

Bodyguard 2841

Chapter 2841 Strange Illusion

Although this move didn't have any effect on Sky Class Masters who were prepared and had a strong will, Lin Yi didn't think he would meet these two conditions! Naipao had interrupted qikun and Shasha when they were explaining the skill to Lin Yi, and so he believed that Lin Yi didn't know much about the fist. No matter how strong Lin Yi's will was, he was only an Earth Class-there was no way he could wake himself up from the illusion.

With that thought, naipao didn't use the bramble Arts anymore-he used the hell demon fist instead. Seeing Lin Yi approach, he threw out a punch,"Hell demon fist!"

"BOOM!" At the same time, Lin Yi's raging fire Eight Trigram palm landed on the defenseless mo BA who was standing not far from naipao!

"You ... Pfft ..." Mo BA looked at Lin Yi, shocked and unwilling to give up. He didn't expect Lin Yi to change his target to him when he was supposed to attack naipao! However, it was too late when he realized this. Mo BA could only watch as Lin Yi's palm landed on his chest, and his sternum caved in. A sharp pain came from his chest and spread to his whole body. Mo BA groaned in pain and was sent flying by Lin Yi's strength ...

He didn't want to give up, but there was nothing he could do. He wanted to scold Lin Yi for being too cunning, but he suddenly remembered that when he first met Lin Yi in the restaurant of the inn, didn't mo Jiu become a cripple like that?

However, it was too late for mo BA to realize this. He could feel death approaching. He knew that he would die for sure this time!

However, what made mo BA extremely excited was the fact that he saw naipao use his ultimate move, the fist of the dark Demon! Even though he was dead, he was glad that Pao had avenged him!

Mo BA landed heavily on the ground, closed his eyes, and left in peace ...

A stream of Qi shot out from naipao's fist, aiming for Lin Yi's head!

Lin Yi was shocked, remembering that Feng Shasha had mentioned you before, about Zhang naipao's ultimate move, the hell demon fist! That Dongfang Busu was Sky Class late phase peak, and even he got hit. Lin Yi was only earth Class late phase, naturally, he wouldn't be a match for this!

But it was too late-Lin Yi was channeling the 8th stance of his fist to attack mo BA, and the Qi from naipao's fist had already entered Lin Yi's brain ...

All of a sudden, Lin Yi felt his head spin, and he found himself in a strange world ...

The scenery around Lin Yi suddenly changed, turning into a familiar scene. It was the island X he used to live with his master when he was young!

"Brother onesie, bad news! Daddy is dead!"

Just as Lin Yi was in a daze, he didn't know why he'd returned to Island X, where he'd received his training when he was young. A familiar, teary voice came over, and Lin Yi raised his head to find his teammate, his master's daughter, Yang Xiaoxiao!

"What? Master is dead?" Lin Yi blinked, looking at Xiaoxiao in surprise. He'd subconsciously gotten into character, as if he'd gone back to the time when he was a kid and trained on Island X ...

"Yeah, daddy's dead ... Little 9th killed daddy!" Yang Xiaoxiao said.

"What? Little seven, you're saying little nine killed master?" Lin Yi's eyes were wide open as he looked at Xiaoxiao in disbelief. Seven was Xiaoxiao's nickname in the team.

"Yes, yes, but I've already killed little 9th to avenge daddy!" "I didn't expect little Jiu to be such a person ..." Yang Xiaoxiao said sadly.

"What? Little 9.....Is also dead?" Lin Yi suddenly felt that the amount of information was too much for him to handle, and his head was splitting! Because this series of events had already exceeded the limits of his tolerance!

"Big brother Yi, don't believe her. She killed master, I saw it ... She wanted to kill me ..." Lin Yi was still in disbelief when he heard Nine's voice. He turned around and saw nine crawling over, covered in blood. Her head ... Was broken! It was only connected by a little skin on its neck, and as it crawled, it swayed and looked like it was about to fall off.

"

"Big brother onesie, be careful ..." Little nine suddenly said.

Lin Yi felt a sharp pain in his stomach and turned to see Xiaoxiao with a dagger in her hand, a cruel yet proud smile on her face ...

"Seven ... You ..." Lin Yi looked at seven in shock.

"Hahahaha, I'm not little seven, actually ... I'm Yu Ning!" Yang Xiaoxiao's face suddenly changed into Yu Ning, a face that Lin Yi was more familiar with ...

"Little ning ... You ..." Lin Yi didn't believe it. How could Yu Ning kill her master and kill little nine? Why did she impersonate little seven?

Just as Lin Yi was about to ask, he suddenly realized that the scenery around him had changed again. He was in the primitive forest of Africa!

And Yu Ning was looking at him with love!

Lin Yi looked at Yu Ning again and found that Yu Ning didn't have a dagger in her hand, and his lower abdomen didn't hurt anymore. Lin Yi was puzzled when Yu Ning suddenly said, "Hawk, today is Valentine's Day ..."

"En ..." Lin Yi replied, still in shock.

"I like you." Yu Ning said, "but I know that you can't be with me. So, if I can't get it, no one else can. I want to die with you, so we can be together forever!"

"Ah?" Lin Yi was stunned, this didn't seem like Yu Ning's style! Lin Yi was wondering if Yu Ning's mind was messed up today. Suddenly, a Lion came into the cave and Yu Ning was summoning the lion!

The lion came over and bit Yu Ning's waist. Her upper body entered the lion's stomach, leaving only half of her body. She laughed eerily,"

Lin Yi's breathing quickened as he looked at the scene in front of him. It was creepy. Even if he'd been through strict training and had strong mental fortitude, it was still hard for him to accept seeing the person he liked get bitten in two.

Chapter 2842 A Familiar Stranger

"Hahahaha ..." Lin Yi raised his head and found that the laughter didn't come from Yu Ning's remaining half of the body, but ... Behind the lion, a person suddenly appeared, it was Gou huli!

"Lin Yi, you didn't expect this, did you? my Lion ate your lover, isn't that great?" Huli said proudly.

"Bitch, hand over your life!" Lin Yi didn't think that this was all Gou huli's doing. He threw a wild fire Fist at her!

"Bang ..." Gou huli was just a normal person, so Lin Yi sent her flying with one wild fire Fist. However, just as she was about to hit the ground, Lin Yi heard another person's voice.

"Lin Yi bro, you're so cruel! Jingjing almost died for you, and you want to kill her ..." Gou huli suddenly turned into han Jingjing, and Lin Yi's heart tightened!

"Jing Jing, how are you?" Lin Yi quickly ran to han Jingjing's side and was about to use the art of Dragon mastery to heal her when the Han Jingjing on the ground suddenly changed into Tian Ji!

"Lin Yi, you're a hooligan! I'm going to kill you!" Tian Gang pulled out a sharp knife and stabbed at Lin Yi's chest ...

"Ah!" Lin Yi felt like he was going crazy-why were the people around him changing one by one? Why did they all betray him?

But, just as Lin Yi was feeling shocked, wondering how Gou huli turned into Tian Gang, the girl in his arms turned into another girl, a girl that he felt familiar but didn't know!

"Lin Yi, you're carrying another girl, Don't You Want Me anymore? "If you don't want me ... I'll die in front of you ..." The girl looked at Lin Yi with resentment. The look in her eyes made Lin Yi feel like he'd seen it before, but he couldn't be sure.

