Chapter 2771 Love At First Sight

He said to elder Jiao in the Jade space, "Elder Jiao, this is the origin of the mist element, right? If I stay here, will I be able to receive the power inheritance of the mist origin?"

"Oh, it should be possible." Elder Jiao nodded, "In theory, you should indeed go to the origin of the power to accept the inheritance."

"Then can I inherit it now? What should I do to accept the inheritance?" Lin Yi thought that since he'd come to the valley, it'd be best if he could receive the inheritance here. It'd be great if he could, and he wouldn't have to come back again.

"How would I know?" Elder Jiao shook his head. "Accepting the inheritance requires a lot of preparation. My memory isn't working yet, so I'm not sure. It's probably not time yet. If you're in a hurry, you can find a way to accept the inheritance yourself!"

"Uh ... You don't know? it's so much of a scam!" Lin Yi didn't know what to say-if elder Jiao didn't know how to accept the inheritance, then wouldn't he have come for nothing? And the worst thing was, what was he going to do in the future?

How long would he have to wait before he could become a blacksmith and refine jade pendants? Could it be that this jade pendant was a pit that he couldn't get out of even if he jumped in?

"I remember that forgers don't need to cycle their attributes, right? Then why do I have to turn all of them into real attributes?" Lin Yi asked, unwilling to give up.

"It's true that you don't need to cycle, but you can't become a forger if you only have illusory attributes. Out of the three attributes, you have to have at least two real attributes to become a forger. Otherwise, do you think it's so easy to become a forger? do you think that any ordinary person can become one by taking three pills?" "That's a common blacksmith!" Elder Jiao said in disdain.

"Ugh ... That's true ..." Lin Yi blinked, blaming himself for thinking too simply. Elder Jiao was right-if all forgers were void-attributed, then wouldn't they be everywhere?

Lin Yi shook his head and was about to leave when he felt like he was being watched. He turned around and saw a person standing on top of the valley!

She looked just like the beautiful girl who had been standing beside the snow Valley's patrol!

Lin Yi was a little surprised. He felt that something was off. He reached out his hand and waved at the girl.

Tang Yin wasn't expecting Lin Yi to suddenly turn around and look at her, and her heart skipped a beat. She just wanted to stand there and look at Lin Yi quietly. She didn't want Lin Yi to notice her, but she suddenly remembered that she was standing very far away. Lin Yi wouldn't be able to see her clearly. So, Tang Yun smiled at Lin Yi. Her smile was like a Snow Lotus in the wind, soft and beautiful, forming a sharp contrast with her cold appearance.

Only in front of Lin Yi was Tang Yun passionate. Other times, she was cold in the valley. Even in front of the Grand Elder, she was still cold.

That faint smile was like a sharp sword, piercing deep into Lin Yi's heart. Although he couldn't see the girl's face clearly, this smile made Lin Yi feel that it was especially beautiful. The coldness of the snow Mountain seemed to melt in an instant.

However, the girl left in a flash after smiling, leaving behind the empty Snow Mountain and Lin Yi's beautiful reverie.

Lin Yi shook his head and got in the car, driving away from the valley. He thought about Xinyan's condition and put the girl to the back of his mind for now. Love at first sight couldn't compare to the love he had for Xinyan, after all. He had to get back as soon as possible.

Lin Yi's car was on the way back, and Tang Yin went back to her room. From now on, the two might never cross paths again. Tang Yin saw the Lin Yi now, and although she missed him, she was satisfied.

The car sped along the empty road when suddenly, two people appeared not far from Lin Yi's car! Two people in black!

Lin Yi quickly stepped on the brakes and stopped the car.

The two men's faces were obviously cold, and what made Lin Yi frown the most was that they were both Sky Class early phase Masters! Lin Yi wouldn't have it easy even if he ran into them with his car-the guy could probably destroy his car with a single move.

He had bad intentions! That was Lin Yi's first thought-the two clearly weren't hiding their strength, and they were showing off all their Sky Class early phase strength. They stood in the middle of the road with an air of dominance, clearly trying to stop Lin Yi's car.

He didn't know when he'd made an enemy like this, but Lin Yi was a little confused. Lin Yi had never seen these two before, from their appearance to their attire. He didn't know where they came from, and most importantly, why were they on his way home from the valley!

If they wanted to find trouble with him, why didn't they go to Songshan or Donghai?

Or, were these two people here to Rob people? were they here to Rob the cultivators who had returned from the snow Valley?

The last possibility was very high. After all, most of the cultivators who went to the valley were there to exchange for treasures. There were two Sky Class rogue cultivators here, blocking the road and robbing them. It was reasonable to take some good things.

Lin Yi took a deep breath and got out of the car. It was useless for him to drive away from these two robbers since they were no slower than a car. He could only choose to escape on foot or fight them.

But now it seemed like Lin Yi didn't want to leave the car and run on foot-there was a heaven grade weapon in the car, after all, and four of Wang Xinyan's medicine-what if someone took all of them away?

Plus, in Lin Yi's subconscious, these two were here to Rob him, so he couldn't run away! However, Lin Yi was confident that he could escape. The two Sky Class Masters weren't that far off from him.

When Lin Yi was Mystic, his speed wasn't much slower than the rock Candy Girl, and he could barely catch up with her with his butterfly steps. Now that he was stronger, his Qinggong was naturally better as well, and it wasn't hard to escape from these two Sky Class Masters.

"What are you two doing?" Lin Yi looked at the two coldly.

"Don't you know what I'm doing?" One of the two Sky Class Masters, the one with short hair, hmped and sneered, "Don't say that you don't know us!"

"He knows you? What do I know about you?" Lin Yi froze.

Chapter 2772 I Don't Know You

He looked at the two men in Black in front of him with a strange expression. From their tone, why did it sound like they were here to seek revenge and not to Rob him?

"Brat, you're really good at acting. You've annihilated three experts of our yellow spring sect, but you're still pretending that nothing has happened. You have a strong mental strength. I have to say that you're good at acting!" The short-haired man sneered, ""But there's no point in pretending. I have your picture and I know your car. You're Lin Yi, right?"

"Ah?" Lin Yi was even more stunned-this guy knew his name? Lin Yi thought that they were just scaring him to build a better foundation for their future robberies, but he didn't expect this person to call out his name!

"Blood-clad yellow spring sect?" Lin Yi frowned-he'd never seen anyone from this sect before, and even if he'd heard of them, he had no enmity with them. He didn't know when he'd messed with this force.

"Brat, you're still pretending?" The short-haired man looked at Lin Yi's confused face and was getting impatient, "It's useless no matter how much you pretend. I'll kill you today and take revenge for the elites our sect has lost!"

There were three Mystic late phase peak Masters from yellow spring sect who died on the way to assassinate Lin Yi. Of course, they weren't killed by Lin Yi, but by Qing. However, Tang Yun was with them at the time, so Lin Yi chose to forget this part of his memory.

What Lin Yi didn't know was that the three Mystic late phase peak Masters thought that Lin Yi had killed their fellow sect member, so they came to take revenge!

Of course, there were also rules to revenge. Although the blood-clothed yellow spring sect was a solitary sect, and its strength was no weaker than an ancient sect, it still had to follow the rules and not kill people randomly in the secular world.

