Chapter 2791 Where Did Zhao Qibing Go?

"Uh ... This ... Guangyin is still young and strong. I'm not thinking about choosing another head yet ..."
Old Zhao was shocked and quickly said.

"Oh, then why did I hear that Zhao Qibing is the young master of your hidden house Zhao?" Lin Yi frowned and asked faintly.

"Ah, this ... Maybe this kid just came back to the Hidden House Zhao and his confidence is inflated, so he's bragging outside?" Zhao Yu's father said carefully.

"Is that so?" "Where's Zhao Qibing?" Lin Yi asked. Why isn't he out yet?"

"Uh, that Zhao Qibing went out to visit his relatives, he's not home." Zhao Yu's father quickly said.

"Oh, I see. Forget it then. I was going to break his legs for him, but since he's not here, forget it." Lin Yi said regretfully.

"Well ..." Old Zhao was taken aback, but he knew that Lin Yi was probably talking nonsense. He didn't have any intention of breaking Qibing's leg at all. He was just trying to make old Zhao feel bad, but he still said, ""It's fine. If it doesn't work this time, I'll ask Zhao Qibing to go to you personally when he comes back and break his legs. There's no rush. "

"It's an opportunity that can't be missed. If I don't do it this time, I might not want to miss it next time. We'll talk about it again." Lin Yi said.

Old master Zhao was speechless. He thought, 'she's playing with me, but I don't dare to refute her.' He said awkwardly, "Then we can only blame Qibing for his bad luck. When the time comes, let him try his luck. Who knows, young hero Lin, if you are in a good mood, you might be interrupted by him again?"

Old Zhao didn't hide anything about Qibing's broken leg anymore. As far as he was concerned, Lin Yi was related to Yu Ning from the Hidden House Yu, so he must know about Qibing's thousand legs. This kind of broken leg was something everyone knew.

"Hehe." Lin Yi smiled, "since Zhao Qibing's in hiding, then forget it."

Old Zhao was very embarrassed, but when he turned around, he saw uncle Zhu already walking in with Qikun. He was happy, "Qitan, Lin shaoxia came to the Hidden House Zhao to bring you to the sky elixir sect's test. You have to listen to him on the way!"

"Alright," he said. Qikun looked at his grandfather, his reply cold and distant. He'd been receiving the cold shoulder from the Hidden House Zhao all this time, and since that was the case, he didn't need to pretend to be nice to them. It was just that he was curious-why was his grandfather so respectful to Lin Yi, calling him young hero Lin?

Before the Hidden House Summit, there seemed to be a huge enmity between Lin Yi and the Hidden House Zhao, and the Hidden House Zhao was thinking of ways to kill Lin Yi, but now it seemed like the situation had changed? Lin Yi dared to come to the Hidden House Zhao alone, and his grandpa's attitude was completely different from before. What did this mean?

"Boss, thank you for thinking about me, I ..." Qikun was very touched that Lin Yi brought him alone before leaving for the sky elixir sect. He felt that this boss of his was more righteous than the Zhao 's.

"We came back together from the Ice Palace test, so of course we'll come back together from the sky elixir sect test." Lin Yi stood up and patted qikun's shoulder. "Let's go. It looks like old Zhao is afraid of me being here. I won't continue to make people afraid."

"Uh ..." Old master Zhao laughed dryly. "How could I? I'm more than happy to welcome you, young hero Lin. How could I be afraid?"

"Oh, then you're not afraid that I'll kill you?" Lin Yi's expression turned serious as he asked indifferently.

Qikun jumped as well-he didn't think that Lin Yi would ask a question like that. Wasn't he just going to fall out with his Grandpa? But, this was the Hidden House Zhao-if they were to fight, would she and Lin Yi be a match for house Zhao? However, old master Zhao's answer made qikun a little dumbfounded.

"This ..." Old Zhao's face froze as he looked at Lin Yi, stunned, ""Young hero Lin, you must be joking. We have no grudges, why would you kill me ..."

"No enmity?" Lin Yi smiled and ignored him. He pulled qikun and walked out of the living room.

Old Zhao let out a breath of relief as he watched Lin Yi and qikun leave. He clutched his heart and sat down on the sofa.

"Old master, how are you?" Old Mian was also drenched in cold sweat.

"It's fine, sigh, who would've thought that Lin Yi would be this strong now? He gave me too much pressure just then-I don't even know if it's a blessing or a curse for qikun to go with him ..."Old Zhao said worriedly.

"This ... Why don't we change our strategy, old master? To qitan ..."Elder Mian wasn't elder bi-he didn't like Qibing at all, and he didn't hate qikun either. As far as he was concerned, he'd let whoever was more useful to the Hidden House Zhao take the position-it was a very normal thing.

"But, this isn't fair to Qibing ..." Old Zhao was in a difficult position. He didn't feel this much pressure when he was with Lin Yi before, but after seeing him today, he couldn't take it anymore.

"But, it's obvious that Lin Yi doesn't like Zhao Qibing, he's closer to Zhao qikun!" Elder Mian said carefully.

"Sigh, give me some time to consider." Zhao Yu's father waved his hand helplessly.

Lin Yi and qikun left the Hidden House Zhao together, and qikun was very curious about what happened today. He couldn't help but ask after getting into Lin Yi's car, ""Boss, why does my grandfather seem to be afraid of you?"

"I can kill him instantly. Of course he'll be afraid." "I'm afraid you don't have any other sources of information,"Lin Yi smiled." You don't know what's happening outside. "

"That's right, boss, you can kill my Grandpa in seconds? My grandpa's Sky Class early phase, you're not ... "Qikun's eyes went wide, shocked. "You're a Sky Class now?"

"No, I'm only earth Class late phase." Lin Yi shook his head, "but I have the power to kill Sky Class Masters in seconds. I can kill almost anyone under mid phase Sky Class."

"Damn, boss, you're so awesome? Then you're the number one under Sky Class?" Qikun was surprised, "no wonder my Grandpa was so scared! No wonder they haven't been giving me any trouble recently! So that's the reason!"

Qikun had been wondering why house Zhao didn't make things difficult for him like before-he thought that these people just wanted him to live on his own and didn't want to bother with him anymore, but it turned out to be Lin Yi's doing.

Chapter 2792 Heading To The Trial

"I can't call myself the first person. Let's hurry." Lin Yi started the car and drove quickly according to the Sky elixir sect's invitation.

It was similar to the training at the Ice Palace-after driving through a few cities, there were very few people left. At most, he could see a few villages, and there weren't even any villages ahead. The weather here, however, was pretty good-it wasn't like the snow at the Ice Palace, making the journey hard.

The roads here were all dirt roads, but the dry weather didn't affect their speed at all. After another afternoon, Lin Yi's car finally arrived at the Xuanji tiandan Inn that night!

That's right, at the foot of this desolate mountain, a Grand and luxurious Inn had suddenly appeared. This was the registration place for the sky elixir sect's trial, specially prepared for the participants.

The difference between this place and the Ice Palace was that there were no normal residents here, and the inn was completely isolated. Perhaps it was because of the sky elixir sect's location that there was no village here, or perhaps because the sky elixir sect didn't like normal people around.

