Chapter 2781 A Phone Call From Xuan Zhen

"I see ..." Chen Yushu lost interest in the boots.

After dinner, han Jingjing went back to her house, while Mengyao, Yushu, and Xinyan went upstairs to sleep. Lin Yi didn't want to lose control of himself, so he didn't ask Xinyan to stay. Xinyan, on the other hand, was too embarrassed to stay. She was helping Lin Yi with his cultivation before, so what reason could she use now?

Lin Yi went back to his room and called boss Bai to let him know that he was safe, "Mr. Bai, how's the inheritance going? any news?"

"I'm looking for information for you, but there's no news for the time being ... Sigh, if only I were still in the five elements sect, but I can't ask them now ..." Boss Bai said helplessly.

"It's okay, there's no hurry. " Lin Yi said, but he was still worried.

"Hmm ... How about this, I'll give my second Junior Brother a call when I have the chance and ask him ..." Boss Bai naturally understood what Lin Yi was thinking. He hesitated for a while and made his decision. Although his relationship with xuanchen wasn't good, his relationship with xuanzhen was very good. Boss Bai's alchemy master passed away early and didn't teach him much. Xuanzhen's alchemy skills were all taught by him, so his relationship with xuanzhen had always been close. They just hadn't been in contact for many years. He wondered if Xuan Zhen was still the Xuan Zhen of the past and if he had sided with xuanchen.

"This ... Will there be any negative effects and consequences?" Lin Yi asked, worried.

"I'll try. If it works, then it works. If it doesn't, then it doesn't." Elder Bai laughed and said indifferently, "At most, I'll lose some face, what's the big deal?"

"Thank you, Mr. Bai ..." Lin Yi sighed. He was once the five elements sect's sect leader, but now he was begging his former Junior Brother. He might even lose face if he did this. It was all for his own sake, so how could Lin Yi not do it?

"If you can grow up, that will be my greatest joy. I still hope that one day, we can return to the five elements sect together!" Boss Bai said.

Lin Yi didn't say anything else-words of gratitude were unnecessary, and everything would depend on their future actions.

Boss Bai hung up and hesitated for a long time before calling xuanzhen. In the five elements sect, Xuan Chen and Xuan Zhen's satellite phone numbers had not changed for many years. He had always had them, but he had never taken the initiative to call them. He would rather forget about them.

But today, for Lin Yi, for his disciple, he had to call the xuanzhen ancestor.

Patriarch xuanzhen was studying the Tier 4 recipe Zhaoming brought back. The recipe was flawless, but he couldn't make it. He couldn't help but sigh. If big senior xuantian was here, he would be able to make this, right?

"Eldest senior brother, are you alright?" Patriarch xuanzhen only dared to show his true feelings when no one was around. All these years, he could only swallow his anger under patriarch xuanchen's pressure. For the sake of the sect's grand plan, he could only cooperate with xuanchen.

A phone rang. Patriarch xuanzhen thought it was patriarch xuanchen calling to ask him to return to the sect. After all, patriarch xuanzhen had been staying in the sky elixir sect all this time.

However, when he saw the caller ID, he was stunned. It was an unfamiliar number.

"Hello? How are you?" Patriarch xuanzhen picked up the phone. Because the number of a satellite phone was special, it was unlikely for a wrong number to be called. Therefore, although he didn't know who it was, he still picked up the phone.

"Xuanzhen, is that you?" When boss Bai heard patriarch xuanzhen's voice again, he was filled with emotions. It was as if he had returned to his younger days, when he had concocted pills with him every day. Those times had always been so happy ...

"You ... You're the eldest senior brother?" Patriarch Xuan Zhen's eyes widened. When he heard the voice, he burst into tears! He didn't expect that the person he was just talking about would actually call him.

"En, it's me. Xuanzhen, are you alright?" Boss Bai asked.

"Eldest senior brother, I'm sorry, I'm sorry ..." Patriarch Xuan Zhen had so many things to say, but in the end, he just apologized because he didn't know how to express his complicated feelings.

"Hehe, it's all in the past now. I don't blame you." Elder Bai laughed. He had already thought it through. It should have nothing to do with xuanzhen. He was just used. The person who did it should be xuanchen!

"No, it's my fault. I was too weak. It's been so many years, and I didn't dare to go find you, and I didn't dare to bring you back to the sect ... Sob ..." Patriarch xuanzhen cried like a child, but he didn't care. No one would know that they were in the secret chamber of the sky elixir sect.

Boss Bai also understood at this moment that Xuan Zhen had not walked the same path as Xuan Chen. His character was still as weak as before. Although he had become the patriarch of a sect, he was still a child in his heart.

"Xuanzhen, don't cry. I know that what happened back then had nothing to do with you." Boss Bai consoled.

"Yes, yes ..." Hearing that from boss Bai himself, Xuan Zhen was much more relaxed.

"I'm here to ask you for something ..." Boss Bai was relieved. It seemed that his second Junior Brother could be trusted. Lin Yi's inheritance was secured.

"Ah? Eldest senior brother, please don't say that. If there's anything you need, just say it. What's there to ask for? if you want me to do something, just say it!" "But ..." Ancestor Xuan Zhen quickly said, "you

also know that there are some things that I can't do with xuanchen around. Are you asking me not to let the five elements sect target your disciples?"

"It's not about that. " "I won't make things difficult for you," boss Bai denied."It's another matter."

"That's good ..." Patriarch xuanzhen heaved a sigh of relief. He did not dare to go against patriarch xuanchen. The five-elements sect could be said to be completely under patriarch xuanchen's control. As patriarch number two, he was in fact just an empty shell.

His power was only the sky elixir sect, but it was only a hidden power. On the surface, the sky elixir sect was still under patriarch xuanchen's control. He couldn't go too far, or else patriarch xuanchen would see through his plan. He was fine, but his two disciples would definitely be in trouble ...

"It's like this. How can an illusionary attribute accept the inheritance of Origin Energy and become a real attribute?" "There's a detailed record of this in our five elements sect's Scripture library,"boss Bai said.

Chapter 2782 Inheritance Method

"Senior brother, you don't have to check. I know." Although patriarch xuanzhen was curious as to why Boss Bai would ask this, he did not ask. Instead, he agreed without hesitation. "I'll tell you now?"

"Oh? You still remember? That's great, you said I'll record it!" Boss Bai was a little excited. He didn't expect that the thing that had been troubling him for so many days would come to him so easily. Xuanzhen still respected him as before, and would do his best to fulfill his requests, never refusing them. This made boss Bai very pleased.

However, if he hadn't been forced into such a situation, boss Bai wouldn't have called to ask for help. This was a blessing in disguise.

"Alright, big senior brother. You're talking about the origin power inheritance where virtual attributes become real attributes, right? It's not the comprehension inheritance that normal inheritors have?"
Asked patriarch Xuan Zhen.

"That's right, it's this kind of inheritance," Boss Bai nodded. "The inheritor's comprehension inheritance doesn't have to be so troublesome. You just have to go to the origin of the attribute to comprehend it. I don't have to go through so much trouble to call you."

"There are two ways to inherit the power of the origin. The first is the Orthodox way. You need to make a series of complicated preparations, then take the bone washing pill and go to the land of inheritance to inherit the power of the origin. This preparation is a rather complicated process. If you want to know, I'll copy it down as soon as possible and send it to you when I have the opportunity." Said patriarch Xuan Zhen.

