

Bodyguard 2761

Chapter 2761 Old Lin Calls

Lin Yi couldn't wrap his head around this series of coincidences-was there some hidden reason behind this? He thought back to when he gave the jade pendant and the art of Dragon mastery to old Lin. Old Lin didn't say anything at the time and only asked him to cultivate it. Was he hiding something?

Shaking his head, Lin Yi turned his eyes back to the Jade and told Xinyan his theory."Xinyan, this jade pendant of yours should be a treasure that provides energy to your body. The color of the Jade is fading, probably because the energy within is quickly being lost. It's a bit similar, the energy stone that Jingyi and I found in the Wulong hao te mountain range, the color of the energy stone would also become dull after releasing the energy within. Of course, this is just my guess, you'll still have to ask my old man about the details."

"En!" Xinyan was very happy as well, and she forgot all about the embarrassment and shyness she'd felt before."If you can solve this problem, you can continue to cultivate in the future. You don't have to worry about me anymore."

"That's true, but before I get in touch with the old man, I'd better not. " Lin Yi shook his head, still a little scared. If it weren't for the series of coincidences, there really would be no hope for Xinyan, and Lin Yi would live in self-blame and guilt for the rest of his life.

"Shield bro, I think you have a similar Jade too?" Chen Yushu saw Lin Yi's bare arms before and remembered that he had a Jade on him.

"Yeah, I have one too, but it's a little different from Xinyan 's." Lin Yi didn't go into too much detail-he didn't want to reveal the secret of the Jade yet.

"Oh ..." Yushu didn't really mind.

As he spoke, Lin Yi's phone rang. He looked at the caller ID and saw that it was old Lin. He quickly walked into his room and answered the call.

"Old man, you're back from drinking water?" Lin Yi asked urgently.

"En, I'm back. What's the matter?" "You even called widow Wang's eatery. Is there an emergency?" old Lin asked.

"En, there's an urgent matter!" "Eighteen years ago, didn't you treat a little girl?" Lin Yi asked quickly.

Old Lin was speechless. "I've treated many little girls, and I'm the only doctor in the village. How can I remember so many? Is there a problem?"

"No, I mean, there's a special one. Not only did you treat her, but you also gave her a jade pendant!" Lin Yi quickly explained.

"Oh?" Old Lin blinked, remembering the person Lin Yi was talking about. "That's right. I remember this. I met him when I came back from picking herbs in the valley with an old friend. How did you know?"

"It's a long story, I have a friend called Wang Xinyan, I met her on the train when I first came to Songshan ..." Lin Yi started explaining how he met Wang Xinyan and what happened after that, "That's the situation now. If I had known that you were the one who treated her, I would have come to you long ago and not wait until now."

Old Lin didn't reply immediately after hearing Lin Yi's words, falling into silence. After a long while, old Lin finally spoke, "What if ... I say I have no other choice?"

"You don't have a way?" Lin Yi froze, thinking that he'd heard wrong. "Old man, what did you say? Weren't you the one who cured him back then?"

"The medicine I gave her was just an ordinary medicine. The prescription was similar to the one you made." Old Lin smiled bitterly, telling the truth. "The medicine is only a supplement. The key is the spiritual medicine and the jade pendant."

"Didn't you also give her the spirit herbs and the jade pendant?" Lin Yi asked anxiously.

"I did give them to you, but they are not mine. They are someone else's." Old Lin sighed. "Your previous guess was right. That jade pendant is actually a trial product. It's made by the same person as your jade pendant. But this person ... Is no longer on this planet ..."

"Gah?!" Lin Yi's eyes went wide, "not on this planet anymore?" What did that mean? He's already dead?"

"Not really. It's a long story and it's hard to explain. You don't need to know the details now. You just need to know that this person can't provide the jade pendant." "Without the Jade," old Lin said, "with only the spirit herbs, she'll only be able to live for another year or so ..."

"One year ... What if I take the spiritual medicine one year later?" Lin Yi asked.

"Let's not talk about whether we can find the medicine or not-even if we do, the effect will be greatly reduced. I'm still talking about the effect of the first time I take it, but the second time should be less than a year, and it'll get lesser and lesser ..." Old Lin said,""So, this isn't the fundamental solution!"

"Then what about the jade pendant?" Lin Yi was extremely regretful-he'd ended up like this because he'd been too greedy!

"The Jade, I can't do anything about it for now. If you didn't forcefully absorb the energy in it, it would've been enough for her to use for the rest of her life. You forcefully absorbed the fragrance from her body, causing the Jade to continuously replenish her energy, so the Jade was quickly used up ..." Old Lin explained.

"Then ... What about your friend? Does he have a way?" Lin Yi asked.

"He didn't either, and he's not the creator of the Jade." "Xinyan's body is very special,"old Lin said."I've done research on it before, and her body is even more special than Xiaoxiao's ..."

"What are the results of the research?" Lin Yi said, worried.

"After that, I gave her the jade pendant, and I didn't continue to study it." Old Lin said honestly.

"..." Lin Yi was speechless. "Is there really no other way? Then can I let her use my jade pendant?"

"This jade pendant is a one-time binding. You can't use it. Your other people can't use it, and you can't use her either." "You don't need to think about that," said old Lin.

"So you already knew about the jade pendant?" This was the first time Lin Yi knew that the Jade could only be bound once.

"I didn't want to talk to you about this when you were still young. Now that you've matured, I've revealed some of it." Old Lin said.

Chapter 2762 Preparing To Go To The Snow Valley!

Old Lin paused as if he'd just remembered something. "Oh, that's right, after she takes the spirit medicine, she can use small Qi gathering pills and other pure energy Pills to extend her life. Although the time won't be too long, this is the only way I can think of!"

"Small Qi gathering pill ..." Lin Yi's mouth twitched. This pill was priceless, but it couldn't extend one's life for too long-it was a bottomless pit! But this wasn't the only way. Lin Yi gritted his teeth-it seemed like he'd have to work hard on making elixirs for han Jingjing from now on!

"But don't worry, I'll help you study it. I can't let my granddaughter-in-law die, can I?" Old Lin smiled, consoling him.

"Haha ..." Lin Yi laughed too. He didn't know why, but he trusted old Lin a lot. It was an inexplicable trust. Sometimes, when he was in trouble, old Lin's words would always make him feel at ease. "Oh right, will my jade pendant run out of energy one day?"

Lin Yi suddenly remembered his Jade-he used it for practicing every day, and that damn thing that appeared out of nowhere took over the Qi in his Jade and fought with him for it. If his Jade was the same as Xinyan's, wouldn't he run out of it soon?

"Oh, you won't." Old Lin shook his head, denying it. "Wang Xinyan's was just a prototype, but yours is a finished product, with no flaws. The energy in your Jade is ... Oh, simply put, it's endless!"

"I see!" "Let's not talk about the Jade for now. How do we get the herb?" Lin Yi sighed in relief.

"Spirit medicine ..." Old Lin hesitated, falling into silence again.

"What's wrong? Old man, could it be that the spirit herb is also very hard to find?" Lin Yi frowned again.

"Spiritual medicine ... Is indeed hard to find!" Old Lin didn't know what to say to Lin Yi, or if he should.

"Then ... There must be a way to find it, right? Where did you get that spirit herb back then?" Lin Yi asked.

