

## Bodyguard 2831

### Chapter 2831 An Even Stranger Move

"Pfff ... Cough cough ..." Naipao almost coughed and passed out, "Didn't Dongfang Bubai castrate himself? How can I still have a great-grandson like you?"

"Oh ... That's normal, I'm from Dongfang Bubai's branch." Dongfang Busu explained with a red face.

In fact, whether the Dongfang family was related to Dongfang Bubai or not, their current master, Dongfang Chaoqun, was not sure. However, the ancient Dongfang family had used his identity as Dongfang Bubai's descendant to scare people.

"Oh, I thought you had a eunuch's Secret to giving birth." Naipao's interest waned, "I've only seen the heaven and earth great shift on TV. I don't practice the heaven and earth great shift,"

"I don't care if you are or not. Don't worry, I won't attack you. I'll kill these little brothers of yours now. As long as I don't attack you, your heaven and earth great shift will be useless against me no matter how powerful it is." Dongfang Busu was sure that Naipao trained in the heaven and earth great shift.

"Oh, that's fine. How about I hit you first?" Naipao said, not changing his expression.

"You hit me? Come, as long as you can do anything to me, hit me however you want!" Dongfang Busu's lips twitched, evidently not taking a Sky Class early phase like Naipao seriously.

"You were the one who asked me to hit you." Naipao hmphed coldly, "don't blame me for not warning you."

"You're just a Sky Class early phase, what's wrong with me giving you a handicap?" Dongfang Bushu said.

"Hell demon fist!" Naipao quickly activated his practitioner's Arts, making a weird hand seal with one hand before punching out towards Dongfang Bushu's head!

Dongfang Bushu had been on guard the whole time-not only was he using his Qi to protect himself, he was also prepared to Dodge at any time. Seeing naipao's fist coming at him, he took two steps back, but to his surprise, naipao had already stopped moving, and his fist had stopped in mid-air!

However, just as Dongfang Bushu was wondering what naipao was doing, the Qi on naipao's fist didn't stop-it continued on its way, entering his brain.

"Ah!!!!" Dongfang Busu suddenly roared. His eyes turned red, and his hands began to wave wildly. As if he had been greatly stimulated, he suddenly knelt on the ground and pulled his hair with his Shuangshui. Then, he suddenly jumped up and turned around on the spot ...

"Young master Dongfang, what's wrong?" "What's going on?" his follower asked in fear, shocked by Dongfang Busu's strange actions.

"

However, this follower had the heavy responsibility of accompanying Dongfang Busu. If anything happened to Dongfang Busu during the trial, then he wouldn't be able to have a good time when he returned to the Dongfang family! He was just an ordinary disciple of the Dongfang family.

"Plop!"

Dongfang Bushu actually kneeled down and started kowtowing, making a "Dong Dong" sound. Other than Zhang naipao, everyone else was shocked.

"

Suddenly, Dongfang Bushu turned around and ran out of the safe zone. He rushed outside for some unknown reason.

The Lackey was shocked and ran out in a hurry, only to see Dongfang Bushu running towards a large crawling spirit beast that was passing by.

The spirit beast saw Dongfang Busu running over, especially after sensing his Sky Class late phase peak strength. It immediately became alert and roared, ""Roar!"

However, Dongfang Busu didn't seem to hear the beast's roar as he charged straight at it. This situation was seen by the people in the safe zone, and they were all shocked. It was a giant crawling beast, and this kind of beast was huge. Let alone Dongfang Busu, who was a Sky Class late phase Peak Master, even a Sky Class late phase Peak Master wouldn't be a match for it!

As expected, the Lackey watched as the crawling spirit beast swung its tail at Dongfang Busu, sending him tumbling.

Just how powerful was that crawling spirit beast? After Dongfang Busu was smacked to the ground, he twitched a few times, rolled his eyes, and went to collect his Scriptures.

This scene was clearly seen by the people in the safety zone. Because the direction was a straight line, even if they were in the safety zone, they could see it clearly through the entrance. This made the people in the safety zone feel a chill down their spines!

If one were to say that yang shaoxia dying after hitting naipao was weird, then what happened right now was unbelievable! He didn't know what skill naipao had used, but it was as if Dongfang Bushu had gone crazy-he'd charged at the spirit beast and was killed ...

Dongfang Busu's Lackey was also staring blankly at the scene in front of him, not knowing what to do. Dongfang Busu was dead, and he didn't know what to do. At this moment, his mind was blank, and he only thought about running away or dying with him.

However, rationality and loyalty still made the follower wait for the spirit beast to leave. He carefully collected Dongfang Busu's body and slowly walked in the direction of the teleportation array. If he had known earlier, he definitely wouldn't have chosen to come to a safe place to rest with Dongfang Busu. Even if he had to persuade Dongfang Busu, he would have to make him leave this place ...

However, there was no medicine for regret in this world. The follower had no choice. Whether he could reach the teleportation array safely with the corpse on his back was another matter. However, no matter what, he would do his best.

He didn't even look back to the safe area after putting the body away, nor did he dare to say another word to Naipao. Naipao was too strong, a Sky Class late phase peak just died like that.

"You overconfident thing." Naipao said indifferently before turning to Mo BA, "Mo BA, give a small reversion pill to our friend from the Dark Palace. I think he's injured too!"

"Yes!" Mo BA took out a small recovery pill and walked over to disciple A, feeding it to him. The two disciples were moved to tears of gratitude, thinking that following their boss, Zhang Naipao, was too much.

#### Chapter 2832 Disadvantage Of A Battle Technique

Feng Shasha and Li Ciba looked at each other but didn't say anything. They knew that Naipao was trying to win them over, but Feng Shasha wasn't the type to go back on his word, and she wouldn't switch to Naipao's side.

After Qiqi left, everyone was in a safe place, and it was pretty peaceful. Although Naipao wanted Feng Shangguan to join his camp, he didn't force it-it would be meaningless if he didn't force Lin Yi. Naipao didn't need followers anyway, and there were plenty of them in the everyday and every day sect. Why would he want Feng Shangguan and the others to be his followers? He was just trying to give Lin Yi a blow.

In fact, Feng Shasha and Li Ciba had missed a once in a lifetime opportunity. Zhang Naipao was extremely weak right now-he had used up all his strength after using the fist of the undead, and he had to take some time to recover-it was impossible for him to fight again. He was completely defenseless right now, and even a golden class master could kill him in one hit-this was the biggest weakness of his ultimate skill!

If it wasn't necessary, he would never use it. Of course, this was also due to some common defects of some ancient heaven-defying martial skills. Otherwise, if a cultivator mastered this kind of heaven-defying martial skill, then he could challenge many masters alone, and then the balance of the cultivation world would be lost.

Right now, naipao had completely placed his skills in a situation where he didn't know what others knew-after killing Dongfang Busu, he'd given the others a huge shock, and they wouldn't dare to fight him. This gave him time to recover.

If he hadn't been hit by yang shaoxia, he wouldn't have been in such a sorry state. At least he still had some stamina after using the infernal demon fist, and wouldn't have been killed by a golden class practitioner. At least, only a practitioner of the same level could kill him. However, he'd already used up a lot of stamina and Qi because of yang shaoxia's attack, and he hadn't fully recovered yet when Dongfang Bubai came, resulting in his current situation.