"Alright, be careful." It was very dangerous for patriarch xuanzhen to do this. Although patriarch xuanzhen could enter the five elements sect's Sutras Depository at will and read the books inside, it would be extremely difficult for him to make a copy of the original source Power's Secret manual and send it to them without anyone knowing!

According to what patriarch xuanzhen said, patriarch xuanchen was basically in control of the five-elements sect's current situation, and there were eyes and ears everywhere. If patriarch xuanzhen really did this without telling the world, he would have to put in a lot of effort.

For example, he could recite a paragraph every day and copy it down when he returned. Otherwise, if he took the book away, patriarch xuanchen would definitely be suspicious. Patriarch xuanzhen was devoted to alchemy, so why would he suddenly be interested in the legacy? Boss Bai was very clear that there must be something wrong with everything that happened.

"Don't worry, I'll be careful. " Patriarch Xuan Zhen had gotten used to living under surveillance all these years. If it wasn't for that, he wouldn't have been able to cultivate his own power in the sky elixir sect.

"Right, what's the other inheritance method?" Boss Bai continued to ask.

"The other method of inheritance is crooked, but it's also a shortcut!" "It's to let the inheritor of the void attribute and the inheritor of this line undergo dual cultivation," said ancestor Xuan Zhen."Through dual cultivation, they can obtain the inheritance of the origin Energy. The disadvantage of this method is that the inheritor must be a Virgin. Otherwise, it will have no effect."

"Oh? You can use this method to pass on the power of the origin?" "Is this method accurate?" boss Bai was a little surprised.

"It should be accurate. That's what was recorded in the ancient books of the sect. The reason why I remember it is because xuanchen had studied things in this area in the past. Xuanchen was in charge of the matter of the inheritors." "It's not that simple," said ancestor Xuan Zhen."But it's not that realistic. First of all, all the known inheritors are given priority for that plan. So, it's very difficult for you to find other inheritors! First senior brother, on your side, who are you asking about this for?"

"Oh, he's a friend of mine. I'm just trying to get to know him." It wasn't that boss Bai didn't trust xuanchen, but he didn't want to expose Lin Yi's background."It seems like only the first method is more realistic?"

"It should be like this." "Don't worry, eldest senior brother." Patriarch Xuan Zhen nodded."Just wait patiently. Leave the rest to me."

"Okay, then let's keep in touch. Once you're done, you can just call me directly." Boss Bai said.

After hanging up, boss Bai called Lin Yi immediately and told him what the xuanzhen ancestor said.

Lin Yi was a bit surprised-practitioning with an inheritor?

"What did he mean by dual cultivation?" Lin Yi had to admit that his idea was a little evil. There were many types of practitioner-pair, and Yang Guo and xiaolongnu's type was also called one, but most of the novels only referred to those in bed ...

"I didn't ask. Since the inheritor has to be a Virgin, then the term 'dual cultivation' should be ... You know." Boss Bai said.

"Uh ... Alright." Lin Yi smiled bitterly. His small wife should be an inheritor, and if she practises with Xiaoxiao, would she be able to fill up one of his empty attributes? To make it a real attribute? But the Ice Palace's requirement for Xiaoxiao was for her to keep her virginity, and that conflicted with dual practitioning. Lin Yi didn't know what to choose."However, isn't it a little unrealistic for me to dual cultivate with the seven inheritors?"

"It's not realistic, so I prefer the first method. But I have to wait for my Junior Brother xuanzhen to copy it." Boss Bai said,"he's now under xuanchen's control and can't touch the core secrets of the five-elements sect. Xuanchen is also dealing with the matter of inheritors. However, xuanzhen isn't very clear about these things. I'm even less clear about it."

"Then What should I do if I'm doing dual cultivation?" Lin Yi asked.

"I didn't ask in detail. If you're interested, I'll go and ask." Boss Bai said.

"Alright. There's no harm in knowing more anyway." Lin Yi said with a nod.

After hanging up, Lin Yi smiled bitterly. Boss Bai's news could be considered good news, but there was nothing at all. Dual cultivating with an inheritor wasn't realistic for Lin Yi. Even if Feng Xiaoxiao was an inheritor, how long would it take to gather the other six inheritors?

Even if you managed to gather all of them, would they even dual cultivate with you? Xiaoxiao was fine with it, but what about the others? Lin Yi didn't want to do anything to force others! Plus, even if Lin Yi wanted to force her, would she give in so easily?

The inheritors were all backed by ancient forces, and Lin Yi couldn't force them.

Shaking his head, Lin Yi decided not to think about this for now. He placed his hopes on the first method of inheritance that the xuanzhen ancestor mentioned.

The first method might be troublesome, but it was the only one Lin Yi could do. He didn't need to take the bone cleansing pill anymore-his old man had given him a lot of life-prolonging and toxin-removing pills when he was young, and they had the same effect as the bone cleansing pill.

Chapter 2783 Miracle In The Graveyard

The everyday and every day sect.

Pinliang was very depressed. He'd been back in the everyday and every day sect for over a month now, and celestial master pure yang hadn't summoned him ever since the first time they met.

Other than Gao Xiaofu, he could not see anyone else. At first, he thought that heavenly venerate Chunyang had arranged for him to stay in a secluded place. However, as time went by, he realized that the back mountain was the burial place of the everyday and every day sect's patriarchs. It was not a place to cultivate at all. Only the most ordinary disciples would be given a house in the back mountain, and his house was the most remote one. The graveyard was not far away!

Luckily, naipao didn't forget about his boss, pinliang. He came to visit pinliang often, and pinliang felt a little comforted. However, being ignored didn't feel good at all. Naipao didn't say anything, but pinliang could tell that he'd tried his best to help himself. It was just that celestial master Chunyang didn't respond!

And so, pinliang couldn't leave-there was no point in him staying here. He couldn't train naipao's Arts, either, and could only train some of the most basic arts with Xiaofu.

One evening, pinliang was bored out of his mind. He turned to Xiaofu and said, "Xiaofu, I heard that it's a graveyard. Why don't we go on an adventure tonight?"

Pinliang was a coward, but he liked the thrill and horror. He used to enjoy watching horror movies at home alone, as it was a kind of perverted mentality that rejected and welcomed horror.

"An adventure?" Gao Xiaofu was bored out of his mind. He thought that going to the graveyard was a bit scary, but the everyday and every day sect really didn't have any entertainment. They didn't even have a television or computer, and their phones didn't have signal. They had to borrow a satellite phone to communicate with the outside world. The sect didn't allow private phones.

And so, Gao Xiaofu was bored out of his mind. He thought about it and agreed, "That's fine. Shall we set off now?"

"Let's go, I'm going to die from holding it in. We're going to have some fun today!" "F * ck, there's no woman here, we can only play horror!" Pinliang cursed.

As the two of them spoke, they walked out of the courtyard with flashlights in their hands and headed in the direction of the cemetery.

Although the graveyard here wasn't as scary as those messy graves with piles of bones everywhere, it was still very scary to be full of gravestones here. Especially since this place was relatively empty. When the wind blew, it made a Wuwu sound, like the cry of ghosts.

"Liang bro ... Isn't this place a bit too remote? something can't happen, right?" Gao Xiaofu was a little scared. The sound of the wind made him shiver.

"What can happen? Nothing has happened since we've been living next to each other every day. Besides, this is the burial place of the patriarchs of the everyday and every day sect. They're all our patriarchs, so even if something happens, it's a good thing!" "What's more, it's not exciting if it's not scary," pinliang said, waving his hand. Then why are we still exploring?"

"That's true ..." Gao Xiaofu nodded, but he was still a little scared, ""Liang bro, why don't I walk in front? you're so brave, how about you stay behind?"

