

## Bodyguard 2821

### Chapter 2821 Can't Go Back

After all, a Sky Class master's jump wasn't on the same level as an Earth Class master's. Lin Yi may be good at Qinggong, but that didn't mean he could jump higher than a Sky Class master. He could only run as fast as a Sky Class master.

"This place is very high. With the height I can jump, I can't reach it in one jump." Tian Gang looked at the precipice and shook his head. The worry in his eyes grew even stronger.

"Then ... What if we don't go up from here and just walk along the mountain range from here?" "This mountain has an end, right?" Lin Yi asked.

"The end ... Maybe there is, maybe there isn't. Even if there is, there might be other dangers." Tian Gang shook his head. "I know this place better than you do. The other side of the five evils mountain range is a dead end."

"A dead end?!" Lin Yi looked at Tian Gang in shock, "so you're saying that there's no other way out other than from here?"

"That's right. It's said that the five demons mountain range is a dividing line. On the other side of the five demons mountain range, there lives a higher level spirit beast, the legendary heavenly path spirit beast, Tao Wu!" Tian Gang said, "the five evils mountain range is the place where the previous King of spirit beasts in the land of five evils lives. When it successfully advances to the heavenly path, it will give the five evils mountain range to the new king of spirit beasts in the land of five evils. The old king of spirit beasts who has advanced to the heavenly path will cross the five evils mountain range and go to the other side of the mountain range. It is said that the heavenly path spirit beasts live there ..."

"..." Lin Yi was speechless. He was hoping that there was a way out in the distance, but it seemed like there was no hope now. Since Tian Gang came here to accept the inheritance, he must know this place better than him!

A Sky Class late phase peak spirit beast was already enough to make the two of them look like they were in a tough spot-if they were to encounter a bunch of heaven's path spirit beasts, it'd be suicide. Lin Yi might as well wait for his death here, but he'd rather go to the other side and die.

"Then ... There's no other way?" Lin Yi said helplessly as he looked at the cliff. He didn't think that he'd be trapped in a Valley one day.

"I can't think of anything for now ..." Tian Gang shook his head and frowned. No one knew what he was thinking.

"If we don't go out, will there be people coming to look for us?" Lin Yi actually wanted to ask if anyone came looking for Tian Gang. Since she was here to receive the inheritance, she should be a very important person in the five elements sect. The five elements sect couldn't just ignore her, right?

"I don't think so ..." Tian Gang shook his head. "I'm not sure ..."

"Alright, are you hungry? I'll make something to eat, and then we'll think of a way?" Lin Yi asked.

"It's okay, I'm a Sky Class, I can go without food ..." Tian Gang shook his head, ""But I don't have any energy left in my body, so I'm a little hungry."

"Then I'll go find something to eat." Lin Yi couldn't think of a way to leave at the moment, so he had to find something to eat first.

He wasn't as familiar with the terrain as Tian Gang was, and if Tian Gang said there was no way, then there was no way. Lin Yi's only concern now was to climb up the cliff and not leave from another direction.

"Skybolt pig, is there anything good to eat here?" Lin Yi turned to Skybolt pig.

"Eh? This is a Skybolt pig?" Tianshuo turned his attention to Skybolt pig after hearing Lin Yi's words. He was surprised!

"You know Skybolt pig?" Lin Yi blinked-he didn't think that Tiangang would know about Skybolt pig.

"Yeah, I've read about it. The pill God Zhang Liju's contracted spirit beast. Why is it with you?" Tian Gang paused, remembering that Lin Yi had been to Zhang Liju's tomb before. It wasn't surprising that he had Zhang Liju's contract spirit beast.

"Hehe, by chance, this little fellow followed me." Lin Yi patted Skybolt pig's head but didn't say anything. He and Tian Gang seemed to get along well, but they both had their own secrets. Everyone had their own secrets.

"I see. I heard that this little guy knows how to search for treasures. Is that true?" Tian Gang asked.

"That's true. It was this little guy who brought me here and found this essence Qi inner core. " Lin Yi said honestly.

"Ji Ji!" The pig nodded proudly.

"It's so cute, can I hug it?" Tian Gang didn't expect to meet the Skybolt pig here. It was her Grandmaster's contracted spiritual beast. Just hugging it would make Tian Gang feel like it was stained with her Grandmaster's spiritual energy.

"Sure, but this little guy is shy ..." But before Lin Yi could finish, Skybolt pig jumped into Tian Gang's arms. Lin Yi was speechless."Are you two from the same family? what's wrong with this little thing?"

"Main family?" Tian Gang was stunned.

"They both have the surname Tian!" Lin Yi said with a smile.

"Annoying, you're the pig's kin." Tian Gang rolled her eyes at Lin Yi, but it was extremely flirtatious. Lin Yi's breathing tightened.

"Haha ..." Lin Yi laughed.

"It seems to like me a lot?" Tian Gang realized that the pig was very close to him.

"But I still can't give it to you." Lin Yi said.

"You're so petty. " Tian Gang handed Skybolt pig back to Lin Yi, but he felt a little weird after saying that. He didn't know that he had such a cute side to him. Was it because ... Lin Yi had seen his body? Or was it because he didn't know where to go tomorrow under this cliff?

"Hehe." Lin Yi took the pig and said, "Let's go and find something to eat. "

"Ji Ji!" Skybolt pig seemed to be hungry as well, and ran in a direction with Lin Yi.

Tian Gang had wanted to follow, but he remembered that his body was very tired and had no energy or true Qi. He shouldn't use up any more energy at this time. It was better to sit down and cultivate for a while. It could also replenish and relieve some of his energy.

And so, Lin Yi left, and Tian Gang sat down cross-legged on the ground, absorbing the Qi of heaven and earth. The Qi of five evils here was a nightmare for other practitioners, but for Tian Gang, it was a rare place to practice. The Qi of heaven and earth here was very pure, and although it was of five elements, she was also a practitioner with five elements, so the Qi of five evils here wouldn't cause any bad effects to her.

Lin Yi followed Skybolt pig to a natural pond, and the pig pointed at the pond with its paw and squeaked.

"You said there's something to eat in this pond?" Lin Yi walked to the side of the pond, but he was a little alert. Who knew if there were spirit beasts in the pond?

#### Chapter 2822 Barbeque With Pill Fire

However, after Lin Yi stood there for a while, he realized that there wasn't a single trace of pure Qi in the pond. There shouldn't be any spirit beasts here.

"Ji Ji!" The pig was drooling.

Lin Yi rolled up his pants helplessly and walked to the pond. He realized that there really were a lot of fish in the pond. Perhaps it was because no spirit beasts or people came here for a long time that the pond was full of fish, and they were all very fat. Lin Yi reached out and caught a few big fish.

Lin Yi dropped the fish on the shore and caught a few more before going ashore. He brought Skybolt pig and him back to where they came from and saw tianshuo sitting cross-legged with his eyes closed.

Lin Yi blinked and remembered Tian Gang's attributes. She was a practitioner with five attributes, so it was normal for her to be able to use the Qi of five evils to train. However, this Qi wasn't very useful to Lin Yi. The Qi here was very pure, but it wasn't as pure as the Qi in the Jade space. Lin Yi could only train normally here.

"Tian Huan, do you want to eat fish?" Lin Yi asked.

