can get lost." Lin Yi didn't mention the recipe on purpose.

"Don't! If you can't cure him, how about we discuss other ways to exchange the pill recipe with you?" Kang Zhaoming's face changed.

"You can't cure it and you still want the pill formula? You think you can just Rob people just because you're a Sky Class?" Lin Yi glanced at Kang Zhaoming and asked indifferently, "Haven't you heard that I can kill Sky Class Masters in seconds? I could take out Sky Class early phase when I was at mid phase peak, and now that I'm at late phase, I should be able to take out Sky Class mid phase without a problem, and even more so when it comes to you. "

"Don't ... Lin Yi, boss Lin Yi, let's talk this out-I wouldn't dare to do this, I'm just negotiating with you, alright? "We're old friends, don't start a fight out of the blue-that's not good, it's not civilized ..."Zhaoming jumped."Plus, I'm the eighth elder of the sky elixir sect. If you kill me, there's no benefit ... The sky elixir sect will definitely come after you."

"Oh, isn't that simple? When they come, I'll give them the recipe, and they can refine the bone washing pill themselves. What do I need you for? If he's dead, then he's dead. " Lin Yi said faintly.

"Gah!" Kang Zhaoming's face instantly turned pale. After hearing Lin Yi's words, both of his legs were shaking. He was really afraid that Lin Yi would be killed by him! According to Lin Yi, the sky elixir sect would get the recipe as compensation, and they wouldn't pursue this matter anymore. Wouldn't he have died for nothing then?

At the thought, Zhaoming quickly said, "That's ... Impossible, I'm the eighth elder after all. If I die and sky elixir doesn't do anything, it'd be a huge blow to their reputation as an ancient sect ..."

Chapter 2753 Trial Map

However, no matter how one looked at it, these words seemed to be a little weak and made people feel that they lacked confidence.

Zhaolong felt so embarrassed that he'd rather not have Zhaoming come. This wasn't the sky elixir sect's eighth elder, he was worse than a follower in front of Lin Yi! Lin Yi was feeling pretty good when Kang

Zhaoming forced him to hand over the recipe, thinking that he had become the main character of a fantasy novel. In the blink of an eye, he was back to being a tragic side character.

He wanted to just turn around and leave. It was embarrassing, too embarrassing! He was just acting cool, but he was scared by Lin Yi!

"Hehe." "Then tell me, what can you give me in exchange?" Lin Yi smiled.

"Me? what do you want? As long as our sky elixir sect has it, we can trade it with you." Zhaoming said after some thought.

"Oh, then I'll name my price. One third-grade medicinal cauldron, one Qi-gathering pill, and one icy heart Jadestone pill." Lin Yi didn't go too far, but these three things were already too much!

One had to know that the sky elixir sect's winners would only get one third level elixir. Lin Yi asking for two at once was something the sky elixir sect would never agree to! After all, the person he was dealing with wasn't the brainless Kang Zhaoming, but the sky elixir sect!

Lin Yi could feel that the young master of the sky elixir sect was a wise man. He could make a request, but if it was too much, the young master would never agree! And the reason why they chose to exchange with him was probably because they didn't want to snatch it by force.

Lin Yi thought that the sky elixir sect couldn't be afraid of him, and they probably didn't want to go through too much trouble. Lin Yi stated his conditions to scare Zhaoming.

Kang Zhaoming was already scared by Lin Yi. Lin Yi's ultimate goal was to make Kang Zhaoming agree to some things that he could do. As for the other things, it was not up to him to decide.

As expected, Zhaoming's face changed slightly as he forced a smile. "This ... Isn't this a little too much?"

"Many? Then you should go and treat your illness. " Lin Yi said, pointing at Xinyan.

"Alright, I'll go and ask." Kang Zhaoming was helpless. He took the phone and went to the room next door to call the heavenly silkworm transformation.

Little peach was the one who picked up the phone, and the call was transferred to the heavenly silkworm transformation. After a while, Kang Zhaoming returned to boss Bai's office and spoke to Lin Yi carefully, a little scared, "Boss Lin Yi ... I've asked the young master, but he said that he can only agree to one condition, and that is to give you a third-grade pill. A third-grade cauldron is out of the question, as it's not that easy to make third-grade pills. Even with this one, we can only write you an IOU and you'll need to prepare your own materials. Be it the icy heart Jade bone pill or the Qi gathering pill, our elder can't make them for now. You'll have to wait half a year before you can start making them ..."

Xuanzhen and Zhaoming could also use treasures to recover their energy, but the cost was too high. They couldn't agree to Lin Yi's request for the heavenly silkworm transformation.

Lin Yi frowned. He knew that the heavenly silkworm transformation wasn't easy to talk to, but he didn't expect it to be this hard. This person wasn't hot-headed or reckless, and even if he wanted the recipe, he would control the cost.

"No stock? Then where did you get the Qi gathering pill you took?" Lin Yi asked with a frown.

"It's from the past-if I still had some, I wouldn't just be a Sky Class mid phase anymore. The sky elixir sect and ... Uh, and the young master both value this pill a lot-they seem to have some use for it, and so they've used everything they have to increase my success rate and the color of the pill-they'll do anything to increase my strength! If they still have more Qi gathering pills, they'll definitely let me take more to level up!" Zhaoming said honestly. He didn't dare play any tricks with Lin Yi, but he almost blurted out the xuanzhen ancestor!

Xuanzhen's identity was a top secret, and if Zhaoming told anyone about it, the consequences would be dire. The outside world didn't know about the connection between the sky elixir sect and xuanzhen.

"Oh?" Lin Yi nodded-it seemed like this bone cleansing pill was really important to the sky elixir sect, or they wouldn't have let Zhaoming consume so many experience pills."Then aren't you a third rank Alchemist now? You can't continue?"

"No, I just made the bone washing pill. I can't make it." "Plus, even if I can make it, the success rate isn't high for something like this that I've never made before. If you can accept failure and keep providing me with the ingredients, I'd be willing to give it a try."

"Then forget it." Lin Yi didn't believe in Zhaoming's abilities-the sky elixir sect wasn't that easy to fool."One pill is too little. I don't want to agree to a future trade."