"You ... You are?" Lin Yi looked at the girl in front of him curiously."Who are you?"

"Lin Yi, you ... You don't recognize me anymore?" A look of disappointment and grievance flashed across the young girl's eyes. Suddenly, she raised her hand slightly, and a cloud of snow spread out from her hand, completely enveloping Lin Yi, ""I want you to die before I die!"

"You ... You're from the valley ..." Lin Yi suddenly remembered. The girl in front of him was the one he fell in love with at first sight in the valley, but they had only met from afar. They had never met before. Why would she want to kill him?

Lin Yi's mind was getting messier and messier, like a pile of mush. He couldn't help but shout again, "Ah, Yingluo."

Qikun didn't think that naipao would use the hell fist all of a sudden, and Lin Yi's eyes went blank after getting hit. He screamed and kneeled down with his hands around his head-it was very similar to what happened to Dongfang Bubai.

"Boss, what's wrong? Wake up, will you?" Qikun jumped and asked loudly.

"That's right, brother Lin, wake up!" Feng Shanshan panicked and quickly reached out to help Lin Yi up, but he didn't expect Lin Yi to throw out a wild fire Fist and hit Feng Shanshan in the chest!

Luckily, Lin Yi was fighting Gou huli in the environment, a normal person. Lin Yi used the power of the first style of the wild fire Fist, and it didn't cause any damage to Feng Shasha, but he was still a little frustrated.

"Brother Lin, it's me!" Feng Shanshan jumped and shouted. Although this was only the power of the first or second move of Mystic class, Lin Yi was someone who could kill Sky Class middle phase Masters in seconds. Feng Shanshan was only at the initial phase of Sky Class, he was afraid that Lin Yi would accidentally kill him!

However, Lin Yi didn't care about Feng Shangguan at all. He raised his hand to block and pushed Feng Shangguan to the side. He stood up and let out another cry before running away ...

"Boss, come back!" Qikun started panicking-this was what happened to Dongfang Busu before-if this was any other place, Lin Yi wouldn't mind running like crazy because there wasn't any danger, but this was the five evils barren land-there were a lot of spirit beasts here, and they could run into them if they weren't careful! He didn't want Lin Yi to follow in his footsteps!

However, Lin Yi ignored him and ran back and forth in the five evils Savage Land. He didn't go far, but ran in circles not far away. Even so, qikun and the others were burning with anxiety!

There weren't any spirit beasts around right now, but that didn't mean that there wouldn't be any later. If a spirit beast suddenly came, Lin Yi would be in danger!

Feng Shanshan, Li Ciba, GE Xian, and Zhao Qitan's attention were all on Lin Yi, but Zhang Naipao was quietly stuffing An Qi recovery pill into his mouth to quickly recover his strength!

Of course, the recipe for the Qi recovery pill was lost, and it was extremely precious-he wouldn't use it unless he had no other choice. It was just that he didn't have Mo Ba by his side, and he didn't dare to be careless. He was afraid that Feng Shashi and the others would attack him when they came back to their senses, so he took one.

"Zhang naipao, what did you do to boss Lin Yi?" Qikun was starting to panic-Lin Yi treated him very well, bringing him to the test and giving him the map of the safe zone-he was grateful for all of that, and now that naipao had turned him into this, of course he'd be worried.

"It's nothing. He just entered an illusion. If you want to know what happened to him, I can let you try. " Naipao said faintly. The Qi He had recovered wasn't enough to use the hell fist once, but he could already use the bramble Arts "practitioner's Arts. That was why he wasn't scared at all.

Qikun's face froze, but he didn't dare to say anything. His face was filled with anger, but he didn't dare to say anything.

"An illusion? I remember now!" Feng Shangguan suddenly smacked his head and said,"I know what the hell demon fist is!"

"Oh? What's going on?" Li Ciba, GE Xian, and qikun all asked at the same time.

Naipao looked at him in surprise, not expecting him to have heard of the fist before.

"My cousin practiced the heaven-defying divine skill, so I know some of the top divine skills of the ancient times. I read in an ancient book that this hell demon fist is one of the top divine skills of the ancient times. It's very strange!" "Before this, I thought that the name sounded familiar, but after seeing Dongfang busui and brother Lin's situation, I suddenly thought of the influence of this peerless divine skill ..." Feng Shanshan said.

Chapter 2843 Incomprehensible Scene

"Then ... Is there any way to solve this?" Qikun waved his hand. "Right now, we're not in a hurry to know what this skill is. We don't have the time to care about it. We just want to find a way to solve it."

"No, I didn't!" Feng shangxin shook his head. "There's no way to break these ancient martial arts and mental cultivation techniques. You can only defend against them, but you can't break them."

"Then what do we do?" "What if a spirit beast comes?" qikun said, surprised. "Wouldn't the boss be in danger then?"

"That's right. That's why I'm going to tell you about this battle technique in detail. We have strength in numbers, so let's all think about it and see if there's any solution!" Feng Shanshan said.

"Why didn't you say so earlier?" Qikun said.

"I was just about to say it, but you interrupted me!" Feng Shangshi smiled bitterly, "this skill is actually a skill that can affect the mind of others. Zhang naipao uses a special way to channel his Qi into brother Lin's head, causing him to go into a state of madness. His soul is also known as the yuan Shen, and when it gets pulled into an illusion by the Qi, it loses itself, and the good memories will reappear in its mind. However, the good memories will change! For example, if we were to pass the sky elixir sect's trial, that would be a wonderful memory for us, right? However, in the illusion, this memory will change. It may turn into us being killed by others, or killing each other to death, or being eaten by spirit beasts. In short, the memory will completely change, and it will even seem like we are in the same situation, driving people crazy ..."

"Argh! It's so strange?" "It's a demonic sect after all, to actually have such a sinister move ..." Li Ciba said in surprise.

"This is also the reason why this martial technique is called the hell demon fist. Those who are hit by this hell demon fist will feel as if they are in hell, causing them to be in so much pain that they can't extricate themselves." Feng Shanshan nodded.

"Then ... Can we catch the boss and wake him up by force?" Qikun asked.

"No, as far as I know, people who have been hit by the hell demon fist can't be awakened by outsiders. There are very few possibilities of him being awakened. Most of them have no effect, and in serious cases, their primordial spirit will leave their body and their soul will be destroyed." Feng Shangguan shook his head and said, "in theory, we can only wait for brother Lin's primordial spirit to wake up and destroy the illusion!" Unless we're Sky Class late phase peak and know how to use the soul projection technique to communicate with brother Lin, there's no way we can wake it up normally ..."

"This can't do, that can't do ... What should I do?" Qikun was panicking, but he couldn't do anything!

"Not bad, you're quite knowledgeable. You're actually pretty much right about my ultimate skill." Naipao suddenly clapped his hands, praising, "You're right, even I can't wake him up! Actually, if it's possible, I really don't want him to die! I want to save his life for Liang bro ..."

In fact, there was one more thing that Naipao didn't say, and that was that if Lin Yi was still alive, it would be a motivation for him to train harder. If Lin Yi was dead, he didn't know if this motivation would still exist. The chrysanthemum Arts required hatred to train-the more hatred there was, the faster the training speed would be, otherwise it wouldn't be as smooth as it was before.

