

Bodyguard 2811

Chapter 2811 Five-Colored Light

But now, the dinosaur didn't seem to be doing anything, but the girl was starting to feel a little overwhelmed.

"Ji Ji ..." The pig's cry reminded Lin Yi that he wasn't here to watch the battle, but to look for treasure. It seemed like the treasure that the pig was talking about was in this cave.

Skybolt pig's cry was nothing compared to the dinosaur's roar and the thunderous sound of energy collision, but it alerted the young girl. She turned her face to the cave entrance and saw Lin Yi!

This was Lin Yi's first time seeing the girl's face, and it made him stop breathing. Even though he had many beautiful girls around him, he was still deeply shocked by the girl's beauty. How could there be such a beauty in this world?

It wasn't that Chu Mengyao and Chen Yushu weren't pretty, but the girl in front of him had an indescribable aura around her, and there was a sense of intimacy that attracted Lin Yi. Although the rock Candy Girl was also a Sky Class late phase peak beauty, compared to the girl in front of him, the rock Candy girl's aura was cold, not spiritual.

The young girl clearly didn't expect someone to come at this time. She was slightly startled and hesitated for a moment before saying, ""You're also one of the participants, right? Can you help me? Let's hold off this spirit beast together. We just need ten more minutes!"

"Why should I help you?" Lin Yi didn't let the girl's beauty get to his head. The girl was pretty, but Lin Yi wasn't the kind of person who'd get dizzy just by looking at a pretty girl. It was obvious that this spirit beast was extremely dangerous, and even a Sky Class late phase peak couldn't do anything to it. Wouldn't he just be looking for death if he went?

"I have two herbs in my bag. If you help me, I can give you one as a reward!" The young girl said.

"Oh?" As Lin Yi was hesitating, the dinosaur attacked again. It was obvious that the dinosaur had noticed Lin Yi, but perhaps it thought that Lin Yi was too weak, or that Lin Yi hadn't entered the cave yet. Either way, the spirit beast didn't turn around to attack Lin Yi.

Just as Lin Yi was talking to the girl, the dinosaur spat out another ... It was more like a metallic energy ball!

Lin Yi was stunned. This spirit beast spat out water and fire, and now it spat out a metal energy ball. What element was this spirit beast?

The young girl didn't have time to talk to Lin Yi. She quickly activated a martial skill as well. A golden light also jumped out from the young girl's hands and wrapped around the gold energy ball. The two fused together, suddenly becoming bigger and exploding!

At this point, Lin Yi really didn't know where this dinosaur and the girl came from. It wasn't surprising that a spirit beast could use metal, water, and fire skills, but the girl could use metal, fire, and water skills as well! Lin Yi couldn't believe it!

Could it be that this young girl was a cultivator with three attributes?

Just as Lin Yi was lost in his thoughts, a five-colored light suddenly shone from the cave. It was the same as the five-colored light Lin Yi saw from the distance.

Lin Yi was still wondering why he didn't see the five-colored light in the cave when he reached the entrance. He didn't expect to see it here!

"Aowu aowu!" The dinosaur roared, and Lin Yi was taken aback. This roar was far louder than the previous ones, as if the dinosaur was angry. But what made Lin Yi curious was that after the roar, the dinosaur didn't activate any skills. It just stood there, motionless!

Looking at the young girl, she was also shocked. However, on her face, one could see a trace of relief, as if she had achieved some goal!

No matter how he looked at it, this was a strange situation. Lin Yi didn't know what was going on and wanted to leave, but the colorful light from the cave seemed to be calling him again, "Come in ... Quickly come in ...

Lin Yi's legs seemed to be pulled by something, and he walked into the cave!

Lin Yi's forehead was covered in cold sweat. This was the first time he'd seen something like this-he couldn't even control his legs!

It was normal to lose control of one's legs after a shock, but this was the first time Lin Yi had seen something like this.

But, even if Lin Yi wanted to stop now, he couldn't. He was attracted into the cave, and he was very close to the dinosaur!

Stop, stop! Lin Yi's forehead was covered in cold sweat. If he passed by the dinosaur and it threw a fireball at him, he'd be dead! However, Lin Yi couldn't control his legs. One step, two steps, he was getting closer and closer to the dinosaur.

However, when Lin Yi walked past the dinosaur, it didn't even look at Lin Yi. It was still angrily staring at the source of the five-colored light. Even when Lin Yi walked past it, the dinosaur didn't react at all.

Lin Yi relaxed a little, but his legs continued to move forward uncontrollably, and he was almost where the girl was ...

Just as Lin Yi was about to say something to the girl, the five-colored light in the depths of the cave suddenly became dazzling and eye-catching. The blinding light instantly covered the entire cave, and Lin Yi's eyes became five-colored in that instant. He couldn't see anything else, not even The Girl and the Dinosaur ...

That five-colored light didn't seem to be just light. In the next moment, Lin Yi felt that the five-colored light was an invisible pressure, invading Lin Yi's body from the depths of the cave, making him feel pain ...

This feeling was like something was entering his body, like a sign of a breakthrough, but it was completely different. That five-colored light ... Was like pure Qi, entering Lin Yi's body strand by strand, the pain getting stronger and stronger.

Lin Yi's breathing started to speed up-it was a painful feeling, but when the five-colored light entered his body and merged with his Qi, it gave him a warm feeling. It was bitter at first, but then sweet. It was painful at first, but in the blink of an eye, it became warm..

Chapter 2812 Xuanzhen And Xuanchen

After making sure that the light wouldn't do him any harm, Lin Yi closed his eyes and just stood there. Since he couldn't fight back, he'd just enjoy it ...

Five elements sect.

Patriarch Xuan Zhen's face turned pale.

"Xuanchen, why didn't you tell me before you let her participate in the trial? Don't you know that it's very dangerous there? And the place she's going to is the most dangerous of all dangers!" Patriarch xuanzhen frowned as he looked at patriarch xuanchen, who was sitting below him.

"Second senior brother, she's going to accept the inheritance for the sake of our five elements sect's grand plan." Patriarch xuanchen smiled."I know that she's your favorite disciple. However, have you ever thought about stopping her from accepting the inheritance just because she's your disciple? how can you face the ancestors of our five-elements sect?"

"This ..." Patriarch Xuan Zhen was speechless. Indeed, compared to the inheritance, everything else was not so important."But you have to tell me so that I can be prepared ..."

"It's not that I don't want to tell you, but second senior already knows?" "It seems like second senior brother has quite a lot of connections in the sky elixir sect," patriarch xuanchen said with a faint smile. "You're quite well-informed ..."

Patriarch xuanzhen's heart skipped a beat. He suddenly realized that he had spoken too much. However, from what patriarch xuanchen said, it seemed like he had known that he had a close relationship with the heavenly elixir sect?

"Ah, how could I bear to sacrifice so many earth and sky Class practitioners for the sake of our sect's plan?" "I'm not just worried about her safety," patriarch Xuan Zhen said with a sigh. "I'm more worried about the lives of the other cultivators!"

"They weren't forced to participate in the sky elixir sect's trial. If they die, they can only blame themselves for not being strong enough. Who else can they blame?" However, patriarch xuanchen did not think so.

"Sigh ... It's not easy for a cultivator to reach this level. He had to go through a lot of hardships to reach this level. Now, he's dead ..." Ancestor Xuan Zhen said helplessly.