"Back then ..." Old Lin didn't continue, falling into deep thought! The elixir came from the snow Valley, but Yi's master went to the snow Valley to get it himself! But things changed with the passage of time- after so many years, Yi's master had left, and old Lin couldn't use the same method as back then to take a herb by force.

He couldn't leave the West Star Village. Even if he did, without Yi's master's cooperation, he wouldn't be as intimidating as he was back then!

There were some things that Lin Yi didn't know yet. Old Lin was making him dependent on him too early, and it wasn't good for his growth. As kongwen said, Lin Yi would gain more benefits from training.

Lin Yi's growth proved kongwen's words-in fact, kongwen's words were always accurate! He'd thought it was weird when he'd told him about the karma of Xinyan's life eighteen years later.

But who would've thought that after eighteen years, Wang Xinyan would really become Lin Yi's girlfriend?

But the reason why he didn't tell them about the valley wasn't because he wanted to hide what happened back then, but because Tang Yun was there! Old Lin didn't know how to tell Lin Yi. Should he tell him? Or should she not tell him?

If he told him, would he run into Tang Yun there? Would there be any negative consequences and influences?

"Old man, what's wrong? What if you don't finish your sentence?" Lin Yi asked, confused.

"It's nothing. I was just thinking about the name of the spirit herb. It happened a long time ago, so I just remembered it now. " Old Lin said.

"Oh? What's the name?" Lin Yi didn't suspect anything.

"The herb is called the orchid mustard herb. It's grown in an ancient sect, the snow Valley. It's extremely rare and precious ..." Old Lin gritted his teeth and decided to tell Lin Yi. He couldn't keep it a secret forever, could he? Of course, old Lin didn't know what Mrs. Tang did in the valley. If he did, he wouldn't have told Lin Yi but would have told Mengyao.

"An ancient sect, Snow Valley?" Lin Yi paused-wasn't that Zhang Liju's old lover's sect? It seemed that it really had a connection with him! However, he didn't know how he could get this spiritual herb back. "Old man, how did you get your hands on those spirit herbs?"

"Your master did it. I don't know." Old Lin said.

"Is that so ..." Lin Yi nodded and didn't think too much about it. Since his master could get it, it shouldn't be a problem for him, right? Besides, Lin Yi had the sky-grade weapon that the founder used. Even if the sect didn't want to trade, they could still trade with him.

However, wasn't it a little too much of a loss to exchange a heaven-grade weapon for a spiritual herb? Lin Yi wondered if he should get more things from the valley.

"Yi, that's all I know. If you want to go to the valley, you'd better discuss it with Chu Mengyao and the others." Old Lin reminded.

"Oh, okay." Lin Yi didn't think much of it-he thought that old Lin was saying that no one would be protecting them if he left.

After hanging up, Lin Yi was both happy and sad. He was happy that he could delay Xinyan's condition for a while, but he was worried that the Jade was the ultimate solution. The person who made the Jade wasn't on this planet ... What was happening?

"How is it? Is there any way?" Chu Mengyao saw Lin Yi coming out of his room and quickly asked.

"I have a way, but I need to go out and ask for medicine." Lin Yi didn't want them to worry, so he kept the Jade a secret for now,""The old man's potion is similar to mine. The only difference is the spiritual herb. I'm going to get the spiritual herb in a few days. That way, Xinyan's problem will be solved."

"Oh? Shield bro, you're going back to West Star Village?" Chen Yushu asked.

"No, I'm going to another ancient sect. I don't have this spirit herb with me either!" Lin Yi shook his head,"I've told you about this sect before, it's called Snow Valley!"

"What? The snow Valley!" Yushu and Mengyao both yelled in shock, and Xinyan's eyes were wide open as well. "You're going to the snow Valley?"

"What's wrong?" Lin Yi looked at the surprised expressions on their faces, "What's with your expressions? Could it be that the snow Valley is a Dragon's pool and a Tiger's Den that we can't enter?"

Chapter 2763 Dissuasion

"Oh, it's nothing, it just felt a little dangerous. You see, the trip to the Ice Palace didn't go very well, so we were a little worried ..." Chen Yushu quickly tried to smooth things over.

"That's not a problem. My strength may not be enough to intimidate the ancient sects, but I'm at least qualified to talk to them. Besides, I have a trump card in my hand, the sky-grade weapon of the founder of the snowy valley. They'll have to trade it with me no matter what. " Lin Yi didn't feel as pressured as when he went to the Ice Palace-he was too small then, but he'd grown up in the blink of an eye, and wasn't as weak as he was back then.

Chu Mengyao wanted to tell Lin Yi that he didn't need to go to the valley to trade. He could just talk to Tang Yun or Mrs. Tang and he would be able to get the spiritual herb, but she couldn't say it. She couldn't say it!

It was unrealistic to say that Wang Zheng's previous spirit herbs were all from the snow Valley! With Wang Zheng's identity as a normal merchant, how could he have come into contact with an ancient sect? But it was even more unrealistic to say that he had a friend in the valley. Lin Yi basically knew what their relationship was, and it was too sudden for a friend from the valley to appear!

And so, be it Chu Mengyao, Chen Yushu, or Wang Xinyan, they didn't know what to say to Lin Yi. Of course, what they were most concerned about wasn't Lin Yi using a sky-grade weapon to exchange for it-they were afraid that he'd run into Tang Yun!

"Then ... When do you plan to go?" Mengyao had no choice but to ask. Because there was no way to stop this.

"Of course, the faster the better!" "If there's nothing else, I'll be leaving tomorrow," Lin Yi said.

"Tomorrow ... So soon ..." Mengyao didn't have any reason to stop her, so she gave Yushu a look.

"Ah, uh ... Shield bro, Shu's starting to miss you, can you leave a few days later?" Yushu had plenty of reasons to keep Lin Yi around, but she couldn't find an excuse to do so now.

"?" Lin Yi looked at the two girls curiously, "Yaoyao, Shu, what's wrong? Wouldn't it be better if I went earlier to treat Xinyan? Why would I be late?"

"This ..." Chen Yushu had no choice but to turn to Wang Xinyan for help.

"Well ... It's like this, Yaoyao and Shu are doing this for my sake ..." Xinyan was the last to speak, and she had time to come up with a better reason. "Didn't Kang Zhaoming come back? He hasn't left yet, and Shu's worried that he'll come looking for trouble again if you leave. So, what she's saying is that you'll go to the valley after Kang Zhaoming returns. "

"Oh, I see!" Lin Yi thought about it, and it made sense. He nodded. "Alright, then we'll wait a few days!"

Mengyao and Yushu let out a breath of relief at the same time, impressed by Xinyan. Yushu wanted to say, Xinyan sis, you're so smart ...

It was still Lin Yi's night, and Mengyao, Yushu, and Xinyan went upstairs to rest. Lin Yi couldn't practice for now, and Xinyan didn't want to sleep with him either-she hadn't officially agreed to be his girlfriend yet, and it'd be awkward for Lin Yi to sleep with her.

After going upstairs, the three of them let out a breath of relief, but at the same time, they were worried. Tang Yun was in the valley, and they thought that Lin Yi would never have anything to do with the valley again. They didn't expect Lin Yi to go there again!

"What do we do? Why hasn't Tang Yin called back yet?" Mengyao frowned, worried. Xiaobo didn't have the chance to ask Tang Yin how to solve the Tang Yuqi incident back then, but he did say that Tang Yin would call.

"But that's a good thing-if Tang Yin sis calls us these two days, we can tell her about shield bro's trip to the valley, and she'll be prepared for it," Chen Yushu replied.