Xiaofu felt like there was someone behind him, but when he turned around, there was nothing. He was really afraid that a pale-faced ghost would suddenly appear and bite him.

"Coward. Fine, you stay in front. I'll watch for you!" Pinliang nodded and let Xiaofu walk in front. Pinliang was scared as well, but this was the feeling he wanted. The more scared he was, the better it felt. It gave him an indescribable sense of pleasure.

So, the two of them walked to the cemetery one after another. Although the tombstones here were neat, the whole Cemetery was built on the back mountain. The depth of the mountain road was different, so the two of them could not walk fast.

"Liang bro, are you still there ..." Xiaofu's voice was shaking. He asked every now and then to see if pinliang was still there.

"I'm here," Pinliang said.

"Haha, that's good ..." Gao Xiaofu let out a breath of relief. He was not as scared now that there was someone behind him, ""Liang bro, look, this tomb looks like it was built not long ago, and it's bigger than the others. It looks like it's a figure on the level of an old ancestor! I wonder which of the patriarchs have passed away in recent years?"

There was no sound from behind Gao Xiaofu.

"Liang bro?" Xiaofu blinked, panicking as pinliang didn't reply. He called out again with a trembling voice, "Liang bro, you there?"

There was still no answer!

Xiaofu was so scared that he started sweating. His clothes were wet, and he was panting. His body was numb, and he wanted to turn around, but he couldn't muster the courage ...

"Liang bro, I'm begging you, don't scare me, I'm scared ..." Gao Xiaofu almost cried. He thought that Zhong pinliang was pretending to be silent to scare him. Of course, this was the best plan he had in mind. He knew that Zhong pinliang shouldn't be scaring him.

However, all Xiaofu got in response was silence. There was no movement behind him.

Xiaofu took a deep breath and turned around, wanting to see what was going on. However, when he turned around, pinliang was gone!

The cemetery was huge and empty, and the moonlight made the surroundings hazy. There was no one there, and pinliang just disappeared into thin air!

"Mother! Liang bro, where did you go?" Xiaofu was so scared that he fell to the ground ...

Pinliang felt as if he'd stepped on soft ground, and then his entire body sank into quicksand, landing heavily on solid ground. He lost consciousness ...

However, pinliang woke up after a short period of unconsciousness. His mind was in a mess, and he had a strange feeling that he had become someone else, but he was still pinliang ...

He opened his eyes drowsily and was shocked to find himself standing in a hole, with a skeleton in it!

However, pinliang wasn't afraid of the skeleton at all. He felt a sense of familiarity, as if the skeleton was him.

"F * ck, did I become stupid from the fall?" Pinliang struggled to his feet..

Chapter 2784 Possession

Rubbing his feet, he was about to stand up. Suddenly, he felt a pain in his head, as if his soul had been pulled out. It made him roll on the ground in pain."

Pinliang let out a blood-curdling screech. He felt as if his soul had returned to him, but it was different. Memories that didn't belong to him flooded into his mind, giving him a splitting headache ...

Gao Xiaofu didn't know what to do when he heard Zhong pinliang's heart-wrenching scream. He peed his pants in fear. "Liang bro, is that you? What's wrong? Have you been captured by the evil spirit?"

Pinliang heard Xiaofu's shouts, but he didn't have the time to respond. He rolled and struggled on the ground until the pain died down. The strange memories seemed to have merged into his brain.

Pinliang sat up from the ground, confused and surprised at the same time. He let out a weird cry, "Hahahaha, I, the Mad dragon patriarch, am finally back! Wahahahahaha ..."

However, he scratched his head after laughing. He realized that he was both the crazed Dragon patriarch and Zhong pinliang!

This was a not-so-successful possession-the Mad dragon elder was the strongest elder of the everyday and every day sect in recent years. He was Sky Class late phase peak when he was alive, only one step away from the path of the heavens!

However, more than a decade ago, two ruthless men came to the everyday and every day sect to cause trouble and sent the Mad dragon patriarch to heaven with a single punch!

Fortunately, the patriarch had cultivated a secret technique that had preserved his primordial spirit in his grave after his death, waiting for the opportunity to possess it. However, no one had ever stepped into his tomb over the years, so he had no chance to possess it.

After all, the tomb was sealed after it was built. It was very difficult to open it again. Back then, the Mad dragon patriarch's body was personally escorted into the tomb by the kuangniu patriarch. It was impossible for the Mad dragon patriarch to possess the kuangniu patriarch's body. Not to mention the kuangniu patriarch's strength, it was not easy for him to possess the body. Even the friendship between senior and junior brothers prevented him from doing such a thing that would harm his Junior Brother!

While the everyday and every day sect wasn't a proper sect, it was a sect that valued loyalty. This was evident from the recommendation letter from celestial venerable pure Yang's junior Brother, brother Panther, that allowed naipao to join the sect and become the last disciple.

And these were much stronger than the five elements sect! However, even so, because of the appearance of the two ruthless people who had kicked up a storm back then, the everyday and every day sect had been unable to catch up with the five elements sect's strength.

Otherwise, with two Sky Class late phase peak Masters like mad dragon and mad leopard, why would the everyday and every day sect be under the five elements sect?

It was only a coincidence that pinliang came here. The soil above the chamber had loosened after all these years, and pinliang stepped on it and it sank in, allowing the Mad dragon patriarch to successfully possess it.

However, while the kuanglong patriarch was a Sky Class late phase Peak Master when he was alive, his spirit was much weaker-and after so much time had passed, his spirit was getting weaker and weaker. If he still hadn't completed the possession, he'd be gone in a few years.

The side effect of this possession was that the Mad dragon patriarch couldn't completely replace Zhong pinliang. He could only merge his Yuan Shen with Zhong pinliang's soul, turning him into a new person. This person was both Zhong pinliang and the Mad dragon patriarch. He had the memories and personalities of two people, but they were independent existences!

The two became one, and pinliang felt like he'd changed a lot, but he was still happy, especially since he still had his old memories and half of his personality. He still had the heart of a young man.

Wasn't he simply too awesome? He had suddenly become the founder of the everyday and every day sect? And he was the first patriarch? Wahahaha, I, Zhong pinliang, have finally made a comeback! Lin Yi? that's nothing! In a novel, I'm the main character, and my Wonderful Life is about to begin!

Pinliang was very pleased with his future when he heard Xiaofu's voice.

"Liang bro, where are you" Gao Xiaofu's voice sounded like he was about to cry. He wanted to run, but he didn't dare to. This place was too scary!

Pinliang finally remembered that he was here on an adventure with Xiaofu! And so, pinliang quickly crawled out of the hole.

Gao Xiaofu just shouted, and he saw a person suddenly pop up from the ground not far away from him. He was so scared that he almost fainted! How could there be a person on the ground? Could it be a ghost?

"Ghost!" Xiaofu cried.

"Xiaofu, don't panic. I'm your Liang bro!" Pinliang said faintly as he waved his hand.

"Ah? Liang bro? You've finally returned?" Gao Xiaofu heard Zhong pinliang's voice and looked closely. It was indeed Liang bro. He quickly got up from the ground and ran towards Zhong pinliang happily.

"You're back. You're my little brother, how can you be so panicked? It's so embarrassing!" Pinliang looked at Xiaofu, shaking his head helplessly.