"Second senior brother, you're too kind. How can you be soft-hearted when you're doing great things? It's just a few people, but for the sake of our sky elixir sect's grand plan, so what if we sacrifice all the ancient sects?" "You're right," said patriarch xuanchen indifferently.

"Al!" Patriarch xuanzhen could not agree with patriarch xuanchen's actions, but he could not say anything. Firstly, his authority in the sky elixir sect was not as great as patriarch xuanchen's, so it was

useless for him to say anything. Secondly, patriarch xuanchen kept using the five-elements sect's grand plan to suppress him, so he could not say anything else.

"Alright, second senior brother. Although she is your disciple, she is also My Spy. I am more worried than you!" Patriarch xuanchen still had use for patriarch xuanzhen, so he naturally did not want to anger him too much. Thus, he consoled,""Actually, this is all the fault of the person who crippled taganlong. If it wasn't for him, why would we need to use the spies?"

"Taganlong's greed was insatiable. He had a conflict with eldest senior brother's disciple. He brought it upon himself. Who can he blame?" Patriarch Xuan Zhen couldn't help but ask.

"Hehe, in my eyes, I blame whoever is weak." Said patriarch xuanchen.

Patriarch xuanzhen did not say anything else. He knew that it was useless to say anything, so what else could he say?

Sky elixir sect.

Kang Zhaoming came back with Tian Ji Suan. Although Kang Zhaoming didn't show up the next day, he waited at the inn for Tian Ji Suan to come back. When Tian Ji Suan came back, they would return to the sky elixir sect together.

"Big brother Kang, the young sect master is looking for you!" Kang Zhaoming had just returned when he was stopped by little peach.

"Ah? The young sect master is calling me? I'll be there immediately!" Kang Zhaoming didn't even bother going to the bathroom. Instead, he headed to the courtyard where the heavenly silkworm transformation was located with little peach.

"Big brother Kang, the young sect master doesn't seem to be in a good mood these past two days. Little peach went to serve him, but he chased her out. You should be careful later and not anger the young sect master," Little peach reminded him on the way.

"Oh? Was that so? Then I'll have to be more careful. " Kang Zhaoming quickly nodded his head and remembered it,"I wonder why the young sect master is so angry? What should I pay attention to later?"

"Actually, it's nothing. Young sect master will be in a bad mood for a few days every month ..." Little peach said, not continuing her sentence.

"You're in a bad mood for a few days every month? It's not like you're on your period, why are you in a bad mood?" Zhaoming asked.

"Shhh ..." Little Peach's expression changed as she jumped in fright,""Big brother Kang, don't say such things, be careful not to attract a fatal disaster! Slandering the young sect master is a capital crime!"

"I know, I know ..." Kang Zhaoming was shocked as well. He looked around and said,""I'm just telling you, right? I don't dare to say it to others!"

"Yeah." Nodding, little peach explained, "normally, the young sect master's mood will only worsen at the end of each month when his subordinates report the sales figures. Don't make wild guesses."

"I understand." Zhaoming quickly nodded, "huh?" But ... It doesn't seem to be the end of the month. "

Confused, little peach shook her head and said, ""Don't ask so many questions ..."

Kang Zhaoming nodded and stopped asking questions. The two of them arrived at the courtyard where the heavenly silkworm transformation was located. It was still the same courtyard as before. Little peach knocked on the door and said, ""Young sect master, elder Kang has arrived."

"Oh, please invite him in." Heavenly silkworm transformation's indifferent voice came from the room in the courtyard.

"Yes!" Little peach quickly pushed the door open and entered the courtyard with Kang Zhaoming.

"Little peach, go make some tea." He seemed to be reading a book in the heavenly silkworm transformation. After Kang Zhaoming and little peach entered, he placed the book in his hand to the side and instructed little peach.

"Yes, young sect master." Little peach hurriedly went to make some tea.

"Eh? Young sect master, I haven't seen you for a few days, and you seem to have become more handsome!" Zhaoming lifted his head and met the eyes of the heavenly silkworm transformation. He felt that the transformation had gotten a lot more handsome in the past few days. He was prepared to carry the shoes of the heavenly silkworm transformation anyway, so he wouldn't let go of this opportunity to flatter them.

However, the heavenly silkworm form frowned and interrupted Zhaoming, "Elder Kang, let me ask you, how many heaven and earth Class practitioners were there in total, and how many took part in the test?"

"Uh, young sect master, you're being too polite. Didn't I tell you to just call me little Ming?" "Young sect master, please wait a moment, I have the registration data here. I haven't submitted it yet, I'll check it for you now!" Zhaoming said, trying to please him.

Chapter 2813 The Beautiful Girl In Front Of Him

"Oh, then I'll have to trouble you, little Ming ..." The heavenly silkworm transformation nodded.

"It's no trouble at all. It's my honor to be the young sect head's assistant!" Zhaoming said as he took out a book from his pocket. It was the same book he'd registered in before. He opened it up and counted. After a while, he said to the sky silkworm transformation, "Young head, there are twenty-four Sky Class Masters, nineteen Earth Class Masters, eight Mystic class Masters ..."

"You don't have to report Mystic class Masters." Sky silkworm form waved his hand, interrupting Zhaoming's words. He started calculating to himself, "A total of forty-three. Two a day. That's about twenty-two days That should be enough time to return safely"

"Young sect master, what did you say?" Kang Zhaoming didn't understand what the heavenly silkworm transformation was talking about.

"It's nothing," Skysilver transformation shook his head, his face relieved. "Little Ming, don't tell anyone about what I asked you just now."

"Don't worry, young sect master. I'm your dog. If you don't want me to bark, I won't." Zhaoming said quickly.

"That's good. " "I'm a little tired," heavenly silkworm form nodded.

"I can see that you're a little tired, young sect master. Do you want me to give you a massage?" Kang Zhaoming asked.

"A massage?" The heavenly silkworm transformation was stunned. He hesitated for a moment but did not immediately answer.

"Young head, you've forgotten that Xiaoming's massage technique was taught by the xuanzhen forefather. It's not bad ..." Zhaoming saw the hesitation in the heavenly silkworm transformation and felt that there was a chance.

"Oh, okay then, little Ming, come on!" Skysilver transformation nodded, signaling for Zhaoming to start the massage.

Zhaoming was overjoyed that the heavenly silkworm had agreed to his request. He thought to himself, "hard work pays off. As long as you're determined, you can turn an iron pestle into a needle." He quickly stood up and carefully stood behind the heavenly silkworm, massaging his head and shoulders ...

Little peach went to make some tea and brought the tray into the room. When she saw Kang Zhaoming giving the heavenly silkworm transformation a massage, she was so shocked that she almost threw the tray out of her hands! She was shocked inside-Zhaoming sure was brave, giving her a massage for the heavenly silkworm transformation!

The weirder thing was, why did the heavenly silkworm transformation allow Zhaoming to massage him?

However, when little peach saw that the heavenly silkworm transformation seemed to appreciate Kang Zhaoming, she was both happy and worried. She placed the tea tray on the table and said, "Young sect master, the tea is ready."

"Oh, little Ming, you're almost done with your massage. Have some tea. I'm going to read too." The heavenly silkworm transformation said as he picked up the book beside his hand. It was a book on alchemy.