"That's true. I hope she'll call me soon!" Mengyao sighed, helpless. "If it really doesn't work, we can only leave it to fate."

"I'm really sorry, it's all because of me. Otherwise, Lin Yi wouldn't be able to go to the valley ..." Wang Xinyan said apologetically.

"What does it have to do with you? You wouldn't be like this if Lin Yi didn't suck all your energy away!" "I'm just worried that he'll remember Tang Yin," Mengyao said, shaking her head. With his current strength, he was not strong enough to fight against the snow Valley! Feng Xiaoxiao went to the Ice Palace to save her life, but Tang Yun went to the valley because of Lin Yi. They're two different things, and I'm afraid that Lin Yi will cause a scene!"

"I don't think so. Even if Yin Yin sis sees shield bro, she won't acknowledge him. So, we don't have to worry too much." Chen Yushu was the first to calm down, "Yaoyao sis, we're being too concerned!"

"Shu's right, we're a bit too worried. " Xinyan sighed in relief. "So what if Lin Yi goes to the valley? Tang Yin won't even acknowledge him, and the others won't say anything. "

"That's true. " Mengyao nodded, and the group didn't think too much about it as they prepared to shower and sleep.

Lin Yi didn't rest right away after he returned to his room, but went into the Jade space. He didn't have Xinyan's help, but he still needed to continue his training.

"Elder Jiao, you were created by someone else?" Lin Yi couldn't help but ask as he looked at elder Jiao.

"What?" "Created by someone else?" elder Jiao asked. I'm just a soul clone, created by someone else!"

"I mean, you were only created in the last few decades?" Lin Yi had always thought that elder Jiao's Jade was from the ancient times or even earlier, but after hearing old Lin's words today, it didn't seem to be the case. The Jade seemed to have been made in the recent decades, because the person who made it knew old Lin!

"I'm not sure about that. I've said it before, my memories have been sealed. They will only awaken as your strength increases. If your strength doesn't increase, I can't do anything about it." Elder Jiao said.

"As I thought ..." Lin Yi smiled bitterly, ""Right, there's one more thing. I've been busy with Wang Xinyan's matter, so I didn't have time to ask you. The void element in my body, is it from the art of Dragon mastery?"

"Yes, that's right!" Elder Jiao replied without hesitation.

Chapter 2764 Truly A Scam

"Oh? You know about the void attribute?" Lin Yi blinked. He thought that elder Jiao would say he didn't know, but he said yes with certainty.

"I know." "You have to turn the illusory element into a real one before you can complete the second stage of the art of Dragon mastery." Elder Jiao nodded.

"What? There was such a situation? Why didn't you say so earlier?" Lin Yi blinked, remembering the second stage of his art of Dragon mastery. Logically speaking, he should've reached the full circle by now with his training speed, but he still hadn't reached it yet. He thought that it was because he hadn't reached the full circle yet, but it was because of the attributes in his body!

"You didn't ask me, so what should I say?" Elder Jiao's "I won't tell you if you don't ask me" face pissed Lin Yi off!

But thinking about it, he'd trained for over a decade without being able to enter the Jade space, and elder Jiao didn't even say anything to help. Lin Yi was a little helpless, but he knew elder Jiao's personality already, "I had thought that I would be able to reach stage two top class if I continued training."

"That's impossible. You'll be able to make jade pendants at stage two top class. Your body is filled with void attributes, so there's no way you can become a blacksmith. Are you dreaming?" Elder Jiao said in disdain.

"..." Lin Yi wanted to yell at elder Jiao. If it wasn't for elder Jiao's help and respect for the old, he would've already rushed up to elder Jiao and started yelling at him! Look at me, I'm so anxious for my attributes that I'm like a headless fly, thinking of ways everywhere.

But Lin Yi still asked patiently, "Then how can I turn the virtual attribute in my body into a real attribute?"

"Well, you'll have to figure it out yourself." "I don't have any related information in my memory," elder Jiao shook his head.

"What? then if I can't turn the void attribute into a real attribute, doesn't that mean I'll never be able to step into the great circle of stage two of my mental cultivation method?" "Isn't that a scam?" Lin Yi said, speechless.

"No, you've only opened the stone door on the second floor for a short time, and you already want to advance to the completion of the second floor to open the stone door on the third floor? Aren't you a little too impatient?" "You know, how long did it take you to open the stone door from the first floor to the second floor? There's also a five year time limit. The third level doesn't even have a time limit, and you're still in a hurry?"

"Uh ... That's true." Lin Yi thought about it carefully-it hadn't been too long since he opened the door to the second floor, and he was indeed rushing things! However, turning the illusory attributes into real ones was a troublesome thing-he had to go and receive the legacy of the origin Energy one by one. The only place Lin Yi knew about the legacy was the Ice Palace-did he have to go there again?

"You don't have to worry too much about this problem. Sometimes, problems can be solved easily."
Elder Jiao said.

"Alright, I'll continue cultivating." Lin Yi nodded. No matter what, strength was still the most important. Lin Yi planned to use the eighth form of the Kungfu after the fiery Eight Trigram palm. He was already at the late stage of Earth Class, and in theory, he could use the eighth or even ninth form of the fiery Eight Trigram palm.

Lin Yi was able to kill Sky Class early phase Masters at the seventh move, and with the eighth and ninth moves, if his stamina and Qi could keep up, he could probably kill Sky Class early phase peak or even mid phase!

But Lin Yi didn't know how strong it was without testing it out. He didn't know what his physical limit was, but it was undeniable that the higher the level of the skill, the harder it was to use it. Once he used it, he'd almost lose all his strength. It might look like an earth tier skill, but it was actually a sky tier skill.

Feeling that he had more energy now, Lin Yi started to try the eighth form of the palm, which was equivalent to the fourteenth form of a normal sky-tier martial skill!

According to the previous method, Lin Yi first prepared to use the wild fire Fist. Only by familiarizing himself with the eighth and ninth forms could he combine the more powerful wild fire Bagua Palm!

Evidently, the wild fire Fist wasn't difficult for Lin Yi at all. Lin Yi started from the first move, and the whole process was smooth and natural. The seventh move ... The eighth move, and then the ninth move, all in one go!

"Phew ..." Lin Yi was very satisfied with his wild fire Fist. After that, Lin Yi activated the eighth and ninth forms of the wild fire Fist, and they were all perfectly executed without any hindrances. It seemed that the wild fire Fist was easier to execute without any modifications.

After activating the eighth and ninth forms, Lin Yi tried the tenth form one last time, and so he tried all the way from the first form to the eighth and ninth forms ... But failed.

It seemed that the ninth move was the limit of the late phase of the earth Class, and the tenth move could only be used when he was at the peak of the late phase! Lin Yi wasn't too surprised. After all, he was just trying it out, and he didn't expect it to succeed.

After activating the fist, Lin Yi started to activate the fist, using the fist's chant and the five elements Eight Trigram Palm's activation method, forming the eighth form of the fist!

Lin Yi wouldn't try to use the eight Trigram palm from the first form all the way to the eighth form unless he had no other choice. He felt that he was already very exhausted from the first form to the seventh form, and it was very draining. He had to use the eighth form alone.

To Lin Yi's relief, the eighth style of the palm was successfully used, and its power was much stronger than the seventh style. Lin Yi even felt that it wouldn't be a problem to use the eighth style to sneak attack a Sky Class mid phase!