Lin Yi didn't leave the secular world and went to an unpopulated area, so the blood-clothed yellow spring sect couldn't kill him casually. Otherwise, they would ignore the restrictions and rules of the ancient times and the other ancient sects would join forces to cause trouble for them!

After all, the blood-clad yellow spring sect wasn't as powerful as the five elements sect or the everyday and every day sect, which could stand above the ancient level.

Therefore, even if Lin Yi went to the ancient tomb, they didn't make a move because it was still within the city's territory. Only the snow Valley was truly uninhabited, and only then would the blood-clothed yellow spring sect dare to take revenge without any restraint!

"Oh ..." Lin Yi saw that the short-haired man didn't want to explain, so he didn't ask anymore. He activated the wild fire Fist and used the seventh form of the wild fire Eight Trigram palm on the short-haired man's chest, ""The seventh style of the wild fire Eight Trigrams palm!"

"Bang!" With a loud bang, the short-haired man was sent flying by Lin Yi without any warning. He didn't even make a sound. When he landed on the ground, he was dead. His chest was burnt black, and there was a palm-shaped black hole in it. All his organs were burned. It was terrifying.

A Sky Class early phase master was killed by Lin Yi just like that, and this made the other Sky Class early phase master beside the short-haired man stunned. He looked at the scene in front of him, not understanding why the kid was so strong.

Before taking revenge, the sect did a thorough investigation-they were a sect that prioritized profit above all else, and if it was difficult to take revenge, they'd rather not do something stupid like that. Not to mention, Lin Yi could kill a Sky Class master so easily!

But, according to the investigation, Lin Yi was only an Earth Class-he was a lot stronger than when Qibing hired the killer, but he was still an Earth Class. Two Sky Class early phase Masters surrounding him, wouldn't that be easy?

Who would've thought that the guy would kill One Sky Class early phase in one move, and the other one was covered in cold sweat, subconsciously reaching for his chest!

However, in the next moment, Lin Yi's eighth style of the raging fire Eight Trigram palm was coming at him! Although the eighth stance used up more energy than the seventh, using it twice in a row was too much for Lin Yi.

This sort of targeted attack was a world of difference from empty firing. Firing it into the air did use up some Qi, but it wasn't as bad as this.

The reason why Lin Yi used the eighth form was also because of the connection. Although it consumed more energy, he was able to use it successfully. If he rested for a while, Lin Yi knew that he wouldn't be able to use the raging flame Bagua Palm anymore.

Even the 7th style wouldn't work-he couldn't use it two times in a row without a break, so it was better to use it all at once. Although it would exhaust his stamina, it wouldn't be too dangerous. After the other Sky Class died, he could rest as much as he wanted.

And so, Lin Yi used the eighth style of the palm in one go, directly hitting the other Sky Class early phase's chest!

The eyes of that expert were filled with shock and fear, and he even forgot to Dodge. Before he died, he only shouted, "Lin Yi tried to kill me!"

Then, his voice stopped abruptly as he was sent flying by Lin Yi's slap. He was in a worse state than the short-haired practitioner from before, with a huge hole in his chest. His clothes were on fire, and smoke was still rising after he landed ...

In fact, the Sky Class early phase could've attacked Lin Yi when he wanted to run away or when Lin Yi killed the short-haired guy, but he assumed that Lin Yi was strong and that he wasn't someone he could win against. He lost his strength before the fight, and that was what caused the tragedy of Lin Yi killing him.

Lin Yi wasn't too happy about killing two Sky Class early phase Masters-he fell to the ground, his clothes completely soaked. The seventh and eighth forms had used up all of his Qi, and he almost lost a level.

And so, after making sure that the two Sky Class Masters were dead, Lin Yi fainted and entered the Jade space to recover.

No matter what, the trouble was over for now, but Lin Yi was still confused. What kind of enmity did these two people from yellow spring sect have with him? At first, Lin Yi guessed that the Grand Elder was behind this-only he knew about the items he'd exchanged in the valley, and only the Grand Elder would know his name and Rob him.

Chapter 2773 Can't Get Rid Of

But on second thought, it didn't seem possible. The Grand Elder didn't need to do that. If he wanted the gun, he could've just taken it back in the valley and killed them. It would've been much easier than now. Lin Yi could see that the Grand Elder didn't want to kill him, either.

If that was the case, this yellow spring sect might really exist, but who was the master talking to when he shouted "Lin Yi will kill me" before he died? Could it be that he had some kind of communication device on him? Did he report it to his headquarters?

However, all these were secondary. When he returned, he would ask boss Bai about the blood-clad yellow spring sect when he had the chance. Boss Bai was once the sect master of the five elements sect, which was even higher than the ancient level. If this organization really existed, he should know something about it.

Lin Yi was quickly recovering his strength, but he didn't know that in the distance, another Man in Black was running towards him at full speed!

Yellow spring sect usually had three people on a mission, and this Man in Black was the leader of their group. He didn't come when they ambushed Lin Yi, since he thought that Lin Yi was an Earth Class master and two Sky Class early phase Masters were enough to kill him. But he didn't expect that the last message he received was "Lin Yi, kill me."

He couldn't believe it, but he couldn't contact them anymore. Their communication signal was cut off! The Man in Black hurriedly rushed to the scene of the incident! His steps were fast, his brows were furrowed and his eyes were cold. He was one of the Golden assassins of the blood-clad yellow spring sect, a Sky Class late phase!

An assassin of this level wouldn't normally kill a normal target-Lin Yi was an Earth Class, after all, and he didn't need a sledgehammer to crack a nut. There was no need for him to do something that his two team members could do!

So, he waited in the nearest town. Before this, he was having fun on a prostitute's stomach, but he suddenly heard bad news ...

But even so, he still couldn't believe that two of his members were killed-it wasn't realistic, it was beyond his knowledge-how could an Earth Class kill two Sky Class early phase Masters? Unless he had an accomplice!

Lin Yi quickly recovered his strength, but before he could fully recover, he sensed that someone was coming. Someone was running towards him at an extremely fast speed, but this person was still far away from Lin Yi, so he couldn't tell his level.

He wasn't sure if they were friend or foe, but it was most likely not a friend. Especially after what the Sky Class master said before he died, it gave Lin Yi a bad feeling ...

As expected, Lin Yi's Jade sent out a strong warning signal when the person was getting closer! It seemed that this person was very dangerous-the Jade wouldn't have given such a strong warning if it weren't for the fact that Lin Yi's life was in danger.

Lin Yi couldn't help but complain in his heart. His strength and Qi had just recovered a little bit, and it was impossible for him to use the seventh or eighth style of the palm. He could only use the fifth style, or maybe even the sixth style would be a bit difficult.

He didn't even want to think about using a true energy bomb. Firstly, he didn't have the time to compress it. Secondly, the true energy in his body wasn't enough.

Five hundred meters away from Lin Yi, a dark shadow quickly ran over-Lin Yi saw the person's strength clearly, it was Sky Class late phase!

Lin Yi's heart skipped a beat-wasn't this asking for his life? Not to mention a Sky Class late phase, he wouldn't even be a match for an early phase Sky Class! With his current situation, he could barely fight someone of the same level.

