

## Bodyguard 2861

### Chapter 2861 The Reason For Going Berserk

After the Soundwave flying spirit beast flew into the sky, it would release a sound wave and transmit the Dragon of five evils's order. After the other Soundwave flying spirit beasts heard it, they would also spread out at the same time. Therefore, it did not take long for all the spirit beasts in the entire five evils Savage Land to receive the Dragon of five evils's order and start to pursue the cultivators. This was also the reason why the cultivators' corpses were strewn in the wilderness.

Of course, spiritual beasts also had their own intelligence. In order to intimidate human cultivators, the Dragon of five demons had a regular pattern even when it came to killing cultivators. Every day, it would only kill two cultivators above the earth rank as a warning!

Every time a spirit beast killed an earth-rank or above cultivator, the nearby flying spirit beast that was good at transmitting sound waves would fly into the sky and spread the news. After two cultivators were killed, all the spirit beasts would stop killing the cultivator and turn to chase and scare him. They would all rest at two o'clock in the evening!

GE Xian did not understand the language of the spiritual beasts and did not notice the previous pattern. However, he did notice the rest pattern of the spiritual beasts.

In fact, this pattern was the result of many years of exploration by the sky elixir sect. It was also the reason why the sky change sect had estimated the number of people.

"I'm not sure either. When I was ready to accept the inheritance of the origin Energy, the Dragon of the five demons suddenly returned. After I exchanged a few moves with it, the inheritance began ..." "After that, I was in a very mysterious state, and so was the Dragon of five demons. We lived in peace and didn't attack each other ..."

"If that's the case, the origin Energy must have been devoured by the Dragon of five evils. If a human cultivator has not successfully received the inheritance of the origin Energy, the Dragon of five evils will definitely devour this energy. Spirit beasts are different from humans. As long as no one tries to snatch it, it will absorb the origin Energy!" Patriarch xuanchen nodded in disappointment and said, "After the Dragon of five demons received the power of the origin, did it fall asleep? And then you left?"

"This ..." Tianshuo was slightly stunned. Would the Dragon of five demons fall asleep after successfully receiving the power of the origin? However, she wasn't sure either. In this case, it could be explained that she had left safely. Otherwise, how could she have left the Dragon of five evils's cave safely? She didn't want to talk about Lin Yi, and that gave her an excuse. "I left after that, but the Dragon of five demons didn't chase after me, so I'm not sure if it has fallen asleep ..."

"Forget it. These are not important anymore. You didn't successfully receive the inheritance ..."

Patriarch xuanchen's brows were tightly furrowed. At that moment, Tian Huan had become less important in his eyes, and the spy had lost its use!

The origin Energy in the five evils mountain range only activated once every five hundred years. This time, patriarch xuanchen had calculated the time and used the sky elixir sect's trial as an excuse to let Tian Gang accept the inheritance of the origin Energy!

Things might change in another 500 years-even if Tian Gang was Sky Class late phase peak, it was uncertain if he would still be alive after 500 years. If ancestor xuanchen didn't step into the path of heaven within these 100 years, he might die.

Therefore, Tian Huan was completely useless. However, Ming Zi was crippled by Lin Yi and could not be used for the time being. This made ancestor xuanchen a little mad! The two most important chess pieces that he had cultivated could not be used!

Could it be that all his years of hard work were going to be in vain? He was unwilling to accept this! In his heart, he hated Lin Yi to the core. He wanted to strangle Lin Yi to death, peel off his skin, and drink his blood! Of course, he still didn't know that Lin Yi stole Tian Gang's Origin Energy inheritance. If he knew, he'd probably go straight to the five evils Savage Lands!

But even so, he'd decided in his heart that he'd kill Lin Yi-he'd kill both of them when boss Bai lost his use!

"Tian Gang, you don't have to be too sad. The inheritance of Origin Energy is something that is left to fate. We can't do anything about it, so you don't have to be too sad," Patriarch xuanzhen looked at Tian Gang's dejected expression and comforted him.

Tian Gang did not know if he should be happy or sad. He was happy that she no longer had to be sacrificed as a chess piece. After the plan failed, she no longer needed to pretend to be in the heavenly silkworm transformation and no longer needed the excuse of taking in concubines. She could restore her identity as Tian Gang.

In the past, Tian Gang didn't really care if she was a man or a woman. It didn't matter if she was a man or a woman, she was still the young master of the sky elixir sect, and it was fine as long as she could help the sky elixir sect develop. But now, she wished she was a girl more ...

This change in mentality had occurred overnight. After returning from the trial at the sky elixir sect, Tian Gang's thoughts had only gotten stronger! Of course, her rationality told her that now was not the time. Even if she did not accept the inheritance, it was still not enough!

As long as taganlong was not dead, there was still hope. She had to maintain the lie that she was a man who had transformed from a heavenly silkworm. She also had to maintain the lie that she was a pervert who wanted to marry a wife and take in concubines.

The sad thing was that Tian Huan didn't know where his future lay. Even if he restored his identity as Tian Huan, so what? If that plan failed, the sky elixir sect would still be a subsidiary of the five elements sect. Even if ancestor xuanchen died, his disciple would still inherit his will and work hard for that goal. The sky elixir sect would still have to support him with all its might ...

"En ... I'm sorry, but I will continue to refine pills ..." Tian Gang sighed and said.

"It's been so many years. It seems that alchemy is not possible. You are the inheritor of the origin Energy, which is different from the inheritor's enlightenment inheritance. The two are fundamentally different. You can't obtain the inheritance of the origin energy from wood-type herbs, and the Enlightenment inheritance has no effect on you. " Patriarch xuanchen waved his hand. "There are four true elements in your body that form a cycle, and the only element you lack is the wood element. I used the ten-thousand-year-old spring Wood pill to supplement the wood element for you, and I also used the marrow and bone cleansing pill to purify your wood element Constitution. Even so, you still haven't accepted the wood-element power inheritance of the origin power of the five evils. It seems like it's fate!"

Among the five elements and seven attributes, six of them had their own inheritances, but the wood element didn't. The legendary ten thousand year spring Forest was gone, and even the ten thousand year spring tree was extinct. So, if you wanted to become the inheritor of the wood element, you had to find another way. This was the result of Zhang Liju's Grandmaster's years of research. If you came into contact with herbs every day, you might be able to understand the wood element inheritance.

However, he couldn't obtain the origin Energy. Comprehension was only a moment of comprehension. He didn't need to obtain anything!

Chapter 2862 Skybolt Pig Seeking Help

This was like an epiphany. After an epiphany, there was no level barrier to level up! As for the origin Energy, it was the origin Energy received from the origin of the elemental origin Energy inheritance. This was something that could not be obtained from herbs!

"It seems that we can only find another cultivator with five elements, or we can create another cultivator with five elements!" Patriarch xuanzhen was also a little disappointed. Although he felt that it was very dangerous for Tian Gang to do that, and he did not want his disciple to take the risk, he still chose to agree for the sake of the sect.

And now, Tian Huan couldn't continue to be the most important part of that plan. He felt a little lost. After all, this was the hope of the sect!

"How hard is it to find cultivators with five attributes? Taganlong had to go through a lot of trouble to find it, and it's not easy to create another cultivator with five elements!" "I can't," said patriarch xuanchen. "Unless I can find a wood, metal, and earth-elemental cultivator!"

Patriarch xuanzhen fell silent after hearing patriarch xuanchen's words. Indeed, how difficult was it to find cultivators who fit these three elements? For the wood element, after Tian Huan opened the inheritance of the origin power of the five evils, there was no place to receive the inheritance of the origin power for the time being, so he must have the true attribute of the wood element.