However, after using the eighth style of the palm, Lin Yi felt as if all his energy had been sucked out, and he almost fell to the ground!

"Although this move is powerful, it seems that I really can't use it easily!" Lin Yi smiled bitterly as he sat down cross-legged on the ground and quickly entered the Jade space to recover his Qi.

Lin Yi didn't have the energy to do anything else after that.

Lin Yi didn't stand up until his Qi was fully recovered, ready to try the ninth style of the palm. If he could successfully activate it, he believed that he could even fight against Sky Class mid phase peak.

Chapter 2765 Setting Off To The Snow Valley

After adjusting his state, Lin Yi started to chant the ninth style of the wild fire Fist. When the chant was complete, Lin Yi changed the activation method to the five elements Eight Trigrams palm!

Unfortunately, the skill failed at the last moment. Lin Yi didn't succeed.

Lin Yi could clearly feel that the ninth stance of the wild fire Fist was flowing smoothly before, but when he changed the way he used it, it was as if the Qi in his body wasn't enough to support that huge release, and it failed.

It seemed that his physical strength and true Qi were not enough to support the activation of the ninth move of the wild flame Eight Trigrams palm!

It was a bit of a pity, but Lin Yi wasn't surprised. He was an Earth Class late phase, after all, and using the sky-tier fifteenth form was a bit too much!

One had to know that the 15th move of a heaven-tier martial skill was usually only possible when one was at least at the middle stage of the heaven-tier.

For now, the ninth style of the raging fire Eight Trigrams palm was enough. After thinking it through, Lin Yi started to train with peace of mind ...

The next morning, to Mengyao, Yushu, and Xinyan's surprise, Zhaoming left Donghai city and went back to the sky elixir sect! Zhaolong was the one who told him the news, so it couldn't be fake.

Kang Zhaoming asked Kang Zhaolong to pass a letter to Lin Yi. In the letter, he talked about his return, but in the letter, he told Lin Yi not to go against house Kang anymore. For the sake of the monk, for the sake of the Buddha, Kang Zhaoming was an elder of the heavenly elixir sect, after all. Lin Yi shouldn't go overboard.

Of course, from Lin Yi's point of view, the letter was just Zhaoming's way of begging for mercy. It was just that he didn't make it too obvious due to his status.

But even if Kang Zhaoming didn't say anything, Lin Yi didn't plan to go against house Kang. House Kang's medical company had been closed down completely, and there was no conflict of interest with Lin Yi. As long as Kang Zhaolong kept his promise and didn't act like Wang Xinyan's fiancé and cause trouble in Wang Xinyan's family, Lin Yi naturally wouldn't do anything to him.

Lin Yi may have Xiaoxiao's background, but he knew what was going on. His relationship with the Ice Palace was very complicated, and Bing Tang didn't think much of Lin Yi. Lin Yi could use the name of the Ice Palace, but asking Bing Tang to help him in real life was a bit unrealistic.

So Lin Yi didn't have any advantage against the sky elixir sect at all, and naturally, he wouldn't do something that didn't benefit him.

After learning that Kang Zhaoming had left, Lin Yi told Wu Chengtian and Zhuang niodao to protect Chu Mengyao and the others. He went to ask for leave from boss Bai and prepared to go to the valley.

Mengyao, Yushu, and Xinyan didn't know what to do-they didn't think that Xinyan's plan would only buy them one day, and Lin Yi still had to go to the valley.

After school, Lin Yi, Mengyao, Yushu, Xinyan, Jingjing, and the others returned to the villa. Lin Yi started to pack his bags for the valley-Xiaobo had just returned from school, and Lin Yi was already planning to go again. It was quite dramatic.

"Shield bro, after you get there and get the herb, come back soon. Shu misses you!" Chen Yushu stood at the door and said to Lin Yi unwillingly. She was sent here by Chu Mengyao and Wang Xinyan. It was embarrassing for others to say such things, but only Chen Yushu could say it.

"En, I'll rush back as soon as I get the lanjie Yuling grass!" Lin Yi nodded with a smile, "Xinyan's still waiting for me at home. Even if I wanted to stay a few more days, the people in the valley wouldn't agree. They don't know me."

"En en, even if the people in the valley let you stay for a few more days, shield bro has to come back! Otherwise, Shu's going to lose weight and her breasts won't be big anymore!" Chen Yushu replied.

Mengyao rolled her eyes and gave Yushu a kick. "I really hope that you'll be slimmer with those breasts of yours!"

"Yaoyao sis is just jealous." Yushu said nonchalantly.

"Do you think I won't give you a fat suck in the middle of the night?" Mengyao's face turned green.

"Haha, Lin Yi, it looks like you really need to come back soon. Otherwise, Yaoyao and Shu are going to fight because of you!" Wang Xinyan smiled.

Lin Yi didn't understand why the three girls were trying so hard to get him to come back this time-it'd never happened before, after all, whenever he went to the tomb or Songshan, they'd only tell him to be safe.

But Lin Yi didn't think too much about it-he had no reason to suspect anything. He could only assume that Mengyao, Yushu, and Xinyan thought it was a long way and didn't want Lin Yi to be stuck outside for too long.

"Alright, I'll be leaving then. You guys can go back and rest." Lin Yi waved at them and got in the car, driving to the valley with the coordinates old Lin gave him ...

A day after Lin Yi left, Xue Gu's call came in. However, the person on the phone wasn't tang Yin, but Mrs. Tang.

"Hello? Yaoyao, I'm your aunty Wang. " Wang Yujie didn't know that Lin Yi had already left for the valley and thought that he was at home. She lowered her voice when she called Chu Mengyao.

"Aunty Wang?" Mengyao, on the other hand, was stunned. She couldn't remember who this aunty Wang was, and even though she called out her name, the voice was unfamiliar.

"It's Yun Yun's mother ..." Wang Yujie seemed to have realized this as well and quickly explained, then asked, ""Lin Yi's not here, is he?"

"Ah, it's you, Auntie!" Chu Mengyao was surprised and happy at the same time. She quickly said, "I was just about to look for you, where's Tang Yin? Is she there? Why did you call?"

"Kang Xiaobo came here before and asked me to tell Yunyun that you're looking for her, but she doesn't have the chance to contact the outside world right now. The Grand Elder is forcing her to cultivate, and he doesn't allow her to contact the outside world ..." Mrs. Tang was helpless. She was a tyrant in the valley, but she didn't cross the Grand elder's bottom line. As long as Tang Yun listened to him and cultivated, everything would be fine. Otherwise, the Grand Elder wouldn't have let Mrs. Tang do what she did.

"Oh, I see. I was wondering why Yunyun didn't call for so long." "Aunty Wang, you called just in time. I have something important to tell you. What do you think I should do?" Mengyao said.

Chapter 2766 What's He Doing Here?

"Oh? What's the matter?" Mrs. Tang asked.

"Lin Yi's in the valley!" Mengyao said.

"What? Lin Yi's here?" Mrs. Tang was shocked, "why is he here?" Did he remember about Yunyun?"

Mrs. Tang wanted Lin Yi and Tang Yin to reunite again, but she respected Tang Yin's opinion. She was a little worried and shocked when Lin Yi came to the valley.

"No, he didn't. He went to the snow Valley this time to ask for medicine." With that, Mengyao told Mrs. Tang everything that happened with Xinyan.