Lin Yi parked his car in the parking lot and got off with qikun. There were a few other cars in the parking lot as well, but they didn't know if they belonged to the other practitioners or the sky elixir sect.

"You two, this isn't an ordinary Inn. If you don't have an invitation, then please leave." The two of them had just entered the inn's lobby when a man dressed in cotton clothes stopped them and politely said.

"We're here to participate in the trial. " "Where would a freelancer get an invitation?" Lin Yi said faintly.

"Oh? So that's how it is. " The cloth-clothed man didn't get angry, only nodding to Lin Yi, "If that's the case, then please show me your strength, and I'll register you two!"

Lin Yi and qikun both activated their practitioner's Arts, revealing their strength-Lin Yi was Earth Class late phase, while qikun was only Mystic mid phase peak!

However, the rules were simple-as long as they were Mystic class or above, they could join. There were no restrictions, and so the man nodded, satisfied."Since both of you are cultivators, there's no need to

check your invitation cards. Please show me your identification documents. I'll handle the room cards for you."

Lin Yi and qikun handed over their IDs-Lin Yi only remembered qikun's strength after seeing him use his practitioner's Arts. He was only Mystic mid phase peak, and that was too weak!

And he was one of the very few people among his followers who didn't get anything from Lin Yi-even so, he was still loyal to Lin Yi and reported to him. It was a really rare thing.

However, when Lin Yi first met him, he was also a Mystic mid phase peak-he couldn't help qikun increase his strength, and after qikun was locked up and Lin Yi became an Earth Class, he didn't have the chance to help him increase his strength either. Lin Yi didn't think too much about it on the way here, and it was only now that he felt the need to help qikun.

After registering their IDs, Lin Yi and qikun took their room cards and were about to head up when they heard footsteps and voices coming from the stairs. It seemed like the other practitioners had arrived first.

"Have you heard? On the way, the disciples of immortal fist position Palace had a conflict with him. However, they didn't gain any benefit from him. It's said that two people came here; one of them who had not joined the survival training left!" Said one of the people who went downstairs.

"Ah? No way? Is that true? So powerful? It's indeed the number one devilish sect!" The other guy said in surprise,"is that guy called Zhang naipao?" But I heard that that person didn't seem to be that outstanding? He was crippled in the test of the Ice Palace!"

"Shush, walls have ears, don't let this get to Zhang naipao's ears and cause trouble!" "Let's not talk about whether or not the rumors about the test are true-even if they are, the strong aren't something that losers like us can understand,"the person from before said hurriedly.

"Damn, you're a Sky Class early phase!" The other person was stunned. He didn't expect his companion to be so timid."That Zhang naipao, I heard that he's not Earth Class late phase peak, either-there's still a huge gap between you and him!"

"That's true, but naipao's practitioner's Arts are very weird, and so are his martial arts. He's known as the strongest under Sky Class mid phase, and I heard that even Sky Class mid phase Masters are nothing to him-I'm only sky Class early phase!" The man smiled indifferently, not feeling embarrassed at all.

"Alright, he's strong indeed-but I wonder if that Feng nitian from the ancient house of Feng, who was said to be able to fight naipao, will come back this time? will the two of them have another clash?" The other man said expectantly,"by the way, brother, isn't your surname Feng?" Do you know the ancient Feng clan?"

"This ... Let's not talk about this anymore ..." The person from before shook his head and was about to say something when he suddenly said,""Someone's coming. "

This gave him a suitable reason to end the conversation.

In fact, Lin Yi had heard everything they said-the guy was a Sky Class early phase, but he obviously didn't have much experience, and didn't know how to be on guard. It'd be too late if Zhang naipao heard him.

But Lin Yi, naturally, wasn't interested in talking to naipao-he was just curious-what weird martial arts did this naipao learn this time, to become the strongest under Sky Class mid phase?

Wouldn't that be the same as him? Lin Yi couldn't help but shake his head-this naipao really was a persistent guy, after all. He'd appeared not long after pinliang left, and they were old enemies.

Qikun's face changed as he looked at Lin Yi, a little worried. He didn't have any conflict with naipao-he was the one who betrayed nitian, after all, and he wasn't worried that naipao would take revenge. It was just that Lin Yi had crippled naipao last time, would he let this go?

But Lin Yi didn't seem to care at all-it was as if he didn't care about their conversation at all. He let out a breath of relief-wasn't Lin Yi the strongest under Sky Class mid phase as well? If he could kill a Sky Class mid phase in seconds, he should be as strong as naipao, right?

Chapter 2793 Feng Shanshan

At this time, Lin Yi and qikun bumped into the two people who came down. The Sky Class master from before was obviously a friendly person, not scheming against each other like other practitioners-he greeted Lin Yi and qikun very warmly,"Good evening, you two. You're also here to participate in the trial, right? I'm Feng Shasha, it's a pleasure to meet you!"

Lin Yi blinked-this guy sure was passionate, not putting on the air of a Sky Class at all. What a weirdo, and his name was even more so-poem? Why did he sound so much like a scholar? he didn't look like a cultivator at all. This person also looked elegant and had the temperament of a scholar.

However, this person seemed familiar to Lin Yi, as if he had seen him somewhere before ...

Feng Shanshan? Feng? Lin Yi suddenly remembered the Feng nitian they were talking about, and his face changed. Yes, this person should be similar to Feng nitian. Could this person be from the ancient house Feng?

At that thought, Lin Yi became more cautious of this person. Although this person looked harmless and nice, Lin Yi didn't just believe in appearances. If this person knew that he was the one who crippled nitian, would he suddenly attack?

"So it's young hero Feng, it's a pleasure to meet you." Lin Yi said indifferently without introducing himself. Who knew if the Feng family knew that Ling Yi was Lin Yi? If they knew, wouldn't they fall out on the spot?

Qikun could tell that Lin Yi didn't have the intention to get to know them, so he only cupped his hands to him without saying anything.

"You two, why don't you have dinner together? This Feng will be the host?" Feng Shasha felt the coldness from the two, but he didn't know what the problem was. He thought that he was very passionate, but why did Lin Yi seem to not see it?

"No need. We've just arrived. We need to clean up the room first. You guys go ahead and eat." Lin Yi said indifferently.

"This ... Alright." Feng Shasha didn't force him. Everyone had their own ambitions. If the other party didn't want to attend the banquet, he couldn't do anything about it. He could only leave with the people who had come down with him.

Lin Yi and Qikun went up the stairs-Qikun found it weird, but he didn't ask. They could hear what Feng Shasha said before, so they might be able to hear what they were saying now as well.

He went to Lin Yi's room first instead of his own, "That Feng Shasha seems to be from the same family as Feng Nitian-the two of them should be related!"

"Ah?" Qikun paused, thinking back. The two looked similar-he'd been with Nitian in the Ice Palace test before, and it was only natural that he'd have a deep impression of him. He just didn't think about it this much before, but now that Lin Yi reminded him, he remembered. "He really does look like him. Could it be that this person ... Is here for revenge?"

"I don't think so. It's possible that he's just here to participate in the trial." "From the way he talks and does things, he's a little naïve and inexperienced," Lin Yi said. "But we can't tell what he's thinking. We can't be sure if he's a fool or not!"

"That's true. Anyway, let's be more cautious." Qikun nodded.