There was no way to create void attributes with the gold and earth attributes through elixirs. Although there were recipes for the two types of elixirs that could change one's physique, some of the materials had already disappeared and could not be refined at all. Therefore, one must also have the gold and earth attributes.

As for the other water and fire attributes, he could go to the origin of these two inheritances to receive the inheritance after creating the void attribute! The ingredients for Water-type pills had also been lost, but they could be replaced by the ice heart Jade bone pill. He could go to the Ice Palace to accept the inheritance of the ice-type origin Energy in place of the Water-type pill. As for the fire-type pill, he would have to go to the fire Mountain in the Hakuna Marta desert to accept the inheritance of the origin Energy!

However, while cultivators with three attributes were not as rare as cultivators with four or five attributes, cultivators with these three attributes were extremely rare, and patriarch xuanchen had not discovered them to this day.

Otherwise, Tian Ji would not be the only spy. Given ancestor xuanchen's personality, he would definitely have created a few more spies to be used at any time.

Patriarch Xuan Zhen sighed and said, "sigh, I'd better study how to cure taganlong ..."

"Yes, I'll have to trouble second senior for this!" "Yes," said patriarch xuanchen hurriedly.

"However, you should also pay attention to the cultivators of these three elements. Otherwise, I'm afraid that the plan will be difficult to carry out ..." Ancestor Xuan Zhen waved his hand and said.

"Naturally." Patriarch xuanchen nodded and looked at Tian Gang. ""Right, where's Zhang naipao? He has successfully passed the trial and has come out, right?"

"Not yet!" Tian Gang shook his head, "I was just about to report this to master and uncle-master as well. I followed master's orders, and after the test ended, I'll revert back to my heavenly silkworm transformation and wait for Zhang naipao here. But he still hasn't come out yet ..."

"What? Zhang naipao's not out yet?" Patriarch xuanchen was shocked. While he'd been suppressing the everyday and every day sect all these years, it was only to prevent them from getting too big. The five elements sect was trying to stabilize their position as the leader of the cultivation world, not to kill them all. Zhang naipao was also a very important part of their plan, and this was also why patriarch xuanchen asked Tian Gang to allow Kang Zhaoming to take care of Zhang naipao.

No one wanted anything to happen to naipao-there were other ways to replace him, but without him around, the inheritor would be in even more danger-it was best for naipao to be safe.

"Yes, the eighth elder Kang Zhaoming just gave me the name list of the practitioners who passed the test." Tian Gang shook his head.

"It's been eighteen days ... I hope nothing bad happened!" After a moment of silence, patriarch xuanchen said, ""Tian Gang, if you have any news on Zhang naipao, you can tell us anytime!"

"Yes, martial uncle!" Tian Gang said carefully.

Xuanchen and xuanzhen didn't stay for long and went to rest. Tian Gang, on the other hand, was anxiously waiting for news from Zhaoming ...

In the five fiends mountain range, the lightning pig waited for 15 days. On the 18th day, there was still no one else. It was getting anxious! Even though the Dragon of five evils didn't care about Skybolt pig, the latter was still restless.

Finally, it couldn't take it anymore and decided to go down the mountain to take a look. These days, it saw the Dragon of five evils ordering the spirit beasts in the five evils Savage Land, and this gave it a good idea. If it could find a golden class flying spirit beast, it could use its Mystic late phase peak status to order it to save Lin Yi.

Therefore, once the pig made up its mind, it didn't waste any time. It quickly arrived at the foot of the five fiends mountain range and ran.

Finally, after running for half a day, Skybolt pig found a flying yellow rank spirit beast. Skybolt pig yelled, "Ji Ji! (Hello, I need your help!)"

"COO ... (Sorry, I can't do it now. I'm busy!)" The aerial spirit beast said.

"Ji Ji ... (As a Mystic spiritual beast, I order you to help!)" The pig said.

"Gugu ... (I'm carrying out the orders of the Dragon of five evils. Unless your rank is higher than his, I can only carry out the orders of spiritual beasts of higher ranks first!)" The aerial spirit beast said.

"Ji Ji ... (Well, are there any other flying spirit beasts that aren't following orders?)" The pig was a little disappointed. The Dragon of five evils was a heaven class late phase peak, very close to the heavenly path. Unless it was a heavenly path spiritual beast, it would be impossible for it to command a flying spiritual beast.

"Gugu ... (No, all the spirit beasts are following orders.)" The aerial spirit beast said.

"Ji Ji ... (Thank you ...)" Skybolt pig was helpless-it seemed like his thinking was too simple. The spirit beasts here were all following the Dragon of five evils 'orders-they wouldn't listen to him at all. He could only go to a safe place and talk to qikun and the others to see if there was a way to save Lin Yi!

Lin Yi had been gone for so many days, of course, the pig was worried.

However, after reaching the safe place, the pig was disappointed-there was no one left in the safe place. It seemed like qikun and the others had already left. The cultivators who were still alive in the five evils Savage Lands were all gone, and the rest were all dead.

Chapter 2863 Little Seven, Yang Qiqi!

The pig had no choice but to return to the five fiends mountain range ...

Qiqi's mental state was getting worse and worse these days, her face pale. Other than eating, she spent most of her time lying on the ground ...

Lin Yi saw that, but he couldn't do anything about it.

Today was the twentieth day, and if she still couldn't leave, Qiqi might ... Lin Yi didn't want to think about it anymore.

"Qi Qi, what do you think? Are you hungry?" Lin Yi had been chatting with Qiqi since early in the morning, but Qiqi didn't respond to him the most. She was too weak to talk.

"Are you hungry? I think I'm famished ... But I don't want to eat grilled fish anymore-it's too dry, I can't eat it ... I want something else ..."Qiqi said weakly.

"I don't want to eat ... But there's only grilled fish here!" To tell the truth, Lin Yi was getting sick of all the food he'd been eating these past few days as well-he ate very little, but he was a spiritual practitioner, and he had the Jade to replenish his energy. Qiqi, on the other hand, couldn't rely on the Qi of heaven and earth-she had to rely on food.

"Then I won't eat it ..." Qiqi closed her eyes after that.

"Alright, I'll study other ways to make the fish meat as dry as possible." Lin Yi said after some thought.

"En ... Thank you ..." Qiqi was very touched-Lin Yi's meticulous care these past few days had made her like him a lot more. It wasn't the kind of love between a man and a woman, but she saw him as her closest partner.

"Hehe, it's fine." Lin Yi got up and went to fish, thinking about how to keep the fish's water content as he walked. There was no pot here, and there was no pit for a pot. Even a Big Dipper might not be able to make a hole in this hard ground, let alone Lin Yi.

And so, Lin Yi decided that cooking fish was out of the question-he'd have to think of something else ... Suddenly, his eyes stopped on the lake not far away!

The soil by the lake was dirt, but it was the area right next to the lake-Lin Yi couldn't dig a hole there, nor could he heat the entire Lake with the fire. He remembered one of his isolated island Survival training sessions when he was young, and he wrapped the fish in mud and roasted it with fire. When the mud was removed, the fish was fresh and tender-it wasn't dry at all, and all the moisture was retained!

Lin Yi had gotten some inspiration from the beggar's chicken-he'd made this mud fish back on the island, and it tasted pretty good. He decided to go back to his old business and make this for Qiqi.

Lin Yi cleaned the fish up by the lake and dug up some mud from the lake. He wrapped the fish up and started roasting it.

Half an hour later, Lin Yi returned to where he and Qiqi were resting with a pile of mud balls.

"Qi Qi, get up and eat something good!" Lin Yi said as he put the mud balls on the ground.

"Ah? What delicious food ... Eh? What is this?" Qiqi looked at the mud ball Lin Yi threw on the ground-she didn't know what to eat.