Mrs. Tang knew what happened to Xinyan, and that Tang Yin had allowed Lin Yi to be her girlfriend, so she didn't have anything against it. She breathed out in relief. "It's good that he's not here to cause trouble. With his current strength, there's no way he can go against the snow Valley!"

"Yes, so I'll have to ask you to deal with the following matters," Mengyao said.

"No problem, leave it to me ..." Although Mrs. Tang agreed, she made a decision in her heart. This time, Lin Yi was here. She had to find a chance to let Tang Yin see Lin Yi. Even if it was just a glance from a distance, it was Tang Yin's greatest wish.

Mrs. Tang knew exactly how much Tang Yin missed Lin Yi, so even if they didn't acknowledge each other, she'd still want to see how Lin Yi was right now.

"En, there's one more thing. Lin Yi is going to the valley to exchange for something, and he's using a heaven-grade weapon. I'm afraid that he'll be at a disadvantage because he's too eager to save Wang

Xinyan. Can you see if ..." Chu Mengyao felt that the value of a heaven-grade weapon should be higher than the value of the orchid mustard grass, but if Lin Yi went to exchange for it, he'd be in trouble.

"Oh, about that. Don't worry, I won't let him suffer any losses. I'll keep an eye on him these few days. If he comes, I'll help him exchange!" Mrs. Tang agreed immediately. She was the best at this.

"That's good. Thank you, Auntie!" Mengyao let out a breath of relief. She'd done what she needed to do, and she could finally relax.

"Hey, don't be so polite. We're family. Auntie is a spy of the valley, she's here for personal gain. Don't worry, if Lin Yi can't get anything good, you can question auntie!" Mrs. Tang said with a smile.

"Haha ..." Chu Mengyao also laughed. She used to think that Mrs. Tang was snobbish and thought that Chu Mengyao was small-minded, but now she was very pleasing to the eye, ""Oh right, aunty, there's one more thing I wanted Yunyun to call you about."

"Oh? What's the matter?" Mrs. Tang asked.

"It's like this, there's a person called Tang Yuqi who came back from overseas. He said he's Tang Yun's cousin ..." Chu Mengyao said and told Mrs. Tang about Tang Yuqi in detail.

"Tang Yuqi? How about this, I'll have to ask old Tang and Tang Yun about this-after all, he might come to the valley, and I'll need her to make the decision. " Mrs. Tang said.

"Okay, sure. Call me again once you've made a decision." Mengyao said.

"No problem. It's easy for me to make a call." Mrs. Tang said.

.....

Lin Yi's Grand Cherokee entered the valley-he was faster than Xiaobo, and he didn't need to rest. He drove day and night to his destination.

"This is the boundary of the snowy valley. If you are travelers or adventurers, please stop!" Lin Yi's car had just driven in when a disciple on patrol ran over and stopped in front of the Grand Cherokee, signaling for Lin Yi to stop the car. The disciple's tone sounded polite, but there was an undeniable authority in it.

"Have we finally arrived?" Lin Yi looked out the window at the vast whiteness-it did feel like he'd been to the Ice Palace. These two places were quite similar! Lin Yi rolled down the window, and a gust of cold wind blew in, but this kind of cold wasn't much to Lin Yi. He said politely to the disciple,""Hello, is this the snow Valley? I'm not a traveler, I'm also a cultivator. I'm here to exchange for heavenly treasures!"

"Oh? You're also a cultivator? Are you here to exchange for heavenly treasures?" The patrolling disciple was stunned for a moment before he nodded and said,""Then please come with me!"

The process was surprisingly smooth-Lin Yi was a little surprised. It seemed that this Valley really was a business sect. They could just use this reason to tell the truth-if it was the Ice Palace, they'd probably have rejected it already.

"Oh? You're also a cultivator? Are you here to exchange for heavenly treasures?" The patrolling disciple was stunned for a moment before he nodded and said, ""Then please wait here and allow me to report!"

With that, the disciple threw a note at Lin Yi's car and it stuck onto the windshield. "Disciple 22, waiting to report" was written on it, and there was a Snow Mountain mark next to it ...

He quickly left after he was done, leaving Lin Yi behind.

Since the disciple had agreed to report, Lin Yi went back to the car and waited patiently for the disciple's news.

After a while, the patrolling disciple 22 came back and said to Lin Yi, "You're quite lucky. The Grand Elder is free today. If you want to exchange anything, you can tell her directly. She has the highest authority in the snow Valley! Usually, it's the elders who are on duty. Today, it's the Grand elder's turn to patrol!"

"Alright, thank you!" Lin Yi quickly cupped his fists.

The disciple didn't say anything else, but waved his hand, signaling Lin Yi to drive.

The whole process was surprisingly smooth-Lin Yi was a little surprised. It seemed that this Valley really was a business sect, agreeing to the trade right away. If it was the Ice Palace, they'd probably have rejected it already.

Lin Yi followed the patrolling disciple to the guest room. He parked the car at the entrance and followed the disciple into the room. The disciple said, "Please wait a moment, our Grand Elder will be here in a moment."

"It's okay, I'll just wait here. " Lin Yi nodded.

After a while, a middle-aged woman came to the reception room. In fact, usually, the elder on duty was responsible for receiving the cultivators who came to the snow Valley to trade. But today, the Grand Elder happened to be on a routine inspection, so he came to take a look in person.

However, the Grand Elder did not expect that she would meet someone she did not expect when she came personally! The person who came made her heart skip a beat. Why was it him? What was he doing here? Could he be here for Tang Yin?

Chapter 2767 Bargaining

However, how scheming was the Grand Elder? She walked into the guest room and looked at Lin Yi, "You're the cultivator who came to the snow Valley to exchange for heavenly materials and earthly treasures, right?"

"It is!" Lin Yi cupped his fists and said politely, "You must be the Grand Elder?"

The person in front of him was Sky Class late phase peak, and Lin Yi guessed that she was the Grand Elder that the patrolling disciple was talking about.

"Not bad." The Grand Elder nodded and said to his patrolling disciples, ""Go make some tea, I'll talk to this cultivator in detail."

"Yes, Grand Elder." The patrolling disciple quickly replied.

"Hehe, what's your name?" The Grand Elder asked.

"Lin Yi," Lin Yi didn't hide anything-his identity wasn't a secret in the ancient level anymore, after all. "I'm new here, so I hope you'll forgive me, Grand Elder-but I came here because my second wife, Feng Xiaoxiao, told me to come. I'm the Vice sect master of the Ice Palace. "

Lin Yi brought up Xiaoxiao's identity because he didn't want to be at a disadvantage in the deal. After all, his status wasn't on the same level as the valley 's. If he asked for the medicine directly, a heaven-grade weapon would only be able to exchange for one spiritual medicine. Lin Yi brought up Xiaoxiao's identity to let the Grand Elder understand that he had a background too. He hoped that she would have a fair deal and not take it by force.

Of course, Lin Yi didn't know that the Grand Elder knew him and his background. Even if he didn't have Xiaoxiao's background, the Grand Elder wouldn't lie to Lin Yi. After all, there was still Tang Yun and Mrs. Tang, and those two weren't easy to fool.

"Oh? So you're a friend from the Ice Palace. " The Grand Elder smiled, breathing a sigh of relief. It seemed like Lin Yi wasn't here for Tang Yun. As long as he wasn't here for Tang Yun, then everything was fine! "I wonder what you're here to trade, Mr. Lin?"