"Alright, I'll go ask the young sect master again." Kang Zhaoming was only a Messenger. He didn't have his own opinion. He turned around and left the room to call the heavenly silkworm transformation.

After about five minutes, Kang Zhaoming returned to boss Bai's office and said to Lin Yi with a bitter face, "The young society head said that the most he can make is one pill, the Chi-amassing pill. Half a year later, if you provide the ingredients, the pill will be a guaranteed success. As for the icy heart Jadestone pill, if you provide the ingredients, the pill won't be a guaranteed success!"

"You still can't guarantee success?" Lin Yi frowned.

"That's right. The young master said that this is the greatest sincerity the sky elixir sect can show. They have done the same thing all these years. If you don't agree, then forget it. The sky elixir sect will research the recipe themselves. They only want the recipe this time to make more money. I can also make the bone cleansing pill that they need, so they don't really need it. " Zhaoming relayed the message to Lin Yi. "But, since you're suspicious, to show our sincerity, we're going to give you a map."

"What map?" Lin Yi asked.

"A map of the sky elixir sect's training grounds. If you or your friends participate in the sky elixir sect's training, you can use this map to easily avoid danger, or use it to meet up with your teammates!" "As you know, the sky elixir sect's test uses a teleportation formation to send the participants to the training ground, but the landing spot is random. If you have a map, you can meet up with your teammates at the designated spot and show off your skills in the test! If you pass the sky elixir sect's test, then you can still get a third rank elixir. Isn't that the same effect as before? Can you consider it?"

Chapter 2754 Three-Point Agreement

"Hehe, so you're saying that the sky elixir sect's test can be cheated? Since I can cheat, does that mean that others can also cheat?" Lin Yi asked with a smile, his tone full of ridicule.

"Uh ... I'm just a Messenger. Boss Lin Yi, don't make things difficult for me. I've said what I need to say, so it's up to you to decide if you agree or not." Kang Zhaoming helplessly spread his hands, "Although I

really want to complete this transaction mission, the young sect master is not willing to let go. I have no other choice."

Zhaoming wasn't wrong-he'd been trying to get some more free items from the skyscraper transformation, but Lin Yi must've heard that the guy didn't agree.

"How about this, I'll agree to the sky elixir sect's terms, but you have to promise me one more thing!" Lin Yi could tell that Zhaoming was trying his best to make the deal happen, but it wasn't surprising-he'd just joined the sky elixir sect, and it was only natural for him to want to make a contribution.

However, the sky elixir sect's test map was a good thing-Lin Yi didn't think that the sky silkworm sect would trade something like this for it, but it was good as well-it reduced the danger he faced in the test, and he could go with qikun more freely without having to worry about anything happening to him.

"What condition?" Kang Zhaoming quickly asked.

"Tell your brother to break off the engagement with Wang Xinyan." Lin Yi stated the conditions he'd thought of before! To put it bluntly, the other things were just Lin Yi's disguise-they were his unexpected wealth.

"No! This is the sky elixir sect's business, don't drag us into this!" Zhaoming didn't say anything, but Zhaolong was already panicking. He jumped out and said with all his might, "It's impossible to break off the engagement. I will never agree!"

"This ..." Zhaoming wanted to talk his brother out of it-women were nothing. Once he'd settled down in the heavenly elixir sect and house Kang was strong enough, what kind of women wouldn't he have? But

he didn't expect Zhaolong to react so strongly. He had no choice but to say, "Yeah, boss Lin Yi, I'm representing the sky elixir sect in this exchange. It doesn't make sense for me to sacrifice myself, and you've seen my brother's attitude. I can't do anything about it ..."

Lin Yi was surprised at Zhaolong's attitude as well. He'd planned to force Zhaoming to persuade him to break off the engagement, but Zhaolong just jumped out and messed it up! However, Lin Yi had underestimated Zhaolong's mood.

It was true that Zhaolong didn't really care about Xinyan before, but ever since he was in the same class as Xinyan and Lin Yi, his mentality had become twisted and disgruntled. Lin Yi and Xinyan had been provoking him all day, driving him into a dead end. He'd break down if he couldn't get Xinyan.

This was an almost perverted obsession that ordinary people couldn't understand. Only the person involved could understand this complicated feeling.

"How about this, before you graduate, tell your brother to stop harassing Xinyan!" Lin Yi muttered to himself. He could only settle for the second best.

"This ..." Zhaoming looked at Zhaolong, but he saw that Zhaolong still didn't want to agree. Helpless, Zhaoming pulled Zhaolong out of the door and into another room.

"Zhaoming, Lin Yi's too much! We can't agree to that! If we agree, where would house Kang's face be?" "Aren't you the eighth elder of the sky elixir sect?" Zhaolong said angrily. Why are you such a coward?"

"Brother, this isn't a matter of being a coward. The problem is that I haven't even established myself in the sky elixir sect! I'm relying on this mission to gain the young sect master's appreciation. If I don't

complete this mission, your brother might be marginalized!" "I'll be pushed to the side, and Lin Yi will be able to do whatever he wants to house Kang. You'll have to break off the engagement, let alone not harass Xinyan during your university days!" Zhaoming said helplessly.

Zhaolong wasn't stupid, and he calmed down after Zhaoming explained the situation. He was a two-faced person, and sometimes he would just let his anger get to his head. He was like that just now, thinking about how Lin Yi and Xinyan were going to be together for good. Now, he understood Zhaoming's situation, and he nodded unwillingly, "Alright then, but I have to make a pact with Lin Yi!"

"Alright, as long as you agree!" Zhaoming let out a breath of relief. "Don't worry, brother. Once this mission is completed, my position will be stable and I'll be able to ride on the young society head's coattail. I'll be awesome then. You can do whatever you want. If you're strong enough, you can change the agreement as you wish!"

"That's true!" Zhaolong felt a lot better after hearing what Zhaoming said. He finally nodded and agreed.

"That's right. We're temporarily enduring so that we can trample on people more easily in the future. Don't you understand this principle?" Zhaoming said, satisfied.

"I understand, I just don't want to give up ..." Zhaolong said helplessly.