Naipao's heart was beating like a drum, but he didn't show any signs of fear in front of Qiqi. He was still as strong as ever, and Feng Shasha and Li Ciba didn't dare to act rashly. Otherwise, naipao and Mo BA would've been dead by now.

But it wasn't their fault-they didn't have any golden fingers, unlike Lin Yi, who could tell if naipao had enough Qi.

It wasn't until naipao's Qi had recovered enough for him to use the hell fist again that a smile of relief appeared on his face ...

.....

Yanjing city, inside the CEO's office of the Liu family's corporation.

Tianli was in the middle of reviewing the report when his smoking addiction kicked in. He reached for the cigarette box on the corner of the table, but it was empty. He remembered that he had finished the pack.

"Secretary Zhang." Tianli pressed the call button to the Secretary room. "Give me another pack of my cigarettes."

"Boss Liu, what brand are you using?" Secretary Zhang quickly asked.

"It's the one that President lang gave me before. " Tianli said. Ever since he'd started smoking the special cigarettes that Mr. Lang had given him, he'd lost interest in other cigarettes. The other cigarettes weren't satisfying at all, and only after Mr. Lang's cigarettes were he able to relax.

"President Liu, President lang doesn't have any cigarettes left. The one I gave you before was the last pack. Would you like to take a look at something else?" Secretary Zhang asked.

"No more?" Tianli blinked, but then realized that it was about time. He was smoking very quickly, and it wasn't like the number of cigarettes that Mr. Lang gave him wasn't much, so it was only natural that he finished it quickly. However, he wasn't satisfied with the other cigarettes. "Then just bring two packets over."

"Okay, boss Liu." After hanging up the phone, Secretary Zhang quickly came in from the secretary's office, bringing a few packs of cigarettes of different brands to Tianli.

Tianli quickly opened one pack, pulling out a cigarette and lighting it up. He took two puffs and frowned. "It's not good to smoke, it's boring. "

"President Liu, do you want me to go out and see if there are any cigarettes under President Lang's brand? There's an imported cigarette hotel near the company. Let me see if they have it. " Secretary Zhang asked carefully.

"It's fine. You can't buy this. It's a special cigarette made by President lang. I'll make a call myself." Tianli waved his hand, picked up his phone, and dialed Mr. Lang's number.

"Haha, it's President Liu? Why did you call me all of a sudden? Didn't our cooperation go smoothly?" President lang quickly picked up the phone and asked enthusiastically.

"Well, President lang, I'm not looking for you about this. It's a private matter." "The cigarettes you gave me before," Tianli said. "Do you have any left?" I'm not used to other cigarettes after I got used to them. Can you give me two more? If not, I can buy it with money?"

"We're business partners, why are you talking about money for such a small matter?" President lang said without a care, ""Isn't it just a few sticks of cigarettes? What money!"

"Thank you, President lang!" "Then I'll get my Secretary, little Zhang, to go get it from your hotel?" Tianli said, overjoyed.

"It's okay, President Liu. I'd better go there personally. However, I have something else to talk to you about. As for these cigarettes ... It's not a problem for me to give you a few packs, but ..." President lang stopped talking.

"President lang, there won't be any problems, right?" Tianli's heart skipped a beat as he asked.

"It's not a problem. It's just that there's only one pack of cigarettes left, and that's all I have. I only took these when I came here to talk business with you. I don't have any more ..." President lang said.

"Just one ..." Tianli thought to himself. How could one be enough for him? he could only smoke half a pack a day, and this pack would be gone in two days, and that was even when he was trying to save money. "Then ... Can't you get your company to send some over?"

"Let's talk about this when I get there. There are some things I want to talk to you about!" President lang said.

"Alright, I'll be waiting in my office." Tianli said quickly.

If Tianli had clairvoyance, he would have been shocked-the director was standing like a servant next to a young man sitting in the boss 'chair, and that young man was the real boss!

After hanging up the phone, President lang put away his smile and turned to the young man sitting in the boss's chair in a flattering and respectful manner. He said carefully, ""Master Wen, Liu Tianli's addicted, he's asking me for cigarettes!"

#### Chapter 2833 Hooked

This young man was the depressed an Jianwen! He had been restricted in Donghai city, so he had a good opportunity to come to Yanjing city and start his capital-free business.

"Well done, little purity. Scorpion didn't come this time, but you're able to take charge of things on your own now. You're good at pretending to be President lang!" Jianwen nodded, satisfied.

"Haha, that's all because of master Wen's training. Plus, without the help of a hypnotist, Liu Tianli wouldn't have fallen for the bait so easily. At least he'd be suspicious of the cigarettes." President lang, who was little purity, said respectfully.

"Okay, you can go now. Today, we will begin the first step of our plan." Jianwen said.

"Yes, master Wen," Little purity replied, and rushed to Liu Tianli's company with Chui mianshi.

Jianwen, on the other hand, had a cold smile on his face as he watched the two leave. Lin Yi wasn't in Donghai city right now, and this was Yanjing city. No matter how capable Lin Yi was, he wouldn't be able to guess that Jianwen was the mastermind behind this.

Little pure and Chui mianshi arrived at Liu Tianli's company, and the latter couldn't wait to welcome them in the reception room.

"President lang, assistant cui, welcome!" Tianli's eyes were on the bag in Chui mianshi's hand, and he wanted to ask, but he was a little embarrassed.

"President Liu, I'm sorry. There's only one pack of cigarettes left. I didn't expect that this thing would be so popular. A few of my old friends took a pack each for each of us. We've already distributed most of them. You've gotten quite a lot. The others only have one pack." Xiao Chunjie said helplessly.

"Mr. Lang, that last pack of cigarettes ..." Tianli couldn't hold back his addiction anymore. He had smoked cigarettes before, but he had never relied on them. This time was different, and he was a little confused, but he quickly pushed the addiction to the back of his mind.

"I've brought it. President lang, let's talk about something first? Don't worry, I'll leave the cigarettes for you in the end. You're not in a hurry, are you?" Little purity smiled and patted Tianli's shoulder.

"This ... Good!" Tianli thought to himself. Why wasn't he in a hurry? I'm dying of anxiety! However, he couldn't say that. He was the president of the corporation. How could he say something like that? wouldn't he be laughed at? And so, even if Tianli's smoking addiction was really strong, he still held it in and made a "please" gesture, "President lang, Secretary cui, please take a seat. I wonder what you came to talk to me about this time?"

"Chief Liu, I'm here to discuss a business deal with you." Little purity said.

"Business?" "Mr. Lang, didn't we just sign a contract?" Tianli asked, surprised. Didn't we already discuss our business? Why do you want to talk business again?"

"Haha, the business of purchasing medicinal herbs previously was just about purchasing medicinal herbs. It has nothing to do with this." Little purity waved her hand. "Actually, this is a business opportunity that I just discovered. It's also good for you, President Liu!"

"Oh? It's good for me too? What kind of business is it?" Tianli asked, confused.

"It's like this. I came here this time to sign a pharmaceutical business contract with your company, but at the same time, I found another business opportunity. That is, our special cigarettes are very popular here. Many of my old friends still want them after trying them. President Liu, you've experienced it yourself. How much do you think these cigarettes are worth? how much do you think you can accept?" Little purity asked.

"Me?" "As long as it's not too expensive, I can afford it. After all, with my current status, I can afford even the most expensive cigarettes."