"Oh, I do have something I want to exchange, but I only know that you have one thing here. As for the other things, I don't know what you have either. So I'd like to ask Grand Elder to take a look at my things, and then you can see what you want to exchange for it!" Lin Yi said.

"Your stuff?" The Grand Elder was taken aback. He thought that Lin Yi was here to ask for an elixir, but he didn't expect Lin Yi to bring out an item for him to appraise. This made the Grand Elder curious-what did he have?

"Naturally," With that, Lin Yi took out the sky-grade weapon from the snow Valley's founding master, fairy Xue, and placed it on the coffee table,"Grand Elder, please take a look!"

"Oh ... Eh?" The Grand Elder didn't think much of it at first, but when she saw the weapon Lin Yi took out, she couldn't take her eyes off it. Her face was filled with shock and disbelief,"This ... Could it be ..."

As the Grand Elder spoke, she picked up the heaven-grade weapon from the coffee table. When she saw the small "snow" word on the weapon, as well as the unique symbol of the snowy valley, the Grand elder's hands trembled with excitement!

Lin Yi, on the other hand, had expected the Grand elder's reaction-the weapon was from the valley itself, after all, and the Grand Elder was the heir of the valley. It was no wonder he was so excited to see the lost weapon of his own sect's founder!

"What do you think, Grand Elder? this is a good item, right?" Lin Yi asked with a smile.

"That's right, this is it. This is the Grandmaster's heaven-grade weapon!" The Grand elder's voice had changed. She cultivated the heartless spell, so it was very difficult for her to have any emotional fluctuations. But at this moment, she found it very difficult to control her emotions!

Because this matter was simply too shocking! This was really the heaven-grade divine weapon of the ancestor, the one with the most compatible mist attribute! All these years, the snow Valley had been searching for this weapon, but there had been no news. This was because after ancestral master Xue said that she had gone to pursue the heavenly Dao, she had never appeared again. No one knew where she had gone, and no one knew if she was alive or dead. Thus, there was no news of the heaven-grade divine weapon.

Now that he had reappeared in front of Grand Elder, Grand Elder was naturally filled with emotions. He was happy and worried at the same time. He was happy that the weapon had finally returned to Xue Gu's hands. He was worried that the weapon had appeared alone. Did it mean that patriarch Xue had failed in his pursuit of the heavenly Dao and had passed away?

"Hehe, Grand Elder, what do you think? What are you going to offer in exchange for this heaven-grade divine weapon?" Lin Yi smiled, "I was planning to give it to my small wife Feng Xiaoxiao, but she has a cold body, so ice element weapons are the most suitable for her. The mist element weapons can only be used, but they can't be used to their full potential, so I brought it here to see if I can exchange it for something better. If you guys have something better, I think it's worth it, so I'll give it to you. If not, then I'll take it back for Xiaoxiao!"

"..." The Grand Elder was speechless. The small wife was your wife, but the big wife wasn't? You might as well give it to the main wife instead of the small wife! Even if I get this weapon back, it's for Tang Yun's use-it'll only be at its full potential in her hands. But the Grand Elder couldn't tell her the truth, so she said, "Our Snow Valley has a water element heaven-grade divine weapon, which is also a first-class item, not inferior to this! How about I use that to call you? Xiaoxiao's training is an ice element practitioner's art, so mist and water weapons have the same effect on her. There's not much difference, but mist weapons are very important to our Valley. "

"Grand Elder, aren't you being a little insincere by saying this? Let's not talk about the fact that I've come all the way here to trade with you. Even if the snow Valley is right in front of my house, you're the one who's taking advantage of me, right?" "I don't need one," Lin Yi shrugged, "it doesn't make a difference whether I want a water or mist one, why would I trade?" Also, if that water element heaven grade weapon of yours isn't as good as the mist element, then I'll be at a disadvantage. No matter what, you're the one who's at an advantage, how can there be such a good thing?"

The Grand Elder was speechless, but she didn't want to get angry at Lin Yi. She pondered for a while and said, "Since you took the initiative to come here to exchange, you must have something to ask for. And you just said that you want a kind of spiritual medicine, right?"

Chapter 2768 Can't Change!

"How about this, I'll trade a water element heaven-grade weapon and a spirit herb for the mist element heaven-grade weapon you have. In this way, you've gained a great advantage. "

"Oh ..." Lin Yi nodded and didn't bargain anymore. The Grand Elder was right. Although it seemed like the snowy valley had the advantage of getting a heaven grade weapon that was suitable for them, in the end, it was still Lin Yi who had the advantage. It was also a heaven grade weapon, plus a spiritual herb. Lin Yi had earned a spiritual herb for free.

Xiaoxiao was just a cover, and Lin Yi didn't want to push the valley too hard. He was already very satisfied with the result, so he nodded, "You guys have the lanjie Yuling grass here, right?"

"There are!" The Grand Elder nodded. "Since I've agreed, I can use this to exchange with you. But what I want to tell you is that although the value of this orchid mustard grass is not as great as a heaven grade divine weapon, it is still a good thing. No matter how serious the injury is, as long as there is a breath left, it can be used to extend one's life."

"Oh?" Lin Yi didn't expect the lanjie Yuling grass to have such a miraculous effect-old Lin only said that Xinyan needed it, but didn't say what it was used for. Lin Yi suddenly thought that if han Jingjing had it, she'd eat one herself when she got injured, and her situation wouldn't be so critical. It was good stuff!

Especially when he was out and not at home, if an enemy attacked, having this kind of spirit herb at home could delay time ...

"How long can you extend your life?" Lin Yi asked.

"You've come to ask for the orchid mustard grass, but you don't know the effects of this spirit herb?" The Grand Elder felt a little strange, but he still replied,""According to the level and injury, the time will also be different, from a few days to a few months."

"Oh ..." Lin Yi nodded, but it didn't matter to him anymore. This herb was for Wang Xinyan after all, and even if it could extend her life, it wouldn't be of any use.

"Do you want to Exchange now? A stalk of orchid mustard grass and a Water-type heaven-grade weapon in exchange for your mist-type heaven-grade weapon?" The Grand Elder asked.

Lin Yi was just about to agree when a lion's roar came from the door."I can 't!"

A middle-aged woman rushed into the room and blocked Lin Yi's way, yelling,"I can 't, I definitely can' t!"

"You ... You are ..." Lin Yi looked at the middle-aged woman who rushed in, confused! Who was this person? How did he get here?

The person was Mother Tang. The Grand Elder looked at her in shock, wondering who told her this. She was the one receiving them personally today without going through the elders in the valley. There couldn't be a spy for mother Tang, and no one could've tipped her off!

Of course, no one told Mrs. Tang. She'd been on the phone with Mengyao before and knew that Lin Yi would be in the valley in a few days, so she'd go to the guest room every day to check if Lin Yi was there.

Mrs. Tang was here today, and she heard that the Grand Elder wanted to trade something with Lin Yi. She didn't care about anything else and yelled at Lin Yi to stop them.

"Oh, I'm the snow Valley's overseer. I'm in charge of looking out for the unfair things that happen in the valley ..." Mrs. Tang was taken aback as well, but she immediately realized that Lin Yi probably didn't know her. After taking the medicine, Lin Yi would forget everything and everyone that happened and appeared with Tang Yun. Other than through Tang Yun, Mrs. Tang had no other interactions with Lin Yi, so naturally, Lin Yi wouldn't know her. She just made up an identity.