"Then I won't disturb young sect master anymore. I'll take my leave!" Kang Zhaoming didn't dare to drink tea. He knew that the heavenly silkworm transformation was just asking him to drink tea out of courtesy. Since the heavenly silkworm transformation had already gone off to read his books, why would he still drink tea?

"Oh. In that case, little peach, help me send little Ming off." Waving his hand, the heavenly silkworm transformation said to little peach, "Then you can find something to do. I want to study alone."

"Yes!" "Yes!" Little peach quickly nodded and left the room with Zhaoming.

After the two left the courtyard, little peach breathed a sigh of relief and said, ""Brother Kang, how could you be so bold as to give the young sect master a massage?"

"I was just asking. I didn't expect young sect master to agree!" Kang Zhaoming was confused, "Is it because young sect master thinks that I'm reliable and sees me in a different light?"

"That's possible. However, you still have to be careful ..." Little peach also found this situation somewhat strange.

"Don't worry, I can see that the young sect master seems to be quite happy. Once I become his confidant, I'll ask him for my hand in marriage. " "We'll both be his trusted aides then!" Zhaoming said.

"This ... Okay ..." Little peach wanted to say something more, but she was captivated by Kang Zhaoming's proposal. She started looking forward to it.

In the cave.

He didn't know how long the five-colored light had been shining for, but Lin Yi estimated that it had been at least a day and a night, or even longer. However, this pain and joy made Lin Yi feel an irresistible comfort. The light that entered his body seemed to be nourishing his meridians, but it didn't seem like it was. Lin Yi couldn't tell what it was exactly, but it made him feel very comfortable.

At this moment, he felt like he was in a mysterious space. Time around him seemed to have stopped. He didn't know how long had passed, but the light in front of him gradually dimmed. Lin Yi returned to reality from the mysterious state he was in.

A beautiful face appeared in front of Lin Yi. It was the girl from the cave. Lin Yi realized that he was so close to her. The two of them were almost face to face. They were about to touch!

Lin Yi could see the girl, so naturally, the girl could see Lin Yi as well. She was also shocked by Lin Yi's sudden appearance, exclaiming, "Ah ..."

"Ugh ..." Lin Yi was about to explain that he couldn't help it and was about to take two steps back when a loud roar came from behind.

"

The powerful energy pushed the two to the ground, as if Lin Yi had pushed a beautiful girl down. The two had just come back to their senses, and they didn't even have the time to use their Qi to protect themselves, so they easily fell.

The two's lips touched, and Lin Yi couldn't help but freeze. He didn't expect the two to meet in such an ambiguous way.

However, this kind of wonderful feeling made Lin Yi's heart skip a beat. It may be the first time meeting her, but under him was a beautiful girl full of spirit. Anyone would be moved.

"Wuwuwuwu!" The young girl shuddered, not expecting this to happen. She pushed Lin Yi away and glared at him. "You ... You're still not getting up?"

"Ah ... I'm sorry ..." Lin Yi suddenly remembered that there was a dinosaur behind him. This wasn't the time to be intimate. If this continued, he might lose his life.

Chapter 2814 Falling Off The Cliff

The young girl glared at Lin Yi, a little embarrassed. This was her first kiss, and she didn't expect to lose it here. However, no matter how angry she was, she didn't forget what was happening. Although the light of the five evils was successfully activated, she didn't expect the Dragon of the five evils to return to the cave early. She didn't know if the inheritance was successful or not.

Furthermore, the most important thing now was how to escape from this place successfully! Looking at the Dragon of five evils, it was obviously extremely angry. Its eyes had turned red, as if it was going to swallow someone.

"Be careful!" The beautiful young girl couldn't be bothered to blame Lin Yi anymore. She saw the Dragon of five evils spit out a fireball, which hit Lin Yi's back!

"BOOM!" Lin Yi didn't have time to Dodge and was hit by the Dragon of five evils's fireball. His back was instantly split open, and this was after he heard the pretty girl's warning and quickly circulated his practitioner's Arts to protect himself. Otherwise, he would've been dead already.

Even so, Lin Yi's back caved in-a normal practitioner wouldn't be able to survive.

The beautiful young girl also took this opportunity to get up from under Lin Yi's body. She looked at Lin Yi with a trace of sympathy in her eyes. When the Dragon of five evils suddenly activated its skill, if Lin Yi didn't stand in front of her, she might not be able to Dodge it in a short time. Even if she was stronger than Lin Yi and couldn't be beaten so badly, she probably wouldn't have an easy time!

And so, the beautiful girl's heart was filled with gratitude towards Lin Yi. If it wasn't for him blocking her, she would've been in danger today. So when Lin Yi "forced a kiss" on her, the beautiful girl's heart wasn't as resistant and unhappy anymore.

At this moment, the beautiful young lady put her hands together and formed a seal. Suddenly, she pushed out and a strange light shot out from her hands towards the Dragon of the five demons!

Lin Yi used this time to quickly crawl to a safe spot and quickly circulated the second stage of the art of Dragon mastery, preparing to heal his injuries. His injuries were too serious, and if he didn't heal in time, he might die.

Lin Yi let out a sigh of relief when he saw the beautiful girl going to fight the dragon of five evils. At the same time, he suddenly felt that the martial skill that the beautiful girl used just now was familiar. However, Lin Yi didn't see it clearly because he rolled and crawled to the side. Also, Lin Yi was in a hurry to heal his injuries and didn't have time to think about it.

"BOOM!"

The beautiful young girl's martial technique exploded on the Dragon of five demons. The Dragon of five demons took two steps back and roared angrily again. Its voice was filled with anger. It seemed that the beautiful young girl's martial technique had angered it, and the martial technique that the beautiful young girl had activated should also be an ultimate martial technique.

"Roar!" The Dragon of five demons had obviously lost its patience. Previously, it had only activated its skill. Perhaps it had the mentality of teaching the beautiful girl a lesson, but perhaps it was because the beautiful girl's martial technique was very powerful, so it did not want to continue fighting with her. It stretched out its claws and clawed at the beautiful girl!

"Ah!!!" The girl cried out. Even if she was a Sky Class late phase peak, she wasn't the Dragon's match in terms of size or speed. The dragon's claws dug into her chest!

The beautiful young girl's face suddenly turned pale. It seemed that the Dragon of five demons had not used its full strength at all. What happened after that had angered the Dragon of five demons, so it had lost its patience and directly grabbed the beautiful young girl.

Lin Yi wanted to help, but he couldn't even take care of himself right now-he didn't have time to save the girl. Plus, even if he did, Lin Yi wasn't The Dragon's Opponent. Even Sky Class late phase peak martial arts were ineffective against it, so what did Lin Yi have to defeat it?

The Dragon of the five demons was obviously quite intelligent. It grabbed the beautiful girl and walked all the way to the entrance of the cave. The claw that was holding the beautiful girl spun a few times in the air and then let go. Like a cannonball, the beautiful girl was thrown out towards the back of the mountain with a "whoosh" and disappeared in the blink of an eye!

Lin Yi's mouth twitched. He just realized how helpless and insignificant a Sky Class late phase peak practitioner was in front of a powerful spirit beast, especially against this huge spirit beast. Lin Yi finally understood why the map had specifically marked this place as an extremely dangerous place!

With the Dragon of five evils around, perhaps only a heavenly path expert could be its enemy?