Feng Shasha and the man went to the inn's restaurant. There were no other restaurants in the vicinity, only one in the inn. There was no other choice.

"Brother Feng, who are those two people? You don't seem to fit in?" The man with Feng Shasha asked. He was a solo practitioner, without any sect. It was already hard enough for him to reach Earth Class late phase peak. It was rare for a solo practitioner of this level to not be tempted by the secular world to become a guard for some rich man.

And so, as soon as Feng Shasha threw out an olive branch, he immediately leaned over. Sky Class! Although it was only early phase, it was enough for him to look up to! Although the man looked young, he was already in his forties. Calling Feng Shasha "brother" was just out of respect.

"I'm not sure, but it's normal. Many of the disciples of the ancient sects are very proud, and they don't want to form factions. After all, some of the ancient sects have conflicts with each other, and it's impossible for the disciples to sit together peacefully. " Feng Shanshan explained.

At the same time, the ancient Feng family was in an uproar. Feng Tianlin sat in the family meeting room with an ashen face next to old master Feng and glared at Feng Tianhu."Feng Tianhu, what are you up to? How dare you let her participate in the sky elixir sect's test without me knowing? Don't you know how dangerous that trial is? How many cultivators in the past have survived?"

"Second brother, you're wrong. My son went against the natural order and got into the Ice Palace test, but can your son, Shi Ping, get into the sky elixir sect test? What is this logic?" Feng Tianhu said faintly,"plus, Feng Shangshi is a Sky Class early phase master. He wasn't allowed to join the sky elixir sect's test in the past. This time, they've relaxed the rules, and let Shangshi go and get some benefits. Why not?"

"Hmph, don't think I don't know. You let Shi Yan participate in the sky elixir sect's test because you want to get a third grade great recovery pill for defiantly." Feng Tianlin was extremely annoyed.

"I didn't say that. I only told him about the stakes. He volunteered to participate in the sky elixir sect's test, to help his brother." Feng Tianhu said calmly.

"You ... You know the poem's character. If you say this to him, he will naturally not refuse!" Feng Tianlin hmphed coldly. His son, Feng shangxin, didn't have any bad intentions. He was a good man. Feng Tianhu

said that if he went to the sky elixir sect's test, he could get a grade three great recovery pill to save his brother, Feng Nitian. He would definitely go.

"Alright, what's with all the fighting? Don't fight anymore!" Old master Feng finally spoke, "Isn't it just a trial? He's a Sky Class early phase, after all-it's only right for him to gain some experience. Plus, it's our house's fortune that defiantly got better, why not?"

"But ..." Feng Tianlin still wanted to say something, but he was interrupted by old master Feng.

"Tianlin, Tianhu has his own plans. He's afraid that if he tells you, you'll stop Shi Yan from participating. But if I were the one making the decision, I'd still let Shi Yan go." Old man Feng said, "first, if Feng Nitian recovers, it's a great thing for our ancient house Feng. Second, Feng Shasha is a Sky Class master now. There shouldn't be any danger in the test. It'll be easy."

"This ..." Feng Tianlin naturally had his own selfish motives.

Chapter 2794 Feng Family's Family Meeting

However, since his father had already said so, he had nothing to refute. He could only say, "I'm just angry that third brother didn't tell me what he was doing and made his decision in private! It's fine to participate in the trial this time, but what if you deliberately send the poem to its death next time?"

"Impossible! Am I that kind of person? Would I do such an immoral thing?" "No matter what, I'm still a member of the Feng family. I won't kill each other!" Feng Tianhu snorted.

"It's hard to say?" Feng Tianlin laughed coldly and said, "You know very well what you've done."

"Whatever you say, I'm going to take a look at against the sky." Feng Tianhu said as he stood up and left.

Feng Tianlin was so angry that he pointed at his back and couldn't say a word for a long time. He was also deeply helpless. The family was full of schemes and infighting, and he couldn't relax for even a moment. Otherwise, he would be consigned to eternal damnation! Feng Shasha's incident was an alarm, reminding him that he had to be more careful of his brother in the future.

"Father, you see ..." Feng Tianlin looked at old master Feng helplessly.

"Tianlin, you have to understand that if there's no competition in a clan, it'll be detrimental to the clan's development." Old master Feng sighed, "I'm old, and I need to think about house Feng's future. Shangguan is talented in practicing, but he's too kind and doesn't have any schemes-he's not fit to be the head of the house. It'd be fine if house Feng was strong, but they weren't that strong in the ancient times. I haven't reached Sky Class late phase peak yet, and house Feng only has five Sky Class Masters, including Shangguan, who just broke through. Five Sky Class Masters might seem strong, but we don't have a solid foundation. If an ancient sect really does come to conflict with us, we'll really be powerless!"

Feng Tianlin also fell silent. Indeed, he was able to rise to his position completely because of his marriage. He relied on nepotism to get to his position, and it was obvious that he wasn't strong enough. Otherwise, he wouldn't have been able to suppress Feng Tianhu for so many years.

He also knew that if the Feng family had a strong backer, then everything would not be a problem, just like his wife's relationship. However, over the years, his wife's relationship had gradually declined and had lost its former glory, so the Feng family had also begun to decline sharply.

"But ... If defiantly recovers from his injuries, then shangxin ..." Feng Tianlin asked hesitantly.

"I actually acquiesced to this trial. Otherwise, do you really think that sky Tiger could hide from the heavens? I still have the final say in the Feng family!" Old master Feng laughed and said, "Shangguan ye is going to participate in the trial. First, it's to see if he can make more powerful friends. Second, it's to let him see the world. Otherwise, with his character, he'll be easily taken advantage of."

"I see ..." Feng Tianlin didn't expect his father to allow this, so he was a little surprised, but he was still a little worried. "But this is the sky elixir sect's test. Most people who went before never came back. I'm afraid Shi Sheng ..."

"He has to go and gain experience. If he can't even survive this little storm, then he's not qualified to be the head of the family." Old master Feng waved his hand. "Alright, I've made up my mind. There's no need to say anymore."

"Yes, father," Feng Tianlin nodded. Since his father had already said so, he naturally wouldn't say anything more. He could only secretly pray that Feng shangxin would return safely.

Feng Tianhu didn't stop either. As soon as he returned to his room, a rich lady, who was also Feng Tianlin's wife, barged into Feng Tianhu's room and scolded, ""Feng Tianhu, you bastard! Aren't we supposed to attack and defend together against that Xu Shihan? Why did you do this to my son behind my back?"

"Second sister, you're wrong. Shi Sheng is a Sky Class master now, and is as strong as me. He's the future pillar of house Feng-if we don't go train now, when? Without experience, how can you be qualified for the position of the patriarch?" Feng Tianhu quickly shook his head and said, "think about it, what good would it do me if something happened to Shangshi?" I'm looking forward to his triumphant return and asking for a great recovery pill for defiantly. If something happens to him, not only will we lose the great recovery pill, but our Feng family will also be finished. Even if I'm stupid, I wouldn't do such a stupid thing, right?"

"If the poem returns safely, won't the heaven-defying ability be cured? Continue to fight with the poem for the position of master?" The woman asked with a cold snort.

"I say, second sister-in-law, with your status here, and with Shi Ping's return, he's still the heir to the young master's family. What's the advantage of being heaven-defying? Even if he's fully recovered, after this incident, I won't let him fight for anything anymore. Cultivation in peace is the true principle!" Feng Tianhu said.