"Patrol and monitor?" Lin Yi blinked. What kind of position was that? Why are you acting like a spy? However, Lin Yi didn't really need to look into the settings of the valley. He only said, "Uh ... Then do you think this deal is unfair?"

"Of course it's unfair. It's simply unfair!" Mrs. Tang said indignantly.

"Ugh ... How is it unfair ..." Lin Yi was speechless. It wasn't easy for him to agree on the terms with the Grand Elder, and now this patrol came out. Was he destined to only be able to use a heaven grade weapon to exchange for a single herb?

"Young man, you've suffered a great loss!" Mrs. Tang picked up the mist-type heaven-grade weapon. "This is a good item. If you only exchange it for a stalk of orchid mustard grass and a Water-type heaven-grade divine weapon, you'll suffer a huge loss!"

"Ah?" Lin Yi was taken aback-he'd thought that Mrs. Tang wanted to end the deal because she thought that snowy valley had lost money, but she said she lost money! Lin Yi didn't understand-was this guy joking or was he telling the truth?

"You can exchange it for a stupid herb? That's really too little!" Mrs. Tang shook her head, "from what I know, this orchid mustard Yuling plant just ripened a while ago. There's a total of four of them. You're only exchanging for one? how can that do?" I think if you want to trade, you need at least four stalks of Chinese broccoli and a Water-type heaven-grade divine weapon!"

"Ugh ..." Lin Yi was confused and turned to the Grand Elder.

The Grand Elder was angry when he heard this. Do you think that the orchid mustard grass is sold on the ground? It took decades for a batch of these things to mature, and only four had matured this time. Although she still had some in stock, she was not willing to give up four at once!

"Grand Elder, am I right? Is this the only way to make it fair?" Mrs. Tang turned to the Grand Elder and asked with a smile.

"Forced fairness, of course it's forced fairness ..." The Grand Elder was so angry that smoke was coming out of her head. She really wanted to kick Mrs. Tang out, but it was just a fantasy. She didn't dare to do anything to her!

If anything happened to Mrs. Tang, Tang Yin would have to give up on her cultivation, and the candy girl would come to the valley. The valley couldn't do anything to Mrs. Tang, they had to protect her!

If she were to accidentally break her leg, then the snow Valley would be like yellow mud falling into her pants. Even if it wasn't sh * t, it would still be sh * t! It's hard to explain in the snow Valley! Therefore, even though the Grand Elder was helpless, he could only go against his heart and say that it was fair.

Lin Yi was shocked-he really didn't understand who Mrs. Tang was. No matter how he looked at it, she was just a normal Earth Class practitioner, not to mention that her strength wasn't very stable yet, and she didn't have much attack power. Why would the Grand Elder listen to her?

Chapter 2769 Happy Transaction

Furthermore, he could enter and exit the snowy valley as he pleased. He was not stopped by the other disciples when he entered the guest room and interrupted the conversation between the Grand Elder and the guests. Could it be that the position of the snow Valley's patrol and monitor was a very impressive position?

Mrs. Tang's strength came entirely from the pills she took. She had taken a lot of the Qi gathering pills and Qi gathering pills in the valley, not for the sake of strength, but to live a few more years with Tang Yun, and Rob the valley for a few more years.

"Uh ... This ... Then let's Exchange now?" Lin Yi asked.

"Now, let's exchange!" The Grand Elder nodded.

"Oh, then you guys go ahead. I'm leaving." Mrs. Tang was in a hurry to find Tang Yin after seeing Lin Yi. She knew that the Grand Elder would probably ask Lin Yi to leave as soon as possible after the exchange.

With that, Mrs. Tang left on her own, not even bothering with the Grand Elder.

Lin Yi was even more shocked-wasn't this guy looking down on the Grand Elder?

After Mrs. Tang left, the Grand Elder let out a breath of relief. "Let's go, Mr. Lin. Come with me to the treasure vault and take the items we've exchanged for. "

Grand Elder Zhao had guessed that Mrs. Tang was going to look for Tang Yin, so there was no way she'd let Lin Yi stay in the room. She wanted to follow Lin Yi to the vault and complete the transaction. Then, she would personally send Lin Yi out of the valley to avoid any interaction with Tang Yun!

Originally, only elders and above were allowed to enter the treasure vault, let alone outsiders. But the Grand Elder had to bring Lin Yi along to monitor him.

"Alright. Grand Supreme elder, that person just now ... What is the position of the snow Valley's inspector?" "It seems pretty good?" Lin Yi asked, confused.

The Grand Elder coughed twice, not knowing how to explain. ""She's someone we can't afford to offend. Forget it, let's not talk about her. Her position is very special. Let's go to the treasure vault quickly!"

"Oh ... Okay." Lin Yi saw that the Grand Elder didn't want to talk about it, so he didn't ask anymore. After all, this was an internal matter of the valley, and he couldn't say much as an outsider.

Mrs. Tang left the room and went straight to Tang Yin's room. The guard didn't stop her, and let her in.

Tang Yin had just finished her practicing when she heard footsteps. She opened her eyes and saw Mrs. Tang. "Mom, why are you here?"

"Let's go, Yunyun, mom's bringing you to meet someone!" Mrs. Tang grabbed Tang Yin's hand and walked out the door.

"Ah? Who are you looking at?" Tang Yin didn't know what was going on-what was with her mother today? She had come here in a hurry, but before she could even say a few words, she was already pulling her out.

"You'll know when you get there. If you're any slower, we won't be able to make it!" Mrs. Tang said, preparing to give Tang Yin a surprise.

"Oh ..." Tang Yin's mother pulled her along as they ran.

"You, stop!" Mrs. Tang said as she pointed at a patrolling disciple. She was on her way to the guest room when she stopped.

"Ah ..." The disciple was shocked and stopped in his tracks. Who in the snow Valley didn't know who mother Tang was? Anyone who didn't know Tang Yin would know Mrs. Tang, "Auntie Wang, what's the matter?"

"Let me ask you, have you seen the Grand Elder?" Mrs. Tang asked.

"This ..." The patrolling disciple had indeed seen the Grand elders. However, as a patrolling disciple, he had no right to comment on the whereabouts of these elders. Hence, he was a little hesitant and did not answer.

"You're not going to tell me, are you? You don't want to work anymore, do you?" "I'm sure you've heard of the terrifying legend of me in the valley. They said that I'd rather offend the valley Head than Auntie Wang!" Mrs. Tang glared at her. I think you're trying to offend me? Do you believe that I'll immediately make you scram?"

"This ..." The patrolling disciples were sweating profusely.

"Hurry up and tell me. If someone blames you, I promise you'll be fine. Just push all the blame on me!" Mrs. Tang hmped.

"Yes, I saw the Grand Elder, she went in the direction of the treasure vault ..." The patrolling disciple heaved a sigh of relief after hearing Mrs. Tang's promise.

"Oh, did you go alone or with someone else?" Mrs. Tang continued.

"I went with a young man." The patrolling disciple said truthfully.

"Alright, you can go now!" Mrs. Tang waved her hand, signaling for the disciples to leave.

The patrolling disciple was relieved. He wiped the cold sweat on his forehead and left quickly.

"Old man, I knew you weren't being honest. Come, Yunyun, let's go to the treasure vault!" Mrs. Tang waved her hand and led Tang Yin towards the vault.

"Mom, what are you talking about? What old thing? What's not right?" Tang Yin didn't know what her mother was talking about.