After the beautiful girl was thrown away, the Dragon of five evils turned around and walked step by step towards Lin Yi in the cave. Lin Yi's forehead was covered in cold sweat, but he had no choice!

Even if Lin Yi wasn't injured, he still wouldn't be a match for the Dragon of five evils!

It was a blessing, not a curse, and he couldn't avoid it. With this fearless attitude, Lin Yi continued to channel the second stage of the art of Dragon mastery, healing his injuries! However, it was obvious that the Dragon of five evils had no intention of letting Lin Yi go. It reached out and grabbed Lin Yi, but Lin Yi was luckier than the beautiful girl in that the Dragon of five evils's nails didn't stab into Lin Yi's body.

After that, the Dragon of five evils turned around nimbly and walked towards the cave entrance with Lin Yi ...

It seemed that he was most likely going to be like that beautiful girl, flying in the air! Lin Yi smiled bitterly and looked at Skybolt pig at the entrance of the cave. The little guy was chirping with the Dragon of five evils.

However, the Dragon of five evils didn't want to talk to it. It was annoyed by Skybolt pig's words. It reached out its hand and grabbed Lin Yi and Skybolt pig together. Just like before, it swung its claws twice and threw both Lin Yi and Skybolt pig to the back of the mountain with a "whoosh ..."

Lin Yi heard the sound of the wind as he flew towards the valley at an extremely fast speed. Lin Yi didn't dare to slow down. Although the Dragon of five evils didn't use any skills, this terrifying speed alone was already hard for Lin Yi to bear. This speed was almost at its limit. If he didn't use his Qi to protect his body, he would be a pile of minced meat if he fell.

"Skybolt pig, be careful when you land. Don't forget to use your true Qi to protect yourself, or we're both dead!" Lin Yi warned as he flew.

"Ji ji ji ji!" The pig said.

In fact, both of them were very fast, and it only took an instant for them to fall down the valley. Lin Yi and Skybolt pig fell directly under the cliff with a loud crash, messing up Lin Yi's head!

Chapter 2815 Stage Two Great Circle Of Perfection!

Lin Yi was already heavily injured, and now that he was thrown by the Dragon of five evils, he was forced into the Jade space!

Lin Yi's injuries were too heavy, and he couldn't be bothered to check on Skybolt pig's and the pretty girl's injuries. He had to heal his own injuries first.

After entering the Jade space, Lin Yi quickly circulated the second stage of the art of Dragon mastery, healing his internal injuries ...

Time was always slow when healing, especially when Lin Yi was still worried about the safety of Skybolt pig and the pretty girl. He could only speed up his practitioner's Arts, as fast as he could to heal himself!

However, what Lin Yi didn't expect was that the practitioner's Arts was getting faster and faster, like a speeding car that had lost control, faster and faster, so fast that it was shocking! Lin Yi quickly slowed

down the speed of the practitioner's Arts, but although Lin Yi did, the speed of the practitioner's Arts didn't slow at all!

Lin Yi also noticed that the huge amount of pure Qi in the space was rushing into his body from all directions at an extremely fast speed. This sudden change shocked Lin Yi!

What was going on? He just wanted to heal his injuries faster, but why did it feel like he had lost control of his mental cultivation method? Could it be a sign of Qi deviation? However, this feeling was familiar to Lin Yi. He felt like he'd encountered this before.

The energy poured endlessly into Lin Yi's body, and in that instant, Lin Yi felt like his body was about to explode. However, there was nothing he could do. He had stopped the practitioner's Arts, but it was useless!

Lin Yi's forehead was covered in cold sweat. What was going on? Could it be that he had really gone berserk? "Elder Jiao, what's going on?" Lin Yi asked, panicking. I can't control my true Qi anymore. What should I do?"

"What do we do?" Elder Jiao looked at Lin Yi indifferently, "Isn't that normal?"

"It's normal?" Lin Yi was stunned. He was worried to death, and elder Jiao was speaking to him in such a calm tone. It was scary.

"Yeah, aren't you going to break through soon? That's a good thing, why are you so scared?" Elder Jiao said faintly.

"What? Breakthrough? I'm only earth Class late phase a few days ago, right?" Lin Yi was even more stunned-he'd just broken through to Earth Class late phase, and he hadn't even touched the wall of completion yet. How could he break through? Wasn't this a little too fast?

"Who told you that you're about to break through to Earth Class late phase?" Elder Jiao rolled his eyes, "I'm talking about your art of Dragon mastery. It's about to break through the second stage and reach the great circle of the second stage!"

"Pfff ... Cough cough ..." Lin Yi almost spat out blood from the shock. He was about to ask when he remembered the first time he entered the Jade space. That was right, it was the same feeling he had now when he broke through to stage one top class!

No wonder Lin Yi felt that it was so familiar-it was the scene of his first practitioner's Arts breakthrough. It was just that it had been a long time, and Lin Yi had only been breaking through in strength, not in his practitioner's Arts, so he forgot about it.

With that thought, Lin Yi finally calmed down and let the surrounding pure Qi flow into his body.

At this moment, Lin Yi's body was like a magnet, constantly absorbing the surrounding energy. The energy in Lin Yi's body was increasing, and gradually, Lin Yi felt that his body couldn't handle this huge amount of energy anymore. Then, his whole body exploded like a firecracker, and with a boom, his clothes were instantly burnt into pieces, flying in all directions.

He had broken through! Lin Yi didn't think that he'd be able to reach the full second stage of the art of Dragon mastery so quickly. This was supposed to be something that would give him a headache, but he didn't think that he'd break through during the healing process.

However, that was not right! Didn't they say that the prerequisite for breaking through to the great circle of the second stage of the art of Dragon mastery was for the five elements in his body to transform into their true attributes? However, he had not accepted the inheritance, so how did it become a true attribute?

At that thought, Lin Yi couldn't be bothered to enjoy the thrill of his practitioner's Arts breakthrough. He quickly asked elder Jiao, "Elder Jiao, the illusory element in my body hasn't transformed into a real element yet, how did I break through to the second stage of the art of Dragon mastery?"

"I did. You already have five true attributes, but you're still missing the mist and ice attributes. However, that won't affect your breakthrough to the second stage of the art of Dragon mastery, because those two attributes are just sub-attributes, so you don't need to convert them for now." Elder Jiao said.

"Ah? It had already been converted? When was it converted? Don't we have to go to the land of inheritance to accept the inheritance?" Lin Yi froze, thinking that this was unbelievable. When did he receive an inheritance?

"Just now." Elder Jiao said.

"Just now?" Lin Yi blinked, remembering the weird thing that happened in the cave. He seemed to be in a strange state, could that be ... The inheritance? But even if it was an inheritance, it couldn't be all five elements at once—all five elements turning into real elements at the same time made Lin Yi feel like he was dreaming. "It was when I was in the cave?"

"It's about time. " "I don't know why you're there, but it does contain the five elements" Origin Energy!" Elder Jiao nodded.

"Could it be that the meaning of the land of five evils ... Is the meaning of the five elements?" Lin Yi frowned. Tianji Suan had explained about the characteristics of the Qi of the five evils, and it seemed to be similar to the Qi of the five elements. Did he come to the source of the five evils by accident and receive the inheritance?

"I'm not sure about that. " "I've never been here before, but I'm sure you've received the inheritance. Why do you still want to know why?"