"Hmph, I'll believe you for now. I don't think you would dare to lie to me!" The lady nodded, believing Feng Tianhu's words.

In the inn, Lin Yi packed up and prepared to go out for dinner with qikun.

"Eh? What is this?" Qikun blinked as he saw Lin Yi take out a pig-like animal-wasn't this the Skybolt pig Lin Yi brought to the Ice Palace test? "Little guy, we meet again?" he said in surprise.

But the pig didn't give a damn-it just snorted and jumped into Lin Yi's arms, evidently having a hard time in the bag.

"I can bring spirit beasts with me for this trial, right?" Lin Yi asked.

"Sure, but it's not stated in the invitation. It should be fine." "This little guy's pretty cute, but he doesn't look like a spirit beast with any attack skills," qikun said awkwardly.

"It can be used to search for treasures." Lin Yi didn't hide anything-he didn't use treasure hunting anymore after taking qikun in during the test, and he always used the excuse that the pig needed to pee as an excuse-so qikun didn't know what the pig was capable of.

At that time, Lin Yi didn't trust him, so he didn't say much. But now, qikun's loyalty was undeniable-he was locked up for this long just because he leaked information to Lin Yi, and that was enough to prove how reliable he was.

"Treasure hunting?" Qikun paused as he thought of something."Could it be that it was the reason why Boss found so many treasures back in the Ice Palace?"

"That's exactly the case. " "Let's go down and eat,"Lin Yi nodded.

"Alright!" Qikun didn't think much of it.

Chapter 2795 Stunned

Lin Yi carried Skybolt pig and went down the stairs with qikun. Skybolt pig didn't need to eat these things, but it was used to eating normal food at home. It hadn't eaten anything for a few days on the road, so it was natural that it was hungry.

He went to the dining room and saw Feng Shasha and the other practitioner.

Feng Shasha saw Lin Yi and Zhao qikun walk into the restaurant and was very happy. She waved to them,"Two young heroes, do you want to eat together? My treat!"

Lin Yi smiled bitterly. He didn't think that the two hadn't had dinner yet, and he intentionally stayed in the room upstairs for a while. Now that they'd invited him, he couldn't really reject them. After all, there were only the two in the dining room.

"Alright, I'll do as you say." Lin Yi brought qikun to the empty seats opposite the practitioner.

"Feng Shasha, let's get to know each other again!" Feng Shanshan extended his hand and spoke politely.

"Lin Yi, this is my little brother, Zhao qikun." Lin Yi extended his hand and shook Feng Shuping's hand, but he was paying attention to Feng Shuping's reaction. To Lin Yi's disappointment, Feng Shuping's face didn't have any special expression, as if he'd never heard of the name before.

In truth, Feng Shasha had never heard of it before-not even the name "Ling Yi." After all, the test was a secret, and the only rumors were that nitian and naipao had been crippled. As for who did it, there was no news.

After all, the Ice Palace was still a force to be reckoned with-the hidden houses didn't dare to say anything. As for the two crippled people, they'd only needed to ask around-they were the only two who'd participated in the ancient level test, and they couldn't hide it since they were both crippled.

"I'm ge Xian, a rogue cultivator. I'm currently following brother Feng. " "I'm an Earth Class late phase peak,"the practitioner introduced himself.

"Hehe, I'm only earth Class late phase, a solo practitioner." Lin Yi smiled faintly, "this little brother of mine is from the Hidden House Zhao, but he's a bit weak, only Mystic mid phase peak."

Lin Yi's words shocked both Feng Shanshan and GE Xian. Lin Yi was also a freelancer? Then why did he take in a hidden house's little brother? One must know that even though the hidden level was not as good as the ancient level, it was still a level of existence that rogue cultivators could only look up to. As a rogue cultivator, GE Xian knew that if he were to go to a hidden house, he would at most be a guard or disciple. Not to mention taking in a disciple as a follower, even being a follower would depend on luck.

Lin Yi could have been a Sky Class, but he was only earth Class late phase-it was unbelievable that he had a Mystic mid phase peak as his follower.

"Young hero Lin, it's a pleasure to meet you!" Feng Shanshan didn't look down on Lin Yi. On the contrary, he felt that these practitioners were the easiest to get along with. There was no need to worry about the conflicts between the ancient noble houses and sects. As long as they could talk, they could become good friends. "I'm from the ancient Feng clan!"

This was the first time Feng Shasha revealed where he came from-even GE Xian didn't know who he was before. He only revealed this after Lin Yi introduced qikun's background.

"Ah?" "Brother Feng, you're really from the ancient house Feng? that Feng nitian" GE Xian was shocked.

"That's my cousin!" "It's a pity that he's in a vegetative state at such a young age, and he hasn't woken up yet. Although he's not as good as us and can't blame anyone, it's still a blow to our Feng family!" Feng Shanshan said. And I've come this time to ask for a great cyclic pellet for him. "

Lin Yi was surprised-he didn't think that his guess would come true. Feng Shasha was from the ancient house Feng, and was nitian's cousin. He had to be careful.

"No way? I've heard that Feng nitian was arrogant and wanted to fight for the position of the young master, how could you help him? Wouldn't that be threatening your position?" GE Xian was obviously well-informed. He asked curiously,""Brother Feng, I think you're a simple and honest person, so don't raise a Tiger. If you cure him, he will threaten you later! Brother Feng, don't blame me for speaking too much. I'm just thinking for you. "

"GE Xian, I know you are doing this for my own good. It's okay." Feng Shangshi shook his head and said nonchalantly,""My mother often tells me to be on guard against against against the heaven, but I always feel that since the heaven-defying is my cousin, I can't just sit by and do nothing, right?"

"Oh? Then do you hate those who hurt heaven-defying people?" Qikun asked suddenly.

"Hate?" Feng Shanshan was taken aback, but he shook his head,""In the trial, his skills weren't as good as his opponent 's, so it's fine if he lost. I know his nature-defying character, and if he didn't want to kill someone, they wouldn't have been so ruthless. In fact, I understand what you're saying, I'm not a fool, how can I not know this? However, I think that he is still my younger brother ..."

"Hehe, do you know why I'm here to participate in the trial?" Qikun smiled and asked.

"Oh? Why?" Feng Shashi found it strange as well. Normally, the hidden houses wouldn't send anyone to participate in the sky elixir sect's test. After all, the disciples of the hidden houses weren't very strong, and even the elite disciples of the houses were mostly Mystic class. Many of them never returned, and so as time went by, the hidden houses stopped sending people. As for the ancient sects and houses,

they had more disciples of this level, and there were more who wanted to contribute to their sects or families. Therefore, most of the participants were of the ancient level.

"Because I have a cousin who is ready to get rid of me. He asked my grandfather to send me to my death." Qikun sighed. "Thank God I had boss's protection. Otherwise, I would've been dead for sure."

Feng Shangguan was silent. In fact, when his third uncle asked him to participate in the trial, he already knew what was going on. If his third uncle asked him to come, he would either go back safely to get the great cyclic pellet or die Here. Others might not know, but he was very clear that his third uncle had an illegitimate son outside. When he died, he would be unable to recover, and his grandfather would have no choice but to let that illegitimate son return to the Feng family. However, although Feng Shangguan knew about this, However, his personality could not be changed.