"Alright, let's go out." Zhaoming didn't hide anything when he spoke to Zhaolong, so it didn't matter if Lin Yi heard him. He didn't think that Lin Yi wouldn't be able to guess his revenge even if he didn't say anything!

The hatred between the two was already formed, and it'd be crazy if Kang Zhaoming didn't take revenge on Lin Yi when he had the strength one day.

They arrived at boss Bai's office and Zhaoming said, "Alright, Lin Yi, I've talked to my brother. I'll agree to your request, but at the same time, my brother needs to make some rules with you!"

"What three-point covenant?" Lin Yi asked.

"It's simple, I won't harass Wang Xinyan, but Wang Xinyan can't have sex with you either! That's my bottom line, I don't want my wife to make me a cuckold!" "If you can do it, then I'll agree," Zhaolong said.

"Oh, sure." Lin Yi nodded-he'd achieved his goal. He'd gotten what he wanted with his threats.

When Kang Zhaoming called Lin Yi to ask about the recipe, Lin Yi carefully recalled it and realized that he created the flaw that Kang Zhaoming was talking about when he set up the other flaw. To put it simply, it was a BUG, and Lin Yi didn't do it on purpose.

And so, Lin Yi easily fixed the BUG and wrote down a new recipe for Kang Zhaoming, but he didn't give it to him directly.

Chapter 2755 Are You Playing With Me?

However, while fixing this BUG, a new problem emerged. The recipe for the bone washing pill had become a grade four pill recipe. In order to fix this BUG, one of the refining processes had to use the temperature and intensity of a grade four pill fire.

The real bone and marrow cleansing pill was a Tier 4 pill. Lin Yi's original recipe was based on the longevity and toxin cleansing pill, a Tier 3 new bone and marrow cleansing pill, but it was now a Tier 4 pill after Lin Yi's modification.

As for whether or not Zhaoming could make it after getting the recipe, that wasn't Lin Yi's concern.

Such an easy thing was exchanged for the option of a third ranked pill, a map of the sky elixir sect's test, and Zhaolong's promise not to harass Xinyan during school-it was worth it!

It was just that the sky elixir sect's sky silkworm transformation didn't seem to be easy to talk to, and Lin Yi didn't manage to get too many things out of them. It seemed that the sky elixir sect was different from house you, and they weren't that easy to trick.

"Then why don't you take out the pill recipe?" Zhaoming said quickly.

"You didn't give me the map to the sky elixir sect, nor did you promise to make me any pills. How do you expect me to give you the recipe?" Lin Yi asked.

"The map of the test, I can have the heavenly elixir sect send an email to your phone, you can just check it." "As for our promise, the sky elixir sect's promise is valid. Everyone in the ancient times knows about this, so we have our word," Zhaoming said.

"Alright, then give me the map first." "I don't really believe in promises," Lin Yi said, "you should get them to show me a proof of their refinement-I'll have some proof in the future."

"That's fine too, I'll get the sky elixir sect to produce a pill concoction certificate. " Kang Zhaoming nodded without hesitation, "is it okay now?"

"Not now. I'll give the recipe to Mr. Bai first. With Mr. Bai as a guarantor, he'll give you the recipe when I receive the map and proof." Lin Yi said as he handed the recipe he'd just written to boss Bai.

"Oh ... Then How do I know if it's real or fake?" Zhaoming asked after some hesitation.

"Why don't you just ask teacher Bai?" Lin Yi said.

"That's good. " Zhaoming turned to boss Bai. "Teacher Bai, what do you think?"

Boss Bai took a look at the recipe and was a little surprised. He didn't think that Lin Yi would write out a tier four recipe, but it did match the level of the legendary bone cleansing pill.

Looking at the medicinal theory and properties inside, there was no problem. The pill formula should be the one for the marrow and bone cleansing pill, so boss Bai nodded and said, ""The pill formula is indeed for the marrow and bone cleansing pill. There's no problem."

"That's good. " Zhaoming didn't know how strong boss Bai was, but he'd heard the xuanzhen patriarch and the heavenly silkworm sect's respect for him. He didn't think too much about it-after all, the heavenly silkworm sect had approved of this exchange method before. "I'll contact the sky elixir sect now. "

Very quickly, the heavenly silkworm sect sent out a map of the sky elixir sect's test site and a receipt from the sky elixir sect to the email that Zhaoming had provided. The receipt stated that they could make the Qi gathering pill or the icy heart Jadestone pill in half a year's time. The Qi gathering pill was guaranteed to succeed, but the icy heart Jadestone pill wasn't.

"You can finally give me the pill recipe this time, right?" After Kang Zhaoming was done, he turned to Lin Yi and asked, "It's best not to tell anyone about this map. Otherwise, if everyone passes the trial, you won't be able to choose any good pills. You know what I mean. "

"Oh, alright. I'll get Mr. Bai to be the supervisor for your brother's promise. If he breaks the promise, Mr. Bai has the right to expel him from the campus." "Is that a problem?" Lin Yi asked.

"No... No..." Zhaolong said through gritted teeth.

"Alright then, teacher Bai, you can give them the pill recipe." Lin Yi said.

"Alright," he said. Ms. Bai handed the recipe to Zhaoming.

Kang Zhaoming took the recipe and quickly looked at it carefully. But when he finished, his face changed, "This is a Tier 4 pill recipe?"

"Yes, that's right." "It's a Tier 4 recipe!" Lin Yi nodded.

"Then why was the bone cleansing pill recipe you gave me a Grade 3 one?" "Are you trying to trick me?" Zhaoming asked.

"That's right. The previous one was a third-grade pill, so it might have some defects. The other one is this one. Do you think I can change the pill formula at will?" Lin Yi frowned, "do you want it?" Don't give it back to me!"

"I want, I want!" Kang Zhaoming thought about it and agreed. Lin Yi wasn't even an elixir master, how could he change the recipe so easily? Even the sky elixir sect's Grandmaster, Tian diren, and xuanzhen Grandmaster couldn't do it, let alone him. If Lin Yi could do it, it would be a miracle.

Sometimes, no one would believe the truth, and that was the case with Kang Zhaoming. He nodded, "Alright, I'll report to the young sect master."