"You're right. " Lin Yi nodded, not thinking about why he accepted the inheritance for the time being. He was still a little confused, though, and what made him interested was that if this place was so easy to accept the inheritance, could he let Feng Xiaoxiao and the rock Candy Girl come? Could they also receive the inheritance here?

Chapter 2816 Five Elements "True Attributes

Lin Yi's inheritance was different from theirs, but if he could, they should be able to too ... No... Lin Yi suddenly thought of an important question, "Elder Jiao, even if this place allows the inheritances of all five elements, don't there have to be a prerequisite for it? That is, I have to make a series of complicated preparations, unlike normal inheritors who only need to comprehend and pass on their knowledge. I didn't make any preparations, did I?"

"You didn't do it, but that doesn't mean others didn't." "Maybe it's that dinosaur or something, maybe it's that little girl," elder Jiao said faintly.

"They ..." Lin Yi suddenly remembered something important-the girl's ultimate killing move! At that time, Lin Yi felt that it was familiar, but he was injured and didn't have time to think about it. Now that he thought about it, Lin Yi suddenly felt that this martial skill was similar to his own martial skill!

That's right, this was the five elements Eight Trigrams palm! He connected the dots to the strange light on the girl's palm and recalled the scene when taganlong activated his skill. This girl knew the five elements Eight Trigram palm!

This discovery made Lin Yi's heart skip a beat. Could the girl be from the Tagan family? Perhaps, she was taganlong's younger sister? However, it was also possible that it was someone from the five elements sect, and had nothing to do with the Tagan family.

However, no matter which faction the girl belonged to, be it the Tagan family or the five elements sect, she was still Lin Yi's enemy. At that thought, Lin Yi hesitated-should he save her or not? Lin Yi didn't want to save an enemy for no reason.

Although the beautiful girl was very beautiful, poisonous mushrooms were also very beautiful. They would die after eating them.

The art of Dragon mastery reached the second stage, and Lin Yi realized that all his injuries were healed. He quickly came back to reality from the Jade space and saw Skybolt pig anxiously guarding him.

"Eh? Skybolt pig, you're fine?" Lin Yi looked at the pig, surprised. The pig didn't seem to be hurt at all.

"Ji Ji!" Skybolt pig nodded and wrote on the soft ground with its claws, ""My fur will stand up and act as a buffer."

After writing, Skybolt pig raised his fur for Lin Yi to see and bounced on the ground, making Lin Yi speechless. This pig could even turn into a bouncy ball, no wonder it was fine.

"How's that young girl?" The girl in yellow was the one Lin Yi was most conflicted about-should he save her or not? Lin Yi didn't want her to turn on him if he didn't save her. Lin Yi remembered that she warned him when the Dragon of five evils attacked him when he kissed her and was on her body.

If it wasn't for her warning him, he wouldn't have activated his practitioner's Arts to protect himself, and his injuries would've been even worse. He didn't even know if he'd be able to make it down the valley, so in a sense, the girl was Lin Yi's Savior. If Lin Yi didn't save her, he'd really feel bad!

"Ji Ji ..." The pig pointed at a direction not far away.

"Oh? You mean she's over there? Then let's go and take a look!" Lin Yi stood up and walked in the direction Skybolt pig pointed at. As he walked, he observed his surroundings.

They were in the valley behind the mountains. Lin Yi raised his head and looked at the mountains where he fell. His face changed! This place was actually a Valley that could not be climbed up. The mountain wall in front of him was extremely smooth, and there was not even a foothold to climb!

If this mountain was shorter, it would be fine-Lin Yi was an Earth Class late phase, after all, and he could jump up with a few more tries. But this mountain was extremely high, and there was no way he could Jump Up!

This mountain range was endless, and Lin Yi didn't know if there was an end to it. At least, from the looks of it, Lin Yi had no way to go up.

On the other side of the mountain range was a vast open space. Lin Yi didn't know what was on the other side, and he couldn't see the end with one look. This made Lin Yi's heart turn cold!

The dinosaur from before was bad enough to throw him to such a godforsaken place. Even if he didn't fall to his death, he wouldn't be able to go back. He was trapped here!

Lin Yi was still thinking about saving the girl, but it seemed that one more person meant one more power. He didn't know how to escape from here, and having one more Sky Class late phase peak by his side was always a good thing. Plus, if he didn't say anything, the girl probably wouldn't know that he was her enemy. He'd think about it after getting out of this place, and then they'd go their separate ways.

Following the pig's directions, Lin Yi found The Girl in the Yellow Dress in a pile of rocks. Other than the fatal wound on her chest, she wasn't injured at all.

However, the young girl's face, which was originally ruddy and full of spiritual energy, was now extremely pale. It was enough to show that her injuries were definitely not light! It seemed that when she fell down the cliff, she must have used her mental cultivation method to protect her body. That was why she didn't fall from such a high place and become a pile of meat. However, because she used all her true energy to protect her body, she didn't seal the injury on her chest, which caused her internal injury to become more serious.

Lin Yi lowered his body and checked the girl's breathing. She was still breathing, and Lin Yi let out a breath of relief.

The girl wasn't dead, and Lin Yi started to check her injuries. He thought that he'd only need to use the second stage of the art of Dragon mastery to heal her internal injuries, but something wasn't right when he looked closely!

There was a white dinosaur nail fragment on the beautiful girl's chest. It was very deep, almost piercing through her entire chest!

If he didn't remove the nail, Lin Yi wouldn't be able to heal the girl's injuries even with the art of Dragon mastery. After all, it was blocked by external objects.

It seemed like he'd have to take out the nail first. Lin Yi sighed. Luckily, he had a sharp knife in his shoe. It wasn't a problem to perform a surgery on the girl, but the girl's physical strength didn't seem to be able to hold on for long. She might die as soon as Lin Yi did the surgery.

Chapter 2817 The Awakened Girl

And so, in order to make sure that the girl could hold on, Lin Yi decided to heal her first-her internal injuries were almost fully healed, and even if the chest wound was healed, he could still cut her open and take out the Dino-nail. She was a Sky Class practitioner, after all, and if she couldn't even take this bit of pain, where did she get her Sky Class strength from?

With that thought, Lin Yi didn't waste any more time. He immediately clasped the girl's wrist and started circulating the art of Dragon mastery. In an instant, Lin Yi's pure Qi rushed into the girl's body ...

What Lin Yi didn't expect was that after the art of Dragon mastery's second stage was completed, his healing speed was this fast-it was at least a third faster than before! Lin Yi was overjoyed-this way, when

he fought with Sky Class Masters, whether he got injured in the fight or recovered his Qi after using a big move, it would all be much faster than before! This was a guarantee for his life!

In fact, the girl's injuries weren't as serious as Lin Yi 'S. Lin Yi was hit by the dinosaur's skill, but the girl's chest was only pierced. Lin Yi was more seriously injured.

However, in the eyes of the other cultivators, the girl's injuries were already very serious. The small recovery pill could no longer cure her, unless there was a grade three great recovery pill.

Under the effect of Lin Yi's pure Qi, the girl's injuries were healing quickly ... Lin Yi had Skybolt pig by his side, so he didn't have to be too nervous. He focused on healing the girl and didn't have to worry about the safety of his surroundings.

But it seemed like there weren't any spirit beasts in the valley, and the pig was just lazily looking around ...

Finally, the girl's internal injuries were completely healed. Other than the dinosaur nail on her chest, all her injuries were healed.