"Ah, you're back?" Tian Gang quickly came back to her senses. She realized that she was too focused on her training. It didn't matter when she was in the sect because no one could harm her there, so she wasn't alert at all when she was training. But here, if Lin Yi wanted to harm her, she'd fall for it.

But tianshuo changed his mind-if Lin Yi really wanted to harm her, why would he save her? At that time, he would have directly hit her and she would have died immediately. Was there a need to wait until now?

And so, tianshuo felt that he was overthinking things-he didn't need to be on guard against Lin Yi.

"En, I only found fish here. I'm going to roast it, do you want some?" Lin Yi asked.

"Eat!" "It's been a long time since I've had it!"Tianshuo said with an expression of anticipation.

"Hehe." "Come help if you want to eat, there's no dried branches here," Lin Yi smiled.

"Help?" "How can I help?" Tian Gang was stunned.

"You're a Five Element cultivator, so you should also be an Alchemist, right? I'll use the elixir fire to roast the fish. " With that, Lin Yi laid the fish on the ground in a row and started roasting them with a fire.

"So ... This works too?" Tian Gang felt that it was a little novel. In the sect, she had never used pill fire to roast fish, and had never even personally cooked before, so she didn't know that pill fire could also be used to roast food.

"Hehe, one look and I can tell that you're a socialite. You're naturally different from us wandering cultivators. Under all kinds of bad conditions, you have to rely on yourself to create the conditions." Lin Yi said with a smile.

"That's right. It's all thanks to you. Otherwise, I'm afraid I'd have been buried under this cliff." Tian Gang sighed with emotion.

According to what ancestor xuanchen said, there shouldn't be any danger here. Who would've thought that the Dragon of five evils would return to the cave so early and let her experience such a dangerous scene? if it wasn't for Lin Yi's healing, she wouldn't have eaten the 100 great recovery pills even if she had them.

Tianshuo followed Lin Yi's example and started roasting the fish with his core fire. With the two of them roasting the fish together, the progress was naturally much faster. In the blink of an eye, the fish started to smell good.

Tianjie was really hungry. After the fish was done, she impatiently took a big bite of it. However, she felt that it wasn't ladylike enough. Her face turned red and she lowered her head to eat the fish in small bites. She was just not used to it.

"If you're hungry, then eat. There's only the two of us here, so there's no need to care too much about the etiquette." Lin Yi said.

Tianshuo heard Lin Yi's words, but he still ate his fish in a gentle manner.

Lin Yi smiled and didn't say anything else. He picked up a grilled fish and gave it to Skybolt pig. Lin Yi himself, on the other hand, didn't feel any hunger since he just broke through to the second stage of the art of Dragon mastery.

The pig took the fish and started eating.

There were a total of six grilled fish. Skybolt pig ate two, and the remaining four went into Tian Gang's stomach. After Tian Gang finished eating, he realized that he had eaten four grilled fish, which made him feel a little embarrassed.

"It doesn't matter. We're all cultivators. It doesn't matter if we eat more." Lin Yi said with a smile.

Lin Yi's words made tianshuo even more embarrassed as he glared at Lin Yi, "You still said I'll kick you?"

"Hehe." Lin Yi smiled, thinking that the girl in front of him was very cute. She was Sky Class late phase peak, but her mind was a little pure. She didn't look that old?

Lin Yi knew that Sky Class Masters were able to maintain their looks forever-they couldn't live forever, but they could at least maintain their looks until they died. Tian Gang looked like he was seventeen or eighteen, but he might be in his forties or fifties.

However, from her current reaction, she should be quite young.

"How old are you this year?" Lin Yi asked.

"Nineteen, what about you?" Tianjie was feeling embarrassed, and Lin Yi changed the topic, so she happily answered.

"Oh, I'm just a year older than you." "But you're so young, and you're Sky Class late phase peak already-that's really rare. It looks like your sect's strength isn't weak at all!"

"It's alright ..." Tian Gang didn't seem to want to talk too much about his sect and didn't answer Lin Yi's question directly.

Lin Yi didn't say anything else after seeing that Tiangang didn't want to talk about it. The only topics the two talked about were their sects, their practitioner's Arts, and their skills, but these were all confidential. Lin Yi couldn't ask if Tiangang didn't want to talk about it. As for the other common topics, he didn't know what to say. After all, the two weren't very familiar with each other and didn't understand each other.

Lin Yi raised his head and looked at the cliff, thinking of a way to leave this place. Staying here wasn't a solution after all. Although Lin Yi felt that the five evil Qi shouldn't affect him, he couldn't just live here forever.

Although it was an envious thing to live here with a beautiful girl like tianshuo, Lin Yi had more important things to do.

"There is no foothold on this mountain wall. However, when you jump, can't you use your hands and feet to create a depression in the stone wall and use it as a foothold?" Lin Yi suggested after studying the cliff.

"The five fiends mountain range is extremely hard. It's impossible to make a dent with just one hand." Tian Gang shook his head.

Chapter 2823 The Way To Return

"You should have seen it earlier. When I was fighting with the Dragon of five evils, our martial techniques collided. Although it produced a very powerful force, its cave wasn't damaged at all!"

That's right! Lin Yi was shocked, remembering that something was wrong. When the Dragon of five evils's energy collided with Tiangang's martial skill, the force produced was almost the same as Lin Yi's Qi bomb, but the Dragon of five evils's cave wasn't damaged at all. When Lin Yi was in the mountain range or in front of the school, the Qi bomb could blow up the mountain rocks and make deep pits.

"It seems like my suggestion won't work ..." Lin Yi smiled bitterly.

"It's not impossible. I can activate my martial arts technique, punch a hole in the mountain rock, and grab it. But with my ability, even if I have enough physical strength and Zhen Qi, I can only persist in activating the most powerful martial arts technique three times. And with the height I can jump, if I want to jump to the top of the mountain, I will have to jump at least twenty times. I can't hold on for that long." Tian Gang helplessly shook his head, "Your suggestion is feasible in theory, but not in practice."

"But what if you recover your physical strength and true Qi after three times?" Lin Yi suddenly asked.

"With both hands and feet on the cliff, how could I use the mantra in that tense situation? I have to use all my strength to focus on my hands and feet to hold on to the cliff!" Tian Gang shook his head. "If not, I'll fall to my death if I'm not careful. Besides, my mental cultivation method can only be used when I'm sitting cross-legged and meditating."

Lin Yi nodded. Tiangang was right-Lin Yi didn't have to sit cross-legged to use his Arts, but Tiangang was right-how was he supposed to use his Arts when all his attention was on holding onto the wall?

He'd fall to his death if he'd let his guard down or get distracted-this method had its flaws, after all. Lin Yi wanted to work with Tian Gang-he'd just have to transfer Qi to Tian Gang, and that'd be fine as long as he used the practitioner's Arts. But the situation now was that Tian Gang couldn't use the practitioner's Arts while he was holding onto the cliff!

"I have an idea ..." Lin Yi said after some hesitation.

"You have a way?" Tian Gang was slightly stunned.

"Yes, I know a martial art called spring rain. It can consume my own physical strength and Zhen Qi to quickly restore the physical strength and Zhen Qi of my teammates." "When the time comes, you don't need to use the arts, just focus on grabbing onto the cliff. I'll help you recover your energy," Lin Yi said.