"This is called mud fish. Break the hard mud on the outside and reveal the fresh and tender fish inside. You can eat it. The result of roasting this way is that the moisture won't be dried." "I thought you didn't want to eat grilled fish?" Lin Yi asked.

"Ah ..." Qiqi's eyes went wide at Lin Yi's explanation, stunned and in disbelief. She looked at the mud ball on the ground, lost in thought and didn't say anything ...

"What's wrong? Never seen it before? It's actually very delicious. Let me show you!" Lin Yi thought that Qiqi didn't dare to eat it, so he picked up a mud ball and broke it-the White meat was revealed, and it was really fresh and delicious, with all the moisture still inside."Here you go!"

Lin Yi said as he handed the meat to Qiqi.

"Yes ..." Qiqi felt like she had returned to her childhood. Back then, her father had given them a survival test on a deserted island, throwing her and her team on different locations on different deserted islands. Qiqi was very lucky to be thrown on the same Island as her big brother Yi. Of course, she didn't know if it was her Father's plan.

There was no food or drinking water on the deserted island. It was not as good as this Valley. However, brother ah Yi used a plastic bag to collect the dew on the leaves as drinking water. He also caught fish in the sea and roasted it for her.

It was also after many days of eating that Qiqi didn't really like grilled fish anymore, and so she asked big brother Yi for a change of taste. And so, big brother Yi racked his brains and made her this mud-wrapped grilled fish-it was fresh and juicy, and it left a fresh memory in Qiqi's mind!

What she remembered was not only the deliciousness of the grilled fish, but also the beautiful memories of big brother ah Yi's care for her! Qiqi's heart was already set on him at the time.

At this moment, at the bottom of the cliff, Qiqi saw the deliciousness from her memories once more, and she couldn't help but be filled with emotions. The people who made it were different, but they all took care of her so much ...

Qiqi took a small bite of the fish, and the taste brought tears to her eyes. It was the same taste as in her memory, and she felt like she was back to her childhood, back to that deserted island. Her tears fell down her face and onto the fish, but she didn't care, and continued to eat it carefully ...

This fish wasn't just a delicacy. It was a form of longing and concern ...

Qiqi's tears, on the other hand, startled Lin Yi! No matter how bad the mud fish was, it shouldn't be so bad that it cried, right? Lin Yi scratched his head, not sure what to do. Xiaoxiao used to say it was good when she ate it when they were kids. Could it be that after so many years, his skills had deteriorated?

Although the Qi of the five evils had invaded her body, and she was so weak that she was about to faint, she was very happy at this moment.

But what surprised him even more was that the fish didn't taste good ... Why was Qiqi eating so fast? Could it be delicious? Then what was she crying for? Could it be that she was afraid that the Qi of the five evils would cause her to die?

Lin Yi thought about it and felt that it was most likely the case. He quickly consoled, "Qiqi, don't cry. I'm here. We'll be fine. We won't die. Don't worry ... If you die, I won't be able to explain it to master!"

Lin Yi's meaning was clear-he was from that assassin group, and he was his master's direct disciple. If his master found out that his fellow disciples from the assassin group died by his side, Lin Yi would be embarrassed.

#### Chapter 2864 Going To The Fifth Fiend Savage Land Again

But to Qiqi, it wasn't the case at all. Because, a few years ago, on a deserted island, someone had said the same thing to her while she was eating grilled fish!

Qiqi was already in a daze from the five evils Qi-she was on the verge of fainting. She was fantasizing about going back to that deserted island, with her beloved big brother Yi beside her, roasting a mud fish for her ...

"Big brother Yi, I believe in you ... You'll definitely bring little Qi back ..." Qiqi mumbled to herself.

"What!" Lin Yi's body shook as if he'd been struck by lightning. He raised his head and looked at Qiqi, stunned! Qiqi's voice was soft, but it was especially clear at the bottom of the cliff. The words "big brother Yi" touched the most sensitive part of Lin Yi's heart-it'd been a long time since he'd heard those words!

But, this person in front of him ... Lin Yi couldn't believe it. This person ... Could be his master's daughter, yang Xiaoxiao! The childhood sweetheart ... But, wasn't her name Yang Xiao Xiao? Why was she called yang Qiqi again?

"Xiaoxiao, why did you change your name?" Lin Yi probed.

"Xiaoxiao doesn't sound nice. Big brother Yi, you like to call me little seven, so I'll call you Qiqi ..." Qiqi was confused as well-she couldn't tell if she was the little yang Xiaoxiao, or the Yang Qiqi now that she was older ...

Today was the last day of the twenty days, and unless it was Lin Yi, naipao, or Tian Gang, they'd be unconscious on the twentieth day!

Yes, she was yang Xiaoxiao! Lin Yi didn't doubt it anymore.

Lin Yi looked at Qiqi's pale face-that Cruel Girl had turned into a girl who was loyal to him, and all his grudges towards her were gone!

What was wrong with a girl protecting her chastity for the person she liked? Lin Yi looked at her body. It was normal for her to get angry, but ... Lin Yi smiled bitterly. He didn't think that things would be so coincidental!

That's right, Xiao Qi, Qi Qi, they all had the same meaning. Why didn't I think of it before? Perhaps, his own preconceived notions had prevented him from connecting in this direction ...

A girl's personality changed 18 times as she grew up. Qiqi was cute before, but she wasn't as pretty or cool as she was now. This was why Lin Yi didn't recognize her-it was hard to connect a cute girl with a cool girl ...

But thinking about it, Qiqi had been trained as an assassin for so many years, and now that he was gone, she had no one to rely on, and she had to take care of little nine. Of course she had to be strong! Therefore, it was reasonable for her personality and style to change.

"Little seven, don't worry. Big brother ah Yi won't let anything happen to you. We'll definitely get through this trouble safely!" Lin Yi looked at Qiqi and clenched his fist. He took a deep breath and said seriously. This was his promise-he wouldn't let anything happen to Qiqi!

But luckily, Qiqi was a physical practitioner-after the five evils entered her body, she wouldn't go crazy, only faint-unlike spiritual practitioners who would mess up her Qi.

Lin Yi fell into deep thought as he looked at the cliff. He'd thought of all the ways he could think of, but nothing came to him ...

Zhaoming almost fell asleep as he looked at the teleportation formation outside the training ground. No one had come out of the training ground after qikun and the other three, and anyone who didn't make it out by now was basically dead.

On the evening of the twentieth day, Zhaoming shook his head and went to report to the heavenly silkworm sect. No one came out of the portal after that, but he still had to report to them ...

In fact, even if Kang Zhaoming didn't come to report, Tian Gang was still worried. Kang Zhaoming didn't come to report, which meant that there were no new practitioners coming out of the teleportation formation. It was obvious that Lin Yi didn't come out, and this made Tian Gang uneasy!

He didn't know why he cared so much for someone, but he felt that he wouldn't be happy until he saw Lin Yi come out safely.

Of course, the xuanchen and xuanzhen patriarchs were worried as well-it had been twenty days, and there was still no news of naipao's safe return. The two of them returned to the heavenly silkworm transformation's residence.

"Tian Gang greets master and uncle-master!" Even though Tian Gang had something on his mind, he still couldn't be impolite.

"No news of Zhang naipao yet?" Patriarch xuanchen waved his hand to indicate that Tian Gang did not need to be so polite and asked directly.

"There's no news yet, martial uncle. " Tian Gang shook his head. The xuanchen ancestor didn't think too much about her depressed look, thinking that she was worried about naipao.

"What the hell? Many people who aren't as strong as him have already come out, so why hasn't he come out yet?" The xuanchen ancestor knew that Tian Gang couldn't hide the news of Zhang naipao, but he still came to ask. The news he received was as expected-Zhang naipao wasn't out.