"Liang bro, what's wrong? Why do you sound so weird, like you're an old man?" Gao Xiaofu asked curiously. He looked at Zhong Pingliang's temperament and felt that it had changed a little. When they were on the expedition, Zhong Pingliang didn't say anything, but Gao Xiaofu could feel that he was a little nervous. But now, Zhong Pingliang was frighteningly calm!

"Hehe, it's nothing, just something happened. How about this-go get naipao, I'll tell him I need him!" Pinliang decided to plan for his future-he had just finished the possession, so he needed to plan.

"Ah? Now?" Gao Xiaofu blinked,"it's already midnight, should I go get naipao?"

"What's wrong with that? Tell him it's Liang bro, I'm looking for him, he has to come, even if he doesn't!" Pinliang naturally had a domineering aura around him-he was naipao's boss before, but the guy was a popular guy in the everyday and every day sect, after all, and was a disciple of the pure yang celestial venerable. He didn't want to act like a boss here, in case naipao distanced from him.

But things were different now-he was the founder of the Mad dragon Zhong pinliang, the top existence of the everyday and every day sect!

Chapter 2785 Brand New Pinliang

Pinliang's confidence as a boss had returned to him, and he couldn't help but feel emotional. I haven't been a big brother for many years ...

"Yes!" Gao Xiaofu saw that Zhong pinliang was determined and nodded in agreement. He wanted to leave this strange tomb as soon as possible. Although Zhong pinliang disappeared and reappeared, he didn't want to stay here any longer.

The two of them quickly returned to their house, and Xiaofu went to get naipao. Pinliang, on the other hand, was sitting on his bed, thinking about his life.

He had already accepted the fact that he had been half-possessed. In his opinion, this was a good thing. Not only did his self-consciousness not disappear, but he also had a powerful primordial spirit memory in his body. He was not far from being awesome.

Pinliang was getting a little pissed off at the crude mantras he'd been using-this bastard celestial Chunyang was giving him all this crap! Luckily he wasn't a golden class practitioner yet, or it'd be so much more difficult to learn other mantras!

"Al!" Pinliang couldn't help but shake his head as he examined his body with the eyes of the Mad dragon Master. His body was too weak, and he was missing a kidney!

However, the loss of a kidney did not have much of an impact on the mantra that the Mad dragon patriarch had cultivated when he was alive. It was just that this body was a little too poor, and he had already missed the best age to cultivate. He could only rely on some natural treasures to change and strengthen his body.

Naipao was a loyal follower of pinliang-it was the middle of the night, but he still made his way to pinliang's place as soon as Xiaofu called for him.

"Liang bro, you were looking for me?" Naipao asked.

"Oh, naipao, you're here?" Pinliang nodded, pleased. This little brother of his was quite a loyal friend.

"Yeah, Liang bro, what's the matter this late at night?" Naipao asked, confused.

"Take me to see that little brat Chunyang." Pinliang said as he stood up.

"What?" Naipao blinked, his face pale as he quickly covered pinliang's mouth. Cold sweat started forming on his forehead, "What are you saying, Liang bro? you can't just say master's name like that!"

"Pao, let me ask you, I had a conflict with your master, are you on my side or your master's side?"
Pinliang put on a cold face on purpose, hands behind his back.

"I ... Liang bro, my life is yours. Without you, I wouldn't be where I am today ... Of course I'm on your side!" Naipao said.

"Alright, if that's the case, then bring me to that kid Chunyang." Pinliang said, waving his hand.

"This ... Alright!" Naipao nodded helplessly-what was wrong with Liang bro, asking to see his master? Moreover, from his tone, it seemed that he was very dissatisfied with his master. What would he do if a conflict really broke out? Even if he were to take action, he wouldn't be a match for his master!

Could it be that brother Liang was angry because shizun had left him in the back mountain courtyard for a long time and ignored him? But, she was helping him deal with it. Liang bro was probably a very patient person-it'd been so long already, and he could even tolerate Lin Yi, so why couldn't he tolerate master?

"Pao, don't worry, I have my reasons!" Pinliang said cockily.

"Yes ..." Naipao said helplessly as he brought pinliang to the entrance of celestial master pure Yang's courtyard. Since naipao was the proud disciple of celestial master pure yang, the patrolling disciples of the everyday and every day sect didn't stop him. Pinliang and Xiaofu had followed him here, so naturally, no one stopped them.

"Alright, Pao, call the door!" Pinliang said as he looked at the entrance.

Pinliang would be able to find this place as well, but without naipao leading the way, he'd be stopped by the patrolling disciples of the everyday and every day sect. It'd be hard to explain then.

"Now? Liang bro, Sifu's resting right now-if you have any complaints, just tell me, Paozi, and I'll pass the message to you, okay?" Naipao really didn't want pinliang to fight celestial master Chunyang-they weren't even on the same level!

"Knock on the door!" Pinliang said, shaking his head.

Naipao didn't have a choice after pinliang's insistence-he started banging on the door.

Heavenly venerate Chunyang, who had just finished cultivating and was about to rest, was slightly taken aback when he heard a knock on the door. He asked impatiently, ""It's so late, who's knocking on the door? What's the matter?"

"Master, it's me!" Naipao said carefully.

"Naipao? What's the matter?" Hearing naipao's voice, celestial master Chun Yang's anger disappeared. He asked faintly, "Why did you come to find me so late at night?"

"Master, it's ..." Naipao was about to explain when pinliang cut him off.

"Chunyang, you little bastard who deceived your master and destroyed your ancestor, why aren't you coming out to see me?" Pinliang yelled.

Naipao almost fainted at the news-it was over, it was really over! He didn't know what was wrong with Liang bro today, to actually challenge celestial master Chun Yang!

Celestial master Chunyang was enraged when he heard pinliang's voice. He was about to kill pinliang right away, but he remembered that he was naipao's boss. Naipao wouldn't be happy if he killed him, so he could only suppress his anger. "Zhong pinliang, you must be drunk. How dare you act so atrociously in front of me? Do you not want to live? Zhang naipao, did you bring him here in the middle of the night because you were drunk?"

It wasn't strange for celestial master Chunyang to think that way. No matter how much of a gangster pinliang was, he wouldn't come here to yell at him. Therefore, celestial master Chunyang thought that pinliang had drunk too much.

"Chunyang, you're the one who drank too much! Why aren't you quickly paying your respects to your master?" "Hmph!" Pinliang hmphed angrily, "you're the sect master now, aren't you? do you have no respect for your master?"

"Master?" Celestial master Chunyang looked at pinliang in shock and anger. "My master, the Mad dragon patriarch, died a long time ago," he said angrily. "Is there something wrong with your brain, kid?" Zhang naipao, what's going on? If you don't give me a proper explanation, I don't care if Zhong pinliang is your big brother or not, he'll pay the price!"

"This ... Liang bro ..." Naipao said, not knowing what to do.

Pinliang was the only one who remained calm. He looked at celestial master Chun Yang. "Not bad, kid, you've grown up?"

Chapter 2786 Acknowledge Identity

"Give you a reasonable explanation? Well, when you were about to be executed for stealing a heavenly treasure, did you forget who was the one who protected you, took you in as a disciple, and taught you martial arts?"

Celestial master Chunyang's face changed. Not many people in the sect knew about his past, and even if they did, they wouldn't dare to talk about it. How did pinliang know about it? He used to be an outer disciple of the everyday and every day sect and was not valued. For the sake of cultivation, he had once been in charge of transporting heavenly materials and earthly treasures, and he had secretly stolen one. In the end, he had been exposed.

In fact, there was one more heavenly treasure, which was why he dared to take it. However, the inner sect disciple in charge of the Treasury also took one, which dragged him into it.