The best strategy was to leave. Lin Yi stood up and ran when the person got close to him, not caring about his car at all. As long as he was alive, there would be hope. If he died, the treasures and sky-grade weapons in the car would end up in someone else's pocket. So Lin Yi didn't think much and just ran.

The Man in Black was surprised when he saw Lin Yi suddenly stand up and run, but he didn't hesitate. He didn't even look at the two bodies on the ground or Lin Yi's car as he chased after Lin Yi!

His mission was to kill Lin Yi. As for what was in Lin Yi's car, he didn't know or care. As for the bodies, they were in the wilderness, no one would pass by. It wouldn't be too late to collect the bodies after killing Lin Yi!

Lin Yi didn't dare to be careless-this was Sky Class late phase, after all! He had the advantage in speed after using the butterfly steps, but he couldn't be careless-who knew if this person knew Qinggong as well?

If he knew Qinggong as well, even if it was Yu Xiaoke's weak Qinggong, he would be screwed. Sky Class late phase, they weren't on the same level in terms of pure energy. If Lin Yi couldn't get rid of the people behind him, he would be killed sooner or later.

"

After about ten minutes, Lin Yi felt like he had shaken off the people behind him. He'd seen the girl's Qinggong before-even she wouldn't be able to catch up to him with his current speed!

However, when Lin Yi turned around, he jumped in shock! The Man in Black was still following behind her, and although the distance was still the same-they weren't getting any closer, but a bit further. This

was the result of Lin Yi's power-up, and Lin Yi couldn't be in that state forever, so the distance between them was a bit further. It wasn't something to be happy about-the Man in Black could easily make up for it!

Of course, what shocked Lin Yi the most was the speed of the Man in Black. He'd used the butterfly steps, and in theory, there was no way the guy could catch up to him, but Lin Yi hadn't shaken him off yet-this was too strange!

Lin Yi was sure that this guy had some sort of secret technique-otherwise, he'd be able to escape even if he couldn't beat a Sky Class late phase, but this guy seemed to be at the same speed as him, and he couldn't get rid of him.

But Lin Yi had no other choice. He didn't care how his opponent was catching up to him, he could only run as fast as he could. He felt his Qi slowly fading away, and he was worried. Although he didn't use any martial arts, using Qinggong to run at such a high intensity was extremely exhausting!

Chapter 2774 Escaping To The Snow Valley

Lin Yi didn't have time to stop and replenish his energy. He was sure that if he stopped, the enemy would catch up!

"Why are you chasing me?" Lin Yi's mind was racing to think of a solution. Was he going to waste his last trap? Lin Yi didn't want to give up-it would've been fine if it was some deep enemy, but this guy was completely out of the blue!

Lin Yi was sure that the Man in Black was with the two Sky Class early phase Masters from before-there was no reason for them to chase after him. But even if they were in the same group, Lin Yi didn't have anything to do with the blood-clothed yellow spring sect.

"You killed my fellow disciple. If we don't take revenge, how can we still have the face to stand in the world of cultivators and assassins?" The Man in Black's cold voice was heard. It was flat and did not have the slightest fluctuation. It was as if he had run for so long and did not consume any energy at all."Lin Yi, don't waste your time-I'll catch up to you sooner or later, and you're just an Earth Class late phase-you won't be able to run away. I'm just curious, how did you kill my two fellow disciples? You have a helper?"

This was what the Man in Black couldn't figure out-when Lin Yi was running, he'd already revealed his strength as an Earth Class late phase. He didn't believe that Lin Yi was still hiding his strength at a time like this, and if that was the case, then the deaths of his two fellow disciples would be a little strange. As far as he was concerned, there should be someone helping Lin Yi.

But, if Lin Yi had help, then what was he resting on the ground for? Where were the others? They'd been chasing for so long, and Lin Yi hadn't called for help-this made the Man in Black even more confused.

"First, tell me why you want to kill me. Then, I'll tell you how they died." Lin Yi said.

"You don't know why I want to kill you?" The Man in Black was stunned. He didn't think that Lin Yi would deny it at this moment. After all, it didn't matter if he killed one or two. There was no need for him to hide the fact that he killed the three Mystic class assassins. Could it be that Lin Yi didn't kill the three of them? someone else?

"I've never even heard of you guys before. It's true that I killed those two, but I really don't know when I made you guys my enemies." Lin Yi said with a bitter smile.

"Is that so?" The Man in Black didn't say anything, but he was even more suspicious that the three men didn't die in Lin Yi's hands. He planned to investigate it in detail when he got back, but he didn't plan to let Lin Yi go, "Since you've killed two of my teammates, you'll have to pay with your life!"

"..." Lin Yi was speechless. What kind of logic was this? if the two didn't stop them, Lin Yi wouldn't kill them, but now that the enmity had been formed, and the other party didn't mention what happened, Lin Yi could only brace himself and continue running.

"Lin Yi, don't think you can escape just because you have Qinggong. It's useless." The Man in Black said faintly, as if he was confident in catching up to Lin Yi.

Of course, Lin Yi knew that the Man in Black was telling the truth. With Lin Yi's current running style, he could only last a day at most before his pure energy ran out. At that time, he would be at the mercy of the Man in Black.

No, this can't go on. If this goes on, the only result will be death.

Gritting his teeth, Lin Yi decided to take a gamble. He suddenly changed his direction, but of course, he didn't change it all at once. He made a slight change, or else the Men in Black behind him would change their direction and shorten the distance between them. Lin Yi didn't want to take the risk.

Lin Yi had to adjust his direction bit by bit, so the man could only follow behind him.

Obviously, Lin Yi's plan was very successful. Although the Man in Black was strong, he was no match for Lin Yi when it came to walking in the jungle. Lin Yi, who had rich experience in luring enemies in a

primitive forest, successfully made the Man in Black run around with him and change the direction of his escape!

This time, Lin Yi's target was the snow Valley! Yes, the snow Valley was the closest place to this place. Lin Yi had no choice but to use this method!

As far as Lin Yi was concerned, the Man in Black was from some blood-clad yellow spring sect, but even if he was from an ancient sect, they couldn't just go against another ancient sect, could they? Once he entered the snowy valley, he would be temporarily safe.

He wasn't afraid that the Man in Black would wait for him at the entrance of the valley. At that time, he could compress a true energy bomb in the valley and blow up the Man in Black at the late stage of the heaven realm. Even if he didn't die from the explosion, he could at least cripple him.

Lin Yi was afraid that the man would just follow him into the valley-it wasn't impossible.

If that was the case, Lin Yi hoped that the people of the valley could help him resolve this crisis. Although he knew that he would have to pay a higher price if the valley helped him, and the Grand Elder might ask for the treasures and sky-grade weapons back, Lin Yi had no choice. He just had to hold back his bottom line and get one of the herbs. As for the other things, it didn't matter if he returned them. Who asked him to be so unlucky? What if he ran into three lunatics?

Lin Yi was running in front, and the Man in Black was chasing behind. Lin Yi ran into the range of the snow Valley, and this made the Man in Black frown!

Although the blood-clad yellow spring sect was one of the sects that were on par with the ancient sects, they still had some scruples about killing people in other ancient sects. After all, they were in the wrong no matter what. Although the people they killed weren't from the snow Valley, they would definitely pay a certain price for the blood that was spilled in other sects.