"Isn't this it? President Liu, if that's what you think, then wouldn't my rich friends think the same? If I were to import these cigarettes in large quantities, it should be very popular in the circle of rich people, right?" "It's not an exaggeration to say that the supply is in short supply!" Little purity said.

"That's true, President lang. If you want to do this business, I completely agree. I'll be one of your customers!" Tianli said.

"President Liu, I do want to do this business, but I want to cooperate with you!" Little purity said, "As you know, my company has just signed an agreement with your company to purchase the medicinal herbs. However, your company has only paid a deposit, and the full payment will only be paid after you see the goods. However, my company has to pay a large amount of cash to purchase the medicinal herbs. Only after your company makes the settlement can we start to circulate the money again. As a

result, my capital chain is stretched out. This is also why I came to see you, President Liu. Do you understand now?"

"Oh? I understand now, so that's how it is. " Tianli nodded-what Mr. Lang said made sense. It was true that the company needed a lot of cash to buy the herbs, but if they wanted to get the money back, they would have to wait until the goods were delivered. It was only natural that they didn't have money to do other business.

However, this was an industry he had never been in before, and Tianli was the conservative type of person who didn't have the spirit to open up. He couldn't help but hesitate.

"President Liu, this is a very promising business. Our President lang didn't look for anyone but you. In fact, it's better to be familiar than new. Our two companies already have a cooperative relationship, and we can trust each other if we do other things." Chui mianshi suddenly spoke up.

"Oh?" Tianli paused, the hesitation in his eyes turning into determination. However, he didn't even notice this change."How much profit is there in this cigarette business?"

"Two hundred percent." Little purity stretched out two fingers and said,""Boss Liu, if you invest 10 million, you will have a return of 20 million!"

"So many?" Tianli's eyes were wide open-he didn't think he'd be able to make money so quickly, but he still asked,"However, isn't it troublesome to import tobacco? The procedures should be very complicated. Even with my power, I don't dare to say that I can settle it. "

"Hehe, what procedures?" "No way!" Little purity waved her hand. "How can there be such a big profit if it's a regular import?"

"Then, Mr. Lang, you mean ..." Tianli was shocked and asked.

#### Chapter 2834 Heavenly Transformation

"Smuggling," "I have my own special channels," little purity said disapprovingly, "otherwise, how do you think our pharmaceutical company got you in here with such low prices?" If we were to import it through the proper channels, we would be in huge losses with the added tariffs. How would we be able to make any money?"

"Ah?" "So it's smuggling ..." Tianli's face changed, his heart wavering. He didn't want to get involved in this anymore.

"Chief Liu, we're just casually talking about it today. You're just listening. You're not going to admit it when you go out." "What President lang means is that you only need to invest," cui mianshi said. "Then, you don't need to care about anything else, and you can just sit down and split the profits! The contract we signed will allow our company to borrow money from your company and pay back with high interest. This way, whatever we do will have nothing to do with you, so you don't have to be afraid of anything."

"That's true!" For some reason, Liu Tianli felt at ease after hearing Chui mianshi's words. He nodded, "Alright, we can work together in this business. How much do you need me to invest?"

"In the initial stage, an investment of 30 to 50 million is enough. It doesn't need much." Pure said. She was going to cast the long line to catch the big fish, and naturally, she wouldn't say too much money to scare Tianli away at the start. Although they could succeed with cui mianshi around, it would make Lin Yi suspicious. It wouldn't be like a normal business scam.

"Oh, it's not a lot!" Tianli nodded. "Okay, let's sign the contract now. I'll have finance transfer the money to you."

"Straightforward. I knew you were a straightforward person, President Liu." As little purity spoke, she said to cui mianshi, "Assistant cui, take out the contract and let President Liu take a look."

"Yes, President lang," Chui mianshi took out the contract she had prepared earlier from her briefcase and handed it to Tianli.

Tianli didn't have much of a pioneering spirit, but he was still a meticulous person in the business world. He looked through the contract carefully and found no problems with it, so he signed his name and told his Secretary, Xiao Zhang, to go through the financial procedures.

"President lang, can I have this cigarette now? "My smoking addiction ... Hehe ..." Tianli couldn't hold it in anymore.

"Haha, of course. Lil 'cui, give the cigarette to President Liu!" Little pure quickly instructed Chui mianshi.

"Alright, here you go, President Liu." Chui mianshi passed her cigarette to Tianli.

Tianli, on the other hand, couldn't wait to open a pack of cigarettes and take one out, smoking ...

Sky elixir sect.

Carefully knocking on the heavenly silkworm sect's door, little peach noticed that the heavenly silkworm sect's members weren't in a very good mood over the past few days. Aside from serving tea and pouring water, they didn't allow little peach to disturb them. Aside from reading, they also spent their time studying alchemy. They didn't bother with other matters. Practically all of the sect's Affairs had been reported to heavenly elixir sect's sect master, Tian Ji Xing. In the past, the heavenly silkworm sect had been the one to handle them.

"Who is it? Please come in!" The heavenly silkworm transformation said.

"Young sect master, it's me, little peach," Pushing open the door, little peach said, ""Young master, there's something. Patriarch xuanzhen, who's in charge of the sect, wants you to go."

"Oh? I'll go over now. " When the heavenly silkworm transformation cultivator heard that patriarch Xuan Zhen was looking for him, he immediately put down the book in his hand and strode out of the room, heading to the courtyard where patriarch Xuan Zhen was staying.

Little peach patted her chest. For some reason, when she faced the young sect master over the past few days, she felt an indescribable pressure. It seemed like the young sect master had distanced himself from her a lot, but it also didn't seem like that was the case. After all, the young sect master didn't like anyone.

"Guess who I am?" Just as little peach was pondering this matter, someone covered her eyes.

Startled, little peach hurriedly pushed the newcomer away and said, ""Brother Kang, stop it ..."

"Haha! Little sister little peach, you're really amazing! You immediately guessed that it was your brother!" Kang Zhaoming grinned as he walked up to little peach, "What's wrong, little sister peach? you don't seem to be in a good mood. "

"Big brother Kang, the young sect master seems to be a little off these few days, he's also a little distant from me, did I do something wrong?" Little Peach's status in the heavenly elixir sect was solely due to her status as a maid of the heavenly silkworm transformation. However, without this status, she would not even be as good as an ordinary disciple. How could she not worry?

"I didn 't? The young sect master is quite polite to me, huh?" "I feel like his attitude towards me is getting better and better!" Zhaoming blinked.

"Is that so ..." Little peach looked at Kang Zhaoming with a complicated expression. Could it be that the young sect master ...

"Yup!" Zhaoming nodded, "little peach, aren't you overthinking things?" I think it's because the sky elixir sect's test hasn't ended yet, and the young sect master is worried about the results. He's been asking me if anyone has returned from the test, and told me to report to him as soon as I hear anything!"

"Is that so ..." Little peach agreed with Shi Feng's words. Recently, the heavenly silkworm transformation had been paying special attention to the heavenly elixir sect's trial results. It was understandable that they were in a bad mood! Thinking up to this point, little peach felt much more at ease.

The heavenly silkworm transformation cultivator quickly arrived at patriarch Xuan Zhen's courtyard. He knocked on the door and heard the deep and kind voice of patriarch Xuan Zhen, ""Please enter!"