"Spring rain? Eh? Wasn't this the martial arts of the everyday and every day sect? You actually know how to do it?" Tian Gang was slightly stunned, but she had clearly heard of this martial skill's name before.

"Is that so?" Lin Yi was surprised as well-he didn't think that the skill was from the everyday and every day sect. "I got this martial skill from a friend, but it doesn't have much to do with the everyday and every day sect."

"You have so many powerful martial arts techniques. Previously, your true energy could heal my injuries. Now, your true energy can be used by me. You have quite a lot of secrets." Only now did Tian Gang realize that it wasn't a coincidence that Lin Yi had stepped into the hidden plane and started breaking through to the ancient plane. Lin Yi really did have the strength! However, Tian Gang was very curious. How did a wandering cultivator get to where he was? Tian Gang decided that she would investigate Lin Yi's background when she got back. It was the first time she was so curious about someone.

"Hehe, then can you help me keep it a secret?" Lin Yi's secrets were known too much by Tian Gang. The two of them seemed to be on good terms, but that was under the condition that neither of them could leave this place. Once they left and separated, Lin Yi was afraid that Tian Gang would say something due to the pressure from the sect, and his secret would be exposed.

"Okay ..." For some reason, Tian Gang actually nodded and agreed to Lin Yi's request. After agreeing, even Tian Gang himself felt that it was unbelievable. He actually agreed to keep his secret? Was it because he had saved her? Perhaps, he was not an ungrateful person.

"Thank you," he said. Lin Yi didn't know why, but he believed what Tian Gang said. He felt that there was an unspeakable connection and trust between the two of them, but he didn't know what it was, "Then, let's figure out how to leave this place."

"Although you have the martial skill spring rain, even so, it'll be very difficult for us to leave this place."  
"No." Tian Gang shook his head. "First of all, even if you can use a martial skill to help me recover my strength, you can only recover once or twice. Can you recover a third time?" I'm a Sky Class late phase peak, and I have more stamina and Qi than you-even if you give me all your Qi, I'll only be able to jump two more times, and it won't make a difference. Plus, there's two of us, how are we supposed to jump up there together?"

"These two concerns of yours are actually not a problem." Lin Yi waved his hand. "First, I can recover my Qi and continue to use the skill. Second, you can tie me behind you so that you can jump with me."

"You're recovering your strength and true Qi?" Tian Gang was stunned, "how long will it take to recover?" As far as I know, after continuously using a martial skill and using up all the physical strength and true Qi in the body, it's impossible to recover without a period of cultivation to replenish it, right?"

"I just need a little while." Lin Yi smiled, "look at me. I healed myself, you, and grilled fish. I've used up a lot of Qi, right? but I'm full of Qi now."

Tian Gang was shocked and looked at Lin Yi in surprise. Lin Yi, on the other hand, had activated his practitioner's Arts on purpose, making Tian Gang feel full of energy. After a while, Tian Gang said, "You're really amazing. There aren't many people I admire, and you're one of them ..." He said.

"Hehe, if we weren't going through thick and thin together, I wouldn't be able to tell you so many secrets." "What do you think of my suggestion?" Lin Yi shrugged.

"That's fine ... But to tie you behind me ..." In Tian Gang's mind, an extremely ambiguous and infinitely charming scene involuntarily appeared! Lin Yi pressed his body against her back, and the two of them jumped up the cliff together

Chapter 2824 You Brought A Weapon?

If it was in the past, there was no way tianshuo would agree-she never had any physical contact with the opposite sex, but the situation was different now. First, the two of them were in a dangerous situation, and there was no way they could escape this place if they didn't do this. Second, Lin Yi had seen what he shouldn't see and touched what he shouldn't touch. Tianshuo's immunity to him had dropped, and he was the only one who got off easy anyway, so tianshuo's resistance wasn't as strong as before, "Alright then!"

Tian Gang finally nodded in agreement.

"I wonder how many days it's been ..." Lin Yi had broken through in the Jade space, and with the origin Energy inheritance, who knew how long it had taken him. He wondered how qikun and the others were doing.

"What, do you have a friend who's taking part in the trial outside?" Tian Gang asked.

"En, I don't know how they are ..." Lin Yi said, worried.

Tian Gang fell silent after hearing Lin Yi's words. She knew the nature of the test this time. The practitioners who came here were basically here to die. It was cruel, but Tian Gang couldn't stop it or change it. Even her master couldn't do it, let alone her. She could only let it happen.

But she couldn't bring herself to say this to Lin Yi, so she changed the topic. "How can I tie you to me? There's no rope or anything of the sort. "

"Uh ..." Lin Yi looked around. Other than the bloody nail of the Dragon of five evils on the ground, there was nothing else. Lin Yi's eyes finally landed on tianshuo's chest. He wanted to say something but stopped.

Lin Yi's stare made tianshuo uncomfortable, "What ... What are you looking at?"

"Your chest, the one used to bind your chest ..." Lin Yi said.

"Then ... What about my chest?" Tian Gang glared at Lin Yi, "Do I have to show it to you?"

"I'm behind you, I can't see you ..." Lin Yi sweated, ""Besides, didn't you see it before? There's only the two of us here, so why don't you just tie us back when we reach the top of the mountain?"

"This ..." Tianshuo felt that this was a little embarrassing. After all, this was different from when Lin Yi treated her. However, Lin Yi was right. There were only the two of them in this mountain range. Lin Yi had seen and touched it. In order to make it easier to go up, it wasn't that he couldn't accept Lin Yi's suggestion. It was just that tianshuo felt that it was a little inappropriate.

"Besides, your clothes are so long, they can't be exposed, can they? "It's barely visible at most-look at those car models on TV, they're showing so much ..."Lin Yi said, striking while the iron was hot.

"I'll kick you to death. I don't want to become famous overnight. " Tian Gang was about to kick Lin Yi, but Lin Yi's words made her loosen up a little. She rolled her eyes at Lin Yi, "You're looking at me, how can I take it off?"

"Hehe, I'll just treat it as watching you strip dance." Lin Yi said with a smile.

"I think you're looking for a beating-you're just a small Earth Class late phase, and you dare talk to a Sky Class late phase peak like that? aren't you afraid I'll kill you in one hit?" Tian Gang looked at Lin Yi with "disdain."

"Haha, I can kill a Sky Class too," Lin Yi smiled, "Zhang naipao brought two Sky Class mid phase followers with him, and I took out one of them."

"Ah? You can kill Sky Class mid phase already?" Tian Gang paused, looking at Lin Yi in surprise.

"What do you mean by already? Don't tell me you knew I could do it before?" Lin Yi blinked.

"No... I was just shocked." Tianjie was a little shocked-she didn't know that naipao's follower was killed in seconds, but she didn't expect Lin Yi to be this strong. "You're still no match for me-I could kill that Sky Class mid phase in seconds, too. "

"Then kill me. We can't go up." Lin Yi said.

"You think I don't dare to?" "Why aren't you turning around?" Tian Gang said angrily.

"Hehe." Lin Yi smiled and turned around, a strange feeling in his heart. The rock Candy Girl was also a Sky Class late phase Peak Master, but when she was with Lin Yi, she always treated him with a cold and high attitude. Tianji, on the other hand, was different-she was a master, but her personality was like a little girl's, and Lin Yi felt happy with her.