As the inner sect disciple was the disciple of one of the elders of the everyday and every day sect, he was protected and pushed the blame onto him, ready to execute him. However, at this critical moment, the Mad dragon patriarch found out that he had good qualifications and accepted him as a disciple, which allowed him to escape the disaster!

Of course, the inner sect disciple was killed after he became the sect leader, and those who knew about it back then wouldn't mention it again. That was why pinliang was surprised to hear it.

"How did you know?" Celestial master Chunyang looked at pinliang warily.

"Hmph, I know a lot more, you little brat! When you broke through from golden class to Mystic class, who was the one who protected you? When you broke through to Earth Class, who gave you the small Qi gathering pill? When your old mother was sick, who gave you the pill to let you go back and visit her?" "You little bastard, you don't even recognize me anymore?" pinliang said angrily.

"You ... You you you ... You are?" Celestial master Chunyang looked at pinliang in disbelief. The first two things would have been understandable if someone else knew about them, but his mother's illness was only known to his master, the Mad dragon patriarch! He was dead!

"You little bastard, Didn't I tell you that I've cultivated a secret technique to preserve my primordial spirit? The mad bull didn't know, but you can't remember? You actually built a sealed tomb for me. How do you expect me to reincarnate?" "If it wasn't for me ... Oh, the old Zhong pinliang, accidentally

stepping on the tomb and causing it to collapse, my primordial spirit would've been gone!" Pinliang raged.

"Argh! Are you really my master?" Heavenly venerable Chunyang's eyes went wide. He suddenly remembered that his master, the Mad dragon patriarch, had indeed said that he had cultivated a primordial soul secret technique that could preserve his primordial soul after death. However, he was young and his cultivation level was low back then, so he didn't take it seriously and forgot about it. He only remembered it when Zhong pinliang mentioned it today!

However, this also proved one thing-this Zhong pinliang in front of him wasn't Zhong pinliang anymore, he was the possessed Zhong pinliang-he was his master, the Mad dragon patriarch!

"Hmph, do you want me to tell you that the key to the treasure vault is in the mechanical box at the head of the bed in my former residence?" Pinliang hmphed and revealed a huge secret after seeing the doubt in Lin Yi's eyes.

"Ah!" This time, celestial venerable Chun Yang no longer had any doubts. The location of the treasure vault was a secret in the everyday and every day sect. Only the sect master knew about it. Patriarch crazily Dragon was the former sect master, patriarch crazily bull was the temporary sect master, and celestial venerable Chun Yang was the current sect master!

Even the elders didn't know where the key was, and pinliang's identity was clear now that he'd revealed it!

Originally, after the Mad dragon patriarch's death, the mad bull patriarch should've moved into the Mad dragon patriarch's residence, since the previous sect Masters had lived there. However, because the mad bull patriarch was determined to break through to the peak of the Sky Class late phase, he

temporarily took over the position of sect master for a while and passed it on to the Mad dragon patriarch's disciple, heavenly venerable Chunyang.

Celestial venerable Chun Yang respected his master, so he had never gone to live in his room. He still lived in his own courtyard. However, after becoming the sect master, he had renovated it and made it more Grand and luxurious.

Celestial master Chunyang knelt down in front of pinliang and said excitedly, "Master, you've finally returned. This unfilial disciple, Chunyang, pays his respects to master!"

"Get up, you brat. You can't be blamed for not knowing." Pinliang said faintly, raising his hand.

"Yes!" Heavenly venerable Chunyang was also very happy. He hadn't expected his master to possess another body and be reborn. This was great news. The strength of the everyday and every day sect would definitely take a huge leap.

However, he suddenly remembered naipao and Xiaofu, and a look of pity flashed across his eyes. He turned to pinliang, "Master, the location of the key to the treasure vault is the sect's Secret. What do you think about these two ..."

Heavenly venerable Chunyang didn't want to let naipao go, but he still had to ask pinliang for his opinion. He wanted to kill Xiaofu and keep naipao.

"Liang bro ... You, you, you're not Liang bro anymore?" Gao Xiaofu was scared out of his wits. Naturally, he understood what celestial master Chun Yang meant. He wanted to silence him. How could he not be afraid?

Naipao looked at pinliang in shock as well, his eyes complicated. "Liang bro ... You ..."

"Haha, you two, don't worry. I'm still your Liang bro, and we're still working together to get revenge on that Lin Yi bastard. Plus, you guys still have to help me get Chu Mengyao!" Pinliang said with a wave of his hand.

"Ah? You're still Liang bro?" Naipao and Xiaofu looked at each other, confused. Who was this guy?

Heavenly venerate Chunyang also found it strange. Could it be that the primordial soul possession had failed? This guy was Zhong pinliang again?

However, pinliang suddenly turned to celestial master Chun Yang. "I may be your master, but my spirit isn't strong enough to complete the possession, and I can only merge with Zhong pinliang's soul. After the fusion, I'm both Zhong pinliang and the Mad dragon patriarch!"

"I see, then you're still my master!" Heavenly venerate Chunyang heaved a sigh of relief. He was still his master after all.

"Pao and Xiaofu are both my trusted men, it'll be fine, don't worry! They are both loyal to me!" Pinliang said.

"Yes, master!" "Then, isn't the seniority a little messed up now? naipao and I ... Should I call him uncle-master now?" celestial master Chunyang quickly added.

"Master, it's time for me to call Liang bro Grandmaster, not brother Liang anymore ..." Naipao said quickly-he didn't dare to become celestial master Chun Yang's uncle.

Chapter 2787 Can Or Can't Take Revenge

"Oh, that's not necessary. Let's talk about our own things. Pao is still your disciple, and I just took over his body, so I'm not strong enough yet. I need to use my time to train, so I don't have time to teach him. Help me teach them martial arts!" "From now on, just call me Liang bro, Pao-it's nothing, you're my loyal follower, and the next sect leader of the everyday and every day sect is you!" Pinliang said.

"This ..." Naipao didn't know what to say-he was extremely excited, but more than that, he was happy! Liang bro was finally acting cool again! Before, naipao was still respectful to pinliang, but he was getting stronger and stronger-he didn't want pinliang to be mediocre anymore, but he couldn't do anything about it. It seemed like Liang bro was indeed made for being a boss-he was a boss everywhere he went! Even in the everyday and every day sect, he was a boss!

"Naipao, I had high hopes for you as well, and now that you have a connection with your master, the future of the sect is in your hands!" Said heavenly venerate Chunyang.

"Yes ..." Naipao was extremely excited.

Gao Xiaofu was very happy as well-if Liang bro was awesome, didn't that mean he was going to be awesome too? He wasn't welcomed here before, but everyone would be paying him respect. He'd be a full-time follower of Zhong pinliang, and he'd be a Big Shot.

"En, right, where's that Crazy Bull guy?" Pinliang asked.

"Master, the Raging Bull patriarch is currently in seclusion. What do you think ..." Heavenly venerable pure yang would definitely not dare to disturb the Raging Bull patriarch at this time. However, the raging Dragon patriarch was different.

"Let's go and find him. I also have something to discuss with him. " Pinliang said faintly.

"Alright, master, please!" Heavenly venerable Chunyang quickly made a gesture of invitation.

"Pao, Xiaofu, you guys follow me. I'm used to you guys being my followers." Pinliang said with a wave of his hand.

"Yes, Liang bro!" Naipao and Xiaofu were both very happy-Liang bro was strong now, but he was still the same Liang bro from before, still treating them like his lackeys.