"But, I can't do that ..." Feng Shitan sighed.

"To be honest, I was the one who crippled nitian," Lin Yi said suddenly.

"Ah?" Feng Shanshan was stunned. GE Xian was also stunned!

Chapter 2796 Zhang Naipao's Rumors

Even qikun was surprised, not understanding why Lin Yi would say that.

In fact, even if Lin Yi wanted to hide it, he wouldn't be able to hide it for long. Since Zhang naipao was coming this time, his identity would be exposed, and Feng Shasha would know as well. It was better to tell her now, since it was more honest.

"Zhao qikun, he's one of Feng nitian's underlings-let him tell you what happened." Lin Yi said.

Qikun nodded and told her everything that had happened during the test.

Feng Shangguan nodded with a bitter smile,""That's what I guessed. My cousin was young and promising. He was called the strongest under Earth Class, and eight out of seven people were unconvinced. Lin shaoxia didn't do anything wrong ..."

"It's good that you can understand. " Lin Yi nodded,"Feng nitian is stealing things in the test, and I have someone I want to save. I can't compromise with him. We can only fight to the death."

"Haha, it's fine. Lin shaoxia, you don't have to explain. I understand. If I had Lin shaoxia's martial arts, I would fight back if I was bullied." "But, Lin shaoxia's strength is quite impressive. He was only Mystic late phase and he was able to injure my cousin so badly."

"Of course, boss is strong ..." Qikun wanted to continue but Lin Yi cut him off.

"Let's not talk about this. Since brother Feng doesn't blame us, then that's good. " Lin Yi didn't want qikun to waste time on meaningless things-he could tell that the relationship between nitian and Shangguan wasn't that great. It was just that Shangguan was a kind person,""Right, GE Xian, what's up with that Zhang naipao you were talking about?"

"Zhang naipao ..." GE Xian didn't hide anything, "I heard that Zhang naipao got into a fight with two disciples of the divine fist position Hall on his way here, and one of them was crippled on the spot, so only one came ..."

"Zhang naipao did this?" Lin Yi frowned, surprised. "Does the divine fist Palace practice the mental cultivation method of external style?"

Lin Yi remembered that house Pi had some connection with the miracle fist sect-both of them were physical practitioners, and wasn't naipao's ultimate skill the Wasp absorption? He could absorb the Qi of spiritual practitioners, but what could he absorb from external practitioners?

That shouldn't be the case-if Zhang naipao had gotten into a fight with a spiritual practitioner, it was possible that he'd be crippled on the spot, but now ... Could it be that Zhang naipao had trained in some other special martial arts?

Besides, naipao had recovered after being crippled by him? Lin Yi could believe that naipao had recovered-the ancient sect had all sorts of pills, but to say that naipao could even absorb spiritual energy from physical practitioners now was a bit of a stretch.

Could it be that naipao had some powerful martial arts? This was quite possible-after all, naipao should be an Earth Class now, and it was normal for him to practice martial arts.

"Yes, it's a physical practitioner's art." GE Xian lowered his voice, "I'll tell you guys. According to a reliable source, Zhang naipao just stood there without moving. The master from the divine fist position only managed to punch him once before he fell to the ground and became a cripple."

"What? Then how did he do it?" Lin Yi was surprised-could it be that naipao could even use the Wasp absorption Arts as a physical practitioner? Otherwise, why was the disciple of the divine fist Hall crippled before he even moved? This didn't make sense!

"I don't know about that. Although I, GE Xian, make a living by selling information, there are some top-secret information that I can't find out." GE Xian shook his head.

"You're selling information?" Lin Yi blinked.

"Yes, I'm a rogue cultivator. I don't have any support or cultivation resources. In order to exchange for some cultivation resources, I can only rely on selling information to survive. Of course, I also have my own way and network." "In the world of cultivation, I'm called GE banxian to describe my ability to predict the future," GE Xian said."It's just that I have more information channels."

Lin Yi nodded. A practitioner who could reach GE Xian's level was no ordinary practitioner. They all had their own Rules of Survival. Otherwise, it would be hard to survive in the world of cultivation where the strong preyed on the weak. Without ability, it would be hard to move.

Lin Yi was about to ask more questions when there was a commotion outside the restaurant. A young man pushed the door open first, but he didn't walk in. He held the door and made a gesture of "please" with his hand. After that, another person walked in, and to Lin Yi's surprise, it was Zhang naipao!

Naipao walked into the restaurant cockily, and the man who opened the door said respectfully,""Brother Pao, please take a seat ..."

Behind naipao was another man, still as respectful as ever-these two were from the everyday and every day sect, and were also naipao's followers. Last time at the Ice Palace, naipao had gotten injured, and so for his safety, the everyday and every day sect had sent two more followers. They were both stronger than naipao, Sky Class mid phase.

In truth, these two were both Zhang naipao's senior brothers-even if naipao was a direct disciple of heavenly venerate Chunyang, there was no need to treat him with so much respect. But now, he had become the crazed Dragon founder's trusted little brother of the everyday and every day sect-even though the seniority didn't change, who would dare to treat him as a true junior now?

Calling naipao bro was already an act of social climbing-if it weren't for the fact that naipao was a disciple of heavenly venerate Chunyang, they would've just called him master naipao or master Crazy Cannon.

In truth, the test this time was very dangerous. The everyday and every day sect was one of the leaders of the sky order Island Plan, and while they were suppressed by the five elements sect, Zhang naipao was still a key figure. No matter how much the five elements sect didn't like the everyday and every day sect, they wouldn't take his life as a joke.

Naipao had two reasons for coming here-one was to get a bone cleansing pill for pinliang after the test, and two was to teach Lin Yi a lesson. Pinliang had lost to Lin Yi time and time again, and now that he'd become one of the elders of the everyday and every day sect, it was only natural for him to want revenge. However, his strength was limited, and he could only send naipao for revenge. Besides, naipao's fight with Lin Yi would stimulate his will to train. It allowed naipao to step into a higher realm.

Naipao's chrysanthemum Arts was just like that-the more hatred points he had, the faster he'd be able to train. Without hatred points, he wouldn't be able to train anymore.

Chapter 2797 Not Following The Script

Naipao, on the other hand, came here with confidence-the five elements sect didn't just give Lin Yi a copy of the sky elixir sect's test map, they'd also asked for one from the sky elixir sect for the everyday and every day sect. They didn't want anything to happen to naipao during the test.

This year's test was different from the previous ones. In the previous ones, the sky elixir sect's goal was only to obtain the spirit herbs and the high amount of security fees. This time, however, it was all for a plan.

And so, the sky elixir sect decided to let go of the test's conditions-they changed the rules from Mystic to earth, and now there was no limit to Mystic and above. The others didn't know, but as a fellow archaic member of the everyday and every day sect, and one of the advocates of the Sky Class Island Plan, how could they not know what was happening?

If naipao didn't have the map, pinliang wouldn't let him take the risk. He'd rather not have the bone cleansing pill than teach Lin Yi a lesson!

Of course, pinliang hoped that Lin Yi would die in the test as well, but for some reason, he had a feeling that Lin Yi wouldn't die.