Qikun glared at Naipao-he didn't believe him at all, thinking that he was just being sarcastic. If he didn't want Lin Yi to die, why would he use this move?

Just as everyone was at a loss, an Earth Class spirit beast suddenly walked over from not too far away, and it was heading in the direction Lin Yi was walking in. Everyone's faces turned pale-even naipao was taken aback, thinking that Lin Yi was dead for sure!

The beast might be an Earth Class early phase, but it was the toughest beast to deal with-the giant ape. It looked like a human, and it could practice martial arts as well. It was extremely agile, and even a Sky Class wouldn't be able to protect themselves from it, let alone Lin Yi, an Earth Class late phase who had lost his mind.

"Boss, be careful!" Qikun yelled at Lin Yi, but it was to no avail-Lin Yi acted like he didn't hear him at all, still running towards the giant ape!

The two of them were like two cars meeting in an application question, and qikun grumbled to himself as he calculated how long it would take for Lin Yi to meet the giant ape-this might be the last of Lin Yi's life.

The scene of Dongfang Busu being killed by the crawling spirit beast's tail was still vivid in his mind! Generally speaking, when human cultivators approached spirit beasts, they would be regarded as malicious towards them. Spirit beasts would take the initiative to attack them, especially in the five evils Savage Land. This was the territory of spirit beasts. When so many cultivators suddenly entered, the spirit beasts would be very hostile to these cultivators.

The distance between Lin Yi and the Gigantopithecus was getting shorter and shorter, and the Gigantopithecus seemed to have seen Lin Yi running over. It suddenly stopped and looked at Lin Yi, scratching its head with its forearm in confusion. It then shook its head and continued walking ...

Although the giant ape's strange action confused everyone, they didn't doubt that the giant ape would attack Lin Yi. If it found Lin Yi, it wouldn't let him go.

Thirty meters, twenty meters, ten meters, five meters, one meter ... Qikun shut his eyes in fear, while Feng shangyue, Li Ciba, and GE Xian held their breaths as well, not daring to look Lin Yi in the eye. Naipao, on the other hand, shook his head-Lin Yi, it's all your bad luck, you can't even compare to him!

However, at this moment, there was one person ... No, it should be a spirit beast who wasn't worried about Lin Yi. It wasn't worried about whether the giant ape would attack Lin Yi, but how Lin Yi could recover from this state of madness.

Just when everyone thought that the giant ape was going to attack, Lin Yi brushed past the giant ape. The giant ape looked at Lin Yi a few times, but it didn't attack him. Instead, it continued to walk forward, no longer looking at Lin Yi who was running away.

"Ah!" Feng Shasha was stunned as he looked at Lin Yi in disbelief. He couldn't understand why the giant ape didn't attack Lin Yi.

Chapter 2844 Skybolt Pig's Obstruction

Qikun opened his eyes as well, surprised to see Lin Yi safe and sound. "Boss is fine?"

Naipao found it even more unbelievable-why didn't the giant ape attack Lin Yi? It would be understandable if it didn't see Lin Yi, but it did, and it wasn't like it couldn't beat Lin Yi, yet it didn't make a move. It was really strange!

"Could it be that this giant ape has just killed someone and has run out of true Qi?" Li Ciba couldn't figure it out and shook his head, "That's not right. This giant ape seems to be full of energy."

"Maybe this giant ape has a good personality, which allowed brother Lin to escape!" GE Xian analyzed.

"I guess so." Feng Shasha nodded, thinking that he was lucky.

However, there was a saying that went, "you can't hide forever." Just as everyone let out a breath of relief, a Black Tiger ran towards them. It wasn't directly facing Lin Yi, but it was within its sight ...

This Black Tiger spirit beast had a brutal nature. When it saw human cultivators, it would usually have no hope of survival. Even some low-level spirit beasts would be its food, unlike most spirit beasts who cultivated instead of eating.

When some of the low-level spirit beasts here saw the black Tiger spirit beast, they would hide far away so that they wouldn't be beaten up.

And so, even though this Black Tiger was only an early phase Mystic class, in everyone's eyes, it was even more terrifying than the giant ape! Lin Yi was within its sight, there was no way Lin Yi could escape this!

"Why are we so unlucky?!" Qikun sighed. He thought that Lin Yi would be able to avoid this, but he didn't think that bad luck would befall him so quickly.

Feng Shangshi, Li Ciba, and GE Xian all sucked in a breath of cold air! He was indeed too unlucky. It could be said that he had just left the Wolf Pack and entered the Tiger's mouth. Moreover, it was much more dangerous than before.

Skybolt pig looked at the black Tiger indifferently but didn't move. Logically speaking, he should be able to suppress the black Tiger with his strength as a Mystic late phase peak, but he didn't do that. He sat on the spot, thinking about how to get Lin Yi out of this situation.

However, Feng Shanshan, Li Ciba, GE Xian, and Zhao Qitan all forgot about the pig. They didn't think about the suppression of spirit beasts. In their eyes, Lin Yi was definitely not going to make it this time ...

However, to everyone's surprise, a miracle happened once again. Although the black Tiger saw Lin Yi, it didn't attack him. After a few glances, it quickly left without any intention of getting close to Lin Yi!

"Ah?" This time, even Naipao's mouth was wide open—if the first time was a fluke, how could the second time still be a fluke? Especially against this violent Black Tiger, there was no way he could survive! But who would've thought that the black Tiger didn't even attack Lin Yi! This didn't make sense!

In fact, what they didn't know was that Lin Yi was a spirit beast in the eyes of the giant ape because of the perfume bag that Tian Gang gave him! The giant ape was as smart as Skybolt pig, so it looked at Lin Yi a few times and thought that he was a spirit beast, not a spirit beast. It had never seen Lin Yi before, but he looked like a practitioner!

However, the giant ape wasn't weak, but it wasn't fierce. It thought that Lin Yi was a type of spirit beast, so it wouldn't attack him. It was confused, but it left. The other human practitioners were far away, so it didn't have to attack them.

The black Tiger, on the other hand, was extremely violent, but it was only an early phase Mystic class. Lin Yi, on the other hand, was an Earth Class late phase in its eyes, and according to the difference in levels, it could only bully golden class spirit beasts no matter how violent it was. It didn't even dare to look at Lin Yi for long, and left in a hurry.

This was also the reason why Skybolt pig didn't do anything. He knew about the perfume pouch that Tian Gang gave Lin Yi, and he was a spirit beast himself, so he knew how magical the perfume pouch was. He wasn't worried that Lin Yi would be attacked by a spirit beast!

Again and again and not again-this saying was very accurate. Lin Yi successfully dodged the first two Spirit beasts, but not long later, a Sky Class eight-legged lizard slowly passed by. This lizard was Sky Class mid phase, and although it crawled very slowly, its strength couldn't be underestimated. It was obvious that it wasn't someone to mess with. Its eyes were blood red as it looked at Lin Yi, who was running around not far away!

"I hope that boss can successfully escape this time. But there shouldn't be any problems, right?" Qikun wasn't as nervous anymore.

"That's right. Even though brother Lin is in a state of madness, it seems like all the spirit beasts are very friendly to him. There must be some sort of secret behind it ..." Feng Shanshan could tell what was going on.