The heavenly silkworm transformation carefully walked into the courtyard and entered patriarch Xuan Zhen's room. He said respectfully, ""Master, your disciple is here!"

"The sky has changed. You've come? Sit anywhere you like. " Patriarch Xuan Zhen pointed at the cushion not far away and said.

"Yes, master!" The true name of the heavenly silkworm transformation was actually called heavenly transformation! He had no objection to how patriarch Xuan Zhen was addressed. He sat down respectfully opposite him.

"The sky has changed. I heard that you've been in a bad mood these days?" Patriarch Xuan Zhen put down the book in his hand and looked at the sky with a warm gaze.

"Master ... I ... I don't think I can do it. The job of a young sect master is so tiring. I'm not made for it ..." Tian Bian lowered his head and did not dare to look into patriarch Xuan Zhen's eyes. "I don't know when sister will come back, or if she can come back safely ..."

"Heavenly change, you should know that you are the real young sect master. All these years, your sister has been taking over the position of young sect master. She's a girl, and she's under more pressure and suffering than you. When will you be able to grow up?" Patriarch Xuan Zhen sighed and said, ""Your sister was only born a few minutes earlier than you. You're a pair of twins, so in theory, you're the same size. And look at your sister?"

Chapter 2835 The Five Elements Sect's Spy

"Master, I ..." Tian Bian was at a loss for words. He lowered his head and didn't know what to say. "I ... I don't want to do this, but ... I only like alchemy. I don't want to be the young sect master. I think it's a waste of time ..."

"Your sister, as our five elements sect's Secret agent, if we didn't use her, she could've been the sky elixir sect's young sect master for the rest of her life. But now that we've used her, it won't be long before she leaves. If you don't shoulder this responsibility, who will?" "You and your sister are rare geniuses in alchemy and martial arts," said patriarch xuanzhen. "But look at your sister. Not only is she powerful, but her alchemy skills are also no less than yours. She's also good at handling sect Affairs!" And look at you?"

"Master, don't say anymore. I know. I will work hard!" Tian Bian's face turned slightly red. He gritted his teeth and clenched his fists. He seemed to have made up his mind. "Master, when my sister returns, I will learn how to deal with the sect's Affairs from her. I will not let you and my sister down!"

"That's right. " Patriarch Xuan Zhen nodded and said, ""Alright, you're a smart person. You can understand a lot of things with just a little bit. I don't need to say much. You can go back!"

"Master, my sister ... There's no news yet ..." Tian Bian asked carefully.

"This is her master's order and her responsibility. Although I don't want her to take the risk, I have no choice for the sake of the sect!" Patriarch Xuan Zhen stood up and said with a sad tone. He walked to Tian Bian, patted his shoulder and said, ""As a man, you must learn to be strong. Even if your sister doesn't come back this time, don't be sad. Because from now on, you are her!"

"Yes!" Tian Bian took a deep breath and nodded.

Five evils mountain range.

Although Lin Yi's art of Dragon mastery had reached the second stage's full completion, he still needed some time to recover his pure Qi.

"Spring rain falling from the sky, the fifth move!" Lin Yi had just recovered enough Qi to cast spring rain once, so he quickly activated spring rain.

Tian Gang felt her whole body warm up, and her Qi recovered quickly. She could even feel Lin Yi's sweat pouring down her back. She was worried, but there was nothing she could do. She couldn't help at all. The only thing she could do was to hold onto the cliff carefully and not let the two fall down. Otherwise, all their efforts would be wasted.

After Tian Huan's true Qi was replenished, she quickly jumped up and once again activated the five elements Eight Trigrams palm. Then, she used both her hands and feet to ruthlessly hit the cliff! However, just as Tian Gang's palms were about to hit the cliff, Tian Gang's eyes suddenly focused and he exclaimed!

Because, at the position where her right palm was about to land, there was a protruding stone spike. This stone spike was exceptionally sharp!

If it was just an ordinary stone thorn, Tian Gang could easily smash it into pieces with his strength. However, the five evil mountain range was extremely hard. Even the five elements Eight Trigram palm could not damage the cliff. It only left a shallow mark. One could imagine how hard it was!

Therefore, when Tian Gang saw the sudden thrust, she was shocked. However, it was too late for her to change her position. She could only brace herself and slap it with her hand!

"Pfft ..."

Although the sound wasn't too loud, it made Tian Gang's heart tremble. It was so painful that her entire body trembled. Her right palm was pierced through by the spikes ...

At this moment, Tian Gang groaned in pain, ""It hurts ..."

Lin Yi saw the scene as well and frowned. He didn't expect to be so unlucky. He quickly asked, "Tiangang, are you alright?"

"How can I be fine? I'm dying of pain!" "You're sitting behind me and enjoying the fruits of others "labor, but I'm suffering in front ..." Tian Gang said.

"This ... I'm not just sitting back and doing nothing ..." Lin Yi smiled bitterly. He was circulating his practitioner's Arts to recover his energy.

"I don't care. You have to treat me quickly, or I'll fall down. Anyway, when I fall down, you'll be below and I'll crush you to death!" Tian Gang said.

"I can cure you, but you have to give me your palm first. I can't touch your skin, so I can't transfer my physical strength and true Qi to you to heal you." Lin Yi said.

Healing was different from the spring rain-the rain could transfer energy without contact, but healing without contact was beyond Lin Yi's power.

"No, I can't. If I let go of one hand, I won't be able to hold on to the cliff and we'll both fall down." "You ... Can't you just find a place to transfer your strength and true energy?" said Tian Gang.

"It's fine, but you'll have to pull your hand out first. Otherwise, there's a thorn in the middle of your palm. How am I going to treat it? Even if your palm is healed, there's still a thorn in the middle. You'll still be injured if you pull it out." Lin Yi said.

"Is it like this? then I'll pull out my hand and grab the spikes with my hand, okay?" Tian Gang asked.

"That's possible." Lin Yi said.

"That's fine ..." Tian Gang carefully gritted her teeth and endured the pain. She pulled her palm out of the thorn. Even though she was a cultivator, she was in great pain at the moment. Although she was more seriously injured when she fought with the Dragon of the five evils, she fainted not long after. Therefore, Tian Gang did not suffer much pain. But now, it was different. She could only stay awake and endure.

"But ... I don't have any place to start." Lin Yi looked around at tianshuo's body, but there wasn't a single part of her that could touch his skin. The two of them were bound together by Huang Shuo, too, so Lin Yi's mobility was greatly restricted. He couldn't even touch tianshuo's hand, and even if he did, he

wouldn't be able to use the art of Dragon mastery in his current position. Lin Yi was in a difficult position, not knowing what to do.

"If you don't, can't you find ..." Tian Gang was a little anxious. "Hurry up, it hurts so much. I can't hold on any longer. If you don't heal me, I'm going to fall down!"

"Fine ... You forced me to do this ..." Lin Yi gritted his teeth helplessly and reached out for Tian Gang's chest. It was the only place that wasn't covered by clothes, and it was the easiest spot for Lin Yi to touch.

"Hey, how can you take advantage of me at this time? are you a pervert?!" Lin Yi's sudden attack on Tianjie's chest made her shiver and almost fell off, but her rational mind made her hold on to the cliff wall to prevent herself from falling.