Pinliang's senses were much stronger now that he'd become the founder, and he wasn't sure if his premonition was real or not.

Not only did he think that Lin Yi would be fine, he even thought that Zhang naipao would be the one in trouble. But he couldn't understand why-with Zhang naipao's strength, he shouldn't be threatened by Lin Yi, especially with two Sky Class mid phase Masters protecting him.

Pinliang felt like he'd missed something, but he couldn't quite remember what it was since the two souls had just merged.

Naipao's face changed as well-he didn't expect to run into Lin Yi right after he arrived! What a small world!

"Lin Yi, I didn't think you'd dare to come. It seems like Liang bro was right-you're asking for a beating. I didn't go to Donghai city to look for you, but you came to me yourself." Naipao laughed coldly as he strode towards Lin Yi, his two lackeys following behind him.

"Before the trial begins, can we fight each other?" Lin Yi didn't know the rules of the test, so he turned to qikun and ignored naipao's words.

"Yes, as long as the trial hasn't started, you can start." "But," qikun explained."In the sky elixir sect's territory, even if you do, you can't kill your opponent. That's the bottom line."

"Of course, that doesn't include suicide." Naipao said faintly.

"Suicide?" Lin Yi looked at naipao,"You mean you want to commit suicide?"

"Hehe, we don't know who's going to commit suicide yet. Lin Yi, do you really want to beat me up right now?" Naipao asked.

"So what if I am?" Lin Yi asked.

"Then don't say I didn't give you a chance. I'll just stand here and let you hit me. I'll give you a chance to vent your anger. But if you don't do it, don't say I'm looking down on you." Naipao said.

"?" Lin Yi looked at Naipao, confused-what was wrong with this guy? why would he want him to hit him first? "You're not going to fight back?"

"If you cripple me, of course I won't fight back. But if you don't, then don't say I won't be polite." Naipao said.

Lin Yi's heart was filled with questions, but he still started channeling the eighth stance of the fist."The eighth move of wild fire Eight Trigrams palm!"

"Don't, Lin Shaoxia ..." GE Xian seemed to have thought of something and suddenly shouted to stop him. However, it was too late ...

However, Lin Yi's attack didn't land on Naipao's body, but on one of Naipao's Sky Class mid phase followers!

With a loud bang, the Sky Class middle phase follower behind Naipao was sent flying, landing on the ground some distance away from the restaurant. He didn't know what the restaurant was made of, but the ground was completely undamaged!

Perhaps the sky elixir sect had considered the possibility of conflict between the cultivators here, so they had used some special materials.

"Ah! Ah! Ah!" The left follower screamed in pain. His chest instantly became a bloody mess and caved in. He only screamed once before his eyes rolled back and he fainted ...

Lin Yi didn't use his full strength, but held back a bit of strength, a bit of strength to escape! He was afraid that Naipao would attack him, and he was also afraid that killing this follower would break the rules.

However, the 8th style of the palm shouldn't be able to kill a Sky Class mid phase in one hit.

However, even if Lin Yi didn't kill the follower, the follower was now a cripple. Even a recover pill wouldn't be able to save him.

The Lin Yi now wasn't as strong as he was when he was Mystic-nitian could still be saved with a recover pill, but this follower was no longer the same.

"You ... Why did you hit him?" Naipao was both shocked and furious-he stood there and let Lin Yi hit him, but he didn't think that Lin Yi would attack the follower behind him instead! The follower didn't even know what was going on, and he was crippled!

This was Sky Class mid phase! Even the everyday and every day sect didn't have many of them! However, what shocked Naipao even more was the fact that Lin Yi was able to injure a Sky Class mid phase master with just one move?

Naipao's face was dark-he wanted to make a move here, but he was worried about Lin Yi's strength, especially with four people at the same table. He knew qikun, but the other two were unknown-he didn't dare make a move!

Birds of a feather flock together-if Lin Yi could take down a Sky Class mid phase in one move, who could guarantee that the people around him wouldn't be able to do the same? Naipao didn't think that he'd be defeated so soon after coming to the sky elixir sect!

And the person who gave him this setback was Lin Yi! This was so similar to the Ice Palace test! At that time, she was the one who gave Lin Yi a scare and turned him into a cripple, but now, Lin Yi gave her a scare and crippled one of his Sky Class mid phase followers!

Qikun was surprised, but he'd known that Lin Yi could kill Sky Class mid phase in seconds, so he was just excited. Feng Shanshan and GE Xian, on the other hand, were different-they both knew Lin Yi's strength, and they saw that Lin Yi, an Earth Class late phase, could actually cripple a Sky Class mid phase-just how strong was he?

Chapter 2798 People From Divine Fist Palace

Although Lin Yi was suspected to be a sneak attack, whether it was a sneak attack or not, it showed that Lin Yi's strength was there. GE Xian believed that if it was him, he would not be able to do it! Plus, he could clearly feel that Lin Yi's skill was Sky Class fourteenth style!

Only sky Class mid phase Masters could use this skill, but Lin Yi was only earth Class late phase!

"Lin Yi, I'll see you at the test!" Naipao finally managed to hold himself back-he didn't want to kill Lin Yi right there and then, and it'd affect the whole plan. Plus, he really wasn't Lin Yi's opponent if he didn't use his ultimate move.

It would be fine if Lin Yi took the initiative to attack him, but if he continued to attack the follower on his right, then naipao would be in trouble.

"Oh." Lin Yi replied nonchalantly.

"Hmph!" Naipao hmphed coldly and turned to his other follower, "Mo BA, carry mo Jiu, let's go!"

"Yes, brother Pao!" The follower called mo BA was scared too-Lin Yi had crippled mo Jiu in one move, but he obviously still had some strength left. If he attacked again, he wouldn't be able to handle it! Hearing that, mo BA was relieved and carried mo Jiu on his back, leaving the restaurant with naipao.

It could be said that he came and left in a hurry, and his acting tough didn't succeed.

"GE Xian, you stopped me just now because ..." Lin Yi turned to GE Xian and asked.

"Ah!" Only then did GE Xian come back to his senses. The scene just now was too shocking. He didn't think that the legendary Zhang naipao, who had killed a disciple of the divine fist Hall during the test, would be defeated. And the one who defeated him was a freelancer that he had just met, a freelancer that he didn't even pay much attention to!

When Lin Yi said that he injured nitian, GE Xian only admired him for a while. After all, he didn't see it with his own eyes, and it had been a long time since he'd seen anything like that. Naturally, he didn't take it to heart.

But now, GE Xian finally knew that there was a reason why Lin Yi could beat nitian.

"I heard that the godly fist position disciple also hit Zhang naipao once before becoming a cripple-I suddenly thought, would it be a problem if Zhang naipao just stood there and let you hit him?" GE Xian explained.

"I thought of that too, so I didn't hit him. Instead, I hit one of his followers." Lin Yi nodded. He wanted to get rid of one of them as much as possible-he was a little worried about the two followers naipao brought with him, but getting rid of one made things easier.

As long as he formed an alliance with Feng shangyue in the test, he should be able to fight naipao and Zhang naipao. He would deal with Zhang naipao, and Feng shangyue would deal with that mo BA. Unless mo BA was someone similar to Lin Yi, Feng shangyue would be able to deal with him for a while as a Sky Class early phase.