Of course, the Man in Black only frowned but didn't stop. His purpose of coming here was to kill Lin Yi, but now that two of his teammates were dead, he had no other choice. If he returned without any results, old ancestor yellow spring of the blood-clothed sect wouldn't let him go easily!

Not only did he fail to complete the mission, but two people died. What kind of leader was he? If he broke into the snow Valley and killed people, the most he could do was to compensate the snow Valley. This matter would be forgotten and it would not bring any negative impact.

After all, he was not killing people from the snow Valley. Everyone was an existence of the ancient level, and they would not fall out over such a small matter. As long as they did their part, the snow Valley would not say anything.

Chapter 2775 Ignore

And so, the Man in Black chased after Lin Yi without any hesitation.

Lin Yi couldn't help but sigh as he watched the black-clothed man enter the valley with him. This guy really didn't want to let him go, even entering the valley. It seemed like he was from a very powerful ancient sect. Otherwise, he wouldn't be able to ignore the reaction of the valley.

One of the patrolling disciples saw Lin Yi and the Man in Black running into the valley and was about to stop them for questioning, but he was only Mystic mid phase-he was no match for Lin Yi and the Man in Black at all. Before he could even get to them, they were already gone!

Even if he was Sky Class, he wouldn't be able to catch up to Lin Yi and the Man in Black, let alone a Mystic.

The patrolling disciple hurriedly pressed the emergency communication device that he carried with him. Usually, emergency communication devices were not easily used in the snow Valley. Many of these ancient sects still maintained the tradition of sending messages on foot. Only in an emergency would they use this modern communication device!

"I'm patrolling disciple 14. I saw two people barging into the valley one after the other, and they're heading towards the entrance! Your identity is unknown, please intercept them quickly!" The patrolling disciple said in a hurry.

The disciples patrolling the valley heard the call and quickly gathered towards the entrance, but Lin Yi and the Man in Black were too fast. The two of them, one in front and one behind, rushed into the gate before the disciples could gather!

It'd been so many years, and no one had ever come across someone who'd just barged into an ancient sect like this before-and so Lin Yi's appearance caught the patrolling disciples off guard, not knowing what to do.

They wanted to stop them, but they didn't dare-one was Earth Class late phase, and the other was Sky Class late phase. Most of the patrolling disciples were Mystic class, so how could they fight Lin Yi and the Man in Black?

Moreover, the speed of these two people had already reached the peak. Even if they wanted to stop them, they couldn't. They could only stare at the two of them as they entered the snowy valley!

However, the person who had seen Lin Yi under the Grand elder's special orders recognized him immediately. He took out his communicator and called the Grand Elder, ""Grand Elder, bad news, the Lin Yi you mentioned is back, but he ran too fast, we couldn't stop him in time, and he broke into the valley ..."

"I got it!" The great elder had already known about the chaos at the entrance-as a Sky Class late phase peak, and with the valley patrol disciple 14 's report, she'd reacted at the first moment.

However, she didn't think that it would be Lin Yi. She was about to go and meet the two people herself, but when she heard the patrolling disciples say that it was Lin Yi, she hesitated. She decided to see what happened first!

With a leap, the great elder stood at the highest point of the valley, where Tang Yun was standing before. From here, with the great elder's Sky Class late phase peak eyes and ears, he could see everything that was happening in the valley.

When she saw the person chasing Lin Yi, she paused, "An assassin of the blood-clad yellow spring sect? When did Lin Yi offend them? And a Sky Class late phase? Lin Yi actually ran this far to lure him here?"

However, the Grand Elder had no intention of stopping him. Instead, he ordered all the disciples in the valley, ""Don't move, let them run down. Get out of the way!"

Although the Grand elder's order made the disciples of the snow Valley somewhat puzzled, why did they let these two people break in? however, the Grand elder's order was like an imperial edict in the snow

Valley, and it was more effective than Xue Li's words. So, the disciples who were about to stop them all stopped.

The Supreme elder made up his mind at this moment. He wouldn't do anything and let Lin Yi die on his own. No matter what kind of grudge he had with the blood-clad yellow spring sect, he could use the sect to kill Lin Yi and make Tang Yun give up on him!

Therefore, the Grand Elder was watching the show leisurely as Lin Yi was being chased by the Men in Black.

Mrs. Tang was talking to Tang Yin in her room when she heard the commotion outside. She frowned. "The disciples of this snowy valley really have no quality. Don't they know that this is your cultivation place? And you even made such a big commotion, you really don't want to live anymore!"

"It's fine, mom, maybe it's something ..." Tang Yin shook her head.

"Hmph, they're lucky. I'm happy today. Otherwise, I would've gone out to teach them a lesson!" Mrs. Tang hmphed.

Tang Yin's family came to the valley later, so they didn't have the Valley's communication device. The valley didn't usually use it, and even the messengers were usually passed on by the disciples themselves, so Tang Yin never asked. Otherwise, Mrs. Tang would've gotten her something so fun that she could remotely control the disciples. How cool would that be?

And because of that, Mrs. Tang and Tang Yin didn't know that the commotion outside was caused by Lin Yi ...

Lin Yi was puzzled as he ran-why was there so much commotion when he first entered the valley, as if they wanted to stop him, but now there was no movement? The disciples that were supposed to be there were nowhere to be seen, not even the Grand Elder. Lin Yi didn't know what was going on, but he had a bad feeling!

Could it be that this person was really sent by the Grand Elder to kill him? Otherwise, why would he and the black-clothed man run wildly in the snowy valley without anyone caring? Could it be that the Grand Elder had fallen asleep at this time?

Logically speaking, even if the disciples didn't report it, the Grand Elder should've been able to sense it with her Sky Class late phase peak strength. But there was still no movement, so Lin Yi could only assume that.

At that thought, Lin Yi started regretting his decision-he wouldn't have led this man to the valley if he'd known. Wasn't that like sending a sheep into a Tiger's mouth? In the next moment, Lin Yi had the thought of leaving. He wanted to lure the man out of the valley and use the sky Net!

It was the last trap, but Lin Yi didn't care about the heartache-he didn't even know if he'd make it out of the valley! Lin Yi didn't dare use it in the valley-he was afraid that even if he used it to cover the man, a few Sky Class Masters would come out and kill him. He'd be helpless then.

Chapter 2776 Lightning Gale Boots

However, it wasn't easy to get out of the valley. Lin Yi ran in from the entrance, and he could only continue running forward. He couldn't turn back, and he'd run into the Man in Black if he turned around. He could only circle around the valley and run out.

And so, Lin Yi tried his best to run to the edge of the valley, planning to go around in a circle and run out through the gate ...

However, Lin Yi's sudden change in route made the Grand elder's heart skip a beat. He almost exploded!

The direction Lin Yi was running in was where Tang Yun was training. If Lin Yi kept running, he might be able to lure Tang Yun out! It wouldn't be a big deal if Lin Yi saw Tang Yin-he didn't know her, but what if she stood up for him? she was just a Sky Class early phase-how could she fight this Sky Class late phase man? If anything happened to Tang Yun, the Grand Elder would regret it!