Heavenly venerable Chunyang couldn't help but smile wryly. It seemed that his master's personality had changed as well. However, this was a good thing. His master had always been stern and serious in the past, which had frightened him. However, his master was much more easy-going now.

The group arrived at kuangniu's place of seclusion, and celestial venerable Chunyang went to call him over. He had Zhong pinliang to back him up, so he wasn't afraid of anything.

Kuangniu master was in seclusion-he'd reached Sky Class late phase peak all these years, but he hadn't reached full cultivation yet. He was only one step away, but it was still not there yet, so he spent most of his time in seclusion.

Kuangniu frowned when he heard heavenly venerable pure Yang's call. He had once said that he shouldn't be summoned unless the sect was in a life-and-death situation. However, there was no warning signal from the sect, so it shouldn't be any danger. What was heavenly venerable pure yang looking for him for?

"Chunyang, what's the matter?" Although the kuangniu patriarch was angry, celestial venerable pure yang was still the sect master of the everyday and every day sect. He shouldn't be making trouble for no reason, so he asked patiently.

"Kuangniu master, my master is back!" Heavenly venerable Chunyang hurriedly said.

"What? What did you just say? Your master is back? Are you crazy? How many years has your master been buried?" "Are you still dreaming in the middle of the night?" the kuangniu master was stunned.

"No, kuangniu Grandmaster, my master's primordial spirit has taken over his body. He's really back!" Heavenly venerable Chunyang hurriedly explained.

"What? He took over my body?" Kuangniu stood up abruptly and walked out quickly, only to see pinliang smiling at him. For some reason, that smile felt familiar!

The Mad dragon patriarch was cold and violent, but he would smile when he faced his two junior brothers. It was similar to Zhong pinliang's smile!

"Kuangniu, it's been more than ten years since we last met. You brat, you almost killed me!" Pinliang said as he walked towards the kuangniu master.

"You ... Are really my eldest senior brother?" The kuangniu Grandmaster also knew about the primordial spirit, but he was not sure.

"Let's go inside and talk!" Pinliang said, pointing at the kuangniu master's room.

"Alright, Chunyang, you wait at the door. I'll ... Go in with him to check it out!" Kuangniu wasn't sure of pinliang's identity yet, so he didn't really believe him.

The two of them entered the room, and pinliang began to narrate the history of the sect, things that only the three of them knew ...

Now that the Mad dragon patriarch was dead, and the Mad leopard patriarch was taken away by the ruthless man, leaving only the mad bull patriarch, pinliang knew all these things like the back of his hand.

On top of that, the kuangniu master asked the kuanglong master a few more questions, and pinliang answered all of them fluently. He knew everything that happened back then, and the kuangniu master finally believed him. "You're really my eldest senior brother! That's great, you're finally back!"

"Haha, kuangniu, although I'm your big senior brother, I only have my memories now. I don't have the strength. I have to cultivate again!" Pinliang smiled, shaking his head helplessly.

"That's fine-there's a lot of treasures in the sect, and you can use them as you please. The sooner you recover, the sooner we'll return to Sky Class Island and step into the path of the heavens to find second senior!" The kuangniu master said.

"Get it back ..." Pinliang smiled bitterly, still in shock. "Back then, that person killed me with a single punch. How powerful was he? How are we going to find second senior brother? If second senior brother is done with his business, he will come back by himself. If we go to him, we will either be forced to stay or killed ..."

Pinliang had inherited the memories of the Mad dragon patriarch, and he was still very afraid of what happened back then. This was a power that he couldn't surpass, like a mountain that he could only look up to, and couldn't even think about revenge.

It didn't seem like he was targeting Lin Yi-as far as he was concerned, Lin Yi was strong, but there was hope for him to surpass him. He'd placed his hopes on Zhang naipao before, thinking that the difference between them wasn't that big, and that Zhang naipao had a chance of getting revenge.

Now that he was the kuanglong patriarch, he could even take revenge on Lin Yi himself in the future, but he didn't even have the guts to think about taking revenge on those two people from back then.

Chapter 2788 News From The Tang Family

"That's true. I was too happy and got carried away ..." The kuangniu patriarch finally recalled how the kuanglong patriarch had died. Even if the two of them were heavenly Dao, the other party was also a heavenly Dao. He might not be the other party's match.

"Alright, we should go out now. Everyone is waiting for us at the door!" Pinliang said.

"Alright, eldest senior brother mad dragon!" Kuangniu nodded. He'd completely acknowledged pinliang's identity.

"Just call me Liang bro from now on, I'm still used to this name." Pinliang's consciousness was still a little stronger-the crazed Dragon master's spirit was too weak, after all, and he was a latecomer, so it wasn't as strong as pinliang's original soul. Pinliang's personality was the dominant one after the fusion.

"Alright, I'll call you Liang bro then." Kuangniu Grandmaster didn't mind. As long as his big senior brother was back, he could call him whatever he wanted.

In the next few days, pinliang began his cultivation journey again. His current body was just too weak. Other than taking the foundation pill, the everyday and every day sect also contacted the sky elixir sect and ordered a bone cleansing pill. Pinliang also began to soak his body in medicinal liquid every day, which meant that all the cultivation resources of the sect were used on him. Although he had changed his body to the Mad dragon patriarch, he was still the patriarch. He was the boss of the everyday and every day sect, and the two most authoritative people in the sect were his disciple and his Junior Brother. Naturally, no one would object to him monopolizing the cultivation resources.

Xiaofu, on the other hand, had gotten a lot of benefits as he followed pinliang. Pinliang's body had been soaked in the medicine, and although it wasn't as effective as before, giving Xiaofu a bath was still a great help to him.

Although he couldn't reach too high a level, with treasures, he could become a Sky Class without a problem. It was just that his combat ability would be a bit weak.

.....

Mrs. Tang told Tang Yun and Tang Jucheng about Tang Yuqi. Tang Jucheng didn't have any ideas, so they all listened to Tang Yun. After all, in the valley, Tang Yun had to make decisions.

Tang Yun thought for a while and made a decision. Tang Yuqi was her cousin. She had to see him, but she couldn't let him come to the snow Valley. She couldn't tell him anything about the snow Valley either. She could only find an excuse.

Then, if her parents didn't have anything to do, she could let them go back to Donghai city and meet Tang Yuqi. This way, there wouldn't be any problems. If Tang Yun didn't appear, she wouldn't have anything to do with Lin Yi, and this problem would be solved. It was killing two birds with one stone.

That night, Chu Mengyao finally received a call from Mrs. Tang. Chu Mengyao first expressed her gratitude to her. Mrs. Tang had helped Lin Yi a lot in the snow Valley. If it wasn't for her, Lin Yi wouldn't have gotten so many goods even though the trip wasn't entirely smooth.

"Auntie, is there any result regarding Tang Yuqi's matter?" Song Lingshan was rushing her, so Chu Mengyao also wanted to get a result as soon as possible.

"About Tang Yuqi, Yunyun said that her father and I should go back after a while to acknowledge our family, but Yunyun can't come back." "Tell Tang Yuqi that our family is working in another city, but it's a secret," Mrs. Tang said. "We'll go back to see him in a few days. "

"That's great!" Chu Mengyao let out a breath of relief. This was what she was most worried about. Tang Yuqi went to song Lingshan every day to ask for the latest news, and song Lingshan couldn't handle it anymore. If there was no news from Tang Yun, song Lingshan would be in a difficult situation.