Tian Gang hesitated for a moment and took off the yellow silk that bound his chest. Then, he carefully tightened his collar to prevent his chest from being exposed. However, it was impossible. The shape of the clothes was there. Tian Gang could only let the clothes cover his body as much as possible. However, this kind of faintly discernible temptation gave Tian Gang a headache.

"Alright, you can turn around now." Tian Gang couldn't think of a solution after a long time, and called for Lin Yi to come back to his senses.

"Are you trying to seduce me?" Lin Yi looked at Tian Gang's chest, "Don't you know that this kind of feeling makes men go crazy?"

"If you continue, I'll kick you until you become a eunuch!" Tian Gang looked at Lin Yi coldly, "If you keep talking, I'll tell you a story about killing the donkey after it has stopped grinding. We'll settle the score after we go up the cliff."

"Alright," he said. Lin Yi kept his smile and remembered that the girl in front of him was a pretty girl, but she was also a Sky Class late phase Peak Master, someone who could kill him at any time. "I'll wrap Huang Luan around you and me now. Help me. "

"Alright," he said. Tianjie nodded, a little nervous as he looked at Lin Yi standing behind her. Her body started to tremble. She wanted Lin Yi to stay away from her, but thinking about it, how were they supposed to be tied together if they were too far away? What if he dropped it halfway? If he wanted to be sturdy, he had to be close to her body ...

Lin Yi took a deep breath. Tianshuo's body smelled good, and he didn't know if it was the shower gel or her own body scent, but Lin Yi had the urge to kiss her.

Lin Yi carefully stood behind tianshuo, his heavy breath blowing on her neck, giving her a strange feeling. It was a little itchy and uncomfortable, ""Don't ... Don't lie to me ..."

"I'm breathing normally. I'll die if I don 't. " Lin Yi said helplessly.

"Then turn around." Tian Gang couldn't take it anymore.

"Alright," he said. Lin Yi turned his head and pressed his body against Tian Gang's body. Tian Gang's body trembled and almost screamed!

It was fine if tianshuo didn't move, but Lin Yi couldn't help but have a physiological reaction ...

Tianjie felt as if something was suddenly pressing against his body. He was slightly stunned, but he did not understand."Hey, did you bring your weapon? It's blocking me, take it away!"

Chapter 2825 One Step Ahead

"I'm an Earth Class, where would I get a weapon?" Lin Yi smiled bitterly, not knowing how to explain."Alright, let's tie Huang Liang to our bodies ..."

"It's not comfortable, it's uncomfortable!" Tianshuo saw that Lin Yi wasn't going to talk about the weapon anymore and panicked. He reached out to grab it but felt something was wrong after he grabbed it. His face turned red from his neck to his ears and he pulled his hand back as if he got an electric shock, "You're a hooligan!"

"I ... How can this be called being a hooligan?" Lin Yi couldn't help but smile bitterly, "This is a natural reaction. It means that you're beautiful and attractive to me. If you look like the Dragon of the five evils, it would be strange for me to have a reaction."

"You're the Dragon of the five evils!" Tianshuo was embarrassed, but Lin Yi complimenting her for her beauty made her feel good. What girl didn't like compliments? Especially when Tian Gang was in the sect, he didn't have such an opportunity ...

"Hehe, alright, don't move. It'll be done in a while. We'll use the yellow oriole to tie us up." Lin Yi said.

"Okay then ..." Tianshuo felt uncomfortable with something on his back, but in order to return to the peak of the mountain safely, he had to pretend he didn't notice anything. He took the yellow Mantis from Lin Yi, wrapped it around his body, and handed it back to Lin Yi.

Lin Yi took Huang Luan and wrapped her up as well before handing her to Tian Gang. The two repeated this a few times, and finally, the two were tied up into one. It was similar to when Lin Yi carried Xiaoxiao on his back at the Ice Palace test.

"It's done," Lin Yi tied a knot and made sure it wouldn't be released. He turned to tianshuo, "It's fine now. "

"En, then I'll prepare to jump. Is there anything else I need to do?" Tian Gang asked.

"Ji Ji!" The pig pointed at the Dragon of five evils's nail on the ground.

"You're saying that this is a good thing?" Lin Yi was taken aback. He thought that the Dragon's nail was useless and threw it aside, but looking at Skybolt pig, it seemed like a treasure?

"Ji Ji!" The pig nodded.

"It's right. Every part of the Dragon of five demons is a treasure." "This nail belongs to the earth attribute," Tian Gang explained. "It's a very good natural treasure to strengthen the body of Earth-attribute cultivators. But to me, it's not of much use."

"Oh? Since it's useful, then bring it back. " "Pick it up and put it on me, we're leaving!" Lin Yi said.

"Ji Ji!" Skybolt pig quickly ran over and picked up the nail with his mouth. He jumped onto Lin Yi and grabbed onto him with all four limbs.

"Alright, that's enough. Let's go up." Lin Yi said to Tian Gang.

Tian Gang nodded and took a deep breath, "Then I'm going to jump. Be careful."

"Yeah." Lin Yi was bound by Huang Luan, so he didn't need to hold onto Tian Gang's body. It was just that his lower body was still against Tian Gang's body, making Lin Yi blush a little. However, the more he thought about it, the more he couldn't calm down. It was embarrassing for him, so he tried not to think about it.

Tian Gang had no other choice. She began to chant her heart technique and suddenly jumped up towards the cliff. Then, she pushed out her palms and slammed them into the cliff ...

Lin Yi could tell that this was the five elements Eight Trigram palm, tianshuo's strongest move. He wanted to steal it, but he knew that even if he asked, tianshuo wouldn't tell him. Just like how tianshuo never asked him why he could heal her, he wouldn't tell her either.

"BOOM!"

Tian Gang was already using a lot of force, but what was left on the cliff was only a shallow mark. It was enough for Tian Gang to grab her and prevent her from falling.

Then, Tian Gang kicked the cliff with all her might. Similarly, she only left a shallow mark on the cliff, allowing her to hang there temporarily.

"Lin Yi, I can't take it anymore. I've used up most of my energy when I was fighting the dragon of five evils. I'm still feeling better after eating something, but after activating this skill, I don't have any energy left in my body." "I can't hold on for much longer, this position is very uncomfortable, quickly help me replenish my energy!" Tianshuo said quickly.

"Alright!" Lin Yi didn't dare to delay and quickly started channeling the spring rain. It was just that it was a little hard to channel it in this position, but he succeeded in the end,""Spring rain falling from the sky, the fifth move!"

Spring Rain's first style could transfer Qi to one person, the second style could transfer Qi to two people, and the fifth style could transfer Qi to five people. Right now, Lin Yi only had Tian Gang with him, and using the fifth style was the same as transferring five portions of Qi to Tian Gang at the same time. This way, Lin Yi's stamina and Qi could be transferred to Tian Gang faster.

On Lin Yi's hands, a Light Blue Mist-like Qi suddenly appeared. As Lin Yi activated his skill, the light blue Qi left Lin Yi's hands and floated in the air. It then fell like rain and entered Tian Gang's body ...

In an instant, Tian Gang felt his Qi recover rapidly. Not long after, all of Lin Yi's Qi entered Tian Gang's body, and Lin Yi became a weak person.