"That's true ..." GE Xian also nodded and said, "I heard that there's a secret technique that allows human cultivators to disguise themselves as spirit beasts. I don't know if it's true, but it seems like brother Lin has mastered this secret technique!"

These people weren't panicking anymore, but the pig was scared out of its wits! Others might not know, but it did. Sky Class spirit beasts were all quite smart, and Lin Yi's fragrance pouch could still hide it from spirit beasts under Sky Class, but it wasn't effective against spirit beasts above Sky Class. From the eight-legged sky lizard's eyes, it was clear that it was a little angry at Lin Yi and was ready to kill him!

However, even though the pig realized that something was wrong, it didn't know what to do. With its strength, it couldn't stop the eight-legged lizard, but even if it couldn't, it could only try to negotiate ...

The eight-legged lizard was slowly crawling towards Lin Yi, ready to kill this human practitioner who was walking around in front of it!

"Ji Ji ... (Hello, my name is Skybolt pig, I'm this human cultivator's contracted spirit beast ...)" The Skybolt pig ran over and said to the eight-legged lizard.

"Huhuhu Yunyun (little guy, so you're the contractual spiritual beast of the human cultivator who provoked me? You were forced to become his contractual spiritual beast, weren't you? Don't worry, I'll help you kill him. You'll be free from now on and can cultivate freely in the five fiends mountain range!" The eight-legged lizard spirit beast said.

Chapter 2845 Waking Up

"Ji Ji! (No, my master was set up by someone. He's in a state of madness. He's not trying to provoke you. Please let him go.)" The pig quickly explained.

"Huhuhuhuhu (that won't do either, he provoked me, I'm going to kill him!)" The eight-legged lizard spirit beast said.

"Ji Ji! I'm begging you, let him go!" The pig begged.

"Hu hu hu (no! Alright, say no more. Little guy, you're weaker than me, so you should listen to me! Now I order you to get out of my way, or I'll kill you too!" The eight-legged lizard was not the kind of spirit beast that liked to kill its own kind, so it did not want to attack the Skybolt pig.

"Ji Ji! (I'm a contracted spiritual beast. Your level suppression has no effect on me. Although I'm afraid of you, I won't get out of your way. My master is very good to me!)" The pig shook his head firmly.

"Huhuhuhuhu (alright, in that case, don't blame me for not giving you face!)" The eight-legged lizard was furious. It was ready to send Skybolt pig flying and then kill Lin Yi!

"Jiji? (Can you give me a little more time? I'll try to wake up my master?)" Skybolt pig was getting anxious.

"Hu hu hu hu hu (you can go to the side!)" The eight-legged lizard stretched out its front claw and slapped the Skybolt pig away!

"Ji ... Ji ..." Skybolt pig let out a blood-curdling scream and was sent flying. Although it wasn't fatal, it was still heavily injured. It fell heavily on the ground and couldn't get up ...

"Hmph, you overestimate yourself!" Naipao didn't know what the two were talking about, but it was obvious that the pig was trying to stop the spirit beast from attacking Lin Yi. The reason Naipao said that was because he could tell that the pig was Mystic late phase peak-the difference in strength between the two was like the difference between heaven and earth! There was no way the pig would stop the spirit beast!

On the other hand, Feng Shanshan, Li Ciba, GE Xian, and Zhao Qikun were a little frustrated and annoyed. Logically speaking, Lin Yi shouldn't be attacked by a spirit beast, so why was his contracted spirit beast causing trouble? It seemed like he angered the eight-legged lizard and it was heavily injured!

"Little pig, come back quickly. Brother Lin will be fine. These spirit beasts seem to be very friendly to brother Lin!" Feng Shasha shouted at Skybolt pig.

Skybolt pig rolled his eyes speechlessly. Feng Shasha and the others didn't know the truth, and he had no way of explaining it to them. Besides, it was impossible for him to get up now even if he wanted to. He was seriously injured, and he couldn't get up at all ...

Seeing the eight-legged spirit beast crawl towards Lin Yi as if it wanted to kill him, Qikun and the others panicked, but there was nothing they could do. They might look at their current group—two Sky Class, One Earth Class, and one Mystic class—it was a pretty strong group in the practitioner world, but they still couldn't fight against a giant beast like this. Spirit beasts had the advantage over human practitioners from birth!

As far as they were concerned, Lin Yi was really done for this time ...

Lin Yi's essence spirit was in an unrealistic environment, causing Lin Yi to feel uneasy and go crazy! Lin Yi's body was rampaging in reality, and his essence spirit was also rampaging in the Jade, but Lin Yi didn't know it ...

"What's wrong, Yi?" Elder Jiao was a little confused, but it didn't work even after calling out to Lin Yi. Elder Jiao didn't have much strength, and he was just an illusory body with a trace of his essence spirit. He didn't have the ability to wake Lin Yi up.

"Yi!" Elder Jiao called out again, but Lin Yi was still running around in the Jade space, making the Qi in the Jade space vibrate with him ...

"What's the matter? What are you doing? I want to cultivate in peace, but I can't stop. I'm just borrowing your territory, right? There's no need to go through so much trouble, right? Do you really think that you can make the decisions in your territory?" A voice suddenly rang out in the space of the jade pendant!

To elder Jiao's surprise, the voice belonged to the "ghost" who had been sleeping in the corner and had lost all signs of life the moment he entered the Jade! The thing stood up from the corner. They couldn't see its shape, but one thing was for sure-Lin Yi's berserk state woke it up!

But it wasn't surprising-Lin Yi didn't suppress his strength at all, running madly in the Jade space and circulating all the Qi in his body, so that the Qi in the Jade space followed Lin Yi and ran around randomly, making it impossible for the damn thing to cultivate in peace ...

"You're up?" Elder Jiao blinked-he didn't expect the thing to wake up at a time like this. He didn't know if it was friend or foe, or if it'd cause trouble!

"This place is in chaos because of this little guy, how can I not get up? I can't stop even if I want to ... Eh?" The thing grumbled before "looking" at Lin Yi, who was running like crazy in the Jade space. "What's wrong with him? It seems like you're possessed?"

"Not bad! You have a way?" Elder Jiao blinked and asked. He didn't think that this thing would notice the problem.

"Have you gone mad from your cultivation?" The ghostly thing lazily said, ""Forget it, I don't care what you're doing. Since I'm cultivating in your territory and you're disturbing me, I can't continue to cultivate in peace. This old man will help you!"

"You can help him?" Elder Jiao asked, happy.

"Of course I can. I'm different from you. You're just a wisp of primordial spirit. Although your main body should be very powerful, you can't do it now. You're not as strong as me!" "Watch me!" The ghostly thing said proudly.

"You sure talk a lot of nonsense," "Hurry up if you can do it," elder Jiao said coldly.

"Little brat! Wake up, don't run!" The thing suddenly roared, causing the pure Qi in the space to tremble. Elder Jiao looked at the thing in shock!

This roar didn't seem to be any different from a normal loud voice, but in fact, this roar had a special effect. It could make people who had been possessed by the devil and were unconscious come back to their senses. The loud sound had the energy to clear people's minds, which was similar to the lion roar of the Shaolin Temple.

"Ah!" Lin Yi cried out, waking up from the nightmare. His spirit was in the Jade space, and he saw that damn thing!