After all, Tang Yuqi always asked song Lingshan out for dinner. Even if song Lingshan rejected him, she couldn't reject him every day. The more she said, the more she would make mistakes. Song Lingshan was also waiting for this result.

The two didn't talk too much. Although Tang Yun was a tyrant in the valley, she had to go to a special place to make a phone call. She didn't have a satellite phone with her, and there were other disciples nearby. She couldn't say too much.

After hanging up, Chu Mengyao called song Lingshan immediately and told her the details. Song Lingshan was very excited and called Tang Yuqi that night.

Tang Yuqi had already returned to the hotel to rest. When he received song Lingshan's call, he was overjoyed and excited!

"She's finally interested in me. Is she planning to ask me out?" Tang Yuqi mumbled to himself as he picked up his phone. His purpose in coming to Donghai city was to find Tang Jucheng's family, but now that he met song Lingshan, he felt that his trip to Donghai city wasn't in vain. Although he hadn't found his family, he found his future partner.

During this period of time, Tang Yuqi's impression of song Lingshan was pretty good. First of all, song Lingshan was beautiful and had a good figure. This was Tang Yuqi's first impression. Song Lingshan and he could be considered colleagues. Both of them worked on cases and had a lot in common.

Of course, the most important thing was that song Lingshan was also a practitioner, and she was also an Earth Class practitioner. Her strength was similar to Tang Yuqi 's, which was why Tang Yuqi liked song Lingshan more!

However, Tang Yuqi didn't rush to confess. Instead, he tried to find out more about his second uncle, Tang Jucheng, and often got in touch with song Lingshan. He asked song Lingshan out for dinner to improve their relationship.

In fact, if song Lingshan let go of her guard against Tang Yuqi, she would have a good impression of him. At least the two of them could be good friends since they were both in the same profession and were both practitioners. They would have a lot to talk about.

Lingshan would always try to steer the conversation towards the direction of the case, avoiding the topic of Jucheng's family.

Tang Yuqi was a detective. Although song Lingshan changed the topic, she couldn't hide it from Tang Yuqi. Tang Yuqi knew but didn't expose her. He was happy to continue the topic.

Today was the first time song Lingshan had called him so late at night, and it made Tang Yuqi very excited. He had asked song Lingshan out to eat before, but she had rejected him when she wanted to have a meeting. Tang Yuqi didn't expect song Lingshan to contact him after the meeting.

Did this mean that the relationship between the two of them could take a step closer?

"Lingshan, are you done with the meeting?" Tang Yuqi asked with a smile.

"Yeah, I just finished driving. I have something to tell you." Lingshan said.

"Okay, I'll go pick you up from the police station now?" Tang Yuqi's hotel wasn't far from Lingshan's police station, so they could get there quickly.

Chapter 2789 Replacement Of Jade Pendant

"We can talk over the phone ..." Lingshan wanted to make it short.

"Let's meet and talk. " Tang Yuqi hung up the phone without saying anything.

Lingshan had no choice but to wait outside the station.

"Captain song, are you waiting for a boyfriend again?" Song Lingshan stood at the entrance of the police station. The colleagues who passed by couldn't help but ask jokingly. Tang Yuqi had been coming to see song Lingshan a lot recently. Everyone saw it and thought that Tang Yuqi was song Lingshan's boyfriend or a promising suitor.

After all, song Lingshan wouldn't go out with Tang Yuqi so often if she wasn't interested.

This wasn't Songshan city, and not many people knew about Lin Yi. Plus, Lingshan couldn't explain why Tang Yuqi was here, either. She could only smile bitterly.

Tang Yuqi ran over. He was a practitioner, so he had good stamina. When he saw song Lingshan come out, he said apologetically, "Lingshan, you're out already? I'm sorry, there were a lot of people in the hotel elevator, so I had to wait for a while. "

"It's nothing. Let's talk while we walk. " Even if Lingshan wanted to talk about Tang Jucheng's family, she couldn't do it outside the police station.

"Okay, let's take a walk and have some supper!" Tang Yuqi nodded and said.

After a while, when there was no one around, Lingshan said, "I've helped you find out about Tang Jucheng's family. "

"Ah? What?" Tang Yuqi was stunned. He didn't have much hope at first. He only asked song Lingshan out recently to ask her out. As for Tang Jucheng, from song Lingshan's attitude, he felt that there was more to it. He didn't think that song Lingshan would give him such an answer today.

"Their family is currently out of town, but because of some special reasons, I don't know where exactly they are. They keep it a secret, but I contacted them through other people. Your second uncle and second aunt might come back to Eastern Sea city soon, and I can arrange for you to meet them." Lingshan said.

"Ah? Really? That's great, when will they be back?" For Tang Yuqi, finding Tang Jucheng's family was a pleasant surprise.

"This will take some time," Lingshan said. She wasn't sure herself, since Mrs. Tang had just returned from the valley-she couldn't leave right away, and there were some things she had to tell her,"But it's definitely in the near future."

"Is that so ... Then I'll have to thank you!" Tang Yuqi thought for a while and said,"I've been in Donghai city for a long time. I've been doing nothing all this time. This isn't like me. Lingshan, can you help me out and let me work at the police station?"

"Uh ... You're here at the police station?" Song Lingshan was surprised. She didn't think that Tang Yuqi would suddenly make such a request.

"Yeah, but don't worry, I won't ask for a sky-high price. I'll just be a temporary worker. What's your standard for hiring temporary workers? just give me how much I'm paid." Tang Yuqi said.

"Ah? "You're a famous detective, the price of a temporary job ..."Song Lingshan was speechless, but she could make the decision. The police and drivers in the team were all hired, so if Tang Yuqi really just wanted to be a temporary job, then it wouldn't be a problem.

"Haha, actually, I'm not short of money. I made a lot of money when I was a detective overseas. I was just bored and wanted to find something to do." Tang Yuqi said,"don't you have a lot of cases?" I can help you with the case, but I don't have to pay you. "

"Alright then. In that case, you can come to work tomorrow." Song Lingshan thought about it and agreed. Now that Tang Jucheng's matter was solved, she didn't have to hide from Tang Yuqi anymore. Tang Yuqi was a famous detective overseas, and he could be an expert in solving cases. It wouldn't cost much, and it could increase the efficiency of the case. Why not?

"Hehe, then I'll be your subordinate from now on. You have to take care of me in the future!" "Today, I'll treat my beautiful superior to supper first and pull some strings!" Tang Yuqi said with a smile.

"Let's forget about supper? It's already very late?" Lingshan said as she looked at the time on her watch.

"It's not too late, and it's not far ahead. The night market food stall is just up ahead. Take it as my thanks for helping me find my second uncle!" Tang Yuqi pointed to a place not far away.

"Alright, then." Song Lingshan thought about it and nodded. Since Tang Yuqi didn't ask about Tang Jucheng like before, song Lingshan didn't have to be wary of him anymore. Eating with him was a lot easier ...

Xinyan had been able to go to school as usual these past few days, and it seemed like there was nothing wrong with her, but the Jade was still troubling Lin Yi. The lanjie Yuling grass only treated the symptoms, not the root of the problem. It could only be used for a short period of time, and it couldn't be used for a long time.

As for the Jade, Lin Yi really couldn't think of a way to solve it. He even thought of using the art of Dragon mastery to replenish the Jade's energy, but it was helpless. The Jade wasn't a practitioner, nor was it a spirit beast. It couldn't absorb energy passively.

Lin Yi couldn't do anything about this situation-he had all the energy in his body, but he couldn't transfer it to the Jade. The Jade's situation reminded him of the energy stone Jingyi had-he wondered if the energy stone would be useful to Xinyan.