"It's really amazing!" Tian Gang sighed."I didn't expect this martial technique to be so magical. My physical strength and true Qi have suddenly become much more abundant. Although I haven't reached my peak state, it won't be a problem to jump two more times!"

"That's good. " After using the spring rain, Lin Yi didn't care about anything else. He quickly entered the Jade space and started circulating the second stage of the art of Dragon mastery, recovering the stamina and Qi He lost.

After Tian Gang rested for a while, he jumped up again to a higher height. Then, he activated the five elements Eight Trigrams palm and so on ...

Behind the five evils mountain range, in the five evils Savage Land.

Naipao was very lucky-the place he was sent to was the closest to safety.

He didn't know if it was the heavenly elixir sect's intention, or if he was just lucky, but naipao found a safe place very easily and hid there, waiting for his prey!

Chapter 2826 Robbed

Although this safe place was marked on the map, any cultivator with a bit of intelligence could see that the safe place was a naturally formed natural chasm. It was difficult for birds and beasts to enter this place because the size of the spirit beasts was relatively large, and there were very few small ones. Generally, they did not have any attack power. So as long as a cultivator hid here, no spirit beast could hurt him.

Mo BA also found the place very quickly. On the first night of the trial, the two of them met.

"Brother Pao, did you get the elixir for the trial?" Mo BA asked.

"No, there's none nearby. I didn't go looking for it. Wait a moment, this place is very obvious. I reckon that it won't be long before other cultivators find their way here. At that time, we'll just snatch it directly." Naipao said faintly.

"You're right. With Pao's ability and means, he doesn't need to find the elixir himself. Only a fool would do it himself!" Mo BA said respectfully.

"Let's rest for a while. " Naipao said faintly, "there's a lot of Qi here, I'll need to cultivate for a while."

"Brother Pao, didn't you say that the Qi of the five evils is harmful to cultivators? "Why are you ..." Mo BA was shocked and asked quickly.

"Haha, can't you see what heart technique I'm cultivating? my wasp absorption Arts, what kind of true Qi can't I absorb? As long as it's true Qi, it doesn't matter if it's the Qi of the five evils or the spiritual Qi of heaven and earth, I can even absorb poison!" Naipao laughed, not really bothered, "This place is just right for me to cultivate. It's just the right time for me to consolidate my strength."

And so, Zhang naipao continued to cultivate while mo BA protected him. However, they weren't very lucky-not a single practitioner came by the afternoon of the second day. Mo BA started to worry, "That's not right, Liang bro. We've been waiting for so long, why haven't we seen a single practitioner?"

"How long has it been? Just wait, there's no hurry. " Naipao said calmly.

As soon as naipao said that, they heard voices coming from outside the safe zone-someone was coming!

"Young hero yang, we're really lucky. There's a good place here that can avoid the attacks of spirit beasts!" A person outside said.

"Indeed, we can hide here and rest for a while before heading to the teleportation formation." The man called yang shaoxia said. He was a Sky Class mid phase Peak Master from the fiery mountain.

The one who was talking to him was an Earth Class mid phase from the Dark Palace, and the one who didn't speak was also an Earth Class early phase. The two of them were like carrying his shoes, but following a Sky Class mid phase peak could greatly reduce the danger. They had encountered a Mystic class spirit beast before and it was chased away by him, although they didn't get much of an advantage. But if these two Earth Class fighters from the Dark Palace were to fight, they'd be either dead or heavily injured.

Moreover, with young hero Yang's protection, they had successfully collected the spirit herbs for the trial. Although there was only one, it was not bad. If they had acted alone, they might have lost their lives before they could even collect the herbs.

"Young hero yang, after you ..." Dark Palace disciple a said and made an inviting gesture.

Yang shaoxia nodded and led the way into the safe area. However, he froze when he saw Zhang naipao and his follower mo BA.

But he wasn't too scared-as far as he was concerned, he was Sky Class mid phase peak, after all, and as long as he didn't mess with him, naipao wouldn't do anything to him.

The two Dark Palace disciples walked in with the young man, and were evidently surprised and scared when they saw naipao. However, they remembered that naipao was only sky Class early phase, and his follower mo BA was Sky Class mid phase. On the other hand, the young man was Sky Class mid phase peak, and they relaxed.

"The three of you seem to be very satisfied with your harvest?" Mo BA grinned and asked the three of them.

"What do you mean?" Dark night Palace's second disciple turned around and asked cautiously.

"Nothing. Just hand over the elixir, and I'll spare your lives." Mo BA said indifferently.

"Hand it over? On what basis?" Dark Palace disciple B was shocked-he had come here with a mission this time, to exchange a Qi gathering pill from the sky elixir sect, to help the palace Master break through from Earth Class late phase peak to Sky Class early phase-this was his last chance. Although the pill had its drawbacks, once he successfully understood the legacy, the drawbacks would no longer exist, and there would be no more barriers to breaking through.

The time for that plan was getting closer and closer, and if the Dark Palace wanted a piece of the cake, they had to hurry. The problem now was that ye Wan 'er hadn't broken through to the Sky Class yet, and the stronger she was, the higher the chance of learning the inheritance. The Dark Palace had no choice, so they had to use this plan.

"On what basis? Brother Pao can decide your life and death!" "Hmph!" Mo BA snorted."If brother Pao wants you to live, you will live. If he wants you to die, you will die."

"Aren't you being too overbearing?" Dark night Palace's second disciple couldn't help but say.

"Overbearing? The moment you stepped into the ranks of cultivators, you should have known what the law of the jungle is. Isn't it too late to say that you're tyrannical now?" Mo BA said disdainfully,"alright, we are all participants of the trial. I don't want to hurt our relationship. Our brother Pao's principle is that we won't kill after we hand over our items. If you want to live, then be quick. If you want to die, then I won't stop you."

"You ..." Dark Palace disciple B was about to say something, but he was stopped by disciple A. He made a gesture to disciple B, indicating that they should see what young master yang had to say. Young master yang was the most powerful person here, and they were only earth-class cultivators, so they didn't have much say here.

"Young hero yang, you mean ..." Dark night Palace disciple a looked at young hero yang of the fiery flame mountain and asked.

"Zhang naipao, don't push me too far-if we were to really fight, I'm not afraid of you-I'm Sky Class mid phase peak, not like that earth Overlord early phase peak." Yang shaoxia was also very annoyed-he'd been getting all the praise from the a and B disciples along the way, and now that he was robbed by Zhang naipao, of course he wouldn't be happy. Especially in front of his two little brothers, how could he just give in?

Moreover, his strength was there for all to see. If he were to admit defeat, wouldn't he become a laughingstock?

Chapter 2827 Disciple Of The Dark Palace

"Not afraid? Then I'll stand here and let you hit me. Let's see what you can do. " Naipao laughed and looked at him with disdain, "I'm not bragging. I just want you to hit me. You can't do anything to me."

"Is this true? You're not going to do anything?" Yang shaoxia knew how he'd gotten hurt, but he didn't believe that naipao would be scared of him if he just stood there and let him hit him.