Chapter 2846 Not Giving A Chance

Then, he remembered what happened. Although Lin Yi was in a berserk state and didn't know what happened, when he woke up, he heard the conversation between elder Jiao and the ghost!

Lin Yi's eyes flashed with gratitude when he remembered that it was the thing that woke him up from the nightmare and brought him back to reality! Lin Yi wasn't too happy with the way this thing was occupying his territory without even telling him, but he couldn't do anything about it before-he couldn't wake it up or chase it away, so he could only let it do as it pleased, although he still felt conflicted.

But at this time, Lin Yi realized how wise it was to keep this thing in the Jade space. If it wasn't for it, he would've become the eight-legged lizard's prey!

"Many thanks!" Lin Yi cupped his fists at the thing. "I can't thank you enough for your great kindness. You can continue your cultivation here!"

"Haha, kid, you're right. But I'm living in your place, so it's not right if I don't do something for you. You don't have to thank me. We're just using each other!" The ghostly thing said.

"This old man? Are you a human or a ghost?" Lin Yi blinked.

"You don't have to worry about that. With your current strength, it doesn't matter if you know or not. You'd better focus on the matter at hand!" The ghostly thing reminded him, then shook his head and said, ""Sigh, I'm awake. It's not good to fall asleep again ... This is so troublesome!"

Lin Yi was speechless, but the thing was right-he really did have something to do here. The eight-legged lizard was slow, but it was almost here!

Lin Yi saw the interaction between Skybolt pig and the eight-legged lizard outside the five evils Savage Lands. Lin Yi was very grateful for Skybolt pig's help. He didn't know what the pig said to the eight-legged lizard, but it was clear that their conversation failed. Skybolt pig was beaten up by the eight-legged lizard. Although he didn't die, Lin Yi's feelings for Skybolt pig deepened.

Lin Yi returned to reality and quickly ran over to pick Skybolt pig up, running back to safety ...

Seeing Lin Yi suddenly wake up and run away with Skybolt pig, everyone was stunned, but they were surprised and happy at the same time. Naipao, on the other hand, was stunned. He didn't understand how Lin Yi woke up. Logically speaking, this should be impossible!

Some people with strong willpower could wake up on their own, but those were Sky Class Masters. Earth Class was impossible, and Sky Class practitioners were very rare. Lin Yi was only an Earth Class late phase, how could he wake up on his own?

"Little pig, thank you!" Lin Yi said gratefully.

Skybolt pig was surprised as well-he didn't expect Lin Yi to return to reality so quickly. It seemed like he didn't waste his time. He shouted excitedly, ""Ji Ji ..."

"Skybolt pig, I'll heal you later. There's still a big problem waiting to be solved!" As fast as he was, Lin Yi ran to a safe place, but naipao's problem wasn't solved yet-it was still a hidden danger. He had something in the Jade space that could wake him up, but if Feng Shasha, li Ciba, GE Xian, or Zhao qitan were to fall for it, it'd be a problem!

"Ji Ji!" Skybolt pig nodded in understanding. He wouldn't die so soon, and he didn't need to rush to heal.

The eight-legged lizard saw Lin Yi running away with Skybolt pig to a safe place. It hesitated but didn't give chase. It was slow to begin with, and it was fine if it caught up to Lin Yi, but it was very likely that Lin Yi would hide in a safe place if it ran past him.

"Lin Yi, you're fine?" Naipao looked at Lin Yi, confused. He didn't expect Lin Yi to wake up on his own.

"I'm fine. Are you disappointed?" Lin Yi looked at Naipao faintly, a strange look in his eyes.

"Lin Yi, you may be able to wake up this time, but I don't believe that you'll be so lucky every time. Even Sky Class Masters have a chance of waking up, it's impossible to avoid it every time!" Naipao said.

"Hehe, is that so? Then can you Dodge it?" Lin Yi asked.

"Me? What do you mean by that?" Naipao blinked.

"Nothing ..." Lin Yi said that, but he was trying his best to remember how Naipao used the Hell Yin demon fist! Lin Yi had the all-powerful skill, and he could even modify and combine it into a new one- and so, ever since he woke up, he'd been trying to remember and imitate Naipao's Hell Yin demon fist!

Naipao's Bramble skill was a passive skill that didn't require him to activate it, and so Lin Yi couldn't copy it even if he wanted to. Without the chant, he wouldn't be able to use it at all.

But the hell Yin demon fist was different-Lin Yi had already seen through naipao's hand gestures and how he activated it, and he had pretty much simulated it in his mind. He just didn't know if he'd be able to do it in one try.

"Lin Yi, since you're fine, let's just forget about it. We can't do anything to each other, so let's call it a draw. We'll compete next time!" Naipao could still use the fist one more time, but if Lin Yi woke up quickly this time, killing him would be as easy as flipping his hand. As a result, naipao was hesitating-he didn't dare to use the fist, and using the divine Bramble technique wouldn't last long against Lin Yi.

"What's wrong? Are you scared?" "Where's the awesomeness from before?" Lin Yi asked faintly.

"Lin Yi, don't think that I'm afraid of you. If I didn't want to leave you to Liang bro, I wouldn't have let you go so easily!" Naipao hmped coldly.

"Is that so? Do you think that you can fight whenever you want and that the five evils Savage Land is your home?" Lin Yi could tell that naipao was a tough guy on the outside, but he wasn't going to let naipao go so easily. If it wasn't for the Jade pulling him back to reality, he would've been killed by that eight-legged lizard already!

"Lin Yi, I'm giving you face, I don't believe that you can wake up this time!" Naipao's face twisted as he started channeling his Arts, preparing to use the fist once more!

But at the same time, Lin Yi didn't want to give naipao any more chances!

Chapter 2847-Actually Lost

"Hell fire Fist!" Lin Yi yelled. He was only talking nonsense because he was simulating the fist of hell in his mind, and he was finally able to use it.

"Gah?" Naipao was channeling his practitioner's Arts when he heard this familiar New word-he raised his head to look at Lin Yi, only to see a fist coming at him!

Naipao was taken aback-he quickly changed his practitioner's Arts and started channeling the bramble Arts. He didn't know what Lin Yi's hell fire Fist was, but he had the protection of the arts, so he wasn't afraid.

"BOOM!" Lin Yi mimicked naipao's actions and channeled the Qi from his fist into naipao's head!

In order to make this move more effective, Lin Yi used the ninth form of the wild fire Fist, so the hell fire Fist he used was equivalent to the ninth form.

But, even so, naipao's divine thorns technique still managed to push back 240% of Lin Yi's fist, and only 20% landed on him!

Of course, that 240% didn't affect Lin Yi at all-it was all dissolved by the middle-grade Golden Cicada underwear. What surprised Lin Yi was that the Hellfire fist consumed so much stamina and Qi-it was almost the same as the flaming Bagua Palm. Lin Yi successfully activated the ninth form of the Hellfire fist, but in that instant, all the stamina and Qi in his body seemed to be released out of his body along with the activation of the skill. It went straight for naipao's head, but Lin Yi's Qi seemed to have been sucked dry-he fell to the ground before he could think.