Thinking of this, the Grand Elder didn't dare to watch the show anymore. He flew down from the highest peak of the snow Valley and floated towards the black-clothed man. Without saying anything, before the black-clothed man could react, a snow-white jade Ruyi scepter appeared in front of him. The Jade Ruyi scepter instantly enlarged and turned into a huge misty white color, enveloping the black-clothed man. The next moment, the Jade Ruyi scepter returned to the Grand elder's hand, and the black-clothed man turned into a snow sculpture. His entire body was covered in mist-type crystals. He fell to the ground with a loud bang and lost all signs of life ...

This Jade scepter was naturally the Grand elder's heaven-grade weapon. It was also a water element heaven-grade weapon, and although it could be quite effective with her mist element Arts, it was still a little weaker than the mist element heaven-grade weapon that Lin Yi had brought.

But the Grand elder's strength was there for all to see. With a raise of his hand, he could kill people invisibly ...

The Man in Black chased after Lin Yi like a cat chasing a mouse. In his opinion, Lin Yi would be exhausted and eventually caught by him. Moreover, when he ran into the snow Valley, from the initial obstruction of the disciples to the later where no one was interfering, it made the Man in Black think that the snow

Valley was giving face to the blood-clad yellow spring sect, allowing him to chase Lin Yi here without being interfered with. The Man in Black was very pleased with himself, but he didn't expect to die with a Jade Ruyi scepter!

However, his death was quick. He was frozen to death in an instant, and there was no pain.

The Grand elder's sudden appearance and attack stunned Lin Yi. He looked at the dead man in Black on the ground and realized that he was wrong. This man wasn't from the valley! Otherwise, no matter how generous the valley was, they wouldn't be able to kill a Sky Class late phase so easily!

In fact, the Man in Black didn't die for no reason-he was a Sky Class late phase, only a small class away from the great elder. If the two were to fight fairly, even if the man couldn't win, he might not be killed instantly-he could at least run away.

But now, he thought that the valley had given him face. Lin Yi was running in front while he was chasing from behind. He wasn't on guard at all, and the Grand Elder used a divine weapon. The Man in Black didn't even take out his weapon. He died just like that!

However, in reality, even if he took out a heaven-grade divine weapon, it would be useless, because his divine weapon could not be used to attack! Sky Class late phase was strong, but he wasn't as strong as normal Sky Class late phase Masters-he was relying on another ability!

Otherwise, with his Sky Class late phase strength, he wouldn't be able to team up with two masters who were so much weaker than him to kill Lin Yi.

Now that the Grand Elder had made his move, the other disciples of the snow Valley naturally could not sit by and do nothing. They all rushed over to this side ...

"What's that noise? why is it so noisy?" Mrs. Tang was starting to get angry-it wasn't easy for her to talk to her daughter in private, but there was a lot of noise coming from outside the room. The snowy valley was originally quite quiet. What was going on today?

"Mom, maybe it's something important, don't worry about it ..." Tang Yin didn't care.

"No, I have to go out and take a look!" Mrs. Tang stood up and walked out of Tang Yin's yard with a frown on her face. She wanted to see who was the one making the noise and extort some money for Lin Yi ...

Lin Yi only came back to his senses when the disciples surrounded him. He looked at the Grand Elder in disbelief, confused and confused about what had just happened. Why did the Grand Elder suddenly attack without making a sound? Why didn't he make a move earlier?

Lin Yi couldn't understand!

"Many thanks for Grand elder's rescue!" But no matter what, the Grand Elder had saved his life, so Lin Yi cupped his fists and thanked her.

"En ..." The Grand Elder hmphed faintly. She didn't want to save Lin Yi in the first place, and she was forced to do so. "It's nothing. He's already dead. You can leave in peace!"

"I'm really grateful!" "But, can I ask Grand Elder to tell me what kind of sect this blood-clad yellow spring sect is?" Lin Yi asked. Why are they hunting me down?"

"What? Why are they after you? You're asking me this, but who should I ask?" The Grand Elder paused and looked at Lin Yi, confused. "The blood-clad yellow spring sect is an assassin organization. Of course, they're different from the assassin organizations in the secular world. They're also the kind of organization that takes people's money to eliminate disasters for them. However, they only take on the task of assassinating cultivators. If the other party is not a cultivator, they won't do it if they're ordinary people. This is the rule set by the ancient peak gathering."

"An assassin organization?" "So, someone hired an assassin to kill me?" Lin Yi asked, stunned.

"Maybe. Or maybe you killed their people by mistake, so they're here to take revenge." The Grand Elder explained.

"Accidentally killed their people?" Lin Yi couldn't remember who he had killed by mistake, to be able to offend such a mysterious organization. He was familiar with the assassin organizations in the secular world, but this was a practitioner-level one. According to the Grand Elder, the two levels of assassin organizations were completely unrelated, so Lin Yi didn't have any interactions with them. Why would he offend them?

"En, alright, you should go back now-since you've provoked them, you have to be careful. They lost a Sky Class master and failed to kill you this time-they might let it go, but they might also come for revenge. You should go back and prepare." The Grand Elder said indifferently.

"Worse?" Lin Yi's face changed.

Chapter 2777 Mrs. Tang Is Back

How could one of the other party be dead? They had lost three Sky Class Masters-how many Sky Class Masters could an ancient sect have? Most of them were less than two digits. Three people from the blood-clad yellow spring sect had died at once. They could only swallow this insult if they had no successors. If there were still experts, how could they not take revenge on him?

"That's right, but they've lost some people. Perhaps they're afraid of you, so they can take action in other ways, such as taking revenge on your family!" The Grand Elder said, "I can take action once, but I can't do it a second time. Although it usually takes a long time for them to take revenge, usually half a year to a year before they make a decision, and the places they take action are often in the wilderness and far away from people, we can't rule out the possibility of accidents happening when they are angry. So you'd better go back and prepare quickly!"

"Ugh ..." Lin Yi didn't think he'd messed with a sect like this. He smiled bitterly, "Didn't they only kill cultivators? My family members aren't cultivators, why would they attack me?"

"Just because they only take orders to assassinate cultivators doesn't mean they don't kill ordinary people. Retaliating against others and taking orders are two different things." "The agreement at the ancient summit only forbade them from taking any orders to assassinate non-cultivators," the Grand Elder said indifferently. "We didn't restrict them to anything else. So, you should go back!"

The Grand Elder kept urging Lin Yi-she couldn't force him to leave, so she could only scare him a little. It'd be troublesome if Lin Yi got suspicious.

"No professional ethics at all ..." Lin Yi was helpless, but the other party was an assassin. There was no way to play by the rules with them, so Lin Yi was helpless. He only hoped that the yellow spring sect would be scared and stop.

The Grand Elder turned around and saw that more and more disciples were gathering around. He ordered a few of them, ""You guys carry this body down first, but take off his shoes, don't break them!"

"Yes!" A few disciples of the snow Valley quickly responded. Although they did not know what the Grand Elder wanted to do by removing the shoes from the corpses, they still did as he said ...

"This pair of shoes?" Lin Yi looked at the man's feet, confused. He then turned to the Grand Elder.

The Grand Elder didn't want to explain at first-she just wanted to get Lin Yi out of the valley, immediately! This place was too close to where Tang Yun was cultivating, and she was afraid that something unexpected would happen to her when she came out!