"Oh, you don't have to worry about it. Just follow me." Mrs. Tang said.

"Oh ..." Tang Yin nodded and followed behind her mother.

.....

"Mr. Lin, this is the treasure vault of the snow Valley. After you enter, please do not move around. I hope you can understand." The Grand Elder spoke politely to Lin Yi as she didn't want to get into any unnecessary conflict with him. She wanted to give him something and tell him to get out of here before she ran into Tang Yin in the valley.

"Alright," he said. Lin Yi understood-this was the ancient sect's treasure vault, and it was already a miracle that they let him in. He wasn't going to touch anything he wanted to.

The Grand Elder took out the water element heaven-grade weapon from the Treasury, and then brought out four stalks of orchids,"The item is here. Mister Lin, please inspect it. If you can, leave behind your mist-type heaven-grade divine weapon, and I'll send you out of the valley."

"Okay ..." Lin Yi felt like the Grand Elder was chasing him away, as if he couldn't wait to complete the deal and let him leave. The Grand Elder was polite, and didn't break the contract, so Lin Yi didn't care. He could do whatever he wanted, but he might have other things to do later.

After all, a sect's Grand Elder had a lot of things to do and couldn't be used to receive cultivators who wanted to exchange for treasures.

Lin Yi quickly checked the items the Grand Elder brought over, and nodded,""No problem, a pleasant trade."

"A pleasant deal ..." The Grand elder's expression froze, but he felt that his words were a little forced."Mr. Lin, I'll send you off now."

Chapter 2770 Strange Young Girl

"Alright, thank you." Lin Yi nodded.

The two of them left the treasure vault and walked back the way they came. However, they had only taken a few steps when the Grand elder's expression changed!

Not far away, Mrs. Tang was leading Tang Yin towards them!

The Grand Elder stopped in her tracks, making Lin Yi suspicious. He raised his head and saw the "Snow Valley patrol" who had helped him earlier walking towards him. Beside her was a young girl in white.

She didn't have any makeup on, but her pure beauty made Lin Yi's heart skip a beat.

Just as Lin Yi looked at Tang Yun, she saw Lin Yi as well. Her beautiful face was filled with excitement, and her eyes started to get misty. She immediately lowered her head, afraid that her weird actions would make Lin Yi curious.

Tang Yin didn't expect the person her mother brought her here to see was Lin Yi! Why did he come to the snowy valley? What was he doing here? But it didn't look like he was looking for her, because she could feel that Lin Yi didn't know her.

What a strange girl! Lin Yi saw Tang Yun lowering her head and wanted to take a closer look. The Grand Elder grabbed his hand and said, "Mr. Lin, let's go!"

"Ah ... Oh ..." Lin Yi was pulled quite a distance away by the Grand Elder. The Grand Elder was Sky Class late phase peak, so Lin Yi didn't even have the intention to resist. Even if he did, he couldn't stop.

However, the girl's shadow seemed to have been carved into his heart, and he couldn't get it out. Lin Yi wanted to see the girl's face clearly, so he turned around and saw the girl looking at him.

Their eyes met, but Lin Yi's heart skipped a beat. It was as if they'd met before, like he'd seen this beautiful girl in his last life.

If not, Lin Yi wouldn't lose his composure like this at the sight of a young girl. He didn't even get a clear look at the girl's face, because the girl lowered her head again just as Lin Yi was stunned.

Could this be the so-called love at first sight? Lin Yi was a little confused-he'd never felt this kind of attraction the first time they met before ...

The girl was getting further and further away from Lin Yi's eyes, becoming a black dot. He couldn't see her anymore-the Grand Elder had pulled him away.

"Grand Elder, who's that young lady beside the snow Valley's patrol?" Lin Yi turned around and asked curiously. He had forgotten to check the girl's strength.

The Grand elder's expression changed slightly, and he said in a serious tone, ""Mr. Lin, don't you think that your words are a little impudent? Who she is is our sect's internal affairs, I have no obligation to

answer the secret of the snow Valley, this has nothing to do with you, you only came here to exchange for something, now that you have taken it, quickly leave!"

"I'm sorry ..." Lin Yi shook his head, thinking that he was being too rash. Xue Gu didn't have the obligation to tell him who this person was. Even if they knew who this person was, it didn't have much to do with him. It was a taboo for him to inquire about other people's sects, so Lin Yi decided to just forget about it.

Tang Yin raised her head, tears streaming down her face as she stared at Lin Yi's departing figure, her fists clenched and her body shaking ...

"Yunyun, he's gone. Let's go back." Mrs. Tang sighed, not sure if it was the right decision to bring Tang Yin here.

"En ..." Tang Yin nodded, ""Thank you, Mom. I'm satisfied just by looking at him and knowing that he's doing well now ..."

"Sigh, he came to the valley this time to exchange for something ..." With that, Mrs. Tang told Tang Yin Lin Yi's purpose of coming here. When Tang Yin heard her mother say that the Grand Elder agreed to give Lin Yi four stalks of the plant after her intervention, she couldn't help but laugh ...

"Mom, I want to see him one more time ..." Tang Yin was a little reluctant. Lin Yi should have left the valley by now, but the valley was a naturally formed depression. As long as she stood on the highest peak of the valley, she would be able to see Lin Yi.

"Then let's go," Mrs. Tang was very supportive of Tang Yin. "Go if you want to, I'll be here. Don't worry, if the Grand Elder comes looking for you, I'll cover for you!"

"Yes, Thank you, Mom ..." Tang Yin was very happy. She used to think that her mother had to manage everything and give her random ideas, which made her feel annoyed. But now, she knew how good her mother was to her.

"You don't have to be so polite with your mother." Mrs. Tang said with a smile.

Tang Yun jumped and disappeared from Mrs. Tang's sight, floating to the highest point of the valley. She was already Sky Class early phase now, and because of the inheritance, her path of practicing was unimpeded. There were no obstacles and obstacles, and she reached Sky Class.

Tang Yin didn't even use any pills, and she was already Sky Class-this was naturally due to the inheritance.

Of course, because she was in an ancient sect, Tang Yun knew more things-only when the emotionless technique was trained to the highest level could one reach Sky Class late phase peak. The Grand Elder also trained in the emotionless technique, but because she didn't reach the highest level, her strength was only sky Class late phase peak, not full cultivation.

However, it was said that only completion had a higher chance of reaching the path of the sky-normal Sky Class late phase peak didn't have much hope.

And that wasn't the most important thing. The most important thing was that if the inheritor wanted to do that big thing, they had to have the strength of Sky Class late phase peak to be able to protect themselves. Otherwise, they might be in danger.

"Mr. Lin, I'll stop here. You can leave now." The Grand Elder walked Lin Yi to the entrance of the valley and made an inviting gesture.

"Alright, Grand Elder, please go back. Thank you for seeing me off!" Lin Yi cupped his fists and said politely.

The Grand Elder nodded, then turned around and returned to the snow Valley. However, he whispered to the disciples who were patrolling at the entrance, ""Keep an eye on him and don't let him in again. If he comes in again, inform me immediately!"

"Yes!" The patrolling disciple quickly replied.

The Grand Elder was afraid that Lin Yi would come back, so she'd specifically asked him to come back, but what she didn't expect was that Tang Yun would take the initiative to come out of the valley to see Lin Yi.

Lin Yi stood at the entrance of the valley, next to the car, not leaving immediately.