"

Naipao didn't expect Lin Yi to be able to use the hell demon fist, or more accurately, the Hellfire fist or whatever-it didn't look like it, but the effect was pretty much the same. Naipao felt like he'd entered a sea of fire, and a huge fire started appearing behind him-he had to run for his life, afraid that he'd be burned ...

Lin Yi's hell fire Fist didn't have the Qi that could change memories like naipao's did, but it could create a sea of fire that was just as realistic. It was hard to tell if it was real or fake, and one would be stuck in an illusion.

And so, while naipao didn't have any painful memories, he did experience a hell-like feeling, as if he was in a sea of fire, and the pain was even worse!

Just think about it-no one would feel good if they were chased by a sea of fire, and they had to keep running ... Naipao felt like he'd be swallowed up if he stopped even for a second, and so he had to keep running ...

In the blink of an eye, naipao was gone, and Lin Yi sat on the ground, recovering a bit of his Qi and getting ready to get Feng Shasha and Li Ciba to kill naipao, but he didn't expect naipao to be so far away!

Lin Yi didn't have any Qi right now, so he couldn't chase naipao himself. But the five evils wild land was full of danger, and he didn't want Feng Shasha and Li Ciba to risk it. If naipao didn't catch up, it would be a huge loss if they ran into a spirit beast.

Plus, naipao wasn't slow at all, and whether or not he'd be able to catch up to him was another matter entirely. Lin Yi only felt a slight regret before letting it go-he'd just leave naipao to his own devices. With his crazed state, even if he didn't get killed by the spirit beasts, he wouldn't be able to leave this place.

Lin Yi didn't believe that a person who couldn't be cured by God would be able to find the teleportation formation and leave this place. If naipao still wasn't awake by the end of the test, then he'd have to live here forever.

"Boss, how are you? Are you alright?" Qikun quickly asked after seeing Lin Yi on the ground.

"I'm fine. I've just used up all my physical strength and true Qi. It's nothing serious. " "I'll heal Skybolt pig first," Lin Yi said with a wave of his hand. "We'll talk when we get back to a safe place!"

"Alright," he said. Qikun quickly walked over to support Lin Yi.

Feng Shasha, Li Ciba, and GE Xian were all looking at Lin Yi in admiration. They didn't think that things would take such a huge turn-the extremely strong naipao had been defeated by Lin Yi! Lin Yi was supposed to be the one losing his mind, but he'd become a different person!

Before, the three of them were still a bit restricted by their strength, so they didn't call Lin Yi "boss" like qikun did, only calling him "Captain." But now, their hearts were leaning towards building a good relationship with Lin Yi!

"Boss, what should we do with mo BA's body?" Li Ciba admired Lin Yi the most. His fellow disciple was injured by Zhang naipao, and now that Zhang naipao had gone crazy because of Lin Yi, he was the happiest-he got his revenge!

Especially now that his two followers were dead-he'd decided that he'd report this to his master once he got back to the sect, and reevaluate his relationship with Lin Yi. No matter what the sect decided, Lin Yi was his boss now!

And calling him "Big Boss" was something that came naturally to them-Ciba realized that his Sky Class strength really wasn't much at all. Was naipao a Sky Class? Were mo BA and Mo Jiu heaven rank?

Dongfang Busu was a Sky Class late phase peak, and he was killed by naipao! Lin Yi, on the other hand, was an Earth Class late phase, and he took out naipao and his gang! This strength couldn't be judged by levels!

"That's right, boss. There are two more dogs from the Dark Palace. How should we deal with them?" GE Xian asked, not to be outdone.

"Boss, they're trying to escape. I'll go and control them first!" Feng Shasha saw that the two disciples of the Dark Palace were trying to sneak away, so he quickly volunteered.

At that moment, all three of them were calling Lin Yi boss. Qikun quickly said, "Hey, even though you're from the ancient level, you only joined boss's camp later. You should call me brother Zhao or brother qitan!"

"Sure, no problem!" Li Ciba didn't really care about this-qikun was weak, but he was Lin Yi's trusted aide. They were all on Lin Yi's side now, so there was no point in arguing about this. Plus, qikun did follow Lin Yi first.

Chapter 2848 Returning To The Five Evils Mountain Range

"Do you have mo BA's spiritual herbs that were stolen? Can you bring them back?" Lin Yi pointed at mo BA's body.

"Boss, the elixirs are all in Zhang naipao's bag, not with mo BA, but he does have some small recovery pills!" Li Ciba searched mo BA's body and found a few small recovery pills. He was about to give them to Lin Yi.

"Oh, the small reversion pill. You guys can split it." Lin Yi waved his hand, indicating that he didn't need it. Thinking about how naipao took the test medicine, Lin Yi was a little depressed, "If I had known earlier, I would have snatched his spiritual medicine first!"

"Forget it, boss. We're already very happy with this result. It's fine even if we don't pass the trial." Li Ciba seemed to have gotten over it. "Also, you're the one who killed mo BA. The small reversion pill is Naturally Yours. How can we take it?"

"Hehe, I don't need this, I'm also an Alchemist." Lin Yi smiled, not saying anything else.

"Ciba, since the boss said so, let's split it up." Qikun understood Lin Yi's personality-he was a man of his word.

"Alright, then thank you, boss!" Li Ciba looked at the number of small reversion pills. There were still five left, so he said, "Brother Zhao, you were the one who followed boss first, so you're also our elder brother. You can take two of these five small reversion pills, and the three of us can each take one."

"This ... Alright." Qikun didn't reject and nodded.

The two Dark Palace disciples were ready to run away when they saw that something was wrong, but they were afraid of encountering spirit beasts, so they were hesitant. Just as they were hesitating at the entrance of the safe place, Feng Shanshan saw them and stopped them, ""Where do you two want to go?"

"Uh ... Young master Feng, we've had enough rest here. We're ready to leave ..." Dark night Palace disciple A stuttered.

"Oh? He's leaving just like this? Aren't you going to explain anything?" Feng Shanshan looked at them with a smile that was not a smile. He thought of the time when he first came here, when he was threatened by the two of them. Feng Shanshan felt a sense of revenge.

"Mister Feng, it was Zhang naipao who took your herbs, it had nothing to do with us. We were just trying to protect ourselves, we're sorry ..." Dark Palace disciple B said quickly.

"Is that so? What about the spirit herbs you have? Didn't you take it from us?" Feng Shanshan asked indifferently.

"This ..." Dark Palace disciple A's expression froze, but he was helpless. He could only take out the trial elixir from his pocket and pass it to Feng Shasha, saying, ""Then we'll return it to you. Can you go now?"

"Wait, I'll ask the boss." Feng Shanshan didn't let him go immediately, but looked at Lin Yi who was walking over.

"Let them go, there's no point in keeping them." Lin Yi said with a wave of his hand.

"Still not scrambling?" Feng Shangshi berated the Dark Palace disciples A and B.

"Yes, yes! Many thanks!" The two disciples of the dark night Palace quickly left without looking back ...

Lin Yi held Skybolt pig in his arms and started channeling the second stage of the art of Dragon mastery, healing him quickly. Lin Yi was panicking-he was worried about Yang Qiqi's current situation. She went to the Five Demons Mountains alone, and he didn't know what she was looking for. Other than the Dragon of Five Demons, Lin Yi really didn't know what else was there. If it was the Dragon of Five Demons, how could she be a match for the Dragon?