"Could they be trapped in a safe place? "The spirit beasts have been rampaging these past two days, it's possible that Zhang naipao won't dare to leave ..." The xuanzhen ancestor analyzed after some thought.

"Oh, that's possible!" After hearing that, patriarch xuanchen's expression softened. After thinking for a moment, he turned to look at Tian Gang."How about this, Tian Gang, you go to the five evils wild land again and look for Zhang naipao-if he's really in there, bring him out!"

"Me? Shall we go to the five evils Savage Land again?" Tian Gang pointed at himself and looked at patriarch xuanchen in shock! At this moment, tianshuo's heart was beating very fast. She almost agreed happily, but her rationality told her that she could not do that.

"Not bad!" "Yes." The xuanchen ancestor nodded. "Go and find Zhang naipao. You're the only one immune to the Qi of the five evils."

"This, isn't this a little dangerous?" Patriarch Xuan Zhen disagreed. "Although Tian Huan is immune to the Qi of the five evils, the spirit beasts are all in a riot now. She will probably be in danger after she goes there, right?"

"There'll be danger, but what if something happens to naipao?" However, patriarch xuanchen waved his hand and said, "Second senior brother, this is not the time to be soft-hearted. I know that Tian Ji is your disciple, but she is also my junior nephew. Although you have been hiding this from me, I have always treated her as my junior nephew!"

"This ..." Patriarch xuanzhen's face turned red. He knew that patriarch xuanchen had said this on purpose to let him know that it was only natural for the disciples of the five-elements sect to sacrifice themselves for the sect's plans!

#### Chapter 2865 Xuanchen's In-Name Disciple

"Moreover, Tian Huan has the beast clan's fragrance pouch on him. He can disguise it as the aura of a spirit beast. It shouldn't be a problem." Patriarch xuanchen said firmly, "Alright, it's settled then. Tiangang, go and investigate if any of the practitioners that came with naipao passed the test. As for those that passed, look into if anyone saw naipao anywhere before-we'll enter the five evils wild land tomorrow morning!"

"Yes, martial uncle!" Tian Gang expressionlessly cupped his fists in response, but he was a little excited in his heart.

"Tiangang, be careful." At this point, patriarch Xuan Zhen had no choice but to give this order.

"Don't worry, master, I'll be careful, I'll find him for sure. " Tian Gang nodded in response.

"Mm, it's settled then ..." Patriarch xuanchen had just finished speaking when someone knocked on the door of the palace.

Not long after, little peach carefully walked over. However, when she saw that both patriarch xuanchen and patriarch xuanzhen were present, she wanted to say something, but she stopped herself.

"Who's here?" "What's wrong?" patriarch xuanchen asked as he turned to little peach.

"It's the eighth elder, he's here to see the young sect master. " Not even daring to breathe loudly, little peach lowered her head and carefully said,"these are all Big BOSS-level existences!" However, she had her own plans. If Zhaoming could show his face in front of patriarch xuanchen and xuanzhen more often, it would be very beneficial to him. If he was valued by patriarch xuanchen, he would be able to rise up in the world!

"You're Kang Zhaoming, right?" Patriarch Xuan Zhen asked. He knew who the eighth elder was.

"Yes, Master." Tian Gang quickly said.

"Let him in," Patriarch xuanzhen was a man of his word. Zhaoming had done a great job for the sky elixir sect, and even though he failed to inherit the Phoenix's legacy, they still needed to find other cultivators to inherit the origin Energy. So, they still needed Zhaoming to make elixirs. He promised Zhaoming that he'd give him some benefits by introducing him to patriarch xuanchen as an in-name disciple, and now was the time.

"Yes, patriarch Xuan Zhen!" Little peach replied excitedly and went out to look for Kang Zhaoming, "Brother Kang, patriarch xuanchen is here too. Your chance is here. As long as you can obtain patriarch xuanchen's favor, the young sect master will think highly of you!"

"I understand, little peach. Don't worry. Just watch my performance." Zhaoming was excited as well- xuanzhen and xuanchen were both high and mighty existences, and if he could get their favor, it'd be like reaching the heavens in a single bound.

"Disciple Xiaoming greets patriarch xuanzhen, patriarch xuanchen, and young sect master!" Zhaoming's attitude was very low, treating himself as a normal sky elixir sect disciple.

"Second senior, this is the Kang Zhaoming you told me about, right?" The xuanchen ancestor looked at Zhaoming and asked. Previously, patriarch xuanzhen said that he would reward Kang Zhaoming and let him become patriarch xuanchen's in-name disciple. Patriarch xuanchen had also agreed to it verbally.

"That's right. Xuanchen, it's him. Take him as an in-name disciple?" Patriarch Xuan Zhen nodded and asked.

"Alright, since second senior brother has spoken, how can I, as your Junior Brother, not obey?" "Haha!" Patriarch xuanchen laughed. "Kang Zhaoming, I'll take you in as an in-name disciple then!"

On the surface, he seemed to respect patriarch xuanzhen very much, but he was just putting on an act. He had never listened to patriarch xuanzhen when it came to important matters. It was only when it came to trivial matters that he regarded patriarch xuanzhen as his second senior brother.

"Disciple Kang Zhaoming pays his respects to master!" Zhaoming was overjoyed. He kneeled on the ground and kowtowed three times to the xuanchen ancestor, confirming their master-disciple relationship.

"En, not bad, you can get up first. When the trial is over, you can come find me and I will teach you some martial skills that alchemists can use. Since you are my disciple, you can't let my reputation fall." The xuanchen ancestor said to Zhaoming.

"Thank you, master. Please rest assured, master. I will do my best to cultivate." Zhaoming said.

"Alright, tell me what you're here for." The xuanchen ancestor waved his hand, signaling for Zhaoming to get back to business.

"Master, patriarch Xuan Zhen, young master, today is the deadline for the trial. Since the last four people who came out last time, no one else has come out of the teleportation array." Kang Zhaoming reported. He was extremely excited inside. Lin Yi didn't come out. He wanted to laugh out loud to celebrate, but he didn't dare to do that in front of so many important people.

"So that means that Zhang naipao didn't come out?" Although patriarch xuanchen had expected this outcome, his expression was still extremely ugly. It looked like his hopes had been completely shattered.

"Don't worry, uncle-I'll head to the five evils wild lands tomorrow to find out where Zhang naipao is!" Of course, going to find Zhang naipao was just an excuse. Lin Yi was her real goal, and she should be thanking xuanchen for giving her a reason to return to the five evils Savage Lands.

"En, since the test is over, go and investigate Zhang naipao's whereabouts, then get ready to leave." Patriarch xuanchen waved his hand impatiently, as if he wanted Tian Gang to head to the five evils Savage Lands now.

"Yes, I will go and investigate now." Tian Gang wanted to investigate the people that Lin Yi was close to and see why Lin Yi didn't come out either.

Zhaoming, on the other hand, was taken aback-he didn't think that the person the xuanchen elder was worried about was Zhang naipao! No wonder he had to report back to the heavenly silkworm transformation all this time-it was because of Zhang naipao! Of course, Kang Zhaoming misunderstood Tian Gang's intentions.

Tian Gang didn't stay any longer and left the courtyard immediately. Zhaoming, on the other hand, naturally couldn't stay any longer. The xuanchen ancestor was clearly worried about Zhang naipao and didn't have the time to deal with an in-name disciple, so Zhaoming saluted tactfully, ""Master, uncle-master, I'll take my leave too!"

"Okay, you can go first. I'll look for you when I'm done here." The xuanchen ancestor waved his hand, indicating that Zhaoming could leave.