#### Chapter 2836 Parting Ways

"I'm healing you. I can't reach the other parts of your body. " Lin Yi smiled bitterly. "So I'm sorry. I've touched it before, anyway. It's not too bad for you if I touch it alone ..."

"What kind of theory is that, you're the only one touching it ..." Tianshuo didn't know whether to laugh or cry at Lin Yi's words. His chest was probably the easiest part for Lin Yi to touch, and with Lin Yi's current position, he could only reach out his hand. It would be difficult for him to touch other parts!

Thinking about this, Tian Gang helplessly said, ""Then hurry up and don't take advantage of me. Otherwise, I'll let go of you and we'll fall down together!"

"I won't die from the fall, I can heal myself." Lin Yi said.

"Hmph Hmph, healing will also make you suffer!" Tian Gang said.

"Then ... I'll start ..." Lin Yi's hand touched something soft. He knew that he was healing tianshuo, but he couldn't help but let his thoughts run wild. His body reacted again.

"Take good care of your weapon, or I'll kick it to pieces!" Tianshuo's face reddened at Lin Yi's words.

"I can't do anything about that. It just means that you're attractive." "Healing is more important!" Lin Yi said with a bitter smile.

"Hmph!" Tian Gang snorted.

Lin Yi didn't dare to take advantage of Tian Gang too much. He activated the second stage of the art of Dragon mastery and started healing Tian Gang's wounds quickly. Soon, the wounds on Tian Gang's hands started to heal, and in the blink of an eye, it became white and tender skin.

"Alright, alright, I'm fine now, let go of me ..." Tianshuo felt an indescribable feeling from Lin Yi's touch. He didn't know if it was comfortable or uncomfortable, but it was driving him crazy.

"Oh ... Okay." Lin Yi didn't want to leave, but he quickly pulled his hand back, in case tianshuo called him a pervert.

"Phew ..." Tian Gang let out a long breath. Thinking about what had happened just now, she didn't know how she had managed to endure it. Could it be that she was really immune to his touch? Tian Gang shook his head and stopped thinking about these things. He pushed off with his legs and jumped up again, climbing to a higher cliff ...

After that, Tian Gang became much more careful and did not encounter the same situation as before. The two of them walked and stopped. Finally, they successfully climbed up the five demons mountain range and both of them heaved a sigh of relief.

"They're finally here ..." Tian Gang was a little emotional. Sky Class late phase peak was an unreachable existence in many situations, but in some special places, they were extremely small.

For example, if it weren't for Lin Yi, she wouldn't have been able to climb up the mountain range. She would either die or wait for help.

"Hehe, men and women working together won't be tiring." Lin Yi said with a smile.

"You're so annoying, I'll kick you to death! I'm a Sky Class late phase peak, and now that we're here, I'll kill the donkey when the grinding is done and let you kick me down again!" Tian Gang said angrily.

"Do you think I won't carry you and roll down? Anyway, the yellow cobblestone between the two of us is still there, and it hasn't been resolved yet." Lin Yi said.

"Hmph!" Tian Gang began to untie the yellow oriole.

Lin Yi, on the other hand, cooperated and helped her untie Huang Luan.

After breaking free from Huang Liang's restraints, Tian Gang unconsciously wanted to stretch. After all, she had been carrying a person on her back, which made her feel a little tired.

Lin Yi had just turned around to face Tian Ji when he saw Tian Ji stretch. Not only did the curves of Tian Ji's body show up, but her chest wasn't restrained by Huang Luan. With a stretch, it jumped out of her clothes, stunning Lin Yi!

"What ... What are you looking at?" Tianjie stretched lazily and looked at the drooling Lin Yi in front of him.

"It's ... It's nothing ..." Lin Yi was shocked and quickly looked away.

Even Lin Yi himself didn't understand why he would treat Tian Gang this way. It wasn't like he hadn't seen pretty girls before-there were two at home, one next door, and another one at his desk in school. Lin Yi always thought that his immunity and willpower were strong, but in front of Tian Gang, it was as if none of that existed.

Lin Yi didn't know why, but he felt an indescribable attraction towards Tian Gang.

"Okay, you're peeking!" Tianjie suddenly realized where Lin Yi was looking at-her chest was empty, and she hadn't had time to put Huang Luan back in place.

"It can't be considered peeking, right? "I'm just standing here, it's your fault ..."Lin Yi smiled bitterly."Besides, I've touched it and seen it. It's no big deal."

"I don't want to hear it!" "Forget about it, and don't mention it to anyone." Tianshuo made a gesture of kicking Lin Yi.

"Oh, hehe, I forgot." Lin Yi said with a smile.

"You're smiling so evilly, it's obvious that you haven't forgotten!" Tian Gang snorted.

"I've really forgotten. " Lin Yi said seriously.

"Alright, you're not going to admit it?" Tian Gang glared at Lin Yi.

"I ..." Lin Yi's head was starting to hurt. There was an old saying that only women and villains were hard to deal with. Lin Yi didn't know how to answer.

"You see, you haven't forgotten, have you? Hmph!" Tian Gang looked at Lin Yi proudly.

"You're testing me?" Lin Yi was speechless.

"There's no shortage of lies in war!" Tian Gang laughed so hard that his body trembled.

"When you smile, I see it again." Lin Yi said.

"You ..." Tian Gang stopped laughing. He turned around and picked up the yellow oriole. "You're not allowed to look!"

"Haha ..." Lin Yi laughed.

"What are you laughing at?" Tian Gang asked.

"Can't you laugh?" Lin Yi asked.

"Of course not, you can laugh after I'm done!" Tian Gang said.

"Haha ..." Lin Yi laughed again.

"You ... You're still laughing? "I'll kick you right now! I'd rather you see me ....."Tianshuo was so angry that he turned around and was about to kick Lin Yi.

"Alright, stop fooling around. Quickly put on your yellow cloak. I won't look." Lin Yi said.

Tianjie turned around and put on her yellow scarf, feeling a little depressed. She felt that she had gone too far with Lin Yi. She wasn't like this before, and she didn't know what was wrong with her today.

"I ... I'm going to the teleportation array to go back. What about you? Let's go together?" Tianshuo said after some hesitation. The two of them had already come up, so it should be time to part ways. For some reason, tianshuo felt a little reluctant.

"It's fine, you go first. I still have friends here, I need to go find them ..." Lin Yi shook his head.

Chapter 2837 Gifting The Monarch A Sachet

"Ah? "You still have to be here ..." Tian Gang pursed his lips and didn't say anything more."Then ... We'll part ways here. Be careful ..." He said.

"Alright, hehe, which sect are you from? can you tell me?" Lin Yi raised his head and looked at Tian Gang. He saw her hesitating and added,"Hehe, don't misunderstand. Loose cultivators like you and I will eventually have to find a sect to rely on. If I have nothing to do after I leave, I might also rely on your sect."

"Ah ... Are you really going to join an ancient sect?" Tian Gang was slightly stunned, but he immediately asked with some joy.

"Of course, if I can't survive here, I'll definitely find an ancient sect to join." Lin Yi said.

"Tian ..." Tian Gang didn't know why, but he almost blurted out the words "sky elixir sect." However, he immediately regretted it after saying it, so he quickly said, ""Tian Huan is only temporarily staying in this sect. He might leave again, so ... When the time comes, if you want to join an ancient sect, you can spread the word in the ancient level. If I receive it, I'll contact you ..."