In his opinion, if he didn't touch his body, he should be fine! He'd heard of naipao's achievements in the Ice Palace test before-he knew that naipao had a skill called the Wasp absorption skill, which could

absorb the strength of practitioners for his own use. It should be the same now-the earth Overlord was injured because his hand touched naipao, and he had to avoid that this time!

"Naturally, it's true." "With your strength, you're not worthy of me fighting you myself!" Naipao said indifferently.

"Alright, since that's the case, then don't blame me for being impolite!" Hearing naipao's words, yang shaoxia calmed down. He reached out and took out a ring from his waist. He didn't know what Arts he was using, but the ring turned red, with a red flame burning on it.

This was yang shaoxia's heaven-grade weapon. He came from the fiery mountain. Although he was not the young sect master of the fiery mountain, he was still a direct disciple and a future elder, so he was given a relatively powerful heaven-grade weapon by the sect.

"Go to hell!" Yang shaoxia's eyes flashed with a sharp glint, and the Ring of Fire in his hand followed his aura as he threw it towards naipao's head,"Three rings of raging fire, the fifteenth move of the black mist!"

The moment he attacked, he used his strongest martial skill, the 15th form of the heaven tier martial skill. He even used a heaven tier weapon, making his martial skill even more powerful. It was obvious that he wanted to kill naipao in one strike!

In the training grounds, death was not a big deal-the sky elixir sect only said that no one was allowed to kill each other in the inn, but they didn't say that no one was allowed to kill each other in the training grounds either. The sky elixir sect only said to avoid conflict, but it was up to the practitioners themselves whether or not conflict would occur. This was also why naipao dared to Rob them.

Naipao, on the other hand, didn't move at all-he just stood there, his practitioner's Arts still active. This was his first time facing a Sky Class mid phase peak, but when he was at Earth Class late phase peak, the highest level he could kill was Sky Class mid phase. Now that he was at Sky Class early phase, the highest level of practitioner he could kill instantly would naturally increase as well, and so he killed Sky Class mid phase peak instantly, It should still be possible!

"BOOM!"

The Ring of Fire landed on naipao's head, and a bone-deep gash appeared on his head. If it wasn't for naipao's Qi protecting him, he would've been dead by now.

Mo BA reacted quickly, taking out a small recovery pill and stuffing it into naipao's mouth. Naipao had to circulate his Qi for a while before he fully recovered, the wound on his head already forming a scar.

"Hu ..." Naipao took a deep breath-this Sky Class mid phase peak was indeed something he couldn't underestimate. Luckily, he had the protection of his Qi, and the skill didn't hit him completely. Otherwise, he'd be heavily injured, if not dead.

"

In an instant, a huge wound appeared on young Master Yang's body. It was as if he had been hit by the ring of flames. It was extremely large, and his ribs and internal organs were all shattered. After young master yang screamed and struggled for a while, he fell to the ground and stopped moving. It was unknown if he was Dead or Alive.

The two disciples from the Dark Palace were dumbfounded-the Sky Class mid phase peak that they thought was high and mighty, just died like that? How could this young master yang, whom they had been fawning over, be so vulnerable?

Or rather, yang shaoxia didn't even make a move, he only hit naipao once, and naipao didn't die, but he did-this was unbelievable!

However, the disciples of the Palace of Darkness were the best at changing their minds. When they saw that their backer was dead, they immediately changed their minds. Disciple a quickly took out an elixir box from his pocket and handed it to mo BA, ""Brother Pao, these are the elixirs for the trial, please accept them!"

"You're so awesome, brother Pao! We've followed the wrong person, but we still have a bright future if we follow you. Brother Pao, please take us in as your underlings, we promise to serve you well!" Dark night Palace disciple B also hurriedly said.

"Yes, young hero yang ... No, that yang guy also has an elixir here. Brother Pao, I'll find it for you!" After saying that, the Dark Palace disciple a found a box on yang shaoxia's body and handed it over.

Mo BA didn't take it, but turned to look at naipao-he could decide whether to kill them or keep them alive.

"Since you two are so sincere, then bring it over." Naipao looked at the two boxes and said,"Take it."

"Yes, brother Pao." Mo BA kept the two boxes.

"Then, we ..." The Dark Palace disciples a and B quickly asked.

"It's just as well. I'm short of manpower. If someone comes in later, you can repeat mo BA's words to them. It will save us the trouble of repeating it." Naipao said faintly, "but, I won't mistreat you guys. If someone comes in later and takes the herbs, I'll give them to you. I only need two."

"Ah? Thank you, brother Pao! Brother Pao is the best!" The two disciples of the dark night Palace said with tears of gratitude.

"Who knows, maybe I'll even give you one more. Those who follow my Paozi, I won't let you guys suffer." Naipao said, waving his hand.

He was a loyal man, to Zhong pinliang and his little brother. He just followed the wrong master.

"Thank you so much! You're the best, Pao bro!" The dark night Palace disciples a and B knelt and thanked him.

"There's no need to thank me. " Naipao waved his hand, "do your work. Alright, I'm injured too. I need to use my Qi to recover. You guys go do your work."

Chapter 2828 Extraordinary Pride

"Yes, brother Pao!" The two disciples of the dark night Palace replied immediately.

And so, naipao sat down and started practicing, with mo BA beside him, protecting him. The a-and A-B disciples stood at the entrance, waiting for more to come.

Sure enough, not long after, he heard voices coming from outside again.

If Lin Yi was here, he'd be able to tell that the two people who came in were li Ciba and Zhao qikun from divine fist Palace! The two of them had met on their way to a safe place. Although they had been teleported to different places, the general direction was similar. Therefore, they had come together on their way to a safe place.

The two were very excited when they saw the safe spot on the map. After all, the two of them had gotten the medicine and came here without any trouble-this was something to be happy about, especially qikun. He didn't even think that he'd be able to get the pill or find the safe spot.

All of this made him feel very fortunate.

"We're finally here. Brother Li, I wonder if the others have come?" Qikun said after reaching safety.

"Yeah, I don't know. Let's go take a look." Li Ciba said.

As they spoke, the two of them walked into the safe area. However, when they saw the two disciples of the Dark Palace guarding the entrance of the safe area, they were obviously stunned!

"You guys are ..." Li Ciba knew the two disciples from the Dark Palace, so he asked in confusion.

"You guys are here to rest, right?" Dark night Palace disciple Jia Hu took advantage of his authority and shouted, ""We're Zhang naipao bro's underlings-we have no problem resting here, but we need to hand over the herbs! Of course, if you don't have any spirit herbs, then you can get lost!"

Li Ciba wasn't happy with the Dark Palace disciple's attitude, but when he heard that he was naipao's underling, his face froze. Naipao was here?

He and qikun looked up-naipao was indeed sitting on the ground practicing, and beside him was mo BA, as well as a dead body not far away! Isn't that young master yang from the fiery mountain?

Li Ciba naturally wasn't unfamiliar with this-his mouth twitched a little-it seemed like yang shaoxia had fallen into naipao's trap as well, and had gotten into a fight with him here-it seemed like he was finished off by naipao!

Qikun wasn't strong enough, and Lin Yi wasn't here, so he naturally listened to li Ciba. He raised his head and looked at li Ciba, not knowing what to do! At first, qikun was quite happy-he thought he could finally relax a little after reaching a safe place, but who would've thought he'd run into naipao here?