Kang Zhaoming left the villa, and little peach saw him out. She was happy for him,"Brother Kang, you're so lucky to be able to become patriarch xuanchen's disciple. In the future, you'll have someone to rely

on in the sky elixir sect. If the young sect master sees you in a different light, you'll be considered a Lord!"

"Yeah, but I'm only an in-name Disciple Now. I have to work hard to become an official disciple!" Kang Zhaoming nodded. He was an ambitious person!

Chapter 2866 Tian Huan's Visit

Now that Lin Yi was dead, Zhaoming's next goal was to gain a foothold in the heavenly elixir sect and expand house Kang.

"Yes, yes, I believe that brother Kang will definitely become the most powerful elder in the sky elixir sect!" Little peach asked expectantly.

"Haha, that's right, that's for sure!" Kang Zhaoming laughed.

After Tian Gang left the palace, he immediately went to the sky elixir Inn and found the innkeeper who was on duty today. "Manager sun, give me the guest room's guest list!"

"Yes, young sect master!" The inn manager sun was shocked, he didn't expect the heavenly silkworm transformation to personally head to the inn. Although he didn't know what the heavenly silkworm transformation wanted the name list for, he still quickly took it out, "Young sect master, it's here, please take a look!"

"Yeah, I have something to ask you-is there a guy called Zhang naipao back at the inn?" Tian Gang took the name list and asked indifferently.

"Zhang naipao? Wait a moment, I'll check. " Manager sun quickly turned on his computer and began to search. However, he quickly shook his head and said, ""No, Zhang naipao didn't come back to the inn ..."

"What about Lin Yi?" Tian Gang asked once more. Naipao was just laying the foundations, and while Tian Gang was sure that manager sun wouldn't just say whatever he asked, he still felt a little guilty.

"No..." After manager sun checked, he shook his head.

"Is that so? it's fine then." Tian Gang waved his hand, indicating that manager sun could go back to his own business. Although Tian Gang already knew that Lin Yi couldn't return to the inn without using the teleportation formation, she wouldn't feel at ease if she didn't ask.

However, how would manager sun dare to be busy with anything else in front of the heavenly silkworm transformation? He only stood at the side in fear and trepidation, waiting for the next order from the heavenly silkworm transformation.

Tian Gang took the guest list in his hand and carefully looked through it.

The first one she looked at was Lin Yi-he came to the inn with the Hidden House Zhao's Zhao qikun, which was marked on the guest list. Naipao, on the other hand, came with mo BA and Mo Jiu from the everyday and every day sect ...

Zhao qikun-Tian Gang remembered him as one of the last four to pass the sky elixir sect test. She had a good memory, so she immediately remembered him, but she didn't have any impression of mo BA and Mo Jiu. Tian Gang didn't see their names on the list of people who passed.

"Manager sun, did you see mo BA and Mo Jiu from the everyday and every day sect?" Tian Gang asked.

"Young sect master, mo BA and Zhang naipao went to the test together, and they're not back unknown. As for mo Jiu, he's lying in his room, unconscious. We don't know if he's Dead or Alive." Manager sun said.

"Oh?" Tian Gang was slightly stunned and asked, "why is mo Jiu unconscious?" What's wrong with him?"

Elder sun was quite familiar with mo Jiu's situation. After all, it had happened in the inn of the sky elixir sect, so manager sun had a deep impression of it. "It's back in the restaurant. Zhang naipao from the everyday and every day sect brought mo BA and Mo Jiu to provoke them, but that Lin Yi you mentioned crippled mo Jiu with one palm. He's still relying on the pills to keep him alive, and hasn't woken up yet."

"What? Was it Lin Yi?" Tianjie froze-he didn't think that there would be such a huge grudge between Lin Yi and naipao! She knew a little about Lin Yi, but she didn't know that he had a grudge against the everyday and every day sect.

"Yes, Lin Yi's only earth Class late phase-it's quite surprising that he could injure a Sky Class mid phase with one hit." "But for some reason, Zhang naipao and Mo BA chose to be patient for the time being and didn't get into a conflict with Lin Yi. But Zhang naipao said that he'd show his true strength at the test!" Manager sun continued.

"Oh?" Tian Gang frowned. Did Lin Yi meet Zhang naipao again in the five evils barren land, and the two of them got into a fight and died together? Lin Yi had the map to the safe zone, and naipao had the map as well-it was only a matter of time before the two of them met ...

Thinking of this, tianshuo tensed up, worried about Lin Yi. If she knew that there was enmity between the two, she would've warned Lin Yi. Now it seemed like her guess was right, the two must've fought.

"Manager sun, which room does this Zhao qikun live in? He should be an insider, I'll go ask him. " Tian Gang didn't need to explain so much-even if she didn't say anything, manager sun wouldn't have asked.

It was just that the Tian Gang now was like a little girl when it came to Lin Yi's stuff-it felt like he was trying to hide something, but no matter how brave manager sun was, he didn't dare to think too much about it. Plus, in his eyes, Tian Gang was a man, and it didn't matter if he went to find qikun, naipao, or Lin Yi.

"Let me see. It's upstairs, Room 307!" Manager sun said.

"Alright, you can go back to your work." Tian Gang nodded his head and turned around to head upstairs. Only then did manager sun let out a sigh of relief.

Tian Gang came to qikun's room and knocked.

"Who is it? Wait a moment!" Qikun's voice came from the room. As a practitioner who had passed the test, he was waiting for the reward from the sky elixir sect's test. Those who didn't get the herbs but came out of the teleportation formation had already gone back to their sects.

However, qikun had another purpose for staying here, and that was to wait for Lin Yi. It was already the 21st day, and Lin Yi wasn't back yet, but qikun didn't want to give up. He believed that Lin Yi would come back alive.

And so, when he heard the knock, he got a little excited-he thought that Lin Yi had returned. After all, he'd just had breakfast with Feng Shanshan, GE Xian, and Li Ciba.

The four of them weren't in the mood to do anything else-they went back to their rooms to wait for Lin Yi's news after breakfast, and so qikun would misunderstand if someone knocked on the door.

Qikun got up and opened the door, but he froze! Because, outside the door, there was a stranger he had never seen before!

There were a few other cultivators who passed the test staying in the inn, but even if qikun wasn't familiar with them, he was familiar with them. This person in front of him was obviously not from the inn.

"And you are?" Qikun asked curiously.

"Let me introduce myself, I am the heavenly silkworm transformation, the young sect master of the sky elixir sect." Tian Gang introduced himself.

Chapter 2867 Lin Yi's Whereabouts

Because qikun came with Lin Yi, it was obvious that he was Lin Yi's friend, so Tian Gang didn't put on any airs. Even if qikun was weak, she still spoke politely.

"Ah, young master Tian, Hello ..." Qikun jumped. He'd never seen the sky silkworm transformation before, but he knew how strong the young master of the sky elixir sect was-he was one of the strongest in the ancient sects, just like the Hidden House Yu of the hidden houses."Excuse me, you were looking for me ..."

Of course, qikun didn't think that this person was an imposter at all. Impersonating the young master of the sky elixir sect in their own territory was suicide.

"I came here because I have some questions for you. However, aren't you going to invite me in?" Tian Gang asked.

"Ah, I'm sorry. Please come in, young sect master Tian!" Qikun quickly motioned for the heavenly silkworm transformation to enter the room.

"Qikun, I came here to ask you something. I hope you'll answer me honestly." The sky silkworm transformation didn't put on airs in front of qikun, but it didn't have the weakness it had before.

"Young master Tian, please ask me whatever you want to know. I will not hide anything from you." Qikun said that, but only what he could say-he wouldn't say anything he couldn't.