However, she had to get Lin Yi to leave as she wished. She was afraid that Lin Yi would continue to ask her questions, so she explained quickly, "This shoe is actually his heaven-grade divine weapon!"

"Ah? His shoes are his divine weapon?" Lin Yi blinked, looking at the shoe the disciple was holding.

"That's right. These shoes are called the lightning-chasing Gale boots, and the martial art that this person practices is called the lightning-chasing Gale technique. It is a profound Qinggong that complements each other. After cultivating it, one can walk as if they are flying. Although it doesn't have any offensive ability, it is a great weapon for tracking and escaping!" The Grand Elder explained. She was telling the truth because she didn't think Lin Yi would be able to take the shoes for himself. After all, she was the one who killed the Man in Black, and it was in the snow Valley. She helped Lin Yi kill his enemy, so there was no way Lin Yi would want the boots back.

"Oh, I see." Lin Yi looked at the boots enviously, but he didn't want to take it, ""If that's the case, then I won't disturb Grand Elder any further. Thank you for today's matter!"

"En ..." The Grand Elder was overjoyed. He sang in his heart, "let's go, let's go. Our meeting is like a gust of wind ..."

However, just as Lin Yi was about to leave, a loud voice came, ""Wait a moment!"

Then, the disciples who were surrounding Lin Yi and the Grand Elder all made way for them. Lin Yi turned around, stunned. Who else could it be if not the inspector from before?

"You little brat, what are you holding in your hand? why don't you show me what you're holding before you leave?" Mrs. Tang pointed at the disciple with the Greaves. "Didn't I tell you? If something good is sent to the snow Valley, you have to tell me at the first moment? I think you didn't take my words seriously?"

"Uh ... This ... Auntie Wang ..." It was supposed to be an honor for the disciple to be able to do something for the Grand Elder. The other disciples were envious, but in the blink of an eye, they were no longer envious. They were all scared. Luckily, they were slow just now, or they would have been the one getting scolded by Mrs. Tang.

"Cough cough ... The lightning-chasing Gale boots belong to the Man in Black and not the snowy valley!" The Grand Elder cursed in her heart. What was supposed to come had come, but luckily, it wasn't Tang Yin. She only wanted Mrs. Tang to go back and Lin Yi to get lost, so she explained for the Man in Black.

"Oh, you don't have to say anymore. I heard everything just now!" Mrs. Tang said with a wave of her hand. She'd heard the Grand elder's words from a distance, "This pair of lightning-chasing Gale boots is a good item. Since it doesn't belong to the snow Valley, I'll give it to you!"

With that, Mrs. Tang snatched the boots from the disciple's hands and gave it to Lin Yi. The disciple didn't dare to say anything and only looked at the Grand Elder in fear.

The Grand Elder was so angry that he almost flew into the sky. His face was dark and ugly.

"This ... This won't do. This person was killed by the Grand Elder. Furthermore, I'm already very grateful for the Grand elder's help. How can I accept this boot?" Lin Yi waved his hand, "senior, thank you for your kindness!" Why don't you take this, senior? if you encounter any danger, you can escape and save your life!"

Lin Yi saw that Mrs. Tang was a very kind person, always thinking about him, but she seemed to be a little weak. He wanted her to keep the boots for herself.

"Oh, I'm here. No one would dare to kill me. You can take it. Didn't you offend the blood-clad yellow spring sect? When they come to find you, you can escape!" Mrs. Tang said indifferently.

"That's right. I got it from the man of the blood-clad yellow spring sect. If he sees it, it will cause unnecessary trouble. Therefore, it's safer to keep it in the snowy valley!" The Grand Elder quickly added.

"If they didn't see it, wouldn't they have guessed that it was Mr. Lin who killed them?" Mrs. Tang looked at the Grand Elder in disdain. "Your IQ is like a chicken!"

Chapter 2778 Old Ancestor Yellow Spring

"I ..." The Grand Elder almost fainted from anger.

"So, take it. You can still save your life when the time comes!" "Plus, leaving the valley is the only way to attract unnecessary trouble," Mrs. Tang said. "By then, everyone'll know that it was the Grand Elder who killed them. Right, Grand Elder?"

"Right ... You're right ..." The Grand Elder took a deep breath and calmed herself down before turning to Lin Yi, ""That's right, take it. Actually, we left it here to hide it or destroy it. We didn't dare to use it ..."

The Grand elder's heart was bleeding as she said this-she wanted Lin Yi to take the stuff and leave as soon as possible, and so she agreed helplessly, afraid that Mrs. Tang would drag things on. As a matter of fact, the lightning-chasing Gale boots was an ancient treasure. Many ancient sects were envious of it and wanted to get their hands on it. However, the blood-clad yellow spring sect was not weak. Their disciples could only use it when they were out on a mission. They would store it in the warehouse after they returned, so other ancient sects wouldn't have the chance to borrow it even if they wanted to take a look.

"Thank you!" Lin Yi accepted the boots and thanked the elder before smiling at Mrs. Tang. "Thank you, senior!"

"Alright, Mr. Lin, you should leave. This matter started because of you, and we, the snow Valley, do not want to be implicated." The Grand Elder said indifferently. His tone already indicated that he wanted to see the guest off.

"If that's the case, I'll take my leave!" Lin Yi nodded and turned around ...

Tang Yin was a Sky Class master after all-she didn't notice the noise outside before, but now that her mom was out, she only needed to pay a bit of attention to hear the conversation!

When she heard Lin Yi's voice, her heart trembled for some reason. Lin Yi was back, Lin Yi was back!

She stood at the entrance of the courtyard and wanted to rush out, but her rationality restrained her from doing so! That one look at the top of the mountain had already made Lin Yi suspicious. If she appeared now, it would definitely attract Lin Yi's suspicion. Then, wouldn't her efforts be in vain?

So, she stood at the entrance of the courtyard, holding back her urge to go out. However, when she heard that Lin Yi was being chased by the blood-clad yellow spring sect, her heart tightened. Did he offend a powerful enemy again?

However, he could only blame himself for being too weak and unable to help him ...

When her mother was about to give the boots to Lin Yi, Tang Yin was overjoyed. Her mother was really something, giving Lin Yi such a useful life-saving treasure.

Lin Yi went back to where he parked his car, and the two bodies were still there. He found a place to bury the bodies and drove away.

Nothing was missing in the car, and Lin Yi didn't think that his trip back to the valley would turn out to be a blessing in disguise-he'd gotten a pair of lightning storm boots!

That night, the Man in Black, who was supposed to report the progress of the assassination to the blood-clad yellow spring sect, didn't send back the news on time, which made old ancestor yellow spring frown.

"Did you manage to contact him?" Old ancestor yellow spring looked at his subordinate and asked.

"Ancestor, we can't get in touch with the three of them ..." The subordinate said carefully.

"What? You can't contact him? How is that possible?" Old ancestor yellow spring didn't believe it-the three of them were all Sky Class, and even if they failed the mission, it was impossible for all of them to not make it back, right? And they still haven't contacted each other, could it be ...

A bad feeling rose in old ancestor yellow spring's heart, making him a little worried.

"I've already sent someone to continue contacting him ..." Although this man was Sky Class late phase peak, he was still very scared in front of the old ancestor-he didn't dare to show any disrespect, because the old ancestor was already Sky Class late phase peak full master, the most powerful being in the world. Sky Class late phase peak full Masters were rare even in the ancient world!