"Yeah, I don't know what's going on, but thinking about it, Zhang naipao didn't even do anything, and the disciple was crippled-there's something fishy going on, and he even asked you to hit him first. Something's definitely wrong." "That's why I stopped you ..."GE Xian said.

Lin Yi nodded, "that's what I'm worried about as well. This Zhang naipao belongs to a demonic sect-we can't use common sense to judge him. Looks like we'll have to do a thorough investigation."

"Don't worry, I'll try my best to find out, but the things I can find out are only on the surface. I can't do anything about things that are too confidential." GE Xian shrugged his shoulders and said helplessly.

Not long after naipao left, another three practitioners came. They were obviously here for the test as well, but one of them was alone, and looked like he was in bad luck. The other two were on guard against him, as if they were trying to keep a distance from him.

"That disciple with the green face is from the godly fist position Hall, one of his friends was crippled by Zhang naipao, and because he's an enemy of Zhang naipao, the other two don't dare get too close to him!" GE Xian explained to Lin Yi and the others in a low voice.

"Where are the other two from?" Lin Yi asked.

"I don't know about that, but I do have news about that godly fist sect disciple-they fought with Zhang naipao." GE Xian said.

"Young hero, come over and sit with us?" At this time, Feng Shasha stood up and extended an olive branch to the disciple. In fact, he wasn't stupid, he was just an honest person. He could also imagine that naipao would see Lin Yi as an enemy since he was sitting with Lin Yi before. The enemy of an enemy was a friend, and this disciple of the divine fist position Palace crippled his friend. He must hate naipao to the bone.

The disciple froze-he didn't think that someone would take the initiative to recruit him. The other disciples were all avoiding him, afraid that naipao would come for revenge if they got involved with him. He was just thinking if he should continue with the test when someone came to him.

"Hello ... Are you calling me?" The disciple of immortal fist position Palace asked as he pointed at himself uncertainly.

"Of course, I'm Feng shangxin, Sky Class early phase spiritual master, a disciple of house Feng in the ancient times. May I know your name?" Feng Shanshan asked with a smile.

"I'm Li Ciba, from the divine fist Hall, Sky Class mid phase physical master!" Li Ciba cupped his fists and said in fear. Normally, the disciples of the divine fist Palace were very proud. Although Feng Shasha was from the ancient house Feng, he was only at the early phase of Sky Class. He would look down on him, but the situation was different now. Feng Shasha was already giving him a lot of face by taking the initiative to talk to him.

"Hehe, li shaoxia, sit down. I'll introduce you to the others!" "This is Lin shaoxia, Earth Class late phase" Feng Shanshan pointed at Lin Yi.

Li Ciba's eyes flashed with disappointment at Lin Yi's strength. As far as he was concerned, Lin Yi's strength was too low. Feng Shasha was the strongest here, but it was impossible for him to compete with Zhang naipao and the others.

"Young hero li, don't look down on brother Lin-he may only be Earth Class late phase, but he just took out one of naipao's Sky Class mid phase men with one move-he's the strongest among us!" Feng Shangshi could see the disdain in li Ciba's eyes and explained, even addressing Lin Yi as "brother Lin."

"Ah!" Li Ciba was stunned as he looked at Lin Yi.

Chapter 2799 Full Of Admiration

Li Ciba, of course, knew how strong naipao's underlings were-they were Sky Class mid phase, and Lin Yi crippled them in one move? What kind of terrifying strength was this?

He'd lost to naipao and the others before, and he knew how strong they were-he was a Sky Class mid phase, but he couldn't get the upper hand against naipao's two lackeys. If it weren't for his speed, he might've been crippled already! But he didn't think that Lin Yi could cripple naipao's lackeys, and still eat here like nothing happened-it was unbelievable!

"Li Ciba greets hero Lin, brother Lin, you're my idol! Brother Lin might have already heard about it, but our divine fist Hall disciple suffered a huge loss at Zhang naipao's hands. I thought that revenge was lost, but brother Lin helped me get back at him, I'm so grateful!" Li Ciba looked at Lin Yi with admiration.

"Zhang naipao and I are enemies, after all-I crippled him during the Ice Palace test, so it's only natural that he'd come looking for trouble. It's got nothing to do with you," Lin Yi said nonchalantly, waving his hand.

"F * ck, brother Lin, you're that strong? You were the one who crippled Zhang naipao last time, so did you do the same to Feng nitian ... Huh?" Li Ciba suddenly turned to Feng Shangguan, not knowing why she was sitting with Lin Yi. Didn't Lin Yi cripple a member of house Feng?

"Brother Li, you don't have to look at me like that-I know my cousin very well. He's a very arrogant person, and he tried to steal brother Lin's treasure during the Ice Palace test. He only had himself to blame for being destroyed by brother Lin, he can't blame anyone else." "This won't affect my relationship with brother Lin," Feng shangxin shook her head.

In fact, Feng Shanshan wasn't stupid at all. Although he came here to ask for medicine for Feng nitian, he didn't show any hostility towards the person who injured Feng nitian. Instead, he was friendly towards him. It was clear that Feng Shanshan was the type of person who pretended to be stupid.

"I see." Li Ciba nodded his head. "Brother Lin, you're so powerful. Why don't we elect you as our team leader for this trial? we'll form a small team and participate in the trial under your leadership!"

"I think it's fine!" GE Xian nodded in agreement, full of admiration for Lin Yi.

"Of course I have no problem with that. With brother Lin leading us, our team will be like a tiger that has grown wings!" Feng Shanshan laughed.

"Lin Yi's my boss, I'll be fine." Qikun said.

And so, Lin Yi suddenly became the captain of the group, leaving him helpless.

"By the way, Ciba, where did those two people with you come from? It seems like they're on guard against you?" Lin Yi asked. He wouldn't reject it if everyone had chosen him as the team leader. He'd just call Li Ciba Ciba.

"Those two are from the Dark Palace, they're just average, Earth Class mid phase ... Of course, it's not that I'm looking down on Earth Class, but a master like brother Lin is even stronger than us Sky Class Masters!" Li Ciba was afraid that Lin Yi would be upset, so he added, "On the way here, these two Dark Palace disciples were trying to get on my sect brother's and my sect's good side, but we met Zhang naipao, and my sect brother was crippled, so they decided to stay away from us ..."

"A disciple of the Dark Palace?" Lin Yi had heard of the Dark Palace before, when he came back from West Star Mountain ... Suddenly, he felt a headache. He thought of his trip to West Star Mountain, and suddenly felt that this part of his memory was a little incomplete. There seemed to be a lot of things missing, but he couldn't remember.

"Brother Lin, what's wrong? Do you have a grudge against the dark Palace?" Li Ciba saw the frown on Lin Yi's face and assumed that Lin Yi had some sort of grudge against the dark Palace, "Do you need me to go and teach them a lesson?"

"No, don't mess around." "It's nothing," Lin Yi waved his hand, "I just thought of something else. "

"Alright," he said. Li Ciba had wanted to show off in front of Lin Yi, but he didn't have the chance anymore.

A while later, more disciples came in one after another-some were people they knew, some they didn't. The one that caught Lin Yi's attention was a female disciple from the Ice Palace.