Li Ciba was the same-this was what they meant by enemies meeting but not enemies. His fellow apprentice was crippled by Zhang naipao, and was sent back to the sect before he could even make it to the test. But Lin Yi wasn't here, and Li Ciba didn't have a pillar of support. He wasn't an idiot, and it wouldn't do him any good to go against Zhang naipao."Alright, we'll give the elixir to brother Pao. We'll rest here."

"Hmph, Hmph, at least you're tactful!" Dark Palace disciple laughed, very pleased with himself as he took the herbs from Li Ciba and Zhao Qikun and gave them to Zhang Naipao.

Naipao didn't make things difficult for them after seeing them hand over the medicine. He could kill them, but he had to pay a price. The Wasp Absorption Arts was strong, but it was only effective on practitioners below Earth Class. Practitioners above Earth Class would explode and die if they used it again, and so Naipao didn't use it easily anymore, especially after what Lin Yi did to him.

Naipao was mainly relying on his other mysterious martial skill—of course, while it was strong, it was a skill that would damage both himself and his enemy at the same time. If possible, Naipao wouldn't use it so easily, and would only use it to intimidate.

Moreover, he had just been injured. It would not be good for him to be injured again. As for his ultimate martial technique, he did not intend to use it. It was his trump card. He would not use it unless it was absolutely necessary.

Not to mention the fact that using it would expose his ultimate skill, just using it once would consume a huge amount of stamina and Qi—so Naipao decided to let Ciba and Qikun go.

However, he could still mock them a little. He turned to Ciba and Qikun, "Don't think that you'll be fine just because you're with Lin Yi. I want Lin Yi too, I'm going to destroy him. Don't even think that he'll avenge you guys. It's useless."

Li Ciba and Zhao Qikun looked at each other but didn't argue. It was useless to argue now. They had to wait for Lin Yi to come and then argue back. Otherwise, it would be useless even if they tried to argue.

Plus, li Ciba and qikun's main goal right now was to save their lives-it'd be nice to talk back to him, but it wouldn't be worth it if they were killed.

Naipao didn't say anything else after seeing the two go silent. He turned to mo BA, "We have four stalks of spiritual medicine for the trial, right?"

"Yes, brother Pao." Mo BA replied respectfully.

"Yeah." Naipao nodded and took out another one, ""Give this one back to the Dark Palace disciples-they may have been the lackeys of that yang guy from the fiery mountain, but they've changed their ways and decided to join the good side in time, becoming my lackeys. I, Zhang naipao, have always taken good care of my lackeys, and following me will bring them great benefits!"

"Ah?" The two disciples thought that naipao was just joking around, and they didn't think that he'd put it into action so quickly! They were overjoyed, and disciple a quickly thanked him, "Thank you, brother Pao. It's great to follow you!"

"Yeah, it's much better than following that Lin Yi or whatever. Look at these two, they're in such a miserable state! Hahaha!" Dark night Palace disciple B also flattered.

Naipao's intentions were actually for li Ciba and Zhao qikun to see-he didn't say it out loud, and was just about to give them a hint, but disciple B said it for him first-he was very happy!

As far as naipao was concerned, if he could make one of Lin Yi's lackeys defect and become his follower, that would be such a great thing! Lin Yi's nose would probably be twisted from anger when he saw that! This was the best way to attack Lin Yi!

Chapter 2829 Chased Out Qiqi

And so, he used hints to tell Ciba and qikun that he was very nice to his underlings-these two might have been under yang shaoxia before, but now that they were under him, naipao didn't mind at all and still took care of them.

And if li Ciba and Zhao qikun went to him, they'd get the same treatment.

However, qikun and Ciba didn't care at all-these two Dark Palace disciples might look smug now, but they didn't see the difference between Lin Yi and naipao. They knew that Lin Yi was stronger than naipao, and following naipao would only lead to death.

Naipao didn't say anything else after seeing the two's lack of reaction-he'd already given them a hint, and it was pretty obvious. He couldn't really continue-there were going to be other practitioners coming, after all, and he'd just have to scare them off a little more.

After a while, a practitioner came. He was a guest practitioner in the endless West Sea, Sky Class early phase, but he came alone, without any medicine. He wanted to hide and rest here, but was stopped by two disciples of the Dark Palace.

When this practitioner found out that naipao was here to Rob them, he didn't even say a word and just left-he knew he wasn't strong enough, and didn't dare to be cocky.

Ordinary individual cultivators, even if they were attached to a sect or family, did not dare to be too arrogant. They did things carefully, unlike the direct descendants of the sect or family who had something to rely on. Their strength was hard to come by, so they did not dare to provoke more powerful people easily.

Li Ciba and Zhao qikun didn't say anything about the solo cultivator's departure. The two didn't have the ability to support others, and it was already good enough that they could protect themselves.

After who knows how long, two more people arrived at the safe area. These two were Feng Shasha and GE Xian, they'd met on the way here as well. They were happy to see Li Ciba and Zhao qikun, but because of Zhang naipao's threat, they handed over the herbs in their hands. They only had one, but Zhang naipao didn't say anything and let them rest in the safe area.

Perhaps naipao hadn't given up on taming Lin Yi's follower yet-he was waiting for a chance, a chance to intimidate and taming Lin Yi's follower as well. This would be the biggest blow to Lin Yi.

In fact, with two Sky Class Masters here, they weren't any weaker than naipao's group in terms of strength. However, naipao's martial arts were too weird, and the people who attacked him were injured for no reason. As such, Feng Shanshan and Li Ciba chose to remain silent and not get into a fight with naipao.

In fact, they were all waiting for Lin Yi-without him, even Sky Class Masters wouldn't dare to make a move.

The four sat in a safe corner, depressed. They didn't talk to naipao, but naipao didn't look like he was going to cause them any trouble either. It seemed like they were safe for now.

"Where's Qiqi? Did you guys see her?" Qikun understood Lin Yi well-he knew that if Qiqi didn't have a relationship with him, he wouldn't keep bothering her, especially when this girl always bit the hand that fed her. He felt that there had to be something going on between them, and that was why he was worried about Qiqi's safety.

"Yang Qiqi? I didn't see him. " Feng Shanshan shook his head. GE Xian, who was beside him, also shook his head.

"I wonder how she's doing. She's a girl, so I hope she's fine." Qikun said with a sigh.

They were just talking when they heard footsteps outside the safe zone. A while later, someone walked in-it was none other than Qiqi, the person they were looking for.

Qikun was overjoyed,"you're here too, Qiqi?" That's great, we've finally gathered all of us, we're just short of boss!"

But, before Qiqi could reply, the Dark Palace disciple asked coldly,"This is Zhang naipao bro's territory-if you want to rest here, you'll have to hand in the herb, or you'll have to leave!"

"Spirit herbs?" Qiqi blinked,"I didn 't, how did this become naipao's territory?" Isn't this ..."

"Hmph, our brother Pao was the first to arrive here. Naturally, he'll take over this place. If you want to come, then hand in your spiritual herbs. If you don't want to, then get lost!" Dark night Palace disciple a said coldly.

"She's with us. She's just a girl. Why are you making things difficult for her?" Feng Shanshan couldn't stand it anymore. He stood up and said to the two disciples of the Dark Palace, "We've given all of our trial spirit herbs to you. Isn't that enough?"