"Alright, you can leave now. If there's any news, come and tell me at any time!" Old ancestor yellow spring waved his hand dispiritedly. He had a bad feeling. He could roughly guess the fate of his three subordinates, but he just couldn't believe it.

However, the result that followed made him furious!

The subordinate from before came again. He was also a first-class expert in the blood-clad yellow spring sect. He was called ghastly old ancestor, but he didn't dare to act arrogantly in front of old ancestor yellow spring. The blood-clad yellow spring sect was an assassination organization with a strict hierarchy. Apart from old ancestor yellow spring's senior brother, the blood-clad old ancestor, who was currently in closed-door cultivation, no one else could be on the same level as him. The ghastly old ancestor was just a Butler.

"Old ancestor yellow spring, we've found the bodies of Gold Medallion number five and gold Medallion number six ..." The ghastly old ancestor's voice was a little hoarse, but there was also disbelief and shock in it.

"He's really dead ..." Old ancestor yellow spring's voice was extremely bitter. A Gold Card assassin, a Gold Card assassin! There weren't many of them in yellow spring sect. Two of them had died and the fate of the other one was unknown. "Where's the Gold medal number three?"

"I'm not sure yet, but it looks like he's in trouble. There are traces of a chase at the scene, but it's too messy to tell where they ended up. One thing is for sure, Lin Yi's fine!" "Our men saw Lin Yi's car on the highway ..." The old man smiled bitterly.

Old ancestor yellow spring slammed the table, shattering it into pieces and turning it into a pile of wood chips! Old ancestor yellow spring was prepared, but he still couldn't take the blow. "Don't tell me that Lin Yi killed all three of them? Wasn't he just an earth-rank? How did he kill three Sky Class Masters? How is this possible?"

"Well ... According to the investigation, Lin Yi has the ability to kill Sky Class Masters in seconds ..." The old man said weakly.

"Instantly kill a Sky Class? What kind of ancient joke is this? Have you ever seen an Earth Class kill a Sky Class in seconds, and three at that?" Old ancestor yellow spring glared at him and said angrily.

"Old ancestor yellow spring, I'm afraid ... It's true ...""After the intelligence team's investigation, Lin Yi did kill a Sky Class early phase from the red conch ... And it was an instant kill!"

"What? Then it's not fake? Then what was he doing before? How did he get the information? Were they all a bunch of good-for-nothing idiots? Why didn't you tell me when you knew that Lin Yi could kill Sky Class Masters in seconds?" Old ancestor yellow spring was infuriated. Intelligence was the most important thing in an assassin organization. Wasn't he a fool to rush up without even knowing the situation of the person he killed?

Chapter 2779 Xinyan Wakes Up

"This ..." Ghastly old master was also helpless."Old ancestor, we did investigate Lin Yi's information thoroughly last time, but he was only a Mystic at that time, and it's only been half a year or so. Compared to the other targets who started collecting information a year ago, it's very new. Who knew this kid would level up so quickly, to the point where he could kill a Sky Class master in seconds?"

"They've been watching Lin Yi for so long, and they didn't hear anything?" Old ancestor yellow spring knew that old ancestor ghastly woods was telling the truth. A monster like Lin Yi had never appeared among their previous assassination targets.

"They did hear a little, but it was Lin Yi's follower fatty Lai who spread the news. The intelligence team thought he was just making it up to boost Lin Yi's popularity!" The ghastly forefather sighed and spread his hands."""Even you, old ancestor yellow spring, didn't believe it when you first heard that Lin Yi could kill a Sky Class master in seconds, right?"

"That's true!" Old ancestor yellow spring nodded and said in disbelief, "It seems like this Lin Yi is very strong? To be able to kill Sky Class late phase Masters in seconds, and three at that, you're pretty strong, aren't you?"

"Indeed. If our people didn't die, it would be hard to believe!" "So it's reasonable for Lin Yi to kill three of our bronze plate elite assassins when he was Mystic," the old man said.

"So you're saying that I'll have to do it myself if I want to get revenge on Lin Yi?" Old ancestor yellow spring said after some thought.

"Old ancestor yellow spring, the Sky Class meeting is getting closer and closer. Our blood-clothed yellow spring sect has already been rejected by the ancient sects, and they don't want to take us to that plan. If you go out and kill them now, it'll give the ancient sects an excuse. It's not worth it ..." "Don't be rash!"

"I'm just saying. " Old ancestor yellow spring nodded, "hatred is nothing compared to that. How about this? you investigate Lin Yi's family and lover. We'll make our move on his family!" Since he can instantly kill a heaven rank, let's avoid him and attack his family!"

"Old ancestor yellow spring is brilliant!" The ghastly patriarch quickly ordered his men to investigate ...

The Grand Elder fell sick after Lin Yi left the valley. It was rare for a practitioner like her to fall sick, but this time, she fell sick because of anger. She had been the Grand Elder for so many years, but this was the first time she felt so aggrieved. It was extremely frustrating!

But there was nothing she could do-she couldn't kill or scold Mrs. Tang, not to mention her relationship with Tang Yin. She couldn't even afford to offend her other daughter, Bing Tang. She was on the same level as her, and she couldn't have any other thoughts.

Therefore, she was sick. However, even if the Grand Elder was sick, he didn't dare to tell anyone. Otherwise, people would definitely laugh at her. She could only tell the people in the snow Valley that she was going into seclusion ...

Lin Yi's journey back was smooth-no one stopped him. He parked his car in front of his villa in Donghai city.

Mengyao, Yushu, and Jingjing weren't back yet, and Lin Yi thought that Xinyan had gone to school as well, but he found her sleeping on his bed when he opened his door!

Xinyan was getting more and more drowsy these few days, and she didn't have much energy in the day or night. Mengyao didn't want her to go to school anymore, so she decided to just sleep at home and wait for Lin Yi to come back.

Boss Bai knew about Wang Xinyan's situation, so he didn't have to ask for leave.

As for Wang Xinyan sleeping in Lin Yi's room, it was because she slept too much every day. Chu Mengyao and Chen Yushu's jet lag wasn't the same as her, and they didn't want to disturb her rest, so they let her sleep alone in Lin Yi's room.

"Xinyan, I'm back ..." Looking at the tired Xinyan, Lin Yi felt deeply apologetic. If it wasn't for him, Xinyan wouldn't be like this.

"Ugh ..." Wang Xinyan heard Lin Yi's voice and woke up drowsily. She had been sleeping every day these past few days, so she wasn't as drowsy as before. Although she was tired, she would still wake up when someone came back. She was very surprised to see Lin Yi, ""Lin Yi!"

"Xinyan, I've brought back the spiritual herbs. I asked for four of them, and I'll let you consume one now!" With that, Lin Yi turned around and went to his bag for the herb.

According to old Lin, the herb was to be consumed directly, and so Lin Yi gave it to Xinyan after washing it.

"This ... Are we just going to eat it like this?" Xinyan didn't know how to start eating the weird-looking herb in Lin Yi's hand.

"En, just eat it like this. Close your eyes and eat it like it's a big carrot!" Lin Yi said with a smile.