Kang Zhaoming didn't dare to delay. He quickly went to the room next door and called the heavenly silkworm transformation. Through little peach, he found the location.

"Young sect master, I'm little Ming!" Zhaoming said after a deep breath.

"Oh, it's little Ming. How are you? Did you get the pill formula?" The heavenly silkworm transformation asked.

"I did, but the whole process was so troublesome. Lin Yi just wouldn't let go, so I had no choice but to agree to another condition ..." Zhaoming said with a sad face.

"What? You agreed to his conditions without permission?" The heavenly silkworm transformation's tone immediately turned cold.

"No, young sect master!" "I agreed to sacrifice my own interests, it has nothing to do with the sky elixir sect!" Zhaoming explained. It's like this, Lin Yi likes my big brother's fiancée, who is my big brother's sister-in-law, so he forced my big brother into an unfair contract ..."

Zhaoming exaggerated the whole thing Lin Yi told him about Xinyan to show off. He'd even sacrificed his own benefit for the sect.

"It's like this ..." After the heavenly silkworm transformation heard this, he nodded, ""Little Ming, you've been working for the sect with all your heart. The sky elixir sect won't mistreat you. Don't worry about that!"

"Haha, it's fine. We'll put the interests of the sect first!" "I have the recipe now, but young sect master, there's another problem," Zhaoming said with a strong sense of righteousness.

"Oh? What's the problem?" The heavenly silkworm transformation asked.

Chapter 2756 Furious Heavenly Silkworm Transformation

"This recipe is a Tier 4 recipe, not the previous Tier 3 recipe. One of the pill refining steps must be completed with the refining method of a Tier 4 pill. After comparing it with the previous recipe, I found that there was an additional step!" Zhaoming analyzed.

"Oh?" The heavenly silkworm transformation fell into deep thought after hearing Zhaoming's words. "So that means that the recipe Lin Yi gave us earlier was probably Zhang Liju's simplified version, and the other one is the real one!"

"Why?" Zhaoming blinked-he'd thought that Lin Yi's first recipe was flawed, but it turned out that it was Zhang Liju's simplified version?

"It's just a guess, the legendary bone cleansing pill is a level four pill, and the one you brought back was a level three pill, but it could be made, so I didn't have any suspicions. Now that I think about it, if Zhang Liju could simplify the recipe for the Qi gathering pill, then why couldn't he do the same for the bone cleansing pill?" The heavenly silkworm transformation said.

"That makes sense. But young sect master, why are there flaws after his improvements?" Kang Zhaoming didn't understand.

"It's only natural that there would be flaws if the difficulty of the pill refinement is lowered." "Isn't it the same for the Qi gathering pill? The real Qi gathering pill should be Mystic first level pill. I heard that there are no side effects after taking it, and you can still absorb the spiritual Qi of the world for cultivation. But the improved Qi gathering pill, although it's a third level pill, the person who takes it can no longer absorb the spiritual Qi of the world, and can only continue to use it to level up. "

"So that's how it is, young sect master is wise to see through it right away. I thought Lin Yi was trying to trick me!" Kang Zhaoming suddenly understood.

"Scam you ... If he can casually modify pill recipes to scam people, then we'd rather be scammed. It's not a loss to lose to such people, but I don't think it's possible, right?" The heavenly silkworm sect didn't believe that Lin Yi had the ability to do that-after Liju, they'd never heard of anyone who could change a recipe as they pleased.

It was actually reasonable for the heavenly silkworm transformation to think this way. Although alchemists were proficient in medicinal theory, they were not as powerful as those top miracle doctors. Moreover, the top miracle doctors did not know how to refine pills, so they naturally could not change the pill formula.

He was a miracle doctor and a pill master at the same time, in the last thousand years, there was only one Zhang Liju! After all, a person's energy was limited. Who could study alchemy and medicine at the same time? This was also the reason why alchemists generally didn't have any offensive strength. They were all focused on alchemy, so they didn't have the time and energy to practice martial skills. Most importantly, alchemy consumed most of their physical strength and true Qi, so how could they have the energy to cultivate other things?

Lin Yi, on the other hand, was a special existence-old Lin had been feeding his medical skills to him in a perverted and merciless way, and he'd also received Zhang Liju's teachings in the tomb. Even if he couldn't catch up to the old Zhang Liju, he was at least on par in theory. It was just that Lin Yi still lacked experience and knowledge.

"You're right, young sect master. Can I go back now?" Kang Zhaoming didn't want to stay here any longer. He came here to show off in front of Lin Yi, but he was scared to death by Lin Yi. He even promised Lin Yi something that wasn't very honorable for house Kang. Naturally, Kang Zhaoming wanted to go back as soon as possible.

"En, send the recipe back to my e-mail. You can visit your relatives in Donghai, but come back when you're done." The heavenly silkworm transformation said.

"Alright, thank you, young sect master." Kang Zhaoming quickly replied.

After hanging up the phone, the heavenly silkworm transformation was slightly disappointed. It was actually a level four pill recipe. In this case, this pill recipe was somewhat useless! In the sky elixir sect, no one could make fourth-grade elixir, not even patriarch xuanzhen.

On the phone, the young master of the heavenly silkworm sect naturally wouldn't vent his anger in front of Kang Zhaoming. He was just a little annoyed that this Lin Yi, who he'd never met, tricked him!

Lin Yi should know that this was a Tier 4 recipe, and yet he still dared to demand a Tier 3 recipe from him. Did he think he was an idiot?

However, Lin Yi wasn't an Alchemist, so how would he know about third and fourth class pills? However, even if he did not know, how could han Jingjing, or boss Bai, not know? The heavenly silkworm transformation decided that Lin Yi was too evil-he remembered the name and was prepared to teach him a lesson when he had the chance.

After receiving the pill formula, patriarch Xuan Zhen appeared to be very calm. After reading it, he sighed and guessed,""The extra step in this recipe must be the flaw from the previous recipe. Back then, ancestor Zhang Liju tried to simplify the recipe so that more people could make it, but he also had this flaw."

"Master, then now ... We ..." The heavenly silkworm transformation carefully asked.