"Alright," he said. Tian Gang didn't care if qikun's words were true or not, he just asked,""What's your relationship with Lin Yi?"

"Lin Yi ..." Qikun was shocked, ""What happened to him?"

"Answer my question first," Tian Gang was expressionless on the surface, but he was relieved inside. Since qikun said that, it meant that Lin Yi was fine-he wouldn't ask that question otherwise.

"I'm Lin Yi's follower," Qikun said honestly.

"Then did you meet your boss in the trial?" Tian Gang nodded and continued.

Qikun was a little surprised to hear Tian Gang call Lin Yi "your boss." He didn't expect the young master to be this friendly. In reality, even Tian Gang didn't realize this change. Perhaps deep down, she felt that one day, she might become Zhao qikun's sister-in-law, and so her way of speaking changed quite a bit.

"Yes, I did. Boss has a map of the sky elixir sect's trial grounds. There are safe spots marked on it. This is the map your sky elixir sect gave him. Young master Tian should know about it, right?" Qikun had heard from Lin Yi that the map was given to him by the sky elixir sect, so he didn't hide it, "And I also have a copy of this map in my hands."

"Oh? So you guys went to a safe place to meet?" Tian Gang didn't think too much about the map and continued to ask.

"Yes, we met in a safe place." Qikun nodded.

Tian Gang was a little confused-Lin Yi going to the safe place should've happened after they returned from the five fiend mountains. If he did, why didn't he come out with qikun?

"A safe place? did you guys run into Zhang naipao?" Tian Gang suddenly thought of Zhang naipao and asked. (Zhang naipao: I'm crying, you came to investigate for me, but you forgot about me. It took me so long to remember, but it's just a coincidence ... Supporting characters don't have human rights!)

"Zhang naipao? We encountered some. " It wasn't like what happened in the test was a secret-even if qikun didn't say anything, those two from the Dark Palace would, so qikun told the truth,"Plus, boss and Zhang naipao are in conflict again."

"The two of them had a conflict? And then?" Tian Gang asked impatiently.

"It was like this ..." Qikun didn't explain much, but explained everything from the perspective of a bystander. He believed that the Dark Palace disciples saw it too.

Tianshuo let out a breath of relief after hearing that Lin Yi had defeated naipao, but he was even more confused. If naipao knew how to use the fist, why did Lin Yi know it too? And why was Lin Yi so strong? After killing mo BA, he defeated naipao?

Of course, what confused Tian Gang the most was that if Zhang naipao couldn't be Lin Yi's enemy, then where did Lin Yi go? Why didn't he come back with qikun? As for where Zhang naipao went after he went crazy, and whether he was dead or not, Tian Gang didn't really care.

"What happened after that? Why didn't Lin Yi come back with you?" Tian Gang continued to ask.

"And then, one of boss's friends went to the five demons mountains, and boss went there to find her, but after he left, there was no more news. I waited in a safe place for eighteen days, but boss didn't come back, so I left ..." Qikun sighed, worried. "Young sect master Tian, is the sky elixir sect tabulating the names of the participants who didn't make it out of the teleportation formation?"

"Yeah, but I'm mainly in charge of Zhang naipao and the people related to him." Tian Gang said casually. In truth, even if the sky elixir sect wanted a list of missing people, it wasn't up to the young master of the sky silkworm sect to ask them personally. It was just that qikun didn't know.

Hearing qikun say that Lin Yi went back to the five fiend mountains, Tian Gang was shocked. Lin Yi went back again? Would he encounter the Dragon of five demons again? Even if Lin Yi could instantly kill Sky Class mid phase Masters, he still wasn't a match for the Dragon of five demons. Even Tian Gang himself wasn't a match for the Dragon of five demons, let alone Lin Yi.

At the thought of this, Tian Gang could not help but feel a little anxious. He wanted to rush to the five fiends mountain range as soon as possible.

"Alright, your information is very important. However, I hope you can keep the questions I'm asking you today a secret. This is also one of the rules of the sky elixir sect!" Tian Gang got the answer he wanted to know, so he stood up and prepared to leave.

"That's not a problem," Qikun nodded. "Young sect master Tian, pardon me for asking, but will your sky elixir sect organize a rescue team to search for the practitioners who didn't make it out?"

"We'll see how it goes. I can't promise you anything. " "Alright," Tian Gang said vaguely. "I have to go. I still have other people to ask."

"Alright, then I won't disturb young master Tian any further. Please." Qikun said.

#### Chapter 2868 Flying Man

After Tian Gang walked out of qikun's room, he didn't need to investigate any further. Of the two people related to naipao, one was dead and the other was unconscious, and the two followers of the Dark Palace wouldn't know anything at all. So, he decided to go straight to the five evils barren land.

After returning to the courtyard, Tian Gang told the xuanchen and xuanzhen patriarchs about the results of his investigation, but she only mentioned mo Jiu's coma and didn't mention what Zhao qikun said. After all, Tian Gang didn't want the five elements sect to hate Lin Yi, so he didn't say anything. If they found out later, there was nothing he could do.

However, patriarch xuanchen did not have the mood to delve into this. He could not personally go to the sky elixir sect Inn to question the cultivators who passed the trial like he did during the heavenly silkworm transformation. He was only very happy to hear that Tian Gang was going to the five evils Savage Lands again.

In his eyes, Tian Gang's life was no longer important-she wasn't as valuable as naipao.

Patriarch xuanzhen reminded Tian Gang to be careful and to stay alive if the situation was not right.

Although Tian Gang had entered the teleportation formation in the form of the heavenly silkworm transformation, he immediately restored his previous attire after arriving at the five evils Savage Land. Then, he quickly ran in the direction of the five evils mountain range ...

The path from the teleportation formation to the five evils mountain range wasn't dangerous. This was the path Tian Gang had taken before, and that was why she gave the sachet to Lin Yi.

Half a day later, Tian Gang successfully arrived at the five evils mountain range.

The five demons mountain range was still the same five demons mountain range from before. However, Tian Gang's mood was completely different when he came here again.

The first time she came here, she was filled with nervousness and anticipation for the inheritance. When she left, she was filled with regret, reluctance, and determination. The second time she came here, Tian Gang was a little excited and a little worried ...

Right now, Tian Gang had the same thoughts as Lin Yi when he returned to the five demons mountains. The only place he could go to was the Dragon of five demons 'cave, so Tian Gang flew directly towards it.

However, what surprised and surprised Tian Gang was that not far from the Dragon of five evils's cave, she actually saw a familiar little figure-it was Lin Yi's spirit beast, Skybolt pig!

When Skybolt pig saw Tian Gang, he also shouted happily, ""Jijijijijijijijijijij"

"Little guy, what are you doing here? Lin Yi?" "What's wrong?" Tian Gang ran over and picked Skybolt pig up.

"Roar!" The Dragon of the five demons heard the commotion outside the cave and walked out. When he saw that Tian Gang had come again, he was stunned and said in surprise, ""Little girl, why are you here?"

Hearing the Dragon of five evils speak, Tian Gang was also shocked. However, she also knew that many spiritual beasts could speak after reaching the heaven rank, so it was not unusual for the Dragon of five evils to speak. It was just that the Dragon of five evils did not speak before, but it spoke now, which surprised Tian Gang. "Eh? You can talk? You said he's here ... Lin Yi was here before?"

Tian Gang was smart and noticed the word "also" in the Dragon of five evils's words. It seemed that Lin Yi had been here before.

"I don't know if he's called Lin Yi or not, but he's here." The Dragon of the five demons was angry with tianhuan and wanted to play with her.

"Argh! Where is she now?" Tian Gang was overjoyed and quickly asked.

"Him? do you want to know?" The Dragon of the five demons narrowed his eyes and looked at Tian Gang.