Qiqi was always returning kindness with ingratitude, but Lin Yi knew that she was from the same sect as him, and that she might be looking for the Ninth Princess "medicine". He had to save her no matter what.

And so, Lin Yi didn't have the time to care about the lives of those two Dark Palace disciples-they were just lackeys, after all, and Lin Yi didn't care if they left or not.

After quickly healing Skybolt pig's injuries, Lin Yi had recovered quite a bit of stamina and Qi-it wasn't a full recovery yet, but he didn't want to waste any more time. The earlier he moved, the earlier Qiqi would be safe, and no one could predict what would happen to her.

"Boss, you're done?" While Lin Yi was healing, Feng shangyue, li Ciba, GE Xian, and Zhao qikun had been protecting him. Seeing Lin Yi open his eyes, Zhao qikun quickly asked.

"I'm fine. Did someone come just now?" Lin Yi asked.

"Yes, two cultivators wanted to take refuge here, but they were chased away by Feng Shanshan." "They were killed by some spirit beasts as soon as they left" Qikun said.

Lin Yi nodded. It might seem cruel, but this was how the world of practicing was, and even more so in the training grounds. The strong preyed on the weak, and there was no logic to it. Feng Shasha was afraid that these two would disturb Lin Yi's healing, so it was reasonable for her to chase them away. She was already very kind not to take their herbs away.

Although Lin Yi was in the Jade space, he had a general idea of what was going on outside. The two men had bad intentions when they first came in, but after Feng Shanshan and Li Ciba both revealed their Sky Class strength, they backed off and didn't dare to do anything. Especially after seeing mo BA and yang shaoxia's bodies on the ground, they quickly retreated, thinking that Feng Shanshan had killed the two.

"Also ... While you were recuperating, there was an obvious increase in the number of spirit beasts passing by the safe zone. It seems that these spirit beasts have gone berserk. There are a lot more of them than before." GE Xian said.

"Is that so?" Lin Yi frowned. He didn't know what it meant for a spirit beast to go berserk, but it was definitely not a good thing for the practitioners.

"Yeah, we don't even dare to go out!" Li Ciba said.

"Zhang naipao and his men are done for-you guys shouldn't be bullied here anymore, I'm relieved." "I'm going to the five fiends mountain range now, you guys wait for me here," Lin Yi said as he stood up.

"Five evils mountain range? Boss, you're going to find yang Qiqi?" Qikun immediately realized what Lin Yi's goal was.

"Not bad!" "The five evils mountain range is extremely dangerous, I need to go find her," Lin Yi nodded.

Feng Shangshi, li Ciba, and GE Xian were worried as well, but they didn't say anything. They couldn't change Lin Yi's decision, so Feng Shangshi said,"Boss, don't worry and go find yang Qiqi. As long as Zhang naipao and his gang are gone, li Ciba and I have the confidence to deal with the other practitioners."

Chapter 2849 Where Qiqi Went

"That's good. " "You guys can leave mo BA's body at the entrance of a safe place-if a strong practitioner wants to fight, just tell him that Zhang naipao was killed by me. If he tries to cause trouble, he'll end up like mo BA!" Lin Yi said. Of course, you don't have to say that unless you have no choice, in case the other party is desperate. "

"We understand. Don't worry, boss. We know what to do." Feng Shanshan quickly said.

"If I haven't returned by the end of the trial, then you guys can go to the teleportation array by yourselves. I have a way to resolve the Qi of the five evils, but you guys can 't." Lin Yi said after some thought.

"This ... Good!" Qikun nodded after some hesitation. The only thing they could do was listen to Lin Yi and not cause him any trouble. It'd be even more troublesome if the Qi of the five evils invaded their bodies.

Lin Yi nodded and didn't say anything else. He picked up Skybolt pig and walked out of the safe area. The safe area wasn't far away, and although he could see spirit beasts passing by, as long as it wasn't a Sky Class spirit beast, it was fine.

In fact, heaven rank spiritual beasts and heaven rank human cultivators were both extremely rare. The number of heaven rank human cultivators currently didn't exceed two digits, and even if the newly advanced heaven rank cultivators were included, there would only be a hundred or so. They were existences that were as rare as Phoenix Feathers and water chestnut.

It was the same for spirit beasts. In the vast five evils Savage Land, the number of heaven rank spirit beasts would never exceed two digits, and it might even be less than human heaven rank cultivators! This was because it was much more difficult for spirit beasts to advance in rank than human cultivators.

And so, Lin Yi wasn't too worried, and quickly ran towards the five fiends mountains ...

After a day and a night of travel, Lin Yi once again arrived at the foot of the five demons mountain range. Along the way, Lin Yi only saw One Sky Class spirit beast, which he dodged in time. The other spirit beasts under Sky Class ignored Lin Yi's existence.

Of course, Lin Yi also noticed that these spirit beasts were more violent than when he first entered the five evils Savage Land. Along the way, Lin Yi could see the bodies of cultivators, and there were three to four of them, shocking to the extreme.

They must have been killed by the spirit beasts!

Before this, it wasn't easy for Lin Yi to see a practitioner's corpse, but it was a different story now!

However, there were still no spirit beasts or cultivators' corpses near the five evils mountain range.

Looking at the rolling five demons mountains, Lin Yi felt emotional. He still remembered saying goodbye to Tian Gang, but now, he was all alone ...

Lin Yi didn't know why he couldn't forget Tian Gang, to the point that she appeared in the illusion. Did he like her already? However, what Lin Yi found the most strange was that the girl he only met a few times in the valley, why did she appear in the illusion?

And her face was so clear in the environment-Lin Yi didn't see her face clearly in the valley, only an outline. There shouldn't be an image of her in his memory, so was the environment an illusion?

She was a pure, sunny, and beautiful girl, but she was so lively, not as cold as she was in the snowy valley ...

Lin Yi was a little confused, but he didn't think too much about it since it was just the illusionary effect of naipao's hell fist. The priority right now was to find Qiqi, and so he started walking towards the peak.

He didn't know if Qiqi was here to look for the Dragon of five evils, but according to what the pig had found, other than the spirit beast's elixir, the rest of the treasures were all in the dragon's cave. Lin Yi didn't go anywhere else and headed straight for the cave.

The second time he went to the Dragon of five evils's cave at the top of the mountain, Lin Yi was very familiar with the way. He didn't even need Skybolt pig to lead the way and arrived at the Dragon of five evils's cave smoothly.

The Dragon of the five demons was lying in the cave doing something at the moment, but when it heard the noise outside, it immediately got up and looked outside. When it saw Lin Yi, it was surprised and confused!

It was obvious that the Dragon of five evils knew Lin Yi. It threw Lin Yi and Tian Gang off the cliff and was very confused to see Lin Yi come back again! Firstly, for a practitioner like Lin Yi, falling from a cliff would at least result in serious injuries, if not death. It would be difficult for him to even recover, let alone come back up.

Secondly, the Dragon of the five demons knew how hard the cliff was. Human cultivators couldn't come up from the bottom of the cliff, so when it saw Lin Yi, it thought it met Lin Yi's twin brother!

But when he saw the pig beside Lin Yi, he was sure that this was the same Lin Yi from before, but he was even more confused!