No one knew that patriarch xuanzhen had a disciple, and this disciple was in the heavenly silkworm transformation! Not many people in the sky elixir sect knew about this, and in the five elements sect, patriarch Xuan Zhen was the only one who knew!

No wonder patriarch xuanzhen and the sky elixir sect were so close. It was because of this relationship.

In the heavenly silkworm transformation, only when there were no outsiders would he call patriarch Xuan Zhen his master. At other times, he would respectfully call him "patriarch" or "patriarch Xuan Zhen."

"There's nothing I can do. Even if I can make this pill, I don't have the original one to eat. Zhaoming has to make it first, and I'll eat it before making more ..." Xuanzhen smiled. "Forget it. It was an unexpected surprise anyway. There's no need to force it. You can leave first. I'll think about it alone ..."

"Yes, master!" The sky elixir sect cupped their fists and left patriarch Xuan Zhen's room.

Zhaoming left with Zhaolong, too embarrassed to stay in boss Bai's office any longer. The good thing was that Zhaoming had completed the heavenly elixir sect's mission, and had managed to gain a foothold here. Coming back to house Kang was considered a glorious return.

Xinyan sat on the sofa the whole time, not saying a word, but her heart was filled with complicated feelings. She didn't think that Lin Yi would bring up these conditions with Kang Zhaoming. It seemed that she was very important in Lin Yi's heart!

Otherwise, Lin Yi wouldn't have agreed to give him the recipe just to treat her. He didn't even raise any conditions with Kang Zhaoming, and that naturally showed how important she was to Lin Yi.

Chapter 2757 The Arrival Of Xinyan's Parents

After that, Lin Yi started to talk about breaking off the engagement, and although Zhaolong didn't agree, he was forced to make a promise that he wouldn't harass her when they were in school. This made Xinyan relax! Wasn't this the result he wanted?

She believed that Lin Yi would become even stronger after the school break. The Lin Yi now dared to challenge Kang Zhaoming, and the heavenly elixir sect didn't do anything extreme. She was confident in their future.

"Yi, this recipe ..." Boss Bai looked at Lin Yi.

Only Lin Yi, Xinyan, and boss Bai were left in the office now, and Lin Yi didn't hide anything since they were all his people. "I modified that pill recipe to be of the fourth rank. In fact, the original recipe was also of the fourth rank. I mixed it with the recipe of the longevity pill and made it into a third rank pill recipe. However, I didn't expect there to be such a BUG, so I improved it a little. However, it still can't avoid the refining method of the fourth rank pill."

"You ... Can change the pill formula?" Boss Bai's eyes were wide open as he looked at Lin Yi in disbelief, as if he was looking at a monster! He'd believe Lin Yi if he said he could change the recipe, but the recipe was a lot more complicated than the recipe-there were a lot more complicated changes to the medicine and properties, and even boss Bai himself couldn't change the recipe as he pleased.

"Yeah, isn't it not much different from changing the formula? It's not difficult at all!" "I think so too," Lin Yi nodded.

"..." Boss Bai sucked in a breath of cold air and shook his head with a bitter smile. "Alright, I'll tell you the truth. I can't!"

"Ugh ..." Lin Yi blinked, "It's okay, it's very simple. We'll just do some research ..."

Xinyan fell asleep again as Lin Yi was talking to boss Bai. She was focused on what Lin Yi was talking about with Zhaoming and Zhaolong before, but she fell asleep after everything was confirmed.

And so, Lin Yi quickly went to boss Bai's office and started boiling Xinyan's medicine with the herbs Kang Zhaoming brought ...

Xinyan woke up at night, and Lin Yi gave her some medicine. They'd check it out tomorrow.

However, to Lin Yi's disappointment, boss Bai's medicine seemed to have some effect, but it was only a little stronger than Lin Yi's medicine. Wang Xinyan was still sleeping, and it didn't make her weak body any better.

Lin Yi was helpless in this situation. He had no choice but to call old Lin!

He'd planned on solving it himself-after all, he could do whatever old Lin could-he'd already received the old man's medical skills, and the old man would only be able to make the same potions as Lin Yi, unless the level of the ingredients used was higher, like boss Bai's, but those ingredients were usually very precious and hard to get. Even if he could make them, they wouldn't be of any use.

There really wasn't much he could do now, and he'd have to see if old Lin could come up with something.

However, when Lin Yi called, he heard a voice saying, "the number you have dialed is not in service or the phone is switched off, please try again later."

Lin Yi blinked. In theory, old Lin's phone would never be turned off-it was always on 24/7, and he'd charge it when it ran out of battery! And so, Lin Yi was a little worried. What was up with old Lin?

Left with no choice, Lin Yi dialed the number of widow Wang's grocery store.

"Aunty Wang, it's Yi!" Lin Yi said.

"Yi? It's been a long time since I last called. What's up?" Aunt Wang asked with a smile.

"Aunty Wang, I can't find my Grandpa. Can you get er goudan to come to my house and see if he's there? If he's here, tell him to call me back. " Lin Yi said.

"Oh, you're looking for your Grandpa? doctor Lin went to see him early this morning. She said she's going to walk up the mountain, so she brought er goudan to clear the way for them to avoid wild animals. They're not back yet. They went a little further this time. They said they're going to the neighboring village behind the mountain. There's no phone signal there, so they'll probably only be back tomorrow," Widow Wang said.

"I see ..." Lin Yi nodded, relieved. The old man told the villagers that he was going to the neighboring village for a house call, but Lin Yi knew that he was going to the West Star Valley to drink the spring water, the same kind that er goudan always drank.

Old Lin would go drink some spring water every once in a while, but only Lin Yi and goudan knew about it. This time, he brought goudan with him, so he must be going to drink some spring water as well.

But since he couldn't ask old Lin, he decided to wait until Xinyan woke up and talk to her about it. Should he tell her parents about the situation? First, she wanted to give her parents some time to prepare themselves, and second, she wanted to ask Xinyan what medicine she'd taken back then, and if the recipe was still there, and if she could find the master who'd been wandering around again.