However, Lin Yi only healed her injuries and didn't give her any energy. Firstly, Lin Yi didn't know her well, and secondly, he didn't know if she would become his enemy after she woke up. He would wait until he confirmed if she was a friend or foe ...

When the girl's injuries were all healed, Lin Yi took off her clothes. He was a miracle doctor, but he didn't have X-Ray Eyes or X-ray hands to perform surgery on a beautiful girl through her clothes, so Lin Yi had to take off her top before doing the surgery.

Of course, Lin Yi could wait for the girl to wake up and do the operation on her own, but it would be very dangerous. The girl wasn't a doctor, and it would be very difficult to operate on herself. Also, the nail was probably stabbed right on the side of the girl's heart. If he wasn't careful and took it out, it would cut the heart.

Lin Yi wasn't afraid-the art of Dragon mastery could heal it quickly, and so he decided to help her to the end.

The only thing Lin Yi was worried about was that he'd have to undress the girl to heal her. What if she killed him after she woke up? It wasn't that Lin Yi was overthinking things, but with Qiqi as an example, he had to be on guard!

With that thought, Lin Yi quickly tapped on the girl's body a few times, sealing off the pressure points on her chest and sealing off her acupuncture points so that she wouldn't be able to move even if she woke up later.

The pretty girl was Sky Class late phase peak, but she'd already used up most of her Qi fighting the dragon of five evils, and the last bit of Qi was used on the body fortification she used when she fell off the cliff. Lin Yi'd already checked her, and she didn't have a single bit of Qi left-even if she woke up, she wouldn't be able to use her Qi to break through the seals. Lin Yi did this just in case.

After doing all this, Lin Yi took off the girl's clothes. She didn't wear a bra, but a yellow silk wrapped around her two peaks. Lin Yi took a deep breath and took off the yellow silk with gritted teeth. A pair of snow-white rabbits jumped out and entered his sight.

Although there was a dinosaur nail stuck in between the two rabbits, it didn't affect the beauty. The wound was healed by Lin Yi, and only a dinosaur nail could be seen.

Lin Yi's breathing quickened as he looked at the view-it was huge, to his surprise ... It wasn't as big as Yushu 's, but it was one of the best girls he'd ever known. Lin Yi didn't understand why it didn't look this big from the outside.

Was it because he was bound by Huang Luan? Lin Yi shook his head. The girl probably thought that the size of her chest would affect her agility in battle, so she used the yellow oriole to bind it.

Shaking his head, Lin Yi quickly prepared to operate on the girl. He took out the knife and used his Qi to disinfect it before quickly making a cut on the girl's chest. He'd been learning from old Lin since he was a kid, and his knife was fast and accurate. There wasn't a single bit of sloppiness, and the cut was just big enough to pull out the dinosaur's nail.

Lin Yi quickly removed the Dino-nail. He put it aside and reached out to the girl's wound ... Actually, he could've healed her by pressing on her pulse, but he didn't know why he reached out and touched it.

That soft and smooth feeling made Lin Yi's heart skip a beat. He subconsciously used his hand to rub it. Lin Yi didn't know why he did that, but the beautiful girl in front of him had an indescribable attraction to him. It was just like when he first saw the beautiful girl at the entrance of the cave, he was a little moved.

Lin Yi didn't understand why, but there was something special about this girl that made him want to do it.

However, Lin Yi was a person who had gone through strict training after all, and his willpower was very strong. After a short moment of being charmed, he suddenly remembered that the beautiful girl still had a deep wound on her chest. He quickly circulated the art of Dragon mastery and started to heal the beautiful girl's injury!

The recovery of her injuries caused the beautiful girl to wake up. She thought that she was going to die. No one knew the situation better than her. She was thrown off the cliff by the Dragon of five evils with a seriously injured body. Even if she had true Qi to protect her body, she would still die if she didn't take the great recovery pill in time after falling!

However, in the instant she fell off the cliff, even though the beautiful girl had reminded herself to immediately consume the great cyclic pellet, when her body fell heavily onto the ground below the cliff, she still couldn't help but fall unconscious!

Chapter 2818 Healing You

Therefore, even the beautiful girl herself didn't think that she could wake up. She felt that the functions of her body were recovering bit by bit. She was in a daze, as if someone was pinching her chest. The beautiful girl didn't have any strength or true energy in her body, and she was a little dizzy. So, even if she felt that something was wrong, she had no strength to care about what exactly happened.

It wasn't until Lin Yi activated the second stage of the art of Dragon mastery and started healing the wound on the girl's chest that she felt a warmth in her body, waking her up a little.

And this time, the beautiful girl could clearly feel that there was a pair of hands on her chest! The pretty girl was shocked and opened her eyes to see Lin Yi with his eyes closed and his hands on her chest ...

"You ... You you ... What are you doing?" The beautiful young girl subconsciously cried out in alarm. She wanted to slap him away, but she realized that not only did she not have any strength or true Qi to

support her actions, she couldn't even move even if she wanted to. It was as if ... Someone had pressed on her acupuncture points!

The pretty girl was well-versed in medicine and alchemy, and she knew about the human body's acupuncture points and their sealing. She didn't know how to do it, but she knew that some physical practitioners knew how to do it, but she didn't have time to think about that right now. What was Lin Yi trying to do?

The girl was embarrassed and angry, her eyes wide open as she glared at Lin Yi. She wanted to Burn Lin Yi to death!

"I'm healing you ..." Lin Yi was surprised to see the girl awake, but remembering that he'd already sealed her acupuncture points and that she didn't have any pure Qi in her body, he didn't mind. His hand was still on the girl's chest, healing her injuries.

"You? To treat my injuries?" The beautiful young girl was stunned. She wasn't an impulsive person, and although she was extremely angry, Lin Yi's reminder made her realize that her injuries were all healed!

The beautiful young girl knew how badly she was injured. She looked to the side and saw the bloody nails of the Dragon of five evils. The beautiful young girl immediately understood that Lin Yi must have helped her take out the nails of the Dragon of five evils!

However, even if he helped him to take out the Dragon of five evils's nail, how did he help him heal? Could it be that he had a grade three great recovery pill? Or did he discover the two great recovery pills he had on him?

However, the beautiful girl denied her thoughts. Lin Yi couldn't have a third grade recover pill on him. Otherwise, he wouldn't have asked Zhaoming for a third grade recover pill. He shouldn't be able to make it himself.

In fact, the beautiful girl had recognized Lin Yi the moment she saw him in the cave. She knew that he was Lin Yi and also knew some things about him.

What the beautiful girl didn't expect was to meet Lin Yi here, and Lin Yi even dared to go to the five demons mountains!

Could it be that Lin Yi stole two of his pills? He had taken one for himself, and now he was giving himself another? This was the only explanation the beautiful girl could think of. After all, she was very clear on how badly injured Lin Yi was. He was hit by the Dragon of five evils's skill and was thrown off the cliff like her. It would be good if he didn't die from the fall. How could he heal her?

However, even if Lin Yi took her pill and ate it, the beautiful girl wouldn't blame him. On the contrary, she felt that Lin Yi was a loyal person. If it were any other practitioner, if they found a great recovery pill on her, they would probably eat one for themselves and then get greedy for another one. They would never give it to her, leaving her to die Here. How could they waste a great recovery pill?