"Yes, can you tell me?" Tian Gang nodded and asked.

"Of course, I can also take you there!" The Dragon of five demons said.

"Thank you ..." Tianjie was too focused on saving Lin Yi and didn't notice the Dragon's bad intentions, but the pig did. Wasn't this the same as what the Dragon said to Lin Yi?

"Ji Ji!" "No!" Skybolt pig cried out in panic and tried to stop Tian Gang, but it was obviously useless. The Dragon of five evils ran over at an extremely fast speed and grabbed Tian Gang, and the pig was also caught in Tian Gang's arms.

"Ah!" "Ah!" Tian Gang screamed, but it was too late. The Dragon of five demons raised its claws and threw Tian Gang and Skybolt pig off the cliff!

"As you wish. Hateful human cultivators, go to hell!" After doing all this, the Dragon of the five evils leisurely returned to its cave. It hated people like Tian Gang and Lin Yi to the core. It could've obtained the original energy of the five evils and raised its cultivation, but it was interrupted by these human cultivators!

In the beginning, a large number of earth-rank and above human cultivators had appeared in the five evils Savage Land. The Dragon of five evils was furious and ordered the nearby spirit beasts to kill these human cultivators.

However, the Dragon of five evils's intelligence wasn't low. There must be a demon behind everything. All these years, although there were human cultivators who entered the five evils Savage Lands, they only sent a few golden and Mystic cultivators here. They didn't dare to go against this principle, so there weren't too many conflicts between human cultivators and the spirit beasts in the five evils Savage Lands.

This time, however, so many high-level cultivators had appeared out of the ordinary, and there were even quite a few sky-class cultivators. This made the Dragon of the five evils furious, but at the same time, it was also a little puzzled. It didn't believe that the sky elixir sect would suddenly do something so stupid as to seek their own death. It suddenly thought, the time for the five evils' original energy to be released is almost up. Could it be related to this?

Regardless of whether it was related or not, the Dragon of the five evils quickly returned to the cave. As expected, it discovered that there was a human cultivator here who was using an external force to stimulate the origin power of the five evils. It seemed that its guess was right. It had fallen for the human cultivator's trick of luring the Tiger out of the mountain!

This was also the reason why the Dragon of the five evils had returned so early. However, it was still a step too late and had not been able to absorb the origin power of the five evils.

Tian Gang was shocked, but she immediately realized that Lin Yi was probably thrown off the cliff by the Dragon of five evils, and she was played by the Dragon of five evils! However, Tian Gang was helpless. Fortunately, the Dragon of five evils didn't hurt her this time. He just threw her off the cliff. Tian Gang quickly activated his cultivation method and used his true Qi to protect himself. He quickly said to Skybolt pig, "Little pig, how are you? Will you have any problems falling down?"

"Ji Ji ..." Skybolt pig shook his head, indicating that it was fine.

Lin Yi didn't feel good seeing that Qiqi had fallen asleep, but he couldn't think of a way to get out of this situation. Just as he was worrying, he felt a gust of wind from the sky-it had Qi mixed in.

Chapter 2869 Tian Huan Flies Over

Lin Yi was shocked-was it some powerful spirit beast? He quickly looked up at the sky, but he saw a yellow figure falling at an extremely high speed ...

Tian Huan? Lin Yi subconsciously thought of Tian Gang. Other than Tian Gang, the others rarely came back to the five fiends mountains, and even if they did, they wouldn't jump off the cliff for no reason!

Lin Yi was afraid that Tian Gang would break it, so he stood up and looked in the direction Tian Gang was falling. He jumped up and caught Tian Gang in his arms! Sure enough, he sensed a familiar aura. It was Tian Gang and Skybolt pig!

Lin Yi was both surprised and happy. He returned to the ground and hugged Tian Gang, wanting to kiss her! Seeing hope in the midst of despair-anyone would react like Lin Yi.

"You ... You're still not putting me down?" Tiangang was happy that Lin Yi didn't fall to the ground, but Lin Yi was already on the ground, and he was still carrying her. She felt embarrassed. She wanted to see Lin Yi, but she was still an unmarried girl. How could she be so calm?

"Hehe, it's not like we haven't hugged before?" Lin Yi said with a smile.

"I'm going to kick you!" "I came to you out of kindness, and you're taking advantage of me!" Tianshuo glared at Lin Yi.

"Haha ..." Lin Yi laughed and put Tian Gang on the ground, ""Why did you come back?"

Lin Yi put tianshuo down, and for some reason, she couldn't bear to part with him. The warmth in his arms made her reluctant to part with him. She couldn't help but say, "I told you to release it, so release it. I'm not ready yet, and I almost fell. How could you tell me in advance?"

"..." Lin Yi was speechless. He put her down by mistake? "I'm just afraid you'll kick me. You're a Sky Class late phase peak!"

"I didn't see you being so honest before ..." Tian Gang pouted and said, "I'm not here for you, I'm here on someone's request to find Zhang naipao. Did you see him?"

Naturally, Tian Gang wouldn't admit that she was here for Lin Yi, and since she was here, she couldn't just leave Zhang naipao alone. She wanted to ask Lin Yi where Zhang naipao went-Lin Yi might know.

"Oh? You're looking for Zhang naipao?" Lin Yi was surprised-he didn't think that Tiangang would come looking for naipao. "What for?"

"The everyday and every day sect has spoken to our sect, so they sent me here to find him. You know, we rogue cultivators don't have human rights. If we rely on their sect, we have to work for them!" Tian Gang shrugged his shoulders.

"Ah?" Lin Yi, on the other hand, was evidently taken aback. He'd guessed that Tian Gang was an important figure in the five elements sect, and since he was here to receive the inheritance, he should be someone like taganlong-why did they send her here to find naipao? Wasn't he afraid that she would be in danger? Lin Yi was confused. "Then what will happen if we can't find it?"

"If you can't find it, then you can't find it." Tian Gang said after hesitating for a moment.

"Hehe ..." Lin Yi understood immediately-Tianjie was here to look for him, and Zhang naipao was just an excuse. It was good that he found him, but if he couldn 't, then he wouldn't be able to find him.

However, Tian Gang was too embarrassed to say it out loud. Otherwise, why would he jump down the cliff with Skybolt pig?

"What are you laughing at? I'll kick you!" Tianshuo's face was red from Lin Yi's teasing, and he snorted, embarrassed.

"Hehe ... It's nothing. I'm just happy to see that you've come to save me!" Lin Yi said.

"No, I'm just passing by." Tian Gang pretended to be nonchalant and said,""Don't think too much, I'm just here to see if Zhang naipao fell off the cliff too. "

"No, he's crazy. I beat him up." Lin Yi said honestly. He didn't want to hide it from Tian Gang.

"I know," Tian Gang's answer was beyond Lin Yi's expectations.

"You know? How did you know?" Lin Yi blinked.

"Naturally, I've heard it from someone who has leaked it out." "It looks like it's going to be quite difficult to find him," said tianshuo.

"Yeah ..." Lin Yi nodded, suddenly remembering the Yang Qiqi thing. "Right, let's not talk about Zhang naipao for now-my friend's body was invaded by the five evils Qi, do you have any way to get rid of it?"

Tianjie had seen Qiqi a long time ago, and this was why she wasn't as gentle to Lin Yi as before. If Qiqi was an aunty or looked like the Dragon of five evils, of course, Tianjie wouldn't be angry, but Qiqi was a pretty girl as well, and Tianjie was starting to get annoyed.

"No, cultivators who have been invaded by the Qi of five evils in more than 20 days will die without a doubt ... Eh?!" At this point, tianshuo's eyes went wide as he looked at Lin Yi in disbelief, his eyes filled with shock. "You're actually fine?!"