After Xinyan woke up, Lin Yi told her about his plan, and she had no choice but to tell her parents the truth. She was afraid that they'd worry, but if she didn't tell them, what if ... They weren't prepared for it?

And so, one night after school, Xinyan called her parents to the xueshang District villa. It was because of her health, but it was still a little awkward for her parents to come to Lin Yi's house. It was like meeting her parents on a blind date.

Xuben and qinlin were confused as well-why would Xinyan call them to Lin Yi's Villa all of a sudden? naturally, they'd misunderstand the situation.

The two arrived at the villa around seven in the evening, and Lin Yi, Mengyao, and Yushu, as the owners of the villa, naturally accompanied Xinyan to welcome them. Lin Yi smiled and greeted Wang xuben and qinlin, "Uncle Wang, aunty Xiao, welcome, please come in!"

"Okay ..." Yuben and qinlin nodded politely. They'd agreed to respect their daughter's opinion, but their daughter was still Zhaolong's fiancée. They couldn't treat Lin Yi like a son-in-law.

The two entered the villa and sat down in the living room. Chu Mengyao and Chen Yushu went to pour tea and sat down. They were no strangers to Wang xuben and Xiao qinlin. They had already met when Wang Xinyan was kidnapped.

Xinyan looked at Lin Yi, signaling for him to keep his mouth shut before turning to her parents. "Dad, mom, I think there's something wrong with my body ..."

Chapter 2758 The Jade Pendant Was Switched?

"Ah?" Wang xuben and qinlin were both stunned! They came here thinking that Xinyan was going to tell them everything about Lin Yi, but she was actually talking about her body! What was going on?

"I've been feeling tired recently, and I like to get sleepy. I can't seem to wake up, even in school during the day ..." Xinyan didn't say that it was because of Lin Yi, but said, ""And when I lived here before, it wasn't like what you guys thought, I lived with Lin Yi. He was treating my illness and adjusting my body."

"What? Sleeping?" Wang xuben and qinlin looked at each other, shock and worry flashing in their eyes.

"Dad, mom, Lin Yi checked my body and came to a conclusion. There's nothing wrong with my body, just that I'm especially weak, and I'm getting weaker and weaker ..." Wang Xinyan sighed, ""I didn't want to tell you guys at first because I didn't want you guys to worry. If Lin Yi can cure her, then it'll be fine. We'll just pretend that nothing happened."

"His body is starting to weaken?" Wang xuben and qinlin frowned in worry. They looked at each other again, and their faces turned pale ...

"Mom, dad, what's wrong?" Wang Xinyan saw her parents "faces change and jumped in shock, "It's not that there's no way, Lin Yi's helping me think of a way ..."

"Xinyan ..." Wang xuben was silent for a while, then said, ""You were born with this problem. When you were young, your body wasn't in good condition. The symptoms you showed were that you were weak. We took you to many hospitals, but there was nothing we could do. An old Chinese medicine doctor also helped you and said that you wouldn't live for long with your body condition ..."

"Yeah ... I guessed it ..." Wang Xinyan nodded nonchalantly, ""However, wasn't there an expert who cured me? He was able to cure her back then, so he should have a way now, right?"

"That's right, uncle Wang. Xinyan was just giving you guys a heads up and telling you about her condition. The real reason why Xinyan and I called you guys here was to ask you if you could still contact that wandering master you met before. " Lin Yi asked.

"How is it possible to contact them?" Wang xuben couldn't help but smile bitterly, ""At first, we wanted to ask for the contact information of that master, but a Sage-like friend next to him said something strange."

"Ridiculous words?" "What did he say?" Lin Yi and Xinyan asked at the same time.

"He said that today was a good day for us. Eighteen years later, everything has a cause and effect, and we will meet again if fate allows." Wang Zheng had originally remembered the words of that expert and his friend very clearly: "Then they left. I couldn't force them to stay ..."

"Eighteen years later? Everything has a cause and effect?" Lin Yi blinked, his face changing, "How old was Xinyan then?"

"I was two years old then ..." Wang xuben suddenly thought of something and his face turned pale. "Could it be that the master meant that after 18 years, Xinyan would ... This year, isn't Xinyan just twenty years old? Isn't it 18 years later?"

Qinlin's face paled at xuben's analysis, and her body trembled unnaturally. Could it be that the master from back then was saying that Xinyan would still leave after eighteen years?

Lin Yi thought of the same possibility, but he could only try to persuade her, ""Uncle Wang, aunty Xiao, don't worry. I think that master's intention is not like this. He might mean that you will meet him again in 18 years, or that you can find another solution?"

After calming down, Lin Yi was confused as well. The master might have meant that there would be problems with Xinyan's body eighteen years later, but looking at it from a different perspective, if Lin Yi didn't meet Xinyan and didn't use her scent to cultivate, wouldn't she be living well? There won't be any problems?

In other words, the master might have just said it casually, but if he could predict that he would appear eighteen years later and take away Wang Xinyan's scent, then his ability to predict the future was a bit too terrifying, right?

"Any other way?" Wang xuben sighed, "what other way is there?" It's not like you didn't think of a way back then ... And if even you couldn't do it, what else could you do? Your aunt Xiao and I have both heard of your medical skills. You're one of the best in the world ..."

"For example, did that expert say what the prescription was and what the name of the spirit herb was?" Lin Yi asked.

"No, the medicine was brewed by the master, and the spirit medicine was given by the master's friend. We don't know what it's called ..." Wang xuben shook his head and smiled bitterly. "If I knew the name of this spiritual medicine and the contents of the prescription, I wouldn't be sighing so much. Even if I have to sell everything I have, I have to gather the medicinal herbs for the prescription and buy that spiritual medicine!"

"That ... That expert didn't leave anything else behind?" Lin Yi asked, unwilling to give up.

"Stay ... Oh right!" Xuben suddenly stood up and turned to Xinyan, "Xinyan, where's that jade pendant you're wearing? He didn't take it off, did he? You've been wearing it, right?"

"No..." Xinyan looked at xuben, confused. She pulled out the jade pendant from her collar. "I've been wearing this Jade since I was young. I've gotten used to it all these years. It never leaves my body even when I'm taking a bath or sleeping ... Eh?"