And so, the pretty girl was very grateful to Lin Yi. If it wasn't for the recover pill he gave her, she would've been dead by now.

"Yeah, how else do you think you got better?" Lin Yi pretended to be serious as he continued massaging the girl's chest, explaining his actions.

The beautiful young girl's face changed slightly, and a sharp light flashed in her eyes. She was originally very grateful to Lin Yi, but she didn't think that Lin Yi would take the opportunity to act like a hooligan. The beautiful young girl's heart was filled with killing intent, "Are you treating my injuries? My injuries were healed by the recover pill, and you can heal my injuries just by touching me? Do you want to die?"

"What great recovery pill?" Lin Yi blinked, feeling the killing intent as well, but he was also a little annoyed. I was trying to save you, and even if I didn't touch your chest, I did. Plus, I saved a dead person, and you're trying to kill me instead of giving me your body? Lin Yi couldn't help but increase the strength of his grip.

"You ... You ..." The pretty girl's face was green with anger. She wanted to jump up and kill Lin Yi, but she had no energy left in her body and her acupuncture points were blocked! However, this also gave the beautiful girl some time to calm down.

She wanted to say that Lin Yi was just trying to take advantage of her, but at this moment, she clearly felt the warmth from Lin Yi's palm. The wound on her chest was healing miraculously! She was a Sky Class late phase peak practitioner, and her perception was extremely strong. The healing of her wound shocked her!

After feeling this strange change, the beautiful girl's expression changed from anger to shock. What she didn't expect was that Lin Yi was really healing her. Could he heal her with his hands? The girl looked at Lin Yi in shock. Did he not use the recover pill?

That's right. Even if he had taken the great cyclic pellet, the injuries on his body would at most heal and form scabs. It was impossible for new skin to grow out so quickly. This was unrealistic. Moreover, there would still be scars on his body. After all, no matter how powerful the great cyclic pellet was, the wound caused by the Dragon of five evils's nail was too big and deep. It was hard not to leave a scar.

"What did I do?" Lin Yi asked.

"It's nothing ... Thank you ..." The beautiful girl was a little shy. Although it was hard for her to accept Lin Yi pressing her chest like that, Lin Yi was her Savior. The beautiful girl wasn't someone who couldn't tell good from bad.

Lin Yi was a little surprised. He didn't expect the beautiful girl to calm down so quickly. She was a smart person. However, Lin Yi was a little worried. He wanted to end the treatment before the beautiful girl woke up so that she wouldn't know that he had the ability to heal others. But now, he couldn't hide it even if he wanted to.

Chapter 2819 Sharing Hardships

But Lin Yi wasn't the kind of person to worry about small things-since she already knew, then so be it. Lin Yi continued to heal the girl. It was just a wound on the girl's chest, but it was very deep, almost piercing through her heart. It wasn't something that could be healed in a short time.

The pretty girl wanted to tell Lin Yi to stop-she'd taken the pill herself, and it felt weird to have Lin Yi touching her chest-it made her feel hot and embarrassed, but she was still a girl, after all. Even Sky Class late phase peak didn't want to have scars on her body-Lin Yi's miraculous healing skills made her reluctant to part with them, and the recover pill couldn't replace that.

Moreover, the value of a great cyclic pellet wasn't low. Even with the beautiful young girl's status, she only had two on her. This was the entire stock of the sect, so the beautiful young girl didn't want to waste a great cyclic pellet.

Gritting her teeth, the beautiful girl closed her eyes and thought to herself,'anyway, I've already touched it before, so it doesn't matter if it's just a little longer!'

Time passed by quickly. Since the beautiful girl was unable to resist, she could only quietly enjoy it. Although the beautiful girl felt a little embarrassed at first, after a long time, this kind of numbing feeling made her breathing slightly rapid. This was the beautiful girl's first time being touched by a man. This kind of wonderful feeling made her want to reject but also accept it.

However, the beautiful young girl was a rational person. After a moment of confusion, she regained her calm and the pain in her chest was gone. The beautiful young girl opened her eyes and looked at her chest. She realized that other than the area covered by Lin Yi's palm, there were no more wounds. And the area covered by Lin Yi's palm, other than the strange feeling, there was no pain.

"It's ... Not painful anymore. Do ... Do you still want to continue the treatment?" The beautiful girl couldn't help but ask.

"Ah, it's already done?" Lin Yi's mind was a little lost as well, and he was mechanically circulating the second stage of the art of Dragon mastery. He only realized that the girl's chest injury was completely healed after being reminded by the girl. He said, a little embarrassed, "I'm sorry, I was too absorbed in the treatment ..."

"Investment?" The girl blushed as she understood what Lin Yi was thinking. She glared at him, "Then, can you ... Take it off now?"

"Now ... I want to help you consolidate it ..." Lin Yi said out of nowhere.

"You ... You're looking for death!" The girl glared at Lin Yi, but for some reason, the killing intent she had towards Lin Yi had dissipated a lot.

"Haha ..." Lin Yi quickly removed his hands, and a pair of perfect rabbits jumped out.

"You ... Turn your head around ..." The girl felt a chill on her chest as she raised her head to see Lin Yi staring at her lecherously. She panicked.

"Oh, okay." Lin Yi also felt that his actions were a little inappropriate, but this was also very strange! He wasn't such a lecherous person. What was wrong with him today? The girl in front of him seemed to have an indescribable attraction to him, but Lin Yi couldn't explain why.

After Lin Yi turned his head, the beautiful girl quickly tried to tie the silk back to her chest, but when she raised her hand, she realized that her acupuncture points were still sealed. If she had pure Qi in her body, it wouldn't be a problem, but she didn't have it right now. She hesitated for a moment before saying, "Hey ..."

"Hmm?" Lin Yi asked without turning his head.

"You ... Help me unseal my acupuncture points!" The beautiful young girl said anxiously.

"Oh, that's right," Lin Yi just remembered that the girl's acupuncture points weren't released yet. He turned around and couldn't help but see the charming Jade Rabbit on the girl's chest.

"You ... Still want to watch?" The pretty girl glared at Lin Yi.

"How can I unseal the acupoints if I don't look at them? don't tell me I'm going to randomly poke them?" Lin Yi asked.

"Then ... You see ..." The beautiful girl was a little speechless.

"You asked me to look at this." Lin Yi continued to look at her before reaching out his hand and tapping on the girl's body a few times. After that, he turned around. The temptation was bigger, but Lin Yi resisted it.

This was a Sky Class late phase peak, not a normal girl! Lin Yi didn't dare to mess with her anymore after realizing this.

The pretty girl tried it out, and sure enough, she could move her body now. She quickly picked up Huang Luan from the ground, quickly tying up her chest and tidying up her clothes. She didn't call for Lin Yi immediately, but looked at his back with a complicated look in her eyes.

With her style of doing things, she should've killed Lin Yi, but she didn't know why she didn't want to do it. Was it because Lin Yi was her Savior?

The beautiful young girl touched the box on her body and opened it. There were two round pills inside that were completely undamaged. At this time, the beautiful young girl could be completely sure that Lin Yi didn't use her pills.

In other words, Lin Yi healed his injuries first and then his own? The pretty girl knew how injured Lin Yi was, and it was hard for her to imagine that Lin Yi could heal himself and then heal himself ...