"I ..." Lin Yi smiled bitterly. He didn't think that Tian Gang's reaction would be so fast. He immediately thought of the most important question.

"You also have five attributes, right?" Tian Gang glared at Lin Yi, his eyes flashing with the anger of being lied to, "You also have the void attribute in your body, right? You're going to the Dragon of five evils's cave because you want to receive the inheritance of the power of the origin, right?"

Tianshuo glared at Lin Yi, her heart aching as if it was being torn apart. She didn't see him come out, how worried was she? His purpose for coming here was to accept the inheritance of the origin Energy, but he had actually kept it a secret from Tian Gang. This made Tian Gang feel that he was really stupid. He was just like an idiot who had been used by someone else.

Yes, Lin Yi was boss Bai's favorite disciple, how could he not know that one could receive the legacy of Origin Energy here? This was a misunderstanding by Tian Gang. Boss Bai had been focused on alchemy and had no time to study the inheritance.

Lin Yi really didn't know how to explain or answer all of these questions, but he didn't mean to lie to her, "Xiao mo, whether you believe it or not, my purpose in coming here is not to accept the inheritance. I didn't know that I could accept the inheritance of the origin Energy here! I came here because the pig brought me here, and I didn't have any other thoughts. But to be honest, I did receive the inheritance, and the virtual attributes in my body became real attributes. I'm indeed a five-elemental cultivator. "

"Why should I believe you?" Although tianshuo was unwilling to let it go, he didn't know why, but he believed it in his heart!

Chapter 2870 The Way To Save Her

Plus, Lin Yi didn't have any items on him that could activate the power of the five evils. He couldn't have known that he would be here to receive the inheritance and come here to fish in troubled waters, right?

That was not realistic. With patriarch xuanchen's personality, he might not even tell patriarch xuanzhen before he did it, let alone boss Bai! At that thought, tianshuo pouted and turned his back to Lin Yi.

"Alright, let's say I stole your chance to inherit the legacy. I'll compensate you, okay?" Lin Yi said helplessly.

"How are you going to compensate? Give me the attributes in your body?" Tian Gang glared at Lin Yi.

"I heard that inheritors can transfer attributes through dual cultivation?" Lin Yi said with a half-smile as he looked at the curves on tianshuo's body.

"Dual cultivation my ass! You're not an inheritor, you're just a cultivator with five attributes. There's a fundamental difference between you and a real inheritor. Even if I dual cultivate with you, I can't pass on the attributes." "Your thoughts are dirty and complicated!" Tian Gang curled his lips.

"F \*\* K, I was just casually saying, how would I know?" Lin Yi smiled bitterly.

"Forget it. I'll forgive you this time for the sake of our past friendship!" "You don't have to thank me too much," said Tian Gang proudly.

"Alright, but ... What about her?" Lin Yi was still thinking about Qiqi.

"I already said that there's no other way. Why is there a 20-day rule for the trial? This is the reason. " Tianshuo looked at Qiqi, his face expressionless, ""Who is she to you?"

"Childhood playmates." Lin Yi said.

"Childhood sweethearts?" Tian Gang frowned.

"I guess so ..." Lin Yi didn't hide it and nodded.

"Then she can't be saved." Tian Gang shook his head.

"Al!" Lin Yi sighed. Tian Gang knew the five evils Savage Land so well that if she said there was no way, then there was probably no way.

Lin Yi looked at Qiqi, dumbfounded. He didn't think that their reunion would end up in a life and death situation ...

Lin Yi started to regret it-he regretted how cold he'd been to Qiqi the last couple of times they met, and how he couldn't take care of her ... If Qiqi really died, how could he face his master again?

Lin Yi couldn't help but shed tears of pain when he thought about how this was going to be the last time he'd see seven. A man shouldn't cry so easily, especially when he was a practitioner. But this time, Lin Yi really cried. He couldn't do anything as he watched his childhood friend's life slowly fade away.

Tian Gang didn't think that Lin Yi would cry, but the five evils Qi was indeed unresolvable. Otherwise, the sky elixir sect wouldn't have set such a restriction in the test. Even the young master of the sky elixir sect couldn't do anything about it.

But, seeing Lin Yi sad didn't put her in a good mood, either. She was still a little uncomfortable about Lin Yi returning to the mountains to save yang Qiqi, but that was all gone now. Tian Gang knew who she was, and it wasn't very likely for her to have anything to do with Lin Yi ...

And so, tianshuo went into deep thought, thinking of a way to help Lin Yi see if he could get rid of the five evils Qi in Qiqi.

"Hey, don't cry, I've thought of a way, it should work ..." Tian Gang thought of someone-if they could find him, Qiqi's Qi of the five evils should be able to be solved.

"What is it?" Lin Yi asked, surprised.

"The condition is that we have to find Zhang naipao first, and he has to be willing to do so." Tian Gang said after hesitating for a moment.

"Zhang naipao?" Lin Yi blinked, but immediately understood what Tian Gang meant. "The Wasp absorption Arts?"

"That's right, it's the Wasp absorption Arts. The Qi of the five evils is also a type of Qi, so Zhang naipao should be able to absorb it. I just don't know if she's a spiritual or physical practitioner, but if she's a spiritual one, then she'll lose all her stamina and Qi. " Tian Gang said.

"She's a physical master, she should be fine. " Lin Yi looked gratefully at Tian Gang. Why didn't he think of that? Wasn't naipao's ultimate skill absorbing Qi?

"Then it should be possible." Tian Gang nodded.

"Tiangang, thank you so much!" Lin Yi was so excited that he didn't know what to do.

"Hmph, thanks is fine, but you should think of a way to get Zhang naipao to help you-even if you find him, he might not help you!" Tianshuo didn't want to dampen the mood, but Lin Yi and naipao were enemies-there was no way naipao would help him.

Lin Yi frowned, but he had to admit that what tianshuo said was the truth. Yes, why would Zhang naipao help him?

"Moreover, he's in a state of madness and has no consciousness. How are you going to get him to help you?" Tian Gang asked.

"That's right ..." Lin Yi's eyes lit up-since naipao was crazy, he could use that to get his help. At most, they'd just go their separate ways and let go of The Grudge for now.

"What do you mean by" right "?" Tian Gang was stunned.

"I have some confidence that I can get him to help me. Let's go up first!" Lin Yi put the idea into action immediately.

"En ..." Tian Gang nodded.

"Then ... Why aren't you taking off your clothes ..." Lin Yi saw that tianshuo wasn't moving and couldn't help but ask.

"Strip your head! That's binding my chest. I'm going to kick you!" "Turn around!" Tian Gang said angrily.

"Can't you just turn around?" Lin Yi smiled bitterly.

"How can that be the same? If I turned around, wouldn't you still be looking at me from behind?" Tian Gang said angrily.

"Hehe, even if I turned around, you wouldn't know if I wanted to peek, would you?" Lin Yi said with a smile.

"Hmph, Hmph, you dare!" "Don't you want your weapon anymore?" Tian Gang clenched his fist.

"Alright, you win." Lin Yi turned around.

Tianshuo quickly took off the chest band and adjusted his collar before handing the yellow silk to Lin Yi. She didn't expect Lin Yi to fall down the cliff again, so she didn't prepare any rope.

"Here you go!" Tian Gang handed the silk to Lin Yi.

Lin Yi, on the other hand, was quite familiar with the process. Although there was an extra yang Qiqi this time, she had a petite body and didn't really weigh much. Lin Yi fixed her on his body first before passing the rope to Tian Shuo, who tied Huang Shuo to himself and said, "Are you done? Can we start now?"

"No problem, as long as you have enough energy." Lin Yi said with a nod.