"Hehe, that's good." Lin Yi nodded. Since Tiangang didn't want to talk about it, Lin Yi didn't ask, "Then I'll take my leave. We'll meet again if we're fated!"

"Wait ..." Tianshuo suddenly called out.

"Hmm?" Lin Yi blinked as he turned to look at Tian Gang.

"This is for you ..." Tianshuo took out a sachet from his waist and handed it to Lin Yi.

"What is this? A love token?" Lin Yi blinked.

"You ... Are you looking to be kicked?" Tianshuo's face reddened as he glared at Lin Yi.

"I was just joking." Lin Yi said with a shrug.

"This fragrance pouch can disguise you as a spirit beast. Wear it on you for self-defense." "It can avoid being attacked by spirit beasts," said Tian Gang.

"Oh?" Lin Yi blinked, thinking that this was a good thing. He thought about it and was confused,"Then the Dragon of five evils from before ..."

"The Dragon of five evils is a high-level spiritual beast. This fragrance pouch can only deceive spiritual beasts below heaven rank. It has no effect on spiritual beasts above heaven rank. However, this is only used to disguise your aura. If you get too close or provoke a spiritual beast, it will still be seen through by the spiritual beast." Tian Gang said.

"Then ... What will you do?" Lin Yi was surprised-he didn't think that Tian Gang would give him something like this.

"I'll walk along the five demons mountain range and the teleportation array will be in front of me. The five demons mountain range is the Dragon of five demons 'territory and there are no other spirit beasts. As long as I don't provoke the Dragon of five demons, I won't be in any danger." "Besides," Tian Gang said,"I lent it to you. You have to return it to me the next time you see me."

"Alright then, I won't stand on ceremony." Lin Yi didn't argue anymore after hearing what Tian Gang said. He nodded and accepted the sachet.

"En ..." Tianshuo waved his hand,""I'll be leaving then ... See you again ..."

"We'll meet again!" Lin Yi cupped his fists and walked down the five evils mountain range with big steps. Although he was also reluctant, he did not look back. He and Tian Gang were destined to be people from

two different worlds. If Tian Gang was related to the five elements sect, he would definitely be under ancestor xuanchen. As for Lin Yi, he was on boss Bai's side. No matter how good their personal relationship was, it was inevitable that they would stand against each other in the future. When that happened, it would be difficult for the two of them. So, it was better to cut off all contact while they were still not close.

"Skybolt pig, do you think ... Tian Gang is a good person or a bad person?" Lin Yi asked Skybolt pig after they left the mountain.

"He's a good person. " The pig found a soft spot and wrote down three words.

"Hehe, you seem to be very close to her?" "Do you think she's pretty?" Lin Yi asked. You perverted pig. "

"No, the aura on her body is similar to yours!" Skybolt pig shook his head and wrote.

"Similar to me?" Lin Yi blinked, but immediately understood. Tian Gang was a five-element practitioner, and so was he. It made sense for Skybolt pig to say that their auras were similar.

"Ji Ji ..." The pig nodded.

Perhaps it was because he and Tian Huan were very similar that he had an indescribable good impression of her? Lin Yi thought about it-this might be the only explanation.

After Lin Yi went down the mountain, he followed the direction on the map and headed towards the safe area. At first, he didn't see any spirit beasts, but as he went further, he saw some spirit beasts in the Wildlands. It was the same situation as before-it seemed that the five evils mountain range was a forbidden area for these spirit beasts. He only met some more spirit beasts after he went far.

However, the perfume pouch that Tian Gang gave Lin Yi was very useful. When Lin Yi walked on the road, the spirit beasts saw him from afar, but they didn't attack him. Although they only saw some low-class spirit beasts, only golden class, which was completely suppressed by Skybolt pig's strength, these spirit beasts didn't want to get close to him.

"Skybolt pig, do you think I look like a spirit beast now?" Lin Yi asked, curious.

"Ji Ji ..." The pig nodded, then shook his head.

"Okay ..." Lin Yi was just asking. He didn't really want to know the theory behind it. There were many treasures in the world of practicing that didn't have the theory behind it.

After a day and a night of travel, Lin Yi finally arrived at a safe place. Although Lin Yi's speed was already very fast, the five evils wild land was just too big. No wonder the test gave everyone fifteen to twenty days to rest.

Lin Yi furrowed his brows as he neared the safe area. Because Lin Yi could feel that there wasn't just One Sky Class master in this safe place-there were three, or rather, four!

Li Ciba was a physical practitioner, and Lin Yi's golden finger couldn't detect his strength level, but he could. There were three Sky Class spiritual masters in this safe place!

Could it be that other than Feng Shasha and Li Ciba, there were other Sky Class Masters hiding here? At that thought, Lin Yi's steps faltered-he wasn't sure if they were friends or foes, and if Feng Shasha and Li Ciba were really in there, it'd be fine. But if the people in the safe area weren't them, but three other Sky Class Masters, then Lin Yi wouldn't be a match for them.

However, if it was another group of people, then where were Feng Shangshi, li Ciba, and the others?

Chapter 2838 The Divine Thorn Technique

"Who's there? This is Zhang naipao's territory, and we're his underlings-we can rest here, but we'll have to hand over the herbs! Of course, if you don't have any spirit herbs, then you can get lost!" What Lin Yi didn't expect was that in the middle of his hesitation, a shout came from the safe zone!

But it wasn't surprising. In this area, other than the safe area, the other places were all empty Plains. There was no place for Lin Yi to hide at all. The people in the safe area could see Lin Yi's location with just a glance.

"Zhang naipao?" Lin Yi froze-he didn't think that this place would be taken over by naipao! But, since the people in the safe zone had already discovered him, there was no need for him to hide anymore. Lin Yi walked towards the safe zone.

"Boss, you're here!" Qikun heard Lin Yi's voice and was very excited. He jumped up from the ground and jumped out of the entrance of the safe area. Behind him were Feng Shasha, li Ciba, and GE Xian.

"Brother Lin, you're here!" Feng Shangshi, li Ciba, and GE Xian had only acknowledged Lin Yi as their Captain, but they didn't consider Lin Yi as their boss yet. GE Xian was still a little off, but Feng Shangshi and Li Ciba were the pride of their respective houses and sects. Although they were friendly,

acknowledging Lin Yi as their boss was very important and required careful consideration, especially for a freelancer like Lin Yi.

"Qitan, Shi BA, CI BA, GE Xian, you're all here!" Lin Yi relaxed a little when he saw these people-it looked like naipao didn't do anything to them! He'd been worried that they'd be fighting naipao on their own, but he didn't see Qiqi behind them-he frowned."Eh, where's Qi Qi?"

"It's a long story, Qiqi said she's here to look for treasure ..." Qikun told Lin Yi about how she got kicked out by naipao and went on a treasure hunt alone. Lin Yi's breath tightened when he heard that she went to the five evil mountains!

Lin Yi knew how dangerous the five demons mountains were, and he was worried for Qiqi to go there alone,"How many days have you been gone?"

"It's been two days," Qikun said.

"Two days ..." Lin Yi sighed. Yang Qiqi should have reached the five demons mountains by now. She was a physical practitioner, and she could walk very fast. Lin Yi had been back for an entire day, so yang Qiqi must have arrived long ago!