So, the Dragon of five evils didn't rush to attack Lin Yi, but asked, ""Little guy, how did you get up here?"

"Eh? You can talk!" Lin Yi didn't expect the Dragon of five evils to speak human language, but thinking about it, the fire Lion and the sky Spider he met in the Wulong haote mountain range could speak human language too. As the king of the five evils Savage Lands, it wasn't unusual for the Dragon of five evils to speak human language!

"Of course I will." The Dragon of five evils was a little unhappy with Lin Yi's question, ""Little guy, you haven't answered my question!"

"Of course I climbed up. How else do you think I got up here?" Lin Yi shrugged, "if you know how to talk, why didn't you say anything before?" Also, why did you throw me down?"

"You're with that little girl from before, so I naturally have to throw you down!" The Dragon of the five demons said matter-of-factly, ""However, since you've come up here, I'll let you go. I won't throw you down again. Don't let me see you again!"

"Then why did you throw her down?" Lin Yi asked.

"You're in cahoots with her, don't you know why?" The Dragon of five demons was stunned and asked.

"I'm not on the same side as her. We just met by chance." Lin Yi said, shaking his head.

"She activated the origin power of the five evils and wasted it, causing me to have to cultivate for a long time before I can step into the heavenly Dao. Throwing her down is already considered a light punishment." "She's dead," the Dragon of five demons said. "If I wasn't afraid of polluting my cave, I would have stomped her to death."

Chapter 2850 Qiqi's Apology

"Is that so ..." Lin Yi was a little guilty. Although the origin Energy of the five evils was activated by Tian Gang, he was the one who benefited in the end. However, he couldn't say this out loud. Otherwise, who knew what the Dragon of five evils would do when it was angry?

"Are you done? You can leave now. " The Dragon of five evils obviously didn't want to talk to Lin Yi anymore. After saying this, he lowered his head and didn't look at Lin Yi again.

Lin Yi smiled bitterly. It seemed that the Dragon of five evils didn't talk to him and tianshuo before because he looked down on them. Now that he talked to them, he was just wondering why he didn't fall to his death and climbed up the cliff.

"By the way, I want to ask you something. After we left, did you see a girl? He's wearing a black leather jacket, and he looks cool?" Lin Yi asked.

"You know her? You're in cahoots with her?" The Dragon of five evils suddenly asked.

"Yes, you saw her?" Lin Yi quickly asked.

"Oh, you want to see her?" The Dragon of the five demons asked without answering.

"I ... You know where she is?" Lin Yi asked after some hesitation. He felt that the Dragon of five evils was up to no good.

"I know. I'll send you to her." With that, the Dragon of five evils suddenly moved. Despite its huge body, it wasn't slow. It rushed out of the cave and grabbed Lin Yi in its hand!

"What are you doing?" Lin Yi asked, alert.

"The girl in black you were talking about demanded the scales on my feet as soon as she came. I didn't give them to her, but she wanted to cut them off in secret and told me to throw them down the valley!" "Hmph!" The Dragon of five demons snorted coldly and said, "since you're in cahoots with her, you can go down again and accompany her!"

"Wait, I can go down myself, you don't have to come ..." Lin Yi's scalp was numb.

"It's too late," The Dragon of five evils raised its claws and swirled a few times, throwing Lin Yi down the cliff again. Before the pig could catch Lin Yi, Lin Yi was already sent flying!

"Ji Ji!" Skybolt pig panicked as he watched Lin Yi fly away. He wanted to jump off the cliff himself, but he was afraid that he wouldn't be able to make it that far, or he might just die from the fall ...

However, the Dragon of five demons only took one look at Skybolt pig and didn't do anything to it. Perhaps it was because they were the same kind, the Dragon of five demons just turned around and returned to the cave, not caring about Skybolt pig anymore.

Skybolt pig hesitated. He wanted to go after Lin Yi, but after thinking about it, he decided to stay here. If Lin Yi's friends came looking for him, he would be able to inform them in time ...

Lin Yi flew straight down the cliff, but this time he wasn't injured, so he circulated his practitioner's Arts and used his Qi to protect himself. After falling down the cliff, Lin Yi only suffered light injuries and was fine!

After resting for a while, Lin Yi got up from the ground and started looking around for Qiqi.

The bottom of the cliff stretched as far as the eye could see, and it was quite easy for Lin Yi to spot Qiqi. The black leather jacket and pants were easy to recognize, and Qiqi was lying on the ground not too far away, not moving at all.

Lin Yi was shocked and quickly ran over to check for Qiqi's breathing. She was still breathing, but it was very weak. Lin Yi let out a breath of relief-as long as Qiqi wasn't dead, she could still be saved.

Lin Yi wasn't alone-he took Qiqi's wrist and started channeling the second stage of the art of Dragon mastery, healing her.

Qiqi's injuries were all from the fall-she was a physical practitioner, and didn't have Qi protecting her body, so her condition was a bit worse. She was Mystic late phase peak, but her physical arts weren't focused on protection, they focused on Qinggong.

No matter how good her Qinggong was, she would be half-dead after falling from such a high place!

Qiqi felt like she had a long dream-she was thrown off a cliff by the Dragon of five evils, and she thought she was done for. When she woke up, she didn't know if she was on earth or in heaven.

"HM ..." Qiqi opened her eyes, surprised to see a familiar face. "Lin Yi? You're dead too?"

Lin Yi was speechless. "He didn't die."

"You're not dead ... Then why am I seeing you?" Qiqi was still confused.

"Because you didn't die either." Lin Yi said.

"Ah!" Qiqi was taken aback, and suddenly realized that all the pain was gone, as if everything had returned to normal. She was in a strange place, probably at the bottom of the cliff. She remembered that this was the last thing she saw before she closed her eyes. "You ... You're the one who healed my injuries? Eh? My ribs have recovered? They were all broken before?"

"Yes." Lin Yi said with a nod.

"Then you took off my clothes again?" Qiqi asked, surprised.

"I told you that you don't need to take off your clothes to heal. Your memory isn't that good, is it?" Lin Yi said.

"But I didn't know I could fix bones ..." Qiqi glared at Lin Yi, a little hurt. "Why are you always so fierce to me?"

"You were the one who was fierce to me first and wanted to kill me, right? On the other hand, I'm here to save you out of good intentions, but you're still so troublesome. " Lin Yi said with a shrug.

"I'm sorry ..." Qiqi just remembered that they were at the bottom of the cliff, and Lin Yi coming here meant that he went to the mountains as well. He might've fought the Dragon as well, otherwise how could he have found her?

At that thought, Qiqi felt a little apologetic. It was true-Lin Yi had helped her time and time again, how could she not know how to be grateful? But, there was already someone else in her heart, and she couldn't take anyone else in. She couldn't let Lin Yi see her body, and so she just couldn't let it go.

"Ah ... It's nothing," Lin Yi smiled. He didn't know why, but he'd just ignored Qiqi's tsundere attitude time and time again. He didn't really mind her hostility anymore after an apology.

"How did you find this place? Did qikun and the others tell you?" Qiqi changed the topic.

"En, I went to a safe place. They said you came to the five fiends mountain range." "Because I've dealt with the Dragon of five evils before, so I went to find him directly. He asked me if I was with you, so he left me here," Lin Yi said.