"Alright, thank you!" Xinyan chuckled-this was a treasure, not a carrot! Wouldn't that be a waste?

"What are you thanking me for? It's my fault that you've become like this. It's normal for me to find medicine for you. " Lin Yi said.

"Oh ..." Wang Xinyan blushed. What did he mean by "sucked" so much? Xinyan blushed a little at Lin Yi's choice of words, but she knew that she'd misunderstood him. She closed her eyes and started eating the carrot ... No, the herb.

It had to be said that this was an ancient herb, no wonder the valley treated it like a treasure. The Grand Elder had treated it with great care during the trade, and Xinyan's spirit immediately improved after eating it. She didn't even yawn like before, and she got out of bed by herself!

"You're feeling better?" Lin Yi was surprised and happy to see Xinyan wake up.

"I ... I want to go to the toilet!" Xinyan said, blushing. She'd just woken up and was supposed to go to the bathroom, but she'd forgotten about it after the surprise. She couldn't hold it in anymore after eating the medicine, though, and went to the bathroom right away.

"Ugh ... I thought you'd be done this soon ..." Lin Yi sweated.

"I do feel better ..." Wang Xinyan rushed to the bathroom.

The bathroom was in Lin Yi's room, and the sound of rushing water made Lin Yi's imagination run wild. He'd already promised Zhaolong that he wouldn't do anything with Xinyan, so he wouldn't make things difficult for her.

In fact, this was only a temporary measure. Once either Lin Yi or Zhaolong's power grew, the agreement would be a joke.

Chapter 2780 Useless Weapon

Xinyan came out of the bathroom and raised her head to see Lin Yi looking at her. She lowered her head shyly-she was a girl who liked to be shy, and even though she lived with Lin Yi, she just couldn't let go.

"How are you feeling?" Lin Yi asked.

"It seems like ... You're really much better?" Xinyan suddenly felt hungry-she'd always been so hungry that she wouldn't even eat before, and would rather sleep."I want to eat something ..."

"Haha, okay, I'll go prepare for dinner tonight to celebrate. Yaoyao, Shu, and Jingjing will be back soon." Lin Yi said.

"Ah? So you're saying that I'm fine?" Wang Xinyan was very happy after hearing Lin Yi's words. The problem that had been bothering her for so long was finally solved,"Then, can you ... Continue cultivating at night?"

Lin Yi looked at Xinyan, very touched. Not only did she not blame him for what happened to her, she even told him to practice right after she recovered. Lin Yi could only smile bitterly and shake his head,"Not yet. You've only recovered temporarily. If you want me to continue cultivating, you'll have to solve the Jade problem. Otherwise, it'll still be the same as before."

"Oh ..." Wang Xinyan was a little disappointed. Although she had recovered, she still couldn't help Lin Yi much.

Lin Yi went to cook, and Mengyao was at school, getting a call from Song Lingshan.

Tang Yuqi had been treating Song Lingshan to dinner almost every night recently to understand the situation. At first, Song Lingshan was very polite and went to the dinner, but later on, Song Lingshan was a little anxious. She couldn't keep dragging this on, could she?

Plus, Lingshan's sharp intuition felt that Tang Yuqi was already suspicious of something. Although the topics they talked about during dinner had nothing to do with the Tang family, he still made her alert!

Luckily, she was a police officer, so her counter-investigation abilities were strong. Although Tang Yuqi was a detective, she didn't get any advantage. However, this kind of battle of wits and courage at the dinner party really made her tired. She just wanted to solve this problem as soon as possible.

Mengyao was worried as well, but there was nothing she could do since Mrs. Tang didn't reply.

However, other than that, she received a piece of good news—Lin Yi had returned safely. Lin Yi had sent them a text, asking them to come back for a feast after school. This made her extremely happy, "Do you have shark meat?"

"What shark meat?" Mengyao was annoyed and couldn't help but kick Yushu. "Who's going to catch a shark for you on such a cold day? Aren't you afraid that Lin Yi will catch a cold? If you want to eat it, go catch it yourself!"

"Fine, don't the supermarkets sell frozen ones ..." Chen Yushu said, feeling wronged.

"Didn't you say that frozen food isn't good?" Mengyao glared at her. "Eat whatever you have. Don't be so nosy!"

"Oh, okay. Yaoyao sis is becoming more and more considerate of shield bro ..." Chen Yushu mumbled.

"What did you just say? Can you repeat that?" Mengyao turned around and glared at Yushu as if someone stepped on her tail.

"I didn't say anything. I said I'm not eating ..." Yushu blinked innocently.

Lin Yi had already prepared a table full of food when han Xiaochao returned home at night. Han Xiaochao filled a box of rice and put some food on it before going back to the villa to read and eat. It was rare for a nerd to reach this level.

" Chen Yushu looked at the shark meat on the table and became happy.

Mengyao thought about Lingshan's situation-Xinyan seemed fine now, but she still decided to discuss it with Shu and Xinyan later that night.

"Shield bro, can you tell us what happened? did the valley give you any trouble?" Chen Yushu probed, she wanted to know if Lin Yi had come into contact with Tang Yin. Of course, he couldn't ask her directly, so he could only beat around the bush.

"I didn 't-the one in charge of the valley is the great elder, and that's different from the Ice Palace. The great elder may be cold, but he didn't shut me out. It was much easier than the last time I went to the Ice Palace ..." Lin Yi said.

"That's true. I heard that this Snow Valley is a sect that mainly deals in business." Mengyao said with a nod.

"Yeah, but it's good to have a Snow Valley watcher there. She's kind, and with her help, the harvest this time was beyond my expectations ..." Lin Yi explained what happened in the valley to them in detail.

At first, Mengyao and Yushu didn't know who this person was-they didn't know there was someone like this when they went there. However, when Lin Yi said that the watchman was helping him, the two smiled at each other. This person was definitely Mrs. Tang. Only Mrs. Tang could do something so crazy.

However, when they heard that Lin Yi was being hunted down by the blood-clad yellow spring sect after leaving the valley, both their hearts tightened! Lin Yi didn't know how the blood-clad yellow spring sect became their enemy, but Mengyao and Yushu knew that they hadn't forgotten. They just didn't know how to tell Lin Yi.

"The lightning storm boots are good stuff. Shield bro, can Shu run a round in them?" Chen Yushu was curious about the legendary weapon that Lin Yi got.

"Of course you can." Lin Yi said.

"What are you running for? Lin Yi, don't spoil her, what if she breaks it?" Mengyao didn't want Yushu to mess around and glared at her, "Besides, are you a cultivator? Do you know any martial arts? This is a heaven-grade weapon, how do you use it?"

Lin Yi didn't think too much about it at first, but Mengyao's words made him realize that this was a godly weapon for Sky Class practitioners-where was he supposed to use it? His level was not high enough to activate it!

Moreover, he didn't have the mental cultivation method to match the martial skill, so he had no way to use the lightning-chasing Gale boots! Lin Yi couldn't help but feel helpless at that thought. He forgot to ask the Grand Elder if he had the accompanying martial arts chant.

"Yaoyao, you've reminded me-not only Shu, but I probably can't use the lightning Gale boots either. I'm not a Sky Class, and I don't have the arts to go with it either-I've been happy for nothing." Lin Yi put the boots to the side, not looking at it anymore.