Plus, Lin Yi had been walking in a straight line, and he believed that Qiqi had been walking in a straight line according to the map. The two should've met, but if they didn't meet, it meant that Qiqi didn't need a day and a night to get to the mountains, and Lin Yi didn't see her!

Lin Yi didn't walk the way he came down the mountain-he'd been thrown quite a distance away by the Dragon, and this was probably where he'd passed by Qiqi.

"Yeah ..." Qikun nodded, ""That whatever five evils mountain range, the map says it's extremely dangerous, I wonder how she's doing ... But at that time, we really didn't have a way to fight Zhang naipao, I'm sorry, boss!"

"It's nothing, you guys aren't a match for naipao, it's normal that you guys didn't attack him. " Lin Yi said with a wave of his hand, but he was quite pissed at naipao's actions-this was a safe area for everyone to use, and he started robbing them!"You guys gave all your herbs to Zhang naipao?"

"I can't refuse ..." Feng Shasha smiled bitterly and explained everything that happened after Lin Yi left. He was just about to tell Lin Yi that naipao had punched Dongfang Busu, making him run out of safety like a madman, only to be killed by a spirit beast when he heard naipao's shout from behind!

"Alright, Lin Yi, you've talked to your follower already-are you going to the safe area or not? I thought you wanted to be a coward and didn't dare to show up!" Naipao said sarcastically as he walked out of the safe zone.

"Zhang naipao, I heard that your skill is similar to the heaven and earth great shift? If I'm not wrong, your martial skill can't completely reflect the opponent's move like the heaven and earth great shift. Instead, a part of it was reflected, and the other part was borne by you, right?" Lin Yi had heard Feng Shasha's story about yang shaoxia, and combined it with the scene he saw in the restaurant, he had a rough idea of what naipao's skill was like.

"Haha, you're right. But Lin Yi, so what if you've guessed it?" Naipao was a little surprised that Lin Yi was able to guess his skill, but he didn't care. He started laughing, "You can continue to guess?"

"I can continue to guess, but the only thing I'm not sure about is that when yang shaoxia and the yellow Earth high school's local tyrant hit you, they must have used some of their strength on you, and the force that was reflected back was just another part of their strength. But now it seems that's not the case, because the other part of the strength was not enough to kill them!" Lin Yi analyzed.

"Lin Yi, I have to admit that you're smarter than those reckless practitioners, but so what? Why don't you come and bite me?" Naipao said provocatively, "I'm not afraid to tell you that this martial skill of mine is called the divine thorn technique. After you hit me, I will take 20% of the damage, and 80% of the damage will be reflected back under my chant. However, with the help of my chant, it's not just 80%, but three times that, which is 240%! This is also the reason why these idiots died after hitting me!"

The bramble Arts was one of the secret arts of the everyday and every day sect-just like the Wasp absorption Arts, only people with the chrysanthemum Arts could learn it, but it wasn't a secret-the ancient sects all knew about it, and so as soon as the test ended and the news spread, naipao's Bramble Arts would no longer be a secret-any Sky Class mid phase or above with a recover pill would be able to take two hits from him, and he'd be dead.

#### Chapter 2839 Finding A Weakness

At this moment, there were very few Grand restore pills in the trial grounds. It was impossible for these cultivators to have such a Supreme grade pill on them, unless they were the direct disciples of a sect like the sky elixir sect. It was impossible for any other sect to have it.

Naipao told Lin Yi his trump card-he was telling Lin Yi that he couldn't do anything to him, and that he could only watch as he bullied him and his lackeys! Of course, naipao didn't think about killing Lin Yi-not only did he want to keep Lin Yi around as a motivation for his practicing, but he also wanted pinliang to be able to kill Lin Yi himself one day. He just wanted to get back at him, and that was why he wanted to get Lin Yi's followers to turn against him.

"I see." "I did guess that the skill you used to reflect your opponent's Qi, but I didn't expect it to be this powerful." Lin Yi said.

"Lin Yi, just admit defeat. I'm not afraid to tell you that with your current strength, this twenty percent damage doesn't have much effect on me. Plus, I have a small recovery pill with me. If I'm not dead yet, you'll be killed by the rebound first." "But, if you hand over the herb and compromise, I'll consider letting you go. Otherwise, don't blame me for being impolite," naipao said.

"Oh? Is that so?" Lin Yi smiled suddenly, regaining his usual confidence as he looked at naipao. "Thank you for telling me so much and clearing my doubts. Now, I'm ready to make my move. Are you ready?"

"Eh? Since you already know, you still want to hit me?" Naipao froze, looking at Lin Yi in disbelief. He couldn't understand why Lin Yi would hit him when he knew that he would bounce back from the attack.

"How would you know if you don't try?" Lin Yi said.

"You don't believe me?" Naipao didn't know-Lin Yi didn't seem like a cocky person who couldn't understand what he was saying. There were so many precedents, why didn't he care?

"It's not that I don't believe in you. It's just that sometimes, miracles might happen!" "I'm going to make my move," Lin Yi laughed, "are you sure you're going to just stand here and let me hit you?"

"Since you don't believe me, I can only let you try. However, I'll give you a friendly reminder. You'd better not use your strongest move, or you'll die very quickly." "It's fine if you die, but Liang bro's going to be disappointed-he's going to kill you himself!" Naipao said.

"Zhong pinliang?" "He has no chance!" Lin Yi chuckled.

"As you wish." Naipao didn't move at all, looking at Lin Yi as he waited for him to make his move.

"The seventh move of wild fire Eight Trigrams palm!" Lin Yi started channeling the arts of the wild fire Fist, and with a sudden move, he sent a palm towards naipao's chest!

Naipao didn't even try to Dodge-he just used his chest to receive Lin Yi's right palm, standing there and waiting for Lin Yi to fly away!

"Bang!"

Lin Yi's raging fire Bagua Palm landed on naipao's chest!

"BOOM!" The moment Lin Yi's palm touched naipao's chest, he felt a strong force bouncing back from his palm to his body, but that force disappeared without a trace as soon as it touched him, as if it had never even existed!

It was indeed effective! Lin Yi said to himself-it seemed like his prediction was right. It was just as naipao said-the strength that he sent back was 240% of what he sent out, and there wasn't any of naipao's Qi in it-this Qi was Earth Class Qi.

In this way, the middle-grade Golden Cicada underwear he was wearing had completely nullified the force! It seemed that Shu's words came true again. The Prophet Shu had the foresight to give him this mid-quality Golden Cicada underwear before he left. He didn't expect it to have such a decisive effect!

Knowing that pinliang's counterattack had no effect on him, Lin Yi relaxed a little. A cold smile appeared on his lips as he activated the seventh style of the palm!

"Wild fire Eight Trigrams palm, the seventh move of bi an, the seventh move of bi an!" Lin Yi had used the seventh style twice in a row-three times in total, including the one before. It was more than enough for him to kill a Sky Class early phase master. He'd used this move to kill the Sky Class early phase advisor Zhuge from the red conch before, so he didn't use the eighth style at all. The eighth style could only be used once and Lin Yi would be exhausted, but the seventh style could be used three times.

This way, the damage dealt to naipao was sixty percent of the normal seventh style of the raging fire Eight Trigram palm-naipao would definitely be heavily injured!