Wang Xinyan suddenly exclaimed! When Wang xuben and qinlin saw the Jade, they also cried out in shock and worry.

"What's wrong?" Lin Yi didn't know what was going on, and looked at the shocked family strangely.

"Xinyan, why did your jade pendant change its appearance?" Wang yuben said in shock.

"I think so too, but the color seems to have faded a lot." Xinyan didn't have as big of a reaction as xuben did-she saw the Jade all the time, after all, so she didn't really notice the changes. It was only after seeing it under the light that she realized the color had faded.

"That's right, Xinyan, your Jade was emerald green before, how did it turn into this dull light green?"
"Could the Jade have been replaced?" qinlin asked, surprised.

Chapter 2759 He's Your Grandfather?

"This Jade ..." Wang Xinyan saw that her parents seemed to value the Jade a lot, and she couldn't help but be confused."Is this Jade related to my health?"

When she was young, her parents only told her that the Jade was a memento, and that she had to wear it all the time. She didn't know what it was for.

"This jade pendant was left behind by that expert. He said that you will be safe with this jade pendant." Wang xuben said,"that's why I always let you wear it. At that time, you were still young. I didn't explain it. Later, I forgot about it. I only told you about the spirit herb ..."

"I've always had this Jade on me, it couldn't have been switched ..." Xinyan shook her head. The only time the Jade had a problem was when she was targeted by a robber on a school trip, but Zhaolong's appearance distracted the robbers and they couldn't take it away. She had been wearing it ever since, never taking it off.

Xuben picked up Xinyan's Jade and looked at it carefully, but after a while, he shook his head. "The jade pendant is still the same jade pendant from before, but the color has changed! Could it be that this jade pendant is also a sign of something?"

"Ah? "Doesn't that mean that our Xinyan ..."Xiao qinlin's face paled.

"Uncle Wang, aunty Xiao, don't think too much about it. The change in color of the Jade doesn't necessarily mean anything. It could be for some other reason!" Lin Yi didn't think that Xinyan's Jade was a sign of anything, but he thought of a possibility that seemed impossible but was very possible ... It was a possibility that he could only talk to Xinyan about in private!

"Other reasons ..." Wang xuben shook his head helplessly, ""Yi, you don't have to persuade us. Actually, your aunt Xiao and I were prepared to lose Xinyan eighteen years ago ... It's just that this day seemed to have come a little too late. It makes people feel that happiness is too short ..."

Qinlin, on the other hand, was silent, but her eyes were filled with sorrow ... She never would've thought that Xinyan's sickness would come back.

"Uncle Wang, don't say such disheartening things. I'll try my best to think of a way to cure Xinyan's problem!" "Don't worry, I'll give you a healthy Xinyan!" Lin Yi said.

Lin Yi was filled with guilt over what happened to Xinyan-he wouldn't have let anything happen to her if he didn't want to get stronger as quickly as possible. One could say that Wang Xinyan was killed by his own absorption of the aroma, and no matter how difficult it was, Lin Yi had to find a way to solve Wang Xinyan's problem.

Xiaoxiao's situation was already pushing Lin Yi to his limits, but Xinyan's situation was pushing him even harder than Xiaoxiao's! Xinyan's problem was all his fault.

"Let's hope so ..." Wang xuben seemed to have aged a lot in that instant. His smile was filled with bitterness. "Yi, I'll have to trouble you then! Your aunt and I will pack up and sell the company. I'm going to take her back to the place where we met the master and see if we can meet him again. Didn't he say that we'll meet again in 18 years?"

Qinlin nodded as well, her eyes full of reluctance to part with Xinyan. "Xinyan, just be with Lin Yi from now on, do whatever you want, as long as you're happy, don't worry about anything ..."

"Mom ... What are you saying ..." Xinyan blushed at qinlin's words. "It's not like I'm really going to die. Lin Yi will definitely have a way, right, Lin Yi?"

Xinyan blinked at Lin Yi.

"That's right, uncle Wang, aunty Xiao. Don't worry, I'll do my best. How about I go with you to the place where you met the master?" Wang Yao said. "We'll bring Xinyan too-if we run into a master, we'll be able to take care of her immediately," Lin Yi said.

"That's fine, but that place is far from here. I'm afraid it will affect your study ..." Wang xuben said.

"Where is it? It's more convenient now that we have a car. If it's too far, why don't we take a plane?" Lin Yi asked.

"It's a small village not far from miaojiang. I remember it was called West Star Mountain village ..." Wang xuben said.

"Ga ..." Lin Yi heard the name of the village and felt as if he was struck by lightning. His eyes were wide open and his heart was filled with all sorts of emotions. There was shock and disbelief, but more than that, he was happy and excited!

West Star Mountain village ... Wasn't that his hometown? And the Masters there ... After all these years, other than old Lin, there didn't seem to be any other Masters.

Mengyao and Yushu, on the other hand, had their eyes wide open as they looked at Lin Yi in disbelief ...

Only Wang Xinyan's family was confused as they looked at Lin Yi, Chu Mengyao, and Chen Yushu ...

"What's ... Wrong with you guys?" Wang Xinyan asked curiously.

"Sister Xinyan, you're saved!" "The master uncle Wang and aunty Xiao met is probably shield bro's Grandpa!" Yushu said excitedly.

"Ah? Lin Yi's Grandpa?" Wang Xinyan heard Chen Yushu's words and was also shocked. She turned to look at Lin Yi, stunned.

Wang yuben and qinlin were even more dumbfounded, not knowing what to say as they looked at Lin Yi with strange expressions.

"Phew ..." Lin Yi let out a long breath, feeling as if he'd been searching for something he couldn't find, but it came back to him without any effort. So that master was old Lin? But if old Lin could cure Xinyan, why couldn't he?

Logically speaking, Lin Yi should've inherited all of old Lin's medical skills!

"Lin Yi, is what Shu said true?" Qinlin looked at Lin Yi excitedly.

"I think so, but I need to confirm it first ..." Lin Yi took out his phone and quickly logged into his internet photo album. He downloaded a few photos and handed them to xuben and qinlin, ""First, can you confirm that the master who gave you the spiritual medicine and the jade pendant was this person?"