"You're all yours, and she's hers. " Dark Palace disciple B had Zhang naipao backing him up, and he didn't even put Feng Shasha in his eyes, "This is the rule set by Pao bro. We can't give special treatment to different genders. If you're not happy about it, you can reason with me!"

"This ..." Feng Shanshan's face was green from anger as she looked at Zhang naipao. She wanted to get angry, but she didn't dare to, ""Zhang naipao, you're strong, but you don't have to go this far, do you?"

"What about me? Do I still need to be kind to the enemy's little brother? He's not my own little brother!" Naipao said disdainfully, "if you guys were my lackeys, I'd be fine with accommodating you, but you're not! Who are you to tell me this?" Alright, if she insists on coming in, I'll have to kill her. This is a rule I've set, and it can't be changed!"

"You ..." Feng shangxin was speechless. She hesitated for a moment before she said, ""Then I'll switch with her, okay? I'll leave, but let her do it?"

"Hey, there's a substitution? If this precedent was set, and the people who came later were replaced one by one, if they had enough rest, would I still be able to continue this capital-free business? Are you retarded?" "Don't talk about useless stuff!" Naipao said.

"Forget it, I was planning to go somewhere else anyway, but since Lin Yi's not here, I'll be leaving first." Qiqi was pissed off as well, seeing naipao like that-but she'd been getting pissed off the whole time since she'd arrived, so she was used to it.

"Oh? You're going somewhere else?" Feng Shanshan was slightly taken aback,"where are you going?" Aren't we going to wait for brother Lin, Lin shaoxia, to come?"

Chapter 2830 Dongfang Doesn't Lose

"No, I have other important things to do. I came here to do the same thing." Qiqi said.

"Then ... Where are you going? When brother Lin comes back and asks, I'll tell him. " Feng Shasha didn't have a choice-he couldn't make Qiqi stay, but since she wanted to leave, it was naturally the best solution. Otherwise, he really didn't know what to say to Zhang naipao-was he really going to change sides and take him as his boss?

"Five evils mountain range." "I actually came here to tell you guys," Qiqi said.

Qiqi's purpose here wasn't to refine the herb, but to go to the five demons mountains. Through a special source of information, she found out that the Dragon of five demons was here. It was a spirit beast with five elements, and its entire body was full of treasures. What she wanted was the scales of the dragon's claws-it was a good Earth element herb.

At first, Qiqi didn't know how to get to the five evil mountain range-the five evil Savage Lands was huge, after all, and she'd be completely in the dark here. But with Lin Yi's map, she could quickly lock onto the five evil mountain range, and it was clearly marked on the map.

Qiqi had come to the safe area because it was on the way-she'd wanted to see if Lin Yi could come with her, and it'd increase her chances of getting the scales, but Lin Yi wasn't here, so she'd have to go herself.

First, naipao didn't let her in, and second, she didn't know when Lin Yi would come back-there was a time limit to this test, and it'd been four days already! She didn't want to waste any more time! Plus, even if Lin Yi came back, he might not go with her to the five evil mountains. After all, she wasn't related to Lin Yi, so there was no need for him to take the risk with her.

And so, Qiqi gritted her teeth and made her decision-she'd head to the five fiends mountains alone! In fact, this was already much better than what she had initially planned. At the very least, she wouldn't get lost with the map.

"Five evils mountain range? What is that place?" Feng Shanshan was stunned. He did not study the map in detail, and the five demons mountain range was the opposite of where he was before, so he did not pay attention to it.

"I know. The five demons mountain range is very dangerous. What are you going there for?" GE Xian studied the map carefully. He knew that the five evils mountain range was marked as an extremely dangerous place.

"I have to go to find something!" "Alright, I'll be leaving now-if Lin Yi comes back, please thank him for me ..." Qiqi said.

"This ... Alright." Feng Shanshan didn't feel safe letting yang Qiqi go alone, but to be honest, the five evils Savage Land was full of danger. Most of the spirit beasts here could kill him in an instant. Even if he went with GE Xian, li Ciba, and Zhao qikun, they wouldn't be able to handle the danger.

And so, she chose to stay and wait for Lin Yi.

With Qiqi gone, naipao didn't stop her-qikun was worried as well, but there was nothing he could do except wait for Lin Yi to get here as soon as possible.

The day passed quickly, and the next morning, two more practitioners found a safe place, but this time it was a disciple from the ancient Dongfang family, a Sky Class late phase peak!

Of course, the two disciples of the Palace of Darkness couldn't see through his strength. When Dongfang Bushu led his followers to a safe place, disciple a of the Palace of Darkness asked, ""This is Zhang naipao bro's territory-if you want to rest here, you'll have to hand in the herb, or you'll have to leave!"

"Pa!" What disciple a of the Palace of Darkness got in return for his question was not an answer, but a big slap on the face. He fell over and blood came out of his ear. It was obvious that this slap was not light!

After all, that was a Sky Class late phase peak-even a casual attack from him would be powerful.

"So noisy! What are you? A guard dog? Zhang naipao? who the hell was this Zhang naipao? If I want to rest here, I can rest here. If I don't want to rest here, it's not up to you. You want me to hand in the spiritual herbs?" "Zhang naipao, right?" Dongfang Busu glared. Hand over all your spirit herbs to me, or else don't blame me for being impolite!"

Dongfang was arrogant, but he had the right to be arrogant. He was a Sky Class late phase peak, the highest level under the path of heaven. Although he wasn't full circle yet, he was still someone who looked down on all practitioners. He was as arrogant as he could get, and now he was being pointed at by a small Earth Class from the Dark Palace to steal the herbs. He was pissed.

It was only then that Dongfang Busu revealed his Sky Class late phase peak strength. The other disciple B was shocked and quickly hid to the side, not daring to make a sound.

Naipao frowned as well-he didn't think that an Earth Class late phase peak would show up here! He'd already had trouble fighting that Sky Class mid phase peak earlier-if it wasn't for the small recovery pill and the practitioner's Arts, he wouldn't even be a match for him.

And now, this Dongfang Busu was a Sky Class late phase peak! Naipao really didn't have the confidence to take him down in one go! After all, although he'd be injured or even killed if he hit him, naipao himself would die easily too-Sky Class late phase Peak's skills weren't something to joke about, and it was very likely that both of them would die at the same time. Naipao didn't want to test it out just like that.

Plus, naipao's injuries weren't completely healed yet-if he got injured again, he'd really be dead for sure!

And so, he had no choice but to use his ultimate move-he was planning on using it on Lin Yi, but this Dongfang guy wasn't losing at all, and if he didn't use it, he'd be in trouble!

"The East won't lose, right? Hehe, that's a good name, but it's a waste for you to use it. You should give it to me. " Naipao finished his training and stood up,"Alright, I've decided. After I kill you, my nickname will be 'Dongfang busheng'!"

"Hahahaha!" Dongfang Bushu started laughing like a madman after hearing naipao's words, "That's funny, Zhang naipao-other people might not know you, but I do! Didn't you just cultivate the heaven and earth great shift? That's the martial art that Dongfang Bubai, my ancestor, cultivated. Don't think I don't know! Didn't you just transfer the harm that others have done to you to others? You may be able to lie to others, but you can't lie to my great great great great great great great great hundred times grandson!"