As expected, naipao's eyes were filled with disbelief as he spat out a mouthful of blood and fell heavily to the ground. He clutched his chest, unable to speak! He didn't expect Lin Yi to activate his martial skill three times in a row. From the looks of it, Lin Yi didn't seem to be hurt at all, not suffering any rebound damage. He, on the other hand, was seriously injured. It wasn't fatal, but it was quite serious.

This was Lin Yi's limit, and he sighed with some regret. He couldn't use any more moves, not even the sixth one.

"Feng Shasha, li Ciba, you two kill Zhang naipao together!" Lin Yi's eyes were filled with killing intent-naipao was too strong, strong to the point that Lin Yi had to be wary of him. Back in the Ice Palace test, the rules didn't allow him to kill, and so he let him live.

But this was the sky elixir sect's test, and it was clear that there weren't such rules. Lin Yi decided to get rid of the problem at its roots, in case the guy went back and learned some weird skills. It'd be even harder for Lin Yi to deal with him then.

"Ah ..." Feng Shasha and Li Ciba froze. They were excited and wanted to cheer for Lin Yi, but he didn't look like he was injured at all, and yet he made naipao spit blood. From their point of view, Lin Yi's next move would be to take naipao out.

But, Lin Yi suddenly told them to kill naipao together-why didn't he do it himself? He had the upper hand and didn't need their help at all!

Chapter 2840 Unlucky Mo BA

"Brother Lin ... You're ..." Feng Shanshan looked at Lin Yi, confused.

Lin Yi was about to explain that he was exhausted and couldn't use any more skills, but when he looked up, he saw mo BA running over from the entrance of the safe place. Lin Yi swallowed the words that were on the tip of his tongue.

Mo BA's strength couldn't be underestimated, either. He was stronger than Feng Shangguan and Li Ciba, and even if the two of them joined forces, they might not have a good chance of winning. Lin Yi was also afraid that mo BA would attack him, so he didn't say anything.

"What's wrong, Pao?" Mo BA, on the other hand, didn't have the time to think about Lin Yi's situation-all his attention was on naipao, and he started panicking at the severity of his injuries.

In fact, when Lin Yi and Zhang naipao fought, it looked like Lin Yi had used his skills three times, but it was all in the blink of an eye-naipao was already on the ground, and Mo BA didn't even have time to react before the battle ended.

"Small reversion pill ..." Naipao said.

"Yes, brother Pao." Mo BA quickly took out a small recovery pill and put it in naipao's mouth. Naipao closed his eyes and sat down cross-legged, starting to digest the pill.

Lin Yi couldn't help but sigh-with mo BA out, Feng shangyue and Li Ciba wouldn't be able to kill Zhang naipao anymore, unless the two of them fought with their lives to keep mo BA busy while GE Xian and Zhao qikun ambushed Zhang naipao.

However, if he did that, he might have to sacrifice Feng Shasha or Li Ciba. For the disciples of the everyday and every day sect who were so protective of their master, they wouldn't hesitate to go all out. Once mo BA went all out, his explosive power would be very strong.

Plus, Lin Yi didn't have the chance to tell qikun and the others his thoughts-he didn't have the energy to play with voice transmissions anymore, and he might not be able to hide it from a Sky Class mid phase like mo BA.

Naipao was channeling his energy to heal himself, and Lin Yi wasn't just sitting around either-he was channeling the second stage of the art of Dragon mastery, recovering all the energy he'd used up.

At this time, Feng Shasha, Li Ciba, and the others saw that Lin Yi didn't move at all, and their faces were pale as well. They realized that Lin Yi had used up all his Qi after activating his skills three times, and that was why he sent them to kill Zhang Naipao. They couldn't help but regret it!

The opportunity was gone in a flash. Now that Mo Ba was here, it was impossible for them to make a move!

At this moment, Mo Ba was standing guard beside Naipao. Feng Shangshi and Li Ciba didn't have any experience in fighting together, so it was impossible for them to take down Mo Ba before attacking Naipao.

And so, Feng Shangshi and Li Ciba mimicked Mo Ba and stood in front of Lin Yi, protecting him as he recovered his Qi.

As a result, a strange scene appeared in front of the safe place. The two groups of people were guarding, but they did not move. They confronted each other and no one spoke.

Skybolt Pig hid far away, keeping an eye on the spirit beasts nearby. He seemed to be very lucky—he was safe and sound during the half an hour Lin Yi was recovering his Qi and Zhang Naipao was healing.

"Lin Yi ... You're wearing a mid-quality Golden Cicada bra!" Naipao said as he let out a breath.

In the half an hour he spent healing, Naipao was also thinking about why Lin Yi was fine—this shouldn't be possible, how could Lin Yi take the 240% damage? This was a little unrealistic.

However, after thinking about it for a long time, Naipao finally came up with a possibility-pinliang's mid quality Golden Cicada undergarments had been worn by Lin Yi! Naipao didn't know whether to laugh or cry at the thought!

Lin Yi was an Earth class, so the Qi He reflected back was Earth Class Qi as well. It was strong, but it was still Earth Class Qi-the middle-grade cicada underwear would be able to defend against it no matter what, and pinliang was the one who "gave" it to Lin Yi! Naipao really didn't deserve this loss.

"It seems that you're not stupid." Seeing that Naipao had recovered, Lin Yi stopped the second stage of the art of Dragon mastery. His Qi wasn't fully recovered yet, but he was pretty much fully recovered.

"I've overlooked it. " Naipao looked at Lin Yi-he'd just recovered from his injuries, and if Lin Yi were to give him three more moves like before, he'd really be dead!

"Do you hate Zhong pinliang?" Lin Yi asked with a smile.

"Hmph, Lin Yi, you don't have to be so smug. Killing you is as easy as flipping my hand." Naipao laughed coldly, a little scared on the inside.

"Is that so? The eighth move of the wild fire Eight Trigrams palm!" Lin Yi activated his raging fire Eight Trigram palm again, sending it at Naipao! However, Lin Yi used the eighth move this time, not the seventh move!

In fact, the reason why Lin Yi used the 8th style was because his real target was mo BA-it was just an illusion!

As long as he didn't get rid of mo BA, he would always be a threat. Even if Lin Yi injured naipao, he wouldn't let Feng Shasha and Li Ciba kill him. The result would be that he and naipao would enter an endless cycle. He would injure naipao, he would heal, and he would recover his strength and Qi. If this went on and on, there wouldn't be any results until the end of the test.

Only by killing demon eight and injuring Zhang naipao heavily would he be able to create an opportunity for Feng Shasha and the others to kill Zhang naipao!

As for the two followers of the Dark Palace, they were nowhere to be found and could be ignored! They saw that Lin Yi was able to injure naipao, and knew that he wasn't someone they should mess with-they decided to just go into hiding.

Lin Yi didn't mind people like this-as long as he got rid of naipao and Mo BA, they'd do whatever they wanted!

Naipao's eyes were wide open, his face tense as if he was facing a great enemy! Before, during the test, even when he was facing Sky Class late phase peak, he was able to talk and laugh without feeling nervous at all. But now, he was under a lot of pressure!

Lin Yi had the Golden Cicada undergarments on him, and his strength as an Earth Class late phase was the key to victory. If Lin Yi was a Sky Class, then naipao wouldn't be afraid, but now that Lin Yi was an Earth Class, no matter how Lin Yi attacked him, naipao would be the one injured, and Lin Yi would be fine. In order to prevent this from happening again, naipao decided to use his ultimate move!