Xuben's hands were shaking as he took the phone-he was so excited that he almost dropped it.

As soon as he took the phone, qinlin leaned over and looked at the picture with xuben! It was a photo of Lin Yi and old man Lin when they were young. Old man Lin's face hadn't changed much over the years, but Lin Yi chose this photo as the first one to give xuben a better memory.

Chapter 2760 A Similar Jade Pendant

"Yes, it's him! He's the expert from back then!" Xuben said excitedly, "He ... Is he really your grandfather?" she asked.

"If it's him, then he's the old man in my family. I guess he's my grandfather. He said that he's not related to me by blood and that I was picked up from the streets." Lin Yi shrugged and smiled, his tone relaxed.

As long as he was sure that this person was old Lin, the rest would be easy. Lin Yi just had to wait for him and ER goudan to come back from the spirit spring and call him.

"Lin Yi, I'll leave this to you then. When are we leaving?" Wang Zheng couldn't wait any longer, he wanted to bring Xinyan to Lin Yi's Grandpa tonight to treat Xinyan.

"There's no rush. My grandfather has been practicing medicine in the neighboring village and hasn't returned yet. I'll contact him when he comes back." Lin Yi said.

"That's good, that's good ..." Wang Zheng didn't think that the situation would be solved with such a dramatic scene. It turned out that the master from back then was Lin Yi's grandfather. This made him more inclined to let Wang Xinyan and Lin Yi be together.

After all, if it weren't for Lin Yi's grandfather, Wang Xinyan would've died long ago, and they still needed Lin Yi's grandfather's help this time. Then, Wang Xinyan's life would be house Lin 's, and it was only reasonable for her to marry Lin Yi for saving her life.

"Uncle Wang, aunty Xiao, it's getting late. Are you guys going to sleep here or ...?" "If you're resting here, I'll prepare a guest room for you," Lin Yi said.

"It's fine, let's go back. It's not far, and we'll feel much better knowing that Xinyan is fine. " "Yi, aunty's leaving Xinyan to you-you can't let anything happen to her!" Qinlin said with a smile.

"Hehe, I'll definitely do my best." Lin Yi smiled and nodded.

Xinyan was very happy as well-she thought that she couldn't be saved anymore, but Lin Yi's grandfather was her Savior! Didn't that mean that she was saved again?

There was a cause and effect for everything ... Eighteen years later ... Xinyan remembered one of Grandpa Lin's friends "words, and was shocked! Could it be that he knew that she would be with Lin Yi eighteen years later, and that's why he was in danger again? and now, through Lin Yi, he could see Lin Yi's Grandpa again?

It seemed like that was the case now. Xinyan thought it was amazing, but it was natural for a master to be amazing, and couldn't be judged with common sense.

Wang xuben and qinlin looked at Lin Yi, then at their daughter. They seemed to have thought of the same thing, and their eyes were filled with shock and surprise. The two were relieved, and they left.

"Haha, shield bro, you can continue training now!" Yushu said happily after the couple left.

"I'm afraid not now. I'll have to wait for the old man to come back. I'll call him and ask." Lin Yi said.

"That's true," Chen Yushu nodded and was about to turn on the TV.

"Wait, I still have some things to say." Lin Yi waved his hand, stopping Yushu from turning on the TV.

"Oh? Is there anything else?" Yushu said as she put down the remote.

"Xinyan, let me take a look at your jade pendant." Lin Yi said.

"You ... Can you just look at it like this?" Xinyan said, a little embarrassed. "I've worn this Jade since I was young. The coil is a little small, and the red string is a dead knot. I can't untie it. If I want to take it off, I'll have to tear it off by force ..."

With that, Xinyan stood up and bent down in front of Lin Yi, showing him the Jade ... But the first thing that caught Lin Yi's attention wasn't the Jade, but the two Jade rabbits on her chest ...

Xinyan had been wearing loose clothes for Lin Yi's practicing, and she didn't wear a bra-she could see her chest right through the collar! Before, Wang Zheng walked over to look at the Jade, so naturally, there wouldn't be any problems, but Lin Yi sitting there and looking at it made the problem bigger!

Lin Yi's heart started beating faster as he quickly picked up Xinyan's Jade, trying to hide his embarrassment, but Xinyan seemed to have realized something as well. She wanted to stand up, but Lin Yi had already grabbed onto the Jade. She couldn't stand up, and could only lower her body for Lin Yi to see ...

Whatever, it wasn't the first time he'd seen it anyway, and he'd even touched it before-she was going to be with Lin Yi anyway, and she didn't plan to be with anyone else ... Xinyan comforted herself.

"Shield bro's a pervert!" Chen Yushu observed carefully and found the secret of Lin Yi's collar as she sat beside him.

Xinyan's face reddened immediately, and she wanted to dig a hole and hide in it ... Lin Yi, on the other hand, was feeling even more awkward ...

"What lecherous? did you forget that you're naked and showing your two papayas to seduce Lin Yi?" Mengyao glared at Yushu, warning her not to interrupt.

"Oh ..." Chen Yushu stuck out her tongue and didn't dare to say more.

Xinyan was a little troubled-Yushu seduced Lin Yi before? Did Lin Yi take the bait? When she thought of the other people, she was not as embarrassed as before.

Lin Yi was still a little lost at first, but as he studied the Jade, his attention was completely drawn to it ...

He'd felt that the Jade was familiar from the robbery, but he didn't pay much attention to it at the time. Now that he'd studied it, it was very similar to the one he had on him!

The material of the Jade was a little low quality, but the craftsmanship gave Lin Yi a familiar feeling. It was the same as the one he had on him, the only difference being that it was a simplified version of the one he had on him, or perhaps it was more like a prototype!

His own Jade was a lot more refined than Xinyan 's, be it in terms of material, patterns, or touch. Xinyan's was simple, but Lin Yi felt like the two were made by the same person.

Could it be that his jade pendant wasn't unique? Didn't I find this jade pendant in the Xuanyuan cave in the West Star Cave? Or did old Lin find a similar Jade nearby and gave it to Xinyan?