At first, Lin Yi thought that qijiu or Yu Bing would come, but he didn't expect them to not come. In fact, the test of the sky elixir sect was full of danger. Whether it was Zhao qijiu or Yu Bing, they were all people that Lin Yi had entrusted to Feng Xiaoxiao to take care of. Naturally, Feng Xiaoxiao wouldn't let them come to a test this dangerous, not to mention that Feng Xiaoxiao didn't know that Lin Yi was going to the test of the sky elixir sect.

After all, Lin Yi had only joined the sky elixir sect's test by accident, and the test didn't have much interaction with him.

Lin Yi thought that he wouldn't be able to meet anyone he knew in the test, but the restaurant door opened, and a cool girl in black sneaked in. She didn't greet anyone, but sat down in a corner.

"Pfff ..." Lin Yi spat out the drink he just drank. Who else could it be but Qiqi?

What Lin Yi didn't expect was for Qiqi to be here as well-what was she doing here? Could it be that she wanted to exchange it for some medicinal materials for her friend's treatment?

"Brother Lin, what's wrong?" Feng shangxin asked curiously.

"Nothing, I just saw an acquaintance." Lin Yi said.

"Then why don't you ask him to come over and sit with us?" Feng Shanshan said enthusiastically.

"No need. She's a little antisocial. We'll talk about it later." Lin Yi shook his head-he knew Qiqi's personality, after all, and he wouldn't mess with her if there wasn't anything important, in case the girl tried to kill him for no reason.

After dinner, Lin Yi and the others went back to their rooms to rest-Qiqi didn't notice Lin Yi at all since there were so many people in the restaurant. She left after dinner, and it seemed like she didn't have many friends here.

Naipao didn't know if it was because he was defeated by Lin Yi or something, but he didn't come back down or eat anything.

"Brother Lin, what does this spirit beast of yours do? Why does it look like a pet? I don't think this trial will be of much use, right?" GE Xian was experienced and knowledgeable, and he found the spirit beast in Lin Yi's hand strange.

"Hehe, I'm just used to it."

Chapter 2800 An Jianwen Rises Again

Lin Yi wouldn't say too much to GE Xian. After all, the two had just met, and there was no need for him to say too much.

"I see. I understand. Brother Lin is a rogue cultivator. This spirit beast is just like a contract spirit beast, and you can't bear to separate from it." GE Xian arrogantly speculated.

Lin Yi smiled, but didn't explain. He changed the topic, "Right, Ciba, what's Zhang naipao's ultimate move, to actually cripple your Junior Brother? I heard that your Junior Brother only punched naipao once, and naipao didn't even do anything, and your Junior brother's already crippled?"

"Yes, I am!" Li Ciba nodded, "although I was there at the time, I was also very curious. Zhang naipao stood there and took a punch from my Junior Brother, and he even spat out blood. He took a small recovery pill on the spot, and I thought my Junior Brother would win. Who knew that after the punch, he would lie on the ground by himself, unconscious with serious internal injuries. I couldn't even ask him about the situation ..."

"Oh?" Lin Yi was surprised. He didn't think that things would be this weird. He thought that GE Xian was just talking about it, but now that he heard it, he realized that the weirdness of the situation was beyond his imagination, "Zhang naipao didn't do anything, and he got injured instead, while your Junior Brother fainted?"

"It's like this. Isn't it strange?" "In fact, I'm also wondering what's going on!" Li Ciba laughed bitterly.

"It looks like I'll have to be careful when I fight Zhang naipao." Lin Yi said as he started thinking about naipao.

After returning to his room, Lin Yi called Chu Mengyao and asked if anything happened at home. Lin Yi only relaxed when he knew that everything was fine. However, what Lin Yi didn't know was that an Jianwen's scheme had started again ...

An Jianwen had been holding it in all this time. In fact, in Donghai city, with Lin Yi around, he really couldn't do anything. Song Lingshan was working here, and if anything weird happened, Lin Yi would be the first one to think that it was him.

And so, he had no choice but to consider doing it in a different place, but doing it required opportunities. It wasn't something that could be done just because he wanted to, and he needed to be prepared.

However, what made him excited was that the Deputy leader of the firewolves "North Branch personally called and gave him a big mission.

In Yanjing city, in a high-end nightclub, Liu Tianli was having dinner with a Big Medicine supplier. This supplier's price was much cheaper than the previous one, and after a few days of contact, Liu Tianli realized that the boss of this company didn't like anything else but going to the nightclub to party. In order to get a better price, Liu Tianli naturally accompanied him every day.

After all, a big supplier of this level was not something an ordinary Vice President could deal with.

"Boss Liu, this nightclub is great. I like it very much, especially the decoration style. It makes me feel so relaxed and happy!" The supplier was called Mr. Lang, and he was a straightforward man. He didn't put too much pressure on Tianli, but he told him to have fun with him and sign the contract!

This was the simplest way to socialize in business-if the other party had a hobby, you just had to cater to it. Tianli spent all day eating and drinking with Mr. Lang, and it didn't cost much.

"President lang, do you have any more cigarettes? Give me another box. You don't have to say, these cigarettes you brought back from Cuba are really strong. It feels different when you smoke them. " Tianli and Mr. Lang were already very close, so he didn't mind asking for a cigarette.

"Haha, what do you think? Didn't I tell you? My cigarettes are different from the ones in your country. I specially asked a friend to make them. They're completely different!" President lang laughed."But I don't have that kind of cigarette anymore. I didn't bring much this time, only a few. I gave President Liu two, and we finished the rest."

"I don't have any more ..." Tianli was a little regretful, but he had fallen in love with the taste of the special cigarettes these past few days. One day without them would make his addiction unbearable.

"But there are others. You can try them too. I guarantee they won't be bad!" After saying this, President lang said to the people around him, ""Cui, go to the car and get a few packs of cigarettes. They're also specially made."

"Yes, President lang!" Cui nodded and left the private room.

"Your subordinate's name is pretty funny. Chui mianshi. It sounds like a hypnotist." Tianli joked as he heard that there were more special cigarettes.

"Hahaha!" President lang smiled and did not say anything.

Not long after, Lil "cui returned with four or five packs of cigarettes in her hand. She opened one pack and handed one to Tianli, lighting the cigarette for him.

"What a good cigarette!" Tianli took a deep breath, and couldn't help but praise. "It's very refreshing, and it's even better than the previous ones. President lang, you're not being honest. Why didn't you take out the good stuff before?"

"Brother Liu, I thought we weren't close before? We didn't get along well, so I didn't take it out. Now that we're familiar with each other, it naturally doesn't matter. " President lang said with a smile.

"Okay. President lang, when can we sign our contract?" Tianli said, striking while the iron was hot.

"Oh, the contract. Sure, sure. Lil 'cui, bring the contract here. I'll sign it with President Liu now!" Mr. Lang waved at Chui mianshi and said.

"Yes, President lang!" "Yes!" Cui replied and then went to prepare.

Tianli didn't think that the signing process would go so smoothly, and his impression of Mr. Lang increased greatly. After looking through the contract, he found that the terms were very fair, and he signed the contract in satisfaction.

In order to celebrate, President lang gave all the cigarettes he had left in the car to Tianli, and the two's happy business cooperation officially began ...