He's really amazing ... No wonder little one and little thirteen were defeated back then, and han Jingjing was able to recover from such serious injuries. Could it be that he was also the one who cured boss Bai's injuries?

Thinking of this possibility, the beautiful girl was shocked by her own thoughts. If that was the case, then Lin Yi was too strong!

However, no matter what, the beautiful girl herself didn't have any grudges with Lin Yi. She couldn't resolve the grudges between Lin Yi and the five elements sect, not to mention her, even her master couldn't do anything. So the beautiful girl shook her head and didn't think about these things for now.

"Thank you ..." The beautiful girl said to Lin Yi. Although Lin Yi took advantage of her while she was healing, the beautiful girl was still grateful to him. Without him, she would have died already.

"You're welcome. We're now considered comrades ... In a difficult situation. Just what was that dinosaur you fought with? Why is he so powerful?" Lin Yi probed. From what he could see, if the girl was related to the Tagan family or the five elements sect, then her purpose in coming to the five demons mountains was probably to receive the origin Energy inheritance. Could she also be an illusionary attribute practitioner of the five elements? she was in the cave for the inheritance, but he accidentally caught up with her, and the inheritance came to him?

Chapter 2820 Tiangang

"That's the Dragon of the five evils, the master of the spirit beasts in the five evils Savage Land!" The girl was a little shy at first, but she regained her composure when they were on business.

"Dragon of the five evils ... Could it be a spirit beast of the five elements?" Lin Yi asked.

"That's right. You should be able to tell from the skill it activated. " The beautiful girl nodded.

"Oh, so you're also a cultivator of the five attributes?" Lin Yi pretended to be nonchalant.

The beautiful young girl's expression tensed up slightly, but she still nodded and said, ""I'm a cultivator with four real attributes and one void attribute. Do you know the real and void attributes?"

"I know a little." Lin Yi nodded. He was surprised at the same time. This girl had four physical attributes and one virtual one? Wasn't this a little too powerful?

"Let's not talk about this. Oh right, what's your name? Are you also a participant of the sky elixir sect's test?" The pretty girl didn't want to talk too much about her own question, and changed the topic after seeing Lin Yi's surprised expression.

"Lin Yi," Lin Yi didn't try to hide it-there was no point in doing so."Apart from the trial-takers, are there other people who have come here?"

"That's true. " The girl nodded and took out a spirit herb from her bag. She handed it to Lin Yi, ""This is the spirit herb I promised you before. It's needed for this trial."

"Oh? Then I won't be polite. " Lin Yi nodded and accepted it, "What's your name? Which sect are you from?"

"I ... I'm Tian Ji, I'm a rogue cultivator," The beautiful girl hesitated for a moment, but still said her name. However, she lied about her sect. Her sect should have some conflict with Lin Yi right now. For some reason, Tian Gang didn't want too much of a gap between them. He probably didn't want Lin Yi to feel like he saved an enemy, Tian Gang thought.

"Tiangang? A brothel is built near the water, the family's shadow is reflected in the Juan Juan, the person is indeed as the name suggests. " Lin Yi said as he looked at Tian Gang.

Tianshuo's face reddened-he could tell that Lin Yi was complimenting her beauty. She'd never been called a beauty before, and Lin Yi's praise made her a little shy.

"By the way, why did you come to the five evils mountain range?" Tian Gang changed the topic. She was curious as to why Lin Yi would come to the peak of the five evils mountain.

"Oh, I'm going to look for treasure." Lin Yi didn't try to hide anything-even a random excuse wouldn't be able to convince Tian Gang.

"Treasure hunting?" Tian Gang was stunned.

"Oh, this is it." Lin Yi took out the inner pellet and showed it to Tian Gang.

"Essence inner core? You actually found this thing?" Tian Gang was surprised. He didn't think that Lin Yi's luck would be so good to find a spirit beast's inner core.

"Do you know what this thing is used for?" Lin Yi didn't think that Tian Gang would recognize this thing with one look.

Tianshuo paused at Lin Yi's question, hesitating for a bit before answering, ""I can make a protective necklace, but I need a forger."

"You're a blacksmith?" Lin Yi asked.

"I ..." Tianshuo pursed his lips and nodded. "I guess so, but I've never cast it before."

"Why don't you help me forge one?" Lin Yi joked.

"Ah? One pill won't do, you need at least five. " "Moreover, after this trial, I'll be returning to my sect. You and I shouldn't have any more interactions," Tian Gang said.

"Hehe, sect? Aren't you a wandering cultivator? Then which sect are you from? We might meet again in the future. " Lin Yi asked with a smile. He'd guessed that Tian Gang was from the five elements sect, but it was Tian Gang who'd let it slip.

Tian Gang's face reddened, and he fell silent. She didn't want to lie to Lin Yi, but she didn't want to tell him where she came from either. The sky elixir sect and Lin Yi still had quite a bit of enmity between them, and Tian Gang didn't want to ruin their relationship because of her sect.

As for why she was so concerned about their short relationship, Tian Gang didn't know. If it was before, she would've killed Lin Yi for sure, but she didn't have that thought now.

"Forget it, let's not talk about this. I know that some wandering cultivators joined an ancient sect, and it's not something to be proud of. It's fine if you don't want to talk about it." Tian Gang's silence surprised Lin Yi, but he didn't ask. Even if Tian Gang didn't say anything, Lin Yi would have guessed her background. If she really was from the five elements sect, it was normal to hide her sect's background, "By the way, why did you come to the five evils mountain range?"

"I'm here ... To do something special. " Tian Gang said with gratitude.

"Then, did you manage to do it?" Lin Yi asked.

"I don't know yet ..." Tian Gang shook his head. He thought about what had happened before and was a little lost.

Lin Yi knew that the two weren't close, and even if he was Tian Gang's Savior, she might not tell him the truth. She might not tell him why she came here, since Lin Yi guessed that Tian Gang might be here to receive the inheritance.

However, according to what boss Bai said, the inheritance of the origin Energy was different from the inheritance of enlightenment. Every time the inheritance of the origin Energy was passed on, only one

person could successfully accept the inheritance. If he succeeded, then Tian Gang should have failed to accept the inheritance.

This way, Lin Yi got a bargain from Tian Gang's preparation. If Tian Gang knew that Lin Yi accepted the inheritance, he wondered if he would kill him. With that thought, Lin Yi decided not to continue on this topic. He'd be in danger if tianshuo came back to his senses.

After all, boss Bai had said before that in order to receive the inheritance of the origin power, a series of complicated preparations had to be made. Tian Gang had probably already made the preparations before, and now the inheritance had probably failed, but she had not known it yet.

Lin Yi, on the other hand, wouldn't have thought that he'd accepted the inheritance if it weren't for the fact that his art of Dragon mastery had broken through to stage two top class. It was hard to tell if he'd accepted the inheritance from the surface.

"How are we going to get out of here? This cliff is really high, how are we going to get up?" Lin Yi suddenly thought of the most important problem-how were they going to leave this place?

"Ah?" Tian Gang raised his head and realized their situation after Lin Yi's reminder. Worry flashed across his eyes. He looked around and the worry on his face deepened. After a while, he said, "We ... Don't seem to be able to go up!"

"You can't go up?" Lin Yi blinked, and his heart went cold. He'd thought about this before, but he thought that Tian Ji was Sky Class late phase peak-just because Lin Yi couldn't go up didn't mean that Tian Ji couldn't!