Last time, when little eleven came looking for her, there wasn't much energy left in the energy stone, and she didn't continue using it for cultivation, putting it aside for now. Lin Yi went to get the stone and studied it.

Sun Jingyi's energy stone was a little brighter than the one Yu Dake gave her last time, but it was already very dull. In other words, this energy stone should be similar to a jade pendant-the more energy it contained, the brighter the stone's color. After the energy was used up, the color would become dimmer and dimmer until it couldn't be used anymore.

And so, Lin Yi tried to see if he could transfer his energy into the stone, but it was still a failure! It seemed that the Qi in Lin Yi's body was different from the pure energy in the natural world. Lin Yi's Qi could be transformed into other types of Qi or energy, but the condition was that the recipient had to be a practitioner or a spirit beast. They could guide Lin Yi's art of Dragon mastery to transform Lin Yi's Qi into the Qi or energy they needed. It couldn't be used on dead things like jade and energy stones.

Chapter 2790 Going To Find Zhao Qikun

Lin Yi wanted to use the art of Dragon mastery to transfer energy to Xinyan, but she wasn't a spirit beast-she didn't have a practitioner's art, and couldn't guide Lin Yi's all-powerful Qi to complete the conversion. Xinyan's body was special, too, as it was beyond the five elements. Lin Yi couldn't even choose a practitioner's art for her, because his attributes were unknown. He didn't know what she should practice.

After all the failed attempts, Lin Yi gave the White energy stone to Xinyan first, telling her to put it in her chest pocket to test the effects.

A week later, the energy stone on Xinyan's chest changed slightly. It was a small change, but it didn't escape Lin Yi's eyes-he'd noted down the condition of the energy stone very carefully, and the energy stone on the second day was a little dim-it was very faint, but it meant that Xinyan's Jade could be replaced with an energy stone!

Lin Yi let out a breath of relief after figuring this out. He was surprised and happy at the same time. The problem of the Jade that had been troubling him for a long time was solved easily. The Jade wasn't the only solution. The energy stone could be used as a substitute.

According to Yu Dake, there should be many more of these energy stones on his map, but he couldn't find them.

Lin Yi planned to visit the Hakuna Marta desert when he had time to look for energy stones. He believed that with Skybolt pig's help, it wouldn't be too difficult to find the energy stones.

With Xinyan's situation settled, Lin Yi could finally relax. The sky elixir sect's test date was just around the corner!

Lin Yi left the heavenly network at home and left in his mid-quality Golden Cicada underwear. Of course, he wanted to leave Zhong pinliang's Golden Cicada underwear at home for Chu Mengyao and the others to protect themselves, but the Prophet Shu said that it might be useful for self-defense, so Lin Yi put it on.

After talking to Wu Chengtian, Pi Zhishan, han xiaopo, and Zhuang niaoqiang, he told them to take turns to protect the girls. He then drove to the Hidden House Zhao.

He was going to pick up qikun and head to the sky elixir sect's test site!

Zhao Qibing had been quiet for a while, he stayed in the Hidden House Zhao and didn't dare to go out. After what happened with Yu Ning, Zhao Qibing was very scared. Although the Hidden House Yu didn't

do anything to him after that, Zhao Qibing was afraid that the Hidden House Yu would do something behind his back.

On the surface, Zhao Qibing was the young master of the Hidden House Zhao, and it was possible that the Hidden House Yu didn't fall out with the Hidden House Zhao because of this, but in reality, the relationship between the two houses had hit rock bottom, and after that incident, the two houses never contacted each other again.

In the end, it was Yu Shan from the Hidden House Yu who betrayed them, so the Hidden House Yu couldn't do anything to the Hidden House Zhao and could only let it go.

There wasn't a single disciple of the Hidden House Zhao who didn't know Lin Yi now-he'd made a name for himself in one battle at the Hidden House Summit, and so when Lin Yi's car stopped in front of the Hidden House Zhao's Manor, the Hidden House Zhao's disciples on patrol were on high alert and hurriedly told elder Mian about Lin Yi's arrival, and through elder Mian, they reported it to old Zhao.

"What? Lin Yi's here?" Old Zhao was taken aback-Lin Yi's arrival was so sudden, and he didn't even contact him. "What's he doing here?"

"I'm not sure. The patrolling disciple didn't ask and just came to report." Elder Mian said carefully.

"Could it be because of what happened with the Hidden House Yu, Yu Ning, and they're here for trouble?" Old Zhao was filled with deep worry. He'd heard that Lin Yi could kill Sky Class Masters in seconds, and he was filled with fear towards Lin Yi. If Lin Yi wanted to kill him, it would only take one move.

"Old head, could that Lin Yi be here to pick up Zhao qikun? They're going to the sky elixir sect's test together?" Uncle Zhu interrupted.

Second brother Zhu naturally knew why Lin Yi was here-he was the one who contacted Lin Yi and told him that house Zhao was preparing to send qikun to the sky elixir sect for the test, so Lin Yi was definitely here for him.

As for causing trouble, Lin Yi would definitely need uncle Zhu to be his spy if he wanted to cause trouble. Since Lin Yi didn't say it, then it must be him. Uncle Zhu didn't mind being the prophetic Emperor once in a while to increase his power in the Hidden House Zhao.

"HM ... You're right, Lil" Zhu, Lin Yi might really be here for Zhao qikun!" After hearing uncle Zhu's words, realization dawned on elder Zhao. He was a bystander, and now that he thought about it, Lin Yi would've done it a long time ago if he wanted to, why wait until now?

Lin Yi was able to kill Sky Class Masters a long time ago, and it wasn't just a few days.

Thinking of this, master Zhao quickly said,""Elder Mian, Lil" Zhu, you two go to the door and pick Lin Yi up. Susu invites him in for a talk!"

"Yes! Old family head!" Elder Mian and uncle Zhu quickly responded.

In the living room of the Hidden House Zhao, Lin Yi was led by elder Mian and uncle Zhu to see the old man. Lin Yi didn't even bother to greet him and sat on the sofa, making the old man, who was about to shake hands, feel awkward.

"That ... Young hero Lin, I didn't know you were here. Is there anything I can help you with?" Grandpa Zhao was a smart old man, and he knew when to back down. Lin Yi didn't give him face, but he didn't dare get angry.

He even felt that Lin Yi was doing this on purpose to piss him off-as long as he was angry, Lin Yi would have an excuse to attack, and the other hidden houses wouldn't be able to say anything when he was the one provoking them.

Hence, the more this was the case, the calmer old master Zhao was.

"Where's Zhao qikun? I'm going to take him to the sky elixir sect's test, call him out. " Lin Yi said faintly with a wave of his hand, not paying any attention to the old man's words.

"Uh, okay ..." Old Zhao paused, thinking that Lin Yi really was here for Zhao qikun. But that was good, as long as he wasn't here for trouble. What he was most afraid of right now was Lin Yi coming to cause trouble, and it was obvious that he was here for Zhao qikun."Lil" Zhu, go get qitan. The sky elixir sect has Lin shaoxia's protection, so there shouldn't be any problems. "

"Yes, old master!" Uncle Zhu replied quickly. He didn't even look at Lin Yi when he came, so it was hard for people to notice that he had a relationship with Lin Yi.

"Hehe, old master Zhao is right. With me by his side during the sky elixir sect's test, he'll be able to return safely. But when that time comes, would old master Zhao consider letting him be the head of the sect?" Lin Yi asked indifferently.
